Break With Germans Over Reparations Question is Expected This Afternoon

BLACK OUTLOOK AS THE MORNING SESSION CAME TO END

Indications of Failure to Reach Agreement—British Troops Ready to Advance on Dusseldorf and French and Belgians Await Marching Orders—New Proposals of Germans Not Acceptable.

London, March 7.—The conference between the heads of the Allied governments and representatives of the German government, which began at noon today for discussion of the reparations question, took an adjournment at one thirty o'clock until four thirty o'clock. The session apparently had not been a satisfactory one and there was report that an attempt at an agreement had failed and that the Germans would be informed that the stipulated penalties would be applied.

After the recess M. Laurent, French ambassador to Berlin, declared there was little doubt that there would be a rupture of the negotiations at the late afternoon sitting of the conference.

London, March 7.—A British battalion is reported to be standing ready to advance upon Dusseldorf, while French and Belgian troops are said to be under marching orders that will send them into German territory.

NEW PROPOSALS MADE TODAY

London, March 7.—New German proposals, which it was said in French quarters were unacceptable, were submitted to the Supreme Allied Council this morning before reparations conference opened today's meeting. The general conference met at noon today. Dr. Walter Simons, head of the German delegation, told the Allies that the Germans rejected the proposals formulated at Paris, and had decided to revert to the ideal of a provisional agreement that they had prepared. This would call for the payment of fixed annuities for the first five years, and would give the equivalent of the twelve per cent on German exports. It was unofficially reported at 12:45 o'clock that the Allies had decided to inform the Germans that their proposals were unacceptable.

The German proposition was made conditional upon the withdrawal of all German troops from the Rhine and the removal of all commercial restrictions.

Then Troops Concentrating.

London, March 7.—Information has reached well informed Polish circles in London in connection with the upper Silesian plebiscite that German detachments have been concentrating near Arys and Loetzen in East Prussia, since the middle of February.

Dr. Simons in continuing his statement to the conference, said he had purposely avoided reference to the question of responsibility for the war, because he considered such a discussion would only make a settlement more difficult. He declared neither the treaty of Versailles nor the carrying out of the Allied penalties could determine the question of war guilt.

"History only can fix the responsibility for the war," said the German foreign minister. The war, he contended, was too recent an occurrence to be judged clearly at this time.

Dr. Simons deplored what he termed the Allied disposition to ignore payments already made by the Germans, which they contended should be applied to the reparations account, and the Allied persistence in the view that Germany was acting in bad faith.

He discussed at length the subject of taxation in Germany and in the Allied countries, seeking to disprove a statement made by the British premier in his speech last Thursday that Germany's taxes were lower than those of the Allies.

Dr. Simons maintained that the taxes should be calculated on a per capita basis, taking into account the income tax paid in each country. He declared that even the Allies had admitted that further direct taxation in Germany was impossible.

After asking Dr. Simons some questions, Lloyd George replied: "If an effort must be made to give the Allies no doubt as to the answer which the Allies must be forced to give. I think it desirable, in view of the great gravity of the decision, that we should give a reasoned reply to his carefully prepared and clear statement. The interview also will enable us to read a full report of his statement."

London, March 7.—Lord George is expected to reply at this afternoon's meeting here to Dr. Simons German foreign minister, who presented new German proposals this morning. These proposals, which were declared in French quarters to be unacceptable to the Allies, were of a provisional nature, calling for a payment of fixed annuities for the first

FOR PROTECTION AT SAND POINT

Delegation Heard on Matter of Pilfering

Some Suggestions as to Way to Check Trouble—City Organizations and Shipping Men Present Matters.

A delegation, consisting of representatives of the Commercial Club, Board of Trade, Rotary Club and of steamship and marine insurance interests, met this morning on the common council this morning, asking that steps be taken to furnish adequate protection against pilfering of goods in the west side docks.

C. H. Peters, president of the Commercial Club, acted as chairman and read a number of resolutions, which were drawn up at a recent meeting of representatives as follows:

That such conditions obtain in the handling of freight at the west side docks as are not contributory to desirable results in the operations of the port, and the city is not affording proper means for the preservation of law and order, or the protection of goods in transit at these docks.

That the city should provide an adequate number of uniformed police to ensure the preservation of law and order and protection of goods in transit at the west side docks, and the regular city police force, and the expense of maintaining the police should be paid out of harbor revenue.

That the sheds should be placed under the direction or control of occupants during such time as ship is on berth. Mayor Schofield said that they were familiar with the conditions and the delegation to try to confine itself to some means of remedy. He said if necessary the city could put on a heavier squad of policemen, but it would only tend to fill up the jail, which was already overflowing. He blamed the prevailing conditions on the unemployment problem.

Mr. Peters called on Commander Elliott of the C. P. O. S. He said he was not blaming any one set of men for the pilfering, but a body of men who hanging around the sheds and docks. He felt that immediate action should be taken to maintain law and order in the west side docks.

WILSON MOVES A STOCK OF LIQUOR

Permits Also Given Retiring Cabinet Members and Others Who Left Official Life at Washington.

New York, March 6.—Government guarantees of safety were stamped upon the big cellar stocks of President Wilson, cabinet officers and representatives in congress when legal permits were given by Prohibition Commissioner Kramer to remove the liquor to the new homes of the owners. How much liquor was moved out of Washington by the change in administration is subject to conjecture. Commissioner Kramer remarked rather dryly:

"Higher officials have fine stocks and in abundance. You should not expect me to divulge all the details of these permits, however. That is something in the nature of a private matter."

Among those to whom permits were given were President Wilson, Secretary Baker, Secretary Coby, Secretary Burson, and Secretary Payne, and scores of defeated representatives and some senators, who removed their wet goods to their homes.

Commissioner Kramer's office has been overrun with officials of every class who joined the exodus from Washington. One representative listed several barrels, while the liquor shown to have been possessed by the average applicant rarely went below dozen case lots.

Prohibition officials treated these incidents with the greatest secrecy. Considerable interest attached to the details concerning the stock of White House liquors. These were removed from the Executive Mansion to the new residence of Mr. Wilson on S street. In the Scotch whiskey, besides a variety of rare wines and liquors.

Sad News for Mrs. Ross Thompson, Visiting in Fredericton.

Fredericton, N. B., March 7.—Mrs. Ross Thompson of Montreal, a former resident of Fredericton, who has been the guest of Mr. and Mrs. G. N. C. Hawkins on Sunday received word that her daughter Nora had died at her home after a brief illness with pneumonia. She was the third daughter of Mr. and Mrs. Thompson. One brother also survives, Mr. Thompson at present is in Vancouver. Mrs. Thompson has left for Montreal.

Mrs. Amelia Willis, widow of Walter Willis, died on Sunday at her home in New Brunswick at the age of seventy-three. Four sons survive, also two daughters—David of Fredericton, Miss of Nashwaakia, Everett of Kingsclear, Charles of Nashwaakia, Mrs. William Sandwith of Royal Road, and Miss Hepsey at home.

Mrs. Mary I. Edwards died on Sunday morning at her home, Scotch Lake, aged eighty-eight. Three sons survive, David, Thomas and Frederick, all at Scotch Lake.

Mrs. Caroline A. Greer, wife of John Greer, died on Sunday night in Victoria Hospital after an operation. She was sixty-eight years old. She is survived by her husband, three sons and six daughters—William J. of Alberta, James and Solomon of Fredericton, Mrs. T. Wilson of Saskatoon, Mrs. Abbie Upton of Fredericton, Mrs. Hayward McLean of Burton, Mrs. Edwin Horncastle of Fredericton, Mrs. William Girdwood of Red Bank, and Miss Martha Greer at home. Other surviving relatives are a brother James Estabrook, a sister of Maryville, and a sister, Mrs. Annie Manzer of Somerville. Twelve grand-children survive.

CHINESE WOMEN TRY TO HIDE FOOD

Relief Agents Tell of Mothers' Efforts to Keep Wolf From Door—Many Subsist on Leaves and Bark.

Peking, Feb. 7.—(Associated Press, by Mail)—Chinese women sometimes hide their stores of food while their children are starving, relief agents here said today. They said that the women are so desperate that they will eat anything, even leaves and bark, to keep their children from starving.

Mr. Peters called on Commander Elliott of the C. P. O. S. He said he was not blaming any one set of men for the pilfering, but a body of men who hanging around the sheds and docks. He felt that immediate action should be taken to maintain law and order in the west side docks.

PART OF PEROGRAD REPORTED AFIRE

Serious News From There Since Last Night

Many of Residential and Business Quarters in Flames—Varying Reports as to Seriousness of Russian Revolt.

London, March 7.—The Central News correspondent at Helmsingford reports that the most serious character of Petrograd since last night. The advice said that many of the residential and business quarters were in flames.

The Soviet government, the message continued, was dispatching a large number of troops from Moscow to Petrograd to assist in restoring order. The Petrograd rebels, it was added, were planning to accord the troops a friendly reception in the hope of winning them over.

"The only real trouble is in Kronstadt," he said, "but that is unimportant." The newspaper also prints the following telegram from its Moscow correspondent under date of March 8: "The Kozlovsky affair presents no serious features. The general speaking before the Moscow Soviet today said: 'Only one shot has been fired in Moscow, we have lived through more serious crisis than this.'"

Paris, March 7.—The former Russian premier, Alexander Kerensky, received a despatch from well-informed members of his party fully confirming accounts already published of the revolt in Petrograd, where according to a brief late despatch from Helmsingford, the movement tends to spread and grow stronger.

As regards Moscow, Kerensky says the counter movement appears somewhat weak, but in the regions near the frontier, the communists are particularly active. The communists are feeling and troops of doubtful loyalty are being dispersed.

Paris, March 7.—The "russian parliamentary committee in Paris" today sent messages to President Harding and Herbert Hoover, if Herbert Hoover, Commissioner, soliciting help in the form of food and other necessities for the anti-Bolsheviks in Kronstadt and Petrograd.

The garrison of Krasnoy Gorko near Petrograd, has rallied to the anti-Bolshevik cause, says a wireless message received today by the French foreign office.

The town of Pakov, near the Estonian border, is reported to have been captured by insurgents who marched there. Commissioners Zinovief and Kalinin and several of the Bolshevik commissaries at Petrograd are reported to have taken flight and to have been arrested at Wiborg (Viborg), according to the wireless advices.

Maxim Litovoff, chief of Soviet legation abroad, is said by the same advices to have embarked in a Bolshevik vessel off Revel after drawing an important sum from the bank there.

Allies Decide to Force the Hun to Meet Their Demands

London, March 7.—Application of the penalties on Germany for non-fulfilment of her reparations requirements was decided upon by the Allies here this afternoon.

Lloyd George informed the Germans today that not only were the proposals made this morning unacceptable to the Allies, but that despite the interval since last week's conference, the Germans had not made such an advance in their propositions as would justify postponement of the imposition of the penalties.

U. S. TAKES HAND

Calls on Panama and Costa Rica to Cease Fighting—Some Indignation.

Panama, March 7.—Receipt of an identical note sent to Costa Rica and Panama by Charles E. Hughes, United States secretary of state, asking that hostilities between the two countries cease, produced "a painful impression," said President Porras, of the Republic of Panama, last evening.

The president reiterated his recent statement that the arbitration award given in 1914, by Chief Justice White, "was completely unacceptable" to Panama, adding: "There is no reason for compelling Panama to accept, but will be pleased to secure another opportunity to discuss our rights."

It is understood that the United States cruiser Sacramento, with an Eagle boat, has arrived at Bocas Del Toro, but this cannot be confirmed, since the Balboa headquarters of the fifteen naval district issued a statement saying that Admiral Bryan was receiving orders which could not be given out at Balboa.

Despatches declaring that Panama has requested intervention by the League of Nations have not been confirmed here, because the Panama government has been keeping secret its peace moves because of their possible effect upon the people of this country.

San Salvador, Republic, Salvador, March 7.—Telegrams upholding Costa Rica in their attack upon Panama as a result of the frontier controversy between those countries have been sent to San Jose by the Congresses of Salvador, Guatemala, and Honduras.

Panama forces are declared in respect to the province of Bocas Del Toro, which is the province of the Isthmus, Heavy Costa Rica columns are reported to be marching toward the Panama frontier.

Why You Must Have Iron to Make Your Body Strong and Your Brain Keen

WITH PLENTY OF BLOOD AND IRON, YOUR BRAIN is the most wonderful thing in all creation but without these it is nothing. IRON TAKES brain gets no oxygen; and without plenty of rich red blood and oxygen your brain becomes dull and heavy, YOUR INTELLECT POOR, your memory fails, YOU DO FOOLISH THINGS, make bad decisions and you really amount to nothing, so far as accomplishing anything of importance is concerned.

Also without iron YOUR BLOOD BECOMES THIN AND WATERY and loses its power to change food into living cells and tissue and therefore nothing you eat does you the proper amount of good—you do not get the full strength out of it.

There are 30,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

When, as a result of iron starvation you get up feeling tired in the morning, when you find yourself nervous, irritable and easily upset, when you can no longer do your day's work without being fagged out at night; when your digestion all goes wrong, or you have pains across the back and your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration, or until in your weakened condition you contract some serious disease, but eat more spinach and other iron-containing vegetables and take organic iron with them to help enrich your blood and revitalize your worn-out exhausted nerves. But be sure that the iron you take is organic iron and not metallic or mineral iron which

people usually take. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is just as it comes from the action of strong acids on small pieces of iron. Organic iron may be had from your druggist under the name of NUXATED IRON. Nuxated iron represents organic iron in content) to eating half a quart of spinach or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. For sale by all druggists.

FISHERMEN HAVE STORMY SESSIONS

Question of Building Fishing Schooners for Speed Threatens to Cause International Marine Controversy.

Boston, March 6.—Whether or not a fishing schooner should be built for speed threatens to cause an international marine controversy. The fo'les of the fishing fleets of this port, Gloucester and Provincetown have been the scenes of stormy sessions this winter, stormier often than the wintry seas and adies without, due to discussions of the international fishing schooner championship and the craft that are building or mentioned for the title races of Halifax, N. S., next fall. Keen rivalry exists among these ports as to which will gain the honor of defending against Canada the trophy that the Gloucesterman, Esperanto, won from the Nova Scotian, Delawana, last November.

The Down East fishermen of Nova Scotia are no whit less keen on the question, and in virtually every boat sailing out of Boston or Gloucester are men from the maritime provinces who divide the partnership of their present ports with those home ports from which they first went to sea. The result has been discussions that run from comment on the part of remarkable secret. The pilot house, largely on the issue of how far a fishing schooner may be refined for speed.

The Canadians, defeated by Esperanto, set to work at once to build a boat that could win next fall, and when she began to take form on the ways at Lunenburg, N. S., those who saw her and the plans for her sails christened her the "Big Ark." Esperanto was admittedly unequal to a test with such a boat, and Gloucestermen looked about them for a schooner to defend their laurels. They have several that they think will do. In Boston a syndicate was formed to consider representation for this port in the races and with the plans for the Canadian challenger known, it was decided to beat her.

As a result the Mayflower, now on the builder's stocks at Essex with a dozen or more ribs showing on either side of her oak keel, was conceived. W. Starling Burgess, naval architect, was commissioned to design her and drew up plans that a yachtman said resembled the America's Cup defender yacht, Resolute. The men of Gloucester are reported to be critical of confidence of such a boat as a fisherman, and those of Canada have taken objection formally and informally to several features and threaten to bar the Mayflower from the competition.

Designer Burgess admitted the Mayflower was drawn to lines as nearly those of a yacht as it was practical to design a fishing schooner, but he and those most active in the project insist she will be in every sense a deep-sea fishing vessel, fulfilling every stipulation in the international fishing schooner championship requirements, including that which says that she must participate in the fisheries for one season before she is eligible to race.

The Canadians have set April 30 as the last date in which a vessel could start for the fisheries and be considered to have met the seasonal stipulation. Accordingly Mayflower is being rushed. Surprised, Gold, or Sunlight Soap, 25c- 2 pkgs. Jello, 25c

A GREAT ORGANIZATION.

Soon after the close of the war it was explained in an official announcement in London that Lloyd's Intelligence system had been very largely responsible for the success and effectiveness of the Allied mercantile marine between 1914 and 1918. Without it there is no doubt that Great Britain especially would have been seriously handicapped in the fight against the German submarines. The government relied upon Lloyd's agents entirely for the expert knowledge that alone enabled it to regulate insurance risks on a workable basis and to make of British shipping the winning weapon of the war. That it was justified in placing its confidence in such an efficient organization is shown by the fact that there is a Lloyd's agent or sub-agent to the number of more than 1,500 in every port and on every coast throughout the globe. By then Lloyd's is kept informed by telegram, cable and wireless every minute of the day and night of the movements of all ocean-going ships and of all casualties. It is an organization the marine world would find it difficult to do without.

Mr. Sydney Brooks, writing in The North American Review, makes the interesting statement that Lloyd's receives about 4,000 reports every twenty-four hours dealing with the movements of ships. These reports are " sifted, posted, circulated to subscribers" and published in "Lloyd's List." Not one vessel in 10,000, Mr. Brooks says, ever reaches a British port without being reported to Lloyd's, and the information is "so speedy and perfectly indexed that any member can ascertain with hardly more than a glance the exact whereabouts of any given ship, the dates of her arrivals and sailings, where she was last spoken with, and any other incident of her voyage that it may concern him to know. As an instrument in its intelligence service Lloyd's has established signal stations in every part of the world at which, by international arrangement, messages can be received from and communicated to the merchant vessels of all countries."

More than 240,000 ships' movements have been reported through these stations, several of which are now equipped with wireless apparatus, in a single year. If a ship-owner, charterer or consignee wishes to transmit an order to any vessel at any point where she may appear, one communication to Lloyd's is enough to ensure its effect.

Mr. Brooks, in reviewing the development of Lloyd's service, explains that its unsurpassable intelligence system has been from its earliest days the mainstay of Lloyd's, a great deal of it being placed freely at the disposal of the public. There is, he adds, and has been for nearly a hundred years, an inquiry office at Lloyd's where the relatives of crew or passengers may obtain, without cost, the latest information concerning the movements of the ships in which they are interested. In war time, as Mr. Brooks says, Lloyd's usefulness to the British nation is self-evident. "Just as in 1878 it was from Lloyd's that the Admiralty first learned of the capture of Porto Bello, just as throughout the Napoleonic wars the Society acted as the unwinking eyes of the mercantile marine, so in the recent struggle which turned absolutely on Great Britain's capacity to procure the foodstuffs and raw materials that were vital to victory, it was on Lloyd's that the government relied, and not in vain."

There is no other organization in the world which possesses anything like Lloyd's facilities for gathering the news of the sea, and it is Mr. Brooks' opinion that "no one is likely to venture on the desperate enterprise of starting a competitive service."

LORD MILNER.

Lord Milner's resignation from the Colonial Office is to take effect at the end of January. What his plans for the future are is not known, but as he is not an old man he may continue in active public life for several years. He resigns his place in the cabinet after thirty-six years in the Empire's service and he has done good work in creating harmony and good feeling throughout Great Britain's far-flung possessions. Lord Milner was born in Germany in 1854. He was only thirty-one when he entered politics, having previously been a newspaper man under such chieftains as W. T. Stead and John Morley. He was private secretary to Mr. Goschen, Chancellor of the Exchequer in 1891-92, and it was through Mr. Goschen's influence that he was appointed Under Secretary of Finance in Egypt, where he remained for four years. While in Egypt Milner succeeded in converting the national debt and avoiding national bankruptcy, and in reducing the excessive land tax in the poorer provinces thirty per cent. In 1892 he published a book, "England in Egypt," which critics declare gives the best account of the work done in Egypt by the British up to that time. In a new edition of this book the author says in the preface:

"Strangely enough, the view has been expressed in some quarters that any relaxation of British control over the administration of Egypt would be an abandonment of the objects which we have hitherto been pursuing in that country. Nothing could be further from the truth. The establishment of Egypt as an independent State, in intimate alliance with Great Britain, so far from being a reversal of the policy which we

set out, would be the consummation of it."

Milner was made Governor of the Cape of Good Hope in 1897, and after the Boer war he became Governor of the Transvaal and Orange River Colony. From 1897 to 1903 he filled the post of High Commissioner for South Africa. In 1905 he saw the states which he had governed merged into the Union of South Africa.

When Lord Milner was selected for the Colonial Secretaryship, it was realized that his wide experience in and intimate knowledge of South Africa and Egypt would be invaluable to the government. Last year he headed a commission which spent several months in Egypt endeavoring to make peace with the natives following the acute phase of the Egyptian Nationalist agitation, and his report favored independence for Egypt. He had seen how the British policy in South Africa had worked, although at first he was not wholly in favor of immediately granting to the Boers such a measure of self-government. If his suggestions regarding Egypt are adopted the result will be awaited with great interest all over the world.

Lord Milner is a scholar as well as a politician and is a member of the British bar.

The coroner's jury in the Perry case at Yarmouth tells in detail how the unfortunate man was deliberately murdered, but finds no evidence indicating the identity of the murderer. The case is an extraordinary one and public opinion will demand most active efforts on the part of the Crown authorities to find and punish the murderer.

Russia is staging a new revolution. While Petrograd and Moscow are still comparatively quiet, Lening and Trotsky are reported about to flee, and if they seek safety in flight the Soviet regime will collapse. In fact, it already seems to have reached the early stages of dissolution.

Montreal promoters who are in New York say they are prepared to guarantee \$700,000 for the Carpentier-Dempsey bout, and assert that the Montreal authorities will permit it to be staged there without interference. Montreal appears to be willing to pay high for unenviable notoriety.

Tragedies and crimes have been unusually numerous in the Maritime Provinces during the last year. Tomorrow at Edmundston there is to begin a murder trial following one of the most revolting tragedies in the history of the province.

The trouble with the German delegation at London appears to be its desire to ignore the fact that Germany lost the war.

Names of Six New Cardinals Are Announced

THE GREEN VILLAGE.

Here quietly each year the seasons grow From the first windflower to the last thin snow, And quietly with the people pass, With silent feet, along the green, short grass. That stretches like the green road by each door, And gathers wind scents from the wind-wrapped moor. Young children take their first shy tumbling walk, And old men have their long accustomed talk. On green ways bright with dew and yellow sun, Or red with clover when hay-time's begun. On every side the green slopes travel high— Loud with loud winds and ceaseless lapping cry: The great hills hold the vale in their arms. Secure from winds and wind-born night alarms, Here, waving, you can catch the water's song, So still are the green lands they tread among; And you can hear, at sundown, when you pass, The white horse tearing up his evening grass.

—D. M. Roberts, in London Athenaeum.

IN LIGHTER VEIN.

Cool Atmosphere.
He—Do you think you could grow to love me? She—I'm afraid not. You see I've done growing.

Better Still.
Jasper—A well-balanced mind is a grand thing to have. Jumpuppe—Yes, but when a man steps on a banana-skin, a well-balanced mind won't help him.

Different Environment.
Mother—Why are you not as polite and considerate and gentlemanly as little Tommy Dodd? Small Son—Maybe he was brought up in some street where the other boys was bigger than him.

Accommodating.
Squire—You say you are old, and you can't do heavy work; what can you do? The Weary One—Well, wot's the matter wiv smokin' cigars in the greenhouse to keep 'em hot the insects?

Maternal Instinct.
Collier—I never saw two children look so much alike. How does your mother tell you apart? One of the Twins—She finds out by spankin' us. Dick cries louder'n I do.

Seldom Loses a Case.
Hixon—Young Pallett tells me he makes a specialty of doctoring cats. Dixon—Well, his patients are fortunate. Hixon—That's that! Dixon—they each have nine lives.

Literary.
Mr. Younghusband—If you will give me the oil, my dear, I will oil the casters of the chair, so that they won't creak. Mr. Younghusband—Oh, Harry, darling, we haven't a drop of castor oil.

Wrong Sign.
A farmer hitched his team to a telephone-pole. "Here," exclaimed a policeman, "you can't hitch there!" "Can't hitch?" shouted the irate farmer. "Well, what's the sign sayin' 'Fine for Hitchin'?'—The Catholic News.

"Yes, mum," snivelled the Panhandler, "there was a time when I rode in my own carriage."
"My, what a come down!" sympathized the kind-hearted woman. "And how long has it been since you rode in your own carriage?"
"Just five years, mum," replied the Panhandler, as he pocketed the proffered dime. "I was a baby then."

"I don't like these photos at all," he said, "I look like an ape."
The photographer favored him with a glance of lofty disdain.
"You should have thought of that before you had them taken," was his reply as he turned back to work.—American News Trade-Journal.

He Tipped Before He Drank.
(London Morning Post).
A good story against himself is being told by a nonconformist divine of the severe old school, who, however, is not without a sense of humor. He was travelling north. Just before he got to York he went into the buffet and asked for a glass of milk. This being served, he gulped it down, and then realising that something was wrong, he said to the bar-maid, "That wasn't milk, was it?" "No, sir, rum and milk." "But I asked for milk." "Yes, sir, but you tipped me the wink."

CONCESSIONS RE VALLEY SERVICE.

Fredericton Not Yet Satisfied and Will Continue to Protest.

Fredericton, N. B., March 7.—A preliminary concession has been made by the C. N. R. management in the matter of train service on the St. John Valley Railway between Fredericton and Centreville as a result of a protest made by the Fredericton board of trade and other civic bodies.

A telegram received this morning by C. F. Chestnut, chairman of the transportation committee of the board of trade, from Vice-President C. A. Hayes, general manager of the C. N. R., from Toronto, said that instructions were being sent to Moncton to have the same train service as in effect previous to June 28 last put into effect on the St. John Valley division again.

The service previously to June 28 provided for a passenger train service on Tuesdays, Thursdays and Saturdays over the entire length of the Valley Railway and mixed trains on Mondays, Wednesdays and Fridays, which were due here about noon and left for St. John at 3 p. m., and for Centreville at 2 p. m. time. This service was far from satisfactory, and will not be accepted now it is understood, without a reluctant protest, as what is demanded is a service which will allow people from points between Fredericton and Centreville to come into the city, have a reasonable time to do their business and return home the same evening.

CONFERENCE ON INTERNATIONAL TRANSPORTATION.

Important Functions for Allied Gathering in Spain This Week.

London, Feb. 19.—(Associated Press by mail)—The chief task of the International Conference on Communications and Transit, which will be held at Barcelona, Spain, on March 10, will be to draw up a series of international conventions intended to eliminate some of the difficulties and restrictions which now hamper international transportation of passengers and freight. These conventions, which are to be submitted to the nations of the world for ratification, are expected to deal with international transportation both by railroads and by navigable waterways, and to define also the rights of land-locked nations to have access to seaports.

One of the main factors of the present economic and financial crisis in some sections of Europe is the needless national barriers which check international transportation, with the result that in some districts the people starve while factories stand idle in others for lack of material.

It will be the purpose of the Barcelona conference to put an end to this unnecessary hampering of international transit by giving this problem a recognized international status.

The conference will not be restricted to discussion and advice but will be composed of officially appointed delegates of various nations and will be equipped with considerable power of initiative within its own sphere.

It is expected to lay the basis for a permanent organization which will act as a recurrent legislative body to deal with all questions within its field. It is expected to take its place beside such bodies as the International Labor Organization, International Health Organization and the International Economic and Financial Conference.

There will be a standing committee to handle all matters which arise between sessions of the conference. This will be a body of experts for the double duty of advising the Council of the League of Nations, and the International Court of Justice on all questions of communication and transportation and of acting as mediator in all disputes relating to such questions so that they may not become subject to local proceedings until all efforts for an amicable adjustment had failed.

Gabriel Hanotaux, former minister of foreign affairs of France will preside and will be assisted by vice-presidents from Italy, Holland, Switzerland and Great Britain.

REFUSE CANADIAN LEAVE TO APPEAL

Case of Ex-Soldier Sentenced for Murder of His Sister-in-Law.

London, March 7.—(Canadian Associated Press)—The court of criminal appeals, consisting of Justices Darling, Coleridge and Sheppard, today dismissed the application of Charles Tillet, ex-member of the third Canadian Battalion, for leave to appeal from the sentence of death passed upon him in February for the murder of his sister-in-law, Mrs. Ada James Woodbine Askew.

The court held that, in the prisoner's own interests it was infinitely more desirable that the Home Secretary should review the fresh evidence which has come to light since the trial.

It was the last morning in November, and the room was a little chilly, so Mrs. Oliver Johnson of Tipton, Iowa, thought she would burn some rubbish in the fireplace, that it might add to the comfort of the children while dressing for school. A wastepaper basket had been brought from an adjoining building. A mother mouse had taken up her

Home Dressmakers! Here's a Pattern that Saves you Time!

The Only Printed Pattern On The Market.

Saves Time. Saves Work. Saves Worry. Saves Money.

It's as modern and sensible as the electric washer and vacuum cleaner, which have come as a boon to busy housewives. Is there any reason why a woman should be old-fashioned in her sewing-room—where her laundry and her kitchen are as up-to-the-minute as 1921?

This new invention is for the woman who aspires not only to sew successfully but speedily—to save time as well as money in Home Sewing!

The New McCall Pattern—"It's Printed!"

You read how to proceed. Instead of perforations—those puzzling circles that took so much time to clearly understand—now—words that are printed on each part of the Pattern. To understand the parts, you don't need the envelope at all, as in the old way. One look and you know what's what—that's how it saves time!

RECENT DEATHS

Joseph M. Dalzell.
Many old friends were sorry to learn of the death of Joseph M. Dalzell, in his seventy-fourth year, which occurred on Sunday evening. He was famed as a maker of fishing rods, and also was a noted angler and guide. He received a bronze medal from King George several years ago in recognition of the superior quality of his fishing rods. He won a silver cup presented by E. W. Davis of New York for the largest salmon caught at Red Camp Metapedia in 1904. Mr. Dalzell was the son of the late Samuel Dalzell of this city, a cabinet and coffin maker here before the St. John fire. He is survived by three daughters and one brother. The daughters are Mrs. James Patterson of this city, Mrs. Herman Blumenthal of Boston, and Mrs. G. Lowell Myers of Lunenburg, N. S. James S. Dalzell of this city is a brother. The funeral will be held on Tuesday afternoon at 2:30 from his late residence, 8 Castle street.

Wallace Logan, son of H. J. Logan, K. C., of Amherst, died in San Bernardino, California, where he had gone for his health. He was twenty-five years of age and was educated at Robbsey and Mount Allison. He served overseas in the great war.

The death of Mrs. Alberta D. Bailey occurred at her home, 28 Wentworth street, early Sunday morning, after an illness of a few days from pneumonia. She was a native of McDonald's Point, Queens county, but lived most of her life here. She had many friends who will regret to hear of her death. Two daughters, Helen and Florence, are left to mourn; also three brothers and one sister. The funeral will take place on Tuesday afternoon at 2:30.

Walter Vail of Grand Bay has received a telegram from Oakland, Cal. informing him of the death of his brother, Franklin Vail, on March 5. Besides his brother, he is survived by one sister, of Grand Bay.

KIDNAPS CHILD?
13-Year-Old Girl Disappears With Small Boy.

A mysterious case of kidnaping is engaging the attention of the London, England, police.

Mr. Katherine Thick, of Crispin street, Spitalfields, a few days ago took her two-year-old son with her into a coffee-house in Spitalfields, where a girl of about eighteen entered into a conversation of which the little boy was the main topic.

The girl asked permission to buy the child some sweets. The mother consented, and noticed that when the child came back he was wearing new boots.

The mother expressed herself as highly gratified, whereupon there came a prompt request for permission to take the child out again. When he next returned the boy was wearing a new brown overcoat and a new green woolen hat.

"May I take him out again—this time to buy sweets?" the girl asked the mother. Consent being given, the young woman went out with the child, and they did not return.

OTTAWA AND B. C. LIQUOR LAW

Premier Oliver on the Matter of Private Importation Into Province.

Victoria, B. C., March 7.—(Canadian Press)—A proposed application to Ottawa to permit importation of intoxicating liquor into British Columbia, except through the provincial government, lay in passing the government control bill, said Premier J. Oliver on Saturday.

"My idea is that we should get our bill passed," he said, "and then we should prepare a bill with a view of getting the Dominion parliament to pass it, and supplement our legislation, so that our act will be not shot to pieces through lack of anything."

"Should Ottawa propose that we hold a plebiscite," he continued, "on the question of prohibiting importation, our answer would be that this matter had been before the people of British Columbia and has the approval of the legislature. Therefore, it is not necessary to take a vote."

"As the legislation by Ottawa should be only a formal matter, the premier believes that there will be time for it to be put through before the passing of the liquor act by the legislature and the date it is to be brought into force."

If Ottawa accedes to the request of the province, there will be no need for the \$20 a quart tax on private importations or the heavy licenses proposed for wholesalers who might want to compete with the government.

WAS WORTH ITS WEIGHT IN GOLD

Travel World Over and You Could Not Find the Equal of Tanlac, Says Conrod.

"If you traveled the world over I don't believe you could find a better medicine than Tanlac," was the emphatic statement made recently by Isaac Conrod, well known and prosperous farmer, living at Chesapeake, Halifax County, N. S.

"I was troubled so bad with indigestion for four years I couldn't eat a thing without suffering the worst kind of pains afterwards. I had a disagreeable feeling like a lump of lead in my stomach after meals, and what I ate would sour and form gas that bloated me up until I was in perfect misery. I lost all desire for food and frequently had spells of fainting, when I could not retain what little I did force myself to eat. Just as soon as I lay down at night I had a feeling like I was going to smother and could get but very little rest on this account, and I always got up in the morning feeling tired and worn out.

"So many people advised me to try Tanlac that I decided to do so, and it proved last the right medicine for me. I can now eat a good hearty meal and never suffer a particle from indigestion. I sleep like a log all night, have lost the tired, worn-out feeling and feel one hundred per cent better in every way. Tanlac has been worth its weight in gold to me and I simply can't praise it enough."

Tanlac is sold by F. W. Munro, and the Ross Drug Co., L. C. Allingham, Campbell, N. B.; T. H. Wilson, Fairville, N. B.—(Advt.)

MORE SETBACKS FOR BOLSHEVIKI

Paris, March 7.—Russian Bolshevik forces have been driven out of Oranienbaum, a town on the southern shore of the Gulf of Finland, nineteen miles west of Petrograd, by naval units from Kronstadt, says a despatch from Viborg.

Warships have gone up the Neva river and landed contingents of sailors in Petrograd, where part of a garrison joined the revolutionaries.

The rest of the garrison is declared to have retreated toward Gatchina, thirty miles southwest, where Leon Trotsky, minister of war, and the Bolshevik high command, have headquarters.

Soviet leaders are terrified, and Lenin and Trotsky are preparing for flight, says a Reval despatch to the Matin.

Anti-Bolshevik leader Antonoff at the head of fifty thousand armed peasants is declared to be in control of the governments of Voronezh and Tambov, in Southern Russia, and it is said that this makes it impossible to revictual the northern sections of the country.

TORONTO MAN IS BEATEN; MONEY AND DIAMOND GONE

Toronto, March 7.—William A. Bell, a former hotel keeper in the west end, who now conducts a public garage, was brutally beaten by two thugs in his private garage in the rear of his home on Saturday night and robbed of \$100 in cash, a diamond pin valued at \$1,000 and checks to the amount of \$88.

He says they cut his name and demanded that he hand over his money and valuables, and on the two holding a revolver at his head, he refused and was beaten on the head with revolvers, also with a monkey wrench.

IN THE CHURCHES

A handsome brass tablet placed on the south wall of Trinity church by relatives in memory of Lieutenant Robert Theobald Matthews, son of Dr. and Mrs. George F. Matthew, was unveiled yesterday morning. Lieut. Matthew was killed in action at Vim on August 12, 1916. The act of unveiling was performed by H. N. Stetson, a close personal friend of the deceased. The dedication service was conducted by Canon R. A. Armstrong and special music added to the impressiveness of the occasion. Sergeant H. B. Yearwood sounded the "Last Post."

An honor roll containing the names of twelve men who served in the war, four of whom died, was unveiled yesterday afternoon at the March Bridge Mission. The presentation of the roll was made by Rev. H. A. Goodwin and the act of unveiling was performed by Miss Winifred Allen South. Chief Justice H. A. MacKeown delivered the address for the occasion. Rothery A. McLaughlin, superintendent of the Sunday school was chairman. A musical programme was rendered by Morton Harrison, Harrison Morgan and Mrs. Charles Morgan. Of those mentioned on the roll Wilbur Graham, George South, William Peacock and Frederick Foley paid the supreme sacrifice.

Rev. A. L. Tedford opened a three weeks' evangelistic campaign in his church, the Tabernacle church, yesterday.

Other Baptist churches which have arranged special services of evangelism are the Waterloo street church and the German street church.

Rev. A. M. Hill, Ph. D., of Fredericton, the provincial secretary of the Canadian Brotherhood, spoke of the aims and ideals of the Brotherhood and of its organization in the morning service at the First Moncton Baptist church and is exchanging pulpits with Rev. Dr. David Hutchinson.

Rev. A. L. Tedford opened a three weeks' evangelistic campaign in his church, the Tabernacle church, yesterday.

After The "Flu" Whooping Cough

Whooping Cough, although "specialty" disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

Whooping Cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way brings on the "whoop" which brings the so-much-sought-for relief and ends and soothes the lungs.

Mrs. J. M. Rose, Imperial (Sask.), writes: "After the 'flu,' last fall, four children took whooping cough and one of them developed bronchitis. After using two or three bottles of Dr. Wood's Norway Pine Syrup they were greatly relieved of their nasty coughs. It is an especially good remedy for children, and is so nice they take it readily, and ask for more."

Dr. Wood's Norway Pine Syrup is 35c. a bottle at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

LOCAL NEWS

The order of Pythian Sisters, founded more than thirty-three years ago in the United States as an auxiliary to the Knights of Pythias, soon will have a temple in this city.

J. McDonald, Jr., of St. John, district inspector of inland revenue, and Inspector Kennedy of the Customs staff, Ottawa, are in Charlottetown on business in connection with inspection duties.

Liquor Inspectors Crawford, Journey, Thompson and Henderson raided the premises of Jess B. Baker, Prince William street, on Saturday afternoon and secured more than four gallons of liquor as well as a gallon of alcohol.

Wendell McL. Clarke, Canadian trade commissioner for the Mediterranean, arrived in the city on Saturday en route to his post in Italy. He is accompanied by his wife, his son George and his mother, who is a sister of Mrs. J. W. Vanwart. Mr. Clarke is a former resident of St. John.

Peter Hester, a seaman of the steamer Canadian, returned from the rigging of the vessel to the dock on Friday morning, died in the General Public Hospital yesterday morning. He was 35 years of age. He was native of Sweden, but leaves his wife residing in England. Coroner H. A. Porter decided that an inquest was unnecessary.

PILES ARE GENERALLY CAUSED BY CONSTIPATION

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and exactly any which cause more trouble, annoyance and misery.

Ninety per cent. are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.

Piles are classed under three headings, namely, internal, external and prolapsing, and the excruciating pains which accompany them cause misery which is beyond description.

Ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once or twice a day, and by doing this the cause will be quickly removed.

Milburn's Laxa-Liver Pills regulate the flow of the bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles.

They contain no colored or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not grip, weaken or sicken.

Milburn's Laxa-Liver Pills are 35c. a vial at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CARDINAL LOGUE APPEALS FOR TRUCE

(Canadian Press Despatch)

Belfast, March 6.—Cardinal Logue, primate of all Ireland, in a letter to the priests of the Armagh diocese makes another powerful appeal for a truce in Ireland and suggests the forthcoming birthday of the first national apostle offer an opportune occasion for an appeal to the Almighty for the return of peace to Ireland, pointing out that St. Patrick brought peace to the country.

Deploping the disregard for human life and property shown by both sides, which he declares threatens to reduce the country to a state of desolation and ruin Cardinal Logue especially denounces the unbecoming and attacking of soldiers and police in crowded thoroughfares.

"They who commit such acts know well those armed forces will blaze away, indiscriminately, killing or wounding poor innocent victims, often women, girls and children engaged in lawful occupations."

The cardinal continues: "Moreover, I think such attacks endangering the general public involve malicious acts against all mankind. Certainly all mankind should join in putting an end to them."

HUNDREDS GATHER AND HEAR THAT PROGRESS IS BEING MADE BUT MONEY NOT IN SIGHT YET.

Toronto, Ont., March 7.—About 100 fortune hunters attended a meeting here on Saturday night to hear a report from Harry Baker of Detroit, special investigator of the executive board of the Baker heirs' organization, as to the prospects of the "Baker heirs" coming into their inheritance.

For forty years supposed heirs of Colonel Jacob or Colonel Henry Baker of Philadelphia have waited to get possession of some millions said to have been tied up in real estate in Philadelphia. At the meeting on Saturday nothing definite was ascertained when the money would be forthcoming.

Harry Baker, Detroit, he informed the gathering here that six or seven blocks from the Philadelphia city hall was a vacant lot surrounded by a brick fence, and this worth between two million dollars and three million dollars, was the Baker estate.

One thing that tended to slow progress in the matter of getting the estate and making a distribution among the numerous heirs in the United States and Canada was the fact that the records were back to the revolutionary war.

Dr. Asseloff of Windsor expressed himself as well satisfied with the progress made thus far, and advised that the work be continued. An appeal for new members, at \$1 to join and \$10 a year, was made.

THE CORONER'S JURY VERDICT IN YARMOUTH CASE

The inquest into the death of Captain George Perry of Yarmouth was concluded yesterday. Evidence was given by Mrs. Sarah Rogers, Mrs. Percy Carey, Mrs. M. J. Rogers, Mrs. Beatrice McKinley, the first two witnesses told of seeing Miss Eleanor Perry and Mansfield Bolington on the night of the tragedy. Nickerson told of a short acquaintance of Captain Perry and his wife, and that he had been called to the Perry house to clean the place up the morning after the tragedy. Mrs. Perry testified that she had seen the body of her husband on the night of the tragedy.

After all the evidence was in, the jury returned the following verdict: (1) The late Captain Perry died while lying on a sofa in his kitchen at or about 2 a. m. on February 27th last, where he had shortly before been placed by Dr. C. A. Webster and assistants.

(2) Captain Perry's death was caused by having been brutally and murderously assaulted in the back door vestibule of storm porch of his residence, between 10 and 11 o'clock p. m. of February 26th last, by some person or persons unknown.

(3) The murder was premeditated and committed with malice aforethought.

(4) The murderer was concealed in the back door vestibule awaiting Captain Perry's return home and upon opening of the outside door and the stepping into the vestibule the murderer struck a blow with a round or blunt instrument across the forehead and base of the hair which felled him after which two or three murderous blows were struck on the back of the head causing fracture of the skull which later on caused death.

The victim was then pitched or dragged out on the ice and left there where he was found at or about 11:30 p. m.

The coroner's court wishes to place on record its strong denunciation of the inhuman act of leaving Captain Perry outside on the ice one or more hours after he was found there wounded, and for the very indifferent attitude on the part of those whose duty it was to minister to him in this, his hour of need.

This jury further recommends that the Crown prosecutor use every means available, spring neither time or expense to bring the murderer to justice.

Mrs. Perry was formerly Miss Clara Burridge of West St. John, and taught in the Albert school. She was married about thirty years ago in St. John's church.

ARREST MADE ON SERIOUS CHARGE

A Woodstock despatch says that Charles Steeves, a leader of the Pentecostal or "Holy Rollers" sect, was arrested in Springfield, York county, charged with a serious charge of a fifteen-year-old girl, Etter Brooker of Bristol, is the alleged victim. The arrest was made after the afternoon service. He says he is a cousin of Galus Steeves, who is held in the Albert county jail in which his wife and five children were burned to death.

Will arrest people who spread false reports

Lisbon, Feb. 15.—(Associated Press, by mail).—The authorities have decided to put in force an old law for the arrest of any persons who spread false reports. Under this law Dr. Camille Castello Branco, who was a member of parliament during the monarchy, and a son of the late minister of foreign affairs, has been arrested on charges of speaking against the present administration and in favor of its political ideals.

BULFORD DISCHARGED IN NEW YORK COURT

New York, March 7.—Dennis Bulford, forty-eight, of Ottawa, who walked into police headquarters on Wednesday outside on the ice one or more hours after he was found there wounded, and for the very indifferent attitude on the part of those whose duty it was to minister to him in this, his hour of need.

This jury further recommends that the Crown prosecutor use every means available, spring neither time or expense to bring the murderer to justice.

Mrs. Perry was formerly Miss Clara Burridge of West St. John, and taught in the Albert school. She was married about thirty years ago in St. John's church.

Immediately after a "Danderine" massage your hair takes on new life, lustre and wondrous beauty, appearing thick as heavy and plentiful, because each hair seems to thicken. Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, want lots of long, straight, beautiful hair.

A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty-tonic" gives to thin, dull, falling hair that youthful brightness and abundant thickness—All druggists!

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxic, poisonous and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithium. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

RIGA WATER

RELIEVES HABITUAL CONSTIPATION

Portrait of Mrs. Goff, of Beachville, Ontario, who writes:

"For five years I suffered greatly from an ulcerated leg, which at one time was covered with open wounds from knees to foot, there being as many as 21 wounds in it at once. I tried all sorts of preparations, and attended the infirmary, but nothing seemed to do me any good and I was sent away from the infirmary as incurable. One day my daughter saw Clarke's Blood Mixture advertised in a newspaper and read it to me, and I decided to give it a trial. Finding the first lot was doing me good I persevered with it, and after having four bottles my leg was completely healed. Nothing else had done me any good, and I was sent away from the infirmary as incurable. 1870 STANFIELD'S Unshrinkable UNDERWEAR 1921

A Canadian Industry Built on an Ideal

1921 is the Jubilee of Stanfield's Unshrinkable Underwear. It is a far cry to the magnificent mills at Truro—models of modern equipment and efficiency—from the tiny building in Prince Edward Island where the late Mr. C. E. Stanfield began the evolution of an ideal in 1856.

The late Mr. C. E. Stanfield learned the woollen trade in his uncle's mill in Bradford, England, then as now a center of the woollen industry. But the pride he took in his work developed ambition. He wanted to start out for himself. Canada was much talked about in the Old Country and he decided to come to the new world across the Atlantic.

He built his first mill at Tryon, P.E.I., in 1856. So successful was he that a wider field was sought and he chose Truro, Nova Scotia, locating there in 1870, moving from the original mill to a larger one, and finally in 1882, constructing a new plant on the bank of the Salmon River, the site of Stanfield's Limited, and beginning the nucleus of the present Stanfield mills.

In 1896, the late Mr. C. E. Stanfield decided to retire and sold out the growing business to his two sons, John and Frank, who are now President and Vice-President of Stanfield's Limited, a corporate company.

Stanfield and woollens are synonymous. A hundred years ago, Charles Stanfield was a woollen manufacturer in Bradford, England. He taught the business to a nephew, the late C. E. Stanfield, who made the first Cardigan jackets and Bannockburn tweeds in Canada. He, in turn handed down his knowledge to his sons, John and Frank, the active heads of the business to-day. Thus, Stanfields are carrying out the best of the old British traditions of trade—one generation following another in the same line of endeavour—adding knowledge and experience, building on the old foundations, broadening and strengthening, making the family name synonymous with all that is best in the trade.

That this vocational tradition is a good thing for business and for the world at large, is proven in the case of the Stanfield family, for it was due to the efforts of John and Frank Stanfield that Unshrinkable Underwear was made possible. These two experts, born in the business and absorbing the best traditions of the trade, evolved a process that took the shrink out of wool before the garments were woven, giving Stanfield's Unshrinkable Underwear to the world and making it the outstanding feature of the Stanfield products.

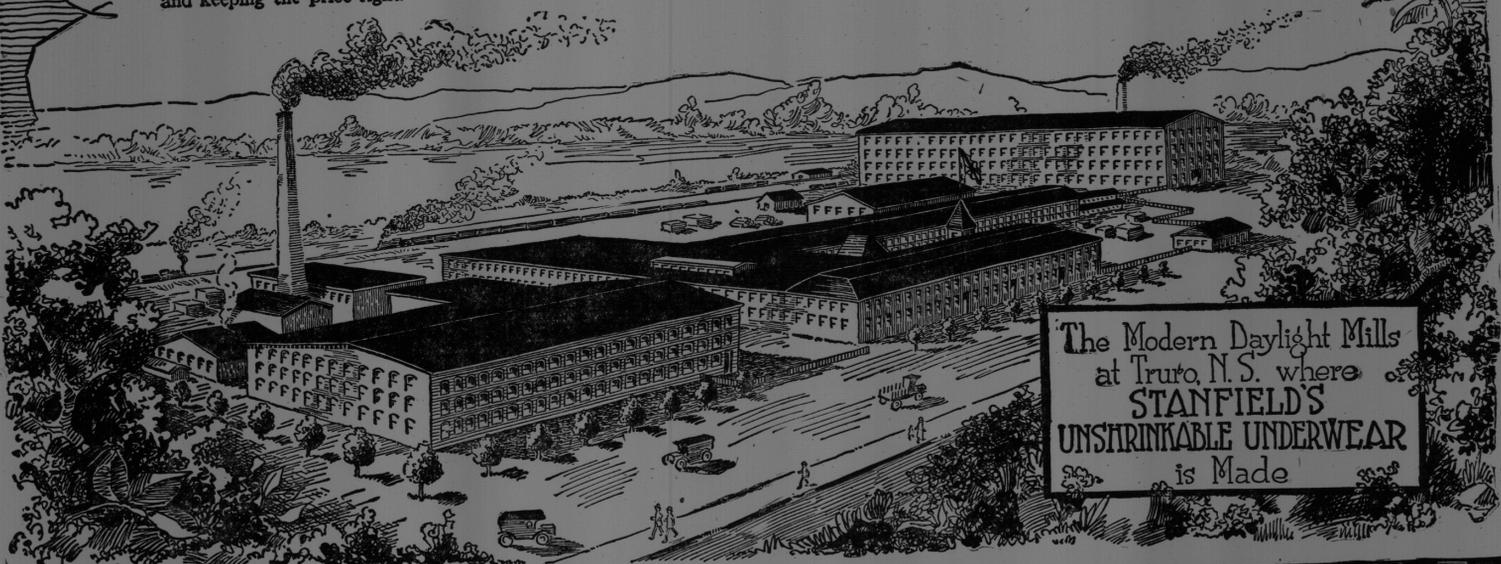

Stanfield's Unshrinkable Underwear was manufactured first for men who work outdoors—farmers, fishermen, trawmen. As towns developed into cities and the cities into worlds within themselves, Stanfields began to make finer underwear, in weights suited to men who worked indoors and were not so much exposed to the rigors of winter. Then came the addition of silk-and-wool and extra fine woollen underwear for women; and finally, Stanfield's Adjustable Underwear for children. To-day Stanfield's Underwear is a family affair both from the standpoint of wearers as well as makers.

Stanfields have steadily held to the original idea behind the business—to avoid fads and to make underwear of a quality demanded by the majority of the Canadian people, with quality kept up to a standard and prices kept down to a minimum consistent with quality.

It is this unswerving adherence to an ideal of quality that has built up a market for Stanfield's Unshrinkable Underwear that more than equals the supply, and has given a reputation to the name "Stanfield" that is an asset which cannot be valued in mere dollars and cents.

The Jubilee of Stanfield's Limited crowns with success the achievement of a Canadian institution which occupies its present proud position because of a rigid adherence to the fundamentals of sound business—making an essential article, making it better and keeping the price right.

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING.

Match Game. The Trocadero Club took four points from the Railway Mail Clerks in a match game on Black's Alleys, Saturday afternoon.

Clerical League. The Dominion Rubber took four points from McClary's in the Clerical League on Saturday.

Commercial League. In the Commercial League, on Black's Alleys, Saturday night, a team from the post office took four points from the Ford Motor Works. The individual scores follow:

Table with 3 columns: Name, Total, Avg. Includes names like Maxwell, O'Leary, Brennan, Clark, Roberts.

Fort Motor Works—Total, Avg. Includes names like Latham, Woolman, Gregory, Geldart, McKel.

Industrial League. In the Industrial League, Saturday night, on Black's Alleys, Stetson, Cutler & Company's team took all four points from the Imperial Oil Co., Ltd. The scores follow:

Table with 3 columns: Name, Total, Avg. Includes names like Stetson, Cutler, Burke, Jordan, McMenamin, Carleton, Beatey.

Imperial Oil Co.—Total, Avg. Includes names like Smith, Baxter, McPherson, Garnett, Carr.

THE WHEEL. Paris To Have Six Day Race.

Paris, Feb. 16—(Associated Press by Mail)—Paris, like New York and Brussels, is to have its six-day bicycle race this year for the first time since 1913. The race will be run from March 28, Easter Monday, until Sunday, April 4. Such noted riders as Brocco, Seres, Egg, Desuyter, Miguel, Berthel, Godviller, Aerts and Spiessens have already entered and the management of the Parc des Princes Velodrome is trying to sign two or three American teams.

GOLF. Stymie Under Discussion.

London, Feb. 17—(Associated Press by Mail)—Opinion is divided among leading English golfers on a rule recently adopted by the executive committee of the United States Golf Association elimin-

inating the stymie definition or mention of the stymie. The new regulation, as reported here, provides that, when laid a stymie on the green by his opponent, a player may remove the opponent's ball, but that the opponent "shall then be deemed to have holed in his next stroke."

"I would do away with the stymie altogether," said Abe Mitchell of the North Foreland club, in a published interview. "In my view, the ball near the hole should be putted first. I do not think the new rule is quite a good solution of the stymie difficulty. To lift the ball under English rules, of course, means disqualification."

Alexander Herd, of the Coombe club, has been quoted as unequivocally opposed to abolition of the stymie. "There should be no interference, I think, with the ball of an opponent," he declared. "The stymie may be old fashioned, but it is a part of the game which should not be sacrificed."

BILLIARDS. Jake Schaefer Wins.

New York, March 6—Jake Schaefer, of San Francisco, defeated Edouard Hornmans, Belgian billiard champion, in their 4,800 point 18.2 balke line match, by winning the final black last night 400 to 118.

HOCKEY. For N. B. Championship.

The Sussex hockey team, champions of the Eastern league, will play the Chatham team, the winners of the New Brunswick league, in Moncton tonight for the championship of New Brunswick. The winners of this game will play the champions of the Nova Scotia league for the Thompson trophy.

England Defeats Wales. London, March 6—In the international hockey game played Saturday night, England defeated Wales 5 to 1 and Ireland shut out Scotland 8 to 0.

Games Saturday.

Kings College defeated the Acadia University team 4 to 1 in Windsor Saturday night.

Ottawa Senators defeated the Canadiens 1 to 0 in Montreal Saturday night. At the same time St. Patrick's defeated Hamilton 4 to 3 in Toronto. Tonight's game between St. Patrick's and Canadiens in Toronto will decide the winners of the second half of the schedule and the team that will play off with Ottawa for the championship.

SKATING. Gorman and Perry Win.

Charles Gorman and Frank Garnett took the first two places in the half-mile skating event on Lily Lake Saturday afternoon. M. J. Perry of Moncton won first in the three mile with Murray Bell second. Perry on one stage of the race had lapped all the other contestants but at the end of the race his lead had been reduced to half a lap. The athletic relay team defeated the team from the East End rink.

Policeman Donohue rendered valuable assistance to Joseph Tebo, proprietor of the pavilion, in keeping order on the track and in the dressing room.

Will Skate in Moncton.

Eight skaters representing the Y. M. C. I. will go to Moncton under the direction of W. E. Stirling to compete in the N. B. skating championships. They are Frank Garnett, Roy Lawson, the O'Connor brothers, Leo Floyd, Roy Moore and Thomas Tebo.

BASKETBALL.

Y. M. C. A. seniors defeated the Alerts 33 to 22, on the Y. M. C. I. floor in the City League.

The Y. W. C. A. girls won from the Y. M. C. I. girls 6 to 4 on the Y. M. C. I. court.

The Orioles won from the Y. M. C. I. intermediates 23 to 17 in the Y. M. C. I. The game has been protested on the ground that Jack, who played for the Orioles was ineligible.

St. John High School basketball team won from the Normal school quintette in Fredericton on Saturday by the score of 29 to 22.

CURLING. Elimination Series.

W. J. Shaw's rink defeated P. A. McAndrew's 13 to 10 in an extra end game in the president's elimination series in the Thistle's rink on Saturday night.

Bathurst Retains Cup. Because of the failure of the Stellarton, N. S., team to put in an appearance for their scheduled curling match with Bathurst on Saturday the McLellan cup will remain the property of the New Brunswick club for another year. Three Nova Scotia teams—Truro, Halifax and Macaan have already sent in challenges for next year.

BASEBALL. Pre-Season Games.

New York, March 5—Inter-League spring exhibition games between the clubs of the major circuits will be in full swing within the next few days, giving baseball fans their first opportunity to compare the relative strength of the rival pennant combinations. The development of this feature of the southland training expeditions has made marked advance during recent seasons. The

schedules show that a big percentage of the sixteen clubs composing the National and American leagues will play such contests previous to the opening of the 1921 pennant races.

A study of the ante-season contests of the major league teams indicates a list of more than seventy such games scheduled and with favorable weather conditions during March and the early part of April, fifty two-hundred to three-hundred games will be played before the opening of the regular season.

The exhibition schedule opened with contests between the Philadelphia Americans and the St. Louis Nationals at Houston, Tex., today and for the next five weeks, one or more such events are scheduled for decision each day. Two city series are involved, for the St. Louis and the Philadelphia clubs will each figure in games on their home grounds just before the opening of the pennant races.

Hooper Goes to Chicago.

Captain Harry Hooper of the Boston Red Sox has been traded to the Chicago White Sox in exchange for John Collins and Harry Liebold.

ICE RACING.

Philmore Dillon won from Helen Dwyer in three straight heats in a half-mile race at Millidgeville on Saturday. The winner took a purse of \$100.

GORMAN WAS SECOND IN POINTS

Came Next to Charles Jewtraw, National Amateur Champion—Totalled 200 in Big Championship Meets.

Lake Placid, N. Y., March 7—(Associated Press)—Charles Jewtraw, national amateur speed skating champion, was the winner of the greatest number of points in the international circuit closing events which closed here recently.

The three meets, comprising the circuit, were the Canadian, held at Montreal, the National, held at Saranac Lake, and the International, held at Lake Placid. The western skaters did not compete in the Canadian meet in which Jewtraw finished second to Russell Wheeler of Montreal, having a total of eighty points. At Saranac Lake Jewtraw carried off the national championship with a total of 120 points. At the recent international meet here he added seventy points, making his total for the three meets 370.

Ranking next in the total number of points is Charles I. Gorman of St. John, N. B., who has 200. He earned seventy in the Canadian meet, seventy in the National meet and sixty in the International. Joe Moore, of New York city, winner of the international title is third with a total of 160, capturing twenty in the Canadian meet, thirty in the National meet and 107 in the International.

Roy McWhirter of Chicago, who did not skate in the Canadian meet, has a total of 150, having won ninety in the National meet and sixty in the International. Russell Wheeler of Montreal, who won the Canadian championship with a total of ninety points, has a circuit total of 100, scoring nothing at Saranac Lake and adding but ten points at the International meet here.

CURLERS' BONSPIEL FOR SICK KIDDIES

Montreal, March 7—A charity bonspiel in aid of the various children's hospitals of the city, staged here on Saturday is probably reaching its objective, and it is said that \$5,000 or more will be the net result. A feature was a visit from the Canadian curlers after their triumphant tour of Scotland. About 600 curlers figured in the matches played in the afternoon and evening.

WORLD RECORD

Philadelphia, March 6—The Yale University relay swimming team made a new world record yesterday when it defeated the University of Pennsylvania quartette in the 800 foot relay race, negotiating the distance in 23 minutes, 22 seconds. The former record record of 2:28 4-5 seconds was also held by Yale.

(From the Motion Picture Classic Magazine by Lillian May.)

There was released to the cinema world not so long ago, one of Fannie Hurst's simple, homely tales of the Ghetto, "Humoresque". A picture so real, so true and beautiful that it has been viewed without acclaim one of the artistic successes of the year. It treats of a theme that knows not of race, color or language; the story of unselfish love. Into the picture, like some rare golden strain, the director has interpolated the world-old adage—"God could not be everywhere so he made mothers."

One of the finest bits of emotional acting ever seen on stage or screen is Vera Gordon's portrayal of a woman who yearns for a son with a soul for music and her desire granted, by her self-acting love helps her to lead to battle his way through opposition and adversity until he comes out on the mountain top. When Miss Hurst was asked if she could suggest anyone for the mother part in "Humoresque" she said: "I know one person who could do it—do it adequately—Vera Gordon—but she is in England." To picture producers, however, a cablegram is a mere detail—a few thousand miles are as nothing. Miss Gordon was appearing in "Business Before Pleasure" in London but she came back and brought to the screen in this portrait of the spirit of the Ghetto a personality that dominates the picture and makes it unforgettable. And Vera Gordon's personality dominates off the screen. Even in a telephone conversation one can feel it. "But now will I know you?" she questioned in a big laughing voice, when I asked her to meet me for an interview. "And how will you know me? Now, wait—I will wear," she considered, helpfully, "a long cape with fringe, a black hat with a paradise feather, and I shall know you because you will be looking for some one."

In the lobby of the Astor I recognized her at once—although she is younger than I had fancied her—in her early thirties in fact—far too young to be making a specialty of mother parts. A strong, well-poised, confident young woman—in her dark eyes the reflection of the romance and adventure, the sacrifice and endeavor that has made up her life.

Vera Gordon comes from troubled Russia. She has the pessimism of her race—the feeling was born in her centuries ago of being always—as she expressed it—"under an uplifted knife." Yet she is sure of her art, sure of her power, absolutely sure of herself in all ways but one. "I cannot," she says, "go to managers and tell them about myself and ask for 'jobs.' I think they should come to me. I have always to laugh at myself; I will not do so. If big things do not come—I sit down and wait. But the waiting is hard—because I love to work. When I work, I am happy and alive. When I am idle, I am dead. Dead, but not buried." And she laughed again. "Life would have been very hard had I not learned here in America to see the funny side—and to laugh."

heart (we have sweethearts very young over there) was a Socialist. For thinking right thoughts he was thrown into prison. After two years, he was sent to Siberia. Finally he escaped, and sent for me to join him. I was very young, but girls are older at seventeen in Russia than here—much older. We were married and came to Canada. Later, my father, mother and one brother came. One sister and one brother stayed in Russia. We have not heard for four years, and fear the worst.

"In Canada I went on the stage—but my baby was born and to care for him I gave up the stage and traveling about, and for two years did concert work. Then we came to New York. Joseph Adler at once gave me work. I knew only Russian, but I learned Yiddish and played for five years in the East Side theatres. I learned and played two hundred parts—big things like 'Madame X', 'The Riddle Woman', 'War Brides', 'The Doll's House'—always playing that some day I could play them in English. Finally, I had my chance in English speaking plays. A good part in 'Why Worry' with Fannie Hurst. A part in the only play Fannie Hurst ever wrote—"The Land of the Free"—a big part as the mother in 'The Gentile Wife' with Emily Stevens. I went to London to do 'Business Before Pleasure'—came back to do 'Humoresque' for the money that was offered me—it was not so much. I believe I would have come for twenty-five dollars a week—that is how business-like I am," she laughed. "I wanted to play it because it was a big, wonderful part to show what I could do."

"Yes, it was my first picture. I had never been before the camera, had never seen a motion picture studio. We were sixteen weeks making the picture but every minute was a delight—and it did not seem like acting a part. You see I know the East Side—the daily life of the people—their love of home and kindred. Like them, I have known the hand of oppression, the longing to rear my family in freedom. And because of this, and because I know the glory of motherhood, the beauty of sacrifice—I could give myself to the part. The night that 'Humoresque' was shown for the first time my two children sat, one on each side of me, and I watched their little faces more than I did the screen.

"You are wonderful, mother," they said, "and it is just like you." Many nice things have been said to me about the picture—but that is the sweetest of all.

ARE WAITING FOR RICKARD'S WORD

Canadian Promoters for the
Dempsey-Carpenter Bout
Offer of \$700,000 to Stage it in
Montreal—McGraw Lets
Three of His String Go—
Late News in Sport World.

New York, March 7.—Canadian promoters interested in holding the proposed Dempsey-Carpenter championship match at Montreal were here today to get promoter Rickard's answer to their offer of \$700,000. They have tentatively set July 2 for the bout.

C. F. Graham, representing the Canadian syndicate interested in the match, said he would be able to satisfy Rickard that the bout could be held in Montreal without interference.

New York, March 7.—Howard Burdett, infielder, and Joe Dixon have been released by the New York Nationals to the Indianapolis American Association club, so advised from the training camp at San Antonio today said. These players, with Reynolds Kelly, pitcher, who was released to the St. Paul club, are the first to be dropped by Manager McGraw.

Costly Dolan, former major league third sacker, arrived in the Giant camp yesterday, and will be used, it is said, as a coach for infielders.

The New York Americans, with most of the regulars, including Babe Ruth, Carl Mays and Waits Hoyt in camp, were prepared to jump into strenuous training activity at Sherbrooke, La., today.

Galveston, Texas, March 7.—The spring training season of the Boston Nationals, will open here this morning when Manager Mitchell's battery men assemble for their initial warm-up. Mitchell, accompanied by Pitchers Morgan, Catcher O'Neill, arrived here today with Leo Townsend, Paul Johnson and John R. Watson, pitchers, and G. H. Gibson, catcher, expected soon. Hank Gowdy, pitcher, and Phillip, pitcher, arrived on Saturday. Another contingent of battery men will arrive tomorrow, so Mitchell said.

New York, March 7.—Miss Alexia Sterling of Atlanta, Ga., Canadian and United States woman golf champion, will sail tomorrow for England to attempt to win the British championship. "I really," she said, "that I have a sizeable task before me, but I am going to try my dead level best to bring back this title. I expect also to play in the French tournament, which will start on June 14."

New York, March 7.—All teams in the six day bicycle race were tied at 187 miles at eight o'clock this morning, the end of the eighth hour. Lorenz of the Lovens-Rutt team was leading. The record for the hour is 189 miles and two laps made by Cameron and Kaler, in 1918.

HORSE BEST AT 21?
Court Hears of Race-Horse Usefulness.

At what age are racehorses at their best? was a question raised in the King's Bench Division in England. The case was brought by the Epsom Gas Company were sued for damages by Captain Alexander Renton, 11th Hussars, for the loss of his racehorse Yeoman John, 12 years old.

The animal was injured near Epsom by a steam wagon belonging to the gas company, and had to be killed. As a hunter the horse changed hands for six guineas.

Yeoman John had come into Captain Renton's possession for £50, but had run with such success as to be "worth £500 of anybody's money," said Mr. Thorn Drury, counsel for Captain Renton.

Mr. John Coleman, for more than 80 years a veterinary surgeon at Epsom and Newmarket, asked whether a horse of 12 years was not too old to win races, replied:

"Certainly not. Lord Lonsdale told me once that the best horse he had in his stable at that time was 21 years old." Mr. Coleman added that he had a horse himself 15 or 16 years old which cost £25, and last year had won 19 races and £1,000.

"What is the best fire preventive?" asks a weekly journal. The answer is, the present price of coal—Punch (London).

Noble, 82 Stanley street, to Miss Edith Maud Jenkins, daughter of Mr. and Mrs. John McLeod Jenkins, 260 King street east, was solemnized this morning at 6.45 o'clock in Centenary Methodist church by the Rev. H. A. Goodwin. The wedding march was played by Miss Healy. The bride and groom left on the early morning train for a short honeymoon trip. The bride received many valuable presents, including a beautiful electric lamp from the manager and staff of the Cornwall and York Mills, of which the bride was a member.

Evangelical Alliance

The Evangelical Alliance met this morning in the Y. M. C. A. with Rev. J. Heaney in the chair. Reports from the four week-of-prayer groups were read and all showed large attendances and deep interest in the services. Number two group reported the successful use of laymen as speakers.

The committee on social service reported and was continued with instructions to report again next month. Evangelist W. C. Cole of Des Moines, Iowa, spoke briefly and Rev. Clifford Clark of Fairville was made a member of the alliance.

A delegation of speakers from the Christian and Missionary Alliance, composed of Rev. R. H. Glover, Rev. O. J. Smith and Rev. Frank Irwin was present. Dr. Glover spoke to the alliance and in his address emphasized the great need for workers, the lack of volunteers and the great responsibility of ministerial influence. Revival was needed both at home and abroad, he said, and in discussing the encouragement of answered prayers mentioned the revival in India.

Among those present were Rev. Messrs. J. Crisp, Neil McLaughlin, E. Stiles, F. H. Bour, H. A. Goodwin, L. B. Gray, G. D. Hudson, S. Howard, G. Dawson, J. Young, J. A. McKeligan, W. Farquharson, J. A. Kibbing, C. A. Stewart, J. H. Jenner, W. C. Cole, J. C. B. Appel and Mr. Eustace.

FOR PROTECTION AT SAND POINT

(Continued from page 1.)

London. His company's losses, he said, were mostly in connection with liquor. Their expense of watchmen and policemen averaged about \$600 a boat. He felt the city should help cope with the situation.

In answer to Commissioner Frink he said he felt that if they received authority to close the sheds during the handling of cargo it would help put a stop to the thefts.

In answer to Commissioner Thornton he said that their shortage and loss from breakage on their last steamer was 100 cases of liquor.

Mr. Nagle cited a case of a boy of sixteen years old being caught trying to steal and confessing he went there with that object in view, having read about stealing going on. He told of "bangers on" about the sheds and felt that uniformed policemen and the closing of the sheds would be effective.

Harold Kane, the Canadian Government Merchant Marine lines, said that he had no complaint. They used the Long Wharf sheds almost exclusively and he lost and as a result their losses were small.

Gun Langbein, secretary of the Longshoremen's Union, and John McInnes, agent, said they would like action deferred until they could call a meeting and go into the matter with their members. The latter held that the longshoremen were not to blame and said he could not see where the blame of the sheds would do any good. He said that as far as the C. P. R. police were concerned they were as bad as the rest of the city who knew the men.

Mr. Johnson, of the checkers' union, advocated more uniformed police, and quoted an incident of a man in plain clothes being rushed by a mob and badly injured.

Insurance.

R. W. Charlton, chief surveyor of the Canadian Marine Board of Underwriters, said there was practically no law or order at this port. He said it was not piling that was going on, but wholesale robbery. He told of cargo being badly damaged by workmen under the influence of liquor stolen from steamers. He said the men were bold because they knew there was no chance of arrest. He told about insurance of the goods and said that insurance companies had suffered more here than at any other port in Canada. Conditions, he said, were intolerable and if they were not bettered he would recommend a higher rate. He also spoke about fire protection and said the city should install extinguishers. He also advocated installing time clocks in the sheds for the watchmen; a fire boat and the sending of some one to Portland to see what means they had taken to prevent a conflagration.

His statements evoked a storm of protest from Commissioners Thornton and Frink. He was asked if he could furnish figures. He was also criticized about no fire extinguishers being in the sheds.

Mr. Charlton said he would retract the statements.

In answer to Commissioner Thornton he said he could not give a comparison of fire losses between this port and others in Canada.

Mr. Charlton said the government should help to protect the cargo as it is receiving a revenue from it through duty.

W. F. Burditt and E. J. Terry also spoke regarding measures to better conditions.

Commissioner Bullock said he had never been asked for special protection for any ship. He said if more uniformed men were put on it would entail an expenditure of between \$7,000 and \$9,000. He said that it was near the end of the season and it would take three or four weeks to get uniforms. He said he felt the ticket system of entering the sheds might prove effective, and could be put in action next year.

Mayor Schofield suggested that a committee be appointed to go into the matter and a solution might result. Their findings could be reported to the council for action.

POLICE COURT

Jesse Bolster, charged with unlawfully having liquor on his premises in Prince William street on Saturday, pleaded not guilty in the police court this morning, but was fined \$200. He did not pay the fine and was sent below. Sub-inspectors Journeay, Crawford, Henderson and Thompson told of having visited the premises and finding liquor in two glass jars and several long-necks displayed in court. Bolster said that the liquor must have been put on his premises through an opening in a door leading into his warehouse. The inspectors said they found one panel in the door this morning when they visited the place, but when they examined the door on Saturday it was solid.

A case of George Danford, charged with supplying liquor to one Fitzgerald, was resumed and after several witnesses were examined an adjournment was made until Friday afternoon. Martin McInnis, Stanley Davidson and Frank Wood told of having spent several hours in Danford's establishment on Monday afternoon, February 28, but said that Fitzgerald had not come into the place while they were there. McInnis testified that Fitzgerald had told him that he did not know where he got the liquor.

Five prisoners charged with drunkenness pleaded guilty and were remanded. Two others charged with drunkenness forfeited bonds of \$88 each in default of appearing.

Edwin Jorgensen, charged with wandering about Pond street and being unable to give a satisfactory account of himself, at an early hour this morning, was remanded.

A large audience was in the court to hear the cases this morning and the magistrate made a plea to them for funds to help out two unfortunate women who were about to be discharged. The magistrate remarked that the kindness of people in the court in cases like those this morning had done a lot of good.
