**BEAVER BOARD.**  
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.  
We carry a large stock in assorted sizes.

**MAIL ORDERS.**  
We solicit out of town orders with the same personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

## MILITARY CROSS FOR LT. MONTGOMERY

New Richmond Boy Four Times  
Wounded Wins Coveted  
Medal.

Lieut. Lorne C. Montgomery, one of Canada's most prominent College rugby players, has received the Military Cross.

He started his football career at St. Andrew's College, at Toronto, being captain of the team in the autumn of 1911. The next season with McGill, he played centre scrum, and in 1913 quarter-back when McGill won the championship from Toronto University. The following year he was offered the captaincy of the McGill team, but refused to accept it, passing the honors to "Pep" Paisley and played quarter, again.

During the match against Toronto University, in a play-off for the title, Montgomery was knocked unconscious and after partly revived, continued to play until he dropped on the field. His absence from the line in the closing minutes of the play meant the loss of the championship to McGill. Lieut. Montgomery, while at college was a hockey player, a boxer, an all-round athlete, and also ranked high in his studies. He enlisted as a private with the McGill Hospital with a number of others from the champion team. After serving in France he was transferred to the infantry and earned his commission.

## GRATEFUL FOR CAMPBELLTON HELP

Another Letter of Appreciation  
For Help Rendered by This  
Town.

Halifax,  
Dec. 24th, 1917.

His Worship, The Mayor,  
Of Campbellton, N. B.

Dear Sir—  
I the undersigned, with all the people of Halifax especially those who have been made homeless by this great disaster wish to thank you and the people of Campbellton for your great kindness and sympathy in this our hour of need.

A few words may also be said in favor of Mr. Haverick Sansom who has done so much to relieve the distress of our people by taking them to Campbellton away from this shattered city of ours.

Thanking you for all our kindness in our sad loss.

Yours truly,  
Committee St. Mary's Hall,  
Signed, Matron, Mr. Saley  
Signed, Miss Deakin.

## SERIOUS SHORTAGE OF SOFT COAL

Many Industries Handicapped—  
Severe Spell Hard on  
Supply.

The coal shortage has struck the cities and towns at least a month earlier this year, due no doubt, to the extremely cold weather of December.

Campbellton was very short, but this week things are better. Many residents are using wood, which is being brought to town in large quantities.

At St. John last Saturday and Sunday the shortage affected the operations of the street cars and the street lighting systems. Moncton, Sackville, Chatham, Amherst and other points are affected, principally by the commandeering of coal by the C. G. R.

**JOINED 9TH SIEGE BATTERY.**  
Mr. Fred Sharpe, the popular clerk at Andrew's Clothing Store left for St. John this week and has joined the 9th Siege Battery at Partridge Island.

## CAPT. ARCHER WRITES THANKS

Christmas & Sent Him Arrived Safely And Was Appreciated.

The following letter from Capt. Archer was received this week and is self explanatory:

Headquarters,  
Third Army, France,  
December 13th, 1917.

Mrs. Geo. Sansom,  
Campbellton, N. B.,  
Canada.

Dear Mrs. Sansom:

It is with great pleasure that I write you acknowledging receipt of the much appreciated parcel from the C'ton Baptist Church, which was presumably packed by you.

I received same this morning in excellent condition and I can assure you that the contents will be greatly enjoyed as a parcel of eatables from good old Canada is in my opinion, along with thousands of others, far superior to anything available in France, and whoever suggested the bottle of strawberries must either have been informed or possess the power of mind reading thousands of miles away, as they are my favorite preserve, and fortunately the bottle arrived intact, in fact everything is in a perfect state of preservation.

It is a comfort and satisfaction for anyone to realize that those at home (other than close relations) sometimes think of the absent ones and show their good will and intentions by sending parcels etc.,

I know that there is nothing that one requires or appreciates more in this far off land of mud and glory, than a letter or parcel from home.

In conclusion, I wish to ask you to accept my sincere thanks and to anybody who assisted or contributed to the parcel and the excellent contents therein.

Wishing you and yours, the Church and its followers, a cheery Xmas and all good things for the New Year.

Respectfully,  
CHAS. F. ARCHER, Captain,  
Back Areas Centre,  
Third Army H. Q. France.

## REDUCED LUMBER SHIPMENTS IN 1917

Year Shows Large  
Year Shows Large  
Decrease.

The effect of the war is shown in the greatly decreased trans-Atlantic spruce deal export from New Brunswick. This particularly applies to the North Shore ports whose shipments have very largely fallen off. St. John shipments in 1917 compared with the previous year, show a decline of over thirty million feet due to the difficulties of transportation.

The shipments from North Shore ports are as follows—

CAMPBELLTON.			
Year.	No. of Vessels.	Tons.	Deals, etc., Sub. feet
1916	59	59,323	69,045,740
1917	6	16,764	14,053,289

Part of shipments from Campbellton were loaded at Quebec ports.

## CAMPBELLTON SUFFERS THROUGH CHANGE

New Time-table Seriously Affects This Locality—Change Needed.

The new train service which went into effect last Sunday has done away with the suburban between Newcastle and Campbellton, and as a consequence this town has now no train serving it so that residents between here and Jacquet River can come to town to transact their business and return the same day, but must be away from home two nights and a day. This is a serious matter and should be immediately remedied. The Town Council at its meeting last night passed a strong resolution asking that the suburban be restored. The Municipal Council and Board of Trade should also move in the matter.

As regards the other trains not much change has been made, although at present writing it looks as if the Ocean Limited will be taken off at an early date for the winter.

The trains schedule is as follows—

Going West.	
Maritime arrives,	3.40 a.m.
West Local leaves,	7.30 a.m.
Local, from Moncton,	6.50 p.m.
Ocean Limited,	7.35 p.m.

Going East.	
Maritime arrives,	3.05 a.m.
Ocean Limited arrives,	11.10 a.m.
West Local arrives,	9.45 p.m.

**WANT GAME SEASON**  
**HERE EXTENDED**  
Fredericton, Jan. 5.—The York municipal council this morning urged the provincial government to make the game season open from July to January for the duration of the war and permit each license holder to kill five deer instead of two, these privileges to be extended only to residents of the province. The resolution was passed to assist in food conservation and to afford a greater measure of protection to farmers whose crops are damaged by deer. A copy of the resolution will be forwarded to Hon. W. J. Hanna, food controller of the dominion.

Montreal has broken all its crime records in 1917. And this despite the fact that the Presbytery of the Presbyterian Church met in Montreal this year.

## IMPRESSIVE SERVICE FOR GORDON MOTT

St. Andrew's Church Crowded  
At Funeral Service Last  
Friday.

Despite the heavy storm St. Andrew's Church was crowded Friday at two o'clock by citizens to take part in the funeral services of the late Cadet Gordon Mott of the Royal Flying Corps, who was killed in Texas.

The remains arrived here Thursday afternoon accompanied by Cadet Bennett. The casket was draped in the Union Jack in the folds of which was placed the cap of the deceased together with floral tributes.

The services were conducted by Rev. Hugh Miller, assisted by Rev. Mr. McLean of Dalhousie and Prof. Delano of Mount Allison, Sackville. Rev. Mr. McLean spoke very impressively of the young hero who had died serving his country, touching upon his life while a member of his congregation. Prof. Delano of Mount Allison spoke of his work and character while a student at that institute. His remarks were very touching and there was hardly a dry eye in the large congregation.

At the conclusion of the service the organist played the "Dead March in Saul," after which the funeral procession was formed, in which the members of the Great War Veterans of Restigouche walked in a body in uniform. Lieut. G. A. Mowat was present as a representative of the headquarters staff. At the grave after the usual service, and the sounding of "Last Post" by the bugler of the G. W. V. A. the body was laid to rest beside the body of his father the late W. A. Mott.

The pall-bearers were: John Goss, Ritchie Henderson, Raymond Andrew, Aubrey Graham, Colin McKensie and Robert Coleman.

Among the beautiful floral tributes were a broken circle from the Royal Flying Corps, wreaths from Mr. and Mrs. John Henderson and family, of Sackville and the G. W. V. A. of Restigouche County, as well as Mr. and Mrs. S. H. Lingley and family of Campbellton and flowers from the Royal Bank of Canada Staff at Dalhousie.

## REDUCTION OF TRAIN SERVICE

One Passenger Train Daily Between  
Montreal and  
Halifax.

Montreal, Jan. 8.—The Canadian Government Railways, to save coal, were directed by the war board to reduce through passenger service between Montreal and Halifax to one train per day, instead of two, as at present. The heavy movement of war supplies, via St. John, which the railways have maintained to the full extent of requirements is becoming greater in volume and the war board has directed, therefore, that the Canadian Government Railways shall handle from the seaboard during the next two weeks the trains with returning troops, via Quebec so that other lines may be used to their full extent to move war freight traffic for overseas.

## MORE RESTIGOUCHE BOYS RETURN

Two Of First Contingent Boys  
Return and Are Warmly  
Greeted.

Corporal A. W. Wall, of the Field Artillery and Private Claude Farrar, who went overseas with the 12th Battalion, of the first contingent have both returned home, being granted leave because of ill health or wounds. Corp. Wall was gassed, while Pte. Farrar was wounded in the foot. Both young men are looking well and are being welcomed by their friends.

## RESTIGOUCHE BOY WINS M. CROSS

Lieut. Alfred Gillis Has Been  
Awarded Decoration For  
Valor.

A cable from England to Mr. H. C. Gillis, Head Tide brings the good news that Lieut. Alf. Gillis of the Artillery, had been awarded the Military Cross. No particulars have yet been received. Lieut. Gillis was recently wounded for the second time. His many friends here extend congratulations.

**N. B. FINANCIAL STATEMENT.**  
Auditor General's Statement for Fiscal Year.

Fredericton, N. B., Jan. 4.—The Auditor General's report for New Brunswick issued contains the financial statement for the fiscal year ending October 31st, 1917.

The Total ordinary revenue is given as \$1,572,818.25 and the total ordinary expenditures as \$1,988,267.84. In addition to this expenditure the sum of \$178,641.89 on contracts during 1917 and should therefore be added to the total expenditure. The amount expended on permanent roads under the act of last session was \$344,066.65. The expenditure on permanent bridges was \$428,679.66. The total financial transportation for the year amounted to \$3,665,288.50. The balance on hand is given as \$572,072.26.

Montreal is threatened with a gas famine, owing to the fact that the Government is not supplying sufficient coal transportation facilities. But some of our Montreal orators should make up for deficiency.

## HANOVER STREET EXTENSION COMPLETE

Deeds of Property Received and  
Amount Ordered Paid—  
Other Business.

A meeting of the Town Council was held last evening. His Worship Mayor Andrew presiding. There were present Councillors Patterson, Harquail, Miller, Champoux and Alexander.

A committee from H. G. V. Farrar stating that he could not maintain a horse for the use of the electric light department for \$125.00 per year. Referred to Electric Light department.

A letter from the secretary of the Halifax Relief Committee thanking Campbellton for its generous contribution of \$5,000 was read and ordered placed on file.

The following departmental accounts were passed.

PUBLIC CHARITIES.	
Chalmers Bay Mills,	\$4.30
John P. Powers,	48.00
Mrs. Gosselin,	38.00
Israel Loisele,	9.00
Hotel Dieu,	80.00
George Perch,	93.00
Jos. Dube,	12.00

Town Solicitor H. A. Carr submitted Deeds and transfer of Lease for necessary property for extension of Hanover street. These were ordered to be placed on record, and the Treasurer authorized to pay Havelock Sansom \$980.00 and Dr. P. McNichol, \$32.90 for property.

Mr. D. A. Stewart was again present and brought up the matter of reduction of his power rates. The Council promised consideration.

A general discussion took place on the system of purchasing, bookkeeping and auditing, and some improvements are likely from the general expression of views.

The matter of the taking off of the Suburban running between Newcastle and Campbellton was taken up and a strong resolution asking that this train be restored, was passed.

The Council then adjourned.

## ANOTHER FAILURE FOR THE GERMANS.

Wireless Telegraph Station, Mexican  
Coast, in  
1914.

San Francisco, Jan. 5.—Agents of the German government attempted to establish a wireless telegraph station on the west coast of Mexico in 1914, according to testimony at the trial of 31 persons charged with conspiracy in connection with a proposed revolution against British rule in India. The plan failed when several persons engaged in the enterprise had been arrested by Mexican authorities.

## TO GET SLACKERS BOTH IN CANADA AND STATES.

Montreal, Jan. 5.—A despatch to the Gazette from Ottawa says: Canadian slackers in the United States, and United States slackers in Canada cannot much longer hope to escape compulsory military service. It is understood that a convention is to be entered into by which Canada will be given authority to enlist Americans in Canada for the Canadian army, the United States in return being given the right to enlist Canadians of military age who are in the United States.

London, Jan. 5.—The Associated Press has received information that the American war department has decided on rules governing the transfer of Americans serving with the British forces to the American army, by which their present status will not be disturbed except in special cases, and where the transfer "is plainly in the interest of the United States."

# YOU NEVER CAN TELL

What may be the result of cold in a wound or skin injury. Cold very soon sets up inflammation and festering, and unless Zam-Buk is promptly applied blood-poison may follow. Sometimes even amputation proves necessary. Zam-Buk will safeguard you against such serious possibilities.

Miss Belle Grant, of Brazil, La., N.S., writes: "I burned my hand badly and then accidentally caught cold in it. The pain I suffered was terrible and the wound was badly inflamed and festering. I tried different kinds of salves, but nothing brought relief. I was by this time suffering so that I could not sleep at night, and I feared blood-poisoning was setting in."

"Zam-Buk was recommended to me, and I commenced applying it. Before long I experienced the greatest relief; it drew out all the inflammation, the pain was ended and I could see the sore place was gradually healing. It was a complete cure. Zam-Buk is certainly a wonderful balm and should be in every home."

Zam-Buk is also best for eczema and all skin diseases: ringworm, running sores, ulcers, abscesses, pimples, boils, cuts, etc., etc. 50c. box, 3 for \$1.25. All dealers or Zam-Buk Co., Toronto. Send 1c. stamp for postage on free trial box.

## MORE EVIDENCE OF GERMAN BRUTALITY.

### Russian Prisoners on West Front Inhumanely Dealt with—Another Agreement Broken.

Another proof of the German disregard of promises and agreements has been furnished in the British advance towards Cambrai. Some time ago Germany signed a solemn agreement with Great Britain providing that no prisoners of war would be employed within nineteen miles of the front line. But two Russian prisoners were found by the British in German dugouts at Anneux, which was barely four miles from the lines as they lay at the opening of the Cambrai attack. Moreover, these Russians had seen a part of 300 to 400 British prisoners at work near Cambrai, about eight miles from the front line.

The Russians told a pitiful story of ill treatment and suffering. They had to subsist, under German regulations, on a half pound of bread and some grass soup daily. As punishment for minor offences they were strung up to poles with their feet just touching the ground. Men were bayoneted or shot for refusal or inability to work, until, from one cause or another, only 250 men remained out of a camp of 500 prisoners.

# LIFE IN BELGIUM UNDER GERMAN; STORY OF AN ESCAPED CIVILIAN

## Sentences Were Imposed On At Least 100,000 in Single Year—Little Girl Plays Patriotic Air as Father Goes to Death.

Some pacifists abroad, following the end of Mr. Morel, having recently exploited the suffering of the Belgian population as an argument for an early and premature peace, the German newspapers hastened to reproduce the news. It did more harm to the popularity of the Allies than the bombs dropped by British airmen on the army's communication lines, which necessarily cause a certain number of casualties among the civilians. While realizing that air raids are unavoidable, we have often wondered why they were limited to Belgian territory. The raids carried recently into Germany will no doubt relieve the feelings of many. I should mention here the case of a young friend of mine, a boy of eighteen, who crossed the wire quite recently. A British bomb had fallen on his house at Bruges. His father had been killed. His mother and sister, both seriously wounded, were lying in hospital. "The only thing left for me was to join the army," he said to me when we met in England. He is now in an instruction camp in France.

It is easy to speak of crossing the frontier, it is less easy to do so now that it is barred by a double fence of electrified wire and guarded by a sentry every fifty yards and patrols during the whole night. Many have failed and tried over and over again, ten, fifteen times even, before succeeding. A large number of those who make the desperate bid for liberty are killed by the sentries or captured and deported to prison camps. There is perhaps some exaggeration in the statement current in Belgium that the enemy needs a whole army corps to keep up from slipping through the prison gates but if we consider that the Dutch-German frontier must be guarded as well as the Dutch-Belgian, and that thousands of spies and secret agents are kept busy in the occupied territory, this estimate does not seem very far from the truth.

**Obstinate Resistance.**  
Nothing can give a better idea of the obstinate resistance opposed by the Belgians to German edicts and regulations than the statement of a German newspaper—the Deutsche Justenzeitung—which estimates at no fewer than 100,000 the number of sentences inflicted on the people during one year only (1915-1916). Most of them, of course, are fines or short terms of imprisonment. Formerly we used to have the choice, and many rich people preferred to go to the St. Gilles prison rather than help the enemy by paying their fine. But the prisons have become so crowded and the financial situation of the empire has become so bad that only the destitutes preserve the privilege of sacrificing their liberty. The others, if they refuse to pay, have their watch taken from them are obliged to give up a piece of valuable furniture. In Brussels these things are sold by auction in a shop in the Rue de la Limite.

Now that the winter has set in I should like to say a word about the food question. It is impossible to realize the spirit which inspires the Belgian people if one does not take into account their economic situation. In their attempt to break Belgian nationalism the enemy has found a forceful ally, hunger, and the moral power necessary to resist the former is nothing beside that which is required to resist the second. Mainly on account of the submarine menace and of the torpedoing of a number of relief ships the import of the commission for relief have fallen this year far below the average. The workmen must live on a daily ration of 300 grammes (about one pound) of bread a day and the platter of soup provided by the communal authorities. This is about half the food necessary to keep alive in ordinary times a man who is not doing any physical work.

**Neither Sugar or Fats.**  
If the shop prices were not so prohibitive, and if the Germans had not commandeered for their Zentrale all potatoes, sugar and fats—so that the direct sale of these foodstuffs entails great risks for the trader—then those who work at half wages or receive

## RECIPROCITY WITH

### Potatoes Soon on Free List With General Breaking Down of Tariff Barriers.

Ottawa, Jan. 6.—In order to meet the food shortage and high cost of living problem which promises to become even more acute than at present in consequence of the urgent demand of the Allies for more food from Canada and the United States, there is likely to be a real pooling of food resources on this continent with free trade in foodstuffs.

There is already free trade between Canada and the United States in wheat and wheat products. Potatoes will probably be the next staple to be added to the list with other food staples included gradually as economic conditions of production and marketing are considered and adjusted. The whole question, it is understood, is under consideration by the Ottawa and Washington governments and their food control departments.

The Liberals in the union government are, of course, already committed to free trade in foodstuffs and now that an election is over and "politics" are dropped, the Conservative members of the cabinet are, it is said (falling in line with the policy which they opposed in the last parliament, but which the altered economic and political conditions now make both easy and popular.

The prospective action will probably not be taken for some time yet, pending further consideration of the whole problem by the full cabinet council until Sir Robert Borden's return next Wednesday, and pending also further negotiations with Washington. But it is fairly certain that there will be a letting down of the tariff bars on food products and a natural and economic pooling of Canadian and United States field crops making for cheaper living and better marketing conditions.

War necessities, union government, a one-party representation in parliament, and the appearance of the United States as an ally rather than a rival of Canada, now clear the way for the reciprocity which was defeated in 1911 for causes political rather than economical.

## A QUARTETTE OF SUGARLESS DESSERTS.

Why is a cook book like a map? That is the sort of home-made conundrum that any woman might ask any other woman these days. The answer obviously, is because both are being constantly altered. Never were the blank pages in the back of the family cookery books more in demand and appreciated than they are in these days, when loyal and patriotic cooks are saving this and substituting that and discovering the value of some other hitherto not particularly popular or well-known ingredient, in order that the world's harvests may be equally shared by all. Like the map, the cookery book is really getting famous.

Everywhere food committees and commissions are scattering far and wide new recipes among housekeepers who are eager for something different. Here are four sugarless desserts from New York, given by the food committee of the Mayor's Committee of National Defence, to the bulletin issued by the Women's City Club and allied organizations:

**Lemon Pudding.**  
The ingredients are: 4 egg yolks, ½ cup honey 1 lemon (juice and rind) 1½ tablespoons gelatine soaked in ¼ water, 4 well-beaten egg whites, a few grains of salt. Beat the egg yolks until thick and lemon colored, add the honey gradually and continue

beating until a creamy mass. Add the lemon juice and rind and the gelatine, which has been soaked in the cold water 5 minutes and dissolved in boiling water. Stir mixture until it begins to thicken, then fold in the stiffly beaten whites to which the salt has been added. Pour into a wet mould or moulds. Chill. Serve cold with whipped cream.

**Steamed Pudding.**  
The ingredients are: 2 cups of Graham flour, 1 teaspoon soda, ¼ teaspoon salt, 1 cup milk, 1 egg. Measure mix and sift the dry ingredients, add the liquids, raising, cut into small pieces, and the dates stoned and cut into small pieces. Steam 25 minutes in individual moulds, or two hours in a large well-greased and covered mould.

**Baked Custard.**  
The ingredients are: 5 eggs, ¼ cup maple syrup, 4 cups scalded milk, ¼ teaspoon salt, a few gratings of nutmeg, ¼ teaspoon cinnamon. Beat the eggs slightly, using a fork; add the maple syrup and the scalded milk gradually. Four mixture into well-greased custard cups. Sprinkle a little grated nutmeg and cinnamon on top of each cup. Place custard cups in a pan containing hot water, and bake in a moderately hot oven until custard is firm. The custard is done, when, cut into with a silver knife, the mixture does not cling to the knife when drawn out.

## THE POTATO SURPLUS.

Dr. Kientz says that there is surplus of two million bushels of potatoes in New Brunswick according to date in the food controller's office, and a still larger surplus in Prince Edward Island. He therefore advises farmers to market their product.

There is also a surplus of butter and of eggs in Canada at large, but it is held in cold storage. There is an abundance of food of all kinds in Canada, and there has been too much hoarding of holding for speculative purposes.

With regard to potatoes, if they had been put on the market at a reasonable price last fall, all the people might have been eating more potatoes and saving more wheat to be sent overseas. And this would have been done if the food controller had done his duty. It is not too late yet to take such action as will encourage the substitution of potatoes for wheat without depriving the farmer of what would be a reasonable war-time profit. In England the people are to be put on rations.—St. John Times.

### SAVE FOOD

In a time needing food economy many people are not getting all the nourishment they might from their food. It is not how much you eat, but much you assimilate that does you good.

The addition of a small teaspoonful of B.O. to the diet as a peptogenic before meals leads to more thorough digestion and assimilation and thus saves food, for you need less.

VERY MILD.  
Our contemporary says that the Graphic "overstepped the bounds of all decency" in dealing with the wretched state of the quarters in which the driver of the fire team is obliged to live in. We would suggest that the editor of our contemporary walk down some morning when the mercury is about 25 degrees below zero and inspect the quarters complained of, or if that is too much trouble, let him ask any member of the fire brigade of the conditions existing there at the time the Graphic complained of. We have been informed that the half has not been said.

Further we did not charge the town council with being responsible for the fact that Campbellton has not a suitable fire station, as that body was so severely criticized by the up-town calamity howler, and others of the same stripe that they gave the project up in disgust.

What is now required is that plans for the necessary work be prepared at once so that the building will be ready before another winter.

RESTIGOUCHE PASSED OVER  
During the investigation into the Valley Railway affairs Mr. Thomas Bell of St. John swore that he sent \$5,000 to Kent, \$2,000 to Albert, \$3,000 to Sunbury and Queens, \$5,000 to Kings, between \$5,000 and \$10,000 to St. John City, \$1,000 to Moncton City, \$2,000 to St. John County to help win the last local elections. Our readers will notice that nothing was sent to Restigouche. The gentlemen "who held the bag" probably knew that the honest electors of Restigouche had learned to spurn their gold as did those of Balmoral who gave notice of what they would do if certain government workers, with their huddle fund, did not leave the parish. Money has lost its influence in the north.

CAMPAIGN FUNDS.  
Hon. Mr. Baxter testified before the Stevens commission on Friday that the use of his vault by Mr. George B. Jones, M. P. P., for the transfer of a campaign fund of twenty thousand dollars to Mr. Thomas Bell was unknown to him. Mr. Bell testified that the money, and other money, the source of which was not disclosed, was disbursed by his campaign purposes, bribery and corruption to various parties, some of whom he remembered and some of whom he forgot. He disbursed the St. John quota personally, sent the Kings county quota to Mr. Jones and that for York county to Mr. Palmer, who at the time was a member of the Valley Railroad Commission. Although twenty thousand dollars of the money appears to have been raised by a personal note of Mr. Tennant and Mr. Jones, on which ten thousand is still due the bank, it is plainly apparent from the evidence of Mr. Jones that he expects Mr. Tennant to pay the note out of moneys received from Valley Railroad contractors. The revelations are suggestive of a connection between public men and their confidential advisors and public contractors which it is not pleasant to think about. The assertion that there have always been campaign funds is hardly a satisfactory excuse for the Valley Railway and Crown Land disclosures of the way the fund was raised.—Globe.

THE HALIFAX CHRONICLE says, "More than ever since Canada observe the 'no waste' rule. There is enough food just as there is enough money in the country if none of either is wasted. Should real want obtain in any part of Canada it will be undeniable evidence of wastefulness somewhere. 'Waste not, want not' is as true as ever."

Received Donation.  
The G. W. V. A. return thanks to the Women's Institute for \$100.00 which was recently presented to them. Which amount has been placed in the benevolent fund.

## EDITORS MAIL

All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications.

The Graphic does not hold itself responsible for opinions expressed in this column.

34 Couillard St.  
Quebec, P. Q.  
Jan. 2nd, 1917.

To The Editor,  
May I beg a little space in your valuable paper, to make an appeal to your readers. Would they send me some cancelled postage stamps. I can use all kinds of Canadian and United States, the one, two and three cent present issues, are very useful to me. I can sell them, and I use the money for the bread parcels for our poor prisoners of war in Germany, to the Navy League. I divide the money between the two funds. Hoping I am no tasking to much, in asking you to publish this appeal.

Believe me yours, etc.,  
(MRS.) EDITH DILLON.

## PATRIOTIC FUND ASSESSMENTS FIXED.

Fredericton, Jan. 9.—The various secretary-treasurers of the municipalities and the clerk of the towns and cities throughout the province have been issued notices from the office of the clerk of the exchequer council relative to the Patriotic Fund assessment for the year 1918. The assessment was arranged by the provincial government, at its recent meeting, and is practically the same as that of 1917. The total for the province is \$518,896.03.

## UNION GOVERNMENT GOES IN FOR SHIPBUILDING.

Ottawa, Jan. 4.—An ambitious programme of national shipbuilding is to be carried out as a policy of the union government. The matter for some time has been under consideration, and Hon. C. C. Ballantyne today announced plans designed to utilize to the fullest capacity the Canadian yards and establish rolling mills as essential to the industry.

## OLD AND RESPECTABLE.

The Carleton Sentinel of Woodstock, N. B., with its last issue entered upon its seventieth year. Truly this is a ripe age, the allotted three score years and ten, but the Sentinel is growing more vigorous every year. The Sentinel was conducted by the late Mr. Samuel Watts for many years. It is now owned by a company, with Mr. S. L. Lynott as the able managing editor. The Sentinel is really a Carleton County institution, known everywhere and enjoying the confidence of a large circle of readers.

## AUTOS REGISTERED.

There were 5252 Automobiles registered in New Brunswick during 1917. The new plate for 1918 will have a black background with white numbers. Of the total registration for the year the new cars for the season numbered 2265; and 339 chauffeur licenses were issued in addition to the drivers' licenses to owners.

## FAVORS CHANGE IN RULE OF THE ROAD.

Fredericton, Jan. 3.—The municipal council of York county this morning placed itself on record as favoring a change in the "rule of the road," making the rule to turn to the right instead of to the left. The change was advocated in order to make the rule in New Brunswick correspond with that in other provinces and the State of Maine.

## WILL VISIT G. W. V. A.

Mr. Chas. Robinson, Secretary of the Returned Soldiers Aid Committee of St. John will visit the G. W. V. A. here Friday evening. The object of his visit is to confer with the returned veterans as to any grievances which they may have. Will all interested please notify President Larsen.

## ADMITTED TO HOSPITAL.

Word has been received by Mr. Ernest Astles of New Carlisle that his son, Pte. Wilson E. Tatles of the 189th, Battalion has been admitted to S. H. Hospital, Sheltenham, England, gassed and also suffering from trench fever. Pte. Astles has been on active service since August 1917.

## OBITUARY.

The death occurred on Saturday, Jan. 5th, of Joseph Maguire, aged 77 years, at the home of Mr. Robt. St. Onge, Richerdsville. The funeral was held on Monday afternoon, in the Roman Catholic Cemetery, Campbellton, Rev. Father Wallace, officiating.

## SAY GERMAN PRISONERS EAT GRASS IN GERMANY.

1,500 Died in Month of Starvation, D'Claires Canadian.

Montreal, Jan. 5.—Captives in German prison camps eating grass, starving German civilians beseeching the prisoners to sell them food, a prisoner was bayoneted for trying to save others from burning to death—these were some of the horrors recounted by Alexander Fontaine, once a captive of the raider Moeve, who arrived here from Europe.

Fontaine is a sixty-year-old French-Canadian farmer. In November 1916, he saw an advertisement for a foreman to accompany horses on the transport Mount Temple. He was engaged and they sailed November 26th. Ten days later, when nearing the Irish coast, they encountered a vessel which opened fire on them, killing three sailors.

The captain signalled surrender and the crew was taken aboard the raider, which turned out to be the Moeve. For fifteen days the captives were kept in the dark, suffocating hold, sleeping with their clothes soaking in bilge water and being allowed out for air only one hour a day.

They were then transferred to a captured American ship, which landed them at Swinemunde, and they were hurried off to the prison camp at Brandenburg, where Fontaine spent eight months.

"I have seen starving men eat grass there," he said. "Over fifteen hundred prisoners died of starvation in a month, and but for the Red Cross supplies we would all have been dead. The civil population appeared to be starving also, for they begged us to sell them biscuits. The German guards were brutal. I saw one bayonet a prisoner who tried to save other prisoners from a burning building in which a hundred lost their lives."

Fontaine was made to dig graves behind the trenches until crippled with rheumatism, when he was exchanged as an incapacitated prisoner.

## WORTH PASTING ON.

(Great Thoughts.)  
Here are a dozen don'ts for daily duties:

- Don't leave the sky out of your landscape.
- Don't use a pile driver to pin on a bow of ribbon.
- Don't let your stream of life be a murmuring stream.
- Don't fail to love your neighbors, yet pull not down your hedge.
- Don't measure success by accumulation, for this measure is false.
- Don't pack up worries. You can get them anywhere as you go along.
- Don't talk over "prevailing conditions." Just make friends with your luck.
- Don't preach too much. None preachers better than the ant, and she says nothing.
- Don't waste your feelings. Feelings are too rich cream to be skimmed for nothing.
- Don't argue with the inevitable. The only argument available with an east wind is to put on your overcoat.
- Don't kill yourself with unnecessary work. There was once a woman whose epitaph read: She hath done what she couldn't.
- Don't be too patient. "Once in a while," said Uncle Eben, "a man compliments himself on having patience when he's simply to lazy to make kick."

## ANOTHER PATRIOTIC WORKER.

Mrs. T. Milton Doherty who is at present residing with her father at Gould Grant Farm, near Bathurst is spending a few days in town. She is a member of the Campbellton Women's Institute and in presenting two pairs of socks to the Institute was overheard to remark that these made two hundred pairs she had knitted for the soldiers. Mrs. Doherty has proved an indefatigable worker in patriotic work and has represented the Institute as its delegate at several of the annual meetings, bringing back excellent reports of the work.

## PROVIDENTIAL.

Harper's Magazine: Mr. Younghusband reached home late for dinner. "I got caught for speeding on the way home," he explained rather sheepishly. "Have to appear to-morrow morning and get 'ten dollars or fifteen days.'"

## DALHOUSIE.

Dalhousie, Jan. 9.—Mr. S. W. Dimock was in town on Friday evening and presented a Xmas tree to the children in the Star Theatre. The children who expected Santa Claus with his usual treat were quite numerous and cheered when they found that Santa had not forgotten his valise which contained bags of candies for each one, and the announcement that they would see their friend Charlie Chaplin on the screen frequently in future.

Mr. Jack McEvoy has gone back to resume his studies at St. Thomas College, Chatham.

Miss Lena Harquail and Miss Olive McNeish, of New Haven Hospital, have returned after spending the Xmas vacation at their homes.

Mr. Jack McEwen, Madawaska, son of Mr. George McEwen, has been taken on the staff of the Royal Bank here.

Miss L. Wright and Miss Annie McInerney of the public school staff have returned from their homes in Reston, to resume their school work.

Principal, R. G. Mowat, of Harvey, N. B., is back from his Xmas vacation to commence the January school term.

The towns people well appreciate the good work done by the tractor motor, owned by the Dalhousie Lumber Co., and run by John Edmond in smoothing out the roads after the heavy snowfall, and making it possible for good walking to the churches on Sunday.

The reports are that smelts are quite plentiful, but very small, the fishermen have hopes of a big catch in the first tides with colder weather, and more extras, which are more suitable for the market.

Mr. Paul Doyle, of Jacquet River, was in town on Monday, a guest of the Queen.

Mrs. Denis A. Arseneau and daughter of Richardsville were in town on Monday.

Mrs. J. P. Martin and Mrs. L. P. Roy of Campbellton paid a visit to town on Monday and were guests at the Queen.

Mr. James B. H. Storer of Bathurst was in town on Friday, guest at the Queen.

Mr. R. G. Henderson of Sackville, N. B., was the guest of his sister Mrs. W. Albert Mott.

Mr. John Midgley of the staff of A. & L. Loggie here paid a visit to Campbellton recently.

Capt. Harry Fair, of Point la Garde P. Q. arrived in Dalhousie, to resume his work as book-keeper, in the small business, for Mr. W. S. Montgomery.

Mr. Frank Troy who went to Halifax to report for military service, has returned home on account of an error in instructions.

Mr. John Driscoll has gone on a visit to his parents in St. John.

Mr. D. A. Stewart, Campbellton, was in town on Friday, a guest at the Queen.

Mrs. W. K. McKean of Halifax, N. S. arrived here on Friday. She left on Monday night's limited for Montreal to meet her sister Mrs. Arch. Fullerton who was on her way to Dalhousie, from the west, with the body of her late husband who had died suddenly.

Mr. John McLeod, merchant, who fell last summer on board of the Government dredge and was seriously injured, is now very ill, and is not expected to recover.

Mrs. Andrew Barberie, has gone to spend a few days at her old home in Jacquet River.

Mrs. Adelard Belanger, of Montreal is spending a few weeks in town the guest of her sister, Mrs. John LeTourneau.

Among those who attended the funeral of the late Pte. Capt. Gordon Mott, last Friday at Campbellton from Dalhousie were: Rev. J. H. McLeod, D. G. Stewart, P. H. Sheehan, Wallace Sheehan, Mayor W. S. Montgomery, Robert Coleman, Mathias Eslinger, James McNeil, Cpl. John McNeil, Pte. Carter.

Word has been received from Cpl. G. C. Powers, by his grand-uncle here, that he is safe with the British forces in Mhow, India. Word had been received lately that a Pte. G. C. Powers, was taken prisoner in Germany, but it is understood now here, that there must be another G. C. Powers in that Army. Cpl. G. C. Powers, Military Machine Gun Centre, of this town, reports well with chances of promotion.

### WHITE-MILLER.

A very pretty wedding took place on Jan. 1st, at the home of Mr. and Mrs. John Miller, River Louise, when their daughter Margaret Elizabeth was united in marriage to Mr. Ernest D. White, of Marlboro N. H.

The bride was daintily gowned in white embroidered net over satin, with cut crystal trimming, with veil and orange blossoms, and carried a handsome bouquet of bridal roses, and fern.

The bride was attended by her sister Emma who was prettily dressed in rose crepe-de-chene and carried a bouquet of carnations. The groom was supported by Mr. Bonner Hamilton. The Rev. F. L. Jobb officiated.

The bride entered the room on the arm of her father to the strains of "The Voice that Breathed o'er Eden," organist being Miss Lennie McNair. After the ceremony and congratulations, a dainty lunch was served in the dining room, after which music led by Miss Annie Hamilton and game were enjoyed.

The newly married couple were the recipients of many valuable and pretty gifts, among them being a silver tea service, and \$130. in gold and notes. Mr. and Mrs. White left Thursday morning for Boston and other New England towns.

Their many friends unite in wishing them a long and happy wedded life.

### A RED CROSS LETTER.

Do the women of Montreal and Quebec Province realize that the Red Cross supplies have been very much depleted by the heavy calls made upon them by the Halifax disaster. There is a great scarcity of everything to ship overseas, and the demands are far more and more of everything. I know that you are all weary and tired, but the men are weary and tired too, and they have to carry on. Cannot now groups be formed and new workers be found who will help the Red Cross in her hour of need. There are thousands today who have been faithful workers and will continue to the end, but will not those who have a little spare time come to our assistance now. It would be a sad day for us if we had to buy supplies when, I am sure, there are willing hands to make them. Think of our sick and wounded in the Canadian Hospitals in England and far off France, do not let them appeal to us in vain. I beg of you all to rally to the Red Cross, and pray that the day is not far distant when our efforts may relax, and that 1918 will bring us peace.

PRESIDENT, LADIES' EXECUTIVE

### CANADIANS HAVE KNOWN NO DEFEAT.

Side by side with the men of France, the Canadians have taken a glorious share in the campaigns of the past year which has been marked by the steady decline of the enemy's strength and morale in the Western theatre since the fall of Espinay.

To the world the acceptance of the defensive by the Central Powers in what, from their forty years' preparation, was to have been the theatre for a triumphant offensive, the Canadians have moved surely forward from victory to victory.

In the desperate fighting at Vimy Ridge, at Hill 70 and afterwards when our troops closed steadily in around Lens, winning back for France vital mining regions, and finally at Passchendaele, when Canada, by forming the ridge, completed the capture of this key position, the Dominion in the field has known no reverses. What they have been told to take they have taken. What they have won they have held. Our artillery has come into its own as never before until now.

The enemy admits the superiority of our guns even as he fears to meet our infantry with the bayonet. To the glory of Ypres, Festubert, Givenchy, St. Eloi, and the Somme have been added new triumphs. Our men have done the work given them to do and have done it nobly but the cost has been heavy. The mud-stained and battle-scarred battalions have sadly thinned ranks and have lost many officers. Artillery brigades have their stories of days and nights of perpetual shelling, of brave men who answered the last post and of brave officers who fell fighting the guns.

### IS GERMANY STARVING

(From the Philadelphia Public Ledger)  
One of the unknown factors in the war is the internal condition of Germany. The collapse of Russia, the renewed Teutonic offensive on the western front and in Italy, may be discouraging to the Allies. Yet it is easy, in our ignorance of what is going on behind the lines to take too gloomy a view of the situation. Thus Vorwaerts asserts that, although the profiteers and the upper classes still have enough to eat, no less than forty million Germans are literally starving. How long can they endure the pressure of want? Vorwaerts goes as far as to say that "we might have within a month an absolute catastrophe," resulting in defeat. This may be an exaggeration, intended to defuse the Allies with false hopes. There would be no occasion for surprise, however, if the huge military Colossus should be broken to pieces by inward weakness. This has happened before in the world's history. Indeed, the very desperation of the German attempt to win a victory at no matter what loss of life is an ominous sign.

### MAY CONVENE EARLY IN MARCH.

Speculation as to the Opening of Parliament.  
Ottawa, Jan. 8.—The hope is expressed generally by the cabinet ministers in the city that it may be possible to have parliament convene early in March and its deliberations confined to a three months period in order that prorogation may come before the hot weather.

Hon. J. A. Calder minister of immigration and colonization, and the Hon. T. A. Crear, minister of agriculture, arrived in Ottawa this morning and will attend a council this evening.

### HIS LAST CHANCE.

(Presbyterian Witness.)  
Of Sir Robert Borden, it is difficult to speak confidently. He was for six years the nominal head of an administration which it is impossible to remember kindly. Probably no government in Canada ever went down under a greater cloud of general condemnation. But no government ever held office in such trying times or tried to rule under greater difficulties. This must be kept well in mind in attempting to judge Sir Robert's part in it. No one will deny the excellence of his personal character. The worst charge which can be brought against him is lack of self-assertiveness and individual initiative. The fact that in the end he became the author and finisher of unionism affords evidence that he has at last realized himself, and will henceforth prove worthy of his exalted opportunity which the people of Canada have a second time bestowed upon him. Should he take full advantage of that opportunity, with the colleagues whom he now has around him, there need be no fears of his union administration. But no further indulgence can be granted him. If he fails now, he will fail irretrievably.

### CANADA AND THE UNITED STATES

Dr. A. H. U. Colquhous, Deputy Minister of Education for Ontario calls attention in The Canadian Magazine for January to the fact that American historians at last are telling the truth about the American War of Independence and the War of 1812. This he regards as a hopeful sign. The Honourable Charles Langelier makes a plea for respect to Quebec's place in the Dominion, and J. W. Norcross gives strong reasons why the Dominion Government should begin to build a Canadian merchant marine. There are several unusually good short stories by Beatrice Rodpath, Horace Anselmy Vachell, Blanch Gertrude Robins and others.

### PAPER MILLS CLOSE ON

ACCOUNT OF CAR SHORTAGE  
Quebec, Jan. 2.—In a statement given out by the firm of Price Brothers & Co., Limited, the closing down of their pulp mills in Kenogami is announced owing to the shortage of cars. The statement adds:

"Other paper mills in this vicinity are also affected. Unless this condition is relieved very promptly, it will lead to a considerable shortage in newspaper production which would be a very serious thing in view of the fact that publications today are considered of national importance."

## JACQUET RIVER.

Mr. Lindsay McAllister of the Royal Bank of Canada, at Cuba is spending his vacation the guest of Mr. and Mrs. D. McAllister.  
Flight Lieutenant Evan McMillan of the Royal Flying Corps, Toronto spent a few days last week at his home here before going to Texas to join the soldiers in training there.  
Mr. C. L. Fenderson received a private telegram stating that his son Signaller Roy Fenderson had arrived safely in England, with his unit the Royal Canadian Engineers, after some delay in transport. Signaller Fenderson's many friends will be pleased to receive the good news.

Miss Greta Hayes spent last week in Campbellton the guest of friends.  
Miss Marion Ellis of Bathurst was the guest of Dr. and Mrs. Ellis last week.

Messrs Pearl Fenderson and Helen McMillan have returned to Mount Allison University, Sackville to resume their studies.  
Miss Katherine McMillan has also returned to Dalhousie College, Halifax after a prolonged vacation.

Miss Lou Brown has gone to St. John to continue her studies at the St. John Business College.

On Thursday last was experienced the coldest day of the winter, the thermometer registering 32 below at Black Point. There was no wind, the frost being intense, being the reason it did not seem so cold.

Congratulations are in order to Mr. and Mrs. Frank Devereaux on the arrival of a baby boy at their home recently.

Much sympathy is expressed to Mr. and Mrs. Joseph Duggett, their little girl having fractured her leg last week owing to a fall. We hope the little one may soon recover.

The schools reopened once more, after a much enjoyed vacation. Miss Trevis is again Principal and Miss Dempsey in charge of the Primary Department.

Miss Lottie Fierotte of Campbellton spent New Year's at her home here.  
Miss Adeline Daley has returned to Sussex to resume her studies at High School.

Misses Kathleen Hayes and Jennie Davidson have gone to Fredericton to continue their studies at Provincial Normal School, and Fredericton Business College, respectively.

Misses Irene Doyle, Eva Devereaux, and Hazel Hayes have returned to St. Michael's Academy, Chatham after their vacation, spent at their homes here.

A large box of clothing and supplies was solicited in Nash's Creek and sent to the Halifax Relief Committee for which they received a very grateful reply.

Miss Katie Cooke and her little nephews, Masters Gerald and Cecil Doyle of Campbellton who spend a few weeks here, have returned home.

One of the interesting events of New Year's Day took place at the home of Mr. and Mrs. John Miller of Nash's Creek when their daughter Margaret E. became the wife of Ernest E. White of Massachusetts. The ceremony took place at 8 o'clock in the evening. Rev. F. L. Jobb officiating. The parlor was tastefully decorated with bunting. The bride looked charming in a white satin dress with trailing veil caught with orange blossoms and carried a handsome bouquet of white bridal roses, fern and orange blossoms tied with true lover's knots. The bride's sister, Miss Emma who was bridesmaid was gowned in pink, and carried a bouquet of pink carnations. Mr. Bonar Hamilton supported the groom. The evening was spent in music and games. Many beautiful presents testified to the popularity of the young couple. Many out of town guests were in attendance, including Mr. and Mrs. Farrar, Mr. and Mrs. White left on Thursday morning for their future home, "The Pines," Marshboro, Mass., accompanied by the best wishes of a host of friends for a happy and prosperous future.

Misses Gladys Le Couff and Cecilia Callahan and Masters Jay Doyle, John John Jr., and Charles Culligan have returned to Dalhousie Convent to resume their studies.

Mr. Vance McNair of Nash's Creek has gone to St. Thomas College, Chatham to continue his studies.

Miss Richard who spent her vacation at her home in Chatham has resumed her duties as teacher at Quinn's Point School.

Misses Phyllis McGovern, Geraldine Culligan and Mary Le Pointe have gone to St. Mary's Academy, New-castle as students.

Miss Patricia Culligan has entered St. Michael's Academy, Chatham as a student also.

## IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mother can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged-up water, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its safety on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

# REPORT OF HALIFAX RELIEF WORK

Since the committee of W. C. T. U. ladies in charge of this work was organized one hundred and fifty yards yards of flannellette, have been donated, and two hundred and seven yards have been purchased from cash donations received. This material has been made into clothing for women and children.

Before we were ready to make a shipment, our Corresponding Secretary, Mrs. A. G. Adams wrote to the corresponding Secretary of the Local Union in Halifax, making necessary inquiries, as to whom the shipment should be sent. The following letter was received.

Halifax, Dec. 16th, 1917

My dear Mrs. Adams:

Received your kind letter, and on behalf of our W. C. T. U. sisters, we thank you for your sympathy and help which means so much at this time. I cannot refer to it, without a shudder, as we have been living at a high tension for some time.

It is beyond description. Some of our W. C. T. U. members have lost their eye sight, and disfigured, I do not hope for all time. Two of our Provincial Superintendents were killed—Flowers Mission and Little White Ribbons. They were in the failed district, not a house, but had the windows and doors blown out, the broken glass, caused many disasters, cuts, wounds of all kinds. Two hundred and fifty persons have lost, one eye, some both. Now I must refrain from thinking about it, as conditions are far from a normal state as yet.

Thanking you all again for your loving sympathy at this terrible time.

I am,  
Yours sincerely,  
B. C. MORRISON,  
204 Vernon St.

Kindly forward goods to,  
MRS. FRANK WOODBURY,  
Barrington St.  
Halifax.

Pres. Local W. C. T. U.  
Halifax, N. S.  
Jan. 2nd, 1918

Through the kindness of the Dominion Express Co., who carried the goods free of charge, the shipment went forward, on Dec. 27th, and included the following articles:—

- 13 Crib sheets,
- 8 Babies barrow coats,
- 13 Children's under waists,
- 14 prs. rompers,
- 52 Undershirts, for children 7-8.
- 28 Assorted night gowns,
- 35 Bloomers, assorted sizes,

## TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Dandruffing right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is sure evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Dandruffing tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Dandruffing from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Dandruffing. Save your hair. Try it!

Mrs. (Rev.) Miller—1 quilt,  
Mrs. A. D. MacKendrick—1 pr. boots, 1 pr. stockings, 1 pr. gaiters, 1 girls' dress and collar, 2 undershirts, 2 shirts, 1 cap, 2 scarfs.  
Miss Henderson—1 ladies hat.

# In Cutting Down Food Bills

remember that Purity Flour goes further—makes more bread, rolls, cakes and pies to the barrel and is also rich in body-building qualities. Its use is real economy. Give it a trial in your own home.

# PURITY FLOUR

More Bread and Better Bread—and Better Pastry, too.

## 11 Night gowns, for children, 3-5.

## 15 Women's night gowns,

## 2 Women's undershirts,

## 1 Dressing sacque,

## 3 Infants' petticoats,

## 6 Infants' dresses,

## 10 Children's dresses 5-6.

## 1 Child's kimono,

## 1 Woman's shirtwaist,

## 4 Girl's underwaists,

## 7 Prs. Children's knitted drawers,

## 7 Prs. stockings,

## 1 Flannel midly blouse,

## 10 Children's mittens,

## 4 Caps,

## 2 Infants' coats,

## 7 Prs. bloomers,

## 10 Undershirts,

## 7 Night-dresses,

## 8 Prs. rompers,

## 1 Dress,

## 4 Stuffed dolls.

I would here like to add, that besides these articles, all the families from Halifax, at present in town, were given donations of underwear, nightgowns, boots, etc., before the shipment was made.

The following short letter will show that the goods have been received in Halifax and ready for distribution:

Halifax, N. S.  
Jan. 2nd, 1918

Dear Mrs. Adams:

Your four plump bags came Saturday. You will hear from the Halifax W. C. T. U. very soon, in a more formal note, but all I want is to let you know, that now there are little parcels with slips of paper all around the room, here in my home. We do think it is so kind of the W. C. T. U. They are being sent to many of our W. C. T. U. women. The "Roberta" Union lost so many members, six that we know of, besides the dear children. It is such a terrible thing, I cannot white about it, only "thank you." It was such a nice lot of things, so well arranged, and so well made. We are feeling the strain more now than earlier.

With kindness and love,  
JESSIE L. WOODBURY.

President W. C. T. U.

On behalf of the Committee,  
Convenor, Elizabeth Gunn, Adams.

Donations received since last publication:—

Mrs. (Rev.) Miller—1 quilt,

Mrs. A. D. MacKendrick—1 pr. boots, 1 pr. stockings, 1 pr. gaiters, 1 girls' dress and collar, 2 undershirts, 2 shirts, 1 cap, 2 scarfs.

Miss Henderson—1 ladies hat.

## Mrs. Hoyt—1 undershirt.

## Mrs. J. D. McMillan—4 Girls'

## night-gowns, 3 child's petticoats, 3 pr. drawers, 1 pr. boots.

## Mrs. David Nelson—3 prs. drawers,

## 10 yds. flannellette.

## Mrs. Arthur Keith—1 ladies coat.

## Mr. J. P. Jardine—2 suits boy's underwear, 2 boys wool caps, 1 boys wool sweater.

## ELIZABETH GUNN MANN.

## BLACK CAPE.

On December 30th, the Brethren Sunday School's yearly entertainment was held in their Hall and was well attended. Many of the scholars received prizes and also the little ones received candy. The best of order was kept and the programme was much enjoyed.

Miss Susan Campbell who has been visiting her home here left on Tuesday for Hartford, Conn., to take up her duties as nurse. She was accompanied as far as Monreal by Master Campbell McDonald who has been visiting his grand parents Mayor and Mrs. Angus Campbell.

Mr. Joseph Carey left on Monday for Moncton, N. B., where he will attend college.

Messrs. Emile LeBlanc, G. LeBlanc, A. LeBlanc, and George Campbell, left on Tuesday for Halifax.

Weather continues very mild.

Cuban senorita wants \$300,000 for a wounded heart. Cuba's senoritas come as high as her sugar those war times.

## LEMONS WHITEN AND

## BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Can't try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this every day fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

THE HALIFAX DISASTER—Wreckage of a home. Four persons were killed here.

## O. Henry Stories

### VII. — Art and the Broncho

By O. HENRY

(Copyright by Doubleday, Page & Co.)  
(Continued from last page.)

"Jeering Christopher" — so ran his line — "thought that rather was a glimpse of the artist's life. It didn't seem to me I heard him rattling. Look at the blank unoccupied canvas! That's the artist's life, more and more, and somebody would have been a bit."

With these artful dodges, contributed by Loney's faithful cohort, with the sonorous Kliney perpetually sounding the picture's merits and with the solvent prestige of the pioneer Briscoe covering it like a precious varnish, it seemed that the San Saba country could not fail to add a reputation as an art center to its well known superiority in steer roping contests and achievements in the precarious busted flush. Thus was created for the picture an atmosphere, due rather to external than to the artist's brush, but through it the people seemed to gaze with more admiration. There was a magic in the name of Briscoe that counted his against faulty technique and crude color. The old Indian fighter and wolf slayer would have smiled grimly in his happy hunting grounds had he known that his distant ghost was thus figuring as an art patron two generations after his unimpaired existence.

Came the day when the senate was expected to pass the bill of Senator Mullens appropriating \$2,000 for the purchase of the picture. The gallery of the senate chamber was early pre-empted by Loney and the San Saba lobby. In the front row of chairs they sat, wide haired, self conscious, jingling, creaking and rattling, subdued by the majesty of the council hall.

The bill was introduced, went to the second reading, and then Senator Mullens spoke for it dryly, tediously and at length. Senator Kliney then arose, and the welkin seized the bell rope for peroratory to ringing.

Senator Kliney spoke for an hour. History was his theme — history mitigated by patriotism and sentiment. He referred casually to the picture in the outer hall — it was unnecessary, he said, to dilate upon its merits — the senators had seen for themselves. The painter of the picture was the grandson of Lucien Briscoe. Then came the word pictures of Briscoe's life set forth in thrilling colors. His rude and venturesome life, his simple mind and love for the commonwealth he helped to build, his contempt for rewards and praise, his extreme and sturdy independence and the great services he had rendered the state. The subject of the painting stood in the background serving simply as a means, now happily brought forward, through which the state might bestow a tardy recompense upon the descendant of its favorite son.

The bill passed without an opposing vote. Tomorrow it would be taken up by the house. Already was it fixed to ride through that body's rubber tires. Handford, Grayson and Plimmer, all wheelbarrows and orators and provided with plentiful memoranda concerning the deeds of Lucien Briscoe, had agreed to furnish the motive power.

The San Saba lobby and its protégé stumped the senate chamber the stairs and out into the capitol yard. They herded closely and gave one yell of triumph. But one of them — Buck Sumner — it was — hit the key with the thoughtful remark:

"See cut the mustard," he said, "all right. I reckon they're going to buy Loney's steer. I ain't right much on the partnership, but I gather that the key's signs added up. But, as seems to me, Loney's argument ran principal to grandfathers instead of picture. It's reasonable calculating that you want to be glad you got the Briscoe brand on you, my son."

That remark clinched in Loney's mind an unpleasant, vague suspicion he had the same effect. His reticence increased, and he gathered grass from the ground, chewing it pensively. The picture as a picture had been hung, stately absent from the senator's arguments. The painter had been held up as a grandson, pure and simple.

The hotel Loney stopped at was near the capitol. It was near to the 1 o'clock dinner hour when the appropriation had been passed by the senate. The hotel clerk told Loney that a famous artist from New York had arrived in town that day and was in the hotel. He was on his way westward to New Mexico to study the effect of sunlight upon the ancient wall of the Zuni. Modern sense reflects light. Those ancient building materials absorb it. The artist wanted this effect in a picture he was painting and was traveling 2,000 miles to get it.

Loney sought this man out after dinner and told his story. The artist was an unobtrusive, vague man by name and indifference to life. He went with Loney to the capitol and stood there before the picture. The artist pulled his beard and looked unhappy. "Should like to have your sentiments," said Loney, "just as they come out of the pen."

"That's lucky," said the pale man. "Do you carry a rabbit's foot?" "No," said Loney, "but it seems I have a grandfather. He's considerably mixed up in the color scheme. It took me a year to paint that picture. It's a real masterpiece of art. Some says, now, that that steer's tail ain't badly drawn. They think it's proportioned vice. Tell me."

The artist glanced at Loney's wiry figure and nut brown skin. Something stirred him to a passing irritation. "For art's sake, son," he said, "fractiously, 'don't spend any more money for paint. It ain't a picture at all, it's a gun. You hold up the state with it if you use and get you \$2,000, but don't get in front of any more canvas. Live under it. Buy a couple of hundred pounds with your money — I'm told they're cheap — and ride, ride, ride. Fill your lungs and eat and sleep and be happy. No more pictures. You look healthy. That's the genius. Cultivate it." He looked at his watch. "Twenty minutes past 3. Four o'clock and one tablet at 3. That's all you want to know, isn't it?"

At 3 o'clock the cowpunchers rode up for Loney, bringing Hot Tamales, saddled. Traditions must be observed. To celebrate the passage of the bill by the senate the grand ride would wildly through the town, creating uproar and excitement.

"Come on, boys," said Loney, urging Hot Tamales into a gallop with his knees. With a whoop the inspired lobby tore after him through mud dust. Loney led the cohorts straight for the capitol. With a wild yell the gang inducted his now evident intention of riding into the capitol for San Saba. Up the six broad limestone steps clattered the branches of the cowpunch.

"Don't spend any more money for paint."

ers. Into the resounding hallway they pattered, scattering in their shoes and on foot. Loney, in the lead, showed Hot Tamales direct for the great picture. At that hour a down-pouring, soft, light from the second story windows bathed the big canvas. Against the darker background of the hall the painting stood out with valuable effect. In spite of the defects of the art you could almost fancy that you gazed out upon a landscape. You might well flinch a step from the cowpuncher to his steed to launch him self full speed ahead. Did Hot Tamales fancy he saw a steer, red and cowering, that should be headed off and driven back to herd? There was a fierce clatter of hoofs, a rush, a gathering of steely flank muscles, a leap to the jerk of the bridle rein, and Hot Tamales, with Loney leaning low in the saddle to dodge the top of the frame, ripped through the great canvas like a shell from a mortar, leaving the cloth hanging in ragged shreds about a monstrous hole.

Quickly Loney pulled up his pony, and rounded the pillars. Spectators came running, too astounded to add speech to the commotion. The sergeant at arms of the house came forth, frowned, looked ominous and then grinned. Many of the legislators crowded out to observe the tumult. Loney's cowpunchers were stricken to silent horror by his mad deed. Senator Kliney, happened to be among the earliest to emerge. Before he could speak Loney leaned in his saddle as Hot Tamales pranced, pointed his quirt at the senator and said calmly:

"That was a fine speech you made."

away, move, but you might as well let up on that 'proprietor business. I ain't askin' the state to give me nothin'. I thought I had a picture to sell to it, but it wasn't one. You said a heap of things about Grandfather Briscoe that makes me kind of proud I'm his grandson. Well, the Briscoes ain't takin' presents from the state yet. Anybody can have the frame that wants it. Blit her up, boys."

Away scuttled the San Saba delegation out of the hall, down the steps, along the dusty street. Halfway to the San Saba country they camped that night. At bedtime Loney stole away from the campfire and sought Hot Tamales, plucking away grass at the end of his stake rope. Loney hung upon his neck, and his art sympathetic with him forever in one long, powerful sigh. But as he thus made remembrance his breath formed a word or two.

"You was the only one, Tamales, who seen something in it. It did look like a steer, didn't it, old hoss?"

HINT TO FEMALE  
FUEL CONSERVERS.

Another way to conserve coal is hereby suggested for the special benefit of the gentler sex, who are comfortable only when the thermometer is 75 to 80 degrees, a temperature stifling hot to fully dressed men. Relegate until June the gauze stockings, the made-of-mist shirtwaists with wishbone disclosing collar, and the knee length skirt. If this suggestion is adopted, the observation is made that when these various types of undress make their appearance a few months hence, when old Sol will be furnishing the necessary calorie without expense, f. o. b. earth, they will be all the more welcome. "Then will the winter of our discontent be made glorious summer."

END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diaphepsin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is scaring on your stomach or lies like a lump of lead, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent case of Pape's Diaphepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

## IMPORTANT ORDER IN COUNCIL

Cost of Bran and Shorts—Ottawa Authorities Should Be Consulted.

Whereas by Order in Council dated the fifteenth day of November, 1917, it was amongst other things provided that, the Food Controller may, by written order, from time to time prescribe the maximum amount of profit or the maximum price (or both) to be charged on the sale in Canada, or within any part or parts of Canada, designated by the Food Controller of any food or foods or of any food products designated by the Food Controller;

And whereas it is advisable in the public interest to make the following order:—

Therefore, I do hereby order:—

That the maximum price at which millers shall sell bran and shorts after the 17th day of December, 1917, shall be:—

24.50 per ton of 2,000 lbs. for bran.

\$29.50 per ton of 2,000 lbs. for shorts.

These prices shall be for bran and shorts in bulk, freight paid at Fort William and Port Arthur. To these prices may be added the cost of bags and freight from Fort William and Port Arthur to the point of destination, east of Fort William and Port Arthur.

At points west of Fort William and Port Arthur, the maximum price of bran and shorts in bulk shall be, the price at Fort William and Port Arthur less the difference between the freight charges to such points and the freight charges for delivery at Fort William and Port Arthur.

On all invoices coverings sales made east of Fort William and Port Arthur, the following information shall be given:—

(a) The maximum price at Fort William and Port Arthur.

(b) The freight charges to point of destination.

(c) The cost of bags.

(d) Any rebate or other deductions that may be made.

On all invoices for shipment west of Fort William and Port Arthur the following information shall be given:—

(a) The maximum price freight paid at Fort William and Port Arthur.

(b) The freight charges for delivery of bran or shorts at Fort William and Port Arthur, and the freight charges on such bran or shorts to the point of destination.

(c) The cost of bags.

(d) Any rebate or other deductions that may be made.

Dated at Ottawa, this seventeenth day of December, 1917.

W. J. HANNA.

Food Controller.

The result of the above order in council should be a substantial decrease in the cost of bran and shorts. Any farmer can tell what he should pay by adding 30½ cents per hundred pounds freight to the above price from Fort William and allowing a reasonable profit for the merchant. If these articles cannot in future be purchased at a fair price we would advise the farmers to immediately take the matter up with the proper authorities at Ottawa. In other words BRAN CAN BE LAID DOWN HERE FOR ABOUT \$31.20 PER TON AND SHORTS \$36.20 PER TON IN CAR-LOAD LOTS.

BRITAIN PREPARED TO GO ON FOR 20 YEARS TO CAGE GERMAN WILD BEAST.

St. Louis, Mo., Jan. 5.—Addressing the St. Louis Bar Association last night, Sir Frederick Smith, Attorney-General for Great Britain, who is in the United States on a mission for his government, said that Great Britain is prepared to continue her struggle with Germany for twenty years more "to bring the wild beast of Germany into his cage." He declared that "the entry of United States into the war makes the result certain."

## GOVERNMENT HAS GRANTED FREE EXPORT.

Of Metals Molybdenum and Tungsten, Together with Ores—Open Market For Canadian Producers in France and United States.

Ottawa, Jan. 4.—The Government has decided for the present and until further notice to permit under license, the free export of the metals molybdenum and tungsten their ores, concentrates, alloys and chemical salts to approved consignees in the United States and France.

This will relieve the situation that has been considered somewhat oppressive to Canadian producers.

The requirements of the British Government are being met and Canadian producers will now be permitted to take full advantage of the open markets in the United States and France.

It was believed necessary for the exporter, previous to shipment, to obtain from the Commissioner of Customs at Ottawa, a license to export, and in the case of exports to the United States, it was believed necessary, under the United States regulations, for the shipper, or the consignee to obtain from the Bureau of Imports, War Trade Board, Bond Building, Washington, a license permitting the importation of the shipment into the United States.

ONCE IN A LIFE TIME.

It was a pitiful mistake, an error sad and grim—I waited for the railway train; the light was low and dim. It came at last, and from a car there stepped a dainty dame, and looking up and down the place, she straight into me came.

"Oh, Jack!" she cried. "Oh dear old Jack!" and kissed me as she spoke, then looked again and frightened, cried:

"Oh what a bad mistake!"

I said: "Forgive me, madam fair, I am not your Jack, and as regards the kiss, I'll straightaway give it back."

And since that night I've often stood upon that platform dim, only once in a man's whole life do such things come to him.

A GET RICH QUICK SCHEME

Two young Irishmen in a Canadian regiment were going into the trenches for the first time, and their captain promised them five shillings each for every German they killed.

STRONGER NOW.

A tourist happened to meet the usual "oldest inhabitant" of the village. In the course of conversation he asked the ancient how old he was. "I be just a hundred," was the reply. "Well, I doubt if you'll see another hundred years," said the tourist, trying to make conversation. "I don't know so much about that, mister," was the hopeful response, "I be stronger now than when I started on my first hundred."

## Pains in the Head Due To Defective Eyes.

IF you suffer from pains anywhere in the head; at the base of the skull; over the temples; over or behind the ears; on the crown of the head—the chances are that your eyes are defective, need examination and fitting of proper glasses.

You may not feel actual pain in the eyes, yet you may need glasses in the worst way. If you suspect your eyes being other than perfect, come and let me examine them. You cannot afford to neglect those valuable organs for a week or a day. I have all the most modern and scientifically exact instruments for the purpose.
