M. CONNOLLY DID NOT KNOW KASTEL

Has Look at Him in New York District Attorney's Office

Kastel Denies Receipt of Any Securities from "Nicky" Arstein - Tells of Plan With Erement for Land Company.

New York, May 28—Michael Connolly of Montreal (well remembered in St. John), who lost about \$110,000 through some wire tapping swindlers last year, walked into the district attorney's office here yesterday and some one told him to look Philip Kastel over.

Kastel, who reported to federal and state authorities here, after he said, he heard he was sought as a "missing witness" in the bankruptcy proceedings against Jules "Nicky" Arstein, an alleged leader in the \$5,000,000 bond theft plot, testified yesterday before Federal Commissioner Gilchrist. Kastel denied that he had ever received any securities from Arstein, or that he had seen Arstein at any time between February and his return here from Chicago on Tuesday night, when, he said, he spent the evening with "Nicky" and his counsel. He declared there was no discussion of bonds nor Arstein's case at the meeting on Tuesday.

Kastel went to Chicago last month, he said, and there formed a corporation with Arthur C. Erement, a Canadian, and M. P. recently arrested in Chicago in connection with the bond-thefts, and a third man, for the purpose of selling land. No stock in the corporation had been issued, he said, although a \$30,000 company was planned.

Textile Operations Further Curtailed

New York Wholesale Dry Goods District Report—Prediction of Cheap Footwear for Next Winter and Spring.

New York, May 27—Bankers and commission agents in the wholesale dry goods district yesterday confirmed reports of further reduction of operations in the textile industry, the silk trade again being most affected. Cancellation of orders continue in heavy volume, it is said, despite the efforts of converters and jobbers to allay apprehensions. Loans to manufacturers here and in New England show steady contraction.

There has been heavy buying of domestic silks at greatly reduced prices by retailers, who feature these wares in their price cutting sales.

The Lever Act. New York, May 27—The Lever Act was declared unconstitutional as a war measure in an opinion handed down yesterday by the United States circuit court of appeals in the case of C. A. Weed & Co., Buffalo, clothiers. The opinion, written by Judge Martin D. Manton, affirmed the decision of Federal Judge Hazel, who refused to enjoin Federal District Attorney Lockwood of the western district of New York State from proceeding against the company, charged with profiteering.

Paris, May 27—Concern is felt in commercial markets throughout France because of a rapid decline in prices of stable commodities. In the last thirty days cotton has declined 254 francs per fifty kilograms in the Havre market, while coffee has fallen 76 and wool 35 points in the same time.

Sofia, May 27—Bulgaria's 1919 crops were among the greatest in the country's history, and those of this year promise even greater abundance. The country now has much wheat and maize on hand that she is exporting part of it to Belgium and Poland. The present stocks of these cereals amount to nearly 6,000,000,000 pounds.

LOWER SHOE PRICES SOME DAY. Lower shoe prices late next winter and spring were predicted Tuesday by Edward A. Brand, secretary of the tanners' council of the United States, testifying before a senate committee of inquiry.

Tanners and manufacturers believe prices will fall by that time, Mr. Brand said, because of the recent decline in leather prices. This decline could not, however, be reflected in shoe costs, he said, because shoes are made up far in advance of the season in which they are offered on the market.

"If leather prices stay where they are now," Mr. Brand said, "it means that the cheaper hides will come into leather in ten months at least and cheaper leather means cheaper shoes. Shoe prices should begin to become lower late next winter—not in the fall—but early in winter, and in the spring and early summer of 1921, providing nothing unforeseen happens."

Stocks of medium grade leather now are plentiful, Mr. Brand stated, and there are also "adequate supplies" of the best grades. Foreign purchases have been reduced because of the exchange situation here, while domestic purchases have declined because retailers are buying "hand to mouth."

Mr. Brand said he did not believe that the "big five" packers controlled hide and leather prices. The Armour interests, he said, have twelve tanneries, and Swift interests in the all-but Wilson interests a few. Altogether the packer product, he said, was only about sixty per cent of the total supply of leather.

By laws will be reduced foreign and domestic demand, he believed the packers had reduced their leather output with a resulting tendency to hold up prices.

PILOTAGE IS TAKEN OVER

The David Lynch to Be Used Until New Boat Is Secured.

Captain G. E. L. Robertson, general superintendent of pilots, A. Boyle, chief accountant of the marine department, and J. C. Chesley, agent of the marine and fisheries department, held a conference this morning with the local pilot commissioners and pilots, and from now on the system will be under the Marine and Fisheries Department. After a lengthy discussion, during which matters pertaining to the pilot system were gone into, representatives of the marine department decided to take over the pilot boat David Lynch, add, starting today, the system will be under the direct supervision of J. C. Chesley, local agent of the department. The local pilots will cruise in the David Lynch and the competition which has existed for years will be eliminated. By laws will be drawn up and all pilots will take their regular turn in the pilot boat, their earnings to be pooled.

It is understood that \$20,000 has been set aside by an order in council to pay for a pilot boat in this district. This amount will be returned to the department by the pilots out of their net earnings in ten years without interest. A committee consisting of J. C. Chesley, Penwick McKelvie, and Thorne was appointed to secure a suitable boat to replace the Howard D. Troop, which was recently sunk in the bay. Until such time as a good craft is secured the David Lynch will be utilized.

Publishers to Meet. Toronto, May 27—The Canadian Press Association will hold its 62nd annual meeting in this city on June 3 and 4. Nearly 200 publishers of weekly newspapers are expected to be present.

As Hiram Sees It

"I was up river yesterday," said Mr. Hiram Hornbloom to the Times reporter, "and all the farmers was askin' where they could find a market for iron rust."

"Iron rust!" said the reporter. "That is a strange commodity for farmers to deal in. Is their farm machinery going to rust for lack of use? You remind me of the old Crusaders."

"Their bones are dust, their good swords rust, their souls are with the saints we trust."

"What in the world has happened to the thrifty farmers of the St. John valley?" "Oh! They're all right," said Hiram. "They got a new industry. They want a market."

"A market for what?" queried the reporter. "For the rust from the rails of the Valley Railroad," said Hiram. "But that is a government railway."

"Well, sir," said Hiram, "that's what they told me. They said the rust was grown fast—an' the railroad was a joke."

Why don't they use the railroad, then? demanded the reporter. "Because they can't get no train service," he said. "You'd raise whistles while you was waitin' for a train. If you want to come to town to do business you can't get back home till next day."

"Well, sir," said Hiram, "they're bilin' mad about it, too. They say if they had a good suburban service it'd be the best buyin' part of the rail road in two or three years—an' that if you don't put seed in the ground you won't get crop. I guess they aint fur astray about that—nutter."

REFUSE TO SELL MUSIC HALL TO ALLENS OF CANADA

London, May 27—(Canadian Associated Press)—The shareholders of the Empire, one of the principal London music halls, refused yesterday to ratify agreement of sale to the Allen Company of Canada, for \$240,000.

Two Alfred Butt, a prominent London music hall proprietor, made a better offer, which still remains open and the directors are now authorized to accept any other proposal, less favorable than that of the Allys.

SERIOUS RAILWAY TROUBLE IN INDIA

London, May 27—Twenty thousand workers of the Great Indian Peninsula Railway have struck, demanding increased wages, says a Bombay despatch. The exchange telephone company. Yesterday afternoon the men adopted a threatening attitude, stoned workshop windows and disrupted traffic in Bombay, while some entered the principal signal towers and compelled the men to raise or lower signals at their pleasure. The strikers, who smashed windows, insulted passengers and held up traffic for an hour. When trains resumed running, their shutters were closed and they were again stoned. Military detachments were called out, but the strikers had dispersed before the troops arrived.

Canada's Bill Against The Huns \$1,871,000,000

Likely Get Pro Rata Share of What Empire Receives—One Item is \$30,000,000 Because of Halifax Explosion.

Ottawa, May 27—Canada's claim against Germany for reparation for losses sustained by the country and by individual citizens during the war has been forwarded to England for presentation at a conference of representatives of all parts of the British Empire, soon to be held in London, and subsequently, at an inter-Allied conference at Spa.

This bill rendered by the dominion is for a total of \$1,871,000,000. It is made up of the following items: Cost of war and demobilization, \$1,715,000,000. Separation allowances, \$85,000,000. Halifax losses, \$30,000,000. Army of occupation, \$8,000,000. Illegal warfare, \$13,000,000.

The Halifax losses is evidently meant the damages occasioned in that city by the explosion of the munition ship Mont Blanc, in 1917.

It is intimated that Canada and other British dominions will share the indemnity received by the British Empire in the proportion which their expenditures bear to the total expenditures of the empire.

MILLION MORE FOR EDUCATION

Estimates Brought Down Last Night in the Legislature of Ontario.

Toronto, May 27—The main estimates for 1920-21 were tabled in the legislature last night. They show an increase of \$4,127,299 over last year's estimates. The vote for education will be \$4,403,842, an increase of nearly \$1,000,000. The new department of labor will require \$770,000.

About \$250,000 will be needed to cover increased grants to hospitals and charities, and \$750,000 additional for increased cost of maintenance of public institutions. About \$400,000 extra is asked for public buildings and repairs to government buildings, while salary increases to the civil service, etc., are reported in an increase of \$390,000 in civil government.

COME RIGHT ALONG! No Restrictions on American Tourists at the Canadian Border.

Ottawa, May 27—American tourists visiting Canada will not require passports as a condition of entry to Canada from the United States or as a condition of leaving Canada for the United States, according to a statement just made by the Canadian department of immigration and colonization.

The statement is prompted by the fact that many thousands of Americans spent their summer holidays in Canada. This year they find an additional inducement in the fact that the Canadian department commands a premium in Canada, and many inquiries have been received concerning restrictions at the border. The statement by the Canadian department of immigration and colonization sets all doubts on that subject at rest.

FIREMEN HURT IN EXPLOSION AT PORTLAND BLAZE

Portland, Me., May 27—Fourteen firemen were burned or cut by flying glass from a hot air explosion while fighting a fire in a lunch room and an adjoining cigar store in Temple street today. Five were removed to the hospital. The other were only slightly injured.

Two pairs of horses attached to a fire apparatus were thrown up on the sidewalk on the opposite side of the street and a large piece of glass was forced into the side of a hose wagon.

Montreal, May 27—Three months in jail without the option of a fine was the sentence imposed by Judge Barthelemy on Ludger Trudeau, proprietor of the St. Gabriel Hotel, on conviction of a third offense of selling hard liquor at his hotel. His lawyer stated he would commence civil proceedings to quash the conviction.

ADD LARGELY TO C. N. R. EQUIPMENT

Winnipeg, May 27—This year the Canadian National Railway rolling stock will be increased by the building of 5700 freight cars, eighty locomotives and seventy-eight passenger coaches. The additions to the rolling stock contracted for in 1919 are now almost completed. In 1919 new freight cars to the number of 1,549 fifty locomotives and 240 passenger coaches were built.

DIFFER AS TO GEN. DYER'S ACTION

Indian Government Condemns British Officer

Catholic Archbishop of Simla Declares He Saved India to the British—Views of London Newspapers.

London, May 27—The government of India, reviewing the finding of a special commission investigating recent disorders in India declares that "General Dyer, the British commander in chief in India, exceeded the reasonable requirements of the case and showed misconception of his duty, resulting in lamentable and unnecessary loss of life."

This judgment, it is announced, has been communicated to the commander in chief, with the request that he take appropriate action.

The Catholic Archbishop of Simla, Monsignor Kenardy, has sent a letter to the London papers defending General Dyer. He says that hesitation by the authorities "would have meant the murder of European men, the outraging of women, the loss of public buildings and the destruction of Christian churches."

He maintains that General Dyer saved Europeans from a cruel India. "Soldiers," he adds "are not good advocates for themselves, but they are a God-send in time of danger. If the present tendency to make a scapegoat of the white soldier amid a colored race succeeds, the military authorities in the future may hesitate to act, and that hesitation will have consequences which no man cares to contemplate."

Newspapers here in commenting on the report of the commission express divergent opinions. The Telegraph profoundly regrets that General Dyer was sacrificed for an error of judgment which saved Punjab from unspeakable horrors, but the Daily News thinks that, making every allowance for the situation, General Dyer's action in firing warning and continuing to shoot after the mob had begun to disperse constitutes one of the blackest episodes in the history of British rule in India.

The Times trusts the final verdict of the government. "Every cool and impartial person," it says, "must acknowledge the justice and accuracy of the government's observations."

"Before General Dyer's action he too severely judged," the Chronicle declares, "its should be remembered that he was confronted by a crisis which seemed to threaten the British and under circumstances suddenly thrust upon him. The considerations do not justify his action, but they explain it."

MONEY PILES UP IN SAVINGS BANKS

April Bank Statement Shows Growth of Total to \$1,209,000,000.

Ottawa, May 27—(By Canadian Press)—The bank statement for April shows a continued increase in savings bank deposits. They now stand at the new high level of \$1,209,000,000 as compared with \$1,070,000,000 a year ago, and \$888,000,000 two years ago. Note circulation by the banks showed a decrease during the month while there was a slight increase in deposits in the central gold reserve. Call loans in Canada were rather lower than shown in the statement for March. Current loans in Canada are about \$25,000,000 higher.

Dr. Pope, an expert in archery, and his companion, Arthur Young, will carry automatic pistols also, but these are to be used only in emergency. The animals are to be mounted for a group at the museum of the California Academy of Sciences here, the cost to be defrayed by Ogden Mills of New York.

Several recruits signed last evening, and more are expected. Those present were Lieut. Colonel G. Corbet, officer commanding; Captain J. A. McCarthy, Captain D. D. Knight, and Quartermaster Gale.

PICKED THE WRONG CHURCH

Was in the Right Town But That Was All.

New York, May 27—Getting into the wrong pew is a byword, but Samuel Nell, student in the Western Theological Seminary at Pittsburg, astounded the members of the Methodist Church in Independence, Pa., by not only getting into the wrong church, but the wrong denomination. He was delegated to conduct services in the Presbyterian Church, but went to the Methodist Church and preached the sermon, while the regular minister sat, presumably dumbfounded, in the choir. The young man did pick the right town.

A DANGEROUS WARNING — BLEEDING GUMS

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhoea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhoea, the gums become spongy, then recede; the teeth decay, loosen, and fall out—or must be extracted to rid the system of the infecting Pyorrhoea germs which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

You can keep Pyorrhoea away. Visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums.

Forhan's For the Gums prevents Pyorrhoea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean.

Start using it today. If your gums have receded, use Forhan's according to directions, and consult a dentist immediately for special treatment.

NO NEED OF PAYING MORE THAN WE ASK FOR THE BEST GOODS, AND YOU CANNOT AFFORD TO SACRIFICE QUALITY BY PAYING LESS

We have been selling drug sundries and supplies for too many years, and they are too important a part of our business for us to make any concessions in quality.

Our prices are no higher than they ought to be—if we ask more than other stores it is because we are offering better goods. In such an important matter as sick room supplies our customers invariably agree with us that it is true economy to get the best.

A MOST IMPORTANT MATTER

in the sick room is the taking of the patient's temperature. You cannot do this unless you have a fever thermometer that is accurate.

A GOOD DISINFECTANT

is always a necessity around the home and especially in the sick room. You can get anything that the doctor orders, or that you desire, in germicides or disinfectants at this store.

RUBBER GOODS FOR THE SICK ROOM

Guaranteed quality Hot Water Bottles, Ice Bags, Air Cushions, Rubber Sheeting and everything else that the patient requires.

ANTISEPTIC SOLUTIONS

There is nothing that is so indispensable in the sick room or in the home as a good antiseptic.

FOR THE PATIENT'S BATH

You need a good sponge and you ought to buy it from the carefully selected stock of high grade sponges which we show at this time.

YOU CANNOT AFFORD A MISTAKE

in the selection of Crutches, Braces, Waist and Ankle Bands, Elastic Stockings, or Trusses. Get them here and you will get the best.

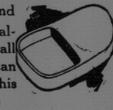

SURGICAL BANDAGES OF ALL KINDS

Absorbent Cotton, Sterile Gauze and Surgical Bandages of all kinds are here in abundance. Doctors take no chances on inferior goods of this kind and cannot afford to either.

Either way ends every corn

Use Blue-jay as you like best. Apply liquid Blue-jay from a bottle, or use the Blue-jay plaster.

The effects on the corn are identical. The pain stops. And the entire corn quickly loosens and comes out.

Blue-jay now is ending some two million corns a month.

It has so reduced corn troubles that most folks never have them.

It will end them all when all folks know about it.

The Blue-jay method is easy, gentle, sure.

It is scientific—the creation of a world-famed laboratory.

For your own sake, stop paring corns. Cease the old, harsh, inefficient methods.

Learn what millions know—that corns are folly, the pain is needless. Anybody can be kept forever free from corns with Blue-jay.

Prove this tonight. Buy Blue-jay from your druggist.

"THANK MY LUCKY STARS I TRIED IT"

That is What Mrs. Eatman Says After Tanlac Brought Back Her Health.

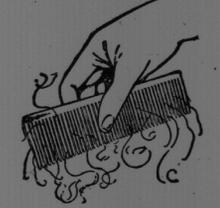

I have received so much benefit by using Tanlac, that I feel it my duty to make a statement about my experience. The benefit of others," said Mrs. E. Eatman of 80 Sheriff street, St. J. (N. B.), at the Ross Drug Store. Ever since I had the flu, about 2 years ago, I have been in such a down condition that I hardly knew how to keep going. I had no appetite. I just felt so dead tired all the time my housework was too much for me and I had to stop every little while to have a rest. My condition got worse and worse until I was eating hardly at all, and my stomach became so upset that what little I did manage to get down would sour and form gas. I was bloated up so tight I had to change my clothes. I would have severe pains all through my body. I could get very little rest at night because I would wake up every hour or so with a pain and all through the day I was so weak and listless that I was good for nothing. I had often heard of people getting benefit from Tanlac, but it was until about three months ago that I decided to try it myself. I thank my stars I did, for the way I have recovered is just wonderful. It gave me an appetite and I found that I did eat things that I hadn't dared for years, and I never have a bit of indigestion or gas. I have gained several pounds in weight and have so much more strength and energy that I believe I can do my work easier than before, and I never get all tired out. I used to sleep right through the night without once waking up, and up in the morning as fresh as a daisy. I really can't say enough good things about Tanlac and heartily recommend everybody who suffers as I did. Tanlac is sold in St. John by the Ross Company and P. W. Munro; by V. McKay, Beaver Harbor; Willard, Ellwood, Evans; C. V. Pearson, Highgate; and by the leading druggists in town. (Adv't.)

A gymnasium display and swimming exhibition was given last night in the Y. M. C. A. by the Witanstede class and much skill and ability was shown. The class has received instruction from T. C. Armour, physical director of the Y. M. C. A. The high jump was won by Miss Margaret Page and Miss Margaret Stevenson, who cleared the bar at four feet one inch. Miss Marion Currie, Miss Margaret Page, Miss Viola McAvity, Miss Daphne Patterson and Miss Constance Murray took part in the swimming demonstration. The methods of live saving were shown when Miss Margaret Hayes was rescued by Miss Margaret Page.

The four-act farce, "The Young Village Doctor," given by the Epworth League of Zion Methodist church last evening in the school room of the church was a huge success. The orchestra of the Exmouth street Methodist church rendered the music. The following took part: Mr. Orr, Mr. Wetmore, Mrs. W. C. Good, Mrs. R. Ring, Miss Marjorie Lane, Rev. M. E. Conron, Miss Alice Daley, Miss Helen Hamanah, Miss Hazel Johnson, Kenneth Day, Miss Evelyn Olive, Miss Muriel Purdy, W. A. GREAT LOT OF WINE MISSING

Providence, R. I., May 27.—Federal prohibition officers yesterday were searching for more than 275,000 quarts of wine missing from a bonded warehouse here.

"MONTE'S WIFE" WAS WELL PRESENTED

"Monte's Wife" was the title of a lively little three-act comedy presented last evening by the young people of St. Paul's church under the auspices of the Rockwood Comfort Club. It was staged under the efficient direction of J. L. Robertson, and its success is due to quite an extent, to his efforts. The cast was well balanced and all played with confidence and ease. Hilton Crowley as Otti Hammerhead, from Yellow Bud, Ohio, played a difficult role with the assurance of an old stager, and received from the other members of the cast, whole-hearted support. Marvin White as Montgomery Hay, Grandpa's grandson, also played to good advantage. Miss Orpah Fisher as Lucy Hunter, and Miss Gretchen Myers as Marie Libeau both contributed in a large measure to the amusing situations which frequently arose. Miss Gladys Gibbon gave a reading between the first and second acts, and between the second and third acts. Miss Geraldine Melick and Elmer Belding sang a very pleasing duet "If You Could Care." Those taking part in the play were the Misses Gretchen Myers, Gladys Jones, Marian Terry, Winifred Morrow, Orpah Fisher, and Messrs. Gordon Smith, Arnold Young, Marvin White and Hilton Crowley. In the chorus were the Misses Greta Trentowsky, Elsie Roop, Blanche McColegan, Sallie McDonald, Ruth Milne and Alice Young. Miss Bessie Irvine was the accompanist.

Catarrh sufferers, meaning those with colds, sore throat, bronchial trouble, etc., can all be cured right at home by inhaling "Catarrhosone." In using Catarrhosone you don't take medicine into the stomach—you just breathe a healing piney vapor direct to the lungs and air passages. The purest balsams and the greatest antiseptics are thus sent to every spot where catarrhal trouble exists—germs are killed, food secretions are destroyed, nature is given a chance and cure comes quickly. Colds and throat troubles can't last if the pure healing vapor of Catarrhosone is breathed—coughing and coughing cease at once, because irritation is removed. Use Catarrhosone to prevent—use it to cure your winter ills—it's pleasant, safe and guaranteed in every case.

Cause of Early Old Age

The celebrated Dr. Michenoff, an authority on early old age, says that it is caused by poisons generated in the intestine. When your stomach digests food properly it is absorbed without forming poisons. Intestine poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion second to none.

MATTER OF A BUILDING FOR VOCATIONAL WORK

High School Principal Objects to Street Car Extension—School Board Meeting.

Last evening a meeting of the board of school trustees and the building sub-committee of the vocational educational committee was held in the board rooms. The object of the meeting was to discuss a bond issue for \$50,000 to provide a building suitable for vocational training. A committee of the school board composed of Dr. Emery, Thomas Nagle, J. D. P. Lewin and J. R. W. Ingraham was appointed to go into the matter and see what authority the board has to secure funds for that work. It was recommended that the building committee of the vocational branch make out a definite plan and proposal before again approaching the board for financial assistance.

Dr. A. E. Emery presided at the meeting, and there were present Mrs. Richard O'Brien, E. R. W. Ingraham, H. Colby Smith, J. D. P. Lewin, Thomas Nagle, and George E. Day of the school trustees, Alexander Wilson, C. P. Hennessy, and Mrs. W. Edmund Raymond of the vocational education committee; Dr. H. S. Bridges, superintendent of schools, and A. Gordon Leavitt, secretary of the school board. A protest was made to the board by W. J. S. Myles, principal of the high school, against the proposed street car service along Union street from the street to Charlotte street. A committee was appointed consisting of Dr. A. E. Emery, Dr. Bridges and A. Gordon Leavitt, to make a formal protest to the common council.

PRESIDENT RECEIVED GEDDES.

Sir Auckland Geddes, the new British ambassador to the United States, formally presented his credentials to President Wilson at the White House, Washington, yesterday, and exchanged with the executive assurances of good will and amity. No diplomatic questions were touched upon.

Stomach And Liver Trouble

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore upon the liver, more than any other organ of the body, depends the general health. Carelessness and neglect, and oftentimes willful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa-Liver Pills. They clean up the liver, get the bowels back to their proper condition and tone up the stomach. Mrs. G. L. Cackett, Enchant, Alta., writes: "I have used Milburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results. They are also good for headache." Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MORNING NEWS OVER THE WIRES

Patrick Cyr and Hector Andre of St. Leonards had a narrow escape from death by drowning one evening this week when the boat in which they were attempting to cross the St. John River struck one of the piers of the bridge and broke in two. Andre clung to the wrecked boat while Cyr swam ashore. Andre drifted along with the current and finally grasped one end of a sheer boom. His cries were heard by Uldal Thibideau of Van Buren, who jumped into a canoe and secured Andre.

Andrew Peterson, 14 years of age, was killed yesterday in the St. Croix Cotton Mills in Milltown. He was sitting on the back of the elevator when he leaped backward, catching his head between the elevator and the floor, breaking his neck.

The Prince of Wales arrived yesterday at Melbourne, Australia, and received an enthusiastic reception. The saw mill of Smith & Doven at Rollingdam, Charlotte county, was destroyed by a forest fire. The damage amounts to more than \$25,000. Ten deaths of members of the C. G. R. Employees Relief and Amusement Association during the month of May. Seven were retired employees.

Weak, Sickly Folks Regain Health Quickly By New Remedy!

A BLOOD-FOOD NOW MANUFACTURED THAT ACCOMPLISHES MARVELS.

Lots of people that were thin and miserable for years have recently been restored by this simple treatment. All you have to do is take two little chocolate-coated tablets with a sip of water at the close of each meal. The tablets which, by the way, are called "Ferrosone" are in reality a perfect food for the blood. They contain exactly those elements your blood lacks when it becomes thin, weak, and unhealthy. This is just the time to use Ferrosone; it excites splendid appetite, gives digestion splendid aid, supplies nourishment for all weak organs. At once you feel buoyant and strong. Nutritious blood courses through your veins, supplies strength, makes you tingle with animation and ambition. No more headaches. None of that tired languor. You feel like doing things because Ferrosone completely renews and strengthens your whole system. No medicine on earth gives such quick, lasting benefits as Ferrosone. It has raised thousands from downright weakness, brings robust health simply because it contains the fortifying elements that run-down systems require. One week after using Ferrosone you'll feel like new, you'll appreciate what real robust health means. In a month you'll scarcely credit the push your vigor and spirits have received. Ferrosone is more than a tonic because its work lasts, its benefits remain and are not temporary. It restores health where other treatments fail and should be used by every man, woman and child. Try it, 50c per box or six boxes for \$2.50. Sold by all dealers or by mail from The Catarhosone Co., Kingston, Ontario.

MOTHERHOOD

Wiarion, Ont.—"I feel it my duty to let others know the benefit I have derived from the use of Dr. Pierce's medicines, and I hope this may be the means of inducing some sufferer to try these remedies for I know they will do all that is claimed for them. I took five or six bottles of Dr. Pierce's Favorite Prescription during expectancy and it did wonders for me. I had practically no suffering and have a lovely healthy baby girl. I have such confidence in the 'Favorite Prescription' I am continuing its use and it is building me up and supplying plenty of nourishment for my babe. I also took Dr. Pierce's Anuric Tablets for the relief of varicose veins and they certainly worked a miracle. I only took two bottles."—MRS. DAVID H. COLLINS, Wiarion, Ontario.

"Favorite Prescription" should have the full confidence of every woman in Canada because it contains no alcohol and no narcotic. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package tablets, or to branch Laboratory in Bridgeburg, Ontario. Dr. Pierce long since found the herbs and roots provided by Nature to overcome constipation, and he had these vegetables collected and made up of Mayapple, leaves of Aloe, root of Jalap, little white sugar-coated pills, that he called Dr. Pierce's Pleasant Pellets, and placed them with the druggists everywhere

THIN PEOPLE NEED BITRO-PHOSPHATE

Increases Weight, Strength and Nerve Force in Two Weeks Time In Many Instances

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying phosphoric food elements, bitro-phosphate should produce a welcoming transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well." CAUTION—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

A CHAIR AWAITS THE CANADIAN MINISTER

A Diplomatic Secret Disclosed On Announcement of Representation at Ottawa.

Philadelphia, May 27.—A musty diplomatic secret has been disclosed here through announcement that Canada soon will send its own minister to Washington. It is that for the last ten years a specially made chair, carved with the Canadian coat of arms, has been waiting in Washington for use of this envoy. Elihu Root, then secretary of state, ordered the chair, one of many specially designed for the pan-American union building at the capital. Andrew Carnegie's memory to cement more firmly the relations of the Americas. Albert Kelsey of this city, one of the architects of the pan-American building, said: "Once a month the ambassadors and ministers of all the American republics meet and are presided over by our secretary of state in the pan-American building and each representative has a chair of his own, with the arms of his country carved on the back. "Now, when these chairs were decided on, Secretary Root asked me to have an additional one made with the Canadian coat of arms, which was done, and which has been hidden for the last ten years, for Secretary Root cautioned me—to use his exact words—'to be a little reticent about the matter'."

TO BE FED IN ENGLAND. Viennese Children Are Sent Abroad for Nourishment.

Vienna, May 27—Two hundred Vienna children aged six to fourteen, have left for England via Rotterdam, to be better fed than is possible here. They are mostly the children of brain workers, professors, teachers, physicians, authors and musicians. Further departures of children are to follow. Many thousands of Vienna children have already been sent to Sweden, Denmark, the Netherlands, Switzerland and a number also to Italy, but the British benefaction funds greatest interest here, since every one feels this means, more than the resumption of diplomatic or commercial relations, that return to friendly relations which always existed between England and Austria before the war.

A contract was entered into yesterday afternoon by the St. John county housing board and the firm of Bourke & Griffiths for the erection of twenty houses with an expenditure of from \$95,000 to \$100,000. It is expected by Nov. 1 ten self-contained houses will be ready for occupation in McKiel street, Fairview, and ten in Champlain street, West End.

Other local horses are also working out at Moosepath, including some new importations by Leonard Dryden. The Boston Red Sox have jumped

back into the lead of the American League race, leading Cleveland by a half game. The exalted position of the team is partially due to the good pitching of Joe Bush, who has been doing a real come-back. The Pirates are out in front of the National League with a small margin. Hap Felch is giving "Babe" Ruth a great run for the honor of being "Home Run King," he has secured his sixteenth "Babe" will have to forget his ailments or Happy will get a lead on him. Fred Mitchell and his Chicago Cubs are still expecting to cop the National League during this season. With Alexander pitching nine victories in a row they have good reason for their optimism. So far this season Washington players have pilfered forty bases, Rice, Roth and Harris leading their team mates by a wide margin. However, the team lacks real hitters to go with the speed and they are still in the second division. The second game in the City Baseball League will take place this evening on the East End grounds between the Alerts and the Lanties. Both teams are confident of victory and a good game is anticipated. Tomorrow evening the G. W. V. A. and Lanties will play on St. Peter's grounds. ONSLAUGHT ON UNTIDINESS PROGRESSES

Odd Assortment of Material Moving Towards the Dumps—Clean-Up May Continue Tomorrow—Street Flushing.

Christmas trees, some of them with the trimmings still attached, old stove pipes, disused hot water boilers, and an infinite variety of junk, rubbish and other impediments continued to flow through the city streets today on the joyful way from their winter resting place to the city dumps as a part of the great drive against uncleanness which the allied forces of the city and the board of health have been making. T. M. Burns, secretary of the health board, said this morning that he expected the results this year would far eclipse those of any year in the past.

Commissioner Frink said that while a few complaints had been received that garbage had not been removed, the work had been generally satisfactory. Asked regarding the proposed flushing of the streets, he said complete arrangements had not yet been made, but that when arranged it would be not only for one day but periodically during the summer.

There is a possibility that the clean-up process will not be completed this evening but be carried over to the morning.

Engineer Reports on Douglas Avenue Crossing—The Band Concerts—Matter of Indiantown Ferry.

Richard O'Brien and Duncan G. Lingley, members of the board of commissioners of the Free Public Library, appeared before the city commissioners at their committee meeting this morning in connection with repairs to the library. Mr. O'Brien said that the total repairs were estimated at \$2,800, while the city's grant amounted to only \$1,150. He asked that the work be undertaken as soon as possible and suggested that the city take care of any expenditure over the amount granted. The matter was referred to Commissioner Thornton. Mr. Lingley suggested that one of the city gardeners be instructed to pay periodical visits to the library to care for the land surrounding it. This was referred to the public works department.

The common clerk read an invitation from the City Public Service Employees Union to the mayor and commissioners to attend a smoker in the Oddfellows Hall tonight. The invitation was accepted and all the commissioners able to do so are to attend.

Commissioner Bullock reported on the traffic of the E. Ross on the Lancaster ferry route. He said from January 4 to 28, the revenue was \$159.80 and expenses \$899.19, leaving a deficit of \$248.89. He moved that the \$2,500 be granted for the purchase of the E. Ross. The county to grant a like amount, and the boat to be owned jointly by the city and the Parish of Lancaster and to be operated by the Indiantown-Lancaster Commission.

On motion of Commissioner Frink the matter was referred to Commissioner Bullock, the mayor and the city solicitor, to submit a properly drawn resolution.

Commissioner Thornton read an application from Robert Roberts to install a gasoline tank at his premises, 86 Cedar street. Referred to the commissioner of public safety.

Commissioner Frink advised that he would arrange the matter of bands on the city squares as soon as possible.

A further communication was read from the executive of the Countess deBury offering the old Shamrock grounds and adjoining property, totalling 888,485 feet, for the original price of \$10,000.

As the council had decided to negotiate with the government for the purchase of the rifle range, Commissioner Jones suggested that the matter be left over for consideration until the rifle range matter was settled.

Mr. Thornton moved that in the meantime the city engineer be asked to make a report on the area offered.

Commissioner Frink suggested that at the same time the commissioner of water and sewerage should bring to council a copy of a plan by the late city engineer of the proposed trunk sewer in the neighbourhood of Newman Brook.

A bill of \$112.50 for three months rent of the office of the Dominion Provincial Employment Service of Canada was referred to the city engineer.

This is for the three months, February, March and April. The mayor said that the city had agreed to pay the rent of this office up to Feb. 1. It was decided to leave the matter to the mayor for further investigation.

Douglas Avenue Crossing.
The city engineer's report regarding the crossing of the C. P. R. rails at Douglas Avenue said that the crossing would be about thirty feet north of the present line. He recommended the granting of permission for the crossing under the present conditions.

One of these was that the C. P. R. arrange with the N. B. Power Company to lower the grade to the street so as to give the same percentage of grade, approaching from the east as now exists, if the city or the N. B. Power Company deem it necessary and if the grade be lowered that the water mains and hydrants be lowered proportionately at the expense of the company.

"The consideration of an under or overhead crossing of the highway with the railway (either is feasible)" the report said, "is a matter apart from the present question; the effect of either would be to make Douglas Avenue a dead end street and if serious consideration is given to getting away from a grade crossing the present grade down to the street railway crossing of the C. P. R. could be made a little steeper without any inconvenience to traffic." The matter was referred to the city solicitor, and commissioners of water and sewerage and public works.

An application from the Y. W. C. A. to erect an electric sign at 28 King street was referred to the commissioner of public safety.
