The Voice of UNB

BROTHERS FOUR TO HEADLINE CARNIVAL

Signed For Combined UNB-STU Weekend

Al Furlong, chairman of the combined UNB - STU Winter Carnival, announced that The Brothers Four will headline this year's Carnival. Mr. Furlong also mentioned that additional entertainment was being negotiated for, but as yet no contracts have been signed. Carnival runs from the 3rd to the 6th of February this year with the Brothers Four putting on three shows at the Playhouse.

This year the Winter Carnivals of St. Thomas and UNB have been combined so as to prevent the competition that resulted in the financial losses which the two carnivals suffered last year. The combination means an increased entertainment budget as a result of the anticipated increase in ticket sales.

Yearbook "Mess" Will Cost \$18,000

The Yearbook which should have appeared in September will cost the SRC over \$18,000.00 when all the bills are paid. New co-editors John Short and Barry Cooper, trying to clean-up last year's mess, told the SRC the old Yearbook had missed all its deadlines and discounts, and that the original price figure had not included padded covers.

The '64-'65 Yearbook is now expected in January. Copies will join other historical documents in the University Archives.

Yearbook budget was increased by \$448.50. This amount has been made available so that penalty clauses in this year's printing budget can be paid if deadlines are not met. Otherwise the money returns to the SRC.

Printing costs for the Yearbook, including discounts, will be \$14,419.00.

Student Centre Hearing Draws Small Crowd

The second UNB hearing for the new students' centre was held last week in Loring Bailey Hall. The meeting was quiet

and orderly, unlike the first hearing which saw a number of students arguing with the members of the committee in charge of the building.

The meeting was chaired by Ross Webster, last year's SRC Chairman, who kept the meeting from going out of control. His job was made easier by the small attendance.

In a highly critical and well presented brief, Scott Wade, a second year student, made a number of proposals. He suggested that the original plan should be discarded in favour of a three-component building complex, one section for a cafeteria and lounge, one for student offices, and one for an arts centre planned by the University.

He began by saying that the proposed building is a composite of the front of the Playhouse, flanked by the side doors

(SEE page 3, column 1)

ATLANTIC PAPERS FORM ASPA

The student newspapers in the Atlantic Provinces are forming an association independent of the national student press organization, Canadian University Press. The five papers in the Atlantic Region of CUP voted last weekend to approve the Brunswickan's motion to form the Atlantic Student Press Association.

The Association will be separate from CUP, but the five papers now in CUP expect to remain in the national organization. ASPA was formed to 'improve communications among student newspapers in the Atlantic provinces.' Membership in the Association will be open to any institution of education beyond the secondary level.

New Brunswick Teachers College and St. Thomas University are included in this classification.

The idea was approved by Montreal Star wire editor Reg Wamboldt, who said that there is a similar problem in maintaining close communications in Canadian Press. Mr. Wamboldt, who reads 300,000 words daily in his job, was one of the professional newspapermen who led seminars on newspaper work at the conference.

The other newsman, Earl Burger, an editorial writer for the Toronto Globe and Mail. Mr. Burger, who holds a Ph.D. degree, led lively discussions on editorial writing and other subjects in Halifax Saturday.

Bill Freeland, Managing Editor of the Brunswickan, was chosen to be chairman of the

Mr. Reginald Wamboldt, right, Wire Editor of the Montreal Star, is seen here discussing the new Atlantic Student Press Association, ASPA, with its Chairman Bill Freeland, Managing Editor of Brunswickan. Mr. Wamboldt addressed the CUP delegates at the organization's Atlantic Regional Conference in Halifax last weekend.

committee to set up a constitution for ASPA, and to present a brief to the national CUP conference in December. The brief will explain the reasons for setting up ASPA.

One of the reasons for the establishment of the association was to give smaller colleges and universities in the Atlantic provinces a chance to learn about journalism. They will be

invited to join ASPA, which will hold annual seminars on newspaper work.

ASPA will also operate a central news office, where information will be kept for use by member papers. The office will also send out news stories to the members.

Many of the smaller institutions in the area, which consist of almost one-third of the area's

post-secondary students, cannot afford to join CUP, and will be able to take advantage of similar services on a different scale. CUP does not offer any training programme in newspaper work yet, however. This is considered an important function of ASPA.

ASPA was set up for the benefit of the larger papers as well but policy decisions of ASPA will be defended by the Atlantic members of CUP on the national scale. They will vote as a bloc on these issues at the national conference.

Other resolutions made at the conference in Halifax include a Dalhousie Gazette proposal to have the region's papers criticized by the Canadian Press. CP officials are receptive to this idea, according to Regional President Dave Day of Dalhousie University.

A number of suggestions were made to improve the relationship between national CUP and the Atlantic region. One proposal was to recommend to the national conference that the 1966 CUP national conference be held in Halifax.

The Atlantic region of CUP expects to have a large bloc attending the national conference next month. The Dalhousie Gazette will have five delegates, Memorial Muse, four, Brunswickan, four, Acadia Athenaeum, three, and Mount Allison Argosy, one. The conference decided to try to get a reduced group rate for travel to the conference, which will be held in Calgary.

Business Club Uses Wrong Procedure

The Business Administration Club "did not follow the right procedure" in raising the price of the Student Directory from 25c to 50c, SRC Finance Chairman Alf Brien said last Sunday.

The Business Administration Club did not formally consult with the SRC before raising the price. No definite price was fixed when the concession was awarded last year.

He said the club made a profit of "about \$300.00" last year and that while rising costs made some increase necessary, it would be "a good idea" to ask for a profit report on this year's operation.

The club publishes the Directory under concession from the SRC.

Students Want Board of Governors Seat

EDMONTON (CUP) — The University of Alberta students council wants student representation on the university's Board of Governors.

In a 9 to 6 vote October 25, the council accepted in principle a brief to the provincial government advocating that 25 per cent of the Board be composed of student representatives.

The Alberta government is now drafting changes in the University Act. According to the campus newspaper, The Gateway, it is rumored that the faculty will probably receive representation on the new Board of Governors.

Barry Kirkham, chairman of the council's committee on university government, said:

"We don't expect to run the show, but we do expect our ideas to be heard before vital decisions are taken."

He added that student participation in Board decisions would limit the necessity for protest marches even if their viewpoint was not accepted by the Board.

One councillor wondered whether students should have a say when they were attending university for only a short time.

Kirkham said, however, that any elected representative is transitory and that students were now making decisions affecting future students.

An editorial in The Gateway agreed that faculty and students "are being governed more and more by the computers and directives" of the administration, and should express their ideas on the board, but called the 25 per cent figure irresponsible.

Mt. A President to Speak Here

Dr. L. H. Cragg, President of Mount Allison University will be guest speaker at the annual University Church Service Sunday, November 14, at the Wilmot United Church, corner of King and Carleton.

The service is given annually by Wilmot to bring together those from the university and the community. All students are encouraged to attend. The service is at 7 p.m. and a reception will follow in the church hall.

President Mackay will read the lesson. The Rev. G. J. Minnelly, minister, will conduct the service.

Dr. Cragg is a graduate of the University of Toronto with the degrees of bachelor of arts, master of arts and doctor of philosophy. His major was

physical chemistry. He also holds an honorary doctor of

Dr. L. H. Cragg, Mount Allison President

science degree from UNB and an honorary doctor of civil law degree from Acadia.

Proposed Constitutional Changes

ARTICLE III — Section 1 — Delete all wording following "of his absence"

ARTICLE VI — Add: Section 14: The Public Relations Officer shall give notice of all regular and special meetings, nominations, and results of elections as hereinafter provided. He shall be directly responsible to the president for all publicity relating to the SRC.

gatherings." The move followed a teach-in on higher education at which university officials were hissed several times when they expressed disagreement with the idea of free tuition.

Dr. Smith went on to state that in connection with the University of Toronto teach-in October 9, which was piped into the King's auditorium, he was "unhappy about a certain element, sometimes rowdy, sometimes pseudo-intellectual, whose main purpose seems to be to conduct a vindictive and vituperative attack on the United States and her foreign policy."

He said he is "critical of students, and any professors who may join them, who seek to destroy goodwill with our neighbours to the south."

He suggested that "the only responsibility evident among these agitators is to be against everything that suggests the status quo in our governments and in our society."

Robbie Shaw, student union president at Dalhousie University which issues degrees for King's students, suggested that Smith might have been apprehensive about alienating Amer-

ican contributions to King's.

Joseph Williams, Dal's CUS chairman accused Dr. Smith of "showing the same intolerance that he accuses the left-wing of having," and said:

"For a mess of pottage he is willing to surrender free speech and academic freedom."

John Cleveland, president of the King's student council, has presented a motion condemning the ban and calling for an immediate retraction.

When asked his opinion on the Smith statement, Dr. Henry Hicks, president of Dalhousie University and a former premier of Nova Scotia stated his general opposition to the move.

Dr. Hicks stated: "Even if I felt more strongly opposed to the views expressed in recent teach-in's than Dr. Smith, I don't feel that banning or curbing them is realistic."

"I expect many students in the university to hold views different from my own and I feel that the university ought to provide a forum for the discussion of conflicting views."

Later in an interview Dr. Hicks said that he felt a bit too much had been made of the incident by the press.

Colleges Want Grant Increases

By RICHARD BLAIR
Ubyssay City Editor

VANCOUVER, (CUP) — The Association of Universities and Colleges of Canada during a conference the last week of October called for an immediate increase of \$3 in the federal government's per capita grant.

This increase, proposed by the Bladen report, would raise the grant for education from \$2 to \$5.

The AUCC passed a resolution: "That the government be urgently requested to authorize this increase within the present fiscal year."

The resolution, moved by Dr. J. A. Corry of Queen's University in Kingston, asked for the immediate increase because "the present state of university financing is critical."

The AUCC also asked their board of directors to establish a committee to study all aspects

of accessibility to post-secondary education.

This would include "financial assistance to students."

Dean Vincent Bladen said: "The recommendation of a \$5 grant is based on the funds available to the universities, including fees at the present level."

"This grant would not put any province in so strong a position that it could, without loss of quality or development, abandon revenue received from fees."

"To eliminate fees, the universities must find money elsewhere," said the author of the Bladen report.

"If the federal government provides only \$5 then the provincial government must provide more if fees are eliminated."

On student demonstrations against the report, Bladen said: "All the criticisms made of the report were made to us in the course of our inquiry."

"We heard them and we considered them and made our recommendations."

"Nothing I have heard since makes me want to apologize for them or reconsider them," he said.

The grant and student aid resolution were passed during the final session of the five-day conference which attracted 300 delegates from universities and colleges across Canada.

Corry, the association's president last year said university students must continue to pay fees.

"If our resources were limitless and governments boundlessly generous, the considerations for free tuition would be different."

"But we have no evidence that either of these conditions can be met in the near future."

"If we are to have enough government support to keep the university a worthwhile place to go, those who can bear a share of the cost of their education must continue to do so."

"Student aid needs careful attention and more money, but the current campaign for free tuition and 'universal accessibility' tends to obscure the fundamental issues."

Corry also warned that increased support from governments might result in increased intervention in university affairs.

"If the taxpayer is willing to concede big expenditures on universities, he may well say the government should stop some of the nonsense he thinks goes on there," he said.

College Leadership Course

The Student Christian Movement has initiated the first College Leadership Laboratory to be held on the UNB campus.

Interested students are being asked to register now for the three-day program on November 19-21. If you cannot find a form, or have questions, call on George Mossman, 103A Engineering Building.

A College Leadership Laboratory involves lectures on group behavior, exercises in determining group effectiveness and intensive small-group focussing on the behavior of the group itself.

Instructors will include Prof. W. J. Reddin, assistant professor of business administration; Arthur Hillier, industrial relations manager, Nova Scotia Light and Power Company, Halifax; and Allison Troy, Guidance Counsellor, Department of Youth and Welfare, N. B.

The lab will be held in the Tartan Room of Memorial Student Centre and in Thomas Carleton Hall. Everyone enrolling for the program must commit themselves for the full three-day period. It is not necessary that participants occupy leadership positions on campus.

College Leadership Labs have been held at Sir George Williams and at many American universities.

Some companies say
bachelor graduates
are a dime a dozen.

We don't. Because we

are involved in almost every phase of economic life in Canada, we're looking for men with a broad outlook. Consequently, we don't restrict ourselves by any means to graduates with specialized backgrounds.

Banking has become both a highly competitive and fast-changing business. The Royal Bank's decentralized operations provide many active management positions to men of diverse inclinations and talents.

We'll be on campus soon. Meanwhile, why not have a word with your placement officer today?

No Dice For Gamblers

Since gambling is both a federal and an SDC offence, which could lead to expulsion from the university, the SRC at the October 31 meeting, passed a resolution to forbid all unauthorized card playing in the Students' Centre.

High stake gambling has been going on recently in the games room of the Student Centre, according to some SRC members. They reported money (including a ten dollar bill) on one table. Some students said that hundreds of dollars have changed hands in gambling games over the past few weeks.

The Student Discipline Committee will enforce the ruling in co-operation with the Executive Secretary of the Alumni Association which has official jurisdiction over Student Centre activities.

At the end of last week card players were still going full blast.

The reactions to the SRC ruling vary from the apathetic mob who couldn't care less to those who are laying their gold on the table. Remarks ranged from "downright undemocratic" to "jolly good" to "completely despicable".

Council should invite Mr. MacRae to speak

Before the Students Representative Council invites members of the legislature to speak to the students, it should bring the Member of Parliament, Mr. MacRae, to speak to council.

We have said that it was unrealistic for students to protest in the middle of the election campaign, but education has been an important issue. Mr. MacRae and the SRC should sit together to discuss the future of financing education in Canada. We should tell him our ideas, and we should ask him questions about what he plans to do in Parliament.

Today Mr. MacRae has more than 4000 post-secondary students in his constituency. Indications for the growth of the University and of the other institutions point to one thing — the quality of education in this part of Canada depends on our effectiveness in Parliament.

When he speaks to Parliament, it is of the greatest importance that he knows how students feel about the problems of education. He is fortunate in having so many students in his constituency, because he is one of the few Members of Parliament who can be in touch with the problems. He must be brought in close contact with the institutions if he is to represent them well before Parliament.

In a generous advertisement in last week's *Brunswickan*, Mr. MacRae outlined nine points of a 'National Plan For Education'. He advocates help for students who have problems with tuition, and help in the form of grants to universities. He would help us by increasing the amount deductible for gifts to universities, in addition to many other aids to higher education in Canada.

Up to now, Mr. MacRae has had almost no contact with students at the University. Now is the time for the SRC to invite him to a council meeting. We have a lot to talk about.

Improving communication will help to unify Canada

There is a trend towards unity in the Atlantic Provinces. This unity will increase as the provinces grow economically, and as the educational level of the area rises.

The recently formed Association of Atlantic Students, and the more recently organized Atlantic Student Press Association, are indications of this.

The students are among the first to realize that it is necessary to improve communications within a region if it is to improve itself economically and intellectually. As the rapid growth of colleges continues, so will the strength of the region, and the more important it will be to know what is happening within the region.

The very fact that the student newspapers of the larger educational institutions have made it possible for the smaller, but rapidly growing ones to become part of the regional scene will influence attitudes of the general public in the Atlantic Provinces. People will begin to realize the importance of being united.

In the same way, communications in Canada as a whole will improve. We must build from the ground up, starting with regions, building to a unified Canada.

The aim of the Atlantic Student Press Association is to improve communications within the Atlantic provinces. It, and the Association of Atlantic Students, will help to influence Canadians to draw closer together.

Brunswickan

Established in 1867, the *Brunswickan* is Canada's oldest student publication. It is published weekly for the students of the University of New Brunswick (Fredericton and Saint John) at Fredericton, N. B. Opinions expressed are not necessarily those of the Students Representative Council. Subscriptions \$4 a year. Authorized as second class mail, Post Office Department, Ottawa. The *Brunswickan* office is located at the Memorial Students Centre, UNB, Fredericton, N. B., telephone 475-5191. This paper was printed at Capital Free Press, Brunswick Street, Fredericton.

LETTERS TO THE EDITOR

HOTBED FOR POSTERS

The sight of several posters around the campus has prompted me to write a few remarks on student affairs at the national and international level.

Canadian university students, with some exceptions, are represented nationally and internationally by CUS, the Canadian Union of Students. CUS belongs to the International Student Conference, ISC, an organization of, and controlled by, the national students' associations of many countries around the world; its headquarters are in Holland.

Another international student organization exists, the International Union of Students, IUS, which has its headquarters in Prague. This body is controlled by the government of the USSR, and follows the current Moscow line. The IUS regularly sends out propaganda, more or less thinly disguised, including posters calling for "international solidarity" with whatever cause is currently favored by the USSR in its international manoeuvrings.

Some of these posters have been posted on bulletins on campus, either as a joke (I hope), or seriously. This letter has been written to point out that these posters have nothing to do with CUS policies (CUS and ISC are strongly opposed to IUS), and that they are Communist propaganda and should be taken for what that makes them worth.

The writer has no connection with CUS, but wishes to inform your readers for the good of all.

Yours truly,
IAN L. McQUEEN

POOR LEADERS

The students of UNB are showing a serious disregard for the necessity of competent and responsible leadership, organization, and participation in all aspects of campus life and affairs. Following are a few examples.

One evening last week I attended a meeting of one of the larger campus clubs. There was no call-to-order, no reading of the minutes of the previous

meeting, and no financial report. The meeting began, or I assumed it began, when the president introduced the various officers and extended a warm welcome to everyone. He tactfully explained in great detail the benefits of belonging to the club. A plea for immediate payment of membership fees was made. One brave soul, upon realizing that the business (?) meeting was drawing to a close, asked for a financial statement. Mr. President still failed to divulge the secret figures and quickly adjourned the meeting. After adjournment dozens were to be seen obediently paying their fees. What was the money to be used for, charity? No one knew.

In one of the largest undergraduate societies there is a class representative who doesn't realize that he was chosen by secret ballot to represent his fellow students. I wonder who he voted for!

An astonishing number of students vote with the idea, "What the hell is the difference". During the recent election for secretary of the athletic association, I overheard two intelligent looking Juniors — "Who did you vote for?" "I don't know. I just marked 1, 2, 3." I wonder why she voted! This method is most prominent in the SRC elections.

Are the so-called leaders at fault? No. It is the individual student who permits such happenings. The cure is simple — each student has only to express his opinion, question, and play an active part in some role of student affairs. If the majority continue to neglect their responsibilities, our campus will eventually be controlled by cliques with their inherent evils. What a horrifying thought!

MIKE WILSON

BOMBING THE BAND?

This letter is in answer to the one published October 29, 1965, which concerned the UNB band. As a band member I can say that the statements by the writer of this letter are made without grounds. It is evident that this person is not a band mem-

ber. As the Red Bombers and Red Devils have schedules, so the band has one too. The schedule consists of playing at football and hockey games, playing for Convocation and Founders' day, and two concerts — before the Christmas exams and in late March.

With regards to Convocation, the main purpose of the band was to introduce the graduates to the audience present. The letter implied that we were to give a music show before the ceremony began. This was not our main purpose. If the writer wishes to hear a musical show let him or her attend the band concerts.

The letter stated that the band sounded out of practice. We practice two days a week (Monday and Wednesday) at 12:30 - 1:30 an sometimes we include an additional practice on Tuesday from 6:30 - 8:30, a total time of six hours. If the writer of this letter wishes to criticize us, I strongly urge him to join and to enjoy the music instead of despising it.

There was a reference made to the money given to us by the S.R.C. Upon reading this anyone except a band member would get the impression that we did nothing with this. I am quite certain that anybody gets bored playing the same pieces year after year. We of the band do too. So every year Mr. Start (Director of Music) posts a chart on which we list the pieces we would like to play. As far as I know, the band has gotten these pieces. This is what the money is spent on, trying to obtain music that will create an impression with our audiences.

Speaking now on the statement of sporadic appearances, I can recall that except for the first two home games against Acadia and Dal the band has performed at every function where it was required. The Acadia game was Oct. 2, 1965. There was too little time (one practice) between the game and registration to get in shape. As I understand it the Dal game was on Thanksgiving weekend. Most of the band left for home then, as I suspect the writer of

(SEE page 6, column 4)

Student From here Elected to Broadcast Board

Miss Valerie (Bunny) Kool, a freschette at UNB last year has been appointed the fourth member of the University of Saskatchewan's Board of Broadcast Policy. The Board determines the policy for the University's new FM station. Miss Kool has a CUS exchange scholarship.

Education Club Holds Election

The UNB Education Association has begun its 1965-1966 season of activities. Officers for the year are: President, Winston Smith; Vice-President, Anita Boone; and Secretary-Treasurer, Jean Hamilton. Dale Allen, Betty Bonnyman, and Bill Good head the Sports Committee, Entertainment Committee, and Special Programs Committee, respectively.

At the first meeting on October 27, plans were discussed for upcoming programs. The group made its first field trip on November 4, when they visited and toured the Houlton High School.

The Association welcomes all individuals interested in the education profession.

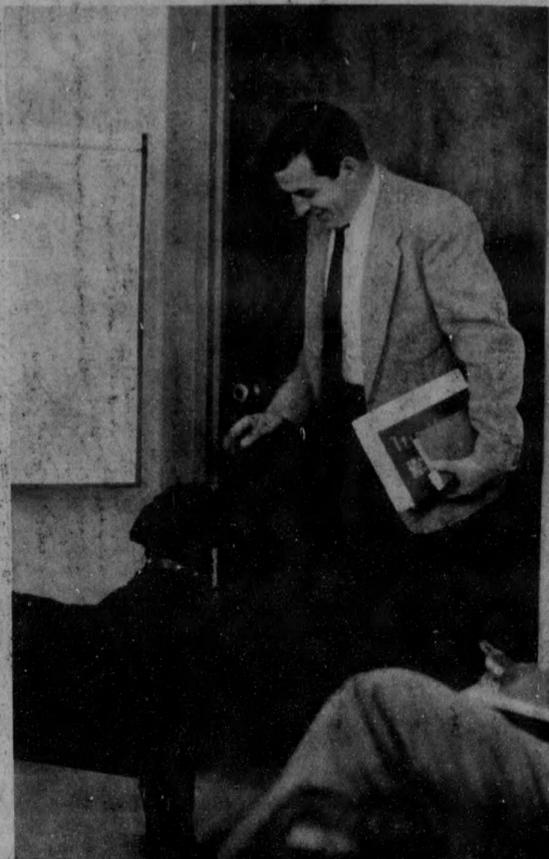

New Don In Aitken House

Mr. Jack Iwanicki has replaced Dr. C. M. Greene as the Don of Aitken House. Dr. Greene is now the Don of Bridges House.

Mr. Iwanicki received his formal education at the University of Toronto where he graduated with a B.A. and an LL.B. in Ontario until 1963.

In addition to working on his doctorate thesis he is teaching third and fourth year philosophy and is conducting a post grad seminar in Philosophy 6300.

The Dogs Are Going To Professor Zanes

For a moment we thought it was the other way around, but we discovered that a friendly campus pet named Charlemagne (he said we introduced ourselves) was wandering in and out of classes. He isn't listed in the student directory, but he may be in trouble — we've got his number now.

Bitto

Legislators May Visit

The SRC will invite members of the N. B. Legislative Assembly to tour the UNB campus. Purpose of the visit is to give MLA's some idea of student problems such as overcrowded facilities and classrooms, and also to let them see the university "at work" and not on a "special occasion".

CUS chairman Clyde McElman suggested showing visitors the library, arranging for lunch on campus with students at noon, and letting them sit in on some classes.

The visit will be arranged by the CUS Committee and by Corona.

Sex Course

The latest issue of the *Newman News* ran the following article on its proposed Marriage course:

Bargain Fares To Europe

The Canadian Union of Students is offering a \$228.00 return flight to Europe. A chartered flight leaves Montreal for London, England on May 29 and returns on September 9.

The flight is open to all UNB and other Maritime students plus their immediate families. Past efforts to organize such a flight have failed because of lack of response from students. This year an unprecedented number of graduates, undergraduates and faculty will be making the trans-Atlantic trip.

Tours of continental Europe and Russia can also be arranged through CUS.

Other travel services offered and information concerning the purchase or rental of cars while in Europe and information concerning the Eurailpass — unlimited first class rail travel in all Western Europe for periods up to three months.

Those planning to work abroad may wish to ask about the Work Camps, Summer Trainee Programs and other summer and full time opportunities.

For further information and application forms see CUS Travel Chairman — Brian Gold at Bridges House.

SEND US YOUR COMMENTS ON THE INSIDE.

No Decision on March Holiday

No decision has been made so far this year about a March Break. The matter rests with the University Council, which is composed entirely of faculty members.

In the past few years a number of attempts have been made to establish a four day weekend at the beginning of March. Opponents of the idea say the University will not permit both a March Break and the present study week arrangement.

A motion asking for both holidays was passed at the SRC meeting last week.

The current University Calendar says there will be a Study Week this year, but the situation may be changed by the decision of the University Council which will meet soon.

Whatever became of:

Lucy Borgia,

CLASS OF '027

It is a tribute to our Home Ec. course that the name of this little girl is celebrated wherever food is eaten and wine is drunk. Lucy, early in her course, gave unmistakable evidence that food to her was not merely a means to an end but an end in itself. Herself a sparing eater, she encouraged guests to enjoy each meal as if it were their last. With a few simple ingredients, Miss Borgia could produce a banquet to end all banquets. Her Omelette a la Fine Toadstools is still talked about in hushed voices. The few contemporaries who survived her, often recalled this gentle lady diligently tending her little kitchen garden of Deadly Nightshade, Foxglove and Hemlock. You don't find cooking like Lucy's in the college cafeteria these days.

Stripper Helps Fund Drive

What does a stripper know about economics?

A lot, it seems.

"The Economics of Over-Developed Areas" was the subject of a talk by strip-tease artiste Libby Jones at a "teach-in" organized last week by the University of Toronto committee of World University Service (WUS).

The "teach-in" was one of a number of studies organized by Toronto WUS as part of their "SHARE" campaign to raise funds to help students in developing countries.

After her talk, Miss Jones was auctioned off to the highest bidder. She was won by a student syndicate which paid \$107. They then drew lots to decide who should show Miss Jones around the Toronto campus, take her to a restaurant for dinner, escort her back to the Victory Theatre (where she is currently appearing) and then help her don her sequins, etc. for her evening performance.

Miss Jones (the only stripper in the business with a B.A. — University of Washington) urged the co-eds in her audience to take to the boards and make up to \$250 a week.

The proceeds of this "teach-in" increased the amount collected by Toronto WUS to more than \$11,000 in their one-week campaign. By the time all proceeds are in, the committee hopes to hit its target of \$15,000 — roughly a dollar per student. This money will go to the WUS international "Programme of Action."

Projects in this programme include aid to refugee and stateless students; student health clinics and sanatoria; hostels, canteens and student centres; and co-operative printing projects, bookstores and lending libraries in more than thirty developing countries in Asia, Africa and Latin America.

Local WUSC committee members say they currently have no plans for a similar event here.

Sports Car Club Holds Rally

This year has to be rated one of the most successful years on record for the UNBSCC. Not only has the membership of the club nearly reached the eighty mark, but also it has produced one of the most active and best attended programs to date.

The main event so far has been the Novice Rally held October 31. This event was specifically planned with the novice in mind.

Two classes were represented in this trial event. The first being the Open Class and the second, the Novice Class. After several hours of muddled, and mostly lucky rallying the team of Hand and Crockett driving an MGB ended up overall winners. Coming in second was the team of Forbes and Farmer in a TR-4 and only one point behind them was the Austin Cooper twosome of MacLean and Comeau.

The Novice winners, Henry Wilson and Ron Planche came in fourth overall, in a Volvo Sports. Behind them in a Healey, Jewett and Fellows finished second in the Novice Class. The third place finishers in this class were the husband and wife team, Claus and Claus.

The Rally Master for the

event was Dwight Scott.

HILL CLIMB RESULTS:—

October 3 — No. 1 sport cars over 2000 cc.: Scott Rowell, FTD 51.6; October 17 — Eldon Belyea, FTD 40.2*.
 October 3 — No. 2 sport cars 1500-2000 cc.: Dave Hoar; October 17, Dave Davis, FTD 51.0; November 7, Pete MacNutt.
 October 3 — No. 3 sport cars under 1500 cc.: George Themister.
 October 3 — No. 4 sedans 1500-2000 cc.: Henry Wilson;

October 17, Henry Wilson; November 7, Peter Fellows.

October 3 — No. 4 sedans over 2000 cc.: Doug Zinck; October 17, Phil Stevenson; November 7, Paul Swan.

October 3 — No. 6 sedans under 1500: Ron MacLean; October 17, Ron MacLean; November 7, Ron MacLean.

October 17 — No. 7 Motor Bikes: Carl Resteen; November 7, Carl Resteen.

*Course was .1 miles shorter.
 Upcoming events — THE FALL RALLY, November 21st.

The University of New Brunswick will host an international hockey tournament at Fredericton on November 26 and 27, announced Red Devil hockey coach P. C. Kelly this week. This two day meet could possibly become an annual affair.

Participating in this year's tournament are the UNB Red Devils, Boston University Terriers, St. Francis Xavier X-Men and St. Thomas Tommies. The draw will be made at a later date.

Games will be played in three sessions: two on Friday night, November 26, one Saturday afternoon and one Saturday evening. All four teams would see action on Friday with the losers meeting on Saturday afternoon and the winners clashing in the championship game on Saturday evening.

Coach Kelly, also director of athletics, said that a pass would be sold to students. The pass would permit entrance to all three sessions. Single admissions would also be available to students and the public.

"A tournament of this nature results in several expenses and this is the reason for the charging of admission rather than admission by student cards," said Mr. Kelly. "But we feel that the calibre of hockey will be very good, good enough to allow for the charging of admission. I think that the students will see some first rate hockey games."

Departing from the usual tradition of a two game series with the Boston team, Coach Kelly indicated that this meet would give the spectators a chance to see four teams rather than two. Last

Volleyball Team Wins

Tournament

On Wednesday, November 3rd, the Ladies Varsity Volleyball team hosted an exhibition tournament with Mount Allison and Teachers College.

The consistent playing of Sadie Ward, Jackie Perley and Jeannette O'Hara plus the point-getting serves of Diane Shroder, Joan Carson and Leslie Elliot combined with strong spikes by Jean Hutcheson to keep UNB ahead all afternoon, winning against both opponents 2-0 in matches of the best 2 out of 3 games.

RESULTS:

year UNB visited Boston for two games and in 1963 the Terriers came to Fredericton. In the latter series the games were two of the best that UNB had, and both ended in ties 5-5 and 3-3.

COACH P. C. KELLY

Boston, improving every year, are rated second best in the United States among college hockey teams. Last year UNB lost two games, one by a 4-2 score and the other 6-3, to Boston.

Scooter Grandprix Draws Big Crowd

The half-time show of the UNB - St. F. X. football game featured the Scooter Grand Prix.

The purpose of this event was to publicize Red 'n Black, the annual UNB college review

to be held this year on November 25, 26, 27, at the Fredericton Playhouse. Shown above are John Short with a slight edge over Phil Stevenson and Al Tweedie. Driver Short was hampered by tire difficulty and

had to ditch his navigator Barry Cooper. The Red 'n Black executive hopes that the interest displayed in this stunt by the crowd will carry over to the weekend of the 26th.

ROYAL BANK

Red Bombers Shut Out St. Dunstan's, 14-0.

Last Saturday afternoon in Charlottetown the Red Bombers added a ball control running attack to their usual strong, alert defense in their game with the SDU Saints. The result was a 14-0 Bomber win in a slow moving, unexciting fixture.

line, the Bombers paced by the running of Harding and Eddy, Eddy running for two first downs, rolled down to the SDU 1 where Logie bulled over for the TD. Place kicker Bob Cooper's convert was good making the score 7-0. The teams battled back and

second scoring drive of the game. Cunningham started things moving returning a St. Dunstan's punt 23 yards to the Saints 32. From there the Bombers scored in 9 plays with Harding running for two first downs and MacPherson rolling out from the nine for the score. Cooper again converted making the score 14-0.

SDU 4 where a revived SDU defence held on third down. Gaining steadily on the ground throughout the game, the Bombers came close to scoring on two more occasions. Fumbles by Logie on the SDU 26 in the second quarter and Courtice on the SDU 30 in the fourth quarter ended strong UNB drives.

Pete Harding pulled off the Bombers' big defensive play of the game. Intercepting a SDU pass on his own 5 yard line he ran 105 yards for a touchdown called back because of an unnecessary roughness penalty to UNB.

MacPherson

Logie

The Bomber offense, although missing out on several good scoring opportunities, kept the ball in St. Dunstan's territory most of the game. The defence was led by Harding and Kovich with interceptions, and Dave Tucker and George Richmond kept the SDU offence continually off balance and rarely allowed the Saints a chance to get rolling.

forth for the remainder of the half and the third quarter with neither team able to put together an extended drive to paydirt. The Bomber offence moved the ball well in mid-field continually forcing SDU to take over on their own side of the midfield stripe. Holding up their end, the defence forced SDU to resort to the two runs and a kick offence again and again.

The Bombers scored the second time they got the ball. Taking over on the Saints' 45 yard

Early in the fourth quarter the Bombers managed their

The 14-0 score was scarcely indicative of the calibre of the two teams. Only a combination of a tightened Saints' defense, fumbles, and a penalty kept the score from being two or three touchdowns higher than it actually was.

The Bombers took the opening kickoff of the second half and in 11 plays moved to the

Redsticks Finish Third

The UNB Red Sticks finished in third place in Maritime Intercollegiate Field hockey this season. The team split their final two games of the season, losing to Dalhousie 1-0 and defeating Acadia by the same count.

At Dal, Heather McKinnon's goal in the first half provided the winning margin for the Tigerettes. The game was well played by both teams and could have gone either way.

On Saturday at Acadia, Mary Walker's first half marker and goalie Ellen Shapiro's fine performance enabled UNB to pick up the win. Walker scored her goal from a scramble, and Shapiro played a faultless game as she kicked out several Acadia drives to pick up the shutout.

The defending champion Red Sticks finished the season with five wins, two ties, and three losses. The Dalhousie Tigerettes are the league champions for 1965.

SKATING

General skating sessions will be held at the following hours and will be free to UNB students upon presentation of their student pass:

Editor's Corner

Another football season has ended for the UNB Red Bombers. Perhaps it wasn't as successful as we would have liked but at least it did have its moments. We saw, among other things, a Bomber defense that had to be rated among the best, an exciting new quarterback in Houston MacPherson and a maturing of a number of second year boys who should provide a strong nucleus for next year.

Bombers ended the season on a winning note by dropping St. Dunstan's 14-0. As we said last week, this was to be expected although we felt the Bombers might have run up a larger score.

The St. Dunstan's shutout must have been especially sweet for Don Nelson's defensive crew. It was their first of the season and was well deserved.

Next Year:

Again the time has come around for speculating about the future of college ball in the Maritimes.

This year St. FX was impressive although not quite the overpowering team of previous years. In fact, they may bow to St. Marys this weekend in the league finale but we feel that the X-men will probably be the team to beat again next year. This season they were young and lacked polish. A year should make quite a difference.

As to St. Marys, they are probably the best in the league this season. They have a good defense and a fine backfield headed by the league's leading scorer, Darryl Burgess. They should still be tough next year.

From here on the future picture gets pretty hazy.

Acadia showed great improvement and next year will tell whether that was just a flash in the pan.

UNB relied on defense and if they can keep it and also if Coach Nelson can build an offence for QB MacPherson, they might be the dark horse of next season.

Dalhousie, St. Dunstan's and Mount Allison are a sorry lot. They showed little this year and we really can't expect them to show much more next year.

SHORTS:

Notes from the St. Dunstan's game . . . the Bombers weren't the only winners on Saturday . . . reports are that one of the half dozen or so UNB fans in attendance won a razor in the program draw . . . Bombers who played in their last game were Jim Malnerich, Russ Radcliffe, Mark Jewett, Mike Ward, Dave Tucker, Noel Villard, Tom Pinckard, Bruce Parker and Ross Eddy.

Coach Don Nelson was quite happy with this year's effort . . . he told us that with the weaknesses on the offensive line that the coaching staff didn't really expect too much out of this year . . . both coaches Nelson and Smith are banking on an increase in Maritime talent for next year . . . they are travelling to Halifax today for the Halifax high school final . . . incidentally, one of the teams in the final is coached by former Bomber, John Wheelock.

Soccer Ends on Winning Note

The UNB Soccer Red Shirts, paced by the three goal performance of veteran Bill Greenough, ended their '65 season on a winning note last Saturday by scoring a 5-1 victory over Kings College at College Field.

The Red Shirts started fast and held a 3-0 half time lead. Greenough scored first on a partial breakaway. Dan MacGahay kicked in a goal from a goal mouth scramble and Greenough scored again before the half.

In the second half, the Red Shirts continued from where they left off as Greenough and VanderValk scored before Kings notched their lone marker of the contest on a goal by center forward Ron Buckley.

The victory brought the Red Shirts' season record to 1-2-3.

Girl Swimmers Edged

A young but strong team from the Bangor Y dropped the UNB Mermaids 68-54 on Saturday afternoon in the closest contest ever held between the two teams. The final outcome of the meet wasn't decided until the final event when a team composed of Sara Kellogg, Jane Trowbridge, Deanna Mathias, and Diantha Hawkes edged Sue Kinnear, Carol Scarborough, Nancy Likely and Ann Graham to take the 160 yard freestyle relay. Despite the loss, Mermaid coach Mary Lou Whitwill was pleased with UNB's performances. The Mermaids have shown considerable improvement ever since their encounter with Mount A. Five pool records were broken and another tied by the American girls.

The next meet for the Mermaids is November 20 when they travel to the swamps for a return meet with Mount A.

RESULTS

160 Medley Relay

1. UNB (Glover, Likely, Sinclair, Graham) 1:45.9;

CUS:

the CANADIAN UNION of STUDENTS COMMITTEE of UNB needs new people.

OUR PROGRAMMES:

(1) *High School Visits*; a programme in which teams of two to three individuals are sent to about a dozen selected high schools within the province to outline as accurately as possible the activities and problems of campus life. The discussions revolve around both academic and extra-curricular affairs and the question periods are lively.

(2) *High School Supplement (Brunswickan)*; the first edition of this is currently being prepared. Founded upon the premiss that most potential university students are basically unaware of the nature of university, it will endeavour to disseminate "hot tips" on such subjects as: sources of financial aid, extra-curricular activities, campus controversy, etc.

(3) *Travel Programme*; Brian Gold, Bridges House, is our Travel Chairman this year. He now has a limited number of International Student Identity cards and other similar travel aids, which are invaluable to any of you planning to spend next summer in Europe.

(4) *Other Possibilities*: Establishment of an active *Lobby* to correspond with and apply pressure to the members of the Legislature as the need arises; A programme of *Math Tutorials* for local high school students; A *Saturday morning seminar series*, featuring members of the Government, Opposition and civil service in discussions of provincial affairs; The establishment of *Co-operative Housing Units* for off-campus students. *This list has no end!*

WANTED IMMEDIATELY:

- (1) Chairman High School Visits Programme
