NEW PRESIDENT OF WESTERN TO **LEAD CAMPAIGN**

When Head Is Selected Drive for Funds Will Start.

MAYOR STILL ON BOARD

But Will Drop Presidency-Major Little May Succeed Him.

There is no indication yet as to who will succeed Dr. E. E. Braithwaite in the presidency of Western University, members of the board of governors stated today. With the approach of the fall term a lively interest is being aroused in university affairs, and several important developments may take place. important developments may take place before the end of the year. Mayor C. R. Somerville has announced that he will retire from the presidency of the board of governors as his health will not permit him to undertake the active work which this position will require within which this position will require within the next few months. He will remain as a member of the board, however. His place will likely be taken by Major A. T. Little. The position has been offered to him, but as he is absent from the city, it is not definitely known whether he will accept it. he will accept it.

A Fund Campaign.

A Fund Campaign.

The prospects are that with the appointment of a new president, an active campaign will be entered upon to obtain funds for building a new aniversity on the grounds already obtained. This campaign will likely extend throughout the district, as it is felt that the development of the university is as much in opment of the university is as much in e interest of Western Ontario as in the

city.

Philip Pocock, chairman of the medical committee of the board of governors, today expressed regret at Mayor Somerville's resignation, but admitted that the duties were likely to be very heavy. He expressed the hope that Major Little would accept the position, as he felt he would be one of the best men available at the present time to carry on a successful campaign for the university.

"I venture to say that the university can be developed so that it will mean more to the city than practically any of its financial institutions," said Mr. Pocock. "We are situated in the centre of this western district, and there are literally hundreds of students passing our doors yearly to attend Toronto and other universities. These would be quite as willing to come here if we were to provide could facilities for education."

as willing to come here it we were to provide equal facilities for education."

Mr. Pocock thinks that time will see the affiliation of St. Peter's Seminary and Huron College with the university, and possibly, Alma College of St. Thomas also. Students from these three institutions would then obtain their degrees at Wastern grees at Western. rrees at Western.

Present unsettled conditions in Europe present a golden opportunity for Canadian institutions, he thinks. "A HOUSE DIVIDED" FEATURES MANY **UNUSUAL SETTINGS**

Special Blackton Production Showing At the Majestic Thursday, Friday and Saturday.

One of the most important settings in "A House Divided," which is the attraction at the Majestic Thursday, Friday and Saturday, is a cottage in the French town of Belleau. This cottage was constructed in the Blackton studios in Brooklyn, of brick and plaster, from photographs of a cottage which stood in Belleau before the Germans besieged the town. After the peace-time scenes concerning this cottage were filmed by Commodore Blackton, it was then bombed in the studio to put it in realistic condition for the after-the-war scenes set therein.

The auditorium and stage of the Criterion Theatre provided very realistic scenes for "A House Divided," the Broadway playhouse being used by Commodore Blackton through the courtesy of James K. Hackett, lessee, and Messrs. Smith and Golden, producers, whose "Three Wise Fools" is the current Criterion success, Sylvia Breamer, Herbert Rawlinson. Lawrence Gros-

Bauer in recently published statements. Premier Bauer has made public a letter from Dr. Michaelis to Field Marshal von Hindenburg, dated September 12, 1917, seeking to prove that there was a refusal to meet Great Britain with a view to making peace at that time.

The former chancellor declares that in making public the letter, the premier suppressed the important part. This section, Dr. Michaelis includes with his statements. hope to go back to my home in the States soon, but I don't intend to pay the high rate of exchange if I can help it. Have you any American money that you could trade for Canadian money?"

The American took from his pocket

section, Dr. Michaelis includes with his statement to the press. It follows:

"Who will venture to attack Germany again after she has maintained herself three or four years against superior power and lately as an incomparable proof of her competence has achieved a British victory in the east? If we, on the above basis, were able to obtain neare for our poor, tortured people and not conduct this war one moment

The American took from his pocket as much as he expected to spend during his visit and traded.

The Canadian left him and met another excursionist. The same conversation ensued, with the same result.

When the last passenger had left the pier, the exchange artist had a roll of American money. The profit was made when he took it to a bank, and received a handsome premium on it. Dr. Michaelis concludes his statement by saying that, had his complete letter been published, the representatives of the Government would not have con-vinced a portion of their party that he vinced a portion of their party that had refused a peace offer in "an ir sponsible manner."

Toronto Firm and Chicago Syndicate Are Successful

En route from New York to Detroit on foot, Jack Pearson, who was recently discharged from the American army after ten months' service in France, passed through the city today. Having been a writer on a newspaper in Waco, Texas, he knew that a paper is always glad to get a story, and so he dropped into The Advertiser.

"I left New York on Thursday morning at 9 o'clock and arrived in Buffalo on Monday evening," he said. "During that stretch of the journey the soles and heels of my shoes, for which I paid eleven dollars, wore out. I had the soles repaired and rubber heels put on in Buffalo, and continued my walk. They are little the worse for the tramp from the border to here.

DOUBLE MURDER STORY SOUNDS LIKE FICTION

Detroit Police Puzzled Over Slaying of Two Men in That City.

EYEWITNESS EXAMINED

Slayers and Victims Drove in Automobile to Where Killing Occurred.

DETROIT, Aug. 11.—A big autobomile containing several men drove slowly down Russell street, near Rosedale court, sportly before midnight Saturday. At Rosedale court the car stopped. Two man got out and walked to the curb. A moment later one of them raised his arm and shot several times into the body of the other. The slayer deliberately got back into the machine, which continued slowly southward.

About 50 yards farther it stopped again. Two more men got out, walked to the curb, and again shots broke the midnight calm. One of the men fell dead. His slayer then went back to where the first body lay, fired several more shots into it, and walked back to the machine, which sped away.

Seen By Motorman.

This is the story the police were told by two eye-witnesses shortly after the shootings. One, Fred Smith, 39 Margaret street, a D. U. R. motorman, said he was leaving the home of relatives at 2371 Russell street, a block and a half south of where the shooting took place, when he heard the first shots.

Hiding behind a tree to avoid stray bullets, Smith said he saw four men in the machine, whose make he recognized as it passed him.

The two men in the front seat were joking and laughing, he said, while the two in the rear seat seemed to be much excited.

GRAND RIVER RADIAL AGREEMENT BYLAW

Weak Spots in Plan Blamed -Public Ownership Small Factor.

[Special to The Advertiser.]
GUELPH, Aug. 11.—The bylaw to confirm the City of Guelph Grand River Railway agreement whereby the Grand River Railway was to take over the Guelph Radial Railway and operate it for the city, and aiso to build a radial road to Puslinch Lake and Hespeler, was defeated at the pulls today by an was defeated at the polls today by an overwhelming majority. The figures stood: For the bylaw, 437; against, 1,185; The vote there-three to one

against the bylaw.

It is the concensus of optnion that the It is the concensus of opinion that the defeat was due largely to imperfections in the bylaw, whereby the C. P. R. was getting too much and the city too little. The clause which made Guelph responsible for all deficits that might occur and made the city responsible for the entire upkeep of the rolling stock of the city lines, and only gave the city half the profits (if any), was condemned on all sides.

The agreement was condemned simply

on all sides.

The agreement was condemned simply as bad business, and the sentimental stuff about public ownership in contradistinction to private corporation ownership was apparently not the deciding factor. The hydro representatives e are boasting of a great victory hydro and Sir Adam Beck, but the for hydro and Sir Adam Beck, but the long-headed businessmen of the city do not consider that these were important factors in the fight.

"Mayor Carter's agreement was bad business, and on that account and that alone the voters turned it down," said one of the best-known businessmen of the city who took no part in the fight.

one of the best-known businessmen of the city, who took no part in the fight and did not even vote.

Only about 60 per cent of the property owners entitled to vote registered their opinion at the polls, and very little excitement was shown, as the defeat had been expected, even by the warmest supporters of the byth.

An Indication of Future

It is announced that A. L. Mr. Carnegie did not confine his educational interests to books and colleges, but as a practical, self-made steel man he was altogether awake to the further need of scientific research and technological training. He has given over 20 million dollars to the Carnegie Institution in Washington, which carries on research of the broadest, most liberal character. The Carnegie Institute at Pittsburg was started with an endowment of ten millions, since greatly increased. It is an enormous technological school, with library, museum, art gallery and every imaginable accessory. Another example of the practical character of Mr. Carnegie's interest in education is his creation of a fund of fifteen millions "for the advancement of teaching." A board of 25 trustees has charge of the fund, the proceeds of which are paid in pensions to aged college teachers and their widows, in institutions on the board's "accepted list." Tells a Secret of His Training-Recommends Nuxated Iron To Every Man and Woman Who Wants To **Build Greater** Strength, Energy and Power

Today recognized as the physical superior to any living manthe Superman of the Age-Jack Dempsey, Heavyweight Champion of the world, explains below the part Nuxated Iron played in helping to prepare him for the supreme test of his career. In his decisive, smashing victory over the mighty Willard who had never before been knocked from his feet, Dempsey displayed a dynamic overwhelming strength and power never before known in the history of the ring. That he took Nuxated Iron as a part of his training is convincing evidence of the importance Dempsey attached to keeping his blood rich in strength-giving iron, and the high regard in which he holds Nuxated Iron as a master strength and blood builder.

Strength and blood builder.

In a statement made at his training quarters in Toledo, the scene of the big battle, Jack Dempsey said: "After commencing the use of Nuxated Iron during with less and harder strains with less faigure found a tonic and blood builder which played an important part in getting me into fine condition. Formerly I had relied solely upon strength-building foods and outdoor exercises to keep my blood rich in red corpuscles, but with the World's Championship at stake, I felt that I should leave nothing undone that might help lack of iron in the blood. Although like an untamed tiger in the ring, the intensely human side of the new World's Champion is clearly shown by a remark he is quoted as making just before the big fight, in which he said: "I graphed my Mother that I will win the championship and I am not going to disappoint her I'm going to win that title if for no other reason than because I've promised her I would."

Dempsey describes here the part Nuxated Iron played in helping him to keep his promise to win the title.

Four Ways To Make Delicious Ices At Home.

Four Ways To Make Delicious Ices At Home.

It is amazing that more housewives do not prepare water ices frequently as the family dessert during warm weather. For it is a popular dish with almost everyone, is made much more easily than ice cream and other frozen desserts, and it is considerably cheaper. No rich milk or cream is needed for water ices. Fruit juice, sugar and water are the only ingredients needed. Almost all water ices are made alike. Boil the sugar and water to a syrup, then add the fruit juice, set aside to cool, and then pack in the ice cream freezer. Be sure that the sugar and water are boiled long enough to form a very thick syrup so that the finished ice is velvet smooth. Freeze as with ordinary ice cream and then let stand for a few hours to ripen.

Southpaw Holds Saginaw To Two Hits, While London Produces Three Runs Off Shriver - Cameron Is Only Ace Who Hit Schmidt.

Johnny Schmidt demonstrated to the satisfaction of everybody concerned over in the baseball pasture across the river last night that when it comes to

beating Saginaw he is the pitching phenom of the Mint League. Stir your memories and hark back to the opening game of the Aces' previous visit to Tecumseh Park. Johnny Schmidt made his debut before London fans on that occasion, and his introduction was memorable to say the least. He had the Aces tied up in knots for eight spasms only to yield two hits in the ninth. He shut them out, though, and last night he duplicated his turn when he let the gasping league leaders down with a pair of blows and allowed nary a run. The Tecumsehs did some gentle work in the scoring line on his behalf, and pro-

Cameron Got Both Hits.

While the loud cheers from Hamilton are subsiding, we will proceed to relate the details of the occurrence. Only one Ace among all of Wetzel's deck was able to make any impression upon Schmidt in a hitting way. The gent in question was Cameron, who is substituting for Lipps in centre field. Cameron introduced the first Saginaw hit in the sixth frame, following Ike Command's error of an easy fly from McDaniel's stick. The blow looked rather dangerous at that particular

McDaniel's stick. The blow looked rather dangerous at that particular time, but Schmidt pitched himself out of any difficulty it presented by getting the next two swatsmiths.

Attempted Raily in Ninth.

In the ninth frame, Mr. Cameron stepped up to the plate in the fast falling darkness and opened the inning rather auspiciously from a Saginaw viewpoint by singling to centre. The next two batters vanished, but Weinberg saw first base for the first time by drawing a pass. Then Gleich drove a hard hit fly to Command who retired the side and ended the game by making a nice catch. The two blows by Cameron were the sum total of the safeties made off Schmidt, and Johnny further made it an excellent performance by showing more control than he has yet exhibited. He passed only two batters, which is something of a record for him. Wildness has been his chief obstacle in other games.

Dim Light Favored Speed.

One of the biggest Monday crowds of the season turned out and rooted itself hoarse. The game was full of exciting situations, especially when the commands of the target of the season turned out and rooted itself hoarse. The game was full of exciting situations, especially when the command's newman started the fifth inning off with a single, but Ike Command fanned. Harrison, loafed on a passed ball, and Newman went from mand fanned. Harrison, loafed on a passed ball, and Newman over. Shay didn't hustle enough going down to second and he ran off the line when Pike tried to buch him out. Fyfe called him out. Emery was thrown out.

Wisner Wild, But Effective.

The Tecumsehs had men on bases in every inning but the third, and eleven were left on altogether. Shriver was derricked at the end of the sixth when McDaniel came in to hit for him. Wildness has been his chief obstacle in other games.

of the season turned out and rooted itself hoarse. The game was full of exciting situations, especially when the Tecumps were at bat. The light was none too good and favored speedy pitching. Shriver, the lanky youngster who has been one of Saginaw's mainstays all season, started the game on the mound for Wetzel's team. He only lasted five innings, which was about two innings too long. The Tecumsehs shook him up for three hits in the second, but could not produce a run. In the fourth, Pittenger started with a clean single to centre and Emery clean single to centre and the came of Command's Nice Catch.

So the teams played good ball in the field. The locals tendered Schmidt gilt-edged support, the only error being Command's muff of McDaniel's fly. It was an easy chance and Ike appeared to certain of it. However, it did no certain of it. Howe nicely sacrificed both runners a base

Pari-Mutuels Afford the Only London Skips Put Out Walker Trophy Event in First Day's Play.

TORONTO, Aug. 11.—The twenty-seventh annual Dominion lawn bowling tournament commenced this afternoon with play going on simultaneously on eleven Toronto lawns. One hundred and ninety-two rinks, representing the cream of Canada's bowlers, faced the primary competition of the tournament, which is fifteen more than last year, and before the week is out fully a thousand bowlers are expected to compete in the various competitions. From the record entry of 209 rinks there have only been ten defaulters in the first day's play. There were a number of surprises, H. R. Polson, of West Toronto, winner of the Walker trophy as the preliminary round when J. R. Vander 1918 tournament, falling away in the preliminary round when J. R. Vander styne of Hamilton Victorias defeated it mb y1 6 to 6 and then in the first cer Perry of Outremont, Montreal, by the score of 17 to 13.

The majority of the favorites came the company with flying colors. John Rena winner.

The present meeting proves unique in that it is the first half-mile track meeting in the country at which pari-mutuels afford the only means of speculation. That the system is what the race-goers desire was shown today by the biggest opening attendance in the history of the track. track.

Jackson Gratten went to the post a heavy favorite in the 2:13 pace, when Amardale failed to stay. He reeled off three heats, and came out a winner against some keen competition from Captain Heir-at-Law.

Willington, the favorite in the 2:23 pace, won just as easily. In fact, it looks as if Billy Snow had a real pacer in the son of Bonington.

Summaries:

the score of 17 to 13.

The majority of the favorites came through with flying colors. John Rennie, the Granite veteran, was one of the few that did not survive. In the first round, he defeated A. G. Darling of Ottawa by 12 to 11, but in the second round W. M. Hill of St. Matthaws took his measure by 14 to 13. His brother. Thomas Rennie, also of Granites, disposed of his opponents in the preliminary and first rounds, W. M. Douglas of R. C. Y. C., losing to him by 11 to 10, by counting four on the last end, and J. Killgallan of Ottawa being worsted by 14 to 12.

CINCINNATI REDS BUY
BIRMINGHAM PLAYER

Nashville, Tenn., Aug. 12.—The Cincinnati National League Baseball Club has purchased Outfielder Pat Duncan from the Birmingham Southern Association Club. Duncan, who has been batting above the .300 mark, left here last night to join the Cincinnati team.

The Dominion of the Dominion of the Constitution of the Dominion Football Association, which will be held here this morning, will be that of the residence rules. The residence rules at present gives too much opportunity to Canadian players to become tourists and enables them to visit the United States during the closed season here while soccer is in full swing across the border. Several cases of Canadian second and securing positions for their soccer ability, will be pointed out at the meeting.

An amendment will be suggested to the constitution of the Dominion Football Association under which men who go to the United States after the close of the Canadian season and return here for the following year will have to reside in Canada for at least three months be-

for the following year will have to reside in Canada for at least three months before being given a player's certificate.

Other Drastic Changes.

Other drastic changes are likely to be made to the constitution at the meeting today. The following members of the council of the association and officers have already arrived in Montreal: President Craig Campbell, Vice-President T. Guthrie, Toronto; Vice-President H. D. Foster, Winnipeg; Secretary-Treasurer E. Spencer, Toronto; Councillors Dan McNeil, Winnipeg; H. S. Collins, Toronto; T. G. Stenhouse, New Ontario, and the foffowing delegates from the various provinces:

WALL STREET. New York, Aug. 12—(Wall Street, 10:30 a.m.)—Stocks were heavy on light of-terings at the opening of today's session, losses among leaders extending from large fractions to 11/2 points. In the more speculative issues, greater losses were sustained, the market reflecting signs of renewed bear pressure. U. S. Steel soon forfeited a point with affiliated shares, but equipments retained part of their recent strength under lead of American Car and American Car and Raldwin Locomotives the latter imlower, including september 191, and December at \$152@153, were followed by advances for September and by feeble railies in the new crop months. Scattered buying made the oats market comparatively firm. After opening ated shares, but equipments retained part of their recent strength under lead of American Car and American Car and at 74½ @74%c, the market sagged a little and then rose to above yesterday's mediately making up its initial reaction. Rails were irregular, coalers holding

easy, while Pacifics lost ground.

Noon.—Shorts were partly driven to cover during the first hour on moderate accumulation of equipments, which effected rallies of 1 to 2 points in steels, motor specialties and obscure leather and tobacco issues. In general, however, the movement was uncertain and sluggish, American Sugar gaining 3 points, while American Telephone lost almost that much. The turnover of the morning was the smallest for any similar period in several months.

Embargo Against Export of Milk May Be Renewed Increase in Quantity Sent To

U. S. Tends To Drive Prices Up.

OTTAWA, Aug. 11.—Prospective high prices for milk, especially in Eastern Canada, through the large increase in the volume of exports, making a further serious addition to the workfurther serious addition to the workers' family budget, is causing much real alarm. Dr. R. J. McFall, cost of living commissioner, when questioned on the matter, stated that the department had information that United States buyers were invading the Canadian fields more freely than before, and offering prices higher than those of the home trade.

American prices per quart, wine measure, promise to be higher than Canadian prices for imperial quart, and the commissioner says that it may be necessary to recommend to the Government the restoration of the embargo formerly enforced by the Canada food board against export of milk.

POLISH ARMY WILL START NEW OFFENSIVE AGAINST BOLSHEVIKI

BASLE, Aug. 11.—(Havas).— A Polish army has left Minsk to undertake a new offensive against the Bolsheviki, according to a wireless dispatch from Warsaw. The troops are said to be well trained and to be supported strongly by artillery.

A delegation from the former Russian province of Volhynia, another dispatch from Warsaw says, has expressed to the allied ministers in the Polish capital, the desire of their country to be a part of Poland.

An Appeal To the Hospitality of Port

Stanley Cottagers.

During the week beginning Aug. 26 the sons of members of the Cleveland Yacht Club will camp at Port. Stanley. They are organized on a naval cadet basis and bring a magnificent marine band.

Their parents, numbering 100, wish to spend the week at Port Stanley, but the extraordinary expansion of the summer population has reduced available acommodathor to minimum. These intended guests are the wealthiest and most influential citizens of Cleveland. They are willing and anxious to make proper compensation. A united manifestation of a hospitable community spirit will solve this problem.

You are probably not operating a summer boarding house, but waive the fact. How many of these mothers and fathers can you accommodate for a week, as an evidence of Canadian courtesy?

Kindly report immediately the number you are able to accommo-date, and the terms to the Bridge Street Restaurant, opposite Port Stanley Village depot. London and Port Stanley Railway

EARLY SHOWING "THE DIVORCE TRAP," DOROTHY GISH IN A A GRIPPING DRAMA, **NOW AT PATRICIA**

Gladys Brockwell Starring in Big Play-Parisian Four Is Best Musical Act Seen Here in Months.

Of all the pictures which have been based upon the theme of marriage none perhaps have come closer to the truth than Gladys Brockwen's new offering, than Gladys Brockwen's new offering,
"The Divorce Trap," which was presented at the Patricia Theatre yesterday,
and will be repeated today and Wednesday. It seems like a leaf from the
back page of a newspaper that deals in
human interest stories and because it
bears this resemblance it is true to life.
Indeed the author has not shown a bit
of exaggeration but has drawn his plot of exaggeration but has drawn his plot and characterization with remarkable

A story is presented on the screen that could happen and it probably is happening every day. And if you search for it you will find it. The picture is extremely simple and the director has been careful to maintain the human note that has been so deftly interwoven in the theme.

GRAND IN HER FIRST

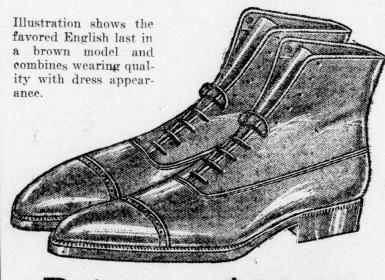

Alice Brady in "The Indestructible Wife" a Real Success.

Appearing in her first comedy, film feature, "The Indestructible Wife," at the Grand Theatre today and tomorrow, Alice Brady scores a tremendous success. The story deals with an athletic young wife, with a husband who tires after playing one set of tennis. After the honeymoon, Jimmy Ordway, the groom, exhausted with the strenuous life led by his athletic wife, Charlotte Ordway, decides that something must be done to tire her out. He enflicted with the strenufit of visitors from out of town.

can and vocatist, and his song number and piano accompaniments are quite in keeping with the work of his fair partner. Their repertoire consists of new and old-time melodies and the offering is refined and highly enter-

taining.

In addition to the feature film and vaudeville showing at the Grand the first half of the week, a comedy film, "Some Mother" and Pictorial Life are Sox 184, some Mother and Theorial Energy included on the program, with an over ture by the Grand orchestra.

WILD AND WOOLLY PLAY AT MAJESTIC

Popular Star in the Greatest Laughing Success of Her Career, "Nugget Nell," Now Showing.

Dorothy Gish, one of the greatest favorites in silent drama, is playing in "Nugget Nell," a brilliant satirical comedy at the Majestic Theatre the first part of this week. Capacity audiences were at both performances yesterday. Since her success in "Boots," Miss Gish has not been seen more to advantage than in "Nugget Nell," her latest picture. In this screen production, Miss Gish is a comedienne, cram full of vivacity, and keeps her audience in merriment from start to finish. finish.

ing place in the mining country. She has a hot temper and carries a trusty revolver. Annoyed one day by the been careful to maintain the human note that has been so deftly interwoven in the theme.

Here is a working girl who marries the dissolute, son of a millionaire, although she is unaware of his character. Her happiness is brief because her husband attempts to frame her in order to obtain a divorce. Which is a difficult problem in New York State when there is no tangible evidence. She is enticed to a hotel under the belief that her husband is ill and needs her. And there she realizes she has been victimized.

The remainder of this gripping story is developed around her vindication. The plucky girl fights for her good name and succeeds in arresting the framers for conspiracy. There are no falsities visualized here. The hotel episode and the methods she employs to maintain her honor are genuine and true to life.

The picture develops a full quota of tense and absorbing situations, and through them Gladys Brockwell sends forth an emotional appeal. Others who are conspicuous for their good work are Francis McDonald, William Scott, William Sheer, and John Steppling.

An L. Ko comedy completes the screen program. It is one long laugh.

In vaudeville the Parisian Four present one of the classiest musical acts seen in London in many months. This clever quartet provides an act replete with new and novel features, and one that won them repeated access. The lever quartet provides an act replete with new and novel features, and one hat won them repeated encores. The ntire bill is excellent in every detail.

lotte Ordway, decides that something must be done to tire her out. He enlists the assistance of a college friend, who is a professional athlete, to do the trick, but matters pan out differently than expected, the college friend meeting a girl after his own heart.

Jimmy, leit alone, consoles himself by making love to Julia Cleve, and it is suggested to Charlotte that she leave her husband to marry his athletic college chum. Loath to do this Charlotte upbraids Jimmy, who adopts rather strenuous methods to tame her, Charlotte secretly enjoys the situation, and the result is refreshing. In her

novelty musical and singing number, "The Dream," they immediately win the hearts of their listeners. Madame Pozor is a dramatic coloratura soprano with a long string of successes as a grand opera prima donna, and her work last night forced her to respond to several encores.

Her partner, Ernest Light, has won his spurs in musical circles as a musical strings of the main building.

The rest tent idea, it is believed, will be of much greater practical service.

IRISH BENEVOLENT SOCIETY COMPLETES PICNIC PROGRAM

At a meeting of the Irish Benevolent Society last evening in the Tecumseh Hotel the final arrangements were completed for the picnic to be held at Port Stanley on Thursday, and the members expect this year's outing will be more attractive and larger than any held in previous years. The outstanding feature will be the concert and carnival to be held on the board walk and beach in the evening, in which several prominent local musicians will take part. This event has received the special attention of the organizing committee, and it will be especially entertaining.
