### Now for Canoeing

With the warmer days come the thoughts of canoeing. A longing to be gliding swiftly up some slow-running river or across a lake bordered by the sweet-smelling woods, with an occasional cottage to be seen through the trees. To some—a longing to be out drifting along in some beautiful lagoon, with the lazy-back adjusted and a book in your lap. On a hot summer day, what more could one desire than a canoe and a pair of paddles? And being provided with those, to go on a day's cruise along the shore of a lake. A lunch on the beach, miles away from the city, water boiled over a fire of sticks gathered from the woods near-by, a snap-shot of a lovely little waterfall, which comes rolling over the cliffs farther up the beach. Then the homeward trip, the canoe pulled far up on the sand, out of reach of the rising tide. There is nothing more healthy than a trip over the water.

Specially suited for such cruises is the cruiser model of canoe, which can be obtained in the Sporting Goods Department. They are 16 feet long and are constructed of basswood, well varnished. The price is \$60.00.

Another good value is a light canoe of painted basswood, suitable for almost any use, whether beach-paddling, extended cruises or lolling about a summer resort. The price is \$43.00.

LABOR SITUATION THROUGHOUT DOMINION

The Few Strikes Running Are Preceding on Their Way Quietly.

QUIET AT OTTAWA

No Sign of Settlement in Building Trades Disagreement There.

Ottawa, May 2.—By tonight it is expected that the total number of men on strike in Ottawa in the building and allied trades will be 3,500. There has been a slight increase this morning, but tonight the general body will be joined by the painters and paperhangers, and at least 250 of these will "down tools."

Quiet at Montreal

Montreal, May 2.—No new labor unrest is apparent on the surface in Montreal and in the opinion of many labor men the labor situation is brighter than it has been for months. At the same time, four strikes affecting nearly a thousand workers, are still in progress. These are employees of the Canada Sugar Refining Company, Limited, the straw hat workers, the window cleaners and the painters and decorators. In each case an early settlement is anticipated.

Railway Men Waiting

Winnipeg, May 2.—Following a meeting of the street railway men this morning, it was announced that the men had decided to remain at work pending a decision of the arbitration board, to which, however they will not be a party. It was pointed out that the men were merely complying with the law. There is no date set for cessation of work, the matter being left in the hands of the committee with the understanding that the strike vote still stands. This morning at ten o'clock 1,000 metal workers quit work, following the example set by the building trades yesterday.

Appointing a Board

Ottawa, May 2.—The minister of labor has requested R. S. Ward, of Winnipeg, to act as representative of the employees on the board of conciliation which will investigate the Winnipeg street railway dispute. The department has not yet been advised as to whether Mr. Ward will act. The employees left the choice of their representative to the minister. The company, as was announced, will be represented by T. Pittblado, K.C., and he and the representative of the employees will select a chairman. Failing an agreement between them as to the choice of a chairman, the minister of labor will select a man to act in this capacity.

Ask Shorter Hours

Lindsay, May 2.—Altho organized labor in Lindsay is not out on strike, nevertheless employees at the Sylvester Manufacturing Company and the Boying Hydraulic Company have waited on their employers, asking for the new scale of hours and wages. The matter is in abeyance.

Shipyard Men Join

Halifax, May 2.—C. C. Dane of the Nova Scotia Federation of Labor has now completed organization of shipyard workers here. The union will be affiliated with the American Federation of Labor, and a charter for

LABOR NEWS WHY CARS COST LESS IN UNITED STATES

Duty on Material is Key to the Contract Problem.

A prominent labor leader yesterday threw new light upon the situation in the trade marts of Canada and the United States, having special reference to the recent tender of an American firm in St. Louis for two Hydro-electric cars at a figure several thousand dollars less than the lowest Canadian bid. He stated that it was necessary for the Canadian manufacturers to import from the United States much of the material composed in the make-up of railway cars. At least 90 per cent. of the necessary material, he said, came from the United States. In this case, therefore, the Canadian manufacturer had to pay his large percentage in duty and was no better off than his American competitor. However, continued this man, there was evidence that the Canadian firms were making undue profits if the figures presented by Sir Adam Beck were reliable. Touching upon the question of comparative wages this man who is conversant with many trades both in Canada and the United States, pointed out that wages in the painting trade were larger in some centres in the United States than in Toronto, despite the fact that in Toronto living was generally higher than in most other cities. He had bought hats in New York for two dollars which would cost in Toronto at not less than \$5 and \$5.50. He presented a comparative wage list for painters and decorators in Canadian and American cities as follows: Niagara Falls, N. S. A., 70 cents an hour; Niagara Falls, Ont., 60 cents; Ottawa, 50 cents; Peterboro, 40 cents; Toronto, 65 cents; Chicago 85 cents.

Street Railway Tied Up Windsor, May 2.—According to the terms of an ultimatum delivered to the management of the Sandwich, Windsor and Amherstburg Street Railway Company at 2 o'clock this afternoon, by its employees, the entire system will be tied up at 5 o'clock tomorrow morning unless before that hour the demands of the men for increased wages and union recognition are granted.

Sir John Hendrie Helps "Big Four" Enrols Business Men on Committee at Government House.

At the invitation of His Honor Sir John Hendrie, about 100 representative business and professional men of the city assembled at Government House last evening to hear from the lips of some of its chief supporters an explanation of the objectives of the "Big Four Drive," which is to be conducted in Toronto next week. At the conclusion of the meeting they were invited by Sir John to enroll themselves in the campaign, a number of which he has accepted the chairmanship.

W. J. Hevey, secretary of the Trades and Labor Council, spoke from the audience in reply to references which had been made to the campaign which was to be undertaken by Sir John. He stated that the "Big Four Drive," and had requested his adherents to subscribe one per cent. of their entire earnings to the support.

W. H. Nandis, John M. Godfrey and General Gann spoke in support of the project, and Col. W. G. McKendrick, in a plea for consideration towards the men with whom he had been on active service in France.

Veterans Initiate Fair Comrades The Army and Navy Veterans' Association of Canada has decided to help the Big-Four campaign in every way, and will be present in force this afternoon, gathering at the Sir John A. Macdonald monument, College and University avenue, for the parade march.

Funeral of Late Mr. Boyle Takes Place in Woodstock Woodstock, May 2.—The funeral of Chas. Boyle, sen., took place this afternoon and was largely attended. Many outside friends of the veteran were present. The pallbearers were G. R. Pattullo, John H. V. L. Francis, Bud Irving, T. H. Dent and Geo. Forbes.

Smallpox in Walpole Island Chatham, May 2.—Smallpox is reported to have broken out among the Indians in Walpole Island, and in a settlement near Vosburg. The latter locality has been quarantined. Some cases are also reported in South Howard Township.

Halifax branch has already been applied for. At the organization meeting a few days ago, nearly 500 signed the roll.

Carpenters Ask More Guelph, May 2.—A special meeting of the Amalgamated Society of Carpenters and Joiners was held at the Trades and Labor Hall. A communication was received from the carpenters' section of the Builders' Exchange with reference to the rate of wages to be paid this season. They offered from 45c to 55c an hour. This was not satisfactory, the demand being for 60c an hour, and recognition of the union. If their demands are not met they intend to go on strike on Monday morning.

Victoria Departs Thirty-Six Chinese Would-Be Students Victoria, B. C., May 2.—The record for deportation of Chinese from this port to China has been broken. Tonight on the steamer Canada Maru 36 Chinese were deported to their native land after they had failed to enter Canada as would-be college students.

SERGEANT BARRON, V.C., JOINS FORTY-FIFTH

With every man and officer full of pep and enthusiasm the new 48th Highlanders Brigade, which is now in the process of formation, turned out some 1500 strong last night at the armories under the command of Lieut.-Col. C. W. Darling. The brigade is growing apace, and one of the 75 recruits sworn in last night by the O. C. was Sergt. Tom Barron, V.C., who recently returned home from overseas with the famous "Mad Pouter". It is not a generally known fact that Sergt. Barron was originally a member of the 48th, belonging to the militia regiment for two years before the war. At the call to arms, Sergt. Barron enlisted with the Highlanders company of the 36th Battalion. The famous hero was presented to the men on parade last night by Col. Darling, and to say that he made a hit with the men would be putting it mildly. The men did armories fairly rocked as the sergeant was cheered time and time again. This reunion committee under Col. J. S. Campbell also held a meeting last night, and most of the reception plans for the return of the famous 15th Battalion were perfected.

WEAK AND ANAEMIC. The correction of anaemic conditions by Dr. Williams' Pink Pills is as certain as a mathematical theorem. Miss Jessie McLean, Trenton, N. S., says:—"I was as weak as it was possible for anyone to be, and yet be able to go about. My blood seemed to have turned almost to water. I was pale, the least exertion would leave me breathless, and when I went up stairs I would have to stop and rest on the way. I often had severe headaches, and at times my heart would palpitate alarmingly. A good friend urged me to try Dr. Williams' Pink Pills, and I have reason to be grateful that I took the advice. Soon after beginning the use of the pills I began to get stronger, and by the time I had taken seven boxes I felt that I was again enjoying good health. I think Dr. Williams' Pink Pills are a blessing to weak girls and I shall always warmly recommend them."

AFTER INFLUENZA. Mrs. Thos. Covert, R. R. No. 2, Bancroft, Ont., says:—"Following an attack of grippe I was left very weak and miserable. My appetite was poor. I suffered from headaches, my skin was sallow, and two boils broke out. I began taking Dr. Williams' Pink Pills, and had only used a few boxes when I felt as well as ever. They drove all the impurities from my blood, gave me a good appetite, and I have since enjoyed the best of health. I can recommend the pills to anyone suffering from impure blood or skin disease."

RHEUMATISM CURED. Among the rheumatic sufferers who have been cured by the use of this medicine is Mrs. Wm. Johnston, Chatham, Ont., who says:—"Some years ago, while living in Mount Forest, I was stricken with inflammatory rheumatism, from which I suffered terrible agony. Neither the doctor who attended me, nor the remedies I tried, gave me more than a little relief for time and as a consequence, I grew very weak and was on the verge of nervous prostration. At this stage an uncle advised me to try Dr. Williams' Pink Pills, as they had cured him of a severe attack of rheumatism. I took his advice and faithfully used the pills for several months, when I found myself fully restored to health, with every vestige of the rheumatism and every symptom of the nerve trouble gone. I have had no return of either trouble since, and feel grateful for what Dr. Williams' Pink Pills did for me."

JOIN THE HOST OF RED-BLOODED MEN AND WOMEN

Get More Pleasure Out of Life and Be of More Use in the World by Toning Up Your System With Dr. Williams' Pink Pills.

There are many people who lack the red blood to give color to their lips, warmth to their hands and brightness to their eyes. These people tire easily and cannot compete in school, in store, or shop or factory with the more energetic, red-blooded people. Their blood being thin they are nervous and do not sleep well. Arising in the morning after an unrefreshing sleep, they begin the day badly and miss much of the pleasure of living.

To become active and energetic these people need a blood-building tonic. A tonic that gives new strength that restores the nerves, increases the appetite and aids digestion, will put color in the cheeks and lips and give vigor to the steps. That means new joy in living, increased usefulness and longer life.

Whoever you find a person who has taken Dr. Williams' Pink Pills faithfully, you find an enthusiastic friend of the tonic that has made life mean more in many ways. These blood-making pills have been used for many years throughout Canada, and in almost every community, however small, can be found those who owe health and happiness to this famous household remedy.

WEAK AND NERVOUS. One who owes present health to Dr. Williams' Pink Pills is Miss Bibiane Chasson, South Beach, Que., who says:—"I am a teacher by profession, and probably due to the close confinement and arduous nature of my duties, I became much run down and suffered from extreme nervousness. The least noise would startle me, and my heart would beat violently. Indeed, my condition was an unhappy one. I had often heard of Dr. Williams' Pink Pills as a cure for nervous troubles and decided to give them a fair trial. I am happy to say that this medicine completely restored my health, and I can confidently recommend it to all suffering from nervous troubles."

INDIGESTION CURED. Mrs. M. Kelly, Windsor, Ont., says:—"I suffered from indigestion for several years, and although I was constantly taking doctor's prescriptions, they did not cure me, and the result was that I was greatly run down and always did

feeling poorly. Finally I was advised to try Dr. Williams' Pink Pills, and as I soon found out they were helping me I continued their use until I was fully cured, and am now able to properly digest any food I take. As a tonic and blood-builder I know of no medicine to equal Dr. Williams' Pink Pills, and I recommend them to all in need of a medicine."

THIN AND BLOODLESS. Among the thousands of women who bear testimony to the value of Dr. Williams' Pink Pills is Mrs. W. Ferguson, Plattsville, Ont., who says:—"After the birth of my second baby I was left very weak, and more bloodless. As time went on I became so run down that my friends thought I was in a decline. I tried different medicines, but none helped me until I began taking Dr. Williams' Pink Pills. I began taking them and was not long in finding that they were helping me, and by the time I had taken a half dozen boxes I felt like a new person. I had increased in weight, my color returned and I was again enjoying my old-time health. You may be sure when opportunity offers I will gladly recommend Dr. Williams' Pink Pills."

ONE WHO OWES PRESENT HEALTH TO DR. WILLIAMS' PINK PILLS IS MISS BIBIANE CHASSON, SOUTH BEACH, QUE., WHO SAYS:—"I AM A TEACHER BY PROFESSION, AND PROBABLY DUE TO THE CLOSE CONFINEMENT AND ARDUOUS NATURE OF MY DUTIES, I BECAME MUCH RUN DOWN AND SUFFERED FROM EXTREME NERVOUSNESS. THE LEAST NOISE WOULD STARTLE ME, AND MY HEART WOULD BEAT VIOLENTLY. INDEED, MY CONDITION WAS AN UNHAPPY ONE. I HAD OFTEN HEARD OF DR. WILLIAMS' PINK PILLS AS A CURE FOR NERVOUS TROUBLES AND DECIDED TO GIVE THEM A FAIR TRIAL. I AM HAPPY TO SAY THAT THIS MEDICINE COMPLETELY RESTORED MY HEALTH, AND I CAN CONFIDENTLY RECOMMEND IT TO ALL SUFFERING FROM NERVOUS TROUBLES."

INDIGESTION CURED. Mrs. M. Kelly, Windsor, Ont., says:—"I suffered from indigestion for several years, and although I was constantly taking doctor's prescriptions, they did not cure me, and the result was that I was greatly run down and always did

STEPHEN LEACOCK VIVISECTS NOVEL Gives Delightful Humorous Evening at Convocation Hall.

Stephen Leacock vivisected the novel last night in Convocation Hall when he lectured on "Frenzied Fiction" and uttered some ridiculous truths and some of humorous cynicism. Taking the standpoint of the played-out hero and heroine, he started with the Victorian age and produced a creature which he named with gentle humor Madeline, "a fragile being not long for this earth—so fragile that she couldn't stand up." We suspect Mr. Leacock here of an original thought. "Madeline looked at him out of wondering eyes full of innocence," and after thought, concerning the innocence, essentially his own, "We think there was something the matter with her top story." Finishing the subject of Madeline and her running mate, Markham, he turned to a later day and the demand from the public for something "rough." An out-of-door pair, "Miss Middleton" and the egotistic "I," filled the gap with her wanderings in dangerous places. Of the latter, the lecturer stated "five hundred miles from the railroad he pinned the girl into her little leather tent, saying 'Good night, Miss Middleton,' as unto the impossible fictional "sister." Later "I" would go out and "sleep on a cactus bush."

# The City of the Better Chance

**T**ORONTO gave to the war, men, money and munitions.

**T**ORONTO got from the war a new soul born of suffering, and a prosperity unknown before.

**S**HE finds herself a new city in a new world. Things will never be as they have been before. Old ideas, old prejudices, old shibboleths have been swept away by the tide of blood. The Great War wrought a greater change. And on this changed world Toronto looks out clear-eyed.

**I**N Eastern Europe it is not so. Caught in a maelstrom of revolution against what had been, the peoples of Russia, of Hungary, of Southern Germany—and to some extent the peoples of the Balkans—gave themselves over to the excesses of Bolshevism.

**T**HE torch of insurrection followed in the wake of organized warfare. Order gave place to chaos. And over the whole world, like an echo of this civil strife, ran a whisper of unrest.

**B**UT Canada stood firm. Toronto stood firm. This great city realized that in steadiness lay service; that in stability lay safety; that in the creation of tranquilizing influences lay the solution of the hour. A city better to live in, a city more completely equipped to serve its people, a city where the men who had fought could take their places as welcomed and honored participants in a new regime of community usefulness—that was the vision.

**T**ORONTO set herself to the task of becoming The City of the Better Chance.

**O**NLY by united effort is the maximum of success achieved. The community service forces of the city had planned four campaigns for a single month. A union was consummated. By that union the overlapping in collections, the duplication of campaigns, was eliminated. The Repatriation League, the War Veterans, the Y.M.C.A. and the Federation for Community Service got together to raise \$1,500,000.

**T**HEY called their efforts the "Big Four" Drive, and this coming week Toronto will have the opportunity of saying "yes."

**E**VERY subscription will be a ballot for community steadiness and community betterment and a Square Deal for the returned soldier. Toronto can never wholly repay, but Toronto can at least repatriate. And the word to-day has a new meaning. It signifies not only re-establishment in the city which the soldier left, but in a better city.

**I**T is fundamentally a sound project. It is fundamentally a right project. To co-operate in the promotion of public welfare is logical business—like procedure. Re-establishment of the returned man, care for the widow and the kiddies of the man who will not return—these are the privileges of common gratitude.

**T**HE whole campaign is based upon a duty all citizens owe to their fellow-citizens and to themselves. That every community service should be enabled to exercise its steadying influence at this time is essentially desirable.

**I**T is a matter of money.

**T**ORONTO must not refuse the money.

**A**ND that is especially the case since the whole co-operative plan has been safeguarded to the last degree. The collection and the expenditure of every dollar will be safeguarded by audits. The budgets of every organization concerned have been subjected to the minutest examination. In the Federation for Community Service there are between fifty and sixty organizations which will receive a share of the \$600,000 which goes to that body. Each has had its budget approved by a central committee of citizens. This committee vouches for the budgets.

**T**HE Director of the Bureau of Municipal Research also vouches for them.

**T**HE campaign provides less than a third of what these institutions actually spend, but it provides all that they will ask by way of public appeal. The budgets of the Y.M.C.A., the Y.W.C.A., the Repatriation League—all will be open to scrutiny. A Soviet Circular in Toronto.

A "Russian Soviet Federated Republic" circular was distributed in Toronto this week with the object of inflaming the more ignorant among the labor people and of stirring up the usual class strife on which Bolshevism thrives. One of the statements is as follows: "Real freedom, economic and social freedom, will only be achieved when the workers of all countries overthrow the master class and take control in their hands. We in Russia have done this. We have abolished capitalism and landlordism in Russia. We have a workers' government."

This may sound plausible, but it is merely the false assertion of men like Charnie, who has been arrested, agents of the German government, who set on Kerensky and Trotsky and Ulanoff to overthrow the Russian government for German advantage, and wish now to take the same course with other nations. Kerensky was no workman and neither is Lenin, and Trotsky is only a workman by courtesy.

They have established a government in Russia, but it is not a workers' government. On the contrary, bonafide workmen are starving, while criminals, thugs and desperadoes rule the country and have brought it to ruin. They have murdered nearly all the men who could lead the people into better courses.

All this was done at the instigation of the German ruling class. It is not necessary to ask or to deny that they are in the present German government. They are standing by and will step in if they ever get the opportunity under the terms of peace and take control of Russia and rule it as the old czars reigned, only their little fingers will be thicker than the Russian's.

That is the fine workmen's government that is in prospect for Russia and for the other nations of Europe that may fall into the Bolshevik trap. It is the German conception of exploiting the world for Germany, since the German armies failed to win the war. Society has as much chance of surviving with the trained brains knocked out of it as a beheaded chicken has of raising a brood. Well the Germans know it, but they want to replace the heads they chop off with live heads of their own choosing, whose guidance will bring Germany the result she seeks.

It is scarcely conceivable that Canadian workmen could be misled by these Germanized Russians, irresponsible people who do not even understand the perfect freedom of Canadian government. If any class in Canada has not all the liberty it desires the reason is that it has not got together its arguments and expounded them to the people. Not only should they do this, but they themselves should take up the British methods of direct action—not by bombing and throat cutting, but by face to face negotiation, conciliation councils and by political pressure thru the ballot box secure what is wanted.

These continentalers in Toronto are but a small section of the community. They are ignorant of our ways and they have not tried our methods. It is somewhat impudent of them to suggest to Canadian workmen that they adopt the plan that has ruined the greater part of Russia. We have no desire in Canada to be ruined and desolated to suit the convenience of Germany or anyone else.

Canadian employers may not be ideal in every respect, but they are amenable to reason, their votes are no better than the votes of their employees; they know that their interests are identical with those of contented, intelligent, well paid employees. To exchange them for the rule of the German autocrats is an idea that is just about fit for such hare brains as those of Charnie and his kind.

The Call for Responsible Government.

(From The Morning Star, May 1.) Among the masses of the people there is deep and anxious interest in political conditions in Canada. It has been said that "England does not love Canada." There is evidence that Canada regards the coalition only as a device for an emergency.

There is no future for the Union Government of Canada, except as the nucleus of an organized party. Whether it shall be Unionist or Conservative is not of vital consequence. It is of consequence that its leadership should be settled and public opinion stabilized. In the country, there is confusion and uncertainty. The long absence of Sir Robert Borden is unfortunate, but the people recognize that he has no alternative but to remain where he is until the work of the peace conference is substantially completed. If there is criticism over his absence, there would be infinitely greater criticism if Canada was not represented at Paris. It is the President of the United States, in disregard of all precedent, feels that his duty is at the conference, it is vital to

Canada that the prime minister should be there also. But the country should not be much longer in doubt concerning the future leadership or the immediate attitude of the Unionists.

There is a strong and common feeling that the government should be reorganized, and that the people should understand whether the coalition is to dissolve or to continue as the nucleus of a national party. Vital interests in the country are affected by the existing uncertainty. The people are anxious and unsettled. They mean to have responsible government under the old two-party system. A decision or a general election cannot be long delayed. The people want to feel that they have a ministry strong enough to govern without undue accommodation or compromise, and to know that their fundamental policies and convictions will not be overruled by a parliament which was elected upon a war issue and has no authority to legislate without regard to pre-war sentiments and judgments.

Today, a cabinet in which Quebec has no adequate representation is defective in composition and cannot truly express the national feeling and outlook. If Canada is to have a Unionist party, it is of high importance that Quebec should be influentially represented, and that we should enter upon the era of peace with a united government and a united people. There was a time when the financial future of Quebec was regarded with anxiety. But it has confounded its critics. Today no other province is in a stronger financial position, has wiser leadership in provincial affairs, or has more thrifty and responsible population. We simply cannot afford to perpetuate racial or religious quarrels, nor can we develop to nurse differences which the war developed. The obligation which lies upon the other provinces, Quebec cannot escape. It can make a great contribution to the future of Canada. It prides itself upon its Canadian patriotism. Let its people rise above the old disputes, and even above any sense of grievance or injustice, in confidence that their fellow-Canadians in the English provinces are only eager for reconciliation and co-operation. In that way lies immense gain for Canada and honor and influence for Quebec.

The Ayeatist Decision.

(From The London Free Press, May 1.) Sir William Meredith is strongly criticized in the course of Chief License Inspector Ayeatist, other than to say that he committed an indiscretion in receiving money from departmental employees or inspectors. In the one case he borrowed the money, in the other he received it for safekeeping. His lordship refers to the honorable lifetime of the inspector; to his long and unblemished career. He is horrified that, lacking full proof, the prosecuting counsel should have suggested that Mr. Ayeatist was not telling the truth; that he was committing perjury in order to cover up a much lesser fault.

We would be glad to accept the decision of the chief justice, and we are bound to recognize that in any event his decision is made with all the facts and also with the parties in full review before him. There is about his lordship's vigorous recognition of the values of a lifetime of honor that which must appeal to everyone of fair mind. The pity of it is that Mr. Ayeatist should have committed these admitted indiscretions. His office has no place for indiscretions. His responsibilities to the morals of the community do not admit of misadventures. He should have shunned the money of those under his authority with all the carelessness that years of discretion beget.

Those charged with the enforcement of the Ontario Temperance Act cannot marvel that they are under the white heat of criticism, and herein lay a further reason why the chief inspector should have conducted himself as did Canada's wife. Friends and foes of the act are alike disturbed. The effect will be felt upon the referendum. It was unavoidable that there should be much bitterness arise over the strict enforcement of the measure, but when it becomes possible of suggestion that those entrusted with the prosecution of the law were reaping a harvest for themselves the bitterness is not lessened. Are the commissioners satisfied that they themselves have kept as closely in touch with the affairs of the department as was their duty?

**"BIG FOUR" KEY MEN CONSIDER CAMPAIGN**  
Enthusiasm prevailed at the meeting of the Key Men in the Big Four Campaign, held at the King Edward Hotel last night. The speakers were all optimistic of the final results of the drive to attain the total objective of \$1,000,000 for the maintenance of all the charitable and social welfare agencies in Toronto for the coming year.

During the course of his address, Gen. Gunn pointed out that the investment in the campaign was going to mean a million dollars to the city in connection with the repatriation of the returned soldier. "We need every dollar and we are going to get every dollar," he declared. Col. A. T. Hunter, president of the Parkdale branch of the G.W.V.A., also addressed the meeting. "The instant you start our soldier into a responsible organization, you stop the jumpiness that is sometimes the danger," he said, adding that the only way to attain this end was to provide every suitable clubhouses where the men could gather. R. J. Stevenson stated that he felt assured that they would nobly do its part in subscribing to the campaign as it had always done and would go into the overall pocket to the depth.

RAILWAY COMMITTEE HEAR TORONTO VIEW

Ottawa, May 2.—Mr. F. Hawkins, representing the Canadian Lumbermen's Association, appeared before the special railway committee of the commons today, and asked for the elimination of the words "other than government railways" from the clause which brings all railways except those owned by the people under the control of the railway commission.

CHIMELUSKI'S END REMAINS MYSTERY

No definite information was brought out last night by the jury at the inquest which investigated the death of Thomas Chmeluski, a Russian Pole, who was found badly beaten up in New Toronto on April 13, and died of his injuries at Grace Hospital on April 15. The verdict returned by the jury declared that Chmeluski had come to his death as a result of a fractured skull, caused by blows from a weapon in the hands of some persons unknown.

The jury recommended that every effort be made to apprehend the perpetrators, because of the number of unsolved murders reported which have occurred in the neighborhood. Two arrests were made in connection with the case, Richard Valiechko, charged with carrying with vagrancy, and Edward Givsky, charged with vagrancy.

Mrs. Antonina Chmeluski, the widow of the dead man, said she never liked her husband; he was always drinking. She had been separated from her husband for over a year. She had been living with Edward Zuisky, one of the men under arrest. Her husband had known of this claimed witness. She had known her husband to have continued arguments with a man named Chitarski, another Russian, who lived in New Toronto.

Dr. Julian D. Loudon, who performed the post-mortem examination, stated that there were three deep wounds on the head, which went right down to the skull. A finger had been broken on the left hand, while the back of the man's head had been beaten to a pulp. Chmeluski had also sustained terrible injuries to his body, probably caused by kicks, said Dr. Loudon.

THE PROMOTER'S WIFE

By JANE PHELPS.  
**Sad, Disturbing Thoughts Follow.**  
CHAPTER LXXV.  
I sat for an hour without moving, stunned by what Mr. Frederick had told me. I went over our conversation again and again, and the cruel gossip I had heard had been nothing but gossip, and without foundation; that the reaction was terrible.

"Can I ever believe in him again? Can I ever be happy?" I said aloud as I got up, and weakly, like an old woman, climbed the soft-carpeted stairs to my room, the room which I had no delight in, and which now I looked at almost with loathing as I recalled what Mr. Frederick had said. People were blaming Nell for living as we did—perhaps they were also blaming me. Everything we had thought I wanted him to be dishonest, so I could have a handsome home, cars and all the luxuries we enjoyed. The thought was torturing.

I deliberately made a round of the house. Even into the kitchen did I go, impressing upon myself the luxury with which I was surrounded. Could it be true that Nell was really taking money from widows and orphans to buy all this? I tried to refute it in my mind; tried to say no, he hadn't done so. Everything we had had been honestly earned, but I couldn't. In the light of what Mr. Frederick had told me, I couldn't.

I know he would not willingly hurt me, though while he was blunt he was also kind. He had probably softened much; things perhaps were worse than he had told me. No wonder he as well as Lorraine tried to save me from the mortification which would have been mine had I adhered to my plans to enter society. No wonder he had advised me to wait until he had seen Mr. Powers—he had said that he might. Why didn't I think to ask him? I wouldn't fall to do so next time he came. He, everyone, had a great respect for the big banker, and his opinion.

I started to order the car, then halted. The cars, too, were they not bought with other people's money? Was not Nell criticized for having them also? No, not until I knew more of what was true, and what false, would I use the cars. I would walk.

"Where, oh, where, is the stylish Mrs. Forbes gone. O, where, oh, where has she gone?" she answered me a question, and answer it truthfully. I asked without preamble. "If I answer it at all I will tell the truth," she bantered. I was sure she had no idea of what I was going to say.

"Are people talking of our extravagance, our new house, cars and all the other things when they speak of us?" I couldn't say. Nell's name. It stuck in my throat. "Why—Barbara—?" Then: "Yes, Barbara, they are! I never should have told you, had you not asked. But they say he takes the money given him to invest, and uses it to make a splash to live on. I am sorry you asked me. I am afraid you will con-

MILLIONS OF ACRES GIVEN TO RAILWAYS

Ottawa, May 2.—A return tabled in the house today shows that 31,371,842 acres of public land have been given to railway companies by the federal government since 1883. The return shows the grants made year by year. The largest were between July 1, 1900, and June 31, 1901, when the railways were given 6,440,939 acres of public land.

PENSIONS UNFAIR, CLAIM IMPERIALS

At a meeting of imperial reservists, held at Massey Hall, the direction of the G.W.V.A. to enquire into the adjustment of pensions for reservist orphans and widows, the following resolution was passed unanimously: "Resolved, that we citizens of Toronto and Great War Veterans do urge the Canadian government to enter into immediate negotiations with the imperial authorities, with a view to the pensions now paid the dependents of imperial reservists now resident in Canada, and Canadian citizens, who are also imperial pensioners, may be increased to an equality with C.E.F. pensions."

A second resolution was also unanimously adopted by the meeting, which put itself on record as being decidedly opposed to the Bolshevistic utterances at the Arena on May 1. "Canada would be amiss in her duties if she did not realize the contribution to victory of the British reservists," declared Comrade G. C. MacNeil, Dominion secretary of the G.W.V.A. "The Canadian patriotic fund can no longer assist the dependents of these reservists, and there are only two courses open to them—starvation in Canada, or returning to their native land. These conditions are inconceivable, and the G.W.V.A. are working tooth and nail to readjust them by getting the Canadian government to level up the pensions

of the British reservists. To attain this end we must all get together on constitutional lines. Controller Cameron condemned the sentiments uttered in the Arena on May Day. "It is unthinkable that those who have paid the supreme sacrifice in France and Flanders for the salvation of a country should hand it over to those who made Bolshevist utterances in the Arena," he said. "Resolved, that we citizens of Toronto and Great War Veterans do urge the Canadian government to enter into immediate negotiations with the imperial authorities, with a view to the pensions now paid the dependents of imperial reservists now resident in Canada, and Canadian citizens, who are also imperial pensioners, may be increased to an equality with C.E.F. pensions."

"I Shall Have to Quit, Principal, I Cannot Manage This Class"

"HOW is that?" "Well, I have tried hard enough, but the worry is too much for me and has got on my nerves."

"You should not worry!" "That is just what everybody tells me, but I cannot sleep nights, and can only think of the troubles I will have with the class next day. I have stood it as long as ever I can. The doctor says I must quit before it is too late."

"Did you ever try Dr. Chase's Nerve Food?" "No, I never have." "I have never used it myself, but I have heard so many of the teachers telling about how it helped them when they were on the verge of a nervous breakdown that I have come to think there must be something in it."

"Yes, I have often heard about it, too, but did not just think that it would help me. Perhaps I had better try it."

RETURNED MEN DEMAND DEPORTATION OF ALIENS

Winnipeg, May 2.—Acting upon suggestions thrown out by the delegation of returned soldiers, which waited upon the government Thursday night, Premier T. C. Norris today sent the following wire to Acting Prime Minister Sir Thomas White and Hon. Arthur Meighen as acting minister of justice:

"Deportation of returned soldiers, about 150 strong, waited on this government and urged immediate internment and deportation of alien enemies; also want all property belonging to aliens confiscated and sold, and the money applied to orphans' and widows' fund. Strong speeches were made. Great discontent among returned men, owing to presence of so many alien enemies. Very insistent that something be done.

(Signed) "T. C. Norris."

G. A. C. MEETING.

G. A. C. veterans will hold their next regular meeting on Friday next. Many important matters will be taken up. Henceforth all regular general meetings of the association will be held on the second Friday of every month.

TO WELCOME FIFTEENTH.

Lieut.-Col. J. H. Moss, O. C. 8th Mississippi Horse; Lieut.-Col. Lockhart-Gordon, D. S. O.; Lewis Howard, J. Crasbley and Mayor Church are holding conference with Brig.-General Gunn at the mayor's office on Monday afternoon to devise plans for the reception of the 15th Battalion upon its return to Toronto.

AN IMPORTANT WITNESS IN MURDER CASE

Guelph, May 2.—Provincial Inspector Miller arrived in the city today with Miss Rae Burdette of Muskegon, Mich., who is expected to prove an important witness in the murder and robbery trials which will open here on May 19. Miss Burdette was staying at Tom Mallott's house at the time that Mike Handyside was robbed, and Alex. Duki shot to death, but left Guelph afterwards. She was located at Muskegon by Detective Miller and willingly came back to Canada when requested to do so. She is being held in the county jail as a material witness for the trial.

SHORTENING THE TRIP FROM MONTREAL WEST

Montreal, May 2.—The Canadian Pacific Railway has decided to run, commencing June 1, a new daily limited express train to be called the Trans-Canada Limited, connecting Montreal and Toronto with Vancouver, which will reduce the transcontinental trip to less than four days, and save a full business day to passengers leaving Montreal or Toronto for Winnipeg, Calgary or Vancouver.

The time schedules of the Trans-Canada Limited show a running of 92 hours and 15 minutes eastbound from Vancouver to Montreal, and 93 hours and 20 minutes westbound from Montreal to Vancouver.

The new train will not interfere with the running of the old transcontinental trains No. 1 and No. 2, Montreal to Vancouver, and trains No. 3 and No. 4 Toronto to Vancouver.

Prosecutions at Brantford Under the Temperance Act

Brantford, May 2.—Business of prosecution under the O. T. A. was thriving here during the quarter ending April 30, according to the report just sent by License Inspector Eccret.

There were 34 drunks in the Brantford police court for total fines of \$380, and 14 other cases for fines of \$2450. There was also one commitment to jail. The inspector himself, in addition to the police, had five cases, netting \$1600 to the province.

"BIG FOUR" SPEAKER AT ROTARY CLUB

Col. Hunter Holds Brief for Veterans' Club-houses.

"The corner loafer is a dangerous statesman." That expression of opinion is the keynote upon which Lieut.-Col. Hunter yesterday addressed the Rotary Club in support of the Big Four campaign. "Give us the club-houses," continued the colonel, "and we won't undertake to train the men, but the men themselves will rise to the situation. Give the soldiers a comfortable home to rest their bones and they can send an agitator in vain to revile your luxuries. Under comfortable conditions the soldier is the easiest man to handle. He is the high priest of live and let live, but gentlemen, the priest needs a shrine." The colonel added that he thought they were going to pull thru not only in the matter of raising the million and a half, but in general matters also. There were many things to be remedied, and it would take a lot of pulling. Show a soldier he is getting a square deal and he will purr and draw in his claws. You cannot train a group of husky men for several years to forget the sermon on the mount and to suspend the Queenberry rules without some after effect. If he does one leap your writ of habeas corpus will be too slow to save the corps. The way to influence the soldier is to show him, not shove him. He has now put off discipline and taken on independence. J. H. Gundy, at the same meeting, said the city was under a great obligation to the Rotary Club for the arduous work they had done in bringing together the federation for community service in the city.

MISSION TO LEPERS.

A good attendance of members listened to the illustrated lecture on work among the lepers in India, given in the parish hall of the Church of the Redeemer, the lecturer being Rev. Frank S. Ford, who spoke from personal experience in the work. The address was given under the auspices of the Mission to Lepers, which is interdenominational and international, and works for the establishment of asylums for lepers and homes for their untainted children. It has over ninety stations throughout the world, and is reaching over 15,000 of those afflicted and their children.

YOUNG BURGLARS HELD IN BRANTFORD

Brantford, May 2.—Jesse and Leonard Fawcett, 18 and 17 years old, of Hamilton, caught trying to break into Squires' hardware store last night, were remanded in the police court this morning to permit of their record being looked up. A search of the young men revealed a loaded revolver. They stated that this was their first trip away from home, and the first time they had ever been in Brantford.

NEW SERVICE TO NEW YORK

Visitors to New York city will be glad to know that the Grand Trunk Railway are inaugurating on May 4th, 1919, a through sleeping car service from Toronto to New York, leaving Toronto 5:45 p.m. daily and arriving in Gotham at the Pennsylvania Terminal. This will be a great convenience to visitors to New York as the Pennsylvania Station is centrally situated and is in easy reach of the latest hotels and the shopping and theatre districts. Ask Grand Trunk Agents for further particulars.

SOMERS SCHOOL SHOWS GRACEFUL DANCING

In the eighth annual spring festival held at the Arena Gardens last night, the Somers School of Physical Training demonstrated their position as in the front ranks of graceful and accurate dancing and similar arts. A program of massed and solo exercises which opened with the Grand Processional March, in which the hundreds of pupils of the school took part, was given to a large and admiring audience.

The "Sports of the Ancients" were illustrated in Roman games and dances, those taking part having their hair-banded and wearing the traditional tunic. A particularly brilliant bit of coloring and good acting was "By the Firelight," a kypsy scene, with Miss S. Firelight, a kypsy singer in the role of "Carmen." A number that evoked much enthusiasm was "Ballons," by the tots of the school. "Rhythmic

Movements" by the massed classes was particularly good, feet hands and figures swaying in beautifully rhythmic time. The solo work of Miss Verna Watson in the "Spanish Dance" and other numbers, was of the most perfect kind. The closing numbers, "The Children of the Nations" and "Spring-time," in which many took part, were respectively a brilliant and dainty finale to an altogether attractive program.

Accommodation is Inadequate In the Brantford Schools

Brantford, May 2.—Accommodation in local schools is so limited that there are 133 known pupils over six years of age refused admission, and no new pupils will be admitted until September next. A new twelve-roomed school is being erected here this year, but it will be filled by pupils now waiting, and the situation is likely to be worse than at present next fall, even after this new school is erected.

## NEWARK INDIANS TURN THE TABLES

Defeating the Leafs in Second Game Before Enthusiastic Crowd of 500.

Newark, May 2.—(Special.)—Bears waited until today to officially open the International League season. They celebrated in regal style, slammimg and lambasting the ball to all corners of Harrison field and pulling up only after they had gathered in 9 runs and 13 hits. It was much different from opening day, when Toronto had things its own way. The stage fright had worn off yesterday and the Bears went in and appeared and their wounded dignity by capturing a contest with 9 runs to 4 as the official arabic. Manager Gibson of the Toronto club sent in Bobby Heck, a southpaw, to lambast the daylights out of the Bears, but Bobby did anything but get by. The Bears started off on the losing end, but Rommel stopped it very sudden like. Especially was he effective after he got that six run lead to buoy him up. In the first inning Breckenridge singled, Gonzales sacrificed, and Whiteman, after two strikes, pulled a pretty hit to left on which Breckenridge galloped home. Onslow, always dangerous in the pinches, hit into a double play, Downey to Shay to Miller. The Leafs packed the bags in the next round but were again dealt a cipher by the irresistible Rommel. Sargeant getting a trial at short, booted one, Anderson fanned, Sandberg contacted and Hick walked, but Rommel put on some of his excess stuff and fanned Breckenridge, leaving three on base and a runner than the U. S. is going to be shortly. The third was a gay soiree for the Bears. They got tired of nibbling and suddenly began to take big bites out of the old pellet. Billy Purcell was guilty of a miscue that planted Sargeant on first base. Rommel took walk and Shay beat out a perfectly placed bunt, filling them up. Letter was hit and he crossed up Heck by bunting and beating it out, while Sargeant scored. Cather came thru with a beautiful hit, center, scoring Rommel and putting Shay on third. Miller hit Sandy, bringing in Shay. Then after Miller worked a perfect double steal, and both counted on Bruggy's hard wallop to centre. Letter's pass, Downey's single, and a bad throw to Letter by the pitcher, Sandberg, gave Newark a run in the fourth. Two more came in the fifth due to Miller's double, singles by Jacobs and Bruggy and Sargeant's two sacker. The Leafs' three runs in the eighth were the result of a steady game. The Bears and Purcell's triple and a nasty toss by Shay.

## Six in the Indians In the Third, by Heck

Newark, N.J., May 2.—Newark defeated Toronto today by a score of 9 to 4. Rommel pitching a steady game. The locals lunched hits in the third inning for six runs. The score: Toronto—R. H. O. A. ## Riverdale Lawn Bowling Club Officers Elected

The Riverdale Lawn Bowling Club's annual spring meeting was held in Broadview M.C.A. last night. President R. Izett presided over a good attendance of members. The necessary arrangements were made for the ensuing season and it is expected there will be a good increase in membership. It was unanimously agreed to make the members who enlisted, honorary members of the club. Officers for the season: President, R. Izett; vice-president, L. L. Grabbill; secretary, D. McDougall; 115 Jackson avenue; treasurer, J. Pollock; executive, T. H. Gentle, E. Kingsnorth and G. H. Armstrong.

## Argos' Forty-Sixth Annual Next Week

The 46th annual meeting of the Argonaut Rowing Club will be held up town Wednesday, May 7th, at 3 p.m. on the purpose of receiving reports, election of officers and executive committee for 1919, and transaction of general business brought before the assembly. This is the club's last season at York street, owing to harbor improvements, and a decision must be arrived at as to whether it is wise to move to the Island, or to the New Western Gap, city side, and this question also involves just what kind of a new club house ought to be built. The A. R. C. shall be particularly glad to welcome returned veterans, or any other members or prospective members.

## Baby Club Leads The International

At Reading—Reading won the final game of the series with Binghamton, when Donovan was sent in as a relief pitcher in the ninth and couldn't control his spitter, score 2 to 1. Weiser, Serriz and Doolan were hit by pitcher, and Weisinger walked, forcing a run. The visitors' only tally came in the ninth when Doolan made an overthrow of Gray ground, scoring Donovan and Smith; Brown and Hayden. At Baltimore—Baltimore was just about twice as strong on the offensive as Rochester in a key hitting contest, which resulted in a fifteen to eight score. All pitchers showed lack of spring training. Scores: R.H.E. Baltimore . . . . . 16 0 2 12 1 1—15 9 3. Rochester . . . . . 3 0 0 3 1 0 2 0—8 11 1. Batteries—Lewton and Egan; Brogan, Springer and O'Neill. At Jersey City—Jersey City outslugged Buffalo and won by a score of ten to five. The victory enabled the locals to break, even in the series. Of Jersey City's 14 hits, five were doubles and two triples. Scores: R.H.E. Buffalo . . . . . 0 0 0 4 0 0 1—5 13 5. Jersey City . . . . . 4 0 1 0 0 0 6 0—14 9 2. ### BROOKDALE HORSES COME IN FINE FORM

The Eight in Training Have Fast Ride by Express From Barrie.

The Brookdale stable, belonging to A. E. and S. Dymont, arrived yesterday from Barrie. The horses came by express and the eight head which comprises the string, were on the car just a little more than three hours, unloading at Cherry street just after noon.

Four four-year olds, one three-year old, and three two-year olds are the line up for the fray this season. All but the two-year olds are plate eligibles, and three of these ran last year, May Bloom, Blackburn and Sadducee, being placed third, fourth and fifth respectively. The last named had a rather rough passage, as he is a high-strung and powerful gelding and the boy could not control him. However, he has numerous admirers, being absolutely sound with the size neatly proportioned on racy angles.

Friends of May Bloom will experience little difficulty in spotting her during the progress of the race as the prominent white fleck on her face is noticeable at a great distance. The stable help praise her highly. She is sound and resembles Heresy much more than Red Fox.

Gallopin is a stout built horse, not very rangy, and has gained the nickname of Charley Chaplin, so called by the stable assistants because of a limb deformity which causes his right fore foot to turn outward similar to the amusing pose of the popular comedian. This, however, does not effect his gait when in action, in fact he is well considered by his owners.

The three-year old, Modock, is known to be a fast gelding but unfortunately possesses a suspicious knee, caused by breaking thru a fence when a yearling.

Trainer George Walker is particularly attached to three two-year old fillies, and they take the call of the stable for looks.

Woodbine and Anmut are constructed on the slight pattern, and are rather tall but not so pronounced as to be of the "leggy" type. They are best described as typical thoroughbreds, and boast of fine sinewy limbs, long and slightly crested necks, with a well ribbed middle and grand quarters.

Dependable is of that pleasing conformation for which the breckney is noted, and might be considered a lady's mare, or a favorite to one not insisting on the breezy type. She is a very sound filly, apt soon to grow into a useful performer, providing speed is developed. Jocky Casey formerly with "Red" Walker, is with the stable and will have one of the mounts on the holiday.

The list in training follows:  
Four-Year-Olds.  
Blackburn, b. g., by Red Fox II.—Heresy, Sadducee, br. g., by Heresy—Solid Comfort; May Bloom, b. m., by Heresy or Red Fox II.—Belle of Mayfair; Gallopin, ch. g., by Red Fox II.—Donation.  
Three-Year-Olds.  
Modock, ch. g., by Tippecanoe—Minnewaska.  
Two-Year-Olds.  
Anmut, b. f., by Tippecanoe—Solid Comfort; Woodbine, b. f., by Tippecanoe—Hera; Dependable, ch. f., by Tippecanoe—Dependence.  
The brown mare Sceptre, by Red Fox II., now a four-year-old, was thrown out of training and bred to Tippecanoe. Eight yearlings remain at the farm, five being colts and they are a very uniform lot. Seven foals have arrived this spring, five colts and two fillies.

The track was far from fast again yesterday due to the rain during the night, and as a high, cool wind prevailed the majority only galloped their charges. The Davies' aged mare, Easter Lily, was breezed a half in 55 2-5 while Trainer John Walker allowed the plateurs Alice in Wonderland and Fair and Warmer, to negotiate the four furlongs in 57 3-5. Hemsphere, a plate candidate, worked a mile in 2:01 3-5, and Trainer McNaught let the Melcher plate breezer 1-2 in 57 2-5. The two-year-olds, Melba, Pophy, Gallant Groom and Cullughburn, in the same stable, stepped a quarter in 25.

EMPIRE'S CITIZENS DIE BY MILLIONS

Presbyterians Ask Help for Famished Hordes of Loyal India.

The Presbyterian and Westminster has received a letter, under date of March 11, from Rev. Dr. John Wilkie...

"We are in the midst of a very serious time. You know of the failure of the rains and of the famine conditions that prevail everywhere."

"Over 6,000,000 died from flu in the two months it raged here. That all happened at the very time when they should have sown their wheat, in a village of four families...

"What makes it so trying is that all food is away up to twice the price it ever was in any famine I have seen here. We meet whole crowds who have had nothing to eat for days, but a kind of berry that grows on the thorns here that is nearly all stone...

The Rev. Dr. John Somerville, treasurer of the Presbyterian Church in Canada, Confederation Life Building, Toronto, will be glad to receive any who wish to help in the serious situation prevalent among our fellow-citizens of the empire.

### SEEK INFORMATION ON SHIPBUILDING

#### Toronto Deputation Asks for Construction of Government-Owned Elevator.

Ottawa, May 2.—Some interesting information as to the shipbuilding situation came to light today when a delegation from Toronto called on the government. Some weeks ago, a Toronto delegation urged the government to give to Toronto yards a share in any shipbuilding orders given by the Dominion government. When the subject was again under discussion today, Hon. C. C. Ballantyne, minister of marine and fisheries, said that after yesterday's meeting, he received an offer for all the government owned ships at \$100 a ton. "That would have given the government a profit," said Mr. Ballantyne. The offer was not accepted.

"The Dominion government is not worrying about its ships," Mr. Ballantyne added, "no country in the world, which ordered as good a ship, had so low a price as the Dominion government."

#### Works for Toronto.

In addition to shipbuilding the delegation urged the construction of a government owned elevator at Toronto. On this question, the board of grain commissioners is to make a report. The delegation was headed by Mayor Church, and accompanied by the Toronto members of the house. It was received by Sir Thomas White, Hon. F. B. Carvell, C. C. Ballantyne and A. K. Maclean.

### PLAYS, PICTURES AND MUSIC.

#### At the Alexandra.

Toronto playgoers have been afforded unusual opportunities of seeing the best stage has to offer in the past few bookings at the Royal Alexandra, and Manager Solman continues to maintain the high standard when he brings Miss Elsa Ryan, in the Bol Cooper Megreue comedy, "Tea for Three," to his theatre next week. It is by far the best thing the author has done, and his work claims rank with that of the master hand of stagecraft, George Bernard Shaw. Miss Ryan is seen to advantage in the role of the young society woman, and by Norman Hackett, Hayden Stevenson and others.

Edward H. Robins will present at the Royal Alexandra Theatre, the week of May 12, a distinguished company of actresses and actors, in the most recent of the New York releases, "Someone in the House."

This play is the best of the recent mystery comedies of which New York has seen so many this season. Prominent among the noted members of the 1919 company will be that delightful English star, Miss Estelle Winwood, Terlinck's "The Betrothal," created such favorable comment, and "Someone in the House," which was the most promising stage today, whose services at the present time are in much demand. Seats for all performances of "Someone in the House" will be placed on sale next Thursday morning at the theatre box office.

#### "The Country Cousin."

"The Country Cousin," with Miss Alexandra Carlisle, playing the stellar role, comes to the Princess Theatre Monday, with the usual commencing of a week's engagement commencing Monday. This comedy is precisely what the late American play "The Bachelor" in an intensely amusing fashion the best and worst traits of our neighbors, and brings into sharp dramatic contrast the artificial life of a certain spending class in the cities, and the simple life of those in the smaller communities.

Both Parkington, who has many notable successes to his credit, and Julian Street, satirist and writer for magazines, are the authors of "The Country Cousin." The play is not a rural drama, as its name might imply, but is a smart satire on society.

Miss Carlisle, accomplished and charming actress that she is, has inherited the role of Nancy Price with all the attractive sweetness and resolute buoyant hopefulness that characterize today. Associated with her and under the direction of Klaw & Erlanger and George C. Tyler, is a large company of competent players, chief among them being Alfred Lunt, Genevieve Tobin, Grace Hampton, Julia Stuart, Helen Holcomb, Jack Crosby and Phil Heege.

#### "The Trail of the Lonesome Pine."

"The Trail of the Lonesome Pine," which is the masterful dramatization of the striking novel of the Virginia hills, by John Fox, Jr., author of "The Little Shepherd of Kingdom Come," will be the offering at the Grand all next week. In this play Eugene Walter, the famous dramatist, is seen at his best. As one inspired, he has wonderfully pictured the unusual characters and stirring scenes of the book. June, who is loved by three million book readers, is seen in all her primitive wildness and dexterity under the eye to the beautiful creature painted by John Fox. In the flesh she is even more bewitching than is the charming character in the novel. John Hain, Dave Tolliver, Bob Berkley, Uncle Billy, Red Fox and other characters are all seen in the play, even as they appear in the book. The play is a faithful portrayal of the strange people and scenes of the nearly unknown Virginia hills.

#### Next Week at Shea's.

Gertrude Hoffman in a series of dances and impersonations headlines a bill of more than usual interest at Shea's Theatre next week. This distinguished woman, whose name is familiar to the playgoers, has won laurels already.

assisted by an augmented orchestra. As the Indian chieftain, Caupolican brings to Shea's patrons a unique offering. William Ebs will present vaudeville's latest novelty, "The ventriloquist he is said to have no peer. The special extra attraction is said to be the season's biggest comedy hit, and will be presented by Maestros Vernon Wallace. It is entitled "Georgia on Broadway." Jimmy Savo and Company appear in a salvo of screams, while Miss Fremont Denton will present "Handkerchief No. 13." Norman Taimo, the balancing billiardist, and Strasselle's animals complete a very entertaining performance.

#### At the Gayety.

For those who appreciate the "sport of kings" the all-British picture, "A Fortune at Stake," at Loew's Theatre and Winter Garden, next week will prove a treat. From start to finish one is carried away by the sporting atmosphere of the whole production, which leads the gay, sporty flavor without a trace of coarseness. Miss Violet Hopson, "the English Orchid" of the screen, is seen as Lady Launcelot, and Gerald L. Martindale, the gentleman rider, "Help, Police," a musical comedy gem with an exceptional cast, headlines the vaudeville. It is a bright, witty, girly revue of two drummers in Mexico. Marie Fitzgibbon, "a sprig from Erin's Isle," in a sparkling and sprightly musical in a sparkling and sprightly musical in a hilarious skit; Frawley and West, daring gymnasts and clowns; Paul and Jessie Gray, the vaudeville duo, and the Gaynor Girls, offering a laughable sketch, "Morning In"; the "Mutt and Jeff" cartoon, "Mutt, the Mutt Trainer" and "The Mutt and Jeff Canadian Wanderer" completes the bill.

#### At the Star.

In the midst of the splendor of the setting of the "Ferial Garden" fantasy which he is introducing in London with Ethel Levey, a shower of shrapnel broke thru a skylight and fell onto the stage. This is just one of the rather exciting experiences which Mr. Kelly relates as having given zest to his engagement in the English metropolis.

Mr. Kelly went to London as a star in the talk revue at the Empire Theatre, and besides introducing his unique "Professor Dope," which he originated in the United States some years ago, he played a variety of roles which demonstrated his versatility. The "Ferial Garden" scene presented him as the first of the hundred husbands of the Sultana (Miss Levey). He returned to America early in January and will be seen in a new play by Jack Singer for a season of burlesque. He is again starring in his own show, which will be at the Gayety theatre next week.

#### Hippodrome Next Week.

Peggy Hyland in "The Rebellious Bride," the delightful William Fox comedy drama, will headline an attractive bill at Shea's Hippodrome next week. The story is a romance of the Ozark mountains, a full of excellent comedy and startling incidents. This popular star has many followers in Toronto, and will undoubtedly again prove a favorite vaudeville performance is headed by John F. Conroy and his diving Venuses, while a comedy farce is contributed by Whitfield and Ireland, Fraser, Bunce and Harding are songsters and Samard and Sona are designated as the "Russian Peasants." Fred Rogers, in a lively skit, the Pathe News and comedy complete the bill.

#### Dustin Farnum at Regent.

That big, burly delineator of western characters, Dustin Farnum, will appear at the Regent Theatre next week in his latest release, "A Man in the Open." For an actor of Farnum's type, this is a suitable story. He is in every way qualified to make the most of the character of Salior Jesse. After a scene, showing Farnum as a shipwrecked sailor, the acting proper begins with his experiences as a rancher. There many thrilling scenes which occur from this point, but the climax of the story leaves nothing to be desired. The rugged mountains, the woodland

### Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy nose, cottony tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter. Everyone, whether ailing, sick or well should, each morning, before breakfast, drink a glass of hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's waste. This acid, sour bile and poisonous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast.

The millions of people who are bothered with constipation, biliousness, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quart of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

# Why Italy Defied America's Peace Ideals

With rare foresight more than two years ago a German newspaper, the Bremen Weser Zeitung, named the Adriatic question as "the surest source of future discord within the ranks of the present Allies." Its prophecy was vindicated in startling fashion on April 23rd, when President Wilson gave to the world his reasons for opposing Italy's claims to the Adriatic port of Fiume, and Premier Orlando, protesting that the President's statement "ruins everything," quit the Peace Conference.

The leading article in THE LITERARY DIGEST this week makes clear all the points in this latest development. It shows what Italy is striving for, who is opposing her and why; it explains the positions of Lloyd George, Clemenceau, and President Wilson; it presents all shades of public opinion in the countries concerned.

Other striking articles in this big, interesting number of "The Digest" are:

- The New Danger of a Russo-German Alliance
- What May Happen If the Associated Powers Fail to Deal Successfully With Russia
- Our Pledge to Aid France
- Korea's Struggle For Independence
- Plain Speech From Salvador
- One Uncrippled Industry in Belgium

## Pathe, Famous Film Company, Cooperates With "The Digest"

On and after May 4th, the famous Pathe Exchange, Inc., with its ramifications extending into every section of the world, will co-operate with THE LITERARY DIGEST to show "The Literary Digest Topics of the Day" film in the many B. F. Keith vaudeville theatres and in the foremost motion picture houses. This feature has already found its way into hundreds of representative theatres and its popularity can best be judged by the fact that it has retained a prominent place in each week's program for many months past. A running fire of laughter and applause is created by the entertainment, which consists of witty and satirical comments on men and events and "punch" paragraphs dealing with political, social, and other foibles of the hour, selected by "The Digest" from the press of the world. The Pathe organization will be the medium through which it will be shown on the screen to millions of men and women who have not yet enjoyed it.

#### Twin Beds.

"Twin Beds," will be the attraction at the Grand Opera House, starting Monday, May 12. Laughter is said to never leave off in "Twin Beds." It's never all the time, a tornado of harum scarum fun. The play concerns itself with the harrowing experience of three couples who live in a large apartment house, and through the friendliness of one of their number, suddenly find that, try as they may, they cannot escape each other. The characters are intensely amusing. The cast includes Antoinette Roubicek, Augustus Aramini, Ten Eyck Clay, Herbert Light, Bess Stafford, Margaret Phillip, Marty Brennan and others.

#### Canadian Shares Honors With Foch, Haig, King Albert

New York, May 2.—Brig.-Gen. W. O. H. Dods, C.M.G., D.S.O., of the 5th Divisional Canadian Artillery, has been awarded a diploma of life membership and the insignia of the organization by the New York State Commandery of the Society of American Wars. Similar honors were given to Sir Douglas Haig, Marshal Foch, King Albert of Belgium and Major-General Emilio Guglielmo. This was announced here at the annual meeting of the commandery held last night.

#### IS NOW FREE OF DEBT.

Woodstock, May 2.—The local Y.M.C.A. building is now free of debt and has been formally dedicated to the work of the association. Lady Falconer of Toronto last night unveiled a tablet in the building containing the names of the donors of the building.

#### Easy Way to Remove Freckles and Blisters

Some women have skin of such texture they occasionally are annoyed by the sudden appearance of freckles, slight eruptions or fine lines. In such cases if one will procure an ounce of ordinary mercurized wax at any drug store, apply a little of it before retiring, like ordinary cream, she can easily overcome the trouble. When the wax is washed off next morning, minute flaky skin particles come with it. The entire outer cuticle is removed in this way in a week or so, with all its defects. No bleach could so effectively remove freckles or blemishes. The new surface is smooth, clear, fresh looking. No pain or inconvenience accompanies this simple treatment.

### RIOTS OVER FOOD IN SPANISH PROVINCE

Ten Killed and Many Seriously Injured in Clash With the Police.

Madrid, May 2.—Ten persons were killed, 16 seriously injured and a large number slightly wounded in disorders arising from demonstrations of protest against the high cost of living in the province of Tarragona on April 28.

#### ALGONQUIN PARK SUMMER SEASON 1919.

The Grand Trunk Railway System owns and operates in Algonquin Park the Highland Inn at Algonquin Park Station and Nominigan Camp on Smoke Lake (seven miles from Algonquin Park Station). This camp is by stage operated by management of the Highland Inn. The Highland Inn will open for the reception of guests for the season of 1919 on June 14 and Nominigan Camp will be opened on June 23.

#### MEMORIAL OAK TREES ARRIVE.

Woodstock, May 2.—The 150 English oak trees which are to form the memorial drive at Southside Park arrived today, and the work of planting them is under way.

### TORONTO ISLAND DELIVERY.

Delivery of The Morning News at Hart's Island, Centre, Island and Ward's Island will resume on May 14. An early and efficient service is assured. Orders telephoned to Main 5308 will receive prompt attention.

### END SESSION IN JUNE, IS RUMOR AT OTTAWA

Ottawa, May 2.—There is a revival of talk around the corridors of parliament as to the possibility of the present session being brought to a close in June with the understanding that the house would meet again in the autumn. This would involve the shelving of considerable legislation including, possibly, the federal franchise act. This plan would not be objectionable to the opposition, it is stated.

### SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Weyth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually. It darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks are wanted around, so get busy with Weyth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

RIGHTS TO CLAIMS MUST BE DECIDED

Havoc of War Among Former Prospector Has Beclouded Titles to Properties.

In Toronto mining groups there is a good deal of enquiry about West Shining Tree claims, and a number of properties have been placed under option. But men best informed concerning the new camp believe there will be exceptional difficulties found in the way of transfers and titles, and the formation of companies. The great majority who went in there in the rush of 1912-13, were young fellows, the overflow of the older camps settling down to mining conditions. In a great many cases these young fellows grouped their claims, and did the work upon them under co-operative conditions. They sold interests to help along until the way would be clear for making a turn over; but when the war came they threw down their picks, shovels, drills and hammers, and enlisted without thinking twice what might become of the partnerships they had formed or the syndicates they were in. Of course, their claims were protected by their absence for the duration of the war, and there was not the least necessity for the partners who remained on the spot to do another tap of work. And they did not. They went off to get other jobs while work and wages were good in Sudbury and in the cities.

The soldier interests will be hard to straggle out. Many of the boys have been killed, and it is not easy to get at their wills or their next of kin. Meanwhile, nothing can be done with the properties. They cannot be legally optioned or transferred, or dealt in under the wide variety of agreements that were known in the camp. Where, however, the titles are clear, there is no difficulty in attaching to Shining Tree property bona fide interest.

There are at least two big deals under consideration at the present time for groups of Shining Tree property in the heart of the camp. The Hollinger Consolidated, the greatest gold mine in the world, and now valued in the stock market at \$33,210,000, is 70 miles due north.

In Shining Tree there are 27 properties with visible gold, nearly one-third of them with fabulously rich showings. No mining camp in the world has an equal show of native gold. There are also very rich tellurides of gold.

Three shafts have been sunk on the WEST TREE MINES and there are 10,000 feet of trenching and stripping and a number of open cuts and test pits. Fifty thousand dollars has already been spent in development and equipment.

WONDERFUL ASSAY REPORTS Limited as is the exploratory work the results are phenomenal. Fourteen veins were independently sampled. These samples were assayed by Ledoux & Company, 99 John Street, New York, on the 10th of April, 1919.

The results from sampling are as follows: No. 1 Vein—Gold per ton of 2,000 lbs. after drying \$820.39 No. 2 Vein—Gold per ton of 2,000 lbs. after drying 2935.07 No. 3 Vein—Gold per ton of 2,000 lbs. after drying 1427.47 No. 4 Vein—Gold per ton of 2,000 lbs. after drying 799.52 No. 5 Vein—Gold per ton of 2,000 lbs. after drying 1586.62 No. 6 Vein—Gold per ton of 2,000 lbs. after drying 965.08 No. 7 Vein—Gold per ton of 2,000 lbs. after drying 11.16 No. 8 Vein—Gold per ton of 2,000 lbs. after drying 72.35 No. 9 Vein—Gold per ton of 2,000 lbs. after drying 92.39 No. 10 Vein—Gold per ton of 2,000 lbs. after drying 92.39

Vein No. 8 gave \$5.37 and veins 11, 12, 13 and 14 were each under \$2.00 per ton.

SILVER TO ADVANCE? New York, May 2.—The New York assay office and the mint have begun paying out fine bars over the counter for the price of silver. During the war period silver deposits were paid for in cash. All silver acquired was melted down for government requirements.

MOVE IN C. P. R. C.P.R. has been showing strength in New York lately, and yesterday sold at 16 1/2, a net gain of 3/4. C.P.R. had been so long backing and filling around 160 that the break out of the rail has attracted attention, particularly following as it does the publication of an unfavorable statement of net earnings for March.

MONTREAL PRODUCE MARKET. Montreal, May 2.—The only change in the local market for fresh grain was a further advance in price of silver. Durum wheat, per car lot, \$2.11 to \$2.12; No. 3 winter, per car lot, \$2.07 to \$2.15; No. 1 spring, per car lot, \$2.09 to \$2.17; No. 2 spring, per car lot, \$2.06 to \$2.14; No. 3 spring, per car lot, \$2.03 to \$2.10; Peas (According to Freight Outside), \$2.00 to \$2.05 nominal; Barley (According to Freight Outside), Malt, \$1.00 to \$1.05.

APRIL BOND SALES The municipal bond sales in April, 1919, as compiled by The Monetary Times, totaled \$1,349,202, compared with \$1,898,514 for the previous month, and \$2,968,995 for April last year, showing a small decrease for the month, and a large decrease for the year. The following is the summary by provinces for April:

Table with 2 columns: Province, Amount. Ontario: \$369,902; Manitoba: 460,000; Alberta: 218,850; Saskatchewan: 63,650; British Columbia: 400,000; Quebec: 39,900; Nova Scotia: 8,000.

Total municipal...\$1,549,202 There were two provincial issues during the month, viz., Saskatchewan \$3,000,000 and Ontario \$3,000,000. No offering has yet been made of the Ontario bonds, but it is supposed that the purchasers are waiting till after the United States victory loan, when the market will be more settled, and then offer the bonds according to the offering.

ADANAC ADVANCES ON HEAVY BUYING

Hollinger and McIntyre Hold Sharp Gains — Strength Shown by Nipissing.

Adanac advanced in strong demand yesterday, while Hollinger content to pause for the moment at a seven-dollar mark, and McIntyre a lower between 1.55 and 1.54, the morning spell in these stocks, after an extremely rapid advance, was to be followed. The day's transactions were more than 225,000 shares, well above the recent standard of activity. Business was particularly lively in afternoon session. Traders are showing an inclination to take profits in certain issues, and to invest in a bull market commonly witnessed in a bull market.

Adanac came into the foreground in a dramatic fashion, with a turnover of 100,000 shares, and a further advance of more than two points. The opening was at 7 1/2, on a parity with Thursday's closing and the highest price of the day, 24, was reached when the going closed at 25. Manager of Adanac, who was in the city yesterday, said: "The world that high-grade business is being produced in a very big way. No. 2 vein is about a foot wide, and some samples of ore which are being produced are being milled and shown in operation. Mr. Cartwright reports that good progress is being made in the vein, and that the property looks better today than at any previous time."

Among the gold stocks to close with gains were Wasapika, up a point, at 11, Newray, up 3/4, at 17, and Dome Extension and Kootenai, each showing a gain of half a point, at 30 1/2 and 21, respectively. Recent promising finds near the mine have increased the speculative interest in the latter. Dome was slightly higher here at 14.00, while in New York, it was as low as 13.50, but with a return to 14.00 at the close. Lake Shore, at 1.22, Baldwin, at 3 1/2, and Dominion, at 65, were unchanged. Hollinger at 7.00 and McIntyre at 1.54 showed no change from Thursday's closing. In Toronto not long ago, McIntyre's Porcupine mines made record production. The developments at the mine at depth are of the most satisfactory nature. The drift at the 1100-foot level has penetrated in the ore body some 20 feet. The vein is 23 feet wide on the average, and developments are a repetition of what occurred at the 1000-foot level.

Dome Lake, at 25 1/2, was stationary. The latest news received from Dome Lake Mine is most encouraging, according to the manager of the mine, Captain C. L. Sherrill, the first bar of ore since the "rested" and anticipated further bars will follow on the 1st and 3rd of each month. It is anticipated that this month's run will amount to 200 tons.

Gold Reef was active and strong at 4 1/2, and all offerings being readily absorbed. Joseph Houston, M.P., has been engaged to make a report on a property, which covers 50 acres in a well-mineralized section of Whitney township. The company has no debts outstanding.

Nipissing Strong. Apart from Adanac, the "Baldwin" supplied two features in Nipissing and Timiskaming. The former has been heavily bought by New York interests for several days, and yesterday it closed at 11 1/2, a gain of 20 points over Thursday and 35 over the level of a few days ago. Timiskaming, which has been in the stock has been well accumulated for some months, and is being tipped for a further rise. Mining Company, which has lately sustained a loss of 50 points, rallied 15 points yesterday, to 1.65. Beaver, at 48, was off a point, and Ophir 1/2 lower, at 7 1/2.

TOUGH-OAKS CENTRE OF BIG COMBINATION?

At the adjourned general meeting of shareholders of the Tough-Oaks Gold Mines, held recently in London, the chairman, G. R. Bonnard, said that the company might figure "in a combination of interests which would form the largest and most important group of gold mines in Canada."

TO OPEN UP MINES AT KIRKLAND LAKE

Col. H. H. Johnson Leaves England for Canada to Resume Activities. Col. H. H. Johnson, one of the prominent mining engineers of the Rand, who just prior to the war, was consulting engineer for the Kirkland Lake Proprietary Gold Mines Limited, Ontario, left London for Canada this week in order to open up the property, which consists of three mines. He expects that the opening of these mines will afford employment to between 300 and 500 men.

DOMINION CANNERS MOVES UP SHARPLY

B. C. Fishing and Mackay Also Strong—Toronto Railway Continues Advance.

Dominion Canners, B.C. Fishing, Mackay and the Canada Steamship issue dominated trading on the Toronto Exchange yesterday, the first named being particularly to the fore in respect to strength and activity. Opening firm at 4 1/2, the stock moved up sharply to 5 1/2, and finished there, a net gain of six points, and that, the independent canning companies have signed up for another three years under a working arrangement with the Dominion Canners' industry. B.C. Fishing, which has lately been selling around 4 1/2, moved up suddenly to 4 3/4, closing half a point lower. Mackay extended its rally 3/4, to 7 3/4, registering further appreciation of the company's improved status since federal control has been withdrawn. The Canada Steamship stocks were well supported, and were firm, the common at 4 1/2 and the preferred at 8 3/4, each showing an advance of 1/2.

NEW YORK FUNDS UP AGAIN.

New York funds were quoted here yesterday at from 2 1/2 to 2 5/8 premium, the highest figure on record, and there seems little doubt of "keeping the rate much under three per cent, during the coming two months, in view of the heavy obligations maturing in New York around the first of July, also Canadian flotations across the border, including the \$3,000,000 issue of Ontario bonds, will have somewhat of a counterbalancing effect."

LOW-GRADE RAILS NEW YORK LEADERS

Many Long-Dormant Issues Advance One to Three Points—Bonds Irregular.

New York, May 2.—Buying of "re-organized" or low-grade rails on a scale almost without parallel in several years was the interesting feature of today's market, and contributed more than any other factor to the turn-over which, again attained large dimensions. The demand for low-grade rails, such as the Western Pacific, Denver and Rio Grande, Chicago and Great Western, Chicago and Alton and Ontario and Western ranged from 1 to 3 points.

Airplane Service for Mining.

If some one would lay out an airplane passenger and express service from the Timiskaming rails to the mining country behind, they could do lots of business. The roads are bad, the rivers are full of logs or rapids, and engineers, explorers, and miners would be glad to get back 20 to 30 miles by airplane in quick time, and to pay handsomely for the service.

NEW ROYAL BRANCHES.

Montreal, May 2.—The Royal Bank of Canada, announce the opening of the following branches: Elmwood, Man.; Winnipeg; Waterloo, Ont.; Midland, Ont.; Ingersoll Falls, Ont.; Guelph; Pointe St. Pierre, and a branch will be opened at Kitchener, Ont., some time this week.

Strong Bullish Construction Placed on His Words is Later Revised.

Chicago, May 2.—Bullish constructions placed on a speech at Duluth today by Julius H. Barnes, national wheat administrator, did a great deal to bring about a material fresh advance in the corn market here, but later the bullish aspects of the address received more careful study. Corn closed nervous, 2 1/2 to 3 1/2 net higher, with July \$1.65 to \$1.67, and September \$1.61 to \$1.62.
