DROWNED WHILE IN BATHING.

Herman Seba of Riga, Russia Met Sad Death In The Miramichi.

MONCTON BOY DROWNED.

Sackville Sailor Jumps Overboard And is Rescued With Difficulty.

While in swimming at the Marsh Sunday at about 12.45 Herman Seba was drowned.

The unfortunate young man and five companions went out to the marsh to enjoy a bathe and all were swimming in the river there when the accident happened. Those in the party were David Evans, Jas. Whyllie, Norman Jardine, Alex and Robert Clyde all of Truro, but now working at the alterations being made to the Newcastle I. C. R. round house.

Seba and Evans swam far out into the river till tired then turned for the long swim ashore. The tide was against them and before getting into shallow water both were greatly exhausted, but Evans was slightly the stronger of the two and was able to reach the others who saw the danger and went out as far as possible to rescue the swimmers. He was taken ashore in an exhausted condition. The other young man made a gallant fight but sank beyond the reach of his companions. Evans tried to assist him but was not able to do so.

Word was immediately sent to town and that afternoon eight boats grappled for the body without success.

Herman Seba was a German, his home being in Riga, Russia. He came to Nelson about three months ago in a vessel and there received his discharge, and for some time has been working at Messrs. D & J Ritchie & Co's mill. He boarded with Patk Regan. He was about twenty-one years of age, sober and industrious, and was a regular attendant of the Presbyterian church. His father or brother is an engineer on the Norwegian steamer Unimah, as he had a number of letters from him written on board that vessel.

Insight of three boy companions, who thought his cries for help were intended only as a joke, fourteen-year-old Herbert McLeod was drowned Sunday afternoon in a small creek on the Potitcodiac River, a few hundred yards beyond the city of Moncton limits. He was a son of Neil McLeod a well-known blacksmith, and went for a swim with three other boys. McLeod said he would swim across the creek, but had only taken a few strokes when he began to flounder and call for help. At first it was thought he was joking, but as he went down and came up again, his companions realized the seriousness of the case and one attempted to extend a stick to the drowning lad, but he failed to reach it, and before further aid could be extended he sank to rise no more. Coroner A. R. Myers considered the drowning an accident, and no inquest will be held.

A sailor from the schooner Mary E., Captain McLeod, of Sackville, threw himself into the Market Slip at St. John, Sunday, and despite his struggles was eventually rescued by Captain Hooper, of the schooner Waldo R., of St. Andrews, which was lying nearby. One of his own crew aided Hooper.

The drowning man fought like a demon against being saved, and swore continually at his rescuers.

Angry Foreigners Attack Harvesters.

One Man Shot by a Woman, and Many Have Narrow Escape.

Owing to depredations committed by the first train load of Maritime harvesters later parties of harvesters tell of being made to suffer by infuriated people along the road for the deeds of those who had gone before. One of them is said to have been an unoffending man who was sitting at a window in a car and had given no offense at all, and was wounded in the head by a winchester bullet fired at the train by a woman. Later all were compelled to seek safety in upper bunks, as the Doukhobors and Italian section men who had been wantonly attacked, revenged themselves by bombarding the train with all kinds of missiles. Every window in the car was broken and only the fact that they were out of line of fire while in the bunks saved casualties.

O. J. LEBLANC RE-NOMINATED

At a Well Attended Liberal Convention at Buctouche.

ACCEPTS NOMINATION.

At a well attended Liberal convention at Buctouche on Monday, O. J. LeBlanc, M. P., was again nominated as the Liberal standard-bearer for Kent County in the approaching elections.

OPPOSITION HAVE MANY POLICIES.

Their Leaders Do Not Agree As To What The Party Wants.

OBJECT TO EXPENSE

But Want Lots Of Public Money In Their Own Districts.

OTTAWA, Aug. 14.—If it be true that a general election may be held this fall, it is time the people considered the important question of government. Who shall be in power the Liberals or the Conservatives? It must be either the one or the other.

The Conservatives have been in opposition for twelve years. The question might well be asked—Is their any opposition? If so, what are its functions, what does it accomplish?

Upon all important questions it is divided, a very significant one was the tariff. Some members wanted free agricultural implements, and the leader of the opposition, with some of his followers, wanted a duty placed on them. One Conservative wants a tariff wall erected high as "Hanan's gallows," another wants "adequate protection." The Halifax platform has something with so many reservations and contingencies attached that it fails to meet the demands of the followers of either the above schools of thought.

Some members of the Conservative party want government ownership of public utilities, others will not listen to what they describe as rank heresy. There is a wide difference of opinion on the subject of provincial rights. Some resent any encroachment on what they regard as the exclusive jurisdiction of the provinces. There are others who boldly proclaim a policy with regard to the administration of the law, which is in direct violation of the terms of the British North America Act. Some favor the building of the Hudson Bay railway, and others are just

LIBERALS WIN IN SASKATCHEWAN

Premier Scott Victorious By Substantial Majority.

25 TO 15

Successfully Resists Dead Set Made Upon Him By Conservatives.

REGINA, Sask. Friday.—The standing or seats at the present time is as follows:—Government elected in Regina city, 364 majority. Saskatchewan city, McNab, 68. Cannington, 18 poles out of 22. Stewart 122 majority probably elected.

South Battleford, Simpson leads with large majority. Humboldt, Veale, elected conceded. Saskatchewan County, Sutherland probably elected.

REGINA, Sask. Saturday.—Smoke of battle has now cleared from recent election and electors have endorsed progressive policy of Scott administration in most emphatic terms. A magnificent victory of the liberals over solid and aggressive conservative organization of the entire Dominion who made dead set on Saskatchewan as the stepping stone to success hoped for in the federal elections is the greatest tribute to Scott and his policy ever given by a Canadian province to its government. Scott comes back with greatly increased majority as an answer to the campaign of personalities abuse and charges of malfeasance in office waged by its opponents. The standing of parties tonight is: Government, 25; Opposition, 15.

as strenuously opposed to the scheme. While there are some who advocate the building of the Georgian Bay canal, there are many influential members of the party who are vigorous opponents of the enterprise.

Some members of the Conservative party say they are in favor of the British preference, while others declare it is of no benefit, and Canada does not want it.

Some of them profess to be favorably inclined to the building of the National Transcontinental Railway, but at the same time they neglect no opportunity to place obstructions in the path of the government which is trying to construct the best roadbed on the continent at fair prices.

Some say the Fruit Marks Act is a step in the right direction, and others say it should be expunged from the statute book.

They all denounce the public expenditure as being excessive, and almost without exception they clamor for public money, when spent in their own constituencies.

These are the men who expect the people of Canada to entrust them with the powers of administration. A party with no cohesion, no oneness of thought, no agreement upon any great public question. A party of disconnected units, each pulling different directions, and many having the same political ambition in view. What a parody upon government such a party would supply!

VANCOUVER NOW BURNING.

Terrific Forest Fires Now Devastating The Island.

LOSS \$2,000,000.

Best Timber Areas Being Rapidly Destroyed.—Fire Five Miles Wide.

WINNIPEG, Aug. 18.—Word was received here of terrific forest fires raging in Vancouver Island, where it is said the loss of timber is already two million dollars and the flames show no signs of abating. The very cream of the island's timber is being swept away while millions of grouse and other birds have perished. In Robson River district there is a fire frontage of five miles. At Bear Lake the buildings of the Cowhican Lumber Company, a number of isolated dwellings and surveyors supply camps have been swept away.

HIGH LIFE IN U. S. A.

Capt. Haines Shoots Rich Publisher For Wrecking His Home.

DIVORCE WAS PENDING.

Haines' Brother Keeps Off All Who Tried to Interfere.

BAYSIDE, L. I. Saturday.—With the firm resolve to avenge himself upon the man whom he held responsible for the wrecking of his home, Captain Peter Conover Haines, Jr. U. S. A. son of Brigadier-General Peter Conover Haines, U. S. A. retired, today shot and mortally wounded Wm. E. Annis, owner and publisher of Burr McIntosh Monthly and a number of other magazines. Annis survived his injuries but a few hours. The shooting which was attended by several unusual sensational features occurred on the landing stage of the Bayside Yacht Club at Flushing under the eaves of the holiday crowd, among whom was the wife of the victim of the tragedy assembled on the club verandah.

Annis who was about to take his wife and a party of friends sailing, had just stepped from his yacht Pam when he was met by Captain Haines and his brother Thornton on the club's landing float. Before the two men had a chance to exchange a word the captain pulled out a 45 calibre automatic colt revolver and opened fire on Annis. The first shot went wild and Annis tried to take shelter behind a fellow club member, Lewis Haraway, who had come with him from the Pam. With great deliberation the Captain thrust his arm under that of Haraway and fired five more shots at Annis all taking effect. With the firing of the first shot Mrs. Annis who had watched the meeting of the two men from the club verandah set up a series of piercing shrieks and a dozen club members rushed from the float to the rescue of Annis. Before they had gone a dozen steps they were stopped by Thornton Haines, the Captain's brother, who threatened to shoot the first man who interfered. "This affair," he said coolly, "is between these two men and I'll shoot the first man who attempts to interfere." At the same time Mr. Haines displayed a belt full of cartridges to show that he was prepared against any emergency. Annis shot twice in the abdomen and with a bullet in his arm, two more in his knee and thigh, was taken to Flushing Hospital in a dying condition. Upon arriving there, he regained consciousness sufficiently to speak a few words but these according to the hospital authorities were to the effect that he preferred to say nothing in explanation of the assault upon him by Haines and his brother who had calmly awaited arrest on the float, were less reticent. To the police Captain Ruthenberg who questioned him as to his motive, Captain Haines told of Annis having broken up his home, and that the course he had taken to punish him was the only one he considered open to him.

8,000 from Ontario.

TORONTO, Friday.—Eight thousand bushels of wheat left Ontario today for the Western wheat fields. Of this number 3,300 left Toronto this afternoon.

More proof that Lydia E. Pinkham's Vegetable Compound cures female ills.

Mrs. John Scott, 489 Grand Trunk St., Montreal, writes Mrs. Pinkham: "I was very much run down in health from a female trouble, was thin, nervous, and very weak, and suffered from bearing down pains. Indeed, I did not care whether I lived or died, I felt so badly sometimes."

"Lydia E. Pinkham's Vegetable Compound completely cured me of all my troubles. I gained in flesh, and am free from backache, female trouble, sick headaches, and nervousness."

"I heartily recommend Lydia E. Pinkham's Vegetable Compound for all women's ailments, knowing what it has done for me."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has aided thousands to health. Address, Lynn, Mass.

Rain Worth Millions

Has Lately Fallen in Central Canadian Provinces.

WINNIPEG, Thursday—Steady rains worth millions of dollars to Western farmers, have fallen during the last twenty four hours through the greater part of Southern and Central Saskatchewan and Manitoba, and should prove a potent factor in saving the oat crop, which has been seriously affected by continuous droughts. Probably the rain added to two or three bushels per acre to much of the spring wheat crop, which was not too far advanced to benefit.

The footprints of Dyspepsia have been directly traced to the stomach nerves. When these "inside nerves" fail, indigestion and stomach distress must surely result. For this, druggists everywhere are supplying a prescription known as Dr. Shoop's Restorative. First, these tiny inside Stomach, Heart and Kidney nerves fail. Then gas belching, Heart palpitation, or failing Kidneys follow. Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. Strengthen these failing nerves with Dr. Shoop's Restorative. It is the nerves, not the organs that are calling for help. Within 48 hours after starting the Restorative treatment, you will realize the gain. A test will tell. Sold by all dealers.

Sir Wilfrid will apparently be going West about the same time as the harvesters' excursions. In his own special line the Premier is about as good a reaper as most of them, and no one will be surprised if he comes back with a record crop.

WM FORAN NEW SECRETARY

OTTAWA, Thursday—It is understood that Wm. Foran, now secretary of the Civil Service Board of Examiners and Chief Clerk in the Secretary of State's department, will be appointed to the important position of secretary of the new Civil Service commission. The commissioners will not be appointed until after September 1st.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organs themselves, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is scanty, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell.

EXCITING RACES AT BATHURST.

Large Crowds Present and Good Clean Sport Witnessed.

BATHURST, August 12—Fine weather at the Driving Park this afternoon and a large attendance of enthusiasts from all sections of the country was present.

John P. Leger acted as starter; Percy Wilbur, time keeper; S. R. Shirley, R. Chamberlain and G. D. Allison judges. FREE FOR ALL.

In this race there were seven entries and the race was very exciting and much enthusiasm was aroused. In the second heat Claudia Hal lost a shoe—Violet and Day Bryak finishing very close.

Lucy McEwan and Gypsy were withdrawn in the third heat. Deep disappointment was expressed at the absence of Abbot W.

The following is the summary: Violet R. P. Goodwin, owner, Bishop driver, 4 3 2.

Claudia Hal, W. G. Fenwick, owner, McGowan driver, 1 1 1.

Gypsy Wilkes, Veniot owner, Bdtin driver, 3 5.

Little Maud, A. T. Hinton owner, Shirley driver, 6 4 4.

Kentucky Mack, J. Denlop owner, Dunlop driver, 7 6 5.

Lucy McEwan, McEwan, 5 7.

Day Break, C. Williamson, owner Williamson driver, 2 2 2.

Time: 2:29 1-2; 2:29 1-4; 2:29 1-2, 3 MINUTE RACE.

This was also interesting and resulted as follows: Alberton, D. A. J. McKenzie, Bishop, 1 1 1.

Little Fleet, E. R. Shirley, Shirley, 2 2 3.

Brasil Brazilian, Dempsey, O'Donnell, 3 3 2.

Time: 2:44; 2:48; 2:48.

The races were conducted in a most orderly manner, the judges did their work impartially and well.

The attendance was over four hundred.

Because a man is engaged in the lead pencil business it does not necessarily follow that he will make his mark.

HARCOURT.

August, 15—A number of our young people, who took the Normal School course last session have left to take charge of schools; Miss Mable Whalen to Coverdale, Melvine Dunn to Lake Stream, James Whathen to Kent Junction, Drusilla Smallwood to Clairville.

Miss Alethea Wathen has accepted a position on Normal School staff, in Sloyd work.

Miss E.B. Buckfield and her guests, Mr. and Mrs. Woodman, are visiting in Alberton, P. E. I.

Rev. R. H. Stavert is taking a short course of study at the Moody Institute at Northfield, Mass.

Miss Minnie Buckley left last Saturday to make a short visit to her brother in Pictou.

FIENDISH PLOT TO WRECK TRAIN

WINNIPEG, Thursday—It was learned today that on Tuesday evening last a fiendish attempt was made by some parties, as yet unknown, to wreck a C. P. R. excursion train running from Winnipeg beach with several hundred citizens on board, about five miles out. A rail was lifted and removed from the track, but the danger was discovered before the heavily loaded train ran into it.

Piles healed at once with Dr. Shoop's Magic Ointment. Just to prove it, a trial box will be mailed on request, by writing Dr. Shoop, Racine, Wis. Itching, smarting, bleeding piles, internal or external, get quick and certain help from Magic Ointment. Large box 50c. Sold by all dealers.

TORONTO, Thursday—Major Wilbur Henderson, of the 48th Highlanders, and an official of the Inland Revenue Department, died today at the age of 61 years. The cause of death was an enteric trouble, caused by eating canned peas while at Quebec attending the centenary celebration.

A good seam of coal was struck at St. Isadore, nine miles from Gravelle on Monday evening. Drilling operations have been in progress for some time. The quality is said to be very good. The seam is 170 feet from the surface. The engineer in charge has the most sanguine hopes for the ultimate success of the enterprise.

(CHICAGO, Wednesday—More than forty automobiles and taxicabs were destroyed today in a fire which consumed a one story brick building at 1710-12 Indiana Avenue, occupied by G. A. Gortisco, as a garage. The fire started with an explosion and burned so rapidly that the building was almost entirely destroyed before the arrival of the firemen. The total loss was estimated at \$400,000.

CATHOLIC SOCIETIES FAVOR REFORM.

Resolutions Passed at Recent Convention Held in Boston.

WOULD PURIFY POLITICS. Against Child Labor, Divorce, Indecent Literature, and Religious Tests.

The following very important resolutions were adopted at the seventh annual convention of the American Federation of Catholic Societies which met in Boston this month.

Juvenile Courts—The Federation of Catholic Societies commends the purpose of juvenile courts and recommends their extension throughout the United States. We urge our Catholic societies in general to take a deeper interest and more active co-operation in the work of these courts.

Catholic Aid Societies and Employment Bureaus—We heartily endorse the formation of Catholic aid societies to take care of our poor and needy and we especially recommend that homes and employment bureaus be opened for men and women, who are out of work and seeking employment. We also recommend the establishment of homes for working girls to be conducted under Catholic auspices.

Child Labor—We stand unqualifiedly for legislation limiting the sphere and age of child labor and every statute which protects child morality.

Indecent Literature—We earnestly urge Catholics to keep up ceaseless warfare against indecent books, plays, periodicals, pictures, post-cards, billboards and the like, and we further earnestly urge upon every Catholic society in the United States to demand of prosecuting officials the punishment of all such offences against public morality.

Religious Tests—Resolved, that federation stands for the abolition of any and every religious test in all public employment and we more particularly condemn any and all inquiry as to the religious belief of applicants for such public employment.

Catholic Interests—Resolved, That we thank the national administration and the 60th congress for their fair treatment of Catholic interests, particularly in matters relating to the rights of the church in the Philippines.

Clean Politics—Resolved, That we cordially endorse all movements having for their purpose the purifying of municipal, state and national politics.

Divorce—Beholding in the grave and growing evil of divorce, a serious menace to our civic well being and a deplorable contempt of the law of God, we reaffirm our conviction that the only certain remedy for this evil is to be found in the doctrine which the Catholic church ever proclaims touching the indissolubility of the marriage bond, and to the triumph of this doctrine in our national life we pledge our united efforts and influence.

Prince Rupert Lots For Sale.

MONTREAL, Thursday—The management of the Grand Trunk Pacific railway announce that the townsite of Prince Rupert will be placed on the market in September. The arrangements regarding details are in the hands of General Manager Morse, who is in the west.

Lightning Cures Rheumatism.

BROOKVILLE, Wednesday—A strenuous cure for rheumatism has been found by Mrs. Geo. Potter of Echo Lodge, a summer resort a few miles west of here. Mrs. Potter was struck by lightning during a recent thunderstorm, and suffered a severe shock. Up to the time of the storm she had been very badly afflicted with rheumatism, but after she received the electric shock it has entirely disappeared. Although the burns are not entirely healed, Mrs. Potter says that she feels perfectly well.

MAINE STEAMER Ran on Rock.

Was Run Ashore Just in Time to Save Passengers a Struggle in Water.

ST STEPHEN, Thursday—The steamship Harry F. Eaton, Captain George Waite, plying between Calais and Eastport had an adventurous trip down in the fog this afternoon. Going through Dog Island narrows and when ten miles below St. Andrews the steamer struck a ledge off Deer Island point. A sudden careening of the boat caused consternation among her seventy passengers. She backed off and was headed for Eastport five miles away. She soon commenced to fill and sink where there was a great depth of water. Life belts were placed about the passengers, the life boats were lowered and every precaution taken for a speedy abandonment of the steamer. Fortunately Captain Waite was able to run her into the American shore and beach her in Johnsons Cove where the passengers were taken ashore in small boats when the tide was out. An examination showed two planks broken and badly scraped. Temporary repairs have been made and she is expected to return to Calais under her own steam tonight and to resume her service next Monday.

FATHER RICHARD MAKES STATEMENT.

(Correspondence of Moncton Times.)

Father Richard, of Rogersville spoke with much indignation in his church last Sunday and complained feelingly of the publicity given to a pretended charge of dishonesty on his part in connection with the Crown Land Department. He declared that he never was nor is at present a delinquent or defaulter with the Province. He paid in full and in due time for every inch of land purchased from the Crown in the interests of the settlers. That class of citizens do not get favors. The Lieutenant Governor did him justice in his letter to the public, but some newspapers, for political purposes no doubt, published the charge but failed to reproduce Hon. L. J. Tweedle's explanations, exonerating him of the unjust charge. Investigations may be in order to protect the public interest but to expose innocent parties and charging them with dishonesty to justify themselves, is simply outrageous. Newspapers and individuals who become instrumental in slandering their neighbors and fail to rectify the wrong done to them when informed of their mistake or malice are not acting honorably or justly. Father Richard with much feeling, said: I have served my native province for over forty years without favors or compensation. I should, at least, be exempt of public exposure, affecting my honesty and honor.

August time tells on the nerves. But that spiritless, no ambition feeling can be easily and quickly altered by taking what is known by druggists everywhere as Dr. Shoop's Restorative. Within 48 hours after beginning to use the Restorative, improvement will be noticed. Of course, full health will not immediately return. The gain, however, will surely follow. And best of all, you will realize and feel your strength and ambition as it is returning. Outside influences depress first the "inside nerves" then the stomach, Heart and Kidneys will usually fail. Strengthen these failing nerves with Dr. Shoop's Restorative and see how quickly health will be yours again. Sold by all dealers.

DIAMONDS LOOKING UP.

LONDON, Tuesday—A well-informed Antwerp correspondent states that the crisis which has been well nigh Antwerp for several months is diminishing speedily in intensity and will probably have come to an end by October next.

Some important American orders of cut diamonds have again been placed with Antwerp traders, and it is anticipated that the trade speedily will be restored to its normal conditions.

No Lives Lost.

QUEBEC, Wednesday—The Dominion Line Steamer Southwark, which stranded three miles southwest of Point Amour, near Forteau Bay, in the Straits of Belle Isle, at midnight on Monday night last, was successfully floated this morning at nine o'clock. The extent of her damage has not yet been ascertained but as she is making water freely she has undoubtedly received serious damage to her bottom. The ship is being examined and if the extent of her damage is not too great she will undertake the journey back to Quebec tonight. Not a single loss of life or even accident of any kind has been reported and beyond the inevitable panic immediately there was no distress of any kind. The passengers were safely transferred to the Ottawa of the same line and passage will be provided for them on the first outbound Dominion liner.

CARTER'S LITTLE LIVER PILLS.

CURE SICK HEAD ACHE

Stick to the head and relieve all the troubles incident to a bilious state of the system, such as Headaches, Stomach, Bowels, Bloating, Distension after eating, Pain in the Side, etc. While their most remarkable success has been shown in cases of

SICK HEAD ACHE

Headaches, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cure

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

Is the cause of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. Once two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action please all who take them.

PROSECUTED FOR FISHING

Young Man Fined For Spearfishing In Black River Last Week.

In the Chatham police court, on the 10th a young man was fined \$50 and costs for catching trout at Black River by other means than angling, or catching by means of hook and line with bait or fly. The prosecution was entered by Mr. McCulley, Fishery Overseer for the N. B. Government, and was the culmination of the Overseer's endeavors to prevent the poaching of streams under his control. It is not generally known that trout cannot be legally killed or caught by any other means than the sportsmanlike way of alluring them by bait or fly and by means of rod and line. The penalty for infraction of this law is \$100, or three months imprisonment. The Magistrate, in passing sentence, gave the young delinquent some good advice and made him realize the serious character of the offence he had committed. The Government is determined to enforce the game laws, the intention being to preserve such valuable assets and increase their value. Mr. McCulley has only been on duty about a month, but already there is evidence that his vigilance and educational methods have begun to bear fruit, and one thing we may be assured of and that is no violator will escape prosecution if once his offence is made known. It is the duty of all law-abiding citizens to support the Overseer in his endeavor to bring about a better state of things in sporting affairs.

G.P.R. MACHINERY IN BAD SHAPE

WINNIPEG, Wednesday.—The Canadian Pacific Railway strike committee claims to be in possession of information that the rolling stock of the company is getting into very bad shape. The strikers are still depending on the engineers coming out when their condition makes it dangerous for them to operate locomotives. They say that a meeting was held last week at which it was definitely decided that as soon as the condition of the rolling stock might be considered unsatisfactory they would cease to work. The Lemieux act or no, it is maintained that no law would compel engineers to take out engines which they believed to be unsafe. Five engines are dead at Moose Jaw. A curious phase of the labor situation is that many of the striking mechanics are being sworn in to act as special constables on the company's property.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

C. P. R. GETTING A FEW MEN.

TORONTO, Thursday.—So far about one hundred men have applied for positions at the Employment Bureau which has been opened by the C. P. R. The office is in charge of Superintendent Nelson and other C. P. R. officials. Each applicant gave his name, age, trade and other details. The company has plenty of steam fitters, but it needs machinists and engine-fitters. The company sent fifty strike-breakers to the West Toronto yards from the Union Station yesterday morning. A little later a party of twenty men arrived from outside points. The new hands included black-smiths, moulders and machinists. The most are young men who have been out of work for some time. They profess to dislike of taking the place of strikers, but assert that otherwise they would starve.

Good order prevails at all points.

SUSSEX, N. B. Thursday.—Early this morning there was another false alarm sent in from Box 13 near the Exhibition building and the firemen were given an early run for nothing. It was another added to the long list of false calls. It has also been discovered that unknown persons have been tampering with the fire apparatus and some of the nuts on the waggon have been interfered with endangering the lives of the firemen who use them. An investigation will be commenced with a view of bringing the guilty parties to justice. Other occurrences of a unlawful character that have happened lately have resulted in a growing demand for permanent policemen for the town. It is quite probable the question will be taken up by the authorities in the near future.

Company's Agent Embezzled.

OTTAWA, Wednesday.—The department of custom has taken action against the C. F. R. company for \$320, 000. The action is taken in Montreal and arises out of the embezzlements of David Hobbs, the Customs agent of the C. F. R. who is now serving a term in the penitentiary. Hobbs pocketed funds with which he is supposed to have paid the Customs dues for the railroad. The dispute is over the amount the government failed to receive. Of the amount sought to be received there is less than fifty thousand dollars made up of claims for Customs dues. The remainder of the amount is for penalties. It is necessary in order to claim these under the act to bring the case in proper form, but it is understood that there is no intention of pressing for the penalties, as the C. F. R. was innocent of any intention to do wrong.

A NEW POTATO.

Farmers are deeply interested in a hybrid potato that grows on vines like gooseberries, and has a fine flavor. Samuel Wilson, of Wolcott, Conn., has kept the potato on his farm. He has kept his methods secret. The product is a cross between the yellow tomato and the sweet potato. Food experts have already reported the new potato to be far more nutritious than the Irish or sweet potato and more easily grown. It boils in five minutes and bakes in eight minutes. Stiles Wheeler first began to experiment with the hybrid this summer, when Wilson, seeing his progress, tried his hand and carried the experiment to success.

SOLDIER INSTANTLY KILLED

St. John Soldier On Way To Petawawa Met Death On Railway Track.

Word was received in St. John on the 11th instant that Fred Hardey a member of the Militia company which left there the preceding night for Petawawa camp was killed near Campbellton early that day. A train was waiting for passengers from the Ocean Limited and the military men were waiting about. Hardey attempted to cross the track in front of the Ocean Limited, and was struck, being instantly killed.

Choked By Naptha Fumes.

WOODSTOCK, Ont., Wednesday.—Henry Yogan, well-known local contractor, had an awful experience yesterday. He was coating a cistern with naphtha solution of pitch and tar. The cistern was enclosed save for small opening in the top and the boiling naphtha gave off fumes which had effect on Yogan within a few minutes after he entered the cistern at one o'clock. He cried out and shortly after relapsed into unconsciousness. As it was a holiday his predicament was not discovered and he had been in the cistern four hours before being found. He was still alive, but it was apparent that life could not have lasted much longer. He was revived after some work and will recover.

Threw Over Part of Cargo.

MONTREAL, Thursday.—It has been learned that in order to lighten the forward part of the steamer Southwark recently ashore in the Straits of Belle Isle, some of her heavy cargo was thrown into the sea. This in part consisted of heavy rolls of paper, which was of considerable weight, but not great value. The Southwark has passed Belle Isle on her way across.

U S A to Have War Ballons

WASHINGTON, Tuesday.—Military dirigible balloon built for signal corps of United States Army by Captain Thomas S. Baldwin, will be accepted. "We are going to buy Baldwin's machine, we need it," said Gen. James Allen, Chief Signal officer and yesterday he indicated that failure to comply with the speed requirements will not prevent the purchase of airship. It is generally understood therefore that speed and endurance trials will merely determine price to be paid for dirigible.

The amusement attractions were never better and the high character of the free exhibition on the grounds every afternoon and the magnificent fireworks at night cannot fail to please everybody.

COAL FOUND IN GLOUCESTER CO.

A good seam of coal was struck at St. Isidore, nine miles from Tracadie, on Monday evening. Drilling operations have been in progress for some time. The quality is said to be very good. The seam is 170 ft. from the surface. The engineer in charge has the most sanguine hopes for the ultimate success of the enterprise.

TRAIN FOR BUSINESS

Most men train their brains and almost entirely neglect their bodies. They do not seem to realize that keenness of judgment and clearness of thought depend as much on the body as on the brain itself. Any man can prove this to his own satisfaction by attempting to decide a weighty business problem while suffering with an acute attack of indigestion or a violent spell of biliousness.

The amount of work that the brain can do depends much on the healthfulness of liver, bowels, kidneys and skin.

"Fruit-a-lives" are fruit juices in tablet form. They act directly on liver, bowels, kidneys and skin—and enable these vital organs to rid the system of all impurities. Thus the blood will be kept pure and rich, the brain active, digestion sound, and life made pleasant. "Fruit-a-lives" are now put up in two sizes—the new 55c box as well as the regular 50c size. If your dealer does not carry them, write Fruit-a-lives Limited, Ottawa.

ROBERTS COMPLIMENTS CANADIANS.

Told the King That His Review of Our Soldiers Was a Great Success.

OTTAWA, Wednesday.—The Military display at Quebec was complimented by Lord Roberts. The militia depart. He has received the following message which came to Earl Grey from the Colonial office, and was first sent to His Majesty King Edward: "I have the honor to forward to your Majesty the following opinion from Lord Roberts with regard to today's review at Quebec. The review this morning was a great success. The troops looked well and I was much impressed with the procession order and organization generally. There were about 12,000 men under arms and there was no hitch anywhere. Canada appears to me to be dealing adequately with the problems affecting her Militia and with care and improved organization to be building up a very useful force."

RACES AT WOODSTOCK.

Good Time Made By the Streets Contested.

WOODSTOCK, N. B., Wednesday.—Ideal weather and two large fields of evenly matched chasers, provided stirring sport for the first day of the Woodstock Circuit meeting. A large crowd was present and everything passed off without a hitch. To the surprise of the talent the 2:27 class proved easy for Tony D. a production of the Presque Isle Farm. Axheli, the favorite got second place but was never dangerous.

The 2:17 class was a long drawn out affair in which Brownells entered by the Pine Tree Stables of Lewiston, Me., won after a hard fight with Laura Merrill and Estell Boy. Laura took the first heat quite handily, and was well up in the remaining four. Brownells in the fourth came in first but was set back to fifth place for foul driving on the part of Hayden. The last heat was a corker. Estell Boy made the Maine horse go to the limit. Tomorrow the 2:20 and named race will be contested.

Summary:

2:17 CLASS

NEWCASTLE, August 19th, 1908.

BE PREPARED FOR

GENERAL ELECTION.

All signs now indicate Dominion general elections in October. Those who expect to win should be up and doing and take no chances.

AN IMPERIAL STRIKER.

The German Kaiser receives as King of Prussia a salary of some \$3,850,000 a year—over \$10,000 a day. This he finds insufficient for his purposes, and is applying for an increase. And yet some people wonder that there is discontent among the poor of Germany.

LIBERALS WIN IN

SASKATCHEWAN.

Provincial general elections were held in Saskatchewan on the 14th inst., resulting in the return of a substantial majority for the Liberal premier, Walter Scott.

The returns are not all complete, but the indications are that of the 40 members elected, 25 are Liberals and 15 Conservatives. The full house will contain 41 members, election not having yet been held in one constituency.

The last Saskatchewan Assembly, chosen in 1905, contained only 25 members. Since then the settlement of the province has increased so rapidly that a redistribution was made, erecting many new constituencies.

The results of the general elections held in the provinces lately, taken all together, point to a Liberal victory in the next Dominion election.

MORE HONESTY NEEDED.

Complaints are frequently made by householders who have orchards or a few fruit trees about their dwellings that their fruit is often stolen and the trees damaged by boys, and in many cases, by young men who pass by.

Doubtless many of the culprits act thoughtlessly rather than with deliberate intention to appropriate to their own use the results of others' toil; but if so the loss to the owners is none the less real. This is a question that needs more attention on the part of parents and teachers. Children should be taught at home and in the school to religiously respect all the rights of others, and further, to destroy nothing whatever without good reason. Children who are careless will develop into careless adults; children who are dishonest are not the best material out of which to expect men and women to develop. We cannot be too particular in these matters.

THE PROHIBITION PLATFORM

The prohibitionists are, in spite of their many defeats, again running a candidate—this time it is Eugene Chaffin—for the United States, presidency. Although half the territory of the Republic is under local prohibition, the prohibition candidates for office have never yet polled a large vote. This year, however, the prohibitionist platform contains many planks, all of which are in the direction of much needed moral and social reform, and Mr. Chaffin may poll a much larger vote than any of his predecessors.

The prohibition vote in United States presidential elections has been as follows:

Year.	Candidate.	Vote.
1872	James Black.	5,907
1876	Green Clay Smith.	9,737
1880	Neal Dow.	10,306
1884	John P. St. John.	150,020
1888	Clinton B. Fisk.	249,945
1892	John Bidwell.	270,710
1896	Joshua Levering.	130,753
1896	Bentley.	13,953
1900	John G. Woolley.	200,490
1904	Silas G. Swallow.	258,205

The total vote in 1904 was in round numbers: Republicans, 7,620,000; Democrats, 5,080,000; Socialists,

443,000; Prohibition, 258,000; Populists, 117,000.

The prohibition platform this year reads as follows:

1. The submission by congress to the several states, of an amendment to the federal constitution prohibiting the manufacture, sale, importation, exportation or transportation of alcoholic liquors for beverage purposes.
2. The immediate prohibition of the liquor traffic for beverage purposes in the District of Columbia, in the territories and all places over which the national government has jurisdiction; the repeal of the internal revenue tax on alcoholic liquors and the prohibition of interstate traffic therein.
3. The election of United States senators by direct vote of the people.
4. Equitable graduated income and inheritance taxes.
5. The establishment of postal savings banks and the guarantee of deposits in banks.
6. The regulation of all corporations doing an interstate-commerce business.
7. The creation of a permanent tariff commission.
8. The strict enforcement of law instead of official tolerance and practical license of the social evil which prevails in many of our cities, with its unspeakable traffic in girls.
9. Uniform marriage and divorce laws.
10. An equitable and constitutional employers' liability act.
11. Court review of post office department decisions.
12. The prohibition of child labor in mines, workshops and factories.
13. Legislation basing suffrage only upon intelligence and ability to read and write the English language.
14. The preservation of the mineral and forest resources of the country, and the improvement of the highways and waterways.

HOLD ON TO

THE INTERCOLONIAL.

(Albert County Journal.)

Regardless of differing political beliefs the people of the Maritime Provinces should be at one in their attitude towards the effort of the Canadian Pacific Railway to secure running privileges over the Intercolonial. The earnings of the road would decrease, losses would have to be faced by the owners of the Intercolonial, the people of the Dominion, the roll of employees would have to be reduced to the very lowest number. It would not be long before every branch road tapping the Intercolonial would be in the grip of Canadian Pacific and instead of the people being served at the lowest possible rates they would face the probability, perhaps the certainty, of increased rates for both freight and passenger traffic behind which would be the arbitrary power of one of the strongest corporations in the world to-day. From the standpoint of citizens of the Dominion, the people of Alberta should contest any attempt of a corporation to injure the railroad which has been built with the money of the people and has been such an important factor in the growth of the Dominion.

MARITIME PRESBYTERIANS

The Presbyterian census of the Maritime Provinces, according to Rev. E. D. Miller, in the Presbyterian Witness, gives the following results:

Presbytery	Families	Com.	Salary
Sydney	3,847	4,457	\$24,382
Inverness	1,843	2,008	9,387
Pictou	4,001	7,088	27,002
Wallace	1,830	3,034	12,055
Truro	2,747	5,155	20,237
Halifax	2,648	5,034	30,074
Lunenburg	1,044	1,545	7,021
St. John	3,584	5,707	31,741
Miramichi	2,532	4,152	18,380
P. E. Island	3,506	5,905	21,284
	27,071	44,135	\$288,203

The committee appointed to estimate the sum necessary for each scheme during the current year finds as follows:—For Foreign Missions, \$98,000; Home Missions, \$20,000; Augmentation, \$11,000; Colleges, \$9,000; Bursary Fund, \$1,500; Aged and Infirmary Ministers, \$4,500; Moral Reform, \$1,000; Assembly, \$1,000; Total \$116,000.

From the total sum named above may be deducted at least \$15,000 which the W. F. M. S. will raise, leaving \$98,000 to be raised by congregations, Sabbath Schools and Young People's Societies.

Applying the average rate indicated in the above figures to the distribution of this sum of \$98,000, we reach the following results:—Sydney Presbytery \$11,700; Inverness, \$5,227; Pictou, \$14,700; Wallace, \$6,370; Truro, \$10,200; Halifax, \$11,700; Lunenburg and Yarmouth, \$3,430; St. John, \$13,720; Miramichi, \$5,982; P. E. Island, \$11,700.

WOODSTOCK RACES.

WOODSTOCK, Friday—Another large crowd assembled at the park this afternoon to witness the events postponed from yesterday by reason of wet weather. This morning the track was in great shape and the admirers of Terrace Queen were predicting a new mark for the local half mile ring but a heavy shower came up about two o'clock and left the track very heavy so much so that many of the horsemen were loath to start at all. It was half past three before the races were begun. In the 220 class the favorite Miss Edith had a cinch, the real race being for second money in which Meadowvale after nearly getting the flag in the first heat finally won. There were but three starters in the named race and it proved the easiest possible picking for Terrace Queen. Little Sweetheart driven by Haden drew the pole at the start and got second place. Simarrie getting the place in a beautiful finish. The third heat will be a procession.

needed.

STEAMER BRUCE ASHORE.

SYDNEY Saturday—A wireless de-

patch from Port Aux Basques says

that the steamer Bruce of the Reid-

Newfoundland service went ashore at

Baldwin's Reef early this morning in

a gale fog. The passengers were all

taken off the steamer in lifeboats. The

ship struck at high tide and according

to the despatch is resting on soft

ground and will be floated easily.

China Seized

Another Ship.

LONDON, Friday—Another cloud has arisen between China and Japan, according to a special despatch received here from Hong Kong, owing to the seizure at Chin Chou by the Chinese authorities of a steamer having on board 10,000 rifles and 2,000,000 cartridges. Japanese merchants have protested, claiming that this cargo belongs to them, and threaten to make another international question of the incident. The seizure is similar to that of the Tatsui Maru.

English Families

Deported

BELLEVILLE, Saturday—Eight English families have been deported from Deseronto, near this city. They will be taken back to England. The men were shiftless and would not work and the town authorities declined to be burdened with them next winter. The eight families numbered forty-eight people in all.

WON GAME BUT LOSE PRIZE.

Because They Entered As Civilians
Rather Than
Soldiers.

MONTREAL, Friday.—Although the riflemen from Quebec won the highest aggregate score for the P. Q. R. A. matches and the third place, they lose the prize, owing to the fact that, although they are military men of long standing, they entered as civilians. Bombardier H. Rose of the R. C. G. A. made the highest aggregate score of the three days shoot, with 326, while Sergeant A. Young of the P. Q. R. I. Quebec, came third, also with 326. They however entered as H. Rose of the Quebec City Rifle Association; and Allen of the Aubrey Rifle Association and Young of the Quebec City Rifle Association.

RE C. P. R. STRIKE.

WINNIPEG, Friday.—Nothing startling has developed so far in the mechanics strike, which has resolved itself into an endurance test, the company endeavoring to fill up vacancies with non-union men, while the men claim must be an inevitable break down of the system when engines begin to go to the bad, after the unskillful handling they say they are receiving in the shops all round the West.

MONTREAL, Saturday.—Bill Hardy, chairman of the C. P. R. machinists strike committee denies that President O'Connell, of the International machinists Union, is coming here to confer with the strike leaders. Mr. O'Connell is coming simply to address an assembly and representative body of the strikers. He has nothing to do with the strike arrangements.

MONTREAL, Friday.—The hands of the Car Wheel Foundry at the Angus C. P. R. shops to the number of between sixty and seventy joined the ranks of the striking mechanics today.

MOUNT TEMPLE READY FOR SEA

MONTREAL, Friday.—The C. P. R. steamship officials have been advised that the steamer Mount Temple will be out of the dry dock at Newport News tomorrow and will be in Montreal before the end of the month to go on her regular service again. She was stranded for some time on the Nova Scotia coast having struck the Ironbound Island in November last and was floated by a Halifax syndicate. The steamship officials say that they know nothing of the reported intention to effect a consolidation of C. P. R. and Allan Lines to carry out the fast Atlantic steamship service proposed by Sir Wilfrid Laurier.

More Killed on Railway

BRIDGEPORT, Conn. Friday.—One man was killed and several injured today with an engine and three cars of a freight train bound from New Haven for Bridgeport, over New York, New Haven and Hudson R. R. left the rails at Naugatuck Jet and tumbled over into the ditch, the locomotive turning over on its side. The conductor was caught under the cars and practically cut in two. The engineer was also badly injured.

LAURIER ON HOLIDAY

OTTAWA, Friday.—Sir Wilfrid Laurier left this morning for a ten days' stay at Arthabaska. He is going for a holiday, but as two secretaries accompany him, it is pretty well understood that there will not be a great deal of leisure for the premier in the ten days. Hon. Mr. Fielding left for Nova Scotia this afternoon. Sir Frederick Borden will reach his Nova Scotia home on Saturday.

LYTTLETON.

Lyttleton, Aug. 14.—Not seeing any notes from this place for some time I think the correspondents must have gone away. But while they are absent I will write a few.

Mr. George Hubbard of S. Siding is visiting friends in Holmerville. Mr. Minard McDonald was the guest of Mr. John Payne on Wednesday last. A runaway horse dashed through this place giving evidence of a smash up some where on the road. It was afterwards learned the horse belonged to Robert Easty of S. Siding.

Mrs. Blackmore is visiting Mr. and Mrs. Joseph Hubbard.

Mr. Robert Sillicker is packing for the wild and woolly West.

Mr. Hassen Toser of this place past through here at an early hour Monday morning.

MARITIME ODD- FELLOWS MEET.

Seventeenth Annual Session Held
at Charlottetown Last
Week.

INCREASE OF 38.

Rebekahs Given Right to Grand
Charters to Subordinate
Lodges.

The seventeenth annual session of the Grand Encampment of the Maritime Provinces I. O. O. F. opened at Charlottetown on the 11th. Grand Patriarch John H. Yeomans presiding. The number of representatives present was large. The Grand Patriarch in his address, said that all the district deputies reported their encampments in excellent condition. He made several recommendations in connection with degree work and the further advancement of the encampment branch.

Grand Scribe Melville McKean reported that the encampment branches were in a flourishing condition. One new encampment was instituted at Economy (N. S.) and Meductic encampment was reorganized. The gain in membership for this year was thirty-eight. The number of encampments is now twenty-six, with a membership of 1,062. The receipts of subordinate encampments were \$2,845.12, and the expenses, not including relief, were \$1,705.49, amount of invested funds, \$3,850.82. There were three deaths during the year.

Charles A. Sampson, grand treasurer, reported the expenses slightly over the receipts. There is now a balance of \$704.51 on hand.

The Rebekahs met the same day, Mrs. Hattie S. Bayers presiding. In her address the president said the year had been a fairly prosperous one. She told of more than forty visits she paid during the year to the lodges.

The president regretted that the grand lodge did not favorably consider the request to give the assembly the right to grant charters. She believed that this request should be renewed again this year.

Mrs. Mary McKean, secretary, reported the membership increasing and the financial standing good. Three lodges were instituted during the year, viz. Bay du Vin, No. 48, Buntington Passage (N. S.); Riverside, No. 49, Port Clyde, (N. S.); Ruth, No. 50, Sydney, (C. B.). During the past year there was an increase of 114 brothers and 234 sisters, making the membership 1,310 brothers and 2,337 sisters. The deaths numbered one brother and eleven sisters.

Mrs. Jane McGowan, treasurer, reported a balance of \$280.76 over expenditure.

On the 12th, a resolution introduced by Grand Treasurer J. H. Balcom, of Halifax, that power be given Rebekah assembly to grant charters to subordinate lodges throughout the jurisdiction, passed by a large majority.

Another resolution by Grand Chaplain Ven. Archdeacon Newnam that power also be granted to withdraw charters, was adopted.

The Grand Lodge was invited to meet next year at St. John, and accepted.

The financial statement of the Grand Secretary showed that there was a balance on the credit of Grand Lodge of \$2,549.98; the year's receipts were \$4,430.72, total \$6,980.70. There were expended \$3,487.80, leaving a balance of \$3,492.90.

The following officers were elected: John Johnston, Sydney Mines, Grand Master.

W. S. Hopper, Fredericton, Deputy Grand Master.

Dr. A. D. Smith, St. John, Grand Warden.

J. H. Balcom, Halifax, Treasurer.

Rev. J. W. Whitman, Granville, Grand Chaplain.

G. S. Ryan, Charlottetown, Grand Marshal.

Thos. C. Crowell, Clark's Harbor, Grand Conductor.

J. W. Fraser, Thorburn, Pictou, Grand Warden.

G. H. M. McLellan, Campbellton, Grand Herald.

J. J. McKinnon, Charlottetown, Grand Secretary.

A feature of the Grand Lodge meetings was that there was the largest attendance in the history of the order, 401, and the largest number initiated, 137.

Session closed on the 13th.

CONSERVATIVE WORKER ARRESTED.

Charged With Crooked Work
In Colchester Election.

HALIFAX, Wednesday.—Alonso R. most active Conservative workers in the late by-election in Colchester, was arrested yesterday by Provincial Constable Cribb, charged with an offence against the Dominion Election Act. Cribb served the warrant in Five Islands and brought Byrne to Truro last night, where he appeared before Stipendiary Magistrate Crowe.

Mr. Byrne's offence is alleged to have been committed presumably on behalf of Mr. John Stansfield, M. P. on or before the day of the election of the latter last November in that county. The complainant is Mr. Merl Fulton of Lower Enslow. This case is a first of a number of such actions that it is reported the Liberals of Colchester will institute against Conservative workers.

WHITNEYVILLE.

Aug. 17th.—Mrs. Jas. Street, who for the past few months has been with her parents Mr. and Mrs. John Curtis, returned to her home in Trout Brook with her infant daughter last week.

Rev. H. D. Worden left this morning to visit his family in Riverside, A. C., and also attend the Maritime convention of United Baptists in St. John, Aug. 22 to 24.

Miss Mable Cluston, her brother Ralph of Lower Derby, and little niece Vida Coltart of Boston, spent Sunday at the home of Mrs. John Forsythe.

The weather during past weeks has been quite unfavorable for the hay-makers.

Miss Olivia Parker of Methuen, Mass., is spending her vacation at the home of her parents, Mr. and Mrs. Ralph Parker.

Miss Davidson of Jacquet River, Rest. Co., is teaching in Allison Settlement. Whitneyville has not secured a teacher yet.

We are glad to know that Frank Menzies is recovering from his recent illness and is able to be out again.

Mrs. P. A. Forsythe, who has been quite ill for the past week or two is recovering.

JESSE JAMES IS COMING.

At The Opera House Wednesday
August 19.

Mr. H. Wilmut Young's Company will play a return engagement of one night at the Newcastle Opera House Wednesday night, Aug. 19, presenting for the first time in this town the sensational Western Melodrama JESSE JAMES or the James Boys in Missouri.

This play deals with the adventures of Jesse and Frank James starting from the close of the civil war in the United States, and introduces a number of historic characters including Quantrell, the famous guerrilla.

The action of the play is laid in Kansas which at time was a border State and among the incidents portrayed are the guerrillas' rendezvous, the holding up and robbery of the Missouri Pacific Railroad train, the attack on the Newton County Bank and numerous others. Special scenery is carried and specialties performed.

Mr. Young will be seen as Jesse James, Miss Adams as his sweetheart, and the comedy is furnished by Mr. Rowland Conlin and Mackey. Seats are now on sale at Shaw's Drug Store.

WHO AKE THEY?

Cuts of the photos of two men reached our editor yesterday. The parcel was mailed in Amherst, and was wrapped in a copy of Independent Oddfellow, but neither the names of the pictures nor of the sender, nor any directions were sent. Will the sender kindly inform us what to do with them?

THE GOOD MEXICAN GOVERNMENT

Tortures Prisoners in Fiendish
Manner of Middle
Ages.

PITTSBURG, Wednesday.—Police officials have received news of the torturing of two local men, who were arrested recently in Mexico City, on a charge of robbing a bank messenger, William Moffatt and Edward Maloney are the men, and the police here say they were well known to companions escaped the officers when they before leaving for Mexico. Two the Pittsburghers were arrested and the Mexican police demanded their names. Refusing to betray their companions, the men allege that they were strapped to the bars of their cell by the wrists while officials with forceps tore the nails from their hands. Unable to bear the agony the men gave up the names of their companions.

If the small boy doesn't get his neck and shoulders tanned these days it is the fault of his mother and not himself.

OBJECTED TO LYNCHING.

Negroes Took Up Arms and
Lively Times Followed.

SPRINGFIELD, Ills. Saturday.—Two white men were killed, an unknown negro was lynched, more than half a hundred persons were injured and two score of houses, mostly occupied by negroes, were burned last night as the result of an attempt by a mob to lynch a negro who had assaulted a white woman. After a night of riot, arson and slaughter, the state troops called out by the government succeeded early today in restoring a substance of order and stopping the fire. A number of militiamen, including three companies from this city and two from Bloomington, Decatur, Peoria, Pekin and Pontiac, are patrolling the streets and further disorder will be prevented.

DARING TRAIN ROBBERY.

SPOKANE, Wash. Saturday.—Bandits held up the Northern Pacific west bound passenger train last night near Trent, nine miles east of Spokane, drove out the engine men, uncoupled the mail car and locomotive from the rest of the train and then themselves ran the engine and mail car to Yardley on the outskirts of the city. A special train with officers went to the scene. It is not yet known whether the robbers got away with much loot.

PRIESTS FOUND BOBIES OF VICTIMS.

WINNIPEG, Friday.—The persistent efforts of the Roman Catholic clergy to locate the victims of the Indian slaughter of missionaries on Massacre Island, Lake of the Woods, where nine teen were killed, including the son of L. A. Verandrie, have at last been rewarded. The remains have all been located in the ruins of Fort St. Charles and the discovery is regarded as one of the greatest historical finds of recent years. The Jesuit Fathers prosecuted the search.

SYNOPSIS OF CANADIAN NORTH-WEST.

Homestead Regulations.

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the 160 acres more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situated. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1). At least six months' residence upon cultivation of the land in each year for three years.

(2). A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3). If the father (or mother if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother) of the homesteader.

(4). The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5). A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

SOUTH AFRICAN VETERANS' SCRIPT BILL.

(Morning Graphic.)

The value of the bounty script granted to South African veterans by a statute passed at the last session of Parliament is being considerably discussed.

Those entitled are men whose home was in Canada but who served in the British forces in South Africa during some part of the war, and included as well are those of the corps who started for the front, but who reached South Africa after peace was proclaimed, and also enlisted female nurses.

The right of the volunteer must be established by a certificate received from the Militia Department, before any grant of land or scrip can be made by the Interior Department. And no transfer of any right of a volunteer before such a certificate has been granted by the Militia Department, has any standing.

Once the certificate from the Militia Department has been received by the veteran, the Interior Department is required to issue a homestead scrip for 220 acres of land, or money scrip to the amount of \$100, as he may choose. The money scrip is worth its face value to the holder in payment for Dominion lands. If the holder does not desire to use it for this purpose, those who do are always ready to purchase at a small discount. At the present time the discount on similar money scrip issued to Northwest half-breeds is about 10 per cent.

The veteran's right is therefore worth at least \$140 to \$150 in cash, without any trouble to him beyond his establishing it with the Militia Department.

If the veteran should elect to take land scrip, he becomes entitled to select 220 acres of land in adjoining quarter sections anywhere on surveyed lands in the three prairie provinces, and on completing the ordinary homestead duties—residence for six months in each year for three years, erection of a habitable house and cultivation of 30 acres of land—he becomes entitled to a free patent. The practical effect of this provision is that the veteran who becomes a Western settler secures 160 acres of land free of charge or duty. But he does not get it until he has earned his patent for 160 acres as a homesteader.

In order that the veteran who is not in a position to become a homesteader may get the full possible value out of his land scrip, he is permitted to assign it to a substitute, who by the assignment acquires all the rights of the veteran. This provision practically places the veteran who does not go on the land, but who is provident in the management of his business affairs, in the position of having the right to 160 acres of land to sell to any homesteader present or prospective, who may be able and willing to buy it.

As there is no Government land for sale outside the pre-emption area, the veteran stands a fair chance to sell 160 acres of the 220 acres scrip at the price of adjoining railway lands, which may be from \$2 to \$10 an acre. Even in the pre-emption area, where 160 acres of adjoining Government land is sold to homesteaders on settlement conditions at \$20 an acre, the veteran's scrip is worth more than \$200 an acre for 160 acres. For the Government requires three years' residence in addition to the pre-emption, and the exhaustion of the homesteader's right, in the case of a pre-emption, while the veteran's 160 acres is free of residence and settlement duties and of exhaustion of right, as well as of price.

It is unfortunate that, whether by accident or design, there seems to be a combined effort in the Opposition press to depreciate the value of the veteran's grant, with the result, no doubt, that many men will part with their rights without fair value. The statute does what it can to prevent this by providing that no transfer of right before the issue of the certificate by the Militia Department shall be valid.

As matters stand at present the minimum value of the bounty if taken in money scrip should be \$140 to \$150 in cash, and if taken in land scrip should be not less than \$200 to \$300 for purposes of sale, while for purposes of actual settlement it may be easily worth \$1,000 to \$2,000, as it enables the veteran to acquire 220 acres of land without interfering with his right to acquire in addition a homestead of 160 acres as an ordinary settler anywhere in the prairie west, or a homestead and pre-emption of 220 acres in the pre-emption area.

FAVORING THE MILLIONAIRES.

(Chatham World.)

The Water Committee of the Town Council, having come to the conclusion that it costs seven cents a thousand and gallons to pump water has increased the rate to million gallon consumers to seven cents, and to those who use from 100,000 to 500,000 gallons 10 cents. That is, the big corporations are to get water at cost and the small fellows are to over 40 per cent profit. We don't see the justice or sense of this. The man who uses 400,000 gallons must pay \$49.00 while the man who uses 500,000 will be asked to pay only \$40.00. Is this a reasonable and sensible proposition? Is it business? It will compel some of those who use metres to allow water to run to waste for the purpose of decreasing their water bills.

UNITED STATES ORANGEMEN.

Will Have An Insurance Department In 1910.

By the action taken at South Manchester, Conn., at Wednesday's session of the Grand Lodge of Orangemen of the United States, an insurance department has been added to the order to go into effect two years hence. The delegates voted to hold the next national convention in Cleveland. A fund of \$1,000 was set aside with additions to be made by subordinate lodges to erect a memorial at Hathboro, Pa., in memory of David Graham, founder of the order.

Maritime Harvesters

Loot \$1,000 Worth of Liquor and Cigars in Ontario Village.

NORAH BAY, Ont., Thursday—While two excursion trains carrying harvesters from the Maritime Provinces to the West were stalled at Chalk River today by a small freight wreck, excursionists amused themselves by attacking and looting a village hotel. The proprietor was carried out of the building and over a thousand dollars' worth of liquors and cigars carried off.

The mad excursionists even invaded the cellar and carried off a carload of beer in kegs to trains where they emptied water tanks in the cars filling them up with beer. Fighting became general and one man had his nose split open and sustained other injuries. At MacKies, the Station house was attacked during the stop and agents furniture wrecked. At North Bay there was little trouble as first sing of Hooliganism was met with arrest of seven of the excursionists.

MONTREAL, Wednesday—A movement is afoot to make Sir Thomas Shaughnessy, president of the C. P. R., the sole arbitrator between the company and the striking mechanics. Sir Thomas has acted in a similar capacity before and has given satisfaction. The men here are discussing it and the plan is meeting with favor. It is said that apart from railway connection Sir Thomas could be depended upon to do a fair thing with the men.

BUSINESS GIRLS LOSE STRENGTH. They Risk Health Rather Than Lose Employment and Event- ually Break Down.

Thousands of earnest intelligent young women who earn their livelihood away from home in public offices, and large business establishments are silently suffering victims of overtaxed nerves and deficiency of strength. Weak, breathless and nervous they work against time, with never a rest when headaches and backaches make every hour like a day. Little wonder their cheeks lose the tint of health and grow pale and thin; their eyes are dull and shrunken and beauty slowly but surely fades. Business girls and women, because of their work and worry, look older than their years. What they seriously need is the frequent help of a true strengthening remedy to carry them through the day. Dr. Williams' Pink Pills are like actual food to the starved nerves and tired brain of the business girl. By making rich, red blood they supply just the kind of help that girls need to preserve their health and their good looks. They bring bright eyes, high spirits and thus make the days duties lighter.

Miss Alexandrine Bedard, a stenographer residing at 38 Richelieu St., Quebec, says: "For the past couple of years I felt my constitution being gradually undermined through constant indoor work, and the great tax on my nerves through the long tedious hours over a typewriter. But it was only six months ago that the climax came when one afternoon I lost consciousness through extreme weakness. The real seriousness of my condition was then pathetically apparent, as I was confined to my room, lacking even the strength to walk about. I was attended by a doctor, but after being a month under his care showed no signs of improvement. It was at this stage that one of my relatives read of the cure of a young girl whose case bore a striking resemblance to my own, by the use of Dr. Williams' Pink Pills. I began the use of these Pills the next day and I attribute my complete recovery entirely to them. I had not taken more than three boxes when I began to get better, and after taking the pills for about a month I felt as strong and was enjoying as good health as ever in my life." You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

WEDDING BELLS.

O'DONNELL-LYONS.

A very pretty wedding of much interest, took place Wednesday evening, at the home of James D. Lyons, Millerton, when his eldest daughter, Euellah Agnes, became the wife of William A. youngest son of Edward O'Donnell of Newcastle. The ceremony was performed by Rev. H. A. Brown, pastor of Newcastle Baptist church, assisted by Rev. J. G. A. Colquhoun, of the Millerton Presbyterian church.

There were several out of town guests, most of whom came from Moncton and Harcourt, and one from Calgary.

The home presented a beautiful appearance, with its decorations of cedar and golden rods. There was an arch at every door, with festoons of green suspended around the walls. One corner of the parlor was banked with green, in front of which was an arch with canopy top of green and white, under which the young couple stood.

The bride looked very dainty and pretty in her gown of white silk organdie, and she carried a huge bouquet of white sweet peas and asparagus vine.

While the hundred or more guests partook of a bountiful repast, they were favored with several selections rendered by the Millerton orchestra.

The fine display of silver, cut glass, china, linen, etc. showed the popularity of both bride and bridegroom.

Mr. and Mrs. O'Donnell left on the Maritime express Thursday morning, after a short wedding trip, will reside in Newcastle.

Immigration Agent.

WINNIPEG, Wednesday—Provincial Immigration Agent Burke announces that at least twenty thousand men are required alone for harvest. He adds there is no excuse for men being idle now. "We have plenty of work for willing hands and we are offering good wages. We can send 1000 men for railroad work right away. The town of Virden asking for two thousand men to supply the requirements of that direction. Men are going forward at the rate of 300 per day already. There will be a cut in the rate for men going out to assist in the harvest fields that are reached by Canadian Northern Railroad taking effect this morning. This cut has been made on account of C. P. R. having refused to distribute harvesters they are bringing from the east over the entire province leaving out those parts served by Canadian Northern Railway.

RECKLESS AARON BURR.

The Dramatic Story of His Marriage
In Old Age.

The story of Aaron Burr's marriage in his old age to the widow of Stephen Jumel, who was well known in the early history of New York city, is a dramatic one.

Conceive, if you will, the picture of Burr, gifted adventurer that he was, broken in health, branded in the popular mind as the murderer of Alexander Hamilton and returning from a long exile to find himself an outcast in the city where he had once been the political monarch of all he surveyed and a distinguished figure in society and at the bar. Conceive, if you can, this lamentable old man, smirking through his wrinkles, bowing and prancing rather stiffly because of his rheumatic joints and with his mouth full of platitudes, paying court to the widow of Stephen Jumel, herself in the prime of years and health. Remove from the picture its surface incongruities, and you have a bit of pure pathos unequalled in the annals of foolish great men.

But something of his old time power to charm the gentler sex must have stood by him in his years of mental and physical misery, for in his suit for the widow Jumel's hand and fortune he won gloriously, dramatically. Rebuffed repeatedly, Burr finally declared in passionate rage that on a given day he would arrive at the Jumel mansion accompanied by a clergyman, who should marry them the spot. He would give his prospective bride no quarter, no chance of escape from the inevitable.

He was amused at the threat and dismissed the old man with more than his usual coldness of demeanor. Burr stuck to his avowal and one July day rolled up in a carriage, and with him was a minister, the same who fifty years before performed the marriage ceremony for Burr and the mother of his daughter, the beautiful Theodosia. There was something of a scene in the old house on this day. There were tears of anger on the part of Burr. Relatives remonstrated; Burr remained immovable. All feared a scandal. The minister, bowed in hand, stood unobtrusively in the background. There were more tears, more declarations of undying love, and the widow Jumel became Mrs. Aaron Burr.

They were married in the great drawing room of the Jumel mansion. Burr squandered with reckless hand the wealth acquired by Stephen Jumel and left for the enjoyment of his marital partner. There were many bitter quarrels between the ill matched pair, and they were soon divorced. Burr died in 1836, but madam lived until 1865, dying a recluse and a miser, the money received from the Jumel estate hoarded in an unused chamber.

Stones and Glass Houses.

The origin of the saying, "Those who live in glass houses should not throw stones," is as follows: At the time of the union of England and Scotland London was infested with Scotchmen, and the London roughs used to go about at night breaking their windows. Buckingham being considered the chief instigator of the mischief, a party of Scotchmen smashed the windows of the duke's mansion, known as the Glass House. The court favorite appealed to the king, who replied, "Steenie, Steenie, those who live in glass houses should be careful how they fling stones!"

Mathematics at Oxford.

There is an interesting story which shows the disposition Oxford toward mathematics. A venerable don who had bought half a dozen books at 5s. 6d. each requested the bookseller to give him a piece of paper for the purpose of arriving at the amount. He then wrote down 5s. 6d. six times, one under the other, and was slowly adding them up when the shopman ventured to point out the shorter method of multiplying one 5s. 6d. by 6. "Dear me!" exclaimed the don. "Really, that is most ingenious, most ingenious."—London Globe.

Anticipating Him.

Night after night the exceedingly quiet and backward youth had called on a neighboring farmer's daughter, sitting perfectly mute beside her while she did all the entertaining. This night, however, the youth, wishing for a glass of water, suddenly surprised her by blurting out, "Say, Sal, will you?"

"Don't exert yourself, Reuben," she interrupted. "I understand. Yes, have you brought the ring?"

The Toast of an Irishman.

Michael Meyers Shoemaker wrote "Wanderings in Ireland." An old Irishman read a fragment of it that related to the reader's neighborhood. He asked the name of the author. "Mr. Shoemaker, is it?" he commented. "A nice country he chose to travel in too. May the heavens be his bed for choosing it, and may every hair in his honor's head be a mold candle to light his soul to glory!"

Logical Conclusion.

First Burglar—Hark! I hear some one talking. Second Burglar—What's he saying? First Burglar—That he never will bet on another horse as long as he lives. Second Burglar—Let's get out of this. No money here. He's lost every cent.—London Tit-Bits.

At Last.

"Ah, ha," exclaimed the great explorer joyfully, "at last I have found the missing link!"

And, crawling from under his bed, he proceeded to put the small gold affair in his clean cuff.—New York Journal.

THE SUN A PUZZLE.

We See Only the Outer Shells of the
Great Blazing Orb.

The great ball of fire which we call the sun is not really the sun. No one has ever seen the sun. A series of concentric shells envelopes a nucleus of which we know absolutely nothing except that it must be almost infinitely hotter than the fiercest furnace and that it must amount to more than nine-tenths of the solar mass.

That nucleus is the real sun, forever hidden from us. The outermost of the enveloping shells is about 5,000 miles thick and is called the chromosphere. It is a gaseous fluid, tinted with the scarlet glare of hydrogen, and so furiously active that it spurts up great tongues of glowing gas (prominences) to the height of thousands of miles.

Time was when this agitated sea of crimson fire could be seen to advantage only during an eclipse. Now special instruments are used which enable astronomers to study it in the full glare of the sun.

Beyond the chromosphere, far beyond the prominences even, lies the nebulous pallid corona visible only during the vanishing moments of a total eclipse, aggregating not more than seven days in a century.

No one has ever satisfactorily explained how the highly attenuated matter composing both the prominences and the corona is supported without falling back into the sun under the pull of solar gravitation. Now that Archimedes has comically applied the effects of light pressure a solution is presented.

How difficult it is to account for such delicate streamers as the prominences on the sun is better comprehended when we fully understand how relentlessly powerful is the grip of solar gravitation.

If the sun were a habitable globe and you could transport yourself to its surface, you would find yourself pulled down so forcibly by gravitation that you would weigh two tons, assuming that you are an ordinary human being. Your clothing alone would weigh more than a hundred pounds. Baseball could be played in a solar drawing room, for there would be some difficulty in throwing a ball more than thirty feet.

Tennis would be degraded to a form of outdoor pinpong.

From these considerations it is plain that gravitation on a sun would tend to prevent the formation of any lambent streamers and to pull down to its surface masses of any size.

BARNUM'S OLD LION.

How the Great Showman Turned His Death Account.

Among the features of the parades of the Barnum circus there was formerly one that never failed to attract attention. On the top of one of the wild beast cages lay an enormous lion. He was not confined in any way, and nervous people watching the parade shuddered at the sight and contemplate the terrible possibility of the lion springing into the midst of the crowd.

But the venerable old king of beasts had reached the leonine dotage, and stiffened muscles and blunted claws rendered him harmless. He was as mild as a kitten and in the winter quarters, where he was allowed to roam at will, sometimes had to be protected from the onslaughts of irreverent and mischievous puppies.

One night he wandered from the quarters. In the course of his travels he chanced on a barn where a meek-eyed cow was placidly chewing her cud. A faint flicker of the slumbering jungle spirit stirred his pulse, and, with a crashing blow of the huge fore paw, the cow was slain; then, lying down beside his victim, he went to sleep and dreamed of the time when he was a shaggy little whelp playing with his brothers under the bright sun of his far-off African home.

In the morning the owner of the cow, a stalwart female with the blood of Irish kings in her veins, entered the barn with milk pail in hand. She was filled with wrath at the sight that met her gaze. With a keen edged ax in her hand and grim determination in her eye she fearlessly approached the sleeping lion, and when the men sent out to search for him arrived he lay cold in death. Barnum promptly paid for the dead cow and engaged to appear on exhibition "the woman who in mortal combat had slain a lion."

The Oldest Treaty.

The oldest text of a real treaty now in existence is that of the convention between Rameses II, king of Egypt, and the Prince of Kheta, which embraces the articles of a permanent offensive and defensive alliance, with clauses providing for the extradition of emigrants, deserters, criminals and skilled workmen. This treaty was drawn up in the fourteenth century B. C. and is the earliest record that we have of any international transaction.

Gold and Silver Medals, Bibles and Books,

Awaiting Those Who Enter the Union
Advocate Bible Study Club

Only One Question to be Answered per
Week. See Conditions Below

THE PRIZES.

In order to encourage the study of the Bible, the UNION ADVOCATE has arranged to publish, weekly, a series of questions on the Sunday School Lessons. All who accept the conditions stated below will be members of the Northumberland County Club, and eligible to win the prizes provided.

Persons may join the club at any time during the year, but must, of course, answer the 52 questions hereinafter explained, to qualify for the prizes. It is, moreover, desirable that the questions be answered as the lessons are studied.

The International Newspaper Bible Study Club is for the purpose of promoting, in an unfettered way among the masses, a wider study of the Bible, the basal truths of Christianity, and the problems which enter into every man's life. It is composed of all those who join a Local Club, and take up the simple course herein outlined, barring only ordained clergymen. We have the sympathetic co-operation of the latter, but it is not considered fair to have them compete for the prizes. Sunday school teachers, Bible class-scholars, and church-goers generally, may belong to this Newspaper Club, also non-churchgoers, of all shades of opinion. All such who have not joined are warmly invited to do so and to compete for the prizes.

This paper has secured the right to publish the International Sunday School Lesson questions by Rev. Dr. Linscott, which have aroused so much interest elsewhere, and they will appear weekly. One of these questions each week is to be answered in writing, and upon these answers the prizes are to be awarded.

This paper is authorized to form a Local Newspaper Bible Study Club for its readers, and guarantee to all who join and fulfill the conditions, that everything herein promised shall be faithfully carried out.

CONDITIONS OF THE CONTEST.

1. Each contestant, or his or her family, must be a subscriber to this paper, (paid in advance), during the continuance of the contest, in order to qualify for membership in the International Newspaper Bible Study Club and this Local Club.

2. Each contestant in this Local Club, must answer each of the written questions, for 52 consecutive weeks, commencing for Sunday, July 5, 1908, and the answers must all be in the possession of this paper within two weeks of the close of this period, which allows two weeks grace after the close of the contest.

3. Each question must be answered separately, and the paper written on one side only. No answer must exceed two hundred words in length and may be less. It will be a convenience if students will write their answers on letter paper, about 8 1/2 by 11 inches.

4. Each answer must have the name and address of the writer at the bottom of the answer; so it can be identified, given number, registered.

5. The answers from this Local Club must be delivered to this office, and they will be collated at the close of the contest, and forwarded to headquarters for independent examination by competent examiners. The prizes will then be awarded according to the highest number of marks, won by members of the International Newspaper Bible Study Club, and prizes which may be awarded to members of this Local Club will be given out from this office.

Lesson for Sunday, Aug. 23rd, 1908.

Friendship of David and Jonathan.

1. Sam. xx.

Golden Text—A friend loveth at all times and a brother is born for adversity. Prov. xvii:17.

What had David done to provoke the enmity of Saul?

Is it ever so, in these days, that a man's very goodness, coupled with success as in David's case, provokes enmity and jealousy, and if so how do you account for it?

Is the proverb always true that "blood is thicker than water?"

Is it often that two men, of no blood relation, form a confidential friendship and love for each other, exceeding that of brothers?

What was the bond of affinity which drew David and Jonathan so close together? (See verses 17 and 22; Chap. xlii:18.)

Was the love of David and Jonathan a purely human love, that is a love which is possible for all normal human beings?

Is it possible to cultivate such a pure friendship as existed between David and Jonathan, or is it necessarily a spontaneous development?

Is such love and friendship as existed between David and Jonathan, possible to persons who are irreligious?

First Series—A gold medal to each of the first five contestants.

Second Series—A silver medal to each of the next five contestants.

Third Series—A Teacher's Bible, price \$5.50, to each of the next five contestants.

Fourth Series—The book "The Heart of Christianity," price \$1.50, to each of the next thirty-five contestants.

Fifth Series—A developed mind, an expanded imagination, a richer experience and a more profound knowledge of the Bible and of life, to all who take this course whether winning any other prize or not.

Each medal will be suitably engraved, giving the name of the winner, and for what it is awarded, and in like manner each Bible and book will be inscribed.

All who can write, and have ideas, are urged to take up these studies regardless of the degree of their education, as the papers are not valued from an educational or literary standpoint, but from the point of view of the cogency of their reasoned ideas.

PAST QUESTIONS.

For July 12, the text was I Samuel x: 17-27, the whole ninth and tenth chapters to be read. The special question to be answered in writing was:

When a company of godly men seek to know the mind of God, may that mind be found by a ballot or the casting of the lot, or is there a better method? (See Acts 1:23-30; xlii:2)

and then the name cut off so the examiner may know it by number only.

5. Students should be careful to understand the question before answering. To do this, the lesson text must be read and especially the verse, or verses, upon which the question is based.

The verse to be answered in writing for July 27th was:

How can you justify God for commanding this wholesale slaughter of men, women, children and animals?

Verses 14-16—Is it a rule that the good and the true are the admiration of God, and of good men, while they provoke the hatred or jealousy of bad men? Give your reasons. (This question is to be answered in writing by members of the club.)

Friendship of David and Jonathan.

1. Sam. xx.

Golden Text—A friend loveth at all times and a brother is born for adversity. Prov. xvii:17.

What had David done to provoke the enmity of Saul?

Is it ever so, in these days, that a man's very goodness, coupled with success as in David's case, provokes enmity and jealousy, and if so how do you account for it?

Is the proverb always true that "blood is thicker than water?"

Is it often that two men, of no blood relation, form a confidential friendship and love for each other, exceeding that of brothers?

What was the bond of affinity which drew David and Jonathan so close together? (See verses 17 and 22; Chap. xlii:18.)

Was the love of David and Jonathan a purely human love, that is a love which is possible for all normal human beings?

Is it possible to cultivate such a pure friendship as existed between David and Jonathan, or is it necessarily a spontaneous development?

Is such love and friendship as existed between David and Jonathan, possible to persons who are irreligious?

Was it possible for either David or Jonathan to have loved another as they loved each other?

Do such friendships as existed between David and Jonathan exist between women?

When an intimate friendship exists between a married man and a married woman both of whom are of spotless character, should the fact of such friendship alone give good people reason for suspicion?

Is God a party to all true friendship covenants? (See verses 23, 42.)

Is every friendship formed in God, as sacred as that of David and Jonathan?

Verses 17-Why was Jonathan so anxious for David to keep repeating that he loved him?

Should we cultivate the habit of telling our intimate friends how much we think of them, or should we allow our actions alone to tell our love?

Can love keep burning on the altar of friendship, if it is not fed by words, or deeds of kindness?

Do kind expressions of love for our friends deepen and intensify friendship?

What are the advantages or disadvantages of David and Jonathan's friendship?
