STRIKERS IN PARIS ARE URGED TO STICK TO THEIR OWN LINE

General Federation of Labor Requests Men To Avoid Other Issues.

Delegates Will Set Forth Claims To Town and Country Workers.

SITUATION IS UNCHANGED. Paris, June 7.—The strike situation was unchanged this morning. While a few of the smaller walkouts have been settled to the satisfaction of the workers, several fresh ones have broken out.

Paris, June 7.—The general labor federation has issued a long proclamation "advising" strikers which are now on, but at the same time exhorting the strikers to keep the movement on purely professional lines.

British labor organizations having decided to make a similar effort the federation has asked them to coordinate the action of the two proletariats. Consequently, the time that action will be taken in the form of strikes, the proclamation concludes, "are due to general uneasiness, which is the consequence of the policy of silence and constraint imposed upon popular aspirations by the government."

LEUT. PAT COYLE PERFORMS GALLANT RESCUE IN ENGLAND

Saves Man From Drowning Off Kent Coast.

Coming Home Soon

and Bringing With Him His Bride, Captured in England.

Leut. Patrick Coyle of the Royal Air Force, a well-known local boy serving overseas, recently distinguished himself by rescuing a well-known citizen of Hford, Surrey, from drowning, according to an account published in the East London Advertiser of May 15, 1919. The description of the rescue as appearing in the English Journal is as follows: "Mr. James King of 22 Seymour Gardens, Hford (manager of H. A. King & Co.), had a thrilling experience on Sunday, being rescued from drowning on the very verge of collapse. Mr. King was one of an Hford party on board the yacht Victoria, at Canvey Island, owners of the company including Mr. and Mrs. J. W. Pattinson, Endeavour, and Mr. Jack Treadwell, Mansfield road. After a sail over to the Kent coast, Mr. King decided to go ashore, and accordingly, when about 400 yards out he took a header and swam ashore. Finding the atmosphere rather thick, he re-entered the water, with the intention of swimming back to the boat, but when half-way across, being with an adverse tide, he found himself in difficulties, threw up his arms, and shouted for assistance. At first it was thought he was simply tiring, but when he was seen to be in danger, a swimmer was in distress. Leut. Patrick Coyle, R. A. F., of London, on being informed of the accident, took his vigorous way to the rescue. He succeeded in reaching Mr. King, and lifting his head above water until a boat could be got off from the shore, and with considerable difficulty the exhausted man was lifted into the craft and conveyed to land. At the nearest landing-house, under the influence of stimulants, he soon revived, and is now happily recovered. All the spectators here enthusiastic in praise of the heroism and resource of the young Canadian officer, but for whom Mr. King must inevitably have been avenged.

J. F. HICKS-LYNE IS SENT FOR TRIAL ON CHARGE OF BIGAMY

Will Elect Trial and Enter Plea Soon. Although the two chief witnesses in the case were absent yesterday afternoon, J. F. Hicks-Lyne, charged with bigamy, was sent for trial at the county court, Squire Chittick deciding that there was sufficient evidence on hand to warrant this course. The two witnesses, the mother and sister of the prisoner, are ill in Toronto, and the case has been held up for weeks owing to their inability to attend the examination. The accused will be brought before Judge Macbeth in the near future to elect trial and enter his plea through his counsel, W. R. Meredith.

COL. JONES VISITS MAYOR

Leut. Col. L. E. Jones, who returned to London on May 24 as commander of the "Fighting 15th" Battalion, was a visitor this morning in the mayor's office. He was in civilian clothes, and while his visit was purely a personal one, the mayor was not in the city when the battalion came home, and therefore did not meet Col. Jones on that occasion.

and other East London institutions will be pleased to learn that the Huron & Erie is bringing its good interest rates of 3 1/2 per cent on Savings deposits and 5 1/4 per cent on Debentures to them through its new East London Branch, which will be located at 814 Dundas street, at the head of Rectory street.

Many people in the Eastern sections of the city who wished to take advantage of the Huron & Erie Mortgage Corporation's interest rates and service have been prevented from so doing by the inconvenience of sending their savings down town to the main or market branches.

It has been the policy of the Huron & Erie and the Canada Trust Company, managed in connection therewith, to provide the best of service for their patrons and the opening in the near future of this new branch in the heart of East London's busy industrial centre is one more progressive forward step in the expansion of Western Ontario's largest financial institutions.

Mr. A. H. Whitlow, until recently in charge of a local branch bank, has been appointed manager. He is well-known to East Londoners, and new customers are assured that under his direction courteous treatment will at all times be accorded them.

A large number of Safety-Deposit Boxes will be installed in a modern, fire and burglar-proof vault for the protection of Victory Bonds, Debentures, Deeds, Insurance Policies and other valuable documents.

These institutions now have nine Branches: London (three), St. Thomas, Windsor, Winnipeg, Edmonton, Regina and a large building in Toronto is being remodelled for a new branch to be opened there in the autumn.

FORTY-SEVENTH BATTALION FINAL WESTERN ONTARIO UNIT TO BE DEMOBILIZED

Lieut.-Col. Keegan, D. S. O., and His Warriors Warmly Welcomed by Citizens of London.

The Western Ontario quota of the 47th Canadian Battalion, arrived in this city at 10 o'clock yesterday afternoon, via special Grand Trunk train, along with miscellaneous details for demobilization, the entire party numbering 422 officers and 412 other ranks. The officers and 412 other ranks, the troops were commanded by Lieut.-Col. H. L. Keegan, D. S. O., and, despite the fact that the military police were on duty at the Grand Trunk station to exclude civilians, many were able to get into the station to see the returning heroes. In addition to the military police, a detachment of civil police under Sergeant John Bernhill was also on hand to keep the station clear of spectators.

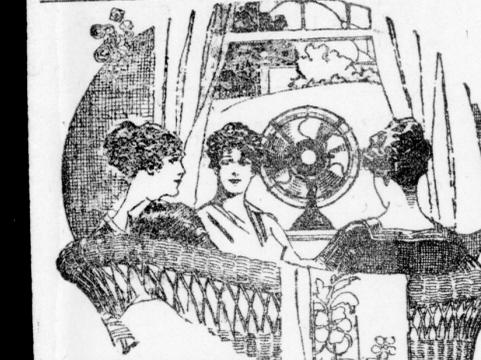

Official Welcome.
Immediately following the arrival of the troop train, members of the local Battalion detoured, and, discarding their kit bags and equipment, formed up in two ranks on the station platform. Mayor C. K. Somerville and civic officials were in attendance to render an official welcome to the returning heroes. Owing to the heavy passenger traffic, members of the local Battalion, who were in the vicinity of the station, were unable to get to the station to see the returning heroes. The parade, which was held on the station platform, was a most impressive one. The returning heroes, who were dressed in their full military uniform, were led by Lieut.-Col. Keegan, D. S. O., and the Canadian Garrison Regiment, which was under the command of Lieut.-Col. Keegan, D. S. O. The parade was held on the station platform, and there were several hundred men in the ranks. The parade was held on the station platform, and there were several hundred men in the ranks.

The battalion moved eastward on Dundas street, through the city streets, where a special band, bearing the eulogy "Gallant 47th," greeted the boys as they proudly marched along. They passed the saluting base at the armory, where Gen. W. Shannon, C.M.G., took the salute, along with C. M. G., took the salute, along with members of his staff. Mayor Somerville

What Causes Wrinkles? What's the Remedy?

Stop to consider what produces wrinkles and sagging of skin. Premature aging, malnutrition, etc., cause the skin to shrink, lose its youthful plumpness and firmness. The skin then is too large for the flesh underneath, doesn't fit snugly and snugly as it used to—wrinkles or sags.

It must be plain that to tighten the skin, make it fit the face perfectly in every place, will effectively remove the hateful wrinkles and bagginess. This is easily and harmlessly accomplished by dissolving an ounce of powdered saccharine in a half pint of witch hazel and using the solution as a face wash. The ingredients you can get at any drug store. The results are surprising. The skin immediately tightens up, becoming firm and fresh as in youth. Every wrinkle and sag is affected at once—adv.

included lemonade, coffee, ice cream, and cigars. In all other respects, the boys were used for lemonade, and the men expressed hearty appreciation of the good services rendered them by the city.

After interning the evening meal, the members of the 47th Battalion were conveyed to the railway stations or downtown in autos, and the last complete infantry battalion to be demobilized in London, was entered on the Western Ontario honor roll as a unit of the past.

TWENTY UNIONISTS FROM THE WEST ARE EXPECTED TO BOLT

Government's Majority Would Then Be Reduced to Fifteen.

ALL ARE DISPLEASED With Budget Proposals Outlined by Sir Thomas White.

(Special to The Advertiser)
Ottawa, June 6.—The fate of the Government may be said to be decidedly precarious. The budget which Sir Thomas White predicted to cause would please all has succeeded in pleasing nobody. The Opposition is the fact that the proposed budget has been made without consideration for the industrial and labor unrest which is at present rampant in the country. It is expected that during the course of the budget debate Mr. Crerar will further outline his position.

Sir Robert Borden in the House of Commons this afternoon announced the resignation of the cabinet of Hon. Mr. Crerar, and read the following correspondence:

"In view of the fact that the military business of war, through demobilization is not yet completed, permit me to say that an act of resignation upon this issue, reached after earnest consideration, impels me to take this course."

"I cannot refrain from expressing my appreciation of the heavy sacrifices and responsibilities you have so courageously faced during the war, and particularly in the last year—worry and responsibility which I venture to say the people of Canada do not yet fully understand, and also the fine manner in which you have represented Canada overseas in the delicate and difficult negotiations preliminary to the signing of peace."

"Let me also thank you very sincerely indeed, for the many courtesies and kindnesses you have shown during the past eighteen months, to one quite inexperienced in parliamentary work and the very intricate and difficult problems of government in this country."

"I am, etc., T. A. CRERAR."

"My Dear Mr. Crerar—I have received with deep and unfeigned regret your resignation as a member of the Government, but I entirely appreciate the sincerity of your decision, and I have implored you to take that course."

"It will be my immediate duty to acquaint you with your decision, and to request his authority for the acceptance of your resignation."

"During the period of nearly two years in which you have been one of my colleagues, your high sense of public duty, your fine ability and your indefatigable energy have made you a valuable asset to the country especially valuable."

"Grateful for Assistance. Within that period problems of an exceptionally difficult character were continuously presented themselves, and I am most grateful to you, and to my colleagues, for the loyal assistance and effort which on all such occasions have been of invaluable assistance. I am, etc., T. A. CRERAR."

"My association with you as one of my colleagues will always be to me a happy memory, and I know that I may express this to you on behalf of all the members of the Government."

"I am very grateful for your kind words in respect to my own part in public affairs, since it has been my privilege to have you as one of my colleagues."

"With good wish, believe me, dear Mr. Crerar, Yours faithfully, (Signed), R. L. BORDEN."

Your wife's bread invariably turns out best. Why is it? It's in the making—her way of making it.

It's exactly the same with paint. The list of materials from which it is made is only half the story—hardly that.

Action Taken Upon Strong Conviction After Earnest Consideration.

OTTAWA, June 6.—The resignation of Hon. T. A. Crerar as minister of agriculture has been accepted. Mr. Crerar takes definite issue with the Government on the budget. It is expected that during the course of the budget debate Mr. Crerar will further outline his position.

ONCE RANKER, NOW CHAPLAIN

Capt. A. H. Priest, who returned with the 47th Battalion, is now in the Owen Sound, who has served with distinction in the war recently closed in the ranks of the Army Medical Corps. Capt. Priest received his degree as a Chaplain of England at the University of Toronto, and after serving overseas for some time in the above corps he received a commission in the rank of chaplain in the 47th Battalion, serving continuously with that unit and returning to London with the boys last night.

THE SOLDIER BOY KNEW

At the Grand Trunk station yesterday afternoon the military and civil police were busy engaged preventing the civilians gathering there, from rushing on the platform and breaking the ranks of the 47th Battalion during the arrival of that unit. Mattie, a young boy, whose father was a husky in khaki glimpsed his loved ones. He immediately rushed from the ranks and into a crowd of cheering men. He was having the time of his life. He both came to the platform and back to the ranks. He was having the time of his life. He both came to the platform and back to the ranks. He was having the time of his life. He both came to the platform and back to the ranks.

SOLVING THE MYSTERY

As the 47th Battalion was marching to Teumseh Barracks last night a barefoot boy shouted: "I have him in my vest pocket," replied one of the soldiers, as he marched along with his unit, and all joined in the laugh which followed.

ONE ON THE POLICE

During the arrival of the 47th Battalion at the Grand Trunk station yesterday, no civilians were permitted by the police to approach the members of this unit. One old lady, whose son was returning with the 47th, tried to talk to pass the military police. Her attempt was frustrated by the police. At one time she succeeded in breaking through the ranks and ran briskly across the platform, amidst cheers from the crowd, only to be turned back by an ambitious member of the military police. However, not to be outdone, she stealthily made her way round on the side of the platform, and in a manner unknown to others, reached by her son, and proudly marched from the station with him. She stayed by his side until he reached Teumseh Barracks. It was a long hike for a woman over age, but she was a Canadian mother and marched with her boy all through the route. And the boys in khaki say that she did not get out of step once during the entire march.

PROBLEM OF LIQUIDATING THE TURKISH EMPIRE IS ONE OF GREAT DELICACY

Any Way It Is Looked At There Is Breeding-Ground For Future Wars—Most Intricate Conglomeration of Racial and Political Interests—If U. S. Is Willing To Make Sacrifice Solution Will Be Simplified.

By Frank H. Simonds

Author of "The Great War," "They Shall Not Pass," (Copyright, 1919, by McClure Newspaper Syndicate.)

Paris, June 6.—Germany and Austria, having received their peace terms, it remains now to settle the problems presented by the Turkish Empire, which has also collapsed and must be dealt with in Paris.

Turkey presents two distinct questions—the question of Turkey in Europe, which is minor so far as territory is concerned, but of supreme importance on the strategic side, because it includes Constantinople and the northern shores of the Straits, and the problem of Turkey in Asia, which is, or was, an empire, greater than Germany or Austria in area, with a population approximately that of Spain.

The ultimate disposition of Turkey in Europe depends entirely upon the decision of the Paris conference. As to the future of Constantinople, if this city and the surrounding territories are to go to the natural heir, to the country most largely represented by the races inhabiting the region, then there is no question as to Greek rights.

IS HISTORICALLY GREEK.
From the beginning of history Constantinople has been Greek. It was the capital of the Byzantine Empire, which was Greek. It only fell to the Turks in the fifteenth century, and to the present day the Greeks have remained one of the largest elements in the city population. The shores of the Straits and of the Sea of Marmora are Hellenic in history and in population.

But there are a dozen reasons why it would be an unwise thing to bestow upon so small a country as Greece so staggering a responsibility as the guardianship of the entrance to the Black Sea. To bestow them would be to deprive Bulgaria of any outlet on the Aegean. It would place Greece in the future across the pathway of a new Russia, for there will be a new Russia.

It would impose burdens and responsibilities for which, at least at present, Greece is not prepared.

A SICKLY WIFE NO FIT MATE FOR ANY MAN
Girls and Women Should Look Well to Their Health and Strength.
Never before was physical health and vigor so highly esteemed and so eagerly sought for as today. No man finds happiness in a sickly wife, and the woman who wishes to enjoy the pleasures of life should spare no effort to maintain perfect health.

Would Stir Up Islam.
But the Sultan of Turkey is not merely the head of the Turkish Empire, but the recognized spiritual head of the largest part of Islam, and very promptly there are British rights and from other parts of the Mohammedan world, sympathetic protests. These protests would be of little weight had there been any clear-cut policy as to Constantinople in the League of Nations, but all Europe has agreed to give the city to the United States as a mandatory territory.

FRECKLES
Now is the Time to Get Rid of These Ugly Spots.
There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning, and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

the shores of the Straits, Anatolia would be deprived of all its outlet to the sea, and some seven or eight million Turks would be penned up in Asia Minor.

Russia May Make Claim.
But it must be recognized that if there is great opportunity in Armenia, there is a stupendous task increased by the rivalries of the surrounding races. If Russia ever regains her full strength, she is bound to demand the retrocession of her own Armenian districts, but also of those other Armenian districts, and for that matter of Constantinople, promised her in an agreement with France and Great Britain. French interests in Syria, British concerns on the Euphrates, and the equally affected by the erection of a relative Armenian state in what both will regard as the hinterland of their Syrian and Mesopotamian countries, make it more than likely to nourish the hope of reclaiming his Armenian provinces. Nor will the task be lighter if the Moslem Kurds, actually majority now in Armenia.

Would Need Large Army.
The mandatory for Constantinople, Anatolia and Armenia would mean the employment of an army of a quarter of a million Americans for an extended period of time. It would mean an enormous task of organization, industrially as well as politically, and it would mean inevitable participation in all disputes of the future in the Near East. It would mean, in reality, that Europe had transferred to the United States the entire task of solving the old eastern problem, which is and remains beyond European possibilities, but America would find herself handicapped in such a solution by the fact that the essential parts of the territory affected have already been assigned to Italy and Greece, including the natural borders of Armenia.

The Arabian Problem.
It remains now to deal with the Arabian portion of the old Turkish Empire, lying south of the latitude of the Gulf of Aden, where the Arabian problem presents itself. Under British suzerainty, there has arisen a pan-Arabic movement and new Arab kingdoms. With British authority, the King of the Hedjaz has accepted nominal control over all the Arab regions from the Red Sea to the Cilician Gates, including Syria, Mesopotamia, Palestine, and Arabia. Thousands of Arab troops fought with Allenby, and their aid contributed much to the defeat of the Turks.

Monster Tangle.
But it will be seen by this brief review how incomplete and fragmentary, after all, are the settlements or expedients which are being adopted so far as Turkey is concerned. After all, it is as if the liquidation of the Turkish Empire were a monster tangle of threads from without and within, from the south shores of Asia Minor, where they have no rights based on the will of the population, in creating divisions in the Arab population between the French and the British, the way has been opened for an indefinite period of unrest. Certainly the Turk has shown himself incapable of self-government.

But even such practical assistance is not enough.
Each community farmers can be of real service to the soldier settler. They can give him advice about local conditions. They can lend him an extra horse or plough, give him a day's help at seeding or harvest time, and extend to him the friendly, neighborly, respectful spirit which he deserves.

European nations and the eternal animosities of the races of Western Asia. Certainly the American presence offers the Armenian people almost its only hope, while American occupation of Armenia would create a buffer state, separating the spheres of several of the rival European nations.

Often as Serious as the Disease Itself—How to Get New Health.
There are few homes in Canada that were not touched by the sorrow that trailed in the wake of the Spanish Influenza epidemic. Estimates of the loss of life caused by this epidemic show that it was almost as great as the losses caused by the war, and these take no account of the baneful after-effects which are sometimes as fatal as the disease itself.

FARM LOANS for SOLDIERS
How Everyone Can Help
THE Government has developed a liberal and broad plan to help soldiers settle on farm land. It is securing land. It is granting substantial loans. It is obtaining advantageous prices of equipment, implements, building materials and livestock. It is providing agricultural training and farming supervision.

But the plan needs more. It needs a community spirit of co-operation.
Already Provincial Governments, Universities, Farmer Associations, and Veterans' Associations are giving valuable assistance. Many manufacturers and sellers of farm supplies have agreed to allow the soldier settlers special prices. Many successful farmers have willingly worked on Qualification Committees which have to pass on the applicants. Men who have had experience in lending money on farm property are serving on Advisory Loan Committees, judging land values.

FARM LOANS for SOLDIERS

How Everyone Can Help

THE Government has developed a liberal and broad plan to help soldiers settle on farm land. It is securing land. It is granting substantial loans. It is obtaining advantageous prices of equipment, implements, building materials and livestock. It is providing agricultural training and farming supervision.

That is as much as the Government itself can do. But the plan needs more. It needs a community spirit of co-operation.

Already Provincial Governments, Universities, Farmer Associations, and Veterans' Associations are giving valuable assistance. Many manufacturers and sellers of farm supplies have agreed to allow the soldier settlers special prices. Many successful farmers have willingly worked on Qualification Committees which have to pass on the applicants. Men who have had experience in lending money on farm property are serving on Advisory Loan Committees, judging land values.

But even such practical assistance is not enough. Each community farmers can be of real service to the soldier settler. They can give him advice about local conditions. They can lend him an extra horse or plough, give him a day's help at seeding or harvest time, and extend to him the friendly, neighborly, respectful spirit which he deserves.

In this way Canada is performing a double duty. It is discharging, as far as possible, the debt we owe to our soldiers; and it is adding to the country's chief industry a body of competent, willing producers.

Full information about lands and loans for soldiers will be sent on request to the Provincial Superintendent, Soldier Settlement Board, 32 Adelaide Street East, Toronto, Ont.

"The distribution of soldier settlers in settled rural communities will be of material assistance to the less experienced settlers in that they can get advice and assistance from their neighbors."

Indian Motorcycle With Powerplus Motor

Carry On with an Indian
At home and abroad in war activities the Indian Motorcycle demonstrated its superlative merit. The trustiness and durable strength of the Indian enabled our soldiers to carry on under the most difficult circumstances. Tested by a thousand emergencies the Indian never failed in its services. The esteem in which this machine was held can be estimated by the extent of its use. Only by closing all civilian markets could we cope with war demands.

Over 60% of the motorcycles used by the American Government were Indians.

Now that our government duties have been performed we are giving our full attention to civilian needs.

War necessities have made the Indian Motorcycle a better machine. That same machine that made possible the conducting of great war operations is restored to civilian markets. With greater efficiency and sound confidence you can now carry on with an Indian.

See the Indian Motorcycle and Indian Bicycle at your dealer's to-day.

The outstanding features of our big Indian Powerplus are: World-famous Powerplus motor that has no equal. Renowned and exclusive shock-absorbing Cord Spring Frame and Fork. Light Twin Indians, too. And the roomy, handsome, coach-built Indian side-cars. Go now to the Indian dealer and have a demonstration.

WINIFRED BLACK

Writes About "Greenwich Village."

Copyright, 1919, by Newspaper Feature Service, Inc.

Dear Winifred Black:

This is a request. Please write an article on Greenwich Village which does not deal with "Free Unions," that you do know, don't you, that there are people living there and who have lived there for many years, long before "Free Unions" ever heard of the place and before the Greenwich Villagers ever heard of "Free Unions," and who do hold to the old-fashioned ideas of duty, honor, self-respect and natural love, and who will continue to do so?

Why not write about that type, for I assure you they are as much appalled, dismayed, and even more so, than those who have heard Greenwich Village spoken of as only a quaint, dark, crumbling and immoral neighborhood.

Send an article which would be appreciated by the large number of people living in the village who aren't "nuts."

Very truly yours,

Ethel!

Alas!

Here's a sigh from Greenwich Village!

Now, then, all ye faithful who dwell outside New York, you're wondering what on earth Greenwich Village is, aren't you? You remember vaguely that you've heard of it. Is it a kind of Spotted Town in an ad, or was

there a play written about it, or—well, I'll put you out of your misery.

Greenwich Village is a little strip of ground in New York.

It's full of atmosphere, but not very full of air. Do you see what I mean? No, you wouldn't unless you'd been there, and had rented a great big barn of a room and called it a studio, and started writing little hits you got with the rats and the black beetles and the artists in the next studio, who never would take in their milk bottles in time to keep the milk from turning sour.

What It's Like.

Greenwich Village is full of rickety old houses and stumpy old steps, and stumpy old drains, and stumpy old gas jets, stumpy old bathtubs—there are more smells to an inch in Greenwich Village than there are anywhere else.

Greenwich Village is also the one really interesting place to live in New York. It is the one place where you can live and be yourself. It is the only place where you can know your neighbors, and speak to the first man and say "good morning" to the grocery boy who is the New York place in the world, and less New York than any other inhabited spot on the face of the globe.

Cynthia Grey's Mail-Box

They Were Privileged.

Dear Miss Grey—I noticed where Orange Blossom would like a correspondent, so am leaving my address with Miss Grey.

I do not think it right for we Canadians to say things about the English women. We should consider what the English women did for our Canadian soldiers while in England. How many of us would not have given a great deal to have the chance to do for the soldier the English women had.

Now, just a few words to the farmers making their fortunes in a few years. I have yet to see the farmer's wife with an \$80 suit. But if anyone deserves it, she does. This spring I hesitated to buy a dress for \$15. Now, if all farmers were "millionaires" I should not have hesitated at twice fifteen. I remain, TEDDY'S FRIEND.

She Can Sympathize.

Dear Miss Grey: Now I suppose you will not remember me. I don't get a chance to come very often. I enjoy reading the "Puzzles" letters, and sometimes it's about all the news I get time to read these days. But if it made you shed a tear, dear Cynthia, I venture you were not the only one who shed a tear. There were more than two pairs of moist eyes; also two hearts that were broken. I know and feel for X. Y. Z. I've been in her place (and she has my sympathy) and not for thirteen years, but for a much longer time. She did not say if she has any children to look after. I've seven, and the oldest of them are as big babies about some things yet as the youngest one. The war is stopped, and our ladies don't have to go now, but we don't have to worry over that, whatever else we have that troubles us. As I am writing here I hear the children playing on the front lawn. It's their best time, if they only knew it. Could you, or would you, send me X. Y. Z.'s address? I would like to write to her, and know her more, if she cares to correspond. I think she is one of "my kind." I will close with every good wish for the C. G. Page. As ever, your friend, CARLOTTA.

Ans.—I haven't got X. Y. Z.'s address, but I hope she may hear your message and will be willing to correspond.

The Bride's Corset.

"Dainty and elegant I want it to be," says Miss June Bride, "because it must be in keeping with my lovely wedding gown, and the other nice things I have in my trousseau. I am going to buy it at the Collene Corset and Hosiery store, where you know the doorway on the left side, at 176 Dundas street. They have the most exquisite corsets there, a few weeks ago, in pale pink satin. They made me think of apple blossoms, and they were so wonderfully light. And just think, the bones will neither slip nor rust."

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates. ywt

SUGGESTIVE QUESTIONS FOR THE UNIFORM LESSON FOR SUNDAY, JUNE 8, 1919.

ONE GOLDEN TEXT SUGGESTION.

By Rev. S. L. Linscott, D. D.

Obedience—Genesis, xii, 1-4. Matthew, vii, 18-23. John, xiv, 31-24.

QUESTIONS FOR TODAY.

17. Verse 21. What is the manifestation which Jesus makes of himself to his obedient followers, which he does not to others?

18. Verse 22. Why cannot Jesus comfort and manifest himself to the disobedient?

19. Verse 23. Why cannot God and Jesus dwell in the heart of those who live in sin?

20. Verse 24. What is the relation, as to cause and effect, between love for God and obedience?

Golden Text: Ye are my friends, if ye do the things which I command you.—John, xv, 14.

WE MUST FOLLOW JESUS

We must not attempt to do exactly what Jesus did while on the earth, for what was right to be done, under those circumstances, may be wrong under present circumstances; to attempt to follow Jesus in a literal, formal way would be anything but following his example. Christ's governing principle was to do his Father's will under all circumstances, and his Father's will was for him to help the sick and to save sinners, and to do it in a way which would be most likely to be successful. Jesus followed his Father as he did. Jesus said that he always did the will of his Father, and when we are dominated with the same guiding principle we shall then follow in the footsteps of Jesus, and as successful in our work as Jesus was in his.

"STOLEN ORDERS," A SENSATIONAL FILM SHOWING AT THE MAJESTIC, FEATURES FIGHT IN BALLOON

Thrilling Production, Staged at Enormous Expense, Will Be Shown at Popular Theatre on Monday, Tuesday and Wednesday—Douglas Fairbanks in Seven-Reel Comedy Last Half of the Week—Miss Estelle Carry, Soprano, All Next Week.

A terrific fight in the car of a dirigible balloon is one of the big features in William A. Brady's big feature, "Stolen Orders." The fight ends in the combatants falling from the car to the ocean below. All of this you see plainly in this spectacular and sensational production. You see the men fighting, you see them fall from the car and you see them fall into the water. Not a single foot of this thrilling episode is faked. It is all real and, being real, it is, of course, extraordinarily exciting. "Stolen Orders," the biggest feature production of the year, has been secured by the Majestic Theatre management and will be shown on Monday, Tuesday and Wednesday. In seeing this superb super-feature you not only see the biggest thrills of the year, but you also see six famous stars—Kitty Gordon, Carlyle Blackwell, Montagu Love, June Elvidge, George MacQuarrie and Madge Evans, the most notable cast ever assembled for the presentation of this feature picture. From all viewpoints "Stolen Orders" is unequalled—in story, acting, thrills, direction and photography. In seeing "Stolen Orders" you see the year's biggest feature.

MABEL NORMAND, the famous screen comedienne, appearing at the Majestic soon in "The Pest."

Marguerite Clark, co-starring with Eugene O'Brien, in "Come Out of the Kitchen," a delightful photo-comedy, showing at the Majestic this afternoon and evening.

A masterpiece of mystery and sensationalism, showing at the Majestic, on Monday, Tuesday and Wednesday next.

At the Majestic next Thursday, Friday and Saturday. Seven reels of stunts, thrills and fun. Claimed to be "Doug's" greatest film success.

At The Majestic

TODAY—Eugene O'Brien and Marguerite Clark, in "Come Out of the Kitchen"; Mack Sennett Comedy, "When Love Is Blind"; Vaudeville Extra Film; Attractions of Scenes, Travelogues, Industrial and the Best in News Films.

MONDAY, TUESDAY, WEDNESDAY—The Great Eight-Reel Production, "Stolen Orders," Taken From Famous Drury Lane Success; Harold Lloyd Comedy; Charlie Chaplin Comedy; Burton Holmes, Travelogue and the World's News in the News Weeklies.

ALL NEXT WEEK—The Beautiful Little Woman With the Big Voice, Miss Estelle Carry.

THURSDAY, FRIDAY AND SATURDAY—Douglas Fairbanks, in His Seven-Reel Production, by Arctcraft, "The Knickerbocker Buckaroo," His Biggest and Best; Christie Special Comedy, "Sally's Blighted Career."

COMING—Mabel Normand, in "The Pest," a Rival of "Mickey."

CHRISTIE COMEDIES ARE MADE BY WELL-KNOWN LONDON BOY

Many Londoners remember the bright, smiling, sunny dispositioned young man Al Christie who was once employed in Green and Swift's, and made his debut into theatricals as stage manager at the Majestic. Al has become one of the greatest and most successful producers of film comedies on the American continent. Christie's funny comedians, have become popular wherever good pictures are shown, and the management of the Majestic has secured this London boy's films to be shown in his own home town at the Majestic. Mr. Christie is noted for his exceptional sense of the artistic and humorous. His ideas are always bright and original, and are certain to bring a laugh, and afford a great pleasure to movie picture patrons. The first of his comedies to be shown in London will be his special production "Sally's Blighted Career," presented at the Majestic next Thursday, Friday and Saturday. "Sally's Blighted Career," Ray Tischer, known as the most beautiful of musical comedy queens of the season, and thirty of the chorus beauties from Zigfeld's Follies will be seen in a beautiful and screamingly funny story of the seashore. The scenes are laid in one of the popular summer resorts, just out of New York City, and the entire two reels are a dream of feminine loveliness, witty comedy and sea breezes.

DOUGLAS FAIRBANKS DOES NEW STUNTS IN LATEST PHOTOCOMEDY.

Douglas Fairbanks has a suit case full of brand new stunts that he introduces in his next picture, "The Knickerbocker Buckaroo," which is to be shown at the Majestic next Thursday, Friday and Saturday. Douglas has been in constant training with Bull Montana, Spike Robinson and Kid McCoy, and to quote the screen athlete, "It was in the pink of condition when I made this film." His latest Arctcraft release takes him out west, where, in an effort to be unselfish and do things for other people, he gets into various melodramatic mix-ups that create their own comedy incidents. Douglas Fairbanks is usually of an enthusiastic nature, he feels that "The Knickerbocker Buckaroo" gives him greater opportunities than ever afforded him before in his screen career. He purchased a new horse, having retired "Sally" from active service and was in daily practice with it before the start of the regular day at the

MISS ESTELLE CAREY AT THE MAJESTIC THEATRE NEXT WEEK.

Miss Estelle Carry, the soprano who has created such a furore in musical circles of Montreal, Toronto and Detroit, with her wonderful voice, which was heard in the biggest theatres of these cities, is to come to London. Miss Carry is a find of a theatrical manager of Detroit, and before her recent debut was studying quietly with some of the best teachers on the continent. Miss Carry, she had no intention of appearing for the public, until persuaded to do so by her friend. Her wonderful voice, sweet as the notes of a lark, has been the talk of theatres of Toronto for the last two weeks, and induced Miss Carry to appear at the Majestic next week, so that Londoners may also have the opportunity of enjoying the remarkable voice of one of the world's greatest and most beautiful young artists.

WILLIAM S. HART IN BIG THRILLER AT MAJESTIC SOON.

Years ago the rodeo was the biggest thing in the west. It was the occasion when all the wild riders, broncho busters and sure shots of the west assembled to display their prowess. Such a scene is revived in "The Money Corral," a new Arctcraft picture starring William S. Hart, which will be shown at the Majestic Theatre June 15, 19 and 21 next. It was written by Mr. Hart and Lambert Hillier, and they also collaborated in its direction. Jane Novak is the leading woman, heading an excellent supporting cast. The rodeo scene of this picture is expensive and took lots of time, but it is worth the effort, for it gives a touch of realism that could not otherwise have been secured. Many punches, Indians, Mexicans, cowgirls and rodeo stunts and over 1,000 persons appeared therein. "The Money Corral" is said to be the most exciting film that has been produced in months.

"THE WOMAN THOU GAVEST" AT THE MAJESTIC SOON.

"Think what marriage means to a woman—a young girl especially, it means the breaking of old ties, the ending of a new life, the setting out into an unknown world on a voyage from which there can be no return. What does she bring to the man she marries? Herself, everything she is, everything she can be, to be made or marred by him. "Once in a hundred years there comes a great passion. The woman meets the right man too late. What a tragedy! Unless she is prepared to renounce the law, reject society and live her own life with the man of her heart. "When a woman has been forced into a loveless marriage, and it is crushing the very soul out of her, and the iron law will not permit her to escape from it, what crime does she commit if she flees to a man to whom she is married in her heart? "Oh, you good women, who are happy in the love that guards you, shields you, shelters you, wraps you round and keeps you pure and true-tread lightly over the prostrate soul of

MABEL NORMAND AT THE MAJESTIC SOON IN "THE PEST."

Melodrama and comedy mingle freely in "The Pest," the great seven-reel photo-comedy showing at the Majestic soon, which affords every Mabel Normand numerous opportunities for demonstrating her versatile talents. Miss Normand works with an energy and conviction which cannot fail to delight her numerous admirers and. Thanks to the star's personality, interest in the play is maintained to its finish. The leading lady's assumed awkwardness in the character of the unpolished Jigs is irresistibly funny, and her debut in borrowed names at the party where the city folks are assembled registers as the most amusing incident of the story. Yet, without, there is a distinct touch of pathos about Jigs' play in the rain barrel or her determined raid upon the poultry for the purpose of adorning her hat with annexed feathers be easily forgotten by lovers of natural humorous effects.

OPERATIC STAR TO APPEAR AT THE MAJESTIC SOON

Herbert Watrous of Metropolitan Opera is Coming.

Herbert Watrous, celebrated operatic star, basso profundo of the Metropolitan Opera for the past few seasons, the greatest voiced and most popular of America's singers, has consented to pay a visit to London during his holidays, and the management of the Majestic have just completed negotiations with Mr. Watrous for an engagement for one week, and if he can possibly be induced, for two weeks, commencing on June 15. Mr. Watrous will present some of his most famous operatic numbers and also a few selected ballad numbers.

MAJESTIC COOL OASIS OF RETREAT FROM HEAT

How nice and restful it feels to pass into the cool dim interior of The Majestic these days of intense heat. It is a veritable oasis of delight and quiet, where one may sit in the gentle breeze from the silent electric fans, and enjoy the splendid entertainment accompanied by the pleasant music from the concert orchestra. The white, summer uniforms of the staff, the boxes of fresh flowers, non-glaring colored lights twinkling here and there, nothing has been overlooked to make the Majestic the most popular summer resort of those who are unable to leave the city during these sweltering summer days.

Majestic Announcement

Owing to the extra length of the two great feature films at the Majestic next week the management announce that it will be necessary to begin the performance a half an hour earlier than usual. The doors open in the afternoon at 1:15, the matinee performance starting at 1:45, and the doors opening in the evening at 6:30 as usual, the first evening performance starting at 6:45 and the second evening performance starting at 8:30. The theatre still continues to operate on standard time, as all other amusement places in the city are doing.

RAE SAMUELS "THE BLUE STREAK OF VAUDEVILLE" AT THE GRAND SUMMER GARDEN ALL NEXT WEEK

Comedienne of "The Winsome Widow," "Ziegfeld Follies" and "Honeymoon Express" Coming Direct From Successful Engagement at Chicago—Four Other Big Acts and Photoplay Features.

Rae Samuels, "The Blue Streak of Vaudeville," will be the headliner at the Grand all next week with a complete change of program on Thursday.

Miss Samuels was the principal comedienne of the "Winsome Widow," "Ziegfeld Follies" and "The Honeymoon Express" at the Winter Garden, New York City, and is one of the leading character songstresses in vaudeville at the present time.

Also on Monday, Tuesday and Wednesday's bill will be Stan and May Laurel, a duo of entertainers, who will keep an audience screaming with laughter with their comical antics in their offering, which they call "No Mother to Guide Them."

Stan Laurel is not by any means a new face in vaudeville, though well known as a screen actor, having been the leading comedian with the Pathe Company. Prior to his appearance in the movies he was featured with Charlie Chaplin when that famous English pantomimist first came to America in Fred Karno's "Night in an English Music Hall."

There is an abundance of versatility in the offering to be presented by Harry and Nancy Cavana, who will bring their act, "The Free Exhibition," a novelty that can be credited with being a distinctly new and entertaining act.

Harry and Nancy Cavana, who will bring their act, "The Free Exhibition," a novelty that can be credited with being a distinctly new and entertaining act.

Murray K. Hill, comedian, composer and all-around entertainer of international reputation, will present under the title of "The Dialectic Monologist," an offering consisting of original songs and as extensive as it is varied.

Concluding the bill will be Taisei and Yoshi, a clever Japanese couple, who will present a characteristic Japanese novelty act that combines all the various phases of acrobatics and equilibria.

The exhibit the most astounding program of feats, including the aerial perch, pedestal contortion, foot juggling and equilibria.

The program for presentation at the Grand Thursday, Friday and Saturday will include, in addition to Miss Rae Samuels, who will continue the entirely new program of songs and costume changes, another big feature offering in the form of "The Rainbow Revue," described as a radiant riot of the best acts of its kind in vaudeville.

There is an abundance of good comedy and music and novel electrical effects introduced in the "Rainbow Revue." Randolph are the principal entertainers; they are ably assisted by a young girl. Among the beautiful introductions are "Everybody Loves to Dance," "Dixie Military Ball," "Finch Quaker," "You're So Pretty" and "Old Fashioned Wives."

Harry Welton and Marjorie Marshall, billed as "The Effervescent Pair," live up to their title in their offering, which consists of comedy, singing, soft and wondrous shoe eccentric dancing; an offering which gives them splendid opportunities for a display of their talents.

Evening costumes are worn by both. Miss Marshall making several changes. The act is as pretty and entertaining as it is novel.

A finished, polished, comedian and a charming young woman, who together make up a quaint little home-coming comedy called "Remnants," which tells a story of a country boy who undertakes to succeed as a traveling salesman. It has been long since vaudeville patrons have witnessed a playlet with so much genuine humor, pleasing conversation, and that quality of being

Another big feature of the bill is comedy, singing and piano number, entitled "Somewhere in the Philippines." Friscoe, the wizard of syncope, will delight all music lovers with his number one that will be relished by all.

A bit of laughter and a corking lot of good melody constitute the effective "vaudeville" skit which is to be served by Ben Benny, a versatile artist, who has limited range in comedy and piano number, entitled "Somewhere in the Philippines."

Friscoe, the wizard of syncope, will delight all music lovers with his number one that will be relished by all. Verci and Verci are a team of entertainers who offer some new and novel ideas in a cleverly arranged act, consisting of comedy talking, singing and acrobatics.

Burke Brothers and Kendall, two men and a woman, in a fast juggling act will conclude this excellent bill.

MARY PICKFORD, IN "DADDY LONG LEGS." Mary Pickford, in "Daddy Long Legs" at the Grand today, will complete a most successful week's engagement in this city. "Daddy Long Legs" has an appeal for young and old. It is Mary Pickford in her charming art of sweetness. The photo-play is made from Webster's story, which was a notable dramatic success.

The humorous, tragic and romantic adventures of a little orphan, who is taken from her home of misery in the asylum and educated by a mysterious benefactor, who calls himself "Daddy Long Legs." WOMEN CURED AT HOME

Women's disorders always yield from the very beginning to the mild but effective action of Orange Lily. Within two or three days after commencing its use the improvement becomes noticeable, and this improvement continues until the patient is completely cured. Orange Lily is an applied or local treatment, and acts directly on the organs, removing the congestion, toning and strengthening the nerves, and restoring perfect circulation in the diseased parts. In order to convince all suffering women of the value of this remedy, I will send a 40-cent box, enough for 10 days' treatment, absolutely FREE, to each lady sending me her address. Here Are Some Pain Facts Worth Your Attention

By DR. LEONARD KEENE HIRSHBERG, A. B., M. A., M. D. (Johns Hopkins University).

Pain is in itself either one unpleasant sensation or a perversion of sensation. It is a signal that receives real impressions from the universe that convey facts to the mind, but when injured or sick turns into illusions and pleasure into pain.

They affect to believe indeed actually are firmly convinced that the average person does not know the origin of which is not a fact. The victim is a fool, there cannot possibly be any present. The victim is a fool, there cannot possibly be any present. The victim is a fool, there cannot possibly be any present.

What Pain Is. Pain is a sensation, perceived via the flesh and blood, and is due to a definite shock in the normal path of worldly impressions when they enter the mind. It is immaterial whether physiologically or psychologically the sense of pain approaches through the nerves or whether any of the sensory structures, when diverted from their usual carrying activities, conveys the unpleasantness. In either event the pain is recognized. You know what a headache is. You know what a headache is.

DIARY OF A FASHION MODEL. BY GRACE THORNLIFFE. She Discusses Some of the Points About White Charmeuse For Evening Gowns.

Madame, I'd like a dance dress that makes you cool just to look at it. Miss Rockwell announced after the usual pleasantries. "You will like one of my white charmeuse evening gowns, I think," Madame replied. "I'm featuring them for sweet young girls like you."

MY HEART AND MY HUSBAND. ADELE GARRISON'S NEW PHASE OF REVELATIONS OF A WIFE. Why Mrs. Durkee Was Very Gloomy Indeed.

"Oh, Madge, what do you think has been doing now?" Little Mrs. Durkee came up to my room one evening after I had returned from school with a most dejected expression upon her face. I knew from long experience of my little friend's vagaries that was the matter with her, as she threw herself into my easiest chair and gazed her eyes with the daintiest, most infinitesimal of handkerchiefs.

The Years Hasten. I stopped smiling suddenly. Her words called up a vision of a man—about thirty, with a distinct pang. For a startled moment I looked down the coming years of my life, for her reticent remark about the girl who would some day steal my own son had robbed me of both amusement and pain.

Helpless in Bed With Rheumatism Until He Took "FRUIT-A-TIVES."

MR. ALEXANDER MUNRO

R. R. No. 1, Leno, Ont. "For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.

"Finally, I decided to try 'Fruit-A-Tives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

"I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place.

she of the auburn hair. I trimmed her gown with a deep bertha of copper lace. As I haven't Titian locks, I thought I'd like the silver lace on this model.

"Nothing could be lovelier with her fair hair and skin than silver and white, Miss Rockwell. You won't have to sign for auburn hair, only for new wigs to conquer, when you wear this dress."

"I know my limitations, Madame, so I shan't try to over-reach them. However, I like this gown, and I want you to duplicate it for me—just as it is."

"That I will gladly do, and I can promise it quickly now that the rush of the season is over."

"I'd like to look at some hats now. The sales has played havoc with mine already," Miss Rockwell said.

"A big black picture hat would be effective for evening wear with this dress," Madame said, as they turned to go downstairs to the millinery salon.

"No, I'm not looking for a hat to wear with this gown. I prefer it without one. But I would like a broad pink or white straw wreath with hydrangeas or with morning glories in pastel tones."

"Pink would be a very picturesque hat with either trimming," Madame said as they went down the stairs.

"I like the silver fringe around the ankles. It's little, dainty, unusual touches like that which makes the distinction of your models, Madame. The silver lace ruffle below the girde is also attractive."

"The girde is cloth of silver, as you see," Madame said. "But I frequently make the girde of the material on these youthful ivory charmeuse gowns."

TO MORTALS HOROSCOPE

By Genesive Kemble

SUNDAY AND MONDAY, JUNE 8-9. Sunday's astrological promise is for an active and interesting day, though the jeopardizing of money through any avenue of risk is strongly warned against. It is a good time for seeking honors, promotion or dealing with superiors, old societies or institutions.

Those whose birthday it is should have an active and successful year. A child born on this day may be clever, steady and generous, but perhaps reckless with money.

Monday's astral forecast points to travel and change, which may be turned to great advantage if discretion and good judgment be exercised, with a sharp eye to the possibility of deception and treachery. Every phase of business should be kept under careful hand, and this caution applies to the domestic circle, where grief or annoyance are threatened.

Those whose birthday it is may expect beneficial travel and change, but to secure this advantage they must act with caution and discretion. A child born on this day will be original and inventive, but may be careless and unsettled.

LIFT OFF CORNS WITH FINGERS. Doesn't hurt a bit and costs only few cents.

You'll laugh. Apply a few drops, then lift sore, touchy corns right off. No pain. Yes, magic!

A few cents buys a tiny bottle of the magic Freestone on any drug store. Apply a few drops of Freestone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freestone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom feet. So easy! So simple. Why wait? No humbug!

Save the surface and you save all - Paint & Varnish

What Keeps the Niagara Steel Arch Bridge Safe?

YOU will see painters working on the Grand Trunk Steel Arch Bridge nearly every time you cross it.

Surface protection keeps sound every beam. They cannot rust—they cannot corrode—because the surface cannot be penetrated.

Surface is a danger point for everything, whether the danger is from rust, decay, or wear and tear.

Here is a column for instance, supporting a veranda roof. Water got into it and is ruining it. Properly protected it would have lasted indefinitely. Shingles, siding, corner boards on a house or factory. Door sills. Anything with a surface needs protection. Save the surface and you save all.

Paint and varnish for protection. Anything worth owning is worth saving. Most of us wake up to damage after it is done.

THIS announcement is issued by the Canadian "Save the Surface Campaign" Committee, for the purpose of educating the public in the Preservative and Protective value of Paint, Varnish and Allied Products for the Conservation of Property, and has received the approval of the Canadian Trade Commission in the following words:

"The realization of the above objects will lead to employment during the Reconstruction Period and bears our entire approval."

The Merchants Bank of Canada

Proceedings of the Fifty-Sixth Annual Meeting of Shareholders on June 4th, 1919.

The Fifty-sixth Annual Meeting of the Shareholders of the Merchants Bank of Canada was held Wednesday, June 4th, in the Board Room at the Bank's Head Office at Montreal. The meeting was called to order at 12 o'clock noon.

Among those in attendance were: Sir H. Montagu Allan, Mr. K. W. Blackwell, Mr. F. Orr Lewis, Mr. A. J. Daves, Mr. F. Howard Wilson, Mr. Farquhar Robertson, Mr. Geo. L. Cairns, Mr. Alfred B. Evans, Mr. E. P. Holden, Lieut.-Col. Jas. H. Moodie, Mr. Lerro C. Webster, and Messrs. A. Browning, John Patterson, R. Campbell Nelles, A. MacDowall, S. M. Baylis, J. E. Hayden, P. C. Elice, W. B. Blackader, A. Haig Sims, D. Kinghorn, F. S. White, P. E. P. Key, I. D. Johnston, D. C. Macarow, T. E. Merritt, J. D. G. Kippson, W. M. Hannay, V. Harcourt, A. R. Patterson, R. H. Arkell, T. A. McKay, A. C. Fraser, W. G. Hinds, R. G. Sare, W. B. Harshaw, F. J. Shreve, G. Tansley, W. P. Lemesurier, J. Gillespie Muir, T. A. Harcourt, H. R. Little, H. B. Loucks, J. M. Kilbourn, W. B. Leitch.

On motion of Mr. K. W. Blackwell, the President, Sir H. Montagu Allan, was asked to take the chair. Mr. J. M. Kilbourn was appointed Secretary of the meeting, and read the notice calling the meeting. The minutes of the last annual meeting were taken as read.

THE ANNUAL REPORT.

I beg to submit on behalf of the Directors of the Fifty-sixth Annual Statement of the Merchants Bank of Canada as at the close of business on the evening of the 30th April, 1919, together with a Statement of the Profits covering the relative period.

Notwithstanding ever-mounting operating costs, the net profits resulting from the year's business were \$1,283,569.40, being an increase over last year of \$468,834.41, a showing which, I believe, you will regard with satisfaction. Evident of the past year your Directors felt warranted in distributing an extra dividend of 1 per cent, and in placing the stock upon an 11 per cent basis. No doubt their action in this respect will have your entire approval.

The financial position of the Bank as reflected in detail in the Balance Sheet before you, will, I am sure, with your full approbation. Another Victory Loan last autumn was generally subscribed to by the Bank's clientele throughout the country, their total subscriptions reaching the very large sum of \$48,010,400, of which but \$4,233,909 was made up of contributions from previous issues. This left a net amount of \$43,776,491 paid in cash through the six months' period, and yet, despite this heavy withdrawal, our per cent over last year's figures, the Savings Department receiving \$15,568,008 of its gain.

Commercial Discounts have also grown apace, having increased \$19,650,410 during the year, indicating that the earning power of the Bank has been well maintained and that we are, to the common good, lending our full support to the agricultural and other producing industries of the country. For, it may in truth be said, this important increase is made up of advances in one way and another towards assisting essentially productive industries throughout the Dominion.

An issue of \$1,400,000 of new stock has been made, but as the allotment was to Shareholders of record at 30th April, the matter will fall for reference more appropriately at next year's meeting. Suffice it to say in the meantime that the new allotments are being satisfactorily taken up—a large proportion indeed, having already been paid for in full in advance of the instalment dates.

Since the signing of the Armistice on the 11th November last, we have suspended numerous Branches and Sub-Branches at points carefully selected during the long period (ending with the Armistice), in which all the Banks maintained a strict embargo against branch extensions. These new fields of endeavor and profit are in practical every case, realizing our expectations, and while the relative initial expense is not inconsiderable, we have every reason to believe we shall be rewarded by amply profitable results in due course.

You will, I am sure, join with your Directors in extending to the members of the staff, one and all, a word of cordial appreciation for their loyal and efficient service, to which the measure of progress the Bank has enjoyed is in no small degree attributable. During the course of the year death removed our esteemed colleague, Mr. Andrew A. Allan, and in his untimely end the Bank has suffered a heavy loss. Deeply deplored by all connected with the institution. He was a man of sound judgment and high principles, whose advice was at all times as valued as his personality was esteemed and respected.

The vacant seat upon the Directorate has been filled by the appointment of Mr. Lorne C. Webster, a large shareholder in the Bank, and a man of wide business experience, connected with many important commercial enterprises. All the various offices of the Bank have been inspected during the past twelve months.

The Auditors' Certificate is appended. All of which is respectfully submitted.

REPORT OF THE AUDITORS TO THE SHAREHOLDERS OF THE MERCHANTS BANK OF CANADA.

In accordance with the provisions of Sub-Sections 19 and 20 of Section 55 of the Bank Act, we report to the shareholders as follows: We have examined the above Balance Sheet with the Book of Account and other records at the Chief Office of the Bank and with the signed returns from the Branches and Agencies and have checked the cash and verified the securities of the Bank at the Chief Office against the entries in regard thereto in the books of the Bank at 30th April, 1919, and at a different time during the year and found them to agree with such entries. We also attended at the year-end of the Branches during the year and checked the cash and verified the securities held at the dates of our attendances and found them to agree with the entries in regard thereto in the books of the Bank.

VIVIAN HARCOURT, GORDON TANSLEY, (Of the firm of Deloitte, Plender, Griffiths & Co.) Auditors.

THE PRESIDENT'S ADDRESS.

In moving the adoption of the Report, the President, Sir H. Montagu Allan, who was received with applause, on his first appearance since his service overseas, gave a brief address.

"Gentlemen, I would like to say that I think the results of the year's business are very satisfactory to the Board, and I am confident that the Shareholders will be of the same opinion. (Hear, hear.)

"You all know that the past four years have been a very trying period for us all, as throughout the world. During most of that time I have been on the other side of the Atlantic, and I am very glad on my return to see that the Bank has been making such excellent progress. It has been a source of astonishment and gratification to myself to see how the deposits have kept up, notwithstanding the large withdrawals for various Government issues in connection with the war and the great growth of business generally.

"It is a truly marvellous achievement and speaks convincingly of this country's inherent strength and ready adaptability to changed and changing circumstances.

"I would like to take this opportunity of thanking Mr. Blackwell, the Vice-President, for the courteous and able manner in which he has performed the duties of President and presided over the annual meetings during my absence, and the efficient manner in which he has conducted the business of the Bank.

"You all know that this Bank, in common with all other banks, has passed through a trying and anxious period during the past few years. During that time Mr. Blackwell, with the assistance of the Board, has carried on the work in a splendid and efficient manner, and I am glad of this opportunity to voice the appreciation of the Shareholders of his services. (Applause.)

"It gives me pleasure now to move, seconded by Mr. Blackwell, the adoption of the Annual Report.

MR. BLACKWELL—"I take pleasure in seconding the motion for the adoption of the Annual Report. In doing so, I would like to add a few words as to my own personal feelings on hearing such kind words from Sir Montagu Allan as to my efforts during his absence. You all know that it is an unenviable task that I stand by my friends, especially when they are in trouble, and we all know that Sir Montagu has suffered severely by this war. It was necessary for him to stay abroad for four years, and he has suffered personal bereavements, for which I owe him deep sympathy, in which I am sure you all joined. It was only natural and proper that I should shoulder his work to the best of my ability. I have only endeavored to do my duty to my co-directors and also to the Bank.

"Later you will be told of the organization of The Bankers' Trust Company, and I hope every man in this room, both Directors and Shareholders, will do their utmost to support that institution, exerting their personal influence and own support, when, I am confident, it will be found a valuable source of useful business for the Bank, and also a valuable aid to those of you who put your estates in its charge. I have always felt that this Bank should have control of a Trust Company working in its interests, and I am very much pleased and gratified that we have succeeded in getting it started." (Applause.)

THE GENERAL MANAGER'S ADDRESS.

MR. MACAROW—"In the first place, I would like to express, speaking on behalf of the Executive Officers of the Bank, indeed on behalf of the staff at large, our pleasure at having Sir Montagu Allan again amongst us and to extend to him our most cordial welcome. In the mighty work overseas now happily satisfactorily and, let us hope, permanently concluded, Sir Montagu has, in my opinion, done his duty as well as a proud thought to him, as it is a gratifying reflection to us, that in connection with that great work, he has a record of high and patriotic duty, marvellously embraced and efficiently carried through. (Applause.)

"My words, Sir Montagu, but express feelings sincerely entertained. Your welcome is one of unfeigned cordiality. The moment is opportune. I am sure you will agree, and I gladly take advantage of it, to pay a tribute to the Vice-President, Mr. Blackwell, who has filled the chair throughout the President's absence with such a measure of outstanding capacity. From his rich storehouse of his wide varied and practical business experience, he has

which they are associated, and we expect our company will expand its doors on the 1st of May, will prove a strong, conservative and useful ally. The want of such an affiliated company has been felt in an increasing degree for some years past.

Just one further word as to that all-important subject, the Balance Sheet does not reveal—the staff, I can not too strongly endorse the words of the President and have no hesitation in saying that in point of loyalty and efficiency the staff of this Bank is second to none.

For a long period prior to the signing of the Armistice, and during demobilization thereafter, the staff of this Bank were reduced, indeed, to a veritable "thin red line," but while numerically weak, the spirit was there in full strength, and we were enabled as a result to conserve and develop our business in the notably satisfactory manner reflected by the comparative figures shown. (Applause.)

So much for that section of the staff, who, for one reason or another, were rendered ineligible for military service. Their names are listed in the "Thin Red Line," and we recognize with appreciation and view with pride. As to those who joined the colors, I am very interested in knowing that from a staff of 1,200, only 600 were broken up, enlistments numbered no less than 825, or roughly 68 per cent of the whole, which must very nearly represent 100 per cent of the eligibles. (Applause.)

Those splendid young men, 73 made the supreme sacrifice. 57 were wounded, some more than once, and many received high decorations for valor and gallantry.

To the memory of those whose bodies sanctify the soil of France and Flanders, we can but offer the highest tribute of reverential respect. To those incapacitated through wounds and otherwise, we are gladly endeavoring to render such assistance as lies within our power.

And to those eligible for re-entering the service of the Bank we are finding positions upon a scale of remuneration which provides against their suffering any hardship in a monetary sense by reason of having joined the colors. In other words, we are giving to each and every man the same status as when he left, plus such increases as would have followed in the ordinary course had he remained.

To put it in a word, gentlemen, we are proud of our staff, one and all, and I am sure you will agree with me that we have every reason to be proud of them. (Applause.)

On motion of Mr. D. Kinghorn, seconded by Mr. W. B. Blackader, Messrs. Vivian Harcourt and Gordon Tansley, of Deloitte, Plender, Griffiths & Co., re-appointed Auditors of the Bank, were appointed Auditors of the Bank, and the resolution was carried.

It was moved by the Vice-President, "That the Capital Stock of the Bank be and is hereby increased from ten million dollars (\$10,000,000) to fifteen million dollars (\$15,000,000), by the creation of ten thousand (50,000) new shares of the par value of one hundred dollars (\$100 each)." It was explained by the President that the intention of issuing this Capital in the near future, by the Bank, was thought possible to make timely provision well in advance of possible or probable requirements.

The resolution was unanimously adopted. On motion of Mr. R. Campbell Nelles, seconded by Mr. H. H. Sims, Messrs. John Patterson and Arthur Harcourt were, by unanimous vote, appointed members of the Board of Directors, and instructed to cast one ballot for the election of Sir H. Montagu Allan as President of the Bank.

On motion of Messrs. John Patterson and S. M. Baylis, a vote of thanks was tendered to the General Manager and Staff, which was briefly acknowledged by Mr. Macarow, who said that while he fully appreciated the kind, over-kind words tendered to himself, it was no satisfaction on his part to disclaim any measure of special credit for the progress shown, rather was it due to co-operative effort all along the line, extending from the Chairman of the Board to the junior clerk in the smallest office, the benefit of whose intensive co-operation was recognized and acknowledged by none more than by himself. (Applause.)

Mr. Campbell Nelles—"Before we adjourn I would like to express the welcome of the Shareholders to the President, Sir H. Montagu Allan, on his return after four years' absence overseas. We all know very well, and we are delighted to see him back in his old position at the head of this Bank." (Applause.)
