## SUPREME WAR COUNCIL MET TO CONSIDER THE ARMISTICE. QUESTION A DIFFICULT ONE

The Question Was Not Only One of Dilatory Methods of the Germans in Carrying Out Conditions Relative to Handing Over of Material, But of Other Considerations of a More General Character.

Paris, Jan. 13.—The Supreme War Council re-assembled at the French Foreign Office at 2.30 o'clock this afternoon. President Wilson and French, British and Italian and Japanese delegates were present. It was the first time that Japanese delegates had attended. The first business before the Supreme Council was the new terms for the extension of the German armistice. The terms had been formally drawn up at a meeting this morning, of military, naval, economic and financial experts of the Allies and the United States. The morning meeting, which was presided over by Marshal Foch, reached a complete agreement on the new armistice terms.

Those present included Premier Lloyd George and Foreign Secretary Balfour for Great Britain, President Wilson, Secretary Lansing, General Bliss and Herbert C. Hoover for the United States, Premier Clemenceau, Foreign Minister Pichon, Finance Minister Klotz, Minister of Commerce Clementel, Minister of Reconstruction Loucheur, Marshal Foch, Major General Weygand and Admiral De Bon for France; Foreign Minister Sonnino for Italy, and Viscount Chinda and Ambassador Matsui for Japan.

All the ministers of the Versailles war council also attended, including General Sir Henry Wilson, the British member.

Paris, Jan. 13.—The armistice question, as taken up by the Supreme Council yesterday, proved a more difficult one than was anticipated, and, as this was the pressing matter, the armistice delegates having been summoned to meet at Treves on Tuesday and Wednesday, everything had to be done before it. The question was not only one of the dilatory methods of the Germans in carrying out the conditions relative to the handing over of material, etc., but of other considerations of a more general character. The attention of the council was particularly held by the reports of internal conditions in Germany, and the revolutionary situation that had developed in Bremen.

In this connection, also, the council examined the Polish situation. The Germans, contrary to the stipulations of the clauses in the armistice, with regard to the eastern front, are reported to be manoeuvring in every possible way to impede the Poles in organizing their country, and in defending themselves against the advancing Bolshevik forces.

It is understood that, as the result of the various reports, the Council decided that further guarantees would be required of Germany for the renewal of the armistice. The guarantee, it was said, would be both economic and military, but in exchange, it was added, the provisioning of Germany would be considered.

The subject of these new guarantees demanded careful study, and it was this fact that led to the calling together of the experts this morning. The results of their deliberations were to be submitted to the Council this afternoon, at which time it was hoped it would be possible to draw up the new terms which Marshal Foch would present to the Germans at Treves.

Reached Agreement.

Paris, Jan. 13.—(By the Associated Press)—An official communication, issued after the adjournment of the Supreme War Council today, says: "The meeting reconvened an agreement as to the terms on which the armistice is to be renewed on January 17. This included naval clauses, financial clauses, conditions of supply, and provision for the restitution of material and machinery stolen from France and Belgium by the Germans. "The meeting also continued its discussion of procedure. It was agreed to hold the next meeting of the Supreme War Council on Wednesday 15, 1919, and that the first full session of the Peace Conference will take place on Saturday, January 18th, at 2.30 p.m., at the Foreign Office.

## FOOD ONLY EFFECTIVE BARRIER TO SPREAD OF BOLSHIEVISM

President Wilson Urges Congress to Appropriate \$100,000,000 for European Food Relief—Food Relief is Key to Whole European Situation and to the Solution of Peace.

Washington, Jan. 13.—In a message today solemnly urging Congress to appropriate the \$100,000,000 requested for European food relief, President Wilson said Bolshevism, steadily advancing westward, could not be stopped by force, but must be stopped by food. Food relief, he said, was the key to the whole European situation, and to the solution of the only effective barrier to Bolshevism was food relief. He added that it was impossible to inaugurate the Peace Conference until proper auspices without previous adequate provisions to cope with this situation.

## Strikers and Agitators Are Arrested in Buenos Aires

Buenos Aires, Jan. 13.—Three hundred strikers and strike agitators were arrested Sunday in Buenos Aires, it is reported from Government sources. This makes the total for the last three days eight hundred, eighty per cent of whom are Russians. Some of the ringleaders were arrested, and were lashed by the police officers and dragged to the police stations. Those arrested included Pedro Wald, known as "President of the Soviet Government," and all other officers of the "New Republic." Ten per cent of the agitators are Argentinians, and ten per cent are of various nationalities, in addition to the eighty per cent of Russians. The prisoners, who are confined in military barracks, boast that the movement will be renewed on May 1, but the Government believes that the arrest of 800 of the ringleaders will end the trouble.

## SOLDIERS ARE PRAISED FOR THEIR COOLNESS

Heroic Work Performed by the Men Who Were Able to Lend Aid to Their Fellows.

NO SCREAMING OR YELLING

Two Who Met Death Were Crushed Between Car and Rock Cut.

Ottawa, Jan. 13.—The Militia Department has received a report from Captain H. S. Lundgren, the officer in charge of the troop train which was wrecked near Edmundston, N.B. when three men were killed and a number wounded. After describing the shock due to the derailment of the last six cars on the train, Capt. Lundgren says: "I found that the last six cars of the train, including the tourist, commissary and four colonist cars, had been badly derailed about a 25-foot embankment, turning on its side with two feet of the car showing above water. The car which was about a foot thick. The bank was deep at this point that it was impossible for a man to climb with any help, so I got all the men available to join hands and make a ladder to help them out. The men who could extricate themselves from the car crawled out through the window and the door. Two men pinned between the car and the bank, with only their heads above water for over half an hour, but thanks to the splendid work of some of the N. C. O.'s and men, they were finally freed. I might especially mention Sergeant J. Callaghan, Sergeant Mackie and Private J. N. White for the coolness displayed and their untiring efforts.

"The three men who were killed had been in one of the last four colonist cars, Corporal Smith being partly thrown out of the window and his head crushed between the car and the rock cutting. I think Corporal Stang and Lance Corporal Johnson met their deaths between the cars when they were crushed. "Too much praise cannot be given to the N. C. O.'s and men on the ill-fated train for the cool and orderly way they carried out. Not a man got excited, nor was there any screaming or yelling heard, as I have seen reported in the papers."

## NINE KILLED IN TRAIN WRECK

Rear-End Collision on Philadelphia and Reading.

Philadelphia, Jan. 13.—Nine persons were killed and more than a score injured tonight when the Scranton Flyer, on the Philadelphia and Reading Railway, crashed into the rear of a Doylestown local train, which the latter was standing a quarter mile below Port Washington station, fifteen miles north of this city.

The rear car of the local was demolished. Several passengers, who were killed outright, were mangled almost beyond recognition. Two others died while they were being rushed to hospitals.

## TWO AVIATORS KILLED

Fort Worth, Texas, Jan. 13.—Two aviators, Lieut. John E. Garbut and Mechanic H. L. Quinn, were killed here today, when their plane dropped into a tall spin and fell 5,000 feet.

## AERIAL TRANSPORT

Melbourne, Australia, Jan. 13.—A company has been formed under the name of The Aerial Service Limited, of Australia, to finance an aerial transport flight from Australia to London. The voyage will be made by way of the Dutch East Indies and Bagdad.

Plans Made for a Girls' Residence with Accommodation for Fifty.

Special to The Standard. Halifax, Jan. 13.—The Governor of Dalhousie College is preparing plans for a girls' residence, to accommodate fifty and to be built on the campus at Stanley. The Atlantic Societies have a fund in hand as a starter amounting to several thousand dollars.

## ALLIED DISAGREEMENT OVER RUSSIA IS ENDED BY DISCLOSURE OF PICHON'S NOTE SHOWING UP THE BOLSHIEVIKI

Supplies and Relief Conference Consider Supplies for Allies

Relief Situation for Europe Makes it Indispensable That German Shipping Should be Placed at Disposal of the Associated Governments.

Paris, Jan. 13.—An official communication regarding the work of the Supply and Relief Conference says: "At their second meeting on January 12, the Supreme Council of Supply and Relief continued their discussion as to finance. An estimate of the requirements for the first instance for the relief of allied, neutral and non-aligned countries, other than Germany, was agreed upon, and the subject was referred to the representatives of the Associated Governments for their consideration and report. "The council took into consideration the measures already in progress for the relief of allied, neutral and non-aligned territories, and decided on certain action to provide and expedite supplies. The councilors were of the opinion that it is expedient to propose for additional supply of food in Germany before the next harvest is gathered. Limited supplies are available for this purpose without in any way affecting the priority of the supply which must be secured to the allied, liberated and neutral countries. "The council further agreed that the supply and relief situation for Europe makes it indispensable that German shipping should be placed at the disposal of the associated governments. "The council also considered matters affecting the supply of food to prisoners of war and the relief of Belgium."

## CHARGED WITH ABDUCTION

Young Man Arrested in Halifax on Order of Sydney Police.

Special to The Standard. Halifax, Jan. 13.—Chief, McCormack, of the Sydney police, arrived here today to take back to Sydney with him George Holland, charged with abduction. Holland, who is twenty-two years of age, left Sydney a few days ago with a young girl named Thompson, and came to Halifax. The parents of the girl notified the Sydney police that their daughter, who is under eighteen, had been abducted. It is claimed that the girl is available until tomorrow. The War Office is also proceeding on her voyage to England.

## MEN RESCUED FROM CASTALIA

Being Taken to Norway by Berjnsford Which Was Ordered to Proceed on Her Voyage.

Halifax, Jan. 13.—The men rescued from the Castalia today are being taken to Bergen, Norway, by the Berjnsford, which has been ordered to proceed on her voyage. Officials of the United States Shipping Board, to which the Castalia belonged, state they have received no list of the names of the men. They are expecting the possibility that they may not be named at any moment, but emphasize the possibility that they may not be named until tomorrow. The War Office is also proceeding on her voyage to England. The United States naval tug Tallapoosa, which is bringing to Halifax the crew of the Gloucester schooner, taken off the Labrador coast, is also proceeding on her voyage to England. The Tallapoosa has been diverted to the position of the Castalia, which she will endeavor to tow into port.

## MARTIAL LAW IN BUENOS AIRES

Ten Thousand Reserves Have Been Summoned to the Colors—Total Number of Prisoners Now Reported as 2,000.

Buenos Aires, Jan. 13.—(Associated Press)—It was decided today by the President and the Cabinet to declare martial law in Buenos Aires. The order for the declaration has not been announced. Ten thousand reserves have been summoned to the colors, and the military cadets have been called from their vacations. The total number of prisoners taken by the police is now reported to be about 2,000. The intervention of Russian officers reveals that nearly all of the prisoners were fugitives from Russia on account of revolutionary activities here. Pedro Wald, known as "President of the Soviet Government," is reported to have died from injuries received while resisting arrest. The military cadets, 6,000, say that the only thing which saved them from the arrival of General Dellepiane.

## BANK TELLER GOT PINCHED

Embezzled \$30,000 from Cambridge, Mass., Institution—Arrested at Montreal.

Cambridge, Mass., Jan. 13.—William Reisher, who has been arrested in Montreal, charged with embezzling \$30,000 from the Manufacturers' National Bank of this city, had been employed by the bank as teller. He had been missing since early this month. Officials of the bank, while admitting Reisher's connection with the institution, declared that the accounts of the bank were intact.

## SPUD SHIPMENTS TO HAVANA

Nova Scotia Potatoes Finding a Market in Cuba—Preferred to U. S. Spuds.

Halifax, Jan. 13.—Potatoes are being shipped in large quantities from Halifax to Cuba by the United Fruit Companies, Ltd., and private operators. The four masted schooner Dorchester sailed yesterday with 12,000 barrels. The price in Havana is about two dollars per barrel. The customs in Cuba gives a preference to the United States of about 20 cents per kilo, nevertheless, potatoes from Nova Scotia and New Brunswick are being shipped in large quantities in keeping quality and in other respects.

## ANTI-TRUST LAW WAS DISREGARDED

Twenty-one Individuals Are Now on Trial in U. S. Federal Court.

New York, Jan. 13.—Twenty-one individuals and seventeen corporations, composing the membership of the National Association of Automobile Accessory Jobbers, were placed on trial in the federal court today on an indictment, returned nearly a year ago, charging violation of the Sherman anti-trust law.

## Throws Strong Light on Attitude of Powers Regarding Russia and Bolsheviki

CRYSTALLIZES ANTI-BOLSHIEVIK DECISION

Much Speculation as to How Official Socialist Organ Succeeded in Obtaining Pichon Note.

## MEANT TO EMBARRASS THE GOVERNMENT

Its Effect Has Been to Strengthen Clemenceau's Government in the Eyes of the Whole World.

Special Cable to St. John Standard. (By Bampton Hunt, Copyright 1919, New York Tribune Inc.)

Paris, Jan. 13.—The publication of Foreign Minister Pichon's note refusing recognition to the Bolsheviki, has attracted attention in the Paris press, and throws a strong light upon the varying attitudes of the Entente Powers with regard to this vital question. For the moment, apparently, any likelihood of differences between the powers has been allayed. The "Temps" tonight states that it has every reason to believe there will be no further discussion between the Allies upon the question raised by Pichon's note. "In the daily informal discussions which have taken place," the "Temps" says, "the representatives of the governments of the associated powers have shown themselves inclined to follow the lines laid down by Pichon. As significant of the mutually conciliatory attitude at the conference of the representatives," the "Temps" adds, "that this is only one instance of a similar kind, it is constantly happening," it says, "that after having suggested different methods, the various governments very soon agree to adopt a solution proposed by one of them."

There is much curiosity here as to how, in view of the elaborate precautions taken by the Allies to safeguard their diplomatic documents, the official Socialist journal, "Humanite," succeeded in obtaining a copy of Pichon's note. It was the only newspaper to publish yesterday. The object of the Socialists in publishing the note was, of course, to embarrass the government. It was evident from the leading paragraph of the article: "The Franco-English disagreement. England proposes in the name of Georges Clemenceau, M. S. Pichon refuses."

The effect of the Socialist "beat" has been to strengthen Clemenceau's government in the eyes of the whole world. Many of the papers comment as length on the Pichon note, and, with the exception of the Socialist journals, are absolutely in agreement with the course taken by the foreign minister.

The "Temps," on the whole, does not regret the publication. "After the shonorable revolutions," it says, "which Scavenius (the Danish minister) brought from Russia, after the intervention of the British minister," (Continued on Page Eight)

## BUYS STEAMERS FROM BRITISH

Cunard Steamships Company Purchase Six Cargo Carriers.

New York, Jan. 13.—The Cunard Steamship Company has purchased from the British Government six cargo steamships in an aggregate tonnage of 19,734. It was announced here tonight. The vessels, standard cargo carriers built by the British Government for use during the war, will be company in active service by the company. The purchase price was not made public. The vessels, which were of the "Carnegie" type, have been renamed. Their names and tonnage follow: Vitellia, 4,400 tons; Vinellia, 4,420 tons; Verantia, 5,185 tons; Venetia, 5,222 tons; Venetia, 5,225 tons, and Venetia, 5,272 tons.

## THREE BANDITS MAKE BIG HAUL

Seized Satchel Containing Between \$7,000 and \$8,000 and Made Clean Getaway.

Cleveland, O., Jan. 13.—Three bandits this afternoon help up the superintendent and cashier of the National Biscuit Company, seized a satchel containing between \$7,000 and \$8,000 and escaped. The officials were bound for a bank to deposit the money when they were held up, in the heart of the downtown section. The robbers escaped.

## FIRE DESTROYS PHILA. PLANT

Big Manufacturing Concern Suffers \$500,000 Loss.

Philadelphia, Jan. 13.—Fire today destroyed the plant of the A. Colbourn Company, manufacturers of spices and condiments, causing a loss estimated at \$500,000. Ten firemen were overcome by the fumes from the burning spices.

## IMPERIAL SERVICE BADGE WILL BE ISSUED ON DEMOBILIZATION

Men Honorably Discharged Because of Wounds or Sickness After Service in England Are to Receive the Insignia Which Shows They "Did Their Bit."

Ottawa, Jan. 13.—Some misunderstanding appears to have been caused by a statement in the press to the effect that the Imperial Service Badge, granted to men honorably discharged because of wounds or sickness after service in England, would not be granted, generally, on demobilization. The object of this badge, issued by the Imperial, and not the Canadian authorities, was to mark the man who served in a civilian capacity during the war period in such a way as to show that he had "done his bit" and been honorably discharged.

Some time ago the Militia Department called the British War Office for information as to whether the issue of this badge would be continued now that the armistice was signed, and on what basis. A reply has been received that it will be issued under new regulations not yet given out.

When these regulations are received, the military authorities will draft similar regulations applicable to Canadian soldiers. It is more than probable that the Imperial badge will be issued only to men, the reason for whose discharge is medical unfitness.

MALE AND FEMALE TEACHERS WANT INCREASE IN SALARIES

Two Delegations Appeared Before Board of School Trustees Last Evening—Strong Points Presented Showing Why Teachers Should Receive More Pay—Trustees Favor Request, But State Matter is Up to Common Council

Two delegations appeared before the Board of School Trustees at their meeting last evening, both being from the teachers of the city, and each asking for an increase in their salaries.

Members of the Board present were H. Emerson, chairman, M. Coll, George Day, Thos. Nagle, E. R. W. Ingraham, H. Colby Smith, J. D. Lewis, G. Herbert Brown, and Dr. H. S. Bridges, Supt. of Schools.

The first delegation to be heard consisted of fifty female teachers, three from each school. Miss Emma Fairweather, secretary, read the following letter:

St. John, N.B., Jan. 11, 1915. To the Board of School Trustees of the City of St. John, N.B. Ladies and Gentlemen—At the regular monthly meeting of the St. John Teachers' Association, held on Friday, January 10, 1915, it was decided that a strong delegation from the association should appear before your Board to urge that the one hundred dollars asked for in our petition of last June be granted, such increase to take effect from September 1, 1915.

We feel that our work is most important. We know from statistics that in many vocations the employees are receiving much higher salaries than we are.

We once more beg to call your attention to the enormous increase in the cost of living, this making the purchasing power of the salary we now request less than that of ten years ago.

In this reconstruction period we know that nothing is more important than the training of the youth of the country for the best possible citizenship, so that the children now growing up may be capable of taking the place of the trained and efficient men and women who went overseas to fight and work for Canada and the Empire.

We are sure that no child can be fitted for any position of importance or for any sort of worthy citizenship without the educational foundation laid by good teachers. We are endeavoring to the best of our ability to carry on this high and necessary work and we feel that our services should be recognized by a suitable remuneration.

EIGHT QUALIFY FOR FELLOWSHIPS

Provision Made for Twenty-five Studentships and Fellowships in Research Work.

Ottawa, Jan. 13.—Three fellowships and five studentships for research work this year have been awarded by the Council for Scientific and Industrial Research. Although provision was made for twenty-five studentships and fellowships, only eight have been awarded.

Each studentship carries a grant of \$750, while the grant for fellowships is \$1,000. The subjects under investigation are: (1) the study of the effects of various types of radiation on the growth of plants; (2) the study of the effects of various types of radiation on the growth of animals; (3) the study of the effects of various types of radiation on the growth of micro-organisms.

ACID STOMACH IS DANGEROUS

Often Followed by Serious Gastro Ulcers, Says Authority. Most Frequent Cause of Dyspepsia and Indigestion. Says Gae Stomach Sweet With Magnesia.

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, 1661 fermentation, etc., are caused in many times in ten by chronic 'acid stomach,' says a well known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining, and often leads to gastritis accompanied by dangerous stomach ulcers. Don't dose an acid stomach with pepin or artificial digestants that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines. The acid, which caused the trouble, remains in your stomach as dangerous as ever.

Instead, neutralize or sweeten your acid stomach after meals with a little hot water and Bisurated Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better to sweeten and settle an acid stomach than a good magnesia bath. It soaks up the harmful excess acid much as a sponge or blotting paper might and your stomach acts and feels fine in just a few minutes. Bisurated Magnesia is the special magnesia that should be used for this purpose, and it can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive.

Sat Up in Bed To Get Her Breath

Palpitation of the heart, shortness of breath, inability to lie on the left side as if smothering, oppressive feeling in the chest, dizzy and faint spells, tired, weak, worn out feeling, voluntary twitching of the muscles, sleeplessness, restlessness, etc., all point to the fact that either the heart or nerves or both are not what they should be. Any of these conditions should be remedied immediately so as to avoid a complete breakdown of the whole system.

Milburn's Heart and Nerve Pills will bring energy to the weakened constitution, strengthen and regulate the heart, and tone up the tired, overworked nerves.

Mrs. William Stevens, Chemist, Road, N. B., writes: "I have been a great sufferer from nerve troubles and palpitation of the heart, which was bad I had to sit straight up in bed for several days. I could not get my breath. I could not lie on my left side at all. I tried doctor after doctor, also several different remedies, but got no help from them. My mother told me to try Milburn's Heart and Nerve Pills. By the time I had used one box, I was feeling very much better. I am now able to lie on my left side and enjoy a good sound sleep, and can now I am in perfect health and feel as well as ever."

50,000 DEPENDENTS

Number Includes Wives, Officers and Men's Licenses.

Ottawa, Jan. 13.—Approximately fifty thousand dependents of an soldiers overseas are in the job lines at the present time, others to some 22,000 already dependent to the number of dependents to the number of dependents here.

Under the Government's policy announced today, these 50,000 dependents brought to the Dominion expense. The number includes children and other dependents, non-commissioned officers and men of the Canadian Expeditionary Force still serving overseas.

In addition to this number, dependents to the number of dependents here, who have to Canada since the signing of armistice, and who have paid now because of railway fares, have the money expended by the Government, the new system being retrospective to date.

Although full particulars are not available, it is well estimated that for the great majority of the 50,000 dependents still to Canada are the wives of soldiers who were in Great Britain the outbreak of the war, of whom will see the shores of Dominion for the first time.

CHATHAM FREE OF INFLUENZA

Newcastle and Chatham Soldiers Engage in Combat for Highland Soccer Cup.

Chatham, Jan. 13.—The death influenza of Murdoch Cameron Black River, one of the men sent to the Isolation Hospital from M. A. & R. Legion camp on the Seaside, was surely doing his duty. The body was taken to Black River for interment.

Chatham and Newcastle will engage in a friendly football game on no man's land in Chatham tomorrow, for the possession of the Highland Soccer Cup. Chatham is officially declared to be free of influenza. The last placard being removed today. The Isolation Hospital will close tomorrow. The disease throughout has been severe here, but in many parts of the province, and with fewer deaths.

NEW BRUNSWICK BOY HONOR

Moore's Mills, Jan. 13.—Friend Captain Miles G. Brown, C. A. M., will be pleased to learn that he has been awarded the Military Cross for his good work at the battles of the Somme, Arras and Amiens, caring for the wounded under heavy shell fire. He is a son of Mrs. Julia E. Brown of Moore's Mills and the late H. Melroy Brown.

After graduating from Queen's University, Kingston, Ont., he enlisted in the Canadian Army Medical Corps and spent the last year in England, crossed to France in July, 1917, and has seen much heavy fighting. C. Brown is surely doing his duty faithfully to King and country. He expected arrival home in January, but is being anticipated with pleasure by his many friends, with him a safe return.

AGID STOMACH IS DANGEROUS

Often Followed by Serious Gastro Ulcers, Says Authority. Most Frequent Cause of Dyspepsia and Indigestion. Says Gae Stomach Sweet With Magnesia.

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, 1661 fermentation, etc., are caused in many times in ten by chronic 'acid stomach,' says a well known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining, and often leads to gastritis accompanied by dangerous stomach ulcers. Don't dose an acid stomach with pepin or artificial digestants that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines. The acid, which caused the trouble, remains in your stomach as dangerous as ever.

Instead, neutralize or sweeten your acid stomach after meals with a little hot water and Bisurated Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better to sweeten and settle an acid stomach than a good magnesia bath. It soaks up the harmful excess acid much as a sponge or blotting paper might and your stomach acts and feels fine in just a few minutes. Bisurated Magnesia is the special magnesia that should be used for this purpose, and it can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive.

TRANSPORT PROBLEMS.

It is intimated that the temper of the travellers themselves has much to do with the numerous complaints now heard regarding transportation from England. Possibly this is correct, for it is offered in explanation that North Atlantic conditions at this season of the year are not conducive to comfort and that even under the most favorable circumstances there must be inconvenience and more or less suffering during the voyage at this time. It is pointed out that while Australia and other overseas dominions are providing free transportation for the wives of returning soldiers, Canada is not doing this, and there are many Canadians who have married in England and must pay fare for their womenfolk now coming to Canada with them.

the utmost value to the Province. The prohibitory law in New Brunswick has been highly beneficial and in its application there has been no slackness on the part of the responsible officers. Indeed, it may be said that certain restrictions imposed under that act have been enforced with perhaps too much zeal, creating the impression in certain quarters that unimportant details of the law are receiving more attention than they deserve, whereas the really big features are suffering.

Without going into the matter of fairness or unfairness in this respect, it remains a fact that the different treatment accorded by the different dominions influences the feelings of the men. Again, many thousands of Canadian soldiers have married English girls, who know nothing whatever about Canada, but who through what they have heard have been led to believe that it is a garden of Eden, where everything is lovely.

Canadian soldiers returning to Canada feel a certain amount of freedom and while they are still supposed to be under military discipline it is practically impossible for officers to maintain that discipline in the presence of so many wives and children. A soldier cannot readily be marched to minor offences when he has a family demanding his presence and care.

Manufacturing bakers today sell their bread to retail stores at 11c per loaf, unwrapped, while at the same time they wrap it in manilla tie with string and sell over their own counters for 12c. Thus they charge one cent for tying up the loaves.

Waxed paper, formerly used as wrappers, was used in the second place by housewives in many families, and paper dealers report that since wrappers were discontinued there has been an increased demand for waxed paper. One result of this is that the working man, in whose interests waxed paper was taken off the bread, pays more for dirty bread and buys waxed paper besides, to contain his lunch. The consumer thus pays every time. In this whole affair it appears that consideration has been given altogether to the small number of manufacturers, and that no regard whatever is being displayed toward the consumer.

The voice of the people rules. In Berlin the battle between the Government forces and Spartans was called off in order that housewives might go out and buy their Sunday dinner. Bavaria thinks it is time Berlin learned that Berlin is not Germany, and if those opposing forces in the capital wish to keep on fighting among themselves, they should leave the other provinces of the empire alone. Yes, Paris was France during the French revolution, and what happened in Paris spread all over the country. The same condition prevailed there as prevails in Berlin today, and the influence of Paris soon involved the entire nation. Possibly the disturbances in Berlin are to be repeated throughout the country.

PROHIBITION. Organized advocates of temperance are presenting to the Government requests for various amendments to the existing prohibitory law. When the Legislature meets there will be different points in connection with prohibition upon which amendments and changes may be desired. So far there is no evidence of any decided opposition to this measure which, in its brief existence has proven itself to be of

false. My three boys were arrested by Robert Crawford, who says that he arrested them had been drinking to a considerable extent, but it is entirely untrue that they pleaded guilty to robbing summer houses or to forcing and entering any houses whatever. My oldest boy, James McCourt, at the time these breaks and thefts occurred was working in St. John as an engineer and was not even charged with breaking and entering any of the houses, nor was he charged with stealing, although your paper alleges that he had committed these things. He neither committed any of the offenses nor was he charged therewith, nor did he plead guilty thereto, so far as I know is there any suspicion attached to him that he did any of the things charged. The only charge against him was that of receiving stolen goods, knowing them to be stolen, and on this charge he was discharged by Judge Jonah at Hampton on the 11th.

My son, William McCourt was charged with breaking and entering a store, but he never pleaded guilty, and on the trial before Judge Jonah he was found not guilty and discharged. Thomas McCourt, I am sorry to say, was guilty of stealing a rifle and cartridges, and did admit his guilt of this charge. He never pleaded guilty of breaking and entering, and on the trial the prosecuting officer did not attempt to prove any charge against him, being satisfied, I am sure, that no such offense had been committed.

BOLSHEVIK SCHEME TO TAKE MONITORS LYING IN DANUBE

Hungarian Communists Financed by Russian Soviets to Bribe Crews of Ships.

Geneva, Jan. 13.—A Bolshevist plot to obtain possession of the flotilla of monitors lying in the Danube at Budapest has just been discovered in the Hungarian capital.

It has been known for some time that the Hungarian Communists had received large sums of money from the Russian Bolsheviki, which they were distributing lavishly among the soldiers of the Budapest garrison.

It is now established that the Communist leader, Bela Kun, offered the crews of the Danube monitors no less than 20,000,000 crowns if they would support the Communist movement and train the guns of their ships upon the city.

Pay at the rate of 200 crowns a day was also promised to the sailors by the Bolsheviki.

However, the secret negotiations between Kun and the crews came to the knowledge of the War Minister, Count Fustics, who at once gave orders to dissolve the crews of the Danube fleet.

A deputation of sailors appeared at the War Office to protest against this decision, and the matter will be brought before the Cabinet Council. The Government is anxious to disarm the monitors, whose presence is a continual menace, and to use them for commercial purposes, but is intimidated by the threatening attitude of the sailors.

Bolshevism is Spreading.

The situation in Hungary is pictured in sombre colors by reliable persons who have just returned from Budapest. Although the last Bolshevist outbreak on New Year's Eve was eventually suppressed, Bolshevism is rapidly spreading all over the country.

The Communists boast that they have 50,000 armed men at their disposal and are determined to institute a proletarian dictatorship soon.

Bolshevist excesses are daily committed in the capital with impunity because the Government has scarcely any troops upon which it can rely. Even the peasants are beginning to succumb to the seductive proposals of the Bolshevist agitators.

German Field Marshal Mackensen's army constitutes a further element of anarchy. The Hungarian Guard interned the German troops very carelessly and allowed thousands of them to escape to Germany. The Field Marshal's arrest was rendered necessary because he encouraged this invasion on mass by all the means in his power.

All along the railway line from Salzburg to Vienna one constantly meets with crowds of disarmed soldiers from Mackensen's army returning to Germany without arms, but otherwise fully equipped. Even in Vienna bands of Mackensen's soldiers are frequently seen passing through the streets.

McADAM

McAdam, Jan. 11.—The people of McAdam were given a real treat Monday evening when they were able to hear Mr. F. A. MacKenzie, famous war correspondent, give his moving lecture on the Orange Hall.

Mr. MacKenzie began his lecture at 6 p. m., thereby enabling him to take the Montreal train the same evening. Although at a rather unusual hour, the hall was filled to its capacity with a very appreciative audience.

Mr. MacKenzie most generously donated the proceedings of the evening to the Returned Soldiers' Fund. A very hearty vote of thanks was tendered Mr. MacKenzie at the close of the lecture.

Was Troubled With BOILS FOR SIX MONTHS.

From the days of Job to the present time, boils have been one of the greatest afflictions of the human race.

Very few people escape from having them at some time.

All the poulticing and lancing you may do won't cure them and stop more coming.

Boils are caused by bad blood bursting out, and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system, and purifies the blood by removing every particle of foul material from the system, and when this is done, never another boil comes and health and strength are permanently restored.

Mr. C. H. Bridges, 470 Barton St. E., Hamilton, Ont., writes: "I was troubled with boils for about six months and tried several remedies without any relief until I tried Burdock Blood Bitters, and the effect has been wonderful. After using two bottles, I was rid of them all. I feel like a new man; my appetite is better, and I sleep better than I have for years. I can highly recommend B. B. B. to all who are troubled as I was."

Burdock Blood Bitters has been on the market for the past 40 years, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

COUNT FIFTY! NO NEURALGIA PAIN

Don't suffer! Instant relief follows a rubbing with old "St. Jacobs Liniment"

Coaguera pain—never fails. Rub soothing, penetrating "St. Jacobs Liniment" right on the ache or pain, and out comes the neuralgia misery.

Here's a joyful experiment! Try it! Get a small trial bottle from your druggist; pour a little in your hand and rub it gently on the sore, aching, neuralgic, and before you realize it—just a moment—all pain and neuralgia disappear. It's almost magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome.

Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body is instantly banished. "St. Jacobs Liniment" is perfectly harmless and doesn't burn or discolor the skin. In use for half a century.

Get a small trial bottle from your druggist; pour a little in your hand and rub it gently on the sore, aching, neuralgic, and before you realize it—just a moment—all pain and neuralgia disappear. It's almost magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome.

Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body is instantly banished. "St. Jacobs Liniment" is perfectly harmless and doesn't burn or discolor the skin. In use for half a century.

NEWCASTLE

Newcastle, Jan. 10.—Miss Gwendolyn Richards of Campbellton, on the way to Acadia Seminary, visited Newcastle friends this week.

Mrs. N. N. MacLeod of Montague, P. E. I., whose sister, Miss Sarah A. Miller, died this week, is visiting her mother, Mrs. Susan Miller.

Mrs. James Harnett of Moncton, spent the past week with her brothers, the Messrs. Buckley.

Miss Margaret E. Arsenault of Lower Derby, and her sister, Miss Sadie, have gone to Bellevue Hospital, N. Y., the former to take a post graduate course and the latter to enter as a student nurse.

Mrs. Charles Edmunds is suffering from a broken leg received from a falling tree in the woods near Beaver Brook.

Sergeant Walter Platt of Amherst, N. S., recently returned from overseas with the 4th Mounted Rifles, spent the week here with his aunt, Mrs. J. Harvey Phinney.

Mrs. Donald Buckley of Moncton, spent the New Year's vacation with her sons, J. D. and D. J. Buckley, here.

H. S. Burchill of Nelson, is the guest this week of Cyrus McLennon of Campbellton.

Mrs. William A. Hickson and Miss Hickson have gone South this week to spend the rest of the winter.

Miss Claire Lawlor is home from her visit to her sister, Mrs. Thos. Howard of Moncton.

Miss Jennie McMaster spent last week with Miss Vesta Savage of Campbellton.

Donald A. Jackson has returned from a New Year's visit to his mother and sister at Montreal.

Miss Gwendolyn Robinson has returned from a two months' visit to her home in Toronto.

Miss Margaret Sullivan of Newcastle, who has been for the past five years organist of St. Patrick's church, Nelson, was this week presented by the choir of the church with an address and a purse of gold. Joseph Hayes, M. D., read the address and Miss Kathleen Doyle made the presentation. Great regret was expressed at Miss Sullivan's resignation and the highest appreciation of her services.

WAR TO PEACE

Putting Efficiency into Repatriation

THE Repatriation Committee has been formed by the Dominion Government to bring Canada forward to a peace basis with all speed.

It will use the existing machinery and any necessary new machinery.

The Committee consists of Hon. Sir James Lougheed, Minister of Soldiers' Civil Re-Establishment; Hon. N. W. Rowell, President of the Privy Council; Hon. T. A. Crerar, Minister of Agriculture; Hon. G. D. Robertson, Minister of Labor; Hon. Arthur Meighen, Minister of the Interior; Hon. J. A. Calder, Minister of Immigration (Chairman). To assist them, Mr. H. J. Daly has been appointed Director of Repatriation.

This Committee is formed to co-ordinate the work of all those departments of the Government which have to do with the task of bringing back our soldiers to civil life, caring for them and their dependents, providing employment opportunities for soldiers and war-workers, and assuring proper living and working conditions. It also assists the efforts of all organizations and agencies prepared to give aid in the solution of our problems.

THE Committee surveys all plans. It prevents overlapping and confusion. It secures expert assistance. It obtains more speedy action, more effective co-operation. While its first consideration is the welfare of the Canadian soldier, its scope embraces the whole community.

The Committee has built up a Repatriation Organization to supplement the work of the existing departments of the Government.

The plans devised to meet every problem as it arises will be reported to you in the coming announcements.

Co-operating with the Repatriation Committee is an Advisory Committee appointed by the Great War Veterans' Association.

With the assistance of these agencies the solution of the problem is presented to The Repatriation Committee in a practicable form.

## DIET KITCHEN FOR COMMUNITY

### Deputation Wait on Common Council and Ask for Grant of \$1,800 to Carry on Work

A deputation on behalf of the diet kitchen waited on the Mayor and Commissioners at a common council committee meeting yesterday morning. The deputation included: Mrs. G. A. Kühring and Miss Jennie Munro, St. John Ambulance Brigade; Mrs. E. A. Steinhilber and Miss Grace Robertson, Associated Charities; E. L. Rising and Miss Christina MacLaren, Victorian Order of Nurses; Mrs. W. L. Busby and Miss Dorothy, Association for Prevention of Tuberculosis; Mrs. D. P. Chisholm, Charitable Association of the Cathedral congregation; Mrs. Condie, Salvation Army; Dr. Mabel Hamilton, Welfare Work Among School Children; Dr. Brown, of Provincial and Local Board of Health.

Dr. Hamilton, Dr. Brown and Miss Brophy were unable to attend the meeting. The delegation asked: "Eighteen hundred dollars per annum and \$250 immediate use to meet expenses of salary, supervisory, rent, heating, lighting, upkeep, etc. to be given out at cost price to those requiring same, or in any person or society desiring to give it to needy people. "Outfit of stove cooking utensils, etc. will be supplied by St. John Ambulance Brigade, V. A. D. "Two hundred dollars is asked for other furnishings and initial expense of opening and operating the institution. Payments all to be made to E. L. Rising, treasurer of committee. "Deputation pledge themselves to be a committee to oversee work of this institution and to provide all voluntary help required by supervisor for the successful management of this work. "Different members of the deputa-

tion outlined the project and told of the wonderful work that had been accomplished by the kitchen. "The mayor and commissioners highly commended the work and workers of the kitchen, and promised to consider the matter.

### Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks have internally won instead of losing their systems with drugs. "What an inside bath" you say. Well, it is an antidote to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to take the stomach, liver, kidneys and the urinary tract of impurities of the previous day's waste, sour bile and indigestible material left over in the body. If not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, biliousness, thick, foul breath, bad taste, common turgid, kidney misery, slowness, impure blood and all sorts of ailments.

People who feel one day and badly the next, but who simply can not get feeling fit, are urged to obtain a quarter pound of limestone phosphate at the store. This will make anyone a real crank on the subject of internal sanitation.

### Dandruff Soon Ruins The Hair

"Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of it is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon, apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

### Catarrhal Deafness May Be Overcome

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

## GIRLS' ASSOCIATION OF STONE CHURCH

### Annual Meeting Held Last Night—Miss Edith Skinner Elected President.

The Girls' Association of St. John (Stone) Church held their annual meeting last evening in the school house beginning with a high tea. The secretary reported a very successful year and told of the various entertainments arranged including a party for the soldiers at the armory. A complete outfit had been made for an Indian girl at Lac La Ronge. A Christmas box sent to a family in St. John was greatly appreciated. Another out fit will be made for a scholar at Le Pas. The association meets every other Monday evening.

The treasurer's report showed the finances to be in a satisfactory state. The resignation of Mrs. L. P. D. Tilley, who has been the president for eight years, was very regretfully accepted. The election of officers resulted as follows: Miss Edith Skinner, president; Mrs. A. E. Kühring, first vice-president; Miss Margaret Bolton, second vice-president; Mrs. M. C. Clark, Dorcas secretary; Miss Grace Busby, convener Flower Mission; Miss Amy Hipwell, Dorcas Board representative; Mrs. Charles Francis, Mrs. H. Powell, Mrs. Sadler, Miss Nobles, entertainment committee.

tion outlined the project and told of the wonderful work that had been accomplished by the kitchen.

## ANNUAL MEETING HELD LAST NIGHT

### Victoria Street Baptist Church Were Chosen—Presentation to Secretary and Pastor Received Call.

The annual meeting of the Victoria Street Baptist church was held last evening in the church rooms. The pastor, Rev. J. W. Williamson presided. Previous to the meeting the congregation enjoyed a most bountiful supper, under the careful management of the ladies of the church. After the supper the meeting opened by the reading of the secretary's reports for the year, which showed that the church had been in a most flourishing condition, more money having been collected in the past year for local and foreign funds than ever before in the history of the church. After the reports, the pastor read the minutes and reports, he was presented with a beautiful rose chair by the congregation for his valuable services in the church as secretary for the last twenty-eight years.

The resignation of Miss Madeline de Sores, who had been the efficient treasurer for some time was received with regret. Miss de Sores was asked to allow her name to stand for nomination as nursing officer and a vote of thanks was passed thanking her for her services as treasurer. Mrs. J. Lee Day was appointed treasurer. Miss Dorothy Robson was asked if she would serve as secretary.

tion outlined the project and told of the wonderful work that had been accomplished by the kitchen.

## V. A. D. ENDORSE WRAPPED BREAD

### Meeting Held Last Evening—Household Positions Offered at Military Hospital.

The bi-monthly meeting of the V. A. D. was held in the G. W. A. room last evening, Mr. G. A. Kühring, lady superintendent presiding. Mrs. John Kühring gave an account of the work being done by the welcoming committee on the West Side. The question of efficiency and how to secure further training in first aid and home nursing was discussed. Reports of the war service done by this division are to be sent to Toronto. It was suggested that members of this division apply for positions in the Military Hospital where there is household work to be done. The chairman for this work is liberal and the rank of a V. A. D. is retained. The suggestion received favorable consideration.

Miss Cummings made a motion that the V. A. D. express a favorable opinion on the movement to have bread wrapped. This was passed unanimously. The resignation of Miss Madeline de Sores, who had been the efficient treasurer for some time was received with regret. Miss de Sores was asked to allow her name to stand for nomination as nursing officer and a vote of thanks was passed thanking her for her services as treasurer. Mrs. J. ## ALLED DISAGREEMENT OVER RUSSIA IS ENDED

(Continued from page 1) Intervention of the Museum of Bolshewiki in German riots, and Raabek speech outlining the prospect of bringing the war to the banks of the Rhine, were commended by the French foreign minister on the firmness with which he refused to consider Bolshevism as a regular government. The "Temps" points out that Pichon's policy is that of the Chamber of Deputies which, on Dec. 29, refused by 326 votes to 134 to support a motion which a Socialist deputy proposed against Allied action in Russia. "What other policy," the paper asks, "could the peace congress have followed? Does it consist in installing at Paris as the Bolshewiki plenipotentiary and overruling the conference with his overwhelming disquisitions, or his fiery harangues while his emissaries, provided as in Berlin, with enormous financial resources, at the same time result in the allied countries? Have we conquered Germany only in order to repeat the experience at Bresl? An enlarged and extended Bret Litovsk conference is contemplated. The Bolshewiki will be united with the Germans against us. "Temps," in conclusion, asks whether it is not better to consider the Russian question as a whole, and to re-organize and whether such re-organization, however long it may take, does not demand the erection of a barrier between the Bolshewiki and Germany. It suggests that an extension of the armistice will enable this question to be discussed.

## THE COMMERCIAL LEAGUE.

In the Commercial League last evening the C. P. R. team did not show up to meet their opponents, the Western Union aggregation, who captured the four points in default. Tonight in the City League the Panthers and Weasels met in the Commercial League. The Panthers were victorious and the Standard team bowled. The Western Union scores last evening follow:

## MET HEARST'S LAWYER

### Shonts Tells of Interview With Mayor Hylan.

New York, Jan. 13.—Conversations which he had with Mayor Hylan, preliminary to private conferences having as their object municipal ownership of the transit lines in this city, were described by Theodore P. Shonts, president of the Interborough and New York Railways system, before the Public Service Commission today.

Mr. Shonts told of communicating in a general way the negotiations which were in progress between representatives of the city and Mr. Quackenbush to J. P. Morgan, together with Mayor Hylan's suggestion that a possible solution of the transportation problems might be formulated with the aid of G. S. Macfarland, an attorney of Boston.

Last August, according to Mr. Shonts, he was invited to call upon Mayor Hylan, who introduced him to Mr. Macfarland, saying: "This gentleman wants to help you get a seven-cent fare for your various lines, and I think, under certain conditions, he can succeed."

Mr. Shonts said this sounded very good to him, and the Mayor volunteered: "If you want you know what Mr. Macfarland is. He represents Mr. Hearst's interests in New England. He is his lawyer in New England."

## Canadian Artist Scores Another Success

Mr. Frank Nicolet of the Southern Press, whose poster designs for the Victory Loan campaign won such distinction, has added to his laurels through work submitted to the National Savings and Thrift Stamps campaign. His design for a poster entitled "Reconstruction," was unanimously accepted by the Committee. It portrays a young, vigorous Canadian just returned from overseas, still in khaki, but with his tunic of aid and sleeves rolled up, about to put his hands upon the plough handles. In the background "magnificent rainbows" indicative of the spirit of hope that is characteristic of Canada at the present time.

## HARRY THAW IN THE LIMELIGHT

### Acting upon reports made by Mrs. Evelyn Nesbit Clifford, widow of Harry K. Thaw, to the effect that the slayer of Stanford White, now confined to an insane asylum in Philadelphia, allowed "unusual privileges," District Attorney Edward Swann of New York has requested the Philadelphia courts to send him an exemplified copy of the lunacy proceedings which resulted in the commitment of Thaw to the asylum.

Alfred J. Talley, Assistant District Attorney, has announced that this is the first step taken by Mr. Swann in efforts he is about to make to have the new Governor of Pennsylvania turn Thaw over to the New York authorities for trial upon an assault charge pending against him in New York. Philadelphia authorities are at a loss to understand the rumors of "unusual privileges" being granted Thaw, for he has left the asylum only once since sent there, and that was when the court that committed him granted his counsel an order permitting Thaw to spend Thanksgiving Day with his mother in Pittsburgh. Thaw went there accompanied by guards and returned in custody to the asylum.

## WHEN A FAMILY NEEDS A FRIEND

In the Absence of Doctors Nobly Gone to War, After influenza, the Grip—Those wonderfully useful medicines, Hood's Sarsaparilla and Hood's Pills, are warmly recommended.

Hood's Sarsaparilla, taken before meals three times a day, and Hood's Pills, taken at night as needed, are reasonably sure to keep a family in health and prove to be reliable and always ready friends. They purify the blood, relieve and prevent biliousness and constipation, build up and begin treatment at once.

Get both, or either one, as you think you need, from your druggist today, strength and regulate the system.

## FIRST AID VIEWS

Instructive Series of Motion Pictures Shown at Imperial Theatre Yesterday.

A very instructive series of views were shown at the Imperial Theatre yesterday afternoon under the auspices of the St. John Ambulance Association. Lieut.-Col. Birdwhistle, general secretary of the Canadian branch of St. John nine hundred years ago and said that the aim of the association was to spread the knowledge of first aid. He spoke of the aid given by the association during the war when it affiliated with the Red Cross to prevent overlapping of effort, and told of the instruction of 200,000 Canadian troops in First Aid before their departure overseas. Splendid assistance testified to by all soldiers under their care has been rendered by the 200 young women who went overseas as V. A. D.'s. 70,000 Canadians have taken the course since 1911.

FIRST AID VIEWS

Instructive Series of Motion Pictures Shown at Imperial Theatre Yesterday.

A very instructive series of views were shown at the Imperial Theatre yesterday afternoon under the auspices of the St. John Ambulance Association.

The lectures are given one a week for six weeks, and a simple text book is published.

The pictures, which were mostly taken in England, were acted by graduates of First Aid classes.

\$294.00

AND TAKE NOTICE that the Court

has by Order dated the twenty-third

day of December, A. D. 1918, authorized

service of the said writ of Summons

on you by the Publication of this

Notice once a week for four

weeks preceding the thirty-first day

of January, A. D. 1919, in the Saint

John Standard, a Newspaper published

in the City of Saint John, New

Brunswick.

AND FURTHER TAKE NOTICE

that you are required within thirty

(30) days after the date of the said

Notice, to cause an appearance to be

entered for you in the said action if

you intend to defend the same, and

that in default of your so doing the

Plaintiff may proceed in this action,

and Judgment may be given against

you in your absence.

Dated this twenty-third day of

December, A. D. 1918.

E. ALBERT REILLY,
