WILSON ORDERS STATE CONTROL OF OIL PLANTS

Proclamation Putting Manufacture and Distribution Under License. PREFERENCE GIVEN List of Consumers in the East Who Must Be Supplied.

Washington, Feb. 4.—Government control of industry was extended to oil in a proclamation by President Wilson tonight putting under license the manufacture and distribution of all fuel oils. No mention is made of other oils or oil products, including gasoline and kerosene, but they, too, probably will be put under control soon.

Authority under the proclamation is to be vested in Mark L. Requa, of California, recently named as chief of the fuel administration's oil division. Licenses must be obtained before Feb. 11 by all manufacturers and distributors whose gross sales of fuel, including gas oil, amount to more than 100,000 barrels a year.

A series of regulations drawn by the fuel administration establishes in the east a list of preferential consumers who must be supplied in the order they are given, regardless of contracts outstanding.

Difficulties of transportation, it is declared, both in the president's proclamation and in a statement prepared by the fuel administration, make licensing necessary, that essential industries be supplied. Operation of the control will cut the supplies of the less essential industries where lack of transportation creates a shortage.

The preferential list is set forth as follows: Railroads and bunker fuel, export deliveries or shipments for the army or navy, export shipments for the navy and other war purposes of the allies, hospitals where oil is now being used for fuel, public utilities and domestic consumers of mining fuel oil, including gas oil, shippers engaged in government work, navy yards, armaments, plants engaged in the manufacture, production and storage of fuel products; army and navy cartons, where oil now is being used for fuel, industrial consumers engaged in the manufacture of munitions and other articles under government orders, all other classes.

This exemption includes not only users of fuel oil, but also consumers of all petroleum and petroleum products.

To Supply Navies. Nearly one-half of the fleet of oil tankers which have brought oil from Mexico to the United States have been withdrawn from the service, it was said tonight, to supply the American and allied navies. This has depleted the oil supply in the United States to a considerable extent, and has created a serious situation in the east. In the west, too, especially in California, consumption is outstripping production.

In supplying orders on the preferential list producers and distributors, if their stocks are not large enough to fill all orders, will cut the list, beginning at the bottom of the list, until their orders and stocks balance.

An explanatory statement issued tonight by the fuel administration says: "These rules and regulations are promulgated by the president for the purpose of assuring an adequate supply and equitable distribution of fuel oil for purposes vitally essential to the national security and defence and to the successful prosecution of the war. The shortage in the amount of fuel oil which can be delivered because of transportation conditions is such that it is nearly a wasteful and unreasonable practice to deliver such fuel oil for uses which are not intimately and directly connected with the prosecution of the war."

NO STREET CARS RAN

Thousands of Workers in St. Louis Walked to their Work.

St. Louis, Mo., Feb. 4.—Street car service in St. Louis was completely halted tonight after a day marked by increasing violence by sympathizers of the striking motormen and conductors.

Factories and stores operated short-handed today. Thousands of workers walked to work, while other thousands found various forms of transportation.

British Drive Off Enemy Raiders With Inflicting of Heavy Losses

London, Feb. 4.—The report from Field Marshal Haig's headquarters in France says: "A strong enemy party attempted to raid one of our posts this morning north of Havrincourt, but was driven off with heavy loss by our machine-gun fire. Shortly before dawn another hostile raiding party rushed five of our posts south of Armentieres; five of our men are missing.

FELL FROM TRAIN

Fuel Controller Issues Drastic Order That for Three Days All Manufacturing and Munition Plants, Wholesale and Retail Stores and Professional Offices, With a Few Exceptions, Must Remain Closed.

OTTAWA, Feb. 4.—On the recommendation of C. A. Magrath, Canadian fuel controller, the cabinet tonight passed an order-in-council suspending the operation of manufacturing plants for three days, Feb. 9, 10 and 11. The only exceptions are plants which must be continuously operated seven days of the week to avoid serious injury to the manufactured products, plants manufacturing perishable foods or foods necessary for immediate consumption, and plants devoted to the publication of daily newspapers. The order applies to all business and professional offices, warehouses, wholesale and retail stores. For the purpose of selling food only stores may retain necessary heat until 12 o'clock (noon), Feb. 9 and 11. The regulations do not apply to the heating of restaurants, hotels, or places where meals are regularly served.

BRITAIN TO TAKE REPRISALS FOR IMPRISONING AIRMEN

London, Feb. 5.—The Daily Mail announces that the government will notify Germany of its intention to make reprisals unless Germany releases from prison immediately two British air pilots who were recently sentenced by a German court-martial to ten years' imprisonment for dropping propaganda pamphlets inside the German lines.

COLDEST WEATHER IN SIXTY YEARS

Twenty-Two Degrees Below Registered at Richmond Hill.

NO FREIGHT TRAFFIC

Express Trains Were Again Many Hours Behind Schedule.

This severe cold wave, to quote the weather observer, has proven to be one of the most intense in the past sixty years, and yesterday's lowest temperature was 22 below zero at Richmond Hill, and the highest 4 below. Toward night the temperature dropped rapidly, and 18 below was recorded at midnight. The temperature was expected to drop still further. On Monday morning the thermometer at Beach and Queen was as low as 12 below at 7.30, and the Richmond Hill instrument registered 30 below at 4 o'clock in the afternoon.

VENICE BOMBARDED WITH OTHER CITIES

Enemy Aircraft Inflict Some Damage at Padua, Treviso and Mestre.

CIVIC HOSPITAL BOMBED

Italian Flying Men Effectively Retaliate Against Austrian Railway Lines.

ITALY FLYING MEN EFFECTIVELY RETALIATE AGAINST AUSTRIAN RAILWAY LINES

Rome, Feb. 4.—Venice and a number of towns on the Venetian plain have been bombed by enemy planes, according to the Italian official communication issued today. While no damage and no casualties resulted from the attack on Venice, considerable destruction was wrought in the towns of Padua, Treviso and Mestre, where also a number of civilians were killed or wounded.

ITALY FLYING MEN EFFECTIVELY RETALIATE AGAINST AUSTRIAN RAILWAY LINES

The text of the communication follows: "There has been increased artillery and trench mortar activity in the Lagarina Valley and toward the coast. Reconnaissances and surprise attacks carried out by us at Castione and Capo Sile resulted in our taking prisoners. Our aircraft have vigorously bombed the enemy's rear lines. Traffic on the railway lines east of the Piave was effectively disturbed last night by our airships. All of them returned safely.

BREEDERS' EFFORTS RECOGNIZED

Live Stock Commissioner Arkel also mentioned some interesting points among which was that the government is already arranging for marketing, finance and transportation accommodation in conjunction with the allied war purchasing commissions for the extra hog production. The department has pledged itself to solve the feed problem a day only last week purchased 10,000 pounds of oil cake which was shipped from New York yesterday. Available corn is poor in quality and requires to be kiln-dried, but the government admits that the hog producers must receive the recognition they have merited and intend to stand behind them.

VEGETABLES

Following is a table giving the manner in which the charge is figured from the basis fixed by the food controller. Mr. Brethour stated that if any farmer will produce to either the food controller or Live Stock Commissioner Arkel at Ottawa an invoice showing higher prices the dealer or miller will be proceeded against and made to pay up.

CAR-LOT PRICES FOR "MIDDINGS" OR "SHORTS"

F. O. B. Ft. William, per ton...\$29.50 Average freight to local mill... 4.20 If in bags add... 1.00 Bagging process... 1.00 Extra distributing if carload is purchased by 2 or 3 farmers 1.00 \$41.90

TO THIS MUST BE ADDED THE FREIGHT FROM THE LOCAL MILL TO ITS FINAL DESTINATION. IF LESS THAN CARLOAD ADD 50c. IRAN IS FIXED AT \$5.00-LESS THAN ABOVE PRICES.

BREEDERS' EFFORTS RECOGNIZED

BY G. H. Wellington. OH NO, PA AIN'T IN A ISSUE O' THIS KIND, PA AIN'T FER GETTIN' NOTHIN'!

SOCIETY CONDUCTED BY MRS. EDMUND PHILLIPS

Their excellencies the governor-general and the Duchess of Devonshire, accompanied by Lord Richard Neville and Capt. Burkley Johnston, arrive at Government House this morning. They will attend the Red Cross council meeting at 86 Church street and his excellency will present medals to soldiers and next of kin to those deceased at the parliament buildings today. On Wednesday their excellencies will be present at the annual meeting of the Canadian Red Cross Society in Convocation Hall at 3 o'clock.

His honor the Lieutenant-governor of Ontario will open the coming session of the legislature this afternoon at 3 o'clock. Madame Barrientos, who sings at Massey Hall tonight for the Red Cross under the auspices of the Women's Musical Club, is staying at the King Edward. Lady Hendrie has invited her to tea at Government House on Wednesday afternoon, and the officers of the musical club are also invited. The Hon. T. W. McGarry and Mrs. McGarry have taken a suite of rooms for the session at the Queen's Hotel. Mrs. Miller Leach, president of the Women's Musical Club, has invited the executive of the committee and a few musical friends to meet Mrs. Barrientos after the concert tonight. Mr. Archibald Huestis is expected home shortly from England, being now on the ocean, and will be accompanied by Mr. Ashworth Fellows. Miss Kathleen Saunders is the guest of Mrs. Edmund Bristol, Beverley street. Mr. and Mrs. R. J. Mackenzie are in Vancouver, having traveled there in their private car from New York. Miss Hazel Campbell, who has been visiting her aunt, Mrs. W. W. Pope, this winter, is accompanying Mr. Pope to Montreal on Thursday for a few days' visit.

ROSE DUVETYN

Is the material used in this high-crowned model, while a high collar of failles ermine is tied with rose-velvet ribbons. work there was engaged in war relief work. Mr. and Mrs. T. H. Riddell are in Vancouver. Mr. and Mrs. Alan Mackintosh spent a few days in Victoria last week. It is with much pleasure that the many friends in Canada of Bishop Brent, especially in Ontario, have heard that he is soon to be a neighbor, as he has accepted the bishopric of Western New York. Bishop Brent, formerly in France with the American Expeditionary Force, having gone there on the receipt of a cablegram from General Pershing, who is in command, and who was confirmed by the bishop recently. Mrs. Basil Morphy, who has been visiting her parents, Mr. and Mrs. C. W. Badgley in Kingston, has returned home. Receptions. Mrs. Wilfred Davies (formerly Miss Dorothy Wright) will receive for the first time since her marriage this afternoon, with her mother, Mrs. Wright, at 35 Chestnut street. Engagements. Mr. and Mrs. Charles Hartnoll Bishop, 222 Broadview street, announce the engagement of their daughter, Ethel Gertrude, to Mr. William Clayton Huff, son of Mr. and Mrs. Albert J. Huff, Belleville, Ont., the marriage to take place very quietly the end of February.

WOMEN'S ACTIVITIES THROUGHOUT THE WORLD

Many Kinds of Work Attempted and Accomplished by Women Workers.

Women of Calgary urge the federal government to send all bacon overseas and to take same off the market. Miss Clara Whitney of Butler, Penn., has been called to active duty in the signal corps of the United States army.

The council of national defence of the United States is calling for women volunteers to become four-minute speakers.

Women of western Canada observe Saturday as the "Red Cross day," when they purchase home cooking from the Red Cross stall in the markets.

The Girls' Club of Hamilton is an enthusiastic organization. The annual session will be held Feb. 14.

The women of Vancouver have asked the food controller to inaugurate a definite system for them to follow in regard to refreshments served at meetings.

An excellent lotion to whiten the skin is made of one-fourth ounce of white rose leaves steeped in one-fourth pint each of fresh lemon juice and brandy for three hours. Press strain and decant. Do not apply oftener than once a day.

For ordinary use the best polish for furniture is a mixture of equal quantities of turpentine and paraffin oil. This should be rubbed on with a woolen cloth, the surface being polished with a soft woolen cloth and finally with a piece of fine linen.

Announcements

Notices of any character relating to future events the purpose of which is the raising of money, are inserted in the advertising columns at 25 cents an agate line. Announcements for churches, societies, clubs or other organizations of future events, where the purpose is not the raising of money, may be inserted in this column at two cents a word, with a minimum of fifty cents for each insertion.

75TH BATTALION WOMEN'S CLUB extend urgent invitation to relatives of men of 75th Battalion for Wednesday, 2.30 p.m. in Dominion Express Building, King and Simcoe. Important announcement and program. A MEETING of the Samaritan Club will be held in the Gage Institute today. Mrs. H. S. Strathy will speak and Mrs. John Walker will sing.

A very simple and palatable cup custard can be made by beating very thoroughly two eggs with one cup of sugar, a pinch of salt and bit of nutmeg, if it is liked. Pour over this mixture a pint and a half of hot milk, stir rapidly and pour into butter cups. Set cups in a pan of hot water and bake slowly.

The best thing to do if you happen to overboil potatoes is to drain off the water as much as possible. Put them, still in the saucepan, but without the lid, over the fire and stir with a wooden spoon till the water has evaporated and the potatoes become floury. Mash them until no lumps are left. Add salt, pepper, a lump of butter or dripping and a little milk. Mix and beat well and serve as mashed potatoes.

The unworn parts of a woman's umbrella cover were used for hat linings by an economical home-miliner. She says they were just right.

SOLDIERS' COMFORTS ARE SENT OVERSEAS

Mrs. Arthur Vankoughnet, convener soldiers' comforts of the Women's Patriotic League, 89 West King street, reports for the week the following shipment overseas: 766 pairs socks, 130 towels, 500 ration heaters, 33 trench coats, 52 suits pyjamas, and stretcher caps, 52 suits pyjamas, and 52 suits pyjamas, 50 chest and abdominal bandages, 50 pneumonia jackets, 24 handkerchiefs, 22 service shirts, 13 suits gauze underwear, and a quantity of slippers, scarves, personal property bags.

The convener further reported that there was still much congestion with incoming freight and express, and urged that extra comforts be sent in from Toronto in order to make up the necessary numbers, as the appeals from overseas still far exceed the supplies. To the Brant House, Newmarket, Mowat Memorial military hospitals, and the military patients of the Muskoka free hospital, donations of gloves, dressing gowns, magazines, books and playing cards. The Upper Canada Tract Society is sending special gifts of books to many of the hospitals.

MRS. VANKOUGHNET'S ADDRESS

At a meeting of the Riverdale Patriotic League, held in the Broadway Y.M.C.A. building yesterday afternoon, Mrs. Ewart Wilson in the chair, an interesting address on the activities of the soldiers' comforts, Queen Mary's Guild and other patriotic associations, was given by Mrs. Arthur Vankoughnet. There was a good attendance and the returns from the calendar contest were reported amounting to \$3200, which amount will be used for the patriotic work of the league. It was reported that during the past three months 1000 pounds of wool had been purchased.

It bears the Seal of Purity All over the world the name Sunlight stands for purity in Soap. Our \$5,000 guarantee of Purity is something more than an advertisement. It marks the high standard we have set for ourselves to give you the best laundry soap it is possible to produce at any price.

during the past three months 1000 pounds of wool had been purchased.

HEALTH TALKS BY WILLIAM BRADY M.D.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

Fattening Up For Service

How to fatten up for service. That is easily enough if you are not an actual invalid. First, make sure you are not an invalid. Get all the fool medicine you've been trying wiped out of your system and have your complete physical examination made. If your doctor does not find tuberculosis, diabetes, Bright's disease, cancer, duodenal ulcer or anything like that, then go home and get into bed early and often and stay there late every morning. Laziness makes fat. Cultivate a lazy disposition. Sit around all the time and try to be cheerful and good-natured about it. Good nature makes fat. Good nature and fat are compatible up to a reasonable limit; as soon as the fat becomes excessive or superfluous, then good-bye good nature. Fat folks are so ill-tempered that you have to handle them with kid gloves. A snooze after the heavier meal of the day, preferably mid-day. But in the open air, or the nearest imitation your facilities will afford. Sleep warm, but have fresh air. (That's our copyrighted improvement upon the antique rule. "Secure fresh air, but avoid drafts.") Wear a wide, firm belt or bandage as a support to the lower abdomen. Lie around the house after every meal. Take enough oxygen between meals to burn up the waste by-products so that digestion may keep going strong. An hour after lunch and dinner take your cod liver oil—the pure unadorned spoon, immediately preceding and following the coffee oil by a few swallows early in the morning. Cod liver oil is rich in vitamins which aids nutrition apart from the food value of the oil itself. Carbohydrates of all kinds, as well as

Ex-Fire Chief John Thompson Celebrates Golden Wedding

Today ex-Fire Chief John Thompson and Mrs. Thompson will celebrate their golden wedding at their home, 18 Wilton avenue. Their six children and eleven of their twelve grandchildren will be with them. The eldest grandson, Gunner John H. Thompson, is at the front. "I would do it all over again," said the former fire chief, telling of his runaway marriage half a century ago. John Thompson and Miss Agnes Boyle were married in County Antrim, Ireland, on February 5, 1868, and set sail for America next day. They lived in Jersey City for a few months and then came to Toronto. Mr. Thompson was with the fire department for forty years and was chief of the brigade for twelve years. Three sons and three daughters reside in the city. The three sons are: John Thompson, of the customs house; Alex. of the Star; and Thomas H. of the waterworks department of the city hall. The three daughters are: Mrs. Elizabeth Wolfe, wife of George Wolfe of the T. Eaton Co.; Mrs. Mary Hilton, wife of ex-Alderman Hilton; and Mrs. Margaret Sinclair, wife of George Sinclair, district chief of the fire department.

WHITE SHRINE ENTERTAINS

Toronto White Shrine, No. 4, W. S. of J., held a very successful euchre in the Orange Hall, Euclid avenue, last night.

Lose Your Fat, Keep Your Health

Superfluous flesh is not healthy, neither is it healthy to diet or exercise too much for its removal. The simplest method known for reducing the overfat body two, three or four pounds a week is the Marmola Method, tried and endorsed by thousands. Marmola Prescription Tablets, containing exact doses of the famous prescription, are sold by druggists at 75 cents for a large case, or if you prefer you can obtain them by sending direct to the Marmola Company, 384 Woodward Ave., Detroit, Mich. They are harmless and leave no wrinkles or flabbiness. They are popular because effective and convenient.

Phonola
REGISTERED
a better instrument for less money

Because we make our own cabinets, sound boxes, tone arms and motors in our own two specially equipped factories right here in Canada, saving duty and middlemen's profits, you are enabled to get the "Phonola" for \$10 to \$25 less than other high-class phonographs.

There is no finer sound box made than the "Phonola Angelus." It reproduces with absolute fidelity and splendid volume.

Our motors wind easily, run noiselessly. Our cabinets are of rare beauty and finish, the designs being copyrighted and exclusive to the "Phonola."

Hear and see the "Phonola." It will prove its own value. Models from \$18 to \$250.

DEALERS are finding the "Phonola" becoming more popular every month. If your town is unrepresented write for our proposition.

Gardening and Poultry Raising For Amateurs

GOOD EGG PRODUCTION REQUIRES GRADED HENS

Better Weed Out the Poor Layers Than Have Large Mixed Flocks

The efforts of the poultryman in managing the laying flock should not be concentrated upon present production, but upon means and methods of increasing future production. Improvements in this line necessitate a close study of the individual, for it is the individual which makes the average, and a few poor birds greatly reduce the average of the good ones. In a flock of 100 hens it will be found that on the average 10 to 20 per cent. rarely lay an egg during the profitable months of the year, says Canadian Farm, and another small percentage may be barren, while the remainder are fairly good layers. The only way to weed out the poor layers and keep only the best. It often pays better to take one hundred hens out of a flock of one hundred and fifty, after which, with less labor, one can get nearly as many eggs and a much more profitable yield per bird.

Where the selection is not made, the poor birds are fed at the expense of the better ones. Improvement can come largely thru the union of two factors: (1) Rigid selection at the end of the pullet year, and the mating of a breeding pen from the best birds. (2) By producing relatively early hatches and selecting rigidly throughout the season, keeping only the best youngsters for future production.

POULTRY REQUIRE LIME FOR SHELL PURPOSES

Owners Should See That Their Hens Have Grit, Oyster Shells and Lime.

Oyster shell or staked lime are important. They provide the material for manufacturing the shell. If this material is not available the hen must provide it from her own body. This she cannot do without lowering her vitality, and eventually losing the power of locomotion. Experiments have been conducted where chickens were raised to maturity without lime. The pullets were apparently healthy, but after laying each egg were unable to move for some time, showing what a drain it was upon the system.

Feed grit and lime. It is absolutely essential.

This year, when the ground is so persistently covered with snow, the grit box should never be empty. Nature having failed to provide hens with teeth, they must use some other means of grinding their food. Smooth round stones are no use; they must have rough edges. Coal ashes are useful, but crushed or ground marble is even better, because of its rough, hard texture.—Canadian Farm.

RAISED RICE MUFFINS.

One cupful milk; 5 tablespoonfuls fat, 4 tablespoonfuls sugar, 3/4 teaspoonful salt, 1/2 cupful rice, 4 cupful flour, 1 cake yeast, 1/4 cupful warm water. Scald milk, add fat, sugar, salt and rice. When lukewarm add yeast, marbled with eggs, and one-fourth cupful of warm water. Add flour and mix thoroughly with a spoon. The mixture is to be kneaded. Let rise and when light drop into oiled muffin tins, let rise and bake.

ALL-SEASON PORCH BOXES

It seems not to be generally understood that porch and window boxes can be kept filled with flowers of suitable kinds from the earliest spring months until killing frosts in the fall, for, as a rule, they are not filled until the time arrives for setting out bedding plants in June.

Porch and window boxes usually are too shallow for best results, which is one reason why we see so many ragged ones, and why so many do not show good results until very late in the season. Shallow boxes do not permit drainage material to be put in the bottom, with the result that the growth of the plants is frequently checked. If well drained, and in a sunny location, plants in boxes should come to maturity rapidly.

Most porch and window boxes are eight to nine inches in depth. Better make them twelve inches deep, and as wide as you desire, depending upon the kind of plants you intend to grow in them. Such boxes will be well adapted to an all-season succession of flowers. They should have the best soil obtainable, and it should be sweet, as many of them are intended to be grown in, and they will do well in hot soil. Good garden loam, enriched with well-rotted horse manure, with a dusting of bone meal and one of potash lime, will be about right.

Fill With Potted Plants.

A good way to manage the boxes is to handle all the plants in pots, instead of setting them out in the earth in the early spring, so that you will have them ready to set in the house or greenhouse, and have them ready at the right time in hot and bloom, or get in the house for the winter. It makes possible more changes in the filling of the boxes. But it is the most expensive.

Beginning with new porch boxes, you should have ready, or buy in April, full. Pansies do well in the boxes filled as when they seem to riot there to make a good showing. Some prefer to have only one color in each box, while others plant them mixed; that

FOR AND ABOUT WOMEN

NOT ENOUGH HOMES FOR THE FAMILIES OF CITY'S WORKERS

Great Need of Houses for the Workingman's Family at Moderate Rental.

TRANSPORTATION IDEA

Homes on Outskirts of City With Little Garden Plots Suggested.

That bad housing is the result of economic conditions and that it is useless to condemn dwellings when occupants cannot afford to move to better ones, was the opinion of the women of Toronto Local Council, gathered in annual session in 1917. In 1918 the women saw no reason to change that opinion, but added thereto, after a year's further investigation into housing conditions in Toronto, their opinion that Toronto is responsible and that it is plainly its civic duty to provide proper homes for the industrial workers within that city.

Dr. Hastings was asked yesterday if he agreed with the women of the local council in this opinion.

"There is a dearth of houses for the industrial workers," he acknowledged, "and to my mind this housing problem will not be solved until the question of transportation is solved. We must get transportation for the workers within the city to homes outside the city, on the outskirts, where small home plots are erected, and each house have a patch of ground for a garden. This is the only way to solve the housing problem, as I see it."

What Must Happen.

Toronto believes in preparedness and even now those who are in touch with conditions are thinking of what is sure to happen after the war, and this housing question is one that looms big upon the horizon of coming events. In five years after the war Toronto will have 100,000 additional population, that is about 30,000 new families. To prepare for this incoming population Toronto must erect 25,000 additional houses.

Last year 902 new dwellings were built at the average cost of \$2500 to \$3000 each. During the year 1916, there were 649 new houses built in the city.

The demand for houses is greatly in excess of the supply; 5000 families should be provided with homes right now in Toronto.

House Condemned.

It was during 1913 when the department of housing and sanitation first began its work of condemning houses in the city limits. From that year to the present time, 1234 houses have been condemned as unfit and blighted. There are today 4377 houses constantly under supervision in order to prevent overcrowding.

On account of conditions, only 56 houses were condemned and closed in 1917. This forced 70 tenants to vacate unsanitary houses during last year.

The Solution.

The increased cost of materials and scarcity of workmen does not promise any relief present for the 5000 families desiring houses. The idea of the Women's Local Council is that the providing of homes for the workingman should not be left to private enterprise. Tight building or better, or two-family house has been suggested. During the war the tendency on the part of families is to double up, in order to lessen the high cost of living.

In another month the situation will come to the attention of the public and as there are not enough houses to go round, the expense or trouble and scramble for the smaller, reasonable priced houses.

SOCIETIES GENEROUS IN MANY DONATIONS

The Belgian Relief Fund (Ontario branch), in affiliation with the Toronto Women's Patriotic League, reports receipts for the week ending Feb. 1, 1918, making a total to date of \$181,061.00.

Canadian Girl Guides, per headquarters Dominion Council, \$221.46; Prisoners of War Society, Toronto, \$125; Kingston I. O. O. F., \$60; collection by Thamesville Herald, \$50; Oshawa Women's War Relief Society, \$50; Quinte Chapter I. O. O. F., B. H. E., \$32.50; Reid's Corner W. L., \$32; Windsor W. P. L., \$24; Mrs. W. A. H. Kerr, \$25; Sunshine Class North Hall S. S., \$20; Mrs. C. E. Fulford, Brockville, \$17.40; Cardinal Belgian Relief Fund, \$15.50; Edward Adie, \$15; boys and girls, St. Paul's S. S., Bridgeburg, \$15; Clark's S. S., Ripley Circuit, \$11.11; Class 22, Bloor Street Presbyterian Church, \$11.10; Miss Mary Strange, Rockwood, \$10.75. The following each \$10: St. Andrew's S. S., Verschoyle; Croton Methodist S. S.; Mrs. E. H. Fraser, Penetanguishene.

Grateful acknowledgement of the last receipts, \$2,000, sent per central executive, Montreal, to the Belgian minister of the interior, Le Havre, for the benefit of the children's funds, was received a few days ago.

A large amount of valuable new clothing, also some blankets and well-made quilts, were received this week. The consignment from the ladies' sewing circle, Sherbourne Street Methodist Church, was as usual, an exceedingly good one; also, from the W. C. T. U., Welland, per Mrs. Lundy and Mrs. H. H. Strath, 10 Hawthorne crescent, Toronto; the nightgowns, girdles, dresses and handkerchiefs and sweaters being most acceptable. Parcels came also from ladies' aid of Church of the Ascension, Port Perry; Miss J. Snider, St. Jacobs; Miss M. H. Riley, Cressburg, B. W. A.; Mrs. Macdonald, Toronto; Presbyterian S. S., Barrie, and Miss C. Fraser, Embury. A consignment of 10 pairs of socks came from a shower held by Mrs. J. B. MacLean and several pairs from other friends.

WOMEN ARE AGAINST HOLDING ELECTION

Opposition Leader Receives Copy of Resolution Protesting Against Intimation of an Election.

William Proudfoot, K.C., leader of the Ontario opposition, received yesterday a copy of a resolution from the Ontario Citizens' Association, which was moved by Mrs. Hagerman, Cobourg, and seconded by Mrs. Lawson, London, and forms a strong protest against the holding of a provincial election at this time as has been foreshadowed. It states that there is need for the utmost unity in provincial as well as Dominion affairs and that an election would tend to disrupt the spirit of unity for which the women have especially worked and which has grown so strong during the past few months.

The resolution also states that the province has no right to assume the great financial burden that an election would entail.

ORANGE SPONGE CAKE.

This will keep nice for two months if kept in a good place, and the eggs are large, will make four layers. Use two cups sugar, two cups of flour, one cup cold water, yolk of five eggs, whites of four, grated rind and juice of one sour orange, two teaspoons baking powder, salt and a bit of soda, and last the well-beaten whites.

SPONGE CAKE.

Many think this is so hard to get just right. Take two eggs, beat very light, add one cup sugar and beat again; then add one cup flour sifted with a teaspoon of baking powder and a bit of soda, and season. Stir well and add one-half cup boiling water and beat again, put in greased pan and bake in quick oven. A slow oven will let rise too much before baking, making it coarse. The batter will be quite thin, but it will come out all right.

The following plan is a good one when washing a lace door-panel. Wash the glass in the door and leave it ready to replace the panel. Carefully wash and starch the lace, slip in the rods while wet and place in position. Put the lace straight and it will dry on the door and look like new.

PENNANTS ARE PRESENTED

St. David's and Cooke's Societies Win Honors for Largest Attendance at Young People's Meetings.

College Street Presbyterian Church was the scene of the annual grand rally of all the young people's societies of Christian Endeavor connected with the Presbyterian churches of Toronto last night. Dr. Baxter presented an interesting address on the work and a bright program of readings and music was rendered. Pennants were presented to the societies east and west of Yonge street having the record of the best attendance. St. David's Senior Society won the pennant for the western division and Cooke's Church Senior Society received the honors for the eastern division. Dovercourt Road Presbyterian Church Society had the largest attendance in the intermediate class.

PATRIOTIC SOCIETIES WELCOME

Suggestion to Smaller Organizations to Secure Permission to Do Patriotic Work.

In conformation with the regulations of the Dominion Government, the Ontario Women's Patriotic League has applied for registration and is about to be incorporated. Any patriotic societies or groups of workers who do not wish to go to the expense or trouble of applying for incorporation themselves may secure the same advantages by federating with the league.

The report from the machine knitting room of the Women's Patriotic League for January is 146 pairs of socks for the Toronto Red Cross and 76 amputation socks for soldiers' comforts department under Mrs. Van-Koughnet.

PARSNIP PATTIES.

Boil parsnips until tender enough to press thru a sieve. Season with salt and pepper; add one beaten egg. Form into small patties and fry a delicate brown.

Isn't It Worth a Trial?

We do not claim that NUJOL is a cure for all ills. But many people have told us that it is. Why? Because most human illness is considered to be directly or indirectly caused by Constipation. NUJOL relieves Constipation. It may help you. Try it.

It is absolutely harmless.

NUJOL for constipation

NUJOL IS NEVER SOLD IN BULK

If your druggist hasn't NUJOL, send \$1.00 for pilot bottle to Canadian Selling Agents CHARLES GYDE & SON P.O. Box 875, Montreal.

ONTARIO SAFETY LEAGUE FOURTH ANNUAL MEETING

Great Deal Has Been Accomplished in Last Year Along Educational Lines Thru Literature.

Reports read at the fourth annual meeting of the Ontario Safety League, held yesterday afternoon in the council chamber of the board of trade, showed that a great deal had been accomplished during the past twelve months along educative lines in the matter of preventing accidents to the traveling and manufacturing public.

A few figures from the distribution of "safety literature" report are evidence of the widespread nature of this portion of the work. Cards sent to drivers of vehicles, 90,000; special cards to motorists, 10,000; letters to parents, 100,000; electric railway bulletins, 11,000; large cards in street cars, 1,700; gummed seals for the use of firms in sending out correspondence, 330,000.

A most interesting part of the campaign for safeguarding the public is that in connection with the schools the board of education co-operating with the league by printing safety slogans on all exercise and other note books. In addition the annual essay contest on "How children may help to avoid motor accidents," with \$50 in prizes, was conducted.

Industrial and health bulletins in improved form have paid subscribers in many of the cities and towns of Ontario. Thousands of these bulletins are sent out every week.

An annual report was received with expressions of satisfaction and the officers were highly complimented upon the showing made.

Honorary president, His Honor Lieut.-Col. Sir John S. Hendrie, C. V. O.; president, Mayor T. L. Church; vice-presidents, A. D. Ingram, vice-chairman Ontario Railway and Municipal Board; S. Price, chairman Workmen's Compensation Board; Sir John C. Eaton, president the T. Eaton Co., Ltd.; executive committee: The president and vice-presidents; Dr. G. J. Steele, board of education; E. P. STEELS HIGHER ON TACK OF MERGER

Dominion Steel and Nova Scotia Steel Features of Toronto Market.

BRAZILIAN STEADIER
Stock Meets Support After Fresh Reaction—War Loans Are Quiet.

Contrary to expectations, the Toronto market, with Wall street observing the featureless Monday holiday, developed considerable activity, and, in the case of the steel issues, there was a fresh demonstration of strength. Billed that the rumored steel merger may be consummated has suddenly revived, and as a result both Dominion Steel and Nova Scotia Steel advanced quite perceptibly. Dominion Steel, which sold on Saturday at 83, opened yesterday at 60 and touched 60 1/2, the highest local quotation in some months. While the final quotation was 3/4 below this, insistent demand at the close was shown in an advance in the bid to 60 1/2, with 61 asked. Transactions here were on a small scale in comparison with those in Montreal, where nearly 1500 shares changed hands, the high point of 61 being reached.

WILLIAM DINEEN NOW CROWN LIFE DIRECTOR
At the annual meeting of the Crown Life Insurance Company held at the head office yesterday afternoon, the retiring board of directors was re-elected, the only change being the addition of William Dineen of W. & D. Dineen, who takes the seat made vacant by the death of the late R. L. McCormick.

USUAL C.P.R. DIVIDEND
Montreal, Feb. 4.—At a meeting of the directors of the Canadian Pacific Railway Company today the following dividends were declared: For the quarter ended Dec. 31 last, 10 per cent for half year ended Dec. 31 last, 10 per cent for quarter ended Dec. 31 last, being at the rate of seven per cent per annum from revenue and three per cent per annum from special income account dividends payable first April next to shareholders of record three p.m. first March next.

MONEY AND EXCHANGE.
London, Feb. 4.—Bar silver closed at 43 1/4 per ounce. New York, Feb. 4.—Bar silver closed at 86 1/2 per ounce.

HOLLINGER REPORT CAUSES NO FLURRY

Stock Quiet at Unchanged Quotation—Davidson in Good Demand.

Excellent as was the Hollinger statement for the year, showing as it did a deficit of about a quarter of a million dollars converted into a surplus of nearly three-quarters of a million, and ore reserves increased by \$6,000,000, it evidently did not take the local mining market by surprise. Only 155 shares of Holly changed hands yesterday, and the price, 5 1/5, showed no noticeable change. It is probable that some disappointment was felt because President Timmins was not more definite in his intimation regarding the prospect of dividends in the near future.

DOMINION STEEL RISES IN MONTREAL MARKET
Nova Scotia Steel is Scarce and Sells at Higher Level.

Montreal, Feb. 4.—The features of the steel market here yesterday were Shawinigan Tower and Dominion Steel Corporation common stock starting at 112 1/2, and Dominion Steel Corporation common stock rising to 114 1/2, closing at 113. Shawinigan rights jumped in spectacular fashion from 5 1/2 to 6 1/2, and back again to 5 1/2, closing at 5 1/2.

RAILWAY EARNINGS
Canadian Northern Railway earnings for the last ten days of January were \$248,200, an increase of \$12,600. The statement for the month follows:

WINNIPEG GRAIN MARKET.
Winnipeg, Feb. 4.—The cash markets were very quiet today. Offerings in oats, barley and flax were extremely light and the demand somewhat indifferent with the exception of barley, which was again very strong and new high records were reached. Barley futures reached the record price of \$1.85, but declined 3/4 at the close. Oats futures closed 3/4 higher for May and 1/2 up for July. Barley closed 1/2 higher for May. Flax closed 3/4 higher for May.

CHICAGO MARKETS.
J. P. Bickell & Co. Standard Bank Building, report the following prices on the Chicago Board of Trade:

WILL MAKE TICKETS FOR WASKINGAM

J. P. Bickell Declares He Enters Contest With Absolutely Free Hand.

COUNTING THE VOTES
Annual Meeting Not So Stormy as Had Been Expected.

Less acrimony than had been anticipated marked the well-attended annual meeting of the Timiskaming Mining Company, held in the Lumsden Building yesterday afternoon. Positive assurance was given by J. P. Bickell, president of the McIntyre-Porcupine Mining Company, who is heading the slate in opposition to J. P. Bickell, president of the Timiskaming directors, that if elected, he will have his associates on the ticket would take an absolutely independent stand, being committed in no way to the faction headed by Max Morgenstern of New York.

Montreal Produce Market
Montreal, Feb. 4.—The feature of the local produce market today was the strength in Ontario oats. Prices showed a sharp advance, with sales of 100,000 bushels of white and 100,000 bushels of red oats. The market for C. W. wheat was quiet, with sales of 100,000 bushels of white and 100,000 bushels of red wheat.

BOARD OF TRADE
Manitoba Wheat (In Store, Fort William, Including 2 1/2% Tax).

RECEIPTS LARGER; CORN PRICES SAG
Gains Due to Cold Weather and Death of Peace News Are Lost.

Chicago, Feb. 4.—Enlarged receipts at the leading Missouri markets did a good deal to ease corn prices today, after some gains had been scored as a result of severe low temperatures and owing to a dearth of peace news. The market closed steady at the same as Saturday's finish to a shade lower, with March 1.27 and May, 1.24 1/4. The outcome in wheat was also little changed, but in provisions varied from 1/2 decline to a rise of 1/8.

It is at a Time Like This, When Men Look Twice at a Dollar Before They Spend it, That the Simpson's Men's Store Stands Out in Bold Relief

Wise men who understand values, styles and materials, realize now more than ever the need of extreme precaution in the choosing of their clothing.

They know that the unsettled condition of the wool market offers a strong temptation to inflate values and pad prices. They know that by substituting inferior materials and workmanship the low prices of former years may be quoted.

But this store has ever believed that there can be no true economy unless workmanship and quality are of reliable character.

You will find in our Men's Store compelling values, superb stocks—and assortments that will make it possible to find exactly the kind of clothes you want—at prices that will please you.

Men's Seasonable Suits

HOMELOVERS' HOMILIES

The improvident grasshopper who wasted the summer's golden hours in singing instead of working is like the householder who lets day after day of the FURNITURE SALE go by without collecting any of the wonderful values it discloses.

Come today and acquaint yourself with the opportunities of this Sale and the virtues of a membership in the HOME-LOVERS' CLUB.
