BRITISH GOVERNMENT RETURNED

The Liberals Have a Clear Majority.—Reform of the House of Lords Likely to Be on the Program.

London Feb. 1.—With Premier Asquith on the continent and Chancellor Lloyd George closely following him, the politicians are all resting on their arms, discussing what lines of battle will be taken up in the new parliament. The moral generally drawn from the elections is that the country does not want radical changes in the house of lords or in the government policies. The spirit of conciliation therefore is abroad, and schemes for a compromise are being debated.

The Conservative papers propose the most interesting plan, that a joint cabinet be chosen from the most moderate men of both parties to carry on the government for about two years, and that a truce be declared on party questions in the meantime. A royal commission to investigate the country's fiscal policy and to make recommendations regarding tariff reform is proposed.

The newspaper scheme of coalition government is not taken seriously by the Liberals, who, having won a victory, even if it is a very narrow one, object to having their opponents dictate the programme. Lord Rosebery's name is put forward for the premiership in the compromise cabinet, but Rosebery has for a long time refused office and his popularity now is at a low mark, because of his course on the budget issues.

The reform of the house of lords seems to be the one thing assured. Both

parties support it now. The conservatives and the lords themselves are willing to adopt moderate changes immediately, lest reforms, which would knock the foundations from the upper house, be carried. The result is likely to be the abolition of the hereditary principle and the establishment of the principle that no longer shall the second and succeeding generations be given a vote except those who shall prove their fitness to legislate, by service in the house of commons, in civil office, or in the army or navy.

The Conservatives are willing that the lords shall be deprived of the power to hold up taxation bills, if the plan be adopted whereby nothing which could be considered new legislation shall be included in these bills.

The Liberals want to deprive the house of lords of the power to veto any bill whatsoever. Their favorite plan would be to compel the lords to adopt any bill sent to them for the third time by the house of commons, which, while making the house of commons consider a rejected bill carefully would give that body the power to pass any legislation on which it had determined, in one session.

It is taken for granted that the house of lords will pass the budget, since the country has decided against the lords, on the face of the election returns, but the cabinet may be obliged to erase the whiskey taxes to get the votes of the Irish members.

The Farmers' Parliament

(The New Glasgow Chronicle)

The annual meeting of the Nova Scotia Farmers' Association which was held here was very largely attended by members from all over the province. Owing to some oversight on the part of the local committee a hall was selected for the convention which is decidedly too small and badly ventilated. An effort is being made to procure a change for tomorrow's meeting. In addition to the opening address by President A. E. McMahon, of Kings County, and the report of the Directors, Exhibition Commissioners and the Superintendent of the Agricultural Association during today's sessions, a very interesting paper was read by H. Robertson, Superintendent of the Experimental Farm, Nappan on the "Rotation of crops." Considerable discussion followed this paper.

In the line of new business a move was made to press upon the government the need of establishing a sheep farm in the eastern part of the province. This was proposed by the members from Antigonish, and was favorably received by the Association.

In the evening the visitors met in St. Andrew's church hall, and enjoyed a public session. The meeting was presided over by Jas. A. Frazer, Coun., who in the absence of the Mayor on behalf of that body welcomed the farmers to New Glasgow. In the welcome he was seconded by Jas. Eastwood, President of the New Glasgow Board of Trade and A. C. Bell, a prominent member of the Board of Trade, as well as a member of the Farmers' Association. Mr. Porter, of Alma, who is president of the Pictou County Association also extended a welcome on behalf of the County Farmers to their friends from other parts of the province.

On behalf of the Nova Scotia Association Mr. Black, of Cumberland, made a suitable reply, and thanked the citizens of New Glasgow through their representative for their kindness.

Following are the delegates from Annapolis County.—George A. LeCain; G. D. Covert, Malvern; Laurie H. W. McNeil; Paradise A. S.; Louis H. Balcom; Torbrook A. S.; T. J. Whitman; Williamston A. S.; E. C. Shaffner. From County farmers association, Messrs. F. W. Bishop, F. Miles Chipman, Capt. A. H. Bishop, J. W. Elliot.

Proposed Railway from Windsor to Chester

(Hants Journal)

During Thursday's session of the Municipal Council an interesting feature of the proceedings was that concerning the occasional talk of line of railway from Windsor to Chester. Mr. Wm. O'Brien, one of our progressive farmers, is ever ready to further any effort for the advancement of the county appeared before the Council to awaken renewed interest in this proposed and much needed railway connection. This, he said, was a matter of vital importance, from the simple fact that sections deprived of railways are certainly at a disadvantage; and we must not allow this matter to drop. Some people may say, what's the use, you may talk but you'll never get it. The same thing was said about the Hants Central when it was first spoken of, and the project was ridiculed in some quarters; but the talk went on, surveys were made, a Company built it, and the amount of traffic over it has been a surprise to many.

The fact is, the section of country between Windsor and Chester is a most important one—its resources almost unlimited, with fine areas of timber which cannot be taken advantage of for lack of railway facilities. The people are handicapped in getting the timber marketed, but the difficulty would be overcome with a short line of railway of less than forty miles, which would enable them to get the product of forest and field more easily to points of shipment instead of having to haul by team over long distances and frequently over bad roads. Such a railway would be a great boon to the people, would increase the value of property, and would certainly prove a pay-investment.

The fact is, the people of Windsor (to whom it would be of the utmost importance) and residents all along the route feel that something should be done to bring the matter before the powers that be in order to have a survey made. He thought a committee of this Council should be appointed to co-operate with the Windsor Board of Trade, and the Town Council. And it would certainly be wise to secure the interest of Dr. J. B. Black, our representative at Ottawa, who he felt sure would be only too willing to lend all the assistance in his power to secure a necessary survey.

Mr. O'Brien was loudly applauded as he concluded his admirable address of which this is only an outline.

Superintendent Hiltz gratefully acknowledges the above subscriptions and regrets that he is unable to make a general personal canvass through the county as he is convinced that many more subscriptions would be forthcoming on a personal appeal, but he would be doubly grateful for voluntary contributions of any sum toward the fund, and the earlier the more appreciated, as he is in a position to buy lumber on exceptional terms, and although subscriptions will not be called in until April he would like to be assured that the funds are forthcoming before he gives any order for materials.

The Obnoxious Postal Law

(Amherst News Sentinel)

Our readers may not be aware of the fact that under the existing regulations we can send our daily newspapers to the United States at the ordinary postal rates charged for transmitting newspapers through the mails. Our semi-weekly issues contain exactly the same matter as is found in the dailies but the regulations require a one cent stamp on each copy sent to the United States. Thus we are compelled to charge our subscribers living on the other side of the line, \$2 per year, while those residing in Canada, can procure the same for \$1. The introduction of this tyrannical regulation lost us over two hundred subscribers. These subscribers were sons and daughters of this country, who had moved to the United States, and our newspaper was a strong link in the chain of recollection to bind them to their Nova Scotia homes. This link has been removed by the action of the postal authorities, and the tendency will be for those Canadians to lose more and more interest in their old homes in Nova Scotia. What is true of the News-Sentinel regarding Cumberland County, is also true of nearly every country newspaper in the older provinces. The country newspapers have suffered a material wrong at the hands of the government, and Postmaster Lemieux should realize that it is pretty hard for a rural journal to get enthusiastic over the post office department and its work, when it is every week compelled to cut off more and more of its old subscribers and when its enterprise is being cabined, cribbed and confined by a regulation which is unfair and absolutely unnecessary.

There was, of course, a reason for the adoption of this regulation. The government desired to limit the importation of American weeklies and American monthly magazines into Canada and to encourage English periodicals of like character. The object may or may not be laudable. We do know, however, that the one party that suffered by this introduction of this regulation was the publishers of country newspapers in Canada. The American magazines are coming just the same; they are being sold in just as large numbers, while day after day, and week after week, the country newspapers throughout Canada are losing more and more of their American subscribers. It is time that patriotism should be forgotten, and the rural newspapers unite in registering a kick against this arbitrary and injurious regulation. If the kick is forcible enough, we have no doubt that Hon. Mr. Lemieux will begin shortly to sit up and take notice.

D. A. R. Conductor Hurt

Conductor Addy Nichols, of the D. A. R., had his leg severely injured at Yarmouth on Saturday 15th, inst. While uncoupling cars the train backed up on him jamming his leg very badly, and injuring the tissues above the knee. He was taken to hospital at Yarmouth, where he remained until the following Monday when he was brought home. The injured limb is recovering slowly. Mr. Nichols being still confined to the house. While regretting the accident, his many friends will be glad to learn that it was no worse he having narrowly escaped a broken limb.

THE TOWN ELECTIONS

Ex-Mayor W. J. Hoyt Re-Elected to the Mayoralty.—Messrs. Tupper, Burns, and Craig Will Occupy Seats at the Civic Board.

The outcome of yesterday's elections was a matter of considerable interest to our town people, as was evidenced by a larger number than usual attending the polls. The outcome was somewhat of a surprise to many who were inclined to think the election a test of the temperance sentiment, but there were wheels working within wheels and a number of people had axes to grind.

The voting resulted in the return to the Mayor's chair of Mr. W. J. Hoyt who has previously held the office in that office. His first term Mr. Hoyt held by acclamation. The following year 1907 he won an election defeating D. G. Harlow, but afterwards resigned on some technical ground concerning the town water question. On offering for re-election he was defeated by W. D. Lockett in the by-election of 1907. The

ratepayers have again shown their confidence in him by re-appointing him to the mayoralty for 1910. The votes polled for Mr. Hoyt were 91, for his opponent, Mr. Karl Freeman, 78.

The votes polled for Councillors were as follows: C. B. Tupper 126, W. H. Burns 102, E. A. Craig 98, W. R. Calder 68, A. B. McKenzie 74. Messrs. Tupper, Burns and Craig were therefore elected, all being new to the civic administration. Messrs. Burns and Craig were the nominees of the Law and Order League and Mr. Tupper would have been nominated on the same ticket if his acceptance could have been secured on the night of the meeting. The remaining councillors serving another term are James R. DeWitt, Geo. H. Dixon and Karl Freeman.

The Middleton Board of Trade

MIDDLETON, February 1.—At the annual meeting of the board of trade Friday evening, a successful year, under the presidency of C. W. Montgomery was reported. Mr. Montgomery was re-elected president, F. L. Shaffner, vice-president and S. H. Morrison, secretary. Resolutions from the Bear River board of trade, in favor of a tax on dogs in Annapolis county, and from the Torbrook mines fish and game society in favor of better protection for game and the introduction of more trout and salmon fry in our rivers were adopted.

Resolutions were also passed in favor of the installing of a drop letter box on the H. and S. W. railway mail car between Middleton and Lunenburg; in opposition to a private corporation, but rather adding to it feeding lines; into the province over the I. C. R. rails, and extending the people's railway farther west, and in favor of the government acquiring the D. A. R. and operating it as a part of the I. C. R. system under the bill now being passed at Ottawa.

Accident at Kingsport

(Kentville Orchardist)

On Friday afternoon last a sad and almost fatal accident took place at Kingsport. Mr. S. B. Burgher, an aged gentleman of 80 years was crossing the track at Kingsport, and being deaf he did not hear the engine, which was shunting around and which caught him severing his right foot. He was taken in charge by the D. A. R., authorities and sent to Halifax, accompanied by his son Mr. G. H. Burgher, of Canning, and placed in the hospital, where his leg was amputated below the knee. The latest report is that he is doing well for his advanced years.

PORTUGAL'S YOUNG KING

From Being a Careless Boy, Manuel Has Become Grave and Sedate.

One of the questions interesting Europe at present is who will be chosen to wed King Manuel of Portugal. England has authoritatively denied that Princess Alexandra of Fife, King Edward's granddaughter, is to marry him, and Germany denies that the late Princess Victoria Louise has been betrothed to Manuel. As for the youthful King of Portugal himself, he is a fine, expressive face with dark, heavily shadowed eyes and very black hair. In physique he is slight but erect, and although three or four years ago he was accounted a delicate boy now he seems sturdy and vigorous.

The greatest love and confidence exists between Queen Amelie and King Manuel. They are more like good friends and companions than mother and son. Together they work for the state. Together they walk, drive and read. Queen Amelie is still beautiful, though since the tragedy which deprived her of husband and son she has aged somewhat and lost the vivacity which made her considered the "most charming Queen of Europe."

King Manuel takes his duties very earnestly. He is not as dashing or picturesque as the eccentric Alfonso of Spain, but is far more serious and painstaking and has arranged his life in such a manner that no duty is neglected. Rising usually at 7, he has early breakfast, then goes to greet his mother. After a talk with her he takes a walk in the shady park of the Necessidades Palace, with his two favorite dogs, Box, a boarhound, and Tago, an Irish terrier. A little later he takes a turn with the foils or a ride, or plays a few sets of tennis. At 10 he has his bath and then begins the work of the day.

He first goes through his correspondence with his private secretary, the Marquis de Lavradio, and in this task his mother sometimes helps and advises. Then he receives professors from Lisbon and Coimbra universities and pursues his studies with them till the second breakfast, at which meal the members of the royal family reunite.

At 2 the day's receptions and private audiences begin. These over, the King and Queen go motoring out into the country, and sometimes the King leaves the car and walks, talking with the passing peasants and country folk. After dinner King Manuel's recreation is bridge with his mother and two others till 11 o'clock. Then when all the ladies and gentlemen of the court have retired the King returns to his study and remains there working till late.

A Visit in Sections.

When Harriet Beecher Stowe was alive Mark Twain, who lived near her in Hartford, had a way of running in to converse with her and her daughters, often in a somewhat neglectful costume, greatly to the distress of Mrs. Clemens.

One morning as he returned from the Stowes sans necktie Mrs. Clemens met him at the door with the exclamation: "There, Sam; you must have been over to the Stowes again without a necktie! It's really disgraceful the way you neglect your dress." Her husband said nothing, but went to his room. A few minutes later Mrs. Stowe was summoned to the door by a messenger, who presented her with a small box neatly done up. She opened it and found a black silk necktie, accompanied by the following note:

"Here is a necktie. Take it out and look at it. I think I stayed half an hour this morning. At the end of that time will you kindly return it, as it is the only one I have." "Mark Twain."

Serviceable and Cheap.

The old gentleman showed a good deal of displeasure. "It seems to me," he exclaimed testily, "rather presumptuous for a youth in your position to ask for my daughter's hand! Can you advance any good reason why I should give my consent?" "Certainly, sir," promptly replied the suitor. (He refrained from adding, "Because I suit 'er," being a respectable young gentleman.) "What?" pressed the old man.

"I am comparatively modest and economical in my personal expenditure," replied the suitor, "and I think, sir, that, altogether, you will find me less costly to maintain than almost any other son-in-law you could select."—London Answers.

An Admission.

It was at a little northwestern town in New South Wales. A traveling Englishman stood on the veranda of the public house watching the sun go down across the Black Soil plains in a splendor of purple and gold. "By Jove," he exclaimed to an impassive bushman who was lounging against a post, "that's gorgeous, isn't it?" The bushman slanted his head a little and looked critically at the glowing west. "Not bad," he drawled, "not bad—fer a little place like Boggabri."

Two Texts.

A church in Scotland being vacant, two candidates offered to preach, their names being Adam and Lov. The last named preached in the morning, taking for his text, "Adam, where art thou?" The congregation was much pleased and edified. Mr. Adam preached in the evening, taking for his text, "Lo (Low), here am I!" The inopportune and the sermon gained him the church.

More bread and Better bread
—And the Reason for it

A STRONG FLOUR can only be made from strong wheat. Manitoba hard wheat is acknowledged the strongest in the world—and that is the kind used for Purity Flour.

But that's not all. Every grain of this wheat contains both high-grade and low-grade properties. In separating the high-grade parts from the low-grade the Western Canada Flour Mills put the hard wheat through a process so exacting that not a single low-grade part has the remotest chance of getting in with the high-grade.

Of course this special process is more expensive to operate but it means a lot to Purity flour users—that's why we use it.

It means that Purity Flour is made entirely of the highest-grade flour parts of the strongest wheat in the world.

It means a high-class, strong flour and therefore yields "more bread and better bread."

Purity may cost a little more than some flours, but results prove it the cheapest and most economical after all.

Recommended As An Ideal Remedy

W. S. BOND, Esq.

Lloydton, Ont., March 19th, 1909.
 "For some years I have been greatly troubled with headaches and indigestion, brought on by stomach disorders, constipation and biliousness. I had tried many remedies with only indifferent success, until 'Fruit-a-tives' came to my notice. Being a general store-keeper, I was selling a good many 'Fruit-a-tives' to my customers and, remarking how pleased they were with the results obtained from using 'Fruit-a-tives,' I decided to try them and, I might say, the effects were almost magical. Headaches and biliousness disappeared and to-day I recommend 'Fruit-a-tives' to my customers as 'An ideal remedy.'

"I might also add that about three years ago I was laid up with LUMBAGO AND SCIATICA—couldn't get out of bed or lift one foot over the other. A good treatment of 'Fruit-a-tives' cured me of these pains and banished the Sciatica and Lumbago so that to-day I am as well as ever and can lift anything necessary."

LOST HIS HORSE AND SLEIGH BUT SAVED LIFE AFTER TERRIFIC BATTLE

Dr. W. J. Kennedy, of Musquodoboit Harbor, had a very narrow escape with his life and he lost a valuable horse, sleigh and satchel of surgical instruments. That Dr. Kennedy was able to save his life was marvellous. He was returning across the ice to his home after making a call at Astor lake, near the mouth of Musquodoboit Harbor. It was dark and when opposite Crowe's Point the horse left the track, diverging about four or five feet. The ice there was thin, not more than an inch and a half. The horse crashed through taking sleigh and man with him into the water and immediately sank. Dr. Kennedy managed to grasp the edge of the ice and a battle for his life followed. Time after time the edge of the ice broke and the doctor went down, but each time he was able to make good again and at last he pulled himself out, much exhausted, but able to make his way to the nearest house where, he was given dry clothing.

The horse cost over \$200 and the surgical instruments were worth more than fifty dollars.

REPORT OF BOARD OF REVISION AND APPEAL

Ordered that the report of the Board of Revision and Appeal be received and adopted.

Following is the report:—
 To the Warden and Councillors of Municipality of Annapolis.

On the fourth Tuesday of November in pursuance of Chapter 73 of the Revised Statutes of Nova Scotia, 1900. Sections 29 and following:

We inquired at the office of O. S. Miller, Municipal Clerk for the County of Annapolis, for the rate rolls and found that they were not all in.

We then adjourned our meeting for the equalization of the assessment in your Municipality until Friday, the third day of December, 1909.

We again met at that date at the office of the said O. S. Miller at two o'clock in the afternoon and found the rate rolls had all been filed and took up the consideration of the equalization of the assessment for this Municipality.

After spending considerable time in the consideration of the said rolls and after comparing the values of the properties in different sections of the county we concluded that any attempt at equalization of this assessment was quite unnecessary and that the values made by the Assessors in the several Districts bore, in our opinion, a just relation to one another, and consequently we made no changes.

We are pleased to report that we were well pleased with the assessment in the aggregate.

We did not consider it our duty at this meeting to undertake to change any individual assessment.

The Board went carefully into a discussion of the best means of equalizing the assessment in the several Districts and concluded to recommend that a meeting of the various assessors of the County be arranged at some convenient place just before the time for assessing, at a time and place to be named by this Council and prepare a schedule of values for personal and real property to be used by the assessors in the assessment.

We believe that, in this way, with very little expense, the assessment of the County could be equalized or as nearly equalized as it is possible to have it.

Our duty being finished we adjourned sine die.

Respectfully submitted,
 JAS. F. MORRISON, Jr.

Good Wheat Thoroughly Cleaned— The Vital Essential

NO DOUBT, when purchasing flour, you have often wondered at this legend flaunted by all cheap flours—"Made from Selected Wheat." Certainly, the wheat was "selected" else there would be no flour at all. But what sort and condition of wheat it belitteth not.

Maybe it doth not wish to carry tales out of school; relying on the average housewife's limited milling knowledge, taking full advantage of her disadvantages.

We are proud to label FIVE ROSES so that all may see—"Manitoba Hard Wheat."

We are jealous of its reputation. We are convinced there is no better grain under the sun, none as good.

After culling the cream of the crop, twenty-one years' practice has taught us how to take care of the good stuff. Coming direct from the farmers' wagons, even before it is admitted to the elevators, the grain is rid of its grosser impurities.

Cookies, for instance, round seeds, sand, mud and earth balls, pieces of string, nails, and goodness knows what. If this ever got into the flour!

These impurities if stored with the wheat for even a short time will contaminate the grain, just as one bad boy can vitiate a school-room.

The cleaning and separation must be done at the elevators, Madam. No amount of subsequent cleaning or "doctoring" will entirely eliminate the influence of its early associates. You understand that, of course.

This is the childhood of FIVE ROSES immaculate and irreproachable. The pure Manitoba berries are chosen at the outset and kept clean, and when they reach the Keewatin mills a further process is relied on to polish off any possible bad matters which might smuggle in on the way home. There is never a speck, nor stain, nor smell to vex the soul of the fastidious housewife.

We will not believe, Madam, that you are wholly indifferent to the welfare of your family folks, to fleckless purity in your baking. We know you will always use FIVE ROSES.

The agitation against high food prices which started in the United States has been taken up by Canada. New York led the movement and a citizen combine resulted in the boycott of provision dealers for a stated period, which was soon followed by a drop in market prices. Milk, eggs, butter and meat receded in price, both wholesale and retailers dropped off their profits. Canada followed the lead of her neighbors and has made an effort to arrest the upward tendency of the produce market. That she is warranted in doing so is the opinion of a writer in the Boston Transcript, who says:

"That a very powerful combine rules the meat trade in Canada, as well as in the States, is plain from the fact that Canada and United States meats are sold retail in Liverpool and London lower than in New York, Boston, Montreal or Ottawa. Your correspondent knows this from personal inspection some years ago, and from recent inquiry, by letter, from visits to England. Proof that the United States meat combine is more exacting than the Canadian is afforded by the fact that retail meat prices are higher all around in New York and Boston than in Montreal. Since these ports alike ship meat to Liverpool, and since the freight across are substantially identical, it follows that wholesale prices for export must be closely similar in the American and Canadian ports. Hence wholesale prices for home consumption, and by the consequence retail prices, would be the same were no combine in charge of local retail prices. But Montreal buys for from twenty to twenty-five cents retail, similar cuts to those sold in Boston at from thirty to forty cents per pound whilst Liverpool gets the same at less than Montreal.

"In fat meats the farmer is everywhere robbed as monstrously as the city householder. This winter fat beef within seven miles of Montreal yielded only from five to six cents per pound for dressed hind quarters to the farmer."

SEPTUAGENARIAN BIRTH-DAY ANNIVERSARY.

One of the most pleasant evenings of the season was that of last Monday evening the 31st ult. when about eighty guests assembled at the home of Mr. and Mrs. W. B. McKeown, on the invitation of their son Charles and his estimable wife. The event was in honor of Mrs. McKeown's seventieth birthday. The evening was a most enjoyable one, the older and younger married people composed the gathering and Mrs. McKeown was as active in the festivities as any of the younger ladies. After three hours of general conversation, games, music, etc. the guests were invited to a repast that was most satisfying to the inner man. After lunch games were indulged in. There was a birthday cake surrounded by seventy candles. On top of the cake was inscribed "1840, to our dear mother, 1910." After wishing Mrs. McKeown many more years of active life the party dispersed, all declaring it an enjoyable evening.

Would You Provide for the Care of Canada's Needy Consumptives?

THEY SEND YOUR CONTRIBUTIONS TO THE
MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

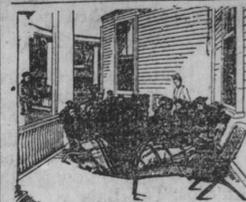

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES. MAIN BUILDING FOR PATIENTS.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:—
John D. McNaughton, New Liscomb, Ont.: "A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance?"

NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS OR HER INABILITY TO PAY.
Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion. For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a cent for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$4.00 a week. No one pays more than \$4.00. Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. TAKING THE CURE IN WINTER AT MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

BAD LEG FOR 60 Years

OLD LADY'S SENSATIONAL TESTIMONY TO ZAM-BUK.

Here is strong proof of how Zam-Buk cures long-standing sores, or chronic wounds. Mrs. J. Minnett, of 192 Thurbers Ave., Providence, Rhode Island, says: "When a child of eight I was bitten on the leg by a dog. The wound never healed up soundly, and I have suffered with an ulcerated leg for over 60 years. At one time, I was an in-patient at the East Suffolk Hospital for a long period, and for three years I was in and out of hospitals with it. I was continually in pain, and the sore would not heal, but continued to discharge.

"Twelve months ago I came out here to my daughter, and as soon as she saw how bad the leg was she sent for a doctor. He gave me some ointment, but it did me no good. Doctors said my leg would never be healed.

"One day my youngest daughter brought home a box of Zam-Buk and induced me to try it. With the first application I seemed to find ease. I kept on with the Zam-Buk treatment, and soon saw that the wound was getting better. I persevered, and to cut a long story short, Zam-Buk healed up the sore! It is marvellous to think that, after suffering for sixty years, Zam-Buk has been able to heal the wound."

Zam-Buk is superior because it is nature's own healer, composed entirely of pure herbal essences. For eczema, ulcers, cold sores, chaps, abscesses, piles, burns, scalds, cuts, bruises, rashes, etc., it is unequalled. All druggists and stores 50c box, or post free from Zam-Buk Co., Toronto, for price.

J. E. LLOYD

An Undignified Chair

"In my eallow youth I was once assistant to an undertaker," said a portly, smiling individual in the cafe of the Hotel Astor a few days ago. "Strange but true and the manner of my leaving the profession was still stranger.

"It was a sizable Maine town to which I took my gifts when I first started in search of a calling, and the undertaker was the only man who would give me a job. The first important case, if I may call it that upon which I was engaged was the funeral of an old resident, an immensely wealthy and very eccentric man whose chief claim to fame lay in the remarkable collection of curiosities from all lands with which he had surrounded himself.

"Part of my duty was to attend to the seating of the persons about the coffin preparatory to the services, and I was quite proud of the orderly and convenient manner in which I had arranged the chairs in the large parlor. I had reserved one row conspicuously in front of and to the side of the rest of the company for members of the family. On the end of this row I had placed a large, clumsy chair, with a solid back and very heavy legs.

"The room was nearly filled and the ceremonies were waiting upon the appearance of the relatives. Finally they arrived in a sort of blue garbed procession, and the others stopped whispering to watch them. The place was very quiet. I stepped forward and pushed the end chair a little to one side to allow the passage of the little group.

"At that instant a most remarkable thing happened. A thin that to tell of still sends chills along my back. The chair on which I had my hand began to move, of its own accord, and a thin strain of metallic music wafled through the room. I can only suppose that the sensations of the others there present were similar to my own. I dropped the chair. The company sat petrified.

"Left to its own devices, the chair began a kind of solemn jig, keeping a halting time with the music box melody, which came apparently from under its upholstered seat. It hopped and swayed and pirouetted for all the world like a fat dervish on a spree. It was ribald in its unceremoniousness. It had the open space before the coffin all to itself, and it made the most of it. The tension in the room lasted a full minute, and then a dozen persons started for the doors. A niece of the dead man stopped them. She explained that the chair was one of her uncle's curiosities.

"Someone must have touched the spring," she said, and looked at me. My employer took the hint, and in the glare he gave me I read the end of my employment with him.

"Take the thing out of here, quick!" he whispered, and while the company stared and the music tinkled I captured the chair and dragged it out of the room. I got it down in the lower hall and released it, whereupon it promptly renewed its weird dance. I had overcome my fear by this time and was just about to examine the mechanism of the extraordinary contrivance when my employer's fierce whisper reached me down the stairs.

"Get away from here with that. You scoundrel! Do you want to ruin me?"

"I caught up the offending piece of furniture and started for the basement of earshot there. On the top step I stumbled and I went the full flight in with it, thinking I would be well out one grand revolving, crashing descent. When I sat up at the bottom with an aching head to take inventory of the disaster a mass of wires, wheels, cogs, broken wood and torn brocade was all that remained of the dancing chair."—New York Sun.

RICH MINERAL FIND IN CAPE BRETON.

North Sydney.—In cross-cutting at the east drift of the East Bay mining property on Wednesday, another lead of galena, rich in silver was struck, samples of which were brought into town we going about a hundred pounds. It is understood that Boston capitalists are negotiating for the purchase of part of the areas in that region, and will arrive here in a few days to complete the deal and prepare for the erection of a smelter, which will include the smelting of imported ores as well.

Do you know that croup can be prevented? Give Chamberlain's Cough Remedy as soon as the child becomes hoarse or even after the croupy cough appears and it will prevent the attack. It is also a certain cure for croup and has never been known to fail. Sold by all dealers.

DINNER BELL MUSIC.

The music of the dinner-bell is always welcome to the healthy man or woman—like to the working man or woman who eats a plain meal at noonday, or to people of easier lives who enjoy a rich dinner in the evening. But to the Dyspeptic there is no music in the dinner-bell—it calls him to a trial for which he knows he is unfit. No one can enjoy a meal, or get nourishment and strength from it, knowing that pain and distress will follow after. The true course, even for healthy people, is to help the digestive system, from time to time, with that excellent tonic medicine, Mother Siegel's Syrup.

Mr. Michael Bureau, of Stanham, Quebec County, P. Q., writes: "For some time I suffered from indigestion. I had headaches which made life a misery. I could not sleep at night and after eating I felt a sensation of fullness and pains, with heart palpitation. I took no medicine for this illness except Mother Siegel's Syrup and was cured when I had used one bottle of it."

CHILD BURNED TO DEATH.

Yarmouth, January 18.—The four-year old daughter of Chas. R. Vickey accidentally set her clothes on fire yesterday afternoon at her home, receiving such injuries that her death resulted at an early hour this morning. Her mother was quite severely burned about the hands and arms in her efforts to subdue the flames. Mr. Vickey, a pattern foreman with the new Burrill-Johnson Iron company.

The publisher of the best Farmers' paper in the Maritime Provinces in writing to us states:

"I would say that I do not know of a medic ne that has stood the test of time like MINARD'S LINIMENT. It has been an unfa'ling remedy in our household ever since I can remember, and has outlived dozens of would-be competitors and imitators."

One gave me a word of cheer. When dark my sky. My day—how drear! Out flashed the sun with radiant gleam, And with that kindly ray did seem To chase away the dark, the drear: How sweet a thing—the world of cheer!

Messrs. Crowe Bros. have secured the contract for installing the ventilating system of the new school building at Springhill. It is about a thousand dollar contract. Mr. G. W. Crowe left on Wednesday for Springhill. Mrs. Crowe accompanied him—Outlook.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all dealers.

An enquiring citizen has asked the "Times" to state whether this is a late fall or an early spring. Another citizen, filled with astronomical lore, informs this journal that it is the comet. He says the mysterious comet that is cavorting around and warring its fiery tail in the heavens is responsible for the floods in France, the warm spell here, and the political deadlock in England. Far be it from us to dispute this authority. Our acquaintance with comets is limited, and our attitude one of profound respect. Let it go at that.—St. John Times.

OLD MAN SAVES HIMSELF AND HORSE.

George Day, a seventy-year old fisherman at Pokiook, saved himself and his horse from drowning beneath the ice of the Kennebecasis yesterday by an exhibition of agility and presence of mind most remarkable in one of his years. He was none too quick however, for the entire rig was carried under water before he managed to clamber out of it. As the water closed about him, Mr. Day jumped from the punz, and secured a good enough hold upon the ice to draw himself out upon it. The horse and punz sank, but the old man managed to save both by a novel plan. As the horse was struggling, and rapidly weakening, he managed to get a rope over its head, and strangled it until its struggles ceased. He held it thus until his two sons, Frank Day and John Day, arrived from the shore 100 yards distant. Between the three the horse and punz were hauled in safety to solid ice. It was fully half an hour before this was accomplished however, for the horse kept breaking the ice with its hoofs. Had the day been really cold, the rescue could hardly be accomplished at all.

Mr. Day was near Indian Island when the accident occurred. He had driven out with a load of tar naper for a fishing shack which he and his sons plan to live in during the winter, while they are fishing for hake and smelts. The ice was so bad that he dared not take the horse and sleigh inshore, but left it 100 yards out. Just after he had seated himself to drive home and as he was turning the rig about, the horse went through the ice.

HEAVY DAMAGE BY FLOODS IN NEW ENGLAND

Boston, Jan. 28.—Down from the hills has come the winter's accumulation of snow melted by the 'January thaw' and augmented by the recent rains causing New England rivers and streams to assume freshet stages. In many places, these floods have caused damage.

Minor washouts are many in the railroads tracks, dams and culverts have given away, water mains have become so full that they broke, and the invading waters, often with floating ice have entered mills and factories on river banks crippling the water power system, damaging stock, and rendering useless boiler rooms and power plants. In a few cases buildings have been washed away.

Constipation is the root of many forms of sickness and of an endless amount of human misery.

Dr. Morse's Indian Root Pills,

thoroughly tested by over fifty years of use, have been proved a safe and certain cure for constipation and all kindred troubles. Try them.

THE secret of the greater flavor and body of Union Blend Tea—the choice rose aroma,—lies in the fact that there is not a single full-grown tea leaf in it. I use nothing but the tender, young sprouts hill grown in Ceylon and India, and I get the pick of the crops every year. This ensures quality. In my thirty years I have gathered together a staff of expert blenders who devote their entire time to make Union Blend

the one perfect tea. That's why I stake all my business reputation on its delicious, refreshing flavor. Union Blend Tea comes to you in a hermetically sealed packet that keeps all the strength and flavor in the leaves. It's as different from ordinary tea as—well, there's no comparison, really. You can prove it—right in your own tea-cup!

Union Blend one pound packets—the pound packets only—contain coupons that are worth money to you. But this is only an advertisement—the tea itself is worth the price, fully.

UNION BLEND TEA the Tea that satisfies

Look for my picture I HAVE no doubt you wonder why I use my picture in advertising a tea. Let me explain—it is for your protection. When you buy, look for this picture on the end of the packet; it is your guarantee that the packet contains Union Blend—"the tea that satisfies." I firmly believe that you are going to like Union Blend Tea when once

you try it—grocers tell me that of all who once start using it, ninety-five per cent. continue to buy it. Remember, also, that you have only to buy one, single, half pound packet to convince yourself of the truth of my claim—will you give me the chance to prove my words? I shall be perfectly satisfied to accept your decision.

UP TO THEM. After collection in a certain colored church in Georgia it was the custom of the minister to deposit the offering in a box which he turned over to the sexton. The two would then hide the box, together with its key in a place known only to themselves. Despite these precautions, it was found that small sums of money were being regularly extracted. So one day there was a conference between the two.

"Joseph," said the minister, sternly, "someone is taking church money from the box, and you know that no one has access to it but you and myself." The sexton was unmoved. "Well, minister," said he, "it's like this: if there's a deficiency, it's between you and me to make up and say nothing about it."—Harpers.

THE FORCE OF OLD HABITS.

The Ohio State Journal tells good story of an accident that occurred in the Northern part of that State. Among the members of the Methodist church at that place is an old railroad conductor who has retired from the business for ten years or more. During the morning service at his church many Sundays ago the old railroader was called upon by the minister to assist in taking up the collection—one of the stewards who usually helps in that work being absent.

The retired railroader started down the aisle with the contribution basket and passed it around like an old hand at the business. Everything passed off smoothly until he came to a good old brother who had nodded himself fast asleep, and just as he was about to pass by him he was suddenly overcome by the force of habit acquired in his railroad days. Giving the sleeping brother a dig on the shoulder with the basket, he blurted out: "Tickets, please!"

SQUELCHED HIM.

Says an exchange:—In a suit tried in a Virginia town a young lawyer was addressing the jury on a point of law when rood naturedly he turned to opposing counsel, a man of much experience, and said: "That's right, I believe, Col. Hopkins?" Whereupon Hopkins, with a smile of conscious superiority, replied: "Sir, I have an office in Richmond where I shall be delighted to enlighten you on any point of law for consideration."

The youthful attorney not in the least abashed, took from his pocket a half dollar piece, which he offered to Col. Hopkins, with this remark: "No time like the present. Take this, sir; tell us what you know and give me the change."—Pittsburgh Chronicle-Telegraph.

THE EDITOR'S VICTORY.

There cannot be much satisfaction in "going around and licking" the editor when the latter not only makes copy out of the encounter, but pictures himself as the hero as well. The following vivid pen picture is taken from the editorial columns of a western journal:—"There was a blow. Somebody fell. We got up. Turning upon our antagonist, we succeeded in winding his arms around our waist, and by a quick manoeuvre threw him on top of us, bringing our back, at the same time, in contact with the solid bed of the printing press. Then, inserting our nose between his teeth and cleverly entangling his hands in our hair, we had him!"

HE KNEW THEM.

Collector Loeb, at a dinner in New York, praised a certain customs inspector. "His success," said Collector Loeb, "is due to his knowledge of human nature. He is like a boy I used to know in Albany. 'This boy got vaccinated on the right arm, and the doctor gave him a red 'I've been vaccinated' ribbon to wear on his coat sleeve. But the lad proceeded to tie the ribbon on the left arm. 'Why,' said the doctor, 'you are putting the ribbon on the wrong arm.' 'No,' said the urchin, 'you don't know the boys at our school.'"

An attack of the grip is often followed by a persistent cough, which to many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after all other remedies had failed. Sold by all dealers.

BANK OF ENGLAND REDUCES ITS RATE. London, Jan. 20.—The directors of the Bank of England at the weekly meeting today reduced the minimum rate of discount from four to a cessation in the demand for gold for 3 1-2 per cent. Cheap discount rates on the continent during the past week and the improved monetary situation generally caused the directors to make the change.

Mr. Locke, of Amherst, has succeeded Frank Palfrey in the Union Bank staff. Miss Louise Feltus entertained a number of her young friends very pleasantly quite recently. Miss Edith Kealing, of Halifax, is spending the winter the guest of her sister, Mrs. Hart. Mrs. (Dr.) Primrose is in Kentville the guest of her aunt, Mrs. Dodge. Mrs. John Hall entertained a number of her friends one evening last week. Mr. and Mrs. C. B. McKeown entertained their friends very pleasantly Monday evening, it being the seventeenth birthday of Mrs. Wm. McKeown. R. J. Shaffner returned home from New Brunswick on Saturday after four weeks absence. A public meeting was held in Phinney's Hall Tuesday evening last under the auspices of the Kings and Annapolis Co's Anti-Tuberculosis League which was very interesting to those present. A turkey supper at the Hotel Carlisle was the closing feature of the medical convention. Mr. Gesner and family, of Belleisle, have moved into George Daniels' house at the west end of town. The ladies' Sewing Circle met with Mrs. W. R. Prince this afternoon. Church services for Sunday, February 7th: Baptist 11 a.m. Methodist 7.30 p.m.

Mrs. Judson Bishop is spending the winter in Bear River with her daughter, Mrs. (Capt) Croscup. Mr. L. D. Hanley is in New Brunswick engaged with a lumber firm, scaling logs, etc. Bernard Grant is spending the winter with his parents, Mr. and Mrs. H. A. Grant. Barclay Bishop and wife have moved into the house vacated by W. H. Marshall last fall. A young people's Union has been organized here with about twenty members. B. M. Shankell is president, and Miss Ena B. Charlton vice president, Mrs. L. D. Hanley secretary. Alfred Hunt, treasurer. The "Annapolis Valley Fruit and Produce Co." are receiving favorable reports from apples shipped to the English markets, and the account of sales received are quite satisfactory. Mr. Wm. FitzRandolph is handling large quantities of raw furs this season. Up to the present time he and his partner have bought about fifty thousand dollars worth. Among the lot a few skins are worth from three to five hundred dollars each. Recently the representative of a large New York firm bought one lot of mink skins and paid the sum of ten thousand dollars. Mr. FitzRandolph is also a large shipper to the London market. Messrs. E. C. Shaffner and A. H. Bishop attended the Provincial Farmer's Association recently held at New Glasgow. We are pleased to know that T. G. Bishop & Son, who opened up business in Lawrencetown last November are meeting with success. They believe in the free use of printer's ink to which a due share of their success may be credited. Mr. John L. Shaffner, who sold his part of the old homestead to his brother, Frederick, has purchased from Howard Corbett the valuable farm formerly owned by John Shaffner, senior.

Clarence.

Rev. Wm. Robinson occupied the pulpit here on Sunday. Mrs. L. L. Elliott spent the past week visiting friends at Wilnot. Miss Pearl Marshall, who has been visiting her brother, Eldon Marshall and other relatives here for a few weeks, left on Saturday for her home in Wetaskawin, Alberta. Miss Abbie Parker has just arrived from a weeks visit with friends at South Farmington. Mr. Atwood Banks left last Wednesday for a month's visit with friends in Massachusetts.

Miss Keating, telegraph operator has returned to her duties here, and Miss Ryder, who has been surviving for her has returned to her home in Yarmouth.

Granville Ferry.

(Jan. 26th.) A goodly number of village folks assembled at the Parsonage on Wednesday evening, Jan. 19th, laden with baskets from which a bounteous table was spread by the ladies to which all sat down and did ample justice. Tea being over the main object of this friendly gathering the Annual Donation for the Pastor being introduced, one dollar and two dollar and five dollar bills were placed on the table until the sum total of \$109 was reached. This we believe is the largest amount Pastor Whitman has received at any one donation since he has been on this circuit. Mrs. Whitman was also made the recipient of the sum of six dollars. Notable among the guests present was Mr. Jas. M. Gillatt, who has nearly reached his 91st birthday, is hale and hearty and enjoying his full mental faculties. Being called upon he responded with a speech cred table to one of more youthful years. Miss Pearl Messenger arrived home from Boston on Saturday last. Rev. G. W. F. Glendening, of Digby, occupied the pulpit in the Methodist church, Sabbath evening last, speaking on the subject of Foreign Missions. Mrs. Lois Caswell attained her 90th birthday Thursday 20th. She received a number of cards from friends at a distance, and quite a number called to see her during the afternoon and evening. Mr. and Mrs. Arthur Eaton have the sympathy of the entire village in their sad bereavement in the loss of their two youngest children in less than a weeks time.

Belle Isle

Mrs. H. H. Wade, who has been visiting relatives at Dartmouth for some weeks past, returned to Belleisle last Saturday. Your correspondent wishes to correct a mistake which took place through some misunderstanding through transmission of the item concerning the social gathering at Mr. and Mrs. H. W. Bent's which appeared in last weeks issue. The presentation of the beautiful bible was made to Mrs. J. Howe Ray, by her class through Mr. Bent, the Superintendent of the school. The first hop of the season was enjoyed by the young ladies and gentlemen of this locality on Friday evening last, at the new Hall, Mitchell's orchestra furnished the music. Some of the farmers have been ploughing, a most unusual thing for midwinter.

Clementsvale

Rev. O. E. Steves has been attending the special meetings at Bear River in co-operation with the Rev. I. A. Corbett. Quite a number from Clementsvale attended the S. S. Convention at Lower Waldeck last week and report an interesting session. Owing to the recent heavy rains and thaw the lumbermen are breaking up camps and returning to their homes. Mr. Alex. Millet, who is spending the winter at Milford, was here last week.

Smith Cove

Sunday the 30th of January was chosen by the Methodists of this place to observe the twenty-fifth anniversary of the opening of their church. Revs. Mr. McArthur and Dr. Harts officiated at the morning service, the former preaching the sermon. His subject was "The source and destiny of life", and his remarks were very impressive. The Pastor, Rev. Mr. Glendening, was present at the afternoon service assisting in the exercises. Rev. Dr. Harts preached the sermon, taking for his subject "Is life worth living?" his conclusion being that without Christ life was a dismal failure. In behalf of Mrs. M. Sulis, Rev. Mr. Glendening presented the church with an individual communion service, and announced that after expenses had been deducted, the proceeds of the day's collection would be used for enlarging and renovating the church, one gentleman, whose name he was not at liberty to give, had subscribed five dollars, towards the painting of the outside of the building, at the close of the service Capt. McIntosh was received into the church and given the right hand of fellowship. The church was tastefully decorated, on the wall behind the pulpit was a banner with the inscription: "The Temple of God is Holy". Above that fringed with evergreen appeared in artistic design the following: "1885-1910." The same design adorned the wall of the rear of the church. The congregation at both services was large, there being quite a number out from Digby in the afternoon. The collection was silver one, and amounted to quite substantial sum. Our Methodist friends feel quite encouraged by the result of the twenty-five years that have gone, and will enter upon the future with that faith and zeal and charity so essential to the upbuilding of the cause that they in common with others are earnestly espousing. Mr. J. K. Cossaboom has been taken to the hospital in Halifax, where he will undergo an operation for appendicitis. His condition was quite alarming yesterday, and his friends are earnestly hoping for good news from the hospital. Rev. Mr. McArthur of New Glasgow will be the guest of T. O. Moran for a few days. Mr. Holden, representing Hatheway & Co., St. John, spent Sunday here the guest of Captain and Mrs. Austin. He assisted in the choir singing at the Methodist church.

Port Wade

After a long spell of inclement weather we are again face to face with old February, when we no doubt will get some heavy falls of snow coupled with some days of extreme cold. We shall need our six weeks sledding in March this year in order to even up with the woodpile. The frost is all out and lumbering operations have been suspended, the swamps now are in a terrible condition, with little hope of being as good as they were before the thaw. Mr. Edw. Slocumb, Light Keeper, has his new lamp installed in the light house now, and it is considered a very fine one. It is a red light of 80 candlepower. This considered a very valuable acquisition to our large pier. Mr. John Apt has had his new house very nicely painted and decorated inside lately, the artist being Mr. W. Parr, Granville Ferry. It reflects much credit upon the taste of the owner as well as the painter. Two large boilers were sent here Friday by the iron ore company to be installed in the new power house. An engine house and some offices will be built soon.

Hampton.

Joseph Snow, of Cliftondale, Mass., arrived here on Wednesday last in time for his father's funeral. He returned home on Saturday last. Mrs. Hudson, Mrs. Barnes and her daughter, Goldie, returned to their respective homes on Wednesday. They were accompanied by their mother. Mrs. J. B. Snow, who will remain in Massachusetts with her children for an indefinite time. Our January thaw lasted two weeks the frost about all came out. On Saturday last Capt. Reuben Chute was blowing. How is that for January?

other searches made later in the season resulted fruitlessly. Nine informations for the sale or keeping for sale, of liquor were laid by me during the year and four convictions were secured, three for the usual penalty and costs and the fourth for imprisonment in the County jail which was enforced. Two warrants are now outstanding in the hands of constables, one for the collection of a fine and costs imposed in 1909, and the other for imprisonment of an offender convicted. On the twenty-second day of July 1909, the Town of Middleton became incorporated, and to the extent of the area of this Town, the field of my operations has been restricted since that date. It has been my constant aim to prosecute promptly in all cases where I deemed the evidence sufficient for conviction. It is, of course, extremely difficult to pre-judge the weight of testimony, but I exercised my best discretions in endeavoring to prevent needless expense to the Municipality by frivolous prosecutions. My account for the year, with itemized accounts attached, is produced herewith for your inspection. JOHN HALL. Jan. 10, 1910. (Continued in next issue.)
