TEN STOREYS DOWN A DEEP SHAFT

Workman, After a Fearful Fall, Asks for a Drink of Water.

HAD AN AWFUL PLUNGE

Two Men Shoot Down Elevator Well; One Clutches Rope and Hands Are Badly Burned.

Vancouver, B. C., Nov. 12.—James Tait, of Missouri, and C. E. Russell, of Vancouver, workmen employed on the Dominion Trust's ten-story building at the corner of Hastings and Abbott streets, fell from the top story down an elevator shaft yesterday morning and both are still living and there are hopes for their recovery.

Tait was picked up from the basement and asked for a glass of water. He was removed to a hospital, severely battered.

The men were working on a scaffolding across the elevator shaft when the scaffold gave way. Russell's escape is most miraculous. He says that while falling he caught hold of a rope which he knew was hanging in the shaft and clutched it with his hands and legs. His hands were burned to the bones. He was finally rescued five storeys down, by other workmen.

Sanite Ste. Marie, Nov. 12.—John Varrier, a Frenchman, forty years old, belonging to Sorel (Que.) died suddenly in his room at a hotel here after his return from the Michigan side where he visited a friend. He had complained, before returning to the room, of being in pain. It is believed he was doped on the Michigan side.

Buffalo, N. Y., Nov. 12.—It was announced to-night that Frank Gotch, the world's wrestling champion, and Zbyseo, the Polish champion, have been matched to meet on Thanksgiving night. No definite arrangements as to the place for holding the match have been made, but it is believed that Buffalo will get it.

ALBERTA CABINET SPLIT

Edmonton, Nov. 13.—Premier Rutherford's recent appointment to the Cabinet of two journalists has not pleased the farming members of Southern Alberta, and today Malcolm McKenzie, of Macleod, sent in his resignation. Mr. Wolff, member for Bardston, will also resign, and other resignations are anticipated.

PROTEST AGAINST SUNDAY CARS

Toronto, Nov. 13.—A deputation from London, representing citizens opposed to the proposed running of Sunday cars in that city, waited on Premier Whitney and his cabinet yesterday, and made a formal protest against the granting of the request of the London city council for permission to take a census of the city. At the present, Sunday cars are permitted only in cities of over 50,000 population. The Premier would not promise that a census would not be allowed, but said if it was that it would not be a municipal census.

KILLED CASHIER AND SHOT THE PRESIDENT

Bold Attempt of Bandit to Rob the Bank at New Albany, Ind.

THIEF PLANNED ROBBERY

Police Captured the Youthful Bandit And Landed Him in Jail Before Mob Got Him.

Louisville, Ky., Nov. 11.—In an attempt at bank robbery a young man who has been partially identified as Arthur Hall of Louisville, a dealer in second hand furniture entered the Merchants' National Bank at New Albany, Ind., shortly before noon today and killed J. Hangary Fawcett, cashier of the bank, seriously wounded John K. Woodward, President of the Bank, and wounded James R. Tucker, a negro chauffeur probably fatally. When Hall entered the bank he carried a pistol in each hand. After commanding everyone to throw up their hands and "get into the vault" Hall began shooting. Cashier Fawcett was shot in the neck and died almost instantly. President Woodward was shot through the liver and his intestines were perforated.

Tucker, the chauffeur, was shot through the body.

SHOT NEGRO CHAUFFEUR.

After the shooting the man rushed from the bank and tried to escape in an auto, which he had taken from the curb in front of the residence of its owner, Mrs. Walter E. Scott, in Louisville. He had forced the negro chauffeur at the point of a pistol to drive him to New Albany. The chauffeur, very frightened, and apparently incapable of action sat still when the robber, after shooting the banker, jumped into the car and ordered him to speed up the machine. Then the robber jumped out of the auto, shot the negro in the back and ran two blocks to the Ohio River. He seized a skiff and was on his way to the Louisville side of the river before the frightened citizens of New Albany knew what had happened.

CAPTURED THE BANDIT

An alarm was given through a megaphone on a dredge boat and in a short time several policemen had started in pursuit in a fast motor boat. Capturing the man they brought him to the shore and placed him in jail.

TRAGIC DEATH LAST FRIDAY EVENING

H. H. Gunter, Lumberman, Was Killed on the I.C.R. Track, Campbellton.

SLIPPED CROSSING RAILS

Shunting Engine Passed Over His Body, Killing Him Instantly—President of Richards Co.

Campbellton, N. B., Nov. 12.—Herbert H. Gunter, one of the best known lumbermen in the province and a member of the lumber firm of William Richards & Co., Ltd., was killed at the station here about 6.45 this evening.

Mr. Gunter had a few minutes previous to the accident been talking with Douglas Miles at Moores Bros. store. He left him and walked toward the railway crossing, and attempted to cross in front of the shunting engine which was slowly pulling the train of passenger cars belonging to the day express which had arrived a few minutes previously down the line to put them in the siding, when he slipped and fell directly under the wheels of the tender, which with one of the driving wheels of the engine, passed over the body, killing him instantly.

A little girl was the only one who witnessed the sad fatality, but a young man came along and immediately notified the train crew. The little girl states that the unfortunate man ran to the rear of the tender to cross as the train was moving very slowly when she saw him stumble and fall. She was too frightened to make any outcry and it was not until a young man came along that the train crew was notified.

Mr. Gunter was about 48 years of age and two sons survive, William, in the employ of the company here, and Ralph of Fredericton. William this morning left for Fredericton to spend Sunday. The late Mrs. William Richards was a sister of the deceased.

This evening Coroner Doherty held an investigation, but as there was no evidence of negligence on the part of the railway or its employees, he did not deem an inquest necessary and issued a burial permit. The body will be taken to Boiestown in the morning when interment will take place.

The shunter engine was in charge of Driver Massey.

CHARGED WITH STEALING PLANS

Toronto, Nov. 13.—A sensation was sprung at the investigation held yesterday into the charge against G. E. Morrison and Allan Gibson, formerly confidential employees of the E. W. Gillette Manufacturing Co., of having stolen from the firm two formulas valued at \$20,000, and several machines and plans. The object of the men, it was declared, was to start a new company and the names of Abil, Biedin and Alder, and E. C. Robinson, K. C., were mentioned among those proposed for the men in their proposed enterprise. Morrison and Gibson were committed to trial, bail being allowed them.

FULL NIGHT OF MOB RULE REPORTED

Women Take Part in the Lynching of Negro and White Man.

NOW SEEKING THIRD MAN

He is in Police Care And is Safe—Negro's Heart Cut in Pieces As Souvenirs of Revenge.

Cairo, Ill., Nov. 12.—Cairo was quiet this morning after a night of mob violence such as few cities ever experienced. The mob had dispersed and only an occasional watcher for the negro, Alexander, could be seen lurking about the streets. Alexander was known to be in the custody of the police, but he was secreted in some place the mob could not discover. It is known that he was spirited about the city in policeman's clothes.

JAMES CONFESSED

The confession of the negro, James, implicating Alexander in the horrible murder and assault of Miss Anna Peley, makes him a much wanted negro, and if his hiding place is discovered, it may take a regiment of soldiers to protect him. When James, the negro lynched, was captured at Belknap last night, and while he was being brought to Cairo, he absolutely refused to make a confession, but when the rope was around his neck and he was given his last chance to make a statement, he said: "I killed her, but Alexander took the lead."

The mass of people had become impatient during the efforts to induce the negro to make a statement and there were demands for "work". We don't want to hear him, string him up, kill him burn him," were frequently heard. The crowd pressed forward and the rope which had been thrown over the steel arch and which was in the hands of women, was pulled up and the body jerked a few feet from the ground, where it broke and the negro came tumbling down. The mob by this time became so impatient that they fell upon the negro and riddled him with bullets. The body was dragged more than a mile through the streets to the spot where the murder was committed, and burned.

Before the fire was started, the negro's head was cut off and placed on end of a pole, which was stuck in ground. The head was taken out, cut up in small pieces and passed among the men as souvenirs. Pieces of the rope with which he was hanged, after being soaked in the negro's blood, were also hanged about. This morning there is nothing left of the negro's body but a pile of bones, but large crowds of women are visiting the spot where he died.

WOMEN CALL FOR HIS LIFE

The lynching of Henry Salzman, the white man for the brutal murder of his wife on August 15 last, was a rebuke to delayed justice. The people asked for an immediate trial, and ever since the case was put off by the court, dissatisfaction has been universal. Salzman killed his wife, but she recovered enough to state that "he did it," before she died. A great crowd of women were in the mob and they loudly called for Salzman's execution. His body was left lying in the street until morning, when it was claimed by his father.

Salzman begged piteously for his life, but he was greeted with jeers and blows. With the rope around his neck he stated that his sister killed his wife, which so enraged the mob that they did not want to let him pray, but cooler heads prevailed and he was allowed a moment's respite.

BED-RIDDEN 15 YEARS.

"Many-body wants a written guarantee from me personally as to my wonderful cure from rheumatism by South American Rheumatic Cure. I will be the gladdest woman in the world to give it," says Mrs. John Beaman, of Elora. "I had despaired of recovery up to the time of taking this wonderful remedy. It cured completely." Sold by A. E. SHAW'S Pharmacy, 58

HEAL that OBSTINATE SORE!

CUTS and bruises are often very obstinate in refusing to heal. The edges of the wound remain inflamed and sore, and there is a daily danger of disease germs settling on the raw flesh and giving rise to serious complications. Thus, neglect or improper treatment of an injury, be it a cut, burn, scald, or even a simple scratch, is a menace to life.

In cases where wounds refuse to heal quickly, nothing but Zam-Buk will suffice if the skin is to be made to grow naturally and perfectly once again. Zam-Buk rubbed gently over a wound has the remarkable effect, not only of rendering the wound proof against disease germs, but of growing new skin-tissues.

Thus Zam-Buk heals wounds in a perfectly natural manner, and the possibilities of eczema and other torturing skin-diseases are entirely prevented. Possessing rare medicinal properties, Zam-Buk accomplishes what ordinary ointments and salves never can do, and its ever-ready character, constant reliability, and absolute purity, render it distinct from all other preparations. If you dress your cuts and sores with Zam-Buk you will never be troubled with "the wound that would not heal."

Get all Druggists and Stores at 50 cents a box, or three for \$1.25.

FREE. Send this coupon with five or more over stamps to the Zam-Buk Co., Colborne Street, Toronto, and a free trial box will be mailed to you.

A DANGEROUS CROSSING

On Sunday afternoon a cow was killed in the vicinity of the "church crossing" so called. We do not wonder at the accident. We are rather surprised that human beings have escaped so well. This spot, so public, has always been regarded as most dangerous to traffic. Approaching from the Millstream side, East-bound trains are hidden by the hills until the traveller is almost at the crossing and the train but a couple of hundred yards away. Trains not infrequently come down this grade at a tremendous rate of speed, and it often becomes a race for life between the pedestrian and the train. The railroad management has frequently been warned of the danger, but up to the present nothing has been done by way of safeguarding the public. It is time the matter was taken in hand by the Town before human life is sacrificed.

NEW CHORAL SOCIETY

The Newcastle Choral Society met Friday evening 12th inst., for its first regular practice with the director, Mr. Ernest Scott Peacock, present.

The officers for the year are as follows:

- Hon. Pres.—Mr. J. D. Creaghan.
- Vice-Pres.—Mr. T. W. Crocker.
- Vice-Pres.—Mr. E. A. McCurdy.
- President—Mayor S. W. Miller.
- Vice-Pres.—Mr. John W. Miller.
- Mrs. W. A. Hickson.
- Secretary—Mrs. Osborn Nicholson.
- Treasurer—Mr. A. E. Shaw.
- Librarian—Miss Crocker.
- Accompanist—Mrs. Chas. Sargeant.
- Executive Committee—Officers of Society, Miss Davidson, Mr. J. S. Lewis.

Arrangements are to be made by the Executive at once, to have a concert early in the season.

The Society have already met with a generous amount of encouragement and it is hoped that the many music lovers of the town will avail themselves of this opportunity to receive instructions under the able directorship of Mr. Peacock.

The membership dues are one dollar for the season with music provided. The regular practice will be held Friday evening, St. James' Hall, 8 o'clock. Members are especially requested to be ready to commence practice at hour named.

Canada has no pension system for the benefit of those who get seriously hurt fooling with Cobalt stocks.

Rural Phones

Solve These

Every-Day Problems

- Problem I. Bad Roads:** The old way was to curse nature and idly await sun's return. The new way is to telephone for what you want, and smile because you get the information in a thousand part of the time.
- Problem II. Weather Forecasts:** The old way was to work on belated information, and to excuse the losses with "That's what the farmer has to put up with." The new way is to telephone every morning to the weather man and overcome much of the needless hustle and bustle of the old way.
- Problem III. Prices Current:** The old way was to ask a neighbor or trust to the newspapers. The new way is to get information in the nick of time over the phone, thus knowing when to sell and when to hold.
- Problem IV. Emergencies:** The old way of procedure when someone took sick, was to harness up the "doctor" and waste half a day for nothing. Effort in this direction often prepared as its only result the information: "doctor is out." The new way is to call up the doctor on the phone, and know instantly what can be done pending the medical man's arrival.
- Problem V. Help:** The old way was to allow men to go on boys' errands, waste half a morning walking to Smith's, only to find that his harrow was already loaded. The new way is to make the phone your errand boy—buy, borrow, beg by means of the "silent partner."

We have prepared a Booklet describing fully a rural phone system. If you better instruct us to send you this interesting bit of information, seeing it costs you nothing. Ask for Booklet 3116.

ANOTHER BODY FOUND
The body of a male of the crew of the wrecked steamship Hilda was found near Yarmouth, N. S., on Friday. The body has not as yet been identified.

HIS RECOVERY IS EXPECTED
The Italian laborer, Signorino, shot near Plaster Rock, is improving to day and his recovery is now anticipated. His assailant, Tony Baskerville, was captured on Thursday.

DEATH OF MRS. HARPER

Mrs. Jessie McDonald Harper, wife of Mr. Robert Harper of Woodstock, N. H., died at her home in that place on Sunday from the effects of kidney trouble. The body was brought to Athol on Tuesday and was taken to the home of Mr. and Mrs. James Noble, where funeral services were held at 12:30 p.m. on Wednesday, the pastor officiating. Mrs. Harper gave a beautiful violin solo and Messrs. Laurence and Cliff Smith sang a duet. J. E. Higgins was the undertaker in charge and burial was in St. John's Lake cemetery. The floral tributes were beautiful. Among them was a large and beautiful pillow of pink roses from members of the graduating department at the Starrett factory and a bouquet of white chrysanthemums from the church she loved so well and served so faithfully before she left Athol. Quite a number of friends from the Starrett graduating room attended the services in a body. Mrs. Harper was born in Chatham, N. B., 32 years ago. She was the daughter of Mr. and Mrs. John McDonald. In common with many others from that place she came to Athol when a young girl and for some 10 years or so before her marriage was a valued employee of the L. S. Starrett factory. On June 17, 1908, she was united in marriage to Ernest Harper of Woodstock, N. H., and has since made that place her home. She united with this church in 1902 and was a faithful worker as long as she remained in town. She leaves besides her husband, a baby boy three weeks old and two sisters and one brother: Mrs. David Haley of Boston; Wesley McDonald and Mrs. Clifford Smith of Athol. She also leaves three half-brothers. Mrs. Harper was a woman of much strength of character, devoted to her home and her family. She was of an unselfish nature and although far from well for a long time, even her husband did not suspect what a foothold the disease was getting upon her system. She was a true Christian and during her last days of severe suffering (when conscious) spent almost all of the time in repeating passages from Bible, particularly the 23rd Psalm. While the bereaved family have the sincere sympathy of all, we cannot but rejoice that her suffering is ended and that she is at rest.

NEGRO SHOTS TWO WHITE MEN

Mephis, Tenn., Nov. 15 - Ed. Cardwell and Ed. Koons, young white men, boarding a street car last midnight, crowded in ahead of William Smith, a negro. The white men stood on the rear platform while the negro, who sullenly resented their act, entered the car. After travelling several blocks, the negro drew a revolver, rushed to the rear door, shot both men dead, and leaping from the car escaped. Later he surrendered to the police.

COW KILLED BY TRAIN

On Sunday afternoon a freight train, eastbound, ran over a cow belonging to Deputy Sheriff Irving, killing it instantly. The animal, along with others, had strayed onto the track through the gateway at the crossing near the R. C. Church the gate having been left open as is often the case. As the train approached at a rapid rate of speed, all the cows, except Mr. Irving's, left the track and ran down the embankment. It remained and was struck, the whole train passing over it. Mr. Irving, who saw the accident, said that the train was running at a very high rate of speed and that he heard neither whistle nor bell. Several cows have been killed near this point at various times and it is about time the railway authorities were taking steps to safeguard the property and lives of the people there.

CAUSE AND CURE OF NEURALGIA

Modern Methods Dispose of the Cause Instead of Treating the Symptoms.

Neuralgia means simply "nerve pain," so there may be a great variation in the character and intensity of the pain and any nerve in the body may be affected. There are a number of causes of neuralgia, but the most common is a general rundown condition of the system. The discovery of this fact from reliable statistics led to the new treatment for neuralgia which consists in building up the general health by the tonic treatment and so disposing of the cause of the trouble. Persons reduced by acute sickness, or by severe mental or physical strain, or by loss of sleep are frequently victims of neuralgia and it is common in the case of those suffering from anaemia or bloodlessness. This brings us to the actual cause of neuralgia, which is nerve starvation. The blood which in normal health carries to the nerves all of their nourishment, is unable to perform this duty satisfactorily when it is weak or impure. Build up the blood and the neuralgia pain will disappear as the nerves become better nourished. Dr. Williams' Pink Pills are a blood-making tonic, and for this reason cure even the most obstinate cases of neuralgia. Every dose of this medicine makes new, rich blood which feeds the starved veins and drives out the sharp, darting, stabbing pains of neuralgia. Mrs. John Tibert, Little River, N. S., says: "A few years ago I was a great sufferer from neuralgia in my head and face. At times the attacks were simply excruciating, and I would be forced to remain in bed. I tried doctors' medicines, but did not receive any benefit until I began using Dr. Williams' Pink Pills, and I am happy to say that the benefit I received from these was wonderful. I may also add that Dr. Williams' Pink Pills cured my daughter of anaemia and indigestion, at a time when we began to despair of her getting better. I can highly recommend these Pills to anyone suffering from these troubles." You can get Dr. Williams' Pink Pills from any dealer in medicines or they will be sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams Medicine Co., Brockville, Ont.

RISKED LIFE IN LEAP FROM FAST MARITIME TRAIN
Handcuffed Indian Prisoner Made Thrilling Dash for His Liberty, JUMPED OUT OF WINDOW

Moncton, Nov. 12 - With the maritime express speeding along at a rate of thirty-five miles an hour, an Indian named Bernard this morning made a thrilling dash for liberty a few miles east of Gloucester Jet., by jumping from the lavatory window of the second class car. He was in charge of Sheriff Stewart who was taking him to Dorchester to serve a two years sentence recently passed on him by Magistrate McLatchy at Dalhousie for stealing a cheque for \$15 from a fellow Indian.

His hands securely handcuffed, Bernard made his plunge through the window into space headlong, landing on the ground with terrific force and rolling down the embankment at a lively rate. Apparently he was unhurt for as he came to a standstill he picked himself up, jumped the fence and made for the woods. His action was seen by the fireman on the train who immediately had the train stopped and on hurrying back to where he had seen the Indian disappear could see nothing of the man.

Asking permission to go into the closet for a moment Bernard by this means, was enabled to get out of the sight of his guard who was talking to a friend in the car. He went into the closet and after hoisting the window made the leap headlong. The train was travelling at a rate of thirty-five miles an hour and that the prisoner escaped with his life is indeed a miracle. His hands were securely handcuffed and in view of this fact he could hardly hope to break his fall.

Then the train was stopped and started again, minus two passengers, namely Bernard and Sheriff Stewart, the latter remaining behind to look for his prisoner.

LITTLE HOPE IS HELD OUT FOR THREE HUNDRED MINERS IMPRISONED IN BURNING COLLIERY.

Only Airshaft Has Been Hermetically Sealed in Order to Stop Flames in St. Paul, Ill., Mine—Women and Children Form Pathetic Group at Shaft's Mouth—Rescuing Parties to be Sent Down.

Cherry, Ills., Nov. 15—Before nightfall it seemed probable the fate of the 300 men entombed in the St. Paul mine through a fire which started Saturday, will be known. This morning it was the plan of the state mining officials, who have taken charge of the mine since the fire on Saturday last, to raise the cover of the hoisting shaft and lower a cage of rescuers to the third vein where, if alive, the men now 400 feet below the surface are waiting. Late last night the air shaft, the only opening besides the hoisting shaft, was hermetically sealed. From the time the descent to the second vein was made by men in buckets, a force of laborers worked until near midnight covering up the entrance with layers of heavy plank and sand. Atward the opening of the hoisting shaft on the top, lies a pile of planks three feet high and tons of sand made the entrance practically airtight.

WOMEN REMAIN ALL NIGHT AT MINE

All night a few anxious men and women surrounded the openings of the mine. The women complained bitterly as the sealing of the shaft seemed to cut off all the air. If it was true that the air would be shut off, mining officials declared that the men, if alive, would not be effected by the total sealing except that it would probably put an end to the fire still smouldering in the timbers and leave more necessary oxygen for the men.

NOT PROBABLE ANY WILL BE FOUND LIVING

David Ross, Secretary of the State Labor committee, who arrived here yesterday, declared last night it was extremely improbable any one would be found living. Richard Newsam, President of the State Mining Board said it would be a miracle if any one was spared.

Yesterday's attempts to send men to the bottom proved futile, because they could not reach a foothold at

the entrance of the galleries from the bucket in which they were lowered. Under the direction of James Taylor, State Mine Inspector, and Mr. Newsam, the regular cage will be lowered to-day. It fits the shaft like a piston and the persons it will carry can step from it into any gallery entrance.

WOMEN'S SOCIETY FOR RELIEF ORGANIZATION

Mrs. Fanny Buck, wife of J. P. Buck, Chief Clerk of the mine, has organized the women of the little town of Cherry into a society to extend relief and comfort those needing it.

There is no destitution. A party of nurses from Chicago who arrived last night to-day turned into comforters of the families probably bereft. Throughout the little hamlet are scattered cottages in various stages of completion. Families of men entombed are living in the small houses, many still needing glass for all the windows. It seems likely that many of the cottages never will be finished. Undertakers from other towns have been notified for removal of numerous bodies. President Earling, the Chicago Milwaukee and St. Paul railway, will share the burial expenses of the more needy families at least and offers of aid have come from the more prosperous inhabitants of Cherry.

The Knights of Pythias, the most important organization in town, had a membership of 75 last week. To-day there are only six members. The rest are in the ill-fated mine either dead or dying.
