

## MEIGHEN HITS SPECIAL RATE FOR MARITIME

Before the C. M. A. at Quebec He Says National Interest Must Be First.

### PREDICTS LOWER FREIGHT RATES

Railway Commission Regulates Charges on All Goods He Asserts.

Quebec, June 7.—A farewell luncheon was tendered Rt. Hon. Arthur Meighen, premier of Canada, this afternoon by delegates attending the Canadian Manufacturers' Association annual convention here. The premier sailed later on the Empress of Britain for Liverpool, en route to attend the Imperial Conference in London this month. In reply to the toast to his health, proposed by J. H. Fortier, Quebec, chairman of the Quebec branch of the Canadian Manufacturers' Association, who drew the premier's attention to the fact that the port of Quebec should be getting much of the export of the country now going via American ports, but was handicapped by freight rates, Mr. Meighen delivered a speech on the transportation problems of the Dominion.

The premier, who was greeted warmly by the audience, said that the policy enunciated by Mr. Fortier was the national policy, and he was a firm believer in it. He had always warmly advocated a Made-in-Canada policy in regard to manufacturers, and independence for the country in transportation matters. Such things were inseparable from Canada's national integrity. If it were not independent in these things it would not be independent as a nation long. Still, owing to the country's geographical position, complete independence was not possible. Only a moderate tariff could be maintained and it would be limited for a great many years to come.

Predicts Cheaper Freight  
He did not believe that the heavy freight rates now necessary would be maintained for very long, and so re-portedly. However, it was not possible to regulate freight rates so that one part of the country would benefit and the remainder of the Dominion pay for it. The problem was not so simple as it appeared in the City of Quebec.

## ANTI-WASTE TICKET WINS

Coalition Candidate of the Government is Defeated in St. Georges-Westminster.

London, June 7.—The St. George's Westminster by-election today resulted as follows:—J. M. Erskine, 7,244; Sir Herbert Jesse, 5,356. This is a defeat for the coalition gam.

## Railway Loss At Pueblo \$4,500,000

Pueblo, Colo., June 7.—Damage to three principal railroads entering Pueblo will aggregate \$4,500,000, according to an estimate made today by H. A. Rice, division superintendent of the Atchison, Topinka and Santa Fe. Mr. Rice estimated the damage to that road at \$2,000,000, that of the Missouri Pacific at \$1,000,000 and that of the Denver and Rio Grande at \$1,500,000.

## Sues For Alimony

Sydney, N. S., June 7.—A claim for \$50,000 alimony, brought by Dora H. Ballard, against her husband, Charles Ballard, is on the docket of the civil term of the Supreme Court, which opened here today. Chief Justice Harris presiding. Last year Ballard sued his wife for divorce but did not succeed. Now she claims that a portion of his estate, \$50,000, should be set aside for her support.

### NOMINAL CHARGE ONLY.

Sydney, N. S., June 7.—A nominal charge of riding a bicycle without a proper light, is the only punitive step the local authorities are taking against Clifford Bonnell, aged 15, who yesterday admitted to the police that he killed Mrs. Angus McDonald by running her down in the dark as she was crossing a street Saturday night.

## Catholic Viceroy Is Well Received

Belfast Parliament and Citizens Extend Cordial Welcome to the New Official.

Belfast, June 7.—Viscount Fitzalan's debut as viceroy is considered to have been a distinct success. Religious feeling runs high here, and there had been doubts as to how the president of the Catholic Union would be received. But these were dispelled when, at the outset of his speech, the viceroy alluded to the differences in creed and made it the subject of humorous remarks.

## ULSTER HOUSE BEGINS TASKS IN FINE STYLE

Distinguished Gathering Present at Inauguration of Irish House.

### BELFAST COUNCIL CHAMBER CROWDED

Sinn Fein and Nationalist Members Present But Refuse to Take Their Seats.

Belfast, June 7.—The parliament of Northern Ireland, elected last month under the new home rule measure, was opened today amid impressive scenes in the council chamber of the city hall here. The ceremony occurred in the presence of a distinguished gathering. None of the Nationalist or Sinn Fein members elected to the parliament were present as the forty Unionist members took their seats and proceeded to the organization of the house.

The Cabinet.  
Hugh O'Neill, son of Lord O'Neill, was unanimously elected Speaker, and Sir James Craig, the Premier, announced the following cabinet:—  
Home Secretary—Sir Dawson Bates.  
Minister of Finance—H. M. Pollock.  
Minister of Education—The Marquis of Londonderry.  
Minister of Labor—J. M. Andrews.  
Minister of Agriculture—Hon. K. A. Archdale.

The Belfast city hall, although architecturally one of the finest buildings in Europe, was hardly adequate for the installation of the parliament. The council chamber, although it contains ample accommodation for the 52 members elected to the House, 32 Sinn Feiners and six Nationalists who did not appear today, having been chosen to hold their addition to the forty Unionists, is hopelessly small when considered from the spectators' standpoint. Nevertheless the company in the little galleries, gathered to witness the opening ceremony, appeared thoroughly representative of the northern provinces, the only notable absentee, it was commented, being Cardinal Logue.

### Little Outward Display.

Viscount Fitzalan, the Viceroy, whose first ceremony this was, arrived in Belfast at 8 o'clock with Lady Fitzalan, driving through the main streets of the city. The Lord Lieutenant, the Lord Pirrie, the Lord Lieutenant, and the Viceroy and Vicereine left for the opening of the parliament at 10 o'clock, driving through the main streets. There was little outward display of public interest, as the shipyard men and other working people and the population in general were apparently reserving any demonstration of note for the expected coming of King George for the state opening of the parliament on June 22, which will mean a general public holiday.

## Vice-Regal Party Sails On July 19

Ottawa, Ont., June 7.—It was officially announced from Government House tonight that Their Excellencies the Duke and Duchess of Devonshire will sail from Quebec for England on July 19th on the Empress of France.

## Would Have Germans In Nation League

Geneva, June 7.—The assembly of the union of the League of Nations associations today adopted a resolution in favor of the admission of Germany to the League of Nations.

LORD BYNG DUE AUG. 15  
Ottawa, June 7.—The Journal says that it has learned from an unofficial but authoritative source that Lord Byng, new governor-general of Canada, will arrive in the capital on August 15, today.

## HALF MILLION FOR RESEARCH C.M.A.'S DESIRE

Government Will Be Urged to Make Provision for the Grant.

### URGES MEMBERS TO HELP THE DOMINION

Hon. Mr. Caron Complains Because Farm Supplies Remain at High Level.

Quebec, June 7.—The imperative need for industrial research in Canada was debated at this afternoon's session of the Canadian Manufacturers' Association in annual convention at the Chateau Frontenac. The question arose after the report of the executive committee's had been presented.

At the conclusion of the debate, the chairman, Mr. McKinnon, announced that a resolution was to be prepared urging the Dominion Government to once more pass the grant of \$500,000 allowed for industrial research, which grant was negated by the Senate at the last session of parliament. In the afternoon an address was delivered by Hon. J. A. Caron, minister of agriculture at Quebec, while the annual address of the president, Mr. McKinnon, and the reports of the executive, industrial relations committee and the financial statement were presented.

The debate on the executive committee's report was opened by J. F. Stewart, Toronto, who urged that business men in Canada should come forward to help in solving the nation's problems. As an instance of what members of the association were doing along this line, he mentioned that 100 of them were serving on different committees, spending their time and money.

### Industrial Work

Thomas Rodden, Toronto, said that it was a great tragedy that the Senate had thrown out the grant of \$500,000 for industrial research work. Canada now stood absolutely naked in this regard. The work that was being carried on by certain big concerns. At the same time, Japan was spending \$5,000,000 for industrial research and British firms were spending \$1,000,000 for the improvement of cotton manufacturing. The condition of some Canadian business was almost tragic compared with those of the United States, which were spending millions for research. He pleaded with every member to impress upon members of parliament and the senate the urgency of industrial research. The work that was being done on scientific lines and not by the old rule of the thumb method. An example of what could be done was given in the recent development of agriculture by colleges.

Mr. Caron said that manufacturers and farmers should work together. This was not being done, however, for the reason that the farmer's products had fallen, no reduction had been made in the cost of the implements and supplies. He thought the time had come to help the farmer. (See also page 2)

## Seek Common Wage For Canadian Ports

Longshoremen in Halifax Convention Want Universal Wage Agreement.

Halifax, N. S., June 7.—The resolution committee of the Atlantic division of the International Longshoremen's Association in session here, are pressing tonight under the leadership of Edwin McCormack today, at St. John, N. B., with a dozen suggestions, among which was a resolution seeking to effect universal wage agreements for Canadian ports such as now exist in the United States.

President Joseph Ryan, of New York, presented his annual report and made several recommendations to the convention. The report of William F. Dempsey, of Boston, secretary-treasurer, showed the division to be in good financial condition.

## IRISH PRIESTS SENT TO PRISON

Rebel Documents Found in Their Houses When Searched by Crown Officers.

Dublin, June 7.—A court martial has sentenced the Rev. P. Gaynor and the Rev. M. McKenna, Roman Catholic priests of Mollagh, County Clare to six months' imprisonment without hard labor.

Testimony was given before the court martial that in the house occupied by the priests were found two documents. One of these denounced the protection of the British government and placed "our house and ourselves under the protection of the Irish Republican government." The second document purported to relate to the Dail Eireann.

## World News Today

### CANADA

Rt. Hon. Arthur Meighen is guest of the Canadian Manufacturers' Association at Quebec. General Assembly at Toronto votes in favor of Church Union by 410 to 107.

C. M. A. wants the Canadian Government to spend half million dollars in industrial research.

### UNITED STATES

One hundred thousand Chicago packers are concerned in application to reduce their pay.

### BRITISH ISLES

Britain, in its financial crisis, cuts off all guarantees prices for agricultural products.

Ulster parliament is opened in great state by Catholic Viceroy. Two priests are sent to prison for having seditious literature in their homes.

## MARITIME RATES TAKEN TO HANNA BY HON. MR. FINN

Nova Scotia Minister Sees C. N. R. President in Support of Freight Appeal.

### SATISFIED WITH HIS RECEPTION

But Result of Conference Will Not Be Made Known for Some Time.

Toronto, June 7.—Hon. R. E. Finn, K. C., a member of Premier Murray's cabinet in Nova Scotia, had a conference this afternoon with D. B. Hanna, president of the Canadian National Railways, on matters affecting the intercolonial railway and the industries of the Maritime Provinces. Mr. Finn said tonight that he had taken up with Mr. Hanna issues that a representative delegation from the three Maritime Provinces brought before Right Hon. Arthur Meighen just before the Premier's departure for England, namely, freight rates on the Intercolonial and the proposal that a greater centralization of authority be granted to Moncton, N. B., in the handling of the railway's affairs.

### Very Friendly Conference.

"I am not in a position to discuss the result of my talk with Mr. Hanna," said Hon. Mr. Finn, adding, however, that it was in no complaining mood that he had approached Mr. Hanna, and that the conference was of a most friendly character. He said that the viewpoint of the Maritime Provinces was that the Intercolonial had been built with the professed object of building up trade between those provinces and central and western Canada, and that on entering Confederation the Maritime Provinces had surrendered their right to frame their own tariff and had given up the market which the United States afforded, worth at that time \$75,000,000 annually, in the expectation of developing trade with the rest of Canada.

### Trade State Bad.

Freight rates on the Intercolonial were now so high as to be prohibitive, and the industries of the east were virtually cut off from central and western Canada.

"With a high tariff wall cutting us off from the United States market and with a high tariff of railway rates on the other hand, we are hedged in and isolated," said Hon. Mr. Finn. "We have nothing left but a local market, and as the aggregate population of the three Maritime Provinces is only equal to that of Montreal, well, he who runs may read that all."

## CHURCH UNION ACCEPTED BY THE ASSEMBLY

By Vote of 410 to 111 Delegates. By Vote of 414 to 107 Delegates Union Plan.

### ALBERTA SURPRISES BY POOR SUPPORT

Predicted It Will Take Three Years to Solve Legal Problems Involved.

Toronto, June 7.—Organic union with the Methodist and Congregational churches was approved by the Presbyterian General Assembly of Canada today by a vote of 414 to 107. The result was little different from the vote on union taken at the Winnipeg assembly in 1916, when the returns were 406 to 99 in favor of union. The first vote on the question of union, taken at Edmonton in 1911 was also in favor of union, but was not so decisive as the later votes.

## PACKERS PETITION FOR LOWER WAGES

One Hundred Thousand Workers in Chicago Plants May Have Pay Reduced.

Chicago, June 7.—A petition asking a reduction of wages of nearly 100,000 employees in the meat-packing industries was filed today with Judge Alschuler, of the United States district court, by the Allied Packing interests. Judge Alschuler is the official arbitrator agreed upon by employers and employees under continuation of a war-time agreement.

The petition asked that the wages of hour workers be reduced five cents an hour and that the same proportionate reduction also be applied to piece workers' rates. The petition cited the reasons as changed working conditions, the unemployment situation and the fact that the packers are not earning a profit. It was reported that a hearing would be held the latter part of the week.

## BRITISH TROOPS NOW AT WORK IN UPPER SILESIA

Took Charge of Gleiwitz and Will Police It in Future.

### ACCOMPANIED BY FRENCH OFFICERS

Propose to Garrison All Large Industrial Towns With British Troops.

Oppeln, June 7.—Detachments of the Royal Irish Infantry, the first British troops to cross the lines established by Polish insurgents in Upper Silesia, detained at Gleiwitz yesterday. They assumed control of the city, and will be in charge of the garrisoning and policing of the place in future.

As the troops, consisting of one battalion, with full field equipment, entered Gross-Strehlitz, northwest of Gleiwitz, they encountered the first Polish outposts. Machine guns had been trained on the station by the Poles, but when the British appeared, the Poles withdrew, and were not seen again.

The train was held there for some time, so that the officers could investigate a report that the track further on had been mined.

This report was found to be false, and the train proceeded, being met at no point along the way.

One French officer and a number of French non-commissioned officers accompanied the British.

### Germans Refuse to Leave.

While these troops were on their way to the storm centre of Upper Silesia, Gen. von Hoefel, commander of German defence organizations, bluntly declined to comply with the French ultimatum to withdraw his forces from the front between Krappitz and Kosal, where the Poles have been driven back for several miles.

He promised, however, to prevent a further advance by the Germans, unless provoked by the Poles.

It is learned from British sources that the probable plan for the pacification of Upper Silesia will be to garrison all the large industrial towns in the plebeian areas with British troops. It is said that sufficient forces are available for this service, and that in addition local police forces will be formed of "citizens of known good character."

The British, it is understood, will gradually relinquish the policing of the district to this organization.

## CHILD DROWNS OFF WHARF

Charlotte, P. E. I., June 7.—Victor E. Jewers, five-year-old son of Ray Jewers, foreman in a Charlotte town garage, was drowned today when he fell over the ferry wharf. The little fellow had wandered down to the wharf alone. The body was recovered near the shore.

## Pueblo State Better

Pueblo, Colo., June 7.—Dangerous pestilence, following last Friday's disastrous flood, has passed, according to officials of the United States Public Health Service; there is plenty of food; shelter has been provided in a refuge camp to remove the congestion in churches, schools and private homes and an army of men have been at work clearing the streets of debris, removing dead animals and clearing out the business places.

### FLYING CADETS KILLED

Hampton, Va., June 7.—Noel R. Thompson, of Jacksonville, Fla., and C. A. Bowen, of Quitman, Ga., flying cadets, were killed in flying late today when their airplane struck a tree during a bombing flight at Langley Field and caught fire. Three of the five bombs carried exploded and the machine was completely demolished.

## BRITAIN CUTS OFF HELP TO GRAIN TRADES

Control of Agricultural Prices Ceases Because of Financial Crisis.

### MAY MEAN TROUBLE WITH 100,000 MORE

Government Cutting off All Assistance to Various Assisted Industries.

London, June 7.—A further industrial dispute may be added to the existing controversies in the coal, cotton and engineering trades through the decision of the government, as announced today by the ministry of agriculture, to cease control of agriculture.

The decision is due to the financial crisis through which the country is passing. It has already been seen by the government that the protracted condition in trade which has been intensified by the continued suspension of work in the coal fields, involving the government in heavy expenditures for the maintenance of unemployed and the heavy deficit of the railways, which still are under government control, will completely upset all budget estimates. Hence, it seems that the government is hastening to do away with all control which involves financial liability.

### Ends Guaranteed Prices

The cessation of control of agriculture which will require the assent of parliament, would mean the abolition of guaranteed prices for wheat and oats and of the powers possessed by the county councils to enforce proper cultivation. It would also result in taking away with the agricultural wage board, which fixed minimum wages, varying from 46 to 50 shillings weekly for agricultural laborers. This would mean that farmers would be permitted to resume their freedom from legal restrictions in the payment of wages, and it is considered certain that they would reduce the scale of wages now in force, which probably would lead to a series of serious wage disputes affecting more than 100,000 persons.

## IRISH FARMERS WANT EMBARGO

Entire Trade Opposes Lifting of the Ban on Foreign Stock.

London, June 7.—Further Irish evidence was heard today before the cattle embargo commission when Colonel Westrop, of County Claira, stated that before the act of 1896 Canadian cattle were known in the west of Ireland as "fine big beasts, but very hungry" and a larger number of Irish cattle could be fed on the same acreage, the Canadian cattle taking longer to mature.

### Would Discourage Irish.

The admission of cattle from abroad said the witness would much discourage Irish farmers and the maintenance of home supplies was also an important provision against war risks. The entire Irish cattle trade resented the removal of the embargo. Other witnesses held similar views. One who said he had spent twenty years in the United States and had accepted Canada's clean bill of health in the same way that he would accept criminal statistics from a country with no police.

## Rat's Bite Leads To Serious Illness

Doctor Has Blood Poisoning as a Result of Prick While Operating on Briton Patient

Charlottetown, P. E. I., June 7.—Dr. Ira J. Yeo, of this city, first vice-president of the Maritime Provinces branch of the Amateur Athletic Union of Canada and president of the Abegweit Athletic Club, is seriously ill with blood-poisoning in the arm. He contracted the poisoning through a tiny cat in the thumb when operating an abscess on a patient bitten by a rat.

## CHURCH UNION ACCEPTED BY THE ASSEMBLY

By Vote of 410 to 111 Delegates. By Vote of 414 to 107 Delegates Union Plan.

### ALBERTA SURPRISES BY POOR SUPPORT

Predicted It Will Take Three Years to Solve Legal Problems Involved.

Toronto, June 7.—Organic union with the Methodist and Congregational churches was approved by the Presbyterian General Assembly of Canada today by a vote of 414 to 107. The result was little different from the vote on union taken at the Winnipeg assembly in 1916, when the returns were 406 to 99 in favor of union. The first vote on the question of union, taken at Edmonton in 1911 was also in favor of union, but was not so decisive as the later votes.

### How Issue Developed.

The issue came before the 47th Assembly last week in the form of two resolutions which had been sent on by a special committee on union, one moved by Dr. W. J. Clark, of Montreal, that the General Assembly take such steps as may be deemed best to consummate organic union, as expeditiously as possible, and an amendment moved by Dr. D. J. Fraser, of Montreal, that the Assembly at no time seek consummation of organic union without a clear and unmistakable mandate from the people.

### (Continued on Page 5)

## Forty-Eight Hours Given Halifax

Milk Producers Willing to Share the Two Cent Drop With City Dealers.

Halifax, N. S., June 7.—Milk producers along the line of the C. N. Ry. in the vicinity of Halifax will give city dealers forty-eight hours to meet their demands for an equal sharing of a proposed two cent cut in the price of milk to the consumer. If by Thursday evening the dealers have not signified their intention of accepting the producers' ultimatum, a committee of farmers will be sent to Halifax to make arrangements for direct distribution of milk to the consumer.

This was decided upon by a mass meeting of two hundred milk producers at Milford, Hants County, tonight. "The producers are ready to meet the dealers before any tribunal, but as far as the management of the industry is concerned, we are not anxious to meet them. We do not propose to have the dealers assume control of our business."

### Milk Producers' View

Voicing the sentiments of the Milk Producers' Association of which he is president, John A. MacDonald, said: "The producers are ready to meet the dealers before any tribunal, but as far as the management of the industry is concerned, we are not anxious to meet them. We do not propose to have the dealers assume control of our business."

### Money Spent So Relief Work Stops

Newfoundland to Have Much More Unemployment as Shops Close.

St. John, Nfld., June 7.—The City Council today suspended the relief work which it has been providing for a large number of unemployed, having exhausted the available funds. The rope-walk here, the only one in Newfoundland, with 350 employees, will close tomorrow for an indefinite period.

The closure of the rope-walk is a serious blow to the unemployed, as it is unable to continue operations without tariff protection. A tobacco factory employing 300 operatives was closed today for two months because of an accumulation of manufactured stocks.

## "Dumping" Is Blocked

London, June 7.—The House of Commons this evening by a vote of 312 to 92 passed the second reading of the bill for the protection of key industries and for the prevention of "dumping."

### PAGE THREE INVERNNESS MINTO

Halifax, N. S., June 7.—Delegates from the town of Invernness and officials of the Invernness Coal Company who are in the city to meet officers of the United Mine Workers of America, District 25, in an effort to come to a permanent agreement in connection with work and wages at the Invernness mines, held a preliminary conference with Hon. E. H. Armstrong, Minister of Works and Mines and Acting Leader of the Nova Scotia Government this afternoon. The conference, it is understood, was in the nature of a general discussion leading up to tomorrow's session.

### CHARGED WITH SERIOUS CRIME.

Sydney, N. S., June 7.—The police tonight are searching for a man whose name is not revealed, and who is charged with having yesterday attempted a criminal assault on Ivy Brock, aged twenty. The Brock girl informs the police that the attempted assault took place in her mother's room on Pitt street.

## TODAY

IMPERIAL—Otis Skinner in "Kismet."  
OPERA HOUSE—Frank Bush, Marie Dorr, Jerome and Franco, 2 other big features and Serial Drama, "Fighting Fate."  
QUEEN SQUARE—"The Restless Sex."  
EMPRESS—"Lahoma," A Western Picture.  
STAR—William S. Hart in "The Tollgate."

### \$10,000 Per Week Sink In The Times

#### Passing of Great Newspaper from Northcliffe's Control Now Certain.

London, June 7.—It seems practically certain now that Premier David Lloyd-George has obtained control of the London Times.

This highly important development which has vastly more international significance than any mere commercial deal, however large, is reported in various weekly publications, although it has been denied in some quarters. For several weeks the rumor has been current in clubs and newspaper circles that England's premier newspaper was passing into Government control, but the principal parties interested naturally would prefer to remain silent.

Today's Outlook boldly states that Lord Northcliffe has grown tired of his expensive toy, and that Sir John Ellerman, wealthy ship-owner, who already holds a block of stock in the Times, is now securing effective control, although nominal control will revert to the Walter family. Declaring that Lloyd-George has long wanted to "freeze out" Northcliffe the Outlook adds:

"The change represents a great professional success for the Premier. Always restive under press criticism, Lloyd-George felt particularly aggrieved that in all his disputes with France that great organ, which is regarded on the Continent as the 'voice of England' should steadily have opposed him."

This week's Nation also prints the rumor, and expresses the opinion that the change will not be for the good. The newspaper also mentions the possibility that Philip Kerr, former private secretary to the Premier, may become editor in the place of Wickham Steed.

It is commonly stated in the newspaper circles that the Times has been losing well over ten thousand dollars weekly for about a year, due mainly to the great industrial slump. Other generally prosperous newspapers, have also been running at a great loss, but it is believed that none of these has shown such a heavy deficit as the "Thunderer." During the past six months the expensive staff of the Times has been heavily curtailed.

### CRACKED FIFTY SAFES BUT HAD TO GO HUNGRY

#### Youth Confesses Professional Exploits That Baffled City's Best Detectives.

#### OPENED NINE AS ONE NIGHT'S WORK

#### Left An Orphan and "Never Had Half a Chance." He Sobs In Tombs.

New York, June 7.—Weeping hysterically and refusing food, Francis Harmon, who represented himself as 22 years old, born in New York city on West Thirty-ninth street and living in a furnished room house at 71 East 124th street, was locked in a strong cell in the Tombs yesterday to answer charges of burglary.

The youth, not without a touch of professional pride, had admitted to the police that he is the author of fifty safe cracking exploits in the business district west of Broadway between Canal and Murray streets, which for three months have baffled the skill of the best headquarters detective talent.

Nine in One Night.

He had a fairly busy night Thursday, for in a single business building, 545 Broadway, Harmon had cracked nine safes before the flash of his electric torch early yesterday morning attracted the attention of a night watchman, who summoned Patrolman John Quaglino of the Beach street station. He had escaped through a window opening on a veranda and chance to the ground floor of the building next door, which is occupied by one of a chain of restaurants. At this point he found himself trapped and he was caught hiding in the restaurant kitchen of 351 Broadway.

Admits His Guilt.

Under police examination Harmon admitted that recent safe robberies in buildings on Murray, Chambers, Beekman, Hill, White and Hudson streets and West Broadway were his handiwork. Out of the whole lot of them, he said, he did not get enough ready money to keep him decently fed. His Thursday night enterprise netted him only \$20 and some postage stamps. In several of these places, as on Thursday night, when disappointed, he spitefully had turned on the water taps. Except a flashlight and a revolver, his sole implements of burglary were some skeleton keys, a few highly tempered steel punches and a heavy headed machinist's hammer.

Found Safes Easy.

"Most safes are as easy to smash as a soap box," he explained. "I always drove in my steel punch at a point about two inches above the combination lock with two or three blows around it; you can knock it off with a hammer or rip it loose with a jimmy."

Harmon says he was left an orphan as an infant, and that his foster parents sent him to an orphan near Turystown. Since he left there in 1914 he had worked for a bookbinder and had run errands, but he could not hold a job. He had tried the Y. M. C. A. but "got nothing out of it."

"I'm an orphan and I never had half a chance, I figured that the world owes me a living and I don't give a damn." With that final utterance the young and smasher broke into sobs and wept.

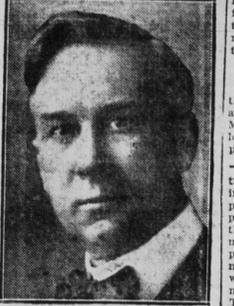

### BUY CANADIAN GOODS TO HAVE FEWER JOBLESS

#### Such is the Advice of J. S. McKinnon at the C. M. A. Meeting.

#### LEADERS WELCOMED BY QUEBEC HEADS

#### Wave of Industrial Unrest Has Receded Declares the President.

Quebec, June 7.—The wave of industrial unrest and visionary radicalism in Canada has receded and is receding, though at high tide it caused damage that will take time to repair, J. S. McKinnon, Toronto, advised delegates to the jubilee conven-

J. S. MCKINNON.

tion of the Canadian Manufacturers Association, which was opened this morning in the Chateau Frontenac, in the course of his address as president.

The delegates, who come from cities in the Dominion, from Halifax to Vancouver, were formally welcomed on behalf of the province by Premier Taschereau, and on behalf of the city by Mayor Samson.

Mr. McKinnon, in his address, also traced the steady growth of manufacturing in the Dominion since the association was formed fifty years ago, and he emphasized the fact that the industrial system of Canada now employs 700,000 people, who, with their departments, number 2,000,000 of the country's population.

Glancing over the industrial situation, Mr. McKinnon contended that it was time for legislators to call a halt in the passing of social measures dealing with the limitation of hours of labor, workmen's compensation and minimum wages, the effect of which, he argued, had been to decrease the amount of work done and to increase the cost of products.

Mr. McKinnon also dealt with unemployment and pointed out that it could be lessened if Canadians would purchase Canadian made goods in preference to similar articles made in foreign countries, notably the United States.

J. E. Walsh

The report of the executive committee presented today by J. E. Walsh, general manager of the association, referred to what had been accomplished towards trade stimulation in the Dominion by the "made in Canada" campaign conducted during the past year on behalf of the association.

The operations for the year under review of the industrial relations committee of the association, which were described by a report presented on its behalf, showing that it had opposed vigorously any legislation giving effect to the following conventions:

The eight-hour day, unemployment insurance, the entire suppression of private employment agencies, and had endorsed measures seeking to prohibit the employment of women six weeks before and six weeks after child birth, all reasonable restriction of night work for women, and the reservation of the execution of public works for periods of unemployment.

Thos. Rodden

After presenting his report as treasurer, Thomas Rodden, Toronto, outlined the programme the association should carry out and for which increased fees were required. He said the industrial relations committee should be strengthened, particularly in connection with the different provincial sections. He pointed out new problems were arising as a result of after-the-war relationships between employer and employee. The associa-

tion should be in a position to supply information on labor conditions in any part of Canada to members, as well as prepare reports on labor developments through the world. They also had to meet the consequences of men getting political favor with high ideals, but no knowledge of economics. There was the instance of the fixing of a minimum wage for women in Ontario. That was one of the worst things that had ever been put upon them, if wages were fixed it must follow that the price of products should be fixed too. They had all known what an infernal injustice resulted from the fixing of prices by the board of commerce. These were the problems the association would have to meet and the reasons why a strong industrial relations committee would be required.

### Acids In Stomach Cause Indigestion

#### Create Gas, Sourness and Pain How To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestions are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after meals. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

#### FIRE LOSS IS \$2,000,000.

Pittsburg, June 7.—Fire starting in the Musar Cedar Co. at McKeesport, a suburb, last night, spread to the McKeesport Tin Plate Co., causing a loss estimated by officials of the company at more than \$2,000,000.

tion should be in a position to supply information on labor conditions in any part of Canada to members, as well as prepare reports on labor developments through the world. They also had to meet the consequences of men getting political favor with high ideals, but no knowledge of economics. There was the instance of the fixing of a minimum wage for women in Ontario. That was one of the worst things that had ever been put upon them, if wages were fixed it must follow that the price of products should be fixed too. They had all known what an infernal injustice resulted from the fixing of prices by the board of commerce. These were the problems the association would have to meet and the reasons why a strong industrial relations committee would be required.

Mr. McKinnon, in his address, also traced the steady growth of manufacturing in the Dominion since the association was formed fifty years ago, and he emphasized the fact that the industrial system of Canada now employs 700,000 people, who, with their departments, number 2,000,000 of the country's population.

Glancing over the industrial situation, Mr. McKinnon contended that it was time for legislators to call a halt in the passing of social measures dealing with the limitation of hours of labor, workmen's compensation and minimum wages, the effect of which, he argued, had been to decrease the amount of work done and to increase the cost of products.

Mr. McKinnon also dealt with unemployment and pointed out that it could be lessened if Canadians would purchase Canadian made goods in preference to similar articles made in foreign countries, notably the United States.

J. E. Walsh

The report of the executive committee presented today by J. E. Walsh, general manager of the association, referred to what had been accomplished towards trade stimulation in the Dominion by the "made in Canada" campaign conducted during the past year on behalf of the association.

The operations for the year under review of the industrial relations committee of the association, which were described by a report presented on its behalf, showing that it had opposed vigorously any legislation giving effect to the following conventions:

The eight-hour day, unemployment insurance, the entire suppression of private employment agencies, and had endorsed measures seeking to prohibit the employment of women six weeks before and six weeks after child birth, all reasonable restriction of night work for women, and the reservation of the execution of public works for periods of unemployment.

Thos. Rodden

After presenting his report as treasurer, Thomas Rodden, Toronto, outlined the programme the association should carry out and for which increased fees were required. He said the industrial relations committee should be strengthened, particularly in connection with the different provincial sections. He pointed out new problems were arising as a result of after-the-war relationships between employer and employee. The associa-

tion should be in a position to supply information on labor conditions in any part of Canada to members, as well as prepare reports on labor developments through the world. ### Platte River Is Dropping Again

Denton, Ohio, June 7.—The floating Platte river which yesterday overflowed its banks and entered a number of small frame residences in the Jerome Park and Valverde quarters of this city, reached its highest stage at 5 o'clock this morning and today was receding slowly. The Globeville bridges over the river was washed out after midnight, making a total of four bridges over the Platte swept away near here. The damage in Denver was not heavy.

#### APPRECIATE HIS ACTION.

Washington, June 7.—A group of retired officers of the army and navy, including veterans of four wars and headed by Lt. Gen. Nelson A. Miles, called yesterday on Ambassador Greville, at the British embassy to express appreciation of his action Memorial Day in placing a wreath on the flag at Arlington cemetery in honor of American soldier and sailor dead.

### DIED.

PUGLEY — At Rotherham Kings County, on the 7th inst. of pneumonia, Daniel A. Pugley in his 72nd year, leaving his wife, also a brother and sister.

FUNERAL from residence, on Friday at 2 o'clock (Daylight time).

### Psychology Basis of Disease Theory

#### Body Not Mere Machine, Harvard Professor Tells Alienists.

Boston, June 4.—Medical science has placed too much stress on the mechanical theory of disease and must recognize that functional disorders have a place equally important to that of organic disorders, Prof. William MacDougall, Harvard University psychologist, said in addressing the American Psychiatric Association last night.

"I believe the mind has a nature and a structure and functions of its own, which cannot be described fully and adequately in terms of structure of the brain and its psychological processes. And if that be true, it does not seem logically impossible that the nature of the mind itself may be disordered or impaired or defective."

"If we are to make satisfactory progress in psychological medicine," said Professor MacDougall, "we still need, it seems to me, to recognize fully and frankly the claim of functional disorders to a place of equal importance and reality with the organic or structural disorders. That recognition can come only from a revision of the conception of organisms as mere mechanisms or machines, a concept that has

#### THREE EXECUTED.

Dublin, June 7.—Three men, convicted of participation in recent disorders in Ireland, were executed here this morning.

Edward Foley and Patrick Maher went to their doom for the murder of a Royal Irish Constabulary sergeant at Knocklong, while Constable William Mitchell was executed for the murder of Magistrate Dixon, of Danlavin, county Wexford.

dominated the biological and medical sciences, and even psychological science, more than half a century. It is through mental influences that functional disorders are brought about."

CROWN LANDS SOLD.  
Fredericton, June 7.—At the monthly sale of Crown lands by the Department of Lands and Mines, at noon today, two lots situated in Restigouche County, were sold to Joseph Behringer, of Kedgwick, for \$100, the upset price. They are lots 15 and 16 in Township 5, town plot of Kedgwick.

### No Soap Better For Your Skin Than Cuticura

# Bicycles for Everyone

ANY BOY OR GIRL in the Maritime Provinces can secure a sixty-five dollar "Pathfinder" bicycle, complete with mud-guards, air pump, parcel carrier and stand, with coaster brake, reinforced frame, spring saddle, and in fact everything that goes to make a bicycle complete, and at the same time earn fifteen dollars pocket money, payable in cash.

If there is a boy or girl who does not want a bicycle, any of them may earn a watch or any other prize they desire by the most generous proposition that has ever been made to the young people of the Maritime Provinces.

Pictorial Review is desirous of securing one million additional readers and in order to do so offers the Pathfinder bicycle mentioned above to any boy or girl who will, before October 15th, sell three hundred copies of this popular woman's magazine. Pictorial Review retails at twenty-five cents per copy. Anyone who wishes to enter this competition pays only twenty cents per copy for the magazine and thus makes five cents on every copy sold. To win the bicycle it is necessary that you shall send your money and your order for whatever number of copies of the July issue you may require, to H. V. Mackinnon & Son, P. O. Box 1109, St. John. These magazines will be delivered to you free of charge by Dominion Express. Sell them as quickly as you can and order more. A strict account is kept of all you buy and as soon as you have sold three hundred copies the bicycle will be shipped to you; all charges prepaid. In case you do not desire a bicycle write for particulars about the number you have to sell to secure one or other of the various watches which will be given as prizes. Already boys and girls in different places have sold more than one hundred copies of the June issue of Pictorial Review, and at the rate they are going will have earned their bicycles by the middle of July. Any one can do it!

The generosity of this magnificent offer will be realized when it is remembered that three hundred copies of the magazine costs the competitor only sixty dollars and that the bicycle is worth more than the entire sum paid for these magazines. No such offer was ever made to the boys and girls of these provinces. Do not lose time. You can secure scores of customers this month who will take the magazine from you every month, and in a very short time you will have finished your three hundred sales and be in possession of an up to the minute bicycle. Let us hear from you at once.

### PURITY FLOUR

"More Bread and Better Bread"

### PREDICTS LOWER FREIGHT

Railway Commission lates Charges on All He Asserts.

(Continued From Page 1)  
Mr. Meighen then reminded the audience that only resolutions on the subject of freight had waited on the governing discrimination from the Maritime Provinces. He pointed out that the government had to take into account the consequences of freight with other tolls, particularly part of the commission matters, too, were regulated by the railway commission. He was anxious to see goods shipped as best as he was from anywhere, but there were no cities as the administration. In due time the government was guided only by the principle was best for the whole country.

Canada a Unit

"They should not forget," Meighen remarked, "that there were in this part of the Dominion changes in other places, and turers somewhere else. I aim to make Canada a unit down a policy towards that could say that no advantage being taken by manufacturer country and the government see to it this could not occur question of the waterfront country settled later. United Canada can then compete for a business of the world with the States, Great Britain and other countries.

In conclusion, Mr. Meighen said that in the mission to London he was undertaking, he would or to interpret the will of the people and to embody in the findings of the conference (Canada of view) He hoped that his return would be as a the farewell given him this morning.

### Two True Bills In Dorchester

One is for Theft of \$2  
Other for Stealing  
at Moncton.

Special to The Standard  
Dorchester, N. B., June 7.—A session of the Westmorland court opened here this afternoon. Honor Judge Bennett presiding over two criminal cases before court: The King vs Lirette with theft of \$250 from Mr. of Port Elgin, and the King vs Lirette charged with cheque amounting to \$200 from the Canadian National mail room at Moncton. Judge Bennett directed the jury at some length. The grand jury after hearing the judge's charge the evidence of the various witnesses brought in the verdict. There were four civil cases which were adjourned to Monday to Sackville.

### "Broken Time" At Sydney Mines

Sydney, N. S., June 7.—That Hickey is a considerable "time" at the Sydney shipping yard is the near future was the inference given Louis McCormack, United Workers' board member in view with D. H. McDougall, a Merrill of the British Empire Corporation today. Mr. McCormack upon the vice-president general manager to inquire the case laid off at Louisb might not be so re-employed, zwer was not only was but Louisburg light, but consider time of the Sydney coal ship might be expected.

### "Impoco" Repairs More Than

Business is Light and gers Foresee Much L Work.

Halifax, N. S., June 7.—It is reported today at the office of the Imperial Oil Company here that steamer Impoco which ran off Block off the southwest coast of Nova Scotia and was subsequently floated and brought to Halifax not be repaired as originally intended. The decision, it is said, is the fact that the price of ships in England today is so low the cost involved in repairing damaged oil tanks.

### A PAGE OF NEWS ABOUT THE MARITIME

#### MEIGHEN HITS SPECIAL RATE FOR MARITIME

Before the C. M. A. at Quebec He Says National Interest Must Be First.

#### PREDICTS LOWER FREIGHT RATES

Railway Commission Regulates Charges on All Goods He Asserts.

(Continued From Page 1)  
Mr. Meighen today reminded his audience that only recently delegations on the subject of freight rates had waited on the government pleading discrimination from the western and Maritime Provinces. The government had to take into consideration the consequences of interference with freight and other tolls in any particular part of the country. These matters, too, were regulated by the railway commission. He was anxious to see goods shipped from Quebec as he was from anywhere else, but there were no cities as cities to the administration. In deciding what was best the government could be guided only by the principle of what was best for the whole country.

Canada a Unit  
They should not forget, Mr. Meighen remarked, that there were farmers in this part of the Dominion, merchants in other places, and manufacturers somewhere else. They must aim to make Canada a unit and lay down a policy towards that end. He said that no advantage was being taken by manufacturers of the country and the government would see to it this could not occur. The question of the tariff of the country settled domestic questions could be settled later. United Canada can then compete for a share of business of the world with the United States, Great Britain and other countries.

In conclusion, Mr. Meighen said that in the mission to London that he was undertaking he would endeavor to interpret the will of the whole people and to embody in the proceedings of the conference Canada's point of view. He hoped that his welcome on returning would be as cordial as the farewell given him this afternoon.

#### Two True Bills In Dorchester Court

One is for Theft of \$250 and Other for Stealing \$1,400 at Moncton.

Special to The Standard  
Dorchester, N. B., June 7.—The June session of the Western-land county court opened here this afternoon. His Honor Judge Bennett presiding. There were two criminal cases before the court: The King vs. Lirette, charged with theft of \$250 from Mr. Silliker, of Port Elgin, and the King vs. Chester Trenholm, charged with stealing cheques amounting to about \$1,400 from the Canadian National Railway mail room at Moncton. Judge Bennett, charged the grand jury at some length. The grand jury, after hearing the judge's charge and the evidence of the various witnesses, brought in true bills in both cases. There were four civil cases, two of which were adjourned to Moncton and two to Sackville.

#### "Broken Time" At Sydney Mines Likely

Sydney, N. S., June 7.—That there is likely to be considerable "broken time" at the Sydney shipping firm in the near future was the information given Louis McCormack, United Mine Workers' board member in an interview with D. H. McDougall and E. P. Merrill of the British Empire Steel Corporation today. Mr. McCormack called upon the vice-president and the general manager to enquire if men recently laid off at Louisbourg might not be so re-employed. The answer was not only was business at Louisbourg light, but considerable idle time at the Sydney coal shipping piers might be expected.

#### "Impoco" Repairs More Than Value

Business is Light and Managers Foresee Much Lack of Work.

Halifax, N. S., June 7.—It was announced today at the office of the Imperial Oil Company here that the steamer Impoco which ran on Blouffe Rock, off the southwestern coast of Nova Scotia and was subsequently refloated and brought to the wharf, would not be repaired as originally planned. The decision, it is said, is based on the fact that the price of similar ships in England today is more than the cost involved in repairing the badly damaged oil tanks.

#### Great Fires In State of Maine

Hundreds of Cords of Pulp Wood Already Burned at "The Wolves."

Calais, Me., June 7.—Fire swept through three-quarters miles of woodland on Eastern Island today and destroyed 500 cords of peeled pulpwood. Lumbering operations were being conducted there by E. H. Hanson & Son of this city, who employed fifty men. The island is one of a group known as "the wolves," six miles from Grand Manan, N. B.

#### St. John-Quebec Rail Appeal Dismissed

Case Brought to Establish Claim of System as Dominion Public Work.

Ottawa, June 7.—In the Supreme Court today judgment was rendered dismissing the appeal of St. John and Quebec Railway versus Jones et al. the costs to be paid by the appellants' solicitors. The railway company was incorporated in New Brunswick in 1909 and leased for 99 years to the Dominion government in 1914. The case was brought to establish the system as a public work of Canada, and accordingly to overthrow a provincial order-in-Council which vested the shares of the company in the Provincial government and ousted the board of directors from their office.

The appeal of Berliner Gramophones Company versus Phinney & Co., and the appeal of the Royal Bank of Canada versus the King, were also dismissed with costs. The latter was out of the action of the government of New Brunswick to recover from the bank, trustee for Sir Herbert Holt and others, some \$5,000 for stampage dues.

#### York Jurors Sent Home From Court

Fredericton, N. B., June 7.—Nineteen of the twenty-one jurymen who had been summoned for the York county court, which was scheduled to open today, answered to the roll when Harris G. Penney, clerk of the court, called the roll.

Then Mr. Penney advised the jurymen that no judge had been appointed to succeed Hon. William Wilson, who was retired in March, and therefore the court could not go on. He also told the jurymen that they would receive their fees and mileage allowances. These amounted to over \$100 and were afterwards paid by Major J. S. Scott, the acting secretary treasurer of the county.

#### Esperanto Captain Gets New Vessel

Gloucester, June 7.—Captain Tom Benham of the ill-fated Esperanto is to be given a fine new command by the Gorton Pew Fisheries Co., and will sail salt fishing in the three-masted "Aviator" which has been hauled up for some time. She will probably carry 20 dorjes and take about seven hundred hogshead of salt. The Aviator is being fitted out and will probably get away about Saturday.

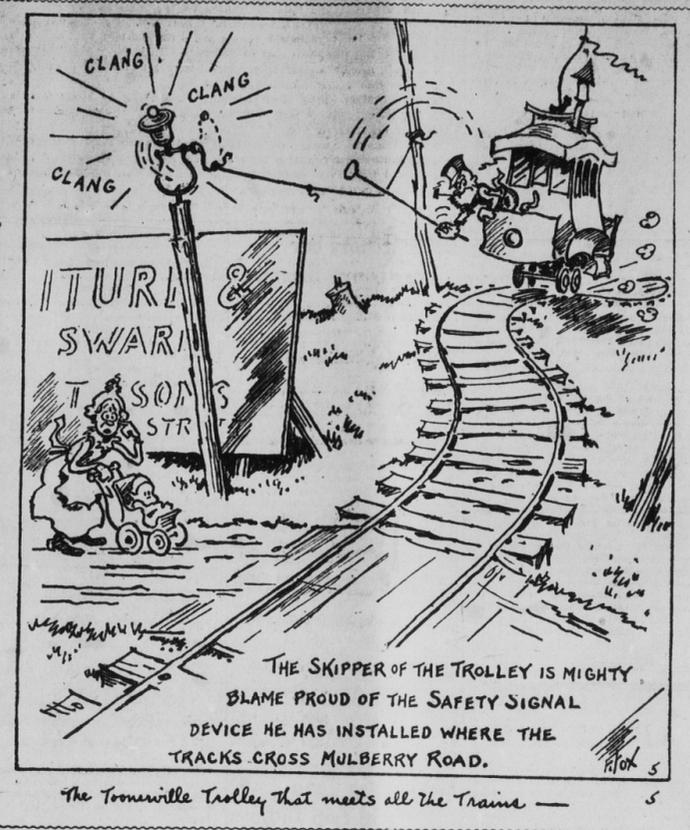

#### LONGSHOREMEN'S UNION

Halifax, N. S., June 7.—Reports of the president, secretary and executive of the International Longshoremen's Association, Atlantic coast division, were presented at this morning's session of the annual convention, now being held here. This afternoon delegates to the convention were given an excursion on the harbor.

#### Oil Worker Is Burned Seriously

Hillsboro, N. B., June 7.—On Saturday morning, Mr. H. R. King, while employed at work at the oil wells, Stoney Creek, Albert Co., was accidentally burned caused by hot rabbit exploding, striking his eyes and face, and burning them severely. At first it was feared that Mr. King's eyes were seriously injured, but he was taken to Moncton to consult Dr. Burgess.

#### Gagetown

Gagetown, N. B., June 7.—The Kingston Deanery Sunday school Union met here with a good number of clergy and Sunday school workers in attendance. The convention held its opening meeting in the Guild Hall, when the Rev. Canon G. A. Kuhring, of St. John, gave a most helpful address. A large congregation was present at the evening service, which was held in St. Luke's Church. Rev. J. H. A. Holmes, rector of St. Jude's, West St. John, intoned the service, the first lesson was read by Rev. A. McAllen, rector of Greenwich, and the second lesson by Canon A. W. Daniel of Rothesay, who also pronounced the benediction. An impressive sermon to the parents, relatives, teachers and friends of children, was preached by the Ven. Archdeacon Crowfoot, of St. John.

#### ST. JOSEPH'S COLLEGE

The senior class of St. Joseph's College is composed of the following successful students from New Brunswick: Aldric Bourgeois, Cocagne; Joseph P. Butler, St. John; Joseph E. Cahill, Moncton; William D. Connors, St. Stephen; William J. Crowley, St. John; Leo Dolson, Shediac; Joseph Floyd, St. John; Frank Gillen, Moncton; Henri Hebert, Grande Digue; Arthur Kinosh, St. John; Godefrey LeBlanc, Notre Dame; Arthur J. Melanson, Shediac; Thomas Melville Nichol, St. John, and William Osborne, St. John.

#### NOW A DOCTOR.

Kingston, Ont., June 7.—The final year students in medicine in Queen's University Medical College were announced yesterday. Those who have won the degree of M. D. C. M., include Arthur Diamond, Ostana, Nfld.; G. A. Lyall Irwin, M. D., Halifax and Kenneth Murray, St. Stephen, N. B.

#### Stole Whiskey While Working On Wharf

Halifax, N. S., June 7.—Theft of the contents of two cases of whiskey was discovered here this morning when workmen reached the lowest tier of a consignment of 1,500 cases, brought over by the Furness line steamer Digby, and deposited on the floor of Pier No. 3, preparatory to being placed aboard freight cars, the entire operation being under heavy guard. A plank had been removed and the whiskey stolen from a position below the floor of the wharf.

#### FIVE MORE LAWYERS.

Fredericton, June 7.—Dr. James H. McDonald, who has been superintendent of the D. S. C. R. Hospital here for almost two years, left last evening for Old Orchard Beach, Maine, where he will locate. Dr. McDonald came here in succession to Major Lorton from Smith Falls, Ont., and during his residence here made many friends not only among the patients at the hospital but the public generally, and his departure is regretted. He went overseas with the C. A. M. C. and was a very popular medical officer.

#### WEDDINGS.

Hamilton-Prector  
Last evening at the Main street Baptist parsonage, Mr. Frank Hamilton, Gagetown, was united in marriage to Miss Mabel Prector, of Gody's. The ceremony was performed by Rev. Dr. David Hutchinson. After spending a brief honeymoon in the city, the young couple will make their home in Gagetown.

#### Harding-Gault

At a very pretty wedding solemnized last evening in Germain street Baptist church, the Rev. Mr. Poole united in marriage Olive Bestide, youngest daughter of Mr. and Mrs. C. E. Harding, of Queen street, and Kenneth F. Gault, the manager of the Bank of Nova Scotia at Deaktown, N. B. The bride wore a dark blue suit of tulle and a white lace hat and a seal scarf and carried a bouquet of American beauty roses. The happy couple left for a trip to Montreal, Toronto and Niagara. Many beautiful presents testified to the esteem in which the young people are held.

#### Fire Sweeping Over Sugar Loaf

Lumber Holdings of Robert Baxter Will Be Lost Unless Rain Falls.

Amherst, June 7.—Serious fire loss threatens the holdings of Robert Baxter, on the sides of Sugar Loaf Mountain. Some score acres of practically virgin forest, have been swept by flames, while the temporary buildings, bunk house, cook house, barns, etc., have also been burned. The fire commenced on Friday and raged over twenty-five acres of lumber land before it was brought under control. Yesterday it started again and the fire was again raging, despite the efforts of the masculine volunteers from the entire country who held it in check. From East Williamsdale through the mountainside and unless rain falls within a few hours, Mr. Baxter's area will probably be a complete loss.

#### Liverpool Pulp Mill To Re-Open

Liverpool, June 7.—The employees of the McLeod Pulp Company Limited, received with joy the announcement here today that the two mills at Rapid Falls and Cowie Falls would open on Wednesday morning. The mills have been idle for the past few months and upon receiving the order yesterday to reopen, Manager Roy Godron commenced the necessary operations to have the mills start work. This will give work to 125 men and give up the business of the whole district. The majority of the men who will receive the work live in the town of Milton. Liverpool will also be affected as the pulp is shipped from this port by water.

#### Send Thumb Prints By Wireless Now

Paris, June 7.—Identification of criminals by telephone and wireless will be a simple matter if apparatus demonstrated today by Professor Ottolenghi stands up under tests. Professor Ottolenghi, who is the director of the Italian scientific police school, showed his adaptation of the "berlinophone" to an international gathering of detectives, police chiefs and bankers' agents in session at Malmison, near Paris, today. With this instrument transmission of photographs of thumb-prints by telephone or wireless is possible, Professor Ottolenghi asserted. In a few months the professor said it will be possible to send thumb-prints from Paris to New York by wireless, rendering the identification of immigrant criminals in either country simple. By the same invention it is now possible, he said, to "telephone" a check accompanied by the paper's identification marks from London to Paris.

#### LAST CAR CLUB

The members of the Last Car Club met and were very pleasantly entertained at the home of J. E. McClean, on Union street, last evening. A full number of members were present and a very enjoyable time was spent. A whisky drive was held and the winners were as follows:—Ladies' first prize, Mrs. Horsman; gentlemen's first prize, Mr. McClean; ladies' consolation prize, Miss Wilkins; gentlemen's prize, Master Caddell. After the prizes were distributed, refreshments were served, after which music and songs were enjoyed, and the party broke up in time to enable the members to catch the last car home.

#### DOCTOR LEAVES FREDERICTON.

Fredericton, June 7.—Dr. James H. McDonald, who has been superintendent of the D. S. C. R. Hospital here for almost two years, left last evening for Old Orchard Beach, Maine, where he will locate. Dr. McDonald came here in succession to Major Lorton from Smith Falls, Ont., and during his residence here made many friends not only among the patients at the hospital but the public generally, and his departure is regretted. He went overseas with the C. A. M. C. and was a very popular medical officer.

#### FIVE MORE LAWYERS.

Fredericton, June 7.—Five students-at-law, all graduates of the King's Law School at St. John, were admitted to the bar this morning. They are: B. C. L., Petticoat; Thomas L. McGloan, B. C. L.; Lawrence E. Manning, B. C. L.; C. R. Messereau, B. C. L., all of St. John, and Herman S. Murray, B. C. L., Chatham. Of these Mr. Rice enters into partnership with Mr. King at his home town, and Mr. Murray will be associated with Hon. Robert Murray, K. C., at Chatham. On Wednesday a number of attorneys will be sworn in as barristers of the court.

#### Fredericton Accepts Teachers' Resignations

Action is Result of Trouble on Salary Question Recently Between Men and Board.

Fredericton, N. B., June 7.—This resignation of all the male teachers at the Fredericton High School were accepted by the Board of School trustees at a meeting yesterday as an upshot of the controversy between the teachers and the board over the demand of the former for an increase in salaries. No reference was made in an official statement given out after the meeting to the acceptance of the resignations, which had been tendered in the course of correspondence that has been passing on the salaries question, and R. D. Hanson, secretary of the board, intimated that he had been instructed not to make any statement in that regard when asked to confirm or deny the report.

#### Cause of Trouble.

Some time ago the male teachers at the High School sent a letter to the trustees asking that the scale of salaries for 1921-22 as approved by the New Brunswick Teachers' Association, be effective from the commencement of the next school year as they affected the board insofar as they affected the high school. The trustees replied that the civic assessment had been fixed for the year and the school budget completed which made it difficult if not impossible to do anything at present. The teachers replied with a letter signed by all tendering their resignations to the effect at the close of the present school year, and, incidentally, asked for a conference with the trustees.

#### Accepts Resignation.

The request for the conference was granted, the teachers met the board yesterday afternoon and after hearing what they had to say, the board passed a resolution accepting the resignations which had been tendered. The schedule of the teachers' association for salaries at the Fredericton High School calls for gross salaries of \$3,000 for the principal and \$2,500 for other teachers. The salaries which are being paid this year are \$2,500 and \$2,100.

ST. JOHN, N. B. WEDNESDAY, JUNE 8, 1921.

THE ULSTER PARLIAMENT

For the first time in more than 120 years, a Parliament has convened in Ireland; not on St. Stephen's Green in Dublin, but in Belfast. Had the Irish people shown a little more of that common sense with which their race is usually credited, the Parliament would have been sitting in Dublin. It is idle to attempt to make any forecast as to what amount of success will be achieved; but the fact that the Sinn Fein and Nationalist members were elected to it, have announced their intention of taking no part whatever in its proceedings is not a particularly good sign.

It is said that about 50,000 volumes of fifteen and sixteenth century first editions, as well as rare manuscripts, already have reached Louvain. This goodly beginning was purchased partly in France, partly in Belgium and partly in Germany. In the latter case many leaves were made on various German university libraries as well as "donations" exacted from German private collectors and university professors.

THE COMING BY-ELECTION IN MEDICINE HAT.

The coming Dominion by-election in Medicine Hat will be a contest between the Unionists and the Farmers. No Liberal candidate is nominated. As we remarked the other day, the Liberals hardly dare fight outside of Quebec province, and when they do they meet severe defeats. There has been but one exception in a couple of years, namely West Peterboro. Elsewhere outside Quebec the story of the by-elections has been as follows as regards Liberal fighting:

- Glengary—No candidate. North Ontario—No candidate. Timiskaming—Liberal run third. Assinibois—Candidate lost his deposit. Victoria—No candidate. Kingston—No candidate. Colchester—No candidate. St. John—Candidate lost deposit. Yale—No candidate. East Elgin—Liberal third. York and Sunbury—No candidate. Such is the practical record during the past two years of the party which has kept parroting the cry that the Union party and Government does not represent public opinion, and should yield to them. On the heels of such a record comes the further default of naming a candidate in Medicine Hat. Mr. Mackenzie King in an appeal to his followers last summer announced that in future every by-election would be contested by the Liberal party. Since then there have been six by-elections, the Liberals have had candidates in only three, and a seventh is coming with no Liberal candidate.

RECRUITING LOUVAIN LIBRARY.

The ruthless burning of the world-renowned library of Louvain was among the first shocks dealt out to the Belgians and to the civilized world during the initial stage of the recent war.

It is now nearly seven years since the priceless treasures which had been collected with discrimination, with patience, with love, tell a victim to the blind rage of the striding Hun. All during those seven years the civilized world has longed to make some "consolatory" gifts to Louvain in place of its precious manuscripts, its valium-bound tomes, its block letter editions and the thousand other au-

replaceable treasures that were Louvain's glory.

It is an immense satisfaction to know that some such work is now really in hand; that the new collection already has assumed considerable proportions.

In accordance with the peace treaty Germany was obligated to replace the library, and the German Government, some time since, began its work on a business basis. The details of collecting have been entrusted to a commission of university experts, who are to pick up library material for Germany in Europe and the East, in accordance with lists given out by the Louvain University.

No matter what contributions and returns Germany make, the University of Louvain never can hope to regain the fine flavor of her old fame, and no matter how many manuscripts, records, chronicles, special collections, Germany may transfer to Louvain, she is powerless to give equivalent for treasures destroyed by the German troops at Louvain. It is at least an "attempt to replace." That Germany should give of her best is a mere matter of decency. It is to be hoped for Louvain's sake, who in the long run is the chief sufferer, that Germany will fulfill the programme which has been mapped out in the shortest time.

The proposed scheme under which four train crews were to do the work of five on the Canada Eastern and St. John and Quebec section of the National Railways has been abandoned. It is as well that it has, for a more senseless method of attempting to economize could scarcely have been suggested. Had it been carried through the wages that the four crews would have made consequent upon the longer hours and therefore overtime, would have been far in excess of the wages paid to five crews. If the National Railways are run in all respects upon the same economic (?) principle as this particular scheme was based upon, it is little wonder that they are running at a deficit of over \$1,000,000 a week.

We are not particularly familiar with the provisions of the Lemieux Act regarding the duties and scope of activities of Boards of Conciliation, but on general principles there does not appear to be anything to conciliate about between the N. B. Power Co. and its employees. There is no dispute of any kind; the men were working under a year's agreement which expires on the 1st inst., and which the Company a short time ago announced they were not prepared to renew. They at the same time gave out the terms upon which they were prepared to make a new contract, which the employees can take or leave just as they feel inclined. What can be simpler? And what is there to conciliate about?

Times-Star:—"Premier Meighen goes to the Imperial Conference as a representative of a government. He has not yet received the endorsement of the people, and therefore cannot be said to represent them." Said to relate too, although Mr. Lloyd-George succeeded to the position of Prime Minister of Britain on the resignation of Mr. Asquith in December, 1916, he didn't receive the endorsement of the people for more than two years afterwards; but we have never heard it claimed that he did not represent the people in the meantime. The people of Britain and the Empire at large seemed to think he did, anyway.

A New York university has graduated 13 students in Journalism. But this is somewhat different from saying that it has graduated 13 reporters. Dean Williams of the Missouri School of Journalism tells one story that shows the difference. One of his students was sent to cover a railroad wreck in a nearby town. It got round to time to go to press, and not a word from the reporter. Finally, in desperation, he wired him and told him to rush the story. This is what he received in reply: "Too much excitement. Wait till things quiet down."

The British Government has sold five battleships, and other large warships at a rate of about \$12.50 per ton displacement. This is about the only kind of scrapping that is cheap.

I SEE IN THE STANDARD

The Very Reverend Charles W. Gordon, D. D., Moderator! That is the latest and best of the titles crowning the brilliant career of this young Canadian. "Very reverend" because he is now numbered with "the Fathers" in the "College of Moderators." He looked well long ago in a rugby suit—a very deer to run. Then in his college gown—a classical student, proud as a young Roman in the toga. Later in his "Sabbath brows" a serious-minded young minister. Again, in his shirt sleeves, camping in the pine woods, drawing pen pictures. Next, in khaki with kilt and feather, the enemy of giant wrongs. Tonight in the moderator's Geneva gown and bonds, the coveted honor of all men of the Kirk.

Tail and Composed. Tall of figure and composed! Supple as the claymore, and made of good Highland steel. Fine as a new peer—a quill from some angel's wing. A quill of rare culture and a head of many "bumps." A dignitary of the church, during whose official year he will neither thunder anathemas, nor pass any edicts, nor be on the "other side." But the Presbyterian church will get additional honors, in the public recognition which is sure to come every where to this popular and worthy Canadian.

All this harks back into the past. His noted father-choir, evangelist, covanantist! Principal Cavan always handed him the Hebrew Bible when he visited the class room in Knox for a prophetic indeed he was. And that several meetings in Glangarry, burning in men's souls through snowstorms and harvests for two years. Notable, too, that day when he led the Highlanders with bibroch and Bible to Montreal to destroy the nest of evil spirits who had entered the presbytery in a "Kist of Whiskey." A wonderful mother, too! Take their photographs and see what debt he owes to her. And away back to her forebears—the Smiths, of Keig, one of them a heretic, the famous Robertson Smith.

WHAT OTHERS SAY

Their Big New Station. Toronto's housing problem need not cause much worry. But, among their big new Union Station as an apartment house until the time comes for the railway companies to occupy it, it will improve the city. It is long after there are enough houses to hold all the people.—Hamilton Herald.

All is Vanity. Human beings always think that something irreparable is happening, but it never does. Today, Noah's Ark has become a toy in the nursery, and Jagged is a jest for children. Perhaps in ten thousand years our troubles of today will amuse little Esperanto speaking children as they play with a model of the League of Nations—our somewhat leaky Ark—and with tiny wooden figures of the statesmen who went in two by two, the Tiger and the Wolf, and of President Wilson as the dove who went out in search of an olive-branch and failed to find it. Perhaps they will, perhaps they won't. All we know about it is that, by hook or by crook, the children will be amused. Floods in the coal mines will not prevent it any more than floods over Mount Ararat.—London Daily News.

Undesirable Luggage. Should Rev. Mr. Spracklin carry out his present intention and stump the province in behalf of the prohibition of liquor imports, he should be advised to leave his gun at home.—Hamilton Herald.

A Practical Answer. Loyal Jamaica, voluntarily pledging itself to contribute \$500,000 annually, for forty years, toward Britain's war debt, is an inspiring action. It gives an sufficient reason to recognize in the U. S. Senate as to the possibility of acquiring the British West Indies as a partial offset to Great Britain's debt to the United States.—Hamilton Spectator.

A Solo Performer. Dr. Michael Clark may change party, but he will remain loyal to his old free trade hobby. No doubt he enjoys the distinction of standing alone. And it is something to have in the public life of the country a man is not afraid to stand alone. He knows very well, no doubt, that he is fighting for a lost cause, but there always have been people to fight for lost causes. And it cannot be said that Dr. Clark is fighting altogether a useless fight. He cannot hope to win, but he may render some valuable service by reminding the country from time to time of the danger of carrying even a necessary policy to extremes.—Woodstock Sentinel-Review.

A BIT OF VERSE

ROTHESAY. An Acrostic.

Rest here a while where bouateous chieftain beguile; Over your soul let nature's mantle fall; The envy and envied leave for a while; Hear ye the birds give answer call for call; Envy these songsters, if envy thou must; Soar ye the bluebells' note, e'er Matins cease; And as tools are building dust upon dust, Your soul then will hear the whisp'ring word—peace.—Leonard Fox, Rothessay.

Benny's Note Book

THE PARK AVE. NEWS. Weather. Thaw's of vacation more plentiful. Sports. The Inv-ables went out to the park to play the Park Wonders last Saturday but the game was postponed on account of neither of the teams having a ball with them because they both thart the other wife have one. Stasley. Miss Meud Janson went in Miss Loretor Mincors parlor last Wednesday to wait for her wife she took her singing lesson, but pritty soon she coldest stand the strain any longer and went out and finished waiting on the front steps. POME BY SKINNY MARTIN. Im 8 years old so Ive had 8 Christmasses. But wat goods that do me? So I cant remember anything before I was 5. Intriguing Facts About Intriguing People. Reddy Merfy was dily for skoot twice last week, his icuzee being he thavt it was later than wat it was. Business Notes. Benny Petts tried to swap Puds Simkins an agate and 3 commons for a half of a apple last Thursday, but by the time Puds decided to make up his mind to swap, the apple was ony a small size core.

Battle Honors For Miss Laura Bromwell

Famous Young Aviatix Killed Sunday Will Be Buried With Full Military Honors. New York, June 7.—Full honors paid to aviators who die in action will be accorded Miss Laura Bromwell, famous young aviatix, who was killed at Mineola, Long Island, Sunday afternoon. The entire aviation cadet corps of the New York police department, of which Miss Bromwell was a captain, will escort her body to the railroad station, where relatives take it back home for burial, while two planes of the same department will circle overhead, strutting the cortege with flowers. Experts here advance the theory that Miss Bromwell's fatal fall was due to her inability to reach either the hand or foot control levers when her seat cushion fell out of the machine while it was tipped upside down. She was but five feet two inches in height and needed the cushion to maintain a firm grip on the controls.

Meal Better Than World Trip To Boys

Ran Away from Juvenile Home to See World But Glad to Return. New York, June 6.—An ordinary square meal in lieu of a trip around the world was accepted instantly yesterday by Dominick Prisma and Frank Gordon, each 12 years old, of Jamaica, Queens, when a policeman met them in Woodhaven and directed them to tell about themselves. One of them hung his head and began shifting his feet, but the other said right away: "If you lead us to something to eat we can do anything you like to us." They then explained that they had run away from the Juvenile Asylum in Westchester county with a notion of shipping in South Brooklyn as cabin boys and seeing the world; but upon arriving at the Brooklyn water front they discovered there are more ships lying at wharves than sail the seas these days, and that boys applying for cabin berths are asked many personal questions. From Brooklyn they set out on foot for Jamaica, but the law overhauled them at Woodhaven.

SAVE YOUR EYES

PHYSICIANS know that many ailments cannot be permanently cured until eye strain, which is a contributing if not a primary cause of the trouble is corrected. Some doctors go so far as to say that every case of migraine is partly due to eye strain. Eye strain is not a disease. Medicine is not a remedy for it. It is muscular strain due to a defect in the construction of the eye. Glasses are the only remedy. We have had much experience in fitting glasses to correct eye strain. Let us help to relieve yours. L. L. SHAPKE & SON, Jewelers and Optometrists 21 King St. 189 Union St.

No Danger To Us From The Comet

Said Now It Will Not Come Within 10,000,000 Miles of the Earth. Cambridge, Mass., June 7.—With the comet, the expected near approach of which the earth this month has caused much comment, will probably not come within ten million miles of us, according to information received at the Harvard College observatory from astronomers in various parts of the world who are studying its motion closely. The comet will make its nearest approach to the sun on June 13, and will be at its brightest at about the same time. It is doubtful, however, whether it will be visible to the naked eye. Several astronomers predict a meteoric shower on June 27, as a result of the comet's approach. Such showers have often taken place when the earth passed through the path of a comet, and are generally understood to be caused by meteors which rub the comet in a stream, and coming contact with the earth's atmosphere rush into it, and are burned. A shower of this sort might be spectacular, but would undoubtedly be harmless. Good Bad or Both? We are having more weather here this year than we've had for just 10 years. (Baxter, Ark., Bulletin.)

**WEDDINGS.**

**Farquhar-Leonard.**  
At a quarter past ten o'clock yesterday morning, in the Germain street Baptist church, Miss Edna Olive Leonard, daughter of Mr. and Mrs. W. F. Leonard, Queen street, was married to Lloyd M. Farquhar, son of Mr. and Mrs. J. M. Farquhar, of Montreal. The groom was supported by his brother, Malcolm Farquhar, of Montreal, and Misses Jane Leonard and Marjorie Leonard, nieces of the bride, acted as flower girls. A. F. Blake and Herbert Knowles were the ushers. The out of town guests included the groom's parents, Mr. and Mrs. J. M. Farquhar of Montreal; Miss L. M. Gray, of London, Ont.; George Gray, of Galt, Ont.; Miss Helen Hand, Woodstock, and Senator Ross Emery and William Emery, of Eastport.

**Belyea-Russell.**  
Miss Alice Maude, daughter of Mr. and Mrs. Henry Russell, 164 St. James street, and Frank Ernest Belyea, also of this city, were united in marriage Monday evening, at eight o'clock, by Rev. Gideon Swim, at the home of the bride's parents. After the ceremony a dainty wedding supper was served. The young couple left Monday evening for Wood Cottage, Loch Lomond. On their return they will reside at 9 Harding street.

**Serran-White.**  
In Holy Trinity church yesterday morning, at 7 o'clock, Miss Sarah J. daughter of Mr. and Mrs. Paul White, 75 Magazine street, and Anthony Serran, son of the late Mr. and Mrs. Antoine Serran, of Cambridge, Mass., were united in marriage by Rev. Mgr. J. J. Walsh, V. C. D. P., with Nuptial Mass. Miss Marion Gillen was bridesmaid. The groom was supported by his cousin, Harold LeClair, Mr. and Mrs. Serran leave Wednesday for Somerville, Mass., where they will make their home.

**Victory-Titus.**  
Jacksonville, N. B., June 7.—The home of Mr. and Mrs. Henry Briggs, Jacksonville, N. B. was the scene of an interesting event on Wednesday, June 1st, when Mrs. Laura Titus of St. John, was united in marriage to Mr. Addison Victory of Houlton. The ceremony was performed by Rev. L. A. Fenwick in the presence of immediate relatives. After the ceremony, refreshments were served. Mr. and Mrs. Victory drove to Houlton, where they will reside.

**Wilson-Walker.**  
Miss Lillian Frances Walker, daughter of Mr. and Mrs. William Walker, Fairville, was united in marriage to Elmo John Wilson, son of Mr. and Mrs. William Wilson, of Hillsboro, Albert County, in the Baptist Parsonage, Fairville, at 7:30 last evening. The young couple were attended by Edmund Hamilton of Randolph, and Miss Elizabeth Walker of Fairville. They will reside in Hillsboro.

**Silence is Golden.**  
So, Portland Sage says it is well to remember that the fish that keeps his mouth shut is the one that is not caught.

**FRENCH STOP BIG JOB OF CONSTRUCTION**

Foundations of Big Building Covered Up Until Prices Come Down.

**RENT GROUND FOR POPULAR MARKET**

Owners Expect to Make Large Sum Out of Venture by Waiting.

Paris, June 6.—A striking illustration of the high cost of building which makes the housing problem so acute in Paris, is afforded by the action of the proprietors of a large site on the Boulevard not a stone's throw from the Matin building.

Old houses on the site, which was purchased six months ago, were torn down and the foundations of a big office were laid. It was then realized that owing to the high price of labor and materials, the cost would be upwards of 11,000,000 francs, whereas, a year hence, it is estimated, it will not be over 8,000,000 as prices are slowly but steadily falling.

Accordingly the proprietors decided to cease construction for twelve months. They covered the foundations with gravel and leased the open space, some fifty yards wide by sixty deep, as a popular market.

The manager of the enterprise declares that although the rent paid for stall space at present is merely nominal, the proprietors expect to make, or rather save more money in twelve months than by letting every room of the completed building for two years.

**New Strength and Energy For the Weak and Aged**

To be strong, vigorous and active you must have plenty of good, rich, red blood of the kind that organic iron—Nuxated iron—helps make. Nuxated iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron.

**NUXATED IRON**

For Red Blood, Strength and Endurance

**Lefebvre Says He Is Like New Man**

It Only Took Three Bottles of Tanlac to Restore Him Says Quebec, Citizen.

"My advice to anybody who needs an all round building up is to give Tanlac a trial, said Ernest Lefebvre, 168 St. Denis St., Quebec, recently. "Three bottles of Tanlac is all it took to fix me up and I have been feeling fine ever since. But I had been in pretty bad shape and was all run-down. I couldn't eat much of anything, wasn't able to work to any satisfaction and just felt bad and no account all the time. My stomach gave me so much trouble that nothing seemed to set well with me and I would blot all up with gas and have the worst sort of pains and cramps. I was bothered greatly by indigestion and I eat anything. Nothing I eat hurts me and I sleep good and sound. To put it in a few words I'm in the best of health and am glad to give this statement and tell others of my experience with Tanlac."

**APPRECIATES PASTOR.**  
That this Quarterly Official Board desires to affirm a resolution unanimously adopted at a large meeting of the Joint Boards of our church recently held, when on motion of G. E. Harbour seconded by J. L. Thorne it was resolved that we record our sincere appreciation of the faithful services of our pastor, Rev. H. A. Goodwin who for four years has ministered with great success and acceptance to our church and whose full term now expires. His pulpit ministrations have been of high order and in every department he has been most zealous, particularly so in the Sabbath School where he was always present at its sessions when at all possible and in the Epworth League where his presence and counsel were most effective.

In his work he was greatly helped by Mrs. Goodwin and for each we entertain the highest respect, cherishing the hope that in their new fields or wherever in the future their work may be, they may have success along with health and happiness.

**SINN FEINERS CAPTURED.**

Cork, Ireland, June 7.—Crown forces captured more than 100 members of the Irish Republican army in Mill street last night, after a battle in which three Sinn Feiners were killed and twelve wounded. The casualties to the crown forces, it is said, were slight.

The crown forces were conducting an encircling operation over a wide area with airplane scouts when they encountered the Sinn Feiners.

**CHURCH UNION ACCEPTED BY THE ASSEMBLY**

By Vote of 414 to 107 Delegates at Toronto Approve Union Plan.

**ALBERTA SURPRISES BY POOR SUPPORT**

Predicted It Will Take Three Years to Solve Legal Problems Involved.

(Continued from page 1)  
When the time came for voting the clerk called the roll and the commissioners called out "motion" or "amendment," as they desired to vote.

**Now They Voted.**  
The result of the vote was not announced officially after the count, but the official figures were by synods: Synod of Maritime Provinces—Motion 67; amendment 19. Montreal and Ottawa—Motion 43; amendment 19. Toronto and Kingston—Motion 85; amendment 19. Hamilton and London—Motion 56; amendment 16. Manitoba—Motion 54; amendment 2. Saskatchewan—Motion 64; amendment 4. Alberta—Motion 27; amendment 15. British Columbia—Motion 23; amendment 13.

**Western Surprises.**  
There were some surprises in the result. Throughout the debate, which lasted three days, the strong pro-union sentiment in the west was repeatedly emphasized, yet Alberta came last of all the synods in support of union, favoring the motion by only 62 per cent. of its vote. Ninety-five of the Manitoba vote was cast for union. The Winnipeg Presbytery, from which 19 votes were cast, went solid for church union. British Columbia supported union to the extent of 64 per cent. of vote, but had it not been for the Presbytery of Honan, which is included in the British Columbia synod, and which gave a solid vote for union, the showing would have been less pro-union. The Presbyteries of Montreal and Ottawa, which take in Eastern Ontario, gave substantial support to the amendment.

**Legal Problems.**  
Owing to the necessity of getting legislation from the federal as well as all the provincial governments to ratify the transfer of church properties, leaders of the union forces predicted that the adjustments will not be made and actual union take place within three years.

**OBITUARY**

**Mrs. Mary A. Hannay.**  
Rexton, N. B., June 7.—After a lingering illness for more than a year, the death occurred at Boston, Mass., May 31st, of Mrs. Mary A. Hannay, widow of the late William Hannay of Rexton, at the age of 77 years. Deceased is survived by one son, Francis, of East Boston, and three daughters, Mrs. Marnie of Boston, Mrs. Whitman of Norton, Mass., and Annie of Stratford, N. H.; also one brother, Michael Harnett of Mendonville, Kent Co., and four sisters, Mrs. Hannah and Mrs. Wm. Roach of Main River, Mrs. John Whalen and Mrs. Daniel Wood of Rexton. Edward Hannay is a brother-in-law. The funeral took place on Thursday, June 2nd, in Boston.

**Daniel A. Pugsley.**  
Dr. Daniel A. Pugsley, brother of Lieutenant Governor Pugsley, died yesterday about half-past twelve, at his home in Rochesay.

Dr. Pugsley is survived also by his wife and one sister, Mrs. G. L. Tapley.

He took ill on Saturday with pleuro-pneumonia, complicated by typhoid fever. He passed away about noon, as stated.

Dr. Pugsley was a gentleman of scholarly attainments and numbered many friends who will deeply regret to learn of his death and will sympathize with those bereaved by his passing away.

**James Denbar.**  
The death of James Denbar occurred at his residence in Pennfield, Char. Co., on Saturday last. Mr. Denbar was 81 years of age, a man of sterling character, a genial disposition, loved by his family, and respected by all.

He was a staunch member of the Presbyterian church of Pennfield, in politics he was a Conservative. He leaves to mourn besides his sorrowing wife, four sons and one daughter, Thomas, of Los Angeles, Calif., Delbert, of Sask., Canada, Dyer, Melvin and Miss Edith a graduate nurse, who administered to him in his last hours. The funeral was held from his late residence on Monday afternoon and was one of the largest funerals ever held in the parish. Interment was made in the Presbyterian cemetery, the Rev. J. C. Mortimer officiating. The pall-bearers were: Robt. McKay, Colin McKay, Ernest Shaw and John McKay. The many floral offerings that were received testified to the esteem in which the deceased was held and to the great loss the parish of Pennfield in general has sustained.

**TWENTY NEGROES INDICTED.**

Vienna, Georgia, June 7.—Twenty negroes were indicted today by the Deely County grand jury on a charge of murder growing out of the clash between a band of negroes and a sheriff's posse at Byronville, on May 17, in which one white man and two negroes were killed and several wounded. Two of those indicted were women. The clash occurred when the sheriff attempted to arrest the negroes after they had barricaded themselves in a farm house near Byronville following an attempt by the chief of police to collect taxes from one of them. Trial has been set for Wednesday.

**Summer Display of Whitewear**  
In Newest and Prettiest Designs

**Quebec Elections Are Coming Soon**

Want Them Out of the Way Before a Federal Contest is Called on.

Montreal, June 7.—Rumors are prevalent here in political circles that provincial general elections will be held shortly, either next fall or next spring. The reasons given are that very radical liquor legislation has been introduced on which a verdict is desirable by the people after a reasonable time has elapsed for its operation.

Another ground is that the return of the government would have the effect of strengthening and confirming the appointment of Hon. Mr. Taschereau as prime minister, since he has yet to face the electors of the province as head of his party.

A further reason is that federal general elections are expected by the fall of 1922 and it is considered good policy to get to the provincial electors before the dominion elections when the strength of the Liberal bloc in this province could be used to good effect.

**MANY COTTON MILLS IDLE.**

London, June 7.—In consequence of the failure of the cotton manufacturers and cotton operatives' union to reach an agreement regarding working conditions in Preston, all but two mills, the centre of the Lancashire cotton district, were idle yesterday.

The two mills which continued operations only employed 1,000 hands. The situation in Preston is said to be typical of the Lancashire cotton district.

**CONSTABLE EXONERATED.**

Winnipeg, June 7.—Constable Jos. Hamu, who shot and killed Jack MacKenzie, after the latter had held up and robbed a store of \$60 on Friday night, was exonerated from all blame by a coroner's jury last night.

**CORNS**

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Sheriff A. A. Wilson left yesterday for the Narrows, where he will attend the funeral of his cousin, Charlotte, wife of James S. Robinson. Mrs. Robinson died at her home at the Narrows on Monday, leaving besides her husband, one daughter, Mrs. Gertrude McArthur, of this city.

The funeral of Jas. H. Campbell who died in Roxbury, Mass., took place yesterday afternoon at 3:30 o'clock, from O'Neill's undertaking parlors. The body arrived on the Boston train at noon, accompanied by Mrs. James Harvey, daughter of the deceased. The floral offerings were very numerous. The funeral service took place in Boston. Interment in the new Catholic cemetery.

## Marguerite Goes Shopping

Yesterday afternoon's little shower just freshened the air and laid the dust so, like many other people, I sauntered down town to see what I could see. An array of dainty checked gingham dresses in F. E. Daniels' window caught my eye, their fresh, pretty colors attracting instant attention. Blue, pink, green, red and orange and black they were, all white-lawn trimmed. A novelty was a blue one, effectively edged with white lawn looped fringe, a distinctly "this season's" note. Simple in style, ranging in price from \$8.75 to \$11.75, they are a good buy and useful for many occasions.

In these days of short skirts and high gaiters, stockings come in for particular attention, and Daniels' second window showed a quantity of black silk hose, at the reasonable rate of \$1.50 per pair.

### For the Home-maker

Passing many interesting windows on my way down our popular main thoroughfare, I paused at the stores of Manchester, Robertson and Allison, where I was to delight the heart of a housewife were spread forth. On the joy of replenishing the linen closet with some of those lovely tray cloths, centres, runners, pillow slips and doilies. There are the finished mixture of linen and cotton, Irish embroidered and marked from 25 cents for the doilies to \$15 for articles of pure linen.

Hammocks to tempt the weary suburbanites filled the lower window. Woven in rich shades, they can be purchased for \$12.25 to \$30, and look like solid comfort.

## Methodist Church Annual Meeting

Certain Circuits Will Not Be Made Missions—Obituary of Rev. J. C. Berrie Read.

The annual meeting of the St. John District meeting of the Methodist church convened in Centenary church yesterday afternoon at two o'clock. Rev. H. A. Goodwin, chairman of the district, presiding.

### Ministers Present

The roll was called and the following ministers answered to their names:—Rev. H. A. Goodwin, N. M. McLaughlin, Geo. F. Dawson, J. S. Crisp, H. B. Clarke, D. Steel, J. Heaney, E. E. Styles, Henry Penman, Thomas Marshall, J. B. Gough, J. S. Rice, Sussex, L. J. Leard, Apolauqui, J. E. Shanklin, Springfield, G. S. Hodge, Hampton, W. K. Pepper, Jerusalem, Ernest Rowlands, Westford, Robert Smart, Westfield, Edmund Ramsey, Long Reach, and Earle E. Fyche, Mt. Allison. The laymen present were:—J. Willard Smith, J. E. Arthur, G. C. Cosman, Walter Brindle, C. Whitehead, W. A. McLean, H. W. Falkus, Abraham Mabe, A. J. Sadows, E. R. Maclean and Gray Townsend.

On motion, Rev. J. B. Gough was appointed secretary, and Rev. G. S. Hodge assistant secretary. Rev. J. C. Berrie was reported as having died during the year. A motion recommending that certain circuits be made missions was discussed at length, but was lost on being put to the meeting. The records of each circuit were read and carefully discussed before being carried.

**Evening Session**  
In the evening the district held a session dealing with matters ministerial, the character of each minister, also his work and doctrinal views being passed under review.

**Candidates for Ministry**  
Harry Baxter, of Westfield, who has already taken a course of study at Mount Allison University, was introduced by Rev. Robert Smart as a candidate for the ministry. Mr. Baxter satisfactorily answered the disciplinary questions, and the report of his college standing was also satisfactory. After careful consideration, the meeting heartily and unanimously recommended him to the conference.

Earle E. Fyche, having completed his course at Mt. Allison University, was unanimously recommended to be received into full connection and ordained.

The obituary of the late Rev. J. C. Berrie was read by Rev. Neil McLaughlin and adopted for record in the minutes. Several ministers spoke appreciatively of Mr. Berrie's personal character and work.

## REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND  
(Copyright, 1921, by The Wheeler Syndicate, Inc.)

When a girl wants to extract a proposal from a man, nowadays, she has first to send him into the twilight sleep, with the morphia of flattery.

Many a man thinks of marrying, long and seriously. Then, he suddenly STOPS thinking—and does it.

The masculine idea of a female cynic is the kind of hardened creature who you do it for the love of leaving home, it's all right; but if you do it for the love of prate, approval, and gratitude, you might as well join the anti-toxic crusade.

Naturally, a man is not as jealous as a woman—because it is so difficult for him to believe that any woman on whom he bestows himself could possibly yearn for anything better.

If a pessimist, as someone has said, is a man who wears both suspenders and a belt, then an optimist must be a girl who wears only one shoulder strap on her evening gown.

Nowadays, a girl seems to fancy that in order to be "intellectual," she has only to cut off the hair on the outside of her head, and something will grow on the inside.

What has become of the old-fashioned woman, who covered her legs with skirts and made a chicken-pie for dinner on Sunday? I wish a masculine paragrapher, gone, gone, dear heart, with the old-fashioned man, who uncovered his head when passing a lady and wheeled the baby carriage out on Sunday! But who really yearns for the Kaiser, or red-damned underwear, or sulphur-and-molasses—the dear old things!

Keeping house for a man is the most altruistic occupation in the world. If you do it for the love of prate, approval, and gratitude, you might as well join the anti-toxic crusade.

No man ever WILL understand why a woman goes to the movies in order to enjoy a little extra suffering!

No man ever WILL understand why a woman goes to the movies in order to enjoy a little extra suffering!

No man ever WILL understand why a woman goes to the movies in order to enjoy a little extra suffering!

No man ever WILL understand why a woman goes to the movies in order to enjoy a little extra suffering!

No man ever WILL understand why a woman goes to the movies in order to enjoy a little extra suffering!

No man ever WILL understand why a woman goes to the movies in order to enjoy a little extra suffering!

No man ever WILL understand why a woman goes to the movies in order to enjoy a little extra suffering!

No man ever WILL understand why a woman goes to the movies in order to enjoy a little extra suffering!

## Ministers Score Ladies' Attire

Short Skirts, Gambling, Dancing, Summer Resorts and Illegitimate Babes Subjects.

London, Ont., June 7.—That the Methodist church frowns upon short skirts, gambling, dancing, colleges, schools and summer resorts and the stigma attached to illegitimate children was evidenced by discussions which took place at the general session of the London Methodist conference this morning. The debate arose during reception of the report of the evangelism and social service department by Rev. A. Murray Stuart.

"Go to bed,"

Rev. Mr. Sanderson, of Seaforth, introduced the subject of "ladies' attire," but was greeted by a chorus of "oh's" from fellow delegates. "I would recommend some young ladies to go to bed," he declared. "It is a disgraceful thing. Our women ought to be decently attired at least."

"What is the trouble?" asked a member of the conference. "The clothes are a little too far from the ground and not quite near enough to Heaven," he replied. The report declared that the church is looking upon the presence of gambling with deep concern, endangering society, reaching down to the school boys gambling with marbles. We urge parents and teachers to set their faces against this evil, to its final extinction.

Illegitimate Children.

Regarding illegitimate children, the report says in part: "We cordially approve of the purpose of the Ontario government in recent legislation removing the stigma of illegitimate children by making the father responsible, and hope the father will be compelled to recognize the child by distinction of his name."

"We look with a certain degree of alarm on the growing of the dance. We believe it is time for the church to take a more decided stand on this form of amusement and seek the attention of the public to the pernicious influence of dancing at summer resorts."

This change was deemed "too bold" by the conference and referred back for alteration.

Hamilton Conference.

Hamilton, Ont., June 7.—The Hamilton conference held its closing session today at the First Methodist church. It was resolved that a strong appeal be made to the Dominion government with a view of putting a stop to race track gambling. The action of Attorney-General Roney was again very favorably commented upon. If the Methodist church as a whole adopts the same policy as that taken by the Hamilton gathering, a big campaign will be launched within the next few months to stop all forms of gambling. A copy of this resolution has been sent the Premier with a hope that he will take a decided stand against track gambling.

## GREEN LEADS THE VAN FOR SUMMER FROCKS

We have had blue seasons and pink seasons, but the dress experts are now tending of the fast growing vogue of green. Green seasons are of rare occurrence in fashion's circles, the reason being probably that many women have a superstitious fear of wearing green because of its traditional ill-luck.

In Paris, green is already in the ascendant, and London shows its strengthening influence. Smart women are wearing walking suits of vivid green and silver green, lilacs and skirts. Green sunshades and green bass straw hats prettily garlanded with vari-colored trails of flowers are other symptoms of the craze for green.

Striped crepe de chine is one of the materials of the season, and in green and white is used in fashioning some charming summer frocks.

Figured crepe de chine and foulard are two of the most favored fabrics for the summer, and these materials in the workrooms of the fashionable London dressmakers, where they are being used in the making of frocks for Ascot and the summer season generally.

Green is a cool color, and in the tones of the present season, almonds, pistachio, Venetian, lily of the valley, leaf and other shades, it is particularly well adapted for the hot days to come.

More vivid greens are also making their appearance in the summer and in the decorative sash, which finishes off many of the summer gowns.

The jade necklace shows no sign of waning in favor. Ivory is, in fact, its only serious rival, and jade and ivory in conjunction are very effective.

Bristol Student Graduates.

Montreal, June 7.—Among the students upon which the degree of M. D., C. M., was conferred at a special convocation of the corporation of McGill, today, was James Rainford Lockhart, of Bristol, N. B.

Dr. Lockhart will take the examination at Toronto on June 14, 15 and 16 for the right to practice in any part of Canada.

The Daily Don't.

Don't believe everything you hear—especially if you're the fellow that's talking.

Special Business Men's Dinner at LA TOUR HOTEL, King Square, 12 noon, to 2.30 p. m., 60 cents.

The conference decided that during the next year appeals for financial aid from sources other than their own bodies would be reduced to the minimum. It was shown that during the past year congregations had been burned unduly with "days set apart for this and that financial appeal."

## SUMMER JACKETS ARE IN VARIED STYLES

Even though Paris couturiers have lent whole hordes to the projection of the suit with the flounced lower section, with the chief feature consisting of a waist-line that drops some eight inches below normal, manufacturers on this side of the water, according to the fall suit lines that have already been displayed, have shown little love for the mode.

The nearest semblance of the flared contour is recognizable in the long jackets fashioned with circular side cut. These jackets, however, show the extremely low waistline and cling to the slightly dropped low waistline that has been modish for the last year. Many of them, like the Paris originals, make no attempt at presenting a waistline whatsoever, conforming rather to a moulded fit, which in the upper section of the jacket of almost blouse that appear in the lower section side come as a relief that carries charm and swing.

Godet in Fur.

In the jackets where the flare is used it is achieved by means of inset godets, the introductory design of which is sufficient to embellish the garment, simultaneously with its shaping service at the hip or waistline. One beautiful jacket of this description was greatly enhanced by the use of godet developed entirely in fur. Other versions accentuate the employment by means of embroideries, or for borders on its alone.

In general, the straight line suit prevails, not within a wide diversity in development. In this mode, the use of panels, both loosely hung and those of simulated composition, form an interesting means of rendering their individual appealing. Many of the suits, particularly those that are of a length of about 32 inches, induce added length by means of using panels that are longer than the jacket itself, an effect which is furthered in many instances by the use of long tassels.

Other interpretations of the panels made upon straight jackets, constitute panel embroideries, or panel cuts both front and back, finished in seams that accent their panel formation. Pockets too accede to this usage, an attractive transformation of a pocket emplacement being found in a panel—attractive in fur—that arises at a little below the waistline on each hip, and drops to an appreciable distance below the jacket length.

Straight Jacket.

In some quarters, the straight jacket, of the ultra erect type, worn

without belt of any kind, is hailed as the important jacket development for the new season. It is especially mentioned in relation to the strictly tailored costume, and advances in many respects the severe idea that underlies the composition of the strictly tailored suit.

WASHING A SWEATER.

We offer the following hint to the woman who washes her own sweater: Before washing, sew the buttonholes shut. This will prevent them from stretching open as they have a fashion of doing in the process of being cleaned.

## Won't Stand For Match Horse Race

Cape Breton Shortship Circuit Executive Discourage Matches Between Field Day

Boston, N. B., June 7.—The executive of the Cape Breton Shortship Circuit today sat down hard on a proposed match race between Jemie Fr. 14 and Tommy Colter 24 at the North Sydney track. Localing authorities wish to discourage such matches as they are not only a waste of time, but also a waste of money, and they are not in the interest of the sport.

Without both of any kind, is hailed as the important jacket development for the new season. It is especially mentioned in relation to the strictly tailored costume, and advances in many respects the severe idea that underlies the composition of the strictly tailored suit.

Won't Stand For Match Horse Race

Cape Breton Shortship Circuit Executive Discourage Matches Between Field Days.

Sydney, N. B., June 7.—The executive of the Cape Breton Shortship Circuit today set down hard on a proposed match race between Jennie Pisco, 114 1/2 and Tommy Collier 114 1/2, at the North Sydney track. Local racing authorities wish to discourage as much as possible these match races between field days, and availed themselves of the clause in the season's agreement which says no races shall be held on any track without consent of the central executive. The horses may be allowed to meet later.

CLEMENCEAU WINNER IN BIG DANCING CONTEST

Not "The Tiger" But His Grandson Proves An Expert Dancer.

Paris, June 6.—Before a crowded assemblage at a Champs Elysees theatre last night Georges Clemenceau was adjudged by a committee of experts the world's champion amateur dancer. Wonderful as the old "Tiger's" vitality is, no one should be more surprised to learn that the champion is not he, but his grandson.

## BEARS BREAKING NEW YORK LISTS TO RECORD LOWS

One to Five Point Decline in Standard Stocks Frequent.

## TEN POINT FALL IN SPECULATIVES

British Labor Troubles Main Cause of the Drastic Price Cutting.

New York, June 7.—Liquidation was heavy in today's stock market, but there was a sharp rally before the close. Gross decline one to five points in standard issues and five to ten points in speculative issues were partially or fully recovered. Sales amounted to \$1,350,000 shares.

Other Bear Factors  
Other bearish factors included increased signs of trade depression, and latest reports of the British industrial situation and the trend of events in Central Europe.

The Mexican group, especially Mexican and Pan-American Petroleum, were conspicuous in the oils. Speculative with doubtful dividend continued. Liberty bonds were irregularly higher, the third 4 1/2's gaining 120 points.

## Takes Girl To Texas, Gets A Jail Term

Son of Wealthy Ranch Owner Fined \$500 and Sentenced to 30 Days Under Mann Act

Dallas, Tex., June 6.—R. L. Slaughter, Jr., son of one of the wealthiest ranch owners in Texas, was sentenced to thirty days in jail and fined \$500 in federal court here yesterday for violation of the Mann act in transporting from New York to Dallas Miss Betty Jaicher, 26 years old, said to be the daughter of a wealthy Philadelphia widow.

Slaughter pleaded guilty, but Judge James C. Wilson insisted upon hearing the girl's story before passing sentence. She testified that her romance began ten years ago when she met Slaughter in Atlantic City. They were frequently together, and in January last year, she said Slaughter induced her to go with him on a tour of Europe, promising to marry her, but basing upon postponement every time she broached the subject.

They returned to New York last winter, she said, and came to Dallas together. Here, Slaughter's ardor cooled, she said, and he tried to break off with her. She filed the charges against him next day.

Little? For Today.  
How many relatives are you going to entertain this summer?

## Big Losses Common In The Paper Group

Spanish Declines Three and Four Points for Common and Preferred.

Montreal, June 7.—The market today was weak and large losses were sustained in the paper group, especially in Spanish issues which fell 3 and 4 points respectively for the common and the preferred. National Breweries had the largest turnover and sold off to 31 and firm to 51 3/4, a net loss of 1 1/2 points.

The day's gains were scored by Detroit up 1 1/2 points to 77 1/2; Dominion Steel which moved up a fraction to 31 1/2; St. Maurice Paper, which added three points at 98; Wayamack, which gained a fraction at 67; and Bank of Nova Scotia up a fraction at 245. Outside of Abitibi preferred, Smelters, Bridge and Lake of the Woods, all other stocks were lower.

Howard Smith's Drop.  
The largest loss of the day was in Howard Smith down 5 points to 75. In other paper Abitibi was down 1 1/2 points at 34; Brompton down 1 1/2 to 31 3/4; Laurentide lost a point at 86, and Price Bros. a point at 35.

A syndicate composed of Harris Forbes and Co., Inc., The National City Co., W. A. McKenzie and Co., at Montreal, are offering on the Canadian markets the new issue of \$5,000,000 City of Toronto 6 per cent. serial coupon bonds. Issues are being offered at prices to yield from 6.15 per cent to 6.26 per cent.

## PARACHUTES TO EARTH TO KEEP APPOINTMENT

Suddenly Remembers Important Engagement and Leaps From Aeroplane.

LONDON, June 7.—The man who was crossing the ocean and wanted the captain to stop the ship so he could get off and walk had nothing on Air Commodore E. N. Maitland, who while a thousand feet up in the air, suddenly remembered that he had an appointment below and so jumped out. His orderly, seeing his chief go, also jumped, and then their baggage was sent floating after them by the crew of the dirigible.

A watchman at the Royal Airship Works at Cardigan was astonished while going his rounds to see three mysterious parachutes floating down and land safely in a wide field.

Commodore Maitland had seen the running of the English Derby from aboard the R-33 and afterward watched the crowd disperse from Spoon Down. He turned the big airship north toward his home in Stowden. As he passed over Cardigan he recalled that he had promised to attend an important conference there early that same morning. The airship could not land and Commodore Maitland could not get back to the conference in time if he continued on his way. Therefore, he jumped with a parachute. His orderly followed, landing a minute later, and within a radius of a couple of hundred yards.

## GOSSIP AROUND THE MARKETS

The annual meeting of P. Lyall and Sons' Construction Limited took place Tuesday afternoon. Business was purely of a routine character, the meeting lasting but a few minutes. Lyall, president of the company, stated that substantial improvement in construction is now in evidence, with the outlook for 1922 very promising. He added: "Your company is fortunate in having sufficient work on hand to keep its organization employed for the next two years."

Montreal dividend declarations—Twin City Rapid Transit preferred, payable July 1 to stock record June 16. No dividend declared on common at 245. Outside of Abitibi preferred, added three points at 98; Wayamack, which gained a fraction at 67; and Bank of Nova Scotia up a fraction at 245.

A syndicate composed of Harris Forbes and Co., Inc., The National City Co., W. A. McKenzie and Co., at Montreal, are offering on the Canadian markets the new issue of \$5,000,000 City of Toronto 6 per cent. serial coupon bonds. Issues are being offered at prices to yield from 6.15 per cent to 6.26 per cent.

Unlisted quotations reported by the Montreal Stock Exchange yesterday: New Richmond—10 at 3, 10 at 3, 200 at 3, 5 at 3, 15 at 3, 5 at 3, 15 at 3, 25 at 3, 15 at 25.

New York funds in Montreal are quoted at 12 1/2 per cent premium. Sterling in New York, demand 3.79; cables 3.79 3/4. In Montreal, demand 4.25 1/2; cables 4.26 1/4.

Fire losses in Canada during the week ended June 1 are estimated by The Monetary Times at \$432,800, compared with \$24,850 the previous week. The heaviest loss was at St. Joseph de Beauce, Que.

Returns compiled by the trade indicate that New Zealand's exports of frozen meat in 1920 were much in advance of the preceding seven years. In 1920, \$49,038,368 pounds were shipped. In 1913 the total was 279,251,105 pounds.

The automobile trade has been poor during the past few months in London, according to a newspaper statement, but there is now some promise of improvement. It is stated that orders are coming in with a certain degree of freedom.

London, June 7.—Bar silver, 34 7/8 per ounce. Bar gold, 107 1/2. Money, four per cent; discount rate, 10 per cent; three months' bills, 5 1/2 per cent.

## LANDS SAFELY WITH ALL HIS BAGGAGE

Three Parachutes Brought Two Men and Luggage, 1,000 Feet to Earth.

LONDON, June 7.—The man who was crossing the ocean and wanted the captain to stop the ship so he could get off and walk had nothing on Air Commodore E. N. Maitland, who while a thousand feet up in the air, suddenly remembered that he had an appointment below and so jumped out. The airship could not land and Commodore Maitland could not get back to the conference in time if he continued on his way. Therefore, he jumped with a parachute. His orderly followed, landing a minute later, and within a radius of a couple of hundred yards.

## New Business Not So Big At Present

Capital of Companies Incorporated Shows Decrease Over Previous Week.

Capital of companies incorporated in Canada during the week ended May 28 is estimated by The Monetary Times at \$1,221,900, compared with \$1,710,500 the previous week. The figures are as follows:  
Week Ended May 21:  
Dominion ..... \$ 6,436,000  
British Columbia ..... 5,559,000  
Manitoba ..... 530,000  
Ontario ..... 5,818,000  
Prince Edward Island ..... 140,000  
Quebec ..... 737,500  
Total ..... \$18,710,500

Week Ended May 28:  
Dominion ..... \$ 5,330,000  
Alberta ..... 786,000  
British Columbia ..... 335,000  
Ontario ..... 7,785,000  
Quebec ..... 763,900  
Saskatchewan ..... 353,900  
Total ..... \$17,221,900

## Wheat Markets

Winnipeg, Man., June 7.—The local grain markets today, both cash and futures, were very quiet and little business was worked, while prices were about unchanged to fractionally weaker. Close:  
Wheat, July, 1.70; Oct., 1.30 3/4.  
Oats, July, 46 3/4; Oct., 46 3/4 asked.  
Cash prices: Wheat No. 1 northern, 1.89; No. 2 northern, 1.86 1/2; No. 3 northern, 1.79 1/2; No. 4, 1.71 1/2; No. 5, 1.59 1/2; track Manitoba, Saskatchewan and Alberta, 1.75 1/2.

## CHICAGO

Chicago, June 7.—Close: Wheat, July, 1.39 3/4; Sept., 1.36 3/4; Corn, July, 63; Sept., 65.  
Oats, July, 35 5/8; Sept., 40 1/2.  
Rye, July, 17 1/2; Sept., 17 1/2.  
Soybean, July, 10 1/2; Sept., 10 1/2.  
T. 10.35.

## LONDON OILS

London, June 7.—Close: Calcutta linseed, £19, 10s.; linseed oil, 33s., 6d. Sperm oil, £18. Petroleum, American refined, 18s., 6d.; spirit, 18s., 10d. Turpentine spirits, 22s. Roshin, American strained, 17s.; type "G," 15s. Tallow, Australian, 29s.

## TORONTO

Toronto, June 7.—Manitoba wheat, No. 1 northern, 1.89; No. 2 northern, 1.86 1/2; No. 3, 1.79 1/2; No. 4, 1.71 1/2; No. 5, 1.59 1/2; track Manitoba, Saskatchewan and Alberta, 1.75 1/2.

## Sinn Fein Answers

Claim Countless Buildings Have Been Destroyed in Reprisal for Arrests.

Dublin, June 7.—The Sinn Fein Bulletin yesterday published a reply to a statement made by Sir Hamar Greenwood, the chief secretary for Ireland, tables giving particulars concerning properties partially or wholly destroyed during the first five months and the second five months of Sir Hamar's administration. The reply is based on a statement made June 1, in parliament, by Sir Hamar concerning reprisals.

## Claims G. T. R. Has Terrible Bridges

Central Vermont Line Flayed by Bridge Expert Before Arbitration Board.

Montreal, June 7.—The case for the Grand Trunk before the arbitration tribunal sitting to inquire into the value of the road prior to its acquisition by the Dominion Government, closed today and the government opened its evidence by calling Lieutenant-Colonel C. N. Monarrat, a bridge expert, whose opinions on the Grand Trunk bridges, and especially those on the Central Vermont were condemnatory in the extreme.

His adjectives ran all the way from "horrible" to "deplorable," and his evidence was in striking contrast to that of J. B. Berry, the United States engineering expert for the Grand Trunk, who has, during the past few days analyzed the whole system.

Raw Sugar Market.  
New York, June 7.—The early raw sugar market was nominal. No business was reported. Raw sugar futures were firmer and at midday were three to five points net higher, although the volume of business was light.

Chicago, June 7.—Close: Wheat, July, 1.39 3/4; Sept., 1.36 3/4; Corn, July, 63; Sept., 65.  
Oats, July, 35 5/8; Sept., 40 1/2.  
Rye, July, 17 1/2; Sept., 17 1/2.  
Soybean, July, 10 1/2; Sept., 10 1/2.  
T. 10.35.

## Baby Prodigy Able To Read At Three

Little Girl Taught by Blocks in Aunt's Store—Is a Good Speller.

Wayne City, Ill., June 6.—Little Mary Jones is this town's prodigy. She is 3 years old and can read the books used by the children in the third grade of the public schools. She can spell any word she has ever seen in print or writing.

She likes to read her great-aunt, Mrs. F. J. Jacobson, who owns a little store where school books and drugs are sold. The baby learned her alphabet from blocks and has dug out most of her reading for herself. "I have never tried to force the child to learn," said Mrs. Jacobson today. She was always unusually bright. She spends most of her time in the store with me.

The child's mother died when Mary was a few days old. Her father is in Moorehouse, Mo., where he works in a sawmill.

## Snake Stole This Farmer's Strawberry

Found Reptile With Horn End of Tails—Used Husking Pegs.

Bellefonte, Pa., June 7.—Snakes are now coming to the front. A few days ago Elias Brown, of Bellefonte, Pa., was husking potatoes and when he dispatched them he noticed a peculiarity about their tails. Upon making a close examination he found that each snake was equipped with a sharp pointed bony horn at the end of its tail. He cut off the horn and brought it to a local newspaper office as evidence. Brown says there is such a thing as a horned snake.

Elmer S. Straub, when he heard the incident, decided the snakes were stony copperheads, and asserted that when he lived on the farm he killed them in such numbers that he had bushels of the horns, using them for husking pegs.

George Miller, who lives in the suburbs of Bellefonte, has been considerably annoyed by something eating his strawberries, and naturally he blamed it on the birds. He thought he kept a close watch on the berries. He kicked at the snake and retorted by sinking its fangs in his trousers, fortunately going deep enough to bite him. He kicked the snake loose and got a rake, and though his eyes were smarting from the bite, Mr. Miller finally succeeded in killing it.

What are you worth? Even if you have not a penny in your pockets you are always worth a certain amount of cash. Just you yourself. The human body is a bundle of chemicals, chemicals have their cash value. Three-quarters of your physical make-up is water. You have, however, enough albuminoids to make a couple of dozen eggs. You contain enough salt to fill an ordinary 4-ounce glass, enough grease to make six bars of soap, and enough iron to make a respectable paper-weight. You are quite correct in referring to your own sweet self for the human body contains quite an egg-cupful of sugar.

## BIG FORD CO. DIVIDEND

Windsor, Ont., June 7.—The Ford Motor Co. of Canada has declared a dividend of 15 per cent on shareholders, which will be payable on June 15. This dividend, according to Gordon M. McGregor, vice-president and general manager of the company, represents about six per cent on the invested capital of the company. This is a regular annual dividend and is exactly the same as the dividend paid last year by the company.

## TORONTO UNLISTED

Toronto, June 7.—Unlisted sales: 140 Brewery, 52 to 61 1/2; 3,000 Black Lake bonds, 33 to 32; 50 Brompton 31 1/2; 100 Keords 10; 1,900 V. N. T. 21 1/2; 100 Lake Shore 120; 215 Hollinger 720 at 715.

## RAILWAY EARNINGS

Montreal, June 7.—Grand Trunk Railway traffic earnings for the period ending May 31 were \$2,401,230, a decrease of \$243,891, compared with the same period in 1920.

GIVE CABLES TO UNITED STATES, WILL KEEP YA

Japanese Negotiating With Washington About Submarine Lines.

UCHIDA OUTLINES JAPANESE POLICY

Shantung Not Considered as Japan's Interests Under Consortium Safe.

June 6.—The Hoshi Shunichi today it has reason to believe Japan has proposed to give the United States the Yap-Guam cable with the privilege of control of the line to the island of Yap. Japan intends to keep the mandate of the newspaper says, also confident this to be virtual internationalization.

The parliamentary committee the Kennel-ka or opposition party published a statement today saying that Viscount Uchida, the Foreign Minister, in receiving the members of the committee yesterday when asked if Japan should insist to the last of the Yap mandate and what was the Government's policy, said:

Hold On To Yap.  
"Of course Japan will adhere to the mandate and will negotiate with Washington concerning the disposition of the Yap cables." He further said that the time for the evacuation of Siberia had not arrived.

Japan endeavoring to have an open negotiations for the evacuation of Shantung by adopting a new policy? The Foreign Minister was asked.

"No," he replied. "No negotiations have been opened by the two governments."

Speaking regarding China, Viscount Uchida said Japan did not claim the exclusion of Manchuria and Mongolia from the Chinese consortium, but insisted on assurance of protection Japan's economic and general defence interests, to which the Powers had consented.

The committee asked what Japan would do if these claims were not granted. The Foreign Minister expressed confidence that the United States and Great Britain would serve the spirit of agreement.

Waiting For Conference.  
Commenting on the forthcoming London Conference and the Anglo-Japanese alliance, which will be discussed there, the Nichi Nichi surmised that Great Britain's suggestion that the present alliance be renewed for five years instead of negotiating a new one, is based on the desirability awaiting both the outcome of the London conference and the fixation of the attitude of the United States. The general world policy is not clearly defined. Within a year, thinks the pact might be renewed in modified form and a new alliance used, principally the maintenance of the open door and the integrity of China, since Russia and Germany considered no longer powerful.

THE WEATHER

Toronto, June 7.—The general pressure distribution remains unchanged. Rain is now falling in northwestern Alberta and very local showers have occurred in the Maritime Provinces, but elsewhere throughout the Dominion generally fair weather prevails.

AROUND THE CITY

CITY HALL PAY DAY. Pay day for officials, etc., at City Hall, Monday, resulted in the following disbursements: Ferry, \$1,460; market, \$341.20; sundry, \$1,618.49; officials, \$2,222.56; fire, \$2,927.73; police, \$3,241.25.

MILITARY NOTES. The following appointments appear in general orders received at military headquarters yesterday morning: 121st Brigade, 90th Newcastle Battery, to be provisional lieutenant, J. A. Lawlor, New Brunswick Dragoons, 92nd Provisional Battalion (superintendent), Eric Henry James Barber.

COMES AFTER DESERTERS. Sergt-Major Austin, of the H.C.M.P., will arrive in the city this morning to escort the two deserters of the H.M.S. Valerian back to Halifax. The Valerian is expected to return to Halifax from Quebec via Sydney, from there she will proceed to her station at Bermuda.

AT THE HOSPITAL. Richard Ryder, the teamster, who was knocked down by a motor car on Mill street, was reported to have passed a comfortable day at the General Public Hospital yesterday. The doctors there have not been able to determine the extent of the man's injuries as yet; they know he has a scalp wound, however.

REAL ESTATE TRANSFERS. The following real estate transfers have been recorded: Margaret T. Darrach and husband to C. W. Robinson, property in Dorchester street.

MAYOR RECEIVES COMPLAINTS. Mayor Schofield yesterday said he had received some complaints that taxi drivers could charge what they liked while the coachmen had to adhere to a stated schedule for carrying passengers. Commissioner Thornton explained the one-by-law covered both and the taxi's had no right to charge more than the coachmen and they must obey this law.

CAUGHT BIG LOBSTER. A lobster was caught at Stag Harbor a few days ago which was so big it could not get into the trap, but was caught by getting tangled up in the lines. Here are its measurements: Length, including feelers, 3 feet, 1/2 in.; length from nose to tip of tail, 1 foot 6 1/2 in.; length of claw, 1 1/2 in.; girth around the body, 4 foot 4 in.; girth around claw, 1 foot 1/2 in.; spread of claws, tip to tip, 8 1/2 in. Male, weight 135 pounds.

CITY REVENUE HIGHER. The city electrician has reported that the revenue from fees of his department had in May, 1921, exceeded the fees for May, 1920, despite a falling off in inspections. The added revenue was due to increase in rates. The figures: May, 1921, total fees \$251.57, and inspections \$224; May, 1920, fees \$233.39, and inspections \$225.

REV. J. HEANEY ASKED TO REMAIN. An invitation to the Rev. J. Heaney, B. A., to continue as his pastor for another year, was extended by the Carlton Methodist Church at their annual meeting. Mr. Heaney accepted subject to the appointment of the conference.

MADE PRESENTATION. At a gathering of the staff at noon yesterday in the office of the A. H. Williams Machinery Co., an easy chair and smoker's set were presented to B. M. Langille, one of their number, in honor of his approaching marriage. The presentation carried with it expressions of all good wishes for the future, to which the recipient graciously replied.

Embezzling Case in Police Court

President of Longshoremen's Assn. Gives Evidence in Langbein Charge. The books of the Longshoremen's Association showing the moneys received and expended from 1913 to the year 1921 were submitted in evidence yesterday in the case of Gustave C. Langbein, the Association's former secretary-treasurer, who is charged with embezzling the funds entrusted to his care.

Liquor Selling Case. The case of Harry Wetmore, charged with selling liquor, was resumed and Police Officer Colwell called as witness. The officer stated that he was on duty on Mill Street Sunday morning and saw Louis Christie get out of a car and go into the defendant's house at about 2 a. m. He had nothing in his hand at the time, but when he returned a few minutes later was carrying a parcel. The witness and Officer Colwell, then searched the car and found a bottle of whiskey wrapped in white tissue paper. Christie said it was his, whereupon he was placed under arrest and taken to the police station.

Book Car Numbers. In answer to Mr. Ryan, the officer said he had been watching Wetmore's house, No. 46 Mill street, because of information received. He had noticed several other cars stopping there at an early hour in the morning and took their numbers, they were cars Nos. 1700, 8772 and 8846.

Morning Session. At the morning sitting of the court V. D. Northrup, reported by Sergt. Spinney for speeding across the head of the East Side ferry boats as the people were coming up from the boat and negotiating to blow his horn, was fined \$20. Max Leander, charged with careless driving, failure to sound his horn and not giving a signal to the traffic policeman at the corner of Mill and Pond street, asked for time to get witnesses and his case was left over until tomorrow. The Magistrate requires a deposit of \$20 for his re-appearance.

Good Chance For The Health Board. Several Showers Checked The Fires. Last Evening Fires Were Reported Not So Bad, But More Rain is Needed.

Liquor Inspectors Call Attention to Necessity of Health Clean-up in City. Members of the Prohibition Enforcement staff are in the opinion that if the Board of Health would accompany them on some of their trips, the board might secure some information and knowledge of conditions in the city that would assist them in their efforts to lower the death rates of St. John.

Flock of Hens in House. The inspectors are daily running in to fill and squatter of all descriptions, with human beings living in the midst of it. Tuesday afternoon their duties called them to a four-tenement house on Main street, North End. The apartments to which the inspectors were giving their attention were occupied by foreigners. There were evidences of filth on all sides. In one room they found a flock of hens and chickens, and the surroundings indicated they had been there several months. In a room adjoining were beds for eight, and it was learned that many laborers occupied the room every night.

MADE PRESENTATION. CAPS FOR FIFTY COPS. The summer head-gear, the crowning glory of the police force, has arrived from the makers in Montreal and was immediately served out to the force, along with the numbered badges the men in blue are to wear in the future. The new uniforms have already been given out, and the force will soon present a very swanky appearance.

Oil Fuel Depot Once More Before Council

Fire Underwriters Oppose Barge in Rodney Slip—Retaining Walls Discussed. Again the city has had to turn down an application for the location of an oil fuel depot at this port, because of opposition by the New Brunswick Board of Fire Underwriters, but Commissioner Bullock says we will have one if the city has to go into the business themselves, the report submitted at the meeting of the council yesterday being unfavorable. The matter of retaining walls was discussed and a report on this subject will be submitted. An application for the lease of the "potato" shed was referred to Commissioner Bullock. Several matters of routine business were disposed of.

Financial Recommendations. The Commissioner of Finance and Public Affairs recommended the payment of the following departmental accounts for the past month, namely: Dept. of Public Works, \$1,187.29; Dept. of Public Safety, \$2,927.73; Dept. of Water and Sewerage, \$3,987.41; Harbor, Ferries and Public Lands, \$3,993.21; Dept. of Finance, \$500.48.

Fire Underwriters. The report of the New Brunswick Board of Fire Underwriters in connection with the application of the Imperial Oil Co. for permission to establish a tank in the harbor of Rodney Slip was read. The report condemned the proposed installation and recommended instead tanks on land. On the matter of the application of the Shell Co. was under consideration, the underwriters had recommended the lighterage system.

Retaining Walls. The matter of retaining walls came up, on the request of Mr. Ritchie, Rodney street and the St. John Desk Co. for walls. Commissioner Frink stated this was a serious matter and will bring in a report covering the walls needed in various parts of the city.

Board of Health To Take Action. Tenant Refuses to Leave Condemned House—Retail Dealers to be Prosecuted. The refusal of a tenant to vacate a house condemned by the Board of Health as unfit for human habitation was reported to the Board of Health at its monthly meeting in the Board's office in the Ritchie building, Princess street, yesterday afternoon, and passed over by the chairman, John Kelly.

SHOT IN THE FOOT. A woman from Barker street, who received a bullet wound in the foot through the accidental discharge of a gun last evening, was taken to the hospital for treatment, but as an X-ray could not be taken till this morning she returned home.

Steam Railroad Men Expecting Wage Cut

Passenger and Freight Rates Must be Reduced—Reduced Wages Must Precede. The light travel on all trains entering and leaving the city has been the cause of much comment among railroad men of late, and officials have not been slow to express an opinion on the cause. A leading official informed The Standard, recently, that the holiday travel, May 24th and June 3rd, showed a falling off of forty per cent, compared with the corresponding period last year. The true of both railroad systems operating in this city. He also said that the daily travel on regular passenger trains is just about one-half what it was this time last year. It was unusual for the Boston train to carry extra coaches for the accommodation of the public, he said. Now on the two day coaches there are scarcely enough passengers to make a respectable showing in one coach. On an average about a half dozen passengers detrain from the Montreal train arriving at 1 p. m. The same passenger traffic conditions hold true on the C. N. R. system.

Two Outstanding Causes. Our informant says the cause of the falling off in passenger traffic can be attributed, in part, to the hard times, people not being as flush with money as they were one year ago. He is of the opinion, however, that the leading factor contributing to the greatly reduced passenger traffic is the excessive rate charged on passenger mileage. This must be reduced, he says, and in order to reduce it there must, necessarily, be a reduction in the rate charged on freight. He understands that the C. N. R. management is to present a greatly reduced wage schedule to its employees, eliminate the "potato" shed and the "potato" shed, the object of getting back to pre-war rate schedules.

He says the sentiment of the employees has been ascertained, and, for the most part, they regard the reduced wage scale to be proposed as the only thing that could logically be expected in the changed order of things, and but little opposition is looked for from the Brotherhoods.
