Passenger Ship Sinking In Atlantic Ocean; Help Rushed

BAVARIAN MAY BREAK FROM GERMANY

SAN GIL HAS WOMEN AND BABE ABOARD

Steamer is Foundering in Heavy Seas Off Jamaica. SEND RADIO CALL. Passengers and Crew are Reported as All Well.

New York, Oct. 22.—The passenger steamer San Gil, out of Boston for Havana, Colon and Port Limon, reported by radio at 5.30 a. m. that she was sinking in heavy seas southwest of Jamaica. She gave her position as latitude 13.32 north, longitude 81.20 north.

The message, received by the Independence Wireless Telegraph Co. station at Easthampton, N. Y., said: "Weather heavy; pounding to pieces; passengers taking to the boats. Hurry help." It then gave the position. The radio station immediately sent out the call "Q. R. T.," signalling all other stations to stop sending.

Fifteen minutes later another call was received from the San Gil: "Help, quick." NINE PASSENGERS, TWO WOMEN AND BABE.

Boston, Oct. 22.—The San Gil is believed to have had on board nine passengers, including two women and an infant. Two others who sailed on the steamer from this port were bound for Havana and are supposed to have left the vessel there.

The passengers were Mrs. G. A. Gourley and infant, R. R. Grombold, C. W. Smith and Arthur A. McHenry, all bound for Costa Rica; B. H. Brown, J. R. Fisher and W. P. Fitzgerald, all bound for Cristobal, and Miss Hilda Marino, who planned to take the radio trip on the boat.

The San Gil called at Halifax after leaving this port on October 14, but it is believed she did not take on any passengers there. She was due at Havana on last Saturday.

To The Rescue. Key West, Fla., Oct. 22.—The steamer San Blas is expected to arrive at the rescue of the United Fruit line San Gil, reported sinking off Providence Island, within an hour, according to a radio advice received here.

Advices here reported the San Gil pounding heavily on a reef off Providence Island and her passengers taking to the lifeboats.

All Ase Well. Boston, Oct. 22.—Passengers and crew all well, was the message received from the steamer San Gil by the United Fruit Company by way of radio.

The message added that there was danger from the gale if it continued at its present strength.

Halifax Says No. Halifax, N. S., Oct. 22.—According to local marine records the United Fruit Company steamer San Gil, reported this morning to be sinking south of Jamaica, was never at this port. The last steamer of this line to visit Halifax was the San Blas. The San Bruno, of the same line, due next week.

The net was spread for "Scotty" Steiner, whom the police suspected of stealing the car and later in the day he was caught and placed behind the bars at headquarters. Sheriff Albion Foster, Deputy Sheriff Moore and Chief of Police Kelly, of Woodstock, arrived yesterday morning and brought with them J. E. Polkins, from whose garage the car was stolen. The Carleton County officers left this morning for Woodstock, taking Steiner with them to stand trial. Mr. Polkins took the party home in his recovered car.

PAUPER WINS FIGHT FOR FORTUNE SHARE

Aged Almshouse Inmate in Pennsylvania Will Receive Part of \$2,000,000.

Bloomsburg, Pa., Oct. 22.—James Hendershott, aged 65, went to bed in the almshouse of the Bloomsburg poor district a homeless pauper. Next morning he woke up to find himself a comparatively rich man. "That's fine! I guess I will have to leave here now, but I'll wait until I get the money," he said, when informed that, as one of the cousins contesting the will of the late Mrs. Abigail A. Geisinger of Danville, he would benefit from the settlement of the case out of court.

VEGETABLE DISPLAY DIFFICULT TO BEAT

Wide Variety of Features Marks the Fair at Caraquet

Bathurst, Oct. 20.—The agricultural exhibition held recently at Caraquet under the auspices of the Agricultural Society was a much greater success than anticipated, due to the splendid teamwork of the different committees in charge. Special mention is being made of the secretary, J. Alexander Branch, who is the originator of the idea. In the opinion of the judges who played the awards, it would be difficult to have found a better display of vegetables and domestic products in any other exhibition of the province. The livestock sections were not very well filled, but these classes were very richly represented by the splendid display of vegetables, especially roots and potatoes.

QUEBEC FISHERMEN FORM ASSOCIATION

Organize First Co-operative Body Under Government Development Plan.

Quebec, Oct. 22.—(Canadian Press)—The first fishermen's co-operative association to be formed in the province, the Government appropriated money last session for the protection and development of the fisheries in general, the establishment of cold storage plants and the promotion of co-operative societies among fishermen along the coast. According to the official Gazette, it states that "Notice is hereby given that a fishermen's co-operative association has been formed in the county of Bonaventure, under the name of 'Societe Co-operative des Pecheurs de la Riviere de L'Anse aux Gascons' and that its principal place of business is L'Anse aux Gascons.

CHURCH CONDEMNNS 'PETTING PARTIES'

New York, Oct. 22.—"Petting parties" were condemned and parents urged to cultivate a greater sense of responsibility toward their children so that such affairs might be ended, resolutions adopted at Irvington, N. Y., at the closing session of the Newark Class of the Reformed Church in America, held at the First Reformed Church here. The resolutions followed an investigation by the authorities of Essex County into reports that "petting" was a life among young people who met at certain points in Newark. Witnesses were called before the Grand Jury there to testify regarding the details of the parties.

Death of Mrs. R. E. Hall, Sussex Corner

Sussex, N. B., Oct. 22.—On October 17 the death of Florence B. Hall, wife of Ruel E. Hall, occurred at her home, Sussex Corner, after an illness of only ten days. Mrs. Hall was a daughter of Mr. and Mrs. Archibald Robinson, who survive her. Besides her husband she leaves two little daughters, Laura, aged five, and Florence, aged three years; also four sisters and three brothers. The sisters are Mrs. A. E. Brewster, Mrs. Wm. O. Whipple, Mrs. Guy E. Brammen, all of Sussex Corner, and Miss Clara M. Robinson of St. John. The brothers are Walter, Berceley and Elmer, all at home.

TWO HOUSES BURN IN BATHURST FIRES

Occupants of One Home Aroused From Sleep Make Hasty Exit

Bathurst, Oct. 21.—After several months of freedom from fire, Bathurst broke its encouraging record on Friday morning, when an alarm about 6 o'clock brought out the firemen for a blaze in Fred Chamberlain's house at the corner of Murray and Munroe streets. The fire was making great headway when the firemen arrived and with their usual dispatch, stopped its advance. The ell of the house was practically ruined by fire and water and the main part of the house suffered severely from smoke and water.

FIND HIGHWAYMAN WAS REALLY MOOSE

Stretches Wire Across Dark Road — Motor Party Blames Man

Bathurst, Oct. 21.—The fendish trick of stretching a wire across the Miramichi road about two miles on this side of the Depot Camp last Sunday evening, an act which frightened a passing motor party so badly that they warned others to avoid the place, turns out to be the work of a moose, and not the act of a bold, bad highwayman. It appears that the telephone wire connecting the Depot Camp with Bathurst was detached from three poles in a recent blow and was lying close to the road. A big moose hurrying away from hunters on the west side of the road, got tangled in this wire, and in his frantic efforts to disentangle himself, pulled the wire completely off the poles for some distance. What he really did was to stretch the wire, and the latter did not trouble to go back to explain to them that the automobile broke the wire and that the tracks so plainly, however, that the incident was easily explained. The moose apparently walked off with about 10 feet of the telephone wire, as that much of it was missing when the telephone line was repaired.

ENGEL ENDS LIFE WHEN WIFE SUES

New York, Oct. 22.—Irmie F. Engel, aged 37, committed suicide with a revolver in the Hotel Navarre, Seventh avenue and Thirty-eighth street, on Thursday in his room when a Supreme Court summons against Engel, dated October 11, called upon him to answer a charge of bigamy. There was a note requesting that his brother, L. G. Engel, be notified.

AVIATRIX LOOPS THE LOOP

Paris, Oct. 22.—Mme. Adrienne Bolland, French aviatrix, established a record by looping the loop ninety-eight times within a period of fifty-eight minutes, this including the time necessary in turning and descending. A leak in the gasoline tank prevented her continuing.

TO ERECT CHURCH AT EAST ST. JOHN

Bishop LeBlanc Makes Announcement—Father Walker, Pastor.

A new Catholic church would be built at East St. John, it was announced by His Lordship, Bishop LeBlanc, in the Cathedral of the Immaculate Conception yesterday. The parish priest is to be Rev. Francis Walker, who will take in about 100 Catholic families.

When asked about this proposed church last evening, Bishop LeBlanc said that it had not yet been decided whether to build of stone or brick, but work on the foundations would be started this winter. No definite plans relating to the size of the church had been formulated and it was impossible to say when it would be completed.

The church will be situated at the corner of Park Street and Red Head road, where nine lots have been purchased by Bishop LeBlanc for church purposes. Father Walker has rented a house at East St. John and at present is looking there ready to supervise operations.

Hitherto the Catholic people of East St. John have been forced to come to the city to attend church and they are delighted at the prospect of having a church of their own. Already there are 100 Catholic families in the parish and it is expected that with the opening of the drydock and the large increase in population which is expected as a consequence there will be a congregation large enough to warrant a fairly large church.

MONEY FOR ORPHANS RAISED BY CHILDREN

Children of the primary grades of the Allert School in West St. John gave an entertainment at the home of Mr. and Mrs. Oscar Taylor in Winslow street, West St. John, on Saturday afternoon and raised the sum of \$33.30 which they will give to the orphans. Candy was sold during the entertainment. The programme included choruses by Beatrice Ramsay, Dorothy Graves, Kathleen Graves, Vivian Harwood, Thelma Taylor, Dorothy Brittain and Minnie and Florence Hamilton. Recitations by Miller Britain, Thelma Taylor and Vivian Harwood; vocal solos by Beatrice Ramsay, May Mitchell, a quartette by Kathleen and Dorothy Graves, Vivian Harwood and Dorothy Brittain; a costume flower drill by Thelma Taylor, Vivian Harwood, Kathleen Graves and Sylvia and Thelma Cameron; exercises by Minnie and Florence Hamilton, and a duet by Miller Britain and Beatrice Ramsay. The boys who assisted in decorating the residence of the occasion were Morton Taylor, Chester Campbell, George Blair and Ellsworth McBeth.

CHILDREN'S DAY IS OBSERVED

Many Interesting Features in Church Services on Sunday.

It was children's Sunday yesterday in all of the Anglican churches from coast to coast in the Dominion and special sermons appropriate to the occasion were delivered in each of the Anglican churches. As part of the local observance a service especially for the Sunday school children was held in the afternoon in St. John's (Stone) church, where the address was given by Very Rev. Dean D. T. Owen, of Niagara. The large church was filled to capacity and many who wished to attend the service were unable to do so. There were between 1,100 and 1,200 present.

So large a gathering, composed very largely of the pupils of the Sunday schools, was greatly impressive and the address was one that the children are likely to remember. The service was conducted by Rev. Canon R. A. Armstrong and other clergymen who assisted were Ven. Archdeacon A. H. Crawford, Rev. J. V. Young and Rev. A. L. Fleming. The choir and ushers were boys. During the taking of the offertory Philip Golding, a son of W. E. Golding, sang a solo effectively. He has a beautiful clear soprano voice.

Crackmen Get a Little Cash, Miss Rich Store of Stamps and Coins.

New York, Oct. 22.—Three crackmen who ripped open two safes in the offices of the Gramercy Braid and Tripping Company, and of Joseph Negreffe, dealer in stamps and coins, were not looking for old coins and stamps. If they had been they probably would have cleaned up a small fortune, for some of the specimens left untouched in the Negreffe safe are valued at \$800 each. They were satisfied to get \$115 from Negreffe and gold and silver worth several thousand dollars. Only \$15 was found in the brand company's safe.

STREET CAR GETS BEST OF IT.

Shortly after six o'clock on Saturday evening an automobile, No. 4201, owned and driven by Daniel Hatfield, 119 Britain street, was in collision with street car No. 78 of the East St. John route, in charge of Motorman Fred Cannon, in Union street, near the corner of Charlotte, purchased and occupied while in office.

Former Dry Chief Had \$60,000 in Bank

Syracuse, Oct. 22.—When the safety deposit box of the late Jay C. Wafar, former prohibition chief of the Syracuse district, was opened at the Waterloo National Bank \$60,000 in cash was found. Wafar died in office about a month ago, leaving an estimated estate of about \$200,000. The discovery of the fortune cached in the Waterloo bank amazed his wife.

EMPIRE DEFENCE

Vicount Haldane's Edinburgh speech on Imperial relations, delivered while the Empire Conference is in conference, is the counsel to one who believes in making haste slowly in the matter of Empire reorganization. While he believes the time is coming when changes in relations will be necessary, he is wholly opposed to forcing the pace. He truly says that stability has come hither, not from rigid bonds, but from common ends and purposes and mutual appreciation of aims and interests.

Meaning, as traffic grows, it is highly important, as the Quebec Telegram suggests, to get the principle established that the home ports shall have the nation's business. The country is frequently reminded, in discussing the national debt, of the fact that a very high proportion of the bonds are held by Canadians and that the interest is distributed at home.

The appearance of the submarine of the white men is a most disconcerting and menacing range equal to the earth's diameter, comes in the fifth year after the war and gives some indication of what is to develop in competitive construction of under-water craft unless the nations agree to check this form of armament as they did the capital ship.

A GOOD WORD FROM QUEBEC. The entire Dominion would benefit by the winter export trade of Canada being done by St. John and Halifax, says the Quebec Telegraph, "because it would involve large additional earnings by the Intercolonial Railway, and it was largely for this traffic that it was constructed."

BOYS' DEVELOPMENT SPEAKER'S SUBJECT. The first Trail Rangers Grand Camp of the season was held on Saturday night in St. David's Sunday school with 47 of the Trail Rangers and Mentors present.

at which one is lying still. Then, it is said, there is no escape from a depth bomb.

With construction stopped on the battleships there is still practically a free-for-all with respect to cruisers, torpedo boats, destroyers, submarines and air-craft—a wide and dangerous field of competition.

There are several alibis, but under the conditions prevailing here was the best horse by six lengths and horse races are run under the prevailing conditions, not those which figure in the explanations.

Canada has 300,000,000 bushels of wheat for export during the coming year. How much of it will go through our own winter ports?

Will Saxony and Bavaria follow the Rheinland out—if the Rheinland really goes out?

LIGHT-HEARTED MURDER—A MYSTERY

In order to rob an express train in California to pass vast amounts of money, a couple of bandits murdered four trainmen without warning and without mercy, as if it were the most commonplace of incidents connected with their abominable trade.

Increase of population is one of the most impressive facts of the past century. Perhaps economists, our legislators, farmers, uplifters and labor leaders have not as a whole grasped its tremendous importance.

THE RACE UNDER SEA. The appearance of the submarine of the white men is a most disconcerting and menacing range equal to the earth's diameter, comes in the fifth year after the war and gives some indication of what is to develop in competitive construction of under-water craft unless the nations agree to check this form of armament as they did the capital ship.

FRANCE blocked the proposal made to limit the use and construction of submarines at the Washington arms conference. The British advocated the entire prohibition of the submarine in war, and the American proposed extensive restrictions, but the French delegates killed both suggestions, and indicated France's intention to build some 300,000 tons of under-water craft for the protection of her coasts, a proposal which Balfour described as a "menace."

Mr. Station was the preacher in the Ludlow street Baptist church in the morning and in the Exmouth street Methodist church in the evening. He spoke of the four-fold program of the C. S. E. T.

PRINCESS GORCHAKOVA.

Moscow—Even the proletariat of old Russia has had mighty tough sledding in these days of famine and pestilence. But think of the surviving remnants of the nobility of Nicholas' day. Under the regime of Lenin and Trotsky, they've suffered worse than death.

THE WORLD'S POPULATION.

In the world becoming overcrowded? In a discussion of population and employment, Sir William H. Beveridge, a well-known British economist, claims that it is not. This is in spite of the fact that some economic thinkers of the day. He probably would have been more practical, however, if he had said that the question is to be answered in the affirmative or negative by the attitude of labor toward its products.

DEFEATING THE DIVORCE COURT

The old saying that business and sentiment do not mix is fast becoming obsolete. The two are being mixed every day by some of the most successful promoters of business, and their success suggests that the mixture is also found effective by those engaged in the promotion of sentiment.

RECENT WEDDINGS

Boyd-Muir.
A quiet but pretty wedding took place at the home of Mrs. George Muir, Pearsonville, on Oct. 9 at 4 p. m. when her second daughter, Jennie Elizabeth, was united in marriage to Murray I. Boyd, son of Mr. and Mrs. Leslie Boyd, of Sheba. Rev. Mr. Sears, of Norton, performed the ceremony. The day being ideal, the ceremony was performed on the lawn under an arch of varicolored autumn leaves. The bride was handsomely attired in white satin de chine with veil and orange blossoms and carried a bouquet of carnations and maiden hair fern. She was attended by her little niece, Jean and Pauline Anderson, as flower girls, faintly dressed in white organdie with pink sashes. After congratulations had been received, supper was served and the happy pair left by automobile for a brief stay with the groom's parents, the bride wearing her traveling suit of navy tricotine with blue and gray hat. They later left for the United States, where they will reside.

McKibbin-Brynton.
Newcastle, N. B., Oct. 19.—The home of Mr. and Mrs. Harry Brynton, Hedbank, was the scene of a very interesting event at 5 o'clock Wednesday afternoon, Oct. 10, when their eldest daughter, Emmeline, was united in marriage to Mr. Sanford McKibbin, son of Mr. and Mrs. John McKibbin, of Exmore. Rev. William Glenwood, pastor of the Presbyterian church, performed the ceremony in the presence of about 75 invited guests. The house was very prettily decorated for the occasion and in the parlor a handsome arch of autumn leaves had been erected, under which the happy pair stood to make their vows. The bride entered the parlor on the arm of her father to the strains of a wedding march played by Norman Sutherland. She wore a suit of navy blue with hat to match and carried a bouquet of pink roses. She was unattended and was given in marriage by her father. After the ceremony a sumptuous wedding supper was served and the evening spent in music and dancing, after

EXCITING CLIMAX

An honest-to-goodness movie was taken at the Hotel Pennsylvania at the formal opening of the campaign to raise \$700,000 for the Federation for the Support of Jewish Charities. Under direction of Percy S. Straus (with megaphone) Felix M. Warburg turned the crank in the climax in which the principals, Charles Hirschon, Henry Samis, Fred M. Stein and Chairman Arthur Lohman are shown giving away their money for the good of the cause.

which Mr. and Mrs. McKibbin motored to Newcastle, from where they left on a honeymoon trip to Montreal, Boston, New York and other cities. On their return they will reside in Exmore. The bride, who for some time was a nurse in training at the Miramichi Hospital here, received many valuable presents in linen, cut glass, silver and furniture. The groom conducts a general store at Exmore.

Hogan-Coll.
A wedding of much interest to friends in New Brunswick was solemnized at St. Ignatius church, Peterborough, on Thursday, Oct. 18, the Rev. Arthur P. Allen officiating, when Miss Marie Coll was married to Michael Hogan. The bride, who was unattended, was dressed in a smart navy blue tailored suit with hat to match and carried a bouquet of pink roses. She was unattended and was given in marriage by her father. After the ceremony a sumptuous wedding supper was served and the evening spent in music and dancing, after

Porter-Nowlan.
Newcastle, N. B., Oct. 19.—At Redbank on Wednesday, Oct. 10, Miss Annie Nowlan, daughter of the late Allan and Mrs. Belle Nowlan, of Sunny Corner, was united in marriage to William Porter, of the same place. Rev. William Girdwood performed the ceremony. They will reside in Sunny Corner.

RECENT DEATHS

Mrs. William J. Curry.
The death of Mrs. William J. Curry occurred at Barnesville, Kings county, N. B., yesterday, in her eighty-fifth year, after a prolonged illness. The late Mrs. Curry is survived by her husband, one son, Frederick, and one daughter, Agnes, both at home; one sister, Mrs. Elizabeth Baxter, of St. John, and one brother, Mr. Steel, of Barnesville. The funeral will be held on Tuesday afternoon from her late residence.

Miss Bessie Olivia Stevens.
On Oct. 20, 1923, at her late residence, Prospect street, there occurred the death of Miss Bessie Olivia Stevens, daughter of Mrs. J. W. Stevens. Death

took place after a lingering and painful illness which was borne with great patience. Miss Stevens was a devoted member of the Fairville Baptist church, a teacher in the Sunday school. She was one who was interested in everything good. Her passing will be sincerely regretted by the entire community. She leaves to mourn her mother, two brothers and four sisters. The funeral will take place from her home this afternoon at 2:30.

John Ansborough.
After a short illness the death of John Ansborough occurred at the residence of his nephew, E. J. McLaughlin, 30 Cliff street, on Sunday. Mr. Ansborough was ill for only a short while and many will learn of his death with keen regret. He is survived by one brother, Patrick Ansborough, of Boston, and two sisters, Miss Katherine and Mrs. Mary E. Downing, of East Boston; also several nephews and nieces. The funeral will take place on Tuesday morning from 30 Cliff street to the Cathedral.

Miss Amelia Freeman.
Miss Amelia Freeman, daughter of the late Samuel and Sarah Freeman, of Amherst, N. S., died at the Old Ladies' Home on Saturday, Oct. 20, after a week's illness. She had been an inmate of the Home for about two years. She was greatly beloved by the other patients and by the matron and attendants. A service was held last evening at the Home, Rev. S. S. Poole, D. D., officiating. The music was sung by the choir of Germain street Baptist church. The body will be taken to Moncton this morning on the early train for burial in the afternoon.

Mrs. Margaret Agnes Chittick.
Mrs. Margaret Agnes Chittick, wife of Hugh Edward Chittick, died suddenly at her home, 63 Celebration street, Saturday evening. She was the daughter of the late Mr. and Mrs. Robert Shaw, of Lepreau. She is survived by her husband, four daughters,

of Pythias members attended the funeral yesterday of Frederick W. Dorman. Oscar J. Dick, past chancellor, conducted the service at the grave. Interment was made at Fernhill, the service at the home of W. W. Dorman, First street, being conducted by Rev. W. J. Johnston, pastor of Colburg street church. Members of the Knights of Pythias acted as pallbearers. The funeral was largely attended.

FUNERALS
The funeral of Captain J. A. Hersey was held yesterday afternoon at 2:30 from the residence of his son-in-law, Cecil W. Perrett, 31 High street. Rev. SCIENCE TO ASK ENCORE OF SPIRITS

They Must Write More Before Rev. Mrs. Stewart Gets Prize.

New York, Oct. 20.—The Rev. Mrs. Josie K. Stewart, pastor of the First Independent Church of Cleveland, O., will be examined carefully by scientific experts, following her amazing success in producing spirit writing before a large committee.

Mrs. Stewart will have another séance but meantime experts will try to sift the phenomenon she produced at the home of Mrs. Ned Wayburn in Bayside, L. I. Mrs. Stewart produced the independent writing in an effort to qualify for the \$2,500 prize offered by the Scientific American for a successful objective dictation of spirits.

Twice before the Rev. Mrs. Stewart tried to produce spirit writing and failed. Her success followed the tossing of plain white cards, pressed about the petals of flowers, into flower beds. She said she had failed before because she could not commune with nature. The earlier seances—Mrs. Stewart declared they are not seances as most people know such things—were held in a Manhattan office building.

However, she was in a garden surrounded by persons chosen particularly for their fitness to watch her. Plain white index cards were handed to her. Between two of them she placed the petals of flowers—holirops, roses, phlox, and the like. Then she tossed the cards into flower beds and asked her audience to talk among themselves naturally, but on topics not related to the spirit world.

Five minutes later Mrs. Stewart picked up the cards and asked the entire committee to gather around her. She placed her hand on the neck of Dr. Howard Carrington, research worker in physical phenomena. For a moment she stood still. Her body sagged. She called for a drink of water. Then suddenly, smiling brightly, she gave the cards to J. Malcolm Bird, one of the editors of the magazine conducting the tests.

"Waves passed through and through me," she said. "I believe you will find writing."

Written plainly in pink on the cards, amid the stains of flowers, was the sentence: "Truth crushed to earth shall rise again."

On the second card, in heliotype, was written: "How happy I should have been for an opportunity such as this—William James."

Another card carried a message from a living friend of Mrs. Stewart. The "medium" insisted that friend was in New York at the moment of the test. Altogether five other sentences appeared on the flower stained cards.

"This is the first successful objective test we have heard of," said Mr. Bird after it was over, "but we are

Less Safe to Walk There Than to Travel by Rail or Air.

London, Oct. 22.—According to officials of the London Safety First Council, it is less safe to walk the streets of London than to travel by rail or by air.

During the last year 684 people were killed and 26,322 injured in London's streets. During the same time the toll on the whole of England's railways was only 728 killed and 19,462 injured.

Long periods of flying occur without a single passenger being killed.

Of the fatal accidents in London, 40 per cent were caused by motor-cars, motor-vans, etc., and 63 by motor-buses.

In the first quarter of the present year, street accidents in the metropolitan area totalled 19,380, of which 149 were fatal. Of the latter 107 were caused by motor-cars, motor-vans, etc., and 16 by motor-buses.

Suicide's Note Pleads For Destitute Family

New York, Oct. 22.—A few minutes after Frank D. Phillips, an insurance agent, living in Arundale avenue, Great Neck, L. I., walked into a washroom on the second floor of the Grand Central Terminal office building, an employe of the building found him unconscious on the floor, while beside him lay a small oval, which the police believe had contained poison. He was taken to the emergency hospital, where he died soon afterward without having regained consciousness.

In one of Phillips' inner pockets was a blank New York Life Insurance Company policy. On the margin was scribbled, "Call A. F. Boles, 220 Broadway. Bankers' Life Company, to identify me." Detectives tried to reach Mr. Boles, but his office was closed and his home address was not learned.

Below Boles' name on the policy was written: "Family destitute—hopeless—be merciful to wife and family. Also useless, no good, poor darling Murie, true and faithful. Better this than final diagnosis."

BAD HEATING IS CAUSE OF DEATH

Poor Ventilation Also — Influx and Pneumonia on Increase in U. S.

Atlantic City, Oct. 22.—One-third of all the deaths in the United States are due to respiratory diseases caused by the lowering of vitality on account of improper heating and ventilation during the winter season, according to representatives of the Smithsonian Institution, who made addresses at a convention of the American Gas Association here.

They stated that the most deadly forms of communicable diseases in the United States are tonsillitis, influenza and pneumonia, all of which are on the increase.

"The seasonal cycle of pneumonia where house heating is necessary is startling," they said. "Of the total annual deaths about 40 per cent occur during the winter months, 24 per cent during the fall and spring quarters and 10 per cent during the summer."

DEFENDS HALIFAX ST. JOHN PORTS

Halifax, Oct. 21.—H. S. Congdon, Dartmouth, in a letter to the Herald, deals with a statement by H. F. Merrill, chairman of the directors of the port of Portland, Maine, in which the latter states that the grade from Montreal to Portland is all the way down hill and for a considerable part of the way a train can literally coast to Portland.

Mr. Congdon says in part: "Montreal is nineteen feet above the level of the sea. Portland, St. John and Halifax are at sea level. It would be slow coasting 297 miles with that fall. Montreal, before the Grand Trunk reaches Portland it has to cross a divide 1,377 feet above sea level. There are lots of one per cent grades and several greater than that."

Dig Up Skeletons of 7,000 Years Old

Santa Barbara, Cal., Oct. 22.—Fossilized remains of a mastodon, an elephant of a later era, and skeletons of human beings buried for 7,000 to 10,000 years have been uncovered at Point Magu, Ventura county, by John P. Harrington of Santa Barbara, a representative of the Smithsonian Institution of Washington, D. C.

The excavations were made on the site of an ancient Indian rancheria. Excavations will be continued throughout southern California.

Strange Costs Fixed By German Court

Berlin, Oct. 22.—A Berlin shoe-maker recently sued a prominent German actress for libel and won a decision. The actress was required to pay the costs of the case. When the judge asked the shoemaker the amount of his lawyer's fee, the cobler replied he had promised the attorney a new pair of half-soles. The court required the actress to pay the cost of mending the lawyer's shoes.

SEES LLOYD GEORGE AGAIN AS PREMIER

New York, Oct. 21.—Lloyd George's tour of America is making him solid with the English people again," said the ex-French war time secretary, Philip Kerr, who sailed home on the Caronia yesterday after having delivered a series of lectures.

"Will Lloyd George be returned to the Premiership?" Kerr was asked.

"He will," he said, "when the Liberal party is re-united."

"And when might that be?" "That's difficult to say," Kerr answered. "But the time is approaching quickly."

The next trip of the Prince of Wales will be to South Africa, the only part of the Empire he has not yet visited. It was announced recently that he would probably start out on his new trip early in the spring.

LONDON DISCUSSES PLANS; A DIVISION OF OPINION RISES

London, Oct. 21.—Two defense schemes involving the development of Canadian naval forces here, it is understood, latterly being receiving consideration in certain circles here. Neither is before the Imperial Conference as a formal proposal nor does either represent any form of Government policy. Rather, it is thought they are schemes in the nature of private initiative.

One is much less ambitious than the other. Its first aim is the protection of Canada's maritime bases. Then if the scheme is given effect, fleet leaders would protect shipping from Canadian ports up to say three hundred miles out to sea.

A third step would be the provision of light cruisers to protect shipping on the ocean lanes.

Under the second plan the phase of fleet leaders would be skipped. Instead Canada would lay down three cruisers with a large cruising radius and Britain would provide a fourth cruiser and thus a Canadian cruiser squadron would be formed.

Both schemes have met with technical support and technical opposition.

TAKEN ILL ON TRAIN OF TYPHOID FEVER

Ronald Northrup, youngest son of Mr. and Mrs. M. J. Northrup, of 200 Paradise Row, is very ill with typhoid fever in the Maine General Hospital in Portland, Me. Young Northrup has been in business in Niagara Falls and had recently taken a trip to the Pacific coast. He was returning home, via Bytown, when on the Maine Central he was overcome with typhoid. He has been absent since May. His parents are naturally very anxious about their son, but are receiving great courtesy from the hospital authorities in Portland, as messages as to his condition are forwarded every day.

BELL ISLAND ORE MINING PROBED

St. John's, Nfld., Oct. 21.—H. B. Gillis, superintendent of the British Empire Steel Corporation is here consulting with the Government on the Bell Island situation. He states that the curtailment at Bell Island of iron ore mining, which has caused much worry here and inspired meetings of protest by the miners, was the only course that could be followed in view of existing market conditions.

Carnation Milk

"From Contented Cows"

Your Grocer can supply you with pure, convenient Milk

YOU'LL welcome the wonderful convenience of Carnation Milk. You'll welcome it because you never need run out of milk at any time—you can keep a supply on your pantry shelves—always ready, always fresh and sweet, always the same.

What's more, your grocer can supply you. He is the Carnation Milkman. You can order it with your groceries.

Carnation Milk is just pure cows' milk with about 60% of the natural water content removed by evaporation, hermetically sealed in the container and sterilized. When diluted with a little more than an equal part of water, Carnation Milk has the consistency of milk as it comes from the cow.

Use it as cream in tea or coffee, on cereals or fruit; as milk for every use. Order several tall (16 oz.) cans or a case of 48 cans from your grocer.

Try this recipe and write for a copy of the Carnation Cook Book. It contains 100 tested recipes.

SCALLOPED POTATOES
One tablespoonful salt, 4 medium-sized potatoes, 1 1/2 cups water, 2/3 cup Carnation Milk, 1/2 tablespoonful butter. Wash, pare and cut potatoes in thin slices. Put a layer in buttered baking dish, sprinkle with salt and dredge with a small amount of flour. Add milk mixed with the water and butter and bake until potatoes are soft. This recipe serves six people.

CHILDREN PLAY IN REAL FAIRY LANDS

Woman Artist Paints Famous Scenes and Characters on Nursery Walls For Youngsters' Delight

Cleveland, O.—The children's play rooms in some of the homes here are real fairylands in themselves. They are the invention of Miss Lillian Hunter, artist, who goes about transforming simple four walls into a veritable country of make-believe for the edification of the children.

Miss Lillian Hunter and One of Her Fairyland Creations.

Stimulates Imagination. "I chose Robert Louis Stevenson's 'Young Nigh Thoughts and Dreams' for my first playroom," says Miss Hunter, bringing out her portfolio of sketches. "Over the mantel, I painted a shadowy picture of land, sleep with a castle vaguely seen in the distance—all fairy tales should have a castle. Beside the fireplace stands the Black Knight in armor. Around the room are child characters from story and history—nearly 100 of them.

Miss Hunter has the whole story of Alice in Wonderland. "Perhaps the most elaborate piece of work I have ever done is in a house which by the strange irony of fate was sold three months after it was completed to a bachelor and his widowed mother. But I am glad to know that

STORM RAISED OVER ISSUE OF A. N. P. STAMP

Postmaster General Put His Own Picture on Five Cent Issue.

In their decision to have the portrait of the Prince of Wales gracing the new issue of Canadian \$2 bills, the Federal Government has made a mistake in a very important matter, for the question of the design of bank notes and stamps is one which should be decided by the government, not by the postmaster.

But Mr. Connell was obstinate and refused to be deterred. He had been formally authorized to prepare designs for new stamps and issue them, his instructions having been without restriction. He, therefore, proposed to give the stamp bearing his own likeness and was prepared to give the stamps to postmasters for issue.

The council replied in a spirited communication, warning that the change would involve loss of time and revenue and, as he did not care to be responsible to the people for his resignation, he tendered his resignation, asserting that his usefulness as a cabinet minister was surely at an end and if he could not, after official authorization, be permitted to procure a series of postage stamps, he requested that the government give him the grounds for his resignation.

The New York Bank Note Company specially changed the plate for the five-cent value by giving out Connell's name and inlaying the face of the Queen. Thousands of Connell stamps were ruthlessly thrown into the furnace, although there still remain in existence a few copies which Mr. Connell gave to his friends. These stamps are catalogued at \$150 each and are extremely rare.

There has been considerable controversy among collectors over this stamp. It has been said that some of them were actually issued and used, but this is officially denied. Mr. Connell's stamp is now a valuable collector's item.

DEFENCE MINISTER DEFENDS THE KING ADMINISTRATION

Says a Wise Government Measure Effective in Exposing Home Bank.

Montreal, Oct. 21.—Speaking before the Reform Club here Saturday Hon. E. M. Macdonald, Minister of National Defence, dealt with the Home Bank issue, the civil service commission which he denounced, explained conservative successes in Prince Edward Island and Ontario, and concluded with a eulogy of the party system of Government.

Mr. Macdonald scored the late Government for wasteful expenditure claiming that much money had been spent in his own department for the purchase of lands and buildings which had no possible purpose that could be conceived of for carrying on the war, and the sale of which now would not bring back even a reasonable proportion of the amount. He then went on to defend the statements in the prime minister's speech at Quebec before leaving for the imperial conference against the contradiction issued by Sir Thomas White.

A great deal of Canada's present debt was not, he declared, an account of war expenditures, and he gave as examples the taking over on the Canadian Northern by the Borden Government in 1917 which had relieved the western provinces of obligations of 120 millions; and the 20 million dollars expended for docks in Halifax. There were also expenditures of the Hudson Bay railroad, and the spending of sev-

enty millions on the Government Merchant Marine. Discusses Civil Service. Turning to the civil service commission the minister did not believe it was democratic and he thought the ministers who had the responsibility should choose the people they liked, and not have an irresponsible body make the selections by some means of written examinations or other peculiar methods. Sympathy for the depositors of the Home Bank of Canada was expressed by the minister who claimed that in consequence of the wise amendments injected into the Bank Act at the last session of the Federal House the situation in regard to the Home Bank was exposed. If it had not been for those amendments he would venture to say that the country would not know today what was the exact position. He felt that, as a result of the legislative restrictions, such difficulties as had arisen in the case of the Home Bank were not likely to arise again.

Speaking of the railway situation Mr. Macdonald insisted that the roads should be given a fair chance and thought that Sir Henry Thornton was the man to make a success of them. By preaching away from the party system the conservatives had, he declared, been swept away all over Canada except in British Columbia and Ontario. People wanted the party system and this had been the main point shown in the recent elections in Ontario. In Prince Edward Island the Islanders had voted on a poll tax and not being partial to taxation, had voted against it. He concluded by declaring that Mr. Meighen was going up and down the country reciting lamentations which the lamentations of Jeremiah could hardly equal.

Government Employees Made to Work to Earn Their Pay. Madrid, Oct. 22.—The public pulse of Latin countries is beating true for in Spain. The Government has been overthrown by a coup d'état, yet the excitement soon over and today the mind of the crowd is busy as ever with its distractions and pleasures. The weather breaks. A roulette table it is rumored, is to be installed at the Ice Palace by permission of the dictator, Primo Rivera, who is said to be not insensible to the attraction of the game. The well-to-do residents of Madrid have begun their exodus from San Sebastian, returning to the capital as fast as the limited train service can bring them.

Probably nothing has caused as much excited comment and speculation as the famous decree, the purpose of which is to make government employees do some work. It has been a veritable bombshell. It reads that all such men report at nine in the morning and on duty until two in the afternoon. Bombshells are crowding their offices over each other, asking where their offices are located and when they find them, wondering what to do. A caricaturist suggests that concentration camps be established in government offices. Thousands of government officials, in the enjoyment of a mere pittance, learned in the past how to reduce their output of energy to a minimum, often not exceeding the mere act of signing the monthly pay sheet. Thousands more by means of an occasional "act of presence," as it is picturesquely called, in various departments managed to derive a multiplicity of incomes from as many sources. Under this system sinecures for the relatives of cabinet ministers, down to the most distant degrees, were easy to obtain and by a series of compromises often maintained while the party was out of office. Room on every pay sheet was found for a host of party supporters.

Edward Quinlan IS SHOT IN ARM. Edward Quinlan, while at Willow Grove yesterday, received a severe wound in an arm. His injury is not thought to be serious and he is being treated at the General Public Hospital. It is understood that a boy was cleaning a gun which was thought not to be loaded. The gun discharged and the shot went through Mr. Quinlan's arm. The man was rushed to the General Public Hospital where the wound was treated and last night Mr. Quinlan was walking about. It is expected he will be discharged from the institution within a few days.

The men's mission in St. Peter's church closed last evening with an overflow attendance following a week of large assemblies at the services. Rev. J. Doyle, C. S. R., preached and gave Solemn Benediction. Rev. Patrick Costello, C. S. R., Rev. G. A. O'Brien, C. S. R., and Rev. F. W. Hill, C. S. R., assisted in the services during which the baptismal vows were renewed. Rev. Father Coffin had charge of the music, which was full of inspiration. The "Ave Maria," by Gounod, was sung by Michael Howard and Harry E. Richard sang a setting of "O Salutaris." The "Tantum Ergo" was sung with great expression by the full choir.

Bullets and high explosives were responsible for 25 times as much blindness as gas in the Great War. The United States produced 226,000,000 pounds of paraffin wax in 1920.

Edward Quinlan IS SHOT IN ARM. Edward Quinlan, while at Willow Grove yesterday, received a severe wound in an arm. His injury is not thought to be serious and he is being treated at the General Public Hospital. It is understood that a boy was cleaning a gun which was thought not to be loaded. The gun discharged and the shot went through Mr. Quinlan's arm. The man was rushed to the General Public Hospital where the wound was treated and last night Mr. Quinlan was walking about. It is expected he will be discharged from the institution within a few days.

Mr. and Mrs. Stephen Speight, of Fairville, have returned from Lepreau. Mr. Speight was hunting in the vicinity and was successful in shooting a large deer.

Edwards and Whitens. A little shaken into the toilet bowl renders it free from odors and snow-white. Snowflake Ammonia. THE FULL STRENGTH.

Twenty Million sound reasons for buying them. Eversharp and Wahl Pen have found their way into the hands of over twenty million people. Many now carry two Eversharp—one with the new colored lead.

Eversharp's perfect balance makes it the most comfortable pencil to hold. You never find a wobbly lead in Eversharp—the exclusive rifled tip grips it tightly. The automatic index tells always the length of lead in the barrel. An eraser and magazine of extra leads are under the cap. Eversharp's exclusive features can't be copied.

The all-metal Wahl Pen is a wonderful fountain pen improvement. It cannot crack or split. It holds more ink. It will last a lifetime. Buy both, matched in gold or silver. Eversharp, \$1 to \$10; Wahl Pen, \$4 to \$10. Solid gold at higher prices. Look for the name on each.

Wahl all-rubber pens are great—simply great! \$2.75 up. Made in Canada by THE WAHL CO., LTD., Toronto. EVERSARP matched by WAHL PEN. IMPORTANT: A pencil is no better than its lead. Don't use poor lead in your Eversharp. Eversharp leads are recognized as the finest made—fact proved by over 100,000,000 used every year. They are made to fit the pencil. Seven grades—very soft to very hard. Ask for the new small-diameter colored leads, too! In the red top box. A complete refill—eraser and its lead.

Dentistry Without Pain. Painless Dentistry is no longer a joke. It is an actual fact. It is being practiced by many up-to-date Dentists. It is practiced in the offices of THE MARITIME DENTAL PARLORS. No matter how sensitive your teeth are we can Crown, Fill or Extract them without pain.

There He Was. The Postmaster-General complimented the young man upon the appropriateness of the design and said he would personally assume responsibility for the selection of the design for the 5-cent denomination. In due course the New York company completed the contract and the stamps were delivered to the Postmaster-General shortly before May 1, when the new issue was to be placed on sale. Mr. Connell sent a few sets of the stamps to the Governor and members of the Executive Council and when they gazed at the designs they were horrified to discover upon the 5-cent stamp the likeness of Postmaster-General Connell as large as the Queen.

At a hurried conference of officers it was decided that the action of the Postmaster-General was reprehensible and that the stamps bearing his likeness should not be issued, even if force were required to prevent it. The country should not be scandalized. The first intimation Mr. Connell, who was visiting in the country, had of the storm his innocent surprise had evoked was when he received a telegram advising him that the stamps could not be issued to postmasters until they were formally approved by the Governor-in-council. Even then he did not realize the seriousness of the matter.

U.S. COLT TRIMS PYPYRUS BY SIX LENGTHS; TOTAL WINNINGS \$254,936

English Thoroughbred is Bothered by Heavy Belmont Track.

New York, Oct. 22.—Getting away to a bad start, Zev, the United States entry in the great international race at Belmont Park on Saturday, pulled up on Papyrus, the English Derby winner, before the first quarter pole had been reached, and finished six lengths in front after a great burst of speed on the home stretch.

Zev's favorite, before the horses went to the post. Zev was the favorite in betting circles at four to five with Papyrus at even money.

A REAL MOVIE ROMANCE—UNFILMED

Hollywood, Oct. 22.—Not all the movie romances are screened. Not all the residents of Hollywood are villains and vamps.

For instance: Frida grew to girlhood in St. Louis. Of course, she knew her way in the best movie circles, but her acquaintanceship with the stars and starlets was limited—and she had to pay the cashier every time.

Being a most natural dame, given to admiring the other sex, Frida read everything in newspapers, magazines and other sources, about her idols. She liked this or that leading man, she loved so-and-so and she just worshipped whoever he or she might be at this particular time.

Then a few years passed, as the subtitles say, and Frida heard of a movie being made in Hollywood.

Both was born without the proverbial silver spoon. Like a true boy he was curious about freight cars. His curiosity in that direction resulted at the age of six—an accident happened. The surgeons thought he would die, but he was saved, after both legs had been amputated.

Here was a handicap. Bob knew it. He worked hard and studied hard in the intervening years, finally leaving his home town, Chicago, to be a scenario writer on the staff of the Universal Film Co.

"Amid the arid wastes and craggy hills of romantic Old Mexico, on the fringes of grim battlefields, where strong men blazed the trail for the civilization of their pampered brethren" was Robert Hornor, director of the productions bearing that name.

Mr. Hornor, alias Bob, had brought his flashing trousers to this spot to shoot the scenes for a current celluloid thriller. Members of the company were aware that a pretty girl had accompanied them across the border although not east. Frida A. Bohan was her name, not that it mattered.

After filming the last scene, Hornor went into conference with his stars, Eva Novak and George Chesebro. When they got through it was announced that Miss Bohan had been given a lifetime contract as general manager of the youthful director.

With his players as witnesses, the marriage ceremonies were performed at Tia Juana, the same place, incidentally, where Rudolph Valentino got married.

Hornor's rise to director-producer has been phenomenal. Today he is said to be the youngest movie magnate on the west coast. And Frida, the movie-stricken girl from the middle west, is his boss.

HAVE KIDNEYS EXAMINED BY YOUR DOCTOR

Take Salts to Wash Kidneys if Back Pains You or Bladder Bothers.

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood.

HAMPTON WINS KINGS CO. TITLE

Defeats Sussex and Clinches Hold on McKenna Cup Saturday.

Ploughing their way through a field of mud to a 3 to 0 victory over Sussex High School Saturday afternoon at Hampton, the Hampton High School rugby team clinched the championship of the Kings County Public School Football League and are highly jubilant over their achievement, at the right of proud possessors of the McKenna Cup for one year.

Despite the condition of the field and rainy weather Saturday evening 125 spectators—the biggest crowd of the year—turned out to witness the game. In the first half the Hampton team, led by the captain, scored two goals and the game barely ten minutes old, "Silver" Ross, captain of the Hampton team, smashed over the line for the only score of the game. Ross, himself, failed to convert at a difficult angle. There was no further scoring in this half.

Believing that the best defence is a good offence, Hampton went on the field in the second half determined to increase their narrow lead. They did the job too much for them, however, as the Sussex boys fought back doggedly in the shadow of their own goal posts. Hampton had the edge in scrum play in this half, which ended without either side scoring. Immediately after the final whistle, whistled by Rev. Thomas Parker, both teams cheered each other. Following the game, a spread was held before the teams in the school house, when speeches were made by Rev. Mr. Parker, Frank Kierstead, principal of the Hampton High School, Mr. Fraser, principal of the Sussex High School, J. P. Atherton, of Sussex; H. Dwyer, A. J. Sullivan and others.

Manager King, of the Hampton team, said last evening that his team would accept the challenge of the St. John High School second team for a game to be played at Hampton on Wednesday afternoon next. He added his team would be willing to play a return game in St. John.

New York, Oct. 22.—Daniel Warren, 81, an importer and exporter, living at Shore Acres, Manamoraek, leaped in front of a Fourth avenue express train from the subway platform at the Grand Central terminal. Patrolman McNeal saw him jump. He sprang to the tracks and attempted to lift Warren to the platform, but the weight was too much and McNeal and Warren fell back together. The motorman jammed on the emergency brakes and brought the train to a standstill a few feet from where the men lay sprawling.

Warren and Patrolman McNeal were lifted from the tracks. Warren was taken to Bellevue for observation. It was said there that he was suffering from a nervous breakdown.

William C. Borrett, Dartmouth, on his home-made radio set, heard a message from California on Sunday night, and he believes this to be an amateur record.

RAIL TICKET TRAPS \$100,000 BURGLAR

Theriault is Caught Trying to Redeem Stolen Past-board at Station.

New York, Oct. 22.—More than twenty-five burglaries in Brooklyn and the Bronx, and four hold-ups in Newark, are cleared up, the police say, by the arrest of Joseph Theriault, 26, a Central Railroad ticket agent at 164 South Eighth street, in the Williamsburg section of Brooklyn. The detectives say Theriault has confessed to stealing about \$100,000 worth of jewels and other goods in the last two months.

Theriault's capture was the result of the robbery of the home of Mrs. Emma Svasek of 1024 East Twelfth street, Brooklyn, July 26, last. About \$100,000 worth of jewelry was taken, with a pocketbook containing a ticket to Columbus, Ohio, over the New York Central Railroad. The railroad officials issued a "stop order" on the ticket.

On the way to the Sheepshead Bay station, where Theriault was taken for arraignment in the Coney Island court this morning, the detective said he told them that he and another man went to Newark and held up three couples in the park. Later they held up a saloon, Theriault told his captors.

Abbey's EFFERVESCENT SALT FOR Constipation

My Debt of Gratitude. "Ulcers the Size of Man's Hand." Dr. G. M. THOMPSON, 24, Midland Ave., Edward Rd., Baiton Heath, Birmingham, England, writes: "In July last I happened to get a box of your salt. It was so slight I took no notice of it till a fortnight elapsed, when I found I could not go to school. I gradually grew worse, when it turned to ulcers. From this period I got from bad to worse till at length the sores turned into ulcers. I had at that particular time ulcers the size of a man's hand covering my leg. After I had tried nearly everything I read about your salt, I decided to take it; it was then in the month of October, and after the second bottle, I found relief. I continued until the seventh bottle when I found myself completely rid of the trouble. You can make use of this statement and I will be only too pleased to answer any enquiries because it is so simple and so effective. My salt is to be had of all chemists and druggists. Sloan's Liniment—kills pain!

WILLS MATCHED. Newark, N. J., Oct. 21.—Harry Wills, negro heavyweight, has been matched to box Jack Thompson, of Joplin, Mo. Here Nov. 6, it was announced tonight by the National Sportsmen's Association. They will box twelve rounds, no decision.

TRAINER SHOOT JUDGES OF RACE

Webb Objects to Ruling,
Sends Bullets Into Two
Officials.

Akron, Ohio, Oct. 22.—Slim Webb, race horse trainer, shot and seriously wounded track judges Peter F. Callen, Toronto, and F. W. Gerhardt, after a quarrel in the lobby of the Portage Hotel, here on Saturday. A blood transfusion furnished by one of his racing associates was believed to have saved the life of Judge Callen. Gerhardt also is expected to live.

Gerhardt and Callen were shot in the back, the former twice. The quarrel is said to have started Thursday after a race won by a horse trained by Webb. The judges ruled that a jockey on another horse pulled his mount to allow Webb's horse to win.

Saturday Webb walked into the lobby of the hotel where Gerhardt and Callen were talking and shouted: "Clear the lobby," and without further warning opened fire.

Frederick High Wins.
Frederick High School defeated Rotherby Collegiate, 18 to 0, in the Intercollegiate League.

The teams lined up as follows:
Rotherby—Full back, Clarke; halves, Douglas, Gordon, Matheson and Richards; quarters, Scott (captain), Hamilton and Melatos; forwards, Dalsell, McAuley, Montgomery, Walker, Lawson, Brodie and Bliss; substitute, Murphy.

Frederick High—Fullback, Hewitt; halves, Steen, McCordick, McCallin, Goodspeed; quarters, Babbitt, Hickson (captain), and Rutter; forwards, Boyd, Huntley, Vaughan, Douglass, Chesnut, Mills and Hanson.

Referee—G. F. G. Bridges.

P. S. Game.—A long established precedent was broken Saturday when not a single upset developed in the long list of week-end eastern college gridiron engagements. Noteworthy among the happenings of the day in football were Notre Dame's slaughtering of Princeton, 26 to 2; Cornell's one-sided win over Colgate, 34 to 7; Harvard's difficult 6 to 0 victory over Holy Cross; Army's remarkable comeback 28 to 0 against Auburn; Penn State's 21 to 2 swamping of the Navy; Dartmouth's 27 to 2 revenge upon Vermont; West Virginia's display in rolling 81 points on Marshall. Syracuse defeated Pittsburg by a placement field goal.

The Giants' Dying Gasp!

Big Jack Bentley, whom many believe may develop into a Babe Ruth of the National League, went in for the Giants as a pinch hitter in the last inning of the sixth and final game of the World Series. He went out soon thereafter on an infield grounder. This shows him in the last play of the series which the Yanks won handily. Umpire Nallin has called the out and is hooping it for the dugout where he will remain throughout the winter.

Louis Donovan, 126-pound Maritime boxing champion, arrived home yesterday from Toronto where he took part in the Olympic try-outs there last Thursday and Friday. Donovan won one bout but lost on points against George Barber. In the finals, Barber was out-pointed by "Mickey" McDonald, of Hamilton. In his bout against Barber, Louis says that he earned the shade in the first two rounds but could not keep up to the pace Barber set from then on. "Both Barber and McDonald are good men and I have no allie to offer. It was a good experience, however, for me," said Louis.

COLUMBIA WILL RACE BLUENOSE

Gloucester, Mass., Oct. 22.—The schooner Columbia, champion of the Gloucester fishing fleet and challenger for the international fishermen's trophy, was preparing today to set sail for Halifax to compete in the international championship series, scheduled to begin on Saturday, Oct. 27. In a trial race held here yesterday, but unfinished owing to the lack of wind, to choose a challenger, the Columbia proved herself the fastest schooner fishing out of this harbor and eliminated the Henry Ford as a possibility for international competition this year.

completed the 31 mile course set for the trial, but in the 19 miles raced the Columbia gained as many minutes on the Ford in light airs, weather regarded by fishermen as "the Ford's chance." With daylight falling the time almost exhausted and the Columbia miles ahead, the Ford and Elizabeth Howard, the second trial schooner, defaulted and sailed for Gloucester.

The elimination race, held at the eleventh hour, because of the late arrival from the fishing grounds of Captain Clayton Morrissey, with the Ford, was staged, committee members excited, in order to give Captain Morrissey his fair chance. With the Ford he lost last year's international series to the Lunenburg Bluenose. He had defeated the Elizabeth Howard and the Shamrock in the Lipton Cup race in August, and it was felt that he had a right to his chance.

Gloucester, while expressing regret at the defeat of Morrissey hailed with delight the victory of Captain Ben Pine, who held the helm of the Columbia. In Gloucester's opinion, Pine has made possible continued participation of the U. S. annual fishermen's races, in the face of many discouraging mishaps.

When the Esperanto, which won the first international series at Halifax in 1920, was wrecked on Sable Island, the next year, Ben Pine made possible the building of the Puritan as a cup contender. The Puritan on her maiden voyage "piled up" on Sable Island. Last year the Ford lost to the Bluenose and then Pine and his associates built the Columbia to win the cup.

Whether he will command the Columbia at Halifax is still a question. Under the strict rules governing the international event, Captain Pine may not qualify as a professional fisherman, his friends say, as he now spends his time in an office. If "Piney" is not

eligible it is said that Captain J. Henry Larkin, skipper of the Boston schooner Mayflower, will take charge of the U. S. challenger.

WORST SESSION, SAYS MAGISTRATE

Declares This Morning Disgraceful—Auto and Liquor Case.

"The most disgraceful morning since my appointment," was the way that Magistrate Henderson termed the proceedings in the Police Court this morning after he had disposed of a large array of prisoners presented to him at the opening of the session.

Altogether thirteen arrests had been made over the weekend. Nine were for drunkenness; two were young women who were arrested for investigation; one man was taken for having driven his automobile, and another for refusing to move when ordered to do so by the police.

Two men charged with drunkenness forfeited deposits of \$38 each, six others were fined \$8 or two months in jail, and a \$100 fine was struck in the liquor case, making the total of the assessments \$264.

This morning's exhibition, the magistrate said, was a display of bad citizenship, and it was a very sad thing to have so many people appearing in the court after Sunday.

"This automobile business will have to be stopped," he said, referring to a case in which Cecil Harry Wiegans was charged with having liquor in his possession other than his private dwelling.

K. J. MacRae appeared for the prisoner, who first pleaded not guilty, and, after consultation with his lawyer, changed the plea to one of guilty.

The accused explained to the court that he was hired by two men, and that the liquor must have been brought into the car by them, as he did not know how it got there. He said that he did not drink himself.

The magistrate struck a fine of \$100. The two men who were in the car, J. E. Zyles and Thos. White, failed to appear and forfeited deposits of \$38 each.

Irene Craigie, 20, and Violet La Crosse, both of Quebec, who were arrested in the car, were taken to the police station for investigation, but on their undertaking to return to their homes immediately were given their freedom.

Refused to Move.

Albert Phillips, charged with refusing to move when ordered to do so by the police, pleaded not guilty. The prisoner, who had stopped to talk to a friend and to light a cigarette.

Detective Saunders testified that he heard the accused on Saturday night about 11:30 calling for two young ladies who were crossing the street at the corner of Union and Charlotte. He ordered him three times to move on, and said that on the last occasion he told "if you don't move, we'll take you to the station."

The detective said, in the habit of passing remarks to women and girls in the street, and that Phillips was remanded for three days, as he desired to get with it.

He was told he was liable to a fine of \$8.

The St. John's Telegram says she greatly increased her popularity on her return engagement at the "Lak" and "Hearers" were delighted, and applauded with much enthusiasm. Miss Gallivan's voice, says the St. John's Telegram, was "very sweet before, has improved wonderfully as a result of the last two years' professional training on the operatic stage. Ethelbert Nevill's classic, "Mighty Lak a Rose," was delivered very tenderly.

IN FERNHILL

Many people took advantage of the warmth of yesterday to visit Fernhill. Very seldom does October yield a day of such appealing charm. In the pleasant city a breath of wind stirred. The ward is still a vivid green, but here and there under the trees is to be seen a speck of brown and yellow leaves. Here and there all over the cemetery could be seen bouquets of late flowers as yet untouched by frost, the tribute of loving hearts to those they mourn. A few mounds are covered with bouquets, with dark colored wreaths and rows of berries at head and foot. Here and there was to be seen a mound newly made, and completely covered with beautiful flowers. The warm sunshine fell on tree and grassward mound and monument, and the whole place was pervaded by an atmosphere of peace that deeply impressed those who walked the silent ways. Such another Sunday can hardly be anticipated before the winter shrouds the place in robes of white.

LAMPERT MAY FACE SPEEDING CHARGE

According to information gathered about the police headquarters this morning, it is believed that a charge of exceeding the speed limit will be made against Max Lampert in connection with a wild chase about the city streets early Saturday morning in which he and Inspector Alexander Crawford were engaged. The matter is now in the hands of the police and if it comes before the court, Mr. Crawford and William Donahue, driver of the car which pursued Lampert, will be the witnesses for the prosecution.

The liquor which was seized in the home of David Carleton, King street east, after the automobile chase ended, is now stored in the vault connected with the inspectors' offices in the Ritchie building, where it will be kept under lock and key until the case is resumed in the police court tomorrow morning. Carleton left a deposit of \$200 for his appearance on Tuesday.

WANT ROCK FROM PARTRIDGE ISLAND

Requested for Breakwater Extension—New Auto for Fire Chief.

The City Council had a variety of matters up for consideration this morning. Among them was a request from the Public Works Department of Canada for permission to take rock from Partridge Island for use in the extension of the breakwater; the matter of a new car for the chief of the fire department, the Lewis Boulevard and repairs to public wharves.

Commissioner Thornton reported that more powerful lights were needed in Sydney street, from the north side of King Square to Union and he was given authority to ask the Civic Power Commission to install these.

It was reported by the Civic Commission that the amount of current taken by the city from the New Brunswick Electric Power Commission was as follows: July, 1,500 k. w. h.; August, 16,000 k. w. h.; September, 43,300 k. w. h.

Commissioner Frink reported that all the land from one hundred feet to the east of Broadview avenue was decided to the City of St. John in 1880 and moved this report be placed on the table until the matter of the Lewis Boulevard is taken up.

A request from the United Automobile Tire Co., for permission to place a light on a pole belonging to the N. B. Power Co., at the head of Prince Edward street, was referred to the Commissioner of Public Works, city engineer and road engineer for a report.

The Breakwater

A communication from Alex Gray, resident engineer of the Federal Public Works Department, asking that an agreement for the removal of rock from Partridge Island be prepared by the city solicitor outlining the conditions under which the contractor for the Negro Point Breakwater extension be allowed to remove same, was referred to the Commissioner of Harbors and city solicitor with power to act.

Commissioner Frink said he was very glad to hear this communication as it practically admitted the city's ownership of the island.

Commissioner Wigmore thought the removal of this rock would benefit the harbor and this request looked as though action on the extension of the breakwater was to be begun soon.

Wiggins' Wharf

Commissioner Bullock presented a report on the cost of repairing the Wiggins Wharf and said this would cost \$11,200. Probably the only one requiring the wharf was the Public Works Department.

Commissioner Frink said he would not ask for such expenditure for the purpose of housing one horse and a wagon. It would be better to rent a shed or bull.

Commissioner Wigmore said the city owned a lot at the corner of King street and Market Place and a building might be erected there to house the water and sewerage department and public works on the West Side. Under these conditions Commissioner Bullock moved that the entrance to the Wiggins Wharf be closed to team traffic.

Carried

Commissioner Bullock reported that it would cost \$6,000 to reconstruct the public wharf at Indiantown and he submitted a recommendation from the engineer that the work be undertaken and a start be made at once. The cost of the wharf last year was \$169 and it cost \$300 per year to collect this amount. He moved the work be undertaken and paid for by bond issue.

Commissioner Thornton said he would like more information before voting on the matter and moved the matter lie on the table for the present.

Car For Chief

Commissioner Thornton asked for authority to purchase a car for the chief of the fire department and said he thought the money could be provided out of appropriation. The present car had been in service for seven years and a new one was needed now. The price would be about \$1,800. The authority asked for was granted.

APPLE BLOSSOMS; RASPBERRIES IN MID-OCTOBER

Continued evidence of the topi-tiveness of the season—if such a term is permissible—keeps pouring into the office of The Evening Times almost daily. This morning there arrived a cluster of apple blossoms, fresh and fragrant as those which usually appear on the first Sunday in June, picked today from trees on the grounds of H. W. Schofield, Robesay.

Yesterday Charles Warren, of the Manawagonish road gathered half a berry-box full of luscious, ripe raspberries or more strawberry blossoms in perfect condition. Mr. Warren this fall leaped into prominence as a potato farmer by gathering an apple barrel full from six medium sized spuds which he planted in the spring.

CLEMENTS-ANDREWS

In the Cathedral this morning at six o'clock Fred Clements and Miss Marguerite Andrews were united in marriage by the Rev. Father Reynolds. A bridal luncheon was given after the ceremony at the residence of the bride's parents, Mr. and Mrs. William Andrews, 16 Frederick street. The bride was the recipient of many handsome gifts.

AUTO NAMES FOR TEAMS OF Y. M. C. I.

Birds Give Way in House League Nomenclature; Start Tonight.

The Y. M. C. I. House Bowling League opens tonight when a game will be rolled between the Jewetts and Dodges. This year the bird names have been abandoned and the teams will be named after popular makes of cars.

Ford, McLaughlin, Gray Dory, Studebaker, Jewett and Dodge are the names selected. The engines are being overhauled, spark plugs cleaned, tires pumped to capacity, nuts tightened and all is now ready for a hotly contested race for the first series.

Teams have been chosen with a careful regard for average strength, rather than over strength in some and under in others.

Owing to the breaking up of the old teams the change in naming was deemed advisable as memory will cling to the doughty deeds of the Owls, Sparrows, Hawks, Robins and Falcons.

Officers for the coming year have been elected as follows: T. J. Cosgrove, president; O. Olive, vice-president; M. M. Jarvis, secretary treasurer; P. Sinclair, official scorer.

PREACHED AT LORNEVILLE

Rev. George Scott, agent of the Children's Aid Society, conducted the service at the Lorneville Presbyterian church on Sunday.

As Hiram Sees It

"Hiram" said The Times reporter to Mr. Hiram Hornbeam, "I stood on an eminence yesterday afternoon where I could see three roads leading out of the city. The continuous stream of automobiles moving in both directions along each road suggested that hard times are only a state of mind."

"That's one way o' lookin' at it," said Hiram.

"Then the way that bank fell looked at it when he said the country was goin' to hell on wheels. You kin take your choice."

"If the banker is right," said the reporter, "the journey seems to be fairly pleasant."

"It's always easy goin' down hill," said Hiram. "Now I know a feller that ast his wife if she'd rather hev a house or an automobile—she picked the house. She said when a car was wore out all you had was the thoughts o' the good time—but when you put the money in a home it was there as long as you lived. Now I cal'late that agin automobiles fer them that kin afford it and hes sense enough not to overdo the thing—but, as Jeff sometimes says to Muff, 'It's well to use discretion—yes, sir.'"
