ST. JOHN'S GREATEST MERCANTILE EVENT

Oak Hall Annual Mid-Summer Sale Now in Full Swing.

From the minute Oak Hall's doors opened yesterday there was a continual throng. Hundreds of people taking advantage of the first day to procure their wearing apparel while assortments were complete, all going to prove Oak Hall's prediction that this is doubtless St. John's greatest mercantile event.

The people of St. John realize that this is not an ordinary sale but is a great event lasting ten days during which time Oak Hall give substantial reductions on every article of men's, women's, and children's wearing apparel in their store, and furthermore these opportunities are enhanced by many special bargains which were procured by Oak Hall, especially for this event and following the usual Oak Hall motto of large volume at minimum profit, these specials are marked at really unbelievably low prices.

LOCAL NEWS

WEEK-END SPECIALS. In Gilmore's mid-season sale of men's suits, raincoats and light overcoats. Wait line suits in two lots, \$18 and \$26—regular prices \$30 to \$45. Gilmore's, 88 King street.

THE ST. LAWRENCE DEVELOPMENT IS FAVORED

(Canadian Press Despatch).

Detroit, July 22.—The United States congress should act within the coming year to provide a deep water route from the Atlantic to the Great Lakes as a means of developing the commerce and industry of the middle west, Senator Irvine L. Lenroot, Wisconsin, told the Great Lakes-St. Lawrence tide water congress here tonight.

Development of the St. Lawrence River is more important to the prosperity of the United States as a whole than was the building of the Panama Canal. The west demands a route to the sea and this demand is just and necessary to the future, he added.

Speaking before the congress late today, John W. Thomas, Chicago banker, said thousands of business men in the United States did not know they were suffering from a break down in the transportation system which adequate water routes would avert.

Hon. W. E. Foster said Mrs. Foster returned to their summer home in Robesay last night after a very successful fishing trip of ten days spent in Gloucester county. The premier and party succeeded in luring some splendid salmon from the depths of the Nepitiguit river, and were delighted and greatly benefited by the sojourn in the pretty north shore country.

It is a known fact that next to people, dogs are "cracked" about motor car riding.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

"INTOLERANCE" SCORES AT LYRIC

Wonderful Picture Drew Capacity Summer Crowds Yesterday.

Without fear of contradiction we can safely say that never has such a picture been witnessed locally as magnificent in its grandeur, and startling in its revelation of the stand still of the world, morally regardless of many reforms, and appreciated. Mr. Griffith is pleased to advertise, this, his greatest masterpiece, as the love story of the ages, but it is much more than that. Aside from the magnificence of the settings, of the richness of the atmosphere and the evident tremendous cost of the production, one cannot but be impressed with the main theme of the picture. Vindictly it proves to the onlooker that humanity has progressed but little morally since the days before the coming of Christ. The veil of hypocrisy is abruptly torn aside from the would be modern reformer and the revelation is startling, but one can hardly deny its authenticity.

The wars between the ancient peoples are outstanding scenes of the play, thousands in combat, horses in terrific slaughters, massive walls crumbling to earth are scenes of real wonder. The spectacular side of the film is remarkable in more respects than one, it would take more space than available correctly to enumerate.

In the cast are seen many of the old Griffith favorites including Mac Marsh, Signe Aasen, Robert Harron, and Dorothy Gish. Those who miss seeing "Intolerance" will deny themselves the opportunity of seeing one of the greatest if not the greatest picture ever produced.

HOME-MADE PUMPKIN PIES

Drop in for one on the way home tonight. They're going at 30 cents each. So good it's a shame to eat them. Every precaution about the College Inn is being taken. Our service is our biggest boast. We are protecting every piece of stock by glass covers, screens and sanitary methods. Nothing is overlooked. And—after all, isn't cleanliness a great big item in a delicatessen or ready-to-eat food store or bakery?

HOLDS POST THAT ONCE WAS HELD BY PONTIUS PILATE

Jerusalem, June 30.—(A. P. Correspondence)—The office of governor of Jerusalem, once occupied by Pontius Pilate, is now held by Colonel Ronald Storrs, a graduate of Cambridge University and son of the Dean of Rochester College, England.

His task is one to test the administrative ability of any man. Jerusalem is a city of dissensions, where, whatever may come of the future, for the moment Zionists and Arabs are passionately divided and to steer a just path between them and induce them to join him on that path is his chief work.

It is to that task, however, that he chiefly devotes himself. Twice a week he has meetings of his favorite pro-Jerusalem society, where French, Italians, British, Americans, rabbis, Zionists, leaders, commercial men of standing and others who are in any way prominent in the life of the city are brought together and in the course of debate, led to see that they have in common a single citizenship. His motto as governor is "unity and he friends."

Colonel Storrs was one of the prime movers in the establishment of an independent Arab kingdom. He is thirty-eight years old.

A motor vehicle tunnel 7,700 feet long, is under construction at Pittsburgh, Pa.

GIRL SHACKLED AND THEN BEATEN

Cruelty to Orphan Child—Wm. H. Farr Committed for Trial in Toronto.

(Toronto Telegram) Not many full-blooded men or sympathetic women sat unmoved in Toronto Police court today when William H. Farr stood up in the dock and was committed for trial on a charge of having brutally assaulted and beaten his little niece, Alice Budd, at the home, 49 Ivy avenue. Behind the few words of evidence taken was the story of one of the most revolting cases of cruelty to childhood ever recorded in the city; the story of a little girl, an orphan, fed on bread and water for a week until near the verge of starvation, then shackled to a chair which was chained to the cellar stairs, and there lashed with a whip, as fed dumb beasts have ever been beaten, until her body was bruised, bleeding and lividly scorched all because, after her week of horrors, she had presumed to steal a bite of bread!

On the Crown-Attorney's table lay the shackles that had encircled her legs, and the whip which had lacerated her. Mr. Conley held them up before the court, told the story in a few quiet words, and consented to a committal for trial. "But they may grant him bail in the other court," objected Colonel Denison. "I don't think so," replied Mr. Conley. "Mr. Greer knows all about this." Farr himself, with two black and swollen eyes—a mute reminder that it doesn't pay to argue with Toronto policemen—is a case like this—seemed unconcerned and unmoved at the evidence against him. If convicted, he stands liable to a maximum penalty of 2 years and the lash in Kingston penitentiary.

According to the story of Detectives Winters and Clark who arrested the accused, he narrowly escaped being noosed by the neighbors when the crime was discovered. When questioned by the police as to why he had done the thing, he replied that it was because the child had stolen food. He had manacled her down cellar early on Saturday morning and had then gone away on a picnic. He was arrested on his return, about 11 p.m. In this interval the little prisoner had managed to get free of one manacle, and had got to the doorway, where she attracted the attention of Constable Waghorne. The other manacle had to be filed off at the police station. When food was brought the little girl ate ravenously. She is still in the Children's Shelter. Farr has children of his own. Some evidence of the treatment they have received at home will be submitted at the trial.

The building of highways costs \$1,200 a mile more today than it did in 1916.

Choice Furniture at Moderate Cost From the stately and massive Chesterfield, designed to front some big and roaring fire-place, and the magnificent suites for dining-room and bedroom to the exquisite little work table or odd chair that fits into the most modest apartment with such charming grace—the furniture family is complete here.

DR. VORONOFF
N. Y. READY
TO OPERATE

"Monkey Gland" Surgeon Is
Certain of Success—Willing
to Use Human Interstitial
if One May Be Had.

(New York Evening Post.)
Interest was manifested in medical circles today over the announcement of Dr. Serge Voronoff that he intends to demonstrate he can restore youth, health and vigor to the aged or ill, by transferring the interstitial gland from one man to another. Dr. Voronoff, who is said to have transplanted glands from chimpanzees to men, arrived here Saturday from Paris.

Dr. Voronoff said today that he feels confident he can take the interstitial gland from a youth killed by an accident or electrocuted in prison and graft it to a man, and arrive at the same favorable results that have marked his numerous operations of a similar nature on goats, sheep and the four members of the monkey family on which he has been experimenting.

The eminent European surgeon began the work of consulting surgeons here to enlist their aid in getting the proper subjects for the operations he desires to undertake.

Dr. Voronoff believes that the only obstacle to the success of the proposed operations will be the securing of subjects who will volunteer to have their interstitial gland removed. Many youths he said, already have offered to part with their interstitial glands, but have demanded such exorbitant sums of money to undergo the operation that it could not be considered.

However, if the surgeons here can bring forward a man who is willing to submit to the experiment, Dr. Voronoff is ready to go ahead and perform it in the presence of any body representing the medical fraternity. Whether the authorities would consider to his removing the gland of a man just killed is another matter that has to be decided.

Couldn't Get Glands.

Dr. Voronoff declared that he would have attempted the transplanting of human glands months ago but for the fact that the French Government forbids the mutilation of the dead. Under the French law he could not remove the interstitial gland of a dead man even for scientific purposes.

In any event, the surgeon said, he will gladly demonstrate before the Academy of Medicine or any surgical clinic in the city his operation of grafting a gland from a chimpanzee, gorilla, gibbon or orang-outang to any man in quest of the restoration of youth and vigor.

In discussing his experiment Dr. Voronoff said:

"Before I accepted for a certainty that the experiment could be accomplished upward of 150 gland transplanting operations. There is no doubt in my mind that the gland of a monkey will not only prolong life but restore health and vigor as well."

"One thing appears certain to me. In due time there will be monkey farms conducted just as you conduct farms here for the raising of horses. Recognizing the value of monkey glands to humanity, they will become more necessary than medicines. And the future of humanity will be found in the virgin forests of the Congo, where chimpanzees abound."

Dr. Voronoff was born in Russia but is a naturalized French citizen. For twelve years he was chief surgeon to the Khedive of Egypt. It was during the war that he first achieved fame by his remarkable operations in bone and skin grafting. He is the director of the laboratory of experimental surgery at the College of France. His wife, who came here with him from Paris a month ago, is the daughter of the late James A. Bostwick of the Standard Oil Company. She assists her husband in the laboratory during his experiments.

WOMAN MARRIED TO
HER OWN FATHER

Baltimore, July 23—An unusual story is told in a bill of complaint filed in circuit court No. 2 by Anna Bell Jones for the annulment of her marriage to William M. Jones. The case is that of a wife and mother who says that she has learned that her husband—the father of her two children—whom she supposed to be her step-father, was her father.

Mrs. Jones declares in the bill that

WHAT DO YOU
THINK? LAYER-
CAKE AT 29 CTS.

No, dear, I wouldn't kid you for all the world. The College Inn really truly sells the greatest little perfection layer-cake conceivable, at only 29c a pound.

Oh, so good! Unapproachable either in quality or price elsewhere. That isn't all. We're just surrounded with goodness. Something tempting everywhere you glance. Home-made frosted spice-cake at 25 cents, small apple pies, 16c, jelly rolls, 25c, etc.

Moi's bread, imported from Halifax, to arrive here Friday evening. A few more orders will be accepted tonight. Local price 16 cents.

The Demand

for our graduates is far in excess of the supply. Pupils may enter at any time and those applying now get the benefit of the old rates. Call at 102 Prince William street or write to the principal, Box 553, for prospectus.

Miss Johnson's Business College

before her marriage she lived with her parents not being aware of her supposed step-father's identity.

Another unusual feature of the story is the assertion of Mrs. Jones that the revelation of her supposed step-father's identity came to her in a dream. Two children were born of the marriage, boys, eight and three years old, who are said to be entirely normal and healthy.

Half a Pineapple
For One Dessert

In Jiffy-Jell desserts the fruit flavors are abundant. For instance, half a pineapple is crushed to make the flavor for one pint dessert. This is done in Hawaii from fruit too ripe to ship.

All Jiffy-Jell fruit flavors are made from condensed fruit juice. They come in liquid form—in vials—a bottle in each package. That is true of no other quick gelatine dessert.

A few cents will serve a real-fruit dessert for six people. No artificial flavor, no saccharine. It is the most delicious fruit dessert available, and it comes in ten choice flavors.

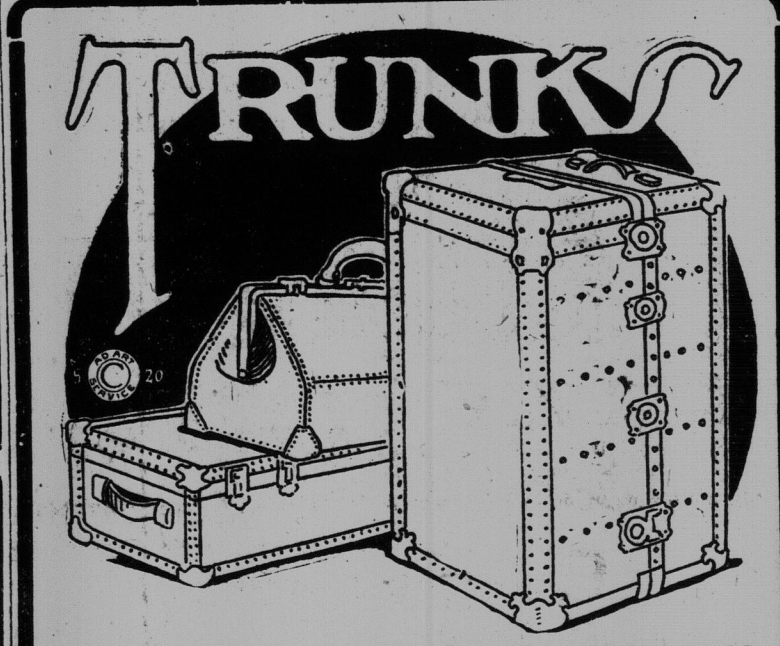

Engagements Announced.
Mrs. B. J. Morris of Marysville announces the engagement of her daughter, Bertha Tracey Smith, to John Verber Andrews, son of Mrs. Minnie F. Andrews, also of Marysville. The wedding is to take place in the near future.

Mr. and Mrs. John Wilkin of York Mills announce the engagement of their daughter, Eleanor Beatrice, to Robert Samuel Douglas of New Westminster, B. C. The wedding will take place in August.

F. M. Baker and G. C. Phinney gave a selling demonstration yesterday, the third day of the fifth annual T. S. Simms & Co. Ltd. convention. Then H. B. Agnew and Henry Gratton gave another one, followed by a third by R. C. Lewis and A. L. Foster. The delegates then motored to Sussex where dinner was served.

MARINE NOTES.

The three-masted schooner Gertrude Parsons arrived in port yesterday afternoon from St. Vincent's (B. W. I.), with a large cargo of molasses for the Crosby Malasses Company. She is consigned to Nagle & Wigmore. This is her first entry into a Canadian port. She is practically a new vessel having only been launched last October and is one of the Parsons' fleet. She registers 341 tons.

ST. JOHN MAN ON
IMPORTANT MISSION

The July issue of the Maple Leaf published by the Canadian Club of New York, contains the following:

"Ernest H. Turnbull and F. J. E. Fitzpatrick, who lately left us for a visit to Toronto and Montreal on a mission which may have most important and beneficial results for the whole of Canada in respect to the commercial relations between Canadian manufacturers and American importers, have just returned.

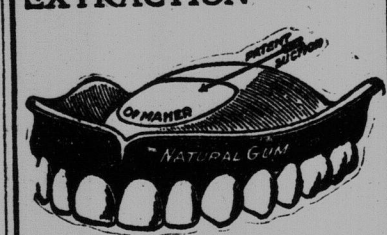

"They report a most enthusiastic reception for the proposition which they had to submit, which has for its ultimate object the elimination of an adverse balance of trade for Canada. Bankers, high railroad officials, exporters and boards of trade are unanimous in endorsing the plan, and look eagerly to the near future when it will be put into operation."

Mr. Turnbull, a native of St. John, is now visiting in this city.

IT'S ALL OFF WITH RUSSIA TILL SHE STOPS FIGHTING

(Canadian Press Despatch.)

Montreal, July 23—The Montreal Star tonight publishes the following cable from London:

"After weeks of conferences with Gregory Krassin over Soviet Russia's proposals to grant 'concessions' to the rest of the world in return for the re-establishment of trade relations; after a bitter international debate in which Great Britain's stand very nearly precipitated a break between herself and the ally, France, and after arriving at a point where an almost immediate resumption of commerce might have been expected, the deal is off."

"It was given out authoritatively today that all trade negotiations with Russia should be definitely ended for the present and that Russia must expect no more conferences until she has absolutely put a stop to her army campaigns against Poland."

"Great Britain today sent out a decisive categorical message to the Moscow government. It left no room for evasion. It told the Russians promptly, but firmly, that they need not send any more trade delegates to London with any expectation of a hearing. It ex-

pressed amazement at the continued offensive of the Soviet, and carried the unmistakable hint, that Russia must give up her aggressiveness in exchange for equitable treatment from Great Britain."

Minard's Liniment Relieves Colds, etc.

THE SUMMER RESORT.

All the folks I see around, chasing by me day by day, are on sport and pleasure bound, all they have to do is play. Tree's a graft that men call toll, and some men are said to work, one as tiller of the soil, one as blacksmith, one as clerk; I have heard of honest sweat, but I know not have heard of girls who silt through the weary sweatshop day, but I'm with the idle rich, and such things seem far away.

CANADA—EAST AND WEST

Domestic Happenings of Other Days

OUSTING THE AMERICANS.

The latter days of July, 1814, saw the British gain a signal victory in the light with the United States that had been raging for three years. July and August of that year were fearful days for the Nova Scotia. On July 5, Lieut. Col. Pilkington with the 102nd regiment and a detachment of artillery arrived at Shelburne on the south-west of Nova Scotia where he had been preceded by Sir Thomas Hardy in the "Ramilies."

ITALY'S ROYAL CHILDREN.

The children of the Italian royal family are rapidly growing up and begin to form the centre of young people belonging to the aristocratic families of the nation, who are full of enthusiastic patriotism and desirous to put the world to rights after the sad days of the war.

The eldest, Princess Yolanda, is just fifteen and has inherited much of the splendid dark beauty of her mother, Queen Elena. Princess Matilde, who is only seventeen is a gentle girl with great charm of manner, who resembles rather the princesses of the House of Savoy.

Prince Umberto, the heir apparent, has shot up into a fine looking boy of nearly sixteen, who is devoted to every kind of sport in the intervals of the somewhat severe mental training which he is undergoing to fit him for his future position.

Princess Yolanda, who considers herself not quite a grown young lady, delights in accompanying her father for motor expeditions in the Campagna and visits her mother's apartments. She is a student of serious study of the latest excavations at Ostia, the port of Rome in the days of the Caesars.

Among the latest discoveries has been that of houses of two or three stories, built in the intervals of the excavations, while others seem to have been lodging houses for a single winter or two or three rooms to several families, so that life must have been very much like what it is now.

Leonid Borisovitch Krassin, who came into the public's attention when he went to London this summer as head of a commission to negotiate the reopening of trade relations between Soviet Russia and the outside world, has been one of the few "moderates" to be given a place of responsibility in the Soviet governmental machinery and has been characterized as a "bourgeois Bolshevik."

Following the Bolshevik coup of October 1917, Krassin was offered a seat in the ministry which he declined as he thought Lenin's adventure too risky and his theories too sweeping. But his relations with Lenin were cordial and he accompanied Lenin and Trotsky when they went to Brest-Litovsk to negotiate the treaty with Germany.

When it became apparent that the Bolshevik government would last, Krassin threw in his lot with it and became Commissary of Food in the Red army. A "bourgeois Bolshevik" Krassin is said to have little or no belief in the theories and aims of the Soviet government. For the time at least, however, he was convinced that nothing was to be gained by resistance to the control of the workers. He came to an understanding with the workmen in his own factory, giving shape to the Soviet experiment.

As for the Russian revolution, he is an entire skeptic, and is all for a bourgeois peace. He would lead Russian Socialism into the normal ways of democracy. "Who believes in Socialism in Russia?" he is reported to have asked. "Not I, nor Lenin."

A NATIONAL LEADERS' CAMP. The National Boys' Work board is holding at Algonquin Park, Ontario, August 20-30, a Leaders' Camp for 100 workers with boys. These leaders will be chosen from Ontario, Quebec, and the Maritime provinces. The faculty is "all Canadian" and includes the following: Dr. J. H. Faulk, mushrooms and fungi; W. E. Saunders, birds; Prof. R. B. Thomson, flowers; Prof. C. A. Chant, stars; Jack Miner, wild life; Stuart Thompson, insect life; Rev. C. A. Myers, boy behavior; Dr. P. R. Hayward, Toronto, woodcraft applied to Canadian standard efficiency training; Mark Robinson, wild animals.

STILL WORSE. (From the Kansas City Star) There was an old decanter stood empty on the shelf, And as the moonlight upon the past 'twas moaning to itself: "Alas, my olden glories, when flowed the ruby wine! That I should ever go bone dry"—its voice changes to a wail, A wail on the table sat, and grimly made reply: "Your fate seems quite a festival to such a one as I!" You never have to do a thing. Or course 'tis dull, I know; But note my degradation: I'm used for cutting dough!" —Tennyson J. Daft. In Massachusetts, there are 310,000 people licensed to operate motor vehicles.

F. A. DYKEMAN Co.

ST. JOHN AND MONTREAL.

The Globe is much impressed by some remarks made by Premier Melchior in relation to Montreal harbor, and makes the basis of a plea for harbor commission in St. John on the lines of a harbor commission act differing from that of Montreal, and for which the people never asked. Why was Montreal harbor placed in commission in the first place? Was it not because Montreal, in making a harbor to accommodate traffic became so involved that the government had to come to the rescue? Not only was the harbor placed in commission, under an act differing from the St. John act, but the government modified the terms of the original act in the interests of Montreal and made enormous expenditures the burden of which was not placed upon the revenues of the port. The government has been exceedingly generous to Montreal for Montreal has great political influence at Ottawa. In that respect it is utterly different from St. John, which today is not able to get the government to carry out the terms of a signed agreement. There is absolutely no parallel between Montreal and St. John in the matter of the development of their respective harbors. If the government were disposed to be as generous to St. John as to Montreal it would never have exacted such a measure as was passed in relation to this port.

Has the government asked Halifax to put its harbor in commission? Not at all. And yet millions more have been spent there than at this port—and millions more yet to be spent to equip that port.

Let the government carry out the agreement of 1911 relative to West St. John and provide terminals on the east side for its own steamships and railroads and we shall get along quite well. There is a new premier, and one of his colleagues represents St. John. If they want to be fair to this national port they are clear. There is not a single objection in their path unless they place it there themselves.

Reviewing the Ontario crop situation the Toronto Globe says the hay crop will be one-third less than last year's and there will not only be a shortage but the hay, because of the weather, will be poorly cured. Fall-sown grains should be up to the five-years average. Spring sown grains are promising and corn is growing well. Emergency crops will help to compensate for the shortage of hay. The Globe adds:—"In reviewing the whole situation to date Ontario crop news as found in the farm and country life department of today's Globe is far from discouraging and should the province be visited with favorable harvest weather and an open fall, production for 1920 will be up to normal."

His fellow citizens gave Hon. R. W. Wignome last evening a very hearty assurance of their regard for him as a citizen of St. John chosen to be a member of the government of Canada. The city and province have been without representation in the cabinet for a considerable period. It remains to be seen whether, in relation to this national port, Mr. Wignome the minister can do what Mr. Wignome the private member was unable to accomplish. The ball is at his feet, and the citizens stand ready to applaud the winning kick. Aside from that, and on personal grounds, that attracted congratulations.

The Moncton Times notes that at the close of the last day to save discount on axes in that city \$291,668.24 had been taken in, or \$62,758.29 more than on the same date last year. The total assessment this year is \$399,172.50, compared with \$296,796.14 last year.

THE UNITED STATES RAILWAY MEN

Accepted under protest the wage decision giving them an increase amounting to \$800,000,000. The railroads will pass this amount down for their patrons to pay. They also say they require \$1,000,000,000 of additional revenue to keep their going, and to avoid deficits. Both freight and passenger rates will have to be increased. The Bangor Commission observed:—"If the passenger rates are increased the general public will for the first time realize what the increased railroad wages mean to them. Some gain, some lose, but the facts will be more generally borne in when every traveler finds that the price of his transportation has advanced."

There has been nothing more ferocious in war than the declared policy of the Soviet government of Russia in regard to Poland. It was to be a policy so ruthless that one shoulder at the picnic perfect treasure—clean, energetic, economical, easily managed, and capable as can be.

"Ah! And how long have you had her?" asked Mrs. Jones. "She's coming tomorrow."

Lora, an eight-year old parrot, in its cage in a front window of the Washington Home for the Blind, calls out clearly: "Star, here's your paper, Evening Star!" every afternoon as the newshybs come in R street. When fruit peddlers approach, Lora shouts: "Strawberries, ten cents a quart!" And then says with a chuckle: "April fool!"

New Announcement in the Commons on Irish Situation

(Associated Press Despatch) London, July 22.—Important measures for dealing with disorders in Ireland were announced in behalf of the government in the house of commons today by Sir Hamar Greenwood, Chief Secretary for Ireland, in the course of a debate on Irish affairs, which occasionally developed considerable heat.

Moving a reduction in the salaries of the chief secretary's department for the purpose of calling attention to the government's Irish policy, T. F. O'Connor, declared that nobody had done more than Sir Edward Carson, the Ulster Unionist leader, to create an "extremist party" in Ireland, and he suggested that it was the Ulster movement which turned the vacillating mind of Germany in favor of war.

Sir Edward interrupted the speaker, characterized this as an "unmitigated lie."

Mr. O'Connor's motion was defeated by a vote of 181 to 49. In the course of the debate James Henry Thomas, laborite member and general secretary of the National Union of Railwaymen, declared that the government could obtain peace in Ireland immediately by establishing dominion home rule there.

LIGHTER VEIN

I really believe I'm in luck this time," said Mrs. Smith. "My new maid is perfect, treasure—clean, energetic, economical, easily managed, and capable as can be."

"Ah! And how long have you had her?" asked Mrs. Jones. "She's coming tomorrow."

Lora, an eight-year old parrot, in its cage in a front window of the Washington Home for the Blind, calls out clearly: "Star, here's your paper, Evening Star!" every afternoon as the newshybs come in R street. When fruit peddlers approach, Lora shouts: "Strawberries, ten cents a quart!" And then says with a chuckle: "April fool!"

THE COLLEGE INN GETS MORE HELP

See how the crowds have flocked in and overwhelmed that new store! Popularity is no word for it. Let's call it a miracle. So many people have already called our home-cooking creations by the same name that it sounds familiar.

And so, despite the efficiency of our trained and able staff, further help was required—and obtained.

So, come what will, the service of the College Inn must remain a feature to boast about.

Drop in—just opposite the Dufferin, 105 Charlotte street.

RECENT WEDDINGS

A quiet wedding was solemnized yesterday at the residence of the officiating clergyman, 274 Power street, West St. John when the Rev. J. H. Jenner united in marriage Garfield Fretton of New Line Road, near Sussex and Miss Margaret Richardson of afterport. They were unattended. After a short wedding trip they will reside in Sussex.

RECENT DEATHS

Mrs. A. MacDougall, 104 Years Old. Moncton, N. B., July 22—At the age of 104 years and sixteen days, Mrs. Annie MacDougall, wife of the late W. M. MacDougall, died at the home of her daughter, Mrs. Annie Bovard, Lewis street, Moncton, yesterday. She was born in Arichat (N. B.), and has been a resident of Moncton for about twenty-six years. She is survived by three daughters, Mrs. Mary Ann Bovard, Mrs. David Walker, Moulis River, Kent county (N. B.); Mrs. Alonzo Box, Rhode Island and Mrs. Annie Bovard, of Moncton. The son is James MacDougall, of Campello (Mass.). She also leaves several grandchildren and great-grandchildren. The funeral will take place tomorrow morning from her late residence, Rev. Mr. Ramsey will conduct the service. The remains will be taken to Harcourt for burial.

The many friends of Walter Buchanan will regret to hear of his death, which occurred on July 22 at the residence of his sister, Mrs. Samuel Brown, 243 Brussels street. He is survived by four brothers, Edward, William, Robert and Ernest, all of Kings county, and by six sisters, Mrs. Chambers, Mrs. William Crochob, Mrs. Theodore McKnight, Mrs. George Tait, of Kings county; Mrs. Andrew Carr, of Bathurst (N. B.), and Mrs. Samuel Brown, of this city.

The funeral will be held on Saturday from the residence, of his sister, Mrs. Samuel Brown. Service at 2:30 o'clock.

Wilmot Watson, one of the two commissioners for Richmond, N. B., died yesterday at the age of fifty-one. His death took place in Montreal where he had gone to undergo an operation.

W. S. D. Moore, of Waterford, Kings county, died at the Kings County Hospital after a short illness, at the age of sixty-seven years. He leaves a wife and including John Moore of St. John, and two daughters.

FUNERAL ARRANGEMENTS CHANGED

Arrangements for the funeral of Charles DeF. Fowler have been changed at request of the elders and other members of Knox church, and it will be held from the church instead of the railway station, with service at half past two o'clock tomorrow.

The "Colonist" of Victoria B. C., under the heading "New Companies prints the following: "Extra-provincial concerns licensed to carry on business in the province, Jos. A. Lihely, St. John (N. B., capital, \$40,000 and provincial office in Vancouver.

He suddenly stepped to the telephone and cut the wires along the wall, then swinging around he drew a revolver and ordered Reynolds to put up his hands. Without hesitation the turnkey followed but Munroe had a short lead, which he managed to increase by dodging around corners and through back yards. Constable Saucier, who was patrolling his beat, saw the fugitive and his pursuer, and joined in the chase. He gradually overtook Munroe, who, seeing that his arrest was imminent, threw away the revolver. Its cartridges were found along the line of Munroe's flight. It is thought that the prisoners intended to intimidate the turnkey and set his friend at liberty.

WAS A GREAT DAY AT CRYSTAL BEACH

The picnic at Crystal Beach yesterday at which the office and wharf staffs of the Furness Withy Co. Ltd., with their families and friends were the guests of the company was a huge success. Baseball games, races and a dance on board the D. J. Purdy on the return trip were among the amusements provided. That the day was enjoyed to the full was amply proven by the send-off given the local manager, D. W. Ledingham when he left the boat at Westfield.

The party left at 11 o'clock on the steamer Majestic and arrived at Crystal Beach about 12 o'clock. They sat down to an excellent dinner, for which Bond's Restaurant catered, and shortly after this was over, a game of ball took place between the married and single men in which the former were victorious with the score 9 to 5. The batteries were McCormick and Hansen for the married men and Harrington, Norris and Thomson for the single men. This was followed by a tug-of-war in which the single men vindicated themselves, winning two first pulls without much difficulty. A swimming race in which there was a large entry was won by the general manager, Mr. Ledingham. Three "ladies" races were then run off and these were participated in by nearly all the youngsters present. The ladies then lined up for the 100 yards dash and

Miss Murray came first with Miss Day a close second. The men's 200 yards dash was won by Mr. West with Mr. Scott second. The 440 yards dash was a very close race and finished with West and Scott again in first and second places respectively. Supper was served on the beach and the wind-up to the day's sports was a ball game between the wharf staff and the office staff, won by the wharf staff with the score, 9 to 7.

The D. J. Purdy was chartered for a special trip and brought the picknickers home leaving Crystal Beach at 9:15. There was a dance on board. Mr. Ledingham was called on deck before the boat reached Westfield and then W. Martinson, the superintendent, on behalf of all the employees thanked the manager for the splendid outing he had provided. Mr. Ledingham replied, expressing his pleasure that it had been such a successful event.

The sports resulted as follows—
 Baseball game—Married vs. single men—Won by the married men, with score of 8 to 5.
 Children's races—One year to five—Mary Barley, first. Five years to ten—Fred Watters first, Eleanor Ledingham second. Ten years to fifteen—Amy King first, Gordon Daley second.
 Ladies' 200 yard dash—Miss Mary Murray first, Miss Jennie Day second.
 Gentlemen's 440 yard dash—Ceil West first, Harold Scott second.

Three legged race—D. W. Ledingham and Cecil West first.
 Swimming race—D. W. Ledingham first, J. Norris second.
 Pat Men's race—Jack Haley first, Walter Ring and Joe Nichols tie for second.
 Tug of war—Married vs. Single Men—Won by the single men.
 Baseball game—Wharf staff vs. office staff—Won by wharf staff, with score of 9 to 7.
 Ladies' baseball game—Married vs. Single—Won by single ladies, score 11 to 8.

F. W. Jordan, a widely known author and journalist of New York, has been spending some time touring the maritime provinces, obtaining information regarding the people and country. Mr. Jordan expressed himself as delighted with the scenery, climate and citizens.

A meeting of the City Public Service Employees' Union was held in the Trades and Labor Council rooms, Oddfellows' hall, last evening with the vice-president, G. Ward, in the chair. One new member was admitted to the union, and the meeting was occupied with the transaction of routine business.

Daniel

LONDON HOUSE HEAD OF KING ST.

Federal Grant For Canadian Highways

Ottawa, July 22.—Five million dollars will be sent this year in making better the main highways of the country through the federal and provincial grants. Of this amount the Dominion government will contribute \$2,000,000 and the provincial governments \$3,000,000. This is the first year in which the road money has been available and in view of the time taken in preparing plans the initial year's outlay will not be as heavy as in some succeeding years.

The improvement scheme, however, is general. Before the Dominion government makes any grant for the purpose the provinces have to file general plans, and every one of them from coast to coast, has done so already. The detailed plans also need approval by the Dominion government and this has been done in several instances and work is already under way. While the provinces may improve what ever roads they choose to, the Dominion grant of forty per cent. of the cost is restricted exclusively to main or trunk highways.

TO PRESS FOR DEVELOPMENT OF CANADIAN PORTS

Resolution From St. John Board of Trade to be Presented at Imperial Congress of Chambers of Commerce—Action on One-Man Car.

It was determined at a meeting of the council of the Board of Trade yesterday that President Emerson and Secretary Armstrong should represent the St. John Board of Trade at the ninth Congress of Chambers of Commerce of the empire to be held in Toronto from September 18 to 22. This will be one of the most important imperial meetings to be held in Canada since the opening of the war. Boards of trade and chambers of commerce have submitted resolutions for consideration by the congress. The resolution of the St. John Board of Trade is designed to impress upon the congress the vital importance from an imperial as well as Canadian point of view of developing at the earliest possible date, the ocean ports of Canada, and particularly those that are nearest Great Britain.

It was reported that the city engineer had completed plans looking to the elimination of the level crossing at Douglas avenue. It is understood that it is the intention to forward these plans to the railway commission for their consideration.

Following a report by the secretary on the one-man car test, recently begun by the management of the N. B. Power Company, the following resolution was adopted:

Resolved, that in the matter of the introduction of the one-man car for service in St. John, this council has an open mind with respect thereto, and while expressing its appreciation of the action of the street-car conductors in enabling the holding of a preliminary trial of the car, would suggest to the Power Company and to the labor interests that one or more cars of this type be placed in actual service for a period of say one month, so that the public might have an opportunity of fully testing the merits of the system and of the other plans that the company have in mind.

Letters of appreciation from a Canadian firm with world-wide connections, and from a representative of a U. S. steamship company, with respect to a detailed description of St. John's port facilities which had been supplied them by request, were read and the action of the secretary approved.

With regard to a suggested increase in freight rates between the ports of St. John and Halifax and West India points, the council advised the trade and commerce departments that they should present an inopportune time to advance such rates, more particularly as ocean freights in other sections have been reported to drop. The department was further advised that a careful study of freight rates from New York to the West Indies should be made before any decision was reached. Several letters from the business houses of the city were read before the council in this connection.

CONCERT WAS ONE OF UNUSUAL MERIT

Mrs. Helen Wetmore Neuman of New York, and Local Artists Delight Large Audience in Imperial Theatre.

An afternoon concert of a high order of merit was held in the Imperial Theatre yesterday afternoon under the auspices of the St. John Local Council of Women, and it afforded great delight to a large and appreciative audience. Mrs. A. P. Crockett, as convener of the ways and means committee for the entertainment of the National Council of Women, arranged the programme and the concert was held to help defray expenses of the national convention. A large sum was realized and all present will long remember the pleasure of the afternoon.

Mrs. Helen Wetmore Neuman, of New York, the star of the afternoon, who has a remarkably sweet and flexible voice and is gifted with rare charm of expression, was heard in "Viole di Primavera" by Strauss; "Come to the Garden" by Seltzer; "Sonny Boy" by Pearl Curran; and "Yesterday and Today" by Sprouss. She and the other artists kindly responded to repeated applause by giving delightful encores. The other three performers were local artists and none of them has ever been heard before to better advantage. They would have graced any platform in the numbers which they gave yesterday.

Bayard Currie played the piano solo, "Allegro" from "Suite" by Coleridge Taylor, with wonderful sympathy and skill. Miss Amelia Green gave a reading which was a clever original arrangement from Victor Hugo's "Les Miserables" and gave it with splendid dramatic effect. Mrs. T. J. Gunn gave a talented charming rendering of the violin solo "Scene de Ballet" by De Beriot. Bayard Currie as accompanist for both singer and violinist gave admirable support.

W. K. VANDERBILT DIES IN PARIS

(Associated Press Despatch.) Paris, July 22.—William K. Vanderbilt, the American financier, died here today.

William Kissam Vanderbilt was a son of William H. Vanderbilt and was born at Staten Island, December 12, 1840. His first wife was Miss Alva Smith, of Mobile (Ala.). His second wife was Mrs. L. M. Rutherford, whom he married in 1903. He had extensive railroad interests and was a director of many companies.

FAIRVILLE BOY MADE HIGH MARKS

Ernest Huestis Scored 911 in High School Entrance Examinations—Other Marks by Fairville Pupils.

Twenty-eight candidates for high school entrance have been successful in the Fairville superior school examinations. The feature of the examinations was the high average—911 out of a possible 1,000—made by Ernest Huestis, the fifteen-year-old son of B. E. Huestis, of Manchester, Robertson, Allison, Ltd., and Mrs. Huestis. The young scholar is regarded as somewhat of a youthful prodigy, as he has led his class for five years and has accomplished remarkably splendid work. He delights in studying and naturally is elated over the results of his examinations. The boy's marks are believed to be higher than any published recently in the press. They are as follows: Reading, 98; composition, 94; grammar and analysis, 129; arithmetic, written, 100; mental, 21; geography, 89; algebra, 75; history, 89; nature and health lessons, 135; drawing, 64; writing, 34; Latin, 47; total, 911.

The other successful candidates in the order named follow: Madeline McKel, 793; Gerald D. Meynell, 770; Edward P. Hayward, 668; Edna May Scott, 678; Jane G. Campbell, 678; Olive J. McCormick, 718; Walter G. Neil, 678; James Spence, 692; Ethel Catherine Wood, 704; Hall Louis Hennin, 619; Bernill Schofield, 669; Desmond D. Purdy, 683; Helen M. Jones, 625; Herbert Finley, 604; Verona A. Belyea, Byers Rachel Meynell, 658; Margaret J. Miller, 668; Frank A. Fitzgibbon, 609; Marian Gillis, 657; Loretta Hennessy, 692; Nellie Hanlon, 628; Eileen Carrell, 628; Kathleen Keenan, 621; Marian Dalton, 590; Harry Conlon, 659; Marian D. Carvell, 693; Cyrus Baird, 693.

ASSESSMENT FOR SCHOOL PURPOSES

Trustees of Lancaster Ask Authority to Levy For \$15,000 This Year—Gratifying Reports Received.

The annual meeting of the school board of school district number 2 in Lancaster was held last night with W. J. Linton, presiding and A. W. Carton as secretary. Twenty-eight men were present. The trustees' report showed total receipts of \$12,779.46; expenditures, \$12,672.79 and balance in cash, \$106.67. The trustees asked for authority to assess for \$15,000 for the coming year or for an increase of fifty per cent. over last year. This request was made on account of old bills amounting to \$450, of \$800 for inside repairs, \$800 for outside repairs; \$250 for repairs on the "lower school," and increases of salaries as follows: \$100 for each of the teachers to bring their salaries to \$700 each and \$300 for each of the principals to bring their salaries to \$1,300.

Much discussion took place regarding the determination of the bonded debt, and it was said that the amount was at least \$8,500. Taxes last year had been levied at the rate of ninety-seven cents on the \$100 and this year they would be fifty per cent. larger. Out of the total assessment of \$10,000 the amount collected was \$9,991. In back taxes more than \$8,900 was due the school and the matter of collecting this money was left with the trustees.

The Finance Law matter was laid over to be taken up at another meeting. The educational situation in the school was discussed with gratification. It was said that the pupil who had made the highest mark, Ernest Huestis, was also the leading pupil for the entire city and it was said further that all of the grade eight pupils who had written the High School entrance examinations had passed. J. J. Hennessy, the retiring trustee, was re-elected for another term.

LARGE NUMBER MEET MINISTER AT BANQUET TABLE

Hon. R. W. Wigmore Is Guest at Bond's

Speaks of This Port and His Interest in Its Development — Supports Harbor Commission — The New Hotel.

More than 180 citizens, representing the different activities of the city, attended a public dinner last night in Bond's restaurant to honor Mr. R. W. Wigmore, minister of customs and internal revenue in the Meighen cabinet. The dinner, which was partly a civic affair, and non-political, was open to the public, by subscription.

Mayor Schofield presided with the toast on his right. Others at the speaker's table were: Senator Daniel, E. J. Terry, R. Armstrong, H. C. Schofield, R. B. Emerson, A. P. Patterson, A. H. Wetmore, George Warwick and himself. He had been selected to arrange the reception. He said the friends of the minister had met to welcome him, not as an official of the government, but as a citizen. He called upon Mr. Hayes, the late mayor of the city, to introduce the guest.

Mr. Hayes expressed pride in the honor that had been bestowed upon the minister, representative by the premier of the Dominion.

Hon. Mr. Wigmore.

Greeted with applause Hon. Mr. Wigmore said that he had come at the request of his neighbors and friends, not particularly to make a speech, as he would make a definite political speech at a later date. He said he would do his duty as he saw it, as he had done as a commissioner in the city council, when a commissioner to the city council, and he was particularly interested in seeing the city of St. John prosper as it should. While a member of the common council he had been approached by friends to run in a federal election and to the gentleman on his right, James Lewis, he said he owed his nomination and election. Any success in future anything I may do for the city, will be due mainly to my friends and principally to Mr. Lewis, the speaker said.

He went on to describe the conditions which obtained in the federal house during the latter days of the war and later, up to the time when he was asked to become a member of the cabinet. At 6:30 o'clock last Monday night he had been notified that he was to be sworn in as a minister and a precedent had been established when the governor general of the Dominion had come to him to administer the oath of office. He thought at first that he would be offered the office of public works, but when he got to Montreal he found that his was the portfolio of customs and internal revenue. This department, he said, was as respon-

sible as any other, and he could do as much for the city and for the province as minister of public works. In fact, he said, as minister of customs he had the absolute word as to what repairs and other works should be carried on in this province by the department of public works, for the premier had said to him: "You are the only man in the cabinet responsible for the public works in the province of New Brunswick."

"As a minister of the government," said the speaker, "I do not represent any political party. I am a minister representing the province of New Brunswick as a whole. My aims and objects shall be to do the most good for the port of St. John, for the city of St. John and for my native province. I would not have accepted the appointment to the cabinet if it had been involved in party politics; I want to be independent and free in the matter."

As a member of the local council he had been interested in the work of the harbor of St. John and as a member of the federal house, he said, he had worked night and day in the interests of the city. His ambition was to see at St. John a port where all needed work can be carried on and he had faith in the future. Halifax was a good port, but St. John to his mind would always be the one great winter freight port of the Dominion.

As a member of the Dominion government he represented the whole country, but he was bound that the claims of the port of St. John should not be ignored. His one desire was to go to Ottawa and place the needs and rights of the port before the minister of the cabinet. He was disappointed when the supplementary estimates did not provide for the harbor improvements here, and when the fact was known there had been something done for a few days in Ottawa, but seventy-five per cent. of the estimates had been blue-pencilled while St. John had been almost \$200,000 by the different departments. He was determined, however, that the extension of the Negro Point breakwater to Partridge Island must go on, and it should go on, or he said there would be "something doing at Ottawa." If he could not persuade his colleagues upon the necessity of this work, he did not think that he would be of much use as a representative and his place should be filled by someone else.

The men who compose the present

executive council have impressed him, he said. The new premier, Hon. Arthur Meighen, was the right man in the right place, he thought, and one of the ablest in the country today. He was the man responsible for the Grand Trunk Railway transaction, which no one else could have put through so successfully and which would be a great advantage to St. John in the years to come.

When he had visited his offices in Ottawa, he had looked upon the portraits of his predecessors hanging from the walls, and as he gazed into the eyes of the first New Brunswick man to hold the office of minister of customs, he prayed that he might do as well as he. A tariff commission composed of Sir Henry Drayton, Hon. J. A. Corder and himself would tour the provinces in September, he said, interviewing merchants from all parts of the country and later preparing a report.

New Hotel Needed.

He praised the Commercial Club for its activity in connection with the new hotel project, which he said was a most needed civic improvement.

No pre-election promises had ever been made by him, he said, but he was firmly convinced that commission is the only solution of the harbor problem. He could do more now for the development of the harbor and the commission than he could before, he said, and he refuted the statement that he had been paid for the national port here and that it should not be maintained by local taxation. When a commission is formed the best engineer available in the world would be placed on the work, the harbor would be surveyed and a program which looked forward forty years would be formed. The government was paying millions for railway transportation, and to host trade in South America, South Africa, China, Russia and Japan, but steamship companies were not willing to pay \$1,000 a day for a ship to lie in the stream of St. John harbor, waiting for a berth during the congestion of the winter months. The minister of finance was honest in his policy of going slow, he said, but it was a false economy not to carry on the necessary public works.

Some people had considered the Courtenay Bay work a mistake, the speaker said, but when the changes are made and the C. N. R. is provided with a 150 acre terminal area the development will be of great benefit to the country and to the port.

The speaker referred briefly to the work of the government in connection with the claims of returned soldiers and said that the soldiers are receiving all consideration from the government.

Among Those Present.

Among those present were Brigadier-General H. H. McLean, Senator W. H. Thorne, T. E. G. Armstrong, D. Mullin, K. C. Howie, A. Porter, Cyrus E. Inches, R. B. Emerson, T. E. Simpson, J. W. VanWart, W. F. Burditt, A. H. Wetmore, T. A. Linton, A. Linton, H. O. McInerney, J. A. Belyes, J. V. McLellan, R. D. Patterson, W. J. Brown, J. C. Chesley, C. B. Leckhart, J. King, Kelley, K. C. Rev. W. J. Bevis of Lorneville, Grand Secretary of the Independent Order of Good Templars of New Brunswick, last night paid an official visit to the Emma Atkinson Lodge, Moncton.

SMART LOOKING PLEASURE YACHTS IN THE HARBOR

Tourists and pleasure seekers are not only coming to New Brunswick from the United States by rail and the regular water route, but now the private yachts are beginning to enter the harbor. Two trim looking vessels arrived yesterday, one a sail yawl, the Janet, owned by H. S. Paine, of Boston, and the other a power boat, the Tofa, which is owned by G. G. Peters, also of Boston. The Janet is docked at the west side near the C. P. R. elevator, and the Tofa is lying in the stream.

Mr. Paine is accompanied by Mrs. Paine and Henry White, also of Boston. They are on a pleasure cruise and put into several ports en route here. After a few days in this vicinity they will sail again for Boston. During the war the owner of the Janet, who belongs to the naval reserve of officers in the United States navy, carried ammunition and supplies to France for the American troops and later was the first transport officer carrying troops to St. Nazaire. Mr. Paine's family is of old Loyalist descent, his great-grandfather having been one of the United Empire Loyalists, landing at St. John and was the first clerk of the legislature of New Brunswick.

The other yacht, the Tofa, is a graceful power boat of nine tons and she is here to meet her owner, G. G. Peters, who with several other gentlemen have been on a fishing trip in Northern New Brunswick and Quebec. The fishing party was expected to arrive in the city last night and probably will leave today for Boston.

LONG TO RUN AGAIN FOR THE GOVERNORSHIP.

Boston, July 23—Richard H. Long of South Framingham will again be the Democratic candidate for governor. This was made certain when in conversation by telephone with ex-Lieut-Governor Edward P. Barry, he consented to the use of his name in that connection.

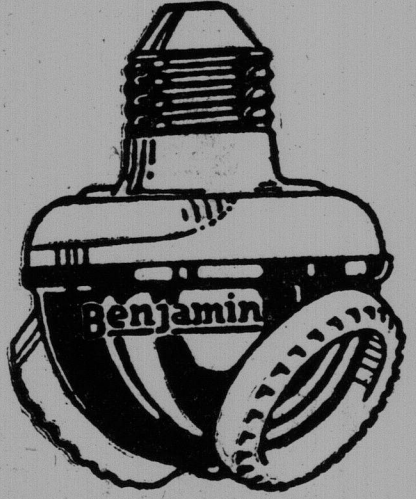

Taxicabs in Paris are known for their speed and erratic courses.

Placing the Facts squarely before the Public

NINETEEN years ago the Benjamin Industries were established for the manufacture of Electrical Equipment and special devices making for the safety and convenience and increased usefulness of Electricity.

For years we have been inventing and producing these goods—in the best way we can—the best materials we can obtain—and selling them for the lowest reasonable margin of profit.

Among hundreds of other devices, the Benjamin Company evolved the "Two-Way Plug"—an idea originally combining two other of our creations, the wireless cluster and the rotating attachment plug (the latter feature being later eliminated). So satisfactory was the device, and so popular it became, that it can hardly be wondered at that others sought to produce something that would "cash in" on its prestige.

The Public is being deceived by cheap Imitations of the Benjamin Two-Way Plug

But not one of these has ever improved upon the genuine Benjamin Two-Way Plug—all are poorer mechanically—some are actually dangerous, electrical points of view, are those actually copied in appearance direct from our originals—and so skillfully copied that a certain amount of sale is assured, despite their mechanical defects, merely through their resemblance to the genuine article! Remember—Every Benjamin device is approved by all electrical authorities.

Some of the imitations, on the other hand, are made by cheap labor, of inferior materials, in foreign factories, and enter Canada absolutely uninspected for safety! Technically speaking, there is no Two-Way Plug but the Benjamin Two-Way Plug—for this was the name coined for the article by its inventor. Place yourself in our position: How would you feel if such a piracy were being perpetrated in connection with goods you manufactured?

Insist on BENJAMIN Products—Made in Canada by THE BENJAMIN ELECTRIC MFG. CO. OF CANADA, Limited Toronto and Montreal Sold by responsible Electrical and Hardware Dealers Everywhere.

MUTT AND JEFF—THROUGH NO FAULT OF MUTT'S, HE SAVES JEFF'S LIFE

By "BUD" FISHER

MUTT AND JEFF

MUTT: I'M AN UNLUCKY GUY! I'M NOT ONLY LITTLE BUT I'M ALSO BALD AS A BILLIARD BALL. THERE'S AINT ANY USE FOR ME TO LIVE, SO I'M GONNA END IT ALL.

JEFF: IT'S A SHAME TO TAKE THAT WATCH WITH ME TO THE BOTTOM OF THE RIVER. I'LL FIND MUTT AND GIVE IT TO HIM AND THEN COME BACK AND JUMP IN.

MUTT: MUTT, I LOOKED IN THE MIRROR THIS MORNING AND I WAS SO DISGUSTED I'VE DECIDED TO KICK-OFF! I ADMIT I AINT MACH TO LOOK AT.

JEFF: I THINK YOU ARE USING RARE JUDGMENT, JEFF.

MUTT: M-M-M-M ON SECOND THOUGHT I DON'T THINK I WILL KICK-OFF!

JEFF: WHY?

MUTT: IF YOU CAN LIVE WITH A MUG LIKE THAT I'M GONNA STICK AROUND A WHILE LONGER, TOO!

JEFF: INSECT!

WEST INDIES RATES MATTER AWAITS SIR GEO.

(Canadian Press) Ottawa, July 23.—Action by the department of trade and commerce in regard to the increased freight rates between Halifax and St. John and West India points has been deferred pending the return of Sir George Foster to Ottawa. Some time ago the department had an application from the steamship companies concerning a proposed increase of ten per cent. Now a protest against the increase has been received from St. John board of trade council and it is expected that the city council of Halifax will join in opposing the increase.

BORDER PERSONALS

(St. Croix Courier) Mrs. John D. Chipman, of Toronto, is expected on Saturday to spend a few days with Mrs. Gilbert W. Ganong, Mr. and Mrs. William G. Gant, who have been visiting friends in Montreal, have returned to St. Stephen to spend a few days with Mrs. Ganong's parents, Mr. and Mrs. James McBride, before going to their home in Winnipeg.

Proposed Poultry Farm

SONS, ORA AND ERNEST.

Resolute Took Lead As Fourth Race For Cup Started Today

Wind Light But Freshening as Time for Signal Arrived—Defender Got Advantage at the Outset. Sandy Hook, N. J., July 23.—Resolute, defending the America's Cup, passed first across the line today at the start of the fourth international yacht race. She must win today to prevent Sir Thomas Lipton's boat from capturing the priceless trophy, trophy. Shamrock crossed about half a minute behind the defender, according to unofficial timing. The official time was—Resolute crossed at 1:01:38; Shamrock 1:01:56. At 1:15 Resolute was 200 yards to windward with Shamrock almost becalmed. At 1:18 Resolute was 1/4 mile ahead. At 1:37 Shamrock cut down Resolute's lead to a little more than one-quarter of a mile. Sandy Hook, N. J., July 23.—While being rounded for what may prove the last race of the series, Shamrock IV was also equipped with a new topmast and new topmast. Following these alterations, the New York Yacht Club announced that, pending a re-measurement of the green sloop, the race would be run today with a handicap of six minutes and forty seconds in favor of the defender, unless the re-measurement, probably after the race, should alter these figures. Resolute was not hauled out of the water, but her crew spent yesterday testing stays, inspecting sails and making everything ready for a contest in which seconds count. Both yachts were pronounced by their skippers fit for the marine battle. With clearing weather, marine observers expressed the opinion that a lively blow might be expected, guaranteeing the yachts a good test in a smart breeze. Sir Thomas Lipton and his friends feel that Shamrock's best chances of capturing the coveted trophy today are in the race in which the Irish sloop will have twenty miles of reaching, a point of sailing in which she has shown superiority over Resolute. Should the United States craft win today, the cup boats will meet tomorrow over a thirty mile windward and leeward course. The rival skipper today kept their mainmast up to catch the rain passed out to sea. At an early hour only a few members of the crews, sailing six sloopers, were observed on deck. A little after nine o'clock the yachts were hoisted up to the starting line. Jersey shore from the south southwest, was rapidly driving to sea the fog left by last night's storms. At half-past nine Shamrock slipped her moorings and, taking a tow, started for the starting line one hour earlier than usual. Sandy Hook, N. J., July 23.—Shamrock went out early to test her new topmast and main-sheet traveler, whose deck fastenings gave way slightly during the last race. The sea was very smooth at 10:10 under an even breeze from the southwest. Resolute dropped her moorings at 10:18 and stood out under her own sail. A tug steamed on ahead, however, and later took the defender in tow. Sandy Hook, N. J., July 23.—Fog today delayed the start of the race. While the two cup sloops were entering around the Channel Lightship at 11:30 in a four-knot breeze, a thick bank of vapor enclosed them, causing the regatta committee at 11:45 to order fifteen minute postponements. Sandy Hook, July 23.—At noon visibility out to the lightship had been reduced to 100 yards. A perfect chorus of whistles was sweeping the spectator fleet. The breeze was about three knots, and as it was from the south, fog was predicted for the rest of the day. At 12:10 the fog lifted and as the wind still blew three knots from the south, the committee tug went into position to eastward of the lightship, although still lying the postponement flag. By 12:30 the wind had increased to five knots, giving promise of a good race. The Course Bulletin—E. O. S. Sandy Hook, N. J., July 23.—The regatta committee, 12:30 mile triangular course. A beat to windward from the Ambrose Channel Lightship south southwest down the Jersey shore, a reach east by north out to sea and another reach back to the lightship. A power attachment which cuts at the rate of 20 acres of hay a day, has been perfected for light farmers.

GOOD THINGS COMING TO THEATRES OF ST. JOHN BIG FEATURES AT OPERA HOUSE

New Motion Picture Serial, "The Third Eye," Mammy's Juvenile Revue, High Class Vocal and Musical Offering, Comedy, etc. The new programme in the Opera House tonight has many features which are sure to make a big hit with patrons. The first episode of a new motion picture serial "The Third Eye," will be shown, and it promises to be a popular attraction in itself. It is said to be thrilling, well presented, and beautiful. Another act which promises to hold the interest of all will be Mammy's Juvenile Revue, in which eight kiddies will present "A Night in Kidland." In addition there will be Mons Herbert, "The Musical Chef," Merrick & Wing in a high class vocal and piano offering; Devore and Worth in a snappy singing act "The Captain and the Sailors" and Solly Brilliant, a great comedy black-face entertainer.

PERSONALS

Hon. F. B. Carvell left Ottawa last night for Woodstock and will return to the capital early next week. Mrs. J. M. Chappell of Fredericton is visiting Mrs. M. Merryweather, 43 Hoad street. Mrs. John M. Robertson left for Toronto on Wednesday to spend the remainder of the summer the guest of her cousin, Mrs. Archibald. Miss Marion B. Wilson, 20 Orange street, is visiting relatives at Point Prim, Nova Scotia. Mrs. W. Nickerson of 118 Main street and her little daughter, Doris, are to leave on the Digby boat tomorrow morning for a visit of several weeks in Yarmouth. Mrs. Thomas Monahan of Fredericton, who has been visiting friends in the city, left this morning for a short visit at Shediac Point. Mrs. Alice H. Brown left on Saturday for Montreal and St. Agathe, P. Q. Chatham World—Mr. and Mrs. E. Robinson, and Mr. and Mrs. Leroy King, of St. John, arrived at the Touraine by motor on Tuesday, and proceeded to Fredericton this morning. Sackville Tribunes—George T. Hicks left on Wednesday for St. John, where he will join Mr. and Mrs. W. Roy Hicks and they will motor to Mount Allison on Friday. Hicks' brother, E. B. Hicks, and other relatives, will also take a short auto trip through New Brunswick. Moncton Transcript—Mr. and Mrs. N. A. Rogers, who have made their home in Moncton for the last three years, will leave on Saturday for Halifax, where they will take up their residence. Mr. MacPherson, of Lynn, Mass., is visiting his sister, Mrs. Alexander MacPherson, Wesley street. His son Arthur, who accompanied him, left yesterday for Sussex, St. Stephen and other parts of New Brunswick. BODY OF JOHN O'NEILL DID NOT COME TODAY The body of John (Tip) O'Neill did not reach the city on the Boston train this afternoon. Mr. O'Neill's sister, Mrs. Pratt, came in and said the body had been sent through from New York. Mr. O'Neill's death was due to influenza and he died in St. Anthony's hospital in Wood Haven. The hospital authorities did not notify Mrs. Pratt until too late for her to see her brother before he died.

Engagements Announced

Mr. and Mrs. Henry Hawkes, of North Tay, announce the engagement of their daughter, Nora Josephine, to John Reid McAloun, of Stanley, the wedding to take place in September. Mr. and Mrs. I. R. Wilson, of Montreal, announce the engagement of their daughter, Louise, to Guy Q. Dowling, of Inouesque Falls, Ont., son of Mr. and Mrs. T. Q. Dowling, of St. John, N. B.

The New Hotel

Fredericton Mail—"The people of the winter port should see to it that St. John gets this new hotel. It will help to give the city a larger place on the map. An investment of more than \$1,500,000 is made by grocers throughout the United States for motor vehicles.

Begin To Fear Allies Must Enter New War For Polish Salvation

British Public Disturbed Over Possibility—Newspapers Speculate on Lloyd-George Statement. London, July 23.—The British public is disturbed by the possibility confronting it that the Allies may be compelled to enter another European war to save Poland. This position was made plain by Premier Lloyd George's speech in the House of Commons Wednesday and all the newspapers are speculating upon it. Almost all the newspapers support the premier, although there is much recrimination over the policies which have brought the destinies of Poland to this pass. Virtually the only opposition to the premier, although it is important. This new crisis is unpopular, even opposition, comes from the labor party. From the tone of the newspapers, it is apparent, it is unescapable, judging from the more lives, and because that is because it may involve the eventual defeat, about to the limit of bearable, country had come, according to general taxation.

TO THE GLORY OF GOD IN MEMORY OF THE FALLEN

Dedication of Amputation Club House—We Men Desire Not Sympathy But Help to Live Nobly for Canada. (Toronto Telegram) "We dedicate this club house to the glory of God in memory of those amputation cases who will never come back to us!" With these words and with solemn prayer did Captain Sydney Lambert, president of the Amputation Association, dedicate its new house at 7 College street, on Saturday afternoon. "The Amputation Association Club House for Fragments from France," said the gold letters over the flag decked out on the building, is a handsome and most interesting structure. It was built by the men, who had lost arms or legs, some both, were there to rejoice over the gift of Toronto's citizens to actual fighting men. "Every man who belongs to a front line man; there is nothing here but men who have been to the front line. It's because we're fighting men that we have such a fine club house. Our citizens realized that on the Tag Day. "We desire not sympathy but help that we make ourselves able to represent Canada still as nobly as we did in France. Inside the hall were again very much mixed at the opening of today's stock market. On the constructive side the feature was Houston Oil in which a two point initial advance was soon extended almost to five points. Other oils, which declined two points. Royal Dutch, which declined two points. Rails hardened slightly but the general run of industrial specialties, including Sugar, Textiles, Rubbers and Leathers, continued reactionary, losses ranging from large fractions to one point. Foreign exchange, especially rates of London, Paris and Berlin were extremely weak, reflecting latest developments in Central Europe. Noon Report. Traders ignored the pessimist reports from abroad which accompanied the sharp decline of foreign exchange, leading stocks showing substantial improvement during the morning. Oils and independent steels led, Houston increasing its gain to almost six points, while Mexican Petroleum rose 2 3/4 points. Crucible, Republic, Vanadium, Bethlehem and Stess-Sheffield gained one to one and a half points and Baldwin Locomotive rose the same extent. Inquiry for rails and shippings emphasized Canadian Pacific, Union Pacific, Heading and several low-priced issues, particularly New York Chicago and St. Louis. Call money opened and rose 1/8 ed over the week end at eight per cent.

BAKED BEANS FOR SATURDAY? SURE!

Why not? You needn't depend on canned products, probably baked several months ago—you needn't go through all the rig-marom of getting them ready yourself. The College Inn delicatessen service is producing the finest of home-oven baked beans you could ask for. Scores of delighted purchasers are coming back for more. Ever try 'em? And brown-bread right here, too. You mustn't forget our Boston Bread—you've tried it. Also Dill pickles, which make an excellent combination with beans. Ever try 'em? And then, too, top of the meal, pies, cakes, French pastry, rolls, etc. are all supreme in our showing. And prices aren't so terribly high up in the air, either. 105 CHARLOTTE STREET Opposite Dufferin

IRISH HOUSES WRECKED BY POLICE AND MILITARY

London, July 23.—About two o'clock this morning, Galtra, near Ballinacree, Ireland, was visited by police and military who wrecked many houses in the town, including the Sinn Fein Hall, which was burned to cinders of "Up Tuam," according to a message from the press association's correspondent in Ballinacree today. There was much shooting, but no loss of life is reported. The slogan "Up Tuam" evidently refers to Sunday night's incident when Tuam was sacked, the sacking being charged against the police as a reprisal.

A Regular Morning Dish of Grape-Nuts

with cream or good milk makes a fine start for any day's work. Grape-Nuts Needs No Sugar

MURRAY PLEADS GUILTY IN THE MOTOR CAR CASE

(Special to Times.) Fredericton, July 23.—James P. Murray, arrested in St. John on a charge of uttering a bogus cheque in payment for an automobile which he had purchased from J. W. McCuskey of Boiestown, pleaded guilty in the police court this morning and was remanded until the 27th for sentence. Chief Forester G. H. Prince has returned from the North Shore, where he was on a trip of inspection. A shortage of chemicals used in filtration of water supply is reported in the United States. It is due to freight congestion on the railways which prevents factories turning out chemicals in sufficient quantities. Fredericton uses alum and lime for filtration of water from the St. John river and those responsible are watching the situation closely. Chloride of lime is obtained in Canada but alum from the United States. There are sufficient quantities of both here to last for some months.

LOCAL NEWS

Many enjoyed a band concert given in King square last night by St. Mary's band. R. H. Nave of Ridgfield, Conn., is in the city for the first time for twenty-one years. He notes many changes in the city during that time. Umbrellas repaired and re-covered at Davall's, 15-17 Waterloo street, just around from Union. 7-37 And brown-bread right here, too. You mustn't forget our Boston Bread—you've tried it. Also Dill pickles, which make an excellent combination with beans. Ever try 'em? And then, too, top of the meal, pies, cakes, French pastry, rolls, etc. are all supreme in our showing. And prices aren't so terribly high up in the air, either. 105 CHARLOTTE STREET Opposite Dufferin

Engagement

Mrs. Sarah Wood, Hawthorne Avenue, announces the engagement of her daughter, Helen Muriel, to Robert London, the wedding to take place on Monday, July 26.

"DRIVE" FOR NEW BUDGET TAX

Ottawa, July 22.—The customs and inland revenue department is instituting a "drive" to secure observance of the new budget taxes.

A BANQUET OF APPRECIATION AT CARAQUET

Caraquet, July 22.—The residents of the eastern parishes of Gloucester county, particularly Caraquet, tonight tendered a banquet at Chateau Albert, to express publicly their deep and general satisfaction caused by the recent acquisition of the Caraquet and Gulf Shore R. R. by the Canadian National Railways.

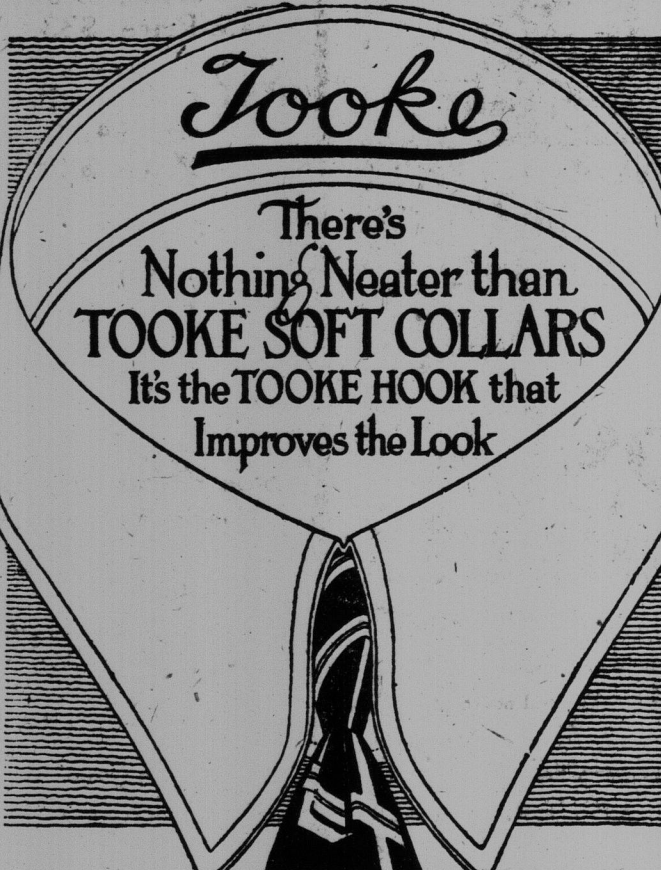

by the various after-dinner speakers. The speaking continued until a late hour. Among those who addressed the diners were Hon. F. J. Veniot, minister of public works; Hon. J. P. Byrne, attorney general; O. Turgeon, M.P.P.; Angus McLean, general manager of the Bathurst Lumber Company, also members of the legislature, the mayor of Bathurst and others, to whom the eastern end of the county attributes a large share of the credit for the happy consummation of months of efforts to get the road into the government system.

INSTRUCTIONS IN PREPARATION OF FOODS NOW FREE

Miss Simpson, author and co-author of several works in culinary instruction, and also a teacher of no little accomplishment, is now to be found at the College Inn, 106 Charlotte street.

She is directing the dedicated service of the new store, and her many friends in St. John are pleased to see such a desirable association.

Her advice will gladly be given to any who care to drop in, on preparation of foods of all kinds, etc. Without charge or obligation her information regarding afternoon teas, at homes, lawn parties, etc., is yours. You'll enjoy the visit.

A new arrival of the oh-so-good Honeycomb tripe, delightfully tempting and palatable, is now ready. Also Dried Beef Tongue, Lamb's Tongue, etc.

THE COLLEGE INN Opposite Dufferin

MILITIA AFFAIRS

(Canadian Press Despatch.)

Ottawa, July 22.—It was authoritatively announced to the Canadian Press, Limited, today that there will be no re-organization of personnel and duties of the Canadian militia headquarters staff before August.

Sir Arthur Currie, who is leaving military life to become president of McGill University is still on leave of absence and will not return to Ottawa until August 1, and whatever reorganization takes place will occur subsequent to that date.

It is not improbable that the duties of the inspector general of the Canadian forces after Sir Arthur finally retires will again become what they were in pre-war days, when the inspector general was not a member of the militia council, the view then being held that he should not be in a position to pass upon his own act. While everything is in the air in regard to re-appointments, it is regarded as quite probable that Brigadier General Bursall will be the next inspector general.

AN EXPLANATION

To the Editor of The Times: In justice to myself and partner, Mr. Murray W. Long, I feel that an explanation of the lack of certified check accompanying our tender for the Spruce Lake water main should be given the public.

On account of the fact that we are not wealthy men, it was necessary in order to tie up an amount of \$13,750 in a deposit check, to seek additional accommodation at our bank. In order to do so the matter had to be referred to the bank's head office. Although a wire was received Wednesday afternoon notifying dispatch of reply to our request it did not reach the city by the early Montreal train today and so failed to be in hand at 11 o'clock this morning, the time for closing the tenders. In spite of this we filed our tender.

Relying on this explanation to council and guaranteeing to produce the check before noon Friday, convinced that it caused no injury to competitors, we asked that consideration of the tenders be delayed twenty-four hours. In the past this has not been a rare method of procedure by the council.

However, the tenders were opened and the prices made public showing the following prices per lineal foot for reinforced concrete pipe: The Lock Joint Pipe Co., Ltd., \$15.50; the Atlantic Construction Co. (ours), \$12.50.

The length of pipe line is 22,000 lineal feet. A difference of \$3 a foot in the tenders shows a possible saving to the city of \$66,000.

In view of this fact we requested that our tender be given consideration as others by the sub-committee of Commissioners Jones and City Engineer Hare, with the understanding that if our pipe was not proven of equal value to that of the Lock Joint Pipe Co., Ltd., we would not ask consideration on account of our much lower price. It was decided not to give our tender any consideration.

Although the demand for deposit with the tender is a more or less general custom, it is not always adhered to, and in the opinion of many experienced men it is of no practical value. We submit the opinion that in view of the fact that there was an opportunity for the commissioners to consider and investigate the chance of saving so large an amount of the city's finances they would be justified in giving our tender consideration along with others.

Thanking you for your valuable space and this opportunity to explain the situation, we remain, Sincerely, THE ATLANTIC CONSTRUCTION COMPANY, Per N. P. McLeod. St. John, July 22.

"Keep the Change" Says the Miracle Man

And there are pretty big hunks of change for you to keep between our present sale prices and the real worth of these suits. Folks who have been here like the change between old prices and the new—they like the change. The Miracle Man has developed in clothes economy during the Minus-Profit Sale.

This Minus-Profit Sale

There's a change, a change we like, too—a change in the proportions of this stock—a steady dwindling of merchandise that proves to us the effectiveness of The Miracle Man's methods and the recognition you folks give to genuine clothing savings.

Better come in while that condition still exists.

Sensational Savings on Suits

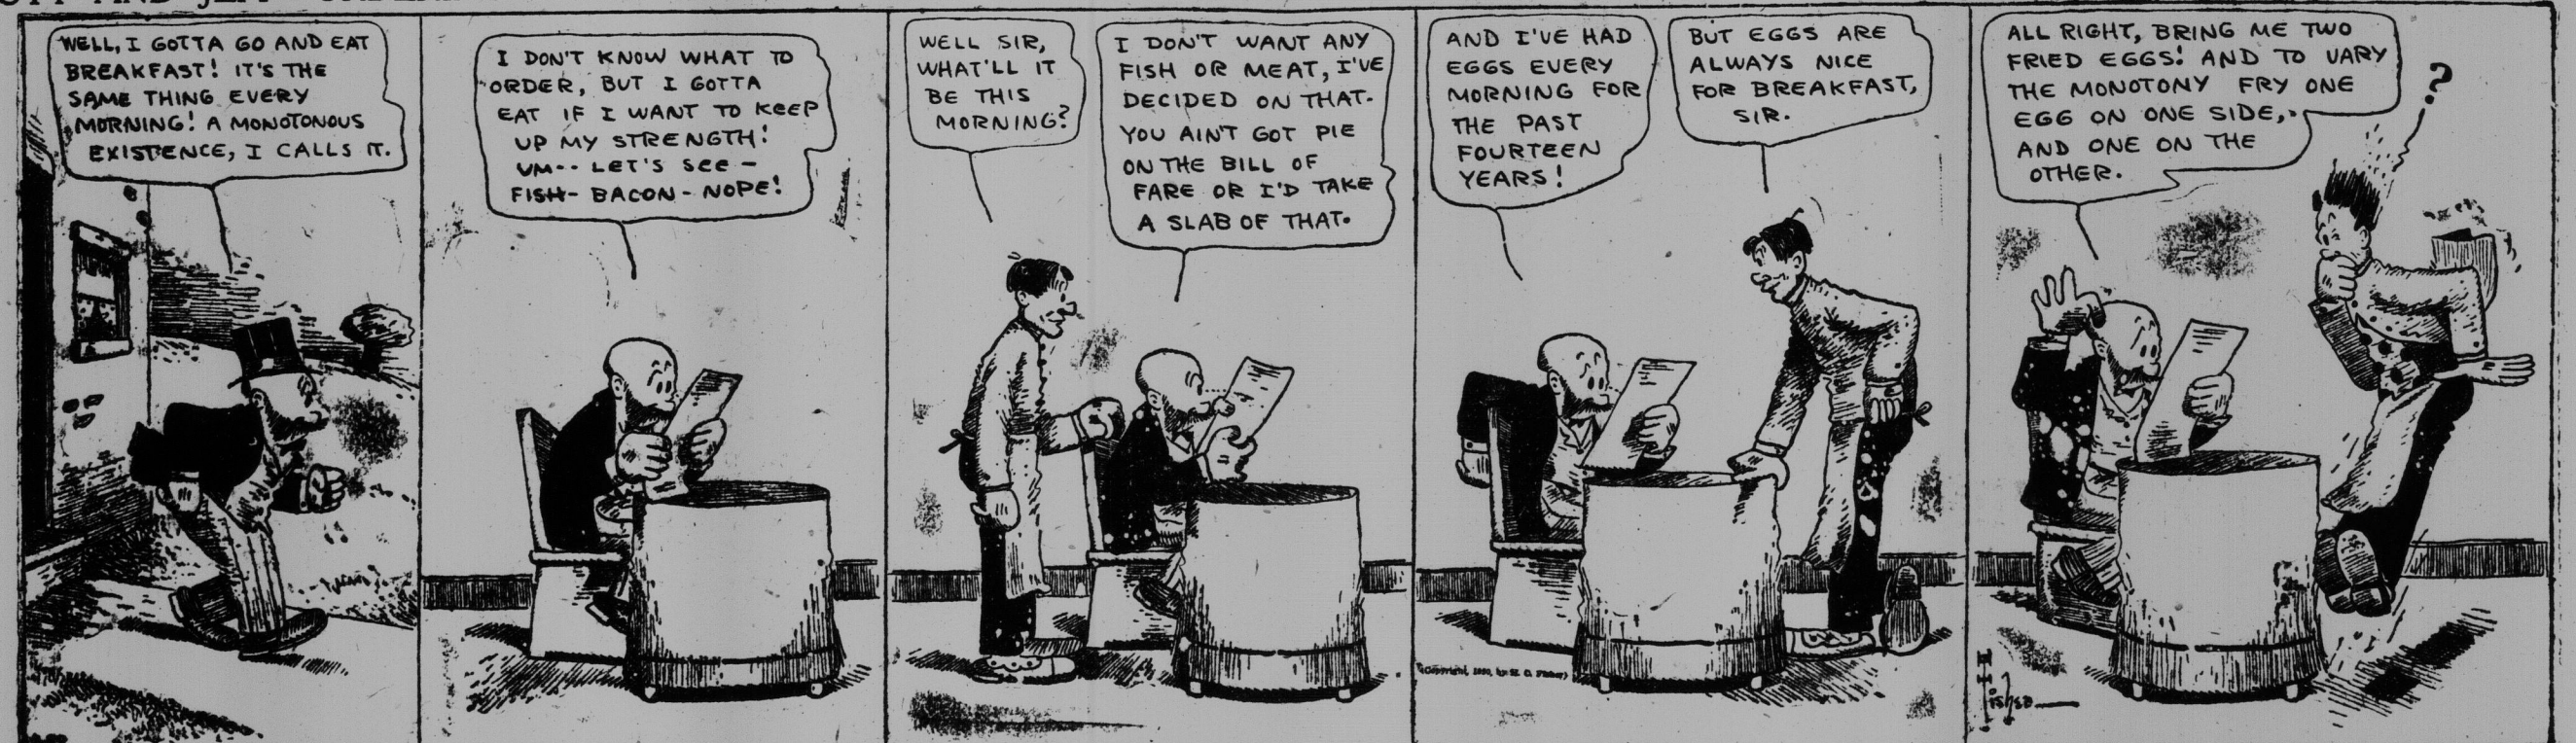

\$45, \$48, \$50 Suit Values at \$33.50

The Miracle Man at The Semi-ready Store 87 Charlotte St.

The committee appointed by the county council to investigate charges made against the St. John County Housing Board by W. Murray Campbell, met in the office of the county secretary yesterday afternoon and after a short discussion, went to McKiel street, Fairville, where they viewed the buildings under construction by the board. J. H. Prink, J. P. Mosher and J. T. Dalzell, composing the committee, Alexander Wilson, J. A. Barry and F. Neil Brodie, representing the board; and Councillors Campbell and O'Brien, of Lancaster parish. A further meeting of the committee will be held before a report is given to the county officials.

Automobile manufacturers are planning to standardize hub sizes to any and all wheels. Canada and the United States have together some 8,000,000 motor vehicles.

MUTT AND JEFF—ORDERING BREAKFAST IS A VERY TRYING ORDEAL FOR THE LITTLE FELLOW By "BUD" FISHER

WELL, I GOTTA GO AND EAT BREAKFAST! IT'S THE SAME THING EVERY MORNIN'. A MONOTONOUS EXISTENCE, I CALLS IT.

I DON'T KNOW WHAT TO ORDER, BUT I GOTTA EAT IF I WANT TO KEEP UP MY STRENGTH! UM-- LET'S SEE FISH-- BACON-- NOPE!

WELL, SIR, WHAT'LL IT BE THIS MORNIN'?

I DON'T WANT ANY FISH OR MEAT, I'VE DECIDED ON THAT. YOU AIN'T GOT PIE ON THE BILL OF FARE OR I'D TAKE A SLAB OF THAT.

AND I'VE HAD EGGS EVERY MORNIN' FOR THE PAST FOURTEEN YEARS!

BUT EGGS ARE ALWAYS NICE FOR BREAKFAST, SIR.

ALL RIGHT, BRING ME TWO FRIED EGGS! AND TO VARY THE MONOTONY FRY ONE EGG ON ONE SIDE, AND ONE ON THE OTHER.

PURITY ICE CREAM
"The Cream of Quality"
Creates Much Energy
Each component part of the excellent PURITY ICE CREAM is a tremendous power producer. The Cream and Milk are perfect foods; sugar an energizer. Fruits beneficial; flavors palatable; gelatine strengthening. Small wonder then that the men employed in the manufacture and distribution of Ice Cream are able to cheerfully work long hours seven days each week, and possess reserve energy for the added evening work required of them in the summer season. It is due solely to the fact that they eat freely of Ice Cream, from which energy reaction is almost instantaneous. Factory managers and others should seriously consider adopting PURITY ICE CREAM and thus help solve the production problem.

Purity Ice Cream Co. Ltd.
"THE CREAM OF QUALITY"
MAIN 4234
92-98 Stanley Street.

ADITORIAL

Any fool can talk sense—most wisdom is in a jest.

And notable events in better values are appearing in this column daily.

Are you acquainted with Gertrude? Swimming Instructor: "Barely." 69 cents still entitles you to some big items in ladies' hose—worth wearing.

In nineteen hundred, fifty, the ever-present fact will probably be bullets like mother used to make.

Does this sound like old-time advertising? Yells, Sills and Georgetown, waists, \$1.19 to \$6.50?

Mother was heard to say, recently: "If anyone wants the tea this weak they can have it now."

C. J. Bessen's two great dry goods stores are conveniently ready to serve you. Footwear and clothing for all the family. Sydney, corner Union—also Brunswick, near Jinneter.

Ask someone how to pronounce h-e-r-a-k-e and j-o-k-e. Then suggest the white of an egg. See if they know anything about hen-frat. Watch for us tomorrow.

The North End were defeated by the Blue Rock Flyers of West St. John, the score being 7 to 1 in favor of the Blue Rock Flyers. It was one of the most interesting games of the season and it was played in one hour and ten minutes, which is believed to be record time for amateur baseball. The batter for the winners were Merryweather and Urquhart and for the losers, Winchester and McCrossin.

Industrial League
The line up was as follows: For the Portlanders—Winchester, pitcher; McCrossin, catcher; Logan, 1st base; Lasky, 2nd base; Moore, 3rd base; Capson, short stop; Howard, centre field; Yeomans, left field; Logan, right field. For the Blue Rock Flyers, Merryweather, pitcher; Urquhart, catcher; Keables, 1st base; Thompson, 2nd base; Rourke, short stop; Brown, 3rd base; Wright, left field; Mosher, centre field; McCrossin, right field.

Colman's
Last night the R. P. & W. F. Starr team defeated the New Brunswick Telephone Company in a fast six-inning game of ball, the score being five to three. A feature of the game was the pitching of Starr, who had ten strikeouts to his credit. The batter for the winners, Starr and for the losers, Smith and Jackson.

Yesterday's Games
National League
Barnes held Cincinnati completely in check yesterday and the Giants won the second game of the series, 2 to 1. Pittsburgh made it two straight by defeating Brooklyn, 2 to 2. Eradic feeding behind Meadows, coupled with opportune hitting by Chicago, enabled the locals to defeat Philadelphia 4 to 2. Boston trailed St. Louis for eighth, then rallied in the ninth, scoring two runs and winning 2 to 4.

Miss Morris won the second heat, but broke badly in the third and was disqualified. Aroostook Circuit Races.

A large crowd enjoyed the closing day races at Caribou, Me., yesterday. The 228 class mixed was won by Collier Swift in straight heats; best time 2:17. The 217 class mixed went to Nery Brien; three out of four heats; best time 2:15. Oro Fino captured the free-for-all, three out of five heats; best time 2:09. A special race was won by Silver Strain in straight heats; best time 2:10.

ATHLETIC
Canada's Team
Twenty-five athletes will sail from Canada on Saturday on the steamer Melita for Belgium to compete in the Olympics. They are known as the main body of Canadian Olympic candidates and are in charge of James G. Merrick of Toronto and Norton H. Crew as secretary of the committee.

The following comprise the team: Runners—James Dellow, Toronto; Marathon: Arthur Scholtes, Toronto; Marathon: Albert Smoke, Peterboro; Marathon: Alex. Pouton, Toronto, 1000 meters and relay; Hector Brown, Toronto, 400, 800 meters and relay; Edward Lawrence, Montreal, 1,500, 5,000 and 10,000 meters; Thomas Town, Brandon, 1,000, 5,000 and 10,000 meters; E. C. Freeman, Toronto, 3,500 meters and relay; Cecil Coffey, Winnipeg, 100 and 200 meters.

Cyclists—Norman Webster, Toronto; Harold Bonnell, Toronto; William Taylor, Toronto; Herbert Macdonald, Toronto; Harry Martin, Toronto.

Boxers—Henry Turner, Montreal, 112 pounds; Walter Newton, Toronto, 126 pounds; Billy C. Rankin, Edmonton, 126 pounds; Clarence Newton, Toronto, 135 pounds; Albert Schneider, Montreal, 147 pounds; Corporal A. Fruchomme, London, 160 to 175 pounds; M. S. Hercoyitch, Montreal, 160 to 175 pounds.

Miscellaneous—Earl J. Thompson, Saskatchewan, hurdles and broad jump; John Cameron, Vancouver, decathlon and hammer; Archie McDiarmid, Vancouver, 56 weight and heavy boxing; John McEachern, Winnipeg, 16 pounds shot.

ACQUATIC
Saturday's Events
Interest will centre in Courtenay Bay Saturday evening, when the second of the series of sculling races will be held. The start and finish will be approximately opposite Union street and the turning buoy three quarters of a mile distant, opposite Sheffield street. The single scull race is expected to be very close as Hilton Belyea will give the other starters three lengths handicap. The start will be made even but Hilton must defeat his nearest rival by three lengths to win the race. The other starters will be Robert Belyea, Harry Silphiant and Charles Campbell. The four-oared race is also arousing a lot of interest when the Belyea, Stackhouse and Renforth crews meet. The Junior singles will have four starters: Anthony Belyea, Grenville McCavour, Rudyard Brayley and Logan. The first race will start at 7:30 sharp and the others follow.

Kalamazoo, Mich., July 22—A monster crowd turned out for "Kalamazoo Day" at the grand circuit races and the on-lookers witnessed a slaughter of the favorites in three of the four events. In the 203 race, Lou's Stratton after winning the first heat, was decisively beaten by Johnnie Quirk in the second heat and by Goidie Todd in the third and fourth heats.

Royal Palm, son of Peter the Great, was driven by Charlie Valentine, won the 82,000 purse for 2:18 trot, outstripping Alta Donovan and a field of eight others in straight heats. The average time for the three miles, 2:06, was fast for the class.

Don De Lopes, driven by Geers, winner of the 2:05 trot at Toledo, was best liked in today's 2:05 trot. He failed to win a heat. Baron Cerrante took the first and then Murphy came along with Charlie Reg and captured the second and third heats. The time in the second mile, 2:04, is a season's record for trotters.

In the three-year-old trot, Great Briton, the Dodge entry, made good by taking the first and third heats. The Great

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, JULY 23, 1920

FACE DEATH BY DROWNING OR BY BEING BLOWN UP

Men Who Are Dredging the East River

Work of Years at Cost of Many Millions—Frying Pan Reef and Pot Rock to Go—Quick Work at Slack Water.

New York, July 22—Death by drowning or dynamite—these are chief among the dangers facing the men who are dredging the East River to Long Island Sound that New York may have another deep-sea passage to the Atlantic.

How this undertaking, which will require fifteen to twenty years and an expenditure of \$55,000,000 to \$75,000,000, is being carried on was told here today by officials of the dredging company, which is doing the work.

"Most of the work must be done during the slack water period at the change of tides and, as there is generally from 600 to 1,000 pounds of dynamite aboard each drill boat the danger of being rammed by passing craft and sent to the bottom is complicated with the possibility of being blown into the air," one official said.

"In Hell Gate we are demolishing Frying Pan reef, which is 480 feet by 300 feet. From eight to ten months will be required to complete this task. A drill boat is being warped across it in parallel paths thirty feet apart, drilling holes into which from 100 to 150 pounds of dynamite is packed and exploded. A dipper dredge, following the drill boat, loads the blasted rock into scows for dumping into holes seventy-five feet deep or more in the river. This leveling of the river bottom removes the source of eddies, smoothing the current.

"Pot Rock, another reef in Hell Gate, will be destroyed next. Because of treacherous currents for which it is responsible, Pot Rock is known as the wickedest spot in American waters.

"The longest slack water period registered in Hell Gate during the last forty years was twenty-three minutes. It is within that slack period that drilling points must be located, charges planted and fired and the position of the plant changed. Divers on this work are generally unable to spend more than fifteen minutes under water at a time, so that they work but half an hour in a twenty-four hour day.

"As a precaution against being rammed by passing craft the navy department and customs house officials have warned operators and owners of vessels to keep a safe distance from dredging plants. For non-compliance with this warning eighty-five captains were arrested recently within a period of ten days. Six were suspended for from ten days to six months.

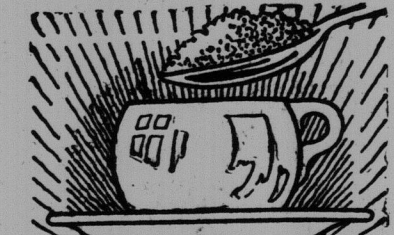

"When the collision signal is sounded on one of the dredging vessels, each of the dynamite crew, wearing life belts, grabs a box of the explosive and stands by to jump overboard.

"The project of dredging the East River to the Sound was first undertaken forty years ago to provide New York harbor with an entrance which would not require continuous dredging like Ambrose Channel, where five government dredges are constantly removing the infiltrating sands. Flood Rock, in Hell Gate, was then removed and some lesser work accomplished before the appropriation was exhausted.

When Flood Rock was blasted a charge of 100,000 pounds of dynamite was fired, the official said. Launches on the river a mile away were lifted three feet out of the water, but no damage resulted.

MY DEAR, IT WAS AWFUL!

A lazy open car started from Borough Hall, Brooklyn, N. Y., the other day bound for the Flatbush hinterland. There was nothing about the car to excite even a Brooklynite, but on the rear-most seat sat two young women. Their dresses were short, and they sat with crossed knees and their cute little socks only came up to a little above the ankles. That's all there was, there wasn't any more. Also, both women were smoking cigarettes. The men in the car tried to look as if they were not noticing it, but the other women on the car-well, the sniffs could be heard above the roar of the "L" trains.

How to Make Coffee
Allow one heaping tablespoonful of Seal Brand Coffee to each cup. Pour fresh, boiling water over the coffee. Simmer 5 minutes. Let stand a few minutes. Then serve. Be sure you use rich, full-bodied Seal Brand Coffee.

Whole, ground—fine-ground for Tricorsets and ordinary percolators. In 1/2, 1 and 2-lb. tins—at all good dealers. Write for "Perfect Coffee—Perfectly Made". Mailed free on request.

CHASE & SANBORN, MONTREAL.

LARGEST STONE QUARRIED IS MARVEL TO ENGINEERS

Monolith Found in Syria is 69 Feet Long, 14 Broad, 17 Deep, Weighs 1,500 Tons.

It appears that the biggest stone ever quarried was some time ago discovered at Baalbec, a place in Syria. It has always been a mystery how it was that the great blocks of granite employed in the construction of the Egyptian pyramids were ever raised to the height they now occupy. Quite as great a marvel to the modern engineer is the so enormous block of stone as the one discovered in Baalbec.

This monolith is 69 feet long, 14 feet broad and 17 feet deep. Its weight is calculated at 1,500 tons. Close at hand stand the ruins of the ancient Temple of the Sun. It is contended this huge stone was intended to form part of the building. This supposition is based on the fact that in one of the walls still

standing are to be seen great slabs of stone which by actual measurement disclose a length of 68 feet and a height of 18 feet.

More wonderful is the engineering feat which placed them in the position where they are today, fifteen feet above the level of the ground. No sign of any cement is to be found anywhere to bind the stones of this ancient structure. The slabs have been squared so precisely and polished, that only after careful search can the joining be found. It is impossible, it is stated, to thrust between them even the small blade of a pocket knife.

The beautiful perfection in all the process involved in the quarrying, preparing of the stone and the building of these ancient temples leads the scientists still further into wonderment equipment of those ancient workmen. No laborer who stopped with his hammer in the air at the strike of the clock, ever brewed these stones. Such conscientious work was only done with love or under the

urge of a great religious feeling. So it is that the archaeologists are pondering over another problem, the quality of mind and brain in the man of antiquity.

BELGIUM'S RECOVERY.

Country's Exports May Exceed Imports Before End of Year.

Belgium is making rapid recovery from German deprivations committed in the world war. At the close of the war 2,000 kilometers of railroads, 1,800 bridges, 600 kilometers of canals, telegraph, and telephone systems and a third of the factories of the country had been destroyed. Recovery has been proceeding steadily since the armistice, and Emil Francqui a Belgian minister of state writing in the Magazine of Wall Street states that the railroads telegraph and telephone systems have been almost entirely repaired. The canals are navigable and many industries have been revived. Already coal production is a little higher than in 1918 reaching 105

per cent. of prewar output in the month of April last. Textile and wool production are gradually being restored to normal and plate glass works are in full operation. The progress has been slower in the steel construction plants.

Exports, he added, to Holland, France, Italy and Germany surpass imports from those countries. The balance with England is slowly but surely readjusting itself, and from present indications it appears probable that before the end of the year Belgium will export more than she imports.

ECRIMENT CASE.

New York, July 22—Hearing of the deportation case against Arthur C. Ecrement, former Canadian member of parliament, who is now detained at Ellis Island, was again postponed today on the plea made by Ecrement's lawyer that his client had not had sufficient time to get his passport and other credentials from Montreal.

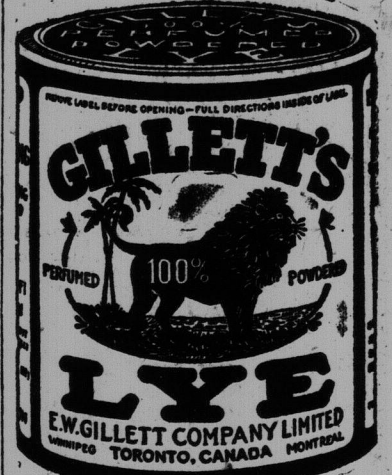

WOODSTOCK PERSONALS.

(Woodstock Press.)

Mrs. Leslie Waters of St. John, who has so many friends in Woodstock, her former home, is the guest of Mrs. Joseph Parlee. After a few weeks' stay here she will visit her friends in Aroostook county before returning home.

Mr. and Mrs. H. D. Stevens and Miss Annie Stevens left on Monday to spend a month in Moncton and Albert county, after which Mr. and Mrs. Stevens will attend Grand Lodge, I. O. O. F., at Sackville.

Mr. and Mrs. C. F. Titus, formerly of Woodstock, came from Bangor last week by auto, accompanied by Rev. John Shea and Mrs. Shea, thence going to Fredericton, returning to Woodstock on Wednesday and leaving for Houlton on Wednesday afternoon. Mr. and Mrs. Titus going to Bangor and Mr. and Mrs. Shea going by train to Ashland, Me. Rev. John Shea left here when a boy twenty-three years ago. He has been the Anglican

pastor of churches in the southern states, and has now the church at Ashland, Me.

St. John's Greatest Mercantile Event

OAK HALL'S ANNUAL MID-SUMMER SALE

Now in Full Swing --- and is a Straight, Simple, Business Proposition That "Rings True"

People kept coming yesterday, the opening day, in great numbers because they know Oak Hall; they know that the merchandise is right; that values at regular prices are right; that when we announce "Oak Hall's Annual Mid-Summer Sale," it's the right time to buy—more so this year than ever before, because all reductions are from original prices that were very low; they represent the narrowest margin of profit on which this business ever operated; and this increases the measure of value you get at these sale prices. And remember—

Our Entire Stock of Wearing Apparel for Men, Women and Children is included at these lowered prices, nothing is held back. And furthermore, many lines have been procured especially for this event at rock bottom prices and are offered at a very close price, estimating a large volume of business at a very minimum of profit.

Following is listed only a few of the numerous opportunities; many of them must really be seen to be appreciated:

<h4>WOMEN'S SUITS AND COATS</h4> <p>CLOTH SUITS of Men's-wear Serge, Tricotine, Poplin, Gabardine, Velour, Tweeds, in Navy, Black and prevailing 1920 shades.</p> <p>Regular Price \$41.25 \$57.75 \$67.50 \$74.25 Sale Price 32.85 46.20 53.85 59.40</p> <p>CLOTH COATS in Velours, Serges, Poplins, Donegal Tweeds, Fawn Covert Cloths.</p> <p>Regular Price \$35.25 \$44.25 \$55.50 \$62.25 Sale Price 28.20 35.40 44.40 49.80</p> <p>LEATHER AND LEATHERETTE COATS are all drastically reduced.</p> <p>Regular Price \$28.25 \$37.50 \$72.00 \$81.00 Sale Price 22.60 29.85 57.60 64.80</p> <p>All Lines of Raincoats at Big Reductions.</p>	<h4>MEN'S CLOTHING</h4> <p>\$22.00 SUITS, Now \$19.98.
