WATFORD, ONTARIO, FRIDAY, DECEMBER 12, 1924.

\$2.00 PER YEAR IN ADVANCE
In United States \$2.50

"Squibographs"

Nile green is assuming a distinct blue shade in Egypt.

When hi-jacker meets rum-runner then comes the tug of hyphens.

College football stars who are "starred" when writing for a degree have a kick coming.

When flying is as common as motoring "look out below" may be the national slogan.

As Christmas approaches the saddest part of the picture for the fat turkey gobbler is "The End."

Between earthquakes in Java and a revolution in Brazil, coffee beans and the market are kept popping.

Thieves stole five hundred pounds of honey from a Yakima apiary the other night. The "drones" are looking forward to a hard winter.

When the convicted Home Bank officials take up their residence in Kingston the environment may remind them of Wall street.

Trade relations with Australia are growing stronger. Two thousand boxes of onions were shipped to the big island this week.

It is proposed to regulate the sale of canned heat in Ontario where the fiery product is used as a beverage. Consumers are advised to imbibe it through an asbestos tube.

The potato is one of the most versatile members of the vegetable kingdom. It is said that it can be utilized in as many ways as there are brands of Scotch.

Canadian army officers at Ottawa have cabled to London offering their services in the event of trouble with Egypt. Unless it is a private war they are anxious to take part.

Complaint is made that a considerable portion of the paper currency in circulation is unsanitary and unsightly. No falling off in the demand for the filthy lucre has been noted.

Seattle merchants are preparing to decorate the business streets with greenery for the Christmas holidays. It is expected that the color scheme will suggest a liberal distribution of "greenbacks."

An Oregon paper urges its readers to purchase home-grown cranberries in preference to the imported product. They are guaranteed to be "as red as the rose and the zippiest berry that grows."

When the Prince of Wales completes his series of Empire tours he can claim the distinction of having visited more countries and met more of his future subjects than of his royal predecessors.

Treasury experts say that paper currency lasts longer if it is not placed in circulation until a few months after it is printed. The paper "hardens" while stored in vaults. It is also hard to get and hard to hang on to after it is issued.

The report of the recent marriage of Charley Chaplin in Mexico does not mention whether the groom strutted up the aisle wearing his famous shoes, with his bride on one arm and his bamboo cane on the other.

The roaring trade done by a fish-dealer in San Pedro, Cal., attracted the attention of the authorities. It was discovered that he was selling fish at \$5 each. Each fish contained a bottle of alleged Scotch.

A calf was recently born on a Pennsylvania farm with two perfectly-formed heads, two tails, seven legs and two backbones. The owner is now looking around for a calf with a spare leg to complete the twin's equipment.

Governor-elect "Ma" Ferguson of Texas has encountered her first executive problem. The first woman governor insists that the state inaugural ball shall last "until daylight does appear," while her critics protest that the festivities should close at 2 a. m.

WATFORD 9 STRATHROY 32
The W. H. S. basketball team went down to defeat last Friday night in Strathroy, where they played the S. C. I.

With two regular players off the line-up, W. H. S. could hardly hope for victory. However the local squad hope to reverse the score on Saturday night of this week, when the return game will be played in Watford.

Watford H. S. (9) Prentiss, Cooke, Wright, Shugg, Rayner.
Strathroy S. C. (32) Thompson, Brady, Orr, Douglas, Nickolson, Gregory, Bateman.
Referee—W. O. Erb.

KERWOOD HALL OPENING
The Anglican Hall of Kerwood will be opened on Friday, Dec. 12th. A bazaar will be held by the Anglican Ladies Aid in the afternoon, lunch in evening. A good concert consisting of instrumentals, solos, duets, short plays and local speakers will be given at 8 p. m. Admission to concert 35c & 20c. Come and see the new building and enjoy a good evening's entertainment.

LAMBTON CO. CAPTURES PRIZES AT CHICAGO

Members of the Lambton County Corn, Grain and Seed Growers' Association make a creditable showing at the International Grain and Hay Show held in connection with the International Stock Exposition. Arthur Vance, of Forest wins 3rd., place with his exhibit of Sweet Clover Seed. Dan Wright, Petrolia, wins 8th place with his exhibit of 10 ears of White Cap Yellow Dent. Bert Payne of Pt. Lambton won 9th place with 10 ears Wisconsin, No 7 corn. A. A. Dewar, Petrolia won First Reserve Championship with 10 ears of Compton's Early Flint Corn. W. J. Davis of Florence won first reserve championship with 10 ears of White Cap Yellow Dent. All exhibits is Region No. 1.

KERWOOD

The Mission Circle held a most enjoyable evening last Friday. The President, Miss Mildred Morgan, presided and splendid reports of the Convention held at Mt. Brydges were given by Miss Irene Eastbrooke and Eva Wright. Readings by Anna Leacock and Lizzie Irwin and solos by Beatrice Foster and Irene Eastbrooke were much enjoyed. Rev. Mr. Brook gave an address and Fred Johnson gave a selection on the cello. A number led in sentence prayer and an alphabetical Bible contest concluded the meeting the girls then served a dainty lunch and spent a social hour.

The Women's Institute will meet on Wednesday afternoon, Dec. 17th at the home of the President, Mrs. W. Gimlett. Roll call will be answered by Yuletide Greetings. Miss Josie Callaghan will give a paper on Cheerfulness and a good program is planned. Those serving tea are Miss Callaghan, Miss Redmond, Mrs. J. Redmond and Mrs. Brady. All the ladies are invited to attend.

We are pleased to know Miss Evelyn Mathews was able to return home after a week's illness in Strathroy Hospital.

Mr. Basil Langford and Mr. Basil Denning have returned from the West.

Miss McGugan of Strathroy is spending a few days with her sister, Mrs. Robt. Galbraith.

School section No. 8 Metcalf has been closed on account of an epidemic of chicken pox.

Mr. and Mrs. Frank Mills of Toronto called on friends here last week.

Miss Alice Hall, of London spent the week end with Miss Rheta Denning.

Ford Bros. have moved onto Mr. Smith's farm.

Miss Freda Richardson spent the weekend with her sister, Mildred, in St. Thomas.

Remember the Methodist Christmas tree and concert, Dec. 3rd. Extra good program.

Mr. Wm. Gimlett has sold his fifty acre farm on the sixth line to Mr. H. Lemon, of Strathroy.

Miss Mae Carmody has returned home after spending several weeks with her sister, Mrs. Longworth, of London.

Don't forget the bazaar and opening concert of the Kerwood Anglican Hall on Friday afternoon and evening, Dec. 12. Tea will be served at the tea hour. Come and enjoy the good music in the afternoon, have tea, buy your Christmas presents and have a social time with your friends before concert begins at 8 p. m.

Fisher's Orchestra will furnish music for the Grand Opening Dance in the New Hall Kerwood, Monday evening, Dec. 15. Come and bring your friends and have a good time at Kerwood.

Dec 19th is the date of the St. Pauls Sunday school Christmas tree and concert to be held in the New Hall.

PLYMPTON
Mr. Allan Dell of Sombra, spent Sunday with his cousin, Miss Lorein Dell.
Mr. Wm. Canton motored to Toronto last week and intends to remain there for some time.
Miss Marion Jardine, Egremont Road, left last week for California, where she intends to spend the winter.
The young people and children of S. S. S. Plympton, Kerch, are preparing for the concert which is to be held in the school house on Dec. 17.
Mr. Don. J. Trizisky has returned to his home in Detroit.

OPENING DANCE IN KERWOOD HALL

Monday Dec. 15th is the date set for the grand Opening Dance in the new Anglican Hall, Kerwood. Good music, good time, good lunch. Fisher's Orchestra in attendance. Everybody welcome.

Rural School Reports

Report of S. S. No. 10 Warwick, for month of November.

Report of S. S. No. 10, Brooke for November. Percentage stated.
Class IV. Sr.—Horace Delmage 75; Clarence Hair 73; Minnie MacLean 58; *George Searson, Jr.—Alice MacDonald 82; *Willie Searson, *John Searson. Class III. Sr.—Margaret MacLachlan 84, Edith Dempsey 75, Jimmie Hair 50, Johnnie MacLean 43. Class II.—Donald Powell 80, Jessie Saunders 72. Class I.—Malcolm MacLachlan 80, Harold Willer 70, *Bobbie Searson, Pr. Sr.—Archie MacLachlan Jr. Ruth Willer. *Absent for all or part of examinations.
E. Cowan, Teacher.

MRS. MARY A. CAMERON

It is with regret we chronicle the death of Mrs. Mary A. Cameron, who passed peacefully away at the home of her youngest son, Donald G. Cameron, on Wednesday evening, Dec. 3rd. Mrs. Cameron had reached the ripe age of 86 years. She was the widow of the late Donald Cameron, and mother of Miss Catherine Cameron, who some weeks ago.

In the passing of Mrs. Cameron's death has claimed one of Watford's most aged and highly respected citizens. She has resided in Watford for a considerable time but for the greater part of her life she had lived on the 4th line east in Warwick, where she and her late husband were pioneers in the district.

There remains to mourn the loss of a loving mother four sons, Samuel D. Cameron, 4th line, Warwick, Alex J. Cameron, of Calgary, Alta., Allan Cameron, M. D., Herman, Neb. U. S. A. and Donald G. Cameron of Plympton, and four daughters, Mrs. W. G. McKenzie, Warwick, Mrs. W. B. Speirs, Detroit, Mrs. H. Richardson, Edmonton, Alta. and Mrs. Wm. Moore, Sarnia.

The funeral took place to the Watford cemetery on Friday last, conducted by Rev. H. V. Workman of Watford Presbyterian church where the deceased was a devoted member. The funeral was largely attended by relatives and friends.

OUR POSTMASTER IS A FAITHFUL SERVANT

The small town postmaster is one of the most faithful and efficient officials who serve the Canadian people. Hampered by red tape and burdened by many duties, they perform their services with admirable completeness which is rarely appreciated by their townfolk. Nobody pays any attention when the mail arrives on time; it is only when mail is late that the postmaster's name is mentioned.

Watford stores will be open evenings from Thursday, Dec 18th, until Christmas.

Note and Comment

Mr. A. W. Marsh, editor of the
 Amherstburg Echo, was elected a
 member of the Amherstburg council
 on Monday last. Congratulations.

Euchre parties for gain are to be
 prohibited in Ontario in the future.
 A special penalty should be imposed
 on the player who trumps his partner's
 ace.

Owing to dwindling of newspapers
 in Toronto people cannot "tell the
 World" anything any more. And
 there's no use trying to tell the
 Globe anything.—Toronto Telegram.

Pat—"Why are you wearing so
 many coats on such a hot day?"
 Mike (carrying a paint can)—"I am
 goin' to paint my fence, and it says
 to obtain best results put on three
 coats."

It is reported that an Alvinston
 man has been placed in quarantine,
 one-half mile out of that village, be-
 cause he mistook one of those per-
 fume-bearing animals for a coon, in
 the soft moonlight, and tried to kill
 it with a club.

The village at Fort Erie is in a
 difficult financial situation, and if
 debentures for all the projects un-
 derway or proposed were sold, the
 total debt would be \$372,510, just
 over 35% of the assessed valuation
 of all property which is \$1,055,000.

According to statistics compiled by
 a Chicago expert, a bachelor at 24
 has 5 per cent. more money than
 a husband of the same age. After
 that he begins to slip. At 28 the
 married man is 3 per cent. ahead. At
 38 his taxable wealth is 17 per cent.
 greater and at 48 he is 20 per cent.
 ahead of the bachelor. "What's the
 odds as long as you are happy," de-
 clare the cynical unweds.

North Battleford, with a debenture
 debt of \$700,000, is \$300,000 behind
 in its payments, which the ratepay-
 ers will be called upon to meet un-
 less, as is likely, the government in-
 terferes. A few years ago we in the
 east were considered "jays" for not
 pulling up stakes and going out west.
 But the average Easterner is living
 quite comfortably and is content to
 remain here, notwithstanding the
 periodic land booms the west experi-
 ences.

Eavesdropping at the rural tele-
 phone is more prevalent than ever it
 was at the keyhole, detection being
 so much less probable. It is said that
 one sign of eavesdropping is the re-
 ceding tone of the speaker's voice.
 Someone has "cut in." Acting on this
 hint, a woman who had suspicions
 aroused said to her friend suddenly,
 "Someone is listening." Instantly,
 from nowhere in particular, came an
 indignant exclamation: "I'm not do-
 ing any such thing."

Now that the winter evenings are
 here and the out-of-doors no longer
 calls with its summer alurment, many
 citizens might develop an excellent
 habit by spending an hour or so at
 least one evening a week at the Wat-
 ford Public Library. Most of us do
 far too little reading of a serious na-
 ture, and an hour spent in the read-
 ing rooms of the local library will
 prove an agreeable surprise in the
 amount of pleasure and instruction it
 affords.

Hon. G. Howard Ferguson, Minister
 of Education, hopes to provide
 facilities for first and second year
 university work in the high schools
 of Ontario. The Premier at the open-
 ing of the new Caledonia high
 school yesterday, in an interesting
 address upon educational questions,
 expressed himself as strongly in
 favor of so subsidizing high schools
 that this would be possible. It would,
 he said, be an economic innovation,
 and would have the added advantage
 of giving the young people two vi-
 tally important years under the care-
 ful supervision of their own parents.
 This is one of the most significant
 statements made by a Minister of
 Education for some time. No one
 can question the practicability of
 such a plan. Some of our best high
 schools have science equipment of
 high grade, far better than our un-
 iversities had a decade or so ago.
 Many of our high school teachers
 have adequate scholarship and pro-
 fessional skill. Forty years ago even
 our smaller high schools were doing
 honor first-year work in mathematics,
 languages and English. Certainly
 our larger high schools could under-
 take this work today. It would re-
 quire increased grants from the mun-
 icipality in bearing the increased
 cost of instruction, but that should
 be arranged without any serious
 trouble.

At Sarnia last week Magistrate
 Gorman made an important ruling
 in regard to liquor exports, holding
 that such sales must be made from
 a bona fide warehouse. The deci-
 sion was handed down in the pro-
 secution of Harry Longhead, export
 agent for London brewery, charged
 with violating the Ontario Temper-
 ance Act in selling for export from
 a scow on the river. The defense
 claimed Longhead was within the
 law but Mr. Gorman held that evasion
 of the dry act is apparent and
 imposed a \$2,000 fine.

Alliston Herald:—"About a year
 and a half ago when The Herald com-
 menced to feature returns realized
 by farmers in this district who were
 careful to raise select hogs there
 were those who told us that hog grad-
 ing could never be successfully car-
 ried out and laughed at the idea of
 any feeder being able to produce a
 hog of a given weight and other nam-
 ed specifications. The surprise today
 is not that the grading system is
 firmly established, but that the farm-
 ers have been so successful in pro-
 ducing the type of hog that brings
 the top of market. Last week the
 salesman of the Alliston Shipping
 Club took down to the city 194 hogs
 of 59 were selects, and 118 thick
 smooths. The shipment sent into the
 city market by R. D. Boyes contained
 as high a percentage of the top mar-
 ket grade. Farmers have thus set
 about selecting the right types for
 breeding purposes and are paying
 the utmost attention to feeding.
 They have been commendably suc-
 cessful in a little over a year of mak-
 ing a complete change in the type of
 hog being produced. Another year
 will bring into line those who have
 been slow to realize the benefits of
 producing the top of market type of
 porker.

How Much Are You Worth?
 Do you know how much you are
 worth? A professor of Chemistry in
 a University is quoted as having said
 recently, that if the average sized
 man were divided into elements of
 which his body is composed, there
 would be enough water to wash a
 pair of blankets, iron enough to make
 a ten-penny nail, lime enough to
 white-wash a good sized chicken coop
 phosphorous enough to make 100
 matches, and sulphur enough to kill
 the fleas on a medium sized dog. If
 you should go to a store where these
 things are sold, the amounts of min-
 erals—found in the human body—
 could be purchased for 98c. The in-
 ference is that we are "bargains"—
 but these elements are so wonder-
 fully and skillfully bound together
 with a thinking brain that the value
 of a person is inestimable.

CALIFORNIA AND PACIFIC COAST TOURS

During the winter the Pacific Coast
 States and British Columbia offer a
 haven of refuge from our vigorous
 climate, particularly Sunny California.
 California has become famous as a
 winter tourist region because of its
 excellent climatic condition, its var-
 ied and magnificent scenery, the
 possibilities it affords for all kinds of
 outdoor sports and recreations, its
 splendid motor roads, sea bathing,
 etc.

The Canadian National Railways
 offer a wide choice of routes embrac-
 ing rail and sea trips, travel one way
 through Canadian Rockies via Jasper
 National Park and Mount Robson,
 the North Pacific Coast route to Van-
 couver and Victoria, Seattle, Port-
 land, San Francisco and Los Ange-
 les.

Any agent of the Canadian Nation-
 al Railways will be pleased to fur-
 nish full information regarding these
 tours.

NEIGHBORING ELECTIONS

Strathroy
 Strathroy, Dec. 1.—With the
 mayoralty providing the only contest,
 all others of the town's municipal of-
 fices having been filled by acclamation,
 to-day's elections resulted in the
 smallest vote in years. George Lewis
 was elected mayor with a majority
 of 317 over his opponent, P. A. Ga-
 han, their respective totals being
 476 and 153. The business men
 strongly supported Mr. Lewis.

The members elected by acclama-
 tion to the other offices are: Public
 utilities, Frank Mangan; school
 board, G. M. Haldane, Arthur Wright
 and Ernest Hilton; reeve B. Pike;
 deputy reeve, D. Mcpellar; Council-
 ors, J. Smith, Clarence Evoy, Suther-
 land Cuddy, Walter Wright, Herman
 Welse and James Kirby.

Alvinston
 All filled by acclamation.
 Reeve—R. F. Rilett,
 Councillors—W. J. Reader, Jas.
 Holme, John W. Smith, Alex. Mc-
 Lachlan.
 Utilities Commissioner—A. B.
 Connor.
 School Trustees—R. McEachern,
 Warren Munro, and Mark Burford.

Yes! you can put on firm FLESH and increase your ENERGY by using PHOSPHO-COD
 the Ideal up-building tonic

ROUND OUT YOUR FACE and FIGURE AND LOOK WELL
Phospho-Cod will help you
BRING YOUR WEIGHT UP TO NORMAL AND FEEL RIGHT
Phospho-Cod will help you
PHOSPHO-COD MEANS BETTER LOOKS and BETTER HEALTH

If you have any reason to suspect organic weakness of any kind— if you have no appetite, if you lose weight, if you take cold easily, if you find that you are losing energy, vim or pep, you are close to the danger point. Stop! look! listen! "A stitch in time saves nine." A treatment of Phospho-Cod begun to-day may be the means of saving you endless days of suffering— For Phospho-Cod is composed of pure food elements easily digested, quickly turned into rich red blood, bodily strength and energy and good firm flesh— It also contains elements to fight off colds, coughs, and tuberculosis. Take a bottle home to-day; after a few days treatment you will find your appetite improved, your sleep more restful, your work less exhausting, your digestion better; you will take on flesh and with the pink on your cheeks, life will be worth living and the whole world will look more rosy.

Pape's DIAPESIN

Correct Your Disordered Stomach
 Instantly! End Indigestion, Gas, Heartburn, Acidity

The moment your stomach rebels, chew up and swallow a little Pape's Diapessin. Distress goes at once.
 For indigestion, Dyspepsia, Gastritis, Flatulence, Heartburn or any distress in stomach, nothing else gives such comfort as this pleasant, harmless corrective, digestive and antacid.
 Millions of the best of families always keep a large 60 cent package at hand—they know its magic and druggists guarantee it. 316

Better Rubber Footwear at the Regular Price

If RHINO Rubber Footwear weren't better—if it didn't wear longer—we would not support the iron-clad guarantee that goes with every pair.

These facts hold good with all RHINO Rubbers. Note the Protector flap on rubber shoe illustrated. It is an exclusive, patented RHINO feature. It effectively prevents dirt, manure, snow or moisture from getting inside. This footwear is made from RHINO RUBBER—the toughest and most wear-resisting that Science has yet discovered—which will wear up to twice as long as ordinary rubber. Insist on RHINO Footwear.

LAMBTON COUNTY COUNCIL

WEDNESDAY SESSION

Motion Opposing Further Paving of The London-Sarnia Highway is Rescinded by a Vote of 17 to 6— Reeve Eastman of Arkona and Reeve Connolly of Watford, Head The Forces Favoring Road Improvement—Warden Harkness Warns Against Getting in Wrong With The Highways Department—Grant to Sarnia Collegiate For Attendance of County Pupils is \$22,250.50

Tuesday afternoon's motion putting the Lambton county council on record as opposed to the laying of any more pavement on the London Road provincial highway within the borders of the county was rescinded late yesterday afternoon by a vote of 17 to 6. A modified motion requesting the department of highways not to do "any extensive paving" on the highway within the county "at the present time" was offered but it met with defeat.

Deputy reeve A. E. Shaunnassy of Petrolia, who sponsored the original motion, reintroduced the subject. He stated that his intention in presenting the motion was to head off any big work for which the county might get a bill for forty or fifty thousand dollars. It was not designed to stop paying for all time but for the present time. He then tendered a new motion to the effect that the motion passed on Tuesday be changed to read that the department be requested not to do any extensive paving on the provincial highway in the county of Lambton at the present time and that the clerk notify the department of the resolution. Reeve F. R. Rilet of Alvinston seconded the new motion.

Right About Face

Reeve W. G. Connolly of Watford expressed the opinion that the motion was out of order, and that the first motion would have to be rescinded before a new one could be presented.

Reeve Fred Eastman of Arkona, moved that the original motion be rescinded. Reeve Connolly seconded the motion. Deputy reeve Shaunnassy then agreed to withdraw his new motion in the meantime and a vote was taken to rescind the original proposition. It carried 17 to 6.

The modified motion was next presented to the council and before a vote was taken deputy reeve Shaunnassy in commenting further on the proposal expressed the opinion that too much paving had been done on the highway this year. Warden Harkness reiterated a previous assertion that he felt the council would be getting "in wrong with the department" in making a protest.

The councillors were then asked to vote on the new and modified motion and they turned it down.

Grant to Collegiate

A communication from the Women's Institute of Corunna drawing the attention of the council to the ravine at the south end of that village which was held to be dangerous to the public in its present unprotected state, was referred to county road superintendent, John McCallum, after the latter had explained that there were many worse places in the county. He would endeavor to look after it according to the regulations of the department and the funds available.

The Lambton Pet Stock and Poultry Association requested the council to reconsider their action in refusing a grant. That letter was turned over to the finance committee.

The high school settlement board presented a report in which the grant to the Sarnia collegiate for county pupils attendance was given as \$22,250.50. Last year's account of \$11,845.68, still unpaid was also included in the report.

A motion by Reeve Joseph Hackett of Enniskillen to the effect that the statement of accounts in connection with the work done on the county road at Oil Springs be earmarked so that in the event of an equalization they would not be shown as chargeable to Enniskillen was defeated by one vote.

County Treasurer's Report

The total expenditures of the county of Lambton from May 31 to November 30 of this year were \$205,193.61 and of that amount the sum of \$108,716.92 was expended on the county roads system, according to a report of the finances submitted to the county council yesterday afternoon by John E. Leckie, treasurer. The outlay for the administration of justice was \$7,424.10 and for school purposes \$58,028.54 during the same period. Including the balance from the first part of the year the receipts totalled \$214,035.47 leaving a credit balance as at November 30 of \$8,841.86.

Road Accounts

Mr. Leckie's report also dealt separately with the county roads and suburban roads accounts. In the former case the receipts in the interval from May 31 to Nov. 30 were \$112,244.20 and the expenditures \$108,716.90 leaving a balance of \$3,527.30. It was shown also that \$23,000 of the amount authorized by bylaw to be borrowed was as yet undrawn and amounts were due from Kent and Middlesex counties for road work. The suburban roads statement showed total receipts, including balance, of \$4,152.56 and expenditures amounting to \$2,959.93 leaving a balance of \$1,192.62.

Road Materials

County road superintendent, John McCallum gave a verbal outline of various phases of the year's work on the county road system. After going over some of the figures he said that the statements would show an overdraft of only \$359.90. He pointed out further that there had never been a season in which work could be carried on as late as it had been this year. The co-operation of the towns and villages in the road work was praised. Dealing with road materials the superintendent said that from his experience crushed stone made a good foundation but gravel made a better surface.

Better Seeds

In requesting a grant for the Corn Growers Association, W. P. MacDonald, district agricultural representative said that the name of the organization was a misnomer now. It was really a "better seeds" association and it was intended to change the name at the annual meeting this year. He pointed out the increased yield from the use of better seeds. W. French and J. Avery also spoke in connection with the same request. The council referred it to the finance committee.

Ex-mayor William Nisbet, of Sarnia, gave a brief address on invitation of the council. He reminisced briefly recalling that it was just 40 years since he had been a member of the county council.

FINE TRIBUTE TO WARDEN AND HIS GOOD WIFE

County Council Presents Watch to Leslie Harkness, Silverware to Mrs. Harkness.

At an evening meeting Friday night the members of the Lambton council paid a tribute to warden Leslie Harkness for his services during the year and presented him with a gold watch and a case of silver for Mrs. Harkness. The presentation address was made by reeve W. G. Connolly, of Watford, and the material was presented by deputy reeve W. W. Miller of Moore and reeve Joseph Hackett of Enniskillen.

The council concluded its session at noon Saturday after disposing of several minor items of business which had been hanging fire during the week.

Too Weak To Walk

The Sad Condition of a Brandon Lady—How Relief Came.

"I owe my present good health to Dr. Williams' Pink Pills," says Mrs. Annie Treherne, Brandon, Man., who tells of her new found health as follows:—"Some years ago I had an attack of pneumonia and it left me in a terribly weakened and run-down state. I was unable to walk for a long time and I had practically lost the use of my legs, and had to be carried up-stairs, for I had not the strength to go myself. I became despondent over my condition for I had tried many remedies, which failed to help me. While in this wretched condition a lady friend urged me to give Dr. Williams' Pink Pills a trial and I procured a supply. After taking the pills for awhile I could see that I was growing stronger, and I gladly continued their use until I had fully regained my old-time health and strength. Now if I feel at all run-down at any time I at once take Dr. Williams' Pink Pills, and they never fail me. I can therefore warmly recommend them to others who may be run down."

There is no better tonic than Dr. Williams' Pink Pills to improve the blood and bring back strength after acute diseases such as fevers, pneumonia, influenza, etc. Given a fair trial they will not disappoint you. You can get the pills from your druggist, or they will be sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont.

Mothers can easily know when their children are troubled with worms, and they lose no time in applying a reliable remedy—Mother Graves' Worm Exterminator.

Theford Suffers Heavy Fire Loss

Tudor Block and Old Beattie Block and Storage Warehouse Are Destroyed

CALL FOR HELP

Forest, Parkhill and Arkona Send Equipment to Assist Fire Fighters

Theford, Dec. 4.—The town of Theford suffered a heavy loss from fire which broke out at 5 a. m. this morning and destroyed two of the best known business blocks in the town, that owned by W. C. Tudor, and the Old Beattie block. The loss will run into many thousands of dollars.

The Tudor block, a three story brick building, was a total loss, including the general store of John Ross and its heavy Christmas stock, the McLaughlin barber shop and pool room and the lodge room of the Odd Fellows and Orangemen on the upper floor. The Beattie building, owned by Joseph Desjardine of Grand Bend and occupied by the garage of Reynolds and Stoddard and James Crawford, tailor, was also a total loss with the exception of the contents.

Flames spread to buildings across the street and the storage building occupied by Coultis & Sons was destroyed. The Holwell House and Molson's bank adjoining the Tudor and Beattie buildings were saved and a large grain store on the opposite side of the street, which at one time caught fire, was also saved.

Call For Help.

The origin of the fire which was discovered in the frame storage building in the rear of the Ross store is unknown. Calls for aid were sent to Forest, Parkhill and Arkona and apparatus from these towns assisted the local fire department in the efforts to control the fire.

It is one of the worst disasters the town has had for years and while no estimate of the net loss has yet been made it is sure to be very heavy. Mr. Ross's stock was partly covered by insurance. The McLaughlin shop was owned by J. H. Aldridge. Fortunately, 200 gallons of gasoline in the garage of Reynolds & Stoddard failed to take fire as otherwise the blaze might have had still more serious effect.

WOODENT'SU

We read that the Sedan is the most popular model. It surely is popular with the Wooden Shoe girls. Get it! "Wouldn't you take me for a drive in your Sedan?"

An Ontario Favorite

It is a significant fact that the Family Herald and Weekly Star of Montreal has more readers in Ontario than any other paper of its class. Ontario farmers and other folk take the Family Herald and Weekly Star year after year because it gives by far the greatest value obtainable anywhere. The market news and prices in the Family Herald are the most complete and up to date available, and it retains the services and contributions of the foremost agriculturists in Ontario. The magazine and news sections are brimful of the choicest reading for each member of the family. This year the Family Herald will give away ten thousand dollars in prizes, a beautiful calendar to subscribers. A catalogue of rewards will be sent free of charge to any address. No words can do justice to the excellence of the Family Herald.

Does Your Poultry Pay or Does it Cost You Money?

New Booklet Issued by Bank of Montreal Tells How Loss May be Converted into Profit.

"Take the poultry money out of a farm community, and the country town merchants would wonder what had happened to their business."

This is one of the many striking statements in a booklet, "Poultry for the Farm and Home," just issued by the Bank of Montreal for free distribution from its various branches.

The facts put forward in this booklet, illustrated by scores of actual photographs, indicate that in many cases the same amount of effort on the part of those who keep poultry could be made to produce much more than is now being produced. Also by actual demonstration, the booklet shows that a flock of poultry may be producing little beyond the cost of upkeep, or be an actual loss.

The booklet brings to mind the many welcome dollars which farmers' wives earn for household expenses and little family luxuries by means of their poultry. It gives information as to the enormous amount of investigation into successful poultry methods by poultry experts and Experimental Farms all over this continent—information which has shown beyond all doubt that poultry keeping can be made an important and profitable branch of farm business, even when carried out on a modest scale.

For the guidance of farmers and their wives, the finding of these experts has been put into plain language in this book, together with photographs of every phase of the subject, showing what is right and what is wrong.

It Is Profit, And Profit Only, That Counts

A farm census in the United States recently showed that in a single year chickens and eggs sold by the farmers there brought \$1,048,000,000, or 39 per cent of the total value of all live stock products. This illustrates what is being done by the constantly-improving methods of poultry-keeping. An experiment at the Experimental Farm at Guelph, Ont., so the booklet states, showed that one method of feeding poultry produced a handsome profit, while another method produced a loss. It will be seen, therefore, how important it is for poultry keepers to know exactly what they are doing, and why.

After all, it is profit, and profit only, that counts. This booklet tells just what to do to produce profit from poultry—the breeds to keep, the way to house them, the method of culling, the feed to give, the manner of preventing diseases and destroying parasites, how to test eggs and market them; in fact, everything essential that a poultry-keeper should know, put in language and pictures that anybody can understand.

The booklet is of the same practical character as the one issued by the Bank last year on "The Cow, the Mother of Prosperity," many thousands of which were distributed in all parts of Canada. The Bank's interest in the general welfare of the farming community is now further shown by the arrangement it has made from the printing of a special Canadian edition of this poultry booklet, which was originally prepared by the Agricultural Extension Department of the International Harvester Company. Copies may be obtained free of charge from the Watford branch of the Bank of Montreal.

An Oil for All Men.—The sailor, the soldier, the fisherman, the lumberman, the out-door laborer and all who are exposed to injury and the elements will find in Dr. Thomas' Electric Oil a true and faithful friend. To ease pain, relieve colds, dress wounds, subdue lumbago and overcome rheumatism, it is excellent. Therefore, it should have a place in all home medicines and be amongst those taken on a journey.

Use the "Want Ads" to buy or sell

A Real Asthma Relief. Dr. J. D. Kellogg's Asthma Remedy has never been advertised by extravagant statements. Its claims are conservative indeed, when judged by the benefits which it performs. Expect relief and permanent benefits when you buy this remedy and you will not have cause for disappointment. It gives permanent relief in many cases where other so called remedies have utterly failed.

An Oil that is Prized Everywhere.—Dr. Thomas' Electric Oil was put upon the market without any flourish to meet the wants of a small section but as soon as its merits became known it had a whole continent for a field, and it is now known and prized throughout this continent. There is nothing equal to it.

PRINTED MATTER of all kinds when you want it.—Guide-Advocate

Keep Your Body Free from Drugs Fit to Do the Day's Work

Carrie Blanchard's Offer

"I want you to try Postum for thirty days. I want to start you out on your test by giving you your first week's supply. It seems to me that it would be a wise plan for mothers, particularly, to think of this test in connection with the health of their families. Will you send me your name and address? Tell me which kind you prefer—Instant Postum or Postum Cereal (the kind you buy). I'll see that you get the first week's supply right away."

FREE—MAIL THIS COUPON NOW!

Canadian Postum Cereal Co., Ltd. 45 Front St. East, Toronto, Ont. I want to make a thirty-day test of Postum. Please send me, without cost or obligation, the first week's supply of INSTANT POSTUM POSTUM CEREAL. Name: _____ Street: _____ City: _____ Prov: _____ 488

HAVE the kind of health which keeps you cheery and optimistic—fit to tackle your day's work with a vim, to enjoy your leisure hours to the full. The bodily and mental health of a system free from the irritating drug elements Caffeine and Tannin in tea and coffee. Poisons which harm the body by working on the nerves—which often prevent restful sleep and keep you "tired" and irritable.

Make Instant Postum the family beverage for mealtimes and whenever a hot drink is desired. A pure cereal beverage with a delightful, fragrant flavor, it has no after-effects. Made instantly in the cup—it costs only half-a-cent a cup. For those who prefer it, there is Postum Cereal, made by boiling for twenty minutes. Ask for Postum at your restaurant, your club, or on the train. Accept Carrie Blanchard's offer.

Send the Coupon

Canadian Postum Cereal Co., Limited Head Office: 45 Front St. East, Toronto Factory: Windsor, Ontario

"There's a Reason"

INSTANT POSTUM

Children love Instant Postum made with milk!

You know how many children do not like the taste of milk. You know how they like to have the same drink as the "grown-ups." You know, too, how good it is for them to have a hot drink!

Make Instant Postum for them, using hot milk instead of boiling water! They'll like the taste immediately! And they will get the food elements of wheat, plus the nourishment of milk, in a hot drink that is economical and so easy to make!

"Consumption is No Respector of Persons"

In one of the glistening, beautiful rooms of the Muskoka Hospital for Consumptives, Harry Williams occupies a bed right next to Jim Thom. Harry was studying Arts in the Toronto University, while Jim was a laborer in another city. (Of course, that was before both knew that they were victims of consumption.)

Harry is a handsome young man, only about 22, and is particularly well versed in English literature. His home is in Western Ontario. Harry's brother is consumptive, too, and it was he who insisted that when Harry went back to school last fall, that he be thoroughly examined. The examination revealed consumption—so Harry withdrew from his classes, and journeyed to Muskoka Hospital for Consumptives. "You know," says Harry, "consumption is no respecter of persons. Here I am, just as sick as my room-mate. He was a laborer and I was a student. He worked hard for years while I never labored in my life. He had no good home surroundings, while I have been cared for since birth. I can't understand it, can you?" And with that Harry smiles a little and settles down to let science and nature fight the silent struggle for his health.

Harry and Jim are but two of the many who are at present entirely dependent on the Muskoka Hospital for Consumptives. The Hospital itself relies on the generosity of its many friends.

Contributions may be sent to Hon. W. A. Charlton, President, 223 College Street, Toronto, Ontario.

Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels untenable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.

"You don't need his Telephone Number"

for Station-to-Station calls"

"If I could remember his number I would make my call Station-to-Station and save money."

This subscriber had the wrong idea. He didn't need to know the number of the distant telephone.

All he needed to say to the Long Distance operator was: "I will speak to anyone at _____" (then give her the name of the person who has the telephone—and the address too, if he knew it).

Perhaps this information will enable YOU to use the lower Station-to-Station rate more frequently.

HEALTH WEEK

Public Health Clinics to be Held in Sarnia Week of January 19th.

For the information and interest of our readers we desire to draw attention to the Health Week for Lambton County which is being arranged to commence Monday, January 19th, 1925. This week is being held under the auspices of the Lambton County Medical Association and the Dental profession of the County in co-operation with the Provincial Department of Health and it is endorsed and approved by the Ontario Medical Association.

During the week various types of health activity will be demonstrated in actual clinics during the day and leading men and women will speak. For example speakers invited for the Monday night meeting are the Prime Minister, the Honourable G. Howard Ferguson, Bishop Fallon, of London and Honourable Dr. Cody, of Toronto. The full list of speakers will be officially announced in the program of the week which will be issued shortly, but every night's meeting will be a night that no one can afford to miss. The addresses will be short and interesting and each address on a special health topic will be delivered by an authority in the special branch of work under consideration.

It is proposed to make Tuesday night's meeting a Farmers' night on which the important subject of milk, its production, distribution, care and use will be considered. Also on the same night will be considered certain aspects of rural sanitation.

Wednesday night is to be devoted to maternal care and the problems of infancy.

On Thursday night communicable disease and tuberculosis will be discussed by such as Dr. H. W. Hill, Dean of the Institute of Public Health, London, and Dr. C. D. Parfitt, Medical Director of Caydore Sanitarium, Gravenhurst, and President of the Canadian Tuberculosis Association.

On Friday night dental problems will occupy the field and addresses will be given by such as Dr. W. A. Charlton, Dean Emeritus of the Royal College of Dental Surgeons, Toronto, Dr. Kendrick of Port Huron, Mich., and the Honourable Dr. Forbes Godfrey, Minister of Health.

It is anticipated that the interest created by these meetings will fill the Auditorium of the Technical School to overflowing. No one should miss this opportunity of obtaining authoritative information on the various aspects of health that are to be presented.

During the day the clinics will comprise:

1st. A clinic for infants and children, which will include children from birth up to 16 years.

2nd. A general medical clinic for adults for the purpose of introducing to the public the idea of the annual physical examination. With this clinic will be combined a clinic on occupational diseases. In connection with this it is important to mention that there are certain types of illness, especially chronic illness directly related to industry. The idea in this connection is to detect illness of this nature and suggest where possible means by which the industrial worker can protect himself.

3rd. A dental clinic which will be operated by the dentists of Lambton County as part of the Health Week.

4th. An orthopaedic clinic (crippled children) clinic, for which arrangements are being made to bring in specialists from an outside point.

5th. An ear, nose and throat clinic will be operated entirely by the practitioners of the County of Lambton.

6th. An eye clinic for which arrangements are being made by the local medical sub-committee.

7th. A chest clinic which will be under the direction of the Tuberculosis branch of the Division of Communicable Diseases of the Provincial Department of Health.

Arrangements for admission of the public to the Clinics.

Infant and Child. General Medical.

Occupational Diseases.

To these three clinics the public will be admitted directly for complete physical examination. No treatment is to be given or prescribed at these clinics. The person is to be given a physical examination and referred back to his family physician with recommendations as to treatment where indicated.

The Chest Clinic.—At this clinic patients are accepted for complete chest examination on a written reference from the attending physician. The report will be made in writing to the attending physician only.

In connection with the chest examination attention is drawn to the fact that from a health standpoint the tuberculous contact is a very

important matter and that it is desired, during this week, to examine as many contacts as possible in order to catch the infection at the earliest stage.

The Orthopaedic Clinic. Patients coming to this clinic are to be referred by their own physician for examination, diagnosis and recommendation as to treatment. The special feature of this clinic is the opportunity for consultation in the orthopaedic cases with a man of recognized standing in that particular branch of medicine.

Dental Clinic.
Ear, Nose and Throat.
Eye Clinic.

Patients will be received in these clinics only on the reference in writing of the family physician. The reference is to state whether for examination, diagnosis and recommendation as to treatment or for actual treatment. Children coming to any or all of these three clinics will present a letter from the family physician at the Infant and Children's Clinic. After examination here, they will be passed along to the treatment clinic or referred back to the family physician. Should a child come to the Infant and Children's Clinic and be found there to require treatment of the type being given during the Health Week and should the child not have the letter of reference referred to above, he will be referred back to his own physician in the ordinary way. The physician may then, if he so desire, give the child a letter requesting treatment from the Lambton County Medical Association. On presenting this letter at the Children's Clinic, the child will be sent forward for treatment.

The physicians and dentists of the County are anxious to stress the importance of health protection and to demonstrate outstanding features in connection with the prevention of disease. Ill health is more easily prevented than cured. It is much more cheaply prevented than cured and prevention is attended with less anxiety, less disturbance of school attendance, less disturbance of business, less disturbance of domestic routine and infinitely less fatality than is the treatment of acute or chronic illness.

Articles dealing with health topics will be published from time to time in the columns of this paper. These are prepared by men whose standing as health experts and whose authority on health matters is unquestioned.

We would suggest for your own benefit that you read these articles carefully and that during the week of January you take full advantage of the many opportunities that week will present to the citizens of Lambton County.

The members of the Medical and Dental professions in the County are to be highly congratulated and should be sincerely thanked for exhibiting this interest in the health and wellbeing of our citizens.

Study the Christmas Ads.

GIRLS! HAIR GROWS THICK and BEAUTIFUL

35-Cent "Danderine" Does Wonders for Lifeless, Neglected Hair

A gleamy mass of luxuriant hair full of gloss, lustre and life shortly follows a genuine toning up of neglected scalps with dependable "Danderine."

Falling hair, itching scalp and the dandruff is corrected immediately. Thin, dry wispy or falling hair is quickly invigorated, taking on new strength, color and youthful beauty. "Danderine" is delightful on the hair; a refreshing, stimulating tonic—not sticky or greasy! Any druggist.

COLOR IT NEW WITH "DIAMOND DYES"

Beautiful home dyeing and tinting is guaranteed with Diamond Dyes. Just dip in cold water to tint soft, delicate shades, or boil to dye rich, permanent colors. Each 15-cent package contains directions so simple any woman can dye or tint lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings, everything new.

Buy "Diamond Dyes"—no other kind—and tell your druggist whether the material you wish to color is wool or silk or whether it is linen, cotton or mixed goods.

It was her birthday. "Dearest," his note read, "I'm sending you a rose for each year of your life."

Diplomatically, he ordered the florist to deliver but twenty roses.

When he had gone the florist said to himself, "Well, Blampson is a good customer, I'll add another ten for good measure."

A Grand Medicine For Little Ones

Mrs. Avila Noel, Haut Lameque, N. B., writes:—"I can highly recommend Baby's Own Tablets as they have worked wonders in the case of my baby. I always keep them in the house and would not feel safe without them." What Mrs. Noel says concerning Baby's Own Tablets is just what thousands of other mothers say and feel. The Tablets are a mild but thorough laxative which regulate the bowels and stomach, thereby banishing constipation, colic, indigestion and a host of the other minor ailments of little ones. The Tablets are absolutely guaranteed to be free from opiates or narcotics or any of the other drugs so harmful to the welfare of the baby. They cannot possibly do harm—they always do good. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

HOUSEHOLD HINTS

Chocolate Covered Figs
This toothsome and wholesome Christmas time confection comes from New Orleans, and is especially to be recommended for children, because it satisfies the craving for sweets with a food that is digestible, nutritious and has a tonic effect on the system.

The figs should first be steamed until they are very tender. This may be done conveniently in an enameled ware steamer with a removable rack. When the figs have cooled remove the soft centers and chop this portion fine with a few nuts and candied fruits. Fill the figs with this mixture and dip them in unsweetened chocolate which has been melted in an enameled ware double boiler. The chocolate coating will keep the figs soft and moist for a considerable time.

French Onion Soup
Winter is the season for thick soups, and this one which, with a liberal chunk of bread, makes a whole meal for the Breton peasant, is especially good. Peel four large onions and two carrots. The onions should be chopped fine, and the carrots diced. Put them into an enameled ware saucepan with three tablespoonfuls of butter and saute them until the onions are well browned. Use a quarter teaspoonful of sugar and half a teaspoonful of salt. Add a quart of water and boil for two hours, adding more water as it boils away. This soup should be served with a slice of bread in each plate.

Baked Rice Mexican Style
Besides being easily prepared, rice dishes are especially nourishing and a good substitute for potatoes which, unless baked, cannot be prepared in a short time.

Rice can be cooked in twenty minutes and used at any time thereafter for several days. The following recipe for Mexican baked rice makes a very substantial "one-dish dinner" which is suitable for busy days.

Cook one and one-quarter cupfuls of rice in boiling salted water for thirty minutes. Add one and one-half cupfuls tomato juice, one large green pepper cut up fine, one-half cupful chopped pimento and a dash of pepper. Mix together thoroughly and pour into a well-buttered enameled ware baking dish, the porcelain-like surface of which will not affect or be affected by the acid in the tomatoes. On top place the tomato pulp, left after straining the juice. Serve while hot.

In United States \$2.50

Local Happenings

Xmas Display at Swifts.
Watford Merchants will be open evenings from the 18th until Xmas. Fancy beaded bags \$1.25.—A. Brown & Co.

See C. M. Fitzgerald's radio ad elsewhere in this issue.

Wet Snow—you need Rubbers! We have your size at the right price, too. Get 'em now.—P. Dodds & Son.

Mr. and Mrs. W. E. Fitzgerald were in London Sunday attending the funeral of F. A. Fitzgerald.

Snappy Xmas Ties, Collars and Shirts.—Swifts.

Keep Monday, Dec. 29th open, Lambton 149 I.O.D.E. will put on a holiday dance in the Armory that night. Particulars later.

Men's Mocha Gloves, wool lined, gray or tan, sizes 8 to 10½, \$1.50.—A. Brown & Co.

Trinity Church Sunday School entertainment will be held in the Lyceum on Wednesday evening, Dec. 17th.

Not too late yet to order your Personal Greeting Cards at the Guide-Advocate. Drop in and see our sample book today.

Ladies' Coats \$15.00 for \$11.25; \$20.00 coats for \$15.00; \$25.00 coats for \$18.75.—A. Brown & Co.

Special services continuing in the Gospel Hall, week nights except Saturday, at 8 o'clock, Lord's Day at 7:30 p. m. conducted by Messrs. Willie and Joyce. All are welcome.

Skates and Shoes are the best wish for every boy and girl. We supply both and put them on for you.—P. Dodds & Son.

The pastor will conduct both services in the Methodist church next Sunday. Visitors and strangers are cordially invited to all the services.

Dishes on sale for one more week only. Buy that set you need while our prices are reduced.—McCormick & Paul.

Rubber Aprons, fancy bound 45c.—A. Brown & Co.

Words of Wisdom:—The Denver medical health officer says: "the best way to keep your doctor's bill down is to keep your window up."

Look into our Hardware Dept.—you'll find many a suggestion for suitable family gifts.—P. Dodds & Son.

Gene Stratton Porter, well known authoress of "Freckles", "The Girl of the Limberlost," etc, died in Los Angeles Saturday last from injuries received in an automobile collision.

Xmas bargains on all the counters at Swifts. 4 Fancy Lace Handkerchiefs for \$1.00, regular 35 cents.

For the Home—the appeal of table ware is irresistible; latest patterns at Class.

Barbers are now proposing to call themselves "chirotonors". That's all right, as long as the rise in professional dignity does not call for a raise in prices.

Not too late for Christmas Groceries. See our window. We're proud of our stock this year.—P. Dodds & Son.

Strathroy "Age":—"If arrangements can be made to form a compact group with London, Watford and Sarnia, the Strathroy Junior Athletic Club will enter a team in the junior series of the Ontario Hockey Association."

Saturday Bargains. Men's Heavy Sweater Coats \$1.69.—Swift's.

A treat is in store for concert goers next Wednesday night, when Trinity Young People perform in the Lyceum. Tiny tots will delight you in a Rainbow Drill. A group of girls will put on the Wooden Soldiers as performed in the Russian Chauve-Souris and a minuet of Old France will be danced in the stately step and lovely dress of old French days. And lastly, there is a visit assured by Santa Claus with a pack filled for boys and girls. Come.

Jewelry—beautiful and useful.—Class, the Jeweler.

The Methodist Sunday School is preparing a fine Christmas cantata entitled, "The Christmas Quest," for Dec. 23.

Make our store your Christmas Shopping centre. We appreciate your patronage.—McCormick & Paul.

The many friends of Mrs. Keller, John St., will be pleased to know she is recovering from her recent indisposition.

Don't leave your shopping till the last week. Don't always wait till Friday and Saturday. Come on other days as well, that clerks may be able to give you that service you appreciate.

Fancy Guest Towels 30c, Bath towels at 50c, 75c, \$1.00 and \$1.25.—A. Brown & Co.

Study the Christmas ads this week. The merchants are displaying exceptionally large stocks of Christmas merchandise and their announcement on the pages of this issue are well worth studying. You will find prices on most goods have dropped considerably from previous years.

Boys—Buy "her" a box of Bonbons at the A. Y. P. A. baking and candy sale in Dodds' store on Saturday.

Mr. A. Rumford has been seriously ill for the past week at his home here. Mrs. Davidson a sister-in-law, from Theford is assisting in the sick room.

The Gift Supreme—the Diamond mounted white or green gold rings.—Carl A. Class, the Jeweler.

Passionate Love, rich colorful atmosphere and hair tizger melodrama abound in "The Humming Bird". Greatest picture at Lyceum next Thursday.

Christmas Slippers—for Dad, Mother and every member of the family. Big choice of styles in all sizes if you come now.—P. Dodds & Son.

Study the Christmas Ads.
A. Y. P. A. Homemade Baking and Candy Sale in P. Dodds' store on Saturday. Come early.

The picture at the Lyceum next Thursday is Gloria Swanson in "The Humming Bird." As gorgeous and beautiful as ever; as saucy French as she was in "Zaz".

The new Stub Umbrellas for ladies \$2.25, \$3.50 and \$4.50.—A. Brown & Co.

An American chemist reports that he has discovered the secret Chinese process of drying eggs. A process for deodorizing the over-mature brands would fill a long-smelt want.

Men's all linen handkerchiefs 25c, men's plain or knitted silk ties, fancy boxed 50c, clearing line of heavy fleece underwear 75c.—A. Brown & Co.

The regular meeting of Lambton's 149th Chapter I.O.D.E. was held at the home of Mrs. Arthur McKecher on Tuesday afternoon, Dec. 9 at three o'clock. Mrs. Pritchett, vice-regent, presided with thirteen members and one visitor present. The minutes of the November meeting held at the home of Mrs. Millar were read and adopted. An interesting report of the Provincial Chapter I. O. D. E. meeting held in London was read. Arrangements were made for sending a Christmas greeting to Miss Hay and for holding a Christmas dance in the Armory on Dec. 29th. The singing of the National Anthem brought the business part of the meeting to a close, after which a dainty tea was served by the hostess. Mrs. Elliot kindly invited the Chapter to her home for the January meeting.

Church Union
It has been suggested by the sub-executive of the joint committee on Church Union, that a day of Prayer be observed on Thursday, Dec. 18th, and that meetings for Prayer be called in all the churches of the three

PAY YOUR TAXES THIS WEEK
All Taxes due the Corporation of Watford must be paid by Monday next, December 15th, as they will be subject to 5% interest after that date.

BEAUTIFUL JAPAN
The Y. P. L. of the Methodist Church, under the auspices of the Missionary Department, will give an illustrated lecture next Monday, 7:30 p. m. on "Japan" its people, customs, and industries. Very fine views are shown of the tea, rice, and silk industries. The lantern has been kindly loaned by Rev. Mr. Rayner and the lecture will be given by the Pastor. Collection only.

DIED
In Irvine, Alberta, on Friday, Dec. 5th, 1924, Philip McLeay.

Ladies dressing gowns, men's bathrobes, men's house coats for Xmas.—At Swifts.

Mrs. Beacom and daughter Alice, who lived near the Elarton Salt Works, have gone to Watford to reside. Previous to leaving here a large number of their friends of the community assembled and spent an evening with them. Mrs. W. McRorie read them a highly complimentary address, and at the same time Frank Clark, on behalf of the friends presented Mrs. Beacom with a handsome wicker rocker, and Mrs. Walter Mansfield presented Alice with a French ivory mirror, hair brush and comb.

Which reminds us that if the husband gets the last word it is something like this, "All right, buy the darned thing."

Owing to the poor state of trade, Swiss watch factories are going to turn out locomotives. We would imagine that trains drawn by these engines will keep specially good time.

The months during which we feel free from income tax worries, are those which have a "q" in their spelling.

SUBSCRIPTION AGENT FOR PUBLICATIONS

CHOP STUFF

A new Eastern Star Chapter was instituted at Forest last week.

Broken glass from a mustard bottle eaten in a sandwich caused the death of Lawrence Doudrie at Monroe, Mich.

Ailsa Craig Masons held a most enjoyable at Home last week, with progressive euchre and dancing providing the evening's entertainment.

Glencoe Masons and their lady friends will have a moose dinner and social evening at the Memorial Hall on Friday. The moose is being donated by Dr. Mumford.

Wm. S. Cook, a Stouffville grain merchant, met death from monoxide fumes in his garage last Saturday. Motorists should never run their engine with garage doors closed. It is almost sure death.

When he gave \$100,000 to Columbia University toward establishing a department of Chinese, the late Horace W. Carpenter explained that that amount represented what he had saved by refraining from the use of tobacco.

Thousands are wearing eyeglasses who do not need to wear them at all. Dr. Elie M. Alger, noted eye specialist, said in an address at the annual meeting of the National Committee for the Prevention of Blindness in New York.

An ingrown toe-nail which caused an infection in his foot about six months ago resulted in the removal of the left leg of James Cullen, prominent West Lorne business man. The infection developed into gangrene and the removal of the limb above the knee was necessary to save Mr. Cullen's life.

A remarkable incident of spitefulness was investigated by the Oxford County police last week. Mildred Potter, a thirteen year old school girl of East Zorra, because she did not like another girl in the school deliberately threw arsenate of lead into the school well and also sprinkled paris green on her intended victims lunch.

"A pipe with a pedigree" is advertised. That reminds us of the pipe a plumber repaired for us the other day. He took all day to find its connections.

As an experiment, the telephone line being built by the Ontario Hydro-Electric Power Commission, from Oil Springs to Sarnia, in connection with the new power lines to Sarnia, instead of being aluminum with steel core, is aluminum core with steel armour, consisting of .066 inch steel strands, the aluminum core is also .066 diameter.

At Iliou, New York, a bronze tablet was recently unveiled to the memory of Christopher Latham Sholes, who produced the first practical typewriter in 1867. The inventor accepted \$12,000 in full payment for interests in the machine, and died without having realized the commercial possibilities or the great economic of the typewriter.

It is costing about \$1,200 a day to try the Home Bank directors accused of conspiracy to defraud before Judge Coatsworth at the Toronto city hall. The trials of the eight directors, the accountants and auditor of the ill-fated bank will cost approximately \$175,000 before they are finished, with a prospect of another \$25,000 added to the cost by proceedings at the Assizes afterwards.

Dan Wright, of the 10th line Enniskillen west, got eighth place, and W. J. Davis, of Florence, was awarded the reserve championship in the corn division of the international live stock exposition at Chicago on Monday. Until this year Canadian exhibitors won their points in other departments, but when the judges started work on the corn on Monday many Canadians were among the winners.

A young girl returned home to her parents, after sitting for her school musical examination. They asked her how she had done. "Very well, I think," she answered. "What was the examiner like? "Quite a nice man—and so religious." "Religious! How could you tell?" "In the middle of one of my pieces he put his head in his hands, and said, 'Oh, my God! very reverently.'"

WATFORD

ONTARIO

BEET HARVEST IN COUNTY COMPLETE,

YIELD A GOOD ONE

The sugar beet harvest is about completed in Lambton county and the yield has been quite good, in some instances running as high as 20 tons per acre. The percentage of sugar is also said to be quite high. The weather was ideal for topping and hauling the beets, but the work of lifting was difficult owing to the dry weather, in some instances a four-horse team having to be used to accomplish the work.

Quite a large acreage of fall plowing has been done, but it was found impossible to turn some of the heavier clay soil as no rain had fallen for over six weeks, but a fall of snow, some six to ten inches deep over the northern portion of the county, followed by some ten hours' rain greatly helped the situation and the work of fall plowing is now nearing completion.

A larger acreage of winter wheat was sown this fall than for some seasons past, no doubt owing to the higher price being paid for this cereal, and a large amount of commercial fertilizer was used as farmers here find that its use is a safe insurance against failure, although the plowing down of sweet clover as a fertilizer for wheat is being quite largely followed, with gratifying results.

The last of the season's threshing will be finished this week and the yield of grain has been encouraging, especially owing to the comparatively high prices being paid for wheat and other grains while still in the farmers' hands. This should not only give a boost to the farming industry, but should help out all lines of trade and commerce.

Corn Fairly Good.

Notwithstanding the cold, late spring and cool nights during the growing season, corn was a fair crop, and owing to the exceptional absence of fall frost it ripened well, so that all silos are full and a large acreage is still left in the fields for husking. Several shredders are at work in this locality husking out the corn and shredding the fodder. The dreaded corn borer has made its appearance in a few places in this county, but if farmers will take the pains to follow the advice given for its control, and put all stocks in the silo or have them finely shredded, and then plow down thoroughly all remaining stocks and stubble, this menace to the corn-growing industry can be controlled and eventually exterminated.

The apple crop was not as large as usual, and in uncared-for orchards the fruit was inferior; but where the trees were well pruned and thoroughly sprayed the yield and sample was fair. Fall varieties gave much heavier yield than winter ones. Snows and McIntosh especially being heavily loaded. Both fall and winter pears gave an unusually heavy crop and the fruit was of excellent quality. Prices in some of the larger city markets were quite high for this fruit, but in some of the smaller markets the supply largely exceeded the demand.

Potato Crop Heavy

Potatoes were an exceptionally heavy crop in this district, the tubers being of large size and clean. Dry rot is showing in a few localities, but so far not enough to cause much alarm. There has been little demand for this crop this fall and prices have been only around 75c. per bag of 90 lbs., but as the crop has not been heavy in some sections in Canada, and in several of the adjoining States, the prospects are that prices will be considerably higher next spring.

Stock beets and turnips were never better, and there is large supply of these for stock feeding during the coming winter.

Not as many beans as usual were grown this season and the harvesting was done under unfavorable conditions, owing to the extremely wet weather at that period. However, most of the crop was harvested in fairly good condition and the yield is turning out equal to normal years, with satisfactory prices for quality of 3 lb. pickers or better.

Pasture has been good during the whole season, and stock will go into winter quarters in good condition. Quite a large number of cattle will be fed, as hay and coarse fodder is plentiful, but on the other hand, grain is high in price and farmers may subsequently market more than in some former years. Hogs have been selling fairly high, for a short time bringing as high as \$10.25 per cwt. for thick smooth and better than \$11 for select bacon types. There are not a great many hogs being fattened for market as grain and millfeed prices are quite high at this season of the year.

New Issue by C. P. R. is Made Available in Canadian Market

Company Decides to Invite Dominion Investors to Take its Securities. SECURED BY LAND SALES

Beatty Explains Desire to Extend Canadian Holdings of Railway's Securities

Montreal, Dec 10—An official announcement was issued following a meeting of the Board of Directors of the Canadian Pacific Railway of the issuance by the company of \$30,000,000 4 1/2 per cent. note certificates, secured by deferred payments on lands.

Not in Need of the Cash.

Following is the statement as sent out from the office of President E. W. Beatty: "The company is not short of funds by any means, its bank account being of very comfortable proportions, but it has for many years been the company's policy to maintain a strong position in its cash resources, and, considering the magnitude of the enterprise, this is manifestly prudent. Works of improvement in contemplation to provide for its traffic and for the betterment of existing facilities will require a considerable sum in the near future, and to meet these expenditures and to provide ample working capital for other purposes the directors of the company have decided to make an issue of note certificates in much the same way as was adopted

in 1914, save that the issue will be of a public character instead of being restricted to participation by its own shareholders.

"In the belief that more extensive holding of the company's securities in Canada is desirable from all standpoints, the company has sold the issue to a strong Canadian financial group consisting of the Bank of Montreal, the National City Company, the Royal Bank of Canada, the Canadian Bank of Commerce, the Dominion Securities Corporation, Wood, Gundy & Company, and A. E. Ames & Company.

Decided to Pass Up U. S. Market

"Already a very wide distribution is assured at a price to the public which will make it an attractive investment. It was quite open to the company to secure the requisite funds in the United States on terms equally favorable, but in view of the interest in the company's securities by Canadian investors, as evidenced by the increase in the holdings of its common stock and bonds, the directors were glad to be able to make the issue a Canadian one."

These 4 1/2 per cent. Secured Notes are one of the highest grade and most thoroughly protected securities ever offered in the Canadian market. They are a direct credit obligation of the Canadian Pacific Railway Company, and in addition are specifically secured by Trust Agreement, under which the Railway covenants to pay to the Trustee land payments coming due to the Railway Company totaling approximately \$66,000,000.

This offering is the largest single piece of corporate financing ever undertaken in Canada. Prior to the present year, all Canadian Pacific Railway financing has been done abroad, principally in Great Britain or in United States, in which markets the company's securities rank as market leaders. For example, in 1902 the company's 4 per cent. debenture stock sold in London at 118 per cent, to yield only 3.37 per cent at a time when direct Dominion of Canada long term bonds were selling at approximately the same basis.

Following upon the success of the Dominion Government in refunding its maturing War Loan issues in the domestic market, the Canadian Pacific Railway Company issued \$12,000,000 Collateral Trust Bonds in the spring of the present year. Although new to the average Canadian investor, these Bonds quickly reached a price comparable to the price of Dominion of Canada Victory Loan Bonds. It is not surprising, therefore, that the company has arranged to offer this larger issue in Canada. The offering is timely, inasmuch as the Dominion Government issued only \$50,000,000 of long term bonds to replace \$107,000,000 of maturing Victory Bonds, and it is evident that there is available large sums of money whose owners desire the highest grade of security. The present offering of Canadian Pacific Railway securities will meet these requirements.

It is expected that the issue will be quickly absorbed by all classes of investors.

Health faddists now urge the necessity of a short sleep after lunch. In this connection it may be pointed out that the rate of mortality in Government offices is very low.

OUR LETTER BOX

[A Department wherein our readers may present their personal views on any public question; whether The Guide-Advocate maintains an independent neutrality on that question or not.]

Church Union.

Editor Guide-Advocate:—

The letter in your issue of Dec. 5th signed "A member of the Presbyterian Church," makes one wonder whether it would not be wiser to be a little more sure of the facts before rushing into print; and further, whether it would not be more courageous to sign one's name to a letter which libels other Churches.

We, of the other negotiating churches, have desired to let the Presbyterian friends settle their own differences, and still desire so to do, but false and misleading statements cannot be allowed to go unchallenged. Your correspondent says, "We have thus a choice between a church that has departed from our faith, and rejected our standards, and a church that is anchored to the fundamental truths of Scripture." Now I think I have been long enough in Watford for my stand on the fundamentals to be known by everyone. I have declared from the pulpit, on various occasions, that in any conflict between Fundamentalism and Modernism I shall always be found on the side of Fundamentalism therefore if your correspondent's statement were correct, I would be found refusing to enter the United Church. But it is quite evident that your correspondent is not very well acquainted with some of the Anti Union leaders, or they would have known that such a statement would only cause a smile. I know some of them, and not even by the wildest stretch of imagination could I say that these were Fundamentalists indeed, some of them are very outspoken modernists.

Furthermore, your correspondent should be aware of the fact that the four Theological Colleges of Montreal, viz. Anglican, Congregational, Methodist and Presbyterian, have for quite a few years, been holding joint classes in Theology; and that the Principal of the Presbyterian College, Rev. Dr. D. J. Fraser, one of the leaders of the anti Unionists, is himself a Professor on the joint Faculty.

So I would urge your correspondent to be fair to the other uniting churches. The Presbyterian church in Canada is no more anchored to the fundamental truths of Scripture than either the Congregational or Methodist churches.

Regarding your correspondent's statement concerning the Statement of Faith of the United Church, I wonder if he, or she, has ever read it. If not, I would be pleased to let them have a copy if they will apply to me for one. While regarding the statement that ministers will not be required to subscribe to it, but only give a general acceptance to it, it is quite a coincidence that Rev. Dr. W. T. McMullen, of Woodstock, a veteran Presbyterian leader, discusses that very point in a letter in The Globe of today, Nov. 9th. He says: "It is alleged that a minister in the United Church, will not be required to sign the Articles of Doctrine in the Basis." Now, this is true in a

sense. But it is equally true of the Presbyterian Church in Canada for the past fifty years. The usage has been to put the prescribed questions to the minister on his induction, and in the presence of the Presbytery and the congregation he must answer; but he is not required literally to sign his name.

The United Church is but following the Presbyterian custom in having the ministers declare themselves in substantial agreement with the Doctrinal Statement, so your correspondent cannot use this to force an issue of Fundamentalism vs Modernism. With Modernists leading the anti this certainly cannot be an issue.

The statements regarding Government and The Call make me wonder if your correspondent has read the Basis of Union. I will be pleased to give them a copy if they will ask for it. But surely they know that already the Presbyterian church in issuing a Call has to secure the approval of two committees, the Presbytery to which the Church belongs, and the Presbytery to which the minister called belongs. The only Church which makes any real sacrifice in the matter of the Call is the Congregational Church.

Your correspondent speaks of a "court two to one Methodist." Where did that wrong impression come from? The General Council of the United Church is to consist of 150 Methodists, 150 Presbyterians, and 40 Congregationalists. The Presbyterian Church has had equal representation on the Committees on Church Union throughout the whole twenty years of negotiations.

Let your correspondent oppose Union if he desires, I would not force anyone but would have each persuaded in his own mind, yet let him oppose in an honest way rather than by giving out false or misleading statements. After all if we cannot unite with those who love the Lord Jesus on Earth however can we hope to do so in Heaven?

My heart has been saddened by the unseemly strife over this question of Christian Unity. Surely we too often forget the Master's test of discipleship, as given in John 13:35.

"By this shall all men know that ye are my disciples, if you have Love one to another."

Thanking you for your space, Mr. Editor.

I am, Yours, etc.,
T. DeCoursey Rayner.
Congregational Manse.

EXECUTOR'S NOTICE

Notice is hereby given that creditors and others having claims against the estate of Thomas Brush, late of the Township of Warwick, in the County of Lambton, Farmer, deceased, are to send in full particulars of such claims together with the nature of security (if any) by mailing them to Cowan, Cowan & Gray, Watford, on or before the twenty-seventh day of December, 1924, and after the said date the executors will proceed to distribute the estate among the parties entitled thereto, having regard only to the claims of which they shall then have received notice.

Cowan, Cowan & Gray,
Solicitors for Executors.
