\$2,123,000 In Federal Railway Estimates For New Brunswick

PROVINCIAL SURPLUS \$55,481

26 SEPARATE BILLS FOR C. N. R. LINES

Hon. G. P. Graham is Ready to Announce His Railway Program.

NOVA SCOTIA GAINS

St. John-Quebec Railway to be Extended for Forty-one Miles.

(By Canadian Press.)

Ottawa, March 25.—Hon. G. P. Graham, Minister of Railways, intends to bring down twenty-six separate bills for the branch lines program of the C. N. R., it was announced today. Last year they were all covered in one bill, which was rejected by the Senate.

By bringing down a separate bill for each branch line, there will be an opportunity for parliament to discriminate between the different branch lines, if so desired. In all the bills, it is intimated the three-year provision of last year will be included.

The lines provided for in the bills which the Minister of Railways will submit to the House are:

Nova Scotia  
From Sunny Brae to Guysboro, 67 miles.  
Estimated cost \$8,500,000. From Lockport station on the Halifax and Southwestern, to the town of Lockport, four miles. Estimated cost \$161,000.

New Brunswick  
From Kingsclear, on the St. John and Quebec Railway to a point on the St. Croix River, opposite Vanceboro, Maine, 41 miles. Estimated cost \$2,123,000.

SAYS BRITISH TO REMAIN FRIENDLY

Premier MacDonald Writes President Cosgrave That Attack Will be "Overlooked"

(British United Press.)

Dublin, March 25.—Premier MacDonald of Britain has written President Cosgrave of the Irish Free State assuring him that the attack on British soldiers at Queenstown will not affect Anglo-Irish friendship.

"The circumstances," he wrote, "show that the affair was in no way connected with the people of the locality, who can rest assured that the outrage will not be allowed to disturb the Anglo-Irish friendship which was cemented by the treaty."

The tension over the army mutiny lessened on Monday, as Joseph McGrath, former cabinet minister, delivered to General O'Duffy, commander-in-chief of the Free State Army, all rifles and munitions which mutinous officers had seized from the army camps at Baldonnell and Gormanstown.

McGrath has been in touch with the mutinous men led by General Tobin, and expects to succeed in having most of the missing arms turned in soon.

Killed Mother To Stop Her Suffering

(United Press.)

Geneva, March 25.—A girl who killed her invalid mother to relieve her of further suffering has been acquitted of murder and set free here.

Mlle. Helene Moller nursed her mother with the utmost devotion for many weeks, but she could not stop the pain, and she was tortured by seeing her mother suffer. So she gave her mother three doses of veronal, which were fatal.

Three medical specialists declared at the trial that the girl was of sound mind and that her filial sentiments were intensely developed. They concluded that after a severe moral struggle she was driven by her excessive love of her mother to kill her to terminate her suffering.

Gives Up Husband As a Murderer

New York, March 25.—The police announced last night that Harry Fenton, 34, had confessed to murdering his wife with a hammer. Miss Mary Coleman, 60, at her home on March 18, burning the body and stealing \$15, all he could find in her apartment. Fenton was arrested yesterday on information furnished by his wife, Marie, 18.

Fenton said she saw her husband commit the murder, and last Wednesday afternoon he confessed to her. She left him and on Saturday felt impelled to expose him. The police thought her story so improbable they investigated it for two days before arresting her husband.

MAY BE ASKED TO AID IN HOLY LAND

American Catholics May be Called Upon for Financial Assistance to Church.

(British United Press.)

Rome, March 25.—American Catholics may be called upon for financial contributions to aid the campaign of the Church to preserve the holy places, the Agensia Liberia said today. Cardinals Hayes and Mundelein have had several interviews with the Pope regarding Palestine and the holy places, the agency says, adding that it is well known that His Holiness is gravely anxious over this problem.

The Pope has suggested that Catholics in the United States assist in saving Catholicism in Palestine, where the Mussulmans and Protestants are in a constant struggle. Financial support from the United States has been promised by the American cardinals, who also promised to encourage pilgrimages to Jerusalem and organization of Palestine by Catholics.

Wire Briefs

Marseilles, March 25.—The United States ship Pittsburg, the first U. S. warship to enter this harbor since the war, steamed into the harbor yesterday.

Ottawa, March 25.—An interim supply bill for \$40,871,970, being one-sixth of the estimates was put through all stages in a few minutes, in the House of Commons yesterday afternoon.

Moscow, March 25.—Because of a continued demand, that the body of Nikolai Leming, the late Premier, be kept on view, the Soviet government has decided to re-embalm it in order to preserve it permanently, if possible.

Rome, March 25.—The elevation of Archbishop Hayes and Mundelein to be cardinals of the church took place yesterday at the moment of the delivery of the sacred vigil by special emissaries of Pope Pius after a secret consistory.

Washington, March 25.—Honorary possession of the entire country, with the exception of Tegucigalpa, the capital, the U. S. minister, Morales, reported today to the State Department.

London, March 25.—The withdrawal of the buses and trams from the streets owing to the strike has made the thoroughfares of London more dangerous to pedestrians and careful drivers, according to the Daily Mail.

Dawson, Y. T., March 25.—Owing to the early spring and break up of the trail from White Horse north for a hundred miles, passenger rates on mail stages have been raised from \$75 to \$100 White Horse to Dawson.

New York, March 25.—Bandits early today invaded the busy Borough Hall station of the Interborough Rapid Transit Co. subway, struck down Samuel Russo, the ticket agent, and robbed him of \$750, the night's receipts.

Calgary, March 25.—Shareholders in the Northwestern Life Assurance Company have been advised that arrangements have been made for taking the company out of liquidation, here it was placed by an order of Mr. Justice McDonald of Winnipeg, last Friday.

Seattle, March 25.—Pancho Villa, world's champion flyweight boxer, yesterday welcomed the wife who, as a bride, came with him from New York to Halifax, in pursuit of championship laurels. She came from Manila, P. I., on the S. S. President Grant.

Halifax, March 25.—Information received here today indicates that the trial that her filial sentiments were intensely developed. They concluded that after a severe moral struggle she was driven by her excessive love of her mother to kill her to terminate her suffering.

FRANCE MAY EVACUATE THE RUHR

London Confident of a Settlement Between France and Germany.

LOAN IS DEMANDED

Britain Willing to Agree to a Security Pact Under League.

(British United Press.)

London, March 25.—Never since the peace have the negotiations for the settlement of reparations and the establishment of European stability seemed on the surface so far from agreement. Yet never has there been in London such an official recrudescence of confidence.

Seemingly the negotiations are hopelessly deadlocked. The committee of experts are openly at variance; even the individuals of the British and United States delegations differ from their own colleagues, while the gulf between them both and the French is wide and deep.

Ostensibly France demands an international loan to Germany, of which she shall receive the proceeds, leaving the settlement terms of her own debt to Britain and the United States still vague.

Comte Staular in his talk with Premier MacDonald yesterday is understood to have intimated that under these terms a further agreement will be reached, and that France will be willing progressively to evacuate the Ruhr.

Britain is willing to agree to a security pact under the League of Nations, but will not individually guarantee the boundaries of the states of the little entente. Britain also requires as a condition of her co-operation in a German loan some definite steps toward the funding of the French debt to Britain.

There is wide disagreement among the experts still as to the amount Germany can afford to pay annually toward reparations.

HOUSE DISCUSSES WATERWAY PLAN

Premier King Makes Statement—Church Union Bill on April 1.

Ottawa, March 25.—The first appearance of the church union bill before a committee of the House of Commons has been fixed for April 1. The committee on standing orders of the House of Commons has reported in favour of the bill in regard to sufficiency of notice were complied with properly.

On a motion for production of correspondence, which was carried without objection, the House yesterday delved into the St. Lawrence deep waterways project. Opposition came from Quebec members who criticized it mainly on the question of cost. Supporters stressed the necessity of development on the St. Lawrence.

The Premier said every aspect of the situation would be examined before anything final would be done, and that any Canadian action would lie with the Canadian parliament.

A select standing committee of the House to consider international and industrial questions is to be established. An act to amend the Criminal Code, designed for the protection of half-breeds against fraudulent land deals, was read a second time and sent to committee.

The House today will consider government orders. The redistribution bill, an act to amend the Fruit Act, and an act to amend the Industrial Disputes Act, will likely come up.

Held Responsible For Woman's Death

Montreal, March 25.—Joseph Bergeron was yesterday held criminally responsible by a coroner's jury for the death of Cecile Tremblay, 27, who was found dead on the doorstep of the house where Bergeron lives. Evidence indicated that Miss Tremblay had died following an unsuccessful operation. Bergeron was placed under arrest.

Insulin Gives Death Check

New York, March 25.—Insulin already is checking the death rate caused by diabetes. It is indicated by figures made public by the Metropolitan Life Insurance Company. Among nearly 15,000,000 industrial policy holders of the company, the decline in the diabetes death rate for 1933, was 64 per cent as compared with an increase of 28 per cent during the three preceding years.

Revives Girl "Dead" For Half An Hour

Sunbury, Pa., March 25.—Revived after her heart action and respiration had ceased for a half hour, Miss Mary Marcolic, twenty years old, of Kulpmont, is likely to recover at the Goodwin State Hospital, says Dr. George W. Reese, chief surgeon.

The girl was undergoing an operation for polio when she apparently died. Dr. Reese made an incision in her breast and with his hands massaged her heart. He also applied adrenalin. The heart action resumed feebly at first, but finally grew stronger and breathing was resumed.

THOMAS IS UNDER GUARD OF POLICE

Secretary of Colonies in England Has Been Receiving Threatening Letters.

(British United Press.)

London, March 25.—The secretary for the colonies, J. H. Thomas, is being given police protection following the receipt of threatening letters, according to the newspapers. No suggestion is made as to whose enemy Mr. Thomas might have aroused, but it is recalled that he has often been denounced by Labor extremists on the ground that his views were too moderate.

No other member of the Government is given special protection except Premier MacDonald, who is accompanied in public by a detective, though not at his own request.

FEWER NEWSPAPERS ARE PUBLISHED

Daily in Canada Decreased to 114 Last Year—McKim's Directory Figures.

Toronto, March 25.—There are 1,489 newspapers and regularly published periodicals in Canada, against 1,533 a year ago. Daily newspapers have decreased from 121 to 114; semi-weekly papers, from 34 to 30, and weekly papers from 1,022 to 975.

On the other hand, a small increase has been noted in the number of monthly and semi-monthly periodicals. These facts are shown in McKim's Directory of Canadian Publications, under the heading of "Newspapers and Periodicals" in the Canadian newspaper directory has just been issued.

DISCUSS SAVING OF CANADA'S WOOD

Forestry Officials and C. N. R. Men Are in Session in Montreal.

Montreal, March 25.—Officers representing every branch of the forestry service in Canada met this morning in Montreal to discuss with the Forest Protection Department of the C. N. R. whether the national forests and forest lands may be employed during the year to protect the forests of Canada from damage and destruction by fire.

The meeting, which was called by the C. N. R., will last only one day, but important papers will be read and a general system of co-operative effort between the national railways and forest protective associations will be outlined for the dangerous season.

G. H. Price, provincial forester, represents New Brunswick.

IS ON THE LOOKOUT FOR PROFITEERS

Paris Prefect on Qui Vive as Franc Recovers in Value.

Paris, March 25.—Believing the rapid rise of the franc should be attended by a corresponding fall in prices of general commodities, Prefect Naudin has instructed his subordinates throughout the city to keep a sharp lookout for profiteering. He also has in mind the possible effect of the coming Olympic games on both prices and supplies.

In view of the "foreign invasion," he is getting in touch with the hotel keepers and big provision houses so as to insure ample supplies of foodstuffs at normal prices, no matter what addition there may be to the population.

Hussein to Fight "Political Zionism"

London, March 25.—The Daily Express Jerusalem correspondent quotes King Hussein of the Hedjaz, who is hailed as Caliph by the Arabs, as declaring that he will fight "political Zionism" with all the forces of the Moslem world. He will ask financial, political and moral support for this fight at the pan-Moslem congress which he has summoned at Mecca.

CHASE OF AIRSHIPS IS STARTED

Great Britain's Effort to Beat America Around World Begins.

FIRST PLANE OFF

The Initial Goal of the Aviators is Lyons in France.

(British United Press.)

Calshot, England, March 25.—Britain's effort to beat America in the first airplane flight around the world started today.

From Lyons the route of the plane will be to British, Italy; Athens, Cairo, Bagdad, Basra, Karachi, Calcutta, Rangoon, Hong Kong, Tokyo; the Atlantic Islands and thence to Vancouver and across Canada to Newfoundland. The hop over the Azores will be by way of the Azores and Lisbon.

The first goal of the aviators is Lyons, France. MacLaren is accompanied on the flight, which is a purely private venture, by Flying Officer Plenderleith and Sgt. Andrews. They are using an amphibian Vickers Vulture with a 450 horsepower engine.

Southampton, March 25.—The British round the world flight under Squadron Leader A. Stuart MacLaren started today, the plane taking off from the Calshot airfield, near here, a little after noon.

MacLaren served with the British air force in Africa and Palestine during the war and has had much experience in long-distance flights. Plenderleith will assist as pilot and Sgt. Andrews will do the mechanic's work.

SUIT ENTERED FOR \$360,000

Bank Also Seeks \$2,000,000 Stock in Reid Company, Newfoundland.

St. John's, Nfld., March 25.—What is said to be the largest civil act ever brought in Newfoundland court was yesterday by the Newfoundland Banking and Trust Corporation of London, England, against the Reid-Newfoundland Company.

The Reid-Newfoundland Company built and until last July operated the railway system on the island and carried on steamer and other services as well. The government took over the railroad and other services last summer.

The action is brought to recover sums alleged to be due for commissions, expenses and salaries in connection with the sale of the railroad and extensive timber lands, water powers and other properties on the west coast where a large paper industry now is being founded.

CHARGE PLOT TO FREE PRISONERS

Binghamton Authorities Hold Girl and Others—Saw Are Found.

Binghamton, N. Y., March 25.—Wm. Morrell of Montreal and three other prisoners at the Broome county jail are facing charges of an attempted jail delivery following discovery of some hack saws in the mattress in one of the cells. A man and a girl services in connection are held on charges of participating in the plot to free the prisoners.

Authorities say they have a letter written by a prisoner to the girl, giving full instructions for procuring the saws and smuggling them into the jail. The girl is said to have confessed to having got the saws into the jail in a box of candy. Morrell is in jail on a burglary charge.

English Woman Killed by Sentry

Genoa, March 25.—Mary Evelyn Theibrick of Bournemouth, England, was shot and killed yesterday by a sentry near Fort Sperone. While wandering in the vicinity of the military limits, a sentry challenged the woman, who, not knowing how to reply, became terrified and attempted to flee.

Victim in Trunk Murder

This is Mrs. Bella Jansen of Pittsburg and Denver, whose body was found in a trunk at Ogden, Utah. The trunk had been checked from Denver to California. Her husband, Fred Jansen, has told Pueblo (Colo.) police that he hired another man to kill her.

Demand Million or Would Blind Ford's Children; Two Arrests Made

Detroit, March 25.—Existence of letters threatening that if Edsel Ford, president of the Ford Motor Company, did not pay over \$1,000,000 his three children would be blinded in an unstarred manner, was disclosed late last night by the Detroit police. At the same time Waslow Blimek, 23 years of age, and Mrs. Annie Hladik, 25 years old, were arrested in connection with the alleged plot.

According to Chief of Police Edward H. Fox, three letters were received at the Ford office March 5, 8 and 12. They were crudely printed, vague in terms and apparently written by some one barely able to understand English. Fox declared that a handwriting expert has identified the letters as being written by Blimek. The police say he was forced to write the letters by Mrs. Hladik, with whom he has been boarding with since coming here four months ago from Czechoslovakia.

GREEKS WOULD DETHRON DYNASTY

National Assembly at Athens Votes to Proclaim Republic in Greece.

(British United Press.)  
Athens, March 25.—The National Assembly today voted to dethrone the dynasty and proclaim a republic. The motion was carried by an unanimous vote and is effective at once.

Because of the possibility of a rupture in diplomatic relations with foreign countries whose representatives are accredited to the "Regent of Greece" the Government has decided to maintain Admiral Conduittiotis in the regency for the present.

The cabinet during the day is expected to grant general amnesty to imprisoned and persecuted politicians and pardons to members of the military convicted for implication in the last counter-revolution.

HOSPITALS ARE UNDER DEBATE

Representatives of New Brunswick Make Institutions Representations to Government.

(Special to The Times)  
Fredericton, March 25.—Representatives of the hospitals of New Brunswick will probably make representations to the Government today that the actual cost of maintaining patients be paid by the compensation board instead of the rates now existing.

For example, in the city of St. John the cost of keeping a patient for a day is \$3.60 and the arrangement of the compensation board is a payment of \$2.25 a day to all hospitals. In some of the hospitals this is more than the cost of maintenance, but in the majority of them—particularly in Fredericton and St. John—it is not sufficient to meet the maintenance charges.

Dr. E. J. Ryan of the St. John hospital, is here today co-operating with the commissioners of the Fredericton hospital with whom the suggestion originated that the actual cost of maintenance in each hospital throughout the province be the amount paid by the Compensation Board.

\$260,000 IS DEFICIT ON RAILWAY

Stampage Estimated Revenue Shows an Increase of \$260,000.

EXPENSES REDUCED

Succession Duties are Expected to be Cut, Provincial Treasurer Says.

(By Canadian Press.)

Fredericton, March 25.—Estimates for 1934, which were placed in detail before the Legislature this afternoon by Hon. J. E. Hetherington, the provincial treasurer, in his budget speech today, show that not including the estimated deficit on the St. John and Quebec Railway of \$260,000, the province hopes to have a surplus at the end of the fiscal year of 1924 of \$55,481.89.

There are some marked differences in the estimated income for this year compared with the revenue received last year, as well as some outstanding comparisons in expenditure of departments. The departments of lands and public works are responsible respectively for the estimated increases of revenue to \$3,524,761, and a decrease in expenditure, which last year amounted to \$3,708,921, to \$3,406,279 for 1924.

Stampage Revenue Gains.  
There is an estimated increase of revenue in stampage of about \$260,000 some increase in the amount of mining royalties; a slight decrease in the sale of timber lands and game licenses; and a total estimated revenue for this department of \$1,822,800 as compared with \$1,069,293 in 1923.

In the public works department the expenditure last year was \$989,611, and the estimated expenditure for 1924 is less than that by about \$380,000. This latter amount, together with a quarter of a million increase in receipts for stampage, makes it possible for the Government to be unembarrassed by the loss of \$184,000, the difference in the receipts between 1923 and 1924 in the Liquor exporters' tax, and the additional amount required for the maintenance of the Jordan Sanitarium, about \$50,000 and nearly \$30,000 additional for agriculture, occasioned by the withdrawal of the federal grant, are also possible because of the increased revenue.

The provincial secretary-treasurer does not expect this year to get as much from succession duties by \$80,000, the amount estimated being \$125,000, as against \$184,000 received last year. An allowance for interest and sinking fund in 1924 is about \$34,000 more than it was in 1923, the amounts being \$1,009,411 for 1924 and \$975,505 in 1923.

A recapitulation of the estimates for 1924 is as follows:

	Revenue	Expenditure
Dominion subsidy	\$66,766	\$1,009,411.00
Public debt	.....	611,024.00

London, March 25.—A dispatch in Lloyd from Liverpool says the steamer Carmania, which went aground last Saturday but later was refloated, sustained no damage.

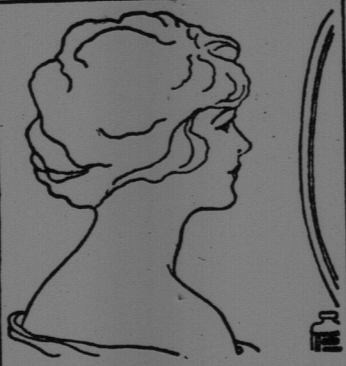

**Women Buy More Shoes Than Men**  
Washington, March 25.—(United Press).—Women buy more shoes than men.

And the demand for feminine footwear is always greatest in the spring. Therefore, shoe manufacturers have produced 361,000 more pairs of women's shoes than men's during the month of January, statistic compiled by the U. S. Department of Commerce.

The total number of women's, men's and children's shoes manufactured in 1,240 American factories during the first month of the year was 36,297,000 pairs. Of this number 8,218,000 pairs were of the feminine variety and 7,852,000 pairs were men's boots and shoes. The balance included children's infants', athletic, and miscellaneous kinds of boots, shoes and slippers.

**SCIENCE DEMANDS UNIFORMITY.**  
Careful research made in recent years in the study of dietetics has shown the great importance to the human system of purity and uniform quality in foods. It is a great blessing that today so many delicious foods as well as tea and coffee can be procured in air-tight packages. "SALADA" Tea was one of the first pure food products to become widely popular in Canada. The aluminum package keeps the tea fresh and delicious while skillful blending maintains the quality absolutely uniform.

**NO BOOMS THIS YEAR**

**ANY BIDS HERE?**

The following advertisement has been running in the New York papers for several days. In order that New Yorkers may not have a monopoly on this offer it is inserted here for the benefit of any readers who may wish to enter the French nobility and have a "great name."

"Illustrious and very ancient family of France, ruined, would give up under form of adoption, 1 to 40 years (or addition of name), names and titles to wealthy people, perfectly honorable, willing to procure a great name. Quarters of nobility all entered in the Armorial de France. Write to Sonder, Agence Havas, Bordeaux (France)."

All that is asked in return is as if any reader secure this prize the information be given The Times for publication.

**Make sure it's truly an Ostermoor Look for the Simmons label**

You never need accept a "substitute" for the Ostermoor mattress, which, during thirty long years, has been the Canadian standard of quality, comfort and economy.

Today more than ever before it is vitally important that you identify the Ostermoor by the name "Ostermoor" woven into the binding all about the mattress and by the Ostermoor label stitched to the ticking, on its end as pictured below.

**Dangers in ambush**  
Lack of cleanliness is easily concealed in a mattress. A fancy art ticking too often diverts attention from the "inside facts" and makes an "adulterated" mattress—filled with re-worked, possibly contaminated materials—appear to be sanitary bedding fit for you or your dear ones to sleep on.

When you buy a mattress, buy it not only for its sleeping qualities, but also for protection of your family's health. Remember that the Simmons standards of quality, identified by the various Simmons labels, never vary. None but safe, clean materials enter into Simmons mattresses.

**Clean to the last fiber**  
Simmons cleanliness goes still further. Every Simmons mattress travels from the factory to your door in a sealed, dust-tight carton roll. When you unpack a Simmons mattress in your home, you know it has picked up no casual dirt or contagion on the way.

Don't be deceived by the fancy art ticking that camouflages the lurking perils to health in too many "substitute" mattresses. Look for the Simmons label as your bond of inside as well as outside cleanliness! And remember that all Simmons prices are as low as bedding of each type can be built of safe, clean materials.

The trade mark on the label and the name Ostermoor on edge of mattress identify a genuine Ostermoor.

**Look for the Simmons Label. Beware of imitations**

**DEATHS**

**Mrs. Charles A. Whipple.**  
Word has been received here of the death of Fanny Colwell Whipple, which occurred at her home in Providence, R. I., on March 19. Mrs. Whipple was a native of West St. John, being a daughter of the late Charles E. and Agnes Colwell. She is survived by her husband, Charles A. Whipple; two daughters, Mrs. George Hazard, of Newport, R. I., and Miss Fern, at home; one son, Charles Whipple, Jr., of New York; also a sister and two brothers, Mrs. Harry T. Boyd and William Colwell, of New York, and John M. Colwell, of Providence. Mrs. Margaret Palmer, of this city, is an aunt of the late Mrs. Whipple. The funeral took place at Providence on March 22, interment being at Edgewood cemetery.

**Thomas Mulcahy.**

Thomas Mulcahy, whose death at Orillia, Ont., in his 87th year was announced on Saturday, was a cousin of Capt. A. J. Mulcahy, West St. John.

**Mrs. James E. White.**

Shediac, March 24—After an illness of some months, Mrs. White, wife of Dr. James E. White, one of the leading business men and former Mayor of Shediac, passed away this morning. Mrs. White is survived by her husband, two sons, Edward and Robert; her father, J. M. Lyons of Moncton, formerly one of the general officers of the old Intercolonial railway, and three brothers, James Lyons of Halifax, Dr. George Lyons of Moncton, and Frank Lyons of Montreal.

**Miss Mary S. Snow.**

Word was received in Bangor on Friday of the death in New York City of Miss Mary S. Snow, sister of G. Fred Snow, whose death occurred in Bangor, Wednesday.

Miss Snow, says the Bangor Commercial, was born in Bangor in April, 1857, and taught for many years in the Bangor schools. She was principal of the Union Square grammar school for several years and was superintendent of schools from 1889 to 1900. She was the originator of the teachers' training school, which was in existence in this city for many years in connection with the public schools. A woman of unusual character and efficiency, Miss Snow had a most remarkable influence upon young people and was always highly interested in educational work.

She left Bangor about 20 years ago for Chicago, where she was associated with educational work for a number of years and later went to New York, where she taught in a private school until taken sick about six weeks ago. Her contribution to educational advancement was great and the imprint of her strong personality and ability as a teacher has been left in all the communities in which she followed her profession.

**Rev. H. V. Davies**

Many friends in the Maritime Provinces will regret to learn of the death at Concrete, Wash., of Rev. Henry

Vaughan Davies, a former resident of this city and who severed a number of Baptist pastorates in these provinces before going to the United States. His wife was a daughter of Capt. David and Mrs. Smith, St. Martins.

**Mrs. Margaret Boyd.**

The death of Mrs. Margaret Boyd, widow of James Boyd, for many years a resident of St. John, occurred on March 7 at her home in Cambridge, Mass. Mrs. Boyd was a native of Silgo, Ireland, but came to St. John in her early days and resided in St. John until the death of her husband some years ago. She is survived by four

**A Study of Blouses For Tailored Suits**

Hitting upon the very Blouse or Overblouse, wanted to complete your Spring Costume, is easy at London House. And keen fun, too—for there is color galore to revel in and intricate design.

From a Black Jacquette, combining solid and knotted Silk-knit, through Roshanaras down to the most delicate Crepe de Chine, there are symphonies as varied as ever attempted. Allover embroideries, French bead-

ing, and color capers inspired of the Orient.

A scarab Green in Crepe de Chine gaily flaunts a scarab monogram at low center. A second in Ashes of Roses makes known the latest pleated collar and pleated front frill with mottlings of Navy. China Lacquer Red catches a note of Black in allover embroidering. A French hand-made in Silver indulges in an entire frontal design done in steel beads, criss-cross silver thread and darker Gray Silk. Which leaves hardly a word for the hand-blocked patterns like the lower picture or the new Amante Green beaded in Roman Gold, and so on and so on. Prices from \$7.50.

**In Handkerchief Linen**

The spirit of blossoming things fares forth in hand-made Blouses of Handkerchief Linen—Buttercup, French Blue or Coral. Hand-drawn at high center, Bobby collars and narrow Black ties, \$6.

### LECTURE AND PLAY HEARD

Under the auspices of the recently organized girls' branch of the W. A. of St. Paul's church a pleasing missionary programme was given in the school room last night. Rev. A. L. Fleming gave an illustrated address on missionary work among the Eskimos. The members of the girls' branch presented a missionary play. The principal parts were taken by Miss Helen Collins, Miss Ida Lyon, Miss Grace Spinney and Miss Florence McAvity, and the various countries were represented as follows: India, the Misses Kathleen Woodley, Georgia Allan and Jean Dickson; China, the Misses Hilda Pitt, Zella Pitt, Myrtle Fowler and Georgie Allan; Japan, the Misses Florence Young and Winifred Woodley; Australia, the Misses Eileen Stephenson and Margaret Saunders; Africa, the Misses Irene Pollard, Faye Whitehouse, Ruby Spinney and Myrtle Allan, and Canada, the Misses Speight, Hilda Weeds and Irene McAlary. There was a large audience and a satisfactory sum was realized for the missionary funds of the branch. Mrs. C. C. Kirby is the pres-

SPARKLING EYES FOLLOW GOOD HEALTH

Toronto, Ont.—"From the time of my earliest girlhood I had always heard my mother speak in highest praise of Dr. Pierce's Favorite Prescription for women's ailments, so it is not at all strange that after I married and had backaches, nervous spells and other distresses that I should remember what my mother had always said of this Prescription, and I found it relieved me of my aches, pains and nervousness. It gave me renewed health and strength and so greatly benefited me that I have no hesitancy in saying that Dr. Pierce's Favorite Prescription is absolutely perfect as a tonic and nerve for women who are ailing or nervous."

Eyes Strengthened 50% by Proper Eye Care, Says Doct.

Suggests Simple Home Treatment Which Quickly Relieves All Irritation and Sharpens Vision.

No longer is there any excuse for most of our eye troubles. For specialists have perfected a simple but amazingly effective treatment which not only quickly relieves burning, itching, smarting, aching eyes, but also banishes eye headaches, eye-strain and blurred vision.

This simple treatment is called the Bon-Opto system, and is now being prescribed by physicians and specialists everywhere. It is based on the latest scientific discoveries. Scientists have recently proved that 90 per cent of all eye troubles are due to weakness in certain little muscles which adjust the eye. Eyeglasses alone will not strengthen these muscles. But the Bon-Opto treatment seeps through directly to them, heats and tones them and soon restores them—and therefore the eyes—to their old-time strength and vigor.

Your Health

BY DR. CLIFFORD C. ROBINSON

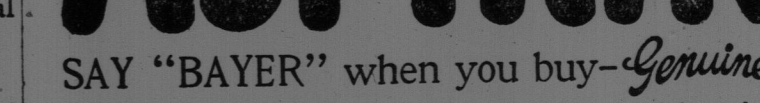

There is no doubt that at times some forms of bodily disease, which are a real menace to health, are disclosed by dreams.

What are classed by the psychologists as recurrent dreams are sometimes, in certain types of persons, a real indication of a trouble or disease. Recurrent dreams are those which apparently are able to focus the dream world or thought, which is our real world while we sleep, on the existent trouble.

In one case, the dream came to the sleeper every few nights for a period of two weeks. He felt a gnawing sensation in the abdominal region. The dream would always cause him to awake and, at times, he admitted he even felt pain where the gnawing sensation occurred.

Popular Montreal Man Now Eats Meat

Gains Ten Pounds and Feels Fine Because Dreco Has Put His Digestive Organs in Sound, Healthy Working Order.

Mr. H. Bouthillier, of 376 Bleury Street, has a wide acquaintance in the City of Montreal, where he has practised his profession for many years. He has had many conversations with his clients in the course of his career, but none more profitable than those which resulted in his taking Dreco. It was recommended to him by men who had evidently experienced its remarkable powers and Mr. Bouthillier is only too anxious to pass the good word along.

"Dreco has put me back on my feet," he says. "Ever since my return from overseas I have suffered greatly with my stomach. It was weak and touchy and I would hardly digest anything. Today, thanks to Dreco, which was highly recommended by people coming into the shop, I am able to eat and digest it properly. Dreco has done me so much good that I have gained ten pounds in weight and what is more remarkable, I have only taken two bottles of it."

Why suffer the miseries of faulty digestion when this splendid remedy, Dreco, is within easy reach? Let its wonderful corrective and tonic properties restore your digestive organs as it has those of so many others. Dreco is a purely herbarial preparation and contains no mercury, potash or habit-forming drugs.

Dreco is being specially introduced in St. John by Ross Drug Co., 100 King Street; Moore's Drug Store, 105 Prince Edward Street; F. W. Munroe, 357 Main Street, and in West St. John by Watson R. Dunlop. It is also sold in Fairville by T. H. Wilson and by a good druggist everywhere.

**WAYS WITH EGGS.**

Now that biddy-hen is realising her duty again many delicious between-noon dishes can be concocted with eggs. Canned vegetables reduced to a smooth pulp are combined with eggs to make intriguing souffles that are something very different from plain canned corn or peas. These dishes are most nourishing and should be used in place of meat. Custards and whips as well as omelets and plain eggs are welcome and wholesome for this time of year.

**Pea Souffle.**

One cup pea puree, 3 eggs, 4 tablespoons butter, 4 tablespoons flour, 1/2 teaspoon sugar, 1 teaspoon salt, 2-3 cup milk, 1-8 teaspoon pepper. Melt butter, stir in flour and slowly add milk. Add pea puree, salt, sugar and pepper. Beat yolks of eggs until thick and lemon colored and add to first mixture. Beat whites of eggs until stiff and dry and fold into yolk mixture. Turn into a well buttered baking dish and bake about half an hour in a moderate oven. When firm to the touch the souffle is done. Serve at once. Total calories, 1180. Miss Alice Rising gave a delightful travelogue at The King's Daughters' Guild last evening to the members and invited friends of the Good Cheer Circle, of which she is a leader. Miss Laura Fanjoy assisted in the program with several elocutionary selections and Miss Mildred Bustin sang. Mrs. J. Currie was accompanist and piano soloist. Miss Rising, who took an extended trip to Southern California, Mexico and other sections, gave an instructive talk on her trip. Miss Rising showed pictures of the old St. Gabriel mission that was the beginning of Christian work in that section of the country and told of the first work done by the missionaries of the early days. Miss Rising received a hearty vote of thanks for her address.

At its annual meeting last night the St. John's (Stone) Church Guild decided to rejoin the Woman's Auxiliary as a branch. The Guild had had a successful year, reports said. Miss Edith Skinner, president, was in the chair and there was a good attendance. Mrs. A. L. Fleming and Mrs. Alfred Morrisey, president of the Senior W. A., address-

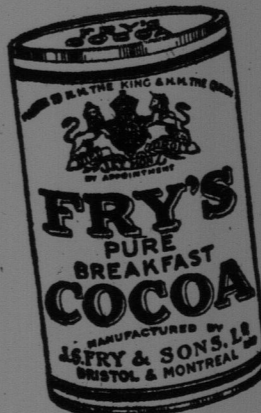

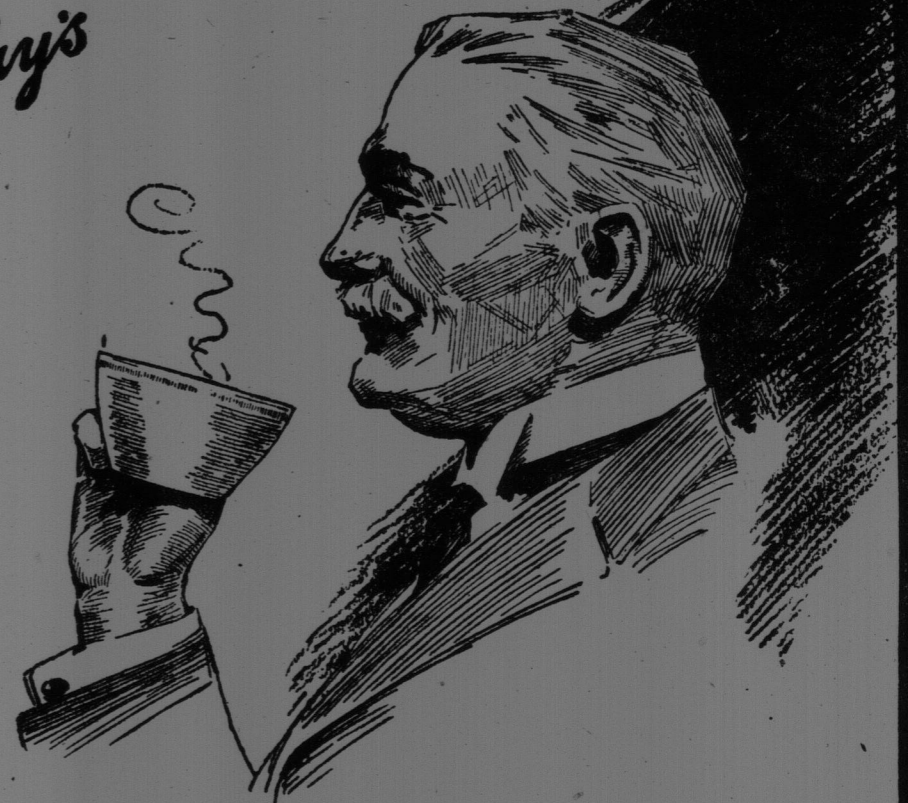

ed the meeting. Reports were presented by the officers. The convener of the flower committee reported that 85 people had been remembered with flowers during illness. Mrs. Ernest Fleming gave the report of the Dorcas committee. Arrangements were made for a tea and sale next month. The election of officers resulted as follows: President, Miss Edith Skinner; vice-presidents, first, Mrs. Ernest Flem-

ing; second, Mrs. Fenwick Fraser; secretary, Miss H. May Ward; treasurer, Miss Margaret Bolton; convener of flower mission, Miss Grace Estey; convener of Dorcas committee, Miss Farmer; convener of refreshments, Mrs. Hedley Sheraton.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

TELLS ABOUT PLANS FOR JACK DEMPSEY

Says He Will Fight Twice This Year—Will Meet Gibbons.

By HENRY L. FARRELL New York, March 25 (United Press)—Unsettled conditions in New York, which several times threatened the life of the boxing game, have made it impractical for Tex Rickard to say too much about his plans for the coming summer.

Rickard has practically decided upon his programme. He has the matches and the dates in mind and all he has to do is to remain silent until the time comes to talk.

The first big bout of the outdoor season will bring Jack Dempsey and Tommy Gibbons together again in a return bout. Kearns has been showing unusual antipathy toward suggestions for this bout and Eddie Kane, Gibbons' manager, has been yelling that Dempsey didn't want the match.

There were reasons for Kearns to be cool on the proposition, because it would not do to have the steam all laid out early in the winter, when it would have to be all heated up again before the summer had hardly started.

Dempsey will fight anyone, if he gets the money he wants, and Tex Rickard will meet his financial demands when Rickard sees money in it himself. There would be money for a promoter in another Dempsey-Gibbons fight, because Gibbons doesn't want the fight for fighting, and Dempsey will draw a house any time or any place he fights.

Rickard is not making any plans to give Georges Carpentier some work, despite reports from Paris to the contrary. Paris newspapers a few days ago carried a story that Carpentier had completed negotiations for three fights under Rickard's promotion and that he was sailing in a short time. Rickard said he didn't even know that Georges was still alive and that he hadn't had any negotiations with him for anything.

Dempsey, it was reported some time ago, might go to England this summer and take another crack at Carpentier in a bout to be staged in the Wembley stadium. It was suggested that the bout might draw enough to pay the two young financiers if it could be staged during the British Empire Exposition.

Charles B. Cochrane, prominent London theatrical promoter and an occasional flinger at boxing, said, recently when he was in New York, that he could see no opportunities in a big fight.

"In going to give them something

for a couple of dollars," he said. "I'm going to get Tex Austin to pull off one of your western rodeos and stampees."

Dempsey would assume certain risks if he took his title to any foreign country, and it is quite natural that he would want to be compensated for any chances that he took on his title.

When he wanted \$300,000 for fighting in Shelby with the risk of his own title, Rickard says he is completely off his mind, and if Rickard gets over Quintin Romero with the same success he had with Firpo, Dempsey might have another way of getting something from the Pampas or some place to help him into another half million.

Dempsey will not fight more than twice next summer. After he gets the purse from two big fights, the tax man would start working on him so energetically that he would have practically nothing left if he took in any cash from a third fight.

Dempsey could have had three of four fights last year, but he would not run his earnings up to the point where he would work almost entirely for the government.

If they could go, Dempsey might make more money out of one fight with Harry Willis than he would get out of two numbers against Firpo and Gibbons. If he had not gone to the Argentine, and had kept himself in good condition, Firpo would have outdone Willis as an opponent for Dempsey in a return bout. But the "wild bull" lost so much prestige in his fight with Firpo that he would not be able to draw as much as he may have to be built up all over again.

If Firpo comes back to the United States looking a stomach like a politician, he will find it more profitable to go back to his automobile business. If he is so badly out of shape, he might bump into any number of near heavyweights in this country who would knock him off.

Firpo has done nothing but make mistakes since he came to this country. Many birds would spend their lives making mistakes if they got \$400,000 for it. Firpo would have made more if he had been wisely handled, or if he had used better judgment himself.

Firpo has done nothing but make mistakes since he came to this country. Many birds would spend their lives making mistakes if they got \$400,000 for it. Firpo would have made more if he had been wisely handled, or if he had used better judgment himself.

He had one big year in which he made a cleanup. He seems to have been content with getting it all in a lump at one time than in gambling on getting more, in smaller proportions, over a longer stretch of time.

Charles B. Cochrane, prominent London theatrical promoter and an occasional flinger at boxing, said, recently when he was in New York, that he could see no opportunities in a big fight.

Middleweight Champion is Guaranteed \$30,000 for Bout in May.

Baltimore, March 25.—James "Red" Mason, manager of Harry Greb, middleweight champion, announced last night that Charlie Henderson, of Brooklyn, has offered Greb a match with Jack Delaney, who recently knocked out Paul Berlinbach. The offer for a fight in May, included a guarantee of \$30,000 with thirty-five per cent. of the receipts, Mason said.

He was also offered a bout with Mickey Walker, welterweight champion, to take place during the summer, Greb's manager said.

MICKEY WALKER CANCELS BOUT

Welterweight Champion Offers His Blood in Transfusion Operation.

Newark, N. Bulger was operated on last week for appendicitis.

Pres. Covey Favors Formation of Baseball Association to Control Game.

The formation of a Maritime Amateur Baseball Association to control the game throughout the eastern provinces similar to the governing body in charge of hockey is the next objective of A. W. Covey, president of the F. B. A. U. of C., in his efforts to place Maritime amateur sport on a solid footing.

In an interview recently, Mr. Covey expressed himself as ready to tackle this proposition with the assistance of union representatives throughout the provinces.

GIBBONS PUTS OUT HITLESS OPPONENT

Dayton, March 24.—Tommy Gibbons of St. Paul, knocked out Joe Downey of Columbus in the first round of a scheduled 12 round bout here tonight. Downey never struck a blow.

NOT GOING.

Although invited to compete in the meet to be held in Toronto this week for the indoor championships of Ontario, Charlie Gorman, U. S. national and International outdoor champion, has declined. Gorman has finished skating for the season.

EPINARD STARTS REAL TRAINING; MAY NOT ENTER ASCOT GOLD CUP

Paris, March 25.—Pierre Wertheimer, owner of Epinard, last year's French champion three-year-old, confirmed the statement that Epinard would be shipped to the United States about July 1, and that he would take part in three races there, about Sept. 15, Oct. 1 and Oct. 16. Nothing has been definitely settled, he said, as to Epinard's running in the Ascot Gold Cup in England. M. Wertheimer is anxious to show his horse in that country, but the race selected may be changed. The horse's real training for the season has been started.

BASEBALL PLANE TAKES NOSE DIVE

Brooklyn Shut Out 17 to 0—Giants Lose to Minor League Club.

New York, March 25.—The New York major league baseball plane did a nose dive to disaster through wind pockets furnished by American Association clubs yesterday. Milwaukee beat Brooklyn 17 to 0 at Palmetto, Fla., and Indianapolis trimmed Atlanta and the Giants 7 to 3 at Atlanta City, Fla.

Brooklyn played with every department of the game in reverse. Dickerman and Gron allowed 17 hits and clubs yesterday. The Robin fielders made more errors than hits, 9-8.

The Giants did a more graceful but none the less painful flop. In an endeavor to stem the fourth defeat in a row, Manager McGraw kept his regular line-up in throughout and he started his 1923 pitching star, Maun, who followed Neftci, and allowed only two runs, but the game was lost. The contest increased the opinion that the Giant infield is below par this season.

Manager Huggins of the Yankees spent the day working with his young pitchers, Gaston, Pippas, Roetger and Olsen.

Chicago's American League team obtained revenge for a shut-out last week at the hands of the Braves, when they defeated the Boston Nationals 8 to 4. Despatches from the Braves' camp at St. Petersburg state that efforts to obtain the services of Milton Stock, veteran St. Louis National third sacker, to fill the gap left by the death of Tony Boeckel, have struck a snag.

Branch Rickey of the Cardinals wants Catcher Mickey O'Neil in return, the despatches state. Routine drill, with a special session of fielding bunts for pitchers, comprised the Boston Americans' workout at San Antonio.

The Detroit Americans and the Toronto Internationals met at Winston-Salem, N. C., in an exhibition game today.

Solicitors who tried to interest some of the prominent philanthropists and big-money men in the Olympic venture were asked, when they appealed for funds: "How many are going to get a joy-ride out of the money?" There were plenty of joy-riders on the 1920 trip, and the fact seems to have become generally known.

Col. Robert M. Thompson, president of the Olympic committee, was informed of the feeling and he promised that no one who is not actively and actually connected with the team will be permitted to sail on the American ship and that the number of those who

NEW COACH TO HELP U. S. TEAM

Lawson Robertson Will Have Absolute Control of Olympic Squad.

(By Henry L. Farrell)

New York, March 25. (United Press).—Perhaps the American Olympic team may not do as well in Paris next summer as it did in Antwerp in 1920, and the chances are that it will not, but it will be better organized and will feel better about it.

As long as Lawson Robertson has the say as head coach and as long as George Brown is around, even though he is only an assistant manager, the team will receive proper care and attention.

Robertson had been in charge of the team in Antwerp, Joe Ray, Sol Butler and Matt McGrath would not have been injured. He would not have permitted them to take the chances they did in working out on a dangerous field.

Politics would not have been such an influence on the 1920 team if Robertson had been in charge as head coach. He would not have allowed political favorites to start in events which made it necessary to keep such great athletes as Driscoll and Dandrow on the bench.

Jack Mouldey, head coach of the 1920 team, is a competent coach, but he was completely overruled by the politicians on the Olympic committee. It's a hundred to one shot that no one will run over Lawson Robertson.

If there is any reward for meritorious service, George Brown of the Boston Athletic Association should have been appointed manager of the team. He was the only efficient man at Antwerp among the executives. He was the only one who seemed to care in the slightest what the athletes ate, where they slept or how they were treated.

None of the other managers and members of the committee spent a great deal more of their time in Paris than they did in Antwerp.

One fortunate thing about the games this summer is that no traveling to Paris will be necessary. The tourists in the heart of all the European excitement and they can even see some of the games, if they have the time to spare.

No changes have been made that the committee will do in Paris—or didn't do. On the contrary, the committee is making the arrangements for the games this year seem to be serious-minded about it and it is probable that there will be very few joy-riders going over to look after the athletes. However, it is best to withhold judgment and prophesy until the team gets back from Paris.

Solicitors who tried to interest some of the prominent philanthropists and big-money men in the Olympic venture were asked, when they appealed for funds: "How many are going to get a joy-ride out of the money?" There were plenty of joy-riders on the 1920 trip, and the fact seems to have become generally known.

Col. Robert M. Thompson, president of the Olympic committee, was informed of the feeling and he promised that no one who is not actively and actually connected with the team will be permitted to sail on the American ship and that the number of those who

have real business in going would be held down to the minimum. This would be very well. If there are less officials and officials' families on board, there may be more room for the athletes to sleep and better places for them to eat. It is quite probable that some of the veterans of Antwerp will ask to be shown their eating and sleeping quarters on the ship before they sail and they can't be blamed for demanding to be shown, after what they went through in 1920.

Robertson will have a staff of very capable assistant coaches and they will be better organized. Each coach has been delegated to a certain class of competition. The sprinters will have their own coaches, the jumpers their own coaches and so on. There was no system to the coaching in Antwerp at all. The organization was so poor that the athletes did not know until they got to the stadium who was going to be entered or when or where and many times they couldn't find out after they got to the stadium.

Under good management there is nothing to be lost by the team being in Antwerp. If they are treated well in Paris the athletes will not sit around organizing revolts, but they will be out working for the team. The job of head coach does not consist so much of more of knowing the technicalities of running, jumping and weight throwing as it does in establishing and maintaining harmony among the athletes. The Olympic coach does not handle school boys or college students, he handles big men and he has to know how to do it.

Robertson knows well how to do it, and he'll do it.

CLAIM WILSON WAS INELIGIBLE

Moncton Pawnees Will Protest Basketball Series on That Point.

(Moncton Transcript)

The Trojans are now the intermediate basketball champions of New Brunswick and are arranging for a game with the intermediate team of the Y. M. C. A. of Halifax to contest the intermediate championship of the Maritime Provinces. The Trojans won the title of New Brunswick champions from the Moncton Pawnees in the game in the Y. M. C. A. on Saturday night, when they scored 36 to 24 against Pawnees' 20. As the Pawnees scored 15 points more than the Trojans in the first of the two games that had been played in Moncton previously, the Trojans latched up a score just one point ahead of that of the Pawnees. Lee and Potter starred for the Trojans, and Van Buskirk and Berr for the Pawnees, and the game was hotly contested. E. Ketchum was referee.

Moncton Will Protest. It is reported that the Moncton team will protest the series on the ground that Jarvis Wilson, star defence man for the Trojans, has played one senior game—had being the time he subbed for Les Kerr in the Trojans-Moncton senior game for the provincial title. Trojans won that game 50 to 18. Wilson did not play in the first game in the intermediate series at Moncton. The matter is now before President A. W. Covey for decision. Wilson has played all the games with his team in the local intermediate league and the locals contend that this team rightfully can play for the provincial title intact. The point not only affects basketball, but baseball, hockey, speed skating and other games.

SOUTH END WON. The South End boys' team defeated the Outlaws last evening by a heavy score. The line-ups were: South End, Cummins and Spellman, forwards; Britt, centre; Bent and Garland, defence. Outlaws, Sterling and Killen, forwards; Quinn, centre; Lowe and Daley, defence.

He had one big year in which he made a cleanup. He seems to have been content with getting it all in a lump at one time than in gambling on getting more, in smaller proportions, over a longer stretch of time.

Charles B. Cochrane, prominent London theatrical promoter and an occasional flinger at boxing, said, recently when he was in New York, that he could see no opportunities in a big fight.

IS PROMOTED IN C.P.R. SERVICE

Geo. Carter Becomes Chief Clerk in New York Office.

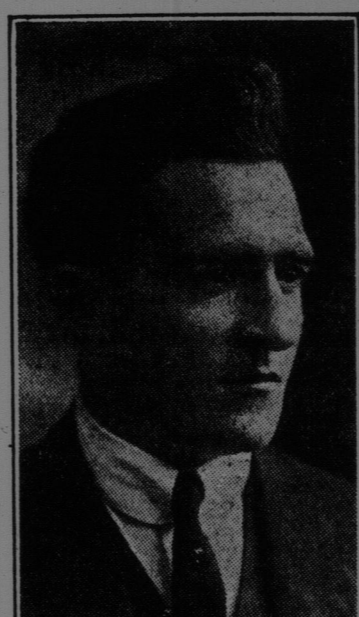

It was officially announced today that George E. Carter, who was one of the traveling passenger agents of the C. P. R. in the New Brunswick district, has been promoted and will be transferred to the New York office of the company as chief clerk. He has been employed as a passenger agent for about three years and prior to that was attached to the port staff. He will take over his new duties at the last of the month. Many friends in this city will be pleased to learn of his promotion and will unite in wishing him continued success.

Mr. Carter will serve under F. R. Perry, formerly district passenger agent at St. John, who is now general passenger agent at New York. He will succeed Mr. Roche, who has been filling the position of chief clerk, and who is being promoted to assistant general passenger agent.

Mr. Carter, who is a son of Mr. and Mrs. E. S. Carter of Fair Vale, joined the passenger department staff of the C. P. R. in St. John in 1914. Less than a year later he went to Montreal where he joined the 4th University Company of the P. E. L. L. He has been connected with that organization. When this unit was split up in England, Mr. Carter was transferred to the Canadian Machine Gun Corps with which he saw active service in the ranks in France. He received his commission in the field and during the Allied offensive late in 1918 was wounded and returned to England. He was convalescing when the armistice was signed and was returned to Canada early in 1919 and received his discharge. On demobilization, he resumed his duties with the C. P. R. and about three years ago was appointed one of the traveling passenger agents in the N. B. district.

His good work, genial disposition and willingness at all times to accommodate have been fully appreciated. His many friends will unite in wishing him continued success in his new field.

He Goes to New York

Harry Sweet, Melvin Rice and Gray Townsend.

A social evening, given by the B. Y. P. U. in the Fairville Baptist church, was enjoyed by many. Miss Lillian Finley, the social president, arranged the entertainment, which consisted of games and music. Delicious refreshments were served by Misses Bella Flynn, Nellie Kierstead and Herman Finley.

**BURIED TODAY.**  
The funeral of Rev. William Phillips was held this afternoon and the large attendance testified in eloquent terms to the esteem in which he was held by those who had come in contact with him during his comparatively short stay in the city. After a short service at the home, 89 Victoria street, the body was taken to the Douglas avenue Christian church, where service was conducted by Rev. W. J. Johnston, assisted by Rev. E. E. Styles, president of the Ministerial Association and by Evangelist G. E. Knight, who has been filling the pulpit during the illness of the pastor.

Among the many beautiful floral offerings, received were wreaths from the Ladies Aid, Ladies Mission Circle, "Tens" Society and choir of the Douglas avenue church and from the Coburg street church. Interment was made in Fernhill.

The funeral of Peter C. Rourke was held this afternoon at 2:30 from his late residence, 215 Wentworth street, to St. John the Baptist church. Service was conducted by Rev. J. J. McDermott. Interment was in the new Catholic cemetery.

WILL PROMOTE EXTENSION WORK

University Women's Club of St. John Addressed by Two Professors.

A meeting of considerable interest took place yesterday afternoon when the newly organized University Women's Club of St. John held its first regular meeting at the home of the president, Miss Helen M. Smith, 50 Orange street. The speakers for the afternoon were Dr. George Trueman, president of Mount Allison University, and Dr. F. W. Patterson, president of Acadia. The subject under discussion was university extension work and the desire expressed in many directions for extension and extra mural courses. In view of this need Mt. Allison is to open this summer a six weeks summer school, attendance at which would be acknowledged in connection with the Bachelor of Arts degree.

Both men spoke of the good extension work being carried on by Queens University and expressed their eagerness for the universities they represent to be of public service in furthering educational matters through extension lectures and work.

It is hoped that the University Women's Club may be instrumental in the near future in bringing some such work with its advantages to the city of St. John. The club was organized only ten days ago and is a part of the Canadian Federation of University Women. This larger federation is in turn a branch of the International Federation of University Women, an organization which is of world-wide importance in its efforts to establish better cooperation among the universities of all nations, in its keen interest in all educational and scientific matters, and in the opportunities it gives through its many international fellowships for the furtherance of post graduate work by women students in research work and all other forms of education.

The University Women's Club of St. John, while its membership cannot be large and hence its activities correspondingly limited, has been organized with a desire to keep its members in close touch with the large and varied educational interests of the day, and when possible to be of service in community matters. The executive will be glad to receive the names of any women graduates of the city not already connected with the club and desirous of being members.

HELD IN BANGOR ON ROBBERY CHARGE

In the municipal court on Saturday, says the Bangor News, Timothy L. Harkins, of Halls Quarry, Mt. Desert and Daniel White, of New Brunswick, were held in \$2,000 each on charges of robbery of James Sullivan of Boston, at the Eastern Eating House. The victim, who had a cut on the side of his head, was a member of the staff of the pair to his room, was held in \$500 as a material witness. All three were committed, but Sullivan has a shade the better of the case as he will receive \$2 a day while in jail awaiting action on the case at the May term of the superior court.

Harkins attempted to make White appear as entirely responsible for the robbery, but White took the witness stand and told the whole story, both going to Sullivan's room and holding him while they took his money, some \$29 or \$30, and two watches. They hit him over the head when he resisted.

SUGGESTS BOLDER COLORS

A suggestion for making the gates at level crossings more noticeable to the passerby has been advanced by G. N. Hatfield, road engineer, called from his experience in the woods on survey work. He advocates the painting of the gates alternate stripes of yellow and red and this, he says, will stand out clear in any weather and under any conditions and be bound to catch the eye. The present black and white striping, he says, blends with many backgrounds and is apt to confuse the driver of a vehicle.

As Hiram Sees It

"I was readin'," said Mr. Hiram Hornbeau to The Times reporter, "about them blind gal an' boys that learns geometry an' music—an' how to make things just as if they could see. An' then I thought about the gals an' boys—an' the poor-wops, too—that he's their eyesight an' is satisfied to get away from school an' fergit what they learnt in 'stid o' learnin' more. We aint a bit thankful fer our blessin'. We just take 'em an' put 'em in a bigger an' better world all the time—even if they never went fifty mile from home. It's the brain behind the eyes that needs to be used an' trained an' used right. An' the more the brain is trained an' used the more the eye kin see an' the heart feel. This aint no sermon—but I just thought I'd like to say what was on my mind—Yes, Sir."
