It the present time there is really no great industries located at Sarnia which would make it worth while for the C. P. R. to build a branch to the border town, Mr. Williams pointed out. With the establishment of a large steel works there, however, he believes that in a few years it may be advisable to erect a road. The C. P. R. has a connection with Sarnia, via the Pere Marquette, over which the Canadian road is able to take care of its business in the tunnel city.

If a branch was erected to Sarnia it would in all probability branch from the main line near Komoka, located about twelve miles west of London. It is at this juncture that the Grand Trunk branches off to that city.

Local officials of both G. T. R. and C. P. R. believe that a railway line should be erected between Windsor and Sarnia. At the present time it is necessary for anyone, desirous of travel-

At the annual meeting of the Wort-ley Road Baptist Church Mission Circle held yesterday the members regretted very much to accept the resignation of Miss Anna Cameron, who for the past 22 years has been secretary of the circle. Miss Cameron remembers when the circle was constituted to the circle. Miss Cameron remembers when the circle was not quite so flourishing, but of late years she says the circle has been stimulated in pushing forward missionary work.

The last year of the Mission Circle has gone on record as being the most successful in the history of the circle The officers elected for the ensuing year are: President, Mrs. (Rev.) N. S. McKechnie: 1st vice-president, Miss Gould; 2nd vice-president, Mrs. J. A. Reed; secretary, Mrs. Watson, and treasurers, Mrs. Shosenburg and Mrs. Black.

Accuses President of Council With Slandering the French Religious Orders-Refers To "Commercialized Christians" Claiming Exemption From Income Tax While Parading "Sacrifice and Service"—Rowell Attempts to Explain—Lapointe Says Government Afraid of Election

OTTAWA, March 9.-Hon. Charles Murphy, continuing the debate on the address in the House of Commons today, opened with an attack on the Hon. N. W. Rowell. In September last, Mr. Murphy said, Mr. Rowell had made a speech which the press had been pleased to term a reply to one which Mr. Murphy had made eighteen months previously. Mr. Murphy declared that he was out of the country when Mr. Rowell made this speech, and, on his return, he endeavored to bring the matter up on a question of privilege. Under the rules of the House, however, he could not proceed, and then announced that he would do so at the next session of Parliament. "That," Mr. Murphy declared, amid Opposition laughter, "is what I propose to do in extenso this

In the course of the election campaign of 1917, he said, Mr. Rowell, speaking at North Bay, had attacked the conduct of the French religious in the war. Mr. Rowell, continued Mr. Murphy, had been challenged to prove his words, and had replied that he was making investigations. The election being over," Mr. Murphy proceeded, "he was going

Referring then to his own speech of March, 1918, Mr. Murphy declared: "I proved by facts and figures submitted to the House that the honorable gentlemen's statements about the French religious was a foul slander. Incidentally I applied to the honorable gentleman's political record the test of sacrifice that he had applied to the people of the province of Quebec; and the evidence that I submitted on that ocception was supported by the province of Quebec; and the evidence that I submitted on that ocception was supported by the province of Quebec; and the evidence that I submitted on that ocception was supported by the province of Quebec; and the evidence that I submitted on that ocception was supported by the province of Quebec; and the evidence that I submitted on that ocception was supported by the province of Quebec; and the evidence that I submitted on that ocception was separate and designed to promote the "uplift footnoted by the province of the provi tlemen's statements about the French religious was a foul slander. indicournment, but allowed it to lapse after I had spoken.

"I am recalling these facts because of some whining about being absent and sick, so as to gain the sympathy of certain innocent people of both sexes," said the speaker. He charged Hon. Mr.\ Rowell with evading the matter for several days after his return to the House. "He did not tell the House he desired to withdraw the statement and apologize to those living and make reparation for those who had died gloriously on the battlefields of France. Not he. That is not the way commercialized Christianity does things."

After likening the smile on his honorable friend's face on another occasion to the shining silver plate on a coffin, and declaring that members of the cabinet council had not told him the same excuse as Hon. Mr. Rowell gave for continued silence, the speaker referred to a meeting at Bowmanville in December, 1918.

"Not only did he not withdraw the statement, but he meanly aggravated it by untruthfully alleging that the French law compelled these people to return to the defence of their motherland.

Between "commercialized Christians" a little thing like political party made no difference, but even if Sir Joseph was not a contributor to the fund mentioned, he was to one of the other funds which the president of the privy council "dipped into." He was informed, said Mr. Murphy, that Mr. Rowell received money from a prohibition fund, and also from a campaign fund raised for money from a prohibition fund, and also from a campaign fund raised for him by one "F. # The Phonograph as an Educator

S a work of art, the McLagan Phonograph in true Period Designs, is not only something that you and your friends can enthuse about, something to gratify properly your own educated and developed taste for the beautiful in both art and music it is infinitely more. This high-class phonograph is the finest educator ever devised for younger folks. If you have a

you know that its perfect rendition and superior tone quality will provide in your own home that development of taste for the musical classics which otherwise would take years of attendance at opera and concert to fully acquire.

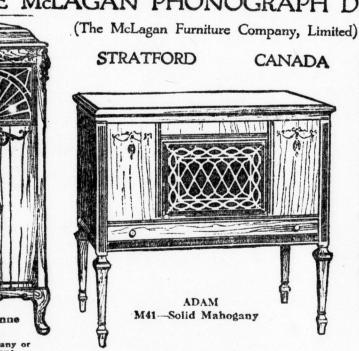

The McLagan will play any disc record made. In the McLagan you are certain of the very sweetest of mellow, full tone, due to its delicatelyshaped sound chamber, McLagan-Fletcher reproducer and nicety of co-ordination in sound reproducing parts.

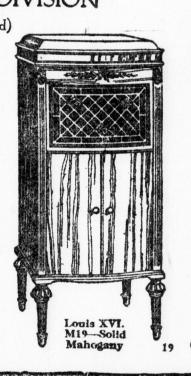

You can with the McLagan's sensitive tone regulator, conduct a great orchestra yourself, changing the tone volume from the emphasis of the climax to the gentle pianissimo of a spring song. What could be more educative?

Made in True Period Designs. McLagan cabinets are true interpretations of those eternal principles of design that are as acceptable today as they were hundreds of years ago. Fashioned with rare delicacy and precision of craftsmanship in rich woods, every joint is perfect, every surface even as a mirror, beautifully finished in the most modern tints, McLagan cabinets are true examples of correct art.

To see and hear the McLagan at your dealer's will be a profitable experience. Accept this as his cordial invitation to come.

The member for Russell charged Mr. Rowell with having broken his oath of secrecy regarding the proceedings in privy council when he informed the House last session that Hon. Mr. Crerar had taken on the floor of the House a different attitude on the revision of the tariff from that he had taken in council.

He knew that Mr. Crerar could not answer this charge without committing the same offence and breaking his oath

of secrecy.

Mr. Murphy rebuked Mr. Rowell for his truculent attiude toward the United States on the subject of the peace treaty, and charged him with misleading the public on the eighthour-day question.

Mr. Murphy said that the member for London, Mr. Hume Cronyn, and Dr. Whidden were two years late in their appeals for unity; every vestige of unity had been destroyed by the so-called Union Government, the latter of which, in his speech on the military service act, had practically incited the returned soldiers to violence.

Chief Prop of Union.

Mr. Murphy declared that the chief prop of the Union Government was the Orange order, and he proposed to read to the House some parts of a strictly confidential Orange circular which ne characterized as a "Canadian hymn of hate." This circular, which was from the joint legislative committee of the the joint legislative committee of the Orange order, referred to the work which had been done to secure the passage of the military service act and the war-times elections act. In regard to the latter, it was stated "we must see that the referred we have contained to the latter." see that the safeguards we have gained here are not thrown away later." In regard to the lands policy in On-tario, the circular, according to Mr. Murphy, pointed out that several ministers of the former Ontario Government were members of the Orange

One phrase in regard to this was to the effect that "we hope soon to have the disloyal French-Canadians on these lands, in their proper places."

A further phrase from the circular dealt with the wiping out of the French-language signs, and said that English should be the only language in Ontario French-Canadians coming to Ontario to work were to be returned to their native province.

OTTAWA, March 9 .- "The honorole leader of the Opposition," declared Ernest Lapointe of East Quebec during the closing hours of the debate on the address tonight, "has made out a case which stands unanswered at the end of this discussion; and the amendment which he has proposed embodies the wishes and the unanimous opinion of the people of Canada at the present time." The amendment in question calls for the holding of a general election just as soon as a franchise act has ust as soon as a franchise act has been prepared and interim supply has been voted. #### ROWELL ATTEMPTS TO DEFEND ACTIONS: POINTS TO SOLDIERS

OTTAWA, March 9. — When the House reassembled tonight Hon. N. W Rowell rose to speak and was greeted with prolonged applause from the Government side of the House. He gave some details of his connection as a lawyer, with the Lake Superior Corporation, and refuted the charge that his legal firm had made a fortune through association with the Ross Government in Ontario. It was true that he could earn \$25,000 a year in the the could earn \$25,000 a year in the practice of his prefession, and because he had given up such a lucrative practice and served the country at a salary of \$7,000 a year, he was accused of associating with the Union Government for personal profit.

Deserted Liberal Party. Government to hang on to Liberal party, continued Mr. Rowell, on Step in Restoration.

"The first step in restoration," declared Mr. Lapointe, "is the restoration of responsible government, and of the restoration of responsible government, and of the representative parliament. The Government is afraid to meet the Canadian people at the present time. The Government is afraid to meet the Canadian people. The habits of the ostrich are instinctive in many human beings but they are never characterized by success."

The member for East Quebec instanced the complete insolvency of the Government by reference to recent by-elections. Challenge Any Man.

Mr. Rowell said he would challenge any man to point to one statement of his which reflected either on the French-canadians or Roman Catholics. Turning for a moment to the federal health department the minister pointed out that a Frenchman who was also a Roman Catholic had been appointed deputy minister. Dr. Amyot was chosen for the position, because he was the very best man available, regardless of his race or creed.

Mr. Rowell did not believe that the member for Russell had been given

member for Russell had been given any authority to defend the Roman Catholic Church. However, there were not enough ecclesiastics in all the churches of Canada combined to make him depart from what he believed to be his duty to his country.

Union Government had been more than justified by its war record. It had been formed for the war and for the reconstruction period. As a result of the unity of the people at home in sup-port of the Government and the mili-tary service act it had been possible to add 100 men to every Canadian bat-talion in the field, so that when the day of the final drive came Canada was able to claim the glory of her men being first to crack the German line.

"Union Government needs no other justification or vindication," declared Mr. Rowell, "than the support of Canada's soldiers in the field."

"When Union Government was formed it was formed for one specific purpose. The issue before the country was the war, and I voted for it. There was only the one issue. Now we have a new condition of affairs. We have reconstruction, and we are embarking on other questions of a new and vast character. We are embarking on new national policies of one kind or another, and I believe that in a democratic country like this the people should have an opportunity to give expression to their views on these important policies and questions. There should be public debate from one end of the country to the other. After all, we are the servants of the public, and it is our business to reflect in legislation what the majority of the people of this country require. In the present issue this Parliamen is not qualified to do that. The issue upon which this Parliament was created has gone beyond the horizon, and we are faced, as I say, with new and vast problems. The Canadian people should have the earliest opportunity to express their opinions."

Mr. Crerar is right. The men who were sent to Parliament over the conscription issue were selected because of their approval or nonapproval of that policy. They were elected on magnifies it. #### WHITE, THE BOURBON.

Sir Thomas White represents the element in Canada which, Bourbon - like, has learned nothing and forgotten nothing since 1878. In the House of Commons the former minister of finance, speaking on behalf of the interests which he so plainly represents, calls for the old national policy just as if nothing had happened in the meantime that could possibly affect the situation today. He predicts, probably with his tongue in his cheek, that on that

Protection has been a fine thing for Sir Thomas White and his friends and it is quite to be expected that they should clamor for a continuance of the conditions that made them rich. But there are those who will differ with them as to the extent to which protection that was accorded in the past should be con tinued in the present. Industries that were only finding their way twenty or thirty years ago are today, in many cases, great and powerful. Having reached man's estate, when they might be expected to stand more and more on their own feet, we find them instead asking more and more protection. The most the turning of a key in a lock; an exchange of knowing looks; a nod of assent-when the audience knows it means a momentous event. That is drama. Violent physical activity on the stage is melodrama. Melodrama speaks to the eye. Drame speaks to the mind.

#### THE FIRST IRONCLAD. [Manchester Guardian.]

The Koreans, who seem to have scored a big success against Japan by the capture of Enchin, were the original inventors of the ironclad warship. This was in 1592, when a Japansese army landed on the shores of Southern Korea and swept north-ward through the peninsula. The invaders carried firearms, which had never been seen before in Korea. They penetrated as far as Pyeng-yang, and there awaited further reinforcements before advancing to the conquest of China. The head of former. Hearst has a bitter hatred of Great Britain, which is reflected continually in all his newspapers. Even when his country was at war with Germany by the side of Britain, he never ceased to placard his contention that Britain and not Germany was the real enemy. Since the end of the war his campaign has increased in malice and hatred and enom. In hardly an issue of his New York and Chicago and Boston papers has Britain escaped attack in news columns, editorials and cartoons. Listen to this:

"British newspapers are showing their teeth to America. "We are glad of it."

"It was propaganda that entangled us in England's war. "It was propaganda that sought to make us a virtual British colony, through a socalled League of Nations dominated by

GO A-CRUISING. Part Eight.

Months passed and Betty and her family still lived in Mr. Bear's cave on the island. Betty's life had been an dle one almost from the first, for the rats soon learned of her presence, and went as far as they could go from the cave. Indeed, it was well for them that they did, for the ones that had got into the cave had soon been destroyed by the faithful old dog.

What a change the months made in Eetty's family. Her little pupples were not little long, most of them were nearly as big as their mother when the cold weather set in. And with their growth the pupples got wisdom.

Mr. Fox never dared come near them again, for their teeth grew sharp, and they had learned to run fast. Mr. Fox moved with his family to the farthest corner of the island, for he feared an attack from the dogs and Mr. Bear. But Mr. Bear and Betty's pups were too busy hunting food to bother about

"But mother, it is a long way to swim, and water grows colder each day," Fatty spoke up. Fatty was now the thinnest and longest-bodied puppy of them all. It is strange how puplote the direction Betty believed led to home. Sad and lonely, Mr. Bear went late Police Magistrate Francis Love and Mrs. Love of London, Ont., to the thinnest and longest-bodied puppy of them all. It is strange how puppies change, isn't it?

### **BIG RALLY OF YOUNG** PEOPLE TO BE HELD AT END OF MONTH

Distinguished Speakers From **Outside City Will Address** Meetings.

The close of this month will see one of the biggest rallies of young people ever held in the-city. The rally will include girls and boys from the various Protestant churches in the city, gathered together to discuss questions dealing with their work in Sunday school and missionary effort. It will last for two days, the first day, Thursday, March 25, being set aside for a missionary institute, and the second, Friday, March 26, being a straight Sunday school convention. As yet the place of meeting has not been decided.

Prominent men and women from outside the city will be speakers on the occasion, such men as Rev. Mr. Halpenny, general secretary of the Ontario Religious Education Council; Dr. Robertson of the Presbyterian Church, and Mr. Priest of Toronto, being among the speakers. Miss Olive Zeigler, girls work secretary for the Methodist Church of Canada, and Miss Trotter, ever held in the city. effect, the immoral effect, such suggestions must have on children everywhere.

Assume that a high-grade man marries a butterfly girl, a moron, under the spell of sensual infatuation. Right there heredity enters the problem. The man has ambitions to succeed in the world; he hopes to make his mark in his vocation, whatever it may be. In a few years his butterfly wife becomes a handicap rather than a helpmeet; she hasn't brains, she is insipid, shallow, a drag on his career.

If children come, they are likely to inherit the mother's defect. The children turn out badly. Something lacking. They shirk duty. They are disobedient. They betray various little moral deficiencies. If they manage to worry along in school somehow until adolescence or early adult age, they are likely to commit some erratic offence, bringing shame to their parents and scandal to the community.

The moron woman is the type of woman featured offensively on the stage, in the movies, in the salacious fiction of the day. Her undeveloped mentality—psychological tests usually show she has the mind of a child of ten or twelve years—is mistaken by her admirer for maidenly innocence, but he soon discovers his mistake.

The young man of judgment does well to shun the attractive, frivolous, butterfly, brainless type of girl who appeals only to his sensual side. She will to shun the attractive, frivolous, butterfly brainless type of girl who appeals only to his sensual side. She will to shun the attractive, frivolous, butterfly brainless type of girl who appeals only to his sensual side. She will become a millstone about his neck if he makes the mistake of marrying her. Her bloom fades in a few short years. Her mind never improves itself, Her children are not likely to be quite normal. She should not multiply. Her bind had better he permitted to

I have taken one compressed yeastcake after each meal, in milk usually, for about twelve weeks, and I rather like it. R. J. W. Answer—Some individuals gain considerable weight while taking yeast.

Juniors Should Swim.

I am a junior high school girl eleven years old. Would you advise me to take swimming lessons this time of year? I honestly think such lessons will help as much in your education as physical geography or Caesar's most atrocious

McClarys and Standard Drugs meet in the finals of the Manufacturers' League tomorrow night, both having turned in wins in their semi-final fixtures last night before a big crowd of fans at Westminster rink. The evening was an all-round surprise, for the ling was an all-round surprise, for the Postoffice gave the league leaders a much harder game than was expected they would in the first game, and Standard Drugs mixed the dope upright and naturally when they eliminated the Hello outfit from chance of entering the finals, by a score of 4 to 2. Clarence Armstrong handled the first period of the first game, and then side games. The heavy going was to the games.

The letter labellers started out early to give the stovemen a hard, strenuous evening of it. Before they got the game. After that, it was tight hockey with both sides pressing hard in turn. Postoffice were lacking a man, and Hank Downs did the necessary pose on the defence. Morrison the mainstays of the losers, and made the McClary men look pretty much alike in the scramble. #### FIFTEEN-ROUND BOUTS ARE NOW LEGALIZED

IN STATE OF NEW YORK Albany, N.Y., March 10.—The Walker bill, legalizing boxing in New York State, was reported favorably yesterday by the Senate judiciary committee by a vote of 9 to 3.

As finallly amended, the bill provides for fifteen-round bouts, under a state commission of three, a \$5,000 a year, with a licensing committee of three, who will serve without pay.

Boxing by youths under 18 years of age is not permitted, and specific clauses of the bill prohibit the selling of more tickets for a bout than there are seats. are seats.

An amendment put in the bill jujst before it was reported gives each incoming governor the power to change at pleasure the personnel of the boxing

SELKIRKS WIN GAME.
Vancouver, B. C., March 10.—The Seikirks, of the Manitoba Amateur Hockey Association, last night defeated an all-star aggregation of local players by 5 to 2. It was a warmly-contested game, played under Pacific Coast riles. It was the first inter-provincial anateur hockey match to be played on the

To Finish Last Year Series

At Central "Y" MONTREAL, March 9.-If either Vancouver or Victoria should win out Western U. O. B' A, team go down to Toronto Saturday night to take on the Central Y. in the first of home and home games and incidentally, the first of the play-offs in which the local collegians have participated. The locals are keeping right in shape and have every confidence in their ability to take the measure of the Central Y. The Toronto five had an easy time of it in their group, and won all their games, and consequently have not been extended. Coach Brock's quintette will change that somewhat at any rate, and the invasion of the Londoners is being looked upon with some little trepidation by the Queen City institution.

The return game will be play in the Western U. gym. here a week from today.

ON THE ALLEYS

Wancouver or Victoria should win out in the Pacific Coast Hockey Association race, the Canadiens may go west to play Seattle and finish out the series which the flu prevented the completion of last year, when the Flying Frenchmen went west to defend the Stanley cup. At the time that the majority of the Canadien shad been played and each team had been a draw. The original series only called for five games, but as no winner was declared it required another game, but it is not likely that the Habitants would make the trip for the one game, even though the honor might be worth it.

Manager George Kennedy of the Canadiens stated this morning that Manager Pete Muldoon of the Seattle the issue.

Seattle are leading in the coast race by half a game over Vancouver, whom they displaced from the league leadership last night while Victoria is only half a game behind the millionaires.

### U. S. GIRLS' TEAM RECEIVES CHALLENGE FROM ENGLAND

Philadelphia, Pa., March 9 .- Philadelphia, the home of girls' field hockey in the United States, has received challenge from England for a series of matches to be played abroad this year. The plan is to have an all-English team oppose an all-Philadelphia selection. Miss Lilly Cheston of Chestnut Hill, one of the best and most enthusiastic players in the Quaker City ranks, says that the Philadelphia team could be picked from more than 100 players. She most likely will captain the team on its trip

### Chances of World's Series In Pro-Hockey More Remote

VANCOUVER, B.C. March 9. -Chances of a triple tie for the Pacific Coast hockey championship in which event an extra series will be necessary, and the statement that should Vancouver win the championship, "Cycione" Taylor and Gordon Roberts would be unable for business reasons to accompany the club east for Stanley Cup games, makes the chances of the coast winners going to Ottawa more remote than ever, officials announced today.

A special meeting of the Pacific Coast Hockey Association has been called for tomorrow in Seattle to discuss the situation and take definite action concerning post-season plans. ship in which event an extra

# New Standards of Value

Gray-Dort has brought peace-time standards of value to the motor car business. Greater value than the light car has heretofore offered. \$1365 brings you a car comparable with those costing several hundred

#### LOOK FOR THESE THINGS IN THE CAR YOU BUY

The Gray-Dort motor is big enough for its job—not stunted—3½" bore and 5" stroke—with big water jackets and a big, honeycomb radiator. The crankshaft is husky-many pounds heavier than other builders of light cars think necessary. The pistons are extra-light and three-ringed. Special design prevents valve-warping. High-carbon steel gives toughness to moving

The carburetor is a Carter-improved this year. Westinghouse starting and lighting. Connecticut ignition (newly improved). The whole chassis parallels the motor in

quality. Heavy frame of channel steel. Husky rear axle, Chatham-built. Long springs, cantilever in the rear, and built here under our inspection. The big brakes now have Thermoid lining. A new steering gear, 50% larger and stronger than the light car standard.

The Gray-Dort is as pleasing to the artist and to the driver as it is to the mechanic.

The smooth lines of the body are restful after so much of the extreme in present-day cars. The Gray-Dort finish, development of 60 years' coach-building, will win your instant, and lasting approval. Add the smartness of French-pleated upholstery, and a new top, tailored in our own shops.

The big gasoline tank is now in the rear for good-looks and convenience. As in big cars, the emergency brake is on a lever, the side-curtains open with the doors. A shorter, smarter cowl gives more room in the driving compartment. The new hood, with its many long, narrow louvres has a touch of European smartness.

#### AND YET THE PRICE IS \$1365. (PLUS WAR TAX)

You know that such a car as the Gray-Dort will be in heavy demand at \$1365. We have doubled our production this year. But there is likely to be a shortage. See the Gray-Dort dealer now.

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black and with standard equipment is \$1365 f.o.b. Chatham. War tax extra.

#### The roomy 2-passenger roadster is the same price. THE GRAY-DORT SPECIAL

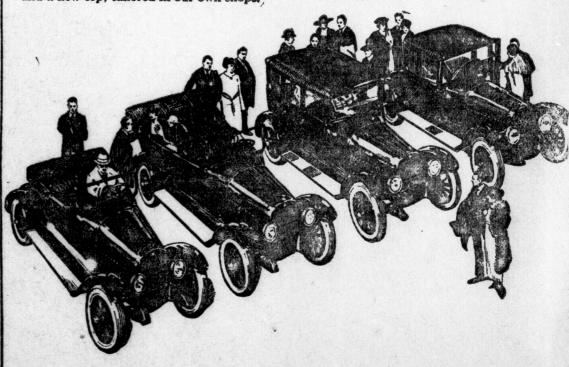

For the man who wishes something a little extra his car, we have built the Gray-Dort Special. Maroon body, with brown rayntite top. Plate glass rear window. Gipsy curtains. Rookie tan wheels. Motometer. Tilting steering wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. \$150 extra on the standard.

#### AND THE ACE!

The Gray-Dort Ace—the most beautiful light car of to-day. Sapper green body with handsome California top to match Trouble Lamp and bull's-eye flashlight. Electric

cigar lighter. Rear-vision mirror. Plate glass windows. Oversize, grooved-tread tires. This is the de luzs car for the man who does not wish to pile up a tremendous operating cost. \$255 extra on the standard.

MINNEAPOLIS, March 3.—Canadian coins are being taken from circulation and shipped back to Canada from Minneapolis at the rate of \$1,500 per day, following a decision of the banks here to charge 20 per cent discount on all Canadian silver, owing to the adverse exchange rates.

Large numbers of brand new Canadian half dollars were found among Dominion coins, indicating considerable trafficking to Canadian coins across the border, in which operators have been making a profit of 20 per cent.

Bankers expect that Canadian coins will be completely forced from circulation here in view of the discount sit-HONOLULU, March 9.—The Japan ese foreign office intimates an early resumption of commercial relations with the Soviet Government of Russia,

A Suggestion for Saving

CASH in the pocket encourages carcless spending.

You will find it a much easier task to save if you keep your "Spending" money in a Savings Account with The Bank of Toronto. There it is safe and can be drawn upon when really needed.

A reluctance to draw from that account will grow upon you, and protect you from many needless expen-

Once the saving habit is acquired, the account, with its earnings of interest, will steadily grow to a substantial amount.

Many young men and women are working out this scheme with us to advantage.

It is a plan worthy of a trial.

The three of us partook of tea. Alice and her husband seemed so happy in each other's company that I felt like an intruder.

After the fireside meal was over, I rose hastily to my feet.

"I'll wander round to the garage, and see if the car is ready."

"Do, dear," said Alice, "and you'll find my motor-coat out in the hall.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of het water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing pecome easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.—

Lieut.-Col. W. J. Coles expressed the opinion that the demand for additional gratuity was justified; that the country could afford to grant it by means of a special loan, and that the people generally were willing that it should be given when the returned men themselves had decided just what they wanted. He believed the Provincial Government was a unit in its view that the original gratuity should be increased, and was prepared to make an additional grant.

creased, and was prepared to make an additional grant.

Montreal Convention.

The question will be fully discussed, and a line of action planned at a convention of representatives of all returned soldiers associations to be held in Montreal in the near future.

Col. Coles, referring to the matter of pensions, said many pensioners were being treated unfairly. He instanced the case of a man who had lost a foot and who was receiving only \$20 a month as pension. Other cases of a similar nature were quoted by other members of the command, and the statement was made that the linperial soldier who had lost an arm drew a larger pension than lost an arm drew a larger pension than made that the Imperial soldier who had lost an arm drew a larger pension than the Canadian similarly incapacitated.

A resolution was carried, and will be forwarded to the minister of justice and the premier, demanding that the Hearst publications be refused admittance to Canada on the ground that they have consistently shown an anti-British spirit.

Oil, Minerals, Coal, Water power and Fish in Abundance, Says Speaker.

C. Goffatt, a member of the board of trade of the town of Peace River, in the course of a lecture delivered to a large audience in Hyman Hall on Tuesday evening. Facts, almost unbelievable, yet vouched for by him. A, last night appointed a committee to interview members of the other veterans' organizations with a view to arranging a round-table conference on the subject of gratuities. This was done at the instigation of Organizer Marsh of the Grand Army of Canada. Chester Butler was named chairman of the committee, and the personhel elected was as follows: R. H. Young, J. Wilson, E. A. Pocock and B. Devlin.

The committee was sent to a meeting of the Army and Navy Veterans which was in progress at the same time to ascertain the wishes of the G. A. C., but nothing definite could be learned last inght.

The discussion on the gratuity question brought out a number of views, the most popular, apparently, being for a grant of \$2,000 to all men who saw service at the front, \$1,500 for those who went no farther than England, and and \$1,000 for those whose service was contined to Canada.
