ROBINSON OPERA COMPANY COMING

Will Play Here Two Nights
If Sufficient Guarantee
Is Given

WHAT OTHERS SAY

"The Diavolo" will be sung by the Robinson Opera Company in the Opera House tonight which no doubt is highly gratifying news to lovers of opera in this city. Ever since their recent engagement here the management of the company have been asked to put on this famous opera, and that will be sung tonight, combined with the fact that the Robinson organization will stay another week in the city, is greatly appreciated.

The Robinson Opera Company has never failed to please St. John audiences. They have always lived up to the high mark which they made here years ago, and it is safe to say that at the present time they are building a story on their name which will stand for a long time in the minds of their many admirers in the city.

Of Miss Lucia Nola too much can be said. She is an actress as well as a singer, and has made a great many friends here. During the latter part of the week she will be heard in her favorite role in the opera "Maria". The reputation which Mr. Frank Nelson made for himself in "Fra Diavolo" not only in St. John, but in most of the large cities in Canada and the United States, does him in a position by himself. One must be a singer as well as an actor, and Frank Nelson is both.

Particular attention has been paid to the costumes of the company this season, especially the ones used in "Fra Diavolo" and the company will present a pretty picture on the stage.

The Robinson Opera Company will appear for two nights in the Campbellton Opera House the last of January, provided the subscription lists are subscribed to by a sufficient number of people. The company's coming here, Mr. Dimock has the subscription lists and lists are also at McDonald's and Wren's drug stores, where officers can sign or the number of seats required. Subscribers will have one day previous to the seats being placed on public sale in which to choose seats. Prices 50c and \$1.00.

WEEK OF PRAYER

The 10th meeting of the W. A. C. T. League was held last evening in the Methodist Church and was largely attended. Prayer was offered by Rev. Mr. Coleman and Messrs. Currie and Appleton. Rev. Mr. Thomas, pastor of the church, presided. In the absence of Rev. Dr. Carr, who was detained at his home by illness, Rev. P. J. Stuck house spoke on the subject announced "The Value of Prayer". His text was taken from Luke 11:2 Jesus said that for granted that the disciples would pray. Prayer is natural. Men have always prayed. The most primitive people have felt the need of putting themselves into some sort of relation ship to the Great Spirit which spoke to them not only in the great forces of Nature but also in the deep recesses of their souls. The instincts of the birds and of the beasts are not strong or not more persistent than the "instinct of prayer" which God has implanted so deep in the heart of humanity.

After defining prayer Mr. Stuck house spoke of the value of prayer in trouble. He claimed that in the great crisis of life all men prayed. In these a father or mother anywhere who, standing by the bedside of their little child flushed with fever, who has reached the crisis of the disease and whose life is trembling, the balance, who does not pray?

His next referred to the value of prayer in temptation and temptation spoke at length upon the value of prayer as a preparation for Christian service. The whole life of Jesus is an illustration of that statement. It was so with his disciples. Persecution was preceded by the upper room prayer meeting. The men who have done the most effective work for God and humanity have been men of prayer. Think of Luther, who when he had a specially trying day, used to say: "I am so busy that I must spend at least three hours in prayer today." Think of the influence of John Knox's prayers said Mary Queen of Scots, "I fear John."

MILLIONAIRE MINE OWNER KILL TO BY STREET CAR

SAN FRANCISCO, Jan. 1.—F. H. Jernyn, reputed to be a multi-millionaire and one of the wealthiest mine operators in the United States, was struck down and probably fatally injured by a street car early this morning.

Small Elmer was deeply interested in an illustrated book of anatomy. "Mamma," he said, pointing to one of the human plates, "this shows where a man's penis is, but where is his bacon?"

Knox's prayer more than an army of ten thousand men. If one could trace any revival back to its beginning we would find that it originated in some man or group of men who have come near to God in supplicating and agonizing prayer. Mr. Stuckhouse referred to the special evangelistic movement which begins next Sunday in the Opera House under Evangelist Bell and urged that we prepare for the meetings by prayer and consecration.

The meeting tonight will be in the Baptist Church. The subject, Personal Work, and the preacher, Rev. Mr. Thomas. All the meetings will begin at 7:30 p. m.

CASHIER DOBSON MAKES CONFESSION

Plan To Rob Express Company's Office Hatched In Saloon.

ARRESTS MADE.

NIAGARA FALLS, Jan. 1.—The big express robbery of last November has been exposed to detectives. Detectives have had William Dobson, cashier of the Canadian Express Co., behind closed doors at the Hotel Savoy the past two days. Some time yesterday he made a full confession implicating Chas. J. Flynn, employed as bar tender at 1915 Main Street, Niagara Falls, N. Y. also one Puri Whisker, an ex United States Express Company employee at Niagara Falls, N. Y.

PRETTY WEDDING AT MATAPEDIA

On the evening of December 29th, a pretty wedding took place at the home of Mr. James Adams, when his daughter, Christina Bell and Robert David Ferguson of Decatur, P. Q. were united in marriage. Rev. C. N. Harris officiated, assisted by Rev. J. E. Miller. Only the immediate friends of the contracting parties were present.

The marriage was held in a room, which was beautifully decorated for the occasion with mistletoe, holly, cut flowers and potted plants. The wedding march was played by Mrs. J. R. Miller, sister of the bride.

The bride, who was given away by her father, wore a white tulle gown, trimmed with blue Irish lace with veil and lilies of the valley.

William Adams, uncle of the bride, was the driver for the groom. The little lady looked charming in an exquisite dress of white embroidered silk.

A delicious wedding luncheon was served, after which the guests were entertained with music and various games. The happy couple were then driven to the station, where amid showers of rice they took the train for a trip to Moncton, St. John and Halifax.

The bride's travelling suit was taupe headed with hat to match. She was the recipient of many valuable presents, among them a hundred dollar gold from Mrs. Mary Ferguson, sister of the groom, a piano from her father and other beautiful presents, including furniture, cut glass, etc. and china.

The bride, who is one of Matapedia's most popular young ladies, is well known in musical circles having won the position of organist in the Presbyterian Church for a number of years. She is also a leading soprano.

Mr. and Mrs. Ferguson will reside in Matapedia. They begin their married life with the very best wishes of their host of friends.

MANY APPLICANTS FOR NAVY POSITIONS

Canadian Navy Will Pay Better Wages. Grain Movement Returns

LAURIER TO GO WEST

OTTAWA, Dec. 29.—The Department of Marine has already received a considerable number of applications for positions in the new Canadian Navy. Several men who have served in the British Navy and who are now in Canada have offered their services, and about one hundred Canadian boys have also sent in their applications for positions on the new warships. Until the new ships are commissioned, of course, nothing can be definitely done towards enlisting men.

The wages paid to crew and maintenance will be somewhat higher than obtained in the British navy, and will be practically the same as paid in the United States navy.

Returns of the grain movement from the western provinces up to the close of navigation as sent to the department of trade and commerce, show that the total amount shipped through Canadian ports was 36,994,597 bushels, and through American ports, 19,613,136 bushels, of this latter, 17,377,164 bushels went to Buffalo. The total number of cars inspected to December 4 was 65,482, containing 74,108,680 bushels. The C. P. R. hauled 40,000 cars, the C. N. R. 18,271, the Grand Trunk Pacific, 15,511.

Mr. Wilfrid Laurier will not be able to accept the invitation to visit South Africa next summer on the invitation of the Prince of Wales at the formal inauguration of the new confederation. The journey would involve at least two or three months absence from Canada and it is probable that the Prime Minister will instead take the opportunity to pay his long deferred visit to Western Canada.

Meas. J. J. Adams, Mr. McMillan, and Robert McCulloch were visiting in Campbellton last week.

Most of our young men have now returned to the woods, having spent the holidays at their homes.

Mr. Alex. McDavie of Campbellton was in Matapedia for a few days last week.

The engagement is announced of Mr. Cameron Elrich of Matapedia and Miss Jamie Ryan. The wedding will take place early in June.

CHIEF CRAWFORD IS LAID OFF DUTY

On Account of Quarrel With Citizen Chief Has Been Suspended Pending Investigation

ACTION TO-NIGHT

As a result of a quarrel with a citizen on New Year's Eve Chief Crawford has been suspended from further duty until investigation can be held. From street reports it appears that the chief was celebrating the exit of Crawford year, and when in a moment of inebriated state followed a citizen to his gate, and endeavored to pick a quarrel with him. The citizen went into his home, took off his two coats, and returned and gave the chief a severe thrashing. The affair came to the ears of the Chairman of the Police Committee who immediately suspended the Chief. The matter will be dealt with at tonight's council meeting.

FARMERS WITH MONEY

Over Ninety Thousand Americans Estimated to Have Come, Bringing Over Ninety Millions With Them—Two Hundred and Ten Millions Added to Wealth of the West

WINNEPEG, Jan. 1.—Immigration from the United States during the past year has far exceeded all estimates or anticipations. More than fifteen thousand have come in in excess of the highest calculations. Early in the year it was thought by sanguine officials that seventy-five thousand might be expected, but there have actually been 90,148. The Immigration Commissioner estimates that the average wealth of each of these is one thousand dollars, which means ninety million dollars in cash added to the wealth of western Canada. In addition to this, there has been realized from the great wheat crop another \$120,000,000, which means a total of \$210,000,000 of new wealth this year, not counting the proceeds of the "Gaily," the ranch, and coarse grains. The American have taken up in homesteads and free emptions 2,400,000 acres of land, which at the lowest estimate means a million acres added to the crop next year.

Immigration from Great Britain and the continent of Europe was slightly in excess of the American, amounting to 92,522.

1910 WILL SEE DALHOUSIE CHANGES

Plans for Improvement and Addition to Business and Manufacturing Plants

INCREASED FACILITIES

The year 1909 having been a fairly prosperous one for the citizens of our little town, a glance into the future may prove to be interesting to many. Indeed, it appears that the year 1910 will be one of important events for the shiretown of Restigouche County.

The erection of a modern engine house by the I. R. C. located in close proximity to our own station, which was commenced last year, will be completed during 1910 and will be a great addition to our railway interests. That will be followed by improved railway passenger accommodation on our branch line and a special passenger car will be placed at the disposal of our citizens during the summer months.

The enlarging of the mill owned by Messrs. Beaulieu & Chapin of Toronto, which will afford employment to a much larger number of men, is one of the improvements that the New Year will bring.

A large modern wharf will be erected on Douglas Island by the Dalhousie Lumber Company, Ltd., which will be a great addition to the place.

The future dredging of our harbor to allow large vessels to take cargo from our wharves will be an accomplishment during the year.

The building of a break water by the Dominion Government to protect the eastern part of the harbor from easterly storms can be counted among the new improvements.

An improved ferry service between Dalhousie and Quebec points is hoped for, if plans mature for the building of wharves at Fleury's Point and Belvedere.

Fifty more rooms will be placed at the disposal of visitors at Canada's favorite summer resort, the "Inch Arran House."

Further improvements to our streets and sidewalks can be counted upon. A company may be formed during the year with the object of lighting the town with electricity.

Great improvements to property of the Dalhousie Lumber Company, Ltd., to carry on their growing lumber operations, will be made during the year.

Dalhousie, which can boast of some good roads, will see further improvements made by our merchants, to their buildings to keep pace with the times. Improvements will be continued to our hotels and further accommodations will be provided by the addition of large sample rooms for the convenience of commercial men.

Our harbor will be lighted for navigation by the erection of a new light house on the upper wharf.

Our citizens are hopeful that the managers of the Royal Bank of Canada will carry out their original plan and erect a modern bank building in Dalhousie. Our people who are contributing to the Banks success, expect to see this monument built in the near future.

The year 1910 begins with peace, quietness, health and prosperity reigning in our midst. All our citizens are looking forward to a prosperous year and no doubt, all will do their utmost to advance the interests of our little town.

Rev. A. A. Boucher, P. P. of Dalhousie, was presented at Christmas with a sum of one hundred dollars by his parishioners.

On New Year's Day the usual Sunday Service was held in the R. C. Church here. There were a very large congregation present. Father Boucher preached an eloquent sermon. His advice to his people beginning the New Year was most practical.

The prospects are that the ice will be safe for crossing opposite Dalhousie at the end of the week. Small fishmen are awaiting anxiously to place their nets.

POLICE AND FIREMAN MADE HEROIC RESCUE

Children Cut Off By Fire From Escalator

Public Works Dept. Dec 27 FREDERICTON

SLIGHTLY INJURED.

NEW YORK, Jan. 1.—Several daring rescues were effected by policemen and firemen at a lively blaze which burned out a sweat shop building on Cherry Street today. Eight persons, three of them children, marooned on a fire escape, with flames raging above and below them jumped one after another upon the shoulders of the waiting men below.

HEAVY FINES FOR 'BLIND PIGGER'

Cobalt, Ont., Jan. 3.—Two more whiskey detectives have been making a tour of the camp again, and as a result of their activities the past few days, Inspector Blackwell and the provincial police, swooped down on the McLeod House, Argentine Street and Sullivan's resort on Lang Street and arrested John Rose, a bartender in the Argentine street place, and Michael Sullivan, the proprietor of the Lang Street "pig."

On December 7 a locomotive and twenty four flat cars arrived in Prince Rupert harbor to assist in railway building through the mountains. It was hailed by the pioneers as Prince Rupert's first train. Matters are merrily running in this Dominion.

Why is it that so many people after writing a letter quite legibly, will add the one thing that cannot be guessed from the context in a quite undecipherable scrawl? Writers who indulge in this perversion ought at least to have the name clearly printed on the stationery.

FATHER 80-MOTHER 76

The aged father and mother of a prominent Boston lawyer safely carried through the last two winters by

Vinol

The son says: "My father and mother owe their present strength and good health to Vinol. During the last two winters neither of them had a cold, and were able to walk farther and do more than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood-making, strengthening tonic for old people I ever heard of."

We want every feeble old person in this town to try Vinol. We will return their money without question if it does not accomplish all we claim for it.

AN IMPORTANT MEASURE

It was mentioned in the despatches a few weeks ago that the legislature of New South Wales had enacted a law by which employers and employees could be punished for causing a lock-out or strike. The legislature was driven by this action to pass a law that disastrous results are following a strike of coal miners. Sydney was deprived of a portion of its gas supply at one time. Three hundred steamships are now lying idle in Sydney harbor. Under the new law the government took action this week, prosecuting fourteen delegates of the Board of the Miners' Federation, and securing their conviction, with a fine of \$500 each, or two months' imprisonment, for inciting the coal miners to strike. The colonies at the antipodes have been supposed to be the paradise of the workman. Laws in New South Wales have provided compulsory arbitration and also a minimum wage scale. But industrial peace does not follow. The decisions of Conciliation Boards have been rejected, and the courts have been frequently appealed to. Now there is a big strike, with most serious consequences for the country at large. The lesson seems to be that unless men—employers and employees—are reasonable and willing to give and take in settling differences, laws will make no difference. Canada has a labor law, but there have been some extensive strikes within the year—

—this.

Be sure and write 1910.

Let us all join in an endeavor to make 1910 Campbellton's banner year.

The lumber trade of this province last year turned out better than many had expected.

Australia has named her capital Yassandra. It sounds like a cross between a potent medicine and a breakfast food.

If a feline tells you Campbellton is dead, ask him what excuse he has for staying above ground or loitering near among the tombs.

The only trouble about boasting the servants girls to come out to Canada is that they won't stay servant girls long after they get out here.

Owing to the fact that the natives of the Congo will be busy gathering rubber, under compulsion, they will be unable to wear crapes for the late King Leopold.

A very effective way to boom Campbellton would be for the citizens to patronize Campbellton industries whenever it is possible. That is not done to the extent it should be in any line of business.

Find Out If You Have Catarrh

Don't Wait Till Cures Develop, Cure Yourself Now.

CATARRHOZONE

In the discovery of this wonderful curative medicine the entire race is given freedom from Catarrhal diseases, including Asthma, Bronchitis, and Throat Weakness. Is Catarrh in your nose? Does it affect your hearing? Is your throat husky? Are your eyes watery? Is your breath offensive? These are the indications of Catarrh—now why continue to live in misery when cure is guaranteed with Catarrhozone? So sure is Catarrhozone to cure that thousands recommend it—tell of its wonderful merit after being cured themselves. Read this:

How Catarrhozone Cures. Miss Worrell is a resident of Clarksville, Pa., and has been the means of pointing the way to health of many of her friends. "I received such extraordinary benefit that I have induced many of my friends to use it also. My catarrh was so bad a year ago that I despaired of ever getting cured. I am sure my lungs were somewhat affected also. The relief I got from Catarrhozone was remarkable. I improved under this treatment very quickly, and was cured so thoroughly the disease has never returned."

"Catarrhozone" sold by all reliable dealers or by mail from the Catarrhozone Company, Kingston, Ont. Price one dollar.

Sunday School Teacher—"William, can you tell me who was the meekest man?" William—"Yes, ma'am, Moses." Sunday—"8-000!" Teacher—"That's right. Now, Tommy, can you tell me the name of the meekest woman?" Tommy—"No, ma'am, there never was no meekest woman."

By special arrangements with the publisher the Graphic is enabled to present to each new subscriber paying in advance or to those subscribers now on our list who pay up all arrears and one year in advance, a handsome art picture.

We have three very handsome pictures to choose from:

A Faithful Friend.
St. Cecilia.
Homeward Bound.

Either of these are worthy of a place in any home and have only to be seen to be appreciated. Below we present a rough black and white illustration of "A Faithful Friend." This picture has been a general favorite wherever shown and no doubt the demand will be heavy. The supply of pictures is limited and orders for them will be filled in rotation as received, until the entire lot is disposed of, so we would advise our friends to remit at once.

Peacocks at one time took the place of turkeys on the Christmas table.

A motor hearse, which is almost needless, has been introduced by a Coventry, G. B., undertaker.

Japan now has the fastest passenger ship on the Pacific coast. Its all steel and turbine engines give it a speed of 20 knots.

Eggs stamped with the face of laying are selling as high as 40 cents per dozen in Toronto, at which price there are quite a number of people who will do without them.

A Boston firm of building wreckers has brought out a circular saw that will cut through nails and bolts as well as through wood, enabling them to cut into regular sizes the second hand lumber that otherwise would be valueless.

Police in Calcutta are investigating the poisoning of five members of Lord Minto's staff, and nine servants of the Viceroy's house, under the belief that the poisoning was done by a terrorist attempt to kill the Viceroy. Officially it is announced that it is a case of ptomaine poisoning, but this is to allay public fear.

CHINESE PICTIAL IS TO DISAPPEAR

Less Opposition Than to Proposed Change in National Costume.

LONDON, Dec. 31.—There is considerable amusement among the Chinese at the announcement which the prime minister that he will endeavor to bring about a change in the national costume next year, besides advocating the abolition of the queue. To show that he is in earnest the prime minister has himself started to wear military uniform when receiving foreign visitors at Peking.

The abolition of the pigtail meets with far less popular opposition than the adoption of European costumes. The anti-queue party argue that this characteristic appendage is unnecessary, that it is an object of derision among foreigners, and that it is not keeping with modern sentiment marking as it does the servitude of China to the Manchus. But the prime minister has a more effective argument for Chinese minds when he recalls that the late emperor was in favor of this reform, and respect for the wishes of the deceased emperor would be a good reason among his countrymen.

The prime minister's ambition to bring about a change in national costume naturally arouses opposition among the silk and linen manufacturers and merchants to whom it would mean a serious loss.

A REMARKABLE CASE OF DECEPTION

An amusing anecdote illustrating the way in which visitors to the museum of the Ontario Agricultural College at Guelph are deceived by the wax models of fruit and vegetables shown there, is related by U. Jean Wynn, in her article on "Counterfeiting Canadian Produce" in January Bury Man's. She gives it in the words of the attendant who had the experience.

"One day while working in the museum a party of young people came in, and after looking around for a few minutes they came over to me and one of the girls said, 'Where did all this fruit come from this time of the year?' 'Was it sent from the South?' I answered, 'No, we have had it for some time.' But the incredulous young lady queried, 'how is it preserved for such a length of time, it all looks so fresh?' 'We make it here. It is all wax,' I replied. She gave a look of scorn, and turning to her companions said, 'Isn't that smart? She thinks we are green.' They turned away, talking to one another and casting indignant backward glances at me. In a few moments they all came hurrying back with triumphant smiles and looks, intending to make me tell the truth, as they supposed. The same young woman said, 'You tried to make us believe this fruit was wax, and there is an apple half rotten over there, and wax don't rot?' I explained that it was just a representation, but they evidently thought I was a sarcastic story teller, for they walked scornfully away. As they went I heard her remark to a friend, 'I could find out how they preserve those fruits, for she won't tell me.'"

Could Not Sleep In The Dark.

Doctor Said Heart and Nerves Were Responsible.

There is many a man and woman tossing night after night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted.

Mrs. Calvin Stark, Rosemont, Ont., writes:—About two years ago I began to be troubled with a troubling sensation at night, when I would lie down, I got so bad I could not sleep in the dark, and would have to sit up and rub my eyes, they would become so sore. We doctor and my heart and nerves were so weak. I saw Milton's Heart and Nerve Pills advertised and got a box to try them. I took three boxes and can now sleep and sleep without the light, and can rest well. I can recommend them highly to all nervous and run down women.

Price 50 cents per box or 3 for \$1.25 at all dealers, or mailed direct on receipt of price, by the F. M. M. Co., Limited, Toronto, Ont.

or in silver. These pictures sell for 75 cents each at the Art stores.

What more appreciated Christmas present could you send your friends than the Graphic and one of these handsome pictures? A present which would be a constant reminder of the donor.
