THREE CENTS

FIFTEEN KILLED, MANY INJURED IN COLLISION

Rear-End Collision Between Two Sections of the Vancouver Express Occurred Yesterday Morning.

EIGHT PERSONS KILLED OUTRIGHT

Casualties Are Immigrants for Western Canada or Residents of the West Who Were Returning from Europe.

North Bay, Ont., Jan. 25.—Fifteen are dead and a number injured as the result of the worst train wreck in the history of this division of the C. P. R. which occurred at Corbell, eleven miles east of here this morning. No. 1 Pacific Express for Vancouver, due here at 10 a. m., was running in two sections. Number One Section became stalled, owing to failure of the engine to make steam under the condition of severe frost obtaining, and Number Two Section came around a curve onto it, the locomotive of Number Two telescoping the rear sleeper of Number One Section. It is stated that ten persons had been placed, and other precautions taken by the crew of the stalled train, but it is too early and there is as yet too much confusion existing to be certain on this point. The two sections, it is stated, were running very close together.

Eight Killed Outright

Eight persons on the stalled train were killed outright, and several others died afterwards on the way to the hospital here. At the hospital it was reported that none of the injured there were fatally hurt. So far as known, all the casualties are immigrants for Western Canada, or residents of the West on their way home from Europe. Of those killed, the only names secured are those of a Mrs. Pean and her two young sons, who were on their way to Calgary. The two boys were killed outright. Mrs. Pean died after removal from the wreck. Miss McLaughlin, a niece of Mrs. Pean, also on her way to Calgary, is in the hospital suffering from shock and injuries to her hands. Others in the hospital here include Miss Dorothy Keen, injuries to back, and Mr. and Mrs. Klenné and Mrs. Klenné senior, and a bride and groom, names not yet learned.

Pullman Conductor Maddin, suffered a fractured knee and bruises about the head and hands.

Official Statement

Montreal, Jan. 25.—Vice-president A. M. MacTier stated officially at the headquarters of the Canadian Pacific Railway tonight that at least seven, and possibly eight persons have been killed and twenty-one were injured in the collision this morning near Corbell, about ten miles east of North Bay. It is feared that the list of casualties received by the company is not complete, as the engine of the second train ploughed clear through the observation car of the train ahead, and then smashed the sleeping car and partly demolished the sleeping car ahead of that one, by which time the engine left the rails and fell down the embankment.

STORM HELD UP STMR. NORTH LAND

Was Unable to Get Away from Yarmouth Until Sunday Afternoon.

Yarmouth, N. S., Jan. 25.—Owing to the heavy storm in the Bay of Fundy last night, the steamer Northland did not sail for Boston until one o'clock

German Military Evacuate Town Of Flensburg

Copenhagen, Jan. 25.—The German military and civil authorities evacuated the town of Flensburg, Schleswig, on Saturday, in accordance with the treaty terms providing for the taking of the plebiscite, a message from Flensburg today announced. The German residents spared no pains in giving the troops a patriotic send-off. Today a Danish demonstration occurred there.

The visit of the international commission, which is expected on Monday, is awaited with intense excitement by the Flensburg people, the dispatch adds.

Await Next Move Of The Allies

The Dutch Government and the Former German Emperor Have Settled Down to See What Allies Will Do Next.

The Hague, Jan. 25.—The Government and the former German Emperor have settled down to await what the Allies will do next. Only one Dutch newspaper, the Amsterdam Telegraaf, went beyond approval of the government's action, and while heartily approving the stand on national honor, said: "Sentiment for the former Kaiser here is below zero, and we believe an extremely small number of Dutchmen would have been hurt if he had been called to account some way or other for the terrible responsibility which rests upon him. The Dutch people do not feel like standing as a bulwark for the German Kaiser, and the best part of our government is its total absence of sympathy for the accused."

A Brussels newspaper has commented bitterly on the refusal, saying in effect that Holland thereby proves herself, as always, a friend of the German junkers and an enemy of the Allies.

Holland meanwhile is going forward with her plans to join the League of Nations.

POWHATTAN STILL AT MERCY OF THE TURBULENT SEAS

Steamer Adrift and Halifax Was Unable to Communicate With Boat Since Early Sunday Morning.

Boston, Jan. 25.—A wireless message that was intercepted here late today from the army transport Powhatan, which has been disabled off the coast since last Sunday, said the water was gaining slowly and that it might be necessary to take off all the crew except a few volunteers. Relief was requested as soon as possible.

Halifax, Jan. 25.—No further word of the disabled United States army transport Powhatan has been received here since this morning, when it was announced by the Marine and Fisheries department that she was still adrift. This afternoon and evening Colonel Griswold, of the United States army, who is in Halifax, tried in vain to obtain wireless communication with the disabled steamer to ascertain her exact location. It is believed here that, even with more favorable weather, the Powhatan cannot reach Halifax for at least twenty-four hours.

The gale off the coast has abated somewhat, but the temperature is still low, and the general conditions unfavorable for any rescue work. The powerful American tugs which have been dispatched to the Powhatan's assistance are not likely to reach her before Monday afternoon.

This afternoon, the steamer, with a full cargo of freight and one hundred passengers, was ready to sail before midnight on Saturday, but the captain received orders from Boston to hold the ship in port until the storm abated.

People who wish to get married without letting their friends know about it had better go outside New Brunswick to have the knot tied. The new Public Health Act seems to be putting the kibosh on the idea of secret marriages in this Province as the requirement for immediate returns of statistics from the officiating clergymen to the Board of Health means that the news of weddings must become public within a few days after taking place, irrespective of the desire of the contracting parties to escape publicity.

Returns at the Local Board of Health office, yesterday, showed that John Allen, son of Mr. and Mrs. J. Wesley Allen, Shore street, and Miss Bernice Hall, of Taymouth, were married in this city on the 15th inst., by Rev. G. M. Young, pastor of the Methodist church. The groom is a returned soldier, having gone overseas early in the war with the 24th Battery. His family had no knowledge of his marriage until a reporter sought particulars of the event. Rev. Mr. Young said he had been asked to make an announcement of the wedding but he had to forward the legal returns as required by the Public Health Act.

ANOTHER MOVE IN THE CABINET REORGANIZATION

Hon. Hugh Guthrie, Solicitor-General, Sworn in as Minister of Militia, to Succeed Hon. S. C. Mewburn, Resigned.

HON. J. A. CALDER TO HANDLE RAILWAYS

Hon. A. K. McLean is Widely Talked of as the Probable Appointee to the Ministry of Public Works.

Ottawa, Jan. 25.—(Canadian Press)—Another step in Cabinet reorganization was accomplished on Saturday when Hon. Hugh Guthrie, who has been Solicitor-General in the Union Government since its formation, was sworn in as Minister of Militia, to succeed Hon. S. C. Mewburn, who relinquished that post some ten days ago. It is stated that Mr. Guthrie will at the same time retain the portfolio of Solicitor-General.

With the departure of Hon. J. D. Reid for Florida on Friday night, Hon. J. A. Calder, who had been acting Minister of Militia, became acting Minister of Railways. The name of Hon. A. K. McLean had been mentioned as the likely appointee to the permanent post of Minister of Militia, and Mr. Guthrie's transfer to that department came as somewhat of a surprise. It is said that with the return to Ottawa of Mr. MacLean, who is now out of the city, he is likely to accept one of the portfolios and he is now being mentioned as possible Minister of Public Works. Hon. N. W. Rowell is at present acting minister of that department which, except for the brief tenure of office of Hon. Arthur Balfour, has been without a minister since the resignation of Hon. F. B. Carvell. That some action may be taken shortly toward filling this post would seem to be indicated by the fact that one or two contracts, which have been hanging fire for some time, are not likely to be awarded, it is now stated, until a permanent minister is appointed. Sir George Foster, acting Premier, was noncommittal when asked tonight if there was to be a permanent appointment to this portfolio.

The filling of the Militia and Public Works portfolios, it is expected, will about complete the cabinet shuffles until the return of Sir Robert Borden to the capital.

PUBLIC HEALTH ACT PLACES BAN ON SECRET MARRIAGES

Clergymen Must Make Immediate Returns to Boards of Health, Irrespective of Contracting Parties Wishes.

Special to The Standard
Fredericton, N. B., Jan. 25.—The Provincial Agricultural Department is arranging short courses for young farmers and returned soldiers to be held at Chatham and Moncton. The courses will be held next month and will extend over a period of two weeks. General agriculture will be taught by the district representatives, and other members of the staff will address the classes on special branches of work.

Latest word from Miss Grace Machum, who left here some months ago to become a missionary in India, are letters written on December 9th, as she was nearing Singapore, en route to Wolter in the Presidency of Madras. The weather was exceptionally hot but she had run into a severe storm but she hoped to reach her destination by Christmas.

People who wish to get married without letting their friends know about it had better go outside New Brunswick to have the knot tied. The new Public Health Act seems to be putting the kibosh on the idea of secret marriages in this Province as the requirement for immediate returns of statistics from the officiating clergymen to the Board of Health means that the news of weddings must become public within a few days after taking place, irrespective of the desire of the contracting parties to escape publicity.

Returns at the Local Board of Health office, yesterday, showed that John Allen, son of Mr. and Mrs. J. ENGLISH PRESS COMMENT ON THE DUTCH REPLY

Guardian Expresses Belief That Allies Are Convinced That It's Not a Moral Advantage to be Judge and Jury in One's Quarrel.

ENGLAND WOULD HAVE DONE SAME

Nowhere Has the Right of Asylum for a Fugitive Been More Upheld Than in England, According to Gazette.

Germany Receive With Joy Reply Of Dutch Gov't

Brussels, Jan. 25.—(Via London)—The pan-German press joyfully hails what it characterizes as the "manly attitude of Holland on the question of the extradition of former Emperor William. The Bourgeois Journal, and those of the Radical and Majority Socialist persuasion also express satisfaction with the Dutch Government's note. The Lokal Anzeiger says the document is certain of a place of honor in the national history of Holland, while the Tagliche Rundschau terms it a dignified state paper carrying a just decision and entirely in accord with what the German nation expected of the Dutch Government.

London, Jan. 25.—Following are extracts from the comment of some of the leading English newspapers on Holland's reply to the Allied demand for the surrender of the former German emperor:

The Evening Standard: "The Allies feel, on second thought, that to be prosecutor, judge, jury and hangman all at once in one's own quarrel is not a moral advantage. When he fled from the Western front in 1918, the Kaiser threw away his last big thing in life. Every distinguished exile is now closed, unless we should be so unlucky as to catch him up again as a sort of hero for the German monarchists by giving him the dignity of a historic court scene and death with all the world looking on."

The Evening Standard: "The Allies cannot consent to abandon the trial merely because Holland makes the objection that, hitherto, no written international code has actually denounced the acts the Kaiser committed."

The Westminster Gazette: "Sober-minded Englishmen must admit that this is precisely the attitude this country would take if it were asked to surrender a fugitive under similar circumstances, for nowhere has the right of asylum been more upheld than in Great Britain."

The Evening Globe: "It is quite possible that the Allies are not altogether displeased at Holland's refusal. It is equally probable that the Dutch themselves rather regret it than otherwise. The ex-Kaiser, the newspaper adds, 'is not much to be envied. His own people cast him off, and he is the unwelcome guest of a small nation which he once affected to despise. His place in history will be with other tyrants whose mad ambition led them to ruin and the execration of mankind.'"

ONTARIO TEACHERS ARE OPPOSED TO COMIC PICTURES

In Addition to Asking for Increase in Salaries They Register Complaint Against Melodramatic and Comic Pictures.

Toronto, Jan. 25.—A large delegation of leading school teachers of the province waited on Hon. R. H. Grant, minister of education for Ontario, on Saturday and urged, among other things, the advancing of teachers' salaries by at least twenty-five per cent. The teachers presented a resolution disapproving of melodramatic and comic picture shows, the manufacture and sale of cigarettes and comic supplementaries in newspapers. They also asked to have the age for compulsory attendance at school fixed at from eight to fourteen years inclusive. Careful consideration of the matters broached by teachers was promised on behalf of the government by Hon. Mr. Grant.

Seventy German Airplanes Destroyed By Fire

Berlin, Jan. 24.—Some seventy airplanes, including two giant machines which were lying in hangars at Warnemuende, Mecklenburg-Schwerin, were destroyed last night in a fire which raged there. The origin of the blaze is not known.

GENERAL CURRIE PRAISES WORK OF THE PRIVATE

At a Banquet in His Honor Canada's General Praised the Canadian Soldier, Saying He Was the Equal of Any.

URGES OFFICERS AND MEN TO FRATERNIZE

Determined That Overseas Units of Canadian Corps be Perpetuated in Active Militia of Canada.

Kingston, Ont., Jan. 25.—General Sir Arthur Currie was the chief guest at a banquet given by the Overseas Officers of M. D. No. 3 here Saturday night. There were one hundred and fifty in attendance, and the affair was a brilliant one. Short addresses were made by Major-General V. A. S. Williams, G. C. O. of the district, who presided; Major-General Sir A. C. MacDonnell, commandant of the Royal Military College, who was one of the Canadian commanders overseas and who won renown in the taking of Hill Seventy, and by Mayor S. C. Nickel, all three eulogizing the work of General Currie.

Lauds the Private.

General Currie, who was enthusiastically received, praised the Canadian private, saying he was the equal of any soldier in the war, and he referred to the Canadian officer as a good leader. Sir Arthur said he was glad to see the comradeship existing between officers and men, and he regretted that there were influences at work which would tend to separate the officers from the men. He urged the officers to take a greater interest in the men's organization. There were certain unworthy movements afoot in the ranks of the Canadian Corps, he said, and it is further believed that the position in some circles to connect returned men with these. But Canada's fighters were not responsible for them, as the vast majority were worthy citizens of the country on which they had staked their lives.

Casualties Small.

Discussing the casualties of the Canadian Corps, the General said they were much lower in percentage than were the casualties suffered by any other force fighting in the Allies. As to the future, he said that Canada's strength and safety would rest, not in her men in uniform, but in her civilians who know how to handle firearms. The Commander-in-Chief of the Canadian Overseas Forces said he was determined that the overseas units of the Canadian Corps should be perpetuated in the active militia of Canada. During the course of his address, Sir Arthur made the announcement that the King had bestowed the C. M. G. on Major-General V. A. S. Williams for his splendid service to the empire.

PAPER DISPUTE NOW ADJUSTED

Western Newspapers to Receive Their Full Supply of Newsprint.

Fort Frances, Jan. 25.—(Canadian Press).—The matter has been completely adjusted, shipments will begin immediately, and the Western papers will receive their full supply of newsprint. This was the statement made last evening by R. W. Bredner, Paper Controller, as he left the head office of the Fort Frances Paper and Pulp Company. The embargo on the company's export business was lifted at 6 o'clock Saturday evening. Custom Officer Pierce, of Fort Frances, being notified to that effect. Mr. Bredner, who declined to give more than the above information at the present time. He and all the other officials who had been here in connection with the matter left for the East.

ENOUGH DEVIL IN HER TO HATE PROHIBITION

Lady Astor Hates the Word "Prohibition" and Thinks it Impracticable for England.

Liverpool, Jan. 25.—Lady Astor, member of parliament for Plymouth, speaking yesterday in support of state purchase and control of liquor trade, declared that prohibition was impracticable.

"I hate the word 'Prohibition,'" said Lady Astor, "and have just enough devil in me that if anyone prohibits anything it becomes the one thing I want."

Reward Offered For Murderers of Dublin Policemen

Dublin, Jan. 25.—A proclamation, posted in Dublin today, contains an offer by the Lord Lieutenant of a reward of \$50,000 for information within three months leading to the conviction of any persons guilty of the murder of fourteen police officers, whose names are given. The list begins with the name of Detective Smith of Dublin, assassinated last July and ends with those of Deputy Commissioner Redmond, murdered in Dublin last week, and Constable Finnegan, killed at Thurles.

A reward of \$5,000 also is offered for such secret information as is calculated to lead to the conviction of any of the offenders in the cases named.

Decision Nerves Up All Aliens

U. S. Secretary of Labor Decides All Aliens, Members of Communist Party, Are Subject to Arrest and Deportation.

Washington, Jan. 25.—Aliens who are members of the Communist Party of America are subject to arrest and deportation as such. This is the gist of a decision rendered yesterday by Wm. B. Wilson, Secretary of Labor. It will be the duty of the Department of Justice to proceed against such aliens in accordance with an act passed by Congress in 1918. This decision, which was based on an appeal taken on behalf of Engelbert Preis, a Chicago Communist, who is now held for deportation, apparently ends the hopes of more than three thousand foreigners arrested as Communists in the recent raids conducted by the Department of Justice. It is further believed that the department will continue to make arrests of undesirable as rapidly as their arrangements can be made for their deportation.

Counsel for the Communists argued that the party was political in its nature and did not advocate the overthrow of the Government by means which would bring its members within the jurisdiction of the law. The secretary ruled that the Communist Party was a revolutionary one "seeking to destroy the State in open combat, and declared that the law was explicit on the point.

Preis is an Austrian who entered the States at Port Huron, Mich., in November, 1915, having arrived in Quebec by the steamship Scotian.

TWO COMPANIES THREATEN TO TURN SHIPS FROM HERE

Montreal, Jan. 25.—No definite combined action has so far been taken by Montreal transportation companies in connection with the congestion in the port of St. John, N. B., where ships are said to be waiting for their turn to get a berth, in what resembles a queue at the theatre. The delays of late have been so serious that threats have been uttered here in the case of at least two important shipping lines that their next ships will be brought into Portland or Boston. The feeling here is that the question of the port of St. John being placed under a commission, as in Montreal, should be settled without loss of time, if the citizens of St. John wish to have their city act as the Winter Port of the St. Lawrence.

New York, Jan. 25.—Frank A. Munsey, owner of the New York Sun and the Evening Sun, who recently bought the New York Herald and Evening Telegram from the estate of the late James Gordon Bennett, announced last night that the Sun and the Herald would be amalgamated February 1 under the name of the Sun and New York Herald.

The plant of the Sun is to be used for the publication of the Sun and New York Herald. Mr. Munsey explained, because the ground lease upon which the Herald building now rests expires in a few months and will have to be abandoned.

One Language Only Way To Draw People of Canada Together

Ottawa, Ont., Jan. 25.—(Canadian Press)— Stating that the only way to draw the people of Canada together so that they would have national ideas and ideals in common was to have one language only, Rev. W. F. Crawford, secretary Ottawa branch of British and Foreign Bible Society, addressing a meeting of men in the Y. M. C. A. yesterday afternoon, illustrated the point of his remarks by referring to Quebec and Ontario. "I do not believe these two provinces are any nearer together than they were one hundred years ago. The reason is that there are two languages spoken, and I am convinced that so long as we have a bilingual problem we will never be drawn close together."

AMERICANS IN HANDS OF THE BOLSHEVIKI

Col. Blunt and Party of Engineers Along With American Red Cross Workers Captured on Trans-Siberian Line.

POLISH ARMY ALSO CAPTURED

The Polish Troops in Siberia Were Prisoners of War in Russia Prior to the Revolution.

Chita, East Siberia, Monday, Jan. 19, via Harbin, Manchuria, Tuesday, Jan. 20.—(By Associated Press).—Colonel Blunt and seven other American engineers; Miss Ford, Captain Charotte and several other members of the American Red Cross, and an entire Polish army, composed of former prisoners, have been captured by the Bolsheviks at Klinchinskaya, according to a garbled telegram received from Joseph H. Ray, former United States consul at Irkutsk.

The despatch from Mr. Ray was sent from somewhere near Nizhniy-Novgorod, January 14. It was somewhat garbled in transmission. Klinchinskaya is on the Trans-Siberian railroad, 100 miles west of Nizhniy-Novgorod. The Czechs are fighting a rear guard action with the Reds near there. Bolshevikism is gaining in Chita. Ernest L. Harris, former United States consul at Omsk, is still here.

The British, Japanese and French missions and many members of the American Red Cross have arrived in Harbin.

A Bolshevik wireless communication received in London, January 13, announced the capture by the Bolshevik forces in the Krasnoyarsk region of seventeen columns of Polish legionaries, together with sixteen guns and twenty thousand rifles.

A despatch from the London Daily Mail's Harbin correspondent, received in London January 26, said there was an unconfirmed report in Harbin that a Bolshevik raid had destroyed a Polish division near Krasnoyarsk.

The Polish troops in Siberia were prisoners of war in Russia prior to the revolution, having been formerly in the German army. When the Czechs re-took Siberia they armed these prisoners as well as many Serbs, Italians, Rumanians and others.

MORE LIBERTIES FOR JESSE POMEROY, FAMOUS "LIFER"

Man Sentenced to Life Imprisonment of Solitary Confinement, to Take Part in Prison Show.

Boston, Mass., Jan. 24.—Jesse Pomeroiy, who has served forty years in solitary confinement, is to appear in public for the first time in years. As the latest of the liberties which have come to him since the solitary feature of his sentence was commuted three years ago, the life convict will be allowed to take part in the show as a reader of his own poems.

Pomeroiy turned several years ago from plotting escape to writing poetry after his twelfth attempt to break jail was frustrated by a guard who fell him with cell bars cut and armed with several unprovoked weapons intent upon a fight for his freedom. He is 60 years of age, and has been in prison since his seventeenth year for crimes committed as a boy.

ONTARIO I. O. D. E. CHAPTER TO BE FORMED

A Provincial Chapter of the I. O. D. E. is to be formed in Ontario with headquarters at Hamilton. February 6th is the date for organization. Although Ontario leads the Dominion in Primary Chapters, it is one of the last of the provinces to form a Provincial Chapter.

ASTOR HOUSE
Erected in Montreal in 1758 and later occupied by John Jacob Astor, one of the pioneers in the raw fur business in Canada.

Montreal
ONCE MORE TO BE THE Great Raw Fur Market OF AMERICA

Head Office and Chief Warehouse Canadian Fur Auction Sales Co. Limited

With Champlain came the first fur traders on this continent! Away back in 1608, when sent out from France by the great Company of Merchants, they established the first fur trading posts in Canada.

In 1628 the historical Company of One Hundred Associates received a charter from the French Government to operate as fur traders, and they laid the real foundation of the immense fur business of the New World. In the years that followed, the world-famous Hudson's Bay Company, truly the embodiment of the British spirit of adventure and enterprise, still further organized and developed the growing business.

FROM THE VERY BEGINNING ALL OF THE FURS SECURED WERE MARKETED THROUGH MONTREAL

With the establishment in Montreal of the Canadian Fur Auction Sales Company Limited, Canada once more comes into her own as the natural and logical raw fur centre of the continent. Organized and controlled by leading Canadian financiers and business men, the company will create a big, reliable World's Market IN CANADA. For all shippers of raw furs the creation of such a thoroughly satisfactory market will fill a long felt want.

GREAT AUCTION SALES of ten to fourteen days' duration will be held three or four times a year.

The Company's offerings will consist chiefly of fresh, original, unculled Canadian furs, unmixed with cheaper, inferior southern varieties. Consequently they will be so attractive to buyers from all over the world as to be irresistible.

CANADIAN DEALERS, TRAPPERS, TRADERS—
centralize your collections—concentrate your shipments at one point—**MONTREAL.** Manufacturers from ALL of the great world-distributing centres MUST have your furs. They will come in crowds to bid in genuine, spirited competition on YOUR lots—the best in the world.
The company is prepared to finance the entire Canadian output—and expects to do so. Furs run into big money nowadays—liberal advances will be made, gladly, to any shipper, large or small, on request.
The expense to shippers of selling in the Montreal market is less than in any other real fur centre.
Write us for further information. We will be pleased to place your name on our mailing list for market reports, quotations and other timely literature you will appreciate.

LABOR AND THE FARMERS.

Some attention is given to the tariff planks of the Farmers' Platform by the Canadian Labor Press, which is the official organ of the Allied Trade and Labor Council of Ottawa, and is endorsed by the Independent Labor Party of Ottawa, the Hamilton District Trades and Labor Council, the Hamilton Building Trades Council and the Kitchener Twin City Trades and Labor Council. It frankly states that it is an open question if any permanent alliance can be maintained between the Farmer and Labor parties in Ontario. "Canada," it says, "has great manufacturing interests built up under protection, employing over 700,000 persons and paying over \$550,000,000 in wages and salaries. Over 2,000,000 Canadians are directly dependent for their livelihood upon the continued prosperity of these industries. Is there anything but menace for Canadian labor in the free trade demands of the organized Farmers? Workers cannot afford to forget that Grain Growers in the West have become so extreme that they are threatening to boycott Canadian industries if their fiscal demands are not met. In a recent number of the Canadian Labor Press attention was called to a remarkable letter in the Montreal Daily Star from a correspondent who signed himself "Grain Grower," and declared that he bought implements made in the United States in order that the duty might go into the Treasury and to punish the East for maintaining a system of protection. Are the workers of Ontario to be punished through their wages by Western farmers who would deny business to Eastern factories, reduce output, create unemployment, and produce a period of industrial uncertainty which would inevitably be felt in many trades? Is it in the national interests that the tariff policy of the Dominion should be directed by an agricultural group clearly concerned to further its class interests? Can there be any assurance of industrial prosperity under the tariff policy of the Grain Growers which is directly opposed to the international movement towards protection? There may be room for compromise with the United Farmers of Ontario, but before labor commits itself to anything approaching a permanent alliance, workers should clearly understand the Farmers' platform. It is inevitable that industrial questions should occupy much of the time in the next Legislature. Labor should demand a clear statement from the United Farmers of Ontario on their attitude towards the eight-hour day and collective bargaining. Workers should also know whether or not it is the intention of the Farmers to give legislative expression to the tariff planks of their platform.

BUILDING BY-LAWS.

The Commercial Club has discovered that the question of revising the city's building by-laws is receiving attention at City Hall. This is news somewhat belated. The Commissioners are too busy with other matters to revise the building by-laws in time to have any effect on building operations next spring, though St. John is overdue for a boom in building. The way commission form of government has dealt with this question is a good example of the work of a system of government which is axiomatic and incompetent. Before the old British system of city government was kicked off the steps of affairs in the Loyalist city the aldermen of the period appointed a committee to revise the building by-laws. This committee enlisted the cooperation of the Builders' Exchange, Insurance men, various architects, and owners of real estate. Many meetings were held, all interests were consulted, and the general principles of a new system of building laws were agreed on, and a sub-committee was instructed to draw up the by-laws in accordance with the outcome of prolonged and careful discussion. The architect who undertook this feature of the work of the committee devoted himself to it in his spare time, and naturally did not try to finish it in a hurry. Meantime the new form of government had arrived, and the Commissioner of Public Safety, becoming interested in some needed changes in the by-laws affecting electrical fittings, went to the architect who was drafting the new building by-laws and demanded that they be completed in a matter of days. The result was as usual. Commission form of government found that revising the building by-laws was not a matter which could be settled off-hand. The labors of the representatives of the building trades, the fire insurance people, and others came to naught. Commission form of government undertook to revise the building by-laws, and since nothing has been done.

THE FLU.

Influenza has re-appeared in Canada and the United States and is causing some uneasiness. It has been prevalent for some time in European countries where hungry peoples are easy victims, and is reported to have been particularly virulent in Poland. The epidemic has swept over Japan, but is reported to have appeared in a mild form there. In the United States influenza and pneumonia are epidemic in Chicago, in Kansas and Oklahoma, and in the army camps throughout the country, which, as on its first appearance, appears to be a main hunting ground of the disease. Surgeon-General Blue, of Washington, has issued a statement, saying that the situation need not cause alarm. It appears that while the influenza has caused a great many deaths in Europe it has so far not been responsible for many fatalities in the United States or Canada. The medical authorities, however, are taking no chances, and are preparing for emergencies both in Canada and the United States. Some doctors say that the deadly effects of the flu, when it swept the world during the war, were largely due to malnutrition, and especially to the shortage of sugar; others were quite as emphatically of the opinion that if more spirits had been obtainable the epidemic would not have made such ravages. The influenza did not make such ravages among the British or French troops as among the men of the American army, who were strictly on the water wagon. Probably doctors were too busy with surgical cases during the last epidemic to form an authoritative opinion on the flu; in any case they showed no great ability in dealing with it. This time, however, they may be expected to meet the situation with more understanding and energy, and should be able to prevent it claiming a large death toll.

PROTECTING KEY INDUSTRIES.

The November issue of The Nation's Business, published by the Chamber of Commerce of the United States, contains a significant article dealing with the efforts to defend the unstable key industries of the United Kingdom.

"In the category of unstable key industries," it says in part, "England plans to include all derivatives of coal tar, synthetic drugs and chemicals, optical glass, scientific glassware, illuminating glassware, laboratory porcelain, scientific and optical instruments, potassium compounds, tungsten powder and ferro-tungsten zinc oxide, lithopone, thorium nitrate gas mantles, magnets, hosiery, needles, and gauges.

"Legislation is to be sought in England to prohibit importation of the products of unstable key industries, except under license. At the same time the British Government plans to enact anti-dumping laws, somewhat like the Canadian, and to create authority to check any flood of imports from a country, such as Germany, in which exchanges may go to such a low figure as to enable sales of its goods in England at prices below the British cost of production."

SPIRITUALIST FAKIRS.

Spiritualism is the latest epidemic to sweep over the United States. It is not so deadly as Spanish influenza, but it is possibly more disturbing. Uncle Sam is seeing ghosts, and that annoys him. But the chief difficulty is that the spiritualists do not confine themselves to spiritual things. The mediums are vastly interested in the material world and its considerations. They tell their clients how to manage their worldly affairs, and how to make fortunes on this earth, which shows the spirits in a frame of discontent with the spirit world. Doctors are reporting that they are losing business, because of the rivalry of the spiritualist fakirs. Prominent physicians say their orders are disobeyed, because the mediums who are in contact with the other world have different ideas as to how diseases should be treated. Meantime the churches are showing a rare sanity; they are directing attention by advertisements to some of the stupidities of the spiritualist fakirs.

of warehouses to favor imported goods rather than the home article, but contends that "the steady expansion of Australian industry is, however, unmistakable." In view of the similarity between the reconstruction problems of Australia and Canada, it is interesting to note that the Sydney correspondent of The London Times Trade Supplement cables that "the two great capitals, Melbourne and Sydney, have had all their shop windows decked out with 'Made in Australia' goods for a week." The correspondent explains that one of the difficulties in popularizing the movement is the disposition

WHAT THEY SAY

Chatter Will Continue.

(Boston Transcript.) From our observation at musicals, even the player who can make the piano talk cannot make it monopolize the conversation.

Setting a Good Example.

(Brooklyn Eagle.) Sweden, at least, has confidence in the League of Nations; she is cutting her military budget to the bone. Frequently outsiders see the same more clearly than the players themselves.

Where Sympathy is Lacking

(Kansas City Star.) There was a time when a gentleman would have felt it a great indignation on his rights that he was not permitted to fight anybody he pleased and was told to take his troubles to court. Now nobody gives him any sympathy. For precisely similar reasons nobody will work up any great amount of sympathy for employers and employees of essential industries who, under the proposed law, would be told to take their differences to court instead of fighting them out.

The Silver Lining.

(Boston Globe.) As the great dry Nation we are to be separated from the spirit-drinking world, other countries will watch us, and draw their conclusions as to whether it is wise to follow us into the desert or whether we have made a mistake. The world is more than it seems, and our ultimate future is somewhat bound up with the progress which prohibition makes in other lands. If the rest of the world does not follow us, it is probable that one day we will rejoin the majority.

In Praise of Mathematics.

(St. Louis Globe-Democrat.) If education is not merely learning things, but is a training and development of the mind in its power of logical thinking, by which it becomes able to use to advantage the things it learns during the process of training, and the vastly much more it learns about learn, afterwards, then the mental discipline and development which come from the study of mathematics in its higher forms—not necessarily the highest—has an inestimable value, no matter to what business, profession or occupation the life may be devoted.

Under the Best Flag.

(Hamilton Herald.) An Irish writer and Sinn Feiner of the name of Seamus MacManus is going about Canada lecturing about Ireland and incidentally preaching the disruption of the British Empire. If he were to advocate treason openly in the United States he would be promptly deported. If he were to act similarly in most other countries he would be mobbed. He knows he is safe under the British flag which he flouts.

COUNT FIFTY! NO NEURALGIA PAIN

Don't suffer! Instant relief follows a rubbing with old "St. Jacobs Liniment"

Conquers pain—never fails. Rub scorching, penetrating "St. Jacobs Liniment" right on the ache or pain, and out comes the neuralgia misery.

Here's a joyful experiment! Try it! Get a small trial bottle from your druggist; pour a little in your hand and rub it gently on the sore, aching nerves, and before you realize it—in just a moment—all pain and neuralgia disappear. It's almost magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome.

Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body, is instantly banished. "St. Jacobs Liniment" is perfectly harmless in use for hundreds of years, and doesn't burn or discolor the skin.

Heating Failed In The Churches

Furnace Working Badly in St. John the Baptist—No Services Conducted in St. Andrew's Church During Yesterday.

On account of non-heating facilities in St. John the Baptist church, Broad street, there were no evening devotions last evening. The pastor, Rev. A. W. Meehan announced that only part of the church could be heated yesterday morning as the furnace has not been in working order for some time. Owing to the draught throughout the church Father Meehan was obliged to celebrate two low masses in the morning. During the last week there have been workmen at work in the St. Andrew's church, Georgetown, where new services were conducted the fixings of the furnace and several new parts will be installed in the near future, which are being shipped from New York.

BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A Physician's Advice

Frederick S. Kelle, M. D., Editor of New York Physicians' "Who Who," says that weak, nervous people who want increased weight, strength and nerve-force should take a 3-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you are easily fatigued; if you are nervous; if you do not sleep well; if you are thin; go to any good druggist and get enough Bitro-Phosphate for a few weeks' supply—it costs only five cents a week.

Eat less; chew your food thoroughly and if at the end of a few weeks you do not feel stronger and better, then you have for months; if your nerve are not steadier; if you do not sleep better and have more vim, endurance and vitality, your money will be returned and the Bitro-Phosphate will cost you nothing.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which would absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, and in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast or one week. This will prevent the formation of toxins in "the bowels," it also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clear the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

HEAVY DEMAND FOR STEELS AND EQUIPMENTS

This Demand, Extending to Other Industrials, Caused Heavy Covering of Short Contracts.

New York, Jan. 24.-An unexpected demand for steel and equipments which later extended to many other active industrials, featured today's brief but lively stock market, causing heavy covering of short contracts. Activity centered in Crucible Steel and other independent shares of that group, Crucible adding twelve points to yesterday's gain of seven points in connection with the company's forthcoming stock recapitalization. Oils, leather, textiles and shippings also registered advances of one to three and a half points with miscellaneous specialties among which were industrial alcohol and international paper.

The motor issues were heavy at the outset in consequence of further pressure directed against general motors, but that stock rallied before the close, related shares and their subsidiaries also making variable gains. Rails were again conspicuous for their extreme dullness, none of the leaders of the division making more than fractional changes. Final prices in most instances were at or near maximum quotations of the session. Total sales amounted to 375,000 shares.

An actual decrease of \$44,000,000 in loans and discounts, a \$30,000,000 contraction in reserves of members at the local central bank and a decrease of almost \$21,000,000 in total reserves were the noteworthy features of the clearing house statement. Bonds of all descriptions were lower. Liberty first 4's and second 4's making new low record for the movement. Internationals also reacted. Total sales par value, aggregated \$7,275,000. U. S. Old's and new coupon and registered advanced 1 1/2 per cent, and Panama 3's declined half per cent on call during the week.

Mullin, K. C. for the defendant.

Wilson Is Able To Eat Anything Now

Ten Years' Trouble Ended and He Feels Fine Now—Praises Tanlac.

"Do you know sometimes I can hardly believe I am the same person I was before I started taking Tanlac, as for the first time in ten years I can eat a hearty meal without being in misery afterward," said Harry Wilson, Sunny Brae, a suburb of Moncton, N. B., recently. Continuing, Mr. Wilson said:

"All these years I think I suffered about as bad as anybody ever did from indigestion, and if I ever ate a single thing and didn't suffer from it afterward I don't know when it was. I had no appetite to speak of, and at times the very sight of anything to eat would make me sick. After every meal I had a heavy feeling in my stomach, just as though there was a lump of lead inside of me. I bloated up terribly with gas sometimes, and could get but little sleep, as I would just lie awake for hour after hour hardly able to get my breath."

"I had been reading so much in the newspapers about the good Tanlac was doing others who said they had been suffering just like I was I decided to try it myself. Well, sir, to my surprise, for I had taken so many medicines without getting any benefit I had just about lost faith in all of them, I began to get better almost at once after I started taking Tanlac. My appetite commenced to improve and today I can eat anything I want without a sign of indigestion. I am never troubled with gas, bloating or shortness of breath, or any other bad after effects. I am a great deal stronger and have gained several pounds in weight. In fact, I am in the best of health in every way, thanks to Tanlac. I hope this statement will encourage some one else who is suffering from indigestion to take Tanlac, for after ten years of suffering with it I know how bad it is, and I also know that Tanlac will stop it."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative.—Advt.

OBITUARY

W. W. Stockton. Sussex, Jan. 23.—After a prolonged illness W. W. Stockton, one of Sussex's oldest and most respected citizens, passed away on Saturday evening at 7.30 o'clock. The deceased, who was 72 years of age, is survived by his wife, one son, Roy A. of Sussex, and a daughter, Mrs. Eleanor Barnes, Westfield, Mass.; two brothers, Charles W. of Sussex, and Frank M. of Seabrook, Conn.; two sisters, Mrs. Mark Teakles, and Miss Harriet, Sussex. The late Hon. A. A. Stockton, and R. O. Stockton, of St. John, were brothers of the deceased. The funeral will take place on Tuesday at 2 o'clock. Rev. J. M. Rice, pastor of the Methodist church, being in Toronto, the service at home and grave will be conducted by Rev. Mansel Shewen, rector of Trinity church.

DISQUIETING NEWS FROM STRIKERS IN BOMBAY

Military Compelled to Fire Into Crowd, Causing Many Casualties, One Being Killed

Bombay, India, Tuesday, Jan. 20.—Disquieting news from the mill area in the Bombay precinct, where 200,000 cotton workers went on strike early this month, reports the firing by the military on a crowd of strikers, causing a number of casualties, including one killed. During the morning, the strikers state, the crowds in the district began holding up street cars and other vehicles and compelling the passengers to alight. Later the strikers became more riotous, and the military, after giving warning, it is declared, were compelled to fire. It is stated that one person was killed and some wounded.

SAND POINT ACCIDENT.

W. H. Oliver, of Millville, a C. P. R. fireman, had a wrist sprained Saturday morning at Sand Point. After receiving treatment at the Emergency Hospital he was able to return to work.

FIRE IN ARMORY.

The fire department was called out about 10:30 Saturday night for a slight fire which started in the basement of the Armory. The blaze was quickly extinguished and the damage caused was slight.

WOMAN CHAIRMAN.

The election of Mrs. H. R. Frank as chairman of the Hamilton, Ontario Board of Health marks a recognition of the worth of women in health matters in that city. Mrs. Frank has been particularly interested in the introduction of medical inspection in the schools.

EATON EMPLOYEES.

The Montreal train on Saturday had a special Pullman car with employees of T. Eaton and Co. en route to Montreal. Other Pullman's with employees of the firm passed through the city on the passing through St. John, seven sleeping cars with employees have gone to Montreal by C. N. R. so that there are now about four hundred of them in the railroad city at the present time.

ILLUSTRATED LECTURE.

At St. James' church an illustrated lecture on the Forward Movement took the place of the usual Sunday evening service. The sixty slides showing church work in many parts of the world, and the necessity for further effort in Canada and heathen lands, were explained by Rev. H. A. Cody in a very interesting manner. The choir led the singing of three missionary hymns. There was a large congregation present.

INDIANTOWN FERRY.

Arrangements have been made for the operation of the Elijah Ross on the Indiantown ferry service until May 1st next, if another boat cannot be secured, according to announcement made after a meeting of the Lancaster Ferry Commissioners, held Saturday morning. It is also arranged that the provincial government, the city and the parish of Lancaster each contribute one-third of the increased cost.

PORTRAITS STOLEN.

Was it love of the Evangelist Dixon or love of brass which induced the theft of two large portraits of James Dixon from in front of the drinking fountain in the King Square? Those super life-sized portraits were painted by F. S. Stringer and framed in brass frames loaned to the Methodists of the city by W. H. Golding of the Imperial Theatre. So far the police have been unable to find any trace of the valued articles.

SUCCESSFUL SUPPER.

The basketball club of Knox church held a bean supper and candy sale on Saturday which was very successful, both socially and financially, being largely attended. An interesting feature of the evening was the presentation of a beautiful bouquet of flowers to the wife of the new pastor, Mrs. Legate. The room was prettily decorated in the club colors of red and yellow and was much admired. Streamers hung from centre light to serving table where Mrs. Kenneth Dawson and Mrs. Poole poured.

DELIGHTFUL MUSICAL.

A delightful little musical was held at the home of Miss Beryl Blanche Saturday afternoon, when a dozen of her pupils, ranging from six to twelve years of age, rendered a pleasing programme of piano selections. The young Misses performed most creditably, each playing the selection assigned by memory. Following the programme refreshments, consisting of ice cream and cake, were provided the young artists by their teacher.

Severe Fire Last Evening

Blaze Which Started on Second Floor of House on Bridge Street Last Evening Caused Considerable Damage.

An alarm was rung in from box 122 for a fire which broke out in a three story wooden house on Bridge street, owned by D. J. Purdy and occupied by four tenants. The fire which caught on the second floor, burnt upward, gutting the upper flat. Weather conditions were dry and in addition to the flames and smoke the firemen had to contend with the bitter cold, nevertheless their splendid work soon brought the fire under control and saved the house.

The salvage corps worked in their usual efficient manner and saved the furniture of two of the tenants, Charles Frank and Joe Tait, James Lunny and Frank Allan, lost the greater part of their furniture, the loss being partly covered by insurance. Captain John Gilchrist, who used the lower floor as a warehouse had most of his goods destroyed by water. The house was partly insured, but just what damage had been done could not be determined last evening. Chief Blake said that the fire started in the eye and nose from falling plaster; he was attended by Dr. Mayer. Case in Roulston's drug store.

Some twenty years ago a fire broke out in the same locality as last night's blaze, driven by the high wind the flames swept all before them and were only checked at Cedar street.

The alarm for last night's fire rang in at twenty minutes by twenty ten. The good work effected speaks volumes for the efficiency of St. John's fire department. The boys are fighting there when it comes to righting fires.

THE CHATHAM DIOCESE

The vacancy in the Bishopric of Chatham, caused by the death of Bishop Barry, will no doubt be filled in the usual manner. The bishop of the ecclesiastical province of Halifax, Archbishop McCarty, Halifax, Bishop LeBlanc, St. John, Bishop Morrison, Antigonish and Bishop O'Leary, Charlottetown, will meet in conference and select three names which will be sent to Rome. Generally the first name on the list receives the appointment from the Holy See.

VITAL STATISTICS.

The Board of Health has issued eighteen burial permits last week for deaths, due to the following causes:

Pneumonia	3
Myocarditis	3
Endocarditis	2
Senility	2
Fracture of skull	1
Organic heart disease	1
Pulmonary embolism	1
Laryngitis	1
Laryngismus stridulus	1
Hemorrhage beneath scalp	1
Delayed surgical shock	1
Mitral regurgitation	1

Eight marriages were recorded last week and 20 births—12 males and 8 females.

SATURDAY MARKET PRICES.

Poultry of all kinds was scarce in the market Saturday morning. What turkeys there were demanded 65 and 70 cents a pound, while fresh chickens were selling at 60 cents. Pork was worth 25 to 35 cents a pound; beef, 20 to 35 cents; veal, 25 and 30 cents; lamb, 25 to 35 cents. Potatoes, good ones, are scarce and proportionately high, being worth 75 cents a peck, or from \$6.50 to \$7.00 per barrel. Turnips sell at 25 cents a peck; beets and carrots 56 cents. Celery is extremely scarce and can only be had at from 17 to 20 cents a bunch. Fresh eggs demand 50 cents a dozen; case eggs, 45 and 70 cents; butter, 40 and 70 cents a pound. Rabbits are extremely plentiful and the price has fallen from 60 and 65 cents a week ago to 35 and 20 cents a pair.

EVENING SERVICE AT ST. JOHN'S

At the evening service in St. John's (Stone) church last night the sermon by the Rev. Canon Kuhring dealt with the Conversion of Saint Paul as January 25th is the date set apart by the church for this subject. Canon Kuhring drew many lessons from the life of Saint Paul and showed that his conversion taught that no one should be discouraged about the most straggled person for when they turned to the light they were earnest workers for God. He spoke of the great value to the church of the writings of Saint Paul and of his personal influence on those of his time.

A solo from the Oratorio Saint Paul was beautifully rendered by DeWitt Cairns during the offertory.

MEN'S RETREAT ON HOLY NAME SUNDAY

At both Mass's yesterday morning in St. John the Baptist Church, Broad street, the pastor, Rev. A. W. Meehan, D.D., announced that the "Men's Retreat" will begin in that parish on February 8th, the second Sunday of the month which is Holy Name Sunday. Father Meehan has been fortunate enough to procure the services of Rev. Father Michael Walsh of the Society of Jesus, New York City, a most accomplished and brilliant speaker who will conduct the retreat which is for a period of one week. In visitations have been extended by Father Meehan to all men of the parish to attend these services and to bring any of their friends who would like to make the retreat. Owing to the large number of men in the parish it is expected this retreat will be most successful.

A special meeting of the Loyalist Chapter, I. O. O. F. will be held this afternoon at 3 o'clock at 58 Orange street.

Rev. R. E. McKim, of St. Luke's church is in Toronto in the interests of the Forward Movement.

Memorial Window Was Consecrated

Beautiful Window Dedicated Yesterday to Memory of Nine Sons of First Presbyterian Church—Service Conducted by Rev. Dr. John A. Morison.

At the Communion service, yesterday, in the First Presbyterian Church, West St. John, a beautiful memorial window was dedicated to the memory of the nine sons of the church who gave up their lives for humanity upon the battlefields of Europe. The service was conducted by the minister, Rev. Dr. John A. Morison, and was most solemn and impressive. The choir, under the leadership of Mr. T. C. Cochrane, led the service of praise. The opening voluntary was from the Messiah and rendered with splendid effect. During the course of the service Mr. and Mrs. S. D. Wilson sang as a duet "God will take care of you," and Messrs. David Allan and A. W. Fraser with Mrs. Wilson and Miss Smith sang "The Upper Room."

There was a large congregation present, and many were the people who waited for the Holy Communion which was celebrated at the close of the special consecration service.

Rev. Dr. Morison spoke as follows: "This morning we unveil the beautiful window, installed in this church and consecrated to God and to the memory of those nine sons of this congregation who willingly gave up their lives for humanity upon the battlefields of Europe. Their names are: Eugene W. Woodrow, Donald D. Fraser, Dr. J. L. Dwyer, while these were W. Byard D. Moore, David M. Evans, A. Murray Fraser, Reuben Seely, Alexander Henderson, John B. Dowling.

It is no part of my purpose this morning to ask you to wage our again even in thought the terrible war, but we can never forget that we must never forget—that we did not enter upon this war for the love of war nor because within our hearts there was any vestige of hatred of the people of another nation.

We did not desire war, and indeed the greater part of our people did not expect war, and had it been possible for us to have been united with honour towards God and fidelity to duty we should certainly have done so. But this was impossible. Had we not entered into this war—had we been content to sit passive aside while those never-to-be-forgotten horrors were being perpetrated—had we not lifted up a hand to prevent them, then as a people before the Most High God we would have been as guilty as that evil power that sought and plotted the destruction of human liberty.

Our Christian religion does not exempt us from the obligation of justice which demands that we deal with men according to their character—that we oppose ourselves with all the power at our disposal to hinder and to thwart the wrong and to further the triumph of right.

Our Christian religion demands that we exempt no one of the resources at our disposal, but that all our powers and all our possessions be dedicated to the enlightenment of righteousness.

Today, as we unveil this window to the memory of those splendid fellows who went out for us, we thank God for them and for their perfect fidelity. Of course we mourn them under circumstances like these as the old Roman philosopher Seneca once wrote, "It would be inhuman not to be moved to tears." Yet, as this wise old Roman added, "To mourn without measure is folly, for in a very real sense we all still retain in them that which we thought we had lost."

So today our uppermost thought is not that we have come here to mourn them, for this we have already done in the secret places of our hearts and our homes as we gaze in this sanctuary of God, but we have come here to honor their names and to bless God for them.

On the 19th of November, 1863, Abraham Lincoln, the martyred President of the United States, delivered a dedicatory address upon the field of Gettysburg. Nowhere else in all literature has so few words been so well paid to the memory of heroic soldiers. His touching words are appropriate to this occasion. Let me repeat them in part to you:

"We are met on a great battlefield of that war—we have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live; it is altogether fitting and proper that we should do this. But in a larger sense we cannot allow this ground. The brave men, living and dead, who struggled here, have consecrated it far above our power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what they did here. It is for us the living, rather than for the dead that we are dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us, that from these honored dead we may take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that the dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom and that the government of the people, by the people and for the people, shall not perish from the earth."

At the conclusion of the address Dr. Morison called upon the congregation to reverently stand while the window was unveiled by Mr. A. W. Fraser, whose two sons were among those in whose memory it was placed in the church. Rev. Dr. Morison then consecrated the window in the words of the following prayer:

"Almighty God, Who hast called us out of darkness into Thy marvellous light, mercifully accept our service and graciously receive at our hands this window, which we offer and dedicate to beautify the place of Thy sanctuary, in memory of Thy servants—our soldier sons who gave their lives for humanity—and in honor of Him, the brightness of Thy Glory, Whom Thou hast given to be the life and the light of the world, even Jesus Christ Our Lord. Amen."

A BEAN SUPPER

About three hundred people were entertained Saturday evening in the Knox church when a bean supper was given by the members of the Basketball Club. After the supper a candy sale was held at which a large sum was realized. The proceeds will be given over to the Basketball Club for their benefit.

Evangelist Dixon Made Strong Appeal

Large Congregation Last Evening at Centenary Church Listened to Eloquent Address Delivered by Irish Preacher—Message to Those Who Hesitate to Come to a Decision.

At Centenary Church last evening a very large congregation listened to a fervent appeal uttered by the Evangelist, Rev. James Dixon, who spoke from the text: "Lord I will follow Thee, Luke 9, part of the 1st verse. The evangelist referred to the three persons introduced in the story, each of whom seemed to make a fair showing but no one of the three came to anything. The first was too impulsive and when reminded of the poverty of Christ's followers went no further. The second was too slow, and wished to settle all things at home, while the third was held back by entanglement of friends. In his experience, Rev. Mr. Dixon said he had met so many who were holding back from giving their hearts to the Saviour, and he went on to tell of particular cases and the various excuses made. Some asked if they must be converted in the old fashioned way and came forward publicly. To this question: "No," said the preacher, and went on to state that while appeals were made for a public confession or a private talk with the minister these were all only methods, helpful to many, but the chief thing was the taking of a stand on the Lord's side and settling the question of turning to Jesus. "Have you got that done?" the preacher said "If not, the sooner the better for you, for the community and for the things that make for the best in life and eternity."

Some of the reasons given against a total surrender of self were: Having to give up too much, and trying and failing. Regarding the first "the explosive power of a great affection" was strikingly illustrated by some touching stories of children, and it was shown that, in reality the Christian has nothing to give up but everything to get. Nothing short of communion with God will satisfy the soul, and truly loves Him, and all else seems childish and only a substitute. To those who are discouraged, the lesson of a child learning to walk was taught, and the Fatherhood of God and His abundant mercy pointed out. To others who stated that the inconsistency of church members was a stumbling block, it was stated that it is not for any one to decide for another. Each must answer for their own selves not for their neighbors.

The address was one which must have gone home to the hearts of many and the large congregation showed that the message being delivered by Rev. Mr. Dixon has great power.

The service was conducted by Rev. H. A. Goodwin, Rev. G. A. Dawson leading in prayer.

THE RESPONSE TO THE APPEAL

Large Number of Boots and Shoes Sent in Saturday to be Shipped to Soldier Repairers at Fredericton—More Will be Received.

The response to the appeal made by the Local Council of Women for boots and shoes for soldiers to practice re-paring upon, was fairly good considering the cold of Saturday. The central depot at the Kindergarten rooms on Union street was in charge of Mrs. E. Shorton, Mrs. A. C. Skolton, Mrs. T. N. Vincent, Miss Travers, Mrs. J. H. Doody, Mrs. R. T. Worden, Miss Alice Estey, at the Library, North End, Mrs. Edmund Flewelling and Mrs. George Steele were in charge. On the West Side Mrs. E. A. Young received the donations. Two officers of the C. S. C. R. called at the rooms during the day and offered any assistance needed.

It is felt that many who did not send worn boots or shoes on Saturday will be glad to do so to help the soldiers prepare for the winter. Contributions can still be sent to the Vocational Branch Department of the C. S. C. R. in the Merchant's Bank Building, 76 Prince William Street. By telephoning Main 4069 the shoes will be called for.

It must be remarked that many of those taking up this trade are wounded men who are unable to stand and it is surprising that such men materialize to work upon while learning a business at which they can become independent.
