DEMAND THAT RAILWAY EFFECTS BE PAID BACK SUBSIDY

Northrup (Hastings) Brings Up the Disregard of Obligations by the G.T.R. in Taking Over the Belleville and Hastings Line.

MACLEAN (S. YORK) SUGGESTS METHOD TOWARD REFORM

OTTAWA, Feb. 10.—(Special).—W. B. Northrup (East Hastings) brought up today the case of the Belleville and North Hastings Railway, which had been paid \$21,000 in subsidies for a road seven miles in length, and the road being taken over by the Grand Trunk, that company pocketed the \$21,000 and discontinued the operation of the line. Altogether \$37,000 was paid by federal and provincial governments the County of Hastings and Township of Madoc. Mr. Northrup argued that it was the duty of the government to compel the fulfillment of the obligations, but there was a doubt as to the powers of the railway commission.

FATHER SHOOTS SON—TRIES TO KILL SELF

Quiet Village of Moriel Stirred by Tragedy—Deed Result of Violent Temper.

WOODSTOCK, Feb. 10.—(Special).—A shooting affair took place at the Village of Moriel, nine miles southeast here to-day. Alfred Halsworth, aged 50, had quarrelled with his son, William, aged 24, who went into a woodshed and barricaded himself. The father got a shotgun and fired thru the door. The boy was wounded in the left hand and right arm, and screamed. Thinking he had killed the son, the father returned to the house, and taking down a shotgun turned it on himself. He was prevented from doing himself injury by a neighbor, Frank Fitch, who took the gun away. Then the old man attempted to swallow some carbolic acid, but again was prevented by Fitch. The latter took the cartridges out of the gun and in due time left, thinking Halsworth safe. The latter, however, had other cartridges in the house and fired three shots before he succeeded in seriously wounding himself. Part of his face and nose is blown off and he will probably die.

MURDER OR SUICIDE? MRS. M. A. BOOTH DEAD

Former Toronto Woman Found in Home of Physician With Head Split Open.

CINCINNATI, O., Feb. 10.—(Special).—Dead to-day sealed the lips that might have cleared the mystery of Mrs. Madeline A. Booth of Toronto, Ont., who was found in the home of Dr. H. H. Hoppe on Sunday with her head split open in three places with a hatchet, supposedly by a burglar. The woman died in the hospital, and the doctor who was called to attend her, James R. Earl Grey, Province of Saskatchewan, in September, 1902, when the couple were married in that city, but who, since their separation, is reported to work on the hatchet with which the woman died. TWO EARLY MORNING FIRES

Premises on Bay Street and East Queen Street Are Pretty Seriously Scorched.

Fire was discovered early this morning in the basement of the premises 758-760 East Queen-street, occupied respectively by the Messrs. Barrett, Wellman and Brooks Bros., 5 and 10-cent goods store. The fire started from a furnace in the basement and got a big headway. Live streams were got to work and the flames kept from spreading upstairs. Several families occupying rooms upstairs got out in the street. The loss to the Bowles Bros. firm is \$5700, with \$6000 insurance. Miss Barrett, who owns the building, values it at \$40,000. Her stock is valued at \$5000, with \$1500 insurance. The insurance was placed by Muntz and Beatty. Yesterday Bowles Bros. received \$1900 worth of China and were annoyed because they had not time to get it to the store. This stock, therefore, escapes the fire. There were ten families above the stores, and these had to escape by an outside stairs. Several were nearly suffocated. One, Mr. Brown, a jeweler, who is a cripple, was assisted to safety. Chief Thompson directed the fireman. At 1.40 this morning the premises at

JAPANESE CABLE TO JAPAN FOR EXPORT

Proposition Which the Navy League Will Discuss at a Special Meeting.

"What would be the effect upon our national destiny if the command of the sea be lost by the British fleet? Such a disaster spells the break-up of the empire—and what then?" This is the warning note sounded in the annual report submitted at the meeting of the Toronto branch of the Navy League in the Canadian Military Institute last night. This interrogation came after a reference to Germany's naval program as Canadian commercial interests in all parts of the world, and especially in the north Atlantic, the report continued demanded protection. The report reiterated the policy of this branch of the league, that while opposed to a direct cash contribution by Canada towards the up-keep of the navy, Canadian money should be spent in Canada, making naval preparation go hand in hand with the development of a truly Canadian maritime policy, the encouragement of Canadian shipbuilding, the proper equipment of Canadian merchant ports, and the employment of our maritime population, than whom no finer seamen exist.

Going further, the report recommended a system of coastal defence by torpedo vessels and emphasized the importance of Canada securing a dominant position on the North Pacific. Referring to the "air-line," the report said that had the scheme been associated with a system of colonial naval reserves it would have obtained the support of the other colonies. "That in the opinion of the Navy League, Toronto branch, a Canadian submarine cable to Japan, built under the supervision of the Canadian government, would be an important contribution to the defence of the British empire, as well as a great contribution to the development of commercial intercourse between British and Canada and Japan and other Asiatic countries," was a resolution moved by R. S. Neville, K.C., and on which it was decided to hold further discussion at a special meeting, also those present in London and other cities in accordance with the suggestion. Mr. Neville said that the north Pacific was the only important part of the commercial world controlled by British cable. The shortest cable possible would be from a point on the Pacific coast of Canada to the north of Japan, where the bed of the ocean was level and covered with ooze, which would be destroyed by fire to the north of it on a rocky bottom. Such a cable would be the shortest, the speediest and the cheapest both to lay and to operate, and the most secure in time of war. It would not cost \$5,000,000. In giving quick communication between the allies in London and the north of Japan, a contribution to imperial defence and drawing Japan closer to Canada, would assist in Canada's commercial progress.

BAD FIRE AT KINGSVILLE

Three Warehouses Containing Tobacco Destroyed.

KINGSVILLE, Feb. 10.—(Special).—Three warehouses, owned by George Jasperson, containing tobacco, were destroyed by fire to-day. The loss is about \$20,000, with small insurance. The firemen made a successful fight and save the Wigle warehouse across the street and the Thompson mill.

COUNCIL HAVE DECIDED TO ASK GOVERNMENT TO RAISE LICENSE FEE

Legislation Will Have to Be a Government Measure and Ald. Church Sees a Liberal Plot.

The city council decided yesterday afternoon to ask the Ontario Legislature to increase the liquor license fees in the city, therein adopting the board of control's recommendation after a brief debate. The taking of the matter to the legislature is evidence of the timidity of the pro-reductionists to submit the issue squarely for the people to pronounce upon. By the Liquor License Law Amendment Act of 1906, section 11, the council of any municipality may by tavern or shop licenses beyond the amounts provided by the act. If such bylaw is approved by the electors before its final passing in council. The Ontario Government had done something in the cause of temperance, he claimed, and could be trusted to handle the licenses justly. An advantage would be that faction fights in the city council over the question would be done away with. He charged that certain aldermen who had remained quiescent during the regime of the late Liberal government were not averse to embarrassing the Whitney government. After Ald. Vaughan had announced his willingness to go back to the people on the reduction issue, Ald. Stewart suggested ironically that perhaps the government hadn't the brains to handle the licenses, and that the board of control enjoyed a monopoly of the gray matter.

MOVES THAT COMMISSION REPORT ON TUBERCULOSIS

Dr. Godfrey Will Ask Legislature to Sanction a Thoro Investigation.

Dr. Godfrey is to move in the legislature that whereas the prevalence of pulmonary tuberculosis demands that action be taken by the legislature of this province to afford relief from existing conditions, and whereas the movement for the establishment of municipal sanitarium where sufferers from tuberculosis can give necessary treatment, and education to cure and prevent the spread of this dread disease has received practically the unanimous endorsement of the medical profession of this province, as well as that of the press, therefore, in the opinion of this house, a commission of three persons, two at least of whom shall be physicians, who have given some study to the question, should be appointed to investigate the conditions existing in the province in this regard and the advisability and practicability of the establishment of a provincial sanitarium, such commission to report to this house at an early date. Hon. Mr. Cochrane will introduce a bill to-day to amend the Free Grants Acts, dealing with mineral rights on these lands, and the debate on the address will be resumed by C. N. Smith at 3 o'clock, and R. R. Ganey will follow. The first of the usual sessional luncheons will be given at 12.45 to-day by Premier Whitney. Hon. Nelson Monteth has a trip to Quebec in prospect for the members of the legislature in connection with the increased grant of \$20,000 for the Ontario Agricultural College. A special train will be provided for the members, and no doubt they will be impressed with what many competent foreigners consider the biggest thing in the province.

CONFERENCE ON VIADUCT ON FRIDAY, IN SECRET

The board of control will confer with representatives of the G.T.R. and C.P.R. on Friday afternoon at 2 o'clock regarding the viaduct problem. It is understood that the railways will submit an alternative scheme leaving out the bridge over the waterway, which is being kept secret, the controllers declining to discuss it. The conference will be private.

THOUSANDS DESTITUTE.

PHILADELPHIA, Feb. 10.—An appeal for aid for destitute people in the Kensington Mill district of Philadelphia, one of the greatest industrial centres in the world, was made at the meeting of the Central Labor Union. A delegation of textile workers claimed that from 35,000 to 50,000 men, women and children were destitute.

The importance of technical education was emphasized by Messrs. Smith (Oxford) and Cockshutt (Brantford), and the debate was adjourned at 11.30 by Dr. Sproule.

SETTLERS GIVEN CHANCES TO GET RICH

Amendments to Lands Act Provide Opportunities for Acquiring Mines.

There were twenty-three members and the Speaker in the legislature yesterday when Hon. Frank Cochrane moved the first reading of his bill to amend the Public Lands Act. It is intended to obviate what the government considers an inherited condition brought about by the preceding government, which allowed settlers to go into the country anywhere and everywhere and take up land quite irrespective of its suitability for agricultural purposes. Schools, roads and other expensive improvements are required in such districts, also no adequate return is to be expected. In Buckle Township, for example, not above 25 per cent of the land is fit for cultivation, and it lies alongside the rich mineral township of Coleman. To remedy such mistakes, and to help the settler, the present bill has been designed. It provides that when it shall be made to appear to the satisfaction of the minister of lands, forests and mines, by inspection and report of an officer appointed by him for the purpose, that crown lands in any township, or portion of a township, not reserved from settlement are not valuable for mines or minerals, but are agricultural lands suitable for cultivation and settlement, the minister may, under order-in-council, open such lands to actual settlers, and such settlers shall be entitled to all mines or minerals thereafter found therein. The act is made retroactive, clause 2 providing that in all townships already opened for sale, the minister may, at the request of any purchaser or any person claiming under such purchaser, declare such purchaser entitled to the mines and minerals thereafter found if the same are the property of the crown and not reserved from settlement, and the act shall be deemed to have been made in any patent heretofore issued, where such is the property of the crown and not reserved from settlement, the owners of the land. In future no townships will be opened for settlement unless they have been carefully inspected and their suitability for settlement ascertained. Should any mineral by accident be discovered, or if, after the settler has been discovered, without being disturbed in his ordinary possession. It is objected by some that this will be unfair to mining men who can only get 40 acres at a time, and who must acquire 32 acres in order to get a license. This objection could only apply in a few cases, such as Buckle Township, where a system of small lots was introduced, but it rarely will be possible. The Liberal members are rather chagrined over the bill, as they have been in the past. Hon. Mr. MacKay, however, accepted it as a good sign. "There's no timber there," he remarked, "but they're going to use it—just a year or two behind. It's a bad mistake last year, but state-manship this year. It's a good sign, referring to the occasion when Mr. Whitney, misunderstanding a motion by C. N. Smith (Saint St. Marie), which had been shrewdly compiled from the Conservative platform resolutions, used the contemptuous epithet.

NEW BRITISH LAW WOULD PROTECT THE CHILDREN

To Prohibit Smoking of Cigarets by Juveniles and Protect Infantile Life.

LONDON, Feb. 10.—If a bill which passed its first reading in the house of commons this afternoon becomes a law, juvenile lovers of the cigaret will have a hard time indulging their appetite. The act is a government measure, which amends the existing laws for the protection of children. It prohibits smoking under the age of 16, provides penalties for anyone less than 16 years old caught smoking in the streets or other public places, and makes the sale of cigarets to any person under the age of 16 a punishable offence. Among other interesting features, the bill forbids juvenile courts throughout the country and calls for special places for sending them to the ordinary prisons. It proposes for children the imprisonment of children be entirely abolished. An effort also is to be made to end the terrible waste of infant life through drunken parents rolling on their children's bed. The returns show that 1500 of detention for an almost equal number of infant deaths, and penalties are provided for parents who leave children alone in rooms with unguarded fires.

PROCEEDINGS BEGUN TO UNSEAT COUNCIL

Thirteen Members Who Are Alleged to Be Not Qualified for Office.

The quo warranto proceedings to unseat Mayor Oliver, Controllers Harrison, Hocken and Spence, and Aldermen J. J. Graham, Vaughan, Foster, Breidin, Bengough, Hales, Adams, Keeler and R. H. Graham, were set in motion yesterday by Miller, Ferguson & Hughes, when a fiat was secured from the master-in-chambers which allows for the filing of the necessary notice of motion.

It is claimed that the members named did not file the statutory declarations, and the required property qualifications, are not British subjects (this aimed more particularly at Mayor Oliver) and have neglected to file declarations of qualification.

George Milligan is the applicant, and he furnishes the costs of \$200 that he will be responsible for the costs of the men attached should his application fail.

Widmer Hawke, manager of O'Keefe, Browne, and Edward D. Brown, manager of the Dominion Brewery, also give sureties for the amount of \$100 each. As three applications are made, the bonds call for \$1200.

The applications intimate the intention of the applicants to use the assessment roll of the City of Toronto and the records of the election, and two alleged declarations of Joseph Oliver, clerk of the council, and to call as witnesses the members appointed against City Clerk Littlejohn, John H. Price, John Patterson, the register of deeds, Toronto; Annie Alkens, mortgagee of home of H. C. Hocken; manager of Landed and Banking Company, Toronto; George Saunders; Rose M. Smith, mortgagee of property of Controller Harrison; Frederick Macklem, Ira Starkey, an officer of the Excelsior Life Co.; Esther A. Maddison, E. C. Scoley, the city treasurer and T. Beverley Jones.

An effort will be made to show that some of the council have their property too heavily mortgaged to permit of property qualifications.

A possible loophole for technical proceedings quashing the bylaw has been found in the fact that no record has been kept of the vote of council on the first reading of the bill. Neither was there a vote taken on going into committee of the whole, and this it is claimed is a "stage" and therefore should be a record of the vote. A case is cited where the absence of a record of the vote nullified the act of council. A bill of Mr. E. J. Lennox, architect, had been passed by council, but no record of the vote had been taken. The following day the city treasurer was instructed not to pay the bill until it passed the council again.

"One of the 'lucky thirteen' said last night he did not think they, at least, would take any action to unseat the remaining ten members of council."

AN AGED LADY FATALLY BURNED IN HER OWN HOME

Col. Gibson Will Be Ready With Street Car Proposal on Thursday.

HAMILTON, Feb. 10.—(Special.)—Mrs. Jaggard, an old lady 70 years of age, was fatally burned this evening. She lived alone on the mountain about half a mile east of the Wentworth-street incline. In some way the house caught fire and was burned to the ground. She was carried out unconscious, frightfully burned, and was taken to the city hospital. The doctors said she could not live until morning.

Dorothy Hammett, 329 North Wentworth-street, was run over by a heavy coal sleigh this afternoon, and one of her legs broken in two places.

It was announced at this evening's session of the city council that Col. J. M. Gibson would have his proposition with reference to improvement of the street railway ready by Thursday, and the council will wait for him. Also the city solicitor gave it as his opinion that since the council had passed amendments to the bylaw agreement with the company an order could be secured from the Ontario Railway Board giving Hamilton a good railway. A special committee was named to consider the advisability of appointing a plumbing inspector. The bill giving Hamilton the right of having a board of control was sent to be considered at a special meeting of the council.

The sum of \$5000 was set aside for a permanent smallpox hospital. The grant to the widow of the late Fireman Green was increased from \$50 to \$60, and Aid. Dickson announced that he would move later for the establishment of a fund to cover such cases.

Cal. McCarthy, the veteran hackman, died to-night.

Charles John Stoneman, 42 Albert-road, a grandson of Col. Stoneman, died to-night. He was a member of the 91st Regiment Band and will be buried Thursday afternoon with military honors.

Mrs. Elizabeth Crombie, 181 East Jackson-street, died this afternoon.

The Hamilton Y. M. C. A. basketball team defeated the Central Toronto, 63 to 23, in the Alexandra rink. The half-time score was 35 to 8. The teams: Hamilton, Smith and Henderson; Central, Arnold, centre; Chadwick and McKeown, defence.

Toronto (23): Jardine and Powell, forwards; Harding, centre; Henderson and Souler, defence.

COUNCIL HAVE DECIDED

Continued From Page 1.

Ald. McMurich introduced a motion involving an appeal to the legislature. If the board of control were going to arrogate such powers to itself, the committee might as well be abolished. Aid. Keeler, the chairman, explained, however, that he was willing to waive the right in order to save delay.

"The board of control may run Aid. Keeler, but it can't run other members of the council," interjected Aid. McMurich.

Ald. Bengough, chairman of the meeting, called for a truce while he read a letter from the city solicitor.

"Any legislation of this kind would have to be a government measure, and could not be introduced by a private member as an amendment to the Liquor License Act," wrote Mr. Chisholm. "The proper procedure, therefore, would be for the board of control to wait upon the members of the government and ask them to have this legislation introduced."

Controller Spence thought this didn't alter the situation, and intimated that the constant city relief officers would be thrust forward his opinion. License fees were low, and especially so in view of the fact that the number was to be reduced.

Ald. McMurich asked how the cause of temperance was to be benefited if the amount of liquor was not to be reduced. The controller replied that the business of the remaining hotels might be increased by 10 per cent.

Ald. McMurich's motion was very unlikely to consider an application of this kind by the city, and that, even if the fees were increased, there was no reason to believe that it would be the benefit, as the government might otherwise use the funds.

Controller Spence's motion to refer the recommendation back to the legislature committee was defeated on the following vote:

The Voting.

For—Controller Ward, Aldermen Lytle, McBride, McGhie, McMurich, Sanderson, Stewart, Whytock—5.

Against—Controllers Hocken, Harrison, Spence and Ward, Aldermen Chisholm, Foster, Hales, Bengough, Breidin, Vaughan, Lytle, Keeler, R. H. Graham, Adams, J. J. Graham and McGhie—16.

On Aid. Church's motion to give the administration of licenses over to government control the vote was:

For—Aldermen Church, Whytock, McMurich, Sanderson, Stewart—5.

Against—Controllers Hocken, Harrison, Spence and Ward, Aldermen Chisholm, Foster, Hales, Bengough, Breidin, Vaughan, Lytle, Keeler, R. H. Graham, Adams, J. J. Graham and McGhie—16.

Ald. McMurich objected to the mayor's action in appointing off-hand as assistant city relief officer Alfred Covell, one of his nominators and supporters.

"How many men could you appoint if you saw fit to do so?" he asked.

"Just as many as are required," he retorted the mayor, and here the matter ended.

The legislature will be asked to give the city power to issue debentures to meet the cost of bridges, grading, etc., and purchase or exchange of property.

To Suffer From Headaches Makes Life Miserable.

It takes a person that has had and is subject to headaches to describe the suffering which attends them.

The majority of cases are caused by constipation and dyspepsia. The dull throbbing, the intense pain, sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on, purely indicates that there is something the matter with the stomach or bowels. To the fact that Burdock Blood Bitters reaches every part of the system is due its success in relieving and permanently curing headache. It has proven a specific for the malady in all its forms.

Mr. Wm. R. Gilchrist, New Mills, N. B., writes: "I was troubled for years with constipation and headaches, but after using four bottles of Burdock Blood Bitters I am completely cured."

Mr. John T. Kidner, Red Deer, Alta., writes: "I was troubled for several years with headache. I tried a number of remedies but they did me no good. I tried a bottle of Burdock Blood Bitters and I cured me completely."

The majority of cases are caused by constipation and dyspepsia. The dull throbbing, the intense pain, sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on, purely indicates that there is something the matter with the stomach or bowels. To the fact that Burdock Blood Bitters reaches every part of the system is due its success in relieving and permanently curing headache. It has proven a specific for the malady in all its forms.

Mr. Wm. R. Gilchrist, New Mills, N. B., writes: "I was troubled for years with constipation and headaches, but after using four bottles of Burdock Blood Bitters I am completely cured."

Mr. John T. Kidner, Red Deer, Alta., writes: "I was troubled for several years with headache. I tried a number of remedies but they did me no good. I tried a bottle of Burdock Blood Bitters and I cured me completely."

Trap Shooting. In the Toronto Trapshooting League, Riverside and National Gun Clubs met last Saturday on the former's grounds. The match was won by the Riverside Club, 19 to 18. The weather was evidently responsible for the low scores. This match was the first of a series of three, the other two being on the 18th and 19th inst. Below are the scores, both teams shooting even: Riverside, Fredrick 21, F. Bredannan 15, J. E. Jennings 18, E. Bond 18, H. Hiron 15, R. Steele 18, W. Duncan 18, Walker 15, T. Logan 15, C. Logan 15, W. Lowe 14, E. Hiron 14, total, 136.

Hot Pipes Cause Fire. Fire caused by an overheated stove-pipe broke out in the upstairs of the dwelling of F. J. Jackson, 159 Bon-cavalle-avenue, last night. The building was damaged to the extent of \$400, and the contents to \$200. A total insurance of \$1500 is carried in the Royal.

North Toronto Hockey Club will play the Toronto Junction Campbell Milling Co. in the Markham hockey tournament, Tuesday night. The following North Toronto players are requested to be at the Union Station at 6 o'clock: Hewer, Ramsay, Pierce, Cullen, Rowland, Martin, Yeaman, likewise the rosters.

Intercollegiate Rugby Football Union has also been asked to appoint two representatives, and there may be some delay. The first meeting of the committee will be held in Ottawa next Saturday.

Editorial Note: Would you kindly say in the paper that there is a quantity of clothing for distribution at St. Cecilia's Church, corner of Brooklyn and East Queen. The church is open during afternoon and evening. Contributions of clothing, especially for children, will be gratefully received. John Bushell, rector.

BIG STRIKE ON LITTLE NIP.

Ten Tons of First Class Ore Sacked Yesterday. COBALTA, Feb. 10.—(Special).—One of the best strikes made for some time was uncovered on the Little Nipissing property this afternoon, that they recently leased from the Peterson Lake Company. It was made on the west shore of Peterson Lake, where prospecting has been going on for the past two weeks.

After removing 14 feet of gravel, two small veins were encountered. The wall on one side was four feet higher than the other, and some flakes of native silver were found on the face of this bench of rock it was decided to put in a run of holes and see what was beneath it. After shooting it showed practically solid metal, consisting of cobalt, nicotite and rich in native silver for the entire three feet, which was as deep as the holes were drilled. Ten tons of No. 1 ore was sacked this afternoon.

The Little Nipissing Company leased ten acres of the lake and a 93 foot shore line goes with it, and as the lake has been drained considerably, the shore line at the north is 300 feet wide. It is a five-year lease, calling for a 25 per cent royalty.

This vein is but several hundred feet east of the Nipissing Bonanza "forty-nine" vein, and is believed to be an extension of it.

Park Nine Baseball Club. A most enthusiastic organization meeting of the Park Nine Baseball Club was held at the Nipissing Hotel on Saturday. Among those present were a number of prominent players, who signified their intention of casting in their lot with this grand old team for the coming season.

Indications point to the Park Nine team booming strong this season. The following officers were elected: President, E. E. Oiler, M.P.; hon. vice-president, Thomas Crawford, M.L.A.; hon. vice-president, W. A. Hewitt; hon. secretary, John Griffin, H. E. Millet, J. Lawrence, J. J. Hickey, S. Harris, E. Garrigan, Dr. R. B. Abernethy, R. Abernethy, president, W. M. Walker; vice-presidents, John E. Laxton, C. Oakley, W. Sutherland, treasurer, Ed. Thompson; secretary, Thomas H. Griffith; manager, Thomas Benson. MONTREAL EXCHANGE SEATS One Changes Hands at \$18,000—A Halifax Man Buys One. MONTREAL, Feb. 10.—There seems to be some demand for Montreal Stock Exchange seats.

George Smithers, jr., has just sold and bought a seat, and it is understood that the purchaser is John E. Wood of J. C. McIntosh Co. of Halifax, a firm that does an extensive bond business.

Mr. Smithers did not care to name the price, but stated that he later bid \$18,000 for a seat. There are two seats available, but they are not pressing for sale at these prices.

Students to Visit Capital. MONTREAL, Feb. 10.—(Special).—On Wednesday of this week a large delegation of the Liberal students of Laval, Montreal, Laval, Quebec, McGill, Queen's and Toronto, will go to Ottawa on the invitation of the Hon. L. E. Brodeur, minister of marine and fisheries.

They will be the guests of the minister at lunch and at a banquet in the evening, at which the following will speak: Sir Wilfrid Laurier, Hon. Rodolphe Lemieux, Hon. Jacques Bureau, Hon. Sydney Fisher, Dr. Belland, M.P., Honore Gervais, M.P., Charles Marsel, M.P., and Arthur Ercement. The party will be present at the sitting of the house in the afternoon and will return by special train late at night.

Fire at Sheraton. WELLAND, Feb. 10.—(Special).—On Saturday morning at an early hour fire was discovered in the basement of Thomas DeSantis' store at Sheraton. There were no fire fighting appliances, and the building was soon enveloped. The flames also caught Mr. DeSantis' residence and both store and house, with their contents, were destroyed. The stock was worth \$4000. Very little insurance was carried.

Signatures Largely Signed. The petitions circulated by the hotelkeepers against the license reduction will be practically finished to-day and a meeting of the municipal committee to-morrow will give the final touches. It is estimated that between 25,000 and 40,000 citizens have already signed the petition, asking that the reduction idea be submitted to the people.

Towards the Pole. Ice eight feet thick on the ocean, and snow falling even in summer. This is the earliest experienced in the polar regions. When the air is dry and still, it is remarkable how low a temperature can be borne with ease. One explorer tells us that, with the thermometer at 9 degrees, it was too warm for skating. The summer weather in this region is, moreover, in some respects pleasant and healthful. Within the Arctic zone there are wonderfully-colored sunsets and sunsets to be seen. They are both brilliant and impressive. But the nights—the nights are monotonous and repelling. A rigid world buried in everlasting snow, silent save for the cracking of the ice or the wail of the wind. Travelers in these regions experience many discomforts. The keen air causes their skin to burn and blister, while their lips swell and crack. Thirst again has been much complained of, arising from the action of the low temperature on the warm body.

What the Theatres Offer

At the Princess.

"TOM JONES." Tom Jones, a founding... Mr. Parr... Mr. Allworthy... Albert Pelaton... Benjamin Farbridge... Squire Western... His servants... Friends of Squire Western... Friends of Sophia... Friends of Mrs. Partridge... Waiting maids...

Comic opera has become almost a rarity of late years. It having been forced into the background by that ultra-modern form of entertainment, which, for lack of a more fitting designation, is known as the musical comedy. Between the two there is a chasm whose yawning width is impressed on each and every view, none too frequently recurring of that type of musical production which flourished most in the days of Gilbert and Sullivan.

It might be too much to say that the offering is a gem of purest ray, but it is not going beyond proper bounds of praise to class "Tom Jones" among the great productions of the season. Lyrics, sparkling and rippling, dialog of pure and wholesome humor that makes irresistible appeal to the well-springs of laughter and merriment, costumes and stage settings that make for brilliant and even gorgeous ensemble—these needful elements have been supplied by librettist Edward German, lyricist Charles Taylor and Col. Savage, whose lavishness approaches prodigality in all that stagecraft can provide. Then, as to the cast, it is headed by charming Louise Gunning, whose grace of person and gifts of vocalism equip her splendidly for the leading feminine role, and Albert Parr, who comes to his native heath when he visits Toronto, and who has won an assured place in light opera. The chief support is entrusted to Gertrude Quinlan and William Norris, the former the possessor of a winsome personality and delightfully sympathetic soprano, and the latter a comedian of generous gifts.

While the title of the piece is borrowed from Henry Fielding's standard novel of the days of court gallantry, and sporting squires, the adventures of the hero are not a history of manifold amours, as Fielding had them, but the atmosphere of the times of the Georges has been cleverly seized and is well sustained in the appointments with a legitimate use of comic opera license in the dialog.

At the Alexandra.

"DIPLOMACY." Capt. Beauclerc, military attaché to the British Embassy at Vienna... Count Orloff, a Russian patriot... Baron Stein, a Russian diplomat... Mr. Ernest Stallard... Mr. Henry Beauclerc, secretary of the British Legation in Paris... Algie Fairfax, a young man in Paris... Markham, landlord of a Monte Carlo hotel... Mr. Geo. E. Ridgell... Mr. Shepherd, clerk of the Paris Embassy... Mr. Frederick Wallace... Antoine, Mr. Beauclerc's servant... Dora, her mother, Miss Jane Marbury... Lady Henry Fairfax, wife of a British ambassador... Miss Ida Waterman... Miss E. Yarrow... Mion, maid of Marquise de Zicka... Comtesse Zicka, a Russian spy...

Victorian Sardou's clever comedy, "Diplomacy," was admirably presented at the Royal Alexandra last night by its new stock company of English players. It is a drama of exceptional strength, which early arrests attention and maintains it with continually rising interest until its close. The love story is artistically interwoven with the intrigues of the Russian secret service, so that the fascination of the one acts as a stimulant to the ingenuity that at last defeats the determination of a woman scorned to separate the man she loves from the wife upon whom she has contrived to fix the crimes that she has really committed.

The company that made its debut before a Toronto audience last night is one of exceptional ability and fully sustained the expectations with which it was received. It has been carefully selected and the result is shown in the artistic completeness without which such a play as "Diplomacy" would lose its chief charm. Miss Darragh, whose role of Comtesse Zicka, the Russian spy, scarcely afforded sufficient scope for her powers as an artist of remarkable delicacy and refinement, and so managed her unpleasant part as to create sympathy and a host of regrets. Miss Jane Marbury, as Dora, upon whom the comtesse has cast the shadow of her crime, won a deserved success in her part as she lost none of her valency of a high order. Miss Ida E. Valentine and Miss C. Tower, who sustained the minor roles, gave excellent support. Mr. William Sauter, who took the

leading part of Captain Beauclerc, at once created a very favorable impression, which deepened steadily as the curtain fell. His art is natural and unaffected and is full of intensity when the situation requires it. Mr. David Glassford plays with distinction as Henry Beauclerc; Mr. Ivan Simpson, as Count Orloff, a Russian patriot; Mr. Ernest Stallard, as Baron Stein, and Mr. Graham, as Algie Fairfax, gave entirely satisfactory interpretations, and the other roles were all suitably filled.

At the Grand.

MABEL BARRISON AND JOSEPH E. HOWARD. Jack Parnum, owner of the Big Horn Ranch... Bob Brandon, the sheriff... Dick Spaulding, a farmer... Judge Hopper, a lawyer... Tom Miguel, a cowboy... A. A. Klein, a cowboy... Edward Hume, a cowboy... Hokom Okanokole, a Navaho chief... Mart Lorenz, a cowboy... Janet McDonald, an Indian boy... Running Deer, an Indian boy... Timberline Ike, of the Big Horn Ranch... Montana Bill, a cow puncher... Frederick Pickering, Cheyenne cowboy... Frederick Knight, a cowboy... Ike Oliver, a cowboy... Sandy Fulton, a stage coach driver... Fred Williams, a cowboy... Little Flower, known as the flower of the ranch... Mabel Barrison, Margaret Merron, the school teacher... Frances Cosnar, a cowboy... Ellis Brande, a cowboy... Anna, a tourist... Marvey Smith, a cowboy.

A play well staged and costumed, picturing ranch life in California in 1849, with a serious plot forgotten for a time in delightful music and dancing is "The Flower of the Ranch," in which Mabel Barrison and Joseph E. Howard are appearing at the Grand, supported by a big company of clever people. It entertained and naturally was a success on its first presentation in this city.

At the Majestic.

"ANITA, THE SINGING GIRL." Russell Baird, a wealthy banker... Malcolm Danvers, his secretary... W. F. Fairchild, Vera Haywood, a friend of Malcolm's... Mollie Campion, Ned Tremont, a young broker... Molly... Dorothy Vernon... John Baird, son of Russell Baird... Gabriel, a waiter... Edward Willis Anita, the singing girl... Agnes Cameron, Manuel Gomez, a Spanish musician... Mary Baird, John Baird's wife... Pearl Charlton Seward, Dugan, the butler at the Tremonts... J. R. Hendley.

The story of "Anita, the Singing Girl," the offering at the Majestic Theatre this week, is novel and original, and concerns the struggles of a young girl whose parents became estranged during her babyhood. She was brought up by a cruel foster father, who taught her to despise her real father. The foster father, a Spaniard, imbibes her with the idea that she must find her father and kill him for supposed ill-treatment of her mother, whom she believes to be dead. After many adventures she finds both her father and mother, and like all good stage stories she is the means of rounding them and sharing in the wealth that is left to them by her grandfather.

At the Star.

With a new, fresh up-to-date olio and two burlesques put in by pretty well-trained chorus girls, with elaborate staging and a lot of brisk fun, Tom Miner's "Bohemian Burlesquers" played to two full houses at the Star Theatre yesterday. The feature, may be, was the appearance of young Otto, who boxes some of the local fellows in good style and gives a clever stunt all by himself. The show itself is bright clean and up-to-date. The organization is thoroughly equipped for burlesque work and the two burlesques, presenting original musical comedies, by Morlan and Gerard, are brimful of new songs, specialties and drills, which are sure to please. Mr. Morlan is the author of most of the songs and Mr. Gerard, who has written several clever burlesques, is the manager of the show, the combination producing probably one of the best burlesque organizations which have visited Toronto in a long while.

At the Star.

The Gaiety this week presents Bob Manchester's "Gay Masqueraders." The "Big Beauty Show" introduces several pleasing songs and dances. The burlesque, "Dr. Dopey's Dippy Den," invokes lots of laughter and is a sure cure for anyone suffering from an attack of the blues. The other meritorious items in the program are the "Four Lukens," who do a most thrilling acrobatic and gymnastic turn, while the songs and dances of the eight English Roses are most delightful and make the longer duration of the show well worth the price. Miss Susie Fisher and her partner make a hit with their trombone and cornet solos.

FOSTER WANTS TO KNOW WHY SO MANY PARDONS

Hon. A. B. Aylesworth Sensitive When His Department is Brought Under Fire.

OTTAWA, Feb. 10.—(Special.)—Resisting a motion of Mr. Foster for the return of imprisoned criminals released since 1886 by the minister of justice before the expiration of sentence, the names thereof, the reasons for release, and the name of the solicitor interested in procuring release, Hon. A. B. Aylesworth spoke for an hour and a half in defence of his administration.

He admitted that comment in the newspapers upon his alleged "abuse of power" had hurt him, and he denied that political consideration had omitted the names of pardoned prisoners, and explained that he did not desire the production of confidential papers.

In amended form the motion was accepted by the premier and passed.

A Serious Responsibility. Mr. Foster said it was a serious responsibility for the government to undertake to mitigate the sentence of a criminal. Here and there a cold-blooded lawyer who were fairly successful in getting criminals out of prison, and had come to be regarded that only such lawyers as may be in sympathy with the government in power could exercise the necessary influence.

Mr. Aylesworth regarded the motion as levelled directly at himself. This was a branch of the government that had been absolutely free from taint of party politics, and he believed that it had been so administered. In the twenty months he had been minister the number of pardons granted had diminished. Mr. Aylesworth said the intervention of a lawyer was absolutely no advantage to the prisoner. There were hundreds of cases in which the only applicant was the prisoner himself. He had heard of large fees being exacted by lawyers for preparing papers in petitions for release, and it might be that these cases should be noticed by the Law Society.

The minister gave the house the benefit of an experiment which was his own idea. He had in some cases of habitual offenders given them a few months in addition to the statutory remission for good conduct in prison, preferring to send them out under restraint of ticket of leave rather than letting them go on completing their term without restraint. He did not believe the responsibility of the minister should be shifted to a board of pardons.

Mr. Aylesworth regarded the resolution as an expression of want of confidence in the department, and he strongly resented it. He had always acted upon views and recommendations of the opposition members as freely as upon views of his own political friends. He appealed to Mr. Foster to amend his motion or to withdraw it.

NEW YORK'S UNEMPLOYED.

One Out of Every Three Union Men Idle.

NEW YORK, Feb. 9.—That one out of every three union men in New York City is out of employment is the statement made by Frank Julian Warne, who has been engaged for the past month in a study of the unemployed situation in behalf of a group of the charitable organizations.

"In this city at the lowest estimate," says Mr. Warne, "90,000 members of organized labor are out of employment at this time. The total membership of all the labor unions is about 250,000, the conclusion being that one out of every three union men is out of work. In addition, these 90,000 the city has a vast population of at least 30,000, and it is safe to say that this number of the unemployed has increased this year over 20,000 periods. This total of more than 110,000 of the unemployed and unemployed labor, who whose members are idle in unusual numbers."

Anchor Baby's High Chair. A contributor to the "Discovery" column of Good Housekeeping sent the following very practical suggestion for this magazine. After watching the strong baby boy grow away his high chair almost to the point of capsizing, I made a bag of cloth or canvas flannel material in color the woodwork of the chair, and fastened it at the top with the usual casing and strong ribbon drawstring.

In this bag was put a flannel-lined heavy baby boy's cap, which was tied so that there was no much verging to laxness in respect to crime. Mr. Aylesworth must not be too sensitive of criticism. In nine cases out of ten it was levelled at the system and not at the minister.

"Make hay while the sun shines."
That's our advice, and we are
confident from past experience with
the public that it will be eagerly ac-
cepted.

The Slater Shoe Co. of Mont-
real, gave instructions to their legal
representatives, Ritchie, Ludwig &
Ballantyne, to serve us with summons
to prove why an injunction should not
be issued against us. We do not al-
together deny their right in adopting
these measures, but we do know that
to conform to necessary legal condi-
tions, get papers signed in Montreal,
and attend to other red-tapeism con-
nected therewith, a few days at least
are ours.

We are therefore almost assured
of this week in which to clear goods
that we wish to sell at a tremendous
sacrifice. Delays are dangerous, so
come along as we cannot vouch to
much on last few days of week.

WHEN THIS SALE CLOSES
our store will be closed for a time in
order that we may make necessary
repairs.

Lots of bargains. Fresh sizes placed on sale daily.

NEGRO LYNCHED.

Mob of 2000 Got Him From Militia
and Deputies.

BROOKHAVEN, Miss., Feb. 10.—Elli
Pitts, a negro, who criminally assault-
ed a young white woman here several
weeks ago, was taken from the custody
of the Jackson Military Co. and a posse
of deputies to-day by a mob of 2000 and
hanged from a telegraph pole within
less than a hundred yards of the court-
house.

Prominent Farmers Were There.
The mob began to assemble here be-
fore daylight in wagons, on horseback
and on foot. It included some of the
most prominent farmers in Lincoln
County, especially in the neighbor-
hood of Rith, where the assault by
the negro is alleged to have occurred.
By the time the train from Jackson
had arrived, there were over 2000 men
in the mob at the jail and station.
No attempt at concealment was made,
not a man in the mob wearing a
mask.

The two men shot down in the fight
were Jos. Cole of Brookhaven, and an
unidentified farmer. Neither of
them is seriously wounded.
Captain A. L. Satterly commanded
the Jackson Company, which had in
its ranks about 30 men. He has re-
ported the affair to the governor and
is awaiting his orders.

Peterboro Conservatives.
On Wednesday, Feb. 26, the Con-
servative Association of East Peter-
boro will hold its annual meeting at
1 o'clock at Norwood. During the
afternoon the delegates will select
candidates for both the legislature and
commons. In the evening a public
meeting will be held, at which
the Hon. George E. Foster, M.P.;
Joseph Downey, M.L.A., and the
candidates will be the speakers.

MOTHER AND CHILDREN PERISH IN THE FLAMES

Frightful Tragedy in New Liskeard
on Sunday—Husband Home-
less and Childless.

NEW LISKEARD, Feb. 10.—Six
children and their mother were burn-
ed to death on Sunday morning when
the shack in which they were living
burst into flames.

The victims are Mrs. Lawrence
Haacke and her children, Vera Mar-
garet, aged 11; Mabel Irene, aged 9;
George Fredrick, aged 6; Clarence
Henry, aged 4; Annie Evelyn, aged 2,
and a baby.

Haacke formerly lived at 3 Bleecker-
street, Toronto. His home is in Mark-
ham Township. There the bodies will
be sent for burial. A collection
being taken up in town for this.

The house was a small building,
two and a half stories high. The
stairs used as a sitting room and one
room upstairs used as a bedroom.
Behind this was a kitchen of about
ten by twelve feet. Haacke sat up at 8.30
and kindled a fire in the front room,
and then went outside to get some
kindling for the kitchen stove. The
rest of the family were asleep in bed.

While lighting the kitchen stove he
heard his wife scream, and rushing in
discovered that the front part of the
house and stairway were on fire. He
ran and summoned his brother-in-law,
Fritz, who lived next door, and they
went to the front door.

heard his wife scream, and rushing in
discovered that the front part of the
house and stairway were on fire. He
ran and summoned his brother-in-law,
Fritz, who lived next door, and they
went to the front door.

By this time the screams of the
mother and children had been silent.

An alarm was sent in, but when
the firemen arrived the building, which
was of frame and brick, had been
burned to the ground. The body of
the baby girl, two years old, was the
first to be recovered. The body was
very slightly scorched, and the fact
that it was wrapped in blankets.

The body of the boy, 5 years old,
was charred almost beyond recogni-
tion. The mother's shoes were all
burned off.

At the undertaker's the birth of the
six children, the mother took place.
The mother was 35 years of age, and
at the time of the fire was in confine-
ment. A sister lives at 57 Hamilton-
street, Toronto. The family lived in
New Liskeard for two years, the
husband being a carpenter, but latterly
a teamster.

News Reaches Relatives.
"House burned. Nettie and all
children burned. Arrangements for
burial. Three coffins, 5 feet 3, 5 feet, and 5
feet 2 inches. Lawrence Haacke."

Such was the telegram received by
Mrs. Jennyn Haacke, who lives with
her son-in-law in New Liskeard.
Mrs. Jennyn was overcome by the
sad news.

"Will on Saturday last," she said,
"just the day before, my daughter
here at home had received a letter
from Mrs. Haacke in which she told
how nicely they were all getting
along. The children were well, she
was well, and her husband had work
and timber. It was a cold winter,
but they were comfortable, and
despite the cold and snow, pros-
pects were bright at the Union
Station this morning."

SUNDAY POLICE COURT.

Procedure Made Necessary by Con-
ditions at Ottawa.

OTTAWA, Feb. 10.—A unique case
has arisen in Ottawa which establishes
a Sunday session of the police court.

Yesterday the police magistrate held
court at 11 o'clock in the morning and
refused to accept prisoners. The
court will be held every Sunday owing
to the fact that the county jail author-
ities refuse to accept prisoners from
the police over Sunday, who have not
already appeared before the magistrate
and been remanded. The jail people
are being made to contribute to the
recent death of a prisoner in the county
jail. This man died shortly after
admission and remained over Sunday
in the jail. The Sunday court is the
only one of its kind in Canada.

Pan-Anglican Congress Lectures.
In response to a request from the
authorities in England arrangements
are being made for a series of church
throughout the world for the careful
study of the problems that will be
discussed at the coming pan-Anglican
congress to be held in London, Eng-
land, next June. The local pan-Anglican
congress committee have, therefore,
made arrangements for a course of
public lectures covering the subjects
that will be discussed in the six ses-
sions of the congress.

The lectures will be free, and open
to all and will be held on alternate
Tuesday evenings, beginning to-night,
in St. Philip's school house.

The lecturer this evening will be
Prof. Cosgrave of Trinity University,
whose subject will be "The Church
and Human Thought," the syllabus of
which is as follows: "Present ten-
dencies of human thought; 18th cen-
tury deism; pantheism; the new theo-
logy; critical study of the Bible; the
outlook." The chair will be taken to-
night by Ven. Archdeacon Sweeney.

The Kaiser's Free List.

BERLIN, Feb. 10.—The emperor has
decided that the free list and the sale
of tickets to the public for the royal
opera be suspended for six evenings in
February and March, so that what is
called "society night" may be held.

The emperor maintains the opera out
of his private purse and has a perma-
nent free list of four hundred. His
majesty frequently directs that tickets
be sent to professors, artists and dis-
tinguished persons whom he has receiv-
ed in audience, as well as to the trades
people with whom he has dealings.

Crown Prince Killed Murderer.

LISBON, Feb. 10.—A Lisbon despatch
to a new agency here says that the of-
ficial medical enquiry indicates that
before being killed the crown prince
avenged the death of his father. It
shows that two bullets in the prince's
revolver had been discharged and that
a bullet wound in the head of one of
the assassins was the same size as the
bullet of the crown prince's revolver.

Members of the household aver that
they saw the prince rise after the king
had been shot and fire twice.

"GYPSY" SMITH COMING.

At the general Ministerial Associa-
tion meeting yesterday two represen-
tatives from each denomination were
appointed to carry the information to
their respective associations that the
general body favors the coming of
"Gypsy" Smith of England to preach in
Toronto in May, 1908. Mr. Smith is
coming to Canada under the auspices
of the National Council of Free and
Evangelical Churches in England, and
will be in Toronto for two or three
weeks.

Murder in Street Car.

NEW YORK, Feb. 10.—A girl of the
tenderloin, known to her companions
only as "Queenie," about 27 years old
and decidedly pretty, was shot and di-
rectly instantly killed while riding on
a northbound Second-avenue car at
Eighty-third street to-day. A young
man who was sitting opposite the girl
in the car fired the shot and then made
his escape.

Still in the Pulpit.
CHICAGO, Feb. 10.—The Rev. James
B. Kaye, convicted in the United States
District Court at Springfield of coun-
terfeiting, resumed the pastorate of the
First Congregational Church of Wheat-
on yesterday and conducted the Sun-
day service. An appeal against his sen-
tence of two years is being taken.

three union men in New York City
employment is the statement
made by Julian Warme, who has
been in the city for a month in a
study of the unemployed situation in be-
half of the charitable organi-
zation at the lowest estimate.
Warme, "90,000 members of or-
gan are out of employment at
the present time. The total number of all
unions is about 28,000, the com-
ing that one out of every three
is out of work. In addition to
the city has a vast population
of about 20,000, and it is safe to
say that the number of the unemploy-
ed is at least 100,000. The total of more than 130,000
unemployed and unemployed is a
very large class of unemploy-
ment, and the members are idle in
unemployment."

ON THE VOTE COUNCIL TURN DOWN THE REDUCTION

Decide to Retain Full Number of Licensed Hotels—Items of Interest From York County.

EAST TORONTO, Feb. 10.—By a vote of 6 to 5 the town council tonight turned down the project to reduce the number of tavern licenses in the Town of East Toronto from 5 to 3. The motion was introduced by Deputy Reeve Brown, and seconded by Councillor Johnson.

The vote was for the reduction, Mayor McMillan, Reeve Hind, Deputy Reeve Brown, and Councillors Baker, Johnston and Wilson. The Nays—Councillors Phelan, Lyonde, Hodgson, Berry, Abbott and Johnson.

The mayor declared the motion lost, whereas there was some applause, which his worship discouraged. The arguments of the yeas would by courtesy be called pro and con covered a wide range, and Mayor McMillan had difficulty in restraining the flight of eloquence and planting the members down to the subject matter.

Councillor Phelan, in the address of the evening, enunciated his reasons for opposing the reduction. "It's not fair and honorable for this council to override the majority, and enforce their authority in this matter," said Councillor Phelan.

Later he said: "It's confiscation and even after the town council passed the reduction the action of the commission may not be in accordance with the desire of the council."

Deputy Reeve Brown who fathered the motion, said, "If we had not an unfair and unBritish law on the statute book we would already have local option. It drove Ross out of power and it will drive White out." The speaker, whereas the crowd yelled in derision, was standing on the main track.

The morning was hazy. The auxiliary from Bridgeway cleared away the wreckage.

Submitting the report of the finance committee, Chairman Phelan expressed the hope of the committee that Town Council would increase the increase from \$1000 to \$1300. There was some slight demur, but the better part of the council prevailed and the motion was carried by a large majority. The increase in the clerk's salary was a popular one and well deserved.

The estimate of the fire and light committee submitted by Chairman John Berry was adopted without a single amendment, a tribute to the clerk's ability in handling the fire and light committee.

RECIPE FOR COLDS WHICH YOU CAN MAKE AT HOME.

Buy the Ingredients Separately and Mix Them Yourself.

From an eminent authority we learn that the old-fashioned mixture of Toluene and whiskey is still recognized as a splendid treatment for coughs, colds, whooping cough, and throat troubles. The recipe is as follows:—

- Fluid extract Licorice..... ¼ oz.
- Fluid extract Cascarilla..... ¼ oz.
- Elixir Toluene..... ¼ oz.
- Best rye whiskey..... 6 oz.

These are all simple and well-known ingredients, and are inexpensive.

This is better to take than many advertised syrups, which only upset the stomach and digestive organs.

Take a dessertspoonful every two or three hours. Children in proportion.

NORTH TORONTO.

Many Cases of Urgent Need Said to Exist in Town.

NORTH TORONTO, Feb. 10.—The wave of destitution struck the town in earnest these past few days, and the civic authorities, together with the churches, try to stem its tide, but with apparently little result. In some of the town's churches a special collection has been taken yesterday as a relief fund, and private citizens are contributing with cash as well as with necessities of life.

Chief of Police Collins is indefatigable in relieving distress where it is urgently needed. He stated to The World this morning that there are about 20 families in town who are lacking in the bare necessities of life. It is true that both the civic and religious authorities are doing their best to keep destitution at low ebb, but each is doing the worst possible, there is a great danger of overlapping and the real deserving, who are too modest to make their wants known, are not found out.

Chief Collins is prepared to accept any clothing, bedding and eatables that may be entrusted to him, and he will distribute them to those in need. Anyone desiring to help along in this work of relief with cash will be glad to act for the township council so far as the work of relief.

This severe winter weather is trying the patience of the township council. The sidewalk on Yonge-street, east side, is cracked in several places. A pleasant time was spent to-night at the meeting of the committee of the Eglington Methodist Church. The district officers were visiting the local committee and the visitors provided a splendid program.

At a meeting of the legislative committee, Engineer Gibson was instructed to prepare a plan for the new parallel road proposed to be run thru Mount Pleasant.

The water, fire and light committee also prepared a report. The committee on the proposed new parallel road proposed to be run thru Mount Pleasant.

The finance committee received a communication from the master of the railway, the closing of the street and street. The matter was referred to the engineer.

MARKHAM VILLAGE. Debentures Sell Well—Electric Plant in Good Shape Now.

MARKHAM, Feb. 10.—The \$3000 voted by the ratepayers of Markham Village for the improvements to the electric light plant is practically all expended, and the work is said to be well in hand, and will be finished with the amount voted. Not a little of the credit is due to the efficient management of the work by the engineer, who has practically lived on the job since the work was started.

The debentures are regarded in favor by the men who are regarded in evidence by the fact that the town debentures, disposed of by tender, were sold at 105 per cent, a sum of \$3000 for public school, \$3000 for electric light, \$3000 for the new bridge. They run for twenty years and draw 5 per cent. interest.

The opening of the Markham hockey tournament which takes place to-night, is sure to attract an immense crowd from all parts of the township. The tournament will last for five days, and the number of teams entering and the number and quality of the awards reflect credit on the promoters of the event.

The postponed parlor social in aid of the Ladies' Aid will be held at the home of Mrs. T. B. Reine on Wednesday evening.

Anniversary services were held in the Methodist Church yesterday, Rev. Mr. Dobson, the pastor, officiating. Attendance was large and the proceedings interesting throughout.

The Markham Dramatic Club elected a fine staff of officers, Mrs. Chauncey, Mrs. Robert Welsh and E. H. Wilson were elected honorary presidents, and R. A. Mason, president. A play, "Our New Minister," has been secured, and will be rehearsed as soon as a new cast is secured.

EARLSCOURT. Relief Work Goes Ahead—Don't Want Anything to Do With City.

EARLSCOURT, Feb. 10.—The work of giving relief to the destitute of this district is going on in full swing at the Revere-street Methodist Church, with Rev. Mr. Bryce in charge. The church is filled with clothes of all descriptions, together with provisions. However, the greater part is in dealing out provisions, when an order is given on a local grocery.

Altogether 121 different families have been helped in the past week or two. To-day Mr. Bryce volunteered the information that a eighty-year-old man, Mr. David's, of St. David's Presbyterian Church will hold a distribution of clothes at their church Wednesday morning. In the afternoon the ladies will hold a sale of clothes, which the ladies of the church have made.

Men's \$20 Suits for \$9.95

A HIGH-GRADE ready-to-wear suit nowadays comes pretty close to a custom made suit. Indeed some ways the ready-to-wear suit is superior. The finish is often better and the style more snappy and modern in detail. However we are not contrasting the two classes. We are emphasizing the desirability of such suits as these we are selling at \$9.95.

100 Men's High-Grade Suits, regular \$15.00, \$16.50, \$18.00 and \$20.00. The lot consists of exclusive patterns in English and Scotch tweeds and fancy worsteds, being sample garments and odd suits which accumulate during a season's business, cleared from a manufacturer who specializes on suits made to special measurements and the better class of ready-to-wear suits, all cut in the latest style, single and double-breasted sacks, with first-class workmanship, sizes 35 to 44, on sale Wednesday, at

PICKERING.

Notes of Interest Picked Up Around the Village.

PICKERING, Feb. 10.—The remains of Mrs. D. Birrell were interred here yesterday. A short service was held in St. Andrew's Church.

The Ladies' Aid of the Presbyterian Church are giving an oyster supper this evening in the lecture-room of the church.

Mr. and Mrs. Wheeler and child of Hartney, Man. visited Mrs. Mulled here for a few days. Mrs. Wheeler will be remembered as a college student as Miss Annie Hodgson.

George W. P. Every has re-engaged with the Spink Mills here as chief engineer.

Dunlop & Son's big sale at Greenwood promises to be an attraction for stock men. Some good stuff is being offered.

WILLOWDALE.

Samuel G. Dunn, a well-known and highly respected farmer of York Township, died after a short illness at his home in Willowdale on Sunday, Feb. 9, aged 67 years. Mr. Dunn was a son of the late Jonathan Dunn, for many years alderman in Toronto, and brother of J. J. Dunn, city councillor. The funeral will take place on Wednesday, Feb. 12, to Mount Pleasant Cemetery. Service at the house at 1:30 p.m.

ELLESMERE.

ELLESMERE, Feb. 10.—The regular monthly meeting of the Elmcrest Branch Women's Institute will be held on Tuesday, Feb. 11, at 2:30 o'clock, at the home of Mrs. C. Thomson, Malvern.

Papers on "Training of Children" and "Healthful Recreation for Girls" are to be given at this meeting.

Following the Scotch and Irish entertainments organized by the local branch of the W. W. W. on Saturday last, a concert was arranged and a first-class program given. E. Boggs presided and spoke highly of the class of entertainment given. The principal performers were: Matt Greig, Mrs. Cornish, Tom Duffer, Miss Doris Pollett, Mrs. Parreter, Ben-Hamster Fred Nunn, "Old Time Tunes" by the band completed the program. Joe Dobson proved an able accompanist.

At the conclusion a number of local residents requested to be enrolled as honorary members of the band, whose list of patrons is steadily growing. Another concert will be given next Saturday.

DOVERCOURT.

DOVERCOURT, Feb. 10.—One of the interesting and helpful features of the hospital services at Davenport-road Presbyterian Church has been the singing of the Boys' Quartet. These lads sing most impressively, and even strong men are touched with the pathos of their sweet songs. These meetings will continue this week, but on Friday night a special temperance gathering will be held at the home of Mrs. W. H. W. who wish help of the drink demon are invited to be present.

KINGSTON ELECTION.

Two Candidates Nominated to Fill Vacancy.

KINGSTON, Feb. 10.—(Special.)—In the ward vacancy left by the election of Dr. Ross to the majority two candidates were nominated to-day—H. F. Hoag, Conservative, and Dr. Aykroyd, Liberal.

The street railway lines are all open. This was accomplished at an expenditure of about \$1500 to the city and \$400 to the company.

DOG SAVED BOY'S LIFE.

Benumbed With Cold, He Fell Out of Cutter.

ST. THOMAS, Feb. 10.—Clarence W. Mattie, an 18-year-old lad, was saved from freezing to death Saturday night by a farmer's collie dog. Young Mattie is employed in a livery stable and undertook to drive into the country. On the return his hands became so numb he lost control of the horse and fell out of the cutter. The barking of the farmer's dog attracted attention. The animal led the farmer to the spot. The boy may lose his hands and feet.

Thickest Ice at Ottawa.

OTTAWA, Feb. 10.—Ottawa has the thickest ice of any spot in the inhabited portion of Canada. So say the records of the meteorological service of the Dominion, which have just been published for January. According to the report the local ice froze to the depth of 39 inches, surpassing by three inches the closest rival, Swift Current. The average, not including the arctic regions, was 15 inches. The ice as reported from the various stations is as follows: Western Provinces—Edmonton, 29 inches; Battleford, 24 ins.; Regina, 18 ins.; Swift Current, 27 ins.; Minnedosa, 24 ins.

Goderich Line is Open.

GODERICH, Feb. 10.—After ten days' struggle with snow, Supt. Nelson and a gang of 100 snow shovelers arrived in Goderich, opening the route to the Canadian Pacific from Guelph to Goderich. To-morrow will be the first C. P. R. train out of Goderich since Feb. 1st.

Catarrh and Throat Suffering Cured.

Where Old-Fashioned Stomach Medicines Failed—The Ozonated Air Cure is Successful.

No doctor attempts to-day to cure catarrh of the stomach or bronchitis except by the inhalation method. Stomach dosing has been discarded because useless—medicine so taken affects only the stomach—never reaches the seat of catarrh.

The advanced physician recognizes that only air cure can be sent into the lungs and bronchial tubes. Fill this air with healing medicaments and you solve the problem. No combination of antiseptics is so successful as Catarrhoxone, which con-

COLLISION AT PORT COLBORNE.

Express From Buffalo Crashed Into Stock Train.

PORT COLBORNE, Feb. 10.—Ten persons were injured this morning when No. 35 express, due at 8 a.m., collided with a thru stock train from the west which was standing on the main track.

The morning was hazy. The auxiliary from Bridgeway cleared away the wreckage.

BACKACHE IS SIGN KIDNEYS NOT ACTING

Tells of Simple Home Mixture to Relieve Backache and to Prevent the Bright's Diseases.

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's kidney disease, diabetes or dropsy. When either of these diseases is suspected the sufferer should at once seek the best medical attention possible. Consult only a good, first-class physician, leave patent medicines alone.

There are many of the lesser symptoms of kidney trouble which can be treated at home as stated by well-known authority. For some of these, such as backache, pain in the region of the kidneys, weak bladder, frequency (especially at night), painful scalding and other urinary troubles, try the following simple home remedy: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. These simple ingredients are harmless and can be obtained at any good prescription pharmacy and anyone can mix them by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and again at bedtime.

After a few days' general remedy known to relieve all forms of rheumatism either directly or indirectly upon the kidneys and blood. It cleans the clogged up pores in the kidneys so they can filter and strain from the blood the poisonous uric acid and waste matter which if not eliminated remain in the blood, decompose and settle upon the joints and muscular tissues, causing the untold suffering and debility of rheumatism.

Backache is nature's signal notifying the sufferer that the kidneys are not acting properly. "Take care of your kidneys" is now the physician's advice to his patients.

Judge's Death.

NEW YORK, Feb. 10.—Supreme Court Justice George B. Abbott died in his home in Brooklyn to-day from blood-poisoning, after an illness of about a week.
