## DEACON DUBBS WELL RECEIVED

Splendidly Rendered Play Will Be Repeated at Bath on Friday

Deacon Dubbs, a three act play put on at the Star Theatre on Friday evening under the auspices of the B. Y. P. U., was successful from a financial standpoint and in its rendition. It would not be possible to give special mention of any particular participant without injustice to all the others. The specialties between the acts were really delightful, especially the musicals rendered by Walter Billings, William Taylor and Lorne Britton. In getting up the play Miss Kingston and Miss Currie were the chief instigators and put much hard work into their task, and E. W. Lasky was the capable director. Miss Myrtle Triggs had charge of the music. A solo by Miss Margaret Nixon was much enjoyed. The following is the cast of the play: Deacon Dubbs—Frank McAdam, Miss Dubbs—Ruth Boyer, Miss Kingston—Clara Hagerman, Miss Currie—G. W. Montgomery, Emily Duggan—Kathleen Kennedy, Rawdon Crawley—Walter Morgan, Triggs, Coleman—Violet Britton, Yvonne Benson—Winifred Clark, Deaconomy Jones—Howard Taylor, Miss McNutt—Vernon Simms. On Friday evening Deacon Dubbs will be played at Bath and it certainly should attract a good audience. It is worth the money.

## YOUNG CADETS FINE PROGRESS

A pretty sight on Sunday evening was the first official march-out of the Hartland Cadet Corps. The new uniforms came last week, and the only feature conspicuously lacking in their appearance is that the class of the hats are too varied. They were marched finally to the Methodist church where they made a very nice appearance. Under instructor G. W. Montgomery the boys are making fine progress. They meet in the armory Monday and Tuesday evenings and have a route march every week. The strength is 51, 37 of whom have received suits, and uniforms for the remaining members are expected soon. Approximately 40 of their number will go into camp either at Woodstock or Sussex in July. The officers elected are: Captain: Walter Morgan; Lieutenant: Joe Harris; Platoon One: Carl Rigby; Platoon Two: and the Section Commanders are James Bridges, Russell Britton, Arthur Rigby and Allen Baker. From this Corps two teams of four each are entered for the Inter-school Rifle Competition which is Dominion-wide. These two teams will shoot off Hartland range on June 3 under regulation rules. The team that makes the best score in all Canada will have its name on the Dominion Challenge Shield and the Corps will have the custody of the shield until next year's shoot. There are also two

teams competing in the outdoor rifle and gallery competition for which several Dominion prizes are offered. Each of these teams is comprised of nine members. In a recent shoot Carl Rigby scored 164 out of a possible 200 which is considered remarkably good.

## SAVE THE LITTLE CHILDREN'S LIVES

Railway Authorities Issue Warning and Ask for Assistance in Safeguarding Life

Last week there was issued in these columns a brief notice to motorists advising them to drive carefully through the streets. Every driver of a car through the town should remember the little children and the old ones who have lost their spiritiveness and the inherent who cannot move quickly.

Motorists are not the only menace to the safety of the children. In the heart of the town at the railway yard and several grade crossings. The railway authorities have done and are continually exercising every precaution possible to prevent disaster to the innocents. The railway officials have asked The Observer if it would lend its support in their attempt to prevent the tragedy that is known or later found to occur unless parents are sure that their loved ones are not trespassing on the C. P. R. right of way. It is regrettable that the houses have been built so close to the track. This is the fault of the builders and not of the railway, which here before there were any houses.

## BROTHERS ON THEIR WAY TO PRISON

Sheriff Foster and Deputy Sheriff Moore, of Carleton county, arrived in the city last evening from Woodstock bringing with them two members of the Treacart family, who were recently convicted at Woodstock of robbing summer cottages in that vicinity. Several members of the same family were arrested in connection with the case. The prisoners brought here last evening were Donald Treacart, aged twenty-two, who is on his way to Dorchester penitentiary to serve a sentence of seven years, and a younger brother, age thirteen years, who is being taken to the Boys Industrial Home at East St. John, to serve a sentence of two years. These two prisoners were lodged last night in the jail and they will be taken to their final destinations today. In addition to these two prisoners the cells sheltered John Ryan, who was arrested here yesterday afternoon by the local police on a warrant charging him with assault.—Telegraph.

G. M. Sherwood, Bath, is stocking heavily with Timothy and clover seed that all late customers and those who run short may be supplied.

## C. P. R. OFFERS BETTER SERVICE

Much Desired Cafe Parlor Car Not to Come This Year But There Will be Better Passenger Accommodation

During the past few weeks The Observer Newspapers have had a considerable amount of correspondence with officials of the C. P. R. with a view of securing better accommodations on Trains 151 and 152 between Macadam and Edmundston. There has been an insistent demand for better dining service particularly on train 152, the south-bound express. As conditions are, passengers north of Grand Falls leave home before dinner and have no opportunity of eating before reaching Macadam, except a brief 10 minute stop at the very excellent although small restaurant at Woodstock. This is a particular hardship especially for the passenger enroute to Edmundston. Another inconvenience is that particularly between Aroostook and Macadam the train is so generally crowded that two people travelling together very frequently find it impossible to secure seats together, or in the same car. There is a very nice day coach at ways well-filled, and a combination smoker and baggage car, always crowded. This is locally known as the "men's car" and in it are crowded, or herded, all classes who patronize the train—those (and they are not a few) who would gladly pay for chair car privileges, the common first class fare passengers, and those who would travel second class. It such tickets were sold, in this car are sometimes noblemen, negroes, millionaires, Chinamen, clergymen, Indians, common peaceful citizens, river-drivers, commercial travellers, lumberjacks, forced heterogeneously together.

That the company is desirous of doing all it reasonably can to remedy conditions the following letter received yesterday will plainly show: "Your letters of April which have been held over before replying to in order that matters may be a little more investigated."

"Effective as soon as can be brought from Montreal, an additional car each on trains 151 and 152 will be handled between Aroostook and Woodstock or Macadam, if necessary, to see if the conditions outlined in your letter can be overcome. The service will be given close attention by all concerned and I think that this will handle the over-crowding satisfactorily."

"With regard to the establishing of Parlor Buffet Car service, it will not be possible for the company to comply with your request this year, at least, as it is felt that under the present conditions outlined in your letter can light in comparison with other years, the results would not justify such service being established, but as advised you before every consideration will be given same at the proper time."

"Thanking you for your interest in our behalf,  
Yours very truly,  
"N. R. DESBRISAY, D.P.A."

HARTLAND, N. B., MAY 10, 1922

### ADVERTISING RESOURCES

The St. John Times prints an article from the Maritime Merchant on the subject of advertising ourselves in New England. Discussing this subject as a business proposition, the Merchant points out what it is these provinces have to offer and why it should appeal to the prospective tourist. There are not only scenery, climate, game and fish, but natural resources which would appeal to men with capital to invest. Cases might be cited where tourists became investors, and the effort to get them on the ground is well worth while because of that possibility as well as for the sake of money they would spend as mere visitors. Mr. L. B. Knight told a St. John audience recently about the \$40,000,000 annually spent by visitors in the state of Maine and we have all that Maine can offer with the exception of hotel accommodation. The Merchant is right in its contention that the governments of the three provinces should be interested in this matter. Now that the development of hydro-electric energy has begun, the development of natural resources and the expansion of small industries should be much more attractive to the investor, and we suffer because of a lack of capital for that purpose. We should capitalize our scenery and climate and get more American money. Canada imports almost twice as much from the United States as she sells to that country. Why not sell them our scenery and climate, our good roads and all we have that gives pleasure to a tourist; and at the same time interest them in our undeveloped resources our advantages for export trade to all parts of the Empire, and other features which should appeal to an alert business man with money to invest.

"Surely!" says the Merchant, "it ought to be worth the expenditure of a few thousand dollars a year on the part of each of our Maritime province governments to at least experiment with a proposition of this sort." We may add that it would be worth while for the cities and towns to make a contribution for the same purpose. The two countries are getting back by degrees to normal conditions. In these provinces a great need is more capital. There is an abundance of it over the border. As a plain business proposition a vigorous advertising policy is most desirable. There are so many provincialists, or sons and daughters of provincialists, in the New England states that the appeal would not be entirely to strangers.—Times.

### HOPE FOR RAILWAY

The following letter will prove of great interest and enlightenment to all people of the county:

Dear Mr. Caldwell: Referring to the discussion which took place this afternoon in the House on your Resolution relative to the construction of a branch line connecting the St. John and Quebec Railway with the Eastern Maine Railway, I am sorry that the Speaker had to declare the motion lost; but you will understand that, under the Rules of the House, had it gone through, we would have been committed to the expenditure without having the proper recommendations from our board of Management. I can assure you that I will see that the matter is placed before the board at the earliest opportunity so that it may be investigated and a decision arrived at at the earliest possible moment.—W. C. Kennedy, Minister of Railways.

### THE TENNIS CLUB

On Monday evening there was a meeting of the Hartland Tennis Club at the store of V. W. Simms. Rev. W. P. Haigh acted as Chairman, and the following officers were elected: W. P. Haigh, president; Helen Plummer, vice-president; Sadie Currie, secretary; Vernon Simms, chairman of the court committee.

Any one wishing to join the Club may give their name to Miss Currie. The fee for gentlemen is \$4 and for ladies \$2. Associate members, gentlemen \$2, ladies \$1. The courts are to be put into condition as soon as the work can be completed. The club will welcome any new members. Later on it is expected that tennis fees will be frequent.

### PRODUCE PRICES

During the past week there was quite a flurry in the potato market, and in Aroostook county the price doubled. Since things have quieted down today local dealers are paying 75 cents and no one can make any safe conjecture for the future. Farmers may comfort themselves by recalling the year when the prevailing price was 40 cents per barrel. Butter today is bringing 30 cents and eggs 25 cents. Live veal 4 cents and wool 10 to 13 cents.

## DISASTROUS FIRES

Carleton county was visited by severe fires on Friday afternoon. The most disastrous conflagration was at Stickney where the Tompkins Hotel building, Stickney hall and several other residences were destroyed.

At East Florenceville fire destroyed the large warehouse of B. F. Smith and much difficulty was found in saving adjacent property.

The lumber yard of Hatfield Lumber Co., at Deserville, and the lumber yard and mill of Ernest Mollroy at Waterville caught fire, but fortunately were saved. At the same time two houses at Upper Woodstock were destroyed. At Baker Brook, 12 miles north of Edmundston, practically the whole town of 1200 inhabitants was wiped out.

Ninety-nine per cent of all destructive fires are the result of someone's carelessness or mischief.

## NEW TRAIN SERVICE GIVING SATISFACTION

Trains Between Campbellton and Edmundston via St. Leonard a Great Convenience

Travellers are finding the new train service between Campbellton and Edmundston a great convenience.

Train No. 38, leaves Edmundston on Tuesday, Thursday and Saturday at 12.30 p.m., and arrives at St. Leonard at 1.25 p.m., and reaches Campbellton at 6.20 p.m.

### EAST FLORENCEVILLE

Well we have been playing with fire again. The warning this time was a little more severe than before, but the third time always conquers, and we better get busy and organize a fire brigade or the village of Florenceville will be no more.

Fred Currie and Geo. Smith were called to Woodstock on the jury during the week.

Our meat market has opened at last with David Pinsky in charge. Better patronize home market now and see if we can keep it, now we have it.

A. D. Lovely spent the weekend at Fort Fairfield.

Mr. and Mrs. W. R. Trafford and Mr. and Mrs. Ed Clark motored to Royalton on Sunday.

Ladies' Aid will hold their fortnightly supper in basement of Methodist church on Friday night. Supper served at 5.30 p.m. All are cordially invited.

We hear the "band boys" making quite a racket on Saturday night, and will be looking forward to some street concert in the near future.

Mrs. Fred Currie has been spending a few days with Mrs. A. D. McClellan.

Miss Stella Hunter spent the weekend with E. R. Hunter.

Chas. Taylor of Hartland was in the village on Friday.

### METHODIST WOMEN ACTIVE

The Methodist W. M. S. met at the home of Mrs. J. T. G. Carr last evening in monthly session. It was the annual meeting and officers were elected as follows: Mrs. C. H. Taylor, president; Mrs. A. E. Plumer, vice-pres.; Mrs. F. F. Plumer, corresponding secretary; Mrs. Edgar Carpenter, treasurer; Mrs. J. F. Murdoch, recording secretary; Miss Marion W. Stevens, assistant secretary and stranger's secretary; Mrs. A. A. Moore, supt. associate members; Mrs. C. S. Baker, supt. Christian Church Stewardship; Mrs. Percy Barter, assistant stranger's secretary. Mrs. J. T. G. Carr retired, under much protest, the presidency which office she had faithfully held since the Society was organized nearly twenty-five years ago.

The Mission Band has been recently reorganized and is under the leadership of Mrs. Howard Kennedy, Mrs. O. I. Clark and Mrs. A. A. Moore.

Mrs. C. S. Baker was elected delegate to the annual convention at Sackville.

"When it comes to building a man up and making him feel fine I don't believe there is a medicine in the same class with Tanlac," said Frederick Lord, Navy Island, West St. John, N. B.

"For a year I went down hill as a result of a bad case of stomach trouble and had gotten so weak I could hardly drag myself around. I was discouraged, too, and about ready to give up."

"Tanlac suited my case exactly. It took hold of me at once, gave me a splendid appetite, toned up my stomach, and soon had me feeling like a medicine and I am strong for it."

Tanlac is sold by all good druggists.

### "Fruit-a-lives" Restored Him to Health

180 AVENUE FIVE IX, MONTREAL  
For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured.

At this time, a friend advised me to try "Fruit-a-lives". After taking two boxes, I was greatly relieved; and this fruit medicine made me completely well. My digestion and general health are now splendid!

## THE TRIAL OF BENNY SWIM

At the afternoon session Benny Swim was brought into court and placed in the prisoner's box. When questioned by the Chief Justice as to whether he had endeavored to get counsel he replied that he had and was unsuccessful. The Chief Justice then appointed F. C. Squires to defend him and after a short consultation with the prisoner, in the Sheriff's office, Mr. Squires asked that the case be taken up in the morning so as to give him more time, as the gravity and importance of the case would require his closest attention. The court complied with the request.

The prisoner was returned to jail where he has been confined since the crime. He has employed his time in keeping his cell neat and clean, and his own appearance would indicate that cleanliness is one of his characteristics. He has given the officials no trouble whatever and while not talking much about his case he has recently made some comments that would lead to the impression that he has some sort of a defence for the crime of which he is accused.

Sheriff Foster summoned three special jurors in addition to the regular panel.

F. H. Hughes conducted the prosecution. After several jurors had been excused the following were chosen to sit on the case of the crown, vs. Benny Swim charged with the murder of Olive Trenholm: Charles Wilkinson, Edwin Lipsett, George Kiefer, Wilmet Anderson, Mark Palmer, Clayton Fleming, Frank Foster, Don Hammond, Harold Smith, Arthur McIntosh, George F. Burgess, Robt. Bell.

The first witness called was Mr. Sharpe, at whose house the murder was committed. He said—"I knew Harvey Trenholm only a short time. I hired him to work for me about the first of the month. I live about one and a quarter miles from John Swim. After a short time I made arrangements for Trenholm to buy my place and he was waiting to hear from the Soldiers Settlement Board."

"If the deal went through he was to have all there was there. When he came to my place he said he was a widower."

"He married Olive Swim two weeks

ago at Meductic, Rev. Mr. Worden performing the ceremony. I was present at the marriage and was a witness. Several others were present. I first saw Olive Swim a few days before she was married. I did not know her before that time. I knew her father who came here about 15 months ago. She came to live at my house after her marriage and was housekeeper. I was at Benton Monday and left home about three o'clock returning in the evening about seven.

Trenholm and his wife were in the kitchen when I left and he was making up his time. When I got home I found Harvey Trenholm lying at the kitchen door with his head in the gravel road. No one was in the house before the sheriff arrived.

"I looked in the front window and saw Mrs. Trenholm lying on the floor. After the sheriff arrived I went in and got the lights on and saw that Mrs. Trenholm was lying on her right side with her arms extended. There were two large pools of blood on the floor and a trail of blood leading from the kitchen. The bodies were Harvey Trenholm and his wife Olive Trenholm. I found him a very industrious young man, quite above the average and a gentleman. I have several guns in the house but no revolver and never saw Trenholm with one and am sure he did not have one. I never saw Benny Swim. There was no evidence of a struggle in the house."

"I saw the bodies removed by Mr. De Witt, undertaker, assisted by others."

"To Mr. Squires the witness said he had heard that Trenholm was an athlete and considered a very able man and was somewhat of a scrapper."

Roy Swim said he lived at Benton Ridge and was the son of John Swim and brother of Olive (Swim) Trenholm. Father had lived at Benton Ridge about a year. "My sister has been living out at Hartland. I knew Trenholm for a short time. He never saw my sister until four weeks ago when he met her at my home. He was at our home a week when Olive was about a year. My sister was married. I saw them the next night at Mr. Sharpe's. I was home Monday afternoon and was told that Benny Swim was looking for Olive. I went up to Mr. Sharpe's and saw Harvey Trenholm lying on his face. I did not get off the horse's back and went at once for Archie McElroy. Benny Swim was not any relation of mine. I only saw him once. I never knew that Benny Swim and my sister were keeping company. They were not married to my knowledge. He was at Benton on Monday previous to Wednesday the day of Olive's marriage."

Rev. Worden gave evidence that he was married the couple at Meductic March 15.

W. E. Porter, John Marsten, E. McElroy gave evidence that they were at the house after the murder. While there Mr. Porter picked up a bullet which was offered in evidence.

Sheriff Foster related the story of his summons to Benton Ridge on March 27, and finding the bodies of Harvey Trenholm and his wife Olive, at his place.

## SUCH PAINS AS THIS WOMAN HAD

### Two Months Could Not Turn in Bed. Lydia E. Pinkham's Vegetable Compound Finally Restored Health

Seattle, Washington.—"I had dragging pains first and could not stand on my feet, then I had chills and fever and such pains in my right side and a hard lump there. I could not turn myself in bed and could not sleep. I was this way for over two months, trying everything any one told me, until my sister brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I took it regularly until all the hard pains had left me and I was able to be up and to do my work again. The hard lump left my side and I feel splendid in all ways. I know of many women it has helped."—Mrs. G. RICHARDSON, 4640 Orcus St., Seattle, Washington.

This is another case where Lydia E. Pinkham's Vegetable Compound brought relief by trying everything any one told me," had failed.

If you are suffering from pain, nervousness and are always tired; if you are low spirited and good for nothing, take Lydia E. Pinkham's Vegetable Compound. You may not only relieve the present distress, but prevent the development of more serious trouble.

been previously told. At the time he got Swim at Doherty's, he said to him "come along, you will be all right."

Mr. Squires objected to any further testimony along these lines and the chief justice ruled out any further statements made by the prisoner.

Sheriff Foster said the snow was very deep in places and the footprints took a westerly course from the barn. He could not say the man was running or not. He followed the tracks with a lantern. Swim found the revolver himself. I was with him—it was under a tree and Deputy Sheriff Meadors picked it up. I saw blood on the dining room floor.

Edmund Estabrooks keeps a store at Coldstream. He had known Benny Swim from boyhood. "I sold him a revolver March 22" (he was here showing revolver in possession of court). "This looks like the one I sold him—it has a defective spring. I gave him a pair of shoes, a pair of rubbers, a cap, a 38 short revolver, ten 38 long cartridges and \$7.00 for a violin. The cartridges did not fit very well but could be used by whittling off the end."

(Cartridges shown witness) he said looks like the end cut off.

To Mr. Squires—I had no special marks on revolver. This one looks like the one I sold him (Swim).

E. L. Simms said he signed the information as Clerk of Peace. He went to the scene of the tragedy with the officers. Mr. Simms described the position and conditions of the bodies. He noticed a distinct trail of blood to the dining room. We arranged for inquest and I came home.

Mrs. Jessie Kirk, housekeeper for Wm. Woodman lived about a quarter of a mile from Sharpe's. Was at home March 27. Saw Benny Swim on highway between four and five in the afternoon. He wore a light raincoat and light cap. I saw him next morning with Sheriff Foster.

Robt. Gilbert lives at Benton Ridge and met Benny Swim at Jas. Mar-

ten's on the River Road where it strikes off to Benton. It was Monday afternoon between 4 and 5, the day of the shooting. Swim came to the door and asked which of the roads led to Benton Ridge. He wanted to know where nearest telephone was located and have them both arrested. I said they are married and don't meddle with them. He said all they can do is kill me anyway.

I said, "What might your name be?" and he replied "Benny Swim." We walked out together and I left him at Springfield road. It was over a mile to Wm. Sharpe's.

To Mr. Squires—Mrs. Marsten was at home. He said "I want to speak to Olive Swim." I said "She is married." He replied "I know it, I got a letter Saturday."

Thomas Thistle, a jeweler at Hartland identified the revolver by some marks he had put on it when repair-

ing it. He traded it off to Roy Swim.

Leslie Bell testified he was cutting wood near the Sharp place, March 27, when he heard two shots about 4.30. He was going toward home when he heard the second shot. He saw his father on the Benton Road travelling toward home. He had passed the Sharp place. He returned that night and saw the bodies of the dead man and woman.

To Mr. Squires—My watch is correct. Monday, March 27 was the day I heard the shots. Sounded like a small rifle.

Robt. Bell lives at Benton Ridge and remembered March 27. He was returning that day from Elmwood and drove past the Sharp house at 4.30. Knew Trenholm but not his wife. I saw a man leaving Sharp's as I went by—he had on a light coat and a light cap. He walked with his head down. When he looked up and saw me he

turned and walked in a westerly direction. I saw him in the morning and it was Benny Swim. I looked at Sharp's house and saw what I thought was mats at back door. I went back at 7 o'clock and saw Harvey Trenholm (Continued on next page)

# THE TRIAL OF BENNY SWIM

(Continued from page 7)

lying there dead. His head was on the ground.

I went in the house with the Sheriff and saw Olive Tremholm lying dead on the floor. Next morning I saw a pool of blood at the sheep pen. I helped search for the revolver.

To Mr. Squires—I was four or five rods from Swim when I saw him. I never saw him before. We searched for revolver for some time. He said it was first in one place and then another. Sheriff Foster took him to one side and shortly after the revolver was found.

Henry Carr lives 4 or 5 miles from the Sharp place and March 27 Swim came to his house covered with blood. He wore a light overcoat or raincoat and had a handkerchief tied around his head. He said he was hungry and tired and asked for something to eat. When I asked him what was wrong he said he got in trouble with a man and woman and they shot him. He said the man's name was Donovan, and lived about a mile from Alex Rogers. Said his head was sore and naked where the nearest doctor lived. He spoke about train and I told him it went by at nine o'clock. He wanted to stay all night and I directed him to Jas. Doherty's. He told me when he went to the door the man said "What do you want?" and he replied "I am looking for a woman," and then hit him and drew revolver and shot him. He took revolver away from him.

To Mr. Squires—He walked briskly towards my house. Talked coolly but said he was tired and sore.

James Doherty said Swim came to his place with a handkerchief tied around his head. He didn't tell me what happened and I did not ask him any questions. I put him upstairs and in the morning the Sheriff came and arrested him.

Dr. Griffith testified that he was called to Benton Monday night. He knew Olive (Swim) Tremholm previously. Saw her at her father's. He saw the bodies as described by Mr. Sharp and subsequently with Dr. Grant made an examination of both bodies.

No scars on body and no deformities on the man. Numerous powder marks on face. Examination of the wounds, showed two punctured wounds, one an inch from the outer angle of the left eye. Another wound an inch and a half above the left ear—wounds communicated. Examination of the bones of the skull shows a large irregular perforation over the about an inch by a half inch wide, left temple and parietal area, wound the left brain cavity filled with blood and clots—brain beneath the perforation of skull badly lacerated. Numerous spicules of bone embedded in the brain tissue together with a portion of a bullet.

In the girl was found two punctured wounds in front of the chest—one small about the size of a five cent piece in the left breast over the region of the heart. Another punctured wound somewhat larger, one inch, between the first and second ribs. Bullet found in tissue of left breast.

Would say that the second shot had killed her instantly.

To Mr. Squires—The wound in Benny Swim's head would bleed freely. John Swim who is Olive Swim's father testified that she was 17 years old July last. She was married to Harry Tremholm March 18. I know Benny Swim—he was at my house on March 23 and asked for Olive who was at her grandmother's nearby. I went over and told Olive and she said she would not see him. He said he would like to see her for a few minutes. He then went away. Olive had been away during the summer at Rockland—don't know what she was doing. She came home last week in February and remained until she was married. I was not at home day of tragedy. I was in Woodstock on business. I first saw my daughter at the undertakers in Woodstock.

The prisoner made no threats. The defence opened Thursday morning and called a number of witnesses whose evidence was along the line of insanity in the Swim family.

Jesse Foster, an uncle of the prisoner said that Benny's grandfather was subject to fits and acted outrageously when coming out of them.

Judson Foster, brother also had fits till he was 14 years old. He got in a rage with a horse and killed it with stones.

James Foster, a double cousin was in the asylum three times.

Benny Swim the prisoner had worked for the witness and lately would not stay at his work more than two or three hours. He was at my place with Olive Swim two or three times. They passed as man and wife. She told me they were married.

To Mr. Hughes—Father lived with me for 20 years. He is 80 now and still has fits. He never injured anyone. Judson killed the horse long after he stopped having fits.

Mrs. William Swim, Benny Swim's mother, gave testimony concerning the family having fits. When Benny Swim was four years old Judson Foster chewed his face. Olive told me she was Benny's wife. At my house they lived as man and wife.

Mr. Squires in addressing the jury dwelt on the certain strain of insanity that ran in the family and made a strong plea for a verdict of manslaughter.

Mr. Hughes in his presentation of the case said there was murder. Olive Swim was shot to death and there could be no possible doubt that Benny Swim did it.

The jury retired at three o'clock and reached a verdict of Guilty of murder as charged in the indictment.

L. de Roy, the government engineer who had oversight for the Dominion in the building of the international bridge is here for a few days in connection with bridge matters. He was met on Wednesday by a representative of the Observer at the Madawaska Inn, where he is staying. Mr. Roy said that the lumber for the bridge would be there within a short time, and that the stone and steel had been delivered already. The floor is to have an asphalt surface. The lumber comes from Berlin, N. H., a specially treated wood which can not be charred over in that one place. The process of treating is called "Kyanite" and lumber is kyanized to make it impervious to weather and to prolong its life. The present delay in the painting is due solely to the abnormally cold weather, but the painting of the structure will be completed within a short time.
