FARMERS MUST WAIT SOME LITTLE TIME FOR WHEAT MILLIONS

Lifting of U. S. Embargo on Canadian Grain Will Not Be Fully Effective Until Canada Raises Her Own Prohibition.

Some of the newspapers have been led to believe that they are to suddenly drop into twenty millions of additional money by selling their present grain crop largely to the United States and that this \$30,000,000 would probably be an unexpected godsend, and certainly nothing more desirable could come their way at the present moment. But it will not do for the farmers to get it into their mind too soon that the twenty millions is on the way. There are considerable difficulties to be overcome, and until these are surmounted the farmers had better wait a few days before they spend the money. The War Board yesterday made considerable investigation, and the result of that investigation follows here-
"The removal of the United States embargo against Canadian wheat and flour already passed at Washington, will become effective only to the extent that it may be allowed to be exported by the United States government. This was made plain yesterday by Wesley Shaw, president of the Maple Leaf Milling Company, when asked for a statement by the United States government." Mr. Shaw, "has lifted its embargo on Canadian wheat and flour, but no wheat or flour can be exported from the Canada Wheat Board. That board has permitted Canadian wheat to be transported across the line and sold to American elevators, but whether it will permit a wholesale shipment of Canadian wheat to the United States remains to be seen. The embargo, of course, export any flour to the United States, except by permission of the Canada Wheat Board. We take it for granted that they will allow us to sell our flour where we can get the best price, but we have no intimation yet as to what the policy of the board will be."

Accepted Tariff Law.
In 1917 the Dominion government accepted the offer of the United States government to lift the United States tariff on wheat, wheat flour and semolina coming from the United States into Canada at the free rate. This automatically admitted Canadian wheat and flour to the United States on an equal basis with American wheat and flour. The result of this was that Canadian wheat and flour were able to compete with American wheat and flour on an equal basis. The result of this was that Canadian wheat and flour were able to compete with American wheat and flour on an equal basis.

Winnipeg Leaders Must Stand Trial

Judge Refuses to Quash Seditious Conspiracy Indictment.

Winnipeg, Nov. 24.—The motion to quash the indictment of seditious conspiracy against the eight strike leaders on trial here was disallowed by Justice MacLaine at the close of the argument by the opposing council this afternoon. In dismissing the motion, Justice MacLaine said: "Being of the opinion that the indictment is good, I must refuse to quash it." He pointed out, however, that the contention of the defense could take the issue to the court of appeals and obtain a ruling there.

Hapsburg Family in Financial Straits

Geneva, Nov. 24.—The former Austrian emperor, Charles, denies the report that he has asked the French government for a pension, but it is known here that the royal family and the archdukes are greatly embarrassed financially. Unless funds are found for Vienna the former Empress Zita, it is said, will be obliged to sell some jewelry in order to meet necessary household expenses.

Mexico Silent on Jenkins' Case

Government, However, Has Decided to Answer U. S. Note.

Washington, Nov. 24.—There was no word today from the Mexican government in answer to the sharp note from the state department demanding the immediate release of William G. Jenkins, American consul agent at Puebla.
All day officials waited for a note they thought might be handed them by the Mexican embassy here, in view of reports Sunday night that a long dispatch relating to the Jenkins case had reached the embassy from Mexico City, but there was no reply and not even intimation that the Mexican government had prepared its answer. So far as the state department was able to learn Jenkins still was sick and in the Mexican prison on charges that he had conspired with rebel bands who were active in the Yucatan. Jenkins has paid a ransom of approximately \$10,000.
President Carranza has found the situation to be so acute that he has returned to Mexico City from Queretaro, to take part in the consideration of the Jenkins case, reports today said.

Will Reply to Note

Laredo, Texas, Nov. 24.—The Mexican government has decided to answer the note from the American state department regarding the kidnapping and arrest of consul Jenkins, according to information received today from Mexico City. This decision was reached, it was said, despite the opinion held by the Mexican foreign office that the Carranza government should wait for the courts before final disposition of the matter.

THE PROTEST WORLD

TO BE MANAGED BY ENGLISHMEN New Decision Regarding Control of the International Mercantile Marine.

London, Nov. 24.—Control of the International Mercantile Marine has been definitely placed in the hands of English and Englishmen, according to the Liverpool Post. This has been brought about by a decision of the directors to ratify an agreement with the admiralty and board of trade, which provides that the company should be managed by Englishmen, and that the directors should be subject and residents of the British Empire.
It is also agreed that the names of the directors should be submitted to the British government for approval.

100,000 WEAPONS PARADE IN NEW YORK Protest Against Alleged Massacres of Their People in the Ukraine.

New York, Nov. 24.—New York today witnessed its greatest parade of any one people—more than 100,000 Jewish men and women marching to protest against alleged massacres of their people in the Ukraine. Nearly 25,000 uniformed soldiers, sailors and marines, veterans of the war, led the procession. From the first colored ranks of uniformed marchers (the Red Guard) of tired stragglers and their wives and children, the parade was a magnificent display of the devotion of the Jewish people to their persecuted brethren in the Ukraine. The parade was a magnificent display of the devotion of the Jewish people to their persecuted brethren in the Ukraine.

SHOT WIFE DEAD IN A NIGHTMARE New Jersey Tradesman Says He Dreamed He Saw Two Men Entering Room.

Newark, N. J., Nov. 24.—James Sapienza, concrete block manufacturer, of Irvington, shot and killed his wife in bed early today, but the murder charge lodged against him may be dropped. He told the police he had been dreaming of his wife being killed by two men who entered his room. He said he had seen the two men entering his room and that he had seen them enter his room.

CLEMENCEAU'S REST IS STRENUOUS ONE

Les Sables D'Olonne, Brittany, Nov. 24.—Premier Clemenceau is enjoying such a strenuous "rest" in Vendee that the newspaper correspondents find it difficult to keep up with him in his automobile rides thru the country and his excursions to the Atlantic. As usual, during his short visits to his native country, the premier appears to have discarded all thought of politics and the cares of public affairs, and mingles with the peasants and fishermen, chatting with the elderly women and weather-beaten old men.

Austrian Socialists May Quit Government

Vienna, Nov. 24.—Reports of yesterday, that the Social Democrats would withdraw from the government entirely, which were subsequently denied, still persist. The Socialists are said to have been aroused by the statement that they were responsible for the present desperate situation, and intend to withdraw and throw the burden of readjustment on the Christian, social and other conservative elements.

RESCUED CAPTAIN OF WRECKED MYRON. HELD AT 20 HOURS Steamer Franz Found Him on Top of Pilot House in Almost Unconscious State.

Port Arthur, Ont., Nov. 24.—Captain Neal of the steamer Myron, which foundered off White Fish Point, was picked up by the steamer W. C. Franz, Captain W. C. Jordan, which arrived here this afternoon.
The rescue was made off Parliam Island, 20 miles from the scene of the disaster. The captain had been floating on top of the pilot house for 20 hours and was in a very exhausted condition. Captain Neal was picked up by the steamer W. C. Franz, which arrived here this afternoon.

ENDING OF U. S. EMBARGO ON CANADIAN WHEAT AFFECTS BORDER FARMERS.

Winnipeg, Nov. 24.—Noted of the elimination of the embargo on Canadian wheat entering the United States has electrified the prairie provinces. With the initial price of \$2.30 per bushel, the government controlling all grain in elevators or cars, much has been delivered across the line by farmers' special permits from the United States government, however, has been necessary. It is now anticipated that large quantities will flow across the line, as farmers are paying just over the border \$2.80 for grain that gets by \$2.15 as the initial price under Canadian government arrangements. The Canadian railways refuse to permit their rolling stock to go south, except when billed thru with wheat board, and is sold to English wheat board, and is sold to English wheat board, and is sold to English wheat board.

Ottawa, Nov. 24.—The Canadian government has yet to receive official notice of the lifting of the embargo on Canadian wheat by the United States, but it is understood that this policy has been adopted by the United States to go into effect on December 15.

RAILWAY MEN GET EIGHT-HOUR DAY Negotiations Which Began in February Ended, and Affect Four-Hundred Thousand Men.

Washington, Nov. 24.—A new wage and working agreement was signed today between the railroad administration and officials of the brotherhood of maintenance of way employees and railway shop laborers. While demands of the union were not fully met, the eight-hour basic day was established for track laborers and others of that classification, and time and a half pay after that hour was provided. Most of the other employees included under the agreement will receive time and a half pay.

Liverpool, Nov. 24.—The dock workers predict a strike on Dec. 8, unless non-union labor is eliminated.
The agreement was signed by the Liverpool Dockmen's Association and the Liverpool Dockers' Union.

Agreement Being Prepared For Ratification By the G. T. R.

Special to The Toronto World.
Ottawa, Ont., Nov. 24.—The agreement for arbitration of the value of the preference and common stock of the Grand Trunk Railway has been about completed and will be handed to Sir Alfred Smithers, who will take it to England for submission to the Grand Trunk directors. The agreement is a financial plan in view that will control the value of the stock and the Grand Trunk will select its representatives from Messrs. Robb, Dalrymple and Hinton, while the government will choose two from the Canadian National Railway officials. Of these the names of Messrs. Warren, Hayes and Hinton are mentioned. The fifth member to be selected by the four appointed by the government and the Grand Trunk. President Kelley of the Grand Trunk has been mentioned as a possible choice. This board will be dissolved as soon as the arbitrators award is reached. In the meantime the government is considering the appointment of a chairman for the board to have jurisdiction over the 2,000 miles of National Railways. In the selection of arbitrators, it is desired that the arbitrators be men of high standing in financial and business circles, and who have extensive knowledge in operation and construction.

THE FIRST IMPRESSION OF A BLUE SERGE SUIT IS USUALLY LASTING

No Doubt You've Heard of the "D. A."

Or Have Read About It

In any case were you impressed with its features?

Did you feel that the "D.A." could prove of worth to you?

Save your time and energy and provide you with one of the most systematic shopping methods known.

Have you ever experienced any inconvenience with "C.O.D." parcels, such as waiting in to pay the driver, searching for a mislaid purse, or getting together correct change?

The "D.A." does away with such inconveniences.

For a person having a "D.A." may shop by phone, mail or in person, and be assured that all purchases will come as "Paid" by simply saying—"Charge to my "D.A.""

Furthermore, such purchases are kept track of, and at the end of each month the "D.A." holder receives his or her statement, showing where and for what each dollar has been spent.

Is this not a systematic way to shop?

In order to take out a "D.A." or a DEPOSIT ACCOUNT you simply make a deposit in the "D.A." Office, Fourth Floor, where a number is given you and your signature is recorded.

Then you may shop as has been explained above.

Bear in mind, also, that your money draws good interest, and is therefore not lying idle.

An Account Must Be in Funds At All Times.

For further information apply "D.A." Office, Fourth Floor.

The Range of Men's and Young Men's Winter Overcoats

Between \$30.00, \$32.50 and \$35.00 is Particularly Good

From the Standpoint of Quality of Materials, They Being Tweeds, Chinchillas and Meltons.

As for style—one has the choice of the knee-length Ulster—the big, full-fitting Ulster, and the conservative Chesterfield. Furthermore, the prices are moderate, to say the least.

At \$30.00 there's a particularly wide choice in overcoats, of about knee length. They are of cheviot-finished wool and cotton and union tweeds, in mixed shades of heathery green, and brown, brown and fawn checks, and herringbone designs. They are double and single-breasted, in plain and semi-fitted styles, slip-on and all-around belters; some have slash, others regular pockets; convertible and small collars, with notched lapels; are full lined with serviceable Italian twill. Sizes 35 to 42. Price, \$30.00.

At \$32.50 are Full-fitting Ulsters, with half belt at back; body-fitting, double-breasted, plain and welted waist seam models, of wool and cotton and union mixed grey tweeds, and plain grey and navy blue chinchilla finished fabrics. The Ulsters have large storm collars, the Ulsterettes have smaller sized convertible collars; mostly all are full lined with twill materials, but a few have space lining in yoke. Sizes 35 to 44. Price, \$32.50.

At \$35.00 are English Melton Chesterfields, with velveteen collars; material consists of firmly woven medium and dark grey wool and cotton yarns, in 3-button, fly-fronted style, with semi-fitted, close-fitting collars, having neatly notched lapels; pockets are regular style; are about 42-inch length and have linings of heavy Italian twill. Sizes 35 to 44. Price, \$35.00.

COMMERCE BOARD PROBES CHILD'S

Costs Eighteen Cents to Serve One Orange, Says Assistant Treasurer.

Special to The Toronto World. Montreal, Nov. 22.—Child's restaur- mons were under probe by the board of commerce yesterday. Judge Robson and W. F. O'Connor being the com- missioners. Two of the directors of the company from New York were in attendance and as it was imperative that they leave for the States tonight the case was taken early. It is how- ever, more than probable they will have to return, as the commissioners are asking for a heap more information than the officials were prepared to fur- nish today. Col. Laflèche started this investiga- tion by citing the prices of several ar- ticles which he had investigated. Among them were oranges, which he said should not cost over five cents,

but which the restaurant sold for 15c. He also started to take up the case of marmalade made by the restaurant, and estimated that a quantity of this marmalade which cost \$1 to manu- facture was sold thru the stores for \$8.25. Mr. Shaughnessy, who represented Childs, then proceeded with the ex- amination of C. J. Whimple, assistant treasurer and office manager of the firm. Mr. Whimple, speaking of the four Can- adian stores, two in Montreal and two in Toronto, collectively, said that during the first ten months of the current year, the receipts had been \$775,000. Against that sum stood \$245,000 for raw materials, wages, \$151,777, rentals \$51,000, light, heat and power and miscellaneous supplies, \$86,563. On the basis of a \$1 sale he stated that 44,000 cents was represented by the cost of food, 38.40 cents, cost of service, 5.00 cents, cost of overhead charges, leaving a profit of 3.45 cents on the dollar. The overhead charges of bonuses paid to employees and similar charges. He declared that \$200 had some for newspaper advertising, \$672 for travelling expenses, and \$754 toward salaries of the executive officers of the company, who operate in New York. Here Commissioner O'Connor raised the point that the successful Canadian stores might be called upon to pay the deficit of unsuccessful stores in the United States, and that the Canadian public might for that reason be paying higher prices than are warranted by the busi-

ness of the Canadian restaurants. Mr. Whimple explained that, instead of looking for a certain margin of profit on all articles sold, some are sold at a good profit, while others are being sold at a loss. In this way he explained that it costs the company 13 cents to serve an orange. **Engineer on Boat Special Disregarded His Orders** Montreal, Nov. 24.—Evidence given this morning at the inquest on the bodies of the two victims of the collision between the Montreal-Quebec express and the Empress special to Toronto, showed that the engineer on the latter train, John Holland, disre- garded his orders to stop at Terre- bonne, the accident happening soon after he passed this point. The running order of Holland to this effect was filed. **GERMANY ANNOUNCES REFUSAL** London, Nov. 24.—Germany has re- fused to co-operate with the allies in bringing economic pressure to bear on soviet Russia. PARTY POLITICS, SAYS GERMAN PAPER

Comment on U. S. Senate's Failure to Ratify the Peace Treaty. Berlin, Nov. 24.—Failure by the United States senate to ratify the treaty between the allied powers and Germany is considered the result of partisan politics by Die Zeitung, which comments upon the situation. "We must accustom ourselves to the fact that the peace treaty, upon which, for us, life and future depend, is treated in America largely as a political party matter," says the newspaper. "Not because the treaty displeased the Republicans, who were more inimical to Germany than the Democrats, nor because they find the conditions too hard for Germany do they condemn it, but because the Democratic Leader signed the treaty and they wish to discredit him and his party in the coming elections. "It is plain now that President Wilson had no right to act as the protagon- ist of the league of nations, nor to make promises to the European peoples for the fulfillment of which he was unable to rely even on his own people."

IRISH BANK CLERKS THREATEN A STRIKE

Dublin, Nov. 24.—Bank clerks thru- out Ireland will strike on Dec. 31, un- less the directors of banks consent to recognize their union, an action which they have hitherto refused to take. This was decided upon at a confer- ence of the Irish Bank Clerks' Union here today. Fifty-six delegates at the meeting voted unanimously in favor of the strike, which will affect 3000 out of a total of 3700 bank clerks in Ireland. **IRISH HUNGER STRIKERS MUST REMAIN HUNGRY** Dublin, Nov. 24.—Official notice was given here yesterday that no more prisoners will be liberated, condition- ally or unconditionally, for hunger striking, and that hunger strikers must themselves be responsible for the consequence of their acts. It was also announced that there would be no further amelioration of the prison treatment given any prisoner convict- ed under the defence of the realm act. The notice is regarded very seri- ously in Irish political circles.

S. A. IMMIGRATION TO BE RESUMED

Laborers and Domestic to Be Brought in Spring.

That the Salvation Army will resume its pre-war practice of bringing personally conducted parties of immigrants from the old country to Canada in the early part of 1915, was the statement made by Col. Chas. A. Taylor to a reporter for The World yesterday.

Col. Taylor is a veteran Salvation Army officer, having been in the service for 23 years, eleven of which were spent in Toronto as chief of the officers' training college, while his later years have been in charge of a S. A. unit in France.

Col. Taylor is at present in Toronto for the purpose of making a survey of conditions here and throughout Canada. He has already visited the eastern part of the Dominion and left just night for the west before returning to England. "We feel that Canada's first duty is to her returned men," said the colonel, "and these should be first looked after before immigration of any kind is encouraged."

Conditions have substantially changed as a result of the war, said Col. Taylor, and it will be the purpose of the army to bring out first those who have agricultural experience and those who are willing to work on the farm. "Our supply, of course, he said, will be governed solely by the absorbing power of the country. Another class of workers who would be encouraged to emigrate were the domestic

for whom he had found a great opening in Ontario at least.

Unrivalled Experience. The army entered this work with unrivalled experience, said Col. Taylor, who they were glad to see that the government had taken hold of the problem. He spoke of the appointment of the Council of Women, which had been formed, and said that the S. A. had felt a bit left out in the cold when the appointments were made. He was willing to co-operate with the council to the very best of his ability, however, said the colonel, and the co-operation of the two bodies was but a matter of arrangement.

Approximately 100,000 immigrants had been brought to Canada by the Salvation Army and there were thousands yet in the old country who had the utmost faith in the system used by the army, and who were quite willing to place themselves under their care. In his survey so far the colonel said he found that all the hotels and other parts of the pre-war system had been kept up and they were now only awaiting the arrival of the immigrants.

Of conditions the colonel had but little to say except that in Nova Scotia he had found that the requirement was for immigrants with some capital. There were no openings of any sort in Quebec for immigrants, while the Toronto need for domestic servants was very great.

PAINTERS' SUDDEN DEATH.

Alex. Andrews, painter and decorator, 146 Emerson avenue, expired suddenly at noon yesterday while working on Lauder avenue. He was doing some contract work for Reeve Miller of York township when he was seized with a pain about the heart. He was assisted to a couch where he died in a few minutes. Mr. Andrews was married and was about 50 years of age.

HALTING ONTARIO HOUSING SCHEME

Progress Awaits Decision of Government on Financial Problem.

The provincial housing scheme has received some little consideration by the cabinet, Premier Drury said to The World yesterday. "It requires a good deal of attention yet," he stated. The ministers have had before them a statement prepared by A. J. Ellis, who is responsible for the administration in connection with housing, and it is understood that the document has given them much food for thought, especially as far as the financial aspect is concerned. The federal government allotted the sum of \$8,000,000 as Ontario's share of the money to be expended throughout Canada, and of this \$5,000,000 has been utilized.

It is conceded that Ontario has made better use of the opportunities offered under the scheme than any other province. Western provinces, such as Alberta and Saskatchewan, have, as a matter of fact, done nothing but set money on fire and have even written to the Ontario department seeking particulars as to what has been accomplished here.

For Further Expansion. Ontario was looking for further expansion of the housing project when something happened to the Heurt government last month. It is learned, however, that the whole matter is now in abeyance pending the decision of the Drury cabinet. It is considered unlikely that the federal authorities

will make any further advance. Something like another \$5,000,000 or \$10,000,000 will be required to keep the scheme alive. Will the Drury administration borrow the necessary money or let the project lapse?

WOMEN WANTED

Labor Department Shows Decreased Demand for Employment—Factory Girls in Demand.

The labor department of the Ontario government reports for the week ending November 15 a distinct decrease in activity in its employment bureau. With the approach of winter the labor situation is evidently becoming more settled as fewer men are looking for work and fewer employers are calling for workers. Through the province the number of soldiers applying during the week numbered 1,115; the number of civilians 1,868. Employers called for 812 men and 1,798 were placed, including 823 soldiers and 1,018 civilians.

In the women's departments the demand for women is on the increase, 542 being called for during the week with 1,710 vacancies unfilled. Houseworkers and factory workers are in great demand, including experienced girls and women in the manufacture of food, metals, paper and textiles. Because of the shortage of women, the bureau was able to place only 184 in regular employment, and 237 day workers.

NO NEED FOR TORONTO TEST

Liquor Case in Ottawa Sufficient to Prove Strength of Law.

Regarding the proposed test liquor shipment case by the Citizens' Liquor League, T. L. Carruthers, general secretary, is in receipt of a communication from E. Saunders, solicitor to the license board, as follows: "Your letter of the 18th inst., addressed to the chairman of the license board, has been handed to me. A recent occurrence at Ottawa will render unnecessary any test case here with regard to the right to import liquor into Ontario. Thirty-five cases sent from Montreal, shipped as liquor by express, were seized by the police at Ottawa a day or two ago, and an information laid against the express company under the order-in-council of Feb. 24 last for bringing liquor into Ontario. The case will come up at the Ottawa police court in a day or two, and this will constitute a test, if the express company is convicted. If it will, I take it, dispose of the question you are anxious to have decided, and you can of course, if you see fit, have accounts proper at the police court at Ottawa to watch this case. The liquor, I understand, was shipped by Bovin, Wilson & Co. of Montreal to a club in Ontario, near Hull, via Ontario. Under these circumstances, I am unable to advise the board to give the consent asked for, as the question will be disposed of by the proceedings above referred to. The defendant in this case is the Canadian Express Company."

CITIZENS DEPRIVED OF CIVIC RIGHTS

Hundreds of Children Vaccinated Without Parents' Consent, Says Controller.

Before the council started to discuss yesterday Controller Cameron objected to an article attacking himself and Controller McBride in The Telegram of Wednesday last. The controller proceeded to make a violent attack on the offending paper, much on the same lines as Controller McBride proceeded last week at Massey Hall on the same subject. Coming to the subject of vaccination he claimed hundreds of children were being vaccinated without their parents' consent. He appealed to the mayor to see that a stop was put to the practice at once. In the old days people had to fight for religious liberty and today people would be compelled to fight and die for vaccination opinions. "It is a holy war we are waging," shouted the controller. "It is as false as hell to say the children are not vaccinated without permission being given." He wished to tell Toronto parents, said the controller, that their British citizenship was being violated, as there were hundreds of children being operated on every day without permission and a notice was being sent out to expel the children from the schools if they were not vaccinated. That was compulsion in its worst form. Thousands of children today were ill in the city from vaccination.

Children Slaughtered.

 Controller McBride declared the children of the city were being slaughtered by vaccination and he recited the story of some sad deaths of which he personally knew. He asked the board of health to reconsider their attitude in referring to The Telegram's attack on himself, the controller said he had fought that paper's influence at the city hall for 15 years and he would fight it for another 15 before they should put one over on him. The mayor said if the vaccination act was back the proper way to remedy matters would be to get the act repealed. The matter then dropped.

WINTER VACATIONS.

The Grand Trunk Railway has decided to give to those who love the great out-of-doors an opportunity to spend their winter vacations in Algonquin Park. The "Highland Inn," is the largest of the Park hotels, is to be kept open throughout the year and there will be found all the comforts associated with first-class hotel service, including warm, cheery public and private rooms and excellent cuisine. Two thousand feet above the level of the sea, Algonquin Park has ideal climatic conditions and is easily accessible, being about 200 miles north of Toronto and 168 miles west of Ottawa. Every facility has been provided for winter sports, including skating, tobogganing, skiing and snowshoeing. Copy of new publication, "Enjoy Winter in Ontario Highlands," may be obtained on request from Grand Trunk agents or from C. E. Horning, D.P.A., Toronto, Ont.

DANFORTH LOTS SOLD.

Danforth avenue frontage between Greenwood and Woodbine avenues, continues in good demand. A recent sale was 40 feet on the northeast corner of Danforth and Bathgate avenues, for \$150 a foot. The purchaser was S. Mullett of Orillia and the vendor C. Meyers. Sixty feet on the south side of Danforth avenue, between Bathgate and Ashdale, have been sold to H. Burnside, who will erect a \$150,000 garage on the property. The permit has already been issued. There will be an entrance to the garage off Bathgate at the rear.

FORTY DRUNKS IN COURT.

Seven persons charged with contravening the O.T.A. appeared in the police court yesterday and all contributed to the coffers of the city by paying \$200 and costs or having the pleasant alternative of three months in jail. Forty drunks also lined up before the magistrate.

COMMITTED FOR TRIAL.

Joseph Freelo, an Italian, charged with firing two shots at Policeman O'Driscoll, appeared in the police court yesterday to answer a charge of shooting with intent. According to O'Driscoll, the man pulled the trigger a third time, but the gun jammed. Prisoner was committed for trial.

MINISTERS REFUTE MUSKOKA REPORT

Only By-Election Opposition Thus Far Mooted in North Brant.

Premier Drury and Hon. Manning Doherty yesterday both denied any knowledge of the statement made in a country newspaper and reproduced in a Toronto daily to the effect that Mr. Ecclestone, member for Muskoka, "had been wanted upon with a certain proposition, whereby the seat would be open to enable Manning Doherty, minister of agriculture, to be a candidate. Mr. Ecclestone gave an emphatic refusal, but upon being pressed to do, submitted the matter to the district Conservative executive, who upheld him in his decision." The premier and the minister of agriculture were emphatic in repudiating that any such proposition had been made so far as they knew. In any case, Mr. Doherty has a seat in view elsewhere.

Look for Acclamations.

The cabinet ministers who are to seek re-election next month were not worshipping much yesterday regarding any opposition, and certainly the large majority of them are looking for acclamations. The only riding in which anything approaching opposition has been mooted is North Brant, where Hon. H. C. Nixon, provincial secretary, has to face his constituents again. His opponent, the scheme developer, was not a straight Farmer, Liberal or Conservative, but a kind of independent mixture, seeking to embrace the three elements. At the election last month Mr. Nixon had a plurality of 1,024 over the second candidate. His vote was 3,597 and that of his two opponents aggregated 4,539, or 942 more than was polled for the winner. North Brant was previously Liberal by 49.

MAY NOT CUT TRAIN SERVICE.

Critical condition of coal supply makes it probable material reduction in passenger train service will be made effective Sunday, November 30. Reduction will be unnecessary if early improvement in coal condition. Definite announcement will be made Thursday, November 27.

J. MUNRO PRESIDED.

John Munro, president Toronto District Trades and Labor Council, occupied the chair at the Political Defence League meeting at Massey Hall Saturday, and not Jas. M. Connor as previously reported.

FELL WHILE BOARDING CAR.

Walker Johnson, aged 58, of 469 East Dundas street, was cut about the back of the head last night when he fell trying to board a west-bound King car in motion at the corner of Queen street and Kingston road. Johnson was rendered unconscious and was removed to St. Michael's Hospital. After having his injuries attended he was allowed to go to his home.

MANY "NAMED" AS T. & N. O. CHAIRMAN

Premier Drury Going to North Ontario to Consider General Situation.

Premier Drury, with Hon. Beniah Bowman, minister of lands and forests, and Hon. H. Mills, minister of mines, will leave for northern Ontario on December 8 and make a general tour. Mr. Drury informed The World yesterday that the mission had no direct reference to the alleged secession movement. He further stated that the latter agitation had not assumed anything of a very wide nature. In fact, according to letters received from prominent people in the district, there was little in it. One of the objects of the trip of the premier and his two ministers is to consider matters connected with the extension of the T. and N. O. line and the general railway policy. The deputation from North Bay waited upon Premier Drury to name a successor to Mr. Englehart as chairman of the T. and N. O. Commission. The premier said he had received numerous other suggestions in this respect, but that nothing would be done for some time yet. In the meantime Mr. Englehart is carrying on.

Inquest Adjourned in Suspect Vaccination Case.

Coroner Dr. Geo. W. Graham opened an inquest at the morgue yesterday on 67-year-old Alfred George, the Assymarian lad who died in St. Michael's Hospital recently from complications alleged to have been induced by vaccination for smallpox. After swearing in a jury and taking identification evidence the coroner postponed the hearing till Dec. 1.

FOUND DEAD IN BED.

Gerald Jarosahn, aged 39, a Russian, was found dead in bed at 2 Foster place at 8 o'clock yesterday morning. Death is believed to have been due to natural causes. The body was removed to the morgue, and it has not been decided as to whether an inquest is necessary.

TREND IS HIGHER IN CORN MARKET

Reopening of Big Food Manufacturing Establishment in Chicago Has Bullish Effect.

Chicago, Nov. 24.—Bullish sentiment prevailed in the corn market today largely as a result of the reopening of a big food manufacturing establishment which had been closed by temporary shortage of coal. Prices finished strong at half to 1-7/8 cent higher with December \$1.12 1-4 to \$1.12 3-8, and May \$1.27 3-8 to \$1.27 1-2. Oats gained 7-8c. The provisions varied from 10c decline to a rise of 23c.

High prices for the corn market favored the rule through the day, although there were a few brief exceptions in some cases. Besides the confidence inspired by an important instance of success over difficulties due to the coal strike, another stimulus to an advance in the corn market lay in the fact that receipts of corn here were down to a large extent, looked for.

Higher quotations on hogs, together with talk of continued export demand for corn led afterward to further advance in the market, and the previous rough weather likely to interfere with husking and with the expeditious movement of the crop.

Oats were held with corn and in view of the decreasing stocks at terminal markets.

Provisions were lifted by the upturn of corn and hogs, but later reacted somewhat when the hog market eased down.

ON CHICAGO MARKET

Hughes, Harcourt & Co., 307 Royal Bank Building, received the following wire at the close of the Chicago market yesterday: Corn has been active and sharply higher again today, although the selling agent has checked the advance temporarily. The news has been more bullish. Estimated receipts of 325 cars are smaller than generally expected, which has been a factor for in rain or snow with much lower temperatures. No figures on sales have been given out, but it is understood that some business has been worked on a basis of about 120. The advance in English corn prices has been from a basis of 65 shillings maximum for Argentine to the present basis of 80 shillings for American.

STRONG TONE IN MINING STOCKS

Atlas, V. N. T., Nipissing, Beaver, La Rose and Peterson Lake Prominent.

The week opened in the mining market yesterday with a generally firm tone in evidence and with a number of gold and silver stocks showing pronounced strength. Atlas, Nipissing, V. N. T., Peterson Lake, Beaver, La Rose and Peterson Lake being prominent in this regard. The price of bar silver rose to the high record in New York of \$1.38 1-4 which was sufficient reason in itself for the upward tendency in the silver stocks. Most mining men consider, however, that such advances have been scored by the silver stocks since the price limit of \$1.01 1-2 per fine ounce was lifted from silver on May 5 last have been trifling in comparison with the large profits accruing to silver producing companies.

The fact, also, as has been recognized here will be a very material appreciation in prices.

The movement which began in Atlas last week was continued yesterday, the price rising a point to 33 1-2 with the closing bid advanced still another point to 34 1-2. The "street" is guessing as to the cause of the movement in the stock as no official statement as to the reason has been given. It is thought that the movement was the result of the fact that Atlas is a net seller of a point at \$2.12. Porcupine V.N.T. showed more animation than it had displayed in months, and on transactions of 20,000 shares, advanced 2 1-2 points to 22 1-2. The revival of buying in the stock seems to indicate that the differences between British and United States interests associated in the management of the property have been adjusted, and that the outlook for early resumption of activity at the mine is good. The British interests are understood to be anxious to have development work pressed without unnecessary loss of time.

Nipissing showed activity, the price rising 15 points to \$12.15 with that figure bid for more and asked. Nipissing is a prime favorite in New

York, not only because of the assurance of larger profits from the mining of silver, but because of the speculative possibilities contained in its Texas oil lands. Beaver was strongly supported and rose a point to 45 1-2. There is talk of the company paying a dividend about the first of next year on the strength of its new finds. The fact that President Culver has deemed them sufficiently important to make them the subject of a special circular to shareholders has created a favorable impression. There were some big buying orders for La Rose, and the price rose three points to 47. According to a Cobalt despatch, reports are current there that a discovery of unusual importance has been made on the Vacket property of the La Rose, but official confirmation is lacking. Peterson Lake repeated the high price of the year, 19 3-4, closing at 19 1-2, a net gain of half a point, with 19 1-2 as the closing bid and 20 asked. McKinley-Darragh, not traded in for some days, was firm at 70.

Outfitting the Boys in Readiness for Approaching Winter

The natural exuberance of youthful energy finds expression in various activities, which test the strength of the boy and his clothing alike. Simpson's clothes for boys are specially constructed to stand hard wear—the materials are the best, the seams and buttons are firmly sewn—special care, too, is taken in the designing to provide the newest and snappiest styles that boys like. Parents are assured of sound value in clothes purchased here.
