LOCAL AND OTHER ITEMS.

THERE are several cases of Diphtheria in this city. It is of a very mild type. The foreign mails were transferred to the Charlottetown-Pictou route on Monday. Dr. H. D. Johnson, of this city has volunteered his services as surgeon on the second contingent. We acknowledge with thanks a serviceable calendar from Mr. W. W. Clarke, agent here for the Plant Line. It has been decided that the hay and oats required for the second Canadian contingent shall be bought in the Maritime Provinces. The Allan Line Laurentian, chartered by the Dominion Government to carry a portion of the second contingent to South Africa, has arrived at Halifax. A boy named Reginald Harrington, in the employ of J. D. Taylor, Printer, Queen St., was badly burned about the neck and arm, on New Year's morning, while trying to start a fire with benzine. He is now in the Charlottetown Hospital. COL. HUTCHESON, of Nashville, Tennessee, has offered the services of two hundred men, who have seen active service in Cuba and the Philippines for service in South Africa. George Holland, Sena Reporter, Ottawa, has received the offer, and has sent it to the Militia department. The funeral of the late John Kenny, whose death we referred to last week, took place at St. Teresa's on Wednesday last, and was largely attended, the most largely attended of any funeral in that part of the country for a long time. A Solemn Requiem Mass was celebrated by Rev. Peter Curran, brother-in-law of the deceased, assisted by Rev. S. T. Phelan as deacon, and Rev. A. McAulay as sub-deacon, while the pastor, Rev. J. R. A. McDonald, directed the ceremonies. His Lordship the Bishop was present and pronounced the absolution and officiated at the grave. R. I. P. A native of this province, now a resident of Marshfield, Oregon, writing under date of December 17th, gives some important information regarding the death of an Islander named Frank Thomas, in Portland, Oregon. It occurred last August. He was employed by the Portland General Electric Co. Death was caused by a live wire. It appears that the company insures each of its employees for \$1,000, and that Frank Thomas was insured. The insurance goes to the Company if no heirs are found. If he has relatives on the Island the insurance would no doubt benefit them. The man was heavy-set, and had a red complexion. His age is not stated. A DESPATCH from Montreal says that from private advices received there from the Canadian contingent, it is learned that Fred. M. McRae, of Pownal, P. E. I., in company G, has been appointed on the Maxim gun squad of the regiment. The squad consists of the eighteen best shots in the regiment with two Maxim guns. Mr. McRae, who, in the shooting contest on board the Maritima led the whole regiment, was the first man chosen, and will sight and direct the fire of one of the Maxim guns. The position is one of great honor, and from among these eighteen best shots were selected and placed on the guns, nine on each.

The concert given by the pupils of Prince Street School in the Opera House on Friday evening was a great success. The tableaux were beautiful. The Columbian Flag Drill was one of the best things of the kind we have yet seen. The children taking part in the Cantata "The Little Gypsy" deserve great credit both for themselves and those who took such pains to teach them, for the excellent manner in which they carried it out. The recitation of Kipling's "Absent Minded Beggar," by little Hilda Senter, and "Tommy Atkins" by Master Harry Smith elicited great applause. All the other numbers, of which we cannot dwell upon at present, it is needless to say were carried through successfully. The entertainment was brought to a close by the singing of "Rule Britannia" and "God save the Queen," in which the audience joined heartily. A sad drowning accident occurred at Mount Stewart on Thursday last, in which Mr. Percy Clarke lost his life. It seems that Mr. Clarke that evening went to enjoy a skate on the river, a little above the railway bridge. After skating for some time with Mr. Ernest McDonald, Luther Coffin and others, Clarke and Coffin went for a skate by themselves. Shortly after Coffin came up to McDonald saying that Clarke had broken through the ice, and urging he and his comrades to come to his assistance. When they arrived at the place Coffin skated up to the edge of the hole and went through also. Mr. McDonald then made several attempts to rescue Clarke by passing his coat to him, with the hope that perhaps he might grasp one end of it, and thus be saved. He was probably too benumbed to do so, however, and sank. In the meantime Mr. John McNeill, with the aid of a pole, had succeeded in rescuing Coffin. Soon after this a boat was secured by a party of men, who, after half an hour's grappling brought the body of the unfortunate man to the surface. The calamity has cast a gloom all over the settlement.
