ONE EACH WHEN HAGEN AND FRED BREEN MET IN SAINT JOHN RACES

Another Old Time Series of Skating Contests Here Recalled—Norseng Cut Down Hudson Breen's Three Mile Record on Second Day

IN the skating section of last Friday's Times-Star, mention was made of the visit of Harold Hagen, world champion, to Saint John. He had come from his Norwegian home to skate here and in the U. S., and was brought across the ocean by H. R. McLellan, who recently was Mayor of Saint John. A story of two contests in the city, on the Shamrock Grounds, will be of interest at this time.

In 1893 Hagen and Fred Breen met on the Shamrock Grounds in a series of races. The first was on Feb. 13, and The Daily Telegraph says of this contest:

Harold Hagen, the great Norwegian skater who holds the world's professional championship, showed about 1,200 people yesterday how easily he could defeat Fred Breen. He did it in a two mile exhibition race and although good time was made Hagen could have made much faster. Breen could keep well along with the champion for a mile, but after that he gradually lags behind while the Norwegian increases his speed at will.

Long before the hour announced for the race to come off, people began flocking into the Shamrock grounds, and when the skaters appeared on the ice at 8:45 o'clock, there was scarcely a standing room in the grand stand and the edges of the track were completely monopolized by the eager crowd of spectators.

**VISITOR IS GREETED.** Hagen came first on the ice dressed in grey and was greeted with rounds of applause. A few minutes later Breen glided round the track, and although there was perhaps a little louder and more continued applause the crowd evinced but little partiality. All had one opinion, that Hagen would win, and in that they were not disappointed.

The Shamrock track was four lepe and 112 feet to the mile. The ice was a little lumpy but was in fairly good order for fast time.

The arrangements for the race had been well made, and when Starter Charles W. Bell fired his pistol, both skaters had an unimpeded view of each other across the circuit from their respective starting points, and got off together.

**BREEN GETS START.** Breen got, perhaps, the best of the start, and for a short distance held a slight lead. The cheering of the spectators urged the men on, and before one lap had been completed Hagen had closed in Breen's lead, and at the end of the first mile, which was done in 5:06, was about 50 feet ahead. He was not skating at his greatest speed, but in the second mile he increased it and won in 9:05, according to Mr. Bell's watch. Hagen put on a tremendous spurt in the last lap, and had there been another to go would likely have passed his opponent.

The race was for 60 per cent. of the race receipts. Mr. Bell acted as referee and starter, Harry R. McLellan and James Berry as judges for Hagen, and J. F. Watson and John Walsh as judges for Breen.

**OTHER EVENTS.** The Telegraph went on to say: "It has been previously announced that Norseng, the Norwegian amateur, and Hudson Breen would skate a race on Tuesday of that week, but, owing to the refusal of Breen to try conciliatory with the flyers from across the water, the race will not come off. Instead, on Wednesday, Norseng will try to lower Breen's record of 9:47, and will probably smash some of the best records of this continent.

There will also be a one-mile Breen-Hagen race, and a race for boys, 15 years of age and under, for a silver medal, a race open to all amateurs, Norseng barred, for a silver cup, and a professional event for a purse. Entries for these events can be made up till noon of the day of the races, at the New Victoria Hotel. There will likely be excursion rates on the railroads for persons wishing to come to the city to see the sport, from Moncton, Fredericton and the outlying districts.

**HAGEN AND DONOGHUE.** "There now seem but a scant possibility of Hagen and Donoghue coming together this year. Donoghue now wants the races to come off on different days, instead of on one day, as he at first proposed, and he does not want to pay Hagen's expenses to Newburg. Unless some satisfactory arrangements can be made between the backers of the two men, Hagen will not go to Newburg. Adolph Norseng will probably go to Montreal to compete in the championships to be held there on the 18th."

Six hundred people and more howled themselves hoarse on the Shamrock grounds on February 16, when Hagen and Breen raced again, and Breen, the North America champion, downed the world beater Hagen in a mile race. There was great rejoicing.

Hagen lost the race through an accident, but the fact remained that he had been beaten by a Saint John boy and the enthusiastic Saint John sport lovers let out their enthusiasm in wild shouts of joy. Breen was able to claim the honor of being the first man on the North American continent to defeat Hagen.

The tournament on the Shamrock grounds was quite successful and this race was the first event on the programme. About 9 o'clock the two skaters appeared on the ice and soon afterwards took up their positions on opposite sides of the rink, Breen down in the northeastern corner and Hagen near the Western entrance gate.

C. W. Bell acted as referee and starter; John Walsh and C. F. Harrison as judges for Breen and M. A. Finn and James Berry as judges for Hagen.

**AT FAST CLIP.** Starter Bell stood in the centre of the grounds where he could command a good view of both contestants. Simultaneously with the report of his pistol they bounded from their marks and struck a terrific pace, which threatened to play havoc with all previous records. The ice, however, was not conducive to record breaking and a strong westerly wind which blew across the track put a few more seconds on to the time.

**NORSING BREAKS RECORD.** The next event, in which Norsing, another Norwegian, was to make an attempt to down Hudson Breen's maritime province amateur three mile record of 9:47, excited considerable interest. Norsing accomplished what he set out to do, and no doubt could have skated much faster. With Hagen to set the pace for him he got around the track at a lively gallop and with apparent ease made the three miles in 9:30, the official time, or in 9:28:15 according to some other watches. The official timers were George Carvill, J. F. Watson and C. W. Bell.

The announced professional race did not take place, there being only one entry, that of Wilson Breen. An offer was made to give the purse for the event to Breen if he would skate two miles under 6:05, the time made by Hagen the other day in his race with Breen, but Wilson declined to skate. There were only two competitors in the amateur two mile race, Hudson Breen and Ralph McCormack. Breen had no difficulty in defeating McCormack by half a lap in 6:46.

Four lads, William Merritt, Ed. Dalton, Dingee and Irons, competed in the boys' one mile race. Merritt was ahead for the first three laps, but in the fourth Dalton passed him and crossed the line ahead. Merritt said he thought that there was another lap to go or he would have made it hotter for the winner. The time was 4 minutes 2:4 sec.

Next afternoon there was to be an interesting number of events on the Shamrock track, principal among which was a one mile race between Hagen and Breen, but the paper says Breen failed to appear for the race and his friends claimed that it was because the rink management would not give him a fair share of the gate receipts unless he won the race. Hagen, with Norseng as pace maker, skated an exhibition mile in 2:56:2-3.

**What Skater Is Ahead**

You may find out something about your Sight these days out at Lily Lake. Your eyes will be put to a rough test.

When you find folks alongside you keeping closer track of the racers, perhaps you will wonder if you should not have your eyes examined to learn of any possible handicap.

Four in five need Glasses to correct eye faults. Often, however, the reserve eye strength covers up those faults for the time being. But you are paying a price just the same.

**When the CHILDREN cough**

Give them PERTUSSIN at once. It will soothe the cough quickly, loosen the sticky, germ-laden phlegm that often clogs the air passages. It is absolutely harmless and free from "dops" (such as narcotics, chloroform, cannabis or other injurious drugs). Children like its taste, and it will not upset the digestion.

For over 20 years PERTUSSIN has been the most widely used remedy for whooping cough. Its good for any cough of any member of the family—and it lessens the severity of baby's cough.

**ONE MILK STANDS OUT FROM ALL THE REST**

MANY brands of evaporated milk—but just one outstanding leader. Leads in sales in Canada—leads in sales the world over. That one brand is Carnation. And the whole basis of this worldwide preference for Carnation Milk is quality. Carnation quality, steadfastly maintained, comprises all the virtues you should expect in the milk you use—uniform richness, purity, creamy consistency, delicate taste and pleasing color. These good points improve all cooking and bring out the flavor and texture of foods. In place of cream, Carnation is perfect for coffee, fruits and cereals. Just consider, Carnation cuts cream costs down two-thirds!

Next time, buy Carnation. You'll be in good company. More and more housewives of Canada are depending on Carnation to solve their milk problems. At your grocer's, in the familiar red and white labeled Carnation cans.

**PUMPKIN PIE**—1/4 cups steamed pumpkin, 1/2 cup brown sugar, 1 tsp. cinnamon, 1/2 tsp. ginger, 2 tbs. orange juice, 1/4 tsp. salt, 2 eggs, 1 cup Carnation milk, 1/2 cup water. Mix materials in order given and pour into an unbaked pastry shell. Place in a 450° F. oven at first, to set the crust, and, after ten minutes, reduce the temperature to 250° F. for the rest of the baking period. This low temperature is necessary to produce the proper consistency of a filling that is composed principally of milk and eggs. High temperatures curdle or whey such fillings and give them a "livery" appearance. The baking period is about one hour.

Let the Canadian National Railways take you to Vancouver and Victoria where you can walk away the hours at golf, tennis, motoring and revel in the green foliage through the coldest months.

**THE CONTINENTAL LIMITED**  
One of the finest trains of the Canadian National System leaves Montreal 12:15 p.m. daily, following the all-Canadian route right across Canada through Jasper National Park, past Mount Robson in the Rocky Mountains to Vancouver, thence to Victoria. If you love the scenery of the mountains in the summer, then, in the winter, their snow-clad beauty will hold you spell-bound.

**THE INTERNATIONAL LIMITED**  
There are two favorite routes to California—that land of remarkable loveliness. First by the Continental Limited to Vancouver then follow the Coast south by steamer or rail. Or you can take the famous International Limited, leaving Montreal 10:00 a.m. daily to Chicago and then a choice of several interesting routes through the most picturesque areas of the United States, returning via Victoria and Vancouver. All-year Tourist Passes carry the privilege of going one route and returning by the other.

many, many dentists today recommend Life Savers

**They're safe for tiny teeth**

"This is the only kind of candy I like my own children to have," the dentist told the mother. "These little Life Saver mints are much better for little folks. Try the new Violet flavor. Children love them."

Every growing child craves sweets. Active little bodies demand sugar. But children's candy must be pure—and they should not overeat. Life Savers, the little candy mints with the hole (Life Saver shape), answer this problem in just the right way. They are chime-hard and deliciously flavored. This means that Life Savers are eaten slowly. Children suck them to make those wonderful flavors last longer. Little tummies are not upset. And Life Savers are kind to tiny teeth. They're safe and wholesome. You may conscientiously be generous with Life Savers for they are the ideal candy for little folks. Six flavors are displayed at all good stores so you may help yourself: Pep-o-mint, Wint-o-green, Cinnamon, Lic-o-ri-c, Cl-o-ve and Vi-o-let. Five cents a package.—Life Savers, Limited, Prescott, Ont.

SAINT JOHN, N. B., JANUARY 25, 1926.

THOU SHALT NOT KILL.

A discouraged or an indignant citizen writes to The Times-Star expressing the view that this community has established for itself a very unenviable and significant record in the matter of unpunished homicide.

It is a serious indictment, worthy examination, even if we need not necessarily accept it at its face value.

Such statements tend to show the difficulties attending the actual process of disarmament. There will be a long time to come elements in every nation which view all foreign governments and people with distrust, and which will insist that the other fellow must disarm first; yet if we compare the volume of peace sentiment today with that which existed only a few years ago it will be seen that immense progress has been made in the right direction.

It is perhaps unbusiness as to the power and intentions of Japan which makes so many Americans cautious concerning disarmament, but even that suspicion has been greatly diminished within the last year or two.

Poems That Live

TO SLEEP. A flock of sheep that leisurely pass by One after one; the sound of rain, and bees

I've thought of all by turns, and still I lie Sleepless; and soon the small bird's melodies

Must hear, first uttered from my orchard trees, And the first cuckoo's melancholy cry.

Even thus last night, and two nights more I lay, And could not win thee, Sleep! by any stealth;

So do not let me wear tonight away, Without thee what is all the morning's wealth?

Come, blessed barrier between day and day, Dear mother of fresh thoughts and joyous health!

The Best of Advice

BY CLARK KINNAIRD PURSUING THE UNKNOWN

ONE of the Good Gentlemen who writes one of these columns for the daily press, likes best to tell his customers, "Know the truth, and it shall set you free."

"The skeptic might well ask, 'How is one to know the truth?'"

For the search after truth is a life-long search after perpetual motion or the attempt to square the circle.

It is not given to many to know more than an infinite particle of the truth.

And even that particle, while true today, may be false tomorrow.

SAMUEL BUTLER held that all we should aim at is the most convenient way of looking at a thing—the way that most sensible persons are likely to find to give them the least trouble for some time to come.

It is not true that the sun used to go around the earth until Copernicus' time, but it is true that until Copernicus' time it was most convenient to men to hold this.

BUTLER contended that if truth is not trouble-saving in the long run, it is not truth.

It does not matter what the truth is, but our knowing the truth—that is to say, our hitting on the most permanent and convenient arrangement of our ideas upon a subject whatever it may be—matters very much; at least it matters, or may matter, very much in some relations.

"This is a roundabout way of saying that every question has two sides. Know both sides and you are in a position to know the truth."

For as Emerson observed, "he who knows only his own side of the case, knows very little of that."

DEBATE IS WON BY BRITISHERS

Judges Award Victory to Visitors Here Over Saint John Team.

Lights go Out in High School Hall and Argument Goes on in Dark

A fight about the best way to keep the crowd raged for half an hour in an utterly dark room on the top floor of the Saint John High School building Saturday night. When the battle started, the lights were on—but it didn't last long before somebody or something doused the lights in the big assembly hall. But the antagonists still wrestled on with the natural light of reason as their only source of illumination.

AUDIENCE APPLAUSE

The crowd applauded encouragingly or approvingly as the case might be, as first one contestant and then the other dealt a staggering blow to his opponent. Despite the encompassing gloom, a great deal of light was shed upon a controversial subject. When finally the incandescent did resume "doing their stuff," and when the battle had concluded under the usual conditions of illumination, Chief Justice Sir Douglas Hasen arose and announced that, in the opinion of the judges, the Imperial Universities' Debating team, composed of R. Munn, May, lead, Birmingham University; A. H. E. Molsan, New College, Oxford; Paul Reed, London University, who upheld the affirmative side of the argument, had won the debate on the question: "Resolved, that the Geneva Protocol is worthy of the support of Great Britain and the Dominions." Their opponents were the team recruited from the Saint John Debating Society, namely Adrian Gilbert, Ralph McCready and D. Gordon Willet.

WELCOME TO CANADA

The other two judges were Magistrate George A. Henderson and Col. E. C. Weyman. After the Chief Justice had cordially welcomed the visitors to the city, he stated that they would find in their hosts the Dominion that this country was loyal to Britain, and then concluded by announcing the results of the debate. Mr. Gilbert, leader of the Saint John team, thanked Sir Douglas and the others for officiating. On behalf of the visitors Mr. May assured the judges that the local dialecticians were not nearly so thankful to the judges as he and his colleagues were, and with this brief assurance and the singing of God Save the King, the evening came to an end. The arguments presented by both teams were well marshalled and effectively presented. The English speakers talked with a ready grace, indicating greater experience on the platform. There was humor and emotional appeal in their addresses more so than in those of their opponents whose case was addressed mainly to the intelligence of the audience.

ARGUMENTS OF LOCALS

The Saint John speakers contended by superimposing upon it the protocol of the League of Nations and its covenant would be rendered less effective by reason of the protocol's provisions of compulsory arbitration and the obligatory application of sanctions, military or otherwise, to aggressor nations. The British speakers, on the other hand, contended that all the protocol really did was to clarify the obligations which had already been assumed by those nations which had already signed the covenant. It simply explained ways and means of fulfilling those obligations which they had already undertaken. The Saint John men contended that if the League were allowed to develop and to bring into being such agreements not to fight as the League Pact, and if concessions were made to get the adherence of Germany, Russia and the United States, the peace of the world would be better secured. They argued that there was too much risk under the protocol, risk of having to send soldiers to far off lands to quench some impatient world war. Their opponents retorted that the League Pact was only a regional agreement and that the protocol would be practically universal agreement of the same force and effect. Mr. Gilbert did some deriding work in his rebuttal, but his opponent, Mr. Munn, was also effective in smashing some of the arguments of the negative.

The fourth member of the touring British debaters, T. P. Macdonald, an member to the religious life. Mr. Rev. Monsignor O'Keefe, D.P., rector of St. Michael's Cathedral, is a brother. Rev. Sister O'Keefe, principal of St. Michael's Academy, is a sister, as also is Madame O'Leary, of the Order of the Sacred Heart, Rochester, N.Y. Another member of the family is Rev. Sister O'Keefe, Patrick O'Keefe, of Bartholomew, is a brother. The funeral will be held on Tuesday. A High Mass of Requiem will be celebrated by Rt. Rev. P. A. Chaisson, Bishop of Chatham.

Edinburgh University, took no part in the debate, but he added greatly to the gaiety of the occasion when in response to the suggestion of somebody in the audience, he came to the front and in a rich Scottish accent told some stories about Scots. That one about the Aberdeen folk having adopted a new method of cooking their bacon rocked the house. It was to the effect that the Aberdonian fried his bacon in Lux, because Lux prevented shrinking. The High School quartette sang two selections. The visiting debaters will argue the same subject in the Fredericton Opera House against a University of New Brunswick team composed of D. H. Fulford, leader; Burton Kerstend and E. A. Stewart.

ELOQUENT PLEA FOR TRUTH AT TRINITY

Bishop Richardson Declares New Methods Must Be Used to Meet New Conditions

His Lordship Bishop Richardson in an eloquent and emphatic sermon in Trinity church last night declared that the time called for new methods to meet new conditions. He asked that he be not misunderstood as urging a disregard for the past. He was pleading for an open mind and a steadfast pursuit of the truth in every realm of life. He spoke from two contrasting texts: "Remember the days of old" and "Remember ye not the former things." Bishop Richardson administered the Sacrament of Confirmation to 24 candidates in St. Jude's church in the morning and gave an inspirational exhortation to the candidates who were presented by Rev. J. H. A. Holmes, the rector.

IN TRINITY CHURCH

In Trinity church last night the services were conducted by Rev. G. Lawrence assisted by Rev. C. J. Marchant. The church was filled by a large congregation. The music was specially interesting and eloquent during the taking of the offertory which was brilliantly rendered. The music of the anthem was composed by James S. Ford, the organist, and about twenty-five years ago was sung in Saint John by the Boston symphony artists. It was heard for the first time in Trinity church last night. The recitative "Benedicite" was sung by A. C. Lawrence and the duet "Hansome of the Lord" was sung by Miss Louise Knight and Mr. Lawrence.

It is No Trick to Manage a Wife; It's Only a Matter of Applying the Salve—If You Want a Peaceful Home and a Happy, Saving, Interested Wife, Use Diplomacy, Not Candor.

THE WORLD doesn't play fair with a man about matrimony.

When a girl is about to take the fatal step her mother and her married sisters and her aunts and all of her female friends who have husbands take her aside and have heart-to-heart talks with her about how to manage a husband.

DOROTHY DIX

Men have no such matrimonial protective unions. There is no fraternity among benefactors, and if any husband ever finds out how to manage a wife he means the secret of how to turn the trick locked within his own bosom.

NO KINDLY, benevolent, bald-headed gentleman ever gives the trembling bridegroom a pointer about how to avoid the snags in a wife's disposition. Yet there is so much that he might say that would be helpful. There are so many ways to head off hysterics if the young husband only knew how; so many times when he might run up a lightning rod that would deflect his wife's temper from his poor head if only he had been taught how to do it.

Now, the man who has been married twenty or thirty years from the depths of his own experience, might well say to the bridegroom-elect:

"Son, never get married until you have kissed the blarney stone. Flattering a woman before marriage is a matter of inclination. Flattering one after you marry her is a matter of necessity and personal safety. Matrimony is no place for candor. It is a field for diplomacy.

"NEVER criticize your wife's faults, for to tell her of her mistakes means that you will have to dry her tears with greenbacks. To remark that her new gown is a nightmare and her hat a millinery horror means that you will receive bills for new ones. To accuse her of being high tempered is only to precipitate the storm you dread.

"But if you will outface over how girlish her old frock makes her look she will wear it until it is in tatters, and if you descend upon her marvelous self-control and angelic disposition she will bite her tongue off rather than say the sharp words that rise to her lips.

"IF YOU MARRY an adorable being who is incurably addicted to marked-down bargain sales, it is folly to argue with her on the matter and point out that things she doesn't want and has no use for are not cheap at any price.

"But if you view her purchases with a contemptuous air and remark that they look common, and that you wonder that a woman of her exquisite sensibility wants things that everybody has, you will put a crimp in her extravagance. For the only cure for the bargain habit is to inoculate a woman with the idea of being exclusive.

"IF SON, you have drawn a human photograph in the matrimonial lottery, you can't stop it by trying to talk it down, for men lack swiftness and staying powers, and cannot compete with women on the monologue platform.

"But you can gain peace and quiet at home by telling your wife that when her face is in repose it has an irresistible Mona Lisa expression, and, as a result, she will be afraid to open her mouth lest she should break up the pose.

"IF SON, you wish to fare sumptuously every day, never knock your wife's housekeeping or make invidious comparisons between it and your mother's.

"But, on the contrary, be forever praising her domesticity and openly congratulate yourself upon having married the only woman who combines the attractions of Venus and Minerva and Mary Ann. Even when the steak is feathered and the bread is cinder, don't complain. Merely remark that the meal isn't up to her usual standard of perfection and she will make a burnt offering of herself on the kitchen stove trying to live up to your ideal of her.

"IF YOU want your wife to be thrifty and a helpmeet to you, son, don't bait her about her extravagance and dole out nickels to her. No woman ever economizes because her husband grows over the bills and she has to chloroform him before she can get a dollar out of him. Instead she reverts herself for grudgingly given movie money by going downtown and having a Paris hat constructed for her account.

"But if you will make her a junior partner, and make her feel that your success depends upon how she manages her end of the business she will become a nickel sinner and cheerfully make over her old frock three times and skimp the butcher's bill.

"IF YOUR WIFE is mad about society and gadding about, son, there is no use in preaching to her that a woman's place is in the home.

"But if you will inquire of her three or four times in succession whether she thinks that some woman who is younger and slimmer and prettier than she is likely to be at such and such a party she will decide that, after all, there is nothing so satisfying as a quiet evening at your own fireside.

"IF YOU WANT your wife to be a companion to you, son, talk to her about the things you are really interested in. Encourage her in reading. Make her keep up her accomplishments. Make her keep step with you. Don't let her slump when the first baby comes and thereafter be nothing but a housekeeper and a mother.

"Then when you get middle-aged you won't be bored to death with a wife who knows nothing and has no other interest outside of her four walls. It is because so many men treat their wives as doll babies or domestic conveniences or the children's mother that there are so many married men wandering around looking for affinites.

"Don't sink the love in the husband, son, and you can wrap your wife around your finger. Don't economize on expressions of affection or stint your wife in praise and you may do as you will in your home without friction or argument.

"Believe me, son, it is no trick to manage a wife. It is just a matter of judiciously applying the salve."

SO ANY old married man might tell a prospective bridegroom and there-by prevent many a divorce. DOROTHY DIX. Copyright by Public Ledger.

Milady's Pajamas Elaborate; Girl's Gown Simple

By MME. LISBETH

MOST women take their sports clothes plain, finding them thus more practical. But the garments they wear in the privacy of their boudoir may be as elaborately trimmed as ones heart may desire. Color madam will use no matter what the garment, for color one must have if one would register smartness. Wee daughter's sports clothes must be like mother's sports things in effect—strictly and simply smart. But a touch of hand embroidery or trimming cleverly put on by hand makes their beauty.

The most sports dress (left) is made of white flannel, than which nothing is smarter just now at all the southern resorts. A jumper, of course, with the skirt fullness concentrated in front and the collar, cuffs, blouse and skirt bordered with a bright colored band. The bodice is slashed low in front and the low V is filled in with a vestee and finished with a ribbon bow. A chic off-the-face sports hat with a parky feather trim is worn with the frock.

The frock for the little maid is simple in design only, being cut like a plain, straight slip. The designer accented her ingenuously on the trimming. However, and with it made of the simple little frock an unusual model. The frock itself is made of beige and tan colored silk. Narrow pleated ruffles in two tones and on top of them a lace edging finishes the rather low, round-cut neck, and the same trimming in large

plaques or wheels finished with a flower-like centre, goes entirely around the tiny skirt section. The very latest pajamas are called the "pajama" pajama (right). They are as gay and colorful as a bed of posies, are buttoned closely about the ankles, and trimmed with lace. The material used is a printed satin. Metal slips worn under contrasting chiffon frocks at Palm Beach are a fashion note worth considering in connection with the new slips of satin fabrics with metal finish that are being shown. Lingerie is shown at present with modified fullness, derived from pleats, but flared models are sufficiently numerous to indicate greater fullness being employed in the later spring models.

Is this your BIRTHDAY

JANUARY 25—Strive to be a leader, for nature has fitted you for such a position. Surrounded by congenial friends, you will be extremely happy, and your home life will furnish you with great opportunities to get on in life. Do not let anger or jealousy get the better of your good judgment. Be very careful in your choice of friends. Your birthstone is a garnet, which means faithfulness. Your flower is a snowdrop. Your lucky colors are navy blue and black.

A Thought

I have fought a good fight, I have finished my course, I have kept the faith.—Tim. 4:7. A FIRM faith is the best theology; a good life is the best philosophy; a clear conscience is the best law; honesty the best policy, and temperance the best mystic.—Augustine. SPEAKING of hard-hearted villains, the worst known is the man who sharpens his knife on his first wife's tombstone to kill his second.

ADVENTURES of the TWINS

A LAUNDRY PARTY Nancy rolled up her sleeves and began to wash poor Mister Havaloock's clothes while Limber Legs, who was a half a doll wide and a doll and a half long, looked on mournfully. Even his long sharp red nose and his long sharp red chin had lost their perkiness. "Aren't you going to starch them?" he asked. "It just depends," said Nancy. "I can't make starch." "And can't I get starched then?" cried Limber Legs. "That's what I came to Hidy Go Land for. When the little girl I belonged to dropped me behind the hamper and no one could find me, I just said to myself, 'I'll go to Hidy Go Land and get starched. I'm tired of not having any bones.'" "No sooner were the words out of his mouth than in came the Rag Doll. "I heard what you said," she remarked. "And I wish to say that you are the same as all the rest of us. Everybody here came for something special and nobody has gotten a single thing he came for. I came for a new dress and look at me!" "Before anybody could answer in marched the Tin Soldier. "That's a fact," he said. "I came to get the stiffness rubbed out of my joints and here I am yet, as stiff as a poker."

"If you and I could only change places," sighed Limber Legs. "If only we could!" "Did you ever try soaking?" asked the Rag Doll. "I've heard that a good soaking will take the stiffness out of things. Ask the Critoline Doll. She was left out in the rain and her lovely hoop-skirts are as flat as pancakes." "That's true," declared the Critoline Doll walking in. "That's why I came to Hidy Go Land. To get my skirts stiffened up again." "It does seem," said Nancy, "that Hidy Go Land needs starch more than anything in the world. Can't anybody do starching? I can't learn unless somebody shows me." "Where's Mister Havaloock?" asked Nick. "Perhaps he has some starch in his cupboard." "Yes, where is Mister Havaloock?" shouted everybody. "He's never around when he's wanted and what's more, he's of no use when he is here. Down with the king!"

At this the Twins remembered what the Fairy Queen had told them about the trouble in Hidy Go Land and that if things were not patched up some way there would be a revolution. They didn't know exactly what a revolution was, but then that didn't matter. It must be something unpleasant from the way the Fairy Queen spoke, and it must be stopped at once. "Is my washing finished yet?" asked Mister Havaloock's voice at that very minute down the laundry stairs. "I can't find any starch," called Nancy. "Here's a box of corn starch. Will that do?" asked Mister Havaloock. "I suppose so," called Nancy. "Nick, you run and get it." At that minute Black Dinah came waddling in, her arms akimbo, and a handkerchief on her head, tied in two long ends that stuck up like rabbit ears. "Who'll talk 'bout starchin'?" she remarked. "Hesh Ah came to Hidy Go Land to get o' starchin', but Ah guess Ah can't. Ah'll starch dem close, Where's de starch and where's de kettle?" To Be Continued

SEE-SAWING DOWN BROADWAY. THE business of shaving seconds has been perfected to an amusing degree by the "busy business man" of New York. In a building at 60 Broadway, in the heart of the Wall Street belt, many of the offices are equipped with red and white signal lamps. Watching the lights blink off and on I inquired what they were for. "Oh, they are connected with the elevator lights," I was informed. "By watching them we can tell when the elevator is passing up and down on this floor, and thus we can catch it without having to wait."

**SECOND SERMON ON EVOLUTION**

Rev. J. S. Bonnell Discusses Subject in St. Andrew's Church.

Many Hear Address — God's Sovereignty Remains Unimpaired, Speaker Says

In the second of a series of sermons on Evolution, Rev. J. S. Bonnell in St. Andrew's church last night, spoke on "Evolution of the World." The large church was taxed to accommodate the large congregation. Mr. Bonnell defined evolution in its truest sense as a description or history of how God has done His work. He gave a vivid word picture of evolution as seen through the eyes of the scientists beginning with a flaming mass of gaseous matter and passing through all the stages of life upward to man.

He said there are those who warn us that this theory is a menace to faith; that it is an attempt to dethrone God. In 1685, when Sir Isaac Newton announced the theory of gravitation, he was bitterly assailed and it was contended "That he had taken from God His power and transferred it to material mechanism, substituting gravitation for Providence."

**LEFT UNANSWERED.**

Mr. Bonnell said that it was well to remember that all ultimate questions are left unanswered by evolution. Who created the matter of which the universe is composed? How do we account for the soul of man? What is the goal or purpose of creation? he asked. The true scientist, he said, answers that these questions are beyond his sphere and must be answered by religion and the Bible.

Mr. Bonnell asserted that scientists were earnest seekers after truth. If a scientist today could discredit evolution he would become a super-Darwin.

**THREE GAPS, HE SAYS.**

Mr. Bonnell stated that there were three gaps in the theory of evolution which prevented it from being universally accepted. The first gap was the origin of life. The second gap was in the origin of the species, the third was the origin of man. The real enemy of religion, Mr. Bonnell declared, was not the reverent scientist but the materialist who sought to deny God's creative activity and all Divine purpose in the universe.

**ARE THREADBARE.**

Sir Oliver Lodge, a great authority on physics recently stated that materialism and atheism were never so threadbare in history as they are today. Mr. Bonnell said, and so strong was the evidence of science, for Divine creative activity, that even Robert Blatchford, a most extreme atheist in Great Britain, confessed that atheism was causing him to believe in the existence of the soul. Even if the theory of evolution were to be completely proven tomorrow, God's sovereignty would remain unimpaired as the ultimate questions of origin and destiny are not answered by evolution, the preacher asserted.

**LAUD CARDINAL IN CATHEDRAL PULPIT**

Bishop LeBlanc and Father Duks Speak of Death of Prelate in Belgium

In the Cathedral yesterday, His Lordship Bishop LeBlanc, after asking the people to pray for the repose of the soul of Cardinal Mercier of Belgium, said that next to the Pope the cardinal was the most outstanding member of the church in the world. He had been well known before the Great War but since that time was much more in the public mind.

His courage in the trying days of his country in the time of war was very great and his stand had won the admiration of, not only Catholics, but non-Catholics. Bishop LeBlanc also referred to the late cardinal's efforts for union of the Catholic and Anglican churches and said that while it was not known how far the matter had progressed, no one was more fitted to make the effort than Cardinal Mercier, because of the great reverence in which he was held by both Catholics and Protestants.

At the 11:30 o'clock mass Rev. William Duke, rector, referred in touching terms to the loss sustained in the death of Cardinal Mercier.

**NEW ALTAR FUND.**

The collection in the Cathedral on the third Sunday in January for the new altar fund amounted to \$618.85. The fund now totals \$10,140.40.

**Y. M. C. I. WIN DEBATE**

Defeat St. John the Baptist Team in Interesting Subject

The Y. M. C. I. defeated the St. John the Baptist team in a debate last evening in the inter-society series. The debate was under the auspices of the St. John the Baptist Young Men's association. The subject under discussion was: "Resolved, that the journalist exercises more influence than the orator." The debate was a very keen one and the judges in deciding said that both teams were even in argument and presentation, but that in the construction of the resolution they had decided to limit the word "exercises" to the present tense, and that the negative had won by a slight margin.

The teams were: St. John the Baptist (affirmative), J. J. McDonald, leader, Thomas Killen; Y. M. C. I. (negative), Albani Robichaud, leader, Charles Campbell. The judges were: Rev. Father Gillen, E. J. Henneberry and J. L. Sugrue. John Ellmore presided.

**Ford Introduces National Payment Plan**

For twenty-one years the Ford Motor Company of Canada, Limited, has pioneered in the field of motor transportation, doing everything possible to make high quality cars easy to buy and economical to own, in order that the greatest number of people may enjoy the benefits and advantages of owning a car.

In line with this policy, a new and unique time payment plan has been inaugurated which makes it possible for more people to own Ford cars.

This is called the National

Time Payment Plan because the payments are the same anywhere from Halifax to Vancouver.

Through this plan you know definitely in advance, the amount of the down payment and the installments required to buy the car you want.

You pay only the advertised amount—no more. All Ford models are now obtainable on this plan from your local authorized Ford dealer in conjunction with Traders Finance Corporation, Limited.

**NATIONAL TIME PLAN PAYMENTS**

Payments throughout Canada are standard. Down payments do not vary regardless of tax, license, insurance, freight and delivery charges

SKETCHES OF EARLY CANADIAN SHIP MAN EXPLORERS GIVEN LAUDS FACILITIES OF PORT OF AVONMOUTH

Interesting Program Enjoyed Last Evening in St. Peter's Church Hall
Essays on early Canadian explorers and vocal and instrumental music made up a program of exceptional interest and pleasure given last night in St. Peter's parish hall under the auspices of the Saint John north subdivision of the Catholic Women's League.

Rev. James Cloran, C.S.S.R., in a short address at the close of the program spoke most pointedly of the various numbers and pointed out how great was the benefit of recalling the days of the pioneers and the early days of Canada.

Service Appreciated
Rev. E. E. Styles and members of the choir of the Exmouth street United church visited the Old Ladies' Home yesterday and conducted the short afternoon service.

Expect Good Report
The annual meeting of the Victorian Order Nurses in Saint John will be held early next month and the reports to be presented will show that in the year just closed, the work of the order in Saint John has been more extensive than in any year for the last five years.

Does That Cough Stick On Your Lungs?
Mr. Islay MacNab, Bogor, Ont. writes: "I was troubled with a terrible cough that I could not get rid of, and my doctor told me that I had a slight touch of bronchitis. Nothing I took seemed to give me any relief until I got a bottle of Dr. Wood's Norway Pine Syrup."

Dr. Wood's Norway Pine Syrup
I got such relief by using it that I would advise all those who are subject to bad colds or coughs to keep a bottle of this remedy in their homes all the time.

of resistance, he thought a good many stocks were a buy for a good rally. Leading stocks held above their resistance points and on Friday and Saturday there were fairly good rallies. These should continue for the time being. However, it must be remembered that short interest in the market has been very large, and the possibility of some increase in the steel dividend rate at tomorrow's meeting has been a factor to cause the short interest to cover. The market should meet another test after the meeting, and we would not be surprised if prices would again hold at their recent lows. Consequently, on these breaks, we believe such issues as Steel, Stone, G.M.O., Dupont, U. S. Rubber, C. & O., and A. & N. can be bought for good turns. There is still nothing in the business outlook to warrant such bullish news. The decline has been due only to conditions within the market itself, brought about by an overbought condition.

DEPOSITS IN BANK OF NOVA SCOTIA UP

Increase \$9,500,000 as Net Profits Gain \$27,000 For Year

A good showing was made by the Bank of Nova Scotia during the past year according to the annual statement published Saturday. There was a gain of \$27,000 in net profits, from \$2,110,000 in 1925 to \$2,137,000 in 1926. Deposits increased \$9,500,000 to \$129,457,825, the increase being mostly in the savings and interest bearing deposits. In accordance with the policy of the bank the quick assets were maintained at a high level, these amounting to \$129,547,825, which is 65 per cent of liabilities. This compares with 63 per cent a year ago. The continued quiet conditions that prevailed in general business during the year are reflected in a decline of \$6,586,000 in current loans, Call loans in Canada and elsewhere totalled \$2,149,213 against \$2,828,090 last year. The decrease in current loans and increase in deposits is offset by increased investment and other securities which now amount to \$58,928,000. As mentioned previously the profits for the year were \$2,137,000, which were disposed as follows: Dividends \$1,600,000, circulation tax \$100,000, writing of bank premises \$250,000, and contribution to the officers' pension fund \$177,000, leaving a balance of \$112,928 to add to the balance brought forward and bringing it to \$489,644. The bank's total assets are now \$244,455,323, an increase of almost \$10,000,000. The capital is \$10,000,000, the reserve fund and undivided profits \$19,930,444, or almost twice the capital—an unusual-ly strong showing. A comparison of the principal items in the statement follows:

28 ARE HURT IN C. N. R. RUNOFF NEAR MONCTON

Six Cars of Ocean Limited Plunge Down Embankment at Calhoun's Mills. MONCTON, N. B., Jan. 24.—Twenty-eight persons were injured, three quite seriously, but not considered dangerously so, when the Eastbound Ocean Limited, which left here at 5.15 last evening left the rails at Cal-

houn's Mills, fourteen miles East of Moncton. Four cars, including the locomotive, dining car, the two sleeping cars and the observation car remained on the rails, while six, comprising the postal car, the colonist car, express car, baggage and two first class cars left the rails and slid down the embankment on their sides. The cars were not badly broken up and to this is attributed the fact that no one was killed.

The list of injured as compiled by the Canadian National railroad authorities this evening was as follows: MR. AND MRS. GEORGE JOHN-SON, Sydney; stretcher cases, injuries not considered dangerous. ARCHIE BOSWELL, of Amherst, employe of P. W. S. Colpitts Company, Moncton, shoulder injured, but not dangerously. MAX HOFIEGHER, inwardbound passenger from S.S. Montrose, to Halifax, minor injuries. FRED JOHNSON, Sydney, injuries not serious. ARTHUR CORMIER, Moncton, fingers cut. MRS. GAYNHAM, no address, inwardbound passenger from S.S. Montrose, minor injuries.

EDWARD ROSTAING, Chatham, Alta., en route overseas, minor injuries to head. MAX LASKAN, Fullman car inspector, Moncton, minor injuries. WILLIAM TUDHILL, en route to England, slight injury. TEDDY RICHARD, Amherst, back injured. ALFRED LEBLANC, Moncton, (employe), shoulder hurt, finger hurt. J. M. LEBLANC, Moncton, (employe), head injured. C. W. FOSTER, Winnipeg, knee hurt. MRS. EDGAR W. CO E, Dorchester, (N. B.), arm injured. J. J. MCCARTHY, YIFE AND CHILL, Sydney, shaken up. REV. C. W. MORGAN, Saint John, cut above left eye, left hand, mouth and knee injured. L. H. HAYWARD, Amherst, minor injuries. MRS. E. J. BOUDREAU, Memramcook, left hip and arm injured. DORIS MacKAY, age 18, Sydney, head hurt. G. H. POWER, Halifax, (trainman), face cut. R. B. HANES, hip hurt. H. J. ROCH, slight injuries.

In addition to the above three passengers belonging to Memramcook, Edward LeBlanc, Henry Landry and Edward Gaudet, were injured slightly by cuts, but were able to walk to their homes.

Upon receipts of news of the wreck here a relief train of doctors and nurses, accompanied by General Manager Appleton and other C. N. R. officials was rushed to the scene of the accident and the injured attended to.

TRACK TORN UP Several hundred yards of track was torn up by the run-off and a big force of men were employed last night and today clearing up the wreck. At noon today the line was reported clear for traffic.

No official statement has been given out as to the cause of the accident, but it was probably due to snow and ice.

Letters to the Editor AN APPEAL To the Editor of The Times-Star: Sir—The time has come when I must ask you to allow me to appeal through your valuable paper, on behalf of the poor and needy of my parish. This I am compelled to do, because the need is so very great. I cannot say that there has been any marked improvement in conditions among some of my people. I have family after family, where there are many children, who are in terrible need. So many very kindly sent donations at Christmas time, which was a very wonderful help, but now my Poor Fund is almost exhausted and we have several weeks of possible cold and wintry weather to face. I ask the good people of this city to realize that there are many who are in dire need—no food, no fuel, and very little clothing, and there has been quite a lot of sickness, and naturally these poor souls turn to the church for assistance. People have been very kind in sending in clothing, but just now it is food and fuel which are needed. I can only give them what is necessary to keep body and soul together, and coal in small quantities which does not go very far. I am simply compelled to appeal for help so that these very needy people may be kept warm and have sufficient to eat. Will you, who have comfortable warm homes, plenty to eat, with a little to spare, give something for those in need, something for Christ's poor? I shall be so grateful if you can spare even a little. Yours faithfully, JOHN Y. YOUNG, Mission Church, S. John Baptist, Saint John, Jan. 25, 1926.

Harry Northrup and William McCrossen were in Police Court this morning charged with being drunk and fighting in Richmond street. McCrossen was fined \$8 on the first charge and \$20 on the second. Northrup was adjudged guilty on the first count only and was fined \$8. McCrossen said that the blame for the fighting was his and that it was a little family trouble.

\$1000 Prize in Hands of Fate!

The Hour for Deciding Winner of Consumers Coal Co. Contest is Critically Near

The Contest is closed and the judging under way. It's anybody's thousand so far. What would you do with a thousand dollars in real cash? The Winner of the Consumers Coal Co., Ltd. Contest is soon to be faced with that awful problem. Another day—maybe two—and all will be settled. The check is ready for the fortunate name to be filled in. Who gets it?

Judging Under Way

All the competing ideas for naming this special quality of Welsh Hard Coal are now in the hands of the Judges. The authors' identities are kept secret, so the Judges will not know who gets the Prize until the name selecting is over. The consent of the following gentlemen to act with him in this capacity was obtained by Mr. Howard Wallace, an advertising writer of no previous connection with the Consumers Coal Co., Ltd.

COMMISSIONER T. H. BULLOCK RALPH G. McINERNEY, Barrister W. L. CALDOW, Bank Manager

Coal Worth \$3 More

The name which wins the thousand dollars will guide the public hereafter in ordering the special grade of Welsh Hard Coal best suited to Saint John conditions. A Coal overshadowing other Coals in heat value for the money. A Coal with a quarter to a half the ash content of other Coals and therefore as much as \$3 more value per ton.

This particular Welsh Coal now has the extra precaution of a Consumers' Inspector passing on every ton in Wales. Here again it is hand picked, sized and screened by the most modern equipment in the East. Outselling all others at \$16.50 a ton cash in City, sluiced.

Who wins the thousand? Watch the papers.

CONSOLIDATION Miller's Creek Coal

This coal has qualities found in no other, not even in the Miller's Creek area where there are multitudes of coal seams, is there another coal just like CONSOLIDATION Miller's Creek.

It is almost a freak in as much as it burns at first something like soft coal or good hard wood, then settles down to a strong, long lasting fire like hard coal, no stone, no clinker and next to no ash (only about 50 lbs of ash to the ton.) Burned according to instructions, which are very simple, it makes virtually smokeless fires in furnace, range, open fires and heating stoves. It is not, however, suitable for feeders. The price is several dollars per ton less than Anthracite and a ton goes further.

Genuine CONSOLIDATION Miller's Creek coal can be had in Saint John from C. R. Nelson, Fairville, telephone West 576; Robert Roberts, 28 Murray St., North End, telephone Main 4763; Peerless Coal Co., 71 Dock St., telephone Main 2841; or direct from the sole wholesale distributors in the Maritimes

Big Crowd At Lily Lake Yesterday to Watch Skaters

PUBLISHERS of the 1926 editions of speed-skating guides should have plenty of changes to make in some long-standing records after the brilliant and fast-moving field of skaters entered for the world's championship meet here opening tomorrow get down with them.

CARNIVAL SPIRIT

The carnival spirit was manifest in the city yesterday. In the morning Charlie Gorman, Clas Thunberg and Willie Logan had a workout at Lily Lake.

ANIMATION SEEN

The lake and its environs presented an animated appearance, an earnest of the days ahead when thousands are expected daily to watch the races. In addition to the crowds on the ice there were numerous spectators and skating experts on the shore.

MANY CONTENTANTS HERE

Many of the contestants are already in the city and every train brings its addition to the quota. In addition to Thunberg, Carl Parody, Valentine Blais and Marion McCarthy who arrived several days ago, O'Neill Farrell, Chicago flash, came in Saturday.

RUMOR DENIED

A rumor was current about the city yesterday that Thunberg had fallen in practice and broken his leg. Thunberg has met with no accident of any kind and is in the best of conditions.

TICKET SALE

The committee in charge of the tickets announced last night that all reserved tickets ordered and not paid for would be sold today if not called for before noon.

THE BATTLE OF NATIONS

IF YOU walked out to Lily Lake at midnight tonight and climbed to the highest tier of the grandstand and then let your imagination run riot amid that silent, frozen grandeur, words would fail you in describing your emotions.

For tonight, we stand on the eve of a world's championship speed-skating battle when a young man from across the stormy wastes of the Atlantic ocean and the unfathomable blue of the Baltic Sea defends his proud title with the blue-crossed flag of Finland flitting in the breeze overhead.

Thirty-three years ago almost to the day, this Loyalist City was stirred to its depths just as it is tonight for it was in 1893 that Harold Hagan, champion of the world, raced here against a Saint John man, still living, Fred Bees.

It was two men then. Now, there are many—all striving for fame that shall last as long as speed-skating lasts.

MIDNIGHT—At Lily Lake. You gaze down past row after row of bare seats—down to the polished surface of the great track—background of the giants—reflecting in its depths the star-studded dome of the heavens.

If you wish it, you are not alone. A ghostly figure glides over the surface with long even strokes. Swiftly and tirelessly, it covers the speedway and then suddenly comes to a halt.

The Spirit of Speed-Skating in Saint John, if you will! And what does it say to you? "From the deeds of prowess of a long line of champions many years ago, I was born. Nurtured and fostered by others who gave of their time and talent, I have reached this proud and happy day.

That is no stock phrase trotted out on special occasions to cloak our real feelings. We pay not merely lip service to the spirit of Fair Play.

Saint John means it right from the heart. May the best man win—be he Finnlander, American or Canadian!

What will be the thoughts of Clas Thunberg, Olympic champion, as he sees the flag of his wonderful little country float up the pole while the band plays the Finnish national anthem and when he realizes that it may be his opportunity to lay one more golden laurel at the feet of his country?

Will he not earnestly desire to return to Helsinki and his own people as victor? What will that clean-limbed band from the United States think as they watch the Stars and Stripes glide gently upwards and listen as the musicians tell of the Star Spangled banner of their marvelous country?

What will stir the mind of Charlie Gorman and our own Canadian boys as the glorious standard of the British Empire unfolds to the breeze to the strains of the National Anthem?

What will they think as they listen to the pulse-stirring martial music of "O Canada"?

Is it not all enough to stir the sluggish imagination of anyone? A battle of nations on the sporting field!

THE FIRST INSTINCT of Humanity is Self-Preservation. Life is a struggle from cradle to grave—for individual as well as for nations. It is inherent to defend our possessions and so in time a system of laws grew up based on property rights.

That instinct in some nations grew to abnormal proportions until they coveted greater possessions to make their homes secure. So they trampled on weaker nations and the doctrine of "Might is Right" grew until the world almost came to believe there was no such thing as fair-play in the realm of what we call diplomacy among nations.

On the fourth of August, 1914, the greatest nation of all time challenged that hideous doctrine to aid a weak neighbor and millions laid down their lives in the struggle.

Right and Fair Play triumphed as they always will triumph. But what suffering and torment and anguish was caused in bringing that about!

The desire to excel is deep-rooted in human nature. As of individuals, so of nations.

If that desire turns to arms as an outlet, the painful lesson that history teaches will be learned again. What a terrible waste! But if that desire turns to the sporting field, every nation, great or small, will have an equal chance. No more striking example can be found than right in the meet here tomorrow when a representative of the Finnish nation, one of the smallest on earth, has a better chance to win than the representatives of our powerful and mighty neighbor to the south.

International sport as a means to promote goodwill has benefits that cannot be estimated. It is that reasonable? Nations, through their clean young athletes, enter the flats tomorrow in bloodless battle.

AND WHAT PART does our young and glorious country play in this?

It has been said that it is Canada's destiny to be the interpreter for the old and the new.

Peculiarly enough, we Canadians are hosts tomorrow to the old and the new—European and American. We know the part will be well-played. If an outsider wins, his home country will not be able to accord him a more genuine mead of congratulation.

In a way, Canada, through us, will be on trial here for the next three days. Impressions are always vivid at meets of this nature and more important than the holding of this meet is the kind of an impression left.

Let us see to it that Canada need never be ashamed of Saint John and her people but that we shall so conduct ourselves and our meet in such a way that we shall send every visitor back home with lasting impression of a freedom-loving people, late and honest in their dealings with all, and if we do our part well, Canada will move one step nearer her destiny in the magnificent future that awaits her.

The land of the Maple bids them welcome! Good luck to them all! May the best man win!

For the benefit of those buying tickets at the grand stand there are signs giving directions. Skating headquarters will be kept open this evening for the sale of rush tickets.

THUNBERG ENTERTAINED. Clas Thunberg was the honor guest at a dinner party given last night by Mr. and Mrs. F. Hillman at their residence, Duke street, West Saint John. Covers were laid for 15.

THUNBERG was the guest of Don Cable, of the C. P. R. staff, on board the steamer Montreal. Thunberg and his guide and mentor, Charles Magnusson, had an intimate talk about Finland, of which Mr. Cable was for many years a resident, his father having been British consul to Finland.

DOG DERBY STARTED. THE PAS, Man, Jan. 25—With the pick of the North country racing dogs entered, to be driven by "Mushers" of international fame, the ninth annual The Pas dog derby started today. It is a 120 mile lap race over an eight mile course, on the Saskatchewan river. Five laps a day will be run.

NEWBRO'S HERPICIDE

FREDERICTON, Jan. 23—Rothsey Collegiate broke into the win column of the Intercollegiate Basketball League this afternoon by giving Provincial Normal a beating by their own floor.

This is the second time Normal has tasted defeat in the series, Fredericton High winning the opening game from them. Today's score was 31 to 17.

Rothsey never was hard pressed except in the opening stages and finished the first period leading 15 to 7.

Clark, of Rothsey, did not loom up in the scoring as he did in the game his team lost against Fredericton High. For Normal, Constantine was leading scorer.

The visiting team was superior in passing and combination and Normal failed to keep the Blue and White players properly covered.

The Trojans clinched the championship of the City Basketball League on Saturday evening when they defeated the Nationals, 57 to 42, on the Y. M. C. I. floor.

The Trojans have six more games to play and the Nationals and Y. M. C. I. five each, but the Orange and Black could lose all their remaining fixtures and still remain on top.

The champions did not show as impressive form as in former games, being rather off color, with the exception of Malcolm, who put up a stellar exhibition at centre and carried his team to victory.

Wittrien and Boyce starred for the losers. The Trojans played the last 12 minutes with four men, Hollies and Lee being ruled off for personal fouls.

In the intermediate section of the Victorias defeated Central Baptist, 24 to 18. The losers also had to finish a man short owing to one of their men incurring more than the permitted number of penalties.

St. Peter's forfeited to the Harriers, only four of their players showing up. The North End boys secured another man and played the Harriers an exhibition game, which they won, 20 to 15.

The scores: Nationals: Plimpton (11) Forwards, Wittrien (31) Wilson (2) Centre, Urquhart (9) Hellen (2) Guards, Boyce (2) Malcolm (32) Centre, Humphrey (17) Kerr (7) Guards, Kirk (9) Hollies (2) Forwards, Pollard (2) Guards, Ronald Shaw refereed.

Victoria: Central Baptist: McDonald (9) Forwards, Arthur (7) McAnulty (2) Centre, Bean (7) Beckett (13) Guards, Barnes (2) MacKenzie (11) Forwards, Irving Brooks (10) Guards, Miller (2) St. Peter's: Harriers.

Wall (6) Forwards, Yeomans (12) H. McManus (9) Centre, McLean (4) Maxwell (8) Guards, Archibald G. McManus (11) Guards, Boyce Quigg (11) Guards, Lingley Walter Golding refereed both intermediate games.

At the recent annual Rong skid meet at Fox River Grove, near Gary, Ind., Anders Haugen of Grand Beach, Mich., widely known record holder, carried off first honors. He is shown above making a long jump.

LADIES' HOCKEY

Ladies' hockey will be revived after having been dormant here for considerably more than a decade, when the Saint John girls' team crosses sticks with the Y. W. C. A. after the Halifax-Saint John game on Wednesday evening.

Some speedy hockey is expected, as the girls have taken to the game in earnest and better plans are expected to be present when the face-off takes place. All the visitors here for the meet are planning to attend, and it looks like another crowd of the size of the one that greeted the Granites and Abbies when they played here in 1924.

INTERMEDIATE GAME

Immediately following the Moncton-Saint John game the feature attraction of the City Intermediate League will be played. The Nationals, who won the title last year, hook up with the Trojans in what promises to be a fast game as both teams are at the top of their respective sections.

Both will have their strongest line-ups, as getting the game will strengthen the hold on first place. The Nationals will take the ice with the following men: Goal, Webster; defence, Carroll and Montblitz; forwards, Green, Flewelling and Ross; substitutes, Russell, Armstrong and Stanley.

The Trojans' attack after the championship this year and the following men will appear in uniform: Goal, Shannon; defence, Cuthbertson and Redden; forwards, Montblitz, Tardivel and Bayly; substitutes, Rowley, Merrill, Angevine and Styles.

LEAGUE STANDING

The standing of the both sections to date follows:

Section A—W. L. D. F. A. Pts. Nationals (1) 0 0 3 1 2 Canucks (1) 1 0 1 8 7 2 St. Lukes (0) 1 0 4 5 2

THOUSANDS PAY TRIBUTE TO DEAD CARDINAL

Messages of Condolence Reach Belgium From All Parts of World

NATIONAL FUNERAL IS SET FOR THURSDAY

One of Prelate's Last Acts Was to Address Note To Anglican Head

MALINES, Belgium, Jan. 25.—Although only three Belgians thus far have been honored with a national funeral, the homage that is being paid Cardinal Mercier transcends even that given a monarch.

From all parts of the world, come messages of condolence on the passing of the beloved prelate. When entombment in a crypt in the Cathedral of St. Rombaut is made on Thursday inside the bodies of former primates of Belgium, King Albert, the Crown Prince, members of the cabinet and other high state and ecclesiastical officials will be present at the ceremony.

MAKES RELIGIOUS WILL. Before he passed away, the Cardinal last Thursday wrote with his own hand a religious will, addressed to the Anglican Archbishop of Canterbury. The details of this document have not yet been made public, but, as it was written shortly after the visit to the Cardinal by Lord Halifax, president of the Anglican Church Union, it is believed that it has reference to the question of a union of the Roman and Anglican churches, for which the Cardinal long had been working.

So great has been the desire of the people to show their love for Cardinal Mercier, that last night several hundred, believing that the doors of the archiepiscopal residence would be closed before they had time to pass by the hier, rushed past the attendants and gained entry into the vestibule. The police made several arrests and the Cardinal's secretary threatened to close the palace until after the funeral if further untoward incidents occurred.

VICTORIA STREET PASTOR TO LEAVE

Reported Rev. G. B. MacDonald Has Been Invited to Pulpit in Boston

Rev. G. B. MacDonald announced in Victoria street Baptist church last night that he was resigning from the pastorate. The announcement was a great surprise to his congregation, and by a unanimous vote it was decided not to accept the resignation at that time. The matter will be dealt with later.

It is understood, however, that Mr. MacDonald will adhere to his decision and will close his pastorate of the Victoria street church shortly. It is rumored that he has received a call to a Boston church, but he said last night that he had no definite plans at the present.

Mr. MacDonald was born in Woodstock, a son of Rev. G. W. MacDonald. Some of his high school days were spent in Saint John, and his theological training he received in Kentucky. He came to the Victoria street church from the West End church in Halifax, where he had been pastor for about three years. Previously he had been pastor of the Sussex Baptist church for eight years.

WILL BE MISSED. At the Victoria street church he succeeded Rev. G. D. Hudson, during whose ministry the new brick church was built. Under Mr. MacDonald's leadership the Victoria street church has made steady progress. He has greatly endeared himself to the members of his congregation, and should he adhere to his decision he will be very greatly missed.

COLEMAN WAS GOOD. Another one of the old time skaters who was a winner in his day was Len Coleman, now residing in Boston. Coleman flourished about 15 or 20 years ago and he was a good one, winning several important races. He beat Fred Robson, Toronto, on the Victoria rink here, several years ago.

DO THIS AFTER SEVERE ILLNESS

How to Speedily Gain Strength and Put on Needed Weight

Nothing like the wonderful vitalizing vitamins extracted from the livers of the common codfish to help convalescing people to quickly get strong and well—everybody knows that.

So nowadays, medical men who keep up with times are ordering a tablet containing the vitamins that give to frail folks vigor, strength and weight—a tablet that is known as McCoy's Cod Liver Extract Tablet—and it surely has proved a blessing to thousands of people who have been sapped of their natural strength after any severe illness.

Skinny men and women take them to speedily put on plenty of good healthy solid flesh and for this purpose they are so extremely good that thin men and women often take on five pounds in 30 days.

Great for weak, skinny, backward, run-down children too, and gives them a hearty appetite.

Be sure and ask for McCoy's, the original and genuine Cod Liver Extract Tablet—Wasson's two stores, Ross Drug Co., Wm. Hawker & Son, and druggists everywhere have a big demand for them and millions are sold monthly all over North and South America. They are sugar coated and as easy to take as candy, 60 Tablets—60 cents.

Child Dies of Burns in Gloucester County

BATHURST, Jan. 24.—Doris, the three-year-old daughter of Mr. and Mrs. Ralph Gilbert, of Lower Beresford, met with a painful and tragic death on Friday evening, it was learned here today. While her mother was visiting at the home of a neighbor

little Doris went too close to the stove and her clothes caught fire. When the mother returned home she was horrified to find that the clothes had been burned off her child. A call was put in for Dr. W. H. Coffyn, who immediately left for the scene, but before he reached the home the baby had died. Besides her parents she is survived by two brothers. At the time of the accident the father was absent from home at Hachey's Siding, where he is lumbering. News of the fatality reached him on Friday at midnight. The funeral took place this afternoon and interment took place at West Bathurst.

DEATHS IN N.S. FEWEST RECORDED

HALIFAX, Jan. 24.—The report of the Vital Statistics Bureau of the Province of Nova Scotia for the year ending Sept. 30, 1925, issued Saturday, shows the total number of deaths to have been 9,087. This, it is pointed out, is the lowest number of recorded deaths for any one year in the history of the province. The total number of births recorded was 11,999.

TWO BOYS DROWNED; TWO OTHERS SAVED

Four on Toboggan Fall into Millinocket Stream—Heroic Mother Suffers

MILLINOCKET, Me., Jan. 24.—Four boys, from 8 to 10 years old, went tobogganing on the ice of Millinocket stream on Saturday, broke through and two, Ray Crossen and a boy named Girsha, were drowned. One of the boys was saved by his mother and the fourth scrambled to safety in time.

Mrs. Clayton McDougall, who lives on the river bank, heard the outcry and rushed upon the ice in time to save her young son. She had barely dragged Ray Crossen to safety when the ice gave way under her. She lost her hold on the lad and he sank.

Mr. and Mrs. McDougall are suffering from shock and exposure and are under the care of a physician.

RESCUES WIFE. Mr. McDougall, a night worker, who was asleep in the house, heard the cry and came to her assistance scantily clad and with considerable difficulty succeeded in rescuing her.

The Girsha boy was carried under the ice. The bodies were recovered soon after the accident and efforts to resuscitate them, though long continued, were fruitless.

Mr. and Mrs. McDougall are suffering from shock and exposure and are under the care of a physician.

**Wm. J. Kelly, C. N. R. Baggage Master, To Retire Saturday**

Customs and Active Official Recalls Years in Service at Depot Here

William J. Kelly, 51 Murray street, North End, C. N. R., baggage master for 48 years, will retire from the government service next Saturday at his own request, and retire upon a well-earned superannuation stipend. Serious illness in his home—a motherless home—impels Mr. Kelly to ask for this privilege to which he is entitled, though he feels physically fit to carry on for some years to come.

**TOOK JOB IN 1878**  
When Baggage-master Kelly took over the superintendence of the baggage rooms in the old Lombard street C. N. R. wooden depot in 1878, he had been in the railway employ only a year. His first work was in the freight office, where he took up his duties while the city was struggling with rebuilding problems after the disastrous conflagration of June 29 the same year. Hon. Alexander Mackenzie was Premier of Canada, Hon. Isaac Burpee of this city was Minister of Customs, the Marquis of Lorne had just been appointed to the governor generalship, W. G. Robertson was station master and Thomas Mack was freight agent.

**OLD TIME OFFICIALS**  
The L. C. R. then extended to Riviere Du Loup. C. J. Bridges was general manager and a man named Luttrell was superintendent. At the outset Mr. Kelly says, the old brass and cardboard double checking system for baggage was in force, the "Thomas" check, it was called.

**HAS SEEN BIG CHANGES**  
In the almost half century of a very active occupancy of the baggage master's position, Mr. Kelly has handled many hundreds of thousands of pieces; many familiar traveling faces have and gone and transportation developments have been in a constant evolution. The retiring official says he has tried his level best to retain an alert, courteous disposition towards everybody, and leaves the task of ensuring that he has amassed an unparelleled fortune in good friends.

**J. FRANK BRIDGEO DIES AT AGE OF 31**  
Clifton Hotel Clerk Young Man of Fine Type and Numbered Many Friends

The death of J. Frank Bridgeo occurred this morning at 8 o'clock and will be learned of with much regret by a large number of friends. He passed away at the home of his parents, Mr. and Mrs. Henry T. Bridgeo, 188 Prince William street, after illness which he had combated for some time. He was 31 years of age.

Mr. Bridgeo was for some years on the staff of the Royal Hotel but latterly had been clerk at the Clifton House. He is survived by his parents, two brothers and one sister. The brothers are Henry M., chief clerk to the C. P. R. superintendent, Woodstock, N. B.; William A., clerk in the C. P. R. traffic office, Mill street; Frederick, of the C. P. R. winterport staff at West Saint John, Walter, of Cambridge, Mass., and Leonard, of Boston. The sister is Sister Mary Ethel, of Mary's Home, Sisters of Charity, Moncton.

Mr. Bridgeo was a young man of very fine type and was held in high esteem. He was a member of the Y. M. C. I. and of the Holy Name Society of the Cathedral and was a keen follower of sport matters. There will be deep sympathy of many friends for those bereaved.

**HAS 94TH BIRTHDAY**

**Mrs. Annie Hanson of Fairville Well and Happy on Anniversary**

Mrs. Annie Hanson, of Cedar Bluff, Fairville, observed her 94th birthday yesterday. She was particularly bright and happily received those who called to extend greetings. Mrs. Hanson reads without glasses and converses interestingly on the topics of the day, and also does considerable knitting as a recreation. She was visited last evening by Rev. J. J. Pinkerton, pastor of Fairville United Church, of which she has been a member for many years. Mr. Pinkerton offered prayers of thankfulness for her long life of usefulness, and petitioned blessings for the years to come.

As she sat before the fire place last evening she presented a picture of happiness, and freely entered into the conversation. Rev. Mr. Pinkerton was accompanied by Mrs. Pinkerton and Mr. and Mrs. O. D. Hanson. Cards of greeting and gifts were received from friends and members of her family. Mrs. W. A. Nelson is a daughter, and sons are O. D. Hanson of Fairville, William and Albert of West Saint John, Edgar P. of Nova Scotia, and Harvey, with whom she resides.

**DEATH AT BLACK RIVER**

At her residence at Black River on Jan. 23, Mrs. Rebecca H. McLeod, widow of Peter McLeod, passed away. She was a well known resident of Black River, where she lived most of her life. She leaves one son, Frederick, of Black River, with whom she made her home. Mrs. McLeod taught school at Black River for some years before her marriage. The funeral will be held from her late residence on Wednesday afternoon.

PATRICIA CHOICE Douglas Avenue Girl who on Saturday was chosen Princess at Arena.

**PATRICIA CHOICE FOR PRINCESS TITLE**

Douglas Avenue Girl is Selected By Judges—Presentation Made to Her

Miss Patricia McCluskey was selected as the children's princess at the Arena on Saturday afternoon. Miss Rosalie Ingram, 248 Main street, was second and Miss Stubbis, Rockland road, third. The judges had a difficult task in choosing a winner from the 12 girls who were present on the ice and it was not until the last hand that the choice was made. Twelve little girls were considered by the judges and a gradual process of elimination used. The twelve were photographed outside the rink.

The new princess was presented a nice corsage bouquet and a wrist watch by Miss Saint John, Miss Thea Cheeseman, on behalf of the Arena management. So closely did the children present surround the princess that it was with difficulty that the presentations were made.

Little Miss McCluskey is the daughter of Mr. and Mrs. George McCluskey, 178 Douglas avenue.

The judges were Mrs. L. P. D. Tilley, George S. Bishop, Mrs. F. T. Dunlop, Mrs. Douglas White and Miss Edith White.

Rev. John M. Murchison, secretary of the New Brunswick Bible Society, preached an interesting sermon in Fairville United Church yesterday morning. He told of the large distribution of Bibles throughout New Brunswick, and of the wonderful influence of the book in promoting good citizenship. The choir sang two anthems. Miss Audrey McColgan was organist.

**Sought by Police**

A circular letter has been received by the local police department from W. I. Tragar, sheriff of Los Angeles county, California, offering a reward of \$500 for the arrest and delivery of J. K. Frank, alias Andy Frank and J. Andrew Frank. He is wanted on a charge of having stolen or otherwise having got away with \$300,000 worth of monies, jewelry and other valuables. He is described as a flashy dresser, usually wearing large diamonds and staying at the best hotels, is about 42 years old and weighs 200 pounds.

**NOT THIS MAN.**  
Frank Irvine, who was mentioned in the report of a hold-up in St. Patrick's street, early on Saturday morning, is not the Frank Irvine, who gave evidence in the Evening manslaughter case.

**Saint John Band Maybe Heard In Europe Tuesday Night**

The St. Mary's Band has been accorded the honor of having a special program broadcast tomorrow night by CNRA when special international tests will be conducted and radio enthusiasts in Europe will endeavor to hear the various stations on this continent.

The effort to reach Europe will be between 11 and 12 local time and all the European stations will be silent during that period, while between 12 and 1 o'clock European stations will endeavor to reach America with programs and all stations on this side will be silent.

The St. Mary's Band has arranged special program of standard classical numbers almost exclusively for the European broadcast, under the leadership of Bandmaster Harold Williams. J. Ernest Till, local tenor, will accompany the band and sing two solos during the first section of the program. His first number will be "Ballad—Monter," by Easthope Martin, while by request he will make his second solo "Down Texas Way."

**THREE FREE ON TECHNICALITY**

**Lawyer's Argument Against Charge is Sustained**

**Florence Phillips Fined \$200 Following Police Call to House in Smythe Street**

Three men were allowed to go today on a technical point in connection with their arrests for drunkenness last night. E. J. Henneberry, for the defence, said that the Police Act, under which the arrests had been made, did not cover the case. These men had been in a house and had been ejected by the police without the request of the tenant, and had afterwards been arrested in the street, charged with being drunk in Smythe street. His Honor agreed with the argument of the defending counsel and the accused were allowed to go.

**WOMAN IS FINED**

**Florence Phillips, living in Smythe street, was fined \$200 for 4 months in jail today on a charge of allowing drunkenness on her premises. J. Starr Tait prosecuted. Several policemen testified that in consequence of a phone call from Mrs. Greta Levine, who lives in the flat under that of the accused, they had gone to the Smythe street house and had found the woman and three men drunk and creating a disturbance. They had ejected the men who were later arrested on the street and charged with being drunk. Florence Phillips was taken to the station. The police said that they had counted 22 empty ale bottles in the house and produced 34 empty Sterno cans. This they said had been used as a beverage in the house.**

Mr. Tait called Mrs. Greta Levine, who said that she had sent in the call to the police station in consequence of disorderly conduct and drunkenness in the flat above her. This had continued from Thursday night until she put in the call. She said that her experience of the house was that there had been much drinking going on in the past. Mrs. Phillips made no defense and was adjudged guilty by Magistrate Henderson, who sentenced her to a fine of \$200 with the alternative of four months in jail in default of payment.

Three out on deposit after being charged with drunkenness over the week-end did not appear in court today and forfeited their deposits. Two other men were in court and pleaded guilty. They were given the usual \$5 or two months in jail.

**DR. BAXTER WILL IN PROBATE COURT**

**Estate Valued at About \$70,000—Reported \$25,000 Bequeathed Nurse**

Before Judge H. O. Melnerney in the Probate Court this morning, hearing in the matter of the probate in a solemn form of the will of the late Dr. G. O. Baxter was commenced, and is being heard also this afternoon. It is understood that the estate in question is valued at about \$70,000. The caveat, asking for proof in solemn form, was filed by Mrs. G. O. Baxter. At this morning's hearing, evidence was given regarding the drawing of the will, its execution, and the disposition of the estate under it. The witnesses were John B. Jones and B. L. Gerow. The latter was on the stand when court took recess at noon.

Mr. W. Wallace, K. C., appeared for Mr. Gerow, the executor under the will; Dr. J. B. M. Baxter, K. C., and A. N. Carter for Mrs. Baxter; J. H. Trueman and J. F. H. Teed for Miss Jennie Parker, and W. H. Harrison, K. C., for Dr. Raymond Baxter. Miss Parker was mentioned in evidence as having been the late Dr. Baxter's nurse and is a beneficiary under the will to the extent of \$25,000. Dr. Raymond Baxter is the residuary legatee, getting the balance of the estate.
