NO. 16

AULDER GEROW IS APPOINTED PRESIDENT OF DOMINION Y. P. C. FEDERATION

Dr. R. C. Colwell is Fifth Speaker in Anniversary Lecture Series

On Monday afternoon, the fifth speaker partaking in the 150th anniversary celebrations at U. N. B., Dr. R. C. Colwell, addressed the student body in the Memorial Hall.

Dr. Colwell, a distinguished U. N. B. graduate, is at present head of the physics department at West Virginia University. During the first world war he was director of the Radio Laboratory for the Armed Forces in West Virginia and in the recent war he served there as director of the Physics Laboratory.

The subject of Dr. Colwell's address was "Radar and its Applications" and he began by describing the development of radar from the first wireless signal sent across the Atlantic by Marconi in 1900 to the present day achievements. He spoke of the Kennally-Heaviside layer which explained the curvature of wireless waves around the earth's surface and then went on to show the development made by Breit and Gews in 1926, who by means of measuring the difference in the path between the sky and ground pulses of a radio wave were enabled to calculate the height of the reflecting layer. Robertson-Watt continued this process and his experiments in reflecting short radio pulses from aeroplanes led to the use of radio direction finding (radar) during the last war.

In giving the general principles of radar Dr. Colwell drew an analogy to a short sound or shout being reflected from a cliff as an echo. By knowing the speed of sound it is possible to calculate the distance of the cliff. In radar the sound is replaced by a series of short radio pulses and the listener is a radio receiving set attached to an oscilloscope.

Although by 1939 the requirements necessary to use radar in warfare had been met, great developments and improvements were made during the war. Dr. M. L. E. Oliphant's invention of the magnetron being perhaps the greatest. In speaking of this invention Dr. Colwell said that "the magnetron although not as spectacular as the atomic bomb was most directly connected with our final victory."

Dr. Colwell then went on to show the great value of radar to allies during the war. He said that it was invaluable during The Battle of Britain and that "it was no exaggeration to say that the invention saved England from invasion."

Radar, too, helped to crush the submarine menace to allied shipping and enabled the hunt of the German 'Bismarck' to be brought to a successful conclusion.

Radar, however, did not lose its value with the cessation of hostilities for its uses in peace were numerous. Not only has it added to the supply of sea and air travel in foggy weather but it has also helped fishermen in locating shoals of fish. Although its application to meteorology was limited Dr. Colwell indicated that further development was being made and that the information obtained would be useful both scientifically and commercially.

NOTICE

If you have not turned in your year book write-up you should do so at once. They should be submitted to Editor Dick Armstrong to avoid delay of this year's book.

S.R.C. Met Monday; Constitution Amended

The S.R.C. last night passed a special badminton budget of \$31.50 which will enable the badminton team to further participate in the Maritime Intercollegiate Tournament at Mount Allison. The Council also passed Ron Stevenson's three Constitutional amendments. As a result, the elections for A.A.A. executive, S.R.C. executive and class executives and the N.F.C.U.S. chairman will be held on March 29th. A Board of Public Relations was established on a trial basis for the rest of the year. Ralph Hay as director will supervise the publicity for all sports activities providing more and complete coverage by the press and radio. Jim Henderson was granted the photo concession at the Con, March 10th.

Council Member, Campus Figure now Heads Young Tories in Canada

Aulder Gerow, Student's Representative Council member and well known campus personality was recently elected President of the Federation of Young Progressive Conservatives in Canada. Mr. Gerow has been active with youth political clubs in the Province and Dominion for some years. His new position constitutes a further advance in status for Mr. Gerow and reflects favourably on the student body as a whole.

PRESIDENT

AULDER GEROW

Four delegates from the University of New Brunswick attended the annual meeting of the Progressive Conservative Student Federation on February 18, 19. For the first time the Federation met in London, Ontario.

The delegates from U.N.B. were, Virginia S. Bliss, Aulder L. Gerow, retiring Federation Secretary-Treasurer, Alfred J. Brooks, U.N.B. Y.P.C. President, and Stephen N. Branch.

The Convention got under way on Saturday morning, Feb. 18. The delegates were entertained for dinner by Hon. George A. Drew, National P. C. Leader. That afternoon Mr. Drew addressed the group at the Hotel London.

Mr. Drew emphasized that Ottawa was failing to take effective steps against the Communists. He urged that groups be organized in the Universities to discuss domestic and world problems.

"May I suggest that in the universities you set up groups to examine questions and make recommendations."

Mr. Drew said that one of the ways to best hold Communism in check was for Canadians to become well acquainted with their country. Training people to express opinions on problems of the day can best be done at the universities, Mr. Drew said. Constitutional development of the country is one of the most vital questions today, he told the delegates. "We're in a battle of slogans today," he said. He referred to the highest organized treachery of all time, the Communist manifesto. "If we are to meet these slogans and break them down we must have equally understandable presentations of our case."

Mr. Ian Campbell, (Carleton College, Ottawa,) retiring President of the Federation, thanked Col. Drew. Ian said that under Mr. Drew's leadership of the Progressive Conservative Party, youth had been given greater opportunity for activity. Some 80 delegates from 14 Canadian Universities heard Mr. Drew's address. The Convention adjourned until the evening session. At the evening gathering the Resolutions Committee approved a number of resolutions dealing with vital Canadian problems. It was urged by the U.N.B. delegation that the Industrial Development Bank make available a larger proportion of loans to Maritime industry. The Resolution received unanimous support.

Bill Bartlett, the President of the U.W.O. Y.P.C. Club, was host at the Convention, the fourth session to date, of the Federation.

The University of New Brunswick received a great honour in the election of Aulder Gerow, as National Federation President for 1950-51. Aulder expressed to the delegates his appreciation and a vote of thanks was extended to Ian Campbell.

(Continued on page 8)

STANDARD TIME?

For the benefit of those who tell time from the residence clock, the above photo is presented, so that they may clip it and carry in on a job for use at times when they are unable to see the face of the actual chronometer. It has been pointed out that the photo is correct as often as the clock is (twice a day) and is therefore valuable in itself as a time-piece. Other suggested uses are as a possible reminder of a date to be kept at eleven-thirty some time (with regard to this use, readers are reminded that photos of the other face are available in case your date is at ten minutes to four) or as an intrinsically valuable addition to a family album to remind one of the wonderful days on the campus when time stood still. With interest in flag-pole sitting as a competitive campus sport beginning to rise, it has been pointed out that it may be possible to secure the services of some of the participants as winders of the clock, should they elect to perch atop the pole in front of the residence. Meanwhile, dinnertime will remain as far away as ever.

Dramatic Society To Present "Golden Boy"

The drama, "Golden Boy" will be presented by the Dramatic Society on March 20th, 21st, and 22nd. The production is in the hands of Professor Ralph Hicklin of the English Department.

Leading roles will be played by Bob Lata of Saint John, who has had considerable experience in Shakespearian productions at the Saint John Vocational School and Jean Pearson also of Saint John. George Andrews will also play a major role.

There will be a supporting cast of about five players. Officials report good progress in rehearsals thus far and it is hoped that the play will meet with the same success as Dramatic Society productions in other years.

S. R. C. Considered Plebiscite Budgets I. U. S. at Meeting Held Last Wednesday Night

Supplementary budgets, the plebiscite on foot-ball, and the N.F.C.U.S. question were discussed and dispensed with at last Wednesday night's session of the Student's Representative Council. Each item received more than ample attention as sharply divided opinion resulted in endless debate and close votes. The meeting was generally dull, and poorly attended.

Basketball manager Reginald Ballance ran into some stiff reprobates as he submitted a slim \$123 budget for a home-and-home series with the Halifax Shearwater team. His statement that the opposition

to be provided by the crack navy team was needed by the home team to break their three week lay-off was considered by the council members but Stan Jobb recalled the rider placed on the motion suspending the athletic awards and banquet. These had been awarded priority in the matter of dispensing with surplus funds which the council might accumulate.

Biddiscombe twice moved, twice withdrew his motion that the amount be granted as the debate saw-sawed and finally the money was voted. Not, however, before the question of awards had been discussed at length and then tabled until next week. Also tabled was a supplementary Badminton budget which would provide for the team staying an extra night at the MIAU meet at Mt. A.

Bernie Biddiscombe had little trouble in taking the treasury for \$45 for repairs carried on by the A.A.A.

The question as to whether seniors should be allowed to vote in the coming plebiscite was aired to great lengths after being introduced by Jim McAdam. Biddiscombe upheld McAdam in his protest (Continued on page eight)

We're Here Because . .

With the advent of a new executive, there should be put forth to the readers, since such has apparently never been done before, a statement in answer to those who question the need for a student publication on our campus. Of much graver importance to the present editor than the objections to policy, form or content appears the objection of those who question the usefulness of OUR Brunswickan, and speculate as to the ends to which the funds wasted on its publication could be put.

Unnecessary as it may seem, the paper does perform a three-fold function: it is at once an agency for the training and practice of future journalists, a mirror which reflects the campus for those outside it, and lastly, an organ of communication. Were simply the first function considered, then the Brunswickan would be deserving of existence in our eyes. But on including the two latter ones, it then becomes something indispensable to the individual student, who likes to consider himself as something totally apart from it. For it is through the Brunswickan that the outer world, both workaday and student, views our campus and estimates the worth of our graduates. And of no less importance is the service extended through it to the student body, that of informing them of what goes on about them, and hence translating the large impersonal mass of students which first confronts us to a more congenial attractive company.

Perhaps those objecters referred to above are inclined to be some what less vehement in their protests upon the publication of a great amount of lewd or even bawdy humor. However, the dispersion of filthy jokes was purposely excluded from the above argument. There are other channels through which such may pass, and these are usually more efficient and speedy than we would attempt to be . . . although our record, in this respect is not one to be lightly challenged.

As has been implied, then, we feel ourselves justified in asking you to take twenty minutes out once weekly to peruse our columns. It is through your constructive criticism and creative action that we can hope to arrive at the fullest discharge of our three-fold function.

Guest Editor Writes . .

(In the future an attempt will be made to have a Campus Figure express some pertinent views on controversial issues in the Editorial column. Below is a statement by Sandy Valentine, next year's Canadian Football manager).

As the manager of the Canadian Football team next year I would like to submit some of the plans for next year and the success of this years team.

Next season we hope to form a league with the Moncton Trojans, St. Thomas University, St. Josephs University, St. John, Moncton Navy, and U.N.B. This is in the event that we cannot form a league in the M.I.A.U. As of yet plans aren't complete but we hope to iron out all difficulties before college ends this year.

Last fall the boys were very enthusiastic. They showed this by their willingness to practice and the fact that they payed for their own meals on trips.

This year we hope to have a better turnout for the team than last and there is certainly material on the campus to turn out a heavy fast team. We hope to have the services of a coach who has had experience before both as a player and a coach.

Costs of operation will be less than they were last year due to the fact that the team has all the equipment that they need and trips and games can be made and played in one day. Gate receipts were good thus this will help to cut our budget.

Maritimers can adapt themselves to the game as well as Upper Canadians and play it just as well if not better than the boys from Upper Canada as proved by the way Maritimers like Bob Miller and Jim Reid played good games throughout the season.

In closing, Canadian Football has proved itself as being worthy of being recognized as a Varsity sport on this campus. The crowds

STUDENT FORUM

This Column is open to any student who wishes to express his views on any controversial subject.

Foresters Laugh

by David Etheridge
Senior Forester

Mr. Stig Harvor in his outspoken criticism of the printing of "dirty jokes" in the Brunswickan falls short of two important considerations. In the first place, he makes the mistake of slandering another section of the student body, in order to support his campaign for more mature thinking on the campus. This in itself, is unfortunate, because he immediately places himself in a doubtful category by his using an argument which is based entirely on childish reasoning. Why he believes that foresters lead in the field of vulgar humor is only answered by the retort that he evidently doesn't think before he writes. His statement obviously cannot be based on fact, as the Forester's excellent contributions to campus standards have many times manifested themselves, notably in the Forester's Brunswickan. It is indeed, rather based on flimsy assumption that Foresters and Engineers are supposed to be more outspoken in these matters. Such an impression that Mr. Harvor has gained of his fellow students is built entirely on naive suppositions, and does not do credit to his ability to judge personalities, or to the individuals whom he has taken it upon himself to judge.

In the foregoing, I have merely protested the censorious remarks which were directed exclusively to the Foresters and Engineers. The Foresters, perhaps being more exclusively treated, in this respect, than the Engineers. This letter, however, is only a natural rebuttal and does not in any way uphold the doubtful character of some journalistic efforts found in the Brunswickan. It does wish to point out Mr. Harvor's misdirected criticism, and on the second count, to mention an important observation which was apparently overlooked in his efforts to analyse the students' immaturity. I believe the inclusion of "dirty jokes" in any publication shows a lack of respect

showed their enthusiasm by turning out in bad weather and gate receipts proved that Canadian Football made more money on this campus so far this year except for hockey and basketball than any other sport. The boys are willing to practice hard and put up a good show so, if you would like to see this game played next year as a Varsity sport VOTE in the plebiscite next Wednesday, March 1st.

for the intelligent discrimination of the readers of the publication, especially in one which reflects the outlook of a university campus. I would therefore, confine my remarks to a wish that material accepted for publication in the Brunswickan, be of a standard commensurate with the reputation of the University and the intelligence of the student body.

Football

by Joe Titus

About a year ago, we had a plebiscite, commissions, and meetings to consider the possibility of Canadian Football. This year we saw our hopes in action.

With Canadian Football, we here at U.N.B. have one more link with the rest of Canada. In swimming, hockey and basketball we play the same game, why not with football too?

One cannot judge by watching one or two games how good the game is. My first introduction to it, three years ago, left a poor impression on my mind. However, after I had seen several games I started to enjoy it and found out that it was a real exciting game to watch.

I have played rugger (in High School) and Canadian football (this year) and from the view point of the player, it is a much more thrilling game.

Next year would promise us more home games. This year we had three here (2 away), two more (Dalhousie and St. Joseph's) were cancelled through no fault of ours.

This Wednesday let's all get behind Canadian Football and with votes similar to last year, vote it through.

Chemistry Prof: "This liquid turns blue if your unknown is basic and red if the unknown is acid."

Student: "Sorry but I'm color blind. Haven't you anything with a bell?"

DIRTY JOKES INTELLECTUAL?

Dear Mr. Editor,
 We were very shocked to read the interpretation that Mr. Harvor placed on the amusing anecdotes in the Engineering Brunswickan. We always believed that Mr. Harvor was a high minded individual and a free thinker in the modern society.

We hope that Mr. Harvor will come to one of the Junior Physiography Labs (wed. afternoon) so that his mind will be enlightened and his thoughts raised to our own high standard.

Yours sincerely,
THE JUNIOR GEOLOGISTS

Ed's Note: Have the geologists given up throwing rocks for poison pens? Why try to Stik Harvor?

The Editor,
The Brunswickan.

Dear Sir:

I fully appreciate the tongue-in-check tenor of Stig Harvor's virulent attack on the moral level of Engineers and Foresters. None the less, I feel that his allusions to the Foresters at least deserve a stinging rebuke.

I will not state categorically that no Forester tells or listens to a dirty joke. They may, on rare occasions. However, the statement that the telling of off-color jokes is a reflection on the individual's maturity it indeed a sweeping one, and depends on one's interpretation of maturity.

I contend that the taste for literature developed early in life (superman vs. A. A. Milne) has a great deal to do with the eventual appreciation or contempt for dirty jokes.

This in no way affects the individuals maturity. People can be fully mature and differ widely in tastes. Call it a live, and let live (continued on page seven)

Chemists Hear Dr. Winkler Speak

Last week's meeting of the Chem-
istry Society was high-lighted by
an address given by Dr. Winkler,
Professor of Chemistry at McGill
University and member of the Roy-
al Society of Canada. His address
dealt with certain aspects of elect-
rochemistry especially with cad-
mium electrodes.

After much arduous experiment-

ation which he recapitulated for us
he drew the conclusion that the pol-
arization of the cadmium electrode
was linearly dependent on the cur-
rent passed through the system,
not on the current density and con-
sequently not on the true surface
area of the electrode. These ex-
periments which were to determine
the true area of the electrode were
carried out on a machine which "al-
though extremely complicated be-
haved like a perfect gentleman—
never giving illogical or incorrect
answers".

He said, however, that the work
was far from being finished but
that he hoped the future work done
would help to clarify some of the
now-hazy issues. Earlier in the
day he had lectured to the Physical
Chemistry Class taking as his sub-
ject "Diffusion Coefficients of High
Polymers."

A customer sat down at a table
in a smart restaurant and tied a
napkin around his neck. The man-
ager called the waiter and said,
"Try to make that man understand
as tactfully as possible that that's
not done here."

The waiter approached the cus-
tomer and said, "Shave or haircut,
sir?"

Purr Verse

(Feeling reline? or distraught?
or sage? The following space has
been set aside for the practice of
poetic license, so that contributors,
having bethought themselves to po-
etry, may see printed their own
cryptic, caustic or just plain clever
comment for all to look at. If you
have contrived a cute, curt lyric, or
have a favourite zesty couplet, you
should contribute.)

Ode to an Engineer

Oh Almighty of the campus
You needn't kick up such a rumpus
For water reserves, you build great
dams

But an insignificant tree originated
the plans.

You are jealous as plain as can be
For water is stored by the lowly
tree

You are trying to give us the bird
But the final word is yet to be heard

While we, at least, have an upper
storey

An extra wing is your only glory
Your poem—like a fad—was quite a
windfall

And your dams—I might add—are
not original

Poems may be made by fools like
me

But you, as admitted, are up a tree.
Corniferous Kingsland

ATCHOO

A bunch of germs were whooping
it up

In a bronchial saloon.

Two bugs at the end of the larynx
Were jazzing a ragtime tune.

While back of the teeth in a solo
game

Sat dangerous Dan Kerchoo
And watching the pulse was his
light of love.

The Lady that's known as Flu.

Co-Ed Cut-ups

(RARE VIVISECTIONS)

Wandering around the Engi-
neer's Formal proved to be quite
interesting. Everyone was so mixed
up it was confusing, or maybe
everyone was so confused we were
mixed up. After all these tiring
studies in Engineering, our female
of the species turns up with an
Artsman. Even an Artswoman can-
do that. But if at first you don't
succeed, keep trying.

We also noted a Dutch delega-
tion there; these "vans" do stick
together. Just how long can that
Peter trend at the Girl's Residence
last?

The faculty steps in before the
students step out. Yeah Ralph!

Rambling 'round the Red and
Black we noted the chorus line.
Who let that ball of non-rythm in?
The rock adds glitter, anyway.

Instead of moving the Law
School to Fredericton, let's move
U. N. B. to St. Andrews. All in
favor, Jean?

There seems to be a hair-cut-
ting fad; Dinny and Joan don't
seem to have any new scenery to
go with theirs! Variety is the
spice of life, chum.

That hide and seek couple of
Jackie and Kirby are inseparable
again. You know what they say
about true love!

...We wonder how long Mim will
keep her balance.

Claire was quite abashed when
greeted with "Hi, Grandma!" And
just when she was making such a
good impression on the Boston
swain.

Wilma has been artistically cast
in "Golden Boy". Her most im-
portant line is "Come to bed, Zig-
gy!" Hmmm!

Hats off Department
Hats off to:

Chris Douglas, whose dance in
the Red and Black is really worth
seeing.

Ted Owens basketball team -
although beaten by Mt. A. they cer-
tainly made a good showing.
Consider the five to one majority
of co-eds at Mt. A. and give credit
where credit is due.

That's all for now, but who
knows? Maybe you'll hear from us
again!

STUDENT PRAYER SUNDAY OBSERVED BY S. C. M. LAST WEEK

"The S.C.M., as one of the strong-
est interdenominational forces in
Canada today, faces an important
task in promoting the recovery of
a relevant religion", said Rev. Jam-
es Puxley, general-secretary of the
Student Christian Movement of
Canada in an address to the U.N.B.
S.C.M.

Mr. Puxley, who has been with
the S.C.M. as general-secretary for
only a few months, emphasized the
dominant impression he has gained
of the S.C.M. units across Canada,
and stated that the problems faced
are much the same everywhere,
having their root at the very centre
of the present day spiritual life of
Canadians in general.

Mr. Puxley recalled an observa-

tion made by Bishop Stephen Neil
in Toronto last year, to the effect
that much of the religion of Can-
adians has become merely a part
of the "contemporary mores". He
went on to note that while Canada
appears in all outward forms to be
the most Christian country in the
world, many within the S.C.M. and
in other Christian circles have the
uncomfortable impression that
Canada is on the verge of a spiri-
tual disintegration. This danger-
ous situation has arisen from the
separation of religious profession
from deep down feeling and a will-
ingness to face the "gospel of
Jesus" in ordinary life. That much
religious profession today is merely
the taking up of a standard.

FORESTERS HOLD BRAINS TRUST

A meeting of the Forestry Assoc-
iation took place in the Forestry
Building on February 20., with the
president, Len Barrett in the chair.
Rory McLeod was pinch-hitter as
secretary for Bob Spurway, who
was unable to be present. Bruce
Kelly's motion that the association
sponsor a group photo of the grad-
uating class was tabled for next
meeting.

A discussion followed concerning
the social events for the remaining
part of the year. Opinions on sup-
per meetings, sleigh rides and for-
mal dances were expressed and a
committee was appointed to investi-
gate all aspects of the suggestions.

The main event of the evening,
however, was a Brains Trust. The
board consisting of eminent fore-
sters and faculty members was made
up of Mr. Nelson Adams, Mr. C.
Place, Dr. Miles Gibson and pro-
fessors Videto, Brown and Fieger.
Syd Forbes was chairman for the
extremely interesting and informa-
tive discussion.

President Len Barrett thanked
the members of the board for ap-
pearing, and commended Syd For-
bes for his job as Master of Cere-
monies.

VARSITY EDITOR RESIGNS WITH STAFF

Toronto—(CUP — The resigna-
tions of the editor-in-chief, H. S. Fill-
more, and his woman's editor, were
accepted at the S.A.C. meeting held
on Feb. 16. Nine other members
of the staff have signified their in-
tentions to resign also. The staff
resigned after a motion passed by
the S.A.C. to place the emergency
powers concerning ad policy in the
hands of the Business Manager af-
ter the Editor had removed two ads
from a recent issue resulting in a
loss of revenue of one dollar and
ten cents. Mr. Fillmore felt that
the motion was one of non-confi-
dence and that it would destroy the
harmonious relation between the
Editor and the Business Manager.

Since the resignation will not
take place for two weeks the issues
of the Varsity scheduled for pub-
lication for the remainder of this
year will not be affected.

If he can remember so many jokes,
With all the details that mold them,
Why can't he recall with equal skill,
How many times he's told them?

"FOR THOSE WHO PREFER QUALITY"

McAdam thinks Plebiscite unnecessary at this time; Favours Rugby

There is no immediate necessity for a student plebiscite on the two games. Such a plebiscite would be premature, short-sighted and nearly useless. Its purpose, as I understand it, is to get an indication from the student body which game should be sacked if finances run low. This information is for next year's council. If this is the case then why should the seniors, with all due respect for their gray hairs, be allowed to vote by proxy for the incoming freshmen.

The desirable situation is to retain both sports. This might be done by practising strict economy in all sports. The English rugby training table is an admitted luxury which must be done away with. Teams could travel exclusively by car. The price of meals could be sliced in half. The track season should be moved to the spring. Tennis should not be an intercollegiate sport. The budgets of the football teams could be considerably slashed. These suggestions, if acted upon, would alleviate our overburdened fall schedule and permit Canadian rugby to continue next year on an exhibition basis. It is not a fair trial to judge a sport on one year's performance.

To select an as yet untested Canadian game over our M.I.A.U. rugby would be a shortsighted policy indeed.

If the decision must be made I would unhesitatingly retain English Rugby and tie the can on the Canadian game. I am biased toward English Rugby but there are objective facts which must not be overlooked.

Where will Canadian rugby get its players? The D.V.A. students sent an abnormal number of Canadians west of the Maritimes to U.N.B. This important phase of our university's history is coming to an end. At least 80% of our incoming students will be Maritimers who have played the English game. You can't propose to teach them the game in college for you will be wasting years in fundamentals they should have learned in high school. And the New Brunswick high schools will not change games. They are satisfied with their brand of football and well they should be.

The majority of them cannot afford to outfit their squads in sweaters let alone armament of the Canadian Rugby player. It's only sensible to take advantage of this situation.

The problem of competition is quite as grave. There is not a major university in the Maritimes, with the possible exception of Dalhousie, that would adopt Canadian football. And even at Dal, the Maritime stronghold of Canadian football is cooling off. If Canadian football is nominated as an M.I.A.U. sport it will be defeated hands down. Their only competition in intercollegiate circles would be second-rate competition like St. Thomas and St. Josephs.

The M.I.A.U. would take a very dim view of U.N.B. if we withdrew our football franchise. For 63 years this university has played rugby in intercollegiate competition. If we waltz on the M.I.A.U. by adopting the Canadian game, Dr. Petrie, president of the M.I.A.U., feels we would be making a very grave mistake. English rugby is regarded as one of the major sports and U.N.B. should have a representative in the league.

Spectator appeal—this is the hue and cry of the ardent Canadian fan. But in Maritime sport circles rugby still outdraws rugby. In the play-downs at Dalhousie, rugby fans outnumbered the Canadian supporters.

At one of the playoff games the number of spectators was less than 100. The Dalhousie students are returning their allegiance to the old game. Our intercollegiate games didn't draw crowds, it is true. This was not the fault of the game but of the players who played it. English Rugby properly played will indeed draw spectators. In 1929 when U.N.B. won the McTier, merchants in the city frequently closed their stores on Saturday afternoon as 3000 people watched their games.

I would urge the students to take a long-term view of the football plebiscite. If humanly possible let us retain both games, in order that Canadian football may receive a fair trial. Let us think in terms of 3 years from now and not act hastily.

by Jim MacAdam

Newman Club and Foolish Frosh Lead Sections in Basketball

By JIM CROCKET

Although the regularly scheduled games of the intramural league has been completed two more games per team have been allotted to fill out the league. Last week's games resulted in some very thrilling basketball. The Soph Science managed to fight a great last quarter bid by the Faculty and defeat them 53-7. The high flying Newman Club was stopped by the Soph. Foresters to the tune of 36-31 in one of the most rugged affairs in the whole league. In the all-Frosh clash the Foolish Frosh, backed by the sensational shooting of Ken Clark, thrashed the Frosh Combines by a convincing margin of 50-31. The Kigmies scared off the Eastern Townships defeating them by default. (that's the only way Butland's team could win, anyway). The Mooseheads also won by default over the Sr. Civils although they haven't been doing too well this term, the Residence chalked up their record win of the term by downing the Hangovers 58-31. The Debating Society downed the Soph. Engineers 64-27 and, finally the Alumni defeated the Sr. Foresters 24-19.

Games Set Over Until Tuesday

Wednesday night's intramural basketball schedule has been postponed. The contests have been set over due to the fact that the Red 'n Black Revue will be open on that day. The postponed games will be played on Tuesday, March 7. Wednesday has been the regular intramural basketball night at the gym but on Wednesday March 8, the Maritime Intercollegiate Swim meet will be directing the interest of the students towards the Lady Beaverbrook Residence pool. As a result the Basketball has been put forward a day . . . Managers and players please note.

BASKETBALL — Saturday Night
U. N. B. vs. SHEARWATER
Gym 8.30 p. m.

THE IMPORTANT STONE

Bob Corbett skips one of the teams in the recently formed Intramural Curling League. The Skip curls the last Rock, which often means the difference between a win and a loss. Here Bob sends one on its way.

St. Dunstan's Here Thursday for Important Game

The U.N.B. hockey team had its second successive home game postponed on Saturday night when a report from Chatham informed Varsity that the Tommies had been unable to leave the North Shore town due to poor road conditions.

Saint Dunstan's will be here on Thursday night for a game which may declare U.N.B. the N. B.—P.E.I. intercollegiate champion. This would be the result if Varsity win the contest. Saint Dunstan's, in the cellar of the four team league are definitely out of contention for the championship, but can help the cause of St. Thomas by defeating the Red and Black. The latter squad have four points and can take first place through a combination of two wins and two U. N. B. defeats. Mount Allison lost its chance for a possible tie for the leadership by dropping a close 4-3 decision to the Islanders at Charlottetown last Friday night. The standing at press time was as follows:

Team	P	W	L	T	Pts
U.N.B.	4	3	0	1	7
Mt. A.	6	2	3	1	5
St. Thomas	4	1	1	2	4
St. Dunstan's	4	1	3	0	2

Varsity should have little trouble disposing of the Islanders on Thursday night. In their last meeting the Hillmen came out on top by a 7-0 score, and since then the play of the saints has not suggested that their opposition will prove more formidable at the York Arena. Varsity's lineup will be the same as faced against St. Thomas on Thursday last. Lorimer will center the Bliss brothers. This line was an

effective one at Chatham, figuring in three of the four counters. Lorimer's speed should be used to the utmost on this fast line. The fighting qualities of Kennedy and Malone have come together in another formation which includes Walter Dohaney. This combination will give Coach Kelly a line which will be most adequate when the team is on the defensive. Thompson will center the third line with Golding and Pike his wingmen. Wagar, Steel, Gaudet, and Ballantyne will be the defencemen while Harrigan will again be in the nets.

Mahood and Ross Win Eliminations

Bill Mahood and Dick Ross emerged victors in the two elimination bouts to fill the vacant positions on the Varsity Boxing Team.

Mahood will represent U.N.B. in the 165 lb. class. He defeated Allan Nell, last years M.I.A.U. middleweight Champion, in a very close fight at the Gym. Mahood a native of Ottawa was a member of the Queen's University team last year.

Ross won over Mac Williams by a split decision and will contest the 155 lb. class for Varsity.

Three universities will enter teams in the meet: U.N.B., Nova Scotia Tech and Dalhousie. Conspectious by its absence will be St. P. X., for many years chief rival of the Red and Black.

The meet will be held on March 16 and 17.

Co-Eds Finally Win, Down T.C.

Led by the "hot" shooting of Peggy Stewart the Co-Ed basketball team finally came through with a win. On Thursday night last they defeated the girls from Teachers' College 65-31.

Although Teachers' College got the opening points of the game, the Co-Eds came back quickly and dominated the play for the rest of the game. They played much better ball than usual, and their plays were clicking with great precision. At half time they had a substantial lead, and went on to roll up their brightest score in many a season. The play was wide open all through the game, and the Teachers' College guards were unable to withstand the onslaught of the Co-Ed forwards.

Peggy Stewart, playing her best game of the season, led the scoring for the U. N. B. team with 13, 12 and 10 points respectively with Vermeeren getting 6. Guard Maxine Holder realized her ambition of playing forward and scored the remaining 2 points. For the visitors G. Daigle was high point getter with 11 points. M. Corno and M. Dionne were close behind each with 9 points.

Teams and scoring:
Teachers' College—M. Corno 9, J. McBrierty, G. Daigle 11, J. Campbell 2, M. Dionne 9, R. Boyle, I Miller, B. Martin, N. Bell, R. Tolan, R. Cyr. Coach, JJack GGrant.

U.N.B. Co-Eds—E. Wylie 12, J. Mooers, 13, J. Webb 10, P. Stewart 22, M. Holder 2, M. Vermeeren 6, P. Clarke, M. Spicer, E. Scribner, M. Needler. Coach, Ted Owens.

Junior Varsity Comes Back and Evens Series

By JACK CONNORS

U. N. B. Juniors made a flashing comeback when they defeated the Junior Caps 7-5 at the York Arena Monday night. The game was fast and clean with only 6 penalties handed out, Caps being the bad boys, having 5 penalties to U.N. B.'s two.

The opening period got away with a bang with Hallett scoring at the 2 minute mark for U. N. B. Twenty seconds later McAdam scored for U. N. B. (assist Golding) and came back two minutes later to score again for U.N.B. (assist Golding). The score standing at 3-0 for U.N.B. at the 5 minute mark. Meehan scored for the Caps at 13.22 to make it 3-1.

The second period demonstrated the same hard, fast skating brand of hockey excepting in the first frame. Ketch scored for U.N.B. at 8.29 to make it 4-1. Boyce came back with a goal for the Caps at 10.20, followed by a goal by Hallett from Elliott at 13.33 to make the score 5-2. McKain of U.N.B. was penalized for tripping and seconds later Ketch scored for U.N.B. (15.35) making it 6-2 for U.N.B. The Caps made a comeback with a goal from Ryan from Richardson at 16.32, and one by Pinder (unassisted) at 17.30, or a wild shot from the red line resulting in a fluke goal.

Myers tallied for U.N.B. at 18.52 on a pass from Hallett and McPheerson of the caps was sent off at 19.06 for tripping.

In the period both teams poured on the steam and went all out, but the only marker of the period was by Boyle (Meehan) at 9.30 to tie the series up 12-12, forcing the game to go into overtime. The overtime period (10 min.) saw no goals, penalty to Myles of the Caps at 2.25 for elbowing. The game climaxing with a mad scramble in front of the U. N. B. net with seconds to go.

The 12 point draw necessitates a sudden death game to decide the series. U.N.B. Juniors and the Caps will tangle again Thursday nite at 6.30. The winner of this series will play off against Minto. If U. N. B. displays the same brand of hockey Thursday night as they showed Monday, they will be a dead sure bet for the winning circle.

The Junior team has the will to win and plenty of spirit which the (Continued on page 8)

Varsity Tops Intramural All-Stars with Four Goal Last Period

For two periods on Sunday afternoon the chances of a Varsity win over the all stars of the Intramural League were precarious. However better condition and a pep talk from Coach Pete Kelly helped the Senior squad rally for four goals in the third session and give them an 8-3 victory. The Allstars gave a creditable performance considering that it was the first time that they had played as a unit. The two week lay off had a major effect on the wind of the players and this was clearly noticeable in the third period when their legs seemed to wilt under the strain.

For the first forty minutes it was a nip and tuck battle with end to end play being served up by both teams. Tim Bliss opened the scoring after a minute for Varsity but Bob Mackay evened the score a minute later. Bob Bliss for Varsity and Art Mosher for the All Stars exchanged tallies to leave the score 2-2 at the end of the first. The All Stars kept up their driving attack in the second and Tim Kenny scored number three, which proved to be the last Intramural score. Kennedy and Pike scored for the Red and Black to give them a 4-3 lead going into the third. Varsity came out for the third, intent on going to town and they proceeded to score four times without reply. Gaudet, Golding, Donkin and Dohaney were the marksmen. Star of the game was Ross Sheppard, All Star netminder. By his brilliant display he proved that he was just as effective against stiff competition as he was in the Intramural league. Bruce Kelly and Remy Oullette were the stars of the Intramural defence while Al MacDonald, Rudy Hanusiak and Ron Ketch played a driving game up front. Steel, Kennedy and Donkin were best for the Varsity team.

LINEUPS

Spring Volleyball League soon to be Organized

Spring Term volley ball will be held in the Trophy Room of the Lady Beaverbrook Gymnasium on Friday, March 3. All teams interested in entering the league must have a representative at this meeting.
The winner of the Fall Term

U.N.B. Swimmers Win at Halifax

In a hotly contested meet at H.M.C.S. Stadacona pool in Halifax, U.N.B. emerged victorious, but not without a struggle. Keen opposition was encountered, not only from the navy swimmers, but from the Halifax Y.M.C.A. team, led by Dave Worthen recently a star diver of the U.N.B. team. Mike Bidnock of the Navy gave an excellent performance in the diving; not only did he take first place in the competition, but he made several intricate exhibition dives.

TEAM: George Noble, captain, Laurie Hunter, T Ted Cadenhead, Don Briggs, Don Bell, Ross Reade, Don MacAuley, Tony Taylor, Mgr. Amby Legere, Coach.
We expect to play host to the Intercollegiate meet on March 8th.
30 yd. free style, Noble, 15.8 sec.
30 yd. Breast, Reade, 19 sec.
30 yd. Backstroke, Cadenhead, 18.8.
60 yd. Free style, Noble, 33 sec.

210 Free Style, Hunter, 2 min. 37 sec.
First—U.N.B. 57 points
Second—Navy 32 points
Third—Y.M.C.A. 19 points

Interscholastic Cage Meet at Gym This Weekend

Basketball fans will focus their attention on the Lady Beaverbrook Gym on Friday and Saturday when the New Brunswick Interscholastic Tournament will be held. Eight teams are entered this year. In previous years as many as thirteen or fourteen squads took part but this year divisional play-offs were held to select the teams to compete. Last years champions Rothesay Collegiate will defend their title. The final game will be played Saturday afternoon. Students' pass will be honored during this tournament for all games.

Will Compete for Dominion Title at St. Saviour

The University of New Brunswick captured first and second place in the Maritime Intercollegiate Ski Meet at Royal Road over the week end. The Varsity number one team placed first with 584.2 points while the second squad was close behind with 577.10 points. St. F. X. placed third, garnering 546.6 while Nova Scotia Tech, Acadia, and Mt. A. trailed far behind in that order.

ST. THOMAS TIES VARSITY

Last Thursday, Varsity probably came as close to suffering defeat as it will in the intercollegiate circuit this year. In this game against Saint Thomas the team was completely bewildered which was probably due to the smaller ice surface and the style of hockey played by the opponents. The game started off with both teams cool-headed and gradually built up to the point where it could best be called a "Battle Royal". U.N.B. started off well, Lorimer scoring the first goal on a break from his own end. Tim Bliss assisted by Lorimer ended the first period tallying. The play was generally clean but was certainly rugged. The second period found tempers growing hot and there were repeated roughing penalties. P. O'Neill of the Tommies deflected one of Lorimers shots into the goal to put U.N.B. ahead 3-0. Clemon assisted by Deroches retaliated by putting in St. Thomas' first marker. The referee called both teams to center ice and read them the riot act at the beginning of the third, but apparently this did little good. Mochler from Charest and Cullinan from P. Barry evened up the count as tempers became red-hot. Lorimer drew a penalty from the referee at this point and goalie Bruce Harrigan decided that he would express his views on the matter. He did and drew a two minute minor for it. But did this cool Bruce off? No Sir! he proceeded to do his best to take the judge out of the game and got a 10 minute misconduct slapped on him which was served by Donahy. Bob Bliss sat out the minor. Thompson then gave the teams spirits a raise when he scored from Pike but with less than 2 minutes to go Charest put one in to end the game in a 4-4 tie.

Cagers Meet Shearwater Saturday

The Varsity basketball team will take to the floor of the Lady Beaverbrook Gym on Saturday night for a tussle with Halifax Shearwater. A return game will be played in the Nova Scotia city at a later date. This will help to keep the team in top shape for the opening game of the Maritime Intercollegiate Finals due to take place in two weeks. The race for the title in Nova Scotia is turning out to be much closer than was expected at the beginning of the season. At that early date St. F. X. seemed to be the prime favourite to cop the title; they had made a trip through New Brunswick and Maine, winning six and losing one, and the latter a narrow two point loss to the Calais Chiefs. However Dalhousie proved to be a dark horse. The Tigers from Halifax upset the Dominion Champion X-men in the first of the intercollegiate league. The game was one of the most exciting ever witnessed in the Port City, Dal winning by the narrowest of margins, one point. The final tally (continued on page 8)

Bowling News

By JIM WATSON
Interest in Intermural bowling found a new lease in life when the Frosh Arts took two points from the Sr. Engineers. This interest was dimmed however when the Ramblers decided they would no longer be able to bowl. All the points were forfeited by the Ramblers to their opposition.

The Red & Black revue will soon be struttin their stuff, if past years is any indication they should have the finest success to date this year.

Walker's will be struttin their stuff for spring too and you'll just have to come see us too.

W.M. T. WALKER & CO. LIMITED

BIGGER, BETTER REVUE IS PROMISED THIS YEAR

SHOW IN THIRD YEAR; FEATURES BELL AS EMCEE; MANY NOVELTY ACTS

This Year's Red and Black Revue promises to be as good as, if not better than, each of the preceding years. The Red and Black was first inspired by the "Bar 48", a night club scene at a dance put on by the Junior Class in the Gym. Each Senior Class has been inspired ever since, and even when it expires there is always a new graduating class to go on with the show.

Sure to be the hit of the Revue is Chris Douglass with her sensational dance. We've struck gold with the Freshman class this year. They are pepping up the chorus line and making up a good part of the show. They dance, they sing, they play; they do everything. Oh, yes! Before we leave the subject of Freshmen, have you ever heard an Engineer sing Soprano? You will.

Now to mention a few highlights with the "I don't think I'm gonna be here next year, maybe" group. Johnny Bell sings again. You'll get used to it. There are two quartets that are definitely worth hearing. They are made up of seniors so this is your last chance. They tell me Terry Rankin has something very appropriate to sing, too. He also has something to say in the Forester's Skit. That is, if Jean will let him. There'll be Gerry Bell up front with his great big friendly "Hellooooo". They say he has Audience Appeal.

Then there'll be the old standbys that everyone will want to see and hear again: John Little, Joan VanAtten, Terry Kelly, and of course the BOY'S CHORUS LINE! Come and see it won't you?

PROGRAMME

Opening Number — Entire Cast
Fall Chorus — Chorus Line
Escape Artist — Terry Kelly.
Song — John Bell
Dangerous Dan McGrew — Dan McArthur.

Song — Kay MacCallum.

Second Model Parliament Held

LIBERALS OPPOSITION TO C.C.U.F.

The second session of the Model Parliament was held on Monday night, February 27 in 'O' Hut. The Parliament debated a Bill presented by the C.C.F., sitting as the Government with the Liberals acting as the major opposition. Alf Brooks led the Conservatives, Minor opposi-

tion. The session was sponsored by the newly created U.N.B. Political Club, and the Speaker of the House was Mr. D. Corbett, Professor of Political Science.

Jim Chapman, leader of the Government, (Prime Minister,) intro-

duced the Bill which in detail asked for the establishment of a Maritime subsidiary of the Bank of Canada. The Bank would be similar to the already existing Industrial Development Bank. The proposed Bank when created would act in the capacity of granting loans to the Maritimes for the development of their primary resources. The loans would be secure by Provincial Bonds, and with a maximum maturity date of 50 years.

Julian Guntensperger, Liberal Club President, (leader of the Opposition,) presented his party's stand on the subject under debate. It was gratifying to see that the Liberals were able to fulfill their

NIFCUS EXECUTIVE POSTPONED

It has been announced that the meeting of the executive committee of the Nifcus group on Tuesday, February 28, has been moved from March 9 or 10.

The meeting has been postponed to discuss the question of the Nifcus group's relationship with I.U.S. and the Nifcus group, which have been in the head office in Toronto on that subject.

Also to come up for discussion is the question of the University of the boycott imposed by MacMillan Publishing Co. Due to prolonged delay in the price of text-books.

The company has announced their publication to the U. of T. campus.

NIFCUS EXECUTIVE MEETING POSTPONED

It has been announced that the meeting of the executive of the Nifcus group on the campus has been moved from March 5 to either March 9 or 10.

The meeting has been called to discuss the question of affiliation with I.U.S. and the questionnaires which have been distributed from the head office in Hamilton, Ont., on that subject.

Also to come up for consideration at the scheduled meeting is of the University of Toronto by the the boycott imposed on the students MacMillan Publishing Company. Due to prolonged dispute over the price of text-books.

The company has refused to sell their publication to the students of the U. of T. campus.

BOX OFFICE BOOSTER

The cheese cake trend in modern advertising is utilized to lure on unsuspecting public. Poster designers show no attempt to connect advertisement with material, but we think its rather bright of them. Chris Douglas, above helps the ticket sale immensely.

FOOTBALL PLEBISCITE TO BE HELD NEXT WEEK

There will be a plebiscite, March 1, to decide which sport—Canadian Football or English Rugby will be financed by the S.R.C. for the year, 1950-51.

It has been decided by the S.R.C. that seniors may vote. At one time it was considered by the S.R.C. to limit the voting to the Juniors, Sophomores, and Freshmen because they were the ones affected by the results.

This plebiscite is important not only from the financial point of view. It is important because this college in the future will become smaller and there will not be enough students to fill the positions on both teams. So let's get out and vote so that the S.R.C. may know

The naked hills lie wanton to the breeze,
The fields are nude, the groves unfrocked,
Bare are the limbs of all the shameless trees;

No wonder the corn is shocked.

what they must do for the major fall sport of 1950-51.

She: "You deceived me before our marriage. You told me you were well off."

He: "I was but I didn't know it!"

Then we have the plebe who shared a cab with a gal so beautiful, he could hardly keep his eyes on the meter.

Constitutional Amendments Moved by Stevenson Now Passed

S.R.C. Treasurer Ron Stevenson last Wednesday night gave notice of motion concerning several proposed amendments to the constitution of the Council. The amendments will be voted upon at the next regular meeting of the Council.

Mr. Stevenson has prepared copies of the proposed amendments which run to four typewritten pages. They concern the date of S.R.C. elections, the position of fourth year Foresters and Engineers with respect to those positions on the campus which are open to seniors and the appointment of the Nifcus chairman on the campus to the S. R. C.

Mr. Stevenson pointed out, in regard to his first motion that the

nearness of the present elections to exam time and the close of the year that it becomes increasingly difficult for the incoming executive to hold a meeting and to appoint officers such as team managers for the coming year.

The second amendment will propose some new regulations governing requirements for those officers open only to senior students, in consideration of the new five-year plan introduced in the faculties of Forestry and Engineering.

The third will propose that, in future, the chairman of Nifcus be elected and automatically become a member of the S.R.C. "to ensure a closer co-operation between the Council and overbody" of the federation, Mr. Stevenson stated.

S.R.C. CONSIDERED

(continued from page 1)
against allowing the seniors any voice, and Hay "stoutly" defended the seniors in his last appearance on the council as a voting member. There was a close division of opinion on the subject, and the fact that the result of the plebiscite was in no way binding was the chief one advanced in winning the seniors a vote.

A questionnaire from the central agency of Nifcus was posed to the Council which requested them to consider an affiliation of Nifcus with I.U.S. It was decided that the Canadian organization should

send no delegates to the Communist-tainted world body, that is, should form no direct hook-up, but should continue to send observers to their conferences.

Both Ron Stevenson and Ralph Hay advocated an active course toward correcting the world organization, maintaining that nothing could be accomplished by staying outside. The decision to continue sending observers to the conferences was made in view of the fact that the Labor progressive Party, who has up to this time shown an interest in I.U.S., would, in the absence of Nifcus delegates, take it upon themselves to represent Canadian Students there.

AULDER GEROW

(Continued from page 1)
The Convention adjourned until next year, when it is hoped that a larger number than ever will attend the Federation meetings. As Col. Drew put it, "It is only when a great number of people are willing to get into the political arena that the party is given its full vitality."

CAGERS MEET

(continued from page five)
was 32-31. Acadia Axemen also showed that they would have to be reckoned with. Although losing their first start the Axemen held Dalhousie to three points in a very close game.

JUNIOR VARSITY

(Continued from page 4)
student body seems to be sadly lacking, so how about getting over to the Arena a little early Thursday nite and give the boys some of the support which they richly deserve.

Caps Down Jr. Varsity 7-5

Saturday night last saw Junior Varsity go down to a 7-5 defeat at the hands of the Junior Caps in a hard fought game at the York Arena. This win gave the Caps a two game lead in the two game, total goal series.

In the first period play was slow but roughened up considerably in the latter half, a foreshowing of things to come. Penalties were handed out to MacPherson, Saunders of the Caps and C. Smith (U.N.B.).

The first U. N. B. tally was chalked by McAdam from Boyle at 9:18 followed with a goal by McPherson (Caps) at 9:28.

U. N. B. again took the lead in the second period with a goal by Golding (Hallett, Smith) at 10:09, Caps tying the game up again with a goal by Kiley (Levison, S. Banks) at 10:03.

Ketch of U. N. B. suffered a cut over one eye and was out for the remainder of the second period.

Play roughened up again in the third frame with both teams giving all they had. A goal by Boyle in the opening minutes put the Caps in the lead but the game was again tied up at 10:31 when Golding scored for U. N. B. Richardson (Caps) was sent off at 10:32 for tripping and U. N. B. forged ahead to a 5-3

lead with goals by Golding, McAdam and McKain.

With only 10 minutes of play left, the Caps made a strong comeback and racked up four goals, by Ryan, Banks and Richardson to put them in the lead 7-5, which the red and black could not overcome.

Lineups.

U. N. B.—Goal, Haining; defence, Hallett, C. Smith, Bishop, MacDougal; forwards, Ketch, Golding, Elliot, Myers, McKain, Boyle, Hughs.

Caps—Goal, Worthen; defence, McPherson, Myles, Wait, Dinder; forwards, Levison, E. Richardson, F. Richardson, Boyle, R. Banks, S. Banks, Meehan, Saunders, Kyle, Ryan.

Summary:

Goals.—1st period, U. N. B., McAdam (Boyle) 9:18; Caps, McPherson (Saunders) 9:28.

2nd period—U. N. B. GoGolding (Hallett, C. Smith) 10:09; Caps, Kiley (Levison, S. Banks) 10:13.

3rd period—Caps, Boyle (unassisted) 10:20; U. N. B., Golding (McAdam) 10:31; U. N. B., McKain (Ketch) 10:45; Caps, Ryan (Myles, Richardson) 10:47; Caps, Banks (Levison) 10:52; Caps, Ryan (Banks) 10:53; Caps, Richardson (Levison) 10:58.

Would you have the ready money to seize a business opportunity?

A life insurance policy is recognized by business men as a most valuable asset because besides the protection it gives, it has borrowing value in case of need. There are many times in which the loan value of a policy may prove of great use.

The important point is to get started with your insurance programme at the earliest possible date. Life insurance rates are determined by the age of the person to be insured... the sooner you take out a policy the lower its premium will be.

Your Mutual Life of Canada representative can help and advise you. Take him into your confidence. Explain to him your needs and your circumstances. He has been specially trained in adapting life insurance to each person's particular needs. Take advantage of his expert counsel now.
