CHILD LABOR GIVEN A SCORING

Its Relation to The Work of Tariff Committee

THE MAKING OF BRUSHES

Stories of Children Laboring Far Late Night For Petty Sums—One Case of Babe of Four—Free List Entered on Today

(Special to Times and Montreal Star)

Washington, D. C., Jan. 31.—The child labor of New York state came in for some severe handling at yesterday afternoon's sittings of the home committee on ways and means. It was a poignant story told by the witness, Ernest H. Holton, a New York brush importer, a story which was strangely in contrast with the eulogies of American industrial conditions which have been so common a feature of the tariff hearings.

He told stories of children laboring in their dismal New York homes late into the night, inserting tooth brush bristles at the magnificent wage of one cent for 120 bristles. He gave a photograph of a Brooklyn boy of six years of age and a girl of twelve who worked till 10 o'clock in the evening making brushes. Together the two children earned \$2 a week.

In reply to a question by Mr. Rainey, the witness said that the industry was one largely carried on in the home and in its employment mere children of less than seven years of age were at work. Quoting the reports of the investigation into New York child labor, Mr. Holton said that out of seventy-two children belonging to forty-one families, no less than sixty-nine were engaged in brush making. Of these, two were four years of age, one was five, three were seven or six, three were seven, five or eight and eleven nine years of age. Exhibiting a brush Mr. Holton added:

"This brush is manufactured by the Universal Brush Company, Cohoes, N. Y., which concern has spent a great deal of money advertising in the trade journals, emphasizing the fact that their brushes are made in sanitary American factories by American workmen, whereas we are able to prove that these brushes are made by child labor in sweat shops of New York city. This particular brush of domestic production cost \$1.12. The identical brush imported from England cost \$0.48 to sell."

Holton's expostulations aroused some comment on the part of the republican members of the committee. From the data in the child labor Mr. Holton said that the tariff had been used to bolster up the sweatshop and on this point he was emphatic rather sharply.

"This child labor that is employed in the city of New York," queried Mr. Ford, "you haven't got good laws in the state of New York for heaven's sake have you put on the statute book. I want to invite the government for that statute for permitting such a state of things exist."

"The law should prevent child labor," Mr. Ford warmly replied.

"If you haven't got good laws in the state of New York for heaven's sake have you put on the statute book. I want to invite the government for that statute for permitting such a state of things exist."

NATIONALISTS WIN BY MAJORITY OF 57

Voters From the Grave Even In the Contest in Derry

One Unionist, an Invalid, Drops Dead as He is Being Taken to Booth—Home Rulers From Ulster Now in Majority in Parliament

(Canadian Press) Londonderry, Ireland, Jan. 31.—The Irish home rule party won a notable victory over the Unionists in the election of a member of parliament for this city of Ulster yesterday.

The poll, which, as usual, was a very close one, resulted as follows: David G. Hogg, Nationalist, 2,690; Col. H. A. P. Linnam, Unionist, 2,633; majority 57. The Unionists have held the seat for twenty years.

The victory of the home rulers yesterday gives them a majority of members of parliament from the province of Ulster in the House of Commons.

Extraordinary efforts were made by both parties to bring every elector to the polls, morning being under the sun. A total electorate of 5,643 voters, 5,341 cast their ballots. Many of the sick and infirm inhabitants were taken to the polling booth in ambulances.

Much fear had been expressed that the election would give rise to serious disturbances, owing to the feverish excitement prevailing in parts of Ulster at the present moment on the home rule question. A large force of the Royal Irish Constabulary had been drafted into the city, but their services were not even called into requisition. The election on this occasion was made more interesting by the fact

that both the Unionist and home ruler candidates were Protestants.

The Protestant and Catholic inhabitants of Londonderry are almost equally divided, and by putting forward Mr. Hogg as a candidate, it was foreseen that he would carry some of the Protestant home ruler voters, who otherwise would have abstained from voting, owing to religious differences. The majorities in Londonderry elections have always been very small.

The Unionists were defeated in 1892 and 1905 in December, 1911.

One Unionist voter dropped dead in his own house while a motor car with a doctor was waiting at the door to convey him to the booth. Another, a paralytic, was able to utter only half of the name of the candidate, and his vote was accordingly recorded as being for the name of an invalid. He proved to be a man wanted by the police to undergo a man of imprisonment. The town was full of excitement. (Continued on page 7, fourth column.)

NEW YORK YOUTH OF GOOD FAMILY IS A SUICIDE IN WINNIPEG

Cuts Throat in Royal Alexandra Hotel—No Apparent Reason

Winnipeg, Jan. 31.—Twenty-four hours after he had cut his throat with a razor the body of Eugene Delano, a son of Eugene Delano, a prominent New York family, residing at 21 Washington Square, was found this morning lying under the bed in the bedroom in the Royal Alexandra Hotel. He left a letter addressed to Eugene Delano, New York.

"Dear Father, Sister and Brother—Forgive me—Eugene." He was dressed in the latest fashion and appeared to have plenty of money.

New York, Jan. 31.—The family of Eugene Delano, Jr., found dead last night in the Royal Alexandra hotel in Winnipeg, confirmed today a report that he had died by his own hand.

Young Delano was twenty-five years old, a Yale graduate and a son of Eugene Delano, a well known New York banker. He left New York for Winnipeg on last Friday. He was in good health and spirits and the family can assign no motive for his act. Young Delano was well known in the city and athletic circles. His father is a member of the banking firm of Brown, Bro. & Co., and a director of the Bangor & Aroostook Railroad Company and of the Fourth National Bank.

MADE MONEY AT THE P. E. I. EXHIBITION

Edison Furness Killed in the West—500 Take Agricultural Course

Charlottetown, P. E. I., Jan. 31.—The annual meeting of the Provincial Exhibition Association was held last night. After paying all bills and a 3 per cent dividend there is \$1,400 surplus. Four days of the exhibition last fall were exceptional by line. The dates next year are September 22-26.

Edison Furness, aged twenty-one, a P. E. Islander, son of T. J. Furness of Vernon River Bridge, was killed yesterday at Portage La Prairie by being crushed between cars.

FEAR THAT LORD ROBERTS HAS NOT LONG TO LIVE

Lord Roberts

London, Jan. 31.—Lord Roberts, who is considered England's greatest soldier since Wellington, is rapidly failing in health, and the remaining days of his life, it is believed, are not very many.

There was no abatement in the enthusiasm of the committee yesterday. In fact the last of the three days' campaign brought out the largest number, and they worked with a will until almost one o'clock. After it had been shown that at least 100 new memberships had been taken, President Robinson read the telegram from H. P. Robinson, who is in a hospital in another city, but who wired his regrets that he could not be in this campaign and asked that he be put down for twenty memberships.

D. F. Pidgeon said it was a great tribute to the public spirit of Mr. Robinson that he should do this thing, which meant an expenditure of \$300 a year for three years by one man for the good of St. John. He moved that these present express their appreciation. This was seconded by Mr. Clements and adopted by a standing vote.

Twelve Licenses Will Be Cut Off on Island of Manitoulin

Toronto, Ont., Jan. 31.—After May 1, 1913, there will be no liquor sold on the island of Manitoulin, the result of a vote passed yesterday under the Canada Temperance act, which resulted in a decided win for the anti-liquor faction. It will mean cutting off twelve licenses.

Eight municipalities are affected. The Canada Temperance act differs from the local option measure, inasmuch as where the latter effects only one place, the act deals with an entire country, and under it so three-fifths vote is required. This on a straight majority the entire island and a small portion of the mainland will go on the "dry."

DEATH OF MRS. G. F. WORDEN The death of Mrs. Mary Worden, which occurred this morning about four o'clock, is regretted by a large circle of friends by whom she was very highly respected. She was the wife of G. F. Worden and had been ill for about two months. She went to the hospital, where an operation was performed, and after returning home it was thought that she was recovering, but this morning she took a bad turn and passed away at her home from Carmarthen street. Besides her husband she is survived by one son, Frederick, and three daughters, Mrs. John Goughlan, Mrs. Joseph Carleton, and Miss Madeline at home. They will have the sympathy of many friends. The funeral will be on Sunday afternoon.

MRS. ELIZABETH F. McNEILL The death of Mrs. Elizabeth F. widow of William T. McNeill, and daughter of the late John McNeill, took place today. She is survived by two sons, George of Quebec, and Ernest of this city; two daughters, Mrs. McCrever of Montreal, and Miss Ethel at home, and three sisters, Mrs. John Sullivan, and the Misses Kate and Ellen Sullivan of this city. The funeral will take place tomorrow afternoon from her late residence, 123 Dale street at 2:30 o'clock. Many friends will be sorry to learn of her death.

ANOTHER THEFT Another petty theft occurred last evening when the store of Robinson's Bakery in Main street was broken into and a small amount in cash taken from the till. Entrance was gained through the front door by drawing the lock. It is thought that the work was done by boys familiar with the store.

WELLS AND McCARTY REPORTED MATCHED—Great Athletes in Meet

New York, Jan. 31.—The national indoor field and track championships of the Amateur Athletic Union will be decided in Madison Square Garden on Thursday night, March 6. Entry blanks are being mailed to practically all of the well known amateur athletes including many who won laurels in the Olympic games. John Paul Jones, Abel Kiviat, Hannes Kolehmainen, William Kramer, Harry Smith and other star athletes are requested to appear in the longer runs.

Carlie, Pa., Jan. 31.—Frank Bancroft, business manager of the Cincinnati National League baseball club, had a long conference with Thorne last night and endeavored to secure his signature to a contract with the Cincinnati club. Thorne said he intends to play professional baseball, but has not yet agreed upon terms with anyone.

New York, Jan. 31.—Bombarlier Wells, English heavyweight champion and McCarty have been matched to box ten rounds in Madison Square Garden the latter part of March or early in April, according to cable reports from London. Wells, with his manager, "Jim" Maloney, is to leave Liverpool by the Maritima on Saturday.

STRIKE IN ROCHESTER

Rochester, N. Y., Jan. 31.—The strike of garment workers, cutters and trimmers was endorsed last night by the Central Trades and Labor Council, and it was decided to give financial assistance to the strikers. The employees have arranged for a big demonstration on Monday morning. The employees declare that they will not treat with the strikers except as in dividually, while Organizer John Fleet, of the American Federation of Labor, says that all the men want is an opportunity to present their grievances.

H. P. Robinson Sends in Word That He Will Take 20 Which Means \$500 a Year For The Advancement of City—Today's Results

The membership of the Board of Trade climbed today to 600 and President Robinson reported that there were at least 100 good prospects which would bring the number to 750 and Mr. Chase expressed the hope that within the next month or two it would be increased to 800.

There was no abatement in the enthusiasm of the committee yesterday. In fact the last of the three days' campaign brought out the largest number, and they worked with a will until almost one o'clock. QUEBEC BOARD OF MOVING PICTURE CENSORS NAMED

Montreal, Jan. 31.—Only censored films will be shown in moving picture theatres in the province of Quebec. Everything must first be passed upon by Sheriff Lemaire, of Montreal; M. J. Walsh, I. A. for St. Ann's, and G. M. Sinn, a newspaperman.

The personnel of the film commission was announced this morning. The board may later have its powers enlarged to include censorship of theatrical attractions.

HOME AFTER CONVENTION.

Win. Murdoch, city engineer, returned at noon today from Montreal where he has been in attendance at a convention of the Canadian Society of Civil Engineers. It was attended by many, he said, and was a great success from every viewpoint. Many matters of interest were dealt with.

SOCIETY LEADER'S LATEST FREAK

With One Hand Drives Prancing Horses Into Ball Room and With Other Leads Lion and Leopard

London, Jan. 31.—A despatch to the Daily News from Rome says: A great sensation was caused yesterday at an skating ball at one of the principal hotels here, when the Princess Alberta Radziwila, a prominent society leader, formerly Miss Dorothy Deacon of New York, entertained the crowded ball room, seated in an ancient Roman chariot, decorated with flowers and illuminated with electricity. It was drawn by a team of prancing horses, which the princess drove with one hand, while with the other she led a lion and a leopard, chained together.

BRING PRESSURE TO END THE WAR

Ambassadors' Influence is Brought Into Play

ALL EUROPE WANTS PEACE

Germany Seems to Think That Fighting Will be Resumed, Because of Uncompromising Attitude Shown by Bulgaria—Turks Called to Arms

(Canadian Press)

London, Jan. 31.—The overwhelming strength of public opinion throughout Europe in favor of peace in the Balkans is exciting a profound influence on the delegates of the allied Balkan States, and the European ambassadors here will, it is expected, make themselves the mouthpieces of this widespread sentiment to convince some of the more unyielding spirits among the representatives of Bulgaria, Greece, Montenegro and Serbia.

The European diplomats take the view that Turkey, especially after the revolutionary movement which has brought into power men who are considered irreconcilable on the question of Adrianople, could not offer more than what was contained in yesterday's reply to the European powers. This they think is least justifies the resumption of negotiations with the Balkan allies and the Ottoman empire.

The Turks with their usual shrewdness, instead of simply asking for the holy shrines and a few more monuments of historic or religious character in the city of Adrianople, suggested dividing the city by the river Maritsa, they taking the part situated on the left bank. This would mean that they would leave to Bulgaria the although they would leave to Bulgaria the official circles here, owing to the irreconcilable attitude of Germany in conjunction with the other powers, is doing her best to persuade Bulgaria and Turkey to attempt to reach a compromise, but the resumption of hostilities on Monday next is regarded as highly probable.

The situation causes considerable concern to the German government, which fears that if the war is resumed, Bulgaria may push matters beyond her own interests.

Constantinople, Jan. 31.—All the officers and men of Turkish army, now on furlough, have been ordered to return to their regiments within twenty-four hours. The military governor of the capital has issued an emphatic decree in the name of the sultan asking the Turkish troops on the Thessaly lines.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy, and in good condition? As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature graying, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition. If your hair is losing its color or coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy does not exactly as represented. Watson's 3 Retail stores, King Street, Main Street and Haymarket Sq.

WHAT ANNE PITENHOUSE SAYS (Copyright, 1913, by the McClure Newspaper Syndicate). Blouses are every woman's extravagance. She can be persuaded to spend her last penny on that one garment more quickly than on any other. A display of blouses in a shop window hypnotizes her. She will go in to get prices and go out with her charge account unduly padded. Neckwear and blouses—women can resist them. She will put off paying the grocer for two months just to possess a few of those dainty affairs that represent something new in waist.

If this is true in winter it is almost tragic in the spring. The woman on a small allowance yearns for a set of new waists so longingly that she is pathetic. The shops cater to the weakness and to the real demand and they display alluring shapes and models that are the invention of many clever brains.

Cepe de chine, Oriental crepe, which includes the produce of the Philippines as well as China and Japan, are the two fabrics one sees advanced as novelty. The tulle waist has not returned to favor, but the satin one has a goodly number of admirers. The white satin blouse is especially smart, because the satin separates skirts will again be introduced this season and will probably prove more successful than they did last year. Every month one hears that satin has had its day and that black satin especially will be retired; but this is not the verdict of the people or even of the smart dressmakers, as charming models are reduced in price from the high watermark of last season.

The first white satin separate skirt I saw was at Trouville a year ago last summer. It was worn in that quaint manner of the Rue de Paris after mass in the morning. It was a novelty and every eye paid tribute to it by turning to look. This is an entirely good manner in the Rue de Paris, where the smartly gowned women walk in the middle of the street between the standing lines of observers on the Banquette.

We are going to wear many black suits this spring in lieu of tan and cotton weaves. No. 1 can be given secretly in Coffee or food. Alcura No. 2 is the voluntary treatment.

Little Beauty Chats By BLANCOE BEACON

Are You a Victim to Cold Sores? A cold sore can be cured? Certainly, if you can. It all depends upon yourself. If you use unwise methods, they will spread until your entire lip becomes fearful swollen, whereas if you employ some commonsense treatment, you may confidently expect good results.

Are you curious to know what I consider a commonsense treatment? Yes! Then be curious no longer, as I shall take pleasure in telling you what to do to banish cold sores into oblivion. Be it known that cold sores always indicate some disorder. It is a wise idea to look after the general health. Be careful to show your food well and eat that it is prepared plainly. A quart and a half to two quarts of fresh cool water

will eat into the flesh, causing very noticeable scars. A cold sore treatment, which is simplicity itself, is as follows: Wet the unsightly blister with Bismuth camphor, then buff with an emollient of bismuth. In this way the sore is protected by a paste. After applying the healing paste, the sore must be left to shed its scab. Disregard this precaution and you will bid fair to be a cold sore sufferer for ever and aye.

LOTS OF BEAUTIFUL, GLOSSY HAIR, NO DANDRUFF—25 CENT "DANDERINE"

Hair Coming Out—If Dry, Brittle, Thin or Your Scalp Itches and is Full of Dandruff—Use "Danderine"

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair, and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see newly growing hair all over the scalp. A little Danderine used regularly will double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair.

Friends with ornamentation and she will buy a cheap blouse with yards of embroidery and lace on it in preference to a plain one that has nothing but a turned over collar or pale blue lawn, hemstitched. If one needs a colored blouse for a colored suit of linen or shantung it is a wise trick to have it trimmed with white or cream muslin, and it also adds to its appearance to have speckled work outlined with white mercerized floss.

THE COLORED BLOUSES Each year the fashion makers try to bring in colored blouses. In winter they are of satin, in summer they are of muslin. This spring is no exception to the seasons that have gone before. Fine muslin waists in the pastel shades are advertised as bits of color for white suits. They are not so attractive as white ones with colored trimming, but some women like them and use them for the sake of variety in the mountains and at the seashore. If they are not of this material and well and simply made they are unattractive. They lend nothing to a white suit. When a white blouse is lavishly trimmed with colored crepe muslin or even satin the effect is artistic.

One should not indulge in masses of lace and hand embroidery to take the eye away from the pieces of colored muslin used; one should cling to the plain blouse which the French women originated and from which they have never turned. The American woman is far too apt to make

Pop

The revival of white lace gowns has brought back the fashion for lace blouses and one sees many attractive designs worn and herefore carried their own blouses. At a charity bazaar recently held in Paris, the smart women contributed the blouses, and it is interesting that nearly all of them were of lace or wash table inset with lace. This is a whole bundle of straw to show the wind. Simplicity is not the keynote of these blouses. They are over a lining of soft white mull or China silk, and now and then there is a band of colored ribbon or embroidered silk run around the figure below the bust. This was once a dominant fashion in blouses and had many points of merit, and the woman who wears it is now at entire liberty to resume it. Frills are omitted, but there is a broad arrangement of pleated lace which drops to the bust in the middle and to the waist at each side. There are high collars, straight and boned; there are Medicean, Renaissance, and particularly Beau Brummel with turnovers of vivid satin. The cuff also shows tiny flaps and revers and rolling cuffs of satin. Shadow lace is the weave most chosen for these blouses, but cluny has its followers, and one infrequently sees the use of Renaissance which was once so fashionable. The shops sell blouses of it at lower prices than they ask for the other laces because they are more simply made and look as though they might have been left over from the stock of other days.

Daily Hints For the Cook

HARD SAUCE One tablespoon butter, 1 cup fine white sugar, 1 tablespoon cream. Put in bowl, cream, sugar and butter together, add cream. Flavor with lemon or brandy. When creamed, stir in lightly whipped white of one egg, then add two more tablespoons cream. Heap on glass dish. Very light and porous.

CHOCOLATE CREAM PIE Into your double boiler put 1 pint of hot water. Blend together 1 1/2 cups of sugar, 4 tablespoons of flour, 2 of cocoa, butter size of a small egg, pinch of salt and stir into hot water. Cook until thick. Cover a deep pie plate with rich pastry, set another dish inside and bake a nice brown. Fill with cocoa mixture, cover with whipped cream and sprinkle with chopped nuts.

and industrially educate them, and as far as possible make them self-supporting. Dr. Cady has had a wide experience with prison reform work in the middle west, and of late has been making a careful study of the prison system in Massachusetts.

One of the most interesting portions of Dr. Cady's article deals with the industrial training of prisoners. Many of these men have no trade, and ought to be so trained that when they go out into the world again they may earn a living.

BANK BILL PROGRESS

Second Reading Given Last Night — Mr. Emmerson Scores Its Provisions—West India Treaty is Expected Today

Ottawa, Jan. 30.—The banking bill got its second reading at midnight after several days' debate, carried on almost altogether by Liberal members. The silence of the Conservatives is looked upon as of the greatest significance. There were thirty Conservative members who at the outset signified their determination to speak. Premier Borden and Finance Minister White brought them to heel. They were told that the banking bill suited the purposes of the government very well and pleased its friends, and that criticism by Conservative private members would be regarded with disfavor by the cabinet. The result was that not another Conservative private member spoke and the task of presenting the case of the people was left entirely to the opposition. The measure is expected to meet with a warm reception in the banking committee to which it has been referred. Anticipating that his hand would be eventually forced, Mr. White tonight, in closing the debate, stated that he would be prepared to accept practical amendments for the improvement of the plan of audit inspection. Tomorrow the West India trade agreement will be taken up.

Hon. Mr. Emmerson.

The debate on the motion for the second reading of Hon. W. T. White's bank bill was resumed in the house this afternoon by Hon. H. R. Emmerson, member for Westmorland. Mr. Emmerson reviewed the speeches previously made and complimented W. F. McLean upon the suggestions for reform which had been contained in his address last week. He further commended the "daring and courage" of Major Sharpe in the latter's criticism of the bill from the minister's own side of the house. It required courage, he said, for a member without regard to partisanship or politics to do as the member for North Ontario had done, especially when the opinions which he expressed ran counter to those of the minister, with whom he was associated politically. Major Sharpe had at that time received the plaudits of many members on his own side of the house. Since then, however, there were many changes and the attitude of the minister of finance, buttressed by that of the leader of the government, had silenced the

Canada's Greatest Monopoly.

Mr. Emmerson was inclined to favor the appointment of a monetary commission such as had been suggested by Mr. MacLean (South York). The present bank act, he said, had resulted in the creation of a monopoly, the most powerful in Canada today. There was no greater tyranny also breathed from every paragraph of the bill before the house, which gave to the Bankers' Association a despotic power. Mr. Emmerson called attention to the conditions existing in the past decade in the United States through the concentration of capital. The same forces, he said, were working in Canada and were a menace to the great masses of the people. "There is lurking in every paragraph of this bill," he said, "the atmosphere of this menace. We in Canada have come down to a condition of affairs where but twenty-three men control our transportation, financial and industrial institutions. Of the hundred and twenty-one corporations in Canada there are twenty-three directors in control. Nine of these men live in Toronto, the Good, thirteen in Montreal, the bad, and one in England. At the base of Canada's whole financial structure is a triangle composed of these twenty-three. In the strife going on between the great corporations and the common people I am with the under dog. (Liberal applause). One of the potent factors in that strife was the banking interest." Mr. Emmerson laid down an axiom which he thought should be followed in the interpreting of every clause of the bill: "Where a public concession is given," he said, "a public concession should be rendered and public supervision should be exercised. Power unrestrained tends to tyranny." The minister of finance had come to parliament charged with entering it under the aegis of strong men to do their will.

When it seems as if you simply could not bear up any longer it is high time to look for the cause of the trouble—and the remedy. In an astonishingly large number of cases the real cause of woman's misery is found to be constipation, and the remedy that always cures it is Dr. Morse's Indian Root Pills.

Neglect of the daily movement of the bowels, so necessary to health, soon poisons the whole system from the impurities retained in the body. Headaches, indigestion, biliousness and lassitude follow, and often more serious female disorders are brought on or aggravated.

Dr. Morse's Indian Root Pills not only regulate the bowels, but they stimulate kidneys and skin as well to throw off waste matter and purify the blood. The result is quickly apparent in the disappearance of the headaches and biliousness, and the return of health and vigor. Thousands of women all over the world owe their present good health to Dr. Morse's Indian Root Pills.

VERY TOUCHY.
"Do you think, my darling," he gurgled as he buried his manly moustaches in his charmer's silk-soft neck, "that your father will consent to our marriage?"
"Well, 'popkins," she replied, "of course papa will be sorry to lose me—still—"
"But," interrupted the ardent one, "I will remind him that instead of being a daughter he will gain a son!" A deadly pallor overspread her damask cheek. "Clarence," she cried, "if you really want me I implore you so say nothing so foolish. Papa has three such sons living with him now, and he's extraordinarily touchy on the subject."

stability, and was in a fever of excitement throughout the whole day.

The announcement of the results of the poll was followed by extraordinary scenes. The pent up excitement of the voters was vented in wild demonstrations. A deafening tornado of shrieks and hisses broke loose and this was accompanied by the firing of revolvers in the air while green and red handkerchiefs and Union Jacks fluttered over the heads of the cheering crowd.

The Nationalists sang "A Nation Once Again," to which the Unionists responded with "The Britishman" and "God Save the King."

Mounted and foot police had to clear the way and form an escort round Hogg and Colonel Pakenham, while they were on their way to their hotels.

The rival crowds came into contact at one point of the city. There was much stone throwing and the police were obliged to charge and disperse them with clubs.

The vacancy was caused in the parliamentary representation of Londonderry by the succession of the Marquis of Hamilton to the title of his father, the Duke of Devonshire. It gave rise to a very important contest and the whole United Kingdom has been watching the result.

On this year's register the Unionist polling strength is somewhat lower than that which won the last election, the majority being over the Nationalists being about fifty. In the matter of out-voters, moreover, the Unionists have had greater facilities to meet than the Nationalists, because of the larger numbers and the longer distances they have had to travel.

The adoption of David Cleghorn Hogg, a Protestant Scotsman, as the chosen candidate of the Nationalists was a decided and unwelcome surprise to the Unionists. He is seventy-three years of age, but has never previously manifested openly any political ambitions, and so far as his views on home rule are concerned the Nationalists need have no scruples about adopting him any time during the last quarter of a century.

Mr. Hogg was not unwilling to be the candidate. On the contrary, he is in full sympathy with the high aims of Mr. Redmond's policy, but he has been asked to leave himself in the hands of the Nationalist friends, and Mr. Stephen Gwynn, M. P., representing Mr. Redmond, who presided over the issue of the candidate's address.

Mr. Hogg has not been in robust health for some time and he accepted the candidacy on condition that he should not be asked to address public meetings, to canvass the electors or take any active, personal part in the election. Mrs. Hogg and their son, who is in practical control of the business of his father's firm, were opposed to Mr. Hogg going on. Mr. Hogg, who is a Unionist in politics, said: "I was unanimously adopted as Unionist candidate for the City of Derry at a very large public meeting of electors of the city held on March 22, 1912. I now solicit your votes in my favor. I am an Ulsterman, resident in the neighboring County of Antrim, and can claim descent from an old Derry family. I am a firm believer in the union between Great Britain and Ireland. I shall strive, if returned to parliament, to preserve that union to the utmost of my ability. I can conceive of no benefit which home rule could confer on Ireland that she does not already enjoy. She is now part of the greatest and richest country in the world, and can confidently expect due consideration of her needs. If she has to stand alone, the revenue she could raise, without seriously handicapping her trade and industries, would not suffice for her growing requirements. Under the present bill her expenditure is so seriously restricted that any outlay on the betterment of education, drainage works or housing cannot be attempted. The progress Ireland has made since now making will be shown in her for generations, and a parliament in Dublin, instead of extending and broadening ideas of government, would narrow and restrict national aims and ideals to a mere provincialism."

GEM WILL HAVE THEM AT FIRST HAND

Another Advance in Moving Picture Business in St. John—Get Films Now Same Time as Big Cities of States

After a visit to New York Frederick H. Triffo, manager of the Gem picture theatre, in Waterloo street, has brought back the interesting and thoroughly pleasing information that he has made arrangements whereby at that house will be shown, beginning on Monday next, reels of film subjects which have never been through a machine, except for the privilege of censorship. This is distinctly enterprising and something which has never yet been done in St. John, or in fact in many other cities outside of the leading American centres.

After several interviews on the part of Mr. Triffo, arrangements have been made with the Kinograph Company, which have recently opened a branch office in Union street, whereby, on practically the same day that the pictures are being shown for the first time in New York, Chicago, Boston and other leading cities, they will be shown in this city at the Gem for the first time as well.

These reels are what is known as Virgin film, that is they have never been run through a picture machine, suffering in consequence any scratches, blurs, or other factors which tend to cause a straining of the eyes when looking at them. As a rule it is from two to three months after pictures are shown in other cities, that they are presented in St. John, but under the latest arrangements for the Gem, after being witnessed by the censor, the picture will be shown here for the first time as at the prominent larger theatres in the states.

The class of pictures will be up to the standard which the Gem has set for so long a period, and which is recognized by the popular throng of local theatre-goers. Only the licensed pictures will be presented, that is, subjects from such studios as the Vitagraph, Biograph, Edison, Selig, Essanay, Pathe, Kalem and Lubin, with all that this means in the way of seeing the old-time favorites in the best performance. This will still give the Gem's patrons the opportunity of seeing their old favorites.

PORT NEWS OF A DAY, HOME AND ABROAD

WILSON
A Fine Bowler.
A large crowd was attracted to Black's ring alley last night to see the match between Archie Walsh, the former North boy, who has established quite a name for himself throughout the New England in professional bowling, and C. L. Wilson, one of the best local amateurs in Canada. Wilson started out with a lead of fifty pins to the good and even he fell behind in the ten string contest. Following are the scores:
Walsh—82, 90, 105, 115, 100, 92, 85, 90, 81, 81.
Wilson—74, 87, 80, 107, 88, 80, 92, 81, 84, 84.
Walsh, by outscoring Wilson, expects to do even better tonight, he meets Thomas Cogrove under the conditions. Last night he made some bad breaks, but he managed to get of them all right. In one string he edged in making 94 without having any as or spares.
Walsh challenges any local bowler to a best of ten string and he will give 30 s of a handicap.

RAILWAY COMMISSION DECISION.
Decisions have been handed down by the Dominion railroad commission in connection with two cases which were before the commission in St. John last May. The applications were those of the Montreal board of trade, which asked that the C. P. R. be directed to apply the same mileage base as in effect in Ontario and Quebec to cars shipped to New Brunswick points, and that the rate on ex-lake corn from the Georgian Bay ports to Montreal be on the same basis as on ex-lake wheat, barley and oats. The commission decided that the rate to New Brunswick points should not be disturbed and it was decided that the rate on ex-lake corn should be the same as other grains.

DEALT WITH SCOTTISH HEROES.
The Reading Circle of Queen Square Methodist church met last evening at the home of Frederick Bizard, Scottish Heroes was the subject before the meeting and was under the direction of Miss Louise Lingley, who was assisted by her members of the circle. There were Scottish songs by Miss Beaton of Montreal and Mrs. E. T. Worden. Miss Ada Thompson gave selections on the piano. Refreshments were served during the evening by the ladies.

F. HARRINGTON FOR LYNN; SOME TALK ABOUT HIM

A Lynn, Mass., paper has the following: "There will be a Harrington on the Lynn baseball team next season. 'Billy' has left Lynn for good, and it is believed that he will make good in the new league to which he has been assigned. He will be replaced by a young fellow named Frank, who is a student, and who expects to close his college career this season. Although the boys are brothers there is no resemblance between them. Billy was always nervous, and when going right had a swing and bill to his work that showed tempestuousness. Frank is quite the contrary. He uses a right handed delivery, and is deliberate and cool under fire, and carries through a long swing much like the big leaguers. He is husky and strong, and can hit ten cents where necessary, or make the gentle tag that baffles him from the scenery for the good of the team. The acquisition of Harrington means a good deal to the team, but it is not only a strengthening in a department where it is always needed, but he is a completely new player. The only drawback is that he will not be with the team except afternoons until the college season has closed.

"If Harrington should make good, and there is every probability that he will, he will be the third twirler that has come from Wakefield to Lynn, which appears to be a fertile field for Lynn development. Mike Abbott and Billy Harrington both came from there, and other players developed with the strong swing of the team of that town.

Very Rev. Fr. T. Wade Smith, O.M.L., provincial of the Oblate order in the northern part of the United States, performed the ceremony. The bride was attended by her cousin, Miss Margaret I. Robare, a bridemaid, and Fred H. Tyler, a brother of the bridegroom, was best man.

Mrs. Tyler, it is understood, became acquainted with her husband while he was a member of the ball team here. She is a very attractive young woman and has a lot of friends. Mr. Tyler, while a member of the Lowell team and during his visits here as a member of the Lowell Athletic Club, made many friends.

Throppe is Under Contract.
Chicago, Jan. 30—Managers of the baseball teams who have been telegraphing and writing James Throppe, Indian athlete, for his terms may have to change their methods, as Throppe, it was announced tonight by President Johnson of the American League, is not a free agent. Throppe is under contract with the Fayetteville, N. C. club and it will be necessary to negotiate for his release through the owner of that club. President Jones received this information in a telegram from Secretary Farrell, of the National Association. In 1910 Throppe signed a contract with the Rocky Mountain, N. C. Club at \$125 a month, later he was transferred to Fayetteville and received by that club.

NOTICE OF LEGISLATION
A Bill will be presented to the Legislative Assembly of the Province of New Brunswick, at its next session for incorporation of the St. John Suburban Railway Company, with power to operate street railways in the Parishes of Lancaster and Simonds in the City and County of St. John and in the Parish of Westfield and Rothesay in the County of Kings.

Had Pimples on Face And Back Was Literally Covered With Them.

Bad blood is the direct cause of pimples breaking out on the face and body, and it is impossible to get rid of them unless you cleanse the blood of all its impurities. Burdock Blood Bitters is without a doubt, the very best medicine for this purpose. This old and reliable remedy has been used for over thirty-five years, and has a reputation unequalled by any other for purifying the blood. Mr. Peter La Pierre, Assistant Postmaster, Touchwood Hills, Sask., writes: "The fall before last, I was very much troubled with pimples on my face and back. My back was literally covered with them, and I could not lie on it at night, they were so painful. One day my sister advised me to use Burdock Blood Bitters, so I got two bottles, and before I had taken all the first one, the pimples had nearly disappeared, and now I am completely cured." GREAT ITALIAN LOTTERY DRAWN
Rome, Jan. 31—The drawing for the \$500,000 prize in the exhibition lottery, which is probably the last lottery authorized by the Italian government, took place in the Argentine Theatre here. It was performed in the presence of the mayor, the minister of finance, members of the municipality and the exhibition committee, and an enormous crowd, which included 1,000 English and American visitors.

A large proportion of the tourists visiting Italy during the last three years, had purchased tickets in this lottery; consequently the interest in the drawing assumed an international character. The lucky number was 2,984,898.

The extraction of the tickets from two urns was carried on by two blindfolded orphan children, picked haphazard from the municipal orphanage. Orfeo Cirillo, one of the orphans, was greatly excited by his part in the proceedings. He cried pathetically, "if no one else remembers my name, the winner will not forget me!" Several thousand tickets in this lottery were lost in the Titanic. They had been purchased by Italian living in America.

That it is possible to buy all the food one needs to sustain a normal life on 43 cents a week has been established by a series of experiments conducted by Raymond Prior Sanford of Ithaca, N. Y., a freshman in the Cornell College of Agriculture.

BURIED TODAY. The funeral of William Smith took place this afternoon at 2:30 o'clock from the late home, City Line, West End. Funeral services were conducted by Rev. J. A. Morrison, D. D., and interment was in Cedar Hill. The members of Carleton Union Lodge, F. & A. M., attended the funeral, headed by the Carleton Cornet Band. The funeral cortege was a lengthy one.

GAVE GOOD PROGRAMME. The members of the St. Peter's Y. M. C. A. last evening gave a fine entertainment which proved very enjoyable, for the patients in the Provincial Hospital in Lancaster. The association orchestra was in attendance, and there were several pleasing renditions of popular and classic airs given in commendable manner under the direction of the leader, Mr. McBride. The president, W. J. Shea, acted as chairman, and those taking part in the programme were: Edward O'Hara, Frank McGarrigle, Munnell, O'Neill, G. R. McCafferty, H. Doherty, Oscar Gamble, R. E. Higgins, J. J. McDonnell, Fred Joyce, Bernard Kyfin, Harry McQuade, Harry McMahon, Miss G. McQuade and Miss Wallace. The programme consisted of a pleasantly varied arrangement of vocal and instrumental solos, duets, and orchestral selections, readings, and step-dancing, and each number was heartily received. Afterwards refreshments were served by members of the hospital staff, and on behalf of them and the patients, Dr. J. B. Travers expressed his sincere thanks and appreciation for the kindness of the visitors in giving so delightful an entertainment.

ST. MARTIN'S SEMINARY IS PURCHASED BY TWO ST. JOHN MEN Messrs. Collins and Mott the Buyers - Sale Made Known Today

An important real estate transaction was put through today when T. Collins and H. H. Mott became the owners of the fine three-story building, with concrete basement. The building is well known to many about the city, and is situated on a very quiet street, and is a very desirable structure, well suited for a school, or as a seminary conducted under the principalship of the late Rev. Mr. Hopper for some time. Recently it has not been used as such, however, but has been taken care of by a caretaker who occupied some of the rooms. The late Captain Masters, to aid in the building of the seminary at the time when the idea was projected, gave a grant of \$20,000 towards it, which covered 100 acres of land, and at the time it was erected, the cost in total was about \$60,000. Today it is said the same building could not be put up for less than twice that sum.

The building has been owned of late by the North American Life Assurance Co., and it was from them that Mr. Collins and Mr. Mott purchased it. The structure is splendidly fitted with large class rooms, dormitories, and nicely furnished suites. There is a possibility that it may be taken over and used as a hotel, but there is also the possibility that it may again be used as a seminary or college.

SOUTH BAY PEOPLE WANT WATER SERVICE

Lancaster Residents to Confer With Commissioners on Rates Today—The Traffic Rules

At the meeting of the city commissioners at noon today Commissioner Wigness introduced matters in connection with the water and sewerage department. An application from residents in the vicinity of South Bay for water from the Spruce Lake mains was read. The idea is that a six-inch main should be laid from the main at Boggs' Crossing to the South Bay mill. The residents of this vicinity will guarantee the interest and expenses on such an extension. It is understood that the mill would be supplied and also many of the summer residences. Residents of Lancaster will meet with the commissioners this afternoon at four o'clock to consider the water rates for Lancaster. Several weeks ago it was decided to increase the rates to the residents outside the city 50 per cent. Although the matter was decided by the city commissioners, residents of the county have asked for a reconsideration of the proposition and the conference this afternoon will give them a chance to re-open the matter. The commissioner of public safety reported that he would arrange a conference of those interested in the newly passed vehicle by-laws.

PROBATE COURT. In the probate court today the matter of the estate of Samuel T. King, late of St. John, was taken up. He died in 1891. By his will he appointed his son Charles W. King and his son-in-law, James Strain, executors. They proved the will and both subsequently died without fully administering the estate. Governor K. King, of Red Bank, California, a son of Charles W. King, one of the executors now petitions for administration cum testamento annexo de bonis non, in order to have the estate settled. A citation was issued returnable on March 31 at 11 a. m. Barnhill, Ewing & Sanford are proctors. The will of John McAllister was proved. He gives to his son, John A. McAllister, his real estate in Duke street, in which he resided at the time of his death; to his daughter Margaret, wife of William Weyman, arrier, \$200 and to his daughter,

BIGAMY CHARGE TAKEN UP TODAY

Three Witnesses on Stand in the Case Against Joseph Stewart—Complainant Tells Her Story

The preliminary hearing in the case of Joseph Stewart, of Toronto, charged with bigamy, was begun in the police court this morning. E. S. Ritchie appeared for the prosecution, and C. Earl Logan for the defence. The prisoner, a man about fifty years of age, of stout build, and ruddy complexion, occupied a seat near his counsel, and seemed very much interested in the evidence submitted. Three witnesses were called this morning, after which the case was adjourned until Tuesday afternoon at two o'clock. According to the evidence submitted, the prisoner was married here in August, 1906, by Rev. David Lang to Miss Margaret Briggs, the complainant, while it is alleged he had a wife in Ontario.

The first witness was Mrs. Fannie Richard, a sister of the complainant. She swore that she knew the prisoner and that she saw him go through a form of marriage with the complainant in the city this year 1906. Rev. D. Lang performed the ceremony. The witness acted as bridesmaid. The marriage certificate was produced and the witness identified it as the one she had signed at the time of the wedding. John Briggs, a brother of the complainant, also testified to being at the wedding. He also identified the marriage certificate. The next witness called was the complainant. She said that her name was Margaret Briggs before she married Stewart. The wedding took place on August 24, 1906, in her mother's home in Germain street. "I went through a form of marriage with the prisoner, said the witness, and I did not know at that time that he had been married before. I never had any conversation with him about his first marriage until a few weeks ago when I was with him in Oxford, N. S. After the wedding here we left for Ontario and we spent our honeymoon travelling, the prisoner being a commercial traveller. We lived together until 1908, and during that time one child, a girl, was born. In 1909 I was sick in the hospital here with typhoid fever and the prisoner left me, and I did not see him until about three years later. He came back to St. John in July, 1912, but did not stay long. A few days ago, last Friday, he arrived in the city and came down to my mother's house where I was staying. We went out for a walk together and then went back and had supper. After supper he went up town, and that night he stayed at a boarding house in Elliot row. The next night I took my little girl up to the doctor's to be vaccinated. The prisoner also went up, and when I asked him to pay the doctor bill he declined and told the doctor that the child was not his. He was in Oxford, N. S. I told me that in the middle of the night he had crawled out the window of his house in Ontario and had taken with him all the personal belongings, leaving his wife alone. He also told me that she had him arrested for non-support. The three witnesses entered into a recognizance to appear at the next sitting of the county court which will meet here on the fourth Tuesday in February. Mr. Ritchie asked for an adjournment, saying that he was endeavoring to secure evidence in regard to the first marriage, and that it would take several days to complete it. The adjournment was granted, and the prisoner remanded over until next Tuesday. Stewart was remanded to jail.

BOY REMANDED ON CHARGE IN ROCKLAND ROAD THEFT CASE. Evidence in Another Matter Taken in Police Court This Morning. Harry McNally, aged 19, was arraigned in the police court this morning on the charge of stealing a purse from Mrs. Edward Chase in Rockland Road on January 18, and also on suspicion of having broken into the store of Morris Jacobson in Main street, on the night of January 20 and stealing a gold watch and a pair of gloves. Detective Killen asked that the lad be remanded as he was not ready to proceed with the case. The boy was consequently sent into jail. Silvanus Carro, charged with lying and lurking in a hall way in Charlotte street last night was fined \$8 or two months in jail. William Carr, charged with wandering about in Water street and not giving a satisfactory account of himself was fined \$8 or two months in jail. The preliminary hearing in the case of Walter Hodd, charged with stealing a watch from John Raynes of Fairville was begun this morning. Hodd pleaded not guilty. The complainant told of meeting Hodd in Chesley street on last Wednesday. Hodd was with another man named Mullin. The witness asked to be directed to John Melanson's house. The witness said that he had been drinking, but was not drunk. After Hodd left him, he missed the watch. The witness identified a watch produced in court as the one he had. Henry Melanson told of seeing Hodd, Mullin and Raynes together on the day in question. This was all of the evidence submitted and Hodd was remanded to jail.
