STOVES!

Well Known, Thoroughly Tried and Tested Heaters.

The New Silver Moon

gives more heat and is easier to manage than any other self-feeder on the market. Four sizes, with and without nickel trimmings, \$20.00 to \$28.00. The "Hot Blast" for burning either Hard or Soft coal. A handsome, powerful heater, very economical in fuel. If a lasting fire is wanted, the drafts and dampers are so arranged that one scuttle of coal will hold fire 48 hours.

The Sparkle Oak, for burning either wood or coal, has steel body which wears longer than cast iron, and radiates the heat more quickly; therefore full benefit is received at all fuel burned. Five sizes, \$9.00 to \$16.00.

We are selling agents for the Enterprise Foundry Co., Sackville, N. B., who make stoves for every possible requirement. No stove allowed to leave this foundry unless perfect in fit, finish and operation.

CONTRACTORS MAY

SUE F. A. BARBOUR

Declare His Criticism Was Libellous—"The Vaporing of an Inexperienced Youth" Says Aid. McArthur.

Engineer Barbour's letter which was read at the meeting of the common council yesterday has stirred up a regular hornet's nest and the end is not yet. As far as can be ascertained the contractors have not decided upon any line of action beyond pushing the work as rapidly as possible. It is stated on good authority that Messrs. McArthur & McVoy consider the letter libellous in the extreme and when Mr. Barbour makes his next appearance in this city he may be asked to furnish heavy bonds for his appearance when wanted in court. This of course has not been decided upon but the contractors are hot under the collar and while they do not wish to do anything to retard the work they do not, as they say, want to be belittled and have their reputations injured by any engineer in what they consider such an unfair manner. Alderman McArthur when seen by the Star this morning and asked as to his opinion of Mr. Barbour's letter laughed and replied "Nothing but the vaporing of an inexperienced youth." Aid. McArthur went on to say that he agreed fully with Aid. Christie's remarks yesterday: let the work go on. Mr. McArthur was indignant that Mr. Barbour's letter had been made public before it was presented to the council. He did not object to the newspapers seeing the communications in advance on the day of the council meeting but in this case the letter was known about all over town early in the morning. This was not right.

1,000,000, PROPERTY STOLEN AND PAWNED.

An Ancient Irish Crown and Other Valuable Stolen by Burglars from a Dublin Residence.

NEW YORK, Oct. 3.—According to a Chicago special to the Herald, property valued at nearly \$1,000,000, is sought for in Chicago pawn shops. The property is said to have been taken by burglars two weeks ago from the home of John Mulhall, No. 14 Earl's Fort Terrace, Dublin, Ireland. The burglars, it is thought, were two men well known to the police of Chicago, and they had for their accomplice a beautiful woman. It is believed they have come to the United States.

JOSEPH L. McCAFFERTY DEAD

The death of Joseph L. McCafferty, son of the late Hugh McCafferty occurred at an early hour this morning in the hospital after an illness of eight weeks. He was fifty-one years of age and was a brother, Francis, of Cliff street, and a sister, Mrs. Ellen Murphy, of Carleton. For the last few years Mr. McCafferty had been in the C. I. R. and several years ago was in business with his brother, the late Hugh McCafferty, identified with theatricals and a prominent member of the St. John Dramatic club. He was associated with the well known theatrical men Patrick and Wm. Nannery. He was a member of St. Joseph's Society and took part in many dramatic entertainments in this city. His reputation as an actor was well known. His readings cutlery were being especially good. The funeral will be held on Thursday afternoon at 2.30 o'clock from his brother's residence, 27 Cliff street.

A BUSY MORNING

Business was lively about Market this morning. There were eight-teen schooners discharging and loading at times both wharves were blocked up with teams for several minutes at a time, much to the annoyance of the drivers. It was a regular Broadway look about to keep from being trampled upon by the horses or crushed beneath the wheels.

FUNERALS TODAY.

The funeral took place this afternoon of Ormond T. Berry, from his residence, 137 Victoria street, at 2.30. The funeral services were conducted by Rev. Mr. Hutchison, and interment was made at Cedar Hill.

The funeral at 3.30 this morning took place of Miss Bridget Kirkpatrick from St. John the Baptist church, where requiem high mass was celebrated by Rev. Father Chapman. Burial was at New Catholic cemetery.

W. C. R. Allen has sold out his Charlotte street drug business to Geo. A. Reiske. Mr. Allen intends to devote his entire attention to his business on the western side of the harbor, where he will be able to devote his entire personal attention to his West Side patrons.

The steamer LaTour arrived in port yesterday afternoon from Yarmouth to take the place of the steamer Aurora, which is off the route undergoing inspection and repairs.

MANGLED BODIES STREW BEACHES.

Awful Loss of Life and Treasure in Philippines.

A Canadian Among the Victims of Recent Storm—Many Ships Gone With All Hands

MANILA, Oct. 3.—The estimated loss in the hemp growing district from the ravages of the recent typhoon is \$7,000,000 in gold. The hemp, which was ready for shipment, is also a total loss. The plantations are impaired to such an extent that it will take a year to get them in condition again. Reports now coming in from the districts indicate that the loss of life and property cannot be estimated. On Iloilo Island the beach is strewn with dead bodies. Among them are some which are unrecognizable. The island steamer Canhabenia was sunk in the recent typhoon off Iloilo Island, one of the Visayan group. Apparently all on board were lost. She carried five Americans, one Canadian and eleven natives and Chinese passengers and crew of 32 men and officers. The island steamer Camarines is also reported lost. Details are lacking. Twenty-five men were drowned in the wreck of the American coast guard cutter Leyte.

G. T. P. COMMISSIONERS DELIGHTED WITH VALLEY.

They Reached Woodstock Today by Special Train—Some Will Drive From There to Fredericton

(Special to the Star.)
WOODSTOCK, N. B., Oct. 3.—Hon. Mr. Parent, chairman, and Messrs. Reid, Young, and McLean, members of the G. T. P. Railway commission, arrived here by special train this morning. The commissioners are exceedingly non-committal. They are with them and they also have as companions Senators Thompson, King and Dumasville, P. B. Carvell, M. P., and W. T. Whitehead, M. P. P. The party were along the proposed central route for the Plaster Rock and then came back and down the St. John valley route. They expressed themselves delighted with the country but of course are exceedingly non-committal. Mr. Thompson, McLean, Carvell and Whitehead drove to Fredericton. The rest of the party go there by train.

JAPS TO FIGHT INDIANS

MEXICO, Mexico, Sept. 23, 1905.—Discharged Japanese soldiers may solve the Yaqui Indian problem in the State of Sonora. This is the hope of the Mexican government, which has just entered into a contract with the Imperial Japanese Colonization Company for the colonization of Japanese in that state. The colonists will be given the confiscated Yaqui lands and will be expected to prevent the Indians carrying produce and cattle out of the valleys to their hiding places in the mountains. The Yaquis are in the habit of obtaining supplies by making periodical raids on the ranches in the valleys which at one time belonged to them. As soon as the colonization plans are put into effect the Indians will have veteran of Far Eastern campaigns instead of fear-stricken natives to deal with. If the Yaquis can be prevented from getting supplies they can soon be starved into submission.

MAINE CENTRAL INSPECTOR KILLED

WATERTOWN, Me., Oct. 3.—Joseph A. Bushey, twenty-two years of age, and a son of the late Levi Bushey, died at his home here at 1.45 o'clock this morning from injuries received at the Maine Central station last evening. Bushey was a car inspector. When train No. 3 pulled into the station at ten o'clock last night Mr. Bushey began his tour of inspection. After the train had gone out the body of Mr. Bushey was found in an unconscious condition on the platform. How the young man received the injury that caused his death is a mystery. None of the employees at the depot knew anything about the matter. They only know that he was picked up in an unconscious condition and remained so until his death.

WOOD-WOOD.—At Bangor, Maine, Sept. 26, by the Rev. E. F. Penber, T. A. Wood of Jackson, Tenn., to Susella Wood, of St. John, N. B.

DEATHS.

ATCHISON.—James, youngest son of the late Andrew Atchison, in his 21st year. A mother, two brothers and a sister to mourn their loss.

Funeral on Thursday afternoon, 2.30, from his late residence, 243 Brittain street. Service at 2.15.

The case against young Curran for attempted theft in Connells Island street beer shop, and other boys on the charge of stealing a gun box from Mrs. Sweeney's store, was not brought up this morning. Young Curran is undoubtedly repenting, as his crying could be plainly heard in the police station from the jail this morning.

ROBBERS DYNAMITE AND LOOT EXPRESS TRAIN.

Blew Open Express and Baggage Cars and Escaped With Booty—Two Boys, Unarmed, Robbed the Frightened Passengers.

PORTLAND, O., Oct. 3.—A despatch to the Oregonian from Seattle, Wash., says that the Great Northern overland train which left Seattle at 8.30 o'clock last night was held up and a baggage and express car dynamited about five miles from Ballard. Three men are known to have been in the work although two boys climbed on the baggage car and took advantage of the situation and when the train was halted went through the train holding-up the passengers. No one was killed, but it is reported that Charles Anderson, express messenger, was slightly injured. The robbers obtained the contents of the safe and departed in an easterly direction. Manager Waring, of the Great Northern Express Company said later that he did not know what the contents of the safe were but believed that it contained only a small amount of money. The train was flagged and as the engineer slowed up two men wearing raincoats and slouch hats climbed over the tender and pointed a revolver at the engineer's head. Conductor Grant's report of the hold-up shows that at least seven men were engaged in the robbery. He says there were men further down the track, but they did not take an active part, possibly because the train had stopped too soon. Once inside the car the robbers began shooting, first exploding six sticks of dynamite. While the robbers were engaged at the safe the two boys who had been riding on the blind baggage slipped off and went through the train attempting to hold-up the passengers. They had no guns but took advantage of the timidity of the passengers, while the shooting was going on outside. The boys, who gave their names as Frank Alfred and Roland Gibbs are now in jail at Everett. When the robbers went to the baggage car and called upon the messenger to open the door, he refused and a heavy charge of dynamite was placed against the door and exploded. The car was wrecked. The safe was quickly dynamited, after which the rest of the train was allowed to proceed. The two boys who were captured claimed they had no intention whatever of robbing. They say that two of the bandits were on the blind baggage when they got on the train and others boarded the train at Alward. Dep. Smith and a posse started in pursuit of the robbers.

HARTLEY ASSAULT CASE IN YORK CO. COURT.

Fredericton Hose Cart Driver Fined for Furious Driving—Gibson Company Reduces Claim Against Govt.

(Special to the Star.)
FREDERICTON, N. B., Oct. 3.—York county court opened this morning, Judge Wilson presiding. There is but one criminal case on the docket that for last night, but now postponed. The case is charged with assaulting and doing serious bodily harm to Rev. Mr. Hartley, one of the last. The Grand Jury with C. H. Thomas as foreman, retired at 12 o'clock and had not returned up to 2 o'clock. The civil docket is a small one and consists, with the exception of one case, of cases left over from last sitting. Doucet, the driver of the hose cart of the Fredericton fire department was fined \$10 this morning in the police court for fast driving. The fine was allowed to stand. Geo. L. Carnegie, of Pittsburgh, nephew of the steel king, yesterday presented R. P. Allen, secretary of the New Brunswick Guilders Association, with a valuable Winchester rifle in appreciation of his services in arranging for the trip for him. The hearing in the case of the Gibson Co. against the Dominion government, for a claim of \$17,000 was continued before Hon. Mr. McKewen this morning. The claim is now narrowed down to the sum of \$600, the company acknowledging in the transfer of the Canada Eastern to the government that the \$17,000 was in dispute has been paid. The York equity court met this morning but there was no business before the court.

NEWS OF SPORT.

**Beth McLeod Put Ryan to the Test
Timbers in Just One Minute—Two
Lively Preliminary Bouts—Good Halifax Regatta.**

THE RING

RYAN WAS A MARK FOR McLEOD.
It took Beth McLeod, the welterweight champion of the maritime provinces, just one minute to convince the referee, Chief Clerk and about eight hundred spectators, to say nothing of Ryan himself, that the hero of so many South African encounters was no match for the St. John boy. So after Ryan had been knocked through the ropes and sent to the floor several times, Referee Billy O'Keefe stopped the bout to save a knock out.

The preliminaries were interesting. Fred Northrup won from Jack Adams in the first round, which was scheduled to go six rounds.

The second and most exciting of the three bouts was between Fred Flaherty and Jack Watts. The men boxed six fast rounds to a draw.

Billy Keefe refereed the three bouts. His decisions in all cases met with general approval.

Chief of Police Clark, Deputy Chief Jenkins and Detective Kellen were on hand, with Officers Campbell and White to see that the boxing did not degenerate into exhibitions of brutality, and the best of order was preserved throughout the evening.

NORTHUP-ADAMS.
The first bout called was between Fred Northrup and Jack Adams, both of the north end. This was a lively affair while it lasted.

Both are husky young men, and went at it as if there was bad blood between them, which it is rumored there is. Of course it is the old story of struggling for the affections of a fair charmer.

The first round was a fierce exchange of wild swings, some of which landed, while others went wild. Neither of the men was badly hurt in this round. They made little attempt at fancy boxing or ring generalship. Each wanted a scalp of the other to dangle at his belt.

The second round was even more vicious. Northrup had his opponent pretty goodly in this round, but Adams landed and made some running before a bell rang, although he was knocked down more than once.

In the third round, Adams was repeatedly felled by his rival, but he showed gameness and a desire to continue, the referee decided for the men had gone for about two minutes and a half to stop the bout, in order to prevent a probable knock-out, announcing to the audience that the chief had warned him that he would not stand for any brutality. Adams was on his feet, and strenuously objected to being considered out of the contest.

FLAHERTY-WATTS.
Fred Flaherty, formerly of St. John, and now of Millinocket, Me., and Jack Watts of London, were the first round, and gave the spectators the worth of their money.

The men were pretty evenly matched, and both seemed to be in good shape. Flaherty is the taller of the two, and is a fast and clever boxer. Watts showed up well and got on his feet in Flaherty with telling effect many times.

In the first round considerable sparring was done by Watts, but when the men came together there was always a good exchange. Flaherty has a decided penchant for infighting and persisted in hitting the clinches, although repeatedly warned by the referee.

Watts scored a knock down in the second round. This angered Flaherty, and he went after him man more viciously, landing several hard body blows and forcing Watts the ropes with his rushes. The Englishman always came back smiling and went to work again as if nothing had happened.

The last four rounds were pretty even. Watts landed on Flaherty's nose, drawing the claret, but both men finished fresh and full of fight.

Previous to calling this bout Referee Keefe stated to the audience that the men had decided to box two minutes' rounds instead of three. This arrangement was concurred in by the management, and the spectators made no kick. When the referee announced his decision was a draw he was applauded. The boxers were loudly cheered after each round for their clever work.

McLEOD-RYAN.

The main bout between Beth McLeod, welterweight champion of the maritime provinces, and Jack Ryan, champion of South Africa, for the first round championship of the maritime provinces, was called shortly after 10 o'clock. McLeod was the first to appear in the ring. Danny Smith, Kid Martell and Mike Doran were in his corner. Ryan's second were Fred Flaherty and Johnny Craggan. Both men were liberally applauded as they were introduced to the crowd. McLeod looked heavier than his opponent and

seemed to be in much better shape. Ryan was pale and did not look the part of a champion.
At the call of time the men advanced to the centre of the ring and shook hands. Both were cautious at first, Ryan being the first to lead. He landed his right on McLeod's head, and the men exchanged rights and lefts. Ryan landed his right on McLeod's body, and the men rushed into a clinch. McLeod then swung his right and caught Ryan on the head with such force that he went spinning through the ropes. He was on his feet again though before the referee had counted ten, but only to be sent down again.

BUDGET OF NEWS FROM FREDERICTON.

FREDERICTON, N. B., Oct. 2.—There were eighteen deaths reported in Fredericton for the month of September, being the same number for the corresponding month last year. The deposits in the Savings Bank for September amounted to \$29,013.00, and the withdrawals \$18,401.18. The balance on hand in this bank now amounts to \$1,099,206.64.

In the customs house department there was an increase of over sixteen thousand dollars in the amount of duty collected during the month, as compared with September of last year.

The death occurred on Sunday at the home of Warden Scott, Dumfries, of Mrs. Wm. Snodgrass, deceased, who was over eighty years of age, leaves one brother, Warden Scott.

The banns of marriage were published at St. Dunstan's church yesterday of Arthur J. Ryan, the well known druggist, and Miss Margaret Jennings of this city; also those of Wm. E. Farrell, gent's furnishings, and Miss Katie Hanlon, daughter of Ald. Hanlon. Both weddings are to take place at an early date.

H. F. McLeod, accompanied by his brother, Norman P. McLeod, of Saint John, and John Fairley have started for the Magdalenas on a moose hunt.

The municipal elections in York and Stanley take place tomorrow, and some of the results are awaited with interest.

Gilmor Brown, C.E., who spent Sunday at his home, stated that Brown Bros. are making good progress with the Central railway repairs.

Already \$500 have been distributed and as many more are still to be distributed. About 100 men are at work together, while a steam shovel and two work trains with two locomotives and twenty-four cars are also in use. On Wednesday morning work upon the new concrete piers of the North bridge will be commenced. About 75 are employed at cleaning up the right of way and \$5,000 worth of pine has already been delivered.

It is expected that work will go on until Christmas. All Brown Bros. men are provincials and the firm is looking for more carpenters.

STOLE \$359,000 TO CARRY OUT BET.

Broker's Clerk Was a Model Young Man.

planned and carried out his scheme of forgery and robbery, not for any criminal motive, but solely to show by what a simple device the elaborate safeguards of the New York banks could be defeated.

Leonard's father turned over to the police the remaining \$50,000 in stocks and bonds, which he said had been found in a wardrobe in his house where his son had hid, after his arrest.

He had secreted them. The first clue that led to Leonard's arrest was obtained when the detectives traced the rubber stamp maker whom Leonard had employed to make the counterfeit certification stamp used in the check he presented at the National City Bank.

NEW YORK, Oct. 2.—By the confession of Henry A. Leonard, a young clerk in the employ of Halle & Steiger, brokers, at No. 39 Broad street, the mystery of the robbery on Wednesday last of \$359,000 worth of securities from the National City Bank was cleared today. Leonard, who lives with his parents at No. 184 East 184th street, was arrested yesterday on his way to church and kept in close confinement while the detectives continued their search for the missing money.

Every dollar of which was recovered today.

Leonard, who is only 24 years old, and who had previously borne the reputation of an industrious and thorough clerk, made his confession in his confession that he had given the maker an old certified check, which he had obtained from the National City Bank.

Leonard was held in the "dumb police" court for \$50,000 bail for further examination. On leaving the court he was on his way to prison he said, in response to a question: "I did it on my own."

NEW YORK, Oct. 2.—Mrs. Leonard, mother of the young man arrested in connection with the theft of the securities from the National City Bank, said that her son placed the unreturned portion of the money in a safe deposit box and given the key to a young woman.

It was reported today that Leonard was engaged to Miss Lulu Schrader, daughter of Harry Schrader, a well known broker, of the Bronx borough. Commissioner Schrader said that Leonard had called at his home frequently, but that he was not engaged to the young people so far as he knew. He declared that he believed Leonard was honest, and that he would aid him in any way he could.

A FAMILY REUNION
A pleasant family reunion took place on September 28th, at the home of John Howe, at Geary, Sunbury county. The children and other members of the family of Mr. and Mrs. Howe were present, with a few exceptions, and as it is some years since such a gathering took place the occasion was a most enjoyable one. A bountiful supper was served during the evening.

Mr. and Mrs. James E. Smith, Mr. and Mrs. Emory Howe, of Victoria; Mr. and Mrs. Hall Till, Mr. and Mrs. Randolph Carr, Mr. and Mrs. Grotz Carr, Mr. and Mrs. Dorcas Carr, all of Geary; Mr. and Mrs. John Gaskin, of Salmon, Me.; Mr. and Mrs. Jas. Maxwell, of Peterborough; Mr. and Mrs. P. Howe and Mrs. Frank Nell, of St. John (west); Mrs. Bradford Carr, George Anderson, the Misses Maud, Alice, Vergie and Florence Gaskin, the Misses Hazel Howe, Mr. and Mrs. Charles Howe, M. Howe, of Danforth, Me.; Miss Bertha, Elsie and Teresa Howe, W. Boone, D. Smith, Grant Carr and Stafford Carr.

NO ACTION ON BARBOUR'S REPORT

Referred to Water and Sewerage Board.

Chief Clerk's Salary Raised—Carlton Wharf Specifications Changed—Street Repairs Discussed

A meeting of the common council was held yesterday afternoon in the council chamber.

There were present Mayor White, Ald. Hamm, Lewis, McArthur, Holder, McDougall, Tilley, Prink, Pickett, Spence, Barr, Macrae, E. E. Farrell, Common Clerk Wardrop and Marshal Coughlan.

The reports of the various committees were adopted as presented.

Engineer Barbour's letter as published in yesterday's Star was discussed and on motion was referred to the water and sewerage board. Other communications were referred to the various committees.

Ald. Macrae reported on behalf of the sub-committee on the street railway branches on Paradise row and Pond street. The committee recommended that the branches be laid along King square to Sydney, and thence to Union, and to double-track City road as far as Stanley street, on the following conditions: 1. guarantee to macadamize the roadbed on the branches. 2. To keep in repair all sidewalks. 3. The location of tracks to be determined by the director of public works.

The committee considered the Pond street branch. To get the track there it would be necessary to go on the north side, where the embankment is at present. The committee thought the matter could not be reported on with its present information.

The railway was opposed by teamsters and others using that street. The company intimated a willingness to keep the street in repair.

The report was adopted by the Council.

Ald. Macrae said the tenders for new wharves held a penalty clause which put the contractors at the mercy of the dredgers, and he introduced an amendment to guarantee the construction of six feet above low water mark and the dredging to be completed within three months after the necessary dredging has been done. He moved the tenders be referred to the board of public works.

Ald. Baxter said that the wharf contractors should have their claim laid within three months after the time in which they are notified the dredging has been completed for the wharf.

Ald. Baxter opposed a \$10,000 bond guarantee, as the city would have to pay for it in the end.

Ald. McDougall wanted the wharf built under the supervision of the board of works. He asked of a man, Sydney who wanted to tender, and he thought the bidding would be warm.

His motion was referred to the board of public works.

Ald. Frink said the chairman of the board of public works would have nothing to do with the matter, as he claimed he was overlooked in the first place.

Ald. Bullock remarked that the only course was to send the matter back to the board of works.

Ald. Macrae made a scathing rejoinder to the proposition to send the matter back to the board of works. Ten days were called for October 10th, and there should be no delay.

Ald. Macrae's motion to change the specifications were actually changed.

Ald. Baxter stated that the House for surveyors of lumber is practically a farce, as many not holding licenses do surveying. The law should be enforced, he declared.

Ald. Hamm moved the re-appointment of D. H. Nease as school trustee.

Ald. Macrae said the school trustees should draw their money monthly from the chamberlain, and avoid an overdraft. The city can control the board, as they appoint six out of the eleven members.

The motion was carried.

Ald. McArthur brought up Chief Clerk's request for an increase of salary. He moved that the request of the clerk be complied with.

Ald. Macrae said he was the board's motion, the increase to take place November 1st next.

This was then carried by a vote of 8.

Ald. Bullock advocated some permanent street work being commenced by the city. The street between the city and Indiantown should have some permanent pavement. Since 1888 the block pavement has cost the city \$25,000 as a first cost, and \$41,000 for repairs. He said a preparation of brick pavement should be laid.

Ald. Bullock also preferred concrete curbing to asphalt sidewalks, and concrete curbing to granite blocks. The cost for the concrete is less than what we are now paying. He moved the director personally inspect the Montreal and Toronto permanent street paving, sidewalk and curbing, and to obtain all possible information as to price and duration, and to report on the matter.

Ald. McDougall seconded this, but he wanted the director to go to Cape Breton, where in Sydney fine pavement was recently constructed. The present system is wretched. There are no worse streets in any city for the chamberlain, and avoid an overdraft. The city can control the board, as they appoint six out of the eleven members.

Ald. Pickett said the director was not given a free hand, and was hampered in this respect.

There was no action taken on the matter, as the alderman had been gradually filling out of the room, and at this point it was discovered there was not a quorum present, so an adjournment was made.

SUSSEX FAIR OPENED UNDER GOOD CONDITIONS.

SUSSEX, N. B., Oct. 2.—The Sussex exhibition opened this evening with all conditions favorable for a successful show. The weather is fine and promises to remain so.

The exhibition building presents a better appearance than ever before. The exhibits are well arranged. The attendance was good for the opening night, and tomorrow's races will undoubtedly draw a large crowd. Among the noteworthy exhibits is that of the St. John's coal shipped by Evans Bros. & Co.

Ald. Macrae made a scathing rejoinder to the proposition to send the matter back to the board of works. Ten days were called for October 10th, and there should be no delay.

THE BOY'S PREJUDICAMENT.
One of our readers, whose veracity is above question, tells the following: The terrible news comes from the western part of the Cherokee nation that a boy climbed a cornstalk to see how the corn was getting along, and now the stalk is growing faster than the boy can climb down. The boy is clear out of sight. Three men have undertaken to cut the stalk down and save the boy from starvation, but it grows so fast that they can't hack twice in the same place. The boy is living on nothing but raw corn, and already has thrown down four bushels of corn—Cherokee, L. T. Times.

WHEN YOU BUY—BUY RIGHT.
When you buy Ozone buy "Solution of Ozone (the coupon kind)." It is the strongest and purest Ozone on the market. It is sold as a commercial product at reasonable rates, so that you get about twice as much as of other brands. Also each bottle contains a coupon which entitles you to a package of "Celery King," the well known remedy which must always be taken with Ozone. No other brand of Ozone gives you an opportunity to get the "Celery King" free. We own "Celery King," and that is why we can give it with our Ozone. "Solution of Ozone (the coupon kind)" contains about twice as much for your money as any other kind. It also furnishes you with "Celery King" for nothing. Insist on getting it from your druggist or write the Public Drug Co., Bridgeburg, Ont., who will send that you are supplied.

ST. JOHN STAR.

ST. JOHN, N. B., OCTOBER 3, 1905.

A LESSON FOR EMMERSON.

Mr. Emerson says that Canada would not stand for the appointment of a railway expert to manage the Intercolonial Railway, on account of the enormous salary such a man would demand.

The government of Victoria, Australia, thought differently from Mr. Emerson on this point and the Toronto World describes interestingly the result of the adoption there of the policy which our Minister of Railways opposes. Victoria, like Canada, suffered deficit after deficit in the operation of its railways. Of its \$250,000,000 public debt, no less than \$100,000,000 was incurred in railway construction and railway operation. Falling revenues and increased operating expenses had become a settled condition of affairs when the government of Victoria decided to eliminate politics from the management of the road and place it in charge of a recognized railway expert. Thomas Tait, formerly superintendent of transportation for the C. P. R., was chosen, and the practical results that followed not only proved the worth of Mr. Tait as a railway manager, but showed the possibilities of state-owned railways operated on strict business lines.

It was in June, 1903, that Mr. Tait assumed charge of a system of railways, which, for years, had been operated at a loss of \$5,000 a day. At the end of the first year he had increased the gross earnings of the road by \$350,000 over the highest revenue ever earned before. The net revenue was \$110,000, and more than the net revenue for 1900-01, the year with the largest previous traffic, and it was equivalent to over 3-1-2 per cent. on the railway debt of the state. While there had been large deficits during the three preceding years, amounting to \$400,000 in 1900-01, \$300,000 in 1901-02, and \$1,500,000 in 1902-03, there was a small surplus for the first year of Mr. Tait's administration of the road. It must also be remembered that the surplus of 1904 was in spite of a falling revenue, a condition which does not exist in our own government system of railways. And all this has been accomplished quietly, without any wholesale dismissal of men, and without causing any inconvenience to the public. By business management and the elimination of political graft Mr. Tait, whose salary is \$20,000, turned a \$1,500,000 deficit into a surplus in a single year. If a competent railway manager could accomplish results one-half as good on the I. C. R., where the last deficit was \$2,000,000, would he not be worth \$20,000 a year or even twice or three times or five times \$20,000?

EXPENSIVE INSURANCE.
The cost of carrying on the government industrial and mixed insurance in Germany is only a little over six per cent. of the income; the standard of expense in the British life assurance companies is about nine per cent.; the cost of insurance management in the American companies averages nearly twenty-five per cent.

The American companies last year took in from policy holders, including interest, \$580,000,000. Of this \$24,000,000, or 4.13 per cent. was paid out in death claims, cash on surrender or maturity, annuities, etc.; the surplus was \$550,000,000 or 95.87 per cent., was eaten up by expenses of management, including taxes. This extravagant and wasteful misuse of trust funds is the chief reason for the exorbitant cost of "old line" insurance under present conditions. Unless radical reforms are speedily forthcoming the growth of public sentiment in favor of a government system of insurance will develop until even the corporation-directed governments of the United States and Canada will be unable to withstand it.

NATIONAL PORTS.

The open advocacy of a national port system by so influential a Canadian as J. H. Ashdown of the Transportation Commission should hasten considerably the adoption by the government of a policy which the Conservative party is already pledged to support. Ports maintained at the expense of the whole country and open, free of charge, to the export and import trade of the whole country are the factor needed for the satisfactory solution of the Canadian transportation problem. The burden upon the people generally under such a system would be no greater than it is now, while the results would be immensely to Canada's profit. Under present conditions the port charges which steamships have to pay, in St. John for instance, are taken, in increased freight rates, out of the shipper who, in turn gets his reimbursement out of the people who buy or sell the goods imported or exported. And the tendency is to drive trade away from Canadian channels and Canadian ports. If on the other hand, the people paid the port charges directly, it would cost them little if any more, the burden would be more widely distributed, and the effect would be to conserve Canadian trade. Canadian railways and Canadian

The Loch Lomond contractors demand multitudinous extras from the city. The engineer in charge reports that had their work been efficiently and economically done there would have been no extra expenses. It does not need extraordinary acuteness to detect ground for litigation in this case, for the contractors have failed to force lavants and appeals and cost galore. Oh! for the good old days when we used to get our water from a spring in a wooden bucket—and it was good water, too. We didn't have to drink then what the hired man washed in.

GAYNOR AND GREENE.

Colonel Gaynor, of the United States militia, and Captain Greene, formerly of West Point, will now go home to trial. They were indicted six years ago for dredging and dock frauds, and the proceedings will be renewed where they broke off in 1902. It is fair to say that three years of the six covered by the law's delays were expended in various legal arguments and appeals in the United States. During that period the accused contractors were at large on bail. It was only when the time for the real trial came that the accused jumped their bail and fled to Canada. The United States military officer, who acted for the government in the matter of the contractors, and who was found to be in collusion with them and a sharer in their stealings, was convicted in 1902. He was sentenced to five years in the penitentiary, so that even if he got no allowance for good conduct, his term of punishment is out before his accomplices are brought up for trial. It is open to the three to compare notes and witness after all Gaynor and Greene would not have been wiser to take their sentence when it was due. As against this view, they have stolen a million dollars. They can keep up a fairly good legal fight on the interest of their money—Sun.

THE ROSSIGNOL.

Jus' as de sun is tryin' to climb on de summer sky,
Two little rossignols, over de mountain high—
Over de mountain, over de mountain,
Hear dem call—poor little rossignols!
Up we're de nest is in! High on de cedar bough,
We're de young hawk was cryin' over de mountain, over de mountain,
Hear dem call—poor little rossignols!
If he only had kissed her, Poor little rossignol!
But he was lo' he's sister An' it's alone he call—
Only a day of gladness, Only a night of sadness, Lastin' wile de life long;
Over de mountain, over de mountain, Hear dem call—poor little rossignols.
—Dr. Drummond.

SO IT DOES.

A professor while lecturing to his class on the subject of "Tornadoes" told the scholars that in the West were dug in the earth tornado cellars, where the people run to shield themselves from an approaching tornado. One young lad in the class stood up to ask the question: "And where do you go if you could find no cellar?" The professor looked at him curiously, and replied: "That all depends on how good a boy you are."

"Wanted, a strong horse to do the work of a country minister." is an advertisement which appeared in an English newspaper the other day.

Miss Billyanne—Yes, he said you had been telling him some capital stories.

A NECESSARY THING.

Mr. Koyne—Doctor, I desire to spend next winter in Florida.

Doctor Wise—Certainly madam. Have you selected your diseases yet?

A MISUNDERSTANDING.

Physician—Your husband should reduce his flesh.

Wife—But, doctor, he runs a market and can't afford to mark down his meat.

A PRACTICAL APPLICATION.

"Jane, do I not hear a male voice in the kitchen?"

"It's only one of my brothers, sir."

"I was not aware you had any brothers, Jane."

"Neither was I until this morning, sir, when you said in your sermon we was all brothers and sisters."—The Tattler.

A NEW INTERPRETATION.

Time—The Sabbath Day.

The Elder—Tammam, do you ken the meaning of a work o' necessity?

Tammam—Ay, fine that.

The Elder—Wis shootin' that hare a work o' necessity?

Tammam—It wis that.

The Elder—Hoo d'you mak that out?

Tammam—Yest, ye see, if I'd wait till the morn, the hare w'd have been awa'—Punch.

DISTRESSING POSSIBILITY.

The young mother gazed upon her first-born, and wept convulsively. They appealed to her to know why her great grief.

"Alas!" she wailed, as with intensest agony. "I'm afraid he will wear side whiskers when he grows up!" Browning's Magazine.

TWINS.

It was at the railway station and she was trying to buy half tickets for two children.

"How old are they?" asked the ticket seller.

"Only 11."

"Both of them?"

"They're twins."

"Ah!" exclaimed the man. He eyed them a moment and then remarked: "Pretty children. Where were they born?"

"This one in New York," answered the proud mother, "and the other one in London."

NOT VENTURESOME.

A Scotch butler was employed in an establishment where the master was seriously ill. One day the doctor called and said:

"I hope your master's temperature is much lower this morning than it was yesterday, James."

"I can no see that," the butler replied. "Master de'd this morning."

Friend—I suppose you're always glad to treat a patient who's never had any bad habits.

Doctor—Indeed I'm not.

Friend—How's that?

Doctor—Why, man, I can't order him to stop doing anything.—Louisville Courier-Journal

Red Rose Tea is Clean Tea

CLEANLINESS is as necessary to tea quality as to any other food.

Tea rolled by hand, cured by hand, weighed, blended and packed by hand may or may not be clean.

Every operation of making Red Rose Tea, on the plantation and in the warehouse, is performed by machines, the rolling and curing, the blending and weighing are all done by scrupulously clean automatic machinery.

Red Rose Tea is never touched by human hands from the picking to your kitchen.

Red Rose Tea is always clean. It cannot be otherwise, because it has no possible chance of contamination.

Its "rich, fruity flavor" cannot be impaired by foreign substance of any sort whatever.

WILL BUILD TWO MORE TURBINES.

Allans Have Placed Order With British Firm.

MONTREAL, Oct. 2.—The Allans have placed their stamp of approval upon the turbine steamship by ordering two more of these vessels from the British builders.

It is announced that the plans are now being prepared and the contracts let for the construction of two turbine steamships for the Canadian-British trade, operating between Europe and Montreal during the St. Lawrence navigation and Liverpool and St. John and Halifax during the winter.

The two new turbines will be of 18 knots speed, being a knot faster than the Victorian and the Virginia. The new vessels will also be of somewhat greater tonnage than the two turbines now in use. The new vessels will, it is expected, be ready for service in a year's time.

When the Victorian reaches the other side she will be immediately put into use as an excellent condition as she was before.

In the general overhauling which she still receives, new propellers will be introduced. It appears that it is still problem to fit a turbine with propellers out of which the maximum speed can be obtained with a minimum of power. It is expected that with a change in these propellers considerable additional speed will be obtained.

IMPERIAL OFFICER AT HEAD OF ARTILLERY

OTTAWA, Oct. 2.—It has been decided by the minister of militia to place an imperial officer at the head of the Royal Canadian Horse Artillery for the next two years. It is probable that the post of imperial officer now at Esquimaux will be given the position.

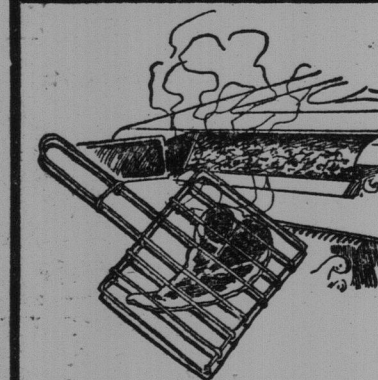

The government is in correspondence with the militia department at the present time.

The announcement in this despatch last evening that Justice McLean would succeed Justice Nesbitt on the supreme court bench, is confirmed in official circles.

Officers of the United States government were expected here today to see officials of the department of justice with a view to securing a speedy handing over of Gaynor and Greene. They were informed, however, that the matter now is entirely in the hands of the Quebec authorities.

Alderman N. Champagne has definitely announced that he will be a candidate for the mayoralty of Ottawa next January.

The government cruiser Canada will take another cruise to the West Indies during the coming winter.

POSITION OFFERED TO COUNT WITTE.

Chief of the New Ministerial Cabinet

ST. PETERSBURG, Oct. 2.—The position of chief of the new ministerial cabinet, the position of which is called for by the institution of the Imperial Duma with the right to interpellation, was offered to Count Witte Friday last by the emperor, according to current understanding. Count Witte today declined to confirm the report, but it is known that at the emperor's request he has abandoned his plan of going abroad in order to assist in the elaboration of the project for a cabinet and an official who is very close to Count Witte said that his nomination as chancellor might be expected within a month, simultaneously with the promulgation of the project on which the Solky commission will resume work as soon as Count Witte returns from a few days' trip to the provinces.

The emperor, it is said in court circles, recognizes fully the great services rendered by Count Witte and entertains the friendliest sentiment toward him. The count appears to be highly satisfied with the warmth of the imperial welcome and the title conferred upon him and the relations between the emperor and his distinguished subject are far closer and more intimate footing than before the statesman's selection as peace plenipotentiary.

Count Witte now occupies a commanding position in Russia. The attitude of the official world is manifested by the long lines of equipages seen in front of his residence yesterday and today belonging to officials who called to pay their respects to the second man in the empire, while the tone of the press and the expressions of the general public with regard to him are almost universally commendatory. The count is receiving resolutions of praise from many cities of the empire, and St. Petersburg Duma is planning to present him with an address of congratulation, so as to make up for the absence of an official welcome on his arrival.

MUNICIPAL AFFAIRS IN WESTMORLAND

Nominations For Councillors—No Contest in Botsford Parish.

SACKVILLE, Oct. 2.—Nominations for councillors for the county closed tonight. In Westmorland parish Wm. M. Spence, Port Elgin, the old councillors and Albert Wells, Point de Bute, a new man will be opposed by Willard T. Carter, Mt. Whaley, and Robert Prescott, Bate Verté. In Sackville parish the old councillors, Clinton C. Campbell and John Johnson, will be opposed by Wm. C. R. Forth and Albert E. Wry. There will be no contest in Botsford, the old councillors, Fred Meares, Port Elgin, and Wm. Peacock, Great Shemague, being returned by acclamation. The fight in Sackville and Westmorland promises to be warm.

SECOND DEATH IN LESS THAN SIX MONTHS.

The news of the death of James Atchison, son of the late Andrew Atchison, will be heard with regret by a large circle of friends and acquaintances. Mr. Atchison, who was in his twenty-first year, enjoyed a wide circle of popularity, being prominent in athletic sports of all kinds, and was of a very genial disposition. Mr. Atchison has been residing in Madawaska Brook, for the last seven years, though for nine months he has been compelled by illness to give up his position.

On Saturday last he seemed much better and was about in seeming good health. A sudden relapse occurred, and despite medical aid Mr. Atchison passed away at 10.30 last night.

He leaves a mother, two brothers and a sister to mourn their loss. A peculiar and feature is that only in an August last his brother George was lost while sailing in the bay with two companions.

GOVERNMENT WILL BUY PETEWAU SITE.

OTTAWA, Oct. 2.—The government has definitely decided to acquire the Petewawa site as a permanent military training ground. Experience there has been so satisfactory this year that it has led to the decision to acquire some 25,000 acres, at a cost of about \$60,000. The camp is located about fourteen miles north of Pembroke, Ont., on the main line of the C. P. R. The price paid for the land is about \$14 an acre, about the average value of the land in that district. Work to make the camp available for all arms of the service next year will be carried out during the winter. The artillery were heavily handicapped this season by lack of accommodations.

LEAVES COMMERCIAL LIFE FOR MINISTRY.

HALIFAX, Oct. 2.—R. B. Thomas, who for five years has been Halifax agent for the Canadian Express Company, has resigned to enter upon the work of the ministry of the Methodist church. He will labor at Waton this winter. L. B. Coleman, the present route agent, will temporarily take charge. Mr. Thomas' resignation is much regretted by the company and public.

POLICE HAVE PROMISING CLUE

To Solution of Winthrop Suit Case Mystery.

BOSTON, Oct. 2.—What the police consider a most important and promising clue to the solution of the Winthrop dress suit case mystery developed today, and by it the police believe they have learned the name of the man who bought the two dress suit cases at the South End pawnshops. The police have also secured a photograph of the man in question, and it is possible that an arrest will be made tomorrow.

The man, whose name the police do not care to make known at this time, is said to be the manager of the office of a Tremont street doctor, who is of doubtful reputation and whose place of business has for some time been under the surveillance of the authorities. The police claim to have evidence that criminal operations have been performed at the Tremont street office. The photograph of the man whose name tonight is so closely connected with the crime, has been shown to the two pawnbrokers and to Timothy Howard, the cabman, and all have identified the photograph as that of the man for whom the police have been searching.

Both pawnbrokers, Berkman and Rubin, are positive in their declaration that the man visited their places two or three days before the finding of the torso in Winthrop Bay, and purchased the dress suit case, one of which contained the dismembered body, while the second one is still missing.

Cab Driver Howard is equally as positive that the man was the smaller of the two that he took from the corner of Boylston and Tremont streets to the Chelsea ferry about 10 o'clock the night before the finding of the dress suit case. The man hiring the carriage had two dress suit cases. The police have not yet been able to locate the man, as he has been missing for the past few days, but they expect to apprehend him soon. It was through an acquaintance of the cabman and an agent of a collecting agency that the police secured their clue. The collecting agency had his photograph because of certain business relations and the probabilities of his being connected with the case. Samuel R. Wingfield, the two men held by the police over night in connection with the case, were released today, having been closely questioned by Captain Dugan of the Boston police, who has charge of all murder cases. Pawnbroker Berkman was called to headquarters and stated that neither man resembled the one who purchased the dress suit case. They have both been eliminated from the case.

Search for the missing members of the body has been resumed, as it is now considered time for them to rise to the surface if they were thrown into the water.

THINK BANK TRANSFER IS NOT PROFITABLE.

Some of the stockholders in the Bank of New Brunswick are not fully convinced that the transfer of their stock to the Bank of Montreal is a profitable transaction. They figure it out this way:

Supposing a man has ten shares of the stock. The transfer value is then \$1,500. For this he will receive \$1,500 worth of Bank of Montreal stock, or fourteen shares.

Now his ten shares of New Brunswick stock pay him \$100 per year, the dividend being twelve per cent, while on the Montreal stock, with a dividend of ten per cent, he will receive \$140. This leaves him twenty dollars to the good.

But as a holder of New Brunswick stock does not pay taxes on it, all taxes are paid by the bank, and the dividend is free of any charges. On the other hand, while holding the Bank of Montreal stock he will be called to pay on it in St. John \$1.75 per \$100 in taxes, or \$15.75 in all. Taking from this the \$20 which he would gain in increased dividends, he will be \$4.25 per annum poorer by holding Montreal stock than he is at present.

If Montreal stock is put at \$250 instead of \$250 he will be even worse off.

WILL TRY TO UPSET RECENT LEGISLATION.

The St. John Railway Company's opposition to the legislation passed at the last session of the provincial house is assuming definite form. An application will be made very soon to the minister of justice to nullify the amendment to the act.

This application, it is understood, will be opposed by Attorney General Pugsley on behalf of the provincial government, and by Recorder Skinner for the city.

The trouble between the Street Railway and the Lancaster highway board is by no means settled. The company has not yet given an answer to the compromise suggestion regarding the removal of snow from the streets, but negotiations have continued, though without much satisfaction to either party, and there are likely to be some lively developments soon.

NEPTUNE CLUB MEETING.

The meeting of the Neptune Rowing Club was held last evening, with President Frith in the chair. The first matter of business was in connection with the leasing of the Victoria grounds for football purposes. It was decided to go in with the Fairville and Beaver teams in a joint lease, and the president was delegated to make the necessary arrangements.

The annual hall was discussed at some length regarding the best date, and it was finally decided to leave the matter in the hands of a committee.

The finances were shown to be in a flourishing condition and the membership was further increased by the addition of several new applicants.

FOWLER'S GRIST MILL DAMAGED BY FIRE.

Fire broke out in Fowler & Co's grist mill, west end, about ten o'clock last night. The blaze originated in the boiler room, and when discovered was bursting through the roof. An alarm was quickly sounded from box 116 and the apparatus was soon on the scene. The firemen were not long in getting the fire under control and the building was saved. Fire and water together, however, damaged the boiler and engine, as well as the engine room and drying room overhead, to the extent of nearly \$400. It is understood that there is insurance. Had the hour been later or the flames gained more roadway before discovery, it is probable that the conflagration would have been a serious one.

PRINCE LOUIS ARRIVES ON THURSDAY OCT.

Word has been received that Prince Louis of Battenburg will arrive in St. John by rail from Halifax on Thursday, Oct. 6. Instead of Saturday, as first, as was at first announced. The ships will be here for three full days. The original intention was to send one of them to Campbellton, but this will not now be done.

Mayor White has not yet taken any steps towards arranging a programme, but it is likely that he and members of the provincial government, Col. McLean, aide-de-camp to Governor Snowball, and members of the autumn carnival committee will meet soon.

ARRESTED ON CHARGE OF INCENDIARISM.

Little Evidence Against Mrs. Margaret McNeill of Minutale—Barn Was Burned.

AMHERST, Oct. 2.—Mrs. Margaret McNeill of Minutale was arrested on Saturday on a charge of incendiarism, by setting fire to a barn at that place belonging to Mrs. Charlotte K. Seaman. The examination took place today before Justice Casey, Hon. Mr. Pipes prosecuting and Mr. Ralston defending. According to the evidence she was near the barn half an hour before the discovery of fire. She admits this, but said she was there to drive her geese from the potato field. She was in a neighbor's house at the time of the fire, when she says she first was apprised of it. No animus against Mrs. Seaman was shown, and her husband has been in the habit of working more or less for the lady for several years. So far there is very little incriminating evidence against her, and it is singular that she would set a fire which seriously threatened the house she occupied, which was a few yards distant and the destruction of the contents which she and her husband owned. Moreover, midday is a strange time for an incendiary to select. The woman is about 37 years old and has not the appearance of a criminal.

The report about two barns having been burned on Saturday is incorrect.

CAUGHT BEAR IN ORCHARD.

MONCTON, Oct. 2.—Gabriel Milton shipped from Salsbury today for the St. John market the carcass of a fat young bear which he captured in a back orchard on his father's farm. Bruin was fond of fruit, but avoided all traps till one was cleverly arranged, covered with soda and leaves, etc. Some choice fruit was placed near, and Bruin walked into the trap, where young Milton shot him. The skin was an extra fine one.

Several moose have been seen within a short distance of town lately, and on Saturday Brock Price shot a fine bull at the Portage. The carcass weighed about a thousand pounds.

Chief Tingley, acting on a telegram from the chief of police at Amherst, located one Murray, employed as a tailor, who had left Amherst some days ago, asking with him another man's overcoat. It is claimed Murray offered the coat, a silk lined raglan, for sale for five dollars, and eventually pawned it for two dollars. An officer from Amherst arrived today and escorted Murray back to Amherst this afternoon.

WILKINS-ESTABROOKS.

Pretty Home Wedding This Afternoon on Elliott Row—St. John Girl Marries American Doctor.

A pretty home wedding took place this afternoon at 3:30 o'clock, at 64 Elliott Row, when Miss Minnie Estabrooks, daughter of George J. Estabrooks, commercial traveller, and Dr. Charles Downes Wilkins, of Brattleboro, Vermont, were united in marriage.

The bride, who was given away by her father, was beautifully gowned in white silk columns over white tulle with point lace trimmings. She carried a shower bouquet of white bridal roses. The bridesmaid was Miss Grace Estabrooks, sister of the bride. Her costume was a handsome one of pale blue silk mullin, and she carried a bouquet of pink roses. The groom was supported by A. C. L. Tapley, Jr. There were four little flower girls, Lois and Audrey Cross, Madeline Frances and Bessie Morrison. The nuptial knot was tied by Dr. C. G. Oakes.

Upon the conclusion of the ceremony a luncheon was served at the house, at which the intimate friends of the happy couple were present. Dr. and Mrs. Wilkins leave by train this afternoon on a bridal tour through the White Mountains, returning then to Brattleboro, where they will make their home. The bride's travelling suit is grey, with white gull-breast hat.

Although the bride has been for a number of years away from home, both as a student and as a practicing nurse, she was the recipient of a very large number of handsome presents from her friends here, as well as in the United States. The groom's present to the bride was a pearl pendant and to the bridesmaid a pearl pin. The bride presented her flower girls with gold safety pins.

The house was very tastefully decorated for the event. Quite a number of guests from outside were present, including Mrs. Wilkins, of Truro, mother of the groom; Mrs. Percy Dickson, of Moncton; Mrs. W. H. Crandall and Miss Crandall, of Moncton; and Miss Hattie Dickson, of Hillsboro.

MUNICIPAL COUNCIL MEETING.

The municipal council met this afternoon at 2:30 and the meeting is likely to be an interesting one as the street railway extension to Fairville is likely to come up.

The committee on finance and accounts in their report recommended the payment of the following amounts, such payment to be made out of the contingent fund, except as otherwise directed: George A. Knodell, Frank L. Kenney, M. D., Coroner, D. E. Berryman, M. D., Coroner, James McNamee, County Treasurer, Rodger Hunter, Richard Coughlan, Bank of N. B., Henderson & Hunt, W. P. Thompson and County Secretary. The committee further recommended that the amount due the several boards of assessors for making the assessment lists be paid on certificate of the auditor.

STIFF SENTENCES AT POLICE COURT.

Inmates of House of Ill Fame Punished.

Jail, Good Shepherd's Home and Almshouse Get Them—Two Men Promise to Take The Pledge.

There were three prisoners at the police court this morning, and Magistrate Ritchie was in no way lenient with them.

John Wickham, arrested for being drunk, was called and said he had kept the plea for three months, the time expired a couple of weeks ago, but he attended lodge last night, and there he procured liquor from a bottle that made him drunk. He had a sick wife and four children at home, the youngest child only five days old. If allowed to go he would take the pledge for life. Two sentences were hanging over him, and with a good lecture he was allowed to go, providing he took the pledge.

A man named Halliday, another drunk, was fined \$8. He was short of ready cash, but requested that an officer take a watch to a pawn shop and get enough money to pay the fine. The officer refused to become a party to any such transaction, and the prisoner requested to be led to his cell, as he was sick.

Minnie Ryan, about 25 years of age, was arrested by Policeman Crawford between eleven and twelve o'clock last night coming from the old Lloyd wharf, on Smythe street. The girl admitted that there had been a man with her, but he escaped. During the march to the lockup Minnie resisted the officer and stuck a hat pin in his several times.

She told the magistrate in court this morning that she resided in Fairville and had been visiting a cousin in Carleton, and was found by the police on her way to a sister's home on Harris street. This is the second time that Minnie has been before the court for being out late at night, and she was sentenced to spend ten months in the House of the Good Shepherd.

At eleven o'clock the magistrate sent for the following remanded prisoners: Susie Burns, charged with keeping a bawdy house in an alley off Duke street, and Della Kennedy, Lagenia Hall, Frank Kennedy, Henry Burke and two children, one a son of the Burns woman, aged five years, and the other baby, a son of the Kennedy girl, about two years old.

Susie Burns was sentenced to jail for six months, Frank Kennedy was told that he was liable to a fine of \$50 or six months in jail, but was sent to jail for three months. Henry Burke, on being called, was told that his age of 18 years was not a sentence. He was told to bring a certificate from a clergyman to the effect that he promised to be a good man, to live a good life, and he was allowed to go and a suspended sentence.

The other of the two-year-old child, was told that she would be sent to the Alms House. She passed the child to the prisoner sitting next to her on the bench, and walking up to the magistrate said that she did not want to go to the Alms House, as she had been there before and that she was not treated right. She would rather do months in jail than go to the Alms House.

Lagenia Hall, aged 12 years, was like the Kennedy woman, sentenced to a term in the Alms House, and told that she might look after the little Burns child. At this stage of the proceedings the magistrate told the prisoners how the children would attend school, and Mrs. Burns came forward and said that she was much obliged to the court for having her child sent there, so that they would not be allowed to run about the streets. The magistrate explained to the Hall and Kennedy girls that should they try and escape from the Alms House that they would be liable to be sent to Dorchester penitentiary for not less than two years.

He also told the Burns woman and Kennedy that they were liable to be recalled on the charge of adultery, and that their good conduct while in prison might prevent this charge being made against them.

These prisoners were sent into jail, while the Ryan girl was repentantly placed in a police station cell until such time that she will be conducted to the Waterloo street home.

MOTORMAN ASSAULTED A PASSENGER.

Disgraceful Scene in a Douglas Avenue Street Car—Employee of Company Punched Old Man.

Passengers on one of the cars on the Douglas ave. line last evening about nine o'clock were witnesses of a rather peculiar scene when a motorman did his best to punch one of the passengers.

The car, which the passengers say was No. 56 was on its way from Main street to the bridge with only a few on board including an old man who was somewhat under the influence of liquor and a motorman, dressed in his uniform but apparently not on duty, who was in a similar state.

The old man seemed perfectly harmless and was keeping quite quiet but as the car moved along the motorman got into a discussion with him and a war of words followed.

At last the motorman accused the other of calling him "a liar." This the old man denied saying that what he said was that the motorman had lied, but the motorman saying that it was the same thing started to strike at him right and left. Up to this, the conductor of the car had not interfered but when two of the passengers attempted to draw the motorman off, he gave them half-hearted assistance. It was only with the greatest trouble that these two gentlemen could keep the motorman from continuing his assault.

The passengers on the car were very indignant about the matter and consider that the street railway should take steps to prevent its officials at- tacking passengers. The conductor when asked to give the motorman's number refused to do so. As it happened there were no ladies in the car but if he had been, it would hardly have made any difference. As it was, those present were shocked by the vile language which was used.

LITTLE GIRL MISSING.

Mrs. Catherine O'Brien, of 18 Meadow street, has asked the help of the police in her search for her daughter Emily, who has been missing ever since yesterday at noon.

Little Emily O'Brien, who is about ten or twelve years of age, is the daughter of a sailor, and the wandering instinct seems to have descended to her also. Yesterday morning, having borrowed fifty cents, she left the house. For some time her mother thought nothing of her absence, but when night came on and she had not returned, she became very anxious, and as the time went on and still she did not turn up the anxious mother went to the police. Her last seen place was the little girl has gone to Norton, where she has some friends.
