### LITTLE BROTHERS COAST TO DEATH

Tragedy of Boston Home; Lads Drowned in Pond

CARRIED TOO FAR ON ICE

Frantic Mother Awaits Return of Herb and Bobby Coleman But They Are Carried Home in Death

Boston, Feb. 11.—A little bit of a red outfit cap, floating in a patch of open water in Muddy Pond, West Roxbury, was the clue that revealed the fate of Herbert and Robert Coleman, who met death in its waters. It is one of the saddest tragedies the police have had to handle for a long time.

The two children, Herbert, aged 8, and Robert, 6, lived with their mother, Mrs. Elizabeth Coleman, housekeeper for Congressman Peters, at Forest Hills. They are the only children.

They asked permission to go coasting. It was given them. But they were told by their mother not to go on the ice of Muddy Pond. Of course they said they would not go there. The pond is partly frozen over, but here and there are patches where the ice has broken and there are good sized water holes. Of the youngsters trusted, happy in the thoughts of the good time they were to have with their hoes. They were soon out of sight of the house and it was the last time they were seen alive by any one.

When it began to grow dark and they were not home Mrs. Coleman grew anxious. And as supper time came and went without them she became alarmed.

The police were notified. Patches of woods were searched until late hour. And hour after hour there was no word. The children had gone to coast and had not intended to be disobedient. But they were too young to know that the momentum of two youngsters will carry them far further than it may slide ordinarily.

Moreover, the snow had a coating of ice, to make it all the more slippery. And so they slipped on their sled and started. Down the hill the sled sped. It went faster as it neared the shore of the pond and in a moment the two laughing youngsters were out on the ice.

But the sled did not stop. On it went as the tracks showed, and with the messenger of death as the guiding spirit it shot into an open space.

The little tragedy went on unseen. Clumping each other they rose and sank, and finally for the last time they were muddied bottom, the only clear being the little red outfit cap. This floated to the top, and was seen by Policeman Ed. J. Murphy.

Investigating, he managed to get out on the ice to the hole. He reached it, and there was the tragedy revealed to him.

For a minute it unnered him to see the two little children on the bottom their eyes staring up, and he hastily crawled back to the bank. Then he sent word to the station, and in a short time news was passed around and a crowd gathered about the pond. The work of securing the bodies was begun by the police and it was finally accomplished. When the mother learned she was prostrated.

Into the home the children were borne tenderly. Meanwhile the winter days will pass into summer, and the story of little Boy Blue will be repeated, for the little toy soldiers will be covered with dust, the muskets will rust in their hands; the little toy dog, with the other toys, will faithfully stand waiting and wondering the long years through what has become of the little Boy Blue.

### Mercury Takes Drop To Almost Record Point

#### Sixteen Below, Official; Twenty In Some Places This Morning

### Only Once Colder in Fourteen Years—Fortunately High Wind of Yesterday Subsided—Thirty Below in Woodstock, 35 at Grand Falls

This morning established a record for low temperature that has not been beaten in the last seven years and only once since 1900 has the mercury gone lower than the point to which it dropped this morning. The lowest official reading in the city was about 9.20 o'clock this morning when the thermometer showed sixteen degrees below the celsius. At eleven o'clock it had climbed three degrees.

Only once in the last fourteen years has the mercury been as low as it went this morning. In 1907 it dropped to 17, one degree below that registered this morning. The temperature, however, has dropped several times as low as fifteen below.

Fortunately for those who were compelled to be out this morning, the high wind which blew almost steadily from the north at a rate between thirty and forty miles an hour yesterday, dropped during the night and this morning was traveling at about twelve miles.

Many a thoughtful housewife, anticipating the cold weather, left the water running in the kitchen last evening, but there were some who did not do so and as a result some men arrived at work some minutes behind time—that is if they waited for breakfast, but there were others who were compelled to start the day's grind without having eaten.

The effect of the cold wave was noted in the almost deserted streets, none but those who considered it their duty to be out having braved the weather.

Although the official reading of the thermometer placed the lowest figure this morning at 16 degrees below, thermometers in different parts of the city and surrounding territory registered even lower than that mark. The Partridge Island reading was twenty-one below. At Colbybrook, twenty was registered and at Red Head, Little River and Lancaster, the glasses showed nineteen below. At Kane's Corner it was eighteen. Several thermometers about the Marsh Bridge and Haymarket Square dropped as far as eighteen.

A heavy vapor hung over the harbor all morning and a wind from the due north, covered the wharves and warehouses on this side of the harbor with a veil of white.

The Last 14 Years

A summary of the lowest temperatures registered for the last fourteen years, as follows, is interesting:

### HOT SHOT FROM LABOR

#### MAN FOR MEMBER OF MR. BORDEN'S CABINET

Ottawa, Feb. 11.—In the House of Commons yesterday, Alphonse Verville of Maisonneuve, started a discussion in connection with the consideration of labor department estimates. He was not prepared to say that the strikers at Natashquan had been altogether right in what they had done but read lengthy statement by the leader of the strikers, Frank Farrington, to show they had not been fairly treated. Approval of a visit paid by Hon. T. W. Crothers to the British trades and labor congress he said he understood the English delegates had thought he was a "traitor."

Possibly, said Mr. Verville, the minister was afraid to do anything lest the Canadian Manufacturers Association should have him freed. When he was appointed to a judgeship he hoped he would be succeeded by a practical labor man. England was none the worse because it had a John Burns in its cabinet nor the United States because it had taken a mine and made him Secretary Wilson, a member of the cabinet.

### ST. PETER'S Y. M. C. BOWLERS.

The second series in the St. Peter's Y. M. C. bowling league has ended, resulting in the Emeralds and Maples being the winners. They will roll with the winners of the first and third series at the close of the third. On Monday night the Shamrocks took three points from the Mallets, while last night the Emeralds took three points from the Emeralds. In this game the totals were 1,268 to 1,233.

The following is the standing in the second series:

Emeralds	.....	20	Lost	Pete
Maples	.....	20	8	714
Erin	.....	19	9	870
Shamrocks	.....	17	11	493
Roses	.....	18	15	463

### ESCAPED TIGER TERRORIZES PEOPLE IN MARKET PLACE

Brussels, Feb. 11.—An Indian tiger escaped from Hagenbeck's menagerie in a suburb of this city and bounded into an open air market in the Palace of St. Croix. There was a wild stampede by turned and goods scattered and in a few every door and window shut and barred.

The tiger seemed to be as badly frightened as the people. He ran into a tobacco store and jumped on the counter, where he lay until he was peacefully recaptured.

### ADJUTANT REPLETES TO CRITICISM

Metropole Matters Complained of in Series of Questions—He Answers Them

St. John, N. B., Feb. 7, 1914. To the Editor of the "Times":

I would like to Adjutant Cummings, of the Salvation Army, a few questions through your papers:

(1) Adjutant Cummings, did not every man have to have his ten cents before he could sleep in the Metropole? (2) Would you let us know how much money you paid that night you had your kindling wood let the public know how many free meals you gave to the poor this winter? (3) Did you not have a bed or a mat without the money, would you not tell him to go and get an order from some business man? (4) Would you let us know how much money you took in for the Metropole last twelve months? (5) Do you not send a team around the city collecting furniture and clothing and everything you can pick up? (6) How is it that you tell the public that you give this stuff to the poor free of cost and after making the good, charitable people of this city, that are good enough to give you clothes and furniture to give away to the poor free of cost, how is it that instead of giving this stuff away to the poor you sell it for the highest price you can get for it?

### THINKS CHANGES FOR BIGGER DOCK AT THIS PORT ARE GOOD

### Senator Thorne Hopes—Statement of Case Sent to Hon. Mr. Hazen

A strong statement of St. John's claims for a larger dock with a petition to the government to extend the plans to provide for a dock 1150 instead of 800 feet in length has been forwarded to Hon. J. D. Hazen for presentation to the federal government. The document was prepared by a special committee of the Board of Trade appointed for the purpose and including J. M. Robinson, Senator Thorne and H. C. Schofield.

Speaking of the possibility of success this morning Senator Thorne said that he thought it was altogether likely that the government would be granted the extension of the harbor and he believed that St. John would be given a dock as large as almost any harbor in the world.

### CHALEUR IN PORT TODAY

#### Had Stormy Passage—Midshipmen Returning to Naval College

The R. M. S. P. liner Chaleur, Captain D. A. Hill, after a very stormy passage from Bermuda, arrived in port this morning nearly twenty-four hours late. Yesterday morning the Chaleur encountered a heavy north east squall just before entering the Bay of Fundy and the captain was widely congratulated for his handling of the vessel during the storm.

The Chaleur brought twenty-four passengers, mails and general freight. Among the passengers was Commander W. H. Owen, R. N. R., superintendent of the Royal Mail Steam Packet Line at Trinidad. He is making a tour of the ports of call of his company's steamers and will leave for Halifax tonight.

Eighteen midshipmen, from H. M. S. Berkwick, of the west Atlantic squadron, which has been in Mexico protecting British interests there, also arrived on the steamer on their return to the naval college in Halifax. The midshipmen are: Donald L. MacGavran, J. M. Grant, H. F. Hibberd, G. C. Jones, J. D. Laurier, R. F. Lawson, W. Matland-Douglass, I. W. Murray, D. B. Moffatt, J. E. W. Oland, W. A. Palmer, A. W. Silver, G. A. Worth and R. C. Watson.

Captain Coffin, formerly of the Pickford & Black Line assisted Captain Hill in bringing the ship up on this trip. The other passengers aboard were: Percy Hedman, W. Hinds, Charles Hogan, Joseph East and Dr. D. Archibald.

Donald L. MacGavran arrived in port this afternoon, after a rough passage of 11 days from Glasgow and landed 66 cabin and 188 third-class passengers. She has also a good cargo of general freight. The Cassandra experienced very stormy weather for the greater part of her voyage.

### TRouble FOR OLYMPIC

Plymouth, Eng., Feb. 11.—The storm tossed passengers on the battered Olympic, eagerly anticipating relief from the miseries of their voyage from New York, when they reached here today, had to go on to Southampton as the fierceness of the gale prevented their landing or that of the mails.

The weather inside the breakwater was so severe that the tenders were unable to get alongside the steamer and after two hours of futile effort, the Olympic proceeded.

Police were waiting here to board the Olympic in connection, it is believed, with reports of a gambling dispute on the vessel during the voyage.

### POLICE COURT.

In a raid on a flat at 111 Sheffield street, last night, Mrs. Mabel Boyne or Smith, Lina Norman and Frederick Secord were arrested. When the Boyne woman reached the police station she lapsed into unconsciousness as the result of a beating she had received. She was taken to the hospital. The others were brought before the magistrate this morning and remanded until their fellow prisoner is released from the hospital.

### THE CHECKS SENT.

Checks for \$10 each have been forwarded from city hall to the members of the crews of the steamers John L. Cann and Westport III in recognition of their services in rescuing the passengers and crew of the wrecked steamer Cobeguid. The money was granted as a public testimonial from the city.

### Minto Very Ill

#### Anxiety Over Health of Former Governor-General

New York, Feb. 11.—A cable to the Sun from London says: "The Earl of Minto, formerly viceroy of India, who has been ill for some time, suffered a relapse last night, and his condition is causing anxiety."

The Earl, in his 77th year. He was governor-general of Canada from 1898 to 1904.

Frederick, Feb. 11.—The annual meeting of the Barriers' Society of New Brunswick took place last night. Officers were re-elected as follows: President, J. B. M. Baxter, K. C. St. John; vice-president, A. R. Slipp, K. C. Fredericton; secretary, F. G. Allen, K. C. Fredericton. These with the attorney-general and seven others form the council of the society. The seven members are: M. G. Teed, K. C. A. J. Gregory, K. C. A. B. Caldwell, K. C. W. A. Erwing, K. C. F. R. Taylor, and D. Flaherty, K. C.

By voluntary subscription from the members a portrait of Es-Chief Justice Barker will be painted and placed in the supreme court chamber. The society passed a resolution to the effect that equity reports and the regular New Brunswick reports be consolidated. The council is to attend to the matter as soon as possible.

Lawrence Riley, a veteran of Buller's campaign in Natal, who worked in Fredericton last fall, has had both legs amputated in Cranbrook, B. C., as the result of an injury.

Chas. Wilken, a Swede, charged with robbery at a blacksmith shop at the Marony, was sent to jail this morning for one month. Another Swede, Knut Peterson, charged with being Wilken's accomplice, is out on bail till March 2.

### CALGARY ASSURED OF NEW TERMINAL

#### Sale of Land to the Grand Trunk Pacific Has Been Authorized

Ottawa, Feb. 11.—An order-in-council provides for the sale to the Grand Trunk Pacific for terminal purposes at Calgary of 30 acres of land, formerly belonging to the Northwest Mounted Police, for \$250,000. Judge Audette of the Exchequer Court had been appointed a commissioner to value the land and he fixed the price at \$210,000 but the government thought this too low, and after negotiation with the company, the price of \$250,000 was agreed upon. The company must dedicate a street and also erect a station and other terminal buildings large and as good as those erected at Regina.

### WIRELESS TALK AT SEA IN FEW WEEKS

### INTO HALIFAX FOR COAL

(Special to Times.)

Halifax, N. S., Feb. 11.—Two hundred passengers on the French steamer Chicago are in Halifax today instead of being in New York yesterday. The steamer, which sailed from Havre for New York on January 31, was battered by heavy seas until approaching this port and when she dropped anchor here this morning only 100 tons of coal remained in the bunkers.

Last night the steering gear froze. The Chicago will take on 400 tons of water and 500 tons of coal here.

In the Manitoba legislature yesterday E. L. Taylor, Conservative, denied corruption in the Glanby-by-election and made charges against several Liberal M. P.'s.

### YEAR OLD CHARGE REMEMBERED WHEN HE REPORTS TO CHIEF

To be arrested while presenting himself at the police station to report himself, as is required of this class of men, was the fate of George Dewey of Amherst this morning. He had served a sentence in Dorchester for an offence committed in Amherst, but was released on parole as a result of his good conduct in the military service.

Montreal, Feb. 11.—The Montreal Police, for the first time in the history of the city, have arrested a man for a crime committed in St. John in December, 1912.

### SOME DETAILS OF AGREEMENT WITH THE CHECKERS

The recommendations contained in the official report of the board of arbitrators in the checkers' dispute outlined in The Times last night are: (1) The rate of pay to be 27 cents an hour, day or night, and 30 cents to head checkers. (2) The rate of pay to be 27 cents an hour for work made as those of the longshoremen. (3) The rate of pay on Sundays and holidays. (4) When ordered for duty at 7 a. m. and 1 or 7 p. m. and reporting for same, checkers and head checkers should receive not less than five hours' pay, whether employed or not. (5) Half time extra, except on Sundays and holidays, and to be paid for working in meal hours and for time continuously following same. (6) Each steamship company should adopt some system of notifying the men as to their being required for work on next day or night. (7) The commission recommended that if their suggestions should be adopted they should take effect from February 1, 1914.

### STILL WAITING

Another day has passed since the meeting with Manager Gutelius, of the C. P. R., and still no word of hoped-for improvements in the train schedule has been received. POPE YIELDS TO DOCTORS' ADVICE

Now Consents to Rise "Late" Between 5.30 and 6 O'Clock

MEALS SLIGHTLY ALTERED

More Nourishment Taken at Breakfast—His Holiness Remarkably Active For One Nearly Eighty Years of Age

(Special Cable to the New York Times and Montreal Gazette.)

Rome, Feb. 7.—The frequent reports that the Pope is indisposed have induced your correspondent to make an inquiry as to the real condition and present mode of life of His Holiness. He will be 80 years of age on June 2, 1915, and he is nearly eleven years older than when he was elected Pope. Therefore his intimates and doctors have insisted on his using certain precautions, which are quite justifiable for a man over twenty years younger. He has yielded to their reasonable suggestions, and so he does not now get up at 4.30 in the morning, as

he had always done in summer and winter, but stays in bed until "late" as he calls it, rising from 5.30 to 6.

Contrary to the custom observed with his aged predecessor, he requires no assisting in dressing, and shortly after rising celebrates mass in his private chapel and hears another celebrated by one of his secretaries, generally Mgr. Brassan.

Breakfast follows, not as light as in the past when he used to have nothing but a cup of black coffee, he having consented to add to it the yolk of an egg, beaten up with sugar and a roll.

After this His Holiness leaves his private apartment, and, without using the elevator, descends to the library, where he receives first Cardinal Merry del Val, who makes a report on the political affairs of the Holy See, which he is warned by the doctors to make as short as possible. These instructions he finds difficult to follow, as Pius X. insisted on the archbishop of Boston.

The secretary of state is followed by one cardinal, sometimes two, and by some great personage of Italian or foreign birth.

This year there were frequently American cardinals, as the five years in which they have to pay their visit "ad limina" expires in 1915. For this purpose there are now in Rome Mgr. Bayard, Bishop of Springfield, Mass.; Mgr. Rice, Bishop of Burlington, Vt.; and Mgr. Walsh, Bishop of Portland, Me., all belonging to the archdiocese of Boston.

The Pope has consented to cut down the time of his audiences and now Mgr. Ranuzzi, his chamberlain, grants private audiences only to special persons and on important questions.

His Holiness grants numerous large collective audiences, during which, according to circumstances, he either simply appears, imparting the Apostolic Benediction, or delivers a short address, or even goes about giving his hand to be kissed by each person.

By the time this over it is half past twelve or one o'clock, when the aged head of the Church takes luncheon, which has also undergone some changes in substance and quantity of the ingredients, according to the suggestion of Professor Marchalava, who also abolished the wine which all Italians drink at meal time.

In the early afternoon the Pope indulges in a little rest, and later sees audiences with prominent ecclesiastics. The evening meal is very simple, and he retires at 9 and 10.

How many men can boast of so full a life at nearly eighty years?

After six years' work a Bavarian glass polisher has finished a clock constructed entirely of crystal, even to the pillars, wheels and screws. It keeps perfect time, but some of the parts had to be made as many as forty times before the clock would go.

Two years ago a grindstone disappeared from one of the yards and afterwards appeared in Michael Jenco's domain. Since then court litigation has been going on and the matter will cost aggregating \$300 had been incurred Sweden received a judgment of \$1.

BANK PRESIDENT TAKES THE BLAME

Large Misappropriation From The Mercantile in Memphis—Auditor Makes Discovery

Memphis, Tenn., Feb. 11.—Ten directors of the Mercantile Bank, one of the most important financial institutions in the city, filed a petition in Chancery Court here charging that the bank was insolvent as the result of the alleged misappropriation of more than \$750,000 by C. Hunter Raine, president of the institution.

In the petition Raine was held solely responsible for the apparent shortage, approximately \$758,804, which it is charged he obtained "by a system of handling its drafts, property and exchange in such a way as to deceive the directors and to conceal his manipulations," the total amount of which, it was alleged, he lost in speculation.

The petition places the liabilities of the bank at approximately \$2,195,854, with assets of \$1,437,050. In a published statement Jan. 9, liabilities were given as \$2,438,197.

At that time the total deposits were \$1,801,109, of which \$844,233 were savings accounts. The bank is capitalized at \$800,000 and has a surplus of \$100,000.

Resources, loans and discounts at the time of the statement amounted to \$1,530,669, actual cash on hand was \$428,784; sums due from other banks amounted to \$483,165; cash items in transit amounted to \$137,878. These amounts, with other items, balanced the amount given as liabilities.

The alleged discrepancy was discovered by a representative of a New York correspondent of the bank, who was sent to Memphis to audit the books of the Mercantile Bank when loans requested were found to be out of proportion to the amounts usually asked for at this season of the year. His report to the directors, which brought the situation to a climax, was the first intimation that the bank was not in a prosperous condition, according to the directors.

It is stated that President Raine, who

attended the meeting, absolved all of the officers and directors of the bank implication in the alleged shortage, and tendered his personal estate, which he valued at \$800,000 to the bank.

The bank's directors include some of the wealthiest men in Memphis. Mr. Raine entered the bank 30 years ago as a clerk and became president in 1908. At one time he was owner of a large string of trotting horses.

G. C. Hutton, State Superintendent of Banking, was appointed receiver for the bank in accordance with a chancery bill filed by attorneys representing the bank's directors. Investigation of the condition of the bank's resources was started immediately.

Free Advice About Your Manly Strength TO MY READER: Whether or not you lack an abundant vigor, here is a free offer which will surely interest you, and through which you may easily profit from now on to the end of a ripe, healthy, advanced age. I have compiled a little treatise for self help (book form) which I am pleased to send absolutely free by mail in a perfectly plain, sealed envelope to any man anywhere who writes for it. Over a million copies have already been thus distributed to those who write for them from all over the world. There is no obligation whatsoever involved in this offer, nothing which you are required to buy, nothing which you are required to pay for in any way, either now or in the future. It is just simply an out-and-out free proposal. In this little book of 72 pages, 8,000 words and 80 half-tone photo reproductions, I have endeavored to give a straightforward talk to men, young and elderly, single and married, a concise compendium for self-reference, a perfectly plain and easy to read, and most important, personal matters relating to vital strength of men, the preservation of vitality, its possible self-restoration, its legitimate uses and its wanton abuses. Every man should be in possession of this book. One part describes a little drugless mechanical vitalizer, which I make and distribute, but whether or not you wish to use one of these vitalizers is for you yourself to determine. However, aside from anything it contains in reference to my vitalizer, the book should be read by all for its own real worth. Therefore, please use free coupon below.

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 11, 1914

GO TO HALIFAX

Mr. Gutelius did not in so many words tell the St. John suburbanites to "go to Halifax," but if they want cheap rates and prompt service they could get both by traveling on the C. P. R. train over the I. C. R. between St. John and Halifax, provided of course that they could get the same rates as the I. C. R. receives per passenger from the C. P. R. Not only could they travel cheaply, but there would be no danger of their train being held up for half an hour or so on a siding, waiting for some other train to pass.

Under the re-distribution bill New Brunswick is to lose two seats and Nova Scotia the same.

A heading in the Standard the other day was "Smooth Mr. Hasen." The minister is certainly untroubled by the complaints and demands of his constituents.

Mr. Andrew Carnegie has given another two million dollars to promote the cause of international peace. If it is rightly expended it could not be put to a better use.

The King of Sweden asserted his right to express his opinion upon political matters without consulting his ministers. The ministers have resigned. What a king may not do under responsible government is more important than that which he is permitted to do.

The coldest wave of the season reached St. John last night. Early this morning with the mercury far below zero and a biting wind straight out of the north, those who were ill-clad and without shelter must have suffered intensely.

It will not be surprising if the American congress repeals the Panama Canal Act and places all coast-wise shipping upon the same basis. President Wilson is using his influence to that end, and the reliance of the country upon his judgment is steadily growing stronger.

FOR PUBLIC CONVENIENCE

Two building projects concerning which there has been some talk of late are of interest to the citizens generally. The need of suitable headquarters for clubs and associations of various kinds which have long been felt, and if satisfactory arrangements could be made so that the owner of such a building would get a fair return on the investment made, the building certainly would be a valuable addition to the city's public and semi-public structures.

The city of Winnipeg has a great building of its own where all kinds of conventions, public meetings and the like are splendidly accommodated. No doubt the St. John army will be made available for a good many purposes for which it might very properly be used.

CONTEMPTIBLE TACTICS

The tory press, in advance of the report of the commission which inquired into the construction of the Grand Trunk Pacific, is telling the people that the report will disclose "a mass of corruption and crookedness." Such a course of action is contemptible, and it reminds us of what was said by the local tory press when the Borden government first went into power.

TO GIVE MORE TIME TO LAND PURCHASERS

Victoria, B. C., Feb. 11.—A suggestion is being put forward by some members of the legislature for dealing with the problem of the \$10,000,000 owing to the province for land sold to private citizens. This solution is based on the supposition that it is desirable to collect the money rather than to regain possession of the land. If individual owners cannot now finance their holdings the inference is felt to be a fair one that the property if it reverted to the crown and were again to be sold, would not bring a higher, if as high, a price as it did before.

One of the reasons for advance in rents in St. John is the fact that people who would like to live out of town cannot do so because of the uncertainty concerning the suburban railway service.

The Borden government yesterday called upon its supporters to vote down Hon. Mr. Emerson's amendment that basic silt which is used as a fertilizer, and upon which this government has imposed a duty, should again be made

A HAPPY CHILD IN JUST A FEW HOURS

If Cross, Feverish, Constipated, Give "California Syrup of Figs"

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well-playful child again.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what all your little one—full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "laxative-cleansing" should always be the first treatment given.

Beware of counterfeit fig syrups. Ask your druggist for a 60-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

BIRTHDAYS OF NOTABILITIES

Miss Agnes C. Lant, a versatile Canadian authoress, whose numerous books about the history of the country have brought her considerable fame, is forty-three years of age today.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautiful, dark and lustrous; remove every bit of dandruff, stop scalp itching and falling hair, mixing the Sage Tea and Sulphur recipe at home, though, is troublesome.

Write wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly.

After another application or two your hair becomes beautifully dark, glossy, soft and lustrous and you appear years younger. Agent—Wasson's 5 Stores.

"Boys, what is the plural of penny?" inquired a school master. "Pence," shouted the sharpest youth in the class.

A Reel! Miss Plain is an awfully old-fashioned girl," remarked the old fogey. "She sure is," replied the wise guy. "Why she says 'omit' instead of 'cut' it out!"—Cincinnati Inquirer.

TRYING TO OVERCOME ENORMOUS WOOD WASTE  
Spokane, Wash., Feb. 10.—Merion Gilbert Donk, of the United States department of agriculture, is here investigating the conservation of the enormous wood wastes of the Pacific northwest. Mr. Donk is now working with Professor C. H. Shattuck, head of the forestry department of the University of Idaho.

Professor Shattuck is said to have prepared devices which not only reduce the stumps (eliminating a clearing cost of from \$25 to \$75 per acre) but which also utilize the chemical products. A farmer living near Potho, Idaho, says he has constructed at a cost of \$4.65 a successful stump-burning device patterned after the Shattuck invention.

Wood utilization is spreading to British Columbia, too. Twelve forestry experts from that province visited the University of Idaho recently and witnessed demonstrations by Professor Shattuck.

Two million acres of over-cut timber lands in territory tributary to Spokane will provide exceedingly cheap farm lands if these experiments prove commercially successful which, together with the fact that a billion and a quarter feet of lumber is cut each year in this district, it is pointed out by Spokane lumbermen, lends great importance to this work.

**REDISTRIBUTION WILL COST PROVINCE TWO SEATS AT OTTAWA**

Nova Scotia Loses Same, P. E. I. Unchanged—Total Gain of Fourteen—Condemns Duty on Basic Slag

Ottawa, Feb. 10.—Premier Borden introduced the redistribution bill in parliament today, explaining the necessity for such a bill and the provisions of the proposed legislation.

It had been urged that the representation which Prince Edward Island had enjoyed at confederation, namely six members, should be fixed as a minimum for all time. Mr. Borden said that the number of members for Prince Edward Island had consequently been left blank in the bill, for the reason that the government wished the committee to which the bill would be referred to consider the request of P. E. Island.

The Island now had four members, and it would have only three if the division of the constitutional act was rigidly followed. It seemed somewhat incongruous that any province should have a smaller representation in the house of commons than in the senate. Moreover, Prince Edward Island was a rural province, and it had been the practice to fix a rather higher unit for urban communities than for rural communities. If the rural population of Prince Edward Island, a little less than 100,000, were placed in any other province it would have at least four members in the commons.

The allotment of membership to the various provinces will be as follows: Ontario 83, a reduction of four; Quebec 85, unchanged; Nova Scotia 15, a reduction of two; New Brunswick 11, a reduction of two; Prince Edward Island, left blank; Manitoba 15, an increase of five; Saskatchewan 16, an increase of six; Alberta 12, an increase of five; British Columbia 13, an increase of six; Yukon one, unchanged.

Premier Borden announced his decision to follow the practice established by Sir Wilfrid Laurier when in office and appoint a committee of seven members of the house, four representing the government and three the opposition, to confer and report on the allotment of the constituencies in the various provinces, "a plan which, on the whole, did the work fairly well," Mr. Borden commented.

He recognized the soundness of the position taken by Sir Wilfrid Laurier that a greater unity of population should be required for urban than for rural communities. At the same time, Sir Wilfrid had maintained that the guiding principle should be to equalize the population in the various ridings, and this dictum he accepted in its entirety.

Serious discrepancies, according to the recent census of 1911, now existed in all the provinces. In Saskatchewan, Mr. Borden proceeded, Mr. Verville, the Labor member, represented the enormous population of 179,778, while the constituency of Stansfeld, in the same province, contained a population of but 9,400. In Ontario, Sir Edmund Ogle, West Toronto, represented a population of 105,191, while the total population for the riding of North Middlesex was only 13,787.

In New Brunswick, the population of Restigouche was 15,987, and Westmorland 44,621.

Under the corrected census returns the various provinces were shown to have the following population: Alberta, 274,693; British Columbia, 302,480; Manitoba, 455,414; New Brunswick, 961,889; Nova Scotia, 492,888; Ontario, 2,532,274; Prince Edward Island, 93,728; Quebec, 2,003,222; Saskatchewan, 492,482; Yukon, 8,512.

Hon. R. E. Emmison offered an amendment to the motion to go into supply.

**TO CURE CATARRHAL DEAFNESS AND HEAD NOISES**

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can be successfully treated at home by an internal medicine that in many instances has effected a complete cure after all else has failed. Sufferers who can scarcely hear a watch tick have had their hearing restored by such an extract that the tick of a watch was plainly audible seven or eight inches away from either ear.

Therefore, if you know someone who is troubled with head noises or catarrh, or catarrhal deafness, cut out this formula and hand to them and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Paracetamol (Double Strength), about 75c. worth. Take this home, and add to it 1/2 pint of hot water and 4 oz. of marsh or granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose promptly ends the most distressing head noises, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh; therefore there are but few people whose hearing cannot be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form should give this prescription a trial. There is nothing better.

Important—In ordering Paracetamol always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 75c. to the International Laboratories, 74 St. Antoine St., Montreal, P. Q., who make a specialty of it.

**CAN'T BEAT "TIZ" WHEN FEET HURT**

"TIZ" For Sore, Tired, Puffed-up, Sweaty, Calloused Feet or Corns

"Sure! I use 'TIZ' every time for any foot trouble."

You can be happy-footed just like me. Use "TIZ" and never suffer with tender, raw, burning, blistered, swollen, throbbing, aching, itchy, and only "TIZ" takes the pain and soreness out of corns, callouses and bunions.

As soon as you put your feet in a "TIZ" bath, you just feel the happiness soaking in. How good your poor, old feet feel. They want to dance for joy. "TIZ" is grand. "TIZ" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, aching, sweaty, smelly feet.

Get a 25 cent box of "TIZ" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

ply, his amendment condemning the government for collecting a duty on basic slag which had been admitted free under the previous government. After a brief discussion the amendment was lost by a majority against it of thirty-nine.

**How Is Your Weight?**

While it is true that too much weight is not to be desired yet the fact remains that many men and women are thin to the point of danger. This danger lies in their having no reserve force or nerve power to combat deadly disease. A little extra flesh is needed by all to feel well and to look well, and this calls for the question of how best to increase the weight. Physicians and chemists by experiments have solved the problem of increasing the white and red corpuscles of the blood by the administration of a grain hypo-nutane tablets, and this is usually followed by an increase of weight. Obtain in sealed packages, and take for a period of several months, according to directions with package.

**IN THE CHURCHES**

Life in the Yukon was the subject of an interesting lecture delivered by Rev. W. H. Barraclough in the Queen Square Methodist church last evening. The lecture was illustrated by lantern views.

Two enjoyable sleigh drives were enjoyed last evening when the members of the Junior Girls' Club of St. Luke's church and the Ladies' Bible Class of Portland Methodist church were taken for a drive out the Marsh road, returning to their respective school rooms, where refreshments were served and a pleasant evening spent in music and games.

The mystery play, The Great Trail, was presented before a large audience in the school room of St. John Baptist Mission Church last evening by the children of the Sunday school, aided by the St. Lawrence Guild. All the performers carried out their parts in a manner which showed careful preparation. The play will be repeated this evening.

The Bible and the development of Christian character was the subject of the address given by Rev. R. J. Haughton before the teachers and workers of the Sunday school at the first session of the Sunday School Institute. The meeting refreshments were served and a well attended. The members were divided into groups for training purposes. The leaders in the different groups are as follows:—Primary class, Mrs. W. C. Matthews; Junior classes, S. A. Worell; girls' in 'teens, Miss Emma L. Colwell; boys in 'teens, D. D. Milligan; superintendent and officers, W. C. Cross.

RECENT DEATHS

The death of Miss Mary Arbuckle occurred at the home of her brother, Wm. J. Arbuckle, Lower Dumfries, on Feb. 8, in the 88th year of her age. She is survived by her brother and three sisters, Mrs. John Scott of Fredericton, Mrs. Sarah Porter, The Barony, and Mrs. Thos. Eubankton, of Dumfries.

Frederick A. McLean, of Fredericton, died suddenly last evening at his home on George street. He is survived by three brothers and three sisters. Frank McLean of St. John is a brother.

Mrs. Harry C. Burns of Fredericton has received word that her sister, Mrs. Peter J. Kelly, of Butte, Mont., is dead.

Mrs. Kelly gave birth to a daughter on January 8th. Deceased, who was 83 years old, was formerly Miss Florence Sewell of Fredericton, a daughter of George Sewell, who died at Butte, Mont., a short time ago, and is survived by her husband, one daughter, her mother, Mrs. George Sewell of Fredericton, and one brother, Walter Sewell, of Butte, Mont., and one sister, Mrs. Harry Burns.

The death of Charles B. O'Connor, the youngest son of Mr. and Mrs. Arthur E. O'Connor, took place at his home in Surrey, Albert County Feb. 8. He was twenty-four years of age and is survived by his parents and four brothers: Ambrose D. of Hillsboro; Irving P., Mark V., Timothy J., of Surrey.

Edwin Copp of Waterside, Alvert County, died on Saturday at the age of 92, at the residence of his son-in-law, Capt. L. T. Richardson. He is survived by his wife, one son, now in Massachusetts, and a daughter, Mrs. Richardson.

The Cape Ray wireless station reported today that repeated calls yesterday and last night failed to locate the United States naval tug Potomac.

Commissioner McLellan Speaks of Crime in St. John

Commissioner McLellan made some observations this morning upon a letter written by George A. Henderson which appeared in this morning's Standard. Mr. Henderson writes that he had been credited with being the city official who gave the Standard the information for its article of last Saturday headed, "St. John Not as Bad as Painted." He writes that he did make some remarks before the Centenary Brotherhood, which he asked the representative of the Standard not to print, and which he declined afterwards to repeat for publication, as he did not wish to have it appear that he was contradicting statements made by other speakers at meetings of the Brotherhood. Mr. Henderson adds, however, that in the matter of temperance and moral reform, there has been a great change for the better since the early seventies; that there has been a great reduction in the number of arrests for drunkenness, especially arrests of women, as well as a consignment of 4,000 cases of whisky on board the S.S. "Cassandra," which is due to-day.

SUFFRAGETTES TO JAIL

London, Feb. 11.—Seven militant suffragettes were sentenced in Bow street police court today, to four days' imprisonment each, on refusal to find sureties that they would keep the peace for six months after they had been charged with obstruction and assault in connection with a demonstration in Downing street last night.

Another batch of militants were brought up in the West London police court on charges of assaulting the police during an attempt to arrest Mrs. Pankhurst last night. Some were sent to prison for a week on their refusal to pay the costs of the prosecution, or charged or remanded pending inquiries.

A force of police kept close watch all night on the streets of London, where Mrs. Pankhurst has taken up her residence. Large quantities of provisions and other goods were laid in during the last two days.

Mutiny has broken out already in the 100,000 men's army, formed from the lowest classes of the East End of London by Miss Sylvia Pankhurst.

Some of the men started smoking pungent coarse shag tobacco in clay pipes, at a meeting of the army today. "If we are not allowed to smoke, we will not come here again," and the meeting.

In order to decide a bet, a Chicago millionaire has taken a census of all those similarly wealthy in the city, and has found that there are at least 246. The census is not complete and is expected to show a total of 300.

More than 80,000,000 pieces of glass will be required for the 600 mosaic panels being prepared for a cathedral which is to be erected in St. Louis.

PRICES MUST COME

DOWN, SAYS BURNS

Calgary "Meat King" is an Advocate of Back-to-Land Movement

Victoria, B. C., Feb. 11.—"The price of meat is going to come down. It is going to come down, and it can't go any higher," said P. Burns, the meat king, here.

"The way to reduce the cost of living is to go on the land and grow things. Tell every man you know to go out and grow some cabbages and raise a few chickens, and keep a few milk cows and make some butter. I'll buy my product from him. I shouldn't have to go to New Zealand and Australia and Japan for produce when I'm operating my business in this fine, big, rich western country."

"You tell the people for me that if they want to make things cheaper they should sell their automobiles and quit smoking. You can't reduce the cost of living by eternally increasing the cost of bits of real estate by selling it and selling it, each time at an advanced price."

"But people are realizing that, I find that in the east (by which Mr. Burns meant the middle west) real estate business is letting up, and people are getting back to the land and buying a few cattle. It is going to take a little while before things will improve sufficiently for prices to be affected, and the reduction will be gradual, but the process of getting back to a sensible basis is going on in the west already."

"I tell everybody that one thing to say. Tell everybody to go out and buy a bit of land and grow something. Make this country rich and the cost of living will come down."

Can you Afford to Smoke?

Why of course—what does the cost of two or three cigars a day amount to? But their cost, if invested in an Imperial Life policy, might mean the difference between poverty and comfort for your family after your death.

Think of it—a quarter a day—for a man between 25 and 30 will maintain approximately \$4,000 of life assurance.

And the \$4,000 in cash will be there for your wife and family immediately, if you own an Imperial policy, and your call should come suddenly.

You can afford to smoke, sure! But you can also afford an Imperial Home Protection policy to protect your wife and little ones.

# No More Backache

Mr. J. J. Gilliam, Bricklayer, Weston, Ont., writes: "Dr. Chase's name has been a household word in my family for over thirty years. We came from England to Canada in 1870 and soon after that I began to suffer from pain across the loins and derangement of the kidneys which often interfered with my work as bricklayer. A brother workman who had suffered in the same way and was cured by Dr. Chase's Kidney-Liver Pills gave me half a box of these pills for trial. These were of very great benefit to me and a second box cured me and took all the pain out of my back. I will remember with what comfort and pleasure I did my work after that.

"From that day we have kept Dr. Chase's Kidney-Liver Pills in the house as a family necessity, and have found that they keep the kidneys, liver and bowels regular and the system healthy. It is evident that great care is taken in the composition of these pills to judge by their uniform action on the human body."

Dr. Chase's Kidney-Liver Pills are above all else the workingman's pills. 25 cents a box, 5 for \$1.00, at all dealers. Sample box will be mailed free if you mention this paper. Edmanston, Bates & Co., Limited, Toronto.

## MUTUAL LIFE HAS A GOOD YEAR

For nearly half a century The Mutual Life Assurance Company of Canada has been quietly, yet insistently, pressing its claim upon the attention of the Canadian people. The policy of the Company has been to combine progressive with conservative methods. The result is that from ocean to ocean the name of The Mutual Life of Canada has become a household word, and is everywhere a synonym for commercial integrity and justice. Now, after these many years the policy of the Company is beginning to bear its natural fruit, and new business almost unobscured is being written.

It has been said that some men have a thrust upon them and with a slight modification this might be applied to The Mutual, which has literally during the last few years had business thrust upon it. In proof of which we may say that, though it was a matter of congratulation for the Directors to report a 10 per cent. increase in the amount of new business written in 1912 over that of the preceding year, this ratio of increase leaped up to 80 per cent. in 1913, and this without the use of what are known as "hot houses" or "high-pressure" methods. The business of the Company in force at the end of the year amounted to \$72,000,000, representing a net increase over that of the preceding year of \$9,470,882.

The assets of the Company have increased step by step with the progress of the Company in other respects, and today The Mutual holds in securities of the very highest quality \$22,202,724, representing a surplus by the Dominion Government's 1913 standard of \$3,416,612.85.

The Company has been fortunate in another matter of vital importance, viz., its mortality experience. The reserves are calculated on the basis of the mortality indicated in the standard Government tables, but fortunately they have had a mortality loss of less than 40 per cent. This is a matter of moment to every individual policyholder of the Mutual Life, and of course to all prospective policyholders, as it indicates the extreme care taken in the selection of lives protected by The Mutual Life.

The year has been a phenomenal one in many respects. When some companies on the continent, on account of the financial stringency which prevailed, have been suffering severely in the amount of business, and their agency staffs complaining bitterly of cancelled applications and lapses, The Mutual of Canada, with no undue effort, has had altogether the most successful year since it was instituted in 1869.

## VALUABLE BOOK FOR THE HOME, FREE.

Our druggists are presenting to their customers, free of charge, one of the most useful books that has come to our notice for some time. This is the National Drug and Chemical Company of Canada Limited.

In addition to the handy table and other general information, this volume gives the names of disease, the symptoms (or signs by which disease is recognized), and the proper treatment to relieve and cure the trouble.

Those living at a distance from a physician, will find this book invaluable in treating the ordinary ailments that come to every family. It will well repay a careful reading and frequent consultation.

## ONLY ONE OF THE CONVICTS WAS FALSE TO TRUST

Smuggled Whiskey into Tent, But Was Reported

Joliet, Ill., Feb. 10.—Only one of the 32 convicts sent to the "honor camp" at Grand Detour, Ill., to build a road, was false to the trust reposed in him. This man attempted to smuggle a flask of whiskey into his tent. He was reported by his tentmates and sent back to the prison.

## WEALTHY DESERT BERLIN

Berlin, Feb. 11.—This city is rapidly losing the residents who possess a million marks, which is only a quarter of what a man must have to be an American millionaire. They are flocking to regions where the taxes are lower.

Forty-six persons who have incomes of \$12,000 a year, or 5 per cent. on \$250,000, left Berlin in 1911-12. There have also been many departures of those whose fortunes total \$100,000 to \$200,000.

The authorities are overjoyed at the early returns on the new war tax. Frankfurt, one of the wealthiest cities in the empire and famed for the number of its wealthy men, has already declared \$87,000,000 more than ever before. This return, which it is believed will turn out to be typical, is thought due to the general amnesty for past offences offered to all persons who tell the truth in regard to their incomes and property in connection with the new levy.

## When You Smell the Good Food Cooking and It Makes You Sick It is a Sure Sign That You Need Stuart's Dyspepsia Tablets

It is time to pay attention to your stomach when the sight or the smell of food makes you sick, for were this not the fact the stomach would not cause such disgust upon the part of the sense of smell and taste when meal time comes around.

All the world has to eat. You men who walk to your meals like you do to stretch your legs, or for medicine, should once realize that there is a relief for you. This relief is Stuart's Dyspepsia Tablets.

Taste, sight and smell all have an influence upon digestion. If we eat something that does not taste good it retards the work of digestion because the juices necessary to digest the thing eaten will not flow in correct proportion.

On the other hand, good food will always excite the taste through actual contact with the food in the mouth or through the sight or sense of smell, unless the stomach knows that it cannot digest it.

We thus readily learn that the simple act of giving nature the digestive fluids she needs, will bring back all the joys of good eating, and tasting, smelling and seeing dainty dishes will excite a rousing appetite.

Stuart's Dyspepsia Tablets are composed of natural ingredients that are worn out digestion simply welcomes with a wild delight. They enrich the stomach juices quickly so that if you want to eat an out-of-the-ordinary after-the-theatre sort of a dinner, just carry a Stuart's Dyspepsia Tablet in your pocket, take it after the meal and you will digest that meal.

Your druggist will supply you with a box no matter where you live. Price 50 cents.

## FATE OF HOME RULE AGITATES LONDON

London, Feb. 10.—Following the opening of parliament the fate of the home rule bill is the chief object of discussion.

Despite the conciliatory tone of both Premier Asquith and Lord Morley, small hope was felt in the lobbies of parliament tonight that the settlement of the home rule question will be reached by consent. The ministers' attitude clearly shows that the government will neither consent to an appeal to the country nor accept a solution based on the exclusion of Ulster from the operation of the bill.

Austen Chamberlain just as clearly indicated that the opposition will accept nothing less than the exclusion of Ulster, unless the government agrees to an appeal to the country. He declared in his speech in the house of commons that the exclusion of Ulster was the only possible basis for a settlement by agreement, and that it would be useless for the government to offer less. Civil war was certain if Ulster was not excluded.

It is evident, however, that the crisis which has been threatening has been postponed for several weeks.

Premier Asquith declines to divulge the proposed concessions at the present stage, on the ground that the opposition would only use that knowledge as a lever to secure still greater concessions. Apparently the government proposal will be something in the nature of Sir Horace Plunkett's plan, but will not be announced until the bill is again submitted to the house of commons several weeks hence.

## THE TAXATION OF THE LAND VALUES

At a meeting of the Halifax Tax Reform Association Judge Russell, in the course of an address referred as follows to single tax.

"If all the taxation were imposed on land, and land alone, the tendency must be to escape the tax by living in a hotel. For the same reason, the citizen who wished to escape taxation or to pay as

## How to Shed a Rough, Chapped or Blotchy Skin

(From Beauty's Mirror.)  
This is what you should do to shed a bad complexion: Spread evenly over the face, covering every inch of skin, a thin layer of ordinary mercuric wash. Let this stay on over night, washing it off next morning. Repeat daily until your complexion is as clear, soft and beautiful as a young girl's. This result is inevitable, no matter how soiled or withered the complexion. The wash literally absorbs the filthy surface skin, exposing the lovely young skin beneath. The process is entirely harmless, so little of the old skin coming off at a time. Mercuric wash is obtainable at any druggist; one usually suffices. It's a veritable wonder-worker for rough, chapped, reddened, blotchy, pimply, freckled or sallow skin.

Pure powdered saxolite is excellent for a wrinkled skin. An ounce of it dissolved in a half-pint which makes a refreshing wash-lotion. This renders the skin quite firm and smooth; indeed, the very first application erases the finer lines; the deeper ones soon follow.

## USE THE WANT AD. WAY

small a tax as he could for the enjoyment of his civic privileges, would put as many stories as possible to his building. The tendency therefore, must be to substitute flats for villas, hotels for homes and sky-scrapers for architectural beauties.

"But if the tax was to be a tax on property at all, he agrees with those who held that it should be confined to land values. The tax on improvements was tax the effect of which would be to discourage the improvement of the land or of the buildings already

upon the land, and place a premium on leaving the land unoccupied or allowing the buildings to go into disrepair. There was no more sense in taxing a man because he painted his house than there would be in fining him for washing his face."

# Schlitz in Brown Bottles does not have that disagreeable taste

so often found in beer in light bottles. We reprint below an extract from an opinion rendered by another famous scientist:

"Bottles of strong glass should be selected. They should never be of colorless glass, inasmuch as through the influence of light the beer will not only take on a disagreeable odor and taste, but will also become turbid." (Lintner.)

Extract from *Die Malz und Bierbereitung*, Published by E. Leyer, Director of the Brewing Academy in Augsburg, Tenth Edition, Stuttgart, 1900, page 680.

This is one of the authorities quoted by Dr. Robert Wahl, President of the Wahl-Henius Institute of Fermentology, to corroborate his own opinion.

## You Can Cure Yourself--At Home

If you are run-down, or suffering from any form of vital weakness, or lost vitality. If you have Rheumatism, Sciatica, Lumbago, Weak Back or Kidneys, Irritability of the Bladder, etc. If you have Indigestion, Constipation or Liver Trouble, or any symptoms of Weak Stomach, such as loss of appetite—heartburn—bloating—itching of gas—losing flesh—complexion sallow—headache and a general all-gone feeling—

If you have any trouble for which you have taken drugs without benefit, write for my Free Book, which explains everything fully. This means women as well as men.

I have the grandest remedy of the age—electricity as applied by Dr. McLaughlin's Electric Belt. I can show you people who had suffered for years with rheumatism, kidney and liver complaints, debility and other chronic disorders, who never received any permanent relief until they used my Electric Belt.

If you want to get well and stay well, you must help Nature remove the cause of your ailment. Doping the nerves and vitals with poison will fool Nature for a while, but that doesn't cure the trouble. Nature must have strength, vitality, new life and energy for the weak, inactive organs of the body. Electricity supplies this strength and life, and that is how it helps Nature cure.

Dr. McLaughlin's Electric Belt is the most successful as well as the best electric belt made. It does not shock or burn, and the current can be regulated to any degree of strength. You may have tried so-called electric belts and found them worthless, but my appliance must not be classed with those flimsy, fraudulent contrivances that were made only to sell. If my Electric Belt did not cure I would have been forced to get out of business long ago, as have the makers of fake belts. But the fact that my appliance has been constantly before the public for 30 years is pretty good proof that it has merit.

No matter how far away you live, I can assure you the same careful attention that you would receive were you here in my office. Write me about your case today.

**CURED OF SLEEPLESSNESS AND GENERAL DEBILITY.**  
M. S. McLaughlin—Dear Sir,—The Belt I got from you a short time ago is satisfactory in every respect, for which I am very thankful. Yours truly, C. C. ROLFE, Bishop's Crossing, Que.

**CURED OF LUMBAGO.**  
M. S. McLaughlin—Dear Sir,—I write to let you know of the success of your Belt. Before getting it, some of my friends tried to persuade me that I would help me, and it has. For two months before I got your Belt, my wife had rubbed my back night and morning, with all kinds of liniments, salves, etc., most of all of which I got from local doctors. Since I have used the Belt, all the hand rubbing has ceased, which has been a great comfort to my wife and myself. I had lumbago, and I had it probably worse than you suspected. Yours respectfully, FRED CLAPHAM, Plaster Rock, Vic. Co., N. B.

**BELT CURED WHERE DOCTORS FAILED.**  
M. S. McLaughlin—Dear Sir,—I have worn your Electric Belt for about three months now and must say that it has done wonders for me. I have had doctor after doctor, and they have failed to do me any good whatever. Therefore, I must say, that I cannot recommend your Belt too highly, and I intend, that wherever I may go, or whoever I may come in contact with, to recommend it as a sure cure. Sincerely yours, HERMAN O. COOK, Yarmouth, N. S.

**BELT GAVE ENTIRE SATISFACTION.**  
Dear Sir,—Received your letter of the 4th inst., and in reply I can say that your Belt gave entire satisfaction. With best wishes, I am, sir, yours very truly, ERNEST RYERSE, 126 Queen Street, St. John, N. B.

I cannot take up more space with those extracts, but if you will send me your address I will mail you free my beautifully illustrated book, along with the testimonials from thousands of grateful people, who have been fully restored to health and strength.

This appliance has cured in almost every town and city in the country, and if you will write me I will send you testimonials given to me by people that are probably well known to you. My Belt not only cures weakness, but Rheumatism, Sciatica, Lumbago, Backache, Kidney Trouble, Nervousness, Constipation, Indigestion and Stomach Trouble. I have a beautiful 80-page illustrated book, which I will mail, sealed, to any address, FREE. This book is full of lots of good, interesting reading for men. Call today. SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING

City League. The Tigers took three points from the Ramblers in the City League Black's Alley last evening, winning 2871 to 1928. Kirkpatrick, on the losing side, had a fine average, 99.24.

Commercial League

S. Hayward & Co. took all four points from W. H. Thorne & Co. in the Commercial League game last evening. The score was 1238 to 1187. Sutherland, for the winners, rolled for 37.

CURLING

Thistles Trim Moncton. Moncton, Feb. 11.—In a four rink match between the St. John Thistles and the Moncton club here tonight, the Thistles trounced the locals to the tune of 75 to 52.

Every one of the visiting rinks won and the total margin was 28. The score by rinks follows:

- Thistles.....17 R. P. Dickson.....15 W. A. Shaw.....24 E. W. Givan.....10 S. W. Palmer.....19 G. W. Maddison.....11 F. A. McAndrews.....15 R. W. Simpson.....10

WRESTLING

McDonald Still Champion. Dan McDonald, middleweight champion, even without the privilege of using his powerful left hand, again bested Nurtman Taylor, the Massachusetts strong man, two falls out of three in the Keith Theatre last evening. Taylor scored the first fall after fifty minutes of good fast clean wrestling when he got a cradle hold on the champion and forced him on the mat. McDonald was chiefly on the defensive up to this stage. On their return to the mat McDonald became more aggressive and in twenty-six and a half minutes evened matters by scoring on the visitor with a half Nelson arm and body hold. It took McDonald only one and a half minutes to gain the deciding fall with a powerful hammerlock. The match was clean and fast. McDonald showed the greater skill, which was balanced by the weight and strength of his opponent. J. James McCaffrey refereed. McDonald agreed to meet Emile Bronetti of Boston, if the latter would first try conclusions with Taylor or Anderson. Clonias or Ludeck, all of whom were serious by come here. Taylor, before saving, said that he was willing to meet Bronetti at any time.

HOCKEY

The Outlook (Fredericton Gleamer). The announcement that St. John is making preparations to have a big arena ready for the next hockey season will be a far reaching effect on Fredericton's hockey future.

In Moncton a company is being organized to put up a big arena and the Railway City fans are planning to have an artificial ice plant so that they will all have a chance to get into the game, too. Fredericton promoters plan to have something like \$55,000 paid up capital for their enterprise.

Fredericton is regarded as one of the best hockey-down in the maritime provinces, but has been excluded from professional leagues through being out of step with other places with proper hockey arenas. With St. John in line with an up-to-date arena, professional hockey could boom there and Fredericton will have a chance to get into the game, too.

STRENGTHENING POLICE FORCE

Appointments of Four of New Men Announced Today—Commissioner Speaks of Matter

Four new members of the police force were sworn in before Magistrate Ritchie this morning. They are all well built men and will strengthen the force considerably. Among those appointed was Ralph F. Dyleman, formerly a member of the force who did duty on the West Side. He is 1 1/2 inches taller than the present standard, is 22 years of age, weighs 185 pounds, 6 feet 1 inch, weight 180; William Armstrong, 22 years, 6 feet 1 1/2 inches, 185 pounds, and Samuel E. Gurnsey, 24 years, 6 feet 1-3/4 inch, 185 pounds. The chief has been authorized to appoint five men and the other appointments will be made soon.

Commissioner McLellan, who moved for the appointment of the extra men, said this morning that his object was to bring the number of policemen up to the same standard as when the commission in form of government came into effect. At present the force was three men short of the number at that time, and the appointment of five men would not only fill these vacancies but give two more men to provide additional protection in West St. John. At present there were five men on the west side, the two regular officers, the extra winter patrolmen and two others.

The complaint had been made that the city proper was suffering from lack of police protection because the force was short handed, and it was his intention to remove this excuse. When the additional men were appointed the force would be at the same strength as when the commissioners came into office, he said, and no blame could be attached to the city government for any lack of enforcement of the law.

NEW SUB-DIVISION F. H. McNair to Have Building Lots at Torryburn

F. H. McNair has purchased from Thomas Mercer & Son a portion of land at Torryburn Heights on the I. C. R. about seven miles from the city. It consists of four acres which he intends to have subdivided into building lots. He proposes to erect houses thereon and it is expected that the section will be very popular in this regard.

The lots are just a convenient distance from the Torryburn station, a few minutes ride from the city.

NEWS OF FAIRVILLE

The committee appointed by the board of trade of Lancaster to interview the Highway Board regarding street railway extension out the Menawagonish Road, have not been able to get together yet. The first meeting held on the 11th inst. was just very satisfactory and the board requested the committee to hold another session. As the result of this visit the community citizens are awaiting news with interest. The board of trade committee consists of Amasa W. A. Robertson, W. J. Linton, Frank Flewelling and F. V. Hamm. Last evening at the regular session of the Fairville Brotherhood, W. E. Earle delivered a most instructive address on "Great Men, Places and Things I have seen." He took his audience first to Ireland whose people he described as the most witty and courteous he had ever seen amongst them, on to the Madeira Islands where there are no wagons used but sleds with cobble stone wheels and drawn by oxen, from there to Cape Town, South Africa, with its modern civic equipment and government. A trip was also made inland visiting Johannesburg, Kimberley and Pretoria. Mr. Earle described in detail the battlefield of Colenso where Earl Roberts' son was killed and showed the ideal strategic advantage of the Boers' position. A stop was made at the foot of Table Mountain where Cecil Rhodes is buried, and many interesting sights were described. The lecturer also spent some time on the Rhodes scholar bequest and then closed his remarks by eulogistic references to Canada, the "best land of all."

WARREN R. COY, MALL OWNER, OF GAGETOWN, DIES SUDDENLY

Friends in the city and elsewhere were shocked to hear of the death of Warren R. Coy, a prominent mill owner of Upper Gagetown, which occurred suddenly this morning at the home of a friend there. He was ill only one day. The cause of death is said to be heart failure. Mr. Coy is survived by a wife and two children.

THE STEAMERS On account of a delay in the mails the White Star Liner Teutonic, which was to have sailed at 1:30 o'clock this afternoon, will not get away until 10 o'clock tonight. She will have about 800 passengers and a good cargo of general freight and five carloads of mail. The Inishowen Head is still due.

MARTIN-SNELGROVE A very pretty wedding was solemnized in the Carmarthen street parsonage last evening when Miss Sarah Snelgrove, of Trinity Bay, Nfld., was united in marriage to Ananias J. Martin, also of Trinity Bay. The ceremony was performed by Rev. T. J. Deinsadt in the presence of a few friends of the contracting parties. The bride was dressed in white embroidered crepe de chene with a veil and orange blossoms and carried a bouquet of white roses. She was attended by Miss Marion Benson, who wore white mulle and carried pink carnations. The groom was supported by Newman J. Curtis. Mr. and Mrs. Martin will reside in Canterbury street. They have a large number of friends in and about the city who will wish them every happiness in their married life.

Prominent Mason Dead Mansfield, O., Feb. 11.—Hamilton Brown, aged sixty-five, past grand commander of the Knights Templars of Ohio and three times mayor of Mansfield, is dead.
