Banks Adopt Daylight Time

All To Open Under New System Tomorrow

SHOPS ALSO ON NEW TIME

The Circle Nearing Completion—Confusion Continued Today in City Because of Lack of General Adoption of Hour Saving Plan

Tomorrow morning every banking institution in St. John will be opened for business on daylight time.

This means that the whole financial facilities of the city's business life will be made to conform with the decision arrived at by a majority of the merchants at their meeting held last evening.

With trains, steamers, postal affairs, public newspapers and scores of individual concerns employing large numbers of workers already working on the daylight schedule, the banking institutions adopting it, naturally completes the circle.

W. J. Ambrose, chairman of the clearing house association of local banks, confirmed the report that the banks are to begin the daylight schedule, and said it would be quite impracticable to attempt to conduct their business on the St. John old time when so many concerns adopting the summer schedule and when mail, etc., were also in conformity with it as well.

At a meeting this forenoon it was decided to start immediately upon the daylight plan, consequently tomorrow will mark the change.

The men of the Jas. Pender & Co. Ltd., mail works will start on daylight saving tomorrow morning by their own choice. The company officials, in a commendable spirit of fair play asked the men to vote on the question themselves. The result was for the extra hour of daylight.

The men of the Provincial Chemical Fertilizer Co., Ltd., when similarly asked to choose their own daylight saving, hesitatingly adopted daylight saving.

Shipping departments of mercantile and manufacturing houses are driven to desperation getting out express orders to catch the trains now a whole hour earlier. There have been many missed already.

Western mail correspondence—usually the heaviest, as goes to upper Canada and United States—has suffered greatly for the last two days by reason of the hour shortage on the business schedule and telegraph companies have been reaping an unexpected harvest in night letters.

Need of that hour. Ottawa, March 31.—The enthusiastic spirit which animated the movement for a garden and vacant lot cultivation last year, and which was an important factor in keeping down the cost of living, will be as necessary in the coming year of reconstruction, says an announcement from the Canada Food Board. All indications are that the garden work will be required to normalize food conditions.

ON MISSION IN AID OF IRELAND

Three American Delegates Leave Today For Paris

SEND-OFF IN NEW YORK

Frank P. Walsh, Former Governor Dunne and Michael Regan Arrive Selected by Recent Irish Race Delegation in Philadelphia

New York, April 1.—Three delegates selected by an Irish race convention in Philadelphia last month to lay the Irish American appeal for a free Ireland before the peace conference, were guests of honor at a "Godspeed" reception here last night attended by more than 400 Irish sympathizers.

The delegates—Frank P. Walsh of Kansas City, former joint chairman of the National War Labor Board; Edward Dunne of Chicago, former governor of Illinois; and Michael Regan of Philadelphia, former public service commissioner for Pennsylvania—are scheduled to sail for France today.

Mr. Walsh in a brief address, characterized the mission as "the most important and the most delicate in the history of the Irish people."

Mr. Regan, asserting that he never had seen Ireland, declared he went "as an American" to urge the peace conference to "crown with success one of the greatest movements of history."

Mr. Dunne, who was elected to the Irish race delegation by a vote of 100,000, declared that he was "a man of peace and that there can be no honest peace of nations."

Waraw, March 31.—(Havas Agency)—The bombardment of Lemberg continues, the Ukrainian artillery firing poison gas shells into the city. At a conference on March 27 between Allied delegates and representatives of the Polish and Ukrainian armies the Ukrainians refused to enter into negotiations with the Poles.

PRIZE WINNERS. The Prentice Boys fair was closed last night. Following were the prize winners:—First door prize, \$10 in gold, won by Mrs. Bolton; second door prize, \$5 in gold, unclaimed for. No. 1688; ring toss prize silver cream set, won by James Pitt; nine-pins, electric lamp, won by Roy Campbell; air gun, box of silver knives, Charles Smith; bagatelle, marble clock, J. Thompson; ten-pins, shot gun, Fred McCormick; bean toss, silver cake tray, Mrs. James Donaher.

LOOKS LIKE GOOD TIMES. There promises to be unusual activity in the lumber milling industry in this city almost at once. Jordan's mill, Pleasant Point, is already at work; Stetson, Cutler Co.'s big Indian town plant will start this Saturday, and they will also utilize the Charles Miller mill in the Narrows, a week hence. Murray & Gregory's mill at the falls is soon to begin sawing and it is understood they will also conduct the Miller Bros' mill, Stratford, N. B. The revenue of logs and the season will be commenced very early.

BIRTHDAY PARTY. The home of Mr. and Mrs. Andrew Garnett, 42 Murray street, was the scene of a happy gathering yesterday when seventy-five little boys and girls assembled to celebrate the birthday of Ronald Berton Garnett, Master Garnett was the recipient of a large number of lovely presents. The table had been artistically decorated and the function was a great success.

WEATHER REPORT. Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service. Synopsis—The barometer continues low over the maritime provinces, while the area of high pressure which came in from the northwest over Ontario on Sunday is gradually diminishing in energy. The weather has become quite mild in the western provinces and is very cold in Ontario and Quebec.

CARS OFF TRACK

Three and Tender Derailed at Bloomfield This Morning

I. C. R. Train No. 18, which left St. John at 7:10 this morning, was derailed while going into Bloomfield station about 8:30 o'clock.

The mail and baggage cars, the tender and a first class coach ran off. The train was moving very slowly at the time and no one injured. There was no damage to the train but the track was torn up considerably.

Auxiliary train crews from Moncton and St. John hurried to the scene of the accident and were busily engaged throughout the morning getting the cars back. The mishap did not cause any delay to the Maritime express as she was able to take the siding at Bloomfield. At noon today the train had not left but prospects were that she would get away through the early afternoon.

SAYS HE POSED AS BRITISH OFFICER

Declared That Archer Swindled New Yorkers and Married Girl Although Wife in England

New York, April 1.—The story of how a fugitive from British justice, who was able to obtain a British officer's uniform by posing as a British officer, to swindle by fake securities New Yorkers whose confidence he gained and eventually in many a young woman who had no idea he had left a wife and two children in England, is told in papers examined by Justice Colahan in the supreme court yesterday.

The American wife, Florence Brainerd Grimwood of Chesapeake, Washington, got from the justice an order permitting her to serve by publication of a copy of the summons and complaint in an annulment suit she has started against William F. Archer, now believed to be in England.

She says that Archer, posing as Captain Grimwood of the British army, arrived in New York on a French liner in the spring of 1916. On the boat he gained the sympathy of silver passengers by "there can be no real world peace and there can be no honest peace of nations."

TRURO MAN CITY ENGINEER AT CAPITAL WITH \$3,000 SALARY. Fredericton, N. B., April 1.—G. C. McClellan, formerly engineer at Truro, was last night selected by the city council as city engineer of Fredericton and his appointment at a salary of \$3,000 a year was agreed to.

COLONEL LORDLY HERE. Former St. John Citizen Who Commanded 5th Royal Pioneers. Among the officers who arrived in the city on Sunday night on the C. P. O. S. liner Empress of Britain was Lieut-Col. H. B. Lordly, formerly in this city but now a resident of Montreal. Colonel Lordly is a brother of W. A., S. B., C. E. and A. R. Lordly and Mrs. G. F. Fisher. Colonel Lordly was chief engineer at the Lachine canal at the outbreak of the war and a short time later he organized the 5th Royal Pioneers and took them overseas. This unit was disbanded soon after their arrival in England and Colonel Lordly was given an important position, which he filled until his return to Montreal. He was greeted by his relatives and friends during his few hours in St. John en route to Montreal.

REAL ESTATE NEWS. C. B. D'Arcy, real estate broker, has reported the following transfers of property in St. John and Kings county, within the last month as follows:—West St. John, owned by the trustees of the Presbyterian church, and used as a manse, to W. E. Brennan; two family lease-hold property at 288 Waterloo street, from W. T. Nilsson to James Smith; two lots at Torryburn Heights from Charles A. R. Kelley and Mrs. E. S. Dummer, to Alfred P. Simpson; one lot at Randolph Heights, parish of Lancaster, G. H. Harding to Robert Cochrane; one lot at Fair Vale from William E. Darling to E. B. Gordon, and one lot at Randolph Heights, from G. H. Harding to E. L. LeBlanc.

NOTICE TO ADVERTISERS. The Times business office will be opened at 8 a. m. and closed at 5 p. m., old time, until further notice.

SATURDAY ON THE WAY. Anchor-Donaldson Line S. S. "Saturnia" left Glasgow on March 31 for St. John with eighty-nine cabin passengers and 1,790 troops.

TO TEST STRENGTH OF ENTENTE WILL

Design Back of Revolution in Hungary

SO REPORTED TO PARIS

Paris, April 1.—(By the Associated Press)—Reports to the French foreign office indicate that the Hungarian revolution was staged largely with the purpose of testing the strength of the will of the Entente Powers and was designed to frighten them with the idea that Germany might also rapidly disintegrate.

A CHALLENGE TO SIR THOMAS WHITE

Ottawa, April 1.—Brigadier Chas. A. Smart, C.M.G., Conservative member of the Quebec legislature, has issued the following challenge: "If Sir Thomas White places the welfare of the country ahead of other considerations, he will see that an impartial commission is immediately appointed to investigate the whole subject of the overseas administration and especially that of the overseas medical administration in England. Such a commission should have wide powers and be authorized to investigate fully."

SCOTIAN HERE IN FEW DAYS BUT NONE FOR ST. JOHN ABOARD

The C. P. O. S. liner Scotian is expected to arrive here on Thursday or Friday from Liverpool with sixty-seven officers, forty cadets and 1,619 other ranks. The soldiers will be dispersed without delay to their various dispersal areas as soon as the steamer docks.

Dispersal Area. Officers Cadets Rank. Charlottetown ..... 3 42 Halifax ..... 3 42 Moncton ..... 3 42 Quebec ..... 4 22 Montreal ..... 6 181 Kingston ..... 6 72 Toronto ..... 18 206 Hamilton ..... 3 125 London ..... 3 77 Port Arthur ..... 6 60 Winnipeg ..... 3 18 93 Brandon ..... 1 31 Regina ..... 1 31 Saskatoon ..... 1 11 Medicine Hat ..... 1 11 Calgary ..... 1 37 Edmonton ..... 1 37 Vancouver ..... 1 37 Revelstoke ..... 1 37 Victoria ..... 1 37 Conducting staff ..... 7 40 1619

IN THE SENATE. Ottawa, April 1.—The senate yesterday passed without amendment the government's supply bill, being one-sixth of the total estimates for the fiscal year 1919-20.

RED TRIANGLE MEN ON TRAINS. The seven special trains which left here yesterday morning with soldiers from the Empress of Britain had each on board a representative of the Y. M. C. A. Red Triangle to look after the comforts of the men on their journey to their destinations. The first train to Toronto had Mr. Murray, the second, also to Toronto, had Mr. Nobles; the third, to Ottawa and Kingston, had Mr. Powers; the fourth, to London and Hamilton, had Mr. Irvine; the fifth, to Montreal, had Lieutenant Denn; the sixth, to Regina, had Marshall Stout; and the seventh, to Vancouver, Mr. Henderson.

APRIL 1 JOKE ABOUT PEACE

Paris Stirred By Report That All is Settled

Paris, April 1.—(By the Associated Press)—Somebody started a story this morning that Col. E. M. House had announced that the peace treaty had been signed. The report spread rapidly all over Paris and the telephone wires to the American headquarters in the Hotel De Orillon became hot with inquiries as to the truth of the rumor.

Worry Over the Lack of Progress. Paris, April 1.—(By the Associated Press)—A feeling of apprehension over the lack of progress on the peace treaty persists in American circles here, although it is said in authoritative quarters that differences which have arisen have not reached the status of a deadlock.

French More Hopeful. Paris, March 31.—(Havas Agency)—In French conference circles there was an impression this evening that the situation is clearly satisfactory, although extreme caution is being observed in the proceedings of the conference.

Brought to Halifax After a Hard Tow. Halifax, N. S., April 1.—The steamer Jason arrived here this morning in tow of the steamer Bayman, which picked up at sea. The Jason's rudder is disabled.

Wild Campaign for Chicago Mayoralty. Chicago, April 1.—Men and women batted for mayor and other city officers today after a campaign said to have been the most bitter in the history of the municipality.

New Wage Schedule on "L" Is Asked For. Boston, March 31.—The wages committee of the Boston street car men's union submitted to the trustees of the Boston Elevated Company yesterday a new wages schedule that calls for a flat rate of 73 1/2 cents an hour and an eight hour day. The committee asked that it be put into effect on May 1, when the present sliding wages system, based on length of service will expire.

Influenza Report. There is no change reported in the influenza situation at Oak Point. Two deaths occurred on Sunday but no new cases have been reported.

S. S. Canada Arrived Today; 1,370 Aboard

SOME OF THE NOTABLES

Nursing Sister With Victoria Cross Won by Her Soldier Husband—Lieut. Col. Beckles Wilson Speaks of Canadian Memorials at Ypres and Vimy

Halifax, N. S., April 1.—S. S. Canada with 1,370 returning Canadian war veterans docked here at eight o'clock this morning. The troops are virtually all from Kimmel Park. Ninety-five nursing sisters sailed on the steamer. One of these was Nursing Sister N. E. Mallard of Victoria, who, in addition to the 1914 and 1915 star and various Italian decorations, wears the Victoria Cross of her late husband, Staff-Serjt. Mallard.

The officer commanding the troops on board was Major Storr, M.C. He says the voyage was a pleasant one. The men were comfortable and made no complaint. The Canada sailed from Liverpool on March 24.

Among the officers returning was Lieut.-Colonel Beckles Wilson, of Windsor, N. S., who was attached for some time to the imperial staff as inspector of war trophies in the east. He was in charge of the allocation of all enemy ordnance captured there. He has now returned to the Canadian staff and is particularly interested in the work of building Canadian war memorials at Ypres and Vimy. He said that both the Belgian and French governments had indicated that they were prepared to hand over sites to Canada at both these historic points and it was now merely a question of how much the dominion government was prepared to spend in the erection of suitable buildings. Colonel Wilson will proceed to Ottawa on Monday and will return to Europe after a very brief stay here.

Another officer returning was Lieut. C. R. MacKenzie, only son of D. D. MacKenzie, opposition leader in the dominion house. Mr. MacKenzie was attached to a tank battalion. He enlisted early in the war while a student at Harvard. Several prisoners of war returned with him to Canada. For the most part they are of the 15th Battalion and are proceeding to Toronto. Twenty-four civilian passengers came by the Canada. All but two are bound for Australia or New Zealand.

Captain F. H. Wood of Wells Hill arrived here this morning on the steamer Bayman, which picked up at sea. The Jason's rudder is disabled.

The Jason, which belongs to the Kerr Steamship Co. of New York, was bound from New York for Havre with general cargo, when her rudder post broke in heavy weather. She was picked up four days ago by the American steamer Bayman, from Philadelphia for France.

The tow to Halifax was a difficult one, hawsers parting several times.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

ALL NEW AT OPERA HOUSE

The new vaudeville programme at the Opera House tonight offers Aubrey and Riche in a variety dancing offering; Pat O'Hearne, character singer; Giuliano and Marguerite, Italian musical novelty; Tom Dempsey, singer, story teller and general all around funny fellow; Work and Keit, acrobatics extraordinary and comedy singing stunts; and the usual chapter of the serial, "The Iron Test." This evening at 7.30 and 9.30 tomorrow afternoon at 2.30. Popular prices.

ETHEL BARRYMORE, FAMOUS AS INTERNATIONAL STAR

Tomorrow and Thursday the Palace Theatre will present an all comedy programme with two of the best known feminine stars of the day. Ethel Barrymore, known as a legitimate star, and recently in filmdom, is to appear in a five act comedy drama entitled "Our Mrs. McChesney." The story is of a traveling saleslady and forms the plot for a clever laugh feast which lasts for one hour and a quarter in itself. Besides this feature attraction, there will be a two part comedy, a bang fast and furious, with Alice Howell in "Her Bareback Career." Laugh? Why you'll ache with it. Don't miss it. Remember, Wednesday and Thursday nights only.

HACKETT CONCERT THURSDAY EVENING

Will Begin at 8.45—Reserved Seats Plan Now Open—Artists Arrive Thursday Noon

As the date for the Hackett concert at the Imperial approaches interest increases, and the Misses Laigrin will doubtless be favored with a splendid audience. The seat sale is now open at the Imperial box office. Patrons are asked to remember that the programme will begin at sharp eight forty-five. The programme numbers of both Mr. Hackett and Miss McKnight will include many items in English, in fact those in this language altogether predominate.

Winnipeg, April 31—Nearly two hundred girls employed as candy and confectionery makers in the Dingle Stewart factory here struck yesterday to enforce demands for better working conditions and reinstatement of girls who were discharged.

Notice of Births, Marriages and Deaths, 50c.

BIRTHS

SULLIVAN—To Mr. and Mrs. Harry D. Sullivan, 60 Coburg street, a son, March 31.

PEARMAN—At the Evangeline Maternity Hospital, March 31, to Mr. and Mrs. H. W. Pearman, a son.

DEATHS

LYON—At Morchill station, Maine, on March 28, Oscar M. Lyon, aged thirty years, leaving his wife, three small children, his parents and three brothers to mourn.

KELLY—At her parents' residence, 314 Rockland street, Monday, March 31, of heart failure, Philomena Margaret, eldest daughter of Susan and John Kelly, leaving three sisters and five brothers and her parents to mourn.

MARSHALL—At East St. John County Hospital, after a lingering illness, William Marshall, leaving one child, three brothers and two sisters to mourn.

BAXTER—In this city on March 31, Mary Ann, widow of Samuel Baxter, in the sixty-ninth year of her age, leaving five daughters and four sons to mourn the loss of a kind and loving mother.

Funeral service at the house at 8.30 this evening. Remains to be taken to Harding's Point on Wednesday morning for burial.

KIERVIAN—At her residence, 128 Main street, on March 30, Elizabeth, widow of Richard Kiervan, leaving two sons, five daughters and two sisters to mourn.

Funeral Wednesday morning at 8.45 to St. Peter's church for solemn requiem high mass. Friends invited to attend.

MEMORIAM

BOSTWICK—In loving memory of Otis Bostwick, who died at Wickham April 1, 1911.

Sleep on, Dear Father, thy labor's o'er. Thy willing hands can do no more. The midnight stars shine o'er the grave Of one we loved but could not save.

SAUCE continues to arrive from England. Has a new and delicious flavour, no sauce just like it. Wouldn't it be worth your while to try a bottle now?

PROVINCIAL ACCOUNTS

(Special to Times) Fredericton, N. B., April 1.—The public accounts committee this morning continued consideration of the auditor-general's report. Mr. Pinder said that the government had two new items of revenue last year, forest fire protection and wild lands tax and Mr. Magee responded that the government needed all it could get as expenses were increasing and Mr. Potts, of St. John, wants the province to spend another \$20,000 for free school books each year. Touching on the matter of teachers' salaries Mr. Pinder said that if they wanted more they should go to the districts for it.

Mr. King said that it was a general fact that teachers' salaries everywhere were considerably larger than a few years ago. Mr. Pinder remarked that it cost more each year to run the government, that everybody charged more for services performed for the government than they would for private parties.

Mr. Loudon, comptroller-general, informed the committee that the insurance on the dairy school building in Sussex destroyed by fire never had been paid, the company complaining that the terms of the policy had been violated by stationing troops there. A claim has been made against the militia department for the amount of the loss.

Mr. Pinder objected to bonuses paid for muskrat and dredgers on the north shore. Mr. Legeve strongly defended it, saying that this was a valuable fertilizer. Mr. Magee said that the first bonus for this purpose had been paid in 1914 by the old government.

Mr. Magee said that the province had invested in branch lines which had been taken over by the federal government, for which the province had received nothing. The comptroller-general said that must be a matter for negotiation with the dominion government. It might be a basis for application for increased subsidy but the province could recover nothing through the railway department.

Under provincial hospital account, the comptroller-general said Kent County was rapidly liquidating its indebtedness and Carleton County had promised to pay.

There was some discussion over the school book account. Comment was made on the fact that under the cash payment system introduced two years ago the account was kept down.

Back To Remodelled Store

Urdang's Reopening Sale Last of Week

Urdang is now occupying his remodelled store at 221 Union street. While all stock is not yet in place, customers are being served regularly and preparations are well under way for a big re-opening sale to introduce new premises to the public. See Thursday's Times.

USE The Want Ad Way

A POPULAR APPEAL THURSDAY

G. E. Barbour and G. L. Warwick Sending Interesting Communication To the Public

Just a year ago the Y. M. C. A. candidly told the public of their difficulties and quickly were supplied with \$17,000 in probably the most popular appeal that ever emanated from this institution. This enabled the Y. M. C. A. to close the year of debt, and that amount invested in St. John's young manhood undoubtedly resulted in splendid dividends which were indicated to those who have spent much time in the Y. M. C. A. building during the last year.

President C. E. Barbour and Chairman of the Finance Committee, G. L. Warwick, who were active in last year's campaign, are in search of funds again this week so that they may duplicate the splendid results of a year ago, and incidentally install a much needed filtration plant for the swimming pool, which is the Y. M. C. A.'s able to move into a new and modern building.

Messrs. Barbour and Warwick, with their usual competent committees, are working somewhat differently than before. Each one of last year's gifts was received a personal letter, and on Thursday will be waited upon by a member of the committee. It is expected that in this manner a necessary for this year's requirements will be procurable. It is said that if those who gave last year could but realize how efficient their dollars worked, they would gladly duplicate their subscription.

TIME MIX-UP HELPED APRIL 1 JOKESMITHS

This is the Day of Franks and Was Marked by the Usual Light Fun-Making

When the city awoke this morning—both daylight and old-fashioned time—it seemed as if the weather man was saying "April Fool" for there was a generous downfall of snow, the ground fairly well coated and people hurrying to their work muffled to the eyes. It was not cold to be sure, but the fast melting snow made it almost as disagreeable if not more so than a zero touch.

While on the subject of April first the children did have a lot of fun this morning in many homes rousing one another from bed on daylight time and other pranks made possible by the mixed condition of the clocks. It was too good an opportunity for pulling April Fool pranks without telling deliberate falsehoods.

Stamped envelopes with nothing inside but the mention of April first, mysterious calls to the front door to let "Mr. Nobody" in, misdirected telephone calls and other old-time practical jokes were indulged in on all sides. Many were in the hands of school boys, who can always be depended upon to do something unusual, stuffed a suit of clothes and a hat in the railway baggage car, and the railway men's real thrill for a few moments.

The Donaldson liner Saturnus is en route here with 65 officers and 1725 other ranks from Liverpool. She is due on the 7th or 8th of the month. The Royal Mail Steam Packet Chippinco is due in port today from Bermuda and the British West Indies. The Manchester Port is due here tonight from Manchester with a large general cargo. The S. S. Carib will sail from here to tomorrow.

Sackville Tribune—A. B. Copp, M. P. arrived home from Ottawa Saturday night and will spend a day or two here. Miss Harriet Stewart, who has been visiting friends in St. John left Wednesday for Toronto, where she will spend some time. Mrs. Miller, who has been spending the winter in different parts of the United States with her daughters, returned home last week. Mrs. Pickard, Trueman is seriously ill, having suffered a stroke of paralysis Saturday night. Her brother, Dr. Carter of Port Elgin, was here Sunday.

PERSONALS

Mrs. John R. Costigan and Miss Marie Costigan of Calgary, Alberta, arrived in the city yesterday and are the guests of Mrs. W. Edmund Raymond, Germain street.

Miss Sadie Kelly, of the New Brunswick Telephone Co.'s staff, left last night for Winnipeg, where she will be married, and will remain in the west until she falls, when she will return to St. John to take up her residence.

Dr. and Mrs. Chipman are spending the month of April in New York and Pinchurst.

Lieut. Carr, who was injured some time ago in an automobile accident and taken to the St. John military hospital, was reported today to be able to sit up.

Mrs. W. A. MacLaughlan has received word from the Royal Victoria Hospital, Montreal, where her son, Major MacLaughlan, has been undergoing treatment on account of wounds received while in France, to the effect that he is improving rapidly and that he is entirely out of danger. This is good news to his many friends.

A. H. McGuire of Calgary arrived on the Montreal train yesterday and is to leave for the west again this evening. Solomon McConnell, inspector for the Board of Health, who has been ill in the General Public Hospital after undergoing an operation for appendicitis, was on duty today for the first time since his illness.

Major K. H. McCrimmon, assistant director of supply and transport, who has been in Ottawa for the last few days, returned home yesterday.

Mr. and Mrs. John Thomas, Fairville, announce the engagement of their daughter, Florence Helen, to Dawson Dowell, a professor in Drexell University, Philadelphia, Pennsylvania. The wedding to take place in Collinswood, New Jersey, at an early date.

Sackville Tribune—A. B. Copp, M. P. arrived home from Ottawa Saturday night and will spend a day or two here. Miss Harriet Stewart, who has been visiting friends in St. John left Wednesday for Toronto, where she will spend some time. Mrs. Miller, who has been spending the winter in different parts of the United States with her daughters, returned home last week. Mrs. Pickard, Trueman is seriously ill, having suffered a stroke of paralysis Saturday night. Her brother, Dr. Carter of Port Elgin, was here Sunday.

WHY EXPERIMENT?

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities.

MAGIC BAKING POWDER

Contains No Alum and is the only strictly high class baking powder in Canada selling at a moderate price. Its reputation is built on purity and highest quality.

The only well known medium priced baking powder made in Canada that does not contain alum and that has all its ingredients plainly stated on the label.

Made in Canada

**OFF TO A VISIT OF THE FASHION SHOPS OF NEW YORK.**  
Miss Margaret Daley, of Sewell Bros. Ltd., left last evening for New York and other centres on a buying trip. Miss Daley will see all the latest spring and summer fashions, and will bring back many of the latest modes in suits, cloaks, and dresses, which will be here in plenty of time for Easter. No doubt many of Miss Daley's friends will anxiously await her return to hear direct concerning everything that is new in wearing apparel.

**C. P. R. AND DAYLIGHT SAVING.**  
Owing to the decision reached by the large wholesale and retail merchants of the city to adopt daylight saving time, the times of arrival and departure of C. P. R. trains will revert to their original schedules. This will become effective Wednesday, April 2.

It means that the early morning train from Fredericton will arrive at 8:55 a. m. Atlantic daylight time. This train has been running one hour behind schedule. The afternoon local for Fredericton will depart at 8:10 p. m. and will make all the local stops. Suburban trains will now be able to use this train instead of going to the Boston and making special stops. All the other trains, that is the incoming and outgoing Montreal trains and the regular express trains for Boston, and all other C. P. R. trains in and out of the city will revert to their original schedules. The same thing applies to the E. S. Express between St. John and Digby.

The privilege of commuters to use the evening Boston express train for special suburban stops will be cancelled with this arrangement.

**BUBONIC FOLLOWS ON BUENOS AIRES STRIKE.**  
Buenos Aires, April 1.—The chief of the national health bureau says the bubonic plague is increasing as a result of the great number of rats that are in merchandise which has long lain on the docks and in warehouses owing to the strike of the port workers.

**KILLED BY SNOWSLIDE IN CANADIAN WEST.**  
Edmonton, Alberta, April 1.—Allen Fraser of Winnipeg, chief engineer of western lines, Canadian Northern Railway, and several section hands were killed by a snowslide on the Canadian Northern Railway in the Rockies on Sunday. No details are available yet.

**The Powers and Morocco.**  
Paris, April 1.—A special committee has been appointed by the peace conference to re-draft the Algeiras treaty regarding the interests of the powers in Morocco. The committee has been instructed to eliminate all the special interests and privileges accorded to Germany in the original document.

Mrs. Laura Maggini, a pioneer resident of San Francisco, who has just died at the age of eighty-five, had for twenty-one years following an operation lived without a stomach.

Ministers are allowed to travel on railways for half fare, and sometimes it seems—so says the Hiawatha ticket seller—that half the passengers on the trains are ministers.—Hiawatha News.

**GRAVE REPORTS THAT CALL FOR CLOSE INQUIRY**

Toronto Paper's Editorial Comment on Col. Pratt's Attack

Has Argyl House Been a Castle of Indolence? Airman Reported Victimized—The Kinmel Riots—Circumstantial Arrangement

(Toronto Globe)

The Canadian people are entitled to know whether or not Argyl House is the Castle of Indolence pictured by the Toronto Paper's editorial, which is a call for a serious enquiry who would not be put off by the plea of "too busy," brushed by the outside flunkey to find officials dawdling over afternoon tea, and young women stenographers sitting on the desks and smoking cigarettes. Colonel Pratt should make allowance for the grip of the afternoon tea habit even on Canadian soldiers in England. In many establishments business is not allowed to interfere with this national rite. But it may be doubted whether cigarette smoking by young ladies in office hours has yet become a custom there.

More important are Colonel Pratt's allegations of the neglect of Canadian interests and of Canadian soldiers by the Canadian overseas administration. He asserts that thousands of Canadian airmen, after facing death at the front, are stranded and moneyless in England, unable to find accommodation on ships, or to get any satisfaction from the air ministry, the high commissioner's office, or Argyl House. A few who had savings secured here by five-pound bribes of ticket sellers, and had to pay their own passages. This tale of thousands of airmen in want and of others being victimized by a system of graft demands official attention.

Equally grave is Colonel Pratt's portrayal of conditions out of which the riot grew at Kinmel Camp. He says the men had no pay, no fuel, poor food, no comforts or pleasures, and were felled by profiteers. Detachments were time and again entrusted for Liverpool and returned to the camp without a word of explanation. While homesick veterans of three and four years' hard fighting were detained in discomfort they knew that Canadian and American draftees were sailing by boatloads. Their representations, made in a proper way, were ignored, but within twenty-four hours after the riots they received their pay, and within a week 20,000 were put on ships for home.

Colonel Pratt's arraignment was circumstantial, and he gave names and dates in support of charges which par-

**LOCAL NEWS**

In spite of warning several automobile owners have insisted on using the roads before the frost is out of the ground, and three summonses were issued by a Kings county magistrate yesterday calling upon three violators to appear.

Friends assembled at the home of Gunner and Mrs. Corbett, 1074 Commercial street, on Saturday evening and presented to them a china cabinet. Gunner Corbett returned home recently from the war.

Representatives of Ross & Son, chartered accountants, representing the Marine and Fisheries Department, Ottawa, arrived in the city yesterday and have started on the work of looking over the records of the port, relative to nationalization.

Before the Juniors of the Natural History Society last night camp life was discussed and arrangements talked over for a camping trip during the summer. Miss Ada Colwell, the president, was in charge. Some of the speakers slides were shown by William McIntosh.

It was decided at a meeting of the Bricklayers and Plasterers last evening that the wages for that kind of work would hereafter be eighty cents an hour for an eight-hour day. The question of daylight saving was discussed and the union went on record as being entirely against the new time.

A meeting of St. John graduates of Mount Allison was held here yesterday afternoon to discuss plans for raising \$20,000 as St. John's share of the \$125,000 needed to erect a memorial library here by Dr. Borden to organize the campaign.

A very enjoyable concert was given last evening at the Old Ladies' Home by members of the Queen Square Episcopalian church. Miss Winifred Westford, acting president, acted as convener. Those taking part were Miss Winifred Dunlop, Miss Fleet, Miss Marjorie Pearce, Miss Pauline Dickinson, Miss Welford, Miss Thompson and Mrs. George K. Bell.

Martin O'Leary was the recipient of a scarf pin at the Y. M. C. I., and also a silk umbrella and a fountain pen from other friends yesterday. Mr. O'Leary, who has been a valued employee of the Dominion Coal Company, left last evening for Winnipeg to go with Gallagher and LaFlamme. Friends wish him much success in his new field.

At the Y. M. C. A. last evening a very interesting debate on "Resolved that woman has done more for the welfare and improvement of the human race than man," was held. The affirmative was upheld by Misses Vera Leonard, McKinney and Nina Thompson, while the negative side was Messrs. Knowles, Currie and Hoyt. The judgment was unanimously in favor of the affirmative.

A reception was given last evening to Miss Nora Yeomans, girls' work secretary of the Young Women's Association, by the Young People's Society of Centenary church. Miss Agnes Robertson, president. An interesting address was given by Miss Yeomans. Clarence Girvan, Miss Wilkes, Miss Brennan and J. Wilfred Tait took part in the programme.

A pleasant evening was spent when the Ladies' Aid of the Portland Methodist church met last night in the school room. Mrs. J. Henderson, the president, was in the chair. A stirring address was given by Mrs. J. Verner McLellan

**DEEPLY GRATEFUL TO WORKERS AT THIS PORT**

To the Editor of The Times:

Sir—On behalf of a number of Canadian overseas mechanics who, with their wives and families, arrived at St. John on the S. S. Corsican on March 20 from England, through your columns, to express our thankfulness and appreciation to the various bodies who welcomed us and ministered to our needs and comfort at the immigration hall on landing.

To make comparisons or distinctions would be invidious, but the help rendered to light and work—to especially acceptable to the mothers with us; and I think that everyone realized more fully than ever before the good work being done by the various organizations.

Many of the men expressed themselves gratefully and thanked God that they had been able to go to Europe to fight and work—to assist in protecting such people as these from the enemies of civilization.

Our thanks are also due to Dr. Ellis, immigration medical inspector, for his interest in the welfare of our men taken suddenly ill and being detained in hospital; but for which untoward incident our homeward journey would have been brighter still.

Yours sincerely,  
JOHN LORRAINE,  
Medicine Hat, Alberta.

**FOR FEEBLE OLD PEOPLE**

John Devitt Recommends Vinol to Create Strength and Vitality.

Marion, N. J.—"I am 69 years of age and after a severe sickness, was in a weak, run-down condition. Vinol has built me up and made me strong, so now I feel real well again, and I can recommend it to others for such conditions."

—John M. Devitt.

The reason Vinol is so successful in Mr. Devitt's case is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements of our men's feeble, run-down system, make rich, red blood and create strength. It is perfectly wonderful what it does for old people.

Wasson's Drug Store, The Ross Drug Co., St. John. Vinol is sold in Fairville by T. H. Wilson, and at the best drug stores in every town and city in the country.

**RESEARCH IN CANADA**

Investigations of Industrial Problems—New Brunswick Wms Studentship

Ottawa, March 31.—The research council recently dealt with the question of an investigation of industrial fatigue in Canada. The research council, which was set up by the government, is now being conducted in England for British industries. It has appointed a committee for this purpose, of which Professor Macleod, of the University of Toronto, will be chairman. The committee will include the professors of physiology in Manitoba, Quebec, McGill and Dalhousie, Major Wm. Tait, representatives of labor and of the Manufacturers' Association, and a woman interested in women's work. It will endeavor to obtain data to decide the question of the maximum efficiency of the worker, as determined by the number of hours of labor and the conditions attending different industries.

Grants for assistance to researches in several industrial problems were made. A grant was made to the biological board of Canada for conducting investigations on the bacteriology and chemistry of the curing of fish.

The council has instituted ten bursaries to be awarded to graduates in science who desire to qualify for a career in industrial research in Canada. A studentship was awarded to J. W. Burns, graduate of the University of New Brunswick.

The government has appointed Sir George Garneau, acting chairman of the Quebec public utilities commission and titular professor of analytical chemistry in Laval University, and Prof. W. L. Goodwin, dean of the school of mining of Queen's University, as members of the honorary advisory council, for scientific and industrial research.

**THE RAMSAY FAMILY**

The marriage of Princess Patricia of Connaught to Commander the Hon. Robert Maule Ramsay, R. N., was an event of interest everywhere because the marriage of a princess, and particularly one so nearly connected to a reigning house as a husband not of royal blood, was itself an unusual event amounting to a departure. Contributors to English newspapers have been at some pains, in view of the exceptional circumstances, to trace the lineage of Commander Ramsay. They have found that the tree is an old one and a good one, and that the Ramsays of past generations were men of note in history. Here is a list of them—

1146—The Ramsays were settled in the Lothian district, and are found witnessing various charters.

1295—William de Ramsay was one of the Council of King Alexander III. during that monarch's minority.

1820—William de Ramsay was one of the Barons who signed the letter to the Pope asserting Scotland's independence of England.

1888—Sir Alexander Ramsay (son) was a famous soldier in Scottish history. Among other feats he relieved Dunbar Castle, which was being held by "Black Agnes" Countess of Dunbar, against the English. He also relieved the English castle by storm, and was made Warden of the Middle Marches and Sheriff of Teviotdale.

1497 (about)—Sir Alexander Ramsay (great-grandson) successfully held Dalhousie Castle against King Henry IV, who was obliged to abandon the siege.

1485—Sir Alexander Ramsay (son) was one of the principal commanders at the battle of Piperden, where the English were defeated. He was the ancestor of the poet, Allan Ramsay.

1618—Sir Alexander Ramsay (son) was in great favor with King James IV, when he followed to Florida, where he also lost his life.

1668—George Ramsay (grandson) joined Mary Queen of Scots on her escape from Loch Leven Castle, and fought at the battle of Langside.

His son, Sir George Ramsay, was first Lord Ramsay. Sir John Ramsay (brother) saved the life of King James VI (afterwards James I of Great Britain) in the Gowrie Conspiracy, killing in open fight the Earl of Gowrie and slaying his brother, the Hon. Alexander Ruthven. This occurred when Ramsay was one of the King's pages and aged twenty-five. He followed the king to England, and was made Lord Holderness and subsequently, Earl of Haddington (died without issue).

When Sir George Ramsay was created Lord Ramsay of Melrose in 1618, the title was granted by charter, but the recipient did not like it, and had it changed by virtue of a letter from James VI to Lord Ramsay of Dalhousie. Lord Ramsay, the father of the eleventh Earl, had assumed the name of Maule, but when his son succeeded to the Scottish titles the old family name of Ramsay. The tenth Earl himself had added Broun to his name on succeeding to the Colstoun estate. The head of the house became Earl of the Castle of Dalhousie in 1633. It was the second son of the eighth Earl who became Lord Panmure. George, the ninth Earl, was a general in the army and distinguished himself at Waterloo, and his son was created Marquess of Dalhousie in 1849. He served as Governor

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, APRIL 1, 1919

The Evening Times and Star

ST. JOHN, N. B., APRIL 1, 1919.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE CASE OF MR. B. FRANK SMITH.

There is a little dispute with himself which Mr. B. Frank Smith, a member of the New Brunswick legislature, might deem it worth while to settle. The concerned Mr. Smith denies that he owes the province any \$2,400 on potato account.

At a later date, in Centerville, Mr. Smith spoke on the same subject, and the Gleaner quotes him as saying: "I never received a cent improperly through this transaction. When I learned that certain shortages had resulted when the potatoes were culled and sorted at St. John, I immediately sent the department a check for \$2,400, being the amount due them for such shortages at the rate of 5 1/2 cents per barrel."

Mr. Smith was not heard from again, except to further justify the whole transaction and the covering up scheme in the legislature, until he was placed on oath before the McQueen commission. Then he said: "I did not pay it back and I do not intend to pay it back."

SOOTHING SYRUP.

Religious newspapers not infrequently reflect upon the prevalence of political corruption, and lament that higher moral standards in politics do not prevail. Occasionally, no doubt with some reason, they apply the lash to party newspapers and mourn the absence of that fine sense of honor which would call a spade a spade and denounce all wrongdoing, especially the wrong-doing of men in high places.

Having this in mind one reads with interest what the Maritime Baptist has to say about the patriotic potato and the Valley Railway scandals. It is disappointed with the McQueen report, the author of which appears to show bias. So far as it can see, the loss on the potatoes was "legitimate enough," though "politically unfortunate."

"The initial effort made to conceal the loss on the surplus potatoes and to recoup the province out of party funds led to much financial ledgerism—in order to conceal the concealment. That is of less importance, and need not concern us now. The thing to which we would direct attention especially is the perverted standards which prevail in our political life and the ever-present and far-reaching curse of partisanship. All the men concerned in this are in private life men of unquestionable probity and integrity. They were not seeking to enrich themselves at the expense of the province. Indeed, most of them were considerably out of pocket through the transaction."

One may fairly ask who is responsible for "the perverted standards which prevail in our political life" if leaders of thought lack the moral courage to name and to denounce the men who are governed by such standards. The most disgraceful episode in the political history of New Brunswick has brought nothing more weighty from the religious journal quoted than a certificate of character for the wrong-doers, and a criticism of the man whose only crime was that he submitted a report based on sworn testimony. Even the colleagues in the house of Messrs. Murray, Smith, Baxter and Jones went further in censure of the real sinners. And these colleagues are exemplars of "the ever-present and far-reaching curse of partisanship," which of course could never enter the sanctum of a religious newspaper.

The Moncton Times has no love for the Foster government, but it cannot approve of the record of the opposition. The Fredericton Gleaner declares that the opposition must find new leaders. Do the opposition members in the legislature see the point?

DAYLIGHT SAVING.

It was necessary at last night's meeting in the Red Triangle for one or two speakers to combat the assertion that those who favor daylight saving are trying "to put one over on the working-man." The working men of the United States are in favor of daylight saving. The Trades and Labor Council of Montreal are in its favor. In St. John there are probably more working men for it than against it. There is no suggestion of longer hours or reduced pay or any infringement of the rights of working men or other men.

The decision of a great number of merchants to adopt daylight saving will no doubt influence all the rest, and whether the city council acts or not the new time will come into general effect in St. John as in other cities. The additional hour of daylight will be a boon to the people. The present state of confusion is intolerable. If St. John goes through the summer with one time for the railroads and most of the business establishments and another for the rest of the community we will not only have endless confusion and trouble ourselves but the misunderstandings and inconvenience caused to visitors will cause them to set this city down as a back number among progressive places.

ISOLATED PUPILS.

A report was recently laid before the municipal council relative to children in isolated portions of St. John county without any school privileges. No doubt there are some such in other counties. It is therefore interesting to note the remarks of Chief Superintendent Carter on this subject, in his annual report. He says:

"In different parts of the province there are unorganized school districts, having too few ratepayers to provide school officers or to support a school. I have accordingly recommended that legislation be sought to set aside a sum not exceeding \$5,000 per year to provide school privileges for isolated pupils, either by paying the board of these pupils in districts maintaining schools or providing for their conveyance to the same. To give an example, some criticism has been made of isolated families in almost deserted districts in St. John county. This county perhaps has more of such districts than any other in proportion to its area, caused largely by the farms being bought up by lumber operators. In St. Martins, I think, there is now no organized district from Salmon River to Martins Head. There may be an isolated family or two. The districts along the Old Quaco Road are practically deserted and some of the existing schools in the parish have very few pupils. In Simonds, such districts as West Beach, Church Hill and Hibernia have become extinct with the exception of one or two families. In Musquash, such districts as Cranberry Head, Hargreaves and until recently Little Lepreaux have not had enough pupils to constitute a school. For children living in districts such as these, outside provision is necessary. Parish school boards would solve the difficulty, the rich districts would help the poor."

It may be hoped that Dr. Carter's recommendation will be adopted. It is not creditable to the province that there should be, anywhere within its bounds, a family of children growing up in utter ignorance. In some cases the parents do not care whether their children get schooling or not. Such cases may be rare, but there are some, and here the state must intervene for its own protection, while those who would be glad to send their children to school but have none in the neighborhood must be helped in some way. Dr. Carter suggests a way.

It is necessary to have faith in relation to the proceedings in Paris, just as it was many times during the progress of the war, when the outlook was far from bright. Reading the Paris news from day to day one becomes somewhat discouraged at times, because it seems as if the high resolve which won the war were giving way to a grasping spirit that would stand squarely in the way of enduring peace. At such times let us remember the dark days of the war, and have faith.

The general adoption of daylight saving would get us out of a very unsatisfactory situation.

Prompt measures to protect the roads while the frost is coming out will be approved by the people.

The project of having the harbor taken and St. John made a narrow brighter.

Lock ahead one hour to in the procession.

PEACE AT THE MINES.

Scottish and British Workers Endorse Government Terms.

London, April 1.—Delegates of Scottish miners, meeting in Glasgow, have endorsed the government's terms as to wages and working conditions based on the recent report of the coal commission of which Justice Sir John Sankey is chairman, and have advised the miners to accept them. Similar action has been taken by the miners' association in the Yorkshire and Cleveland fields, while the Lancashire miners are reported to be generally satisfied.

A Pittsfield deacon was charged the other day to find that he was going about with a "No-hoe, no-work" button pinned prominently on his coat.

"His Master's Voice" Records Out to-day for April

JOHN STEEL

With a voice like John McCormack. Here is a record by a new singer, LIEUT. JOHN STEEL. He first sang in a boy's choir when ten years old and commenced to study under the best teachers in New York, and before the age of sixteen he had developed a wonderful tenor voice. Later studying in Paris with Jean de Reszke, under whom he made wonderful progress. Returning to America; only last September, he immediately scored a triumph in light opera, creating a sensation wherever he appeared.

Mr. Walter Rogers, the eminent conductor who has directed the recording of all the world's greatest artists in the Victor Laboratory said: "I think John Steel's voice is one of the most beautiful I ever heard."

Many critics who have heard John Steel have expressed how much his voice resembles that of John McCormack; so clearly in fact, that he has had to become a fortunate rival of that celebrated artist.

\$1.50 for 12-inch Double-Sided 235000 "Some Day I'll Come Back to You" and "Roses" John Steel of course makes records exclusively for "HIS MASTER'S VOICE."

Manufactured by BERLINER GRAM-O-PHONE CO., Limited, Montreal.

J. & A. McMILLAN

Wholesale Distributors of Victor Victrolas and Records for Maritime Provinces and Gaspé Coast, P. Q.

We like to give you the best always. But it is difficult to pick out any record on this month's list better than any of the rest. "My Barney Lies Over the Ocean," by Billy Murray, is a snappy song. When Barney writes he addresses his best girl as "Ma Cherie," and she is perfectly sure he got the letters mixed with some other girl's. "Johnny's in Town," by Arthur Fields. When you want to call someone up on the 'phone, you find the line is busy and you Johnny, is back and handing out a line of chatter to the girls. This record is a dandy, 10 in. Victor, 90 cents. Hear it at

Open Nights. Phone M. 1933-31. KERRETT'S, 222 UNION ST. Phonographs Repaired.

DOMINION CORSET COMPANY, — Montreal — Quebec — Toronto.

## The Story of the Diamond

### Chapter 6.—Where Found.

The diamond is a cosmopolitan stone—it has been found even in meteoric stones, the result of intense heat and pressure, as crystallized carbon.

It has been found in almost all quarters of the globe, although in few areas of Europe outside of the Ural Mountains.

India, South America, South Africa, Australia, Queensland, New South Wales, the sea sands of New England (although never showing any signs of being water-worn).— 18 or 20 states of the Union—one stone of 25 carats weight from "away down in Old Virginia."

We have in our possession one of 33½ carats, which was found some eight or ten years ago in Ontario, within

five hours run of Toronto. Through the kind assistance of Dr. Parkin, formerly of Upper Canada College, now of the Cecil Rhodes Fund, we then secured an interview with DeBeers Diamond Syndicate, of London and South Africa, only to find, however, much to our disappointment, that they did not "enthusiastically" claim all such appearances in America thus far have been traced to glacial action and would not justify the expense of further investigation.

One research party at least from across the line spent considerable time making such investigations in the Hudson Bay district without, however, any satisfactory results.

Tomorrow we'll tell you about the mines of India.

Write for our Year Book—It illustrates our Diamond Rings.

**Not Hopeful Over European Situation**

**Dafoe Fears Spell of Anarchy—Says Wilson First Opposed British Dominion Claims**

Toronto, April 1.—It was President Wilson, according to J. W. Dafoe, Canadian Press correspondent at the peace conference, who addressed the Canadian Club yesterday, who first opposed the claim of the British overseas dominions for second rate power representation at the peace conference.

"I am not breaking any confidence," said Mr. Dafoe, "when I tell you that initial opposition came from our neighbors to the south."

Mr. Dafoe said the real reason for the peace conference delay was that the world statesmen could not agree on what kind of a peace they wanted. There were two conflicting view-points, one of casting loose from old traditions and all that they implied, and the other that the old order of things must continue and any other outlook was impracticable idealism.

As to the possibilities of peace, Mr. Dafoe said—"I am afraid I cannot give you anything very definite or tell you anything very encouraging. The situation in Europe, to my mind, is fraught with possibilities of disaster. Whether greater wisdom, greater expedition could have reduced these possibilities or not, I am not prepared to say. They may cope with it yet, but it is conceivable that the European continent will have a spell of anarchy."

**KEEP LUXURIES TAX. SAYS FRENCH SENATE.**

Paris, April 1.—By a vote of 140 to 80, the senate last night endorsed the government's demand for the retention of the luxuries tax.

There were violent protests in the chamber against the senate's action, deputies who advocated the suppression of the luxuries tax urging that it was not wanted by merchants and workmen.

**Y. W. C. A. GIRLS' CABINET.**

A meeting of the Girls' Cabinet was held in the Y. W. C. A. rooms in King street last evening, the president, Miss Jean Sommerville, being in the chair. It was decided that the first Monday of each month should be the regular day of meeting and plans were discussed for making the next meeting a model exposition of the Canadian girls in training

course. The summer camp was also spoken of. Reports were handed in of

the excellent progress that has been made in the various Sunday schools in following the Canadian girls in training programme.

## Dominion Friction Surface Belting Gives Long and Continuous Service

Here is an instance where one Dominion Friction Surface Belt outlasted four other belts.

The St. Maurice Paper Co., Limited, Three Rivers, Quebec, has a particularly heavy drive with constantly changing load. During the first 21 months after its installation the belts of four different manufacturers failed completely.

Our engineers made a careful study of this drive and recommended a Dominion Friction Surface belt of a special type that has more than made good our claims of superiority.

Last August The St. Maurice Co. wrote us that our belt had "operated the drive without the slightest trouble or the loss of one minute" and that "it looks good for many more months of service."

Our belting experts will be glad to study your belting equipment with a view to making only such recommendations as will cut belting costs or increase the output of your plant.

This service is within your reach, by phone, wire or letter to our nearest service branch and is free of cost to all users of belting.

DEMAND FOR NEW LEADERS

FOR OPPOSITION

Fredericton Cleaner Says This Is Necessary

Sharp Comment by Moncton Times; Moncton Transcript Says Four Men Should be Expelled From House

Toronto Globe—"Judging by the New Brunswick scandal, some of the members of the legislature are small potatoes."

The opposition, too, have placed themselves in an awkward position by their amendment to the government motion. This amendment expresses the opinion that the facts disclosed warrant a motion expressing regret that greater care was not exercised and deprecating the suppression of facts.

In dealing with the public men who had been so roundly condemned by a royal commission, Premier Foster and his colleagues adopted a bold and courageous policy and their action is certain to meet with hearty approval of all lovers of clean politics in the province.

When Premier Foster and his colleagues were in opposition, battling on the side of the people against an administration which had become notorious because of numerous scandals, they pledged themselves that if entrusted with the reins of power they would make a thorough house-cleaning.

The Times was not disposed to defend all that was done by a former government of this province in the potato business. In some respects very poor judgment was shown and questionable methods resorted to.

Should the four members who have been censured by the provincial legislature and invited to resign their seats in that House because of their course, which had been condemned by a royal commission, be permitted to continue to sit in the legislature?

Should the four members who have been censured by the provincial legislature and invited to resign their seats in that House because of their course, which had been condemned by a royal commission, be permitted to continue to sit in the legislature?

BROTHER OF SAINT JOHN MAN KILLED

Oscar M. Lyon Meets Fearful Death in Maine

Neck Broken and Legs Amputated When, Evidently, he Jumped From Freight Train at Station Where he Was Telegraph Operator

A shocking accident occurred at Morrill, Me., on March 24 which brought death to Oscar M. Lyon, formerly of Armstrong's Corner, Queens county. The body was taken to Gaspeaux Station for burial.

The exact circumstances are not known as there was no eye-witness to his terrible death. Mr. Lyon was night operator at Morrill, Me., and lived with his wife and three small children at Greenville Junction, about seven miles away from where he worked.

There were three operators at Morrill but one had been ill and Mr. Lyon and the other were working the shift between them. He left his home a little after supper and boarded a freight train at Greenville, not waiting for the regular. As he evidently jumped the train as the freight did not stop. This was the last seen of him alive.

The day operator at Greenville waited for Mr. Lyon to relieve him but when he failed to put in an appearance he went out on the platform to look for him. He was startled when he saw the man, fearfully mangled and lying on the ground.

Mr. Lyon was thirty years of age. He leaves his wife, who was formerly Miss Ida Perkins of Gaspeaux Station, three small children, his parents, Mr. and Mrs. Wallace Lyon of Armstrong's Corner and three brothers, Geo. C. Leslie O. at home and James T. of West St. John.

Archangel, March 31.—(By the Associated Press)—Bolshevik artillery submitted the Allied railway front and positions south of Odessa in many weeks yesterday. In the meantime the Bolsheviks were moving considerable forces through the woods and attempted a surprise.

The weather was mild and sunny and an enemy observation balloon was up almost all day spotting the effect of shells. An enemy airplane dropped a bomb on a village north of Odessa which did no damage reported.

The Allied positions along the front line are strong, with blockhouses guarding the flanks and snow trenches built up with log barricades, while there are ample dugouts to shelter all the Allied forces. The Allied artillery here is probably equal to that of the enemy's.

West of Odessa the artillery of the Allies is still shelling Bolshevik positions and explosions occurred in that village on Sunday.

Paris, March 31.—(By the Associated Press)—All women between 18 and 35 years living in the city of Pskov, Russia, were ordered on March 31 by the so-called Bolshevik government in Estonia to register with a view to doing military duty, says a report just received by the Estonian staff headquarters.

The report adds that the Bolsheviks had 60,000 men on the Estonian front on March 8, including 25,000 infantry, with ninety-five cannon, thirty heavy pieces of artillery and six armored trains.

FOR THE KIDDIES OF LAND DEVASTATED BY GERMANIES.

Paris, April 1.—(Havas Agency)—Queen Marie of Roumania has accepted an invitation from the Parisian press to attend a matinee this afternoon for the benefit of children living in regions devastated by the war. She donated 10,000 francs to be added to the proceeds.

They had spent the day in a cold, driving rain fishing, and were returning with empty baskets and tired tempers. As they entered the village a large dog ran at them, barking furiously. One of the fishermen kicked it away carelessly. "Aren't you afraid he will go for you if you do that?" asked his friend.

His companion looked sadly and sorrowfully into his face.

"I only wish he would," was the other's reply. "I'd chance almost anything to be able to go home and say I'd 'd a bite!'"

GAS KILLS WOMAN AND MAN IN MONTREAL

Montreal, April 1.—Two persons met their death by gas asphyxiation yesterday, while a third is in the Montreal General Hospital in a critical condition.

The first victim of gas was Mrs. S. Perault, forty-seven years of age, of 88 Shepard street, who was found dead in bed. The second was Joseph Benard, twenty-eight years of age, of St. Laurent de St. Francois, who was visiting Louis Delisle, thirty-five years of age of 180 Lagaciere street east. Delisle is the third victim of gas fumes and is now in hospital, where it is reported that his chances of recovery are not very promising.

It is thought that Mrs. Perault accidentally left the gas jet open when going to bed the night before. Benard and Delisle had both hung their coats on the gas chandelier and thereby accidentally opened the jets.

Pensacola, Fla., April 1.—Three naval aviators were killed and another badly injured here yesterday in a collision between two seaplanes flying over Santa Rosa Island. The dead, Ensign Carl H. Weigel, of Baltimore, Ensign H. A. Robinson of Coldwater, Mich. and Chief Quartermaster's Mate Eldon H. Treux of St. Louis. Ensign J. R. Simpson of Anderson, S. C., who was injured was reported as having a fair chance of recovery.

Keep The Bowels Regular And You Won't Be Sick

If the bowels do not move regularly, they will, sooner or later, become constipated, and constipation is productive of more ill-health than almost any other trouble.

The sole cause of constipation is an inactive liver, and unless the liver is kept active, you may be sure that headaches, floating specks before the eyes, and many other troubles will follow the wrong action of this one of the most important organs of the body.

Milburn's Laxative Pills will regulate the bowels so that you will have a free and easy motion every day, and one pill a night for thirty days will cure the worst cases of constipation.

They do this by acting directly on the liver and making the bile pass through the bowels instead of allowing it to get into the blood, thus causing many stomach and bowel troubles.

Mrs. Jos. Lebre, Louise Apts., Calgary, Alta., writes:—"I have been troubled with constipation for the last two years. I have tried numerous treatments, but have never been relieved by anything but Milburn's Laxative Liver Pills which are helping me wonderfully."

We do not claim that Milburn's Laxative Liver Pills are a "cure-all," but we do claim that there is nothing better for a sluggish liver.

Price 25c a vial at all dealers, or mail-order. In the absence of a receipt from The T. Milburn Co., Limited, Toronto, Ont.

RADICAL CHANGE IN DIRECTORATE OF NOVA SCOTIA TRAM.

Halifax, N. S., March 31.—At the annual meeting of the shareholders of the Nova Scotia Tramways & Power Company today, E. A. Robert, of Montreal, and all the old board except H. R. Malison went off the board of directors.

The new board is as follows: W. H. Covert, K. C. Halifax; H. R. Malison, Halifax; F. B. Adams, New York; F. P. Boyce, Boston; M. F. Sperry, Boston; L. B. Buchanan, Boston; W. C. Crawford, Boston; M. M. Phinney, Boston; Royce Ernst, Boston.

The directors will meet later on to elect a president. The change in the personnel of the directorate, does not, it is said, indicate any change in control.

Sir Robert Home: "The unemployment donation is payable now to civilian workers for a period of thirteen weeks. The first period of thirteen weeks is just about to expire. The government will continue the donation for another thirteen weeks, but at a lower figure, and in the case of men, instead

AT FREDERICTON

Fred Magee Continues Debate On Budget

The Story of a Contract With Request Made to Geo. B. Jones, M. P. P., to Pay Interest—His Statement

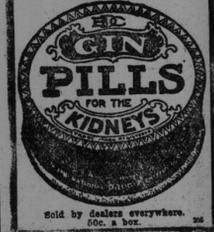

Fredericton, N. B., March 31.—The affairs of the province were dealt with in a business-like speech, replete with practical suggestions, by Fred Magee, of Westmorland, who continued the debate on the budget this evening after Mr. Potts had talked for an hour on various subjects. Mr. Magee has the ability to say a lot in a short time, and while his speech was comparatively brief, it was packed with telling arguments, valuable facts and suggestions worthy of consideration. When he drew his remarks to a close he received the unusual compliment of requests to continue from both sides of the house.

Sympathetic reference to the death of the clerk of the legislature marked the opening of Mr. Magee's remarks, and he also paid a high tribute to the memory of Sir Wilfrid Laurier. Continuing with reference to the latter he suggested in a semi-serious way that Canada might follow the example of the United States, naming public holidays after her famous statesmen, saying that we will might observe a day in honor of Sir Wilfrid Laurier, and call it "Tolerance Day," a day on which Canadians might reflect on those things which would make an entente cordiale something more than an academic suggestion.

Dealing with Mr. Potts' plea for the abolition of the French language, Mr. Magee pointed out how foreign this was to British ideas of colonization, and made

BACK-ACHE!

You will NEVER get rid of that pain in the back until your kidneys are performing their proper function. Take

Sold by dealers everywhere. 50c. a box.

Eyes Strained?

If your eyes are work-strained or tired, if your vision is dim or blurred, if it bothers you to read, if your eyes burn or itch or ache, if you wear glasses, get a bottle of Bon-Opto tablets from your druggist, dissolve one in a fourth of a glass of water and use from two to four times a day to bathe the eyes. Bon-Opto has brought comfort and relief to thousands and thousands.

Notes Doctors say Bon-Opto strengthens eyesight 80% in a week's time in many instances. Watsons Drug Store and others.

The counter suggestion that every one in Canada should be taught both languages. The methods of the past and present administrations were compared by reference to the amounts collected by each from stampage and also the fact that

Coughs, Colds, Bronchitis

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhose is breathed into the nose, irritated throat and bronchial tubes that its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhose never fails to cure Coughs, Colds, Catarrh, Asthma, Bronchitis or Throat Trouble.

The wonderfully-soothing vapor of Catarrhose instantly reaches the furthest recesses of the lungs, produces a healing curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and falls entirely to help the throat or lungs.

Catarrhose

Just Breathe It

To permanently cure your winter ill coughs, sneezes and Catarrh, by all means use a tried and proven remedy like Catarrhose. But beware of the substitute. Large outlets last two months, cost \$1.00, small size 50c., trial size 25c., at dealers everywhere.

D. D. D.

The Liquid Wash for Skin Disease

We have witnessed such remarkable results with this soothing wash of oils that it offers you a little on the same for you, it costs you not a cent.

E. Clinton Brown, druggist, St. John.

while the previous government had increased the revenue at the rate of \$45,000 a year, the increase has been at the rate of \$167,000 since the Foster government took office.

Strong emphasis was laid on the need of greater revenue to put the province on a sound financial footing, and Mr. Magee suggested as a method of increasing the territorial revenue a new method of stampage assessment, under which operators would pay in inverse ratio to the cost of getting out their logs. Briefly the plan would be to assess the cost of getting out a half million dollars to the revenue. The transfer of the Valley railway to the federal government would increase the source of increasing the available revenue by reducing the interest liability.

He believed that municipalities should contribute more to the upkeep of the Provincial Hospital to meet the higher cost of operation, and saw the motor vehicle tax as another source of income. The chief source to which the government should look, however, was the federal government, and Mr. Magee presented substantial arguments why the Dominion subsidy should be increased largely. In order to secure what he regarded as the right of a check for the Nova Scotia, Mr. Magee urged against the union of the maritime provinces.

"We cannot go on piling up the debt of these provinces," he said. "We must get more funds and must we raise the cry of secession before we can secure the amount to which we are entitled from Ottawa?" For himself he would be willing to drop out of public life in order to do his part in bringing about the union of the maritime provinces.

When the house opened this evening, Premier Foster called on Mr. Dibble, clerk of the House, and announced that the House would not meet until 8 o'clock on Tuesday in order to give the members opportunity to attend his funeral. Sympathetic reference was made also to the loss which Hon. Dr. Robegz had sustained, and which had prevented his attendance in the house.

Weak, Nervous Children

Quickly Gain Strength Under Following Plan

Nervousness, just like weakness, is a family predisposition. We inherit tendencies to disease just as we inherit physical resemblances. The strain of study, social duties, work, and home cares all tend to make nervous troubles among children. No wonder that St. Vitus Dance, Epilepsy, and constant headaches have become alarmingly common. Pale, nervous, restless young people are met everywhere.

It is nothing short of criminal for parents to neglect signs of weakness in their children. By ignoring the slightest symptom of nervous or mental strain, you may condemn your child to life-long invalidism. If any member of your family complains of headaches, fear of going into dark places, give them that wonderful tonic, "Ferrozone." Strength of body and mind, hardy nerves, ability to study with comfort, all the attributes of health, quickly follow the use of Ferrozone. It establishes strength, color, endurance, vim—does this by filling the whole system with nourishment and tissue-forming materials.

It's because we know the enormous good that Ferrozone will do, because we are sure every child will benefit, that we urge you to give it a trial. All dealers sell Ferrozone in 50c. boxes, six \$2.50, or direct by mail from The Catarrhose Co., Kingston, Ont.

The joy of feeling fit and fresh rewards those who heed the laws of health, and keep the habits regular with

LEECHMAN'S PILLS

received this amount and that Mr. Jones had the money. The minister, Hon. Mr. Veniot, then wrote Mr. Jones drawing attention to these facts, asking for the return of this money and requesting that interest at five per cent be added. Mr. Jones replied enclosing a check for the net amount, without the interest and alleging that it had been left in his hands to be paid Connolly Bros., on the order of the department when the work was satisfactorily completed. In so doing, Hon. Mr. Veniot pointed out that the instructions were not as stated by Mr. Jones, but to pay for the work done by the late Hon. Connolly Bros. had sold the stone to other persons.

When the new contract was let the contractors were compelled to pay a higher price for the granite for which they are seeking extras.

In view of these facts the minister again asked for the return of the money for the twenty-three months it had been in Mr. Jones' possession. Mr. Jones did not reply to this letter.

Later in the evening after Mr. Potts had spoken, Mr. Jones rose on a question of privilege, and made a lengthy statement, reading considerable correspondence. He said that the money had been sent to him to see that the interests of the province were safeguarded and that he had not paid it over because the stone had not been delivered.

He added that he made this statement to prevent the government newspapers carrying big headlines saying "Another case of graft where Jones is concerned." Mr. Jones closed with the statement that he had never profited by his seat in the house, but had gone about himself trying to make things better.

Hon. Mr. Foster moved that the time for introducing private bills be extended until Wednesday next inclusive.

Hon. Mr. Veniot introduced a bill to confirm an agreement between the minister of public works and the Railway Company. He explained that the bill had reference to the tolls which the company was to pay for the use of the Falls bridge and would take the place of an agreement entered into several years ago which had disappeared.

Hon. Mr. Foster requested leave to absent himself on account of family matters.

Mr. Baxter said he felt sure that Hon. Mr. Roberts had the sympathy of all honorable members in the bereavement that had come upon him.

Mr. Foster, on behalf of Hon. Mr. Roberts, presented the petition of the municipality of St. John, for an amendment to the act relating to the government of St. John by an electric commission.

Hon. Mr. Murray introduced a bill to amend the act which provides for the division of the province into counties and parishes. He explained that the object of the bill was to change the boundary between the parishes of South Esk and Derby in the county of Northumberland.

Mr. Burchill said that a petition similar to the bill which his honorable colleague had been before the standing rules committee and had been held over for further consideration. He did not see how the bill could be introduced under the circumstances.

Mr. Baxter thought the speaker should give a decision with reference to the bill. The speaker expressed the opinion that the bill was properly a government measure and had it read the first time.

IN PARLIAMENT

Ottawa, March 31.—In the house of commons today Hon. S. C. McEburn, minister of militia, stated that, including those in Canada, a total of 164,621 soldiers had been demobilized since the armistice was signed. Since the armistice 121,979 had been moved across the ocean. At the present time, he stated, there are 8,078 Canadian soldiers crossing to Canada.

Ernest LaPointe asked General McEburn if he had any information to give the house in regard to the Siberian expeditionary force. General McEburn replied that arrangements had been completed for returning the Canadian Siberian expeditionary force. He could not say the date of its return as the British government had requested that it be kept secret for the present.

Major Power also asked if the government was aware that in certain of the large cities, notably Montreal and Toronto, an organization was on foot for the purpose of advancing money to returned soldiers at usurious interest, against their post discharge pay and war service gratuities. It was told that the militia department had no knowledge on the subject.

Mr. F. B. McCurdy's resolution calling for a preference for wounded soldiers in the filling of civil service vacancies met with a great deal of approval but was not pressed in view of a statement by Hon. A. K. McLean that the matter would be dealt with in amendments to the civil service act to be introduced within the next few weeks.

Mr. Nickle suggested that the government should insure all returned men as against industrial disability. The cost of this, he estimated, at about \$1,000,000 a year, and he thought it should be kept in force for about five years. He would suggest that it apply to soldiers who had done at least six months or a year's service.

In answer to a question by Mr. J. A. Maharg, it was stated that the total amount levied under the war profits tax was \$73,167,443.

DISAGREEMENT AND ACQUITTAL IN CASE OF JACK HAYES

At a resumed sitting of the county court yesterday, His Honor Judge Armstrong presiding, the case of the King's case was charged with breaking and entering the premises of the O'Neill pharmacy vendors premises, at the corner of Richmond and Brussels streets, and stealing liquor. At the morning's sitting, a jury was selected, and evidence was taken in the case. The charge was given by the police, D. Mullin, K. C. appeared for the defendant, and C. H. Ferguson for the crown.

The jury disagreed on one count of the indictment. On the breaking and entering charge they found the prisoner not guilty, on the charge of theft they disagreed, standing tenuo two for the indictment.

ODDELLOWS FAIR.

There was a large attendance at the Oddfellows fair in West St. John last night and the lucky winner of the door prize, which was a load of coal, was L. McLean. The other prize winners were Miss Eva Robson, in ladies' bean bag contest; Fred Long, in air gun competition; and Oscar Jones, in gentlemen's bean bag toss. The fair will be continued until this week with special attractions.

\$50—NO BENEFIT

This money might have been saved by Mr. Z. D'Muro of 722 Papineau Ave., Montreal, had he only known of Zam-Buk sooner. Writing to the proprietors of Zam-Buk, a short time ago, he said: "For over a year I suffered with eczema which nothing seemed able to cure. I had treatment from three doctors, which cost me \$50, but none of them were able to cure me. I suffered intensely from the irritation and pain, and I thought I should never get relief, until one day a friend told me about Zam-Buk and I started using it right away. From the very first application I felt better. Zam-Buk relieved the irritation and seemed to cool and soothe the sores. Gradually the sores began to heal and, with perseverance, Zam-Buk completely rid me of the disease. I would like to be able to tell all sufferers from eczema to stop experimenting with useless remedies and use Zam-Buk. By using this balm in the first place they would save themselves needless suffering and expense. It is not only for skin troubles, boils, rashes, pimples, and abscesses and ulcers, but also for cuts, burrs, and scalds, for which it is indispensable. Get a box to-day, it will keep indefinitely and still retain its strength and purity. All dealers, 50c. box."

CUSTOMS RECEIPTS.

The customs receipts for the port of St. John for the year ended March 31, 1919, show a falling off of \$45,742.18 from the figures for the previous year, according to the official statement issued yesterday. For the year 1918-1919 ending March 31 the customs receipts were \$3,278,114.87, and for the year 1917-1918, they amounted to \$3,323,857.05.

SMOKE MACDONALD'S INDEX

NO BUSINESS WITH ENEMY. Melbourne, Australia, March 21.—Canadian Press despatch from Kuter's, Limited—Two leading firms of Australian manufacturing chemists have received requests by a New York German firm for resumption of business relations. They were promptly and emphatically refused.

MUNICIPAL CHAPTER MEETS.

The newly formed municipal chapter of the I. O. O. F. E. held its first executive meeting yesterday with the regent, Mrs. Hugh Mackay presiding and nine members in attendance. The chapter, with regret, was forced to accept Miss Helen Sydney Smith's resignation from the office of treasurer and appointed in her stead Mrs. D. S. Lawrence McLaren, regent of the Valcartier chapter. Chief business of the meeting was concerned with the discussion of the constitution of the municipal chapter and it was decided to hold executive meetings on the last Monday of each month. The chapter placed itself on record as being strongly in favor of the adoption of Daylight Saving Time by the city.

Greek Steamer at Halifax.

Halifax, March 31.—The Greek steamer Iohanne arrived today from Piraeus, Greece, in ballast. The Iohanne sailed from Piraeus Feb. 16. After coaling she will proceed to St. John to load. The captain and crew have a very indifferent command of the English language.

SAVE YOUR HAIR!

A SMALL BOTTLE STOPS DANDRUFF

Every Bit of Dandruff Disappears and Hair Stops Coming Out

Try This! Your Hair Appears Glossy, Abundant, Wavy and Beautiful

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the scalp of its lustre, its strength and its very life; eventually producing a ferociousness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine's Daylight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

DON'T COUGH AT NIGHT

Don't let that irritating tickling in the throat keep you coughing most of the night. Don't let it annoy you during the day. Stop it—cure it completely with

NADRUCO Syrup of Tar with Cod Liver Oil Compound

It breaks up the cold; heals the inflamed membranes of the throat; relieves, soothes, cures. It's wonderful how much better even a few doses will make you feel. Very pleasant to the taste; even children like it. Keep a bottle always in the house.

Sold by all good Druggists—35c. Manufactured by NATIONAL DRUGS AND CHEMICAL CO. of Canada, Limited.

In the Springtime

It's just at this time of the year that we need something taken from Nature to restore the vital forces.

People get sick because they go away from Nature, and the only way to get well is to go back. Something grows out of the ground in the form of vegetation to cure almost every ill. Some of these vegetable growths are understood by man, and some are not. Animals, it would seem, know what to do when they are sick better than men and women. Observers have noted that a sick horse, dog, or cat will stop eating food and seek out some vegetable growth in the field or yard, which, when found and eaten, often restores appetite and health. Haven't you seen these animals do this very thing yourself?

Dr. Pierce, of Buffalo, N. Y., long since found herbs and roots provided by Nature to overcome constipation,

IS YOUR BLOOD STARVING FOR WANT OF IRON?

Iron is Red Blood Food—It Helps to Put Strength and Energy into the Veins of Men and Women. Why Nuxated Iron so Quickly Builds up Weak, Nervous, Run-down People.

Thousands of men and women are impairing their constitutions, laying themselves open to illness and literally losing their grip on health, simply because their blood is thinning out and possibly starving through lack of iron. Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of the virile force, that stamina and strength of will which are no necessary to success and power form a beautiful, sweet-tempered woman into one who is cross, nervous and irritable.

Iron is absolutely essential to enable your blood to transform the food you eat into muscular tissue and brain. It is through iron in the red coloring matter of the blood, that life-sustaining oxygen enters the body. Without iron there is no strength, vitality and endurance to combat obstacles or withstand severe strains. Contrary to general opinion lack of iron in the blood does not necessarily mean you do not have enough blood, but it means your blood is not of the right kind. To help time while taking iron in the proper form. Nuxated Iron is now being used by over three million people annually, and the manufacturers guarantee successful and entirely satisfactory results from its use. It is easily assimilated, does not injure the teeth, make them black nor upset the stomach. No your money. It is dispensed in this city matter: what other; tonic; or iron remedies you have used without success, if druggists.

The Vegetable Extracts, which are used exclusively in the making of our celebrated specific for diseases of the Throat, Bronchitis, Tubercles and Lungs were originally prepared in the countries where they were grown; but experience has taught us that the extraction of the active ingredients would be more accurately made in our own modern Laboratories, as the quality of the final products is higher. These are the clean facts which have made DR. J. O. LAMBERT'S SYRUP the great remedy which is used in practically every home today—Once Used, Always Used.

Dr. J. O. LAMBERT'S SYRUP

If you cure your Cold with DR. J. O. LAMBERT'S SYRUP, you need have no fear of Consumption

Never forget that DR. J. O. LAMBERT'S SYRUP (the best that Science, Experiment and Capital can produce), is absolutely pure. We give it our guarantee. It is the only medicinal kind that does not contain dangerous drugs, such as MORPHINE, OPIUM, CODEINE, COCAINE, etc., etc., and it positively cures Coughs, Colds, Bronchitis, Catarrh, Asthma, Croup, Consumption in its first stages, etc. It is scientific, cally prepared to suit the constitution of everyone, from the child in the cradle to the aged person, and it taken morning and night will prevent Consumption. On sale everywhere. DR. J. O. LAMBERT, LIMITED, MONTREAL AND NEW YORK. The largest manufacturers of Syrups for Coughs, Colds, etc. (anti-consumption) in the British Empire. See our \$1,000 challenge.

**Merchants To Change Clocks**

**Under Daylight Saving Time Here Tomorrow—Only 12 Opponents at Meeting Last Night**

To end the confusion and general inconvenience to employers and employees from two systems of reckoning time practically all the wholesale and retail business houses of the city will adopt daylight time tomorrow morning and thus fall into line with the railroads, postoffice, express companies and newspaper offices. As the result of a preliminary meeting of prominent merchants at the board of trade rooms yesterday a petition favoring summer time was placed in circulation and signed by nearly all the merchants in the central part of the city. The agreement was ratified last evening at a largely attended mass meeting of merchants and others held in the Red Triangle rooms. The question of asking the mayor and city council to make the daylight system

general in the city was considered, but it was finally decided not to petition the mayor and commissioners. As a result of last night's meeting most of the confusion will be impossible and after today it is expected affairs will settle down to normal. The meeting was called to order by A. O. Skinner and on motion of R. B. Emerson,

years ago, he did not think the council could make the matter up without a plebiscite. Yesterday a number of King street merchants met at the board of trade rooms and it was the unanimous opinion that the two times were causing confusion in the transfer of freight, shipment of goods and getting the employees in and out. It was decided to circulate papers favoring daylight time for adoption Wednesday morning. The papers were largely signed and the meeting would be called upon to ratify the agreement.

Mr. Emerson, who said he was in accord with the daylight plan, moved that the meeting adopt as a resolution the agreement signed. Even if the mayor and council did not adopt the new time he thought the business men should.

F. A. Dykeman suggested that the city be petitioned to enact daylight time. Peter Clinch thought that the business men would be just where they started if the city refused. Mr. Daniel suggested that the business men should adopt the daylight time and petition the city as well.

Mr. Daniel, in explaining the object of the meeting, said that Mr. Allison had called on the mayor and asked him if he would consider a petition in favor of daylight saving time. The mayor said that from past experience, such as when the project was turned down two

**HEDGES, PERMANENT RECEIVER, TO PROBE NEW YORK LINES**

New York, March 31—Job E. Hedges, recently appointed by Federal Judge Mayer as temporary receiver of the New York Railway Company, was named by him today as permanent receiver. In making the appointment, Judge Mayer said a thorough investigation of the company which operates nearly all the surface cars in Manhattan would be instituted, and predicted that should an increase in fares prove necessary "the public, which is fair and reasonable, would support such remedy." At the time the company was placed in a receiver's hands, Theodore H. Shonts, its president, asserted an eight-cent fare, with three cents charge for transfers, was necessary to make the lines pay.

**Gold Soap**

A cake of Gold Soap is not only big but solid. It wears away slowly and evenly without crumbling or softening. It can be used down to the thinnest wafer. For this reason alone, Gold Soap is more economical than ordinary laundry soap,—it goes farther. But a cake of Gold Soap is bigger than any other laundry soap at the same price,—more soap for your money. It also is better soap—made only from the best materials suitable for laundry use.

Gold Soap is made in the Procter & Gamble Factories at Hamilton, Canada.

**Gold Soap**

The Big Good Laundry Soap

The medium broad high toe is popular with many men who want a roomy wide-fitting shoe. Blucher, black or brown leathers.

**An "Active" Type of Boot**

FOR the man who is much upon his feet, and especially for those who have been in military service, the medium broad, high toe is often preferred. And when carefully fitted, this type of boot will not only give the maximum comfort and service, but will retain its neat appearance.

The model shown above is made in several grades in either black or brown leather. You will find it excellent value for the money, no matter which grade you may select. The difference in price is due entirely to the different grades and weights of material which is used. The workmanship is the same throughout.

Our booklet "How to Buy Shoes" will help you to secure better satisfaction for your money, no matter what type of shoes you prefer. It is sent gladly to any address in Canada, upon request to our head office at Montreal.

London, March 31—(British Wireless Service)—In connection with the discussion which has been carried on in the German press as to whether Prince Max of Baden, then imperial chancellor, took the initiative in demanding and in offering peace in October last, the Wolff Bureau publishes a letter from Field Marshal Von Hindenburg, dated Oct. 30, which shows that on that date German army headquarters confirmed the demand it had made already in September that such peace offers should be made.

Following Captain Bennett, Lieut. L. F. Mitchell, of the royal air force, testified that he once tried to wrench a compass from the airplane and by brandishing it succeeded in putting to flight three Germans and in capturing one of the enemy.

Wolf Bureau, the government had no choice but to take steps at once to obtain an armistice and to offer to conclude peace. There are several of these taxicab drivers about, mostly ex-army men. If all the demobilized men could bring the same courteous and civil (not servile) spirit into our midst again it would be a good thing for everyone.

Remember this—when you buy a Pippin Cigar you buy a St. John Product— One that ranks high in Cigardom—higher than any 7c Cigar in North America. 4 for a quarter.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions, a change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day.

LOCAL NEWS

KINGS COUNTY COURT. The second quarterly sitting of the Kings county court is being held today. It is expected that a large docket will be before the court.

MEETING POSTPONED. A meeting of the Board of Health which was to be held today was postponed for a week on account of the death of Miss Kelly, daughter of John Kelly, chairman of the board.

AN INCREASE. The St. John customs returns for March show a decided gain over the corresponding month last year. They were \$372,760.84 as compared with \$219,717.70.

SAVINGS BANK. The monthly report of the Dominion Savings Bank shows that the sum of \$64,826.41 was deposited and \$28,771.28 withdrawn during March. The yearly figures show that deposits amounted to \$733,274.81 and withdrawals \$1,820,512.47.

ON SAD MISSION. Mrs. John F. Kane of Peters street, returned home on Saturday from Boston, where she had gone to attend the funeral of her brother-in-law, Farrell H. Cain, of Randolph, Mass. Much sympathy is extended to his bereaved wife, who was formerly Miss Margaret Kane of Chipman, Queens Co., N. B.

HAMPTON REPORTS MUMPS. An epidemic of mumps has been reported for the board of health in Kings county, reported to the department of health at St. John that several cases of mumps have been discovered in the Hampton Consolidated school. Every precaution is being taken by the department.

MRS. MACAULAY NOW ILL. The illness of Mrs. B. R. Macaulay, 88 Mecklenburg street is gradually worrying her family and friends. A little after her husband's burial she developed symptoms of pneumonia and the disease has now developed. Dr. J. F. Macaulay of Grand Manan, who came to the city for his uncle's funeral is in constant attendance and will not leave the city until his aunt is quite out of danger.

AN ENJOYABLE EVENING. The home of Mr. and Mrs. Thomas Finlay, 64 Erin street, was the scene of a happy event last evening when friends assembled to honor their daughter, Miss Reatha Finlay, on the twentieth anniversary of her birthday. Miss Finlay was the happy recipient of many beautiful gifts. E. E. Coates, on behalf of the ladies and gentlemen present, presented to her a magnificent white willow rocking chair. Refreshments were served and the balance of the evening was spent in games and music.

FOR GARDENS. After today there will be no further choice in the matter of selecting lots in the Manawagonish road for those desiring plots for gardening purposes. Commissioner Bullock said that there were 125 lots in all but that there were applications for a little more than a quarter of this number. There is still time, however, for those who wish to take advantage of the privilege of having free lots to work for gardening purposes but after today the policy will be first come first served.

COVERING MEAT WAGONS. The Times is again requested to call the attention of the health and police authorities to carelessness displayed by wholesale and retail meat dealers in the transportation of meat in large quantities. The stipulation that meat be properly covered is met by throwing coverings over the beef, etc. In dusty weather the meat is not only exposed to the rays of a windy day but the covering is everything else but hygienic. It is understood the new board of health regulations covering this point will be stringent.

POLICE COURT. Harry and Ernest, charged with being drunk and assaulting another man, about 5:15 last evening in Brunsels street, Police court, today. The defendants, Ernest Gunn pleaded guilty to the charges. Both were remanded for further hearing. Victor McLaughlin, a juvenile, was in the police court this morning charged with stealing a chain, the property of E. B. Hogan, 87 Main street. Hogan told the court that he missed a chain a week ago last Saturday and another on last Wednesday. When being shown the chain he identified them as being his. He also said that he had missed several articles during the winter and was never able to get any trace of them. It was by the aid of Detective Saunders that the chains were returned to the owner; he also gave evidence of the arrest. The lads both seemed very penitent.

STREET PAVING—OR NOT. Three of the four sections of the streets proposed to be paved under the terms of the local improvement act have met the same fate, the abutters objecting to bear their share of the paving plans. The first protest was received from the property owners in that section in Germain street proposed to be paved; the other two, Union and Duke streets, followed closely with their statement of objection. Prince William street is yet to be heard from. It is understood that the matter will come before the council meeting this afternoon.

MACLEOD-ELLIS. There was an interesting event at the parlous of Rev. George Morris last evening when Miss Mildred May Ellis, daughter of Mr. and Mrs. Robert Ellis of Mac's Bay, became the bride of Corporal Harris MacLeod, a returned soldier of the American army and son of Mr. and Mrs. John MacLeod of Boston. The bride was most becomingly attired in a sand colored suit and wore a pale pink georgette crepe hat and carried a bouquet of pink roses. She was unattended. Corporal and Mrs. MacLeod left on the Dietry boat this morning on a honeymoon trip. While in the city the bride was the guest of Mrs. Annie G. Ewing, Queen street. The groom's parents came from Boston for the ceremony and were at the Dufferin Hotel.

MARCH SET RECORD

Fifty-One Steamships Arrived at This Port Last Month

A record unprecedented in the history of the port was established last month when fifty-one steamships arrived from trans-Atlantic ports and brought or took away large cargoes. In March, 1918, forty-five steamships arrived and left and this was considered a record which might not be equalled in years. The present outlook is bright for a continuation of this record business during April. A large number of ocean liners are expected to arrive here to convey great lumber and other goods to European ports in addition to six or seven large passenger liners bringing home troops from overseas.

THE NEW PAT HARRINGTON

Boy Comedian of Decade Ago in City Yesterday, a War Veteran

Many will remember a tiny, curly-headed boy who sang and danced in the old Nickel in Caledon street about twelve years ago—little Pat Harrington—a baby comedian. His tremendous success here was only a duplicate of his hit in Montreal. Well, on the Empress of Britain that docked yesterday there was a stalwart soldier who on walking down the gangway looked quickly into the faces of those on the wharf, did some telephoning to acquaintances in town, dropped a note or two and went forward on his train to upper Canada. One of the notes the soldier wrote came to hand last evening. It read: "Dear Andy—I am passing through from the west front and wish I could see you all for a few minutes. I have been in the fighting for three years. How are all the boys, give them my best wishes. Will write fully when I get home. Hastily,—Pat Harrington."

A WARNING WORD ABOUT INFLUENZA

Hon. W. F. Roberts, minister of health, thinks the prevalence of influenza in some of the up-river districts has been proven to be purely an endemic condition—that is a prevalence confined to the district and not spreading in a continuous stretch for long distances. While the trouble is being checked by vigilant measures taken locally and in conjunction with health department, it is felt that the warmer weather of April will stamp out the disease. The health minister, however, is not overly sanguine as to the eventual disappearance of influenza but thinks it is quite liable to crop up again next fall if the people do not exercise the utmost vigilance in their personal hygiene. Such drastic epidemics as the late one, which spread from ocean to ocean and all over the world, are not eradicated in a year or so but flare up again in spots like smouldering fires.

Therefore it behooves organized health bodies, municipal officials and every citizen generally to be on guard next fall to grapple with the first cases that may appear and by thus getting the head start stamp it out or "keep it below the hatches," as it were. By comparison St. John and New Brunswick were especially fortunate in the late epidemic, even though the people put in some worrisome weeks, and there is no doubt that organization saved us from a worse fate. So the slogan for the future is "More organization."

PREPARING FOR N. B. MEDICAL SOCIETY

A meeting of the executive committee of the New Brunswick Medical Society was held in Dr. George G. Melvin's office, Princess street, on Saturday evening, to make arrangements for the meeting of the society in July. Those present at the meeting were: Dr. George G. Melvin, president; Dr. J. S. Bentley, vice-president; and Dr. A. E. Macaulay, corresponding secretary. The trustees are Dr. G. A. B. Addy, Dr. Farris and Dr. Nugent; the committee of arrangements: Dr. C. M. Kelly, Dr. S. H. McDonald, and Dr. McAlpine. The meeting will be divided into two sections, medical and surgical. Dr. Bentley was elected chairman of the medical section with Major Lotier of Chatham, vice-chairman, and Dr. J. E. Brown, secretary. Dr. Ferguson of Moncton, chairman of the surgical section, with Dr. G. A. B. Addy vice-chairman and Dr. C. M. Kelly, secretary.

BURIED TODAY

The funeral of Miss Margaret Cronin took place this morning from the residence of her nephew, Charles Mahoney, Kinghurst, to the Rothesay Catholic church, where high requiem mass was celebrated by Rev. W. L. Moore. Interment was made in the Rothesay Catholic cemetery. The funeral of Mrs. Harriet Lockett took place this afternoon from her residence, 214 Queen street, where a short service was conducted by Rev. R. A. Armstrong. Service was also conducted in Trinity church and interment was made in Fernhill. Four returned soldiers, friends of the husband, Sergt.-Major Lockett acted as pallbearers.

MISS P. M. KELLY

The death of Miss Philemena M. Kelly, eldest daughter of Mr. and Mrs. John Kelly, 214 Rockland road, took place yesterday. Miss Kelly had been falling in health for some years but was always patient. Besides her father and mother she leaves five brothers and three sisters. She was most devout and exemplary in life. The funeral will take place on Thursday morning at 8.30 from the residence to Holy Trinity church.

DIED IN BOSTON

Mrs. Enoch W. Paul of No. 3 Hazen street and Walter D. Welsford of South End, employed with M. B. A. Limited, received word today of the death of their brother, George H. Welsford, a man of sixty years, at his home in Boston. Mr. Welsford removed from this city a good many years ago. He formerly worked with the sailmaking firm of Brunsell & Jackson here and continued in that trade in Boston. He leaves his wife, a native of Nova Scotia, and a married daughter.

A Welcome That Needs No Words to Express It

Much these days about welcoming our boys back from the front. Nothing so tangible as a welcome, though, as a snugly furnished bedroom. Now's the time to fix up the boy's room in the "way he's always wanted it"—put in the chair he most desired; an odd bedstead—or a complete bedroom suite.

You will find here a most comprehensive line of bedroom furniture in all woods, designs and finishes and at prices that represent genuine saving.

No obligation entailed in your coming in and looking around.
