Reports From Berlin Indicate Russians are Sparing No Efforts to Obtain Control of This Important Railway Centre—Cossacks Put to New and Daring Use by Invaders

By Special Wire to the Courier. Berlin, July 12, via London, July 13.—The Austro-German retreat from the Czartorysk salient, just south of the Pinsk swamps, having been completed, the prospect it was, have come to grips all along the line of the Stokhod river, where Von Linsingen has elected to stand and cover the approach of Kovel.

Officers at the front are too engaged for anything but the bare reports absolutely necessary. Madness, But Method in It. For some time the correspondents in Berlin have been hearing of the astonishing use of Russian cavalry on the front south of the swamps, and getting repeated tales of charges of masses of horsemen against entrenched and unbroken infantry under conditions which would make these tactics appear the height of madness.

The advance in the bank rate came as no surprise to the money market, the rise being purely a precautionary measure to protect exchange.

Austrian Drive Came Too Soon

Should Have Waited Until Cadorna Was Committed to Offensive. COULD THEN HAVE STOPPED IT But as Things Stand Now Italians Can Adhere to Original Plan. By Special Wire to the Courier. London, July 13.—(New York Herald cable)—In an article entitled "Why Austria struck," a Times correspondent, presumably Colonel Repton, writes from the Italian front: "I have not seen anywhere in the Italian or foreign press an appreciation of the Trentino according to my views. The popular view is that the Austrians have been fools and their armies routed. Austria certainly has made two very great blunders in this campaign of 1916 so far.

New York, July 13.—The New York Times this morning has the following: "With the German Army on the West Front," July 10 (by Dr. Max Oborn, the Vossische Zeitung)—As expected the enemy offensive after a short breathing space, has resumed with renewed strength. The fierceness and bitterness of the fighting now taking place on the Somme is increasing and I find a counterpart only in the horrors before Verdun.

Struck at Wrong Time

Where the Austrians failed was in the time chosen. Had General Conrad waited until General Cadorna's offensive had been completed, the Trentino sortie might have been serious. It is a blessing disguised, not deferred.

AMAZING RECOVERY OF RUSSIA FROM DEFEATS OF A YEAR AGO

To-day, Czar's Armies Have Apparently Inexhaustible Supplies of Guns and Ammunition—Verdun Again Becomes Centre of Interest for the West

London, July 13.—12:05 p.m.—The recovery of the Russian armies since their defeats of last year and the apparently inexhaustible supplies of guns and ammunition with which they are provided, continues to be a source of wonder to military writers. At least six great armies are engaged against the Austrians and Germans on Russia's western front. All of them are using great quantities of ammunition even those not definitely on the offensive.

Fighting Continues, But Little Change Registered

London, July 13, 3:34 p.m.—Fighting continues at various points along the battle front in the region of the river Somme in France, but there has been no change in the situation on any part of the British line, says an official statement issued by the British War Department this afternoon. Attempts of the Germans to raid trenches west of Wysehaete and south of La Bassee canal were frustrated.

Mayor Ordered Banner Down

He Deemed its Wording Might Be Offensive to Some Citizens.
Windsor, July 13.—Mayor A. W. Jackson yesterday ordered city employees to lower from Sandwich street a banner which had been placed there by the local committee of the Orange Lodge as a greeting for the thousands of visitors who thronged the city yesterday for the celebration of the 226th anniversary of the battle of the Boyne.

The banner declared that the Orange order stood for "one flag, one school, one language," and when the Mayor heard of it he requested the local committee to have it removed on the ground that its wording might prove offensive to citizens not in sympathy with the Orange movement.

Grand Master John Bailey of Essex, however, declined to have the obnoxious motto taken down, and accordingly Mayor Jackson had two civic employees detailed to do the work early yesterday morning.

ALLIED WARSHIPS SEEK CONVOY OF THE DEUTSCHLAND

Neutral Commerce Ship Said to Have Helped It Across Ocean.

Washington, July 12.—Diplomats of the allied countries received information during the day indicating that the German submarine Deutschland was conveyed from Bremen almost to Chesapeake Capes by a neutral merchantman, presumably Norwegian, Swedish or Dutch, which aided in shielding her from detection by enemy warships and also acted as a tender. This information may be conveyed later to the state department and investigation requested. Allied warships are said now to be searching for the convoy ship.

Various rumors indicating that the submarine might have had a convoy have reached the state department, but none of them ever was given credence. One was that a British steamer, which put into the Madeira Islands had sighted on June 23 in the Atlantic a large submarine bound eastward in company of a steamer. The state department already has begun consideration of questions involving departure of the Deutschland. To prevent violation of neutrality by forwarding of military information from this country regarding the Deutschland's movements, officials are considering whether the Government should prevent dissemination of news of her sailing.

MOTORISTS TO SEE THAT LAW IS KEPT

NOVEL PLAN TO SECURE OBSERVANCE OF SPEED REGULATIONS.

Niagara Falls, Ont., July 13.—A movement to stop the speeding of automobiles in this city, and other violations of the laws governing automobiles is under way; motorists have started a movement to have fellow motorists who violate the law prosecuted. Owing to the small number of men employed on the local force it was impossible for the police to properly regulate motor traffic. Owing to Niagara Falls being a border city, and the fact that there is an exchange of motor licenses between the United States and Canada, the work of the local police is increased. The police authorities of this city have no record of the New York and Michigan State numbers, and more often than not the motorist from the United States who breaks the speed laws, is back across the line before the police have an opportunity to have him summoned.

Sarnia, July 13.—James Garson, a local piper, now with the 70th Battalion, writes home that he saw the Hampshire, carrying Kitchener, sink off the coast of Scotland. He had obtained leave of absence from his battalion and had gone to Scotland to see some relatives. He was on the beach at the time of the storm, which he says was terrific, and saw the Hampshire go down in the turmoil, with her crew and distinguished passengers. After the wreck he helped to collect some of the bodies which were cast up by the waves.

GOETHALS RESIGNS. Governor of Panama Canal to Be Replaced at Early Date.

Washington, July 13.—President Wilson yesterday agreed to accept the resignation of Major Gen. Goethals as governor of the Panama Canal at an early date. Gen. Goethals called at the White House and again urged his desire to resign the governorship and retire from the active list of the army now that his work of building the canal has been finished. Later the president authorized the statement that he reluctantly left the matter in Gen. Goethals' hands. Col. Chester Harding, now engineer of maintenance in the canal zone, probably will be appointed governor.

THE SITUATION. The British have more than regained the ground lost on Tuesday to the Germans during the drive of General Haig's troops.

The Germans still continue to sacrifice large numbers of men in the Verdun offensive. They have made some further progress. Yesterday they made a massed assault with 18,000 men at the intersection of roads leading to Verdun.

The Grand Duke Nicholas has been heard from again on the Caucasus front. He reports a defeat of the Turks on the taking of the town of Mamakhatum by assault.

THE NORTH PERTH FIGURES. The Toronto World claims that the verdict in Perth was with regard to nickel, and The Toronto Telegram as a finding on the shell charges.

With a Provincial bye-election on in Quebec, and wishing to help his friend Gouin, Laurier even went so far as to bring the matter into the Dominion House. Here, then, we have the situation:— Laurier makes platform appeals to his compatriots, while at the same time he stands arm in arm with Gouin, whose Government authorized Quebec municipalities to vote monies to keep up the bilingual agitation in Ontario, embracing demands which the leaders say must be met before further help for the Allies can be expected from their section.

Economy in the Use of Meat Pies

ONE excellent method of stemming the tide in the high cost of living is to get the pie habit. Not the fruit pie or vegetable pie exactly, though they are all right in their place, but the meat pie, which may be made of fresh meat or of the cooked left-overs, and is really a culinary delight when properly made.

THE "WEAL AND HAMMER." The game pie and the "weal and hammer" of Sam Weller fame is still popular in England, and figures at many outdoor luncheons where the sporting element congregates.

The Price of Homage. ONCE when the late King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. In such an event it is important to know just where the royal family stand. Mr. Edward Legge, an Englishman who is on friendly terms with the King of Roumania—Ferdinand—(no relation to the little Czar of that name)—says that by temperament, political interest, and personal leaning the King's sympathies are with the allies.

An Able and Popular Queen

The Queen is very popular with the Roumanians. Her delightful manner, her freedom from every thing approaching affection, her genuine desire to please and be pleased, her interest in all around her, captured the simple-minded warm-hearted people of the new kingdom, who soon came to regard her as one of themselves.

Like her sisters and their late brother and their mother, this fair granddaughter of a Tsar has been thoroughly grounded in every branch of education, notably in languages and before very long she added Roumanian to the other tongues—Russian, French, Italian, German, and of course, English. Sovereigns and prospective sovereigns are familiar with "drudgery at the desk" years, and the august lady who shares the throne of Ferdinand I. was no exception to the rule.

BIGGEST CELEBRATION IN TOWN'S HISTORY; MANY ORANGEMEN MET YESTERDAY AT TILSONBURG

10,000 Followers of the Immortal William, Representing 60 Lodges and 7 Counties, Gathered to Celebrate the Day—Ohsweken Won Band Competition

Tilsonburg, July 13.—Tilsonburg yesterday had the greatest 12th of July celebration in its history. Some 15,000 visitors were in town, of whom between 8,000 and 10,000 were members of the Orange order. Sixty lodges were in the procession, and seven counties were represented. London Orangemen came along between 700 and 800 strong, all seven lodges in that city being well represented. Members of the order from all parts of Middlesex, too, were much in evidence.

The county master, Samuel Nagle, of Ingersoll, presided over the speech-making, and Mr. V. A. Sinclair, M.P., joined in welcoming the visiting brethren.

Mr. Essery Speaks.
E. T. Essery, K.C., of London, the first speaker, referred with pride to the fact that 60,000 Canadian Orangemen are to-day wearing the Kings uniform. Patriotism was one of the basic principles of Orangemen, and Canada owed a debt of gratitude to the order. Orangemen were ever to the front in fighting the empire's battles and soldier members of the craft would make things warm for the Germans in the final drive on Berlin.

Rev. Dr. Gibson of Knox Church, Woodstock, referred to the high principles of the Orange Order, and declared that Orangemen must be prepared to wage a strenuous fight in the bilingual school matter.

Rev. E. C. Croly, of Port Burwell, deputy grand chaplain, declared that the French were gradually driving the English out of the Province of

Quebec, and Ontario Orangemen must guard against repetition of this in this province.

Capt. (Rev.) S. E. McKegney, of the 215th Brant battalion, spoke of the loyalty of the Orangemen in the north of Ireland in the present war, and appealed for still more recruits from the ranks of the Canadian Orangemen.

Rev. T. B. Howard, rector of St. John's Anglican church, was the final speaker.

Sports Program
Culloden carried off the honors in the baseball tournament, Tilsonburg coming second and Preston third. The Ohsweken Lodge took first money in the band competition.

Lakeside, North Oxford, won first money in the tug-of-war competition, winning from Ohsweken.

Norwich was awarded the prize for the best dressed lodge, and Hackett Lodge, London, was awarded first prize for the best pipe and drum corps. Guysboro coming second. Nassau Lodge, London, had the best pipe band.

Richard Scott came out on top in the boxing contest, F. A. Switzer being next best. B. Pierce, of Waterford, won the egg race.

The general committee in charge of the arrangements is being given great credit for the success of the celebration. It comprised J. H. Allan, chairman; Harry Patis, secretary; William Ferguson, treasurer; and Charles Williams, Charles Russell, T. C. Waller, C. S. Scott, E. Law, M. G. Dean, James Otterson, Dr. Taylor, L. Waller and William Wouds.

Not a single accident marred the entire day.

How They Lived in New York's First Flat

THE inhabitants of Manhattan protected by a large boulder. A passage for living in flats since remote prehistoric times. A primitive dwelling place of this kind has been discovered in an excellent state of preservation in a piece of woods at the extreme end of the island. The first New York flat consisted of

The tenants of the first flat may be said to have enjoyed better light and ventilation, and more privacy, than the inhabitants of many flats in New York today which boast more modern conveniences. The accompanying photograph has been made from a realistic model prepared for the Natural History Museum.

In examining the home of the early New Yorker it was found that the floor of the cave was covered over with debris to the depth of several feet, which had doubtless collected as the result of many years of occupation. A careful examination of this material served to throw an interesting light on the domestic economy of the tenants.

From many scraps of earthenware it was learned that the prehistoric tenants made their own pots and vessels with considerable skill and were expert in working several metals.

A great many oyster shells were found in this debris, which tell an interesting story. The oysters must have been found on the seashore many miles away and, yet so luxurious were the tastes of these early New Yorkers, that they must have carried the oysters unopened many miles on their backs to have the pleasure of eating them freshly opened in their own homes.

The debris consisted of two stratas of different characters, indicating that the cave has been occupied at a very remote period for many years and then, after standing idle for a long time, had again found a tenant. It has been decided that the later tenants occupied the first flat at the time of the discovery of this region by Europeans.

Golden Wedding

Mr. and Mrs. Wm. Salisbury Complete 50 Years of Married Life.

A large gathering of friends and relatives of Mr. and Mrs. William E. Salisbury witnessed their golden wedding at their beautiful home on the Shellard Road, on Tuesday, July 11th.

Fifty years ago, the ceremony uniting William E. Salisbury and Mary Jane Metcalf, was performed by Rev. Mr. Miller, pastor of the Methodist church in Mt. Pleasant. That was in 1866 and for the period of the half century since, they have been respected residents of this vicinity and have seen their children's children grow to manhood and womanhood.

Many changes have occurred in that time in Brantford, and among its people and many friends of the earlier days have passed on, but these two have been blessed through all the years, and to-day in the midst of prosperity acquired their own industry and surrounded by a host of friends, relatives and descendants, they still enjoy good health and live useful, active lives.

The golden wedding ceremony was performed by Rev. Chas. Collins, pastor of the Methodist Church of Andover, N.Y., and was followed by a sumptuous repast served on the shady lawn, and by a happy social time.

The wedding gifts were numerous and beautiful, including much gold jewelry and table ware, and forty dollars in gold pieces. Mr. and Mrs. Salisbury are representative Canadian farming people, living a life of high Christian ideals, and their many friends will wish them many years more of happiness together.

215TH AGAIN INOCULATED

Four Recruits Yesterday Bring Battalion to a Strength of 555.

Innoculation is once more the order of the day in the 215th battalion to-day, as all ranks submit themselves to the ordeal again. The doubt which surrounded last week's experience has, however, now been dispelled, and with it the greater part of the reluctance felt, so that all went through it to-day with composure, knowing what they are facing.

With four recruits obtained yesterday, the strength of the 215th this morning stood at 555, all told. In three days of this week, a total of 15 recruits have been signed, which is considered as an excellent showing when no special efforts have been put forth. A big campaign is coming shortly, however, when it is expected that all previous records will be broken.

The moving pictures taken a short time ago of the 215th battalion, have arrived in the city, and are being shown at the Brant Theatre for the remainder of the week. The pictures are thoroughly successful and should be seen by all. At 10 o'clock to-morrow morning, the 215th battalion will be the guests of Manager Moulde at a special showing of the films.

ONE GAME; THREE ASSISTS

Three assists for the Pittsburg Pirates in nine innings against Brooklyn recently were almost a major league record. The New York Giants played a game in Pittsburg on Aug. 9, 1896, in which the Giants had two assists in nine innings, both going to Pitcher McInnity. A record frequently quoted is that established in the game between the Cincinnati Reds and the Phillies on July 22, 1906, in which the Reds had no assists, but the game went only seven innings. The Pirates hold the record for the greatest number of assists. They made 28 assists in a game with the Giants on July 18, 1911. Also, the Pirates figured in another near record with Brooklyn. On June 14, in the record-breaking year of 1906, the Pirates beat Brooklyn 6 to 1, and Brooklyn had 27 assists. Still another high-water mark was reached in a game between Brooklyn and Pittsburg. In Pittsburg on June 24, 1893, there were 24 passes. Terry Killen and Gumbert, for Pittsburg, issued 15 bases on balls, and Lovett and Haddock issued nine for Brooklyn. This was the record until May 9, 1916, at Philadelphia, when the Athletics' pitchers issued 18 passes and the Detroit pitchers 12. Fred Clarke, former manager of the Pirates, holds the record for outfield assists on a field not shortened by the presence of a crowd. In Pittsburg on August 23, 1910, Clarke playing left for the Pirates, and with a clear field, had four assists.

CLEVELAND BACK IN FIRST PLACE

New York, July 13.—Cleveland ousted the New York Americans from the lead yesterday when the Yankees were defeated in both sections of a double-header, the scores being 1 to 0 and 6 to 3. The first game was a pitchers' battle between Caldwell and Bagby, one run deciding the game in the visiting pitcher's favor. In the second game, Gould, a recruit from Davenport, held New York to two hits until the eighth inning, when he allowed four, and Covaleski relieved him. Fisher pitched well until the eighth when Cleveland won the game by scoring four runs on two triples, two singles and an infield out. Speaker hit Fisher for a triple and three singles. The scores: First game—R.H.E. Cleveland . . . 010000000—1 7 1 New York . . . 00000000—0 6 2 Batteries—Bagby and Daly; Caldwell and Alexander. Second game—R.H.E. Cleveland . . . 000200040—6 12 4 New York . . . 20000010—3 7 2 Batteries—Gould, Covaleski and Daly; Fisher and Walters.

Philadelphia—St. Louis won both games here yesterday, the first 6 to 3, and the other in ten innings, 2 to 1. The visitors hit the deliveries of Hasselbacher and Williams hard in the first game, while Plank kept Philadelphia's hits scattered. In the second contest, Johnson tied the score in the ninth on his triple and Siler's sacrifice fly, and the visitors won in the tenth. Marans' safe throw, Myers' wild throw and a wild throw by Witt on Severold's grounder. Scores: First game—R.H.E. Philadelphia . . . 31040000—3 13 2 St. Louis . . . 00000101—3 10 4 Batteries—Plank and Hartley; Hasselbacher, Williams and Meyer. Second game—R.H.E. Philadelphia . . . 000000011—2 8 3 St. Louis . . . 100000000—1 6 2 Batteries—Davenport, Hamilton and Severold; Myers and Meyer. At Boston—The Red Sox won another double-header from Chicago yesterday, the scores being 2 to 1 and 3 to 1. In the eighth inning of the opening game errors by Terry, who went to short when Weaver was put off the field by Empire Evans, gave Boston the winning run. The locals took the lead in the fifth inning of the second contest, when Barry singled, Lewis doubled and McMullen threw badly to first on Galt's grounder. The suspension of Catcher Agnew was lifted yesterday. Scores: First game—R.H.E. Chicago . . . 010000000—1 7 3 Boston . . . 10000001x—2 8 3 Batteries—Russell and Lapp; Shore and Cady. Second game—R.H.E. Chicago . . . 000100000—1 6 2 Boston . . . 10002000x—3 6 0 Batteries—Williams, Cloutte and Schalk; Leonard and Carigan, Agnew.

At Washington—Superior pitching by Covaleski over a trio of Washington pitchers gave Detroit a 4 to 2 victory over Washington yesterday. Poor throws by Hellman figured in both runs scored by Washington. Scores: Detroit . . . 010000030—4 7 4 Washington . . . 000002000—2 4 0 Batteries—Covaleski and Baker; Harper, Dumont, Gallia and Henry.

That This is as young as only would like to have people believe, but, after all, what does it matter? He is playing the greatest game of his career, and until he starts to slip the fans in Cleveland will not worry about his gray hair. The indefinite suspension of Manager Joe McGinnity, of the Butte Northwestern League team, for alleged rowdyism on the field came as a surprise to his old major league friends. ONE HIT GAVE RUN THAT MEANT GAME

At Chicago (National)—Philadelphia pounded Packard for seven runs in the fourth and fifth innings, and administered the Cubs' fifth straight defeat yesterday, 6 to 2. Scores: Philadelphia . . . 000230001—6 10 1 Chicago . . . 100000100—2 5 2 Batteries—Demaree and Burns; Packard, Seaton, Hendrix and Fischer.

Pittsburg—Boston defeated Pittsburg here yesterday by a score of 6 to 5, winning the game in the eighth inning. Four hits, two bases on balls and three errors resulted in all of their runs. Scores: Pittsburg . . . 000000060—6 6 2 Boston . . . 000000060—6 6 2 Batteries—Rudolph, Barnes, Hughes and Gowdy; Mataux, Jacobs, Cooper and Gibson, Wilson.

Cincinnati—In a pitchers' battle that only lasted six innings on account of rain, New York won the second game of the series here yesterday, 1 to 0. New York's only run was made on an error. Schulz allowed one hit, but that brought in Doyle who had reached second on Griffith's error of his fly. Scores: New York . . . 0000011—1 0 Cincinnati . . . 0000000—0 2 1 Batteries—Anderson and Rariden; Schulz and Wingo.

St. Louis v. Brooklyn—Rain. This Speaker represents being joshed about his age. He says that just so long as he continues to go at top speed it really does not matter how much the fans "ride" him because his hair is gray, but that it hurts when he is going mad. Speaker refuses to divulge his exact age, but declares that he has been gray since he was 17 years of age, and that he is not yet 30. Few fans will believe that this is as young as only would like to have people believe, but, after all, what does it matter? He is playing the greatest game of his career, and until he starts to slip the fans in Cleveland will not worry about his gray hair.

AUSTRALIA TO FLOAT A LOAN

The Third Federal Loan for War Purposes May Reach 250 Millions.

Melbourne, Australia, July 13.—A third Federal loan for the war is to be floated before August 1, though it is not proposed this time to ask for any fixed amount. On the occasion of the first loan, the Government asked for \$25,000,000 and it received \$65,000,000; and on the second occasion \$50,000,000 was asked for and the response was \$105,000,000.

Parliament has authorized the raising of \$250,000,000 and it is expected the people of the Commonwealth will as before, respond liberally. The Government will take as much up to that amount as the public care to lend. The rate of interest will be four and one-half per cent, the price of issue will be at par and the loan will run until 1925.

NO ELECTION THIS YEAR. By Special Wire to the Courier. London, July 13.—Replying to a question in the House of Commons this afternoon, Premier Asquith said it was obvious that the duration of the present parliament, which expires under ordinary circumstances in September, would have to be extended.

MONUMENT TO KITCHENER. Cairo, Egypt, July 14.—A great popular movement to build a monument in Egypt to Lord Kitchener has been started here.

LONOVAN'S BISON HEAD THE LEAGUE.

At Buffalo (International)—Buffalo made a clean sweep of the series when they shut out Newark yesterday 8 to 0. The Bisons continued their timely stickwork and were aided by Newark's errors. Bader never was in danger. The win gave Buffalo the league leadership. Score: Buffalo . . . 000000000—0 7 3 Newark . . . 03002110*—3 11 0 Batteries: Smallwood and Eagan; Bader and Onslow.

Rochester—Providence divided honors with Rochester in yesterday's double-header, the home club taking the first game 10-1, but suffering a shut-out in the second. Providence scoring the only run of the game. In the first game Rochester hit Tincup and Eayres hard, while Levern held the Grays to four scattered hits. The second game was a pitcher's battle in which Providence bunched hits in the sixth innings for their only run. Scores: Providence . . . 000001000—1 4 3 Rochester . . . 21400003*—10 13 3 Batteries: Tincup, Eayres and Plackburn; Levern and Hale.

Second game—R.H.E. Providence . . . 000001000—1 4 3 Rochester . . . 000000000—0 3 0 Batteries—Peterson and Yelle; Hill and Casey. At Montreal—Richmond reversed Tuesday's result and beat Montreal 6 to 0, although they outbatted and outfielded the visitors. Richmond's hits were more opportune and their easily lead was too great for the Royals to overcome. Score: Richmond . . . 00322100*—8 10 3 Montreal . . . 010200000—4 11 3 Batteries: Ross and Reynolds; Colwell, Fullenweider and Howley, Moran.

LEAFS WIN TWICE FROM THE ORIOLES

Toronto, July 13.—There was quality as well as quantity to yesterday's double win by the Leafs over the Orioles at the Stadium, and over the large half-holiday crowd were well repaid for their trip across the Bay. In the first game they saw Urban Shocker win his eleventh game of the season when he applied the kalsomine brush to the Duncans by the score of 4 to 0. In addition they saw Jack ("Red") Murray pull off one of the greatest catches seen around here in some years, when after a long run to deep centre he jumped into the air and with his gloved hand pulled down Winston's hit that was labeled a homer. He made the catch at such a difficult angle that no one believed he had the sphere until he pulled up.

In the first game Shocker had always the better of the argument with Newton, as the Leafs gave him a run in the first inning. This counter was enough to win, as the local heavier was hardly ever in trouble. Only six hits were registered off him, with Crane and Winston getting two each. On the other hand, Newton was touched up by a dozen bingles, but good fielding behind him kept down the score. Indications pointed to another bad

day for McTigue at the start of the second game, but he settled down after the third inning, and in the remaining seven spasms the visitors only connected safely twice—once in the eighth and once in the tenth. Then he was a regular miser as far as issuing charities were concerned, and only one reached first by the free transportation route, that being in the third inning. Morrisette, his opponent, and famous as the pitcher who tried to beat Truesdale here last trip, was just the reverse from McTigue. Morrisette deadheaded five to first and five others were safe on errors. This accounts for the Leafs having 11 men left on bases against only four by the visitors, and also shows that the locals were having more opportunities to put across a run, even if the hit column only shows seven hits apiece.

O. Henry Stories

III.—The Enchanted Profile

By O. HENRY

[Copyright by Doubleday, Page & Co.]

HERE are few calligraphers. Women are Scheherazades by birth, prophets by instinct and arrangement of the vocal chords.

In New York there is an old, old hotel. You have seen wood cuts in the magazines. It was built—let's say—above Fourteenth street except the old Indian trail to Boston and Hammerstein's office.

At this hotel always stopped Mrs. Maggie Brown. Mrs. Brown was the roughest black, dressed in the bonny woman of sixty, carrying a handbag made, apparently, from the hide of the original animal that Adam decided to call an alligator.

The stenographer and typewriter of the Acropolis hotel—there, I've let the same of it out—was Miss Ida Bates. She was a holdover from the Greek classics. There wasn't a flaw in her looks. Some old timer in paying his regards to a lady said, "To have loved her was a liberal education."

One day I walked past Miss Bates' little sanctum Remingtonian and saw in her place a black haired unit—ummis, talkably a person—pounding with each of her forefingers upon the keys.

"Well, man, how are the stories coming?" "Pretty regularly," said I. "About equal to their going." "Good type!" "I'm sorry," said she. "Good type!"

she did? Loosened up like a March wave in the surf at Coner. She took me to a swell dressmaker and gave her a carte to fit me out—money no object.

"Then we moved to—where do you think? No, guess again. That's right—the Hotel Bonton. We had a six room apartment, and it cost \$100 a day. I saw the bill. I began to love that old lady.

"I've been out before, Aunt Maggie," says I. "But I'll come out again. But you know, says I, 'that this is one of the swellest hotels in the city. And you know—pardon me—that it's hard to get a bunch of nobles together unless you're trained for it!"

"Don't fret about that, child," says Aunt Maggie. "I don't send out invitations—I issue orders. I'll have fifty guests here that couldn't be brought together again at a reception unless it were by a king or a trust busting district attorney. They are men, of course, and all of 'em either owe me money or intend to. Some of their wives won't come, but a good many will!"

(To be concluded Friday.)

CANUCKS FORCED TO HELP MAKE HUN MUNITIONS

Some Prisoners Sent to Prison for Refusing to Do So.

By Special Wire to the Courier. Ottawa, Ont., July 12.—Canadian prisoners in Germany were sentenced to a year in jail by the Germans for refusing to make war munitions, according to a letter received here from Corp. Dan A. RUSSIANS WIN IN ASIA MINOR

Town Fifty Miles West of Erzerum Captured by Assault.

London, July 13.—Russian troops have captured the town of Mamakhatum, fifty miles west of Erzerum, on the Tuzlu River, by assault, says the official statement given out by the Petrograd War Office last night. The retreating Turks set fire to the town. Following is the statement: "West of Erzerum our troops, having repulsed the Turks, took the town of Mamakhatum by assault. In the course of their retreat the enemy set fire to the town. We took measures to extinguish the flames." Prior to the capture of Mamakhatum a new line of fortified Turkish positions were taken. This action was a great success was scored by a Russian regiment which had already distinguished itself in this memorable fighting at the capture of the fortress of Erzerum. Prisoners in considerable number continue to be captured. From the 2nd to the 8th instant 107 officers, 1,684 men, three guns, ten machine guns and four bomb-throwers were secured by the Russians. The Turks in the progress of their flight and in disorderly retreat left a large quantity of arms and war material. The Turkish War Office statement referring to the Caucasus operations says: "To the southward of the Tehoruk on the day before yesterday, hostile counter-attacks on the whole sector were repulsed. Forces of the enemy which succeeded in penetrating our lines in some sectors were driven off to the eastward, following a counter-attack, which led to desperate hand-to-hand fighting. North of the Tehoruk, on the left wing, three were skirmishes."

Turk Cruelties Abound in Syria

Number of People Sentenced to the Gallows Constantly Increasing (Zurich, Switzerland, July 13.—(Correspondence of The Associated Press)—Private letters received here from Jerusalem and Syrians sentenced to death by the Turkish authorities is constantly increasing. In consequence of the rapid spread of spotted typhus the Turkish Government has closed all the schools in Jerusalem. Newspapers are appearing with black-bordered sheets and are filled with death notices. Despite the censorship, the journals publish long articles sharply criticizing the Turkish Government and its policy to enforce the most rigorous sanitary measures. Wounded and plague-stricken soldiers are brought from the battlefields on the Canal and transported in a most primitive manner through inhabited districts.

By Special Wire to the Courier.

British Front in France, July 10 p.m., via London, July 15.—At end of a long day's unbroken struggle the indications are that the British are holding their gains of the morning, when along a front of about 100 miles they attacked the German front line, capturing several important positions.

Not Many Casualties.

The infantry which went into action shortly before dawn anticipated a most determined resistance and expected to pay high toll in casualties. Their experiences during the night's trench raids had served as excellent preparation for their dawn moonlight assault where co-operation was necessary for success. Unexpectedly small number wounded came into the clearing stations during the morning hours. Many were borne by German prisoners who acted as litter bearers.

Attack Not Expected.

These prisoners said that no attack had been expected and that the result before daylight came as a surprise. The British rushed the shambles in the trenches were where the Germans had been expected to regain possession. Through the tangle and over fallen trunks they swept in the face of persistent sniping and machine gun fire under conditions where it was considered amazing how they could discern friend from foe.

Enemy Stuck It Out.

The Germans building barbed wire and digging for shelter among the captured trench, confident that counter-attacks would effect rescue. Among them were wounded.
