THE NEW TAXES ON LUXURIES

A Summary of the Items Submitted at Parliament

OTTAWA, May 18.—The following is a summary of the taxation proposals submitted to parliament by the minister of finance this afternoon:

MOTOR CARS—Excise tax on Canadian manufactured and imported cars increased from 10 to 15 per cent.

SALES TAX—One per cent on the sale of all manufacturers, wholesale dealers, jobbers or importers (not retailers.) This tax not to apply to large list of essential food stuffs, cattle foods, anthracite, or bituminous coal or to goods exported.

STAMP DUTIES—Existing tax on cheques continued, but rate increased on bills of exchange and promissory notes, two cents for bills of \$100 or less, and two cents for each additional \$100, or fractional part thereof.

STAMP DUTIES ON PATENT MEDICINES, etc.—Henceforth to be affixed by manufacturer or importer instead of retailer as now.

FILM TAX OF FIFTEEN CENTS A FILM—For each day used abolished, because of inequality of incidence, as between small and large theatres. All the above taxes are effective from the 19th instant.

INCOME TAX

By last year's legislation, income taxes payable this year on 1919 income were very substantially raised. A further general addition to these taxes of five per cent is now added, on incomes of \$5,000 and up, to be effective this year.

In future, income tax returns must be accompanied by a check for at least twenty five per cent of the whole of the amount estimated to be payable. If paid in installments, interest at six per cent is to be charged and payment in full is required within six months after return is made, by means of three equal bi-monthly installments. Heavy penalties are provided for incorrect returns.

BUSINESS PROFITS

Present business profits tax is modified by increasing the exemption allowed from seven to ten per cent, and changing the schedule of taxation to the following:

On profits in excess of ten per cent on capital, but not exceeding fifteen per cent, tax will be twenty per cent.

On profits in excess of fifteen per cent on capital, but not exceeding twenty per cent, tax will be thirty per cent.

On profits in excess of twenty per cent on capital, but not exceeding thirty per cent, tax will be sixty per cent.

On profits in excess of thirty per cent on capital, tax will be sixty per cent.

For small business with capital of not less than \$25,000 and under \$50,000, twenty per cent on all profits exceeding ten per cent will be taken, instead of twenty-five per cent, as at present.

Under legislation of last year, the maximum scale of business tax is in effect this year, and the modified tax will apply to 1920 profits taxable in 1921.

LUXURY TAX

Ten per cent, of the total purchase price on boots and shoes costing over \$9 a pair, men's and boy's suits costing over \$45 each, men's and women's overcoats over \$50 each, fur coats and robes over \$100 each, women's dresses over \$45, women's suits over \$60 and on hats, hose, neckwear, shirts, purses and gloves costing above certain specified figures, as well as on some other wearing apparel, all fans, opera cloaks, ivory handled cutlery, cut glassware, velvet and silk fabrics, lace ribbons, silk embroideries and sporting goods, on trunks over \$40 each, and valises,

suitcases, etc. over \$25 each. This tax to be paid by the purchaser to the vendor at time of sale.

Ten per cent on pleasure boats, yachts, canoes and motor boats, cameras, candy and confectionery, chewing gum, fire arms, shells or cartridges, pianos, organs, musical instruments and plated ware adapted for household use. This tax payable at the time of sale by Canadian manufacturers or when imported.

TWENTY PER CENT of total purchase price on such articles as cigar and cigarette holders and pipes costing over \$2.50 and other equipment for smokers, hunting shooting and riding garments, fancy pocket knives, gold, silver ebony and ivory toiletware; jewelry, articles of silver adapted for household or office use, fur wearing apparel (except as mentioned above) liveries, oriental rugs, expensive carpets and curtains and chandeliers. This tax payable by the purchaser at the time of purchase.

TWENTY PER CENT on player pianos, gramophones and mechanical musical instruments and records used therewith.

FIFTY PER CENT on articles of gold for household use.

Later two taxes being payable at time of sale by manufacturer or when imported.

Playing cards, twenty-five cents a pack on cards selling at wholesale rates not over \$25 per gross, and 50 cents a pack on cards above \$25 per gross packs.

BEER, WINES AND SPIRITS—Increase in excise duties on beer of 30 cents a gallon, non-sparkling wines, thirty cents a gallon, spirits, \$2 a gallon, and on sparkling wines \$3 a gallon.

Luxury taxes to take effect May 19.

FIVE BUILDINGS DESTROYED

Big Forest Fire Near Village of Albany, Annapolis County

The big forest fire which started on Tuesday last week near the village of Albany Annapolis County, situated south east from Bridgetown, is now said to be about extinguished. Five buildings have been destroyed as follows: The Alpeana railway station on the Halifax and South Western Division of the Canadian National Railway, barn and cook house belonging to the Davis Lumber Co. and two dwelling houses. It is reported that fifty men were engaged in fighting the flames.

FATAL SHOOTING AT SAULNIERVILLE

Mrs. Joseph Saulnier Was Killed by Accidental Discharge of Gun

DIGBY, N. S., May 24.—Mrs. Joseph Saulnier is dead at her home in Saulnerville as the result of a shooting accident yesterday. Her husband was showing a gun to a friend when he let it fall. As soon as it struck the floor it discharged, and the charge entered Mrs. Saulnier's limbs below the knees, completely shattering them. Local doctors amputated the limbs, but the shock and loss of blood proved too much, and she died a few hours later. She was about 25 years old.

D. A. R. NEWS

The D. A. R. station at Kentville is being greatly improved with the large extension to the accounting audit and traffic department nearly completed. The new paroid roof and painted outside, which tends to a greatly improved appearance. The new restaurant in connection is also nearing completion, and will prove popular with those travelling and otherwise. A lot of work has been done at The Pines Hotel, Digby, during the winter but more has to be done before the season opens. Twenty five more carpenters are wanted at once. Shingles for the new Digby station started last Thursday. Abscess shingles in red and grey are being used.

I. O. O. F.

Bear River is shortly to have a Rebekah Lodge. It is reported that an Encampment will probably be instituted in Digby. The Zelma Rebekah Lodge Digby, will have its first degree work tomorrow (Thursday) evening. There will be two candidates from Digby and two from Bear River.

WAVE OF PRICE CUTTING IN U.S.A.

Retailers Making Reduction of Fifteen to Fifty Per Cent

The price slashing movement appears to have struck New York A despatch says: Afternoon newspaper carried advertisements inserted by many of the leading department stores reading:

"Reductions of \$23.50 to \$70.00 in women's high class capes, capewraps and wrap coats."

"Fifty percent off on our entire stock of children's and misses' hats."

"At less than cost—remaining stock of spring dresses."

Meanwhile the C. F. Hall became the scene of a public hearing on high prices. The joint legislative committee which investigated radicalism in this State, and which has held two closed sessions on the subject of profiteering as a cause of social unrest, today flung open its doors to the public. A number of prominent sugar brokers were examined.

BIG CUT IN BOSTON

BOSTON, May 19.—Price reductions ranging from fifteen to fifty per cent were advertised today by various retail stores. Most of the reductions were in clothing but one large department store announced a reduction of twenty five per cent in lines of cottons, blankets, linens and other goods. A store specializing in women's clothing displayed window cards proclaiming that everything was cut one half price.

KANSAS CITY, Mo., May 19.—

The bankers of the United States are determined there shall be no more \$25 shoes and \$150 clothes, Richard S. Hawes, St. Louis, President of the Bankers Association told the annual convention of the Missouri Bankers Association here yesterday. He urged the bankers to refrain from lending money for speculation.

YOUNGSTOWN, Ohio, May 19.—

A reduction of twenty per cent in prices of nearly all goods was announced today by one of the large downtown department stores.

SOME BIG REDUCTIONS

OMAHA, Neb., May 19.—Auto dealers and dentists today announced material reductions in their prices while among the large department stores all but one had placed on sale their entire or greater portion of their stocks at discounts ranging from twenty to fifty per cent. Several shoe dealers also announced discounts of one fifth of the selling price. Several dentists advertised a twenty-five per cent reduction on all charges.

FRESNO, Calif., May 19.—General reductions on silk goods of twenty to twenty five per cent were announced by retailers in advertisements published today.

CHEYENNE, Wyo., May 19.—Reduction of fifteen per cent on the prices of all dry goods and clothing effective today was announced by one merchant here.

DENOUNCED CAMPAIGN

CHICAGO, May 19.—With the wave of price cutting in wearing apparel continued today to sweep the country, merchants in several cities denounced the campaigns as a futile step toward reducing high prices and predicted that the movement would be short lived and result in higher prices later.

Banks were reported to have notified importers and dealers in luxuries, articles of wearing apparel and manufacturers of so-called non-essentials, that only moderate financial accommodation could be expected now.

The price cuts were largely confined to wearing apparel, but a spread of the movement to other lines was indicated by the action of Omaha dentists in reducing the price of dental work.

In St. Paul, where marked price reductions were announced, the largest wholesale millinery concern in

the northwest stated it would open its doors to retail trade and dispose of a \$1,300,000 stock at prices 50 per cent below those now prevailing. One large men's furnishings establishment which operates stores in several cities, announced a general reduction of 15 per cent.

PRICE CUTTING WAVE IN RETAIL CLOTHING LINES

CHICAGO, May 18.—A wave of price cutting in retail clothing coats reaching from the Mississippi Valley to the Pacific coast was reported today. Despatches from twenty four cities in that territory told of promised reductions in these necessities ranging from fifteen per cent to minus profit.

Financial authorities here said that the indications were that the price decline would be limited to ready-to-wear clothing, principally women's garments and silks. Shoes were in the list affected.

Tight money and inadequate transportation facilities were cited among the prime reasons for the mercantile movement. Delays in delivery of goods in which much money had been tied up, together with inability of farmers to get grain and livestock to market were said in many instances to have worked a hardship on merchants.

ANAEMIA ROBS ITS VICTIMS BY STEALTH

Conditions of Thin Blood That Could be Corrected Easily Are Stealing the Health and Energy of Many Men and Women, and Boys and Girls.

Anaemia, which literally means bloodlessness, is one of the most prevalent troubles of the present day. If neglected it is apt to develop into pernicious anaemia, one of the most hopeless diseases. While anaemia attacks men and boys, it is more prevalent among young girls and women, and for this reason every woman, particularly every mother, should know how to recognize the signs of this trouble which makes its approach so gradually and so stealthily that it is often far advanced before the nature of the trouble is noticed. One general symptom of anaemia is pallor. The cheeks gradually lose their color, and the lips become pale or white.

TIVERTON MAN KILLED IN BOSTON

Llewellyn Blackford, who was killed Saturday night at Lyde Park, Mass., when his motorcycle skidded and struck a telegraph pole, was born at Tiverton, N. S., and the remains arrived Wednesday from Boston and were forwarded there for burial, the funeral taking place that afternoon. His widow and brother accompanied the remains.

RHEUMATISM FOR
OVER 16 YEARS

No Return Of The Trouble
Since Taking "Fruit-a-lives"

103 CHURCH ST., MONTREAL.
"I was a great sufferer from Rheu-
matism for over 16 years. I consulted
specialists; took medicine; used
lotions; but nothing did me good.

Then I began to use "Fruit-a-lives",
and in 15 days the pain was easier
and the Rheumatism much better.

Gradually, "Fruit-a-lives" overcame
my Rheumatism, and now, for five
years, I have had no return of the
trouble. I cordially recommend this
fruit medicine to all sufferers."

HOW YOU CAN TELL
GENUINE ASPIRIN

Only Tablets with "Bayer Cross"
are Aspirin—No others!

There is only one Aspirin, that marked
with the "Bayer Cross"—all other tab-
lets are only cheap imitations.

Genuine "Bayer Tablets of Aspirin"
have been prescribed by physicians for
nineteen years and proved safe by mil-
lions for Pain, Headache, Neuralgia,

Colic, Rheumatism, Lumbago, Neuritis.
Handy tin boxes of 12 Tablets—also
larger "Bayer" packages, can be had
at any drug store. Made in Canada.

Aspirin is the trade mark (registered
in Canada) of Bayer Manufacture of
Monoaceticacidester of Salicylicacid.

While it is well known that Aspirin
means Bayer manufacture, to assist the
public against imitations, the Tablets of
Bayer Company, Ltd., will be stamped
with their general trade mark, the
"Bayer Cross."

One of the most conspicuous land-
marks in the country is the new
chimney at the plant of Clarke
Brothers, Limited, at Victoria Bridge.
Built of light colored brick it can be
seen from a long distance. It is 165
feet high, one of the highest in
western Nova Scotia.

WHAT GOOD
ROADS MEAN

We Need Better Roads in the
Province of Nova Scotia

While there may be some difference
of opinion as to what kind of roads
we require, or how we are to get the
necessary finances needed to build
these roads, yet there is no difference
of opinion that we need better roads
in Nova Scotia.

Good roads benefit a community by
making travel quick, safe and com-
fortable. They extend neighborhood
limits, bring more people into personal
touch with each other, increase social
opportunities and remove the mon-
otony of isolation. They bring great-
er content to the youth on the farm,

make city and country near neighbors,
reduce illiteracy by increasing school
attendance, and thus develop a broad-
er knowledge of life and higher stand-
ard of living. Permanent roads are
giving an ever-increasing share of
service in providing safe, dependable

highways for heavy motor truck
traffic, relieving railroads of much
short haul, lessening terminal conges-
tion, and in these ways making the
handling and shipment of supplies
urgently needed both at home and
abroad much easier.

Permanent roads make daily rural
mail delivery a fact. Every home in
with political, financial, industrial and
the community is put on a new wire
trading centres of the world. The
best thought in every line of en-
deavor is transmitted daily to the
communities served by a net-
work of well surfaced roads. The
permanent road saves more than it
costs. It is open to maximum traffic
all the year. It brings greater free-
dom and ease all around in essential
travel and transportation. It per-
manently increases land values.

But the need is for more good roads
permanent roads that will bring these
benefits with them and leave disastrous
draw backs behind roads that will not
bankrupt the community with a heavy
maintenance expense. There is al-
ways this fact to be remembered:
While the initial expense of a good
road may seem heavy, its upkeep is
considerably less than that of a poor
road, which stands in need of constant
repair, and in the long run an ex-
pensive road may be the cheaper of
the two.

PERMANENT ROADS MEAN
The enthusiasm with which Ameri-
cans follow the fortunes of their
favorite baseball teams during the
summer months culminates in fanat-
icism at the time, when the
leading teams of the two rival leagues
contest for the championship. This
spirit has extended even in the church
and the Rev. Mr. M. Millan, of the
Presbyterian Church in Cincinnati,
Ohio, asked all loyal supporters of
the City National League team to
join him in prayer for the success of
their favorites. He asked the Lord
to grant "Speed, control, and decep-
tive curves to pitchers, frequent and
timely hits to batters, blessings to
Pat Moran, the manager and good
health and safety to all the players."

The above paragraph is from "The
Witness," published at Belfast, Ire-
land, Sept 19, 1919. It is certainly a
gem.—Can you beat it?

rimonial engagement should be fined

SHE ONLY WEIGHED
NINETY-FIVE LBS.

is Enjoying Better Health Than She
Has in Past Ten Years.

"I am not only enjoying better
health than I have in ten years, but
I weigh more than I ever did in
my life," said Mrs. Lillie Bowser who
resides on Pine St., Dartmouth, N. S.,
the other day.

"When I began taking Tanlac I
only weighed ninety-five pounds, but
now I weigh one hundred and ten
pounds, making a gain of fifteen pounds.
I remember well it was in 1900 that my
health broke down, and what I have
gone through since then only my
neighbors and close friends can tell.
My nerves were in a fearful condition
and I became excited and irritated
at little noise that I had always been
accustomed to. I didn't relish a bit of
food and it was a rare thing for me to
ever eat breakfast at all, and my
digestion was so bad that I was in
misery day and night. I was con-
firmed dyspeptic and I suffered
with an empty feeling in my stomach
that made me so weak I thought I
would faint. It was almost impossible
for me to rest well and in the morn-
ings I was so tired I simply dreaded
to get up. I lost weight until I
was as weak as a rag and it
was an effort for me to get around
the house.

"So many people here had been
taking Tanlac and were so highly
pleased with it that I began taking it
myself. I am overjoyed at my re-
covery and it seems like a dream that
after all these years I am now per-
fectly well in every respect. I can
hardly get enough to eat now, be-
cause I am hungry all the time and
everything tastes good and agrees
with me perfectly. For I never have
a sign of indigestion any more. That
empty feeling in my stomach has gone
and my strength has all returned
until now I can do my housework
with the greatest ease. I am not
nervous in the least, sleep like a
baby and am just simply feeling
better in every way that I have in
many years. I am recommending
Tanlac to all my friends for I am
convinced it is a medicine that will
disappoint no one who takes it."

Tanlac is sold in Bridgetown by S.
N. Wear and in Middleton by Clifford
A. Mumford and in Bear River by L.
V. Harris.

FARM LABOUR

Extract from New England Crop Re-
port of April 10, 1920

"The supply is 35% to 45% less
than normal and 10% to 20% less
than a year ago. Farm labour wages
are 10% to 15% above a year ago,
and about 115% above prevailing
rates in 1910. The movement of
population, both of floating labour
and of farmers, is to industrial
centres, the drawing power being
wages much higher than farmers can
generally afford to pay, shorter hours,
more attractions, diversions and
amusements, aided often by the feel-
ing that it is a losing struggle to
operate the farm longer, trying to
keep up production. The disposition
among many persons in cities and in
industrial centres to lessen produc-
tion; to forget their duties to society
as a whole, and the advocacy of
policies that hamper and discourage
the farmer, are having their certain
effect of reducing crop production.
These conditions, the indifference and
independence of labour, have
forced numbers of market gardeners
throughout New England to reduce
their acreages or to go out of busi-
ness, while driving many general
farmers to give up crops requiring
extra labour. Farmers intend to hire
a minimum of labour, to exchange
work among themselves, or to make
the family labour meet the need.

Fertilizer receipts are reported
considerably behind time and threat-
en serious interference with plantings
More machinery will be used, includ-
ing autos generally, tractors in suit-
able regions and trucks for market-
ing. The troubles that beset the
farmer are but incidental to the
struggles attendant upon the gener-
al economic readjustment, but urban
and industrial populations should
see their relation to and their
dependence upon the farming in-
dustry. The farmer's prosperity is
the basis of theirs; he is the source of
their food supply."

LENGTHY WIND UP

A young man was waiting for a
young lady at the Church door.
"Isn't the sermon nearly done?" he
inquired of the vergor.

"No sir; another hour of it yet. He's
only on his "lastly."

"But will it take him an hour to get
through his "lastly"?"

"No sir," was the vergor's demure
reply; "but there's the 'one word more
and I am done,' and the "finally," and
the "in conclusion, to come yet."

NEEDS \$500,000 TO
CARRY ON WORK

Salvation Army Will Have the Good-
Will and Admiration of All

The Salvation Army appeals for
half a million dollars to enable it to
carry on and to extend its work. In
this it will have the good will and
admiration of all who care for ardu-
ous work zealously undertaken, what-
ever their rank of their race. China,
India, Africa, America, England and
Central Europe will hope for the
success of this Appeal as strongly as
will Canada. That is a great hold on
mankind for any movement to have
secured in half a century. It is the
more remarkable when it is re-
membered how dark, in the material
sense, were The Army's early days
how the discreet deplored the crude
simplicity of its appeals and how the
garishness of its methods, and how
the hooligan element in the
slums where it worked even organized
counterbodies to wreck its meetings.

Its triumph has been based on
qualities that must always command
the admiration of mankind—a trem-
endous zeal, an unquestioned sincer-
ity, and an infinite charity which takes
no account of race, creed, social
standing, or moral failings. These are
the principles that have inspired The
Army's work. In latter years it has
stood for much more than a crudely
emotional appeal to the sinner—to
be a "better man." It has gathered
round itself a vast plan of social re-
form in which Hospitals, Dispensaries,
Day-schools, and Leper Settlements
have their part. It is for the exten-
sion of this work that The Army
makes this large claim on the
support of the nations. We believe
that it is amply justified.

ZACHEUS PHINNEY

Mr. Zachaeus Phinney, died at his home in Paradise Sunday morning, aged 72 years. Mr. Phinney had been in ill health for the past two years. He had been a member of the Bridgetown Baptist Church since his boyhood and his death will be keenly felt by his relatives and a large circle of friends. He is survived by a widow, four sons, J. C., B. P., A. W., of Paradise, and Rev. H. H., pastor of the Baptist Church at Wood's Harbor, and one daughter, Mrs. Judson Shaw, of Windsor Forks. He also leaves three brothers, Avar, of Boston, Wesley, of Bear River, and W. H., of Lawrencetown. Funeral took place yesterday afternoon with interment in Riverside Cemetery, the services being conducted by Rev. M. S. Richardson, pastor of the Bridgetown Baptist Church. The pall bearers were the four sons of the deceased. The MONITOR extends its deepest sympathy to the bereaved ones.

MRS. WM H. BUCKLER

The death of Matilda, wife of Wm H. Buckler occurred Tuesday, May 11, at her home, in Annapolis Royal after a long illness, at the age of 62 years, leaving a husband and three daughters, Mrs. J. M. Harris Annapolis Royal; Mrs. A. M. Blackburn, of Hoiden, Alberta, and Mrs. A. W. Eckert, of Morsemere, New Jersey. The funeral was conducted on Thursday by Rev. T. C. Mellor, with interment at Woodlawn Cemetery. Deceased was a native of Newfoundland and highly respected. One brother, Mr. Sheppard, of Halifax, was among the out of town people who were present at the funeral.

WILLIAM FORD

The death of William Ford took place at the home of his daughter, Mrs. Henry Apt, at Victoria Beach, on May 12th, after a brief illness. He was 103 years old. He was born in Essex, England and went to Gloucester, Mass. at the age of fourteen. Later he married and went to Victoria Beach where he has resided ever since. His wife predeceased him 24 years ago. The funeral was held on Friday, May 14th, with interment in the Baptist cemetery. The service was conducted by Rev. Mr. Patterson, of Granville Ferry.

THE ANAPOLIS VALLEY LEAGUE

As reported in our last issue, the executive of the Annapolis Valley Base Ball League met here Monday afternoon May 17th to draw up a new schedule. With the admission of Berwick the league now include six clubs which were represented at the meeting by the following men: Kentville, Dr. W. A. Cort, Berwick, R. H. Creighton, Middleton, Fred Fisher, Loring Andrews, Bridgetown, Fred E. Bath, J. H. McLean, Annapolis, Reg. Buckler. By the new schedule the opening games will be played on June 2nd and the final games on Aug 4th. The schedule was published in last week's MONITOR.

POPULAR AMUSEMENT

There is perhaps no more popular amusement these days than the "movies", and generally speaking, it is an innocent and interesting pastime to while away an hour at such places. The management of our local theatre always endeavor to give their patrons something worth while—and generally succeed. Of course that doesn't mean to say that the same picture pleases everybody, people vary in their tastes. Then again, it is just possible that occasionally some picture is not up to the standard the film producers claimed for it—that's not the fault of the local management. But usually, the best pictures produced are exhibited here, and these are appreciated as shown by the ever increasing patronage of the popular Primrose theatre.

AN INTERESTING MEETING

An interesting meeting under the auspices of the Women's Institute was held in the Board of Trade rooms last Friday afternoon to listen to an interesting address by Miss Baker, assistant rural director of supervised playgrounds in connection with the Normal School at Truro. Members of the School Board and other gentlemen were present. Among the other speakers were Mr. John T. Archibald, principal of the Bridgetown Schools, and Chief Police Gill. Refreshments were served, and a very pleasant and profitable afternoon was the result of Miss Baker's visit to Bridgetown.

FOUR TRIPS PER WEEK

Tourist travel, from indications, will be very large this season and will tax the steamers to their full capacity. The four trips a week service will begin in June and the daily service at the end of that month. During June it will be carried on by the Prince Arthur and Prince George, the former leaving Yarmouth on Tuesdays and Fridays and the latter on Wednesdays and Saturdays. The other two sailings will be from Boston at 2 p. m. Mondays, Tuesdays, Thursdays and Fridays and from Yarmouth at 6.30 p. m. Tuesdays, Wednesdays, Fridays and Saturdays.

THEY DESERVE IT

Postmasters are out for a raise in their pay, which is all rights and perfectly natural as things go today. Upon their integrity and faithfulness depends everything in the way of business. The rates have increased little if any for many years past and their work has been vastly augmented besides in many cases being seriously handicapped. No sensible person will begrudge them as fair a compensation as the government can allow.

VICTORIA DAY IN BRIDGETOWN

Victoria Day was observed in Bridgetown as a regular holiday, places of business being closed. A number of people spent the day out of town and a large number also attended the ball game on the B. A. A. grounds where the home team defeated Berwick, the score being 7-10.

WHERE OUR PAPER IS GOING

The steamer Halecuss, which sailed Wednesday morning for South American ports from St. John carried away the largest cargo of newspaper paper that ever left a Canadian port. Included in her cargo was eighty-four tons of newspaper and writing paper.

The tern schooner Mildred M. White sailing from Parrsboro has been sold by her owner, Adam B. MacKay, of Hamilton, Ont., to parties in London, Eng. to be used by them in the African nut trade.

Mail Contract

Separate sealed tenders addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 18th June, for the conveyance of His Majesty's Mails, three times per week between

B-H PAINT

LOSS from paint-neglect is vastly greater than the cost of paint-protection. But it is to be noted also that the real cost of using ordinary paint—however cheap it may be—is vastly greater than that of painting with a pure and durable paint such as

B-H PAINT "ENGLISH" 70% Pure White Lead (Brandram's Genuine B.H.) 30% Pure White Zinc 100% Pure Paint

If you would avoid constant repainting—if you would have the paint that has maximum covering-capacity, investigate the cause of the high reputation attained by B-H. You'll find that the favor in which it is held by so many experienced painters is due to a truly remarkable degree of purity—a purity attained by using such ingredients as the famous Brandram's Genuine B.B. White Lead—together with pure zinc and the purest linseed we know how to make in our own splendidly equipped mills. Your investigation will result in a trial of this brand—and that trial will make you a confirmed adherent of this paint that goes so far and that lasts so long. Its fine, smooth surface never cracks or peels—the tough, air-tight coat it gives affords the surest kind of surface-protection against time and weather.

AN IMPORTANT DISCOVERY

Manganese Mining Industry Established Aylsford

The Aylsford Manganese Mining Company, Ltd. is a new organization established by prominent Annapolis Valley business men to develop what is believed to be important deposits of manganese discovered near Aylsford. The property, consisting of 320 acres, is located at the base of the South Mountain three miles south of the Auburn Railway Station on the Dominion Atlantic Railway.

A shaft has been sunk on a lead of ore to the depth of about 25 feet. The lead is four feet wide in the widest place, and ore has been traced on the surface to the extent of four hundred feet and crops out in various other places on the property. Samples of this ore sent to Dalhousie University and reported upon by chemists, give 56.5 per cent metallic manganese, which equals about 84.5 per cent peroxide and is considered a high grade ore suitable for chemical purposes. It requires only 45 per cent metallic manganese to manufacture Ferro-manganese. This product is used and is really necessary in the manufacture of steel. Higher grades are used in the preparation of medicines, in the coloring of glass, and also as an oxidizing agent.

Ferro-manganese is worth \$160.00 per ton and the market is strong. The higher grades are worth much more.

W. F. Jennison, a prominent mining engineer and expert on manganese has examined the property and his report thereof is very favorable.

There are now constructed on the property a first class timbered shaft and shaft house, a bunk house, tool house and a building for the storing of explosives. The Company aims at further developing the mine forthwith by installing a 25 H.P. boiler, a steam pump and other equipment.

The authorized capital is \$20,000 in two thousand shares of \$10 each par value.

RECEPTION AT FACTORY DALE

On Friday evening, April 23rd, a reception was held at the home of Mr. and Mrs. Ross McNeil, Factorydale, following the recent marriage of their daughter, Margaret Olive, to Mr. Edward Thomas Johns, of Cranville.

The bride and groom who had just returned from Halifax, where a part of their honeymoon had been spent, received the congratulations of a very large number of friends who gladly assembled in the tastefully decorated rooms, bringing many beautiful gifts of silver, cut glass, china and linen as tokens of regard. Generous amounts in cash were also received from the bride's parents and others.

Delicious refreshments served in variety and abundance were an added good cheer to a most enjoyable evening.

The serenade, perennial as "Hope," made the night hideous for a short while, subsiding after a generous treat.

The dress worn by the bride was of brown messaline silk and georgette.

The groom served in the late war and was wounded in the battle of Arras. He now holds a position in the employ of the D. A. R., and is much esteemed by his associates.

The bride will be greatly missed in her home and community, but will be followed to her new home in Kentville by the good wishes of all her friends.

SOME HENS

"Talking of hens," remarked the American visitor, "reminds me of an old hen my dad once had. She would hatch out anything from a tennis ball to a lemon. Why, one day she sat on a piece of ice and hatched out two quarts of hot water."

"That doesn't come up to a club-footed hen my mother once had," remarked his companion. "They had been feeding her by mistake on saw-dust instead of oatmeal. Well, she laid 12 eggs and sat on them, and when they hatched 11 of the chickens had wooden legs and the 12th was a woodpecker!"

BALD-HEADED CHEMIST

A Scotchman went to London for a holiday. Walking along the streets he noticed a baldheaded chemist standing at his shop door and inquired whether he had any hair restorer.

"Yes, sir," said the chemist, "step inside, please. Here is article I can recommend. I have testimonials from great men who have used it. It makes the hair grow in 24 hours."

"Aweel," said the Scot, "ye can give the top o' your head a rub wi' it and I'll look back the morn an' see if ye're tellin' the truth."

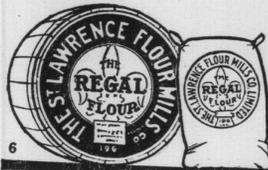

The chemist returned the bottle to the shelf and kicked the errand boy for laughing.

Triplex Springs

Take the Jolts Out of Canada's Rough Roads

To appreciate fully what an improvement Triplex Springs are, you must ride in the Overland and see what they do.

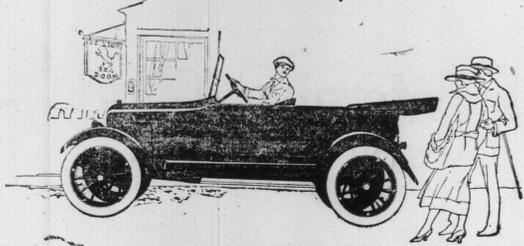

To light weight and economy of 100-inch wheelbase they add the steadiness and road flexibility of 130-inch Springbase.

It is a new sensation to ride in a light weight car with the com-

fort formerly confined to the heavy car of long wheelbase.

—To be relieved from nerve-racking jolts and to go confidently ahead over rough roads at a good roads' speed.

The made-in-Canada Overland is a striking example of the new strides being made by Canadian industry.

MORE YARD ROOM FOR ST JOHN

ST JOHN, May 18—As a result of conferences here yesterday by F. P. Brady, General Manager of the Canadian Government Railways, it is expected that additional yard room for 1100 cars will soon be provided. The matter will involve changing the course of the marsh creek, which runs alongside the railway property.

ST. JOHN EXHIBITION

The First Big Show in the City Since 1914

The St. John Exhibition Association is again going to hold a show and has fixed its dates at September 4th, to 11th inclusive. This will be the first Exhibition to be held in St. John since 1914 as the Exhibition plant has for the last five years, been employed for military purposes. The Militia Department have just handed back the plant and have also paid over a substantial amount to offset the damage done by their occupation, so that the Association is in a position to expend more money than is usually the case, and therefore expects to make this year's

show a distinct success in every way. In addition to some splendid free acts in front of the Grand Stand contracts have been entered into that will make the Midway a more elaborate affair than ever. These contracts include some seven riding devices and about fifteen big tent shows; in fact, the Midway will, this year, resemble a first class Summer Carnival rather than the "fakir's row" of former years.

The 1920 "Maxwell"

Is a car you would be proud to own, beautiful lines and finish. Exceptionally easy riding. Very powerful and quiet motor, and upkeep is low. Many features found in this car are usually only found in cars at much higher price.

Write for catalogue, giving full particulars. A demonstration given on request.

A New Character

When, four years ago, KING COLE ORANGE PEKOE TEA first appeared, something more than a new tea had been produced—a new character in tea had been created. Only

after most searching experiments in flavor-blending were we at last able to develop that peculiarly mellow richness of flavor so delightful to the taste, which has won for KING COLE ORANGE PEKOE the high place it holds. The total annual sale of KING COLE ORANGE PEKOE has doubled twice in the last two years.

We are confident that you will say that it is different to any tea you ever tasted.

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Mr. Percy Marshall, from Kentville, spent the week end with his family here at Mrs. W. A. Marshall's. Mrs. John A. Bales spent part of last week with her daughter, Mrs. Wallace Marshall, at Arlington. Mrs. Maggie Banks and two grandchildren from Mt. Hanley, spent the 9th, guest of Mrs. Melbourne Sanford. Mr. Charles Healy and sister Miss Doris, were recent guests of their friend Helen M. Fritz, of Mt. Hanley. Effort was made, at the home of his grandfather, Mr. John O'Neal. Mrs. Percy Marshall and two children from Port Lorne, are spending a few weeks with her parents, Mr. and Mrs. W. A. Marshall. Our pastor Mr. Saleman, was conducting special meetings here last week. A large number was present every evening and much good appeared to be done. Mr. Melbourne Sanford came home Saturday from the hospital at Halifax where he has been receiving treatment. Although his health is still in a poor condition he is glad to say at time of writing he is improving slowly.

Mr. J. L. Peters was a passenger to Berwick Saturday to visit his sister. Hants Journal: Mr. St. C. Jones visited his parents in Weymouth last week. Mrs. H. W. E. Warner, of Plympton, was a passenger to Wolfville Saturday. Mr. Fred Peck has arrived from Windsor and will remove his family to that town. Mr. and Mrs. Carl Eldridge were attending the races in Aylesford Victoria Day. Miss Annie Cossaboom, teacher at Plympton, spent the holiday at her home in Smith's Cove. Mrs. G. H. Peters arrived home on Wednesday from a vacation trip to Boston and New York. Middleton Outlook: Little Annie Vye who fractured her ankle while stepping from a car is doing well. The Digby teachers spent the holiday at their various homes, including Miss Robinson and Miss Knowlton. Gavel's Garage is to be rebuilt at once. It will be a one storey wood building on the site of the old one. A lot of work has been done around Fairview Hotel (formerly the Trefoil House) including painting, new concrete walks, etc. in readiness for the opening on June 1. The George Chisholm house on Birch Street, has been purchased by J. J. Wallis, who expects to occupy it next week. Hants Journal: Mr. and Mrs. Stanley Woolaver are receiving congratulations on the arrival of a son. Mr. and Mrs. Woolaver formerly resided in Digby. Capt. C. F. Lewis, the popular commander of the government dredge Fielding now engaged dredging at this port, spent Sunday at his home in St. John, crossing the bay on board the government tug Helena. Mr. and Mrs. Fred W. Spinner, of Detroit, Mich. (formerly of Argyle, Yarmouth County) have arrived in Digby and will in the future make their home here. They have purchased a part of the S. L. Sully property and will build a very attractive bungalow facing King Street, with entrance on Warwick Street.

Pollock are schooling in Digby Gut. Boatmen report good fishing in the Bay Fundy. Haddock are quite plentiful in St. Mary's Bay. Schr Dorothy M. Smar, bailed in St. John on Monday. Schr Charles Ritecy, Cape O. Acker arrived at Pensacola May 12. Stmr William Green, Capt H. A. Henshaw, arrived at Buenos Aires May 12 from Philadelphia. Icefields in the North Atlantic are reported (officially) by seafaring men. It is estimated that a general knowledge of conditions as they really exist would tend to decrease the rush of trans-atlantic travel. The first mackerel taken on this coast this season were taken from the Cranberry Head trap on Saturday when 35 good mackerel were stopped. On Monday in the trap at Cranberry Head about 300 were secured and at Burns Point 500. Schr Alice & Jennie, Capt Hicks, arrived in Yarmouth on Sunday from Clark's Harbour, where she took a cargo salt from Gloucester, Mass. for Frank E. Davis Fisheries, Ltd. and parties at Wilson's Beach, N. B. Capt Eugene Coates, master of the schr Montclair, which arrived at New York, May 11 from St. Kitts with a cargo of molasses, arrived in Yarmouth on Saturday. After spending a few days at his home in Annapolis returned to New York Wednesday evening to join his vessel. The Yarmouth Light says: The steamer Arranmore which went ashore last winter on the Straits of Belle Isle while on her way with provisions to the marooned and starving wireless operators at Battle Harbor, is despite the garbled reports in the Sydney papers, still ashore at the above place.

MAGIC BAKING POWDER Contains no alum We unhesitatingly recommend Magic Baking Powder as being the best and purest baking powder possible to produce. It possesses elements of food that have to do the building up of brain and nerve matter and is absolutely free from alum or other injurious substitutes.

A MOTHER'S ADVICE

Once a mother has used Baby's Own Tablets for her little ones she is always happy to recommend them to others. Her advice, given after a careful trial, can be readily followed with assured good results. The Tablets are a mild but thorough laxative which never fail to regulate the bowels and sweeten the stomach. They always do good—they cannot possibly do harm even to the youngest babe. Concerning them Mrs. P. Laforest, St. Nazaire, Que., writes: "For three months my baby was constipated and cried continually. On the advice of a friend I gave him Baby's Own Tablets and now at the age of five months he is perfectly well and weighs twenty pounds. I am delighted to be able to advise other mothers to use them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A NATIVE OF SMITH'S COVE

We copy the following from a Vancouver paper: Mr. J. F. McGuire, travelling freight and passenger agent for the C. N. R., at Vancouver since the line started to operate from the city, has been promoted to the position of general agent of the company at Seattle. He will take over his new duties on May 1st. About two months ago the Canadian National established its first office at Seattle, when it placed Mr. W. F. Anderson in charge of the department of natural resources. As a result of the rapidly increasing business following this move it has been decided to appoint a general agent at that point. Mr. McGuire is well known among Vancouver transportation men.

RAW SUGAR PILING UP AT ST. JOHN

ST. JOHN, May 19—To avoid a congestion of raw sugar at the Atlantic Sugar Refineries, here, during the next few weeks, the Company is arranging to store considerable quantities of the raw material in the Government sheds on the west side. The congestion which threatened was reported due to strikes in Cuba, and general interference with ocean traffic. L. J. Seidensticker, General Manager of the Company here, said last night that six steamships laden with sugar cargoes for the port of St. John were afloat at present, and that more would follow.

WILLIS—SPROULE

A quiet but pretty wedding was solemnized in the First Baptist Church Halifax, when Miss Constance B. daughter of David Sproule of Digby, was married to David S. Willis formerly of Glace Bay, C. B. The ceremony was performed by the Rev. Mr. Hutcheon in the presence of only a few intimate friends. The bride who was unmarried, thus being living with a sister, Mrs. F. B. Saunders, in Halifax for a number of years) wore a travelling suit of navy blue serge with blue and sand colored hat. Immediately after the ceremony they left on a short trip through the valley visiting Kentville, Digby and other towns. On their return they will reside in Halifax.

GILLIS—TODD

The Annapolis Spectator says: An interesting event took place at St. Luke's Rectory on Wednesday afternoon, May 19th, the marriage by the Rev. T. C. Mellor of Gray Gillis, the genial Dalhousie mail driver, to Mrs. Sarah Todd, of Perotte. The bride and groom were unattended. Mrs. Todd will be much missed in church circles in Perotte, having been organist of St. Mark's Church and was deservedly popular. The happy couple will reside in Dalhousie.

RICE—WENTZELL

John Reed Rice and Annie Wentzell, both of Bear River, N. S., were united in marriage by the Rev. L. A. Corbett, at the Baptist parsonage, Paradise, recently. The happy couple visited Middleton, Bridgetown and Annapolis Bay before returning to their home at Bear River, N. S.
