LORD HALDAE IN NEW YORK TODAY

Chief Legal Authority Of The British Empire

GREETINGS AT THE DOCK

Committee From Government and Bar Association to Welcome Viscount on His Flying Visit to United States and Canada

(Canadian Press) New York, Aug. 29.—Viscount Haldane, the Lord High Chancellor of Great Britain, is due to arrive in New York about 12.30 o'clock this afternoon.

The reception committee representing the United States government and the American Bar Association, of which committee Francis Rawley of Philadelphia is the chairman, will not get down the Bay to meet Lord Haldane, but will greet him when the Lusitania reaches her pier.

Herman Winter of the Cunard line will meet the committee at the pier at noon and will escort the members aboard the Lusitania as soon as the gang planks are in position.

On this committee with Mr. Rawley are Joseph H. Choate, ex-ambassador to the court of St. James; James C. McReynolds, attorney-general of the United States; Jacob M. Dickinson, ex-secretary of war; Francis Lynde Stetson, Charles Henry Butler and C. A. Severance.

Lord Haldane and his party, which includes Sir Kenneth MacKenzie, the clerk of the crown, and the lord high chancellor's sister, Miss Elizabeth Haldane, will go from the pier to the Plaza Hotel, where Lord Haldane will receive the newspaper men and submit to the first interview he has given since he became the highest legal dignitary in the British Empire.

On Tuesday morning Lord Haldane will leave Montreal for New York, arriving here at ten o'clock that night. At one o'clock on next Wednesday morning he will sail for home on the Lusitania.

Passengers of Viscount Haldane on the Lusitania coming over now are Associate Justice Oliver Wendell Holmes of the Superior Court of the United States, and Lord Strathcona, the Canadian High Commissioner in London.

Manama, B.C., Aug. 29.—John Place, a Socialist member for Nanaimo in the provincial legislature, was committed to the trial yesterday by Magistrate Simpson on the charge of being in the possession of stolen property. A pistol which was taken from Provincial Constable Harry Taylor by a mob on August 18 during the progress of a riot on the C. P. R. wharf in this city.

Harry Greig testified to seeing a man hand a pistol to Place, the latter putting it into an inside coat pocket, then drawing his coat together and advancing in the direction of the mob.

SWEDEN PROTESTS READING OF WOOD PULP TARIFF CLAUSE

Stockholm, Aug. 29.—The Swedish government has instructed its minister at Washington to protest to the United States government against the customs interpretation which declares that Swedish wood pulp is entitled to free entry into the United States only when shipped in Swedish bottoms.

The newspapers here comment on the customs decision as not being in harmony with Sweden's friendliness toward the Panama-Pacific exposition.

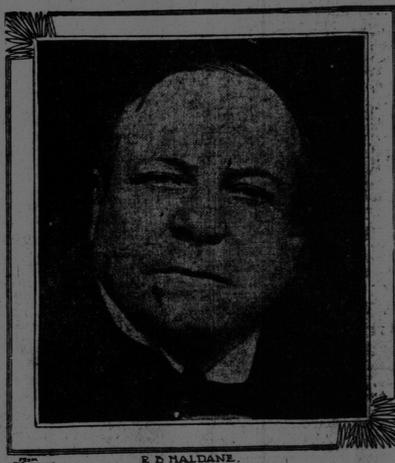

DEATH OF BABY Friends will deeply sympathize with Mr. and Mrs. Ralph Preston in the death of their infant son Frederick, who died yesterday.

PHILIP AND PHERNAND WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, H. F. Stupart, director of meteorological service.

Synopsis.—The depression mentioned yesterday is now centered near the Straits of Mackinac with its energy still slowly increasing. Showers or thunder storms have been almost general in Ontario and Quebec, but the rain fall has been nearly everywhere light. In the west, the weather is fine.

Showery Maritime.—Fair today, showers tonight and on Saturday with increasing southerly winds.

THE LORD CHIEF JUSTICE

E. D. HALDANE.

CONTRACT FOR NEW MONCTON BAPTIST CHURCH IS SIGNED

Della McKenzie, Eighteen Years Old, Died Today—The August Police Record

(Special To Times) Moncton, N. B., Aug. 29.—The contract between the trustees of the Moncton First Baptist church and James Read of Yarmouth whose tender for a new stone church was accepted by the church, was signed yesterday afternoon and work will be begun at once.

The death of Miss Della McKenzie, daughter of Mr. and Mrs. Donald McKenzie, occurred this morning at her home in Westmount street. She was eighteen years of age, and had been ill with tuberculosis for two years.

There have been forty-one arrests here this month, compared with forty-five in August of last year. There were eight Scott Act convictions, a heavy falling off compared with July.

FEAR ANOTHER GREAT DISASTER IN SICILY Succession of Earth Disturbances Accompanied by Hurricane

Messina, Sicily, Aug. 29.—The seismic instruments here have recorded during the last twenty-four hours continued earth disturbances and their constancy has caused considerable alarm owing to the number of sharp shocks recently felt.

A hurricane also has been blowing and has caused the virtual destruction of several houses in the American quarter. The populace fears that these conditions foretell a fresh disaster.

REV. MR. GAETZ ACCEPTS CALL TO GUELPH, ONT. Rev. Wilfrid Gaetz, pastor of Queen Square Methodist church, has received a call to the Norfolk avenue church, a large church in Guelph, Ont. It is understood that he will accept subject to the approval of the conference next year.

HARRY THAW'S BATTERY OF CANADIAN LAWYERS

The best talent of the Canadian bar are lined up in defence of Harry Thaw against his return to Matewan from his Canadian place of refuge. From left to right, three of the men who have been engaged are H. R. Fraser, W. L. Shuttell, K. C., and C. D. White.

PIONEER IN MISSION WORK IN THE WEST DIES IN WINNIPEG

Archdeacon Macdonald Was Son of One of Sir John Franklin's Band of Explorers

(Canadian Press) Winnipeg, Aug. 29.—Archdeacon Robert Macdonald, one of the west's oldest pioneer missionaries, died early this morning, aged 84.

Ven. Archdeacon Macdonald was one of the oldest and most widely known of the early Anglican missionaries of the northwest. He was a son of one of the intrepid band of explorers who ranged the northern seas under Sir John Franklin.

He was born at Point Douglas in 1829 and educated at St. John's, Winnipeg, being one of the first graduates. He was ordained as a deacon in 1852, and a priest a year later. He served first as a missionary for the C. M. S. at Islington, on the Winnipeg River, in 1862, and then went to Fort Yukon where he labored for eight years. He then traveled to Porcupine River, where he spent a year and to Red River for another two months. He was appointed Archdeacon of Mackenzie River in 1876, and only in 1906 he retired through ill health.

In addition to translating the four gospels into the Takuah language for the British and Foreign Bible Society, he aided Archdeacon McKay in the biblical translations in the Cree language.

STEWARTS TO GET FIRST PART OF BIG CONTRACT FOR TORONTO HARBOR

Nearly \$20,000,000 to Be Spent in All—First Part \$3,000,000 or \$4,000,000

(Canadian Press) Toronto, Aug. 29.—The contract for the first part of the federal government's share in the Toronto harbor works will probably be awarded to the Canadian Stewart Company, one of the biggest construction firms in America.

The sum involved, it is believed, will be between \$3,000,000 and \$4,000,000, or more than half of the government's contribution to the total estimated cost of the new harbor, something under \$20,000,000.

FIVE EXHIBITION BUILDINGS IN LONDON, ONT., ARE BURNED

London, Ont., Aug. 29.—Reduced to ashes by an incendiary fire, that made a clean sweep of every structure on the Campbell street side of the fair grounds as far east as the grand stand, five of the western fair buildings were destroyed early this morning, with a loss of \$100,000.

The cement building, the L-shaped machinery hall, the transportation building, the main horse stable and W. C. T. U. dining hall were burned.

SHE WAS GREAT, GREAT, GREAT GRANDMOTHER

Strathroy, Ont., Aug. 29.—A remarkable fact has been discovered in connection with the life of the late Mrs. John Calcutt, who passed away in Strathroy recently in her 92nd year.

The old lady had the unique distinction of becoming a great-great-grandmother, her children and grandchildren extending into the sixth generation.

Six generations within a period of ninety-two years is surely a record breaker, and it is doubtful if it can be equalled anywhere in this country.

HEAVY WORK The street in Market Square as it appears North Wharf, has been dug up during the last few days by workmen who are preparing to lay a sewer pipe for the new building of the Bank of British North America. The street foundation is solid rock and as the sewer is to be laid fifteen feet deep the work of excavation will require a lot of blasting and will take some time.

MORE FLOUR FROM CANADA TO BRITAIN

BOTH WERE SOON TO HAVE BEEN MARRIED

Two of the Five Victims in the Peterboro Building Collapse

(Canadian Press) Peterboro, Ont., Aug. 29.—Miss Sison and Miss Boddison, two of the five victims in the collapse of the Turnbull building here, were very popular in the city. Both were engaged to be married soon.

Miss Sison was twenty-five years of age. Her body was found on the stairway. Miss Boddison, who was twenty-three years of age, was the daughter of William Boddison, a machinist. Her mother has been ill in the hospital for a short time.

Miss Boddison was waiting on Mrs. Brown, a widow, who had just entered the store to make a purchase. The bodies of the two were found together.

Alfred Cuff, a bricklayer, who is among the dead, lived in Peterboro until a few years ago, when he went west. He was married but returned east a short time ago, leaving his wife in the west.

The store, the millinery and dry goods establishment of J. C. Turnbull & Co. was being altered and extended. The adjoining store formerly occupied by Barrie's limited, was being made part of the Turnbull store.

The theory advanced as to the cause of the accident is that the steel support and girders had not been placed in the right position and that the outer wall on the corner buckled. It was a very old building, erected in 1862. It was owned by the Toronto Loan Company.

Reports this morning from the hospital and the homes of the injured are that the patients spent a good night and the recovery of all is almost certain.

The four seriously injured—Mrs. J. A. Finky, of Norwood; Mrs. Sidney Middleton, the two customers, and Miss Agnes Tucker, a clerk, and Harry Manley, another employee of the Turnbull store, are in the hospital. Several other clerks and workmen are at their homes suffering only from bruises and shock.

The body of Miss Kelly was taken to Norwood today. Men are working at the ruins, but it is not expected that any more bodies will be recovered.

ALBERTA LEGISLATURE ON SEPTEMBER 16 AND TO BUSINESS AT ONCE

Edmonton, Alta., Aug. 29.—A proclamation has been issued by the lieutenant-governor-in-council calling the members of the legislature together for Tuesday, September 16.

The body of the customs of meeting on Thursday and adjourning until the following Monday was changed and the house met on Tuesday and at once proceeded with the business of the session. The same course will be followed this year.

CAPTAIN O. G. V. SPAIN IS DEAD IN TORONTO

Toronto, Aug. 29.—Capt. O. G. V. Spain, who was commander of the Canadian armed cruising fleet for the protection of the coast of the province, died yesterday.

He was a naval officer. He served with a shipmaster during the Egyptian campaign of 1882, and received the Egyptian medal and Khedive's bronze star.

TAX ON LARGE INCOMES Senator LaFollette's Amendments to Increase Levy Defeated by Democrats. Washington, Aug. 29.—Democrat defeat in the senate were able to defeat Senator LaFollette's amendments to increase the taxes on large incomes only by indicating that they themselves were prepared to make concessions to carry increases.

Senators Reed, Ashurst and Thompson, all Democrats, voted with their party only after expressly saying they had been assured an increase would be made for taxes on incomes of more than \$100,000. Senator LaFollette's amendment would have taxed all incomes of more than \$100,000 10 per cent. Twelve Republicans joined the Democrats in voting it down. Democratic leaders did not indicate what their concessions would be.

Senator Bristow at once introduced another amendment which he explained was calculated to fall heavier on incomes of more than \$80,000. The Bristow amendment was defeated on strictly party lines.

SIDE LINE OF THE H. K. THAW CASE IS OFF UNTIL SEPTEMBER 3. Sherbrooke, Que., Aug. 29.—The case of "Gentleman Roger" Thompson, a chauffeur, who drove Thaw from Matewan on the morning of his escape, and now is charged with aiding Thaw to cross the Canadian border, and in so doing violating the immigration laws by assisting an undesirable alien to enter the dominion, was today postponed until September 3. Meantime Thompson was admitted to \$500 bail.

MILLERS ARE TO ASK FOR SUBSIDIZED LINE OF STEAMERS

SAY WHEAT IS FAVORED

Want Rate on Flour Same as Grain — Effort For Establishment of British-Canadian Freight Rate Commission

(Canadian Press) Toronto, Ont., Aug. 29.—The dominion government is to be asked by the Dominion Millers' Association to subsidize a line of ocean freighters to carry Canadian flour to the British market at the same rates as levied on wheat cargoes.

The owners of the mills on this side of the Atlantic declare that a freight rate of ten cents per hundred pounds in favor of wheat is a direct discrimination against them, and the government should either set an example to the shipping companies or assist the miller to increase their relations with the British and foreign markets on the same basis as the growers and land transportation facilities had been helped.

While the proposition has precipitated much discussion in milling circles, there is entire unanimity of opinion in favor of the proposed mission to Ottawa. At a meeting of the Dominion Millers' Association yesterday, the proposal had champions in H. L. Rice, of St. Mary's, and Major Noble, of Norfolk.

Chairman H. McGill of the Canadian Grain Commission, also made reference to the subject. He was surprised to find little flour shipped to England. Canadian millers exported only \$14,000,000 of flour last year, when, with the present capacity, \$40,000,000 worth could be shipped with equal facility by working the mills full time.

The presence of Chairman Drayton of the Dominion Railway Board in England, had significant connection with the present ocean freight rate question. As special commissioner of the Canadian government, he is endeavoring to secure a British-Canadian freight commission into being and the millers are hopeful of an automatic settlement.

It has not been finally settled how the government is to be approached by the association.

MORE GRAIN AND SOME 400,000 MORE HOGS

That is Report From the Farms of Southern Alberta

Calgary, Aug. 29.—According to crop reports compiled by the Calgary Credit Men's Association, covering all the southern portion of the province and as far north as Stettin, the grain yield will be about 80 per cent in excess of last year, and will be practically all marketable.

Tremendous increases in mixed farming output are reported. For instance, Lethbridge district, which last year shipped 20,000 hogs, will this year market 400,000. It is expected that the hog output of the province will be considerably in excess of 1,000,000 head, as compared with 200,000 last year.

C. M. B. A. TO BAR ALL CONNECTED WITH THE LIQUOR BUSINESS

Hamilton, Ont., Aug. 29.—The grand council of the Catholic Mutual Benevolent Association, in session here yesterday, carried an amendment barring anyone connected with the liquor business, even a waiter or a brewery driver, from becoming a member of the association.

Women's Intuition

Women are credited with a sort of sixth sense—intuition—which keeps them right in many emergencies.

In nine cases out of ten, this so-called feminine intuition is nothing more than extreme carefulness and good judgment.

Women take pride in being careful and thrifty—they like to dress well and see their children dress well.

It is a source of satisfaction to them if they can look better than their neighbors, and do it for less money.

Women are readers of advertisements. They know it pays to read them. They find advertising not only profitable, but entertaining.

Turn for a moment to the advertisement in today's Telegraph and Times. See what great interest it possesses.

ONTARIO'S WAY OF CARING FOR NEEDY CHILDREN

The test of a country's civilization is to be found in the treatment accorded its children. Judged by this standard Canada, an able province of Ontario, in particular, ranks high. Over twenty years ago the Ontario Legislature enacted a Children's Charter that has since been copied by all the other provinces, by many of the adjoining states and in some of its important features by Great Britain and foreign countries. In fact it paved the way for the large and ever-increasing interest now being taken in social and child-welfare.

There is a head office in the parliament buildings under the direction of J. K. Kees, which furnishes information and encouragement to the Children's Aid Societies organized in the various cities and counties. Over ten thousand children have been placed in foster homes in the past twenty years, and in addition to the direct benefit conferred on the children, the public funds have been saved to the extent of at least one million dollars in the lessened expense for the maintenance of this class.

The following are the chief objects of the society:

- 1.—The betterment of children in their own homes.
- 2.—Their removal when necessary to ensure a chance of becoming good citizens.
- 3.—The endeavor to assist every child to find his treatment, wholesome surroundings and good moral influences.
- 4.—The finding of suitable foster homes for all children in need of the society.
- 5.—Careful supervision without undue interference after being placed in foster homes.
- 6.—Receiving and inquiring into complaints of neglect or ill treatment of children.

ASQUITH MILED BY SUFFRAGETTES

Edin., Scotland, Aug. 28.—The British prime minister was the object of a attack this afternoon in which his ability restrained him from adequately denouncing himself. While he was golfing with his daughter on the Loosmouath links, two stalwart suffragettes, who had quietly come up in the green, sprang at him suddenly. They snatched off his hat, grabbed him by the clothing and dragged him some distance over the ground.

The prime minister bore his rough treatment completely, and refrained from using force to make them desist while they insisted to him their opinion that he was a scoundrel and a past master in the arts of Anarchy.

Miss Asquith, who was a little distance off when the suffragettes pounced on her father, ran to his assistance, and proceeded to apply militant methods to the militants. The battle waged for only a few moments when two detectives rushed up and with difficulty released Mr. Asquith from the clutches of the suffragettes.

At the station the women refused to give their names or addresses. Mr. Asquith resumed play after the suffragettes had been hauled off him, and was loudly cheered when he reached the last green.

WELL DESERVED HONORS

The Springhill Tribune has the following: "The King has been graciously pleased to sanction the appointment of Mrs. W. Charles Wilson of this town as 'A Lady of Grace of the order of the Hospital of St. John of Jerusalem.' The King is the head of the order and H. R. H. The Duke of Connaught is Grand Prior. The honor is conferred on privileged persons who have distinguished themselves in hospital work. Ladies of Grace are entitled to wear the decoration of the order, a large Maltese Cross of white enamel, set in silver, embellished with the lion and the unicorn and the members of the order take high rank in the matter of public precedence. This splendid recognition of self denying services in the work of our local hospital is a popular one well merited and worthily bestowed."

THE LABOR DAY PARADE

The 62nd Band has been added to the list of bands engaged for the big Labor parade on Monday. The parade will start from King street east at 10 a. m. sharp. At a mass meeting of the teamsters last evening it was decided that 800 mounted men would take part in the procession, and the teamsters will hold a meeting this evening to complete arrangements for the turnout.

WIFE NON-BELIEVER, PASTOR WILL SUE

Case of Rev. Paul Jordan Smith in Chicago Raises Question

HELPED HIM TO MINISTRY

"Their Felts Is in Their Heads, Not Their Hearts," She Asserts as to Ministers

Boston, Aug. 29.—Is a minister justified in abandoning his family because his wife does not believe in God, and does her disbelief in the existence of a divine being give him grounds for a divorce?

These unique questions will be debated during the hearing of divorce proceedings which soon will be instituted by the Rev. Paul Jordan Smith, pastor of the Chicago Lawn Congregational church, for whose arrest on a charge of wife abandonment, a warrant was sworn out recently by his wife, Mrs. Ethel Smith.

Mr. Smith's decision to seek a divorce has been reached, it is said. The Englewood police up to a late hour had not taken him into custody, although he and his bondsmen were awaiting their action.

When it became clear that the Smiths were not spiritually mated they agreed, in April, 1912, to separate, the minister to give her one-third of his salary.

He Went to Live With Father

The minister then took up his residence at the home of his father, Rev. J. Wesley Smith, while Mrs. Smith, who was given the care of their three children, Ralph, Wilber and Isabel, whose ages range from five to eight years, worked as matron of the Prosser Preparatory School for Boys at Anderson, Mo. Her husband's failure to keep up his monthly contributions to her after last April caused his wife to return to Chicago and swear out the warrant.

"We were married ten years ago at Chattanooga while we were still attending high school," said Mrs. Smith, when seen at the home of Mrs. Frank M. Dixon, No. 2925 Fine Grove avenue.

"We were both too young to realize what was before us. Right after our marriage Mr. Smith began to study for the ministry, while I worked and earned money enough to pay part of his expenses and for my own living.

"Everything moved along smoothly until he entered the ministry. Then he began to look upon me as an intellectual domestic because I would not devote most of my time to reading the Bible with him and assisting him in his work instead of giving our children the proper care and making the home comfortable."

Her Views on Ministers

"I don't know whether or not ministers should marry," Mrs. Smith replied to a question, "but I do know that we would be better off without them. Their religion is in their heads instead of in their hearts. Look at the way my husband has acted. He preaches to his flock to love and cherish one another, while he can remain away from his own children for over a year and not worry

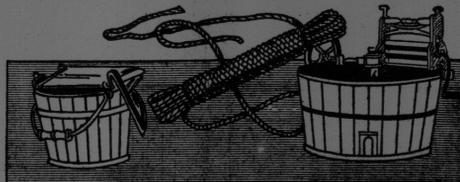

in the least about their welfare. When a man acts like that I am more than ever convinced there is no God."

According to the minister's father and mother, there were several other reasons why their domestic relations were not pleasant.

"Despite my strong efforts to convince my son's wife that God existed, she could not be won over," said Dr. J. Wesley Smith, who is a retired Methodist minister. "Even at that, my son was willing that she should take plenty of time in which to study the Bible and learn for herself that she was wrong, but she would not listen to him."

A SUSSEX WEDDING

Record.—Howard H. Keirstead and Miss Alice Margaret Davidson will be united in marriage in the Church Ave. Baptist church on Wednesday afternoon next, September 3, at 4 o'clock. There will be a reception at the residence of the bride's mother, Mrs. Annie Davidson, Maple Avenue, after the ceremony. Miss Davidson was the guest of honor at a variety shower held at the Oddfellows' rooms on Tuesday night. She has been a Rehebeah for a number of years and is a past noble grand.

The Soap That Lessens The Work on Wash Day

and the soap that lessens all work in which soap plays an important part—Laundry, dishes, scrubbing, cleaning—is IVES-AMMONIA SOAP. Not necessary for a dissertation on the value of Ammonia in the house—since time immemorial it has been the chief cornerstone in the kitchen of the careful housewife.

IVES-AMMONIA SOAP

Less Work - Less Cost

is a scientific combination of a good, pure soap with Ammonia. The value of such a combination will be at once apparent. Cleaner clothes, cleaner floors, sweeter dishes—are the results of its use. Because of the Ammonia the soap is a genuine ben-fit to the hands, no matter how tender. Use IVES-AMMONIA SOAP constantly in your kitchen, once used you'll never be without it. TOOK HIS WIFE ON TANDEM MOTOR-CYCLE FOR 1,700 MILE TRIP

Spokane, Wash, Aug. 29.—Mr. and Mrs. E. B. Turner arrived in Spokane this week after a motorcycle trip of 1,700 miles, from San Jose, Cal., to their home in this city. During the entire trip they rode tandem style, Mrs. Turner occupying the rear seat. The trip was made in twenty-five running days, the couple bearing a letter from Mayor Thomas Monahan of San Jose to Mayor William J. Hindley of Spokane. Their baggage consisted of two blankets, a frying pan, coffee pot and a small supply of food. The early part of the journey they encountered many hardships crossing the California desert. Mr. Turner sustained a broken shoulder blade and

arm in a collision in Oregon, but the remainder of the trip to Spokane was accomplished easily and without mishap.

Lost Her Husband.

Mrs. Walter Niles sought the police last night to ask their assistance in locating her husband, who, she said, had left their home with \$400 which belonged to her. Not content with the aid promised by them, she herself took up the search. She walked the streets during the evening and remained in the L. C. R. depot an hour or more before the Halifax train pulled out, to see, she said, that the man did not slip out of the city.

Headaches from eye strain. Few people realize how large is the proportion of headaches directly due to strained eyes.

This is nature's danger signal. Unless the strain is relieved, permanent permanent injury to the eyes will result. Children frequently suffer from eye-strain without knowing the cause of it.

If your child has headaches find out the cause. If you suspect it comes from eye-strain have us examine the child's eyes at once. Under no circumstances allow your child to continue school work with strained eyes. Not only will the eyes be injured but the whole nervous system will be affected by the strain. Come early in the morning for the best results in eye examinations.

EDMONTON MAY FOLLOW ST. JOHN'S EXAMPLE

Movement Towards Adoption of Commission Government Will be Issue at Next Civic Election

Edmonton, Alta., Aug. 29.—Preliminary plans are being made in Edmonton to adopt the commission form of government, and it is announced that efforts will be made at the election in December to vote into office a mayor and aldermen who are in favor of a charter embodying the direct legislative features. Representative business and professional men will visit many of the commission-governed cities in the United States within the next two months to learn at first hand how the plan works and ascertain what features of the charters are most applicable to this city. Edmonton may have a commission of from seven to ten men. The city has the single tax and owns and operates all the public utilities, including street railway, telephones, water, light, and paving plants and gravel and coal mines.

TOWN PLANNING

Mr. Raymond Unwin, an English town planning expert, is in Halifax, and has given the people of that city some good advice on the subject of town planning. He points out that there is no necessity for having a town well planned as there is for having the like done in connection with a house, which is to be the home of a family. Speaking with knowledge, because of his experience, Mr. Unwin says that town planning is not a costly affair, and that the benefits are enormous. As the city of Halifax is entering upon a period of expansion, as a result of heavy expenditures for terminals, Mr. Unwin points out that town planning should be adopted immediately, in order that the expansion of the city might be directed along right lines. The Halifax Echo, commenting upon the statements of Mr. Unwin, refers to the fact that city planning has brought about a remarkable change for the better in several old English cities, and it should be of infinite greater advantage to cities whose growth may as yet be regarded as having but fairly begun. The following remarks made by the Echo should be of as much interest to the people of St. John as they are to the people of Halifax.

"Halifax will probably develop within the next ten years to a greater extent than it has during the past fifty. It should not be permitted to develop in a haphazard fashion, as it will unless steps are at once taken to train its growth along modern urban lines. The question is not one that requires any very extensive deliberation. New York is at present engaged in correcting the mistakes made fifty years ago, but New York is accomplishing this work at a cost of millions of dollars. There is some excuse for New York, for the reason that city planning is a somewhat recent art, and at the time New York was struggling out, with no special regard for future conditions, little or nothing was known of the benefits to be derived from comprehensive planning. But we in Halifax are well aware of the advantages of city plan. We have the experience of our continental cities to guide us, and if we fail to profit by the experiences of these cities we will be required to pay off. By all means let us have a comprehensive plan, and that right soon."

COL. SAM'S VIEWS

According to an Ottawa despatch in the St. John Standard the other day Col. the Hon. Sam. Hughes heartily endorses the report of Sir Ian Hamilton on the militia of Canada. Sir Ian in his report remarks that the men in the city corps in Canada "suffer from the prevailing Canadian habit of preferring any other mode of locomotion than making an appeal to their legs, whose chief function seems very often to consist in standing at a street corner waiting for a car." As to the men of the various rural corps, he says: "These farm hands are not cursed with nerves. Line them up upon a ridge and strap them heavily for half an hour, and they will continue to chew gum, hardly realizing that anything special is happening."

NAVAL POLICIES

In a recent address in Kentville Hon. W. L. MacKenzie King pointed out in a very clear way the insincerity of Mr. Borden and his friends with regard to the navy. Mr. King said that when Hon. George E. Foster presented a resolution to the effect that the time had come when Canada should do something in defence of her own coasts, Sir Wilfrid Laurier said:—

"I accept the suggestion of my Conservative friend, and think it admirable that we should be united in this great matter; but I have one point to bring out, and it is that my honorable friend's proposition is too indefinite."

Mr. Foster agreed to change the resolution, and make it read that Canada should immediately start on the policy of Canadian naval defence, while Mr. Borden suggested that they insert the word "speedily" in the resolution. This was done, and both Liberals and Conservatives voted for the resolution. When Mr. Borden came into power, he did not call for the rescinding of this resolution, nor has that been done up to the present time. It should, therefore, be as binding on Mr. Borden as it was upon Sir

BIRTHDAYS OF NOTABILITIES

FRIDAY, AUGUST 29
The Hon. William Elliott, of Wolsley, Sable, for some years commissioner of agriculture in the North West, celebrates his fifty-first birthday today. He was born near Mitchell, Ont., and is a doctor by profession, enjoying a large practise in Wolsley.

LIGHTER VEIN

Always
The man who yelps about the heat and makes hot weather grimmer, is he who in last winter's diet, was hoarding for summer.

A Common Misfortune

"Why are they always riding around in their automobile, I wonder?"
"I guess it's because they can't afford to have a home to go to."

A Reasonable Assumption

"I always try to begin the day with a smile."
"I take it, then, that your wife doesn't ask you to help dress the children."

Restaurant Wisdom

Two men in a restaurant were disputing as to what a pineapple really was. One insisted that it was a fruit and the other insisted that it was a vegetable. The men finally decided to accept the decision of the waiter, who was called.
"Walter," said one of them, "is a pineapple a fruit, or is it a vegetable?"
"It's neither, gentlemen; a pineapple is a hexagon."

ALCOHOL AND LONGEVITY

The influence of alcohol upon longevity has now been studied with some thoroughness by physicians and actuaries and some definite results have been gained, although here much work needs to be done. The results show at any rate that alcohol does not increase longevity and hence we have here again no clue to the world-wide desire for it. Robert Mackenzie Moore, actuary of the United Kingdom Temperance and General Provident Institute, in a recent report based upon sixty years' experience of that company in the insurance of the lives of abstainers and non-abstainers (the latter being moderate drinkers and good risks and belonging to the same class and following the same occupations as the former) found that in respect to longevity the abstainers showed a marked superiority over the non-abstainers throughout the whole period of life for every class of policies and for both sexes, however tested. For instance, at the age of 30 the expectancy of life for the non-abstainers, is 35.1 years; for the abstainers, 38.9 years, a difference of nearly 11 per cent. At the age of 40, the percentage of difference is the same. Another very thorough and impartial investigation has been made by Mr. Edward B. Phelps on the mortality due to alcohol. It is based on the testimony of the medical directors of three prominent life-insurance companies of America. Mr. Phelps' conclusions is that 8 per cent. of all deaths of adults in the United States are due to alcohol.—Professor G. T. W. Patrick, The Popular Science Monthly.

ADVANCE SHOWING OF Fall Footwear

If we could only talk personally with every reader of this advertisement and tell them the good points of our new fall shoes, we would have no difficulty in clearing out our entire stock in a few weeks. Our buyers visited all the large cities during the past months and procured from the leading makers a comprehensive range of the newest and best styles shown. Understanding as we do the requirements of a city like ours we made a determined effort to obtain shoes that fit and wear. With nine out of ten of our customers these two considerations are of paramount importance. It is therefore with pardonable pride we draw attention to the new fall designs in "Dorothy Dodds," "Waterbury & Rising's Specials," "Dootor's Special," "Romper's" and our general stock selected from makers with a reputation in the world of leather. It may be a little early to buy but we would be pleased to display before our customers what we have to offer, believing that when they do decide upon buying they will come and give our goods a trial.

FIVE KILLED

Peterboro, Ont., Aug. 28—A gloom has been cast over the city by one of the worst, if not the worst, disasters in its history. With no more warning than a few ominous cracks that were immediately followed by a rending of timbers and a crashing of bricks and mortar, a big section of the largest departmental store in Peterboro collapsed this morning, killing five persons and injuring more or less seriously almost a dozen.

The Dead:
Miss Dorothy V. Sisson, aged 25, 287 Park street, Peterboro; saleslady in store.
Miss Lillian A. Boddison, aged 23, 274 William street, Peterboro; saleslady in store.
Mrs. Elizabeth Brown, widow, aged about 40, 264 Hunter street, Peterboro; customer.
Mrs. John Kelly, aged about 50, wife of John Kelly, farmer, near Norwood.
Alfred Cuff, aged 35; bricklayer, married, Peterboro.

ADVANTAGES OF TOWN PLANNING

Raymond Unwin Shows How Halifax Would Benefit—Arguments Apply to St. John as Well

(Halifax Echo)

"A properly planned city is the best guarantee for healthful living conditions," said Raymond Unwin, the world's greatest town planner yesterday to a reporter of the Echo while discussing the merits and advantages to be gained in having a city plan for Halifax.

"The advantages of a town plan are exactly the same, only on a bigger scale, as are the advantages to a man of having a plan for a house or railway station," said Mr. Unwin.

"For instance in a house one wants to arrange to enter at the front door, build the different rooms in relation to one another suitable for general convenience. One does not want to put the kitchen next the drawing room or the bath room next the billiard room. Well now, exactly the same advantage results from town planning. You want to concentrate your commercial and your industrial districts and these want to be adjacent to the means of communication both by water and rail. Then the residential district with open spaces, parks, etc., should be built away from the industrial centres. All the industries which destroy these amenities should be excluded. Apportion the different parts of your town to the kind of district most suitable.

In view of the proposed terminal changes, the reporter asked Mr. Unwin whether or not he thought that a city plan could be carried out at the present time. "Now is the time," he replied, "before the change takes place. You require new residential areas for the different classes with the best possible lines of communication from them to the business quarters and get them well laid out. Then of course you might practically have the mass of the people in Halifax living as healthfully as those in our Garden Suburbs in England where the death rate is as low as 4 and 5 in the thousand."

"Is it true that town planning is expensive?" Mr. Unwin was asked.

"No," he replied. "Town planning has been shown to have paid well in many cities. Asked for an instance, Mr. Unwin quoted Gothenberg in Sweden. Here they have a town planning staff of fifteen people. It cost about \$15,000 a year to keep this department going. An enquiry was held to see if there was any need for keeping the department employed and it was proved to the satisfaction of the corporation that so far from being an expense the town had been making a handsome profit on it, more particularly in saving the cost of road widenings.

"If you let industries spring up haphazardly there is bound to be an enormous amount of cartage and the streets get congested, then they have to be widened which is very costly. Birmingham would have saved an enormous sum, reaching into millions of pounds, had they had the town planning scheme twenty years ago. There would be no carting of products through the business section or the residential areas.

"As an instance of this look at Covent Garden, London. Its situation is about the worst that could be chosen. The staff has to go to Covent Garden and then it has to go back again. Take the location of your Halifax market. This should be considered from the point of view of the traffic. The market wants to be in a place where produce can be delivered with least carting through streets, and also where it can be redistributed with the greatest convenience.

Regarding the new Halifax terminal, which are to be built, Mr. Unwin has this to say:

"There are going to be great changes in Halifax, brought about by the new terminals. As these are planned there are certain in my view, to make a great change in the character of the town. If Halifax grows there will be considerable shifting of population. By bringing all this centre of commerce and industry close to the residential district of the town, land will be too valuable for dwellings and will become business premises. There is always talk of change going on in a growing city, but it will be undoubtedly exaggerated in the case of Halifax.

TORIES' RECKLESS EXPENDITURE ALARMS A.I.D. OR GENERAL

Thousands of Dollars of Public Money Poured Out Without Any Authority — Brakes Are Applied at Last

Ottawa Aug 29—The unauthorized expenditure of public money by cabinet ministers is getting them into trouble with the guardian of the treasury, the auditor general. Constitutional usage and respect for the established authority of parliament are not held in any great sacrosanctity by the Borden government, as was frequently evidenced during the last session of parliament. During the recess there have been numerous violations of the fundamental rule of responsible government that no public expenditures can be made except in cases of urgent necessity unless funds have been voted by parliament. The fact will be disclosed in due course when the auditor general's report for the current fiscal year is presented to parliament next year.

Meanwhile it is stated that a number of bills presented for expenditures made by order of the minister, notably Hon. Robert Rogers and Hon. Col. Sam Hughes, are now being held up on the ground that there has been no appropriation by parliament for such expenditures. It is understood that a number of contractors on public works improperly authorized, are now seeking in vain to collect accounts aggregating hundreds of thousands of dollars. There are also big bills for ministerial travelling expenses this summer, which aggregate already many tens of thousands of dollars. No specific provision was made for these in the estimates passed last session. Hon. Col. Hughes' present trip to England with twenty-three military officers is a case in point.

There will of course be supplementary votes asked for by the government when parliament meets to cover these "unforeseen" expenditures. The total amount

of these end of the year supplementaries is likely to be very considerably larger than ever before. And this despite the fact that the total appropriation last session jumped by over fifty million above the previous year's high record.

THEIR 19TH ANNIVERSARY.

A most enjoyable entertainment was held at the Oddfellows' hall, Charlotte street, last evening, when the Marlborough Lodge of the Sons of England celebrated the nineteenth anniversary of the foundation of the lodge. About 800

members were present and an attractive musical programme was gone through, after which refreshments were provided. An opening address was given by T. H. Carter, and solos were sung by H. Noakes, J. N. Rogers, H. C. Marley, J. F. Punter, D. Gath, J. J. Riley, C. Calvert, W. Hudson, W. Beidie, C. Mates and T. D. Brown. Mrs. George Maxwell gave a piano solo, and a duet was sung by Mr. and Mrs. M. A. Palmer. The history of the lodge was traced in an interesting speech by the secretary and oldest member, Charles Ledford, who spoke of the steady growth of the lodge both in membership and prosperity since its foundation. The entertain-

ment closed with the singing of the National Anthem.

SHOULD BE A REMEDY

Two ladies, one of whom had two children traveling with her, arrived in the city on the C. P. R. last evening from Mulgrave, N. S., on their way to Rockland, Me. The Boston train was more than an hour late leaving the city, so that they had about two hours to wait. One of the railway officials saw the ladies sitting near the entrance to the train shed and when he suggested that they would be more comfortable in the ladies' waiting room, they replied that they were afraid of the train going without them unless they were on the spot when it was made up, but on being assured that they would be notified when to lunch. Later one of the children remarked to his mother that the people seemed to be hurrying for a train but they could not believe it was their train, as they had not been notified as promised. On going out into the train shed to investigate the ladies saw some one who seemed to be hurrying for a train but they were obliged to stay in the city over night, and as they had not provided themselves with sufficient money for such an emergency they had to procure the cheapest lodgings available. To add to their misfortune one of the ladies saw some one walking off with her umbrella and it was with difficulty that she had it returned.

The ladies got away on the train this morning, not very favorably impressed with their stay in St. John.

In Montreal

Montreal, Aug. 29.—The Gazette says: Traders here showed but slight disposition to bid up stocks on the strength displayed by the New York market throughout the day. Prices advanced in the late trading, but the market was a quiet and somewhat tame affair to the close. So far a strong undercurrent has been maintained at the higher level established on the rise of a week or so ago, and good resistance has been shown to unfavorable developments both at home and abroad. The MacDonald-Spanish River affair, however, still overhangs the market and with the triple holiday at hand there was no disposition yesterday to bull stocks aggressively.

The first monthly statement of the C. P. R. for the new fiscal year, which started on July 1, shows a decrease of \$84,988, or 7.4 p.c. in net earnings for July and occasioned little surprise in view of the decrease in gross earnings shown by the weekly statements and the higher level at which operating expenses have been running for some time.

The story of a Wayagmack-Laurentide amalgamation, which was a topic of market discussion last summer, and was thought at that time to have some element of possibility, was revived yesterday after a long period of oblivion. It was ridiculed by Laurentide and Wayagmack officials alike. The president of the Wayagmack Co. referred to the report as "absurd," and said that such an amalgamation had never been thought of.

O'BRIEN AND JACOBSON MAY PLAY FOR LYNN

Dedrich, Also—Plans of The Greeks as Breaking Away Time Draws Near

Three or possibly more of the players in the Marathon game some night will have a chance to continue playing baseball after the close of the season here on Labor Day. President Fraser of the Lynn club has written to Manager Leonard telling him that, following the disbanding of their league, he has a chance for some of the players with his team. He mentioned Jacobson, O'Brien and Dedrich, the big first baseman, in active ball playing for a few weeks more may possibly appeal to them.

There will be no more professional ball here after Labor Day. Two games will be played, one on the morning of that day, the one in the morning at 10 o'clock, so that an opportunity will be given to see the Marathon which will not pass the Marathon grounds before noon. Tariell and Howland will probably be the pitchers. Conley will pitch today's game.

After Labor Day the players will leave for their homes. With the exception of our "Butt" Riley, all belong in the states and their homes are quite widely scattered. White of the catcher's staff belongs to Boston, while Flaherty's home is in Winchester. Conley and Walter Both, catcher for the great part of the season, belong to Philadelphia. "Dutch" Howard's home is in Portland, Me., while he has a bowling alley in Newport, Me., which demands his attention in the winter season. Joe Tariell, who has been one of the Marathon's staidest in the pitching staff all season, will go to his home in Hogsburg, N. Y., while Stanley, the big first baseman, will leave for his home in Barytown, Me. Flaherty, the speedy second sacker, will go back to Saranac, N. Y. Waterhouse, who got through his school course last spring, will probably join his father in the latter's shoe business in Swainsport. Parker will go to his home Bath, Me., while Jacobson, whose home is in New Britain, Conn., may go to Lynn for a couple of weeks. O'Brien will do likewise, unless it interferes with his studies at Tufts Dental College.

St. Croix Couriers—After a somewhat rocky experience caused by lack of support at the games, the St. Croix ball team disbanded in St. John on Saturday and the big league came to an end. Fredrickson was in the lead and was the winner of the pennant for the third year in succession. While we had them the team gave us the best ball that the border has seen, and had they been supported from the first in the manner that they deserved and been enabled to hold together as they came to us, the pennant would have come to the border. A team like that bunch of boys would have been regarded as a great find in the days when the ball fever was with us. With an exception or two, they were a lot of young gentlemen, on or off the ball field, and they hold the esteem of many friends made while in the border towns.

condition as of August 22, 714 against \$11 last month, and 754 last year. Copper metal abroad is stronger. Our bank statement tomorrow will not be good. Steel orders are increasing and larger business is looked for in September. Sales of copper metal here at 16c were fairly large yesterday.

THRILLING CLIMB

IN THE ROCKIES

Conquest of Mount Robson, The Highest Peak

FOUR WERE SUCCESSFUL

Spent Night Amid Snow and Ice Without Food or Covering—Gained Height of 13,068 Feet

Calgary, Alberta, Aug. 29.—To cut sixteen hundred steps in snow and ice of which six hundred were in hard ice, was the stupendous and nerve-racking task which had to be done by Conrad Kain, a Swiss guide, employed by the Alpine Club of Canada to assist in the ascent of Mount Robson, highest peak of the Canadian Rockies, according to the official account of the climb as given by A. O. Wheeler, director of the

"The three ascents of Mount Robson with the object in view of reaching its summit were confined to six men," says Director Wheeler, "of whom two were professional guides. Of the other four, W. W. Foster, deputy minister of public works of British Columbia, and A. H. McCarthy, of Wilmer, B.C., were the only two who succeeded in making a complete ascent, led by the club's professional guide, Conrad Kain. The two who failed to make the complete ascent were: B. S. Darling, of Vancouver, and H. Prouty, of Massana Mountain, B.C. Prouty, in charge of a Swiss guide, Walter Schaufelberger, failed when within 400 feet of the summit, owing to the late hour of the day and the fact that a storm was about to burst. To have been caught in it on the bare ice slopes would, in all likelihood, have meant death to one or more of the party, and it was forced to retreat with victory in sight. On this occasion two nights were spent on the mountain at high altitudes.

The third and last attempt was made by the two guides accompanied by Darling and McCarthy for the second time. The object was to ascertain a feasible route up the south face. Again storm clouds interfered, and when ascending a steep ice ridge, 500 feet from the summit, a snow blizzard threatened to blow the climbers out of the steps in the ice by which they were ascending. So bad was the storm that it was impossible to see ten paces ahead and the flying ice particles blinded the men. Conrad, who can do anything possible in mountain climbing and often what seems impossible, decided to go any further, saying it meant death. With great difficulty and danger a retreat was made in safety. Notwithstanding the object of the climb was attained, for the party joined the south route with that previously made from the east, and so established the feasibility of an ascent from the east and south.

The mountain is a difficult and dangerous one to climb, rising to 13,068 feet above sea level. It is subject to very frequent and wild storms which come up at a moment's notice. The entire crest is covered by ice and snow blown from fierce winds into grotesque shapes and making it extremely difficult to find a path through their labyrinth.

"When it is known that, to reach the summit on the first ascent, Conrad Kain had to cut no less than sixteen hundred steps in snow and ice and six hundred of these were in hard ice necessitating hours of patient waiting while this labor was being performed, the difficulties will be partly understood. During this weary waiting the frozen debris from the step cutting was blown for hours into the faces of the climbers, and this fact alone exemplifies the great courage and determination necessary to attain success. That first climb took thirteen hours of incessant labor from the Robson Glacier, whence a start was made to the summit."

S. S. CANADA White Star Dominion Line S. S. Canada was reported 60 miles east of Cape Race at 4 o'clock this morning and is due at Quebec on Sunday afternoon and Montreal on Monday.

THE HOME PHYSICIAN

Dr. Morse's Indian Root Pills Cure Most of the Family's Ills.

Perhaps if the children, and the "grown-ups" too, always are exactly the right quantities of exactly the right things, at just the proper times, and in every other way obeyed the rules of health, there would be no sickness in the family, and no need of medicine.

But they never have and probably never will, so in every family there are sure to be more or less frequent attacks of sick headache, biliousness, indigestion, constipation, and kidney and liver troubles, and occasionally some one is "sick in bed."

It is worth a good deal to the mother, then, to have on hand that perfectly safe and reliable remedy for these ills—Dr. Morse's Indian Root Pills.

They invigorate those organs which cleanse the body of waste and impurities, regulating the bowels, stimulating the kidneys and opening the pores of the skin.

Thus Dr. Morse's Indian Root Pills cure the common ailments and keep the family healthy. This they have been doing for over half a century in every part of the world.

IN WINDY WEATHER ON OTTAWA RANGE

Ottawa, Aug. 29.—I. Col. Helmer, of Ottawa, has been chosen commandant, and Capt. S. C. Lator, of Vancouver, adjutant of the Canadian Palma Trophy team. The city of Ottawa match is being shot today in windy weather, but the scores at 800 yards were very high, including many possibilities.

Extra series at the shorter ranges concluded this morning, possibilities taking nearly all the money.

THE COUNTRY PREACHER

"For the best work in the country ministry today you need to become as skilled as the schools can make you in the principles of sociology, in knowledge of the industrial order, in the agencies of social service as well as in the problems of the rural community."

These words are from an admirable little book, Rural Life in Canada, by Rev. John MacDougall, just published by the Board of Social Service and Evangelism of the Presbyterian Church, Confederation Life building, Toronto. It is a keenly analytical yet sympathetic treatment of a pressing national problem. Students of social problems, especially the rural minister, would do well to peruse it.

ARREST MADE IN SYDNEY MURDER CASE

Sydney, N. S., Aug. 28.—After being shadowed for a day and a half, F. Haynes, or R. S. Goodwin, of San Francisco, was arrested on Charlotte street this morning by Provincial Constable Edwards, and is now lodged behind the bars at the city jail, charged with the murder of B. S. Atkinson, found dead on the road from Mira Ferry to Sydney, and having, according to the coroner's jury's verdict, apparently met his death by being thrown from the team in which he had driven his family to the bungalow at the ferry and in which he was returning to the city.

Haynes came to Sydney six weeks ago, having from San Francisco. He passed as a mineralogist, first taking up residence at the Minto Hotel, of which Mr. Atkinson was proprietor. The latter complained twice to the police chief that the lock to his bedroom had been picked in his absence. He laid the blame for this upon Haynes, who was turned out of the hotel. About this time, it is reported, Haynes made a threat against Atkinson's life.

From the Minto Haynes went to the Queen Hotel, and since then has been rooming in different places. Some time before Mr. Atkinson met his death, Haynes was seen in the neighborhood of the summer colony at Mira. At several houses he inquired if he could get meals there, saying he could shift for himself in the woods at night.

He usually carried a magazine and several times was seen by persons passing sitting on the roadside, partially

concealed, reading. Haynes, alias Goodwin, is a big man, swarthy, well built, weighing about 250. Since coming here he has become generally well known and fairly well liked by most that knew him.

The name on the magazine found in the woods has been positively identified as R. C. Goodwin. Further investigations near the scene of the tragedy go to show that someone had made a little retreat for himself which he occupied frequently, as cigar butts, matches and other articles are strewn around. Haynes will likely be up for a hearing tomorrow.

PLUMBERS' CONVENTION

W. J. Burns, a delegate from local union 881, Plumbers and Fitters, returned yesterday from Boston, where he was in attendance at the convention of plumbers and steamfitters.

The union delegates have been in session at Ford Hall since Aug. 18 and during the convention officers were elected for a term of three years, as follows: President, John R. Alpine; financial secretary and treasurer, Thomas E. Burke; organizers, E. W. Leonard, Frank J. Kennedy, William Lynn, James Higgins, Thomas B. Clark, James Sheene, John W. Bruce, Charles Dickerson and John Ryan.

The programme of entertainment included: Aug. 19, smoke talk, 724 Washington street; 20th, theatre party Norumbega Park; 21st, harbor trip and dinner, Faragon Park, Nantasket; 22nd, dance, Crescent Garden, Revere Beach.

At the opening meeting addresses of welcome were delivered to 475 delegates from the United States and Canada by Lieut.-Governor Walsh, Mayor Fitzgerald, President Moriarty of the Central Trade Council, President Huddell of the Building Trades Council, and Congressman Casey.

The next convention will be held in 1916 at Toledo, Ohio.

PALACE OF PEACE OPENED AT HAGUE

The Hague, Aug. 28.—The Palace of Peace was inaugurated here this afternoon when the ceremony of handing the edifice over to the charge of the Dutch foreign minister was carried out in the great court in the presence of Queen Wilhelmina, the Dowager Queen Emma and Prince Consort Henry. These were surrounded by a distinguished gathering of diplomats, representatives of peace societies and people prominent in all the arts and sciences.

Abraham Van Kamebek, president of the Carnegie Foundation, with a splendid speech, handed the palace into the care of its appointed custodians. He eulogized the interest shown in the peace movement by the queen, emphasized the significance of the inauguration of the palace and expressed a full need of thanks for the generosity of Andrew Carnegie.

FAIRVILLE GARDEN PARTY

The garden party which has been conducted for the last two evenings by the Church of the Good Shepherd, was concluded last evening and proved a splendid success. The receipts which will be used towards making improvements on the church, were most gratifying and exceeded all expectations.

Among the committee workers were: Committee of management—J. H. Daly and G. Russell. Refreshment table—Charles Hill and Frank Miller. Men's bean toss—Geo. Hill. Ladies' bean toss—Mr. Scaree. Shooting gallery—T. Russell. Sale table—Mrs. Chas. Hill.

Candy table—Miss Lena Miller and Miss O. McGulre. Tea table—Mrs. Bender, Mrs. Arbo, Mrs. Wm. Miller, Mrs. Chas. Hill, Mrs. Duff, Mrs. Pike, and Miss Florence Thomas.

Among the prize winners last evening were: Men's bean toss—Prize, a bronze clock; won by H. Galley. Ladies' bean toss—Prize (1), a carving set; won by Mrs. John Duff; (2), fancy cushion, won by Mrs. Wm. Duplisea. Loop the loop—Prize, parlor clock; won by John Cowie. Shooting gallery—Prize, a clock; won by W. A. Fox. The gate prize, a silk bed puff, was won by Mrs. Charles Hill, and the guessing contest on the number of pieces of

candy contained in the bottle, was won by Wm. Pink, who, guessing the correct number, received the bottle with contents as his prize.

TO SEE COMMISSIONERS.

Since the work of laying the new pavement was begun some months ago, the teamsters were denied the privilege of using the site of the south side of King square as a stand and were forced to find a suitable position in some other quarter of the city. At a special meeting of the Trades and Labor Council held last evening, the matter was given consideration, and a committee was appointed to wait upon the commissioners and try if possible to arrange some satisfactory settlement of the difficulty.

They crossed the bay to Digby at noon and from Digby will make a short tour of Nova Scotia in Mr. Fiske's car, arriving on Monday at Truro. The annual convention of the agents of the company in the maritime provinces.

A SUGGESTION
The work which is being done on the street pavement in Union street has left but a narrow space for teams at the corner of Union and Charlotte. As a consequence traffic frequently becomes congested. Yesterday afternoon a man named James Smith who was walking across the street at a time when travel was particularly heavy was knocked down and badly bruised. It has been remarked by several citizens that it would be a good thing if a policeman could be stationed at the corner at the busy times of the day to direct the traffic until the pavement work has been finished.

BURIED TODAY
The funeral of Charles Bradley was held from his late residence, 129 Main street, at 8:45 this morning, and was one of the largest seen in the North End for some time. Representatives of nearly every walk of life were in the procession and a delegation from branch 134 of the C. M. B. A. attended in a body. The cortege proceeded to St. Peter's church where requiem high mass was celebrated by Rev. Father Grogan, assisted by Rev. Father Walsh as deacon, and Rev. Father O'Regan sub-deacon. Relatives of Mr. Bradley were pall bearers. The casket was covered by a large number of floral offerings from friends. Interment took place in the new Catholic cemetery.

TWO NEW ARMORIES
The plans for the new drill shed at Sussex have been approved by the minister of militia and it is expected that a call for tenders will be issued soon. Rhodes, Curry & Co., Ltd., who have the contract for the new armory at Amherst, are preparing to begin work, and several St. John contractors are figuring on the sub-contract.

WOLVES SEEN NEAR THE CITY

That is Report of John Johnston— Says He Saw Five in Vicinity of Rockwood

Are there wolves in the woods of St. John county? John Johnston, of Gilbert's Lane says there are, or at least there were this morning. He said to a Times' representative today that he had seen five, four grown wolves and a cub about half past seven o'clock this morning a little to the north of Rockwood Park, about a mile from the place where the caged animals are kept. Mr. Johnston says he is positive they were wolves. Two of them followed him for some distance and while he was looking at them the other two and the cub also appeared in view, so that he had a close range of all five.

Judge Armstrong, president of the Horticultural Society, said that he had not heard of any reports of wolves in the vicinity. It would be very unusual, he thought. He had heard, however, of their being seen in the woods of Charlotte county once or twice a few years ago. His Honor had been in the park yesterday but had not heard anything of the animals being in that neighborhood.

Mr. Johnston said this morning that the animals which he had seen were larger than the Ontario bush wolves in captivity now in Rockwood, with the exception of the cub. They were black with grey faces.

NEW BRUNSWICK APPLE CROP NOT THIRD OF AVERAGE

Inspector Peters Summarizes Situation After a Tour of the Province

"There will not be one-third of the average apple crop in New Brunswick this year," said S. L. Peters, Dominion Fruit Inspector, this morning. "I have been all over the province and the same shortage prevails everywhere. The early apples, such as the New Brunswick and transparent varieties, will be the most abundant, but as usual the growers are in a hurry to pick them for the first prices and are not giving them a chance to mature. The quality is well up to the average."

Word has been received from a well known buyer in Nova Scotia that the quality of this season's apples there is very poor. It is estimated that at least fifty per cent will be third grade fruit. The usual percentage is about fifteen per cent thirds. This overstock of poorer apples, it is believed, will keep the price well up to the average.

TRAVIS CASE BEING TRIED BEFORE JURY IN COUNTY COURT

The trial in the case of the King vs. John Travis, indicted on the charge of breaking and entering George J. Barrett's store in Dock street on June 11th, stealing a few minor articles was commenced in the county court this morning before Judge Jones and the following jury: Beverley V. Millidge, Frank S. Alwood, Fred Selby, Bayard Stillwell, Charles A. Conway, John S. Russell, G. Heber Arnold, Bert Evans, David E. Vincent, R. Dominick Hayes, Dennis Burke and Frank Killen. George J. Barrett, Ernest Marshall, Sergeant Thomas Caples and Policemen Shortcliffe and O'Leary were examined for the prosecution. The crown case was closed when adjournment was made at one o'clock until 2:30. D. Mullin K. C., appeared for the defence and J. A. Barry for the crown.

SHOWER FOR MISS HAWKER

Last evening at the residence of Rev. W. F. Gaetz and Mrs. Gaetz there was an interesting gathering of young people in honor of Miss Helen Hawker, daughter of William Hawker, who is to be married on September 10 to Professor J. Rayworth of St. Louis, Mo. The house was beautifully decorated with sweet peas and a profusion of Cupids and hearts suggested the occasion of the gathering. Miss Hawker was showered with many beautiful presents from those assembled. Supper, unique in its arrangement, was served by the hostess. Miss Hawker will carry with her to her future home the best wishes of many friends in St. John. She will be especially missed in Queen Square Methodist church, where she has so efficiently presided at the organ this summer.

WEDDED IN SAN FRANCISCO

Word has been received of the marriage, on August 21, at the home of Mr. and Mrs. E. Fisher, of San Francisco, of their only daughter, Edna to William Smith, of that city. The double-ring service was used. The bride was dressed in white silk and carried a bouquet and wore a wreath of orange blossoms and lilies-of-the-valley. Her bridesmaid was her cousin, Miss Ethel Brown dressed in pink silk with pearl trimmings and white side. She carried a bouquet of Lorraine roses. The groomsmen was the bridegroom's brother from Fresno, Cal.

Among New Brunswick relatives of the bride are Mrs. J. L. Finnis, Miss Jennie Finnis, George and Charles Finnis, of Millstream, and Mr. and Mrs. G. M. Mason and family, of Apohaqui. Mrs. Mason and Miss Finnis are aunts of the bride.

The honeymoon will be spent in Southern California, where the groom's mother lives, and Mr. and Mrs. Smith will then settle down in San Francisco, in a beautiful cottage given to the bride by her father. The numerous wedding gifts included diamonds, pearls, gold and silverware, and were very valuable. Wedding favors were received by relatives in this province.
