SEASON ENDS AT ERIEAU

Conclusion of the Delightful Holiday at the Popular Summer Resort—Moving in

Praise for Enterprise and Efficiency of Railroad—Many Improvements Contemplated

The Erieau season is over. Yesterday saw the end of the summer railroad service, and the afternoon trains were crowded with cottagers returning to home and avocation after a delightful season at the popular summer resort.

In many respects the past summer has been the most pleasant in the history of Erieau. The cottages have all been filled; boating, fishing and bathing were new and more popular, and the forming of the cottagers into an organization for the mutual benefit of their property and the community—with the co-operation of the Boarding Council—means progress, and rapid progress, for the charming summer place. The work on the piers, under the supervision of Contractor R. M. Paxton, is proceeding rapidly, and is proving a decided acquisition. That the claims of Erieau are receiving deserved attention and recognition is evidenced in the amount of property now being purchased and the building operations in contemplation for next spring, when several new cottages are to make their appearance.

Considerable of the credit for the development and increased interest manifested must be ascribed to the energy and enterprise of the Pere Marquette Railroad, which assisted very materially in the season's pleasure. General Passenger Agent H. F. Moeller and Trainmaster J. R. Gilhoul deserve the many encomiums they are receiving on the unexcelled train service provided—a service which, if continued next season, will bring to the railroad the recognition of a greatly increased patronage, which it deserves. In Conductor A. McGarvey and Baggageman Dave Stevenson travellers were also favored with two most courteous and efficient officials—men who do credit to their calling. Not a hitch nor an accident occurred all season, notwithstanding the picnic crowds, the special service and the many exceptional situations which must have been so capably met.

Erieau promises even bigger and better things for next season. The proposal to establish a police village will be discussed and already arrangements have been completed for new sidewalks, pleasant arbors and other acquisitions so delightful in the ideal summer resort.

VISIT DOVER

Windsor Electric Line Confer With Township Council—To Build Bridge Over Thames

Five representatives of the Windsor, Chatham & London electric road visited Dover South and held a short consultation with the Township Council yesterday. They purpose building a bridge over the River Thames and running their line through a portion of the Township.

The grading for the line is already under way from Windsor to Tecumseh.

ROUND WORLD

His Honor Judge Bell Returns From Tour Around the Globe—a Splendid Trip

His honor Judge Bell and Mrs. Bell returned on Sunday, having completed a trip that seldom falls to the lot of anyone—a tour around the globe.

A cordial welcome awaited the travellers from many friends. His honor, who has not yet reassumed his judicial duties, has been busy all day extending and receiving greetings. His friends say the judge looks somewhat thinner, but he declares he has been enjoying the best of health.

Judge Bell has had many interesting experiences—and an account of his unique trip would prove exceedingly entertaining to all. The Planet hopes to prevail upon his honor to favor the readers of this journal.

THE OPENING OF SCHOOL

Many Pupils are in Attendance at Educational Institutes After the Holidays

Classes Are Arranged and Preparations Made for the Terms' Work—Many Improvements Made to the Schools.

To-day is a day of mingled sorrow and rejoicing—all caused from the fact that it is the opening day of school.

It is needless to say who are the sad ones, for, after a pleasant holiday of eight weeks it is no easy matter for the young mind to content itself with the former routine of school life. Some of them appear happy this morning but the majority of them are not so clever in hiding their true feelings and emotions. The parents are rejoicing, for, in many cases, the holidays have not been a time of recreation for them and they are once more relieved of many cares and worries by turning over the responsibility for the welfare of their small charges, to the Public school teachers. The teachers have also been having a pleasant holiday, but then in Chatham we have such excellent teachers, and they take such an interest in their work that they are glad to be back. Many of them have been looking eagerly forward to the opening day and a smile of satisfaction went the rounds this morning when the money cheques were handed out. The stationer wears the happy grin that won't come off, for this is his harvest, while new books are needed.

At the Public schools the opening day was a busy one and was taken up chiefly in placing the scholars in their different rooms and providing them with a list of the books they will require for the coming term.

At McKenough school there were about 350 pupils in attendance. This number will be increased very materially as the term progresses. There were 60 in the kindergarten room after all promotions were made. All of the teachers were at their posts bright and early. It is expected that there will be an entrance class of 40 this year. The school has undergone many changes and improvements in the sanitary arrangements and is in a bright healthy condition.

At the Separate school there were

PLEASED PATRONS THROUG GRAND AND SOUND PRAISES ON PARADA

Delightful Program for Inauguration Night—Charming and Unique Features Which Called Forth Many Plaudits—Those Who Took Part

Bright and catching "Parada" made its initial appearance at the Grand last night. Nothing but enthusiastic praise was heard of the performance. Gorgeous costumes, bright, scintillating music, seductive dances and rhythmic drills contributed to an ensemble which has never before been approached in a like entertainment in the history of Chatham.

The success is doubly a laudable one considering the short time allowed for preparation. In two short weeks this pleasing effect has been obtained. Those two weeks, however, have been redundant of indefatigable and tireless effort on the part of those directing and directed. The Ladies of the Hospital, who had the courage to undertake the affair, deserve the greatest praise for their enterprise, as do those who have so cheerfully and ungrudgingly given their time and services. Capt. Eddy and his able assistants, Misses Beck and Emery, fully deserve the commendations that were so freely accorded performance by last night's audience.

With the exception of Friday, a performance will be given every evening this week, with a matinee on Saturday. It is hoped that the public will accord these performances the support they most undoubtedly deserve.

The curtain rang up sharp at 8 o'clock upon a tableau of all nations, consisting of all the performers. The effect was greatly enhanced by the lighting and scenic effects. Immediately following this came the fairies' dance. These little tots looked charmingly sweet in their spangled white dresses and met with rounds of applause, which they repaid to with a sedateness worthy of the most-seasoned performers.

MANHATTAN.

This, the succeeding chorus, was composed of four young men dressed as dudes in frock coats and silk hats, having, as partners, four other young gentlemen dressed as ladies. The first couple consisted of D. Fearman and Miss Lewis, gowned in sombre black with a heliotrope sash and daisy hat.

Following this couple came Myrtle and Miss "Frankie" Dennis, in a cream Paris creation with hat and hair to match. Next came Harry Pritchard with two charming young "not out," one hanging on either arm—Misses Garnet Montgomery and "Duke" Koffage. Both young ladies were very chic and showed their maidenly charms to great advantage in low neck and short sleeves effects. Owing to some oversight Miss Montgomery's pompadour did not arrive in time for the performance. Harold McDonald sang the solo part, looking every inch the part he was to play, while the others displayed their charms.

The Japanese drill was next put on, D. Fearman making a most capable Mikado, with Miss Ruby McKenzie, a dainty tot, as his mistress of ceremonies. The Geisha girls of the chorus were kimono-gowned and ably portrayed the inhabitants of the Flowery Kingdom.

THE CINDYS.

Headed by Miss May Peate, the so loist, a bevy of yellow costumed young ladies with picture hats sang the seductive refrain of "I'm waiting for you, Cindy." The song was accompanied by a lithe and graceful dance.

THE NEWSBOYS.

Fifteen boys, all appropriately dressed for the part, performed this drill, Edwin McDonald taking the solo "Sweet Mamie O'Hooley."

THE IMPERIALS.

These had a suggestive name and quite lived up to it. Miss Edith Holmes took Miss Smith's part at the last moment, rendering the management under a debt of gratitude to her.

THE DAISIES.

proved to be one of the most taking choruses. Perhaps this is explained by the fact that Miss Kathleen O'Hara was in the title role, singing the solo part. When Miss Ruby Gordon's voice forsook her, through a severe cold, Miss O'Hara cheerfully assumed the former young lady's roles in addition to her own, an act of generosity entailing much hard and hurried practice. Miss O'Hara has not

been heard by a Chatham audience for some time and the surpassing sweetness and range of her voice both surprised and delighted. Her rendition of "Listen to the Band," in the Hussar chorus, was delightful. She also took the role of the Gypsy Queen with infinite ability and grace.

THE FLORAL ARCH.

This was a drill composed of twenty cute young misses with gowns and arches beautifully flower trimmed.

PART II.

A Night In Camp.

A section of the 24th Regiment took part in this, a tableau much enhanced by the judicious use of lighting and stage effects.

PART III.

Was descriptive of a Gypsy camp, the home of a Gypsy bride, this part being taken by Miss O'Hara. The stage had a very weird appearance as the curtain rang up, with the Gypsy chorus, recumbent, scattered about amid woodland scenery. Slowly the day dawned, Miss O'Hara singing "The Gypsy Queen's Declaration," in a voice rich and true. The chorus was costumed appropriately, both boys and girls appearing like reprints from some passionate Gypsy tale—the girls with bright beaded dresses with scarves to match; the male members of the chorus looking very bandit-like and ferocious.

Before the assembled Gypsy camp little Beatrice Goodlove recited "In Petite Minuette," a tale of the days of our grandmothers. This dainty little Miss captivated the audience with her tale and the manner of its portrayal. Miss Muriel Hennessy, whose stage presence is of the best, sang "Jane From Maine," and Miss Amy Boles, the possessor of a sweet voice, sang "The Moon, the Coon and the Little Octoroon," a refreshing piece of melody to the accompaniment of a graceful pirouette. The scene closed with Gypsy revelries and a rollicking dance.

PART IV.

The final part of the program opened with the Fleur de lis chorus, participated in by nine charmingly costumed young society ladies, with Miss Iva Stegman singing the solo. Continued on Page 8.

LOOKS HOPEFUL

Large American Industry May Establish Canadian Branch in Chatham—Employs 500 Hands

Verily Chatham's fame has gone abroad in the land! The latest manifestation of this acknowledged truth is the decided possibility that a large American industry may locate a Canadian branch in Chatham.

In order that other cities may not bid for the acquisition the name of the concern is withheld. It is, however, an industry not at present represented in Chatham, and will employ about 200 hands. The Mayor is in correspondence with the officials. The Canadian representative of the firm stated in his last letter that the management were strongly prejudiced in favor of Chatham and that they would visit the city the next time they were in Canada. By the way, let's get after the electric lighting service and get it fixed up before they arrive.

DASHED ON TO DEATH

Speeding Through Blinding Storm on Motor Car a Blenheimite Crashes Into Locomotive

Husband Came from Erieau to Chatham, Where He Heard the Sad News—Bride of Two Months Only

London, Sept. 4.—Blinded by a driving rainstorm, James Vadden, head lineman for the C. P. R. Telegraph Company, and Mrs. Wm. Dean, wife of Vadden's step-son, ran into C. P. R. engine No. 933, while riding to the city on a railway gasoline motor car Saturday night at 7.55, and were both instantly killed.

The engine was backing to Newbury in charge of Engineer George Rodgers, and Vadden and Mrs. Dean were fleeing through the storm, which caught them while they were on a ride for pleasure.

Wm. Dean, formerly of this city, now of Blenheim, is likely at the present time, in his yacht sailing for Port Stanley, and the news of the accident has not reached him.

Mrs. Dean was married only two months ago. Saturday morning she left Blenheim. Continued on Page Four.

SWEPT TO DEATH BY WILD WAVE

Sad Tragedy at Erieau by Which Herbert Dawson of Romney, Lost His Life

Was on the Dump Scow When Tempest Struck Him—Was Swept Away Ere Help Came

Erieau paid her sombre toll with the rest to yesterday's tempest, which swept its death-dealing devastation over all the inland lakes—and Herbert Dawson, of Romney, a young employe at the dredging near the piers, was borne away by the gale.

The unfortunate young man was on the dump scow which was being towed out into the lake. The sea was wild and heavy, and a great wave broke over the scow, sweeping him seaward. The tow-line was cut immediately and the tug Michael Davitt endeavored to find the man, without success. The scow meanwhile drifted on shore, where it was beached and badly broken up.

SPLENDID CONCERT

A very largely attended and most successful tea meeting was held in the Union Hall, Tapperville, last evening. The harvest home services of this church were held on Sunday and the social part of the festivities followed, to close up a very successful year's work for this church under the guidance of their able pastor, Rev. Mr. Moorehouse.

The ladies of the church also deserve great credit for the capable manner in which they managed the social. Every comfort was provided for.

The musical part of the program was provided by the Christ Church male quartet—Messrs. Angus, W. M. Smith, John R. Smith, and Wilson. The quartet supplied the whole program of music and universal satisfaction and delight was plainly manifested.

The proceeds of the evening were large and highly satisfactory to the church.

HEAR! HEAR!

The following from the Leamington Post has the Dominion's endorsement and is in line with the petition of the Ridgetown Gun Club recently handed to Hon. Dr. Reaume by Game Warden Wigle.

A petition is being circulated asking the department to change the close season for duck shooting from the 1st of September to the 1st of October. The former date is too early. The only birds here at that time are those that have nested and hatched, and before other birds come in these have all been killed. The season, too, is too early, and the birds are quickly spoiled. Make the date October, or even November, and there will be better sport and fewer birds destroyed. We trust the department will listen to the prayer of the petition.—Ridgetown Dominion.

DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitution—an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Mothers Are Helped
THEIR HEALTH RESTORED

Happiness of Thousands of Mothers Due to Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's Advice.

A devoted mother seems to listen to every call of duty excepting the supreme one that tells her to guard her health, and before she realizes it some derangement of the female organs has manifested itself, and nervousness and irritability take the place of happiness and amiability.

Tired, nervous and irritable, the mother is unfit to care for her children, and her condition ruins the child's disposition and reacts upon herself. The mother should not be blamed, as she no doubt is suffering with backache, headache, bearing-down pains or displacement, making life a burden.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for this condition. It strengthens the female organs and permanently cures all disorders such as this letter describes:

Dear Mrs. Pinkham: "Being mother of five children, I have had experience with the general troubles of my sex. I was lacerated when one of my children was born, and from that hour I date all of my afflictions. I found that within a few months my health was impaired, I had female weakness and serious inflammation and frequent flowing spells. I became weak and dizzy, but kept on my feet, dragging through my work without life or pleasure. A neighbor who had been helped by taking Lydia E. Pinkham's Vegetable Compound insisted that I take at least one bottle. I did so, and felt so much better that I kept on the treatment, and it made me a strong and well woman. The few dollars I spent for the medicine cannot begin to pay what it was worth to me."—Mrs. Anna McKay, 325 Spadina Ave., Toronto, Ont.

Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

KNOWN HERE

Invitations are out for the wedding of Miss Mabel Richardson to Dr. Murray, of Detroit. The prospective bride is well known here, her father having been Dr. Richardson, who died here some years ago. The groom is a young medical man rapidly forging to the front in his profession.

DISTRICT DOINGS
TILBURY

Sept. 2.—Rev. Mr. Dobson is in Merlin to-day conducting the funeral services of an infant child of Mr. and Mrs. John Sales.

Merlin baseball team will play the local club here next Monday morning.

Tilbury fall races will be held here on Labor Day.

Dr. McColl and wife leave to-day to visit relatives in St. Thomas.

Miss Gertrude Stevenson was this week the guest of Mr. and Mrs. J. S. Richardson at "Bide-a-Wee" cottage, Willow Beach.

Miss Stinson is a Detroit visitor to-day.

Public school will re-open here next Tuesday, 5th inst.

Father Langlois, who has been in charge of St. Francis parish here for the past fourteen years, has been appointed to the church at Tecumseh and will leave in about three weeks for his new charge.

CURED OF LAME BACK AFTER 15 YEARS OF SUFFERING.

"I had been troubled with lame back for fifteen years and I found a complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gilliam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by all druggists.

BUXTON.

The picnic which was held in John Roe's Grove, by the Foresters was a very successful one. The day was fine and a large crowd gathered from far and near, and some very exceptional music and singing was rendered by J. R. Smith, of Chatham, and Miss Smith of Dutton. Also a few interesting speeches were given by H. S. Clements, M. P., Archie McCaig, M. P., Geo. Wands and Jas. Chinnick.

The football match which was played between Buxton and Merlin ended 2 to 1 in favor of Merlin. The ball which was given by the I. O. F. in their new hall, was the best held in the village. People gathered from Chatham, Blenheim, Charing Cross, Cedar Springs, Merlin, Fletcher and many other points. The music was furnished by the McPherson's orchestra, of Cedar Springs.

Thomas Young, relieving operator on the Pere Marquette R. R., spent a few days with his parents here.

Miss Helen Young left for Detroit this morning.

Miss Nellie Gilhula, who has been spending her holidays with her friends and relatives at Ouvry and Buxton, left this morning for her home in Detroit.

Rev. Newton Hill and wife, of Toronto arrived here this morning after a trip through the Western States, to spend a few days with Mr. Hill's brother, John Hill.

We are pleased to learn that the infant son of Mr. and Mrs. Ed. Ran-

dall, who has been seriously ill, is improving fast.

Mr. Thomas Abbott lost a valuable horse last week. The horse got loose during the night and made love to a load of wheat, standing in the barn yard, dying shortly after.

The farmers are busy preparing their land for fall wheat. Why does not the pathmaster for either or both sides of the Centre road towards the lake, see that all such noxious weeds as those growing to such an enormous height are cut down? It is really a disgrace to the township.

Miss Pearl Smith, of Blenheim, was the guest of A. Holland, over Sunday.

Miss Alice Patten, of Tilbury, is spending a few days with Miss Velma Bennett.

Misses Maggie and Hilda Young were the guests of Miss Ella Broadbent on Sunday.

A GEORGEOUS ELECTRICAL AND MECHANICAL DISPLAY.

In brief, the plot is as follows: Faust, a learned alchemist, doctor of philosophy, having reached that age when all pleasures of the world contain fails, invokes the aid of the spirits to give him new emotions, that life might be worth living. In response to his frenzied appeal, Mephisto appears and agrees to give Faust youth, health and passions, and all the pleasures of the world upon condition that when the gamut has been run his soul shall belong to Mephisto. Faust is dazzled and held spellbound by a beautiful vision of Marguerite, wrapped in an angelic halo, which fades away as he passionately rushes upon it. He accedes to Mephisto's demand and a compact is drawn between them. The aged and senile philosopher is transformed into a handsome youth, burning with passion and eager with anticipation.

WILL GUARANTEE PEACE.

Anglo-Japanese Alliance Regarded Favorably in London.

London, Sept. 2.—Diplomatic circles here are taking deep interest in the new Anglo-Japanese treaty, but as yet they are not in possession of anything beyond the broad outlines already published.

They are satisfied that it provides a defensive alliance, on one hand guaranteeing Japan the fruits of her victories in the Far East, and on the other hand ensuring Great Britain against aggression in India. The diplomats express themselves well satisfied that it guarantees peace. In German circles, the treaty is looked upon favorably. It is expected that it will be promulgated immediately upon the signing of the Portsmouth treaty.

TWIN POWERS MAY AGREE.

Negotiations Between Sweden and Norway Will Result in Accord.

Copenhagen, Sept. 2.—It is expected that the negotiations between Norway and Sweden will soon result in a full agreement on the subject for the dissolution of the union.

Well informed persons presume that Sweden will give up her claim for the razing of the fortresses on the Norwegian frontier, being satisfied if the forts are not armed.

The Swedish court favors the candidacy of Prince Charles of Sweden for the Norwegian throne, but it is not certain that the Riksdag will accept the Norwegian offer of 700,000 crowns (about \$175,000) yearly as an allowance for the eventual King.

NEW THOUGHTS.

Are you growing more attractive as you advance in life?
"Given a healthy body," says Dr. R. V. Pierce, the specialist in women's diseases, of Buffalo, N. Y., "and a healthy mind and everyone can cultivate and enjoy happiness."

"We must eat properly and digest well to be beautiful. It is a fact that any form of dyspepsia may in a few days transform a clear, white skin into a mass of pimples and black spots. A beautiful woman has the beauty of her stomach."

Dr. Pierce's Golden Medical Discovery maintains a person's nutrition by enabling one to eat, retain, digest and assimilate the proper nutritious food. It overcomes the gastric irritability and symptoms of indigestion, and thus the person is saved from those symptoms of fever, night-sweats, headache, etc., which are so common. A tonic made up largely of alcohol will shrink the corpuscles of the blood and make them weaker for resistance.

"This is to certify that I have used Dr. Pierce's Golden Medical Discovery, which is the greatest medicine in the world," writes Mrs. V. M. Young, of West, W. Va. "I had dyspepsia in its worst form. I decided to try your medicine. I used five bottles, and now I am doing my own housework. A number of my friends also are using Dr. Pierce's medicine and they recommend it highly. May God bless you in your grand work."

Dr. Pierce believes that a tonic made with alcohol will shrink the red blood corpuscles; that is why he avoided the use of any alcohol or narcotics in his "Medical Discovery," which contains the pure extract from roots and herbs without a particle of alcohol.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for dyspepsia or debility.

Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

PASSING OF THE CHATEAUX

Palaces of the World Coming More and More Into Public Ownership.

The great royal chateaux, not of Touraine only, but of the world, are all nearing their appointed end of public ownership. Kings build; peoples inherit. The palace in its uses broadens slowly down to the multitude. The smaller houses sometimes fall by purchase to the middle class, but that is only the change in one of its stages. The larger ones soon reach the museum and the pleasure ground, and this even in countries and at times that are not distinctively republican. Louis XIV. built Versailles. Who holds it now? The caretaker for the man in the street. The Louvre is a museum. The Tuilleries has gone to make way for a garden. Kensington palace is now among the sights of London. Windsor castle is not much more, and lately, when there happened to be no music for the visitors to the castle on a public holiday, the royal band, "to prevent disappointment," was hastily recalled from a distant scene. The Tower of London, once a palace, now holds the regalia that serve as a toy for the crowd. Potsdam and Sans Souci are, for all and several, in the same sense. So is the huge Escorial. The Kremlin of the czars is no better, and even The Hermitage, which, strictly speaking, is one of the halls of the Winter palace at St. Petersburg, is a picture gallery to which all could find their way until the nihilists threatened its integrity.

So passes the glory of the world. But that glory, in the chateaux of old, was often so closely allied with shame and misery and corruption that their last state, as playgrounds for the tourist, may still be better than the first—Century.

Some people make mountains out of molehills, and others just put up a bluff.

HEAT AND TANNED SKINS.

The Miracle That Nature Performs When Sunburn Occurs.

There are certain arctic animals, dark coated in the short summer, that in winter turn pure white, thus matching the snow covered landscape and escaping notice and harm.

This change of color, this protection, effected no one knows how, is wonderful, as wonderful as a miracle, and yet a kindred change of color, a kindred protection, happens among mankind every summer, and nobody ever notices it.

When the pale city people go out in the summer sun at the seashore or the mountains the light attacks them fiercely, first reddening their skin, then swelling, blistering and scorching it. If they kept in the sun enough, and if no miracle occurred, the light would kill them finally, burning off the skin first and afterward attacking the raw flesh.

But a miracle does occur. The skin changes from a pale color to a tan and on this tan the sun has no effect. The sun may beat on tan colored skin for days and weeks, but such skin remains always sound, unblistered, whole.

Thus nature works a miracle. The white skin is suffering, and nature, aware, somehow, that a tan skin is sun proof, changes to tan the white. How does she do this? Where did she learn that it was wise to do this? No one knows. Only the fact of the miracle remains.

To prove this miracle—to prove that it is not the hardening of the skin, but the change in its color which protects it from sunburn—is an easy matter.

Let a pale person, unused to the sun, stain one side of his face yellow, and, leaving the other side untouched, go out in the bright summer sun for a couple of hours. The one side of his face is no tougher, no more hardened than the other, yet the unstained side will be inflamed, blistered, while the tan colored one will be quite cool and unharmed.

Sunburn is a miracle, a protection to mankind as inexplicable and as wonderful as the miracle of the arctic animals' change in the winter from dark coats to snow white ones.

MAKE YOURSELF KNOWN.

A Little Story That Shows the Value of Acquaintances.

How professional men make acquaintances can be illustrated by the story of two men whom I know. One of them, a dentist, had a practical father, who taught him how good an investment good clothes and many friends might be. This doctor lived for many years at leading hotels and at evening mingled socially with the guests. There was never a pleasanter man than he at these leisure times, nor a man of better appearance, although during the early years he was constantly in debt to his father, and in all this social life he never mentioned his profession or his work unless such personal talk came naturally into the conversation. Each year he went to Europe and dined at the captain's table, always in immaculate evening clothes. Sometimes he went and returned by the same ship, for there was no time to gain by staying abroad. Everybody liked him, and today he has an immense practice, a considerable proportion of which he admits frankly can be traced to his steamship acquaintance. One day a year ago he met a lawyer of about his own age and degree of success at their club.

"I'm going abroad Saturday," said the lawyer. "Come along," he added, half in jest. The doctor hesitated for a moment in thought. "All right," he said. "What boat?" The lawyer told him and then asked with some surprise how he could manage to be away on such short notice, and if he had intended to take his vacation at that time. "I've been over eighteen times," said the doctor, with a genial smile, "and for the same reason that you have gone and are going. We'll work the boat together, you and I."—Arthur Goodrich in Leslie's Monthly Magazine.

The First Anthracite Coal.

When the first two tons of anthracite coal were taken into Philadelphia, in 1803, the good people of that city, so the records state, "tried to burn the stuff, but at length, disgusted, they broke it up and made a walk of it." Fourteen years later Colonel George Shoemaker sold eight or ten wagon loads of it in the same city, but warrants were soon issued for his arrest for taking money under false pretenses.

Invaluable.
"In what way could you be of any use to an employment bureau?" said the proprietor.
"Simplest thing in the world," replied the shiftless looking applicant. "You are always in need of men to fill positions, and I'm always out of a job."

A Step Too Far.
"Author—it's a wise man who knows when he's well off."
"Friend—Yes."
"C. told me that everybody was talking about my new book."
"And what then?"
"I was foolish enough to ask what they said."

Patillation.
"We are going to give an amateur dramatic performance in aid of a worthy charity."
"Why, that, of course, is an extenuating circumstance."

When you go in to collect a bill, the man at the counter is less apt to inquire about the health of your family than when you go in to pay one.

Good tea must be grown under proper conditions

LOW, damp or swampy lands in a warm, humid climate produce tea of rank, rapid growth, coarse in texture, woody fibred, rudely flavored—makes a cup heavy, murky in color, rough-tasting—it is poor tea.

But the Indian and Ceylon teas used to make the Red Rose brand are grown on the high lands of India and the mountain sides of Ceylon.

These teas are grown in clear dry sunshine, they mature slowly, the leaves of the Ceylon teas are tender, delicate, finely flavored, but not strong.

The Indian teas thus grown are full bodied, richly flavored, smooth in texture, strong.

Such Indian and Ceylon teas combined in Red Rose Tea produce a cup of a rich rosy brown, strong and smooth—all the richness and strength of Indian, all the delicacy and fragrance of Ceylon teas—that "rich, fruity flavor" which belongs alone to Red Tea—more qualities of tea excellence than any Indian or brand of Ceylon alone can possess.

Red Rose Tea is good Tea

Acetylene Gas.
Acetylene gas is now used as an explosive. By means of an air mixture a force is obtained from it which can compete with that of powder and dynamite. Carbide of calcium is reduced to small particles and put into a tin box. In this the carbide lies at the bottom and above it is a partition filled with water. After the drill hole has been completed the cartridge is placed in it and the hole is closed with a wooden stopper. Then the partition is perforated by a blow from a pin and the water comes in contact with the carbide, whereby acetylene gas is generated. This mixes with the air of the drill hole. After five minutes the gas is ignited by an electric spark.

A Parisian Spectacle.
M. Berteaux, the French minister of war, is a man of resource. It rained the other day in Paris with remorseless fury. There was an exhibition of fencing which drew all Paris, and when it was over the ladies found the street turned into a lake. How were they to cross? All the military men, especially the engineers, were non-plused. Then the minister had an inspiration. He sent some soldiers for chairs and a double line of these was made across the street like a pontoon. Each distracted dame took the hand of a soldier and was conveyed over, the spectacle affording much gratification to the rest of the company.

A young widow who is young, handsome and rich, seldom gets lonely.

DIED.

SMITH—On Sunday, Sept. 3rd, 1905, Leslie, only son of Mr. and Mrs. Geo. A. Smith, Stanley avenue, aged seven years and seven months. The funeral will take place to-morrow afternoon from the residence at 3.30 to Maple Leaf cemetery.

THE LOCAL BUDGET

Mr. and Mrs. Hallman, Forsythe St., attended the wedding of their son, Garfield, at Berlin, yesterday.

Miss Lena Moore, Prince St., has returned home, after visiting relatives in the Western States for the past two weeks.

Mrs. Alvin Paupet, of Dresden, who has been visiting her sister, Mrs. H. A. Colville for the past few days, returns home this evening.

Wm. Foreman, Jr., has just returned from New York where he made a large number of purchases in millinery for the fall trade. These goods will be advertised in the course of a few days.

Three cattle were killed yesterday a.m. on the C. P. R. on the way up from Toronto Junction. The engine escaped injury. The Shamrock Lacrosse team of Toronto Junction were on the same train.

Out of 150 mink skins bought last week for special ruff and scarf orders, there are only 8 odd ones. Come choose your lot now and get the best of it. Urban.

Mrs. A. O. Oldershaw and son, Master Jack, of Annapolis, are the guests of Mrs. Wm. Young and Miss Helen Young, Harvey street.

The idea you get of our stock from our window is very faint, so if the display interests you, just imagine what you can see inside. Urban.

The funeral of Leslie Smith, only son of Mr. and Mrs. Geo. A. Smith, Stanley Ave., will leave the residence at 3.30 to-morrow afternoon.

A letter has just been received from Beudley, Minn., announcing the death of Rowley, third son of the late Chas. E. Pegley, in his thirty-second year.

Miss Sarah McLeod, of Detroit, formerly of this city, spent Sunday and Monday visiting friends in the city, and returned home last evening.

THE FAIR

Important Meeting of the Directors of the West Kent Agricultural Society Held Last Evening

A meeting of the directors of the West Kent Agricultural Society was held last evening in Harrison Hall with the following present—President A. J. Dolson and Messrs. A. J. Dowling, A. D. Westman, J. Clements and J. Houston.

The Fair this year, which will be held on Sept. 26, 27 and 28, promises to be a big one. The directors are leaving no stone unturned to provide every accommodation for their patrons and are now considering the advisability of running a city water main to the grounds to provide water for the stock.

D. McLachlan, John Glassford, H. S. Clements and A. B. McCoig were added to the committee on attractions. A member of the Ontario Cabinet has been invited to open the Fair.

The prize lists are out and are all ready for distribution. The Secretary is receiving many inquiries for these lists and he is ready to supply any information. Those who desire space in the main building should make application early.

A. D. Westman was appointed chairman of the Privilege committee and S. Stone chairman of the Attractions committee.

TORONTO WON

The Chatham Tecumsehs Defeated in a Closely Played Game Yesterday Afternoon

The Shamrocks of Toronto Junction and the Chatham Tecumsehs were the opposing teams in the lacrosse game at Agricultural Park yesterday afternoon. There was a large crowd in attendance—the grand stand was packed and the bleachers well filled—and it was rather a regrettable circumstance that the game was not as fast as it should have been. At times the play was good and it must be said that the Toronto boys played well and were in the game all the way through.

Another thing which marred the play to a certain extent was the roughness displayed. Several "scraps" were pulled off which were not creditable to either side. This was largely due to lack of firmness on the part of the referee.

The final score was 4-2 in favor of the Shamrocks.

DASHED TO DEATH

Continued from Page One.

heim to spend Sunday with Mr. and Mrs. Voden. Her husband had planned an outing, and he proposed that his wife should come on the train and that he should journey from Erieau in his yacht to Port Stanley, and then meet his wife in a small boat, and that he would take her to the left Blenheim for Chatham, there to take a train for London.

Fears were entertained for his safety up till a late hour, because it was believed that he had left Kondeau boat, and that Percy in a small sail boat, and that he possibly had been caught by the storm which blew over the lake Saturday night.

BIG CELEBRATION

Tupperville's Civic Holiday was celebrated last Friday and they had a most amusing and successful celebration. This little village is one of the most up-to-date for its size in the County, as was shown by the excellent demonstration held.

In the morning races were held—men's, girls', boys' and fat men's. In the fat men's race Percy Farrell was the winner. Percy is a fast man and his backers are talking strongly in favor of matching him against J. W. White, of this city.

Another baseball game was played between Tupperville and Wallaceburg in the evening which resulted in a victory for Tupperville by a score of 20 to 14.

SCOFF LIVES LOST.

Str. Sevona, Barge and Schooner Go to the Bottom of the Lake in Big Storm.

Ashland, Wis., Sept. 5.—More than a score of lives were lost and property valued at half a million dollars was destroyed in a furious storm that swept over Lake Superior from Friday night to Sunday night, according to reports received up till last night.

Besides the wreck of the steel steamer Sevona, which broke in two on Sand Island reef, seven of the crew, including the captain, losing their lives, the barge Pretoria of Bay City, Mich., carrying a crew of 10 men, sank, five sailors drowning.

The schooner Olive Jeanette, with a crew of seven men, is also thought to be lost. The Olive Jeanette, it is believed, went to the bottom about 10 miles from Port Arthur.

Sault Ste. Marie, Mich., Sept. 5.—As a result of the terrific storm which has prevailed over Lake Superior for the past 36 hours, only two steamers have arrived in that time, and there is great anxiety among seamen for the safety of the 50 more craft which are on the lake.

The steamer R. L. Ireland arrived with her forward deck lowered five inches by water she had shipped. Mate Smith was washed overboard and drowned.

Four Drown Off Launch. Detroit, Sept. 5.—Panic-stricken at the flash of flames when a lighted match was carelessly thrown into some gasoline in the bottom of the launch Ben Hur Sunday night at the St. Clair flats, a number of the thirty passengers on the launch jumped overboard. Four of them were drowned.

LABOR DAY.

Procession of 8,000 Melts Into the Crowds at the Exhibition.

Toronto, Sept. 5.—Labor Day here witnessed an enormous procession of organized labor organizations—estimated at 8,000, and forming a column over a mile in length. It was Citizens' Day also, and the two contributed the greatest gathering that ever flocked to the exhibition grounds on any one single day. Nearly 120,000 people passed through the turnstiles.

At the directors' luncheon was honored by President McNaught calling upon John Tweed and James Simpson, local labor leaders, for speeches. Hon. Geo. E. Foster, Sir George E. Drummond and Mayor Urquhart were also called upon as citizens.

Hon. T. Noss, Japanese Minister to the Dominion of Canada, has arrived here with his three little daughters to visit the fair. He reports that Baron Komura will sail direct from Portmouth and that he will not visit Canada. Of his own visit he said last night: "I have come to the expectation because it is the strategic point from which I can see the goods that Canadians produce."

A baseball game has already been arranged between the Mayflowers, of Detroit, and the Chatham nine.

WHO KILLED THE DOG?

Quite an exciting time occurred on Murray St. at noon Saturday. A colored resident of that vicinity came home from work to find his pet dog lying out on the road shot dead. He had his own suspicions as to who shot the dog, and he approached the man he suspected with a few hot words that were decidedly uncompromising, and even threatening. The charge was denied by the other and a wordy quarrel ensued. It finally ended by the colored man walking away announcing in no uncertain manner what he intends to do to the man who shot the dog.

THE GRAY CARRIAGES LEAD

The most attractive and elaborate display in the Transportation Building is that made by the Wm. Gray & Sons Co., of Chatham, and so striking is the exhibit that it is constantly surrounded by crowds of admiring spectators. The most admired feature is a beautiful patriotic tableau, containing a large transparent picture of the company's extensive plant at Chatham, highly illuminated from behind. On the miniature lawn in front of the picture the word "Gray" is formed in red incandescent bulbs, which throw a brilliant glow over the exhibit. On either side and above this view is a handsome patriotic design, in which bunting and flags are liberally and artistically used. Two uniformed British soldiers on horseback guard either side of the foreground. Over all is shed the soft light of myriads of Chinese lanterns, lit by electric lamps. Throughout the exhibit exquisite designs in bunting and beautiful shields hang on the walls. The company show about 60 of the vehicles which have made the name "Gray" a synonym for high-grade products in the Canadian carriage world. All visitors to the Fair should make a point of seeing this magnificent exhibit.

WILLIAM GORDON

STEREOPTICAN

Stereoptican views will be given at the Salvation Army to-night by Ensign Thomas Bloss, of Toronto. The service will be entitled "Coming of the King," and 120 beautiful colored views will be thrown upon the canvas by a powerful limelight. Ensign Bloss travels in the interest of the Army in New Ontario from Toronto to Sault Ste. Marie, and at present is spending a few days with his brother, the Adjutant, in town. He visited Chatham some ten years ago with the band of "the steamboat" "William Booth," and notices a great improvement in the city since then. He assisted at the meetings at the Barracks on Sunday, which were attended by very attentive crowds. A large crowd is expected at the Barracks this evening. No charge will be made, but every one is welcome.

The Banner of Honor and Victory AWARDED TO Diamond Dyes

BY FIVE CONTINENTS AND THE ISLES OF THE SEA.

Diamond Dyes, the only honest and perfect package dyes now before the women of the world for successful home coloring, have been awarded the banner of honor and victory by five continents and the isles of the sea, for purity, strength, brilliancy, beauty of colors and never-fading qualities.

Diamond Dyes with a record of twenty-five years of marvellous and delightful work in the homes of the world, have been imitated. The result is, that many of our women and girls have frequently been deceived by having worthless package dyes forced on them, which have proved disastrous to good materials and valuable garments.

When buying package dyes, the exercise of a little care will save our women much trouble and annoyance. Ask for DIAMOND DYES, and see that the words "Diamond Package Dyes" appear on each envelope you are offered. Send to Wells & Richardson Co., Limited, Montreal, P. Q., for valuable book on home dyeing, and card of 48 dyed cloth samples. Sent free to any address.

Young girls keep in mind some little sayings for emergency cases.

St. Isidore, P. Q., Aug. 18, 1904.

MESSRS. C. C. RICHARDS & CO.

Gentlemen,—I have frequently used MINARD'S LINIMENT and also prescribed it for my patients, always with the most gratifying results, and I consider it the best all-round Liniment extant.

Yours truly,
DR. JOS. AUG. SIROIS.

THE TONIC OF HEALTH

Must be more than a stimulant—must be a food as well. There is one medicine that is both a food and a tonic—it aids digestion, promotes assimilation, converts food into nutriment that builds up nerves, blood, brain and bone. That tonic is Ferrozone, which contains exactly what a run-down system needs. Ferrozone supplies oxygen to purify the blood, phosphorus to develop the brain, iron to harden the muscles. No wonder makes such vigorous men and women. You'll eat, sleep, think and feel better by using Ferrozone: try it—now. Fifty cents buys a box of fifty chocolate coated Ferrozone tablets, at all dealers.

OUVRY.

The Misses Shaw of Chatham, are visitors at Mrs. Joseph Stephens. Miss Ella Richards, of Blythwood, is visiting at Mrs. Watson's and calling on old friends.

The Misses Peacock, of Blenheim, visited Mrs. Fred. Elliott on Sunday.

Mrs. Laura Smith, of Dutton, sang a solo in the English church Sunday afternoon.

Oxford Chancellor Range

The Oxford Chancellor Range is built to stand the wear and tear of years of usage. The body is constructed of heavy patent rolled steel plates, interlined throughout with asbestos millboard. The steel body is closely riveted together with specially clinched rivets, so that no matter how hot the fire the body will not warp and allow the heat to escape. This construction makes the Oxford Chancellor Range perfectly and permanently airtight. No leakage into the flues, stopping the draft and impairing the oven heat, is possible.

The asbestos interlining insulates the heat of the range the outside of the range never getting overheated. If you would know more of the Oxford Chancellor Range write us, and we'll tell you all about it and where you can see it.

PERSONAL BEAUTY.

Every Time a Woman Worries She Loses a Little of It.

There is a saying that "Every time a sheep bleats it loses a mouthful of hay." Every time a woman worries she loses a little of her attractiveness and takes on marks of age.

If your servant scorches the soup or overcooks the meat, never mind. You cannot afford to worry about it, and if you could her you make up your mind to lose some of your beauty, to let go some of your magnetism.

If the members of the family are habitually late try to remedy it, but don't worry about it. If you do you will grow older in the process.

If your husband or children do things which do not please you do not nag at them. This will only aggravate the evil you complain of and it will cost you some of their love and respect. Every time you nag you will lose a little of your power to charm and attract them to you.

If the cleaners spoil your favorite dress don't get angry about it. An outbreak of hot temper will take away much more of your attractiveness than your dress could supply.

If you lose your pocketbook don't worry about it. Worrying will not bring it back, but it will take out of your face and disposition that which money can never replace.

If you meet with bitter disappointment don't fret, don't cry over it. If you do you pay a penalty which you can ill afford. No woman can fret and nag and worry and keep away the marks of age—or retain her beauty and power to please.—Success.

VALUE OF LAUGHTER.

Merriment in the Home Leaves No Room for Heartaches.

If more women realized the saving grace of laughter there would be fewer tragedies and heartbreaks in this world.

If you, dear madam, were able to make your lover laugh you might consider yourself clever. But if you can keep your husband laughing you are still more clever.

You see, a man's life is usually full of duties and cares that you possibly cannot realize. If you could, perhaps you might try to chase the heaviness from the spirit of moodiness from the mind of your best beloved, in place of sitting silent and grieved at his want of cheerfulness.

Sometimes you feel that so much merriment may be beneath your dignity. Don't believe it. Men often long for the joyous spirit that so charmed them in sweethearting days.

It seems a little thing to provoke laughter, does it not? Somehow you think it hardly within the lines you have drawn for the conduct of a wife.

But it is a saving grace you may depend. A man rarely reaches a period of life when there is no more of the boy left in his nature. The mischievousness is still there, or, rather, the spirit of it, and you need but give the opportunity to bring it forth, with great benefit to the family generally.—Chicago Journal.

THE HOME DOCTOR.

A good cure for indigestion is a full teaspoonful of glycerin in a little water, to be taken at or food.

For tender eyes make an infusion of one handful of cornflowers in a pint of hot water. Let it stand one hour. Strain and use either tepid or cold.

Ointments should always be kept in a cool place, for if the lard becomes rancid serious irritation may result in the case of skin diseases for which they are prescribed.

Cloths wet with alcohol and water or laudanum and water and laid on a hot water bottle will relieve neuralgia when the painful part is steamed over the bottle covered with the cloth.

Bolting vitægar applied as hot as can be borne to the gum and cavity of an aching tooth will allay the pain. Use a bit of absorbent cotton to pack the tooth cavity and apply until relief is obtained.

Athletic Womanhood.

The new woman can take care of herself anywhere; she wants no kisses, nor does she resort to womanish screams in time of peril. She wastes no words, but proceeds to knock the man down. Could all women learn this art of self defense it would doubtless be a very good thing, for the revolver is never where you want it, but the real lady would carry a knife. But our fists we have always with us, and with a few lessons in boxing or jiu jitsu we can feel ourselves equal to all occasions.—Philadelphia Telegraph.

Hold Your Head High.

Nobility has difficulty to express itself in a sunken chest. If the knees are bent and seemingly too weak to support the body it is easier for them to shake with fear than if they are straight. Therefore, wives and business girls, stay-at-home misses and engaged lasses, keep your heads up. When the chin is raised, the chest high, courage and hope are indicated. The mind follows. It is true that a woman keeps her head up because she is hopeful; but even if hope is wanting, lift up the head, and it will come the sooner.

Violet Dentifrice.

A dainty and refreshing violet dentifrice is made from 400 grains of distilled water, 10 grains each of bicarbonate of soda, alcoholate of peppermint and essence of violet and 1 gram of carbonate of magnesia. Dissolve the soda in the water and peppermint, beat the magnesia and essence together and pour the liquid on it little by little and filter.

PANDORA GRATES

The Pandora Range has more labor-saving features than any other range. Its labor-saving features are practical, real, muscle-saving devices.

The grates are triple, that is, there are three instead of two

as is usual in common ranges. The grates are geared into each other at the shaker. Because there are three instead of two wheels gearing into each other, the leverage is twice as great and the effort of turning them is just one-half, so that is why the labor of shaking down a Pandora Range is just one-half of that in common ranges.

Then, when a grate burns out you can remove it in half a minute with a ten cent piece for a screw-driver.

In common ranges it takes an expert mechanic and a big plumber's bill to renew the grates, because the common range must be practically taken apart to get the old grate out. That is one big reason why the Pandora is the best range ever used in a kitchen, and it has dozens of other good parts. It actually does

"make kitchen work easy."

PROVINCE OF SASKATCHEWAN

Formal Act of Transition Took Place on Labor Day.

Lieutenant-Governor Forget Sworn In—Earl Grey and Sir Wilfrid Laurier Reviews the School Children—A Grand Parade Which Included a Cavalcade of Mounted Indians—A Message From King Edward.

Regina, Sask., Sept. 5.—Conditions could not have been better for yesterday's inaugural celebration, and the whole affair passed off with a swing that does infinite credit to Regina. Great crowds assembled from all parts of the new Province to witness the formal act of transition, and the capacity of the city has been taxed to the utmost. In perfect weather the proceeding opened at 9 yesterday morning by a review of school children in Victoria Park by the Governor-General and Sir Wilfrid Laurier.

LIEUT.-GOVERNOR FORGET.

ture was a cavalcade of mounted Indians trapped out in war paint and finery, a gorgeous survival of the picturesque past. Coming close behind, the pioneers of 1852-55 presented a sober but not insignificant appearance. The parade took its way to the exhibition grounds, where a strong and perfectly mounted force of Mounted Police were in waiting with their battery.

Lieut.-Governor Sworn.

A central stand had been erected in front of the grand stand for distinguished visitors, and at high noon, after the combined mounted and line troops had gone through a series of movements, the new Lieutenant-Governor, Hon. A. E. Forget, was formally sworn in by J. J. McGee, Clerk of the Privy Council at Ottawa. A Governor-General's 21 gun salute was then fired by the police battery, accompanied by feu de joie from the 90th Regiment, thus formally issuing in the new Province of Saskatchewan.

In reply to the civic address, Earl Grey said that it would be his privilege to convey to His Majesty's troops and their devotion to the Queen. He had listened with interest to the story of the development of Saskatchewan, and he shared the belief that this Province would furnish happy homes for millions of Britons.

From the King. His Excellency then proceeded to read telegrams from Prince Louis of Battenberg, Colonial Secretary Lyttelton and King Edward. On proceeding to read the latter Earl Grey was interrupted for some time by sound after round of applause. The cablegram was dated from Marienbad, and read as follows:

"Accept my best thanks for your cable. Am deeply gratified by expression of loyalty on part of newly organized Northwest Provinces. Pray convey to them my earnest wish that great prosperity may be in store for them."

Signed, EDWARD R. and I.

The luncheon tendered by the civic authorities was a successful affair, covers being laid for 150 guests. Responding to the toast Earl Grey complimented Regina on her unique position in the wheat belt, and referred to Alberta and Saskatchewan as "new leaves added to the maple crown."

Sir Wilfrid Says Sacrifice. Sir Wilfrid spoke in his customary excellent after dinner vein, lightly touching on controversial questions. He concluded by saying that we were all working for a common purpose and common national destiny. Differences of opinion must occur when some of us are called upon to lay some sacrifice of the altar of country.

Sir Gilbert Parker followed in an optimistic strain, and Hon. David Laird, the first Lieutenant-Governor of the Territories, reviewed the pioneer period and said that there was no necessity to erect a wire fence between Canada and the friendly republic to the south.

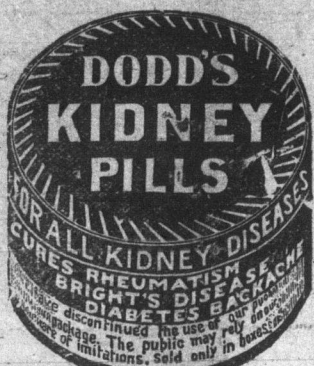

Last night a state banquet was held at Government House, at which all visitors were present. This was followed by the state ball and reception at the auditorium rink, while fireworks and illuminations in the city brought the day to a happy close.

Among the visitors are: Lieut.-Gen. French, William Mackenzie of the C. N. R., C. G. Chalmers, Commissioner of Hudson Bay Co.; Byron E. Walker, Cawthra Mulock, Toronto; Dan McGillicuddy, Senators Perley, Davis and Ross; N. W. P. Commissioner Perry, J. K. Walsh, Montreal, members of Parliament; D. W. Bole, W. F. Maclean, Dymont of Algoma, Lamont and others.

MR. RUTHERFORD CALLED ON.

Council to Hear the Objections to Granting Charter to New Railway—Harvey St. Protesters

An important meeting of the City Council will be held next Monday night. The statute which governs the granting of franchises to such concerns provides that, before a franchise is granted to an electric road which does not ask for a bonus, those who protest against the granting of the charter shall so signify their intention and shall be heard by the Council of the corporation from whom the franchise is desired. In pursuance of this provision the ratepayers on Harvey street filed a petition against the granting of a charter to the new Windsor, Essex & Lake Shore Railway to run along that street. At a special meeting of the Council to be held a week from next Monday night their protest will be heard and the advisability of granting the required charter considered.

The railway asking the charter will be represented in the person of their solicitor, G. J. Leggett, of Windsor.

parts. These stately mademoiselles wore light pink dresses of the Louis Quatorze style, large black hats. The powdered hair and longnettes added the touch necessary to make one imagine he was translated to a French saloon of that period.

BELLES.

These sixteen young ladies were quite what their name implies and performed a bewitching dance garbed in large red hats, white dresses and brown stockings with a sandal effect.

GAIETY GIRLS.

These seven young ladies provided a select part of the evening's program. Miss Riva Scogman also took the solo part in this in her own accomplished manner.

THE NATIONALS.

Another touch of patriotism was added by the Nationals in a well executed drill.

THE MANDYS.

Here the stage was again darkened. This time it was not by lighting effects but by the appearance of Misses Montgomery, Dennis and Lewis as coy dusky maidens and Messrs. H. S. Pritchard, Fearman and Merkel as the corresponding males. The girls, with great difficulty, gained sufficient control over their trains to do the ballet steps but the way hairpins were scattered over the stage was dreadful. A regrettable feature of the affair was the fact that Miss Frank Dennis "had just washed her hair and couldn't do anything with it." All were the recipients of boogies. They ducked when they saw them coming, thinking, perhaps, it was garden produce. Harold McDonald made a hit in the solo part.

THE HUSSARS.

This piece brought a bright program to brilliant conclusion. The stage appearance of the chorus was magnificent and their drill perfectly and rhythmically executed. The full chorus appeared on the stage at its conclusion and sang "Listen to the Band" before the curtain finally rang down.

Dodd's Kidney Pills doing Good Work around Port Arthur

Mr. Dick Souvey and Wife Both Had Kidney Troubles and the Great Canadian Remedy Cured Them.

Port Arthur, Ont., Sept. 4.—(Special)—That Dodd's Kidney Pills cure the kidney ills of men and women alike has been proved time and again in this neighborhood, but it is only occasionally they get a chance to do double work in the same house. This has happened in the case of Mr. and Mrs. Dick Souvey, a farmer and his wife, living about seven miles from here. In an interview Mr. Souvey said—

"My wife and myself have used Dodd's Kidney Pills and have found them a big benefit to our health. We had a gripe two winters and were exposed to much frost and cold. Our sleep was broken on account of urinary troubles and pain in the kidneys. We each took six boxes of Dodd's Kidney Pills and now enjoy good health."

KILL 50 IN BAKU RIOT

Disorders in Russian Caucasus Break Out Anew.

Bloodshed Is at Kishineff—Meagre Reports of Fighting, But Indications Are That Much Loss of Life and Property Damage Has Resulted—Peace Treaty to Be Signed To-day—Some Belated War News.

St. Petersburg, Sept. 5.—Despatches received by the Ministry of the Interior estimate that 50 persons were killed during the fighting at Baku, Caucasus, September 2, with a relatively large number of wounded, the majority of whom are Tartars.

No official accounts of Sunday's casualties nor of the events of yesterday had been received up to 6 o'clock last evening, but private despatches report that corpses are lying about the streets and that incendiary fires, which have already destroyed 141 buildings, are in progress.

Both factions, after the former disorders, supplied themselves fully with arms and they are now almost as well equipped for street fighting as the troops.

The situation not only at Baku, but also throughout the Caucasus, has been exceedingly tense for weeks.

The disorders at Shusha has just ceased when the street car strike at Baku furnished the occasion for another outbreak.

Advices from Baku says that the firing again commenced on Sunday, the Tartars attacking the troops with greater desperation. Thus far the killed or wounded, according to these advices, exceed a hundred. Prince Nisnerade was wounded.

Bloodshed at Kishineff. Kishineff, Sept. 5.—During the progress here yesterday of a funeral procession of Jewish women following the body of a poor woman who had been killed by roughs, shots were suddenly heard and the procession was charged by troops and police. Many of the workmen were wounded and fifty of them were arrested. Several are missing and are supposed to have been killed.

The Jewish Hospital is surrounded by soldiers and patrols are stationed at central points in the city.

Conflict With Armenians.

St. Petersburg, Sept. 5.—A private despatch from Baku, Caucasus, reports sanguinary encounters between troops and the Armenian employees of the street railroads whose positions had been taken by soldiers. Eight Mussulmans, three Armenians and one Russian were killed. The encounters continued until midnight.

Police Commissioner Murdered. Gori, Caucasus, Sept. 5.—Police Commissioner Avaloff was shot and killed yesterday. The assassin escaped.

THE PEACE TREATY.

Russian and Japanese Peace Envoys Will Sign It at Three O'clock This Afternoon.

Portsmouth, N. H., Sept. 5.—The peace treaty will be signed this afternoon at 3 o'clock.

A special train bearing the priest and choir of the Russian Orthodox Church in New York arrived last night. After the treaty is signed the Russian plenipotentiaries and attaches will proceed to Christ Church, Portsmouth, where a service of thanksgiving will be held.

To Celebrate Peace. Liege, Belgium, Sept. 5.—On the initiative of the French Commissioner to the Belgian International Exposition, now in progress here, a day will be set for a grand celebration of the universal peace, to occur as near as possible simultaneously with the signing of the treaty at Portsmouth.

STILL SKIRMISHING IN COREA.

Linevitch Reports That He Has Repulsed the Japanese.

St. Petersburg, Sept. 5.—Gen. Linevitch reports further encounters with the Japanese in Corea. In a despatch to Emperor Nicholas, dated September 3, he says that the Russians in Northern Corea, September 1, repulsed a series of lively attacks by six battalions of Japanese with 12 guns. The Japanese simultaneously commenced an offensive engagement against the Russian troops in the neighborhood of Kankergoul, in Petchonggonien Pass.

Glacé Peace Has Come. Liadapud, Manchuria, Sept. 5.—Reports received here from the Japanese army through Chinese sources represent the soldiers as being gratified that peace has been arranged, but many of the higher officers, including the staff, express a desire to continue the war.

War Correspondent Killed.

Berlin, Sept. 5.—Baron Karl von Bieder Kriegstein, war correspondent of The Lokal Anseiger, shot and killed himself accidentally while cleaning his rifle at Harbin on Saturday.

Thousands of Persons Homeless.

Constantinople, Sept. 5.—The fire which broke out at Adrianople Saturday raged until Sunday owing to lack of water. The greater part of each of the six sections of the city was destroyed, and the damage is estimated at \$5,000,000, only about one-fourth of which is covered by insurance. Thousands of persons are homeless.

Many Junks Wrecked.

Saigon, French Indo-China, Sept. 5.—A terrific typhoon has swept south of Haiphong and the southern belt of the Delta of the Tonquin coast is strewn with the wreckage of junks. No Europeans are among the victims.

Sixty Hurt By Bomb.

Barcelona, Spain, Sept. 5.—The number of persons injured by the bomb explosion on the Marine Parade here Sunday afternoon is now fixed at 60. Only two women were killed.

"Niagara" Pulled Off.

Bellefleur, Sept. 5.—The steamer Niagara, which was aground at South Point, near Presque Isle, light, during Sunday, has been released without damage.

about 270 in attendance. There will be a class of about 37 candidates for the entrance from this school this year. This school is in a very prosperous condition and is ready for a good term's work. The children attended service in the church this morning when Rev. Father James addressed a few words of kindly counsel to them, urging them to be faithful in their studies in order that they may grow up intelligent and creditable citizens.

At the Central it was a busy day. The school was well filled with pupils and the teachers were very busy. Miss Maggie Lapp is looking after one room which was to have been taken by Miss Burwell, of Sheldon, who did not arrive, having received a large increase to remain in her present position. Miss McCornock takes charge of 3B and is conducting her class in the auditorium at the library until the new room in the Central is completed. Miss Tobey, a new teacher, takes charge of 2B and Miss Turner is back as assistant director of the kindergarten. The floors of the school have been oiled and the basement whitewashed. Trustees Paxton and Robertson were present at the opening.

The Model school opens this afternoon. There were about 350 in attendance at the High school this morning. All of the teachers were present and a successful term's work is anticipated. The school has been thoroughly cleaned and repainted and presents a very creditable appearance.
