The uncertainty as to the fate of Captain C. O. Rev. T. C. Mellor has fortunately discovered some of his relatives in the 122nd Battalion. About 32 years ago when leaving England for Canada Mr. Mellor was asked by his relatives to look up a cousin George H. Hoyle who had come to Muskoka. Englishmen at that time thought that anyone in any part of Canada would soon rub shoulders with each other. During all these years Mr. Mellor heard nothing of his cousin. Recently an officer mentioned the name of Hoyle to him and told him there were two men of that name in the ranks. Messages were sent the men to call and Mr. Mellor found the two to be Privates Harry and Daniel Hoyle sons of his Muskoka cousin.

CARRY ON

(By the 18-year-old daughter of Harold Begbie.)

There's Tom that drove a ploughshare
And now he loads a gun;
There's Dick could reap his acre
Now sows against the sun;
There's Jack that was a cowman
His watching on a sea,
All dark with death and hatred,
But England's still, and free!
Yet the harness shan't lie rusty
Because of you and me.

Carry on! Carry on!
For the men and boys are gone;
But the furrow shan't lie fallow
While the women carry on.

Who'll grow the bread of victory,
Who'll keep the country clean?
Who'll reap old England golden,
Who'll sow her thick and green?
Who'll teach their teams to whinny
At another step than theirs?
Who'll toil and ache from chilly dawn
With love that never spares?
Who'll rear another flock of lambs
To crowd the lonely fairs?

Carry on! Carry on!
For the men and boys are gone;
But the furrow shan't lie fallow
While the women carry on.

We may not die for England,
We'll work for England then;
She's our land just as their land—
Deserve her like her men!
O Tom, we'd give our comfort
To stand where now you stand,
O Dick, we'd give our safety
To swoop at your right hand;
O Jack, we may not plough the sea
Well, we will plough the land.

Carry on! Carry on!
For the men and boys are gone;
But the furrow shan't lie fallow
While the women carry on.

—Janet Begbie, in London Chronicle.

RUSSIA TO BANISH CZAR AND CZARINA, WASHINGTON HEARS

Washington, May 10.—The banishment of the former Czar and Czarina of Russia by the Provisional Government is anticipated in official advices received here today. What country has been selected for their exile is not known, although England has offered them refuge.

Diplomatic reports to the State Department daily assert that the Provisional Government is rapidly becoming more firmly established. In this connection, it is said, the Socialists have more influence with the soldiers in Petrograd than has the Provisional Government. Minister of Justice Kerensky the representative of the Socialists in the democratic Cabinet, however, is lending all his influence to prevent any movement of the radical element which would jeopardise the new regime.

Indications now are that the Provisional Government will be successful in operating the administrative machinery until the constitutional assembly is convened. It is further considered that Premier Lvoff, widely considered probably that Prem. Lvoff, considered will be given highest rank in the new government.

At the conclusion of the war however, it is believed likely that Russia, without relinquishing any of the advance made towards the realization of democratic reforms, will turn to the constitutional monarchy form of government. If this transpires, it is believed probable that the Czar will be invited to return, but without any of the autocratic powers he formerly exercised. In support of this, it is said, that the army and the people hold no deeply bitter feelings towards the former ruler. The bitterness has been rather directed at the bureaucracy circle surrounding the Czar, and at the Czarina.

The Petrograd government, it was learned today, has favorably responded to the suggestion from this country that American engineers and materials be forwarded to Russia for the immediate improvement of the Trans-Siberian Railroad. It is understood that plans are already under way for the despatch of a special expedition to assist the country in solving its transport problems, which are said to be essential to any further effective participation of Russia in the war.

Rev. A. E. Wheeler of Hebron, Yarmouth County, was a passenger on yesterday's west bound express, returning from Summerside, where he filled the pulpit of the Baptist Church last Sunday. — Ex.

THE DRINK TRAFFIC MUST GO

The incurable war which has been declared by the statisticians in the United Kingdom, in many other countries, on the drink traffic, still continues. The latest and one of the most effective efforts comes from Mr. Arthur Mee, who, in an open letter to Mr. Lloyd George, after pointing out that, since the outbreak of the war, the people of the United Kingdom have spent £500,000,000 on drink, continues: "This trade has used up shipping equal to a fleet of sixty ships of 5000 tons working all the time; it has robbed us of man power equal to about 100 days of all our war work; it has consumed more food than the whole British Army—the weight of food and other stuffs carried about for it, in ships and trains has been equal to the solid material carried by the Navy to all our fighting fronts."

Then, later on in the letter, Mr. Mee gives the positive side, as it were of the picture. "You, know," he says, "what prohibition did for Russia; it raised her savings from £8,000,000 in the last year of vodka to £177,000,000 in a year of prohibition. It has made her free." Those who know anything about the internal position in Russia, before the abolition of vodka and since, will be able to do more than endorse this contention of Mr. Mee. It is safe to say that without the Tsar's ukase abolishing vodka in the autumn of 1914, the revolution in the spring of 1917 would not have been possible.

ARRIVED FROM ENGLAND ON MONDAY

About 850 soldiers arrived at Halifax on Monday from England. Among the officers were Lt.-Col. Fearman, of the 120th Battalion, Major W. F. D. Bremner, of Falmouth, and connected with the 26th, also Major T. M. Seeley, of the 112th.

ROADS IN DISGRACEFUL CONDITION BETWEEN HANTSPOUR AND WINDSOR

Although the roads are reported to be in poor condition for travel in many sections of the County, we doubt if any portion of the main highway can surpass the roads between Hantsport and Windsor—a disgrace to the County.—Journal.

HYMENEAL

Stevens-Harris

The home of Mr. Arthur B. Goucher of Brighton, Mass., was the scene of a pretty though quiet wedding on Tuesday night, May 1st when Miss Nina B. Harris second daughter of Mr and Mrs H. M. Harris of Margareville, became the wife of Mr. Leffert T. Stevens, son of Mr. F. S. Stevens collector of customs, Cutler, Maine.

The ceremony was performed by the Rev. C. E. Eaton of Boston, uncle of the bride assisted by Rev. W. S. Webb of Storme, Mass.

The bride who has many friends in Margareville and who was organist in the Church and Sunday School, was becomingly gowned in a navy blue suit with black lace hat and carried a bouquet of mayflowers. The couple were unattended and owing to recent bereavement none but immediate relatives were present. The presents consisted of cut glass, linen and cheques the groom's present to the bride being a piano.

Mr. and Mrs. Stevens will reside at 23 Montferm Avenue, Brighton, Mass., and in a few weeks will take a trip to Maine and Nova Scotia.

ANOTHER WOMAN

The colonel believed in soldiers being bachelors, so he usually refused his men permission to marry.

One application turned away looking so downcast that even the officer's stern heart was touched.

"Look here, my man," he said, "come to me again in a year's time, and if you still want to be married, I'll give my consent."

The year passed.

Again the private applied; the colonel was quite taken aback.

"Well, well, I really must give you permission," he smiled. "I never expected to find such constancy in either man or woman."

The private saluted.

"Thank you, sir," he said gratefully; "but please, sir, it aint the same woman."

LAW ON SUNDAY LABOR

May Be Done on The Lord's Day

A Boston despatch says—Under suspension of the rules both branches of the great and general court of Massachusetts have passed the following Bill:

"The cultivation of land and the raising, harvesting, preservation and transporting of agricultural products shall not be unlawful on the Lord's day while the United States is at war or until the first day of January following the cessation of such war."

WOULD EXEMPT THEM FROM CONSCRIPTION

OTTAWA, Ont., May 22—In the Senate today Senator Power, of Halifax, gave notice of a resolution declaring that in any measure intended to introduce conscription into Canada, provision should be made that no man whose father, brother or son has gone to the seat of war as a member of the Canadian expeditionary force or is being trained in England preparatory to go to the front shall be selected for compulsory service.

MUST TAKE THEIR PLACE

PERTH, Western Australia, May 21—(Via Reuter's Ottawa Agency) — The recruiting committee of this State has passed a resolution declaring that following the unmistakable mandate of the Commonwealth Premier Hughes be asked to introduce immediately legislation compelling every eligible man, in his proper turn, to take his place at the front.

FOR THE WAR GARDENS

Having in mind the admonition of Uncle Sam to make every inch of ground count this season the garden maker should plan for a steady succession of vegetables throughout the season. He can for example, follow the early beets with late cabbage. The onion sets and early lettuce can be succeeded by tomatoes. Celery planted in July may take the place of the early peas or early beans. Turnips will mature if planted up to the first of August and therefore can be used to fill in all vacant rows at that time. Of course, these are only suggestions, but they hint at the manner in which the garden may be occupied up to the very end of summer.

VIOLENT EXERCISE BUT NOT AT ALDERSHOT

Private Clark (to the medical officer) "Burnt feet, sir."

M.O.—"Burnt feet? How the deuce did you get your feet burnt?"

Private Clark—"Through marching, sir."

M.O.—"Through marching! I never heard of such a thing. How did it happen?"

Private Clark—"The nails of my boots got red hot, sir."

So Sadden!

The young man produced a small square box from his pocket.

"My dear," he said, "I have a birthday present for you. I don't know whether it will fit your finger or not, but I'll—"

"Oh, Chris," she interrupted blushing, "why, I never thought—"

Then Chris opened the box and produced a silver thimble, and the room became suddenly cooler.

FORMER PREMIER VIVIANI AND MARSHAL JOFFRE ARRIVE SAFELY AT BREST

Marshal Joffre Has Returned to France

PARIS, May 23—Marshal Joffre and former Premier Viviani arrived at Brest last night on their return from America. They reached Brest at midnight and are due in Paris tonight.

WASHINGTON, May 23 — Former Premier Viviani, Marshal Joffre and the French Mission sailed from New York, Tuesday, May 15, unknown except to a few officials and many American newspapers, which loyally kept the secret so the distinguished guests of the nation might not be unnecessarily endangered by German submarines. The party slipped away on the same steamer which brought them over, and conveyed by a French warship. The French commissioners generally were supposed to be still at Washington and up to yesterday invitations to them to visit various sections of the country were received in great number.

So Sadden!

MAXIM PERFECTS DEVICE TO OUTWIT THE U-BOATS

NEW YORK, May 22—Hudson Maxim announced today that he had invented and perfected a device which will make ships immune from the dangers of the submarine. He said that torpedoes, even when fired at close range, would explode harmlessly against the hulls of their intended victims.

The inventor made the announcement at a luncheon given in Brooklyn. He asserted that the invention soon will be demonstrated by the Government which already had been advised of the details.

"The invention is practical for every type of vessel," he said. "It can be applied within a few months, at a comparatively cheap price, to the hulls of ships already constructed. The only change necessary in vessels already built will be a slight enlargement in their beams. My device is of solid material and encircles the entire hull of the ship, from the bow to the stern. It in no sense or manner resembles either a screen or net.

ORDER JEWS TO LEAVE PALESTINE

Turks to Massacre Them as They Did Armenians.

STOCKHOLM, May 20—Via London, May 21—Telegrams from the Jewish Societies in Palestine received by the secretary's department of the Socialist conference here say a fresh massacre of Palestine Jews, resembling the Armenian massacres, is threatened and appeals are made to the Socialists of all countries. The messages say the Turkish government has given orders for the evacuation of Palestine by the Jewish population and that the execution of these measures are being carried out with increasing severity. The orders it is said are aimed at the Jews in Judea and Jerusalem and later in Galilee.

ITEMS FROM MIDDLETON OUTLOOK

Mrs. Fred E. Cox, received word this week that her nephew, Harry Dewey Copland of Boston, who has been sailing as wireless operator between Florida and the West Indies is ill at his home suffering from malaria fever.

Major H. M. and Mrs. Turton left Monday for England. The Major is taking up Military duties this being the fourth term of active service. Their friends wish them a safe trip across and a return to Middleton when the war is over.

Capt. A. H. Gibson, of Margareville, arrived from New York on Saturday. He took a ship overseas and returned to a southern port. He was ordered to New York the vessel having been sold. The Captain is uncertain about his future activities, but may take another chance against the German submarines. Mrs. Gibson who has been spending the winter in Winnipeg is expected home this week.

BRITAIN HAS SHIPS ENOUGH FOR HERSELF

WASHINGTON, May 21—All available American transatlantic tonnage will be used for the present to transport supplies to Russia, France and Italy under an arrangement, about to be made by the American Government with the Allies. Great Britain has assured the United States that she can carry enough supplies in her own ships to meet the needs of the United Kingdom and perhaps can spare some vessels to supplement American tonnage in supplying other countries.

The Shipping Board is putting the repaired German ships into service as fast as possible, chartering them to the Allied Governments for single trips. The Government is besieged with requests for tonnage to take coal to France and Italy and general supplies to Russia.

CONSCRIPTION IN NEWFOUNDLAND.

ST. JOHN'S, Nfld., May 21—A selective conscription in Newfoundland along the lines of that now in force in the United States and proposed in Canada, will probably be introduced at the usual session of the Legislature which opens May 29. Such action was forecasted today in a statement by Premier Sir Edward Morris, who returned yesterday from England, where he had been for three months attending sessions of the Imperial War Conference. In speaking with newspaper men today Sir Edward announced that he would immediately take up with the leader of the Opposition the question of concerted action to secure enough men to maintain the Newfoundland Regiment on the firing line until the end of the war.

ALBERT ELECTION CALLED FOR JUNE 7th.

Nominations in 47 Constituencies May 31

EDMONTON, May 18—Following a meeting of provincial cabinet last night dissolution of the Legislature was announced and writs issued for a general election. The date fixed is Thursday, June 7, with nominations a week earlier, on Thursday, May 31.

In eleven of the 58 constituencies there will be no elections, the soldiers representing these districts being declared re-elected by an act passed last session. Twelve constituencies were included in the list named in the act, but Lieut. Stauffer has subsequently been killed in action, and an election will be held in Didsbury riding.

The Bill to enable coroners' juries to be composed of seven persons instead of twelve, passed its second reading recently in the British House of Commons.

TWO IMPORTANT BILLS BEFORE PARLIAMENT THIS WEEK

The Government has given formal notice that two bills one to introduce compulsory military service and another to extend the life of parliament would be introduced this week. It had been hoped to reach the first bill by Friday but details were not ready. The extension measure will be introduced as soon as conscription is disposed of.

The Herald says on the situation:

"The political situation so far as it affects the opposition is growing more acute every day. A storm of anti-conscription feeling appears to be sweeping over Quebec and whereas a day or two ago it appeared that many of the French Canadian Liberals would support the Government's proposals the indications now are that they will present a solid block against them.

"Sir Wilfrid Laurier's attitude is still undefined and uncertain. His position continues exceedingly difficult and dangerous. Support of conscription threatens his hold in the one province where he is strong. Opposition to conscription would stamp him as a sectional not a national leader."

"On the Liberal side the attitude of the party in regard to the conscription question will not be defined until the measure comes before the House and the Government's proposals in detail are made known. When the Bill is brought down a party caucus will be held and a policy then decided upon. Liberal leaders declared that the vital consideration would continue to be, above all things, how Canada could play its best possible part in helping to win the war. The coming week in Parliament promises to be a crucial and intensely important one.

The Government's reason for the raising of the minimum age of conscription from 18 to 20 years is that experience at the front has shown men of 18 to be too immature to stand the rigors of war. For this reason it has been the practice to hold most of the Canadian volunteers in England until they reach the age of 19. The United States Bill fixes the minimum at 21, but the Canadian authorities on overseas experience have deemed it wise to draft no men under 20 years.

Otherwise there is little change in the situation today. It is probable that the measure may not come down in Parliament before Monday or Tuesday, owing to the great care being taken in drafting it.

OBITUARY S. W. BLIGH

The people of Berwick and vicinity were shocked, on Tuesday evening of last week, to hear of the sudden death of S. W. Bligh. He was taken suddenly and seriously ill on Saturday previous. Medical aid was summoned and all possible done for his recovery, but after a brief period of suffering he passed away.

Mr. Bligh was a son of the late Mr. Abraham N. Bligh, of Lakeville, in which place he was born about sixty years ago. In early manhood he married Miss Ina Nichols, daughter of the late Mr. Alexander Nichols. Some years later, they took up their home in Berwick, where Mr. Bligh has since resided. About twenty-five years ago he was appointed a Stipendiary Magistrate, in which capacity he has since been very prominent throughout the County. As the builder of Victoria Hall he has conferred a lasting benefit upon Berwick.

Mrs. Bligh died in 1894. Mr. Bligh was afterwards married to Mrs. Mary R. (Keddy) Beardsley, who survives him. He leaves two sons and a daughter, children of his first wife. These are, J. Lorin and William O. of Berwick and, Eliza, wife of T. Orley Calhoun, of Gaspe, Quebec. The bereaved widow and children have sincere sympathy in their sorrow.

The funeral on Thursday was well attended. Among floral offerings were cut flowers from Mr. A. E. Bligh and from Mr. and Mrs. J. N. Chute; sheaf of wheat from F. A. Savage; Calla Lillies from Mrs. N. B. Morton; Sweet peas from Ralph N. Keddy; Mayflowers from Mrs. L. B. Bligh, and a pillow from the family.

FARMERS TO MARKET WOOL CO-OPERATIVELY

Wool Growers' Association Formed in the Annapolis Valley—Headquarters at Kentville

The farmers in the Annapolis Valley, who are fortunate enough to be owners of sheep, have this year formed themselves into an Association known as the Annapolis Valley Wool Growers' Association, for the purpose of marketing their wool co-operatively and taking advantage of the aid given by the Live Stock Branch, Dominion Department of Agriculture, in having the wool graded by graders supplied by the Branch free of charge to such Associations. The officers of the Association are: President—Joseph A. Kinsman Vice-President—C. C. H. Eaton Secretary—J. I. Pines.

Directors W. S. Blair, Kentville; W. A. Bacon, Digby; Vernon Leonard, Clarence; Wm O'Brien, Windsor.

Headquarters, Kentville Fruit Company Warehouse.

The grading of the wool will be done June 21st and 22nd, and the farmers should have all wool sent in to Kentville before that date. Mr. Pines, the Secretary, will send or give each man a receipt, then at the time of grading each individual lot is graded separately on regular forms provided by the Live Stock Branch. After the wool has all been graded into its various grades, a letter is sent out to the manufacturers and dealers giving full particulars of the wool and asking for a bid on the wool on or before a certain date. In this way the buyer is in a position to bid intelligently on the lot of wool, and is interested owing to the fact that he is obtaining a good sized quantity, rather than having to scour the country for small individual lots.

In preparing your wool for the market, when shearing keep the fleece as intact as possible then to fold place on a clean floor with the skin side down, then turn in the sides of the fleece and roll from tail to neck and tie with paper twine. Never use sisal or binder twine. Then ship to the Wool Growers' Association, Kentville.

Market your wool in the grease or just as it comes off the sheep's back. Don't tub wash. In tub washing the various qualities of the fleece are so badly mixed as absolutely to prevent sorting in the mill. Before the tub washed wool can be used in the mill it must be re-washed or scoured, so that tub washing on the farm is of no advantage to the manufacturer; on the other hand, it is a distinct disadvantage.

If the sheep men of the valley are desirous of obtaining the maximum value for their wool, of having their wool put on the market in its best form, of making a name for Canadian wool, then they will market through the Wool Growers' Association at Kentville.

WHAT THE PAPERS SAY ABOUT CONSCRIPTION

The Toronto Globe, the leading Liberal newspaper in Canada, says: Those who will not volunteer must be made to serve.

The Liberal Toronto Star says: Public opinion at large, the country over, will support and uphold the government's action in this crisis.

The Toronto World, independent, says: Many a man who fears today will rejoice a year hence that he belonged to a nation which set his duty before him and gave him a chance to discover his manhood.

The Mail and Empire, Conservative: There will be rejoicing in the Canadian lines when the two words of Sir Robert Borden's speech of yesterday are flashed to the front—the words, compulsory service.

St. John Globe, Liberal—With the safe return to Canada of Premier Borden and his cabinet colleagues there comes semi-official intimations confirming reports of a government intention to introduce some form of conscription. Action along this line has become a necessity if our military forces are to be maintained.

Canning, May 23rd, 1917.

To the Editor of The Advertiser:
Dear Sir—It was with great interest that I (and no doubt many others) read in your paper, the proposal of Mr. C. A. Brown of Toronto, to place a display of Nova Scotia's famous fruit in the exhibition at Toronto.

Could there be any better way to advertise, and open up home markets? I doubt if there could, if the display equalled that shown in England, which I myself was fortunate in seeing.

Also, there could not be a better time, or a more useful time than the coming fruit season, when our English markets will be greatly restricted, if not altogether cut out.

Now, let our fruit companies and associations, get together, and advise the provincial government to give our fruit the place it deserves, in the leading cities of the Dominion.

Thanking you, and trusting I have not taken up too much of your valuable space.

Yours,
"GRAVENSTEIN"

WHAT CANADIANS HAVE DONE

One of the most inspiring passages from the address of M Viviani's address before the Canadian Parliament has been translated from the Hansard report. Here it is:

"Yes, you Canadians, mingled with English and French troops without distinction of race or distinction of country, under different standards, have shown the same bravery. And let us not forget that in the month of April, 1916, at Ypres, in the north of France, quite close to Belgium, in that region desolated by floods, after the terrible assault delivered by the German soldiers by means of asphyxiating gas—that Germany which has derailed science, and which instead of bringing all its blessings to humanity caused to be cast on all its evils and its crimes—it was the Canadian soldiers who in that terrible day rose up and saved the day. And in many a combat and in numerous and recent victories they have stood firm. We see yet your younger men, alert, agile, courageous, under this colors the first to scale the Vimy Ridge, which had been reputed impregnable. Honor to all these soldiers; let us proudly incline our thoughts before those who fight, before those who suffer, before those who have died. They knew well what they did and why they left your land. They knew well they did not bear their arms merely for Great Britain, or merely for France, invaded and attacked, but with a clear vision fixed upon the sky, beholding a higher ideal, they knew that it was for the holy cause of humanity, of democracy and of justice. And it is under the aegis of these glorious and recent deeds that we have come to visit you."

Preparation are being made for the operation of Newfoundland fishing fleets and curing plants of a larger scale than ever this year. It is the general expectation that an unusually large amount of fish will be exported to the United States, where it is thought that the demand will be greatly increased by the war conditions and the high prices of other food.

Boston Post, May 14th—Lobsters continue plenty in local market. A large consignment arrived yesterday from Nova Scotia in a steamer and several other cargoes are on the way in schooners. Lobsters are low priced at present and judging from the reports of the heavy catch along the Nova Scotia coast the supply will continue to be plentiful for some time and the price will remain low. Dealers report a very heavy demand for crustaceans at present.

According to an advertisement in another column tonight is the last opportunity to enjoy roller skating at Victoria rink, Digby, for three years. Mr. Walker, the general proprietor, is moving to Kentville, where he expects to get good business for the next few years at least. There were three good years of business in Digby. Roller skating in all northern towns falls off after the novelty wears off and the same thing occurred here. Mr. Walker gave his patrons a good service and their many friends regret to have the family move away, but look forward to their return at some future date.—Digby Courier.

It is at Meteghan that the largest schooner at present under construction in Nova Scotia is being built. She will have a gross tonnage of about 860, and is being built by Dr. T. H. Macdonald and others.

Fertilizer

It is hard to make most of the farmers realize that there is a great possibility of them not being able to get what commercial fertilizer they will require this spring. But never the less it is an absolute fact and the wise farmer will take home his fertilizer soon. As if you wait till spring you may not be able to get any. As even now it is very hard to get what you want as transportation is so bad we have only a few more cars of Basic Slag to sell.

Italians Smash Through the Austrian Lines.

Rome, May 24, via London.—The official statement issued today by the Italian War Office says: "On the Carso yesterday, after ten hours of violent bombardment, the gallant troops of the Third Army assaulted and broke through the well-organized lines of the enemy from Castagnavizza to the sea. While we were heavily engaging the enemy on the left, our troops after carrying enemy trenches in the centre and on the right, occupied part of the area south of the Castagnavizza-Boscomalo road, passed Boscomals and captured Jamiano, the important and strongly fortified heights of Hill 92, one kilometre east of Pietra Rossa; Hill 77, Hill 58, Bagni and Hill 21.

The enemy was at first surprised and nonplussed by the sudden onslaught, but towards evening he counter-attacked in force, supported by an exceptionally heavy bombardment. He was repulsed with severe loss.

"During the day we captured more than 9,000 prisoners, including more than 300 officers.

Dropped Tons of Bombs

"Aerial squadrons, consisting of 130 machines, including a group of seaplanes, dropped ten tons of bombs on the enemy's lines and brought their machine guns to bear on masses of the enemy. Our airmen all returned safely.

"Ten British batteries, which are on our front as evidence of the brotherly co-operation of our Ally, made a large contribution to the artillery preparation. Our naval guns also proved very effective.

"In the Gorizia area our troops repulsed heavy enemy attack, captured a strong point on the northwest slopes of San Marco and after severe fighting made considerable progress in the Monte Santo and Vodice areas."

Pictou Advocate:—The first car load of oranges that ever came direct from California to Pictou, were unloaded this week, and as a result of the direct shipment, we are buying oranges at 17 cents a dozen, against 25 cents the usual price at this time of the year for the quality offered. A wholesale fruit firm is making Pictou a distributing point, finding it the best centre for a population of over 45,000. The freight from California to 95 cents a box, and the shipment took 12 days in coming.

Frightful Losses of German Armies

With the French Armies in the Field, May 22—Since Sunday Germany has lost more than 15,000 men in killed, wounded and missing in the fighting by which the French had today gained full possession of all important points on all dominating crests of the Moronvilliers crest. The figures are those of headquarters. They give an adequate idea of the full extent of the victory achieved in the latest French double advance. General Nivelle's men are now in command of all important points between Cornillet and Teton. They are within half a mile of Moronvilliers itself. From where the French—lines were pushing forward today, there is a clear way down the valley of the Suippe. The new positions were attained after fierce fighting in an advance simultaneously executed by both the eastern and western extremities of the Moronvilliers crest.

Eighty-four Divisions

Paris, May 22—Some idea of the extent of the German losses in the recent Anglo-French offensive in France may be obtained, according to a semi official note, from the fact that while on the Verdun front from February 1916 to February 1917— one year—Germany put into action fifty-six and one half divisions, while she put into action eighty-four divisions on the Anglo-French front this year from April 9 to May 11.

Industrial Trust of Pawtucket

John N. Eaton, assistant manager of the Industrial Trust Company, Pawtucket, R. I., has been elected manager of that institution to fill the vacancy caused by the death of William H. Park. Previous to coming to Pawtucket two years ago, Mr. Eaton was for several years Boston representative of the New York bank house of E. Namburg & Co.

The above is from the Boston Herald and refers to a son of the late Stanley Eaton, Upper Canada, and brother of Mr. Walter E. Eaton. The financial and executive ability of John N. Eaton has won him the important position—Ed.

Companionship

Laugh, and the world laughs with you;
Weep, and you weep alone:
For the sad old earth must borrow its mirth,
But has trouble enough of its own.
Sing, and the hills will answer;
Sigh, it is lost on the air:
The echoes bound to joyful sound,
But shrink from voicing care.
Rejoice, and men will seek you;
Grieve, and they turn and go:
They want full measure of all your pleasure,
But they do not need your woe.
Be glad, and your friends are many;
Be sad, and you lose them all.
There are none to decline your nectared wine,
But alone you must drink life's gall.
Feast, and your halls are crowded;
Fast, and the world goes by:
Succeed, and give, it helps you live,
But no man can help you die.
There is room in the halls of pleasure
For a large and lordly train,
But one by one we must all file on
Through the narrow aisle of pain.
—Ella Wheeler Wilcox.

Four Hundred Persons Lost Their Lives.

London, May 24th.—The British transport Transylvania was torpedoed on May 4 with the loss of 413 persons. The Transylvania was torpedoed in the Mediterranean.

The following official statement was given out today:

"The British transport Transylvania with troops aboard was torpedoed in the Mediterranean on May 4 resulting in the following losses: 29 officers and 373 of other ranks, also the ship's captain, Lieut. S. Brenell and one officer and nine men of the crew."

The Transylvania an Anchor Line steamship of 14,315 tons gross, has been in the service of the British Government since May, 1915, when her sailings were cancelled. There have been no recent reports of her movements. When she was first taken over by the British Government she was engaged in transporting troops to Gallipoli. The Transylvania was built in 1914. She was constructed especially for passenger traffic between New York and Mediterranean ports. She was 548 feet long and had accommodation for 2,450 passengers.

Theatre Tax Now in Force

The new theatre tax went into effect Monday of last week. The law provides that every person attending a performance at a theatre shall upon each admission thereto pay for the use of Nova Scotia, a tax to be collected as follows:— Upon each admission where the admission fee is not more than 25 cts., a tax of one cent. Upon each admission where the admission is more than 25 cents, a tax of two cents. This means that every person attending the pictures now will be obliged to pay to His Majesty, a war tax of one cent. This is a direct tax upon the people and not upon the theatre. This tax is to be paid at the ticket office of the theatre and collected each week by the government.

American Poultry Association Suggestion

More food this year is patriotism. Poultry offers the quickest method of meat production. Don't kill a laying hen. Market all surplus males. Town folks are urged to keep a dozen hens in the backyard. A piano box will make a sufficient house. Feed the table scraps, lawn clippings and Garden waste.

It takes 10 people outside the trenches to keep one on the firing line; if you are past the age of enlistment do your bit in the garden and poultry yard.

People of the cities, towns and suburbs can easily maintain a home supply of laying hens at little cost, and for egg production are advised to keep no dead-headed males. After the hatching season a male bird becomes an additional cost.

On farms the production of poultry is largely a by-product. Poultry consumes bugs and insects which usually menace the farmers crops—and all have a food value. Poultry will consume seeds, weeds, grass, scattered and wasted grain after harvest, and under farm conditions produce the cheapest of all meat products.

Closing of Acadia Villa School

Hortonville, N. S., May 24 The closing exercises of Acadia Villa School, Hortonville, took place on Tuesday evening, May 22nd, in the Assembly Hall of the School, which was decorated with flags. The hall was filled with an appreciative audience. Friends of the students were there from Amherst, Halifax, Cambridge, Kentville, Wolfville and elsewhere—several auto loads coming from Hantsport. A good programme was rendered. An essay on David Lloyd George by J. Allison Cox, and one on Aircraft, by C. Haliburton Silver, were well prepared and very interesting. The latter contained extracts from a letter from an old Acadia Villa student, now distinguishing himself in the flying corps in France. A cornet solo, "The Perfect Day," by Earl Kirkpatrick, elicited hearty applause. A Trio, by the Misses Fullerton and Borden and C. H. Silver, accompanied by two violinists Misses Stuart and Hockin, was another very pleasing number. The Grand Pre ladies quartette, Mrs. Trenholm, Misses Eaton, Stuart and Coldwell, always popular, gave two numbers. The first "The Rosary," was rendered very pleasingly "Seein' Things at Night" gave great pleasure to the boys. They remembered that the quartette "brought down the house" with "The Goblins 'li git you" at last year's closing. They were expecting something good and were not disappointed. Mrs. Stuart Trenholm, the Misses Doris Eaton and Gladys Kennedy sang very delightfully, and regrettably were heard that encores were prohibited on account of the length of the programme. The last number was a duet, "Robespierre" played very effectively by Miss Hockin and her pupil Miss Eagles.

The principal reported that the year just ending had been a most successful one. The principal then called upon Mrs. Patterson to present diplomas to four young ladies, Misses Reid, Murray and Newcombe, of Hantsport, and Miss G. L. Rathbone, of Hortonville, who had completed the course in short hand and typewriting. Mrs. Patterson thanked the young ladies in fitting terms for the beautiful bouquet of carnations, sweet peas and fern that they presented to her and commended them for their diligence and faithfulness during the year. Addresses were given by Rev. A. Hockin, Dr. Chipman and J. Howe Cox.

Minard's Liniment Cures Burns, etc.

A cargo of 10,000 shark skins which will be used instead of leather in shoe manufacturing, arrived in New York lately on a ship from Cuba. Experiments with these skins are said to have produced satisfactory results.

Minard's Liniment Cures Burns, etc.

Had Ship's anchor fall on my knee and leg, and knee swelled up and for six days I could not move it or get help. I then started to use **MINARD'S LINIMENT** and two bottles cured me.

Companionship

Laugh, and the world laughs with you;
Weep, and you weep alone:
For the sad old earth must borrow its mirth,
But has trouble enough of its own.
Sing, and the hills will answer;
Sigh, it is lost on the air:
The echoes bound to joyful sound,
But shrink from voicing care.
Rejoice, and men will seek you;
Grieve, and they turn and go:
They want full measure of all your pleasure,
But they do not need your woe.
Be glad, and your friends are many;
Be sad, and you lose them all.
There are none to decline your nectared wine,
But alone you must drink life's gall.
Feast, and your halls are crowded;
Fast, and the world goes by:
Succeed, and give, it helps you live,
But no man can help you die.
There is room in the halls of pleasure
For a large and lordly train,
But one by one we must all file on
Through the narrow aisle of pain.
—Ella Wheeler Wilcox.

Ottawa, May 25th. — A memorandum from the Minister of Militia, last night says: There will be held in Westminster Abbey at London on July 2nd, a solemn service in commemoration of the semi-centennial of the Dominion, and also in memory of the Canadians who have fallen in the war. OBITUARY

Obediah Young, formerly of Lake Paul, Kings Co., passed away last December at the home of his daughter in Grendale, Mass., aged 79 years. The body was brought in an air tight metallic casket to Morristown, N. S. and on May 11th was laid beside his wife in the family plot in Morristown cemetery.

Mr. Young is survived by eight sons and two daughters all of whom reside in Massachusetts, except Frank of Aylesford and Harris who lives in Lake Paul. Mr. and Mrs. Young lived most of their lives at Lake Paul where they were most hospitable to passersby. Owing to advancing years the parents yielded to the wishes of their children and removed to Grendale, Mass., where they lived very happily. Several of the sons have for years been engaged in the ladder business and have been evidently successful.

The funeral service was conducted by Rev. L. F. Wallace of Annapolis Royal and was attended by many old friends who held Mr. Young in high esteem.

To the bereaved sons and daughters much sympathy is extended. They are comforted now by the thought that they made the closing years of their father bright by many manifestations of their love and affection. "Blessed are the dead who die in the Lord."

She had been in delicate health for sometime but was not considered serious until Tuesday morning. Dr. Shaw was immediately summoned and all medical aid and loving care could do was done until death released her from her sufferings. C., and daughter Florence L. of Victoria, B. C., also an aged father Mr. George DeWitt of Peregau, three brothers and four sisters all of whom have the sympathy of a large circle of friends. See had gradually her strength waned away until the call came to leave all earthly cares and suffering.

Mrs. Kilcup was formerly Miss Mahoney from Cork, Ireland. Coming to America she married Henry Mosher of the Nova Scotia family of that name and they resided many years at Bridgeport, Conn., about 24 years ago Mr. and Mrs. Mosher moved to Hants County where they resided many years, Mr. Mosher dying in 1907. Deceased married Mr. Kilcup for her second husband. A few years ago Mrs. Kilcup and family moved to Kentville.
