BLENHEIM

Blenheim, August 23.—Mrs. Nickle, of Blenheim, is a Chatham visitor. Miss L. M. Johnson, of Harwich, is visiting Mr. and Mrs. L. H. Johnson, Blenheim.

Orlo Coburn has returned to his home in Blenheim after spending his holidays in Chatham and Detroit.

Mrs. E. R. Van Velsor and daughter, Miss Mary, have been visiting Dr. J. Van Velsor, of Chicago, for the last few weeks.

Mr. and Mrs. G. Bond were holidaying at "Squaw Camp" cottage, Erieau, for the past week.

Franklin Taylor, of Cleveland, has been visiting his cousins, Cameron Langford and Freddie Arnold, for the last two weeks.

The Saints church congregation will hold an ice cream social next Monday evening, August 26, on Mr. R. Coburn's lawn.

Miss Mae James, of Cleveland, is visiting her mother in Blenheim.

Miss Minnie Stewart, who has been visiting in Chatham and Detroit, has returned home.

Mr. Ernie Burke, brother of Mr. Ira Burke, of Blenheim, is a candidate for the position of councillor for the city of Cleveland.

Dr. and Mrs. Hanks and family attended the Howard picnic at Rond Eau Park on Wednesday. They went out in their automobile.

Miss Elsie M. Hobson, of Blenheim, accompanied by her nieces, the Misses Florence and Georgie Kontze, are enjoying a trip down the St. Lawrence, visiting friends at different points en route.

Dr. Oscar Crookshank sailed yesterday on the Allan Line S.S. "Gorsian" from Montreal en route to the old country, where it is his intention to take a post graduate course in some of the leading hospitals.

The cool days and nights which we have been having have certainly been a very refreshing change. All growing things seem to have taken a new lease of life.

Mrs. Franklin and daughter, of Port Rowan, Ont., have been visiting Mrs. Geo. Taylor for the past week.

Mrs. Freeman Wilkie, Communication Road, met with a painful accident last Sunday. While driving home from Rond Eau Park the horse got frightened and, turning round suddenly, threw Mrs. Wilkie and the baby out, breaking Mrs. Wilkie's collar bone. The baby was unhurt. Dr. Marr, of Ridgetown, set the bone and Mrs. Wilkie is doing nicely.

TILBURY

Tilbury, Aug. 23.—Mrs. Scott, of Detroit, is the guest of her cousin, Mrs. W. J. Moffat, at Wandersmere, Tilbury-on-the-Lake.

Mrs. Carroll, who has been visiting her sister, Mrs. D. Smith, returned yesterday to her home in Hamilton.

Mr. and Mrs. W. R. Veale, Seaforth, arrived today to visit the latter's parents, Mr. and Mrs. J. S. Richardson.

James McIntosh, of North Liberty, Ind., and Maggie, daughter of Mr. and Mrs. N. Garbutt, Middle Road, Tilbury East, were married at the latter's home on Tuesday.

The cottagers at Tilbury-on-the-Lake entertained two large "busloads of young people from town at a "corn feed" on the beach last evening.

Mrs. Ethel Godbolt, who has been teaching the Grassy school, has been engaged to teach the primary division of the public school, instead of Miss Webster, of Owen Sound, who was unable to accept owing to illness in her home.

NOTES FROM ERIEAU

Erieau, August 23.—Mr. Ed. Northwood fished last night from about 6.15 till 10 p. m. and got—black bass have been very scarce here.

Mrs. (Dr.) Langford was the guest of Erieau friends yesterday.

Mrs. Will McGeachy is visiting the Misses Houston.

Mr. and Mrs. Will Paterson, Hill-yard Street, spent yesterday on the Bar.

Mr. Fred Chrysler is the guest of Mr. Alec. Bounassall.

Miss Nellie Abram is visiting her aunt, Miss Abram, at Shagannappee.

Mr. Morgan and family, of London, arrived to-day to visit his relatives.

The bright moonlight and a fine breeze made last night's band concert very enjoyable, and a large crowd was in attendance. The train service was entirely inadequate as large numbers came out during the day and two more cars at least were necessary to accommodate the crowd. The seats were all taken full a half-hour before the time for leaving, and the platforms were jammed with people, some hanging on in most dangerous positions. Some of those present were Mr. and Mrs. N. H. Stevens, Mr. S. Kilgale, Mr. M. Bates, Mr. R. L. Gosnell, and Mr. Alec. Murray.

Miss Sarah McKerral was one of the lucky fishers yesterday, catching a good-sized pike and a bass.

Mr. and Mrs. Ned Campbell, of Blenheim, spent Friday evening at the Eau.

The regular monthly meeting of the Women's Foreign Missionary Society, of the Methodist Church of Blenheim, was held at Thelma's, the summer home of Mr. and Mrs. Theo. Eckerling. The ladies came down on the noon train, and after an excellent dinner, provided by the hostesses, had their meeting on the verandah. Afterwards they were treated to a delightful launch ride, returning to Blenheim on the late train.

Mrs. Harry Horstead, Miss Josephine and Master Harry of Joseph St., spent Friday at the Eau.

Trinity Church, Blenheim, held their annual Sunday school picnic on the Bar Friday.

Mrs. Hooper King entertained her guests to a picnic at the Eau yesterday. Among those present were noticed, Mrs. Will Ireland, Stratford; Mrs. Alfred Rolfe, of Las Vegas; Miss Daisy King, of Kenora; Mrs. Kingmill, Miss Mary Kingmill, Masters Jack and King Kingmill. Miss Marguerite, of Chatham.

Miss Ida Powell, of Chicago, who is visiting her mother in Blenheim, was calling on friends at the Eau Friday.

Misses Annie and E. C. Gilchrist, of Wingham, are registered at the Bungalow.

THE HAMIL-MUCKLE PICNIC

The annual picnic of the Hamil-Muckle connection was held at Roudouan Provincial Park on Wednesday, the 14th inst. The day was a delightful one for an occasion of the kind, and there was a very fair attendance, taking into consideration the fact that the farmers are exceedingly busy, the harvest being about three weeks later this year than usual.

In the afternoon a very pleasant time was spent by the assembled gathering in strolling through the park, taking in the beauties of nature, which are quite abundant at this point, and getting acquainted with each other, a number of those present meeting many of their own relatives for the first time. The oldest lady present was Mrs. David Hamil, who is 81 years of age; the oldest gentleman, Mr. David Hamil, 78 years of age, and the youngest little lady was Miss Dorothy Birch, who was four months old on the day of the picnic. The oldest gentleman in the connection is Mr. Robert Hamil, of Ridgetown, who is in his 87th year, but owing to his just recovering from a severe illness he was unable to be present, which fact was regretted by all, as he is and always has been a general favorite, and the wish expressed on every hand was that "Uncle Robert" might yet have several years of healthy and happy life.

The evening was given over to the young people, and a real good time they certainly had. Kinhardt's orchestra occupied places on the pavillion and music and dancing was thoroughly enjoyed until midnight, when the gathering dispersed, sorry to part, but happy in the thought that they might all meet again on the 14th of next August.

The majority of those who attended the picnic reside in the surrounding country; amongst those from any distance were noticed, Miss Grace Muckle, of Kansas City, Mo.; Dr. and Mrs. Porter, of Central Michigan; Mrs. (Dr.) Lusk, of Michigan; Miss Bertie Birch and Mr. and Mrs. R. J. Birch and daughter, of Chatham.

BANK RATES.
 To the Editor of The Planet:
 Sir,—You are no doubt aware that the chartered banks have raised their rates. During the past six months the interest rate has been increased from one to two per cent. Where firms formerly had the use of money at 5 1-2 and 6 per cent., according to the size of their accounts, it is now 6 and 7, and occasionally 8 per cent. The reason assigned for the advance by bankers is that money is scarce and consequently dear. Granting the force of this argument, will any one of the bank managers in Chatham explain why when the money they loan to the public costs 6 to 7 per cent. that which they receive from the public in the form of deposits, is worth only 3 per cent. It is a poor rule that works only one way! Would the contention of the banks that they are forced to increase rates not carry more weight if they had advanced the rates on savings deposits?

Yours truly,
 A DEPOSITOR.

AN EXPENSIVE ENTERPRISE.

In a few weeks the Canadian branch of the Royal Mint will be ready for business.

Now, it may surprise the reader to know that \$12,500 a year is more than the average amount paid by the Dominion for the manufacture of all its coins, silver and bronze.

In 1865, in Great Britain, 1,200,000 postage stamps got loose from letters and newspapers in the post offices, and 760,000 in 1866.

Two boys, respectively about fourteen years of age, stole a yacht at Portland, provisioned it well, and set sail for England, but were picked up about five miles outside the harbor by the revenue cutter and brought back.

A gentleman living in Corydon, Ind., owns a dog who has certainly arrived at the age of discretion, being 26 years old.

The wife of a mechanic died lately in Detroit, and on the night after the body had been laid out one of the watchmen thought she discovered evidence of life.

The interest charge on the cost of this Mint at the present rate, will be \$20,000 a year. Maintenance and repairs, heat, light and motive power will amount to a large sum, as those matters are managed in public buildings at Ottawa.

It is true that Mr. Fielding supported the mint proposition by pointing out that there was only fifty cents worth of silver in coin of a dollar face value, making \$100,000 profit in \$200,000 coinage.

The following intensely interesting article, "As Red Men Die," is contributed by City Engineer E. B. Jones, at the request of The Planet:

One Sunday afternoon I was examining the site of a long ago abandoned Indian village. The ground upon which it stood had been recently plowed, and I could trace the sites upon which the different lodges were built by the debris still remaining upon the ground.

The lodges were arranged in a semi-circle, and enclosing a space of about one and a half acres, that appears to have been used for several purposes. Here in the centre of this plot the ashes still indicating the places and in full view of the lodges, the captives were presumably tortured to death at the stake.

Could these "forever deserted" village plaques speak, what tales of untold agony would they cry out to an outraged God. So thought I as I stood near the spot where tragedies must have been enacted.

From The Planet files from April 2, 1868, to May 7, 1868.

Yesterday as a child of Mr. Chas. Hamill, North Chatham, about three years old, was playing in the street, a team belonging to Mr. Henry Eberts, and driven by a colored man named Dennis Jackson, came along, and before the little fellow was observed, was driven over him.

The first telegraphic despatch to Chatham by Atlantic Cable direct from Liverpool, was received last Wednesday morning from Mr. James Lamont, who announces his safe arrival at the latter place.

A specimen of robust manhood is led forth, his hands are bound behind him with the fresh-striped bark of the basswood. As he nears the fatal stake, followed by the howling throng of painted demons, he looks around at his tormentors with the utmost disdain and steeled indifference.

Occasionally the tortured victim raised his eyes towards the sky, and then a far-off look came into them as if in silent communion with the Great Spirit, and it seemed to me I could hear the captive's prayer to the Manitou.

"Oh, Manitou, Great Spirit, the light of whose eyes causes it to be day, and when thou closest them, the dark spirit spreads his mantle over the land; thy breathing is mild as the cooling of the dove, as the whistlers it steals through the growing corn; when thou dost show the majesty of thy power, the forests fall before thy breath, as the prairie grass before the fire; the mighty giants of the forests bow in humble acknowledgment of thy greatness; in thy habit thou holdest as thy command the dark storm-bird, who, when thou choosest, spreads the black mantle of his wings over the land, and pierces the heavens with his fiery darts, and at

Stuttgart, Germany, Aug. 23.—An interesting discussion of the colonial question developed at the International Socialists' Congress, which is now in session here.

"NERVES" IN BRITISH NAVY.

The Old System of Drill Afloat to Be Reinstated.

In consequence of reports having been made to the Admiralty of men in some of His Majesty's ships having refused to go aloft in rough weather, it has been decided to reinstate the old "mast and sail" system of instruction in the harbor training ships.

This system was abolished about seven years ago, and with it went the old Cruiser Squadron, consisting of fully-rigged steam ships, in which youths were sent to sea before being passed out into the ships in the first line.

The objections of many distinguished naval officers were overruled as being obsolete.

A Very Old Letter

Mr. Miles Tenders The Planet a Communication Which He Wrote To His Sister When He Was 15 Years of Age—A Remarkable Document

J. W. Miles has shown to The Planet a letter which he wrote to his sister in 1842 when he was a boy fifteen years of age. The penmanship is almost perfect, and has the appearance more of a copper plate than an original hand writing.

I can assure you that my stock of subjects for letter writing is almost exhausted, but, however, I will endeavor to make my Epistles as long as I can. I will take pains with this as you advise. I wish you to return my thanks to the young lady mentioned in your letter for the praises she bestowed on my writings.

"Who Was Jesus?"

Abbyssinian Priest Who is Visiting Chatham Delivers Addresses in Mt. Zion Baptist Church on Interesting Subject

Rev. Father Cheezili, the Abyssinian priest, who is lecturing here, delivered an address in Mount Zion Baptist Church, on Thursday night, on the subject, "Who Was Jesus?"

In the language of the physical universe, there is a great deceptive vocabulary that supports itself on phantastic facts, degrades the conspicuous intellect, and prostrate the literal conceptions of spiritual things to the apprehension of physical. Granting the sincerity of these theological fanatics, who would make us believe that the appearance in Bethlehem was above the applicable comprehension of man, is it not ridiculous more so when they phantasmagorically conclude lead us to the consideration of a virtuous woman, pregnant not for her physically legal husband, Joseph, but for the Superior psychological instrument of God, had the generative organ of her internal part subjected to a mysterious conception.

CASE FROM BOTHWELL

What promises to be a case of more than usual interest will probably come up in Police Court Monday. A man named Peter Hicks, of Bothwell, has been asked to appear on a charge of assault which was laid by a Mrs. Brown, of the same place. The details of the row are somewhat out of the ordinary. Major Coogan yesterday served Hicks with the summons to appear in Court.

Hicks is a man who holds a splendid reputation in his home town, and shortly after he came to Chatham to answer to the charge, a number of prominent citizens telephoned in to Judge Houston, stating that they were willing to go bail for Hicks. The cause of row will all come out in the evidence.

TESTIMONY OF MOSES TO THE DIVINITY OF CHRIST.

SIMPLE FAITH IS ESSENTIAL

Supernatural Aids to Belief Must Not Be Sought After—Symbol of the Graveyard—Supreme Self-Sacrifice—Test of Sincerity—Wisdom of Ancient Egypt—The Miracle of the Wilderness.

Entered according to Act of Parliament of Canada, in the year 1907, by Frederick Diver, Toronto, at the Dept. of Agriculture, Ottawa.

Los Angeles, Cal., Aug. 18.—In picturesque imagery the preacher in this sermon shows the significance of the testimony of Israel's great leader to Jesus as the Messiah.

The symbol of the graveyard is used by Jesus for his gospel teaching, just as many artists use skeletons for their models in great artistic masterpieces.

Scene the First.—An eastern prince is in his palace. All that wealth and power that he has gathered about him is in his hands.

Scene the Second.—Two graves and the celestial advent of the beggar and the eternal incarceration of him who had once been king among men.

Then what happens? God seems to rebuke a man's life a skeleton out of its grave and cloth it again in flesh.

Moses did. He was the son of Pharaoh's daughter. He had, in the sight of the law, the right of succession, as if he had really royal blood in his veins.

Now study Moses for a little while down in Egypt. Here are the Egyptians, the greatest, the most worldly people upon the face of the earth at that period.

But Moses was not only a man of high station; he was a prince in intellect as well as a royal prince.

And the ancient Egyptians were not erudite, how can you account for the pyramid of Cheops, which was without any doubt built by the most magnificent and powerful of the ancient Egyptians.

The Egyptians were not an ignorant people. It is a very grave question whether they did not know the principles of the steam engine.

The wilderness of the Old Testament is a wilderness of rock and sand. That region lies to the northeast of Mount Sinai.

But Moses' brain was not simply receptive. He had a creative as well as an absorbing intellect.

Humor and Philosophy

By DUNCAN M. SMITH

SCIENCE HAS A HUNCH.

Some scientists who represent a strictly modern school declare that people should make love and court and wed by rule.

The wise committee would go forth and fix up every detail. Select a blond for a brunetta. And leave them no appeal.

The dispositions of the two would also enter in. One who had energy to burn would mate with a weakling.

No one selected might express a preference or a doubt. Each would be told: "Here is your mate. Now go and fight it out."

"I never like to be on the ocean in a fog." "Afraid of bumping into some other boat?" "No, it isn't that so much as the constant blowing of the fog horn.

Couldn't Root. "You will have to go to bed with the chickens if you come to my place," said the jolly uncle from the rural districts to his nephews who were about to visit him.

Push Up in Front. Don't be sitting round all day. Get somewhere! Make a stab at it some way.

Eating It All. "You are growing so stout you must have changed your boarding place."

Presenting it to Strangers. "Mosquitoes busy down your way?" "Yes; they get a hump on themselves occasionally."

Climb a Tree. An auto car has been invented. That swam, they say, to beat the band or pounds as hard the boulevard.

CATTLE MARKETS. Toronto Live Stock. TORONTO, Aug. 22.—Receipts of live stock at the City Market since Tuesday, as reported by the railways, were 104 carloads, composed of 1524 cattle, 1127 hogs, 2065 sheep and lambs, and 242 calves.

Some of choice heavy weights were on sale. One load weighing 1200 lbs. sold at \$4.75. Export bulls sold at \$3.75 to \$4.50 per cwt.

Butchers' cattle sold at lower prices than at any market this season, but the general run of the cattle was of the poorest quality.

A few loads were offered, which were generally of common to medium quality. Trade was dull, with little demand.

Trade for milkers and springers, with the exception of those of good quality, was dull, and common light cows were almost unsaleable.

Trade remains steady for veal calves of good quality, with a good demand. Prices ranged from \$3 to \$5.50 per cwt., with the bulk selling from \$5 to \$6 per cwt.

There was, as usual, a good demand for sheep and lambs. Export ewes sold at \$4.50 to \$4.75; rams, \$3.50 to \$4 per cwt.; lambs sold at \$5.50 to \$6.40 per cwt., with a few selected lots at a little more money.

There was not a large run of hogs, but that did not stop a drop in prices. Mr. Harris quoted select at \$5.50, and light and fat at \$5.25 per cwt.

NEW YORK LIVE STOCK. NEW YORK, Aug. 22.—Cattle—Receipts, 1400; no trading in live cattle. Feeding dull. Good beef in fair demand.

SPORT

BASEBALL TO-DAY

Two big city league baseball games will be played off on the Tecumseh Park diamond this afternoon. At two p. m. the C. F. M.'s and the Wagon Works will cross bats. Bunting, the new catcher for the C. F. M.'s, who attracted so much attention from the fans last Saturday, will operate behind the bat. Robert will hand out the benders. A number of changes will be noticed in the Wheat-grinders line-up. Eadinger, an old Chatham ball player, will do stunts in centre field. Westfall will be in the box for the Wagon Works, and Htcks as usual will catch. The Wagon Works have been doing some hard practicing, and a good close game is assured.

The Motor Cars and the Tammany Healers will decorate the diamond at four o'clock and from then on, Taylor will catch for the Healers, and a new pitcher will take turns with Pleasance in the box. Davis and Head will form the battery for the Motors.

SMALL FIRES

The firemen were called out to St. Clair street at noon yesterday to extinguish a fire on the roof of the summer kitchen of the house occupied by Architect E. Wright. About \$25 or \$30 damage was done to the roof. The cause of the blaze is unknown. The house is the property of Mrs. Side. One of the first men on the scene was Mr. Thos. Hall, of the Planet's typographical staff. Mr. Hall missed the "pie" part of his dinner in order to lend his services in assisting the fire brigade, and this is saying much for "Tommy," as he has a great spot for pie. Mr. Wright and those interested are very thankful to him for his excellent services.

ON MINERAL WATER

John Fallace received a letter from E. T. Jones, who is residing at Mount Clemens, in which Mr. Jones states that there are ten thousand people resorting and taking baths at that place. Mr. Jones wonders greatly how it is that so many go to Mount Clemens when the Government tests give the mineral water used at the Hotel Sanita here a higher standing than that used at Mount Clemens. Chatham would make a favorable place for people looking for a place of rest and a place of pleasure. The Park is nicely situated and the river would be very suitable for boating, etc. There is no reason why the Sanitarium should not be as well patronized as those in Mount Clemens.

MR. JEWETT A SUBSTITUTE

At a meeting of the Management committee of the Board of Education held yesterday it was decided to recommend the placing of the High school classes to be opened in King Edward school under Mr. J. L. Cox, mathematical master at Harbord Collegiate, as vice-principal.

Mr. A. E. Jewett, science master at Jamieson avenue, and Mr. Robert Wightman, master in mathematics at Jarvis street, will be proposed as substitutes at Harbord street for Messrs. Moore and Wren, who have been transferred to Riverdale—Mail and Empire.

A PLEASANT TIME

A social evening, under the auspices of the Epworth League of Victoria Ave. Methodist Church was held in the school room of Victoria Ave. Methodist Church last evening. The program was arranged by Miss Ruby Maggs, and that talented young lady deserves much credit for the artistic manner in which everything passed off. The program was as follows: Instrumental Solo—Bert Darr. Vocal Solo—J. D. McAlpine. Instrumental Solo—Miss Irene Elberback. Vocal Solo—Ed. Wanless. Instrumental Solo—Bert Darr. A musical contest, in which a great deal of interest centred, followed, table number ten winning out.

REUNION OF COATSWORTHS

Kingsville, August 23.—The Coatsworth family reunion, which has now become an annual affair of some note to this town, was held to-day with 180 members of the family present. The proceedings, which took the form of a picnic, were held at the Casino building and grounds, and excellent weather gave the finishing touch to the event.

There were thirty families on the ground, including three branches of the family from Essex, Ramsey and Toronto. Mr. J. Coatsworth acted as chairman, and Mayor Coatsworth, of Toronto, also took part in the event. Members of the family were present from Walkerville, Orley, Wheatley, Windsor, Leamington, Sandwich, Essex, Toronto, Kingsville, Chatham, Ruthven, Chicago, U. S. A., Walsingham, Bingham, Coatsworth, Grand Rapids, Mich., Ridgeway, Aylmer, Oshawa, Hamilton, Arner, and Amherstburg.

The reunion was brought to a close by a dinner at the Casino to-night.

Strength of mind rests in sobriety, for this keeps the reason unclouded by passion.
