The copy filmed here has been reproduced thanks to the generosity of:

Douglas Library
Queen's University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Douglas Library
Queen's University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Loans advanced from the Funds of the Trust & Loan Company of Upper Canada are usually made for a term of five years.

The Company does not advance more than half of the appraised market value of the land & property offered as security.

When the value of the property to be mortgaged for Loans chiefly consists in buildings, the Company will require a Policy of Insurance to be effected in its favor to the amount of the Loan advanced.

A deposit of £5 must be made at the Office of the Commercial Bank, M.D. in Montreal, towards meeting the expenses to be incurred in ascertaining the value and title of the property to be mortgaged for securing the Loan applied for.

If upon enquiry, the value of the property offered as security is considered insufficient for the Loan applied for, the balance of the above Deposit remaining after payment of the expense of enquiring into its value (£1 5s. and postages) will be returned to the applicant.

Unless a perfect title is established, applications will be declined. All Dowers must be released.

Forms of application for Loans, with every requisite information, can be obtained at the Company's Office in Kingston, or at the Agency-office in Montreal from JONATHAN WURTELE, jr. Esq.

The Agency-office is open from 10 a.m. to 3 p.m.

PREFACE.

THE present volume of the CITY DIRECTORY, as will be observed on examination, does not differ in arrangement from those of the last four years, as the Editor is not aware that any change in that respect would have been advantageous.

The alphabetical list of names extends to 270 pages, *being 14 pages more* than ever appeared in any former edition, which, when taken in connection with the fact, that many of the houses destroyed by the great fire of 1852, are not yet re-built, is pretty conclusive evidence that a good degree of industry has been used in collecting the material for the work.

In every case in which a new building was in progress of erection, the enquiry of "Who is to occupy it?" was made, and whenever a satisfactory answer was received, the person's name appears in print as being resident at that particular locality. This was the only apparently proper course to pursue to make the DIRECTORY as full as it should be; and it is hoped that the present volume of the work will be found as useful and satisfactory as its predecessors have been generally considered.

The Typographical portion of the volume is from the Press of Messrs. Moore, Owler & Stevenson, and its execution, as all can judge, is highly creditable to those gentlemen, who, it is but justice to say, were very expeditious in getting the work through the Press.

The Editor, in conclusion, returns his grateful acknowledgments to his subscribers and advertisers,

And has the honor to remain,

Their obliged and faithful servant,

ROBERT W. STUART MACKAY.

PROSPECTUS OF A Gazetteer of Canada.

THE necessity of a Gazetteer of Canada, to include both sections of the Province, East and West, has been long felt, and admitted by all who take an interest in the development of the progress and resources of the Country; and the writer, during various extensive tours through the Province, was promised, and in many instances has already received, the aid of some of the best informed and most judicious men in the community, in collecting the data necessary for such a work. As a portion of the manuscript is ready to put to press, and an encouraging subscription list is rapidly filling up, he now respectfully announces, THAT HE PROPOSES TO PUBLISH BY SUBSCRIPTION, (so as to be ready for delivery some time in 1854),

A Gazetteer of Canada, East and West,

which will contain a brief but comprehensive description of the CITIES, TOWNS AND VILLAGES, COUNTIES, TOWNSHIPS and PARISHES, RIVERS, LAKES, PUBLIC WORKS, &c., of Canada, with an account of the natural, agricultural and manufactured productions of the Province; the quality of the land, in each locality, its value, whether improved or otherwise; the wages of labour of every description; the means of religious and secular instruction which exist, and such other information regarding the agricultural, Commercial, Mineral and other resources of the country as may be deemed useful or interesting.

The Work will form an 8vo Vol., of from 600 to 800 pp. It will be well printed, on good paper, substantially half bound, and accompanied by

Good Map of Canada and the Lower Provinces.

The price, to Subscribers, will be 15s per copy, payable on delivery, and the name, business and residence of every Subscriber will be printed in a list at the close of the work. To Non-Subscribers, the price will be 17s 6d.

The subscriber's long, and admittedly successful, exertions in collecting and arranging statistical facts and details, will, he trusts, be received as a sufficient guarantee that the work now in course of preparation will receive all the attention from him which its importance demands; and he respectfully solicits the aid and co-operation of all who desire to see an accurate and faithful description of both Sections of the Province in print, in carrying out the work to a successful issue.

Commercial School,

Mansion House, College Street,

CHARLES P. WATSON, PRINCIPAL,

Formerly of the Grammar School, Hull, England.

THE course of Instruction in this School is eminently practical, being specially adapted to the preparation of youth for Commercial pursuits. It also comprises, with the exception of the Classics, all those studies which are essential in order to acquire a sound and an accomplished education.

Particular attention is paid to the moral training of the pupils; and in the religious instructions which are communicated, sectarian views are avoided.

The School premises are airy, commodious, and well ventilated, being equal to any in the city in these respects.

TERMS, from 5s to 10s per month.

Full particulars can be known at the School, or at 202 Notre Dame street.

of a superior quality.

G. F. PROWSE, would respectfully invite public attention to his NEW and GREATLY IMPROVED FURNACES, which give a still grsater degree of heat from the same quantity of fuel than his former one.

By this NEW INVENTION, the flames and smoke, after leaving the fire and passing the generators, again re-enter and pass through the Furnace, thereby adding greatly to the existing volume of Caloric, and consequently diminishing to an equal extent the necessity of consuming the fuel. This apparatus erected in a kitchen will BAKE ROAST AND BOIL in a manner every way superior to any other now in use. By an arrangement of the SUMMER APPARATUS, a very small fire is required for cooking; and no heat, (except required,) need be felt in the house. Another great advantage in this Furnace is a still smaller apparatus for broiling and boiling, the smell of which is entirely carried up the Furnace, and hot water can be sent to any part of the building for baths, &c., whereby a great saving is effected both in fuel and labor.

T A T E ' S DAILY LINE OF STEAMERS

BETWEEN

QUEBEC AND MONTREAL.

OFFICES; Gillespie's Wharf, Quebec, and 6
Commissioners Street, Montreal.

This Line consists of the well known Boats LADY ELGIN and CRESCENT, which having undergone a thorough repair and refitting during the past Winter, are now equal in comfort and convenience to any boats on the St. Lawrence, and they are fitted up with State Rooms throughout, for which there is *no extra charge*. The Cabin Fare is fixed at 7s 6d currency, or one dollar and half, *meals included*, and the average time of arrival in Quebec and Montreal, is from 30 to 60 minutes previous to the Breakfast hour at the principal Hotels.

Travellers will bear in mind the high rate of fare which the paid on this route (being usually six dollars), before the owners of "Tate's Line" commenced running their Boats, and as every attention will be paid to their safety, comfort and convenience, the Proprietors confidently hope for a continuation of the liberal support which they have hitherto received.

One of which will leave each afternoon, at 1 o'clock, from Canal Basin, Montreal, and Lachine on arrival of the Cars, which leave Montreal at 3.40 for Ogdensburg and River Ports. The above Boats connect at Ogdensburg with the Express Line of American Steamers running direct to Toronto and Lewiston, and will leave passengers in Buffalo quicker than any other Line.

It is so arranged that the above Steamers connect at Cape Vincent with the steamers *Highlander, Champion, and Mayflower*, for Kingston, Cobourg, Port Hope, Bond Head, Darlington, Oshawa, Shelby, Toronto and Hamilton; also, all important Ports on the American side of Lake Ontario.

At Buffalo they connect with the regular Express Lines for Cleveland, Sandusky, Toledo, Detroit, Chicago, Milwaukee and St. Louis, thus affording an uninterrupted communication from Montreal to all places in the West and South West.

Passengers have the privilege to lay over at Niagara Falls, at any other place of interest on the route.

BRITANNIA MUTUAL LIFE ASSOCIATION,

No. 1 Prince's Street. Bank, London.

Empowered by Her Majesty's Royal Letters Patent.

DIRECTORS:

(Same as the Britannia Proprietary Branch.)

This institution was originally established under a different title in the year 1839, on the plan of admitting the Assured to participate in four-fifths only of the profits; but the Society has since been remodelled so as to become a strictly "Mutual Association."

The whole of the funds and property belong to, and are accumulated for the exclusive benefit of the assured.

The profits are divided annually among the Policy-holders, and applied in reduction of the current year's premium; thus constituting, in effect, an immediate cash payment to the Assured.

Half-credit Policies are granted on terms unusually favorable to the holders,—the amount for which credit is given being, gradually, liquidated out of the profits.

Two Tables of Rates have been computed; one entitling the Assured to participate in the profits after payment of five annual premiums; the other considerably lower, in which the period of participation is deferred two years longer; the premium ultimately payable by the assured is, however, precisely the same, whichever Table of Rates may in the first instance be selected.

General Meetings of the Members are held annually; to whom full and complete statements of the affairs and funds of the Society are submitted, and by whom the divisions of the profits are declared.

At the Annual General Meeting held on the 27th April last, a dividend of 30 per cent. upon the current year's premium was awarded to all Members who had made the requisite number of payments on their respective policies.

By order of the Board of Directors,

The "Britannia Mutual Life Association" is altogether distinct from and independent of, the Proprietary Office transacting business under the name of the "Britannia Life Assurance Company." The only connection between the two establishments is, that their affairs are conducted on the same premises, and by the same officers, by which means the entire disbursements of the Mutual Association are reduced to a small per centage on the receipts.

It is also provided that all premiums, which may be received on sale of the unissued Shares in the Company, shall be carried to the credit of the Reserve Suplus Fund, and form part thereof; so that, as the £2 10s paid on each Share, now sells at £7 10s this Reserve Fund is continually increasing, without taking into account accumulations from other sources; and by the first Act of Parliament obtained by the Company it is expressly provided; "That it shall not be lawful for the said Company, or any person on behalf of the "said Company, in any manner to stipulate, contract, or agree, with any person or persons, to limit or restrict the liability of the Proprietors of the said Company, or any of them;" so that, in the *unrestricted liability* of a large and wealthy Proprietary, and the readiness with which just rights can be established in the event of their being questioned, the security which it affords is of the most undeniable kind.

This Company was organised in August, 1847, and so successful has been its operations, and economical its management, that it has been enabled to declare at each of its Annual meetings, Bonuses to the assured of sums equal to 18 and 25 per cent of the amount of Premiums paid up.

This being the only native Institution for Life Assurance originated in the Province, and now carried into prosperous activity, it may safely lay claim to a large share of Colonial patronage.

The following is an example of the rates of Premium demanded by this Company for the Assurance of £100, upon a single life, the assured being entitled to participate in the profits realized.

Age next birth day.	Annual Premium.	Semi-Annual Premium.	Quarterly Premium.

The Board in Montreal
IS INVESTED WITH ABSOLUTE POWERS IN
THE DISPOSAL OF BUSINESS.

The deliverance of the Board at Montreal is *final*
and irrevocable.

This Arrangement gives to the Colonial *all the fa-*
cilities of a Local Company; and combines the *addi-*
tional advantage of a large Guaranteed Capital; af-
fording perfect security in all Assurance transactions.

The Company grant Assurances on the following
plan:—HALF of the Annual Premium will be re-
ceived for the first FIVE or SEVEN years, the re-
maining half (on which interest shall be payable
each year in advance) being chargeable as a debt on
the Policy, to be paid off when convenient, or, at the
option of the Assured, to be deducted at the settle-
ment of the claim.

Thus a party, aged 30 years next birth-day, may
effect an assurance on his life for £500, at a premium,
for the first year, of £5 19s. 8d.

If desired, a credit will be given to the insured, for one half of five premiums, on the pledge of the policy.

Mr. J. A. Page, cashier of the Vermont Bank at Montpelier, under the date of March, 23rd, 1853, concerning this Company, writes:—

“ It is now about three years since the Company commenced business during which time they have issued 1022 policies, as appears by their books. All losses incurred, have invariably been paid promptly—all expenses to this date are paid, and they have now a cash capital of over \$119,000, well and securely invested—\$34,000, of which is the accumulated earnings, over and above expenses, losses and interests, on capital paid in. The affairs are, as far as I can judge, conducted with safety, economy and regularity, and I cannot conceive of any reason why the Company is not on a good and sure basis to be as permanent in its business as any other Company whatsoever. I think it entitled to the fullest confidence.”
