

ELOQUENT MESSAGE AT BIG CONGRESS

Religious Instruction in Public Schools Strongly Advocated

Church is Sleeping Says, Moncton Presbyterian Divine.

[Canadian Press Despatch] TORONTO, June 4.—Advocating emphatically religious instruction in the public schools and decrying formalism in the pulpits, Rev. D. Mac-Ordum of Moncton, N.B., made a telling speech on evangelism before the pre-assembly Presbyterian Congress this morning.

“Every Sabbath in the year” said Mr. MacOrdum, “there are many closed churches in the land. Their shut doors and silent pulpits are a standing reproach to the Christian men and women of our churches. Why should not gifted men and women give services in these churches every Lord’s Day? One difficulty in the way of such effort is that many of our churches and more of our church members are hamstrung with regularity and spurious religious respectability. We must do things just so and things must only be done by men who are just so. Unless men and women can talk of their alma mater, they will not speak of their faith in heaven. Some are afraid of mixing the order of service. ‘Decently and in order’ has become a fetish. If I could do nothing else I would pronounce the benediction in the middle of the service or at the beginning rather than tramp in the same tread-mill Sabbath after Sabbath and year after year. Our church is a sleeping giant.”

Mr. MacOrdum went on to emphasize the necessity of personal and conversational evangelism and concluded not spasmodic. Why should not the public school be made an instrument of evangelism? We have surrendered our opportunity in the public school too easily? Are we satisfied with an education that ignores character, or do we regard character as the highest point of education? If we do, are we content to eliminate the truth of the Christian faith—the most potent force of all in the making of moral character—from the curriculum? I am more and more firmly convinced that we cannot afford to ignore the public school from any statesman-like policy of evangelism. At least one branch of the Christian church is awake to its importance and if I am not mistaken we have reached the point where strong and persistent action is demanded of us.

“The home and the Sabbath school however, are the choice fields for educational evangelism. Of all the delusions launched by the devil, none has been more potent for evil, none more disastrous in its fruits than the delusion that children cannot, or should not be brought to decision for Christ in the early years. We speak of allowing them to choose for themselves, but we are only screening our own faithlessness which we further excuse with a colorless expectation that they later on may, lassoned by revival, be the most potent force of all in the making of moral character—from the curriculum? I am more and more firmly convinced that we cannot afford to ignore the public school from any statesman-like policy of evangelism. At least one branch of the Christian church is awake to its importance and if I am not mistaken we have reached the point where strong and persistent action is demanded of us.

\$75,000 DAMAGE IN MILITANT FIRE Newly Constructed Mansion in Old Land Was Burned Down.

[Canadian Press Despatch] LONDON, June 4.—Damage estimated at \$75,000 was done during the night by a militant suffragette arson squad who set fire to a newly constructed but unoccupied mansion at Westwood, near Trowbridge, Wiltshire. The women left behind them a placard bearing the words, for damages apply to Runciman.

The Right Hon. Walter Runciman, commissioner of woods, forests and land revenues, addressed a meeting at Trowbridge last night, in the course of which a number of suffragette interrupters were ejected.

A Ball Trade PHILADELPHIA, June 4.—Manager Doin of the Philadelphia National League baseball team, announced before leaving with his team for Pittsburgh, that he had secured Beals Becker from the Cincinnati Reds in exchange for Dodge, a utility infielder. Doin stated that Becker would be in to-day’s contest with the Pirates, and that he would probably play him in the outfield in place of Backert, who is still out of the game as the result of an injury sustained early in the season.

Strike is Now Settled Up

A PEACEFUL settlement of the strike at the plant of the Crown Electric Manufacturing Company was effected last night. The men returned to-day to work, and are satisfied with conditions. The officials of the company satisfied the employees that they could not pay any offer more than once in two weeks, as it would necessitate a change in the system. On the other hand, the men did not feel that there was a great deal to gain by further pressing their demands, and all is harmony again to-day. The strike while it lasted was one of the most novel ever pulled off in Brantford.

WAS NERVOUS TO THE LAST

Young Buffalo Murderer Paid the Penalty For Crime To-Day.

[Canadian Press Despatch] AUBURN N.Y., June 4.—Michael Gosinski, the Buffalo boy, who killed Patrolman George M. Claus on November 19 last, died in the electric chair this morning. The prison officers declared he was the coolest murderer ever held in the prison. Without bravado and with a prayer on his lips he walked resignedly to the chair, a slender, blue eyed, blonde youth.

“Tell mother not to cry when they bring me home, tell all to be brave. I am sorry I shot Mr. Claus and know I should pay the penalty. I am happy,” he declared to her sister as she bade him farewell last evening. He left a touching letter to his mother. It was written in excellent English with a firm hand and made arrangements for his own funeral. Gosinski with three other youths attended a Polish wedding on November 19th last. Patrolman Claus was also present and was intimately acquainted with the boys. After drinking freely, the trio began to tip down a picket fence and when they were ordered to “move on” they pounced and suddenly seizing him, while Gosinski took his revolver and shot him. Konnie Szka, one of the three is serving seven years for his part and Gresiak, the third young man, is serving twenty years.

DELHI BARN BURNED DOWN

It Belonged to Methodist Minister --- Case Discussed at Conference

At the Hamilton Methodist Conference this week the question was raised of the burning of the barn belonging to the Rev. J. M. Haith, of Delhi, who had taken a prominent part in the fight against the liquor trusts, and a resolution of sympathy with him was moved, one member remarking that he was proud of his brother the whole time he was in the court, and spoke of his spirit of self-sacrifice, wisdom and judgment.

Dr. Benson regretted to hear that the barn had been burned down. He was in Delhi when it was reported that the barn was going to be burnt down. He thought they ought to make some return to Brother Haith, for he must have suffered personally.

Rev. A. K. Birks (Dundas) said he would get all the machinery of the British law in active exercise, so that, if possible, no other man, who was ranked up with the whisky interest would venture to touch another man’s property in Canada. There were men engaged in the liquor traffic against whom not a word could be said, but the crimes of that kind came from people who were on the side of the liquor traffic.

Detective on the Case. A member stated that detectives were engaged on the case and that unless something was done there would be revelations of another character.

Received Threatening Letters. Rev. Charles Deacon spoke of the intimidation which was practised on temperance workers, and said he had received two lawyer’s letters threatening him with a \$10,000 libel suit. The report was adopted, and it was agreed that a resolution bearing on the subject under discussion should be drawn up and submitted to the conference.

No Station There LONDON, June 4.—The British Government has no intention of building a big naval station at Kingston, Jamaica, as a consequence of the completion of the Panama canal, according to an announcement made by Winston Spencer Churchill, first lord of the Admiralty to-day in the House of Commons, in reply to questions on the subject.

DASTARDLY ATTEMPT MADE TO BURN DOWN HOLMEDALE MILL

Two Fires Were Started on Monday, But Each Were Caught in Time By Employees—Plain Case of Incendiarism, and Suspected Boy Employee Was Discharged, Following Investigation By Firm.

Had it not been for the timely discovery of factory employees, one of the busiest and biggest plants in this city would have been crippled by fire on Monday of this week, and a large number of employees thrown out of work.

Two attempts were made on Monday afternoon at the Watson Manufacturing Company’s plant to burn the big mill down. Each attempt was caught in time and the fire was stopped without getting any headway. Shortly after 1 o’clock one of the employees discovered a brisk blaze from paper which had been carefully placed between two boxes on the second floor of the main building. Had it not been discovered the whole room would have been enveloped in flames in a short time. A little later an exactly similar fire was discovered on the third floor, and was, happily, extinguished in time.

That both incipient fires were the result of incendiary attempts was fully evidenced when an examination was made. A match had been touched in the exact spot on each floor where a quick fire would ensue, and it is believed that a well-planned attempt was made to have a blaze start on each floor at the same time. Had the perpetrator been successful, there is no telling what damage would have ensued, as the mill contains a large number of girl employees, who would have had to make a hasty exit.

The amazing part of the attempt is that discovery of the incendiary should not have been made while he was in the act, owing to the hour of day in which the attempt was made. Following investigation, however, by the officials of the company, it was found that a boy employee had been seen near the fire after it started. His replies, when questioned, were not satisfactory, and he was promptly dismissed from the employ of the company.

The affair created a lot of excitement in the big factory, and a rigid inspection is being made at short intervals of all the premises.

A CHARGE IS NOW BEING LAID

Tickets For Laurier Meeting Were Forged, it is Said.

[Canadian Press Despatch] TORONTO, June 4.—That knowing documents to which certain tickets purporting to entitle the holders thereof, and confer on them the right to attend and be present at a certain meeting to be held, and which was held on the evening of May 5th, 1913 at the Arena on Mutual street in the city of Toronto to be forged, did use, deal with, act upon or cause or attempt to cause other persons to use, deal with, or act upon the same as if they were genuine.

This is the charge that was laid this morning against R. G. Leaman and William Crawford in connection with the forged tickets used at the Laurier meeting a month ago. The complainant is W. F. Summerhay, information before Magistrate Deacon. The summonses are returnable on Tuesday morning next at 10 o’clock at the police court.

These informations are the result of the enquiry that was made by the Liberals to find out who was responsible for the printing of the tickets, of which several thousand were handed around. They were signed by F. G. Inwood, and his signature was reproduced on the forged tickets.

Very Sad

About two o’clock this afternoon the horse attached to the delivery wagon of Mr. Andrich, liquor dealer, Dalhousie Street, became frightened at an approaching radial car at the top of the hill near the Canada Glue Co., and ran away. The animal threw the driver out of the rig. He luckily was not hurt and ran down the hill. On going over the bridge the horse broke away from the rig, the latter going over the bridge into the canal, booze and all.

The rig was damaged considerably and the liquor was all spilled in the canal. Here’s a chance for the river rats to do some real fishing.

Half Holiday

Messrs L. Thomas and W. McFarlane, on behalf of the clerks in the stores, circulated a petition among the merchants requesting them to close their places of business on Wednesday afternoons during July and August. The petition was signed by nearly every merchant to whom it was presented, and the half holiday will be observed during these two months. The petition was signed by nearly every merchant to whom it was presented.

Unfortunate Error By a regrettable error, it was announced that Mr. and Mrs. George Biggs, 124 Eagle Avenue, mourned the loss of their infant daughter. The notice should have read Mr. and Mrs. Trumper. The funeral took place yesterday afternoon from the home of the parents to Mt. Hope cemetery.

Courier Advertising Pays

WHILE a Courier representative was calling on Mr. E. C. Crompton, of E. B. Crompton & Company, to-day, that gentleman remarked that the sale they had so extensively advertised in this paper was a big success. The firm were more than pleased with the liberal response, and Mr. Crompton remarked that the firm were convinced that the Courier was reaching a large and excellent class of purchasers. The sale continues for the balance of the week.

RAILWAY BOARD MEET HERE TO-DAY

The Ontario Railway Board consisting of D. M. McIntyre, (chairman), H. B. Ingram, vice-chairman, H. C. Small, secretary, F. Dagger, telephone expert; H. N. Kitson, commissioner, and W. C. Coe, official stenographer, arrived in the city this morning and held a meeting in the council chamber.

The Board came here for the purpose of investigating the trouble which exists between Norfolk County Telephone Company and the farmers who reside in the vicinity of Fairfield Plains and Northfield Centre.

S. L. Squires of Waterford, represented the Norfolk County Telephone Company, and E. Rose represented the Canadian Machine Telephone Company. Messrs R. Smith and M. Brown represented the Fairfield Plains community, Messrs F. H. Courtneage and A. Smith looked after the interests of the Northfield Centre people, and the New Northfield Centre people, and W. Millmine did likewise for Burford Township. Mr W. S. Brewster handled the case for the county delegation.

The farmers living in the vicinity of Northfield Centre and Fairfield Plains, stated to the members of the Railway Board that they had no telephone connection, and were desirous of having same. The farmers claim that they are seriously handicapped by not having telephone communication.

The Norfolk County Phone Company claimed that it would cost too much to extend their line into this vicinity, as there would not be enough business there to warrant their connecting their lines.

It was shown that an agreement existed between the Norfolk County Phone Company and the Machine Phone Company, that the latter should not construct their line into what the former claimed as their territory.

The Machine Phone Company are ready and anxious to enter this community, but are holding back on account of the existing agreement. After hearing both sides of the question the board took the view that telephone connections were necessary in business, and that the Machine Phone Company could build their lines in the said community, agreement or no agreement. The board were of the opinion that it was offered as a goodly number of farmers consent to subscribe for the telephones, it was up to the company to extend their lines in the vicinity where the phones were requested to be installed.

A SKY-SCRAPER IN WINNIPEG

One of the Finest Stores in America to be Erected by Hudson Bay Co.

[Canadian Press Despatch] WINNIPEG, Man., June 4.—A sky scraper departmental store, probably the finest in America, ten stories in height and costing with site \$3,250,000, is to be built on Portage avenue, by the Hudson Bay Company, according to an announcement made by Herbert E. Burbridge, stores commissioner, who has just returned from England. The building which will be erected on the company’s and Vaughan streets, will be 165 feet high, and provision will be made for additions later if rendered necessary. Work is to be commenced at once. It will be somewhat similar in design to the Calgary store, now nearing completion, and there will be 24 acres of floor space. The building will house 100 different departments. Commissioner Burbridge, discussing other plans of the company in connection with Western Canada extension, literally talked in millions despite the alleged financial stringency. The cost of Hudson Bay store buildings in Western Canada, either in course of construction or to be constructed, will total from \$7,000,000 to 10,000,000. The commissioner announced for the first time that the company will immediately proceed with the erection of its Victoria, B. C. store, which will cost \$250,000, including the site.

SAFE BLOWERS QUITE ACTIVE

Nitro Glycerine Artists Pulled Off a Job at Preston.

GALT, Ont., June 4.—Safe blowers are at work in this vicinity. Last night two men entered the office of the P. E. Shantz factory in Preston and blew the safe with nitro-glycerine, but did not make a very good job of it and the consequence was that they did not get the small amount of money that was inside. When the explosion occurred it forced the inner plate of the doors so tightly into the safe that it was still burglar proof. Neighbors heard the report but did not realize its importance until this morning when the police were notified. Automobile tracks indicate that the men got away in a southerly direction.

Hospital Board.

The regular monthly meeting of the hospital board took place yesterday. Present: Messrs. C. H. Waterous, president; Warden Kitchen, T. H. Preston, J. Sanderson, F. D. Revell, Dr. Bell, H. Symonds, G. Watt. The report of the superintendent showed 82 admitted during the month and 80 discharged; 6 deaths and 50 patients at present in residence. It was decided to improve the electric call system. The matter of keeping cows or buying from milk vendors was left to a committee. It was decided to add a laundry storey to the engine building.

River Rats Give Trouble

BRANTFORD’S River Rats are giving the police all kinds of trouble. “When chased,” says Detective Chapman, “they jump right into the river to get away from the police.” Yesterday in the Holmedale three who were celebrating the King’s birthday around a keg of beer took this means of escape. They were pursued by Sergis, Wallace and Donnelly and Detective Chapman. It is believed that several minor robberies around the city have been due to the River Rats, and the Guelph farm as a prospect is looming up bright for a number of the fraternity.

MAGISTRATE WAS QUITE INQUISITIVE

He Didn’t Understand Why Hair and Wire for Women’s Herd-gear Were Necessary

An unusual theft charge was investigated in the police court this morning. Russel Sipes was charged with having stolen some hair goods from Mrs. Bush’s store on Dalhousie St. The goods were displayed and caused considerable amusement. “What part of the coiffure is this I wonder,” said His Worship.

“I am sure I don’t know where it goes on,” said Crown Attorney Wilkes. The hair goods consisted of a number of curls suspended on a wire. One of the back benches suggested that the piece was one of a pair and that they are fastened on the sides of the head.

Detective Chapman gave evidence of having found the hair goods and some pins on the defendant. He also told of having complaints that Sipes was begging for money. The defendant stated that he had bought the hair in Toronto for a certain lady who resides in West Brant.

Miss Morrison who works at Mrs. Bush’s store identified the hair as a puff.

“What in the world do you use all this wire for,” said Magistrate Livingston.

“I do not know exactly, but it is to hold the hair on,” said the witness. Miss Morrison stated that one dozen puffs had been purchased, that none had been sold, but that only eleven were left in the box.

Sipes in giving his evidence was warned by Magistrate Livingston not to commit perjury. “There is altogether too much perjury committed (Continued on Page 5)

Entries For Blue Bonnets

[Canadian Press Despatch] BLUE BONNETS, June 4.—Tomorrow’s entries:

First race, \$500 added, 3-year-olds and up, maiden, 6 furlongs: Oakland Lad 102, Fushia 104, Bryndon 106, Ravenal 109, Kayderosers 109, Mومتا 104, Firbal 109, xBel Chilton 104, xDust Pan 111, Speaker Clark 109, xBedwell entry; xxCrews entry.

DERBY RACE WON BY A 100-1 SHOT

Craganour, the Favorite, Was Disqualified For Bumping

Jockey Lodged an Objection Which Judge Sustained

[Canadian Press Despatch] EPSOM, June 4.—A. P. Cumliffe’s Aboyeur, with the betting 100 to 1 against him, was awarded first place to-day in the Derby, the chief sporting event of the British turf, after his jockey had lodged an objection for bumping, which was sustained by the stewards, against Craganour, the favorite, who ran first place, winning post. Second and third places were given to W. Raphael’s Louvois and W. Hall Walker’s Great Sport, while the French horse, Nimbus, was placed fourth. Of the 345 original entries for the stakes of \$32,500, only fifteen participated in the race. The time of Craganour for the mile and a half, was two minutes, 37 3/5 seconds. There was only a head between Craganour and Aboyeur and a neck between Aboyeur and Louvois.

Was Most Dramatic. The most dramatic derby ever run on the historic course at Epsom Downs was accompanied to-day by a series of events of the most startling character.

A militant suffragette rushed at and was terribly injured by the King’s horse Ammer, while he was running at his topmost speed in the presence of King George and Queen Mary, in the chief event of British sport, which resulted in the disqualification for bumping of Craganour, the favorite, who was first past the post, and the race being given to Aboyeur, a rank outsider, against whose chances odds of 100 to 1 were laid.

Thousands of people were gathered in the vicinity of Tattenham Corner, watching the horses taking the critical turn into the straight for home, when the woman dasher rushed and seized the reins of His Majesty’s colt. They saw the horse stumble, trample the woman so terribly that she was unrecognizable, and then fall with the jockey, Jones, who was unable to free himself and was seriously injured.

Fifteen horses competed, and the places were awarded to Louvois at 10 to 1 against and Great Sport at 20 to 1 against.

WALL STREET IN A PANIC

There Was Great Excitement Among the Big Gamblers on Stock Market.

NEW YORK, June 4.—The excitement on the Stock Exchange during the first hour of to-day’s market was probably without parallel since the panic of 1907. Stocks were literally poured out regardless of quoted prices with declines greatest in Standard shares. One of the main factors making for the liquidation was the overnight news from Washington indicating a radical attitude on the part of the administration in connection made, with losses ranging from 2 to 4 pany and the Standard Oil Company. Another influence was the decidedly low level of prices quoted by London before Wall Street opened. All advances from abroad indicated increased pessimism not only in London, but in all the continental financial centres. Inquiry among local banks and trust companies failed to elicit any satisfactory explanation for take further slump in prices abroad, except the note of extreme conservatism sounded in those quarters. The steady decline of the past few weeks has caused a general calling of loans by financial institutions. This as yet has made but slight impression upon the money market but a stiffening of rates for both call and time accommodations is expected before the end of the month.

Within the first hour sales of stocks amounted to 300,000 shares and fifty new low records for the year were made, with losses ranging from 2 to 20 points among the standard issues. The average of prices was at the lowest point since the 1907 panic.

There were several feeble rallies in the second hour, but the selling movement gathered greater momentum before noon and lower prices were registered practically throughout the list. The aggregate of sales during the morning session was well in excess of 500,000 shares.

GALT, Ont., June 4.—Robert Thompson, 40 of Owen Sound, for three years a resident of Galt, who yesterday severed his windpipe, died this morning. He was a bachelor and a painter by trade.

WANT AD HOROSCOPE

JUNE 4 Mercury, the governing planet of this birth date, produces great restlessness and activity in the person's nature. Anyone born on this date will find that they enjoy constant changes and are hard to satisfy. Let them remember that this is also the nature of their planet and comes because the planet demands the upward and resists the downward tendencies. The greatest success can be won by a person of this birth date, if they will examine their faults and determine to resist their downward tendencies. It is difficult to understand persons of this birth date, because they are never twice alike. Their true natures are found in the last of January and the first two weeks in February. This birth date will find the Want Ads well favored during the coming week to get good domestic help; to buy or sell automobiles. This date also favors jewelers, metal workers, opticians and glass workers.

S. G. READ & SON, Ltd

Real Estate and Insurance Agents, Br. K. R. and Auctioneers, 129 Colborne St., BRANTFORD.

offer for sale the following properties: Residence 43 Terrace Hill Street, a good two-story brick house, containing 7 rooms, pantry, and closets, city and soft water, bath connections. Lot 21 1/2 x 150 feet. Price \$1800.

The season is short. Why not take

advantage of our special sale of tri-

color samples. See our window.

The Estate of Geo. Glasgow.

No locomotive is heavy enough to

draw a train of thought, nor so man-

great enough to force a maid to love

him.

An old lady who was given a dic-

tionary said she did not like it be-

cause it "changed the subject too of-

ten."

WINDSOR'S MOST BEAUTIFUL RESIDENCE DISTRICT

No Property in or Near Windsor Offers a Better Homesite or Investment Opportunity Than

Thornfield Place

The charming situation of Thornfield Place makes this one of the most desirable of residential properties. It runs back from the river and commands a fine view of both the Detroit river and the city on the other side. Thornfield Place is the boundary between Windsor and Sandwich, and is on the electric line running to Amherstburg.

It is only one and a quarter miles from the Windsor Post Office and the Detroit Post Office, and is much less than that from the centre of Sandwich. It is being developed and improved, and will be reserved exclusively for the best class of homes. The restrictions are such as to make this property the most sought after as a homesite sub-division of any in Windsor district.

The Eyes of All Canada Are Turned Towards Windsor

The number of industries that are locating in and around Windsor is attracting the attention of investors from all over the country.

They have found that Windsor possesses one of the best locations in Canada for the manufacture and distribution of goods.

It has a deep water connection with the Atlantic sea ports and the head of the Great Lakes. It is one of the best railroad centres in Canada.

It is near the points of production of coal and iron—it has natural gas, and it will soon have the Hydro Electric system, as orders have just been given for the running of Hydro wires from Chatham to Windsor.

The U. S. Steel Corporation Locating Near Windsor

This giant concern is to build their Canadian plant a short distance from Windsor. They have already purchased 1650 acres of land. They incorporated their property as the town of Ojibway, under a special act of the Ontario Legislature.

Judge Gary, the Chairman of the Board of Directors of the U. S. Steel Corporation, made a public statement in New York at the end of last year, saying that they would erect blast furnaces and several mills on the property which they had already purchased near Windsor.

The choice of the Corporation was no doubt decided by Windsor's unexcelled location, which is the logical shipping point, both by rail and water, to all parts of Canada and the United States. Its location is proving to be Windsor's greatest asset, and consequently industries are coming in faster than to any other city of its size. Its record for the past year and a half has been one new industry every two weeks.

\$20,000,000 To Be Spent

The initial expenditure of the Steel Corporation alone is \$20,000,000.00 in the Windsor district.

A Great Commercial Awakening

The greatest commercial awakening in the history of Canada has just taken place in the Windsor district. The heretofore quiet county of Essex will soon be Ontario's greatest industrial section. While Western cities are praying in vain for factories, hundreds of industries are literally forcing themselves into and around Windsor. Windsor is the nucleus of what in the near future, will be one of Ontario's Largest Cities.

ADANAC SECURITY CO., Ltd.

1 QUELLETTE STREET, WINDSOR, ONT.

1000 Houses Wanted

This means a tremendous impetus to business in Windsor and the surrounding country and the influx of thousands of employees, who will need homes. Since the decision of the Steel Company to build near Windsor, a great many American manufacturers, especially those of steel products, have secured locations in and around Windsor.

A thousand homes are needed in Windsor immediately. Thousands of people employed in Windsor are obliged to go to the expense of crossing the river night and morning, as they are unable to secure houses in Windsor. The supply of houses is not keeping pace with the demand. Windsor residence property is the best investment obtainable, and one that will show the quickest and largest results.

INTOLERABLE

The meddlesome Grit majority in the Senate has been at it again. Under the British North America Act the Upper Chamber has no power to amend revenue, taxation or money bills, but how much do the Laurier marionettes care for that, or anything else, so long as there is a nod from Canada's self-constituted Czar?

Yesterday they had before them a bill enabling the Minister of Railways to acquire branches—in other words, a money bill.

They have now got so much into the habit of throting just about everything of importance attempted by the Conservatives in the Commons that they could not even keep their unholy hands off this measure, which they promptly emasculated by an amendment.

Speaker Landry said the bill gave the Minister of Railways "power to acquire by purchase or lease" one or more branch lines. He was of the opinion that the money for the purpose could be obtained from consolidated revenue without vote of Parliament, as judges' salaries are paid. It was therefore a money bill, and the amendment was out of order.

What do these irresponsibles care for a Speaker's ruling, or anything else, so long as the benefits of a disgruntled ex-Premier and a bunch of seatless ex-Ministers must be obeyed? Absolutely nothing, and so they deliberately trampled on the ruling.

This condition of affairs is not only a nuisance, but absolutely intolerable. That a drastic remedy must be applied no one questions.

Under the Canadian method of keeping Governments for a long period in power—Conservatives, for instance, from 1878 to 1896, and Liberals from 1896 to 1911—there is bound, under the present system, to be a majority in the Senate hostile politically to the majority in the lower chamber. It was so for some years after Laurier got into office, and it is so now. This condition of affairs should not exist.

The Borden Government is undoubtedly in power for a long period, and in the natural course of events there will be a Conservative majority in the Upper Chamber.

Then if the Grits get into power some years hence the then Senate Tory majority will be apt to monkey with their legislation just the same as the Grit majority is doing now. That might not be according to ethics, but human nature sometimes does not take such a phase into consideration.

Such possibilities should not be available to either the Grit or the Tory side, and this paper hopes to see Premier Borden do a plain and paramount duty.

Meanwhile it is difficult to understand what Laurier and his advisers hope to gain by their course.

They got in wrong on the Reciprocity issue. They are in wrong on the Navy proposal, and they are fatuously wrong in their plan of using the Senate to thwart the work of the Commons.

On all three counts, or either of them, they will, when the next election comes, receive the biggest lambasting ever administered to any side in the history of the Dominion.

What the Other Fellow Thinks.

Canada at Washington.
Ottawa Journal: "A press report is to the effect that Canada is to have an official representative in diplomatic circles at Washington. The suggestion is said to have come from Sir Arthur Spring-Rice, British ambassador, who is visiting Ottawa."

Canada and the United States being close together geographically, it seems only reasonable that this country should have an official representative at Washington. The United States has at least consular representatives in Canada. Questions are continually arising at Washington calling for intimate knowledge of the conditions and national atmosphere in Canada. Some feeling exists in Canada that this country has occasionally been the worse of not having at Washington somebody in close representative touch with the Canadian Government. Perhaps a Canadian representative may help towards improving the already very happy relations between the two countries and guarding against the rise of jealousies or prejudices.

Bad Writing.
London Chronicle: "Bad writing had its apotheosis when the House of Lords was in committee on the Reform bill of 1867. The Clerk of the House intimated that an amendment had been handed in, the writing of which was so illegible that he could not say what it was about, or what had written it. It was discovered that Lord Lyttelton was the author, and that the amendment proposed the disfranchising of all persons unable to write."

A SPLENDID WORK
"Tag Day"—or, this time, "Flag Day"—comes this year next Saturday, and there should be a most liberal and cordial response.

The observance is on behalf of the Women's Hospital Aid Association, the most noted band of hospital workers in Canada, or, for that matter, on this continent.

The women of the city and county are shoulder to shoulder in this thing, and only those who are in the know can fully appreciate the great and the self-sacrificing work they have performed and are continuing to perform.

To the governors, and others, who have had the privilege of attending any meeting of that executive, the business-like and prompt manner in which they dispose of matters in hand has been a revelation. At that, they haven't the vote, and instead of hammers they use the glad hand, and instead of putting inflammable stuff in mail letter boxes, their whole endeavor is to help males and females alike of the human species.

In addition to their splendid work in connection with the Nurses' Home, and the well-being of the General Hospital, they have now undertaken the complete furnishing of the first-named institution, including all electrical fixtures, linoleum and so on.

Hitherto the cramped quarters at the hospital for the nursing staff has been a great hindrance, and also in connection with the help, but, thanks to the ladies, this will very soon be obliterated. And, mark you, this is only one of their many beneficial and continuous activities.

For "Flag Day" there are handsome pennants, whips and small souvenir flags, and the response should be most liberal.

No more presenting a cause has ever been presented to residents of Brantford and Brant County alike.

Derby Race
(Continued from Page 1)
The fifteen runners got away to a good start. The rank outsider Aboyeur showed the way up the hill. Six furlongs from home Aboyeur was still leading, followed by Craganour, Aldgeon, Nimbus and Louvois. Rounding the famous Tattenham corner, Aboyeur still held the command in front of Shogun and Craganour. Close home Craganour challenged and in an exciting finish passed the post leading by only a head, with a neck separating second and third.

The race was witnessed by a brilliant party of royalties, including King George and Queen Mary, the Duke of Connaught, Prince Arthur of Connaught, the Crown Prince and Crown Princess of Sweden, the Grand Duke of Mecklenburg-Strzelitz, Prince Christian and Princess Victoria, of Schleswig-Holstein.

The betting on Great Sport, placed this, was 20 to 1 against.

In the race following the Derby, another jockey, named Whally, was badly injured, and his horse had to be destroyed.

Paris News
(From our own Correspondent)
PARIS, June 4.—The Board of Education held their regular monthly meeting last night with the following members present: Chairman Inksater and Messrs Barker, Whitty, Dunton, Hilborn, O'Neil and Hoare.

Mr. Jas Creech wrote resigning his position as janitor of the High School owing to continued ill health. A number of applications were received for the vacancy, and the board decided to give the position to Mr. Fred Wentworth, who is a pupil at the school. The salary is \$350 per annum.

Mr. Dickson, principal of the public school, Mr. Logan, secretary of the board, each asked increases in salary, the two teachers asking for \$100 raise each.

On motion of Dr. Dunton, seconded by Mr. O. R. Whitty, the matter was referred to the management committee, they to report as soon as possible.

The management board of the Congregational church asked the board to have a fence erected to prevent the public school pupils from crossing the church property. The letter was filed and the teachers will be asked to forbid the pupils to trespass on the church property.

The board of agriculture, which has model plots planted in the High School field, asked that the fence be repaired. As it would be a rather expensive undertaking, the board of education deemed it better to find what the agricultural board will pay as their share before any action is taken.

Mr. J. R. Inksater stated that he would shortly leave on a three months trip and asked that a temporary chairman be appointed during his absence. On motion of Dr. Dunton and J. W. Hilborn, Mr. Whitty will be the chairman for the next three months.

The usual batch of accounts were passed and the board adjourned.

The Paris Wincey Mills have just completed the installation of a very large set of English carls, which will greatly increase the output of that company.

A young son of Mr. Jack Flahiff fell from his wheel on the Front St. yesterday and was quite badly hurt.

GIRL SMOKERS.
A protest against smoking by girls and women was made recently by Lord Methuen, who presided at the annual meeting of the Royal Army Temperance association, at Caxton Hall, Westminster. "How public opinion has changed," he said, "I remember the time when the very idea of any woman smoking would cause untold disgust in society. We knew of it in foreign parts, and if we travelled in France and Germany we saw to our dismay a lady smoking. That is all changed."

"Let me ask you honestly, Has a woman the same sense of proportion as a man? Take drinking and take smoking. A woman does not know where to stop. She has a craving for smoking, and you will find many a lady now smoking from morn to night, and doing as much harm to her nerves as many a woman would do drinking."

"I feel sure the time will come when we shall get just the same crusade against smoking in excess as that which we now have against drinking to excess. It is because one girl sees another smoke that she smokes—because she sees her mother smoking."

Pains Have Vanished
Neuralgia Completely Cured.
The cure of Mrs. H. L. Barrett, Guthrie, P. Q., is another victory by Hood's Sarsaparilla. This great medicine succeeded in many cases where others have utterly failed. Mrs. Barrett says: "I suffered intensely from neuralgia in the head, face and shoulders. I had used various medicines without relief. I heard of Hood's Sarsaparilla and decided to try it, and I bless the day I did. It took several months and now feel well. All my pains have vanished."

Get Hood's Sarsaparilla today. Sold by all druggists everywhere.

A Welcome
Was Extended to the New Pastor of Trinity Church.
A very successful and happy gathering was held at Trinity church evening, when the members of the congregation assembled for the purpose of according a welcome to the Rev. G. W. Latimer, B. A., who assumed on Sunday last, the duties of a pastor of the Anglican parish in Brantford. There was a large turnout and enthusiasm abounded. Addresses were given by the Rev. Mr. Latimer, Rev. H. Wright, J. E. Waterous, L. E. Kingierley, W. Preston, W. Bailey, W. Kingierley, and others. A Ward and a hopeful tone regarding the future of Trinity church and saying many kind things as to the character and disposition of the new rector.

Several musical numbers, given by members of the choir, helped to fill out a very enjoyable programme. The ladies of the congregation were very much in evidence and did much to make the proceedings as bright and pleasant as they were.

The latter part of the evening was spent in a social way. An abundant supply of refreshments were served. The induction of Mr. Latimer will take place in the near future, the ceremony itself being an interesting one.

CITY NEWS ITEMS

THE PROBS

THE PROBS.
TORONTO, June 4.—Local showers or thunderstorms have occurred since yesterday in southern districts of Alberta and Saskatchewan and also from Ontario to the Maritime provinces. Fair weather prevails over the greater part of Canada this morning.

FORECASTS

Moderate variable winds, fair and moderately warm to-day and on Thursday.

Temperature

Temperature for the last 24 hours, highest 77, lowest 42. For the same date last year, highest 76, lowest 57.

School Board

The public school board meets Thursday evening of this week.

Trades and Labor.

The Trades and Labor council are meeting in Union Hall to-night. The meeting promises to be an interesting one.

Orchestra in Woodstock.

The Darwin orchestra are in Woodstock to-day participating in the graduation concert at Woodstock Conservatory of Music.

Engaged for Garden Party.

The Dufferin Rifles Band has been engaged for the lawn social to be held on Capt Ward's lawn, Eagle Place, to-morrow evening.

A Hamilton Bride.

A happy event transpired yesterday morning at St. Basil's church when Eva Garbe and Szymon Matysiak, two polish young people were united in marriage. The bride is from Hamilton.

Laid at Rest

The remains of Jennie May, infant daughter of Mr. and Mrs. Thomas Trumper, Sask., were laid to rest in Mt. Hope cemetery yesterday afternoon.

His Anniversary

Rev. Manly, former pastor of Brant Avenue church in this city, now of St. Catharines, is this month celebrating his 50th anniversary in the ministry.

Advance Guard.

The advance guard for the Niagara Camp will be selected at the armory on Friday night. The party will parade at 6:30 Saturday morning and train T. H. and B.

In Bad Condition.

A local motorist reports that the road from the White School House to the Governor's Road and the Governor's road as far as the Wentworth line are in very bad condition, especially the hills.

Echo Place.

A meeting of the Echo Place Improvement association will be held to-morrow night in Mohawk Park school at the usual hour. Ratepayers and residents are all welcome to attend. Any suggestions of interest to Echo Place will be acted upon.

Hearty Invitation.

Harmony Lodge, No. 115, I. O. O. F. had a large attendance at their meeting last evening. Bro. W. Armitage, president. After routine business, D. D. G. M. Charles Boyle of Lynden, extended a hearty invitation to the members of Gore and Harmony Lodges and Brantford Canton, No. 3, to be present at the church anniversary of the Lynden Lodge on Sunday June 15th. The invitation was cordially received and it is hoped that a large number will attend.

Old Folks Concert.

The members of the Sydenham St. Methodist choir last evening repeated "The Old Folks Concert of One Hundred Years Ago," for the benefit of the Sydenham Lawn Bowling club. There was a fairly good crowd present and the affair was splendidly put on under the leadership of Mr. A. R. Knott. On this occasion Mr. Arthur Chrysler was at the piano and his services were greatly appreciated. The costumes as on the previous occasion were a feature, and the different choruses, quartettes, solos, duets, speeches and dialogues were immensely enjoyed by the audience who were liberal with their appreciation. At the conclusion a flashlight was taken of the performers. The bowling

club, which is interdenominational, desire to express their appreciation of the kindness of the choir in lending their assistance to augment their funds.

Plumbers' Picnic.

At a meeting of the Plumbers' Union held last night in Union Hall it was decided to hold the annual picnic at Whiteman's Creek on July 12. There will be plumbers present from Hamilton and a real good time is expected to be spent.

Making Enquiries.

Chief Slemis last night telephoned the superintendent of Police in Kansas City to enquire for relatives of Max Keating, the Dragoon, who was killed at the G. T. R. station on Monday. As yet no reply has been received to the enquiry.

No Racing on the Track.

The police are making a special effort to stop speeding on the track at Agricultural Park, while the crowds are coming from and going to the ball games. Several narrow escapes have been reported and infringements will be severely dealt with.

Library Board Meet.

There was a short meeting of the Public Library board at the library last night. Those present were D. J. Waterous, chairman, Judge Hardy, Mr. E. J. Carlin, Col. Howard and Mr. M. K. Halloran. Only routine business was transacted. Accounts amounting to \$384 were ordered to be paid.

An Old Contract.

In reference to the moulders trouble in connection with the Hartley Foundry Company, Mr. Robert Hartley, one of the members of the firm stated to a Courier reporter to-day that they had received the contract for making goods for the Westinghouse people of Hamilton before the trouble arose and had been doing work for them previous to the trouble with their moulders, and considered that they were duty bound under contract to do the work for them. Mr. Hartley stated that with the exception of three floors, all his moulders were at work. At the Burrell Foundry Company there are three moulders working.

Military Notes

The Dufferin Rifles leave for camp at Niagara-on-the-Lake Monday morning. There is great enthusiasm and extensive preparations are being made. The camp promises to be one that will be remembered long after the tents are taken down.

The recruit class are endeavoring to be in the best of form for the camp. An excellent class was held last night. The class will meet to-night and Thursday.

The soldiers will take along their all-star football team and expect the team to carry off all camp honors. Manager Sergt. Crouch is endeavoring to take the best team he can secure. Trainer Blues is getting the men in the best of form.

With The Police

(Continued from Page 1)

in this court, and I am going to put a stop to it," said his Worship.

The witness said that he had a hair preparation, which he makes himself. The magistrate asked Sipes if he ever drank any of his hair tonic. Sipes claimed that his mother was ill in the Hospital at Galt and he asked to be given a chance for her sake. The case was adjourned until to-morrow to investigate the evidence of the defendant.

Motorcycle Act.

An interesting point regarding the Motorcycle Act was raised this morning. The act states that a motorcycle may be driven at the rate of 15 miles an hour in the city and 20 miles an hour in the country. A young man appeared on a charge of speeding on the race track at Agricultural Park while the crowd was coming away from a ball game. There is no provision for speeding in a park in the Motorcycle act.

"I think that there is no harm in speeding on the track when there is no crowd, but it is very dangerous when there is a crowd," said Magistrate Livingston. The owner guaranteed that he would be careful in future and as a result the charge was dismissed.

William Rowley appeared to face a theft charge but as the evidence given was contradictory, the charge was dismissed.

An assault charge against Michael Steeves was dismissed.

John Stewart charged John Johnston with non-payment of wages, but the case was dismissed, as the evidence showed that the complainant had not fulfilled his contract to his employer.

Herod was charged with driving an auto on Brant avenue at 24 miles an hour. Mr. Herod did not drive the car himself but the company which he represents was fined \$10 and costs.

L. Bluston was also charged with driving a car at 27 1-2 miles an hour on Brant avenue, but as the defendant did not appear the charge was remanded.

C. Secord was also charged with a breach of the motorcycle act, but his case was remanded as the defendant was out of the city.

Three vagrants appeared but as they all stated that they were now working they were allowed to go. Their cases being adjourned for a week.

CONTINUATION OF THE MANAGER'S FAREWELL SAIL TO OUR EUROPEAN BUYER.

Thursday, Friday, and Saturday

THIS has been an extraordinary week so far in point of big business. We felt assured of a liberal response on your part, and we have had it to a most satisfactory degree. It looks now as though this merchandising event would set a new record for volume of business done in a given time.

E. B. CROMPTON & CO.

VETERANS ELECT THEIR OFFICERS

Meeting Was Held Last Evening—Considerable Business Transacted.

There was a good attendance at the regular monthly meeting of the Army and Navy Veterans' Association held last night at the Dufferin Rifles Armories.

Considerable routine business was transacted after which the election of officers for the ensuing year took place.

The most important communication was received from the Army and Navy Veterans' Association of Guelph dealing with the work of the association at Guelph.

Applications for Membership.

Applications for membership were received from John S. Overland, Henry Fielding, Major J. H. Young of Brantford and accepted.

Secretary's Report.

Recording Secretary Albert D. D. Matthews submitted an interesting report showing the healthy condition of the association during the past year. During the year a committee for the purpose of visiting sick comrades had been formed.

A committee on by-laws was elected and after various meetings the association is now in possession of a set of by-laws.

Several committees were elected to meet the various members of parliament re the Fenian Raid grant. The association is in possession of a flag, "The Union Jack," presented by a merchant of the city.

An "at home" was held on March 11 which proved to be very successful. The membership has been augmented during the year by many new men.

Deputation Appointed.

A deputation was appointed at the meeting last night, consisting of Col. David Spence, and President C. M. Bowery and Vice-President G. G. Lambden to wait upon Hon. Col. Sam Hughes, Minister of Militia, when he visits this city in a few days to be present at the unveiling of the monument over the graves in this city of: surace Co.

Our Showing of Straw Hats

Comprises all the good sorts in every shape that's correct. Productions from the best Straw Hat makers in America and European markets.

The St. Luke's Boy Knights

St. Luke's Boy Knights C. C. 302, are making a special effort during the next few weeks to thoroughly equip the corps as it should be. About \$400 is needed for this purpose.

The boys had a pleasant surprise yesterday by way of a letter from Major R. Leonard of St. Catharines, enclosing a cheque for \$100.00 towards the fund. He also sends his best wishes for the success of the Boy Knights and states that he has been watching their progress for some time with great interest.

St. Luke's Boy Knights hold two parades the year round and the work done by the corps is of a most productive nature. It is a great deal of good not only from a military standpoint but also in a moral, physical and educational way. Many lads have benefited from the work.

Contributions toward the fund have been received from A. Ballantyne \$1; Mr. W. S. Brewster \$2; O. Bixel \$2; Geo. Kippax \$1; Major G. Smith \$1; S. Crumbach \$1; J. M. Young \$2; Ludlow Bros. \$2.

Anyone desiring to contribute towards the fund can do so by mailing contributions to the secretary of the Boy Knights.

Hon. Wallace Nesbitt, K.C., is offering a series of prizes for each province in the Dominion consisting of five Ross Cadet rifles to the team of cadets showing the greatest proficiency in first aid work to the injured. Subjects for examination are: Use of triangular bandage; treatment of the apparently drowned; treatment of wounds and bleeding; broken bones and management; means of transporting an injured person; reporting the condition of an injured person to the doctor.

Nuptial Notes

HURST-BROWN.

A very pretty event was celebrated this afternoon at 2.30 at Grace church when Miss Winnifred Brown and Mr. William J. Hurst, both popular young residents of this city, were joined in the bonds of matrimony. The officiating clergyman was Rev. J. C. Potts, curate of Grace church. The bride looked charming in pale pink silk dress with veil to match. She carried a bouquet of white roses and lilies of the valley. The bridesmaid was Miss Ada Hurst, who wore white tulle with hat to match. Mr. Gerald Brown, sister of the bride acted as best man.

After the ceremony a very tasty dejeuner was held at the home of the bride's brother, E. Webbing, street. They will reside in Brantford. The bride and groom were the recipients of the hearty congratulations of those present.

Mr. and Mrs. Hurst left on the evening train for Niagara Falls and other points amid best wishes and congratulations from their friends. The bride was the recipient of many beautiful presents, the office staff, also the Finishing Room of the Watson Manufacturing Company making presentations in honor of the happy event which was celebrated to-day.

Block-Loyd

A very happy event took place at three o'clock this afternoon at the Sydney St. Parsonage, when May, only daughter of Mr and Mrs. R. H. Loyd, 67 West Mill street, became the wife of Mr. Edwin Block, Rev. Snider performed the ceremony. The bride and groom were supported by Mr. and Mrs. A. E. Fowler. After the ceremony, the party returned to the residence of the bride's parents, where the happy young couple were greeted by some twenty guests and immediate relatives. The bridal party sat down to a tasty dejeuner, at which Mr and Mrs. Block were the recipients of many wishes for their future happiness.

The bride wore a navy blue serge suit trimmed with white and hat to match. Mrs. Fowler wore white tulle. The groom's gift to the bride was a beautiful sunburst of pearls. After a short trip, Mr. and Mrs. Block will reside at 67 West Mill street.

Many handsome gifts were received, among them being a very pretty set of dishes from the employees of the M. B. and P. Co., Limited. (Lascit-air). The bride was in receipt of a handsome cheque.

DOUBLE PRESENTATION

The congregation of St. John's church paid honor to two faithful and sterling workers last evening. Miss Dalton and Mr. F. V. Vair whose marriage takes place shortly and who will leave to make their home in the Canadian west. Accompanying addresses of presentation to Miss Dalton and Mr. Vair, both of which referred in eulogistic terms to their unflinching services at St. John's church were two mission oak chairs, the gift of the congregation. Mr. George Trenwith presided as chairman of the proceedings which proved very happy.

The presentation was made by Miss Cleator and Mr. R. G. Ballantyne. The address was signed by the Wardens, S. Suddaby and Geo. Trenwith.

Assist Nature. There are times when you should assist nature. It is now undertaking to cleanse your system if you will take Hood's Sarsaparilla the undertaking will be successful. This great medicine purifies and builds up as nothing else does.

TWO BOYS ARE INJURED

Hydroplane Dashes Into Stone Wall at Kingston Harbor.

After Making a Flight Over the Bay J. Luckey of New York Plunges Into an Obstruction and Almost Cuts Off Leg of One Boy and Breaks Leg of Another - Several Others Have Narrow Escapes.

KINGSTON, June 4.—Two lads were seriously hurt, scores had narrow escapes and three thousand people were thrown into a panic at Macdonald Park yesterday afternoon, when the hydroplane operated by J. Luckey of the Curtis Company, New York, in completing what had been a most spectacular flight around the harbor, crashed into a stone wall at the lower end of Emily street. George Dawson, aged 16, son of Jasper Dawson, Earl street, had his left leg almost severed, and it was later amputated at the General Hospital. Norman Thompson, aged nine, son of George Thompson, proprietor of a liquor store, had his right leg broken. The lads were standing near the stone wall when Luckey started out on his trip from the lower end of Emily street. There was a space reserved for him to land, but the crowd poured into this clearing in spite of the efforts of the police. The only open space was near the stone wall, and as Luckey turned his machine into the wall, running into the boys. He himself was pinned up against the wall and a mass of flames escaped. He showed great presence of mind and was the first to reach the boys and carry them out of the crowd to the ambulance.

Spectators say that Luckey deserves great credit for his work. He showed the machine to a standstill without accident. The hydroplane was damaged to the extent of about \$2,000. It is a fine thing about the machine," said Luckey, "but it is the boys I am thinking of." He was greatly affected by the mishap.

Hotelman Dies in Fire.

CORNWALL, June 4.—Louis Bero, proprietor of a hotel at Hogansburg, N.Y., across the river, lost his life in a fire which destroyed the hotel Monday night.

The fire was discovered in the rear of the premises in a two-storey frame structure and the building was soon a mass of flames in a very short time. The occupants all made their escape, but Mr. Bero apparently returned unnoticed in the excitement to rescue a valuable driving horse and was overcome by the smoke. A widow and four children survive.

Henry Bero, brother of the victim, met with a severe loss in having his fine residence totally destroyed at the same time.

Aldermen Almost Fight.

KINGSTON, June 4.—The contract awarded to the city for the construction of the Windsor Asphalt Paving Co., at \$275 per square yard, after several weeks' discussion over the matter by the City Council, there being much opposition on the part of some of the aldermen. Two of the aldermen came within an ace of coming to blows after the meeting. They got arguing on Market Square and had not some of their friends pulled them apart.

Editor To Boss Panama.

WASHINGTON, June 4.—L. Metcalf of Lincoln, Neb., editor of the Commoner, was yesterday selected by President Wilson to be civil governor of the Panama Canal zone.

Mr. Metcalf has been in newspaper work all his life, and came into national political prominence during the campaign of 1896 as spokesman for Mr. Bryan. Last year he ran in the primaries on the Democratic ticket for governor of Nebraska, but lost.

Summer Tourist Rates to Pacific Coast

Excellent train service. For rates, illustrated folders, time tables and full particulars, address B. H. Bennett, General Agent, 46 Yonge St., Toronto, Ont.

"Some day" is the one day of the year that has no place in the calendar, but it is still the most popular day for making disagreeable engagements.

SMASHED DOOR WITH BOOT.

Woman's Outrageous Conduct at Clergyman's House Brings Her Into Court.

Giving evidence at the South-Western Court on Saturday against Alice Duggan, twenty-five, a servant, having no address, charged with damaging his property, the Rev. John Francis Moynihan, of Nightingale-square, Clapham, said the woman called at his house at midnight, and smashed the glass panel of the front door. He felt very reluctant to institute the proceedings, but the annoyance to which he had been subjected had at last become intolerable.

"How had she annoyed you?" asked the magistrate.

"By banging the door and ringing the bell at unearthly hours," was his reply. "I warned her it would be necessary to take the case into court if she did not cease the annoyance."

"You have acted quite right," commented the magistrate.

A constable said Duggan broke the glass panel with her boot. He asked her why she did it, and she answered "Because he would not give me a night's lodging."

Mr. Garrett ordered her to pay the damage, and to enter into her recognisances to be of good behaviour for twelve months.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY and CO., Toledo, Ohio.

Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

HIS BLADDER WAS TERRIBLY INFLAMED

GIN PILLS Brought Relief

Larder Lake, Ont., March 26th.

"I had been suffering for some time with my Kidneys and Urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night."

I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum 60 pills to get them and I am pleased to inform you that in less than six hours, I felt relief. In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever and my kidneys are acting quite natural again."

S. D. CASTLEMAN.

GIN PILLS soothe the irritated bladder—heat the sick, weak, painful kidneys—and strengthen both these vital organs. Money back if they fail. See a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co., of Canada, Limited, Toronto. 139

BEWARE OF COCAINE MEDICINES.

Thousands of Drug Fiends have been started on their downward course through Catarrh snuffs containing this habit forming drug. If you suffer from a cold, sneezing or Catarrh—don't use a snuff—use a sensible treatment like Catarrhazone. It heals and soothes, brings relief at once, cures thoroughly. In Bronchitis and throat trouble no doctor can do better than prescribe Catarrhazone. Try it—see what wonders it works—what power it possesses. Different from the old way—you inhale Catarrhazone. Sold in 25c and \$1.00 sizes by all dealers.

To confide too much is to put your faith in another man's sweetener.

Cook's Cotton Root Compound.

The Great Uterine Tonic, and only safe effective Monthly Regulation on which women can depend. Sold in three degrees of strength—No. 1, 2, 3. For special cases, \$5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (Formerly Windsor)

THE NEW WASH DRESSES

are holding daily receptions these days to throngs of admiring visitors. We never have seen prettier styles, or better values, and the fit is perfect in every detail. Only the very best makes from the best makers are represented here, and an excellent assortment from which to choose. The materials are linens, ratine, holland, corduroys, chambrys and gingham—all prettily touched up with contrasting materials—misses' and ladies' sizes, and moderate prices at \$7.50, \$5.00, \$4.50 to **\$3.00**

HANDSOME VOILE DRESSES

in white and ecru. Taking all styles into consideration, it is the best showing of dressy voile gowns you could wish to see—all made by two of Canada's leading dress manufacturers, with all the newest style touches for the midsummer season. The material is a fine French voile and made in simple styles, or as elaborate as you wish. The trimmings chiefly used are Irish yokes and insertions, with graduated tucks, high and low necks and short sleeves—many handsome sample garments included. Mr. J. W. Cramb left last evening for New York.

Mr. A. Bixell left this morning on a trip to Dunnville.

Mr. C. E. Croft left yesterday on a trip to Brockville.

His Honor Judge Hardy is holding circuit court in Brantford to-day.

Mr. E. Sweet of Harley and Sweet is in London to-day on business.

Mrs. S. Flat of Summit is the guest of her daughter, Mrs. G. N. Huff, Sheridan street.

Mr. and Mrs. Stanley Burns of Hamilton, spent yesterday with Mrs. G. N. Huff, 173 Sheridan street.

Colonel, the Hon. Samuel Hughes, Minister of Militia, will be in attendance on that occasion.

Mr. Percy Barker, Chatham street, who recently underwent an operation for appendicitis has left the hospital and is able to be out again.

Mr. Chesterton, inspector of the Bank of Montreal, spent the week-end the guest of Mr. and Mrs. A. Montzambert, Dufferin Avenue.

Mr. Frank Miller has presented his daughter, Mrs. (Dr.) Davis with an elegant piano, in honor of her birthday.

The many friends of Mrs. F. J. Smythe of Echo Place, who has been in poor health for some time past, will be glad to learn that her condition is much improved.

The W. H. A. wish to acknowledge with thanks, the donation of a complete dinner and tea set for the nurses' home, from Mr John Peachey of Eagle Place.

His honor the Lieutenant-Governor is giving a luncheon Friday, June 6, at Government House, to celebrate the jubilee of his graduation from Toronto University. There will be a gathering of the graduates of '60, who have had the honor of being invited.

Her Majesty, Queen Mary, has graciously consented to unveil by electricity, the monument at Stoney Creek. The ceremony takes place on Friday of this week at one o'clock at the battlefield, and is in celebration of the one hundredth anniversary of that battle.

Many friends of Capt. W. C. Brooks who was so nearly seriously injured by being thrown from his horse on Saturday last will be glad to hear that he has sufficiently recovered to be removed from his mother's (Mrs. A. B. G. Tisdale's, Nelson St.) where he was taken at the time of the

DAILY FASHION HINT.

6216

Simple and Stylish.
This very smart model gives us a simple style that is appropriate for linen, pongee silk, broadened falls, broadened crepe, and for many other novelty materials.
The plain blouse fastens in front and has a wide epaulette collar and sleeves plain at the shoulder, and finished with a cuff. The skirt has four gores, a slight effect in the back and a side front closing.
The dress pattern, No. 6216, is cut in sizes 34 to 42 inches bust-measure. Medium size requires 4 yards of 44 inch material.
This pattern can be obtained by sending 10 cents to the office of this paper.

accident, to his own home, Mt. Pleasant Road, yesterday afternoon, and hopes to re-join his regiment at Niagara-on-the-Lake by the end of the week.

Mr. Murray Verner, who recently had to undergo a very serious operation is now convalescing at his summer home at Chataoua Lake, N.Y. State—reports pointing to a complete recovery.

SWARTZ—CRAWFORD.

A very pretty house wedding took place at 53 Dundas Street, Terrace Hotel, at high noon to-day, when Miss Janet Crawford, eldest daughter of Mr. and Mrs. John Crawford, was united in marriage to Mr. Gelon H. Swartz of Jerseyville. The ceremony which was performed in the presence of immediate friends only, was conducted by the Rev. J. Gordon, of St. Andrew's church. The bride was gowned in cream gloria and bridal veil, and carried cream roses and was unattended.

Mrs. Swartz has been principal of the Public school at Jerseyville for some time and is deservedly popular among a host of friends both there and in this city. She has been quite prominent in young people's work in that village. Mr. Swartz is the well-known undertaker of that place and a host of friends will join in extending congratulations to Mr. and Mrs. Swartz. They left on the 4 p.m. train for Detroit and on their return will reside in Jerseyville.

Blind Man Is Cheerful

Mr. Alpheus Elliott, a blind vendor of buttermilk in this city, has had several thrilling experiences lately. While delivering buttermilk to a local hotel a few weeks ago, Mr. Elliott fell down a flight of stairs leading to the basement, owing to a trap door being left open. He was somewhat bruised, and the can containing the lacticiferous fluid, was damaged and contents lost. A horse hitched to a milk wagon figured recently in one of his numerous accidents.

The event of events happened the other day when a bicyclist riding on the sidewalk, ran against Mr. Elliott, knocking him down with such force that his watch was stopped. Mr. Elliott, in talking of the affair, said that he did not mind how much people rode on the sidewalk, but he would like the bicyclists to keep shy of him. Mr. Elliott, when last seen, was wearing his usual sunny smile, despite his many mishaps.

Flag and Red Tag Day Notes

A committee of ladies will be at headquarters, No. 185 Colborne St. on Friday afternoon where any needed information may be obtained. Telephone number (Bell) 803.

Scouts will be in attendance at headquarters on Saturday for the purpose of carrying supplies which may be telephoned for.

Afternoon tea, with cake and sandwiches, will be served at headquarters on Saturday. Price to cents.

Anyone having red cross peanuts or flags for decorating the ice cream carts and stand at Agricultural Park kindly telephone Mr. Cooper, No. 1574 (Bell) and they will be called for. Bricks of ice cream will be sold for 25c cones 5c.

Contributors to tag day funds are particularly requested to ask for tags as all authorized collectors give small celloid flags in return for the donation.

The proceeds of tag day are to be devoted to the furnishing of the nurses' home, which the W. H. A. has undertaken in addition to their other work at the General Hospital. This includes the battle ship, linoleum and electrical fixtures throughout the entire house.

DONOVAN'S POOR PITCHING GAVE LONDON THE GAME

He Walked Five Batters, Hit One and Allowed Three Hits in the First Inning--Kockneys Accumulated Six Runs--Details of the Game.

Amby Kane's Red Sox lost the second game to London yesterday in the score of 8 to 2, when Manager Deneau selected himself to do the walkover for the big Frenchman as team went out and secured six runs for him in the first inning, due materially to Donovan's wildness. With two men out in this session, Donovan walked four men, hit another with a pitched ball and coupled with two hits found the lad who tried to keep up former big league "Wild Bill" Donovan's record occupying a seat in the dugout and Clermont performing in his stead. He too walked the first man with the bases full, and when the cloud had passed over the half dozen runs looked big and were plenty to more than win the game.

Deneau Steals Home Among the features of the game was something seldom seen in Canadian League baseball, except when some of the more experienced players make the fans sit up and take notice that they are seeing baseball on a par as it were with "big league stuff." In the fifth Manager Deneau singled with one man out and went to second when Linneborn was safe on Coose's error, both advancing a base when the throw went wide at first. With Matteson at bat they tried to work a squeeze play but the pitch was too wide for Matty to hit but Deneau was safe on the steal. Linneborn stole third simultaneously.

That Early Lead Linneborn drew a base on balls in the first as a starter and went to third on Matteson's sacrifice, but was called out at the plate when Gardner hit to Donovan, "Limby" being stuck in the mud, as the game been delayed by a passing heavy shower. Bierbauer stole second and went to third on Lamond's bad throw. Clickenger walked and Matteson stole when Stewart hit first base. Stewart crossed the plate on Deneau's single and the parade of free transportations commenced. Reidy was hit by a pitched ball; Myers, Deneau, Linneborn and Matteson walked in order, scoring three more runs. About this time one could hear the confusion and sputtering on the Brantford bench, and we all know that Kane must have been somewhere from whence the commotion came. Cy Reidy played his first game, and broke into the fray with a creditable showing. He scored two runs and binged out a three-base hit, and enjoying the fine batting average of .500 for the day's work. Deneau's offerings were mysterious to the visitors in all but the first and third, when two hits followed in succession and although nine bingles were registered off his delivery, they were well scattered. London by winning yesterday's game and the Hamilton team breaking even, are back in second place again after being temporarily out of it for a few hours, as Knotty Lee's Hams grabbed the morning game from the Senators.

Table with columns: BRANTFORD, A, R, H, O, A. Rows: Burrill, Tesch, Wagner, Ivers, Brundage, Stelm, Coose, Lamond, Donovan, Clermont, aKane, Totals.

Table with columns: LONDON, A, R, H, O, A. Rows: Linneborn, Matteson, Bierbauer, Clickenger, Stewart, Dumlop, Reidy, Myers, Deneau, Totals.

Baker Loses His First; Leafs Drive Him Out. ST. THOMAS, June 4.—Wild Bill Baker lost his first game of the season here yesterday when the Guelph Maple Leafs grabbed the game from the Salpts. Baker went along well until the third, when the undersky fans and the players ran to shelter 15 minutes on account of rain. The play commencing again, the big fellow lost control entirely and was replaced in the sixth by Clements, who stopped further scoring. This was Baker's eighth start, having won six consecutive games, and pitched an 11-inning tie at Ottawa. Stark pitched for the Leafs and was also erratic for the first two innings, but settled down after that and twirled good ball. This was ladies' day, and a big crowd of the fair ones were on the stand. Great running catches by Kopp and Craven were the features.

HIGHLANDER CROWD "BOO-ED" HOME PLAYERS

Falkenberg's Tenth Straight—Brilliant Batting By Eddie Collins.

NEW YORK, June 4.—Cleveland easily won its first game with New York by 8 to 2. Keeping pitched fairly well for New York but his support was too big a handicap for him. The game was Falkenberg's tenth straight victory. Sweeney and Volter were "boo-ed" from the stands for their poor work. Borton and Zeider, players procured in the Chase deal, made a good impression.

Persistent Eddie Collins. PHILADELPHIA, June 4.—Based on balls off Daus, five errors and five hits in the closing innings gave Philadelphia a victory over Detroit yesterday by 7 to 3. The visitors made their few hits count heavily and led by 3 to 0, when the home team went to bat in the sixth innings. Collins who was robbed of two hits by star plays by Vitt and Cobb, made a home run and a triple in his last two times at bat.

Red Sox Pennant Hoisted. BOSTON, June 4.—The Red Sox raised their American League championship pennant with appropriate ceremonies yesterday. Afterwards they captured from Chicago the game here of the western invasion and made what Manager Stahl expects to be the beginning of a climb leading to another pennant. The score was 3 to 2. Chase had not reported to Manager Callahan of Chicago up to last evening.

Groom Fanned One Dozen. WASHINGTON, June 4.—Washington defeated St. Louis yesterday in the visitors' initial appearance of the season here by 3 to 2. Both teams scored all their runs as a result of fielding or battery errors. Groom fanned out twelve men.

THREE PLAYERS ON THE MARKET

Roberson, Rowe and Wilde, All Infielders, Are After Baseball Jobs.

Says the Free Press: Manager Shattuck of the Ottawa club, has placed Mike Callahan and "Red" Rowe on the Market to any Canadian League club and is awaiting offers from the various team managers. Manager Deneau has received an application from Geo. Wilde, the wonderful second baseman, formerly of St. Thomas and late of the Flint South Michigan League club, for a job. Wilde is known as a good fielder, but a weak hitter. Of the three ball players none will be given a moment's thought by the local management.

Golf Notes

The next event of importance is the qualifying round for the Cocksbutt cup presented last year for competition by Mr. W. F. Cocksbutt, M.P., and which at present is in the proud possession of Mr. Percy Thornton. As usual it will be medal play, and the lowest eight scores will qualify to play off under match play rules. There should be a large turn out for this popular competition. Mr. S. Schell beat Mr. R. Wilkes yesterday in their match for the first round of the Fitton Cup competition. Mr. Schell is playing a great game and should be hard to beat in the finals.

Foot Ball

All members of the S. O. E. football club are requested to be out at Tutela Park to practice on Thursday June 5, at 7 o'clock. Trainer Clay is anxious to have every man out. The Duffs and Cocksbutt's United will clash on Saturday and a battle royal is assured. These two teams have always been rivals and it will be football from the time the whistle blows until the game is ended. Although these two teams are great rivals they are the best of friends and the best of fellowship reigns between the two clubs. No two teams ever had more respect and Cocksbutts. They are rivals and friends on the football field.

The Football Council. The football council will meet tonight to consider the action of the 25th. Brant Dragons, who deliberately defaulted to the Dufferin Rifles on Saturday afternoon last. The Dragons by their action on Saturday have got themselves in wrong with the football fraternity. Duffs Sign Another. The Dufferin Rifles team secured another good all round player last night in the person of Otto Stanton. Stanton played with the Buffalo Rangers who won the championship of New York State in 1909, 1910 and 1911. He played on the Buffalo Corinthians who captured the Buffalo City championship in 1912. He can play any position on the team and will be a valuable man to the infantry team. Manager George Crouch of the Duffs was a happy man last night when he signed Stanton.

LEON AMES SHAKES HIS HOODOO WITH REDS

Former Giant Beat Brooklyn—Tresau Downed the Cardinals.

CINCINNATI, June 4.—Cincinnati won the first game of the series with Brooklyn yesterday, when Ames, the erstwhile New York twirler, allowed the visitors three hits and shut them out 1 to 0. Allen also pitched good ball, allowing Cincinnati but three hits.

Tresau Won One. ST. LOUIS, June 4.—New York won yesterday, the opening game of the series, 5 to 3. Tresau and Crandall holding the locals to seven scattered hits. Tresau was taken out of the game in the sixth to allow McCormack to bat. St. Louis pitchers were hit freely.

Tyler Lost Control. PITTSBURGH, June 4.—After holding Pittsburgh nicely for four innings, George Tyler lost control in the fifth, and from that innings on the locals bunched long hits with walks, and won easily by the score of 7 to 2.

Junior Ball

The Y. M. C. A. team won their night game at Tutela Park. The Eagles last night at Tutela Park. The Eagles were outclassed by the heavy hitting "Y" team, but certainly deserve credit for working against the victors as they did. The Eagles are only small boys and alongside of the Y they looked more like juveniles. The score was 20 to 2. Batteries—Eagles, Schurtz, Baxter and Davis; Y. M. C. A., Harris and Simpson. Umpire—E. Crowley.

The Red Sox added another victory to their credit by winning from the Orioles 7 to 4. The game was uneventful but the pitching staff for both teams showed class. The batter, Batters; Slattery and Butler; Orioles: O'Connor and McKew.

Leafs at Scotland. The Maple Leafs, a strong local aggregation defeated the Scotland nine yesterday by the score of 13 to 3. The features of the game were a one-run lead by Schurtz at third and Wilkinson's home run drive with one on ahead of him. The Leafs presented the following line-up: C. Beckett, 2nd, Livingstone r.f., Pearce 1st, Cox c., Wilkinson, l.f., Acrett and Mullen s.s., Peirce c., Beckett p.

Juvenile Notes. The West Enders defeated the Junior Beavers 5 to 0 at Agricultural Park last evening. Batteries—West Enders: Walters and Oxworthy; Beavers: Stewart and Monahue.

Yesterdays afternoon the Augos and showed the Duffs how they could play by defeating the into the score of 11 to 10. Batteries—Augos: Livingston and Wootton; Duffs, Force, Hurley and Hurley.

Notes. The league has been a decided success so far and the officers do not wish to spoil it by players going in over the age limit. The attendance was all at Tutela park last evening, about 250 strong. Two fast games are scheduled for to-morrow night at Agricultural Park—6.30 sharp; Orioles vs. Climbers, and Royals vs. Y. M. C. A. Players be on the field early and get started sharp on time.

Bowling

Scotch Doubles Tournament. A general meeting of the representatives of the different Bowling clubs of the city was held last night, to accept the generous offer of the The Expositor, of giving a trophy to the County Labor Day. Competition open to Brant County. The officers were elected as follows: Honorary Presidents W. F. Cocksbutt M.P., and W. S. Brewster, M.P.P., Honorary Vice Presidents, Messrs. T. H. Preston and F. D. Rowley, President, Mr. E. C. Tench; Vice President, Mr. Thomas Woodruff, Sec'y Treas., Mr. F. S. Blain. Other members of the executive Mr. J. B. Wilson, Mr. E. J. Mabon, Mr. W. H. Inglis, and Mr. I. Newsome.

With hundreds of bowlers in the County this Tournament should be very popular. There will be a meeting of the executive elect in the near future, when the rules and regulations will be drawn up.

STRAW HATS Largest selection of traveller's samples ever offered. Prices from 50 cents to \$2; the wholesale prices of the hats range as high as \$42 per dozen. The Estate of Geo. Glasco.

Only Address, 203 COLBORNE ST. BRANTFORD, ONT.

SPORTING COMMENT

By FREE LANCE

If the team can't hit the ball, we know they can hit the toboggan. St. Thomas took a beating yesterday from Guelph. More respect for Louie Cook's team.

"Kane's Kaneless Krew"—a tragedy in verse by the new Poet Laureate. For sale at Herb. Johnson's and all other book stores.

We would rather support reciprocity than the ball club just at present, and that's going some for this great family journal.

We're glad we don't board in the same house with either the Red Sox Boss or Manager Amby Kane these days. Life wouldn't be worth living.

Peterboro climbed up two games ahead of us yesterday by beating Berlin. There is no use talking the Canadian League is well balanced this year.

Pittsburg is beginning to show real class in the National and we will not be surprised if the Pirates are not rapping at the door when the finish comes.

President Nelson always had a lot of sympathy for one Murphy of Chicago, but we know now that he and Frank Chance can sympathize with each other.

The way the Cleveland club is travelling is just the way we would like to see the Red Sox go. Falkenberg won his tenth straight game yesterday for the Naps.

Gloom hovers over Brantford—deep gloom. Will some one kindly remove the bat bag from our sight. The Sporting Editor of this journal is going to start playing golf on Sundays.

To-morrow fans will have a chance of seeing St. Thomas. If Brantford can win the series the Red Sox will certainly redeem themselves. We believe that when the luck turns,

there will be some surprises in store for the Doubting Thomases. The league leaders arrive to-morrow morning for a three-day series.

Old Woman Deneau beat us yesterday, and he has never had anything but a glove and a smile ever since he's been in the Canadian. St. Thomas is here, Thursday, Friday and Saturday.

Last Saturday was pay day and the gang won a ball game; if things keep on some of the gang won't see another pay day. And our hamster hasn't been out this year because the Expositor stole it on us.

A fan in front of The Courier bulletin board last night remarked, "Without appearing to be facetious, can you inform me, sir, when the Brantford ball team is going to win a ball game." Just then a small boy veered a dead City Hall rat at the interrogator.

Either the jinx is still with us or there are a lot of ball clubs in the Canadian League better than we thought they were. The Kockneys gave us a fine beating yesterday, although strange to relate the Red Sox out-hit them. This reversed the tables of the day previous, but not the score. It is difficult to imagine just what is going to happen in the next ten days.

The Kaneless Kanelites are not going good. We have got tired saying that they will come. We have got tired pointing out that there is a small difference between first and last class in the Canadian League. Whether it is our pitchers, lack of fighting spirit, or lack of the punch, we know not. If we were called in as a doctor on the Red Sox, we would refuse any further dope whatever. The club is beyond hope for a cure. Unfortunately it is not made up of veterans, and we haven't the alibi certain big league scribes have in saying that it's hot weather that's required. World beat one day and dubs the next, is all the remarks we can hand out.

You Pay Less Here
Outing Clothes!
FOR YOUNG MEN

To really enjoy an outing one must be properly clothed. We make a specialty of light weight quality suits, which will impress you with their skillful tailoring every time you wear them—Why not come in and try on several garments before our mirrors, "you'll like them."

Ottawa is Real Funny Over Baseball Situation

(Ottawa Free Press.)
 Just Out—"One week or, on the road with the Senators," by Laura Dean Dippy. Seven sobs with a joy climax.
 Canadian League umpires complain about the names they are compelled to garble when announcing batteries and frequently call them more what they look like than spell. As announced by Arbitrator J. O'Halligan—"Batteries for Day—Garlick and Fish for 'H'milton; Oscarhammerstein and Lager for Ott'wa."
 The Senators are bound to come back. Manager Shaughnessy had taken the precaution to get return tickets before he started.
 The local soccer team has drafted Mackintosh the coffee man and Harry Lauder in an effort to check the slump.
 Next Saturday week and we will all be out at Connaught Park buying oats for the hungry ponies.
 "Dooley—I think Shaughnessy is a traitor."
 Hinessey—"Why?"
 Dooley—"He's signed up Semjkal, Rickert, Goldner and some other heathens. The man is crazy."
 Harry Corns, Hamilton's Premier middle felder, is exercising at the ball yard to-day and, of course, will stub his toe.
 Testing Roosevelt's breath was a joyous occupation when lined along with the test on Shag's patience last week.
 Cosy Dolan will bet five kronen neither the British or American polo teams steal more bases than he did last season.
 News item in July—"Joe Lill pitched a no-hit game yesterday, and was beaten 10 to 9. He passed seven, winged eight, and hit the grandstand screen nine times in addition to striking out 25 men."
 Lawn bowling is the only game where a kitty is used, that borrowing is strictly cash is the rule in all other games.

Softball

Dufferins at Mickle Dymont
 To-night at 7 o'clock the Dufferin Rifles will meet the Mickle Dymont team at Tutela Park for the first time during the season. The batteries will be Dufferins, Stuart and Allen; Mickle Dymont, O. Emmons and J. Ritchie.
 Games Thursday and Friday.
 Thursday night at Recreation Park the Rifles play the Hamilton and Toronto teams and Friday night the Good Shapley and Muir team play the soldiers at Agricultural Park.

Canadian League

Petes Hammer Auld; Berlin Drops Another.
 BERLIN, June 3.—Petersboro made it two straight by winning yesterday from the Keenlambes by a score of 6 to 1. Bidding was in fine form and kept the local batsmen guessing. Five hits were allowed, two of which were bunched in the second, resulting in Berlin's single run being scored. "Bobby" Auld was on the mound for the Dutchmen and was touched up for 13 hits, they being made in bunches and at opportune times. The fielding of Sargent at second and the batting of Swartz for the visitors and Dinsmore's fielding for Berlin were features of the game which was played in 90 minutes, a record-breaker for the season.
 Senators and Hams' King's Birthday Games.
 OTTAWA, June 4.—Hamilton and Ottawa broke even on the day's work each winning a game. The morning session was an undecided battle until the ninth, when the visitors slipped across a run, winning by 8 to 7. Ostermeyer, Lill and Renifer could not stop sees Hams.
 The afternoon game was cinched by the Senators in the first inning, knocking Garlow out of the box. The score at the end of the six innings, when darkness interfered, was 6 to 2.
 With Manager Shaughnessy's encouraging promise that he would be released if he did not win the afternoon's game against the Tigers here yesterday, Pitcher Kubat clung to his

Ball Notes

London club is getting close to the top.
 Lefty Smith will probably pitch to Sox.
 The jinx is still trailing the Red Sox.
 Berlin is sending out a hurry call for hitters.
 Toronto's pennant flag went up yesterday but the Leafs went down to Rochester.
 Walter Teed has at last won a game for Hamilton but he had to have eight runs to do it.
 Resolved—That Harry Donovan is the most charitable pitcher in the Canadian League.
 Resolved—That the Brantford club can lose games just as consistently as New York Americans, Joe Kelly's Leafs or the Boston Nationals.
 Six and a half games separate Brantford from St. Thomas. If the Red Sox could take the three here this week it would help a lot.

Laughing of the Steamer "Noronic"

On June 2nd there was launched in the yards of the Western Dry Dock & Ship Building Co., Limited, Port Arthur, a passenger steamer, building for the Northern Navigation Co., Limited (Grand Trunk Route). This vessel when completed will be the largest and finest passenger vessel on the Great Lakes, every improvement known in modern shipbuilding is embodied in the design, and the best materials obtainable used in her construction. She is 100 ft. long between Sarnia, Sault Ste. Marie, Port Arthur, Fort William and Duluth, connecting at Port Arthur and Port William with the Grand Trunk Pacific Railway for all points in Western Canada, and taking her place as flagship of the fleet that will run the lake and rail route between the East and the West. The principal dimensions of the hull are as follows:—

Length over all 350 ft. 0 in. Length between perpendiculars 302 ft. 0 in. Breadth moulded 52 ft. 0 in. Depth moulded 28 ft. 0 in. The hull is built on what is known as the I-sherwood system of longitudinal framing. The frames, instead of being transversely, as in ordinary ships, run fore and aft or longitudinally, and are supported by large web frames, fitted transversely, spaced to feet apart. This construction is very much stronger than the ordinary system, at the same time being lighter, thus gaining in carrying capacity and speed. A double bottom of 4 ft. 9 in. deep, extending the full length of the vessel, and divided by eight water-tight transverse bulkheads into nine compartments. Two collision bulkheads are fitted forward, making her practically unsinkable.

There are six decks, all being made of steel, named as follows:—Main deck, Spar deck, Promenade deck, Observation deck, Boat deck and Hurricane deck. The entrance hall or lobby is on the main deck, the side walls are panelled with quartered oak, interlocking rubber tiling floors. The main stairway leads to the social hall on Spar deck, and the office is located on the port side. This office is to be fitted similar to the office of a large hotel, where clerks will be on duty at all times. There are one hundred and fifty-one staterooms on this deck, and it is well equipped with toilet rooms, bath rooms, barber shop, etc. The main corridors of the spar deck are finished in white enamel, with the social hall panelled in quartered oak. The next deck is the promenade deck, which is panelled throughout in mahogany. At the forward end is a drawing room, fitted with comfortable lounges, upholstered in English leather. Aft of the drawing room are ten en suite cabins, which are fitted in mahogany. These rooms

are fitted with brass beds and each has a private bath room adjoining, finished in white tiling. The smoking room is at the after end and is finished in fumed oak. Seventy ordinary staterooms are on this deck. There is a wide promenade extending completely around the vessel, similar to other vessels of this line, and which has proved to be very popular with the passengers. The distance around is about eight hundred and eighty feet, or six laps to the mile. The next deck is known as the observation deck and contains the observation room, dining room, kitchen store rooms, and refrigerating rooms. The observation room is situated at the forward end and is one hundred and forty feet long by thirty-eight feet wide, panelled in quartered oak. The floor is of waxed oak for dancing. The observation room is divided from the dining room by folding glass partitions, and an orchestra stand is built at this point so that the music can be used for dancing or the glass doors can be folded back for the dining room. The dining room is one hundred and eighty feet long by fifty feet wide and has a seating capacity of two hundred and eighty-six. The side walls are panelled in mahogany, tables and chairs are of mahogany, and the ceiling is enamelled white with raised ornamental figures. The electric lighting is indirect, large bow fixtures being fitted over each table. Fireless cooking is fitted at each table for the purpose of keeping vegetables, etc., warm. The kitchen contains ranges, steam tables, plate warmers, broilers, electric toasters, egg boilers, dish washers, etc. The refrigerating rooms contain separate compartments for meats, fruits, butter and eggs, fish, and an ice making room. The cooling system is a twelve-ton daily capacity, carbonic anhydride machine. The boat deck, next above the observation deck, is finished throughout in quartered oak panels, and a large dome skylight is fitted over the deck extending the full length of the cabins. There are forty-eight staterooms on this deck, together with large public toilet rooms. The officers quarters and pilot house are located forward, and the crew's quarters, mess rooms, recreation rooms and bakery aft. Fourteen life boats are fitted, each twenty-four feet long. In addition there will be carried life rafts so that the combined capacity of boats and rafts will be sufficient to carry all the passengers and crew. All of the staterooms are completely fitted out with single upper berths and double lower berths, electric reading lights are fitted at the head of each berth. Vitreous wash stands with hot and cold running water are fitted in each room in addition to the large public toilet rooms fitted on each deck.

FATHER VAUGHAN'S WELCOME HOME.

Gives Entertaining Lecture on His Impressions of America.

After an absence of eighteen months from this country Father Bernard Vaughan received a most cordial welcome at Queen's Hall on Tuesday, when he gave an interesting lecture on "What I saw and said in America." Mr. Newton Crane presided over a very large attendance.

Father Vaughan said he had travelled 30,000 miles and spoken nearly 400 times to an aggregate of 500,000 people. He had preached, lectured, and talked in cathedrals and chapels, in theatres and opera houses, in auditoriums and armories. He had spoken in the "glory holes" of great liners, and on deck; in gold, copper, and coal mines; addressed his audiences in snowfields and lumber camps, in log-cabins, among cowboys, at nigger revivals, and in Indian camps. He had been among avalanches and glaciers, had been in a sand-storm, seen a tornado, experienced earthquakes twice, and had been nearly shipwrecked. When on that last occasion the ladies rushed to him and asked, "Shall we be saved?" he replied, "I will save you yourselves." But I have the best authority for assuring you it is as short to Heaven by water as by land. Some of them seemed to doubt it; but after a couple of days they got off the rocks without loss of life.

"Vaughan on Hobble Skirts." That he was going to receive a hearty welcome he felt certain, but no description of his could-convey an idea of the courtesy, kindness, and hospitality accorded him all the time he was in the States from every section of the community, from the President in the White House to the logger in the lumber camp. Such hospitality never was. He had travelled those 30,000 miles, and it was hardly an exaggeration to say he never paid for a railway ticket or for a room in the hotel. He found he was travelling "en prince." New York was the most cosmopolitan metropolis in the whole world.

Dealing with many of his amusing personal experiences Father Vaughan said that before he was out of his cabin he was surrounded by reporters and interviewers, all wanting his impressions of New York and the United States generally before he had seen them. He rather resented giving himself away, but a man said, "I've come from my editor, he wants to know what you think of the hobble habit." He (Father Vaughan) replied, "I don't think it is any good my giving you my idea of the hobble habit, because before I have expressed any view it will be out of fashion. The habits I am speaking against are the habits the ladies will not give up, and habits." That's right; that'll go right in." Next day he saw the headline "Vaughan on Hobble Skirts." A series of lantern pictures depicting American scenes was shown after the lecture.

FROM LONDON TO JOHN O'GROATS.

Peter Adair, who at the age of 70 has undertaken to walk from London to John O' Groats reached Bolton on Saturday.

In an interview he said his purpose was to show that old people ought not to be poleaxed or chloroformed, as a Yankee professor recently said they should. Adair who is a native of Manchester, proudly displayed many tokens of Royal favors, including letters from King George and Queen Mary and the late King Edward.

It Testifies for Itself—Dr. Thomas' Eclectric Oil needs no testimonial of its powers, for cuts or contusions, for sprains or burns, for pains in the limbs, or body, well known that the medicine proves itself and needs no guarantee. This shows why this Oil is in general use.

Have courage. A long dreamed-of ship comes in at last, and often with its flag at full mast.

BANKNOTES ESCAPE BONFIRE

Hoard of Over Six Hundred Pounds Saved Just in Time.

Two stories came from Scotland recently of the discovery of golden hoards in unexpected places. A sum of £262 in bank notes was discovered at Portobello among some rubbish in a bag which was about to be consigned to Victoria bonfire by a boy who obtained the rubbish from a coal man. The lad, Alexander Brown, the son of a laborer, showed the bag to his young mother, a young woman, and the notes were discovered and taken to the police office.

It was afterwards found that the money had belonged to a woman who recently died and that her son-in-law had given the "rubbish" to the coalman ignorant of the bag's contents. An Aberdeen miser's hoard, amounting to £1,300, was found in an old trunk in a miserable garret lately occupied by Lachlan Kemp, a laborer, who died a few days ago. Kemp had lived alone, and existed on simple and scanty food. The money, all in bank notes, was in a drawer nailed inside his fragile box. The room was never locked and thieves would never have suspected that Kemp had such an accumulation of funds.

LIFE WILL BE SHORTENED

Those who fail to observe the fundamental rules of health, especially those who neglect constipation, will have short lives. Costiveness ruins health, destroys vitality, weakens the blood, causes dyspepsia, nervousness and insomnia. Why not use Dr. Hamilton's Pills and be cured. Take one or two pills before retiring and you're well next morning. No griping or pain, no headache and nausea when you use Dr. Hamilton's Pills—they cure scientifically, positively the best laxative known, 25c at all dealers.

THE BLESSING OF MOTHERHOOD

Healthy Mothers and Children Make Happy Homes

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and greatest desires; yet thousands of noble women through some derangement have been denied this blessing. In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. This is evidenced by the following letters which are genuine and truthful:

London, Ont.—"I wish to thank you for the benefit I received by taking your famous medicine, Lydia E. Pinkham's Vegetable Compound. Before my baby was born I was so ill I could not stand long or walk any distance. I had to lie down nearly all the time. After I took your medicine I felt like a new woman. I could work from morning till night and was happy and well. I certainly think it relieves pain at childbirth and recommends it to every woman who is pregnant. You may use this testimonial if you like. It may help some other woman."—Mrs. FRANK CORBIN, 132 Adelaide St., London, Ont.

Brooklyn, N.Y.—"I was ailing all the time and did not know what the matter was. I wanted a baby but my health would not permit it. I was nervous, my side ached and I was all run down. I heard that Lydia E. Pinkham's Vegetable Compound was good and took the medicine. I have now a beautiful baby and your Compound has helped me in every way."—Mrs. J. J. STEWART, 299 Humboldt St., Brooklyn, N.Y.

Dealing with many of his amusing personal experiences Father Vaughan said that before he was out of his cabin he was surrounded by reporters and interviewers, all wanting his impressions of New York and the United States generally before he had seen them. He rather resented giving himself away, but a man said, "I've come from my editor, he wants to know what you think of the hobble habit." He (Father Vaughan) replied, "I don't think it is any good my giving you my idea of the hobble habit, because before I have expressed any view it will be out of fashion. The habits I am speaking against are the habits the ladies will not give up, and habits." That's right; that'll go right in." Next day he saw the headline "Vaughan on Hobble Skirts." A series of lantern pictures depicting American scenes was shown after the lecture.

Clifford's Big Furniture House

No. 78 Colborne Street

STYLISH FURNITURE for the year 1913 has been placed in stock—the class of Furniture which we are handling consisting of all the latest woods and finish. Gun Wood Bedroom Suites, in satin walnut finish. They are beautiful in design and command great attention, and prices are very low. Remember we have all kinds of beautiful Furniture to choose from. Call and examine our stock. You will find it to your advantage to do so, as Clifford's Furniture House is a money-saving spot. Obliging salespeople to wait on you.

LEGISLATION ON LIQUOR TRAFFIC IS DISCUSSED

Presbyterian Divine Delivers Address at Toronto Today.

(Special to the Courier.)
 TORONTO, June 4.—At the Presbyterian Congress here today, Rev. W. H. Smith of Fredericton, N. B., delivered an address on the suppression of the liquor traffic as follows: I have been asked to speak on legislation as a remedy for the suppression of the liquor traffic. I wish to consider a few principles as time does not permit any discussion of forms of temperance legislation. The liquor traffic is a national evil and can only be overcome by national resources, that is effective legislation. Moral suasion, education and evangelism can do a great deal in saving the individual and in uniting the people for aggressive service but the one thing which can deal a death blow to the whole traffic is legislation. There are two principles to be considered.

First, the necessity of effective legislation. An eminent authority recently said: "If the fight against the liquor traffic is to achieve permanent results it must be supported by wise legislation." There are good reasons for this position. One is that the enemy does not recognize the value of any appeal or authority except that of force, law or authority which commands respect. The liquor traffic is dead to the moral appeal of wife, mother, child, home, decency and safety. It is a cold-blooded, clear-headed, aggressive money making institution, without conscience, soul or honor. It is an animal and must be dealt its death blow by the strong arm of the law.

Another reason is that legislation is the only form in which enlightened public conviction can effectively express itself. The enemy will not put himself within the reach of moral consideration. He laughs at such methods. The authority of the law is the only authority he recognizes and only then when vigorously enforced. Thus it has been found in proportion as public opinion asserts itself it invariably demands improved legislation. Effective legislation must be the ideal of all true moral reform as only in this way can the power of citizenship enforce decency and protection. A third reason is that the effects of legislation are far reaching. Its influence appears in many ways. Take the moral power and its educational value. The Ten Commandments were not only prohibitive but also created a moral standard of life for the individual and society. So with all legislation. It not only prohibits wrong doing, but it also indicates the standard of right living. This principle demands that legislation be of the right moral quality as it issues in moral conduct. Take also the extent of the gains of effective legislation. By the Lord's Day Act one hundred thousand men were guaranteed the Sunday rest. No amount of moral persuasion could ever have secured this result. When there is effective legislation the moral appeal will be respected. When there is no law the moral appeal is quite worthless with offenders. Every step is legislation, whether it be in the extension of principle, the mode of enforcement or the penalty, directly and indirectly affects millions of cases. This is one of the hopeful things about legislation. Further, the wider the area the more

effective the legislation because the higher the authority. A civil law has only the power of the city, a provincial law the power of the province, and a federal law the power of the whole Dominion. In the smaller areas a great deal depends on local sentiment and there is a great deal of local option in law enforcement. Federal law knows no local option and the local illicit manufacturer is soon put out of business by the department of inland revenue. Thus in order to render legislation effective it must become part of the highest authority in the land, enforced by all the power of that authority.

Second, the standard of effective legislation. Let us begin at the lowest step, the need nearest the problem. In the first place it should deal with the products of the traffic. There are tens of thousands of drunkards arrested, fined and imprisoned yearly, many of whom are confirmed alcoholics. The present legal method does not stop the sale, save the men or protect the helpless. These men are diseased, hopeless and helpless. Manhood is temporarily paralyzed. There should be legislation to the effect that such men should be sent to a home for treatment and that in the earliest stage, if cured they should be released on probation. If it is found they are incurable they should be sentenced to some proper institution for life where they could be safe, earn a living and assist those depending on them. In this way the wreckage would be saved, social evils reduced and social health improved. Such a method would give an object lesson in society which would make further legislation possible.

Then again, effective legislation should seek the abolition of the liquor business as a business. This is vital and appears in two connections. It must be the expression of a proper moral standard. Licensing for beverage purposes, whilst affording some legal and practical restriction of the traffic, does violation to the moral sense, when accepted as a legitimate principal of control. Enlightened conviction feels the business is morally wrong. To license it is to make it legally right and to give it a respectable footing in society. This double moral standard does a great deal of mischief in popular thinking and is used to justify false methods. As it is morally wrong it has no right to legal sanction. Legislation which establishes it can never succeed in controlling, regulating or abolishing the business. Effective legislation must stand true with the great moral laws of life. Further, it must have a progressive method in enforcement. The method which permits punishment to degenerate into a fine or license is not effective. The aim of law is to eliminate the business of law-breaking. If one judgment does not stop illegal traffic there should be a much severer legal penalty. The third should put the offender out of business and beyond the reach of mischief making. This method would give the offender a chance to get out before the crash came, but it should come. The system in some places of a periodic fine is not only establishing the business but fostering a lawless element in the community.

In the final reach effective legislation should by federal enactment prohibit the manufacture and importation of alcohol for beverage purposes. Science and history have declared that alcohol is a deadly poison, doing greater injury than plagues, war or tuberculosis. An eminent scientist the other day remarked "Tuberculosis is the disease of poverty but alcohol is the mightiest fact in producing poverty." Alcohol has its place in the Arts, such as the chemist's shop, but it has no legitimate place in the human body. On the other hand we have the high-

est authorities declaring it is a great national menace and curse, and on the other we have a system which legalizes the manufacture and importation of the poison for beverage purposes. The thing is morally insane. What is needed for scientific purposes should be manufactured under government control. The rest should be prohibited. England has risen to her proper moral standard in placing opium upon the list of prohibited evils in her trade with China. The time is coming when Canada will place the manufacture and importation of alcohol upon the list of prohibited evils.

The outlook is growing daily brighter in two ways. The area of effective legislation is gradually widening, and the principle is becoming clearer. The saloon is regarded as an evil, its abolition is deemed imperative. Local option issuing in local prohibition is filling the country with new energy and hope. The traffic is on the defensive, the friends of purity are winning, a tide of a better citizenship is rapidly rising.

Is it worth while? One day in October, 1835, Wendell Phillips sat in his office in Boston, opposite the old state house. A riot was in progress. He saw American women insulted for befriending their innocent sisters when their hearts were breaking as their children were sold into slavery. He saw Garrison assailed for saying that a man's right to liberty was inherent and inalienable. Phillips walked the office floor, and as the sun was setting he formed a great resolve in these memorial words, "I love inexpressibly these streets of Boston over which my mother led my baby feet, and if God grant me time enough I will make them too pure for the footsteps of a slave." You know the result, that mightiest of American orators lifted up his voice and arm and spoke the lethargy of a dead conscience until life was aroused. The awful war cloud began to gather in the South and soon filled the whole sky. The roar of cannon shook the earth and deadly lightning flashed until half a million men lay cold in death or were wounded on the battle field. But when the sun of peace shone out once more it was found that not only the streets of Boston but every inch of American territory was too pure for the footsteps of a slave. Was it worth while? Yes and it will be worth while if we in Canada do the rest of vast treasure of wealth, much time and even many lives rise in the midst of our redeemed manhood and womanhood and make every part of this fair Dominion too pure for the saloon.

ST. GEORGE

It boasts not of its marble walls, Or streets of wealth, or stately halls, Or fortunes made within a day, Which in a trice may pass away, Or of its men most clever, Or its but a helmet on a hill, With bubbling springs and babbling rill, Which winds its way through mint and brake, To join the Grand then seeks the lake, And there 'tis lost forever.

Its wealth lies in its landscape fair, With schools and churches here and there, In noble manhood, brave and strong, Who love the right, despise the wrong.

The brawn that builds our nation, And men would surely be but churls To reckon wealth without the girls, For in this quiet modest place They reach the acme of their race, The fairest in creation.

—N. Stanley Boughtner.

SOME OF THE HEROES OF THE FAST INDIANAPOLIS 500 MILE MOTOR RACE

JULES GOUX IN PEUGEOT CAR.

SPENCER WISHART

CHARLES METZ

Here are the heroes of the five hundred mile automobile race at Indianapolis—Goux, who, in a French car, won the race and changed tires eight times because of the intense heat; Wishart, who finished seven laps behind the winner in an American machine, and Metz, who, despite the fact that his Stutz car burst into flame at the beginning of the last lap, continued in the race and finished third, with his mechanic on the hood unbuckling the straps so the pit men could extinguish the fire when the machine came to a stop.

Wedding Bells

One of the most fashionable society weddings of the season, in London, Ontario, was solemnized in the Crown Memorial church on Saturday afternoon, May 31, when Miss Elaine Agatha Leonard, daughter of Mr. and Mrs. Frank Leonard, became the bride of Mr. E. Aubrey Schofield, of Montreal. Rev. R. W. Norwood presided over the ceremony. The chancel and choir were beautifully decorated with bridal wreaths and lilies, and the bride entered preceded by the ushers, Mr. Wolman Leonard, London; Mr. H. Kingstone, Montreal; Mr. A. A. Jones, Montreal; Mr. A. Thomas, St. John, N. B.; Mr. T. Hopkirk, Montreal and was followed by her bridesmaids, Miss E. Gooderham, of Toronto; Miss Yvonne Hobbs, Toronto; Miss J. Labatt and Miss Alice Leonard, maid of honor.

The bride, who was given away by her father, wore a very beautiful gown with a long train of white satin brocade, the bodice and the sleeves being made of point d'Alencon lace with a touch of silver lace on one side. The skirt was draped and caught with orange blossoms. Her veil of tulle was arranged at the bottom of the skirt with orange blossoms, and fell from there to the end of her train, which was hemmed with pearls. The bride carried a sheaf of roses, lilies and orchids.

The bridesmaids' dresses were made alike of crepe de chine with draped skirts, the bodices being trimmed with silver tulle and angel sleeves of German shadow lace, with touches of purple satin. The maid of honor and Miss Gooderham had gowns of palest green, and the others of palest lavender. They all wore hats of purple mairine trimmed with violets and faced with white, and they

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years. Has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, gives healthy and natural sleep. The Children's Panacea—The Mother's Friend.

LABOR MEN DISCUSS MAN QUESTION

Meeting Held Last Night Particularly Heavy One.

There Was Good Attendance and Delegates Had Talk.

The Trades and Labor Council held an interesting session in the Hall last night, at which many topics of interest were discussed. The Session—Roll Call.

At the last meeting of the Council it was decided to have a roll call each meeting night. This was last night.

Credentials Received. The following credentials were received from the Brantford Industrial Union No. 378 and a letter from Geo. A. Crooks, Toronto, and George M. Crooks, This is the full compliment to the Council. The other delegates are W. Reeves, R. G. Scott and J. R. Scriver.

Strike in Hamilton. A communication was received from the Hamilton District Trades and Labor Council, notifying the council that the iron moulding core makers in the city of Hamilton are out on a strike in the Hamilton Company, Sawyer-Massey and Dominion Steel Casting Co., a question that all iron moulding core makers keep away from the town.

Directory Scheme. Mr. E. Little, representing directory proposition, was recently considered by the council. A communication which was received, asking the council to take the directory scheme again, was not considered.

Hospital Work. The Women's Hospital Aid Brantford General Hospital, the council, asking for its aid in co-operation on tag day, which is held on Saturday. The request was complied with.

The communication received from the Women's Hospital Aid Brantford to a short but funny discussion of the delegates who has returned from the hospital, a shortage of coats and other apparel that is worn by the patients. He said there was only four for some twenty patients.

A delegate wondered what a sensation it would be to wear a coat after a foreigner with onions and garlic. A bridge game informed him that they were properly washed.

(Continued on Page 10)

CANADIAN TEAM SAILED LAST NIGHT

Bowlers For the Old Got a Happy Send Off.

MONTREAL, June 3.—The members of the Canadian bowlers' team who visited the Old Country last night, left for their home at daybreak. The Ottawa club which arrived during the afternoon was met by the members of the Westmont Club and other players also met on arrival of the Trunk train. Friendly games played at Westmont during the evening.

A large contingent of local bowlers, including M. H. Brown, Vice-President, R. C. Y. C., Toronto and A. Phee of the High Park Club, Toronto, were on board the Victoria to see the visitors off and in a manner wish them good luck on their voyage.

Edinburgh Strike. EDINBURGH, June 3.—A strike threatened by 40,000 strikers, which was recently ballooned upon, has been averted at least a week as a result of a conference between the men and employers. Another meeting held at the end of this week to consider propositions made by employers.

The Fire Loss INDIANAPOLIS, Ind.,

Fire early today destroyed a building of the Mait Motor Truck plant, a loss estimated at \$90,000. The chief loss, in addition to the value of the buildings, was the loss of the stock room, a large number of unfinished machines in the room also was destroyed.
