JAP AND COREAN AT EACH OTHER'S THROATS

Annexation of Corea by Japan Again Looms Up

HEAVY FIGHTING

Corean Insurgents Massing to Attack Seoul --- Japanese Troops and Corean Irregulars Meet in the Mountains.

TOKIO, Sept. 18.—The prospect of annexation by Japan seems again looming before the Corean people. Martini Ito is quoted as saying that in view of the increasing gravity of the situation, it may be necessary to alter Japan's policy; that the present situation indicates that the entire people are unfriendly and if they persist in that attitude it will be "The last day for them."

Reports to the Tokio papers state that the insurgents are gathering from all sections around the city of Seoul, with a view of attacking the capital itself. The size of their force is unknown, but one body is reported at 800.

Moving bands of Coreans under the leadership of former soldiers are operating in all sections of the country, killing the Japanese police, the Japanese railroad and telegraph operators and civilians, and all Coreans suspected of friendship for the Japanese.

These bands scatter in the mountains upon the approach of the Japanese troops, but usually do not before sustaining heavy losses. Following the policy promulgated by General Haasegawa, many villages are being wiped out by the Japanese troops as a punishment for some of the inhabitants joining the insurgents. Both sides are charged with atrocities. The expedition sent against the pirates at Noko was completely annihilated, the bodies of the Japanese soldiers and their Corean guides comprising the expedition being found by a rescuing party horribly mutilated.

The first battalion of re-enforcements from Japan arrived at Fusan yesterday and others are en route. So far the loss of the Japanese troops are comparatively small. The Corean losses are unreported, but must run into thousands.

ROCKEFELLER HAS RESIGNED

John D. Jr. Will Give Up His Young Men's Bible Class On October 1st.

NEW YORK, Sept. 18.—John D. Rockefeller Jr. will cease to be the leader of the Young Men's Bible class of the Fifth Avenue Baptist church on October 1. He has resigned and his resignation has been accepted. Increasing demands of business and fear of recurrence of ill health are the reasons given for his resignation. His resignation was acted upon by the executive committee of the class.

A DROWNING AT NEW MILLS

Josephine Mahoney, Fourteen Years of Age, Drowned Last Night.

MONCTON, N. B., Sept. 18.—(Special)—A sad drowning accident took place last evening at the little north shore town of New Mills. Fourteen-year-old Josephine Mahoney, daughter of Captain Mahoney, of Parraboro, N. S., was the victim. The little girl had accompanied her father on his trip on the schooner Lady Smith which is being loaded with lumber at New Mills. She had gone ashore with a party and in returning to the vessel last evening the little girl was steering. Just as the vessel was reached she fell from the boat into the water. A sailor promptly plunged in to the rescue but failed and the little girl sank.

THE PROPOSED CAR WORKS

St. John, N. B., Sept. 19, 1907. To the Editor of the Times:—I notice, on reading over the Halifax Herald, that the Silliker Car Works of that city, have already spent on a plant, machinery, etc., the sum of \$100,000. It will be remembered when this company was formed that the city of Halifax loaned them \$125,000 as an inducement to locate there, and principally on account of this consideration, the stock was over-subscribed by Halifax people.

I understand that there is a proposal before the city council at the present time from a company acting through a local man, to erect a car works in St. John, provided exemptions from taxes and a free site are secured.

It occurs to me, when it is taken into consideration that \$125,000 has been guaranteed in Halifax by the city before the company would go ahead, that the exemptions asked for by the company above referred to, are very moderate and should receive every attention.

We all know what a severe loss the withdrawal of the Harris car works was to St. John, whose place has never been filled by any similar industry. Now, it is needless to say that St. John needs manufacturing, at the present time. Nothing will build up the city more quickly and more satisfactorily than numerous industries, and the proposed car works, employing a large number of men would be a valuable adjunct to the city's prosperity, and further help to supply the great demand for cars in the great west which are a pressing necessity at the present time, in order to keep pace with the enormous expansion of the country.

It is therefore the duty of each and every Canadian to assist in the promotion of such a valuable industry, as it has been proved that the output of Canadian car shops is not sufficient to supply the present demand. This fact was evidenced recently when the C. P. R. placed a large order for cars in the United States.

Men Who Got R.D. Coles' Bicycles Traced to Vancouver.

The two men who hired bicycles from R. D. Coles on Monday and afterwards sold them, and for whom the police have been on the lookout ever since, are now in the hands of Uncle Sam. It is told that two men answering their description boarded the Boston train Tuesday evening just outside of the station as he was getting under way. The men locked themselves in the closet. As the witness was also fastened, it was impossible to get at them and until Frederick Junction was reached, they could not be seen. They were only there when a threat was made to break open the door, and they paid their fare and went right through to Vancouver. The description tallies with that given by Mr. Coles.

NINE WITNESSES EXAMINED TODAY

Good Progress Being Made in the Trial of Collins

NO NEW EVIDENCE

Today's Witnesses Told of Collins' Wanderings After the Murder and Related His Various Contradictory Stories

HOPEWELL CAPE, Sept. 18.—(Special)—Satisfactory progress was made this morning in the Collins trial, when nine witnesses were examined. The first was Aylesford Milten. He met Collins in the afternoon of August 20, on the Elgin Road, coming from the house of Alog. Bannister, at that time he was carrying two values which looked like those in court. The prisoner was enquiring about hiring a horse to go to Elgin to meet Father McAulay, as the priest's horse had gone lame. Witness then drove Collins to Elgin, for which service he was paid two dollars. One of the bills was an American silver one Canadian. On the way, Collins told him that his name was Connors and that he was then working for Father McAulay. Mrs. Elizabeth Martin was the next witness. She told about Collins and Father McAulay coming to her house in Elgin. The priest made arrangements for the latter (Collins) to stay at her house all night. A short time after they came, Collins, who appeared to be very warm, went out saying he was going to Garland's Hotel to get a bundle he had left there. This was the last witness saw of him.

Wm. Berry, who lives about five miles from Elgin, on the line of the railway to Pictou, said that on August 20, he was present at 7 o'clock in the evening the prisoner called at his house, at that time he had a telephone value with him. The one in court, in answer to a question Collins told him he was a sailor and had left his scow at Mary's point and wanted to go to Incheverie. His boarding house, get a place to stay all night, and witness directed him to Michael Joyce's, in Forest Glen.

Ezekiel Berry, brother of the previous witness, lives in Forest Glen. He remembered meeting the man just at dark on the night of August 20. He saw him with a value over his shoulder. Witness could not speak as to his identity. The man carried by Collins, he also saw in his possession a lady's hunting case gold watch.

James Young, a boarder with Michael Joyce, also told of seeing the prisoner. He identified the value in court, as the one carried by Collins. He also asked the prisoner where he came from, and was told Mary's Point, and was on his way to St. John, where his father had just bought a vessel. He also saw the lady's gold watch as well as two bills and some silver in the possession of the prisoner.

John W. Garland, who lives on the corner of Sherman and Kent Roads, saw Collins from Mrs. Leaman's, carrying two values over his shoulder. The witness said he was going to see Collins at that time, and was with a pair of reins. He told witness that he was doing chores for Father McAulay, that the priest's horse had run away and that he was then going to Elgin to look for it.

The last witness was Mrs. Margaret Logue. She saw the gold watch in the possession of the prisoner in her house at Spruce Lake on August 22. She noticed some letters on the case, but could not tell just what Collins told her that he had bought it for his girl in Halifax, who had died suddenly.

WILL RUN A CANDIDATE

LONDON, Ont. Sept. 18.—(Special)—The trades and labor council last night decided to place a candidate in the field to contest the seat in the commons made vacant by Mr. Hyman's resignation. It was also decided to call a mass meeting of labor unionists to name the candidate.

KIDNAPPING IN THE SOUTH END

Little Colby Potter Taken Away by Strange Man

CHILDREN FOUND HIM

When Returned to His Mother His Clothes Had Been Cut and Slashed and His Face Swollen From Crying

Police on Case.

A case which smacks strongly of kidnaping was reported early last evening when little Colby Potter, son of Captain and Mrs. Amos G. Potter, of 65 St. James street, was cut off away by an unknown man, and for the time being was carrying two values which looked like those in court. The prisoner was enquiring about hiring a horse to go to Elgin to meet Father McAulay, as the priest's horse had gone lame. Witness then drove Collins to Elgin, for which service he was paid two dollars. One of the bills was an American silver one Canadian. On the way, Collins told him that his name was Connors and that he was then working for Father McAulay.

Mrs. Potter learned later that the man, who is described as of medium height, with close cropped hair and a moustache, took the little fellow by the hand and led him to the hallway of a house occupied by Mrs. Williams, on Harding street, and after cutting his clothes left him there. Shortly after he was discovered and taken home by some children.

Colby told his mother that the man gave him some money and a jack knife, and said to come with him and they would have a good time.

Mrs. Potter adds that when the child was brought home his face was swollen from crying and the lower garment, comprising part of the Buster Brown suit which he wore, were open from the knees upward.

It is assumed that the stranger took the little lad for a girl, as he wore a coat with short skirt and, as is frequently the case with little girls, his hair was "Dutch cut."

When Colby reached home his clothes were covered with whitening from the hallway where he had been taken, and it might be noted, that a man answering the description given was seen last night and it stated that the back of his coat was covered with whitening. Captain Potter notified the police, who are working on the case.

THE OLD TICKET CHOSEN IN YORK

McLeod, Pinder, Young and Robinson the Choice

OF CONSERVATIVES

Convention Unanimous and Outlook is Good—Mr. Hazen Predicts Thirty Supporters in the Next House—Fredericton News

FREDERICTON, N. B., Sept. 18.—(Special)—The Conservatives of York met in convention at the county court house this morning and unanimously nominated the old ticket, composed of Mayor McLeod, Frederickton; J. K. Pinder, Southampton; John A. Young, St. Mary's, and Coun. Thomas Robinson, of Mansfield Sutton. The convention was large and enthusiastic, every parish in the county being represented. D. Hazen, M. P. P., Frank Smith, M. P. P., and Organizer Hubbard, were also in attendance. George J. Colter was chairman and H. M. Blair acted as secretary.

Mr. Hazen was first called upon and spoke hopefully of the old ticket for his party in the province, predicting that he would carry at least thirty of the seats at the next election. A nominating party to consider the names of probable candidates, and after due deliberation reported in favor of the old ticket. Nominations were then made in open convention and the motion carried unanimously. Messrs. Pinder, Young and Robinson accepted, and in brief speeches promised to do their utmost to carry the party standard to victory. Mr. Hazen also briefly addressed the convention, complimenting the delegates on the excellent choice made and urging all to work unceasingly from now to the close of the poll.

At one o'clock the convention adjourned. R. S. Barker, the lieutenant governor's private secretary, has been presented by Earl Grey with a beautiful silver watch, a mark of appreciation of services rendered during his Excellency's visit to the province. It is of sterling silver, and stamped with the Grey family crest. Beautiful weather prevails here today, and the outlook for a bright attendance at the exhibition and races is very bright.

St. Mary's band arrived from St. John this morning and will play at the exhibition building this afternoon.

PRESBYTERIAN MISSIONARIES

Nine New Ones Being Sent Out by Foreign Mission Committee This Year.

TORONTO, Ont., Sept. 18.—(Special)—Nine new missionaries are being sent out this year by the Presbyterian Foreign Mission committee (western division) which is now meeting here. Four go to Mexico; Rev. and Mrs. T. A. Broadfoot, from Gladstone, Manitoba; Miss Rachel McLean, of Toronto and Miss Lillian Le-maistre of Montreal, who is to become the wife of Dr. John A. McDonald, one of the last year's party of fifteen. Three are destined for Central India: Rev. J. A. Sharrard, of Bridge, Ontario, who sailed in June, Rev. Alex. Dunn, of Calgary, Alberta, and Miss Anna M. Nairn, of Galt, Ont. Two sail for North Formosa. Rev. and Mrs. Duncan McLeod, of Brandon, Man.

THEY SEIZED HIS PRINTING PRESS

Editor of the Prince Rupert Empire is Experiencing Adversity.

VICTORIA, B. C., Sept. 18.—(Special)—Grand Trunk Pacific engineer of Prince Rupert yesterday took forcible possession of the press of the Prince Rupert Empire. The press has been lying boxed on the wharf ever since July 9, as the Grand Trunk Pacific refused John Houston, its proprietor, leave to erect it on their property, and he has since had his printing done in the coast cities. Houston's intention was to have the press set up in the Indian reserve, when Mr. Bacon took the above action. Houston has had a writ issued and the provincial constable will bring the company into court.

ROSELLE KNOTT WEDS

Canadian Actress Well Known in St. John Weds Her Former Manager.

The many theatre goers in this city who were delighted with the splendid presentations of "When Knighthood was in Flower" and "Cousin Kate," given by Miss Roselle Knott in the Opera House in the summer of 1906, will be interested in the announcement that she has retired from the stage. In future the gifted Canadian actress will devote herself to the art of home making. She was married in New York a few days ago to Ernest Shipman, her former manager. Mrs. and Mr. Shipman will reside in New York. Mrs. Shipman has been married before, her first husband having died in Bradford some years ago. Mr. Shipman's first wife died, after which he married Edie Heast, from whom he obtained a divorce. Mr. Shipman was in St. John some years ago as manager of the Princess of Zeala Company.

RIFLE DRILL FOR THE GIRLS

CHARLOTTETOWN, P. E. I., Sept. 19.—(Special)—The Kensington rifle range, lately improved and enlarged, was formally opened yesterday by Sir Frederick Borden. There was a large attendance of marksmen, and good scores, despite the strong and gusty wind.

Sir Frederick spoke of the aim of the department to form a nucleus of an efficient army and physical exercises for the boys and girls, with rifle drill for both.

STEEL GOES DOWN IN A WEAK MARKET

MONTRÉAL, Sept. 18.—(Special)—In a generally weak market steel went down yesterday and closed at 24 1/2. Steel selling pressure to 24 1/2, closing at 24 1/2. There was further selling today and after opening at 24 1/2, considerable stock was thrown on the market. Later price declined to 20 1/2, rallied to 20 3/4. Dominion Coal and coal remained steady. THE ALL STAR TEAM

While nothing definite has been announced regarding Brit's picked team to play the Marathons Saturday, line-up freely discussed and which will likely be found correct is as follows:—McEachern, pitcher; Miller, catcher; Britt, 1st base; Allan McQuiggin, 2nd base; Harris, right field; Small, center field and McCormack left field. This should be a formidable aggregation.

LUMBER MILLS BURNED

It is reported that the Calhoun Lumber Company's mills at Barachois, Bay Chaleur, were destroyed by fire yesterday, together with a large amount of lumber.

MUST STRAIGHTEN THE CURVE

OTTAWA, Ont. Sept. 18.—(Special)—The railway commission inspector, Mr. McCall, has made a report upon the Cataraugus curve. He says that the accident was caused by the high rate of speed at which the train was running on a sharp curve. If this curve is not straightened out then the board will likely order a change of route.

THE COUNTRY MARKET

Reports indicate that there will be a fair supply in the local retail fish market for tomorrow's trade. GOOD YEAR FOR THE SUNDAY SCHOOL

St. John County Convention is In Session Today

ENCOURAGING REPORTS

Work Has Gone Forward All Along the Line, and the Outlook is Excellent for the Next Year—The President's Address

The annual meeting of the St. John County Sunday School Association opened at 2:30 o'clock this afternoon in the Queen Square Methodist church. The president, J. N. Harvey, presided, and the devotional exercises were led by Rev. E. C. Jenkins, pastor of the Ludlow street Baptist church.

The following committees were then appointed: Nominating committee—Robt. Reid, chairman; Rev. W. Camp, H. White, W. J. Parks, L. H. Thorne. Credential committee—D. R. Fisher, Miss L. Carson, B. J. Cameron, A. E. Hamilton, Mrs. M. D. Aulton. Committee on resolutions—A. A. Wilson, R. T. Hayes, Rev. W. Camp. President Harvey then delivered his annual address, after which the reports of the secretary and treasurer were read and also the reports from the superintendents of departments. A discussion on the reports was led by Rev. A. A. Graham and Rev. Wellington Camp gave an interesting address on Teacher Training. The convention will be concluded this evening.

The President's Address

President Harvey's address is as follows:—St. John, N. B., Sept. 18, 1907. To the Officers and Members of the St. John County Sunday School Association:—

Another year has passed into history and we gather again to consider ways and means of advancing the interests of an association which we believe is doing more for the cause of Christian civilization and for bringing about the coming of the kingdom of Christ upon earth than any other in the land. In doing so we must be frankly wherein we have failed as well as the progress we have made. We realize that, while we have been able to accomplish much good work, yet much remains to be done. There are a number of the weaker schools throughout the city and county that need more help and encouragement than we have been able to give, and I trust this association during the coming year will be able to make arrangements so that these schools will receive more encouragement and that new schools may be organized where no schools now exist. While the work of the year has not been all that we had hoped for, yet there are many encouraging features, as you will see by the reports of the various officers.

New Schools Organized—During the year a new school was organized at Misper, with Samuel J. Thomas as superintendent. There has been no school at this place for about three years. Your president made three trips, and we are indebted to St. J. Hayes who furnished the team, and also to Wm. Kingston and Rev. Jacob Hanes for assistance. We believe this school, with a little assistance, will do good work.

We are now endeavoring to arrange for the organization of a school at Cross Roads, in the Parish of St. Martin's, where no school has existed for some years past.

Visitations—Your president has not been able to visit as many schools as he would have liked to, as his time has been so much taken up with the other Sunday school work, such as the Adult Bible work in the New Brunswick and P. E. I. association, besides work in his own school, but he has been able to furnish the team, and also to Wm. Kingston and Rev. Jacob Hanes for assistance. We believe this school, with a little assistance, will do good work.

In company with his worship the mayor, on the invitation of Rev. Mr. Pritchard, we visited the Bible school at the Boys' Industrial Home, which is being conducted under the auspices of the Evangelical Alliance. It was on the occasion of the first quarter's review, and I must here pay a tribute to those who have this work in hand. The grasp of the lessons that these boys had would do credit to the brightest class in our association, and reflects great credit on the teacher. This branch of the work should receive our hearty commendation and support, as it must have a telling effect upon the moulding of the lives of these lads for future usefulness.

Membership of Our Schools—It is encouraging to find we have a membership of about 11,000 which, if figured on the basis of the census, will be found to be an increase of \$3,000 from January 1st.

THE TIMES NEW REPORTER

ANOTHER PROBLEM. His worship the mayor will ask for an amendment of the city-by-laws to provide that when a meeting of the council is called and a quorum is present the doors shall be locked and no member permitted to escape. It took three aldermen to hold a quorum last evening, and at dinner time yesterday wild horses would not hold them. The mayor very properly points out that there is nothing in the sworn duties of an alderman which would seem to include a mad race after Ald. Hamm or Kelley, and if either of them got a fair start he might get clear away.

The problem of the escaping aldermen bids fair to be a more serious one to solve than the repairs to the Ludlow or the completion of the waterworks system. Whether an increase of salary and the provision of a lunch room and couches would not be more effective than a lock and key is being seriously considered by some persons who argue that the city's business must be attended to at any cost.

Bragging Tom and His Undoing

BY WILLIAM WALLACE, JR.

Tom Collins lived in the town of Greenville a pretty little place that was located in a western state not so very far from the Rocky Mountains. He was a big chap for his fourteen years, and prided himself mightily on his strength and bravery. Indeed so much did Tom boast that his friends had begun to call him "bragging Tom," much to the young fellow's displeasure. However, he was not displeased enough to quit his ugly habit of bragging.

At school Tom would boast that he could "whip any boy of his size in the county," but once free of the playground and on territory where there was no rule against his displaying his prowess, should some victim come forward to help him out, Tom never felt inclined to prove his boastful words. And many had been the boys-fearless little men in their will, western way—who had stood up to Tom and declared they were willing to be "larned" in good old fashion—if Tom was capable of doing it—to let him prove it. "See what you can do," Tom would say to his friends and admirers that he "was the best man of his age in the county."

"I can't ride that brute, I can't, I confess I'm defeated." "Well, as for Hank's size," remonstrated Walt, "he's a better man than you, I'll wager a good deal. He's as strong as most kids of twice his size; so you need not have any hesitancy about sending him a counter challenge. And as for riding his bucking broncho—well, I've heard you say there wasn't one in the entire west that could scare you off. But as I've never seen you on horseback I'm no judge of what you can do in that line."

If you wanted a diamond, you wouldn't let the jewellers sell you a bit of glass, would you? TOASTED CORN FLAKES. compare with other breakfast foods just like that. Get your grocer to send you a box and try it for yourself.

strength. Some of the boys say you always find some excuse to slip out of proving your meed. Now, that a boy worthy of your notice has made the challenge you'll have to come up like a man or retreat like a coward."

"I'll never retreat like a coward," declared Tom, a blush covering his face. "But Hank's so small, you know. It don't seem fair for me to tackle him."

"Oh, we'll all declare him quits your equal," cried Walt. "It isn't always meed that counts, remember. Hank well-made and can give all that you care to take while he's receiving what you care to give."

"All right, then," said Tom. But he did not speak in his usual boastful voice. Then, saying that he had to perform an errand for his father, he said good-bye to Walt and Frank and hurried away, with an almost frightened look on his face.

"You see, he wouldn't be a bad sort of fellow if he were not such a conceited one," admitted Frank. "Well, probably he'd be doing him the greatest service of his life up to date by curing him of his boastful habit of bragging."

Saturday—the day on which the bravery and strength of "bragging Tom" were to be tested—came, and though to some of the town boys it seemed very early in doing so, the meeting between Tom and Hank—"bragging Tom" and "Wildcat" Snell—was arranged to take place on the baseball ground outside the town at two o'clock, and long before that time a dozen boys—friends of both sides—were assembled.

The Boy and the Hornets.

A hand of gay hornets Billed a nest High up in a tree. They said to themselves, "They'll be in a high We've got safety."

But a boy passing by With a long fishing rod, Looked up in the tree, Looked up in the tree.

And seeing the nest, A-handing so high, He was a strange sight When at last he reached home, He'd been stung by the pack!

Then after I've busted You to smithereens I'll just break and run. I'll just break and run.

And the boy did the job That he said he would do: But alas, and alack! He was a strange sight When at last he reached home, He'd been stung by the pack!

HERE ARE THE MEN WHO GAVE HARRISON \$260,000 TO ELECT ROOSEVELT (New York World.)

- The mystery concerning the campaign fund raised by Edward Henry Harriman on October 29, 1904, at the personal solicitation of President Roosevelt, has been cleared up by the World and is set forth below. The amount of that fund, names of the subscribers thereto, an itemized list of its collection by Mr. Harriman and United States Senator Chauncey M. Depew has been obtained from a source that leaves no room for question. The exact amount of the fund was \$260,000, not \$200,000, as has been stated. The names of the subscribers to it and the amount given by each of them are as follows:

Edward H. Harriman, \$50,000; H. McK. Twombly (representing the Vanderbilt interests), 25,000; Chauncey M. Depew (personal), 25,000; James Hazen Hyde, 25,000; The Equitable Life Assurance Society, 10,000; J. Pierpont Morgan, 10,000; George W. Perkins (New York Life Insurance Company), 10,000; H. Rogers, John D. Archbold, William Rockefeller (Standard Oil Company), 30,000; James Speyer and Banking interests, 10,000; Cornelius N. Bliss (personal), 10,000; Seven Friends of Senator Depew, \$5,000 each, 35,000; Sent to Mr. Harriman in smaller donations, 20,000; Total, \$260,000. This sum of money, exceeding by \$60,000 the amount estimated by George B. Cortelyou, chairman of the Republican National committee, and B. B. Odell, jr., chairman of the Republican state committee, to be necessary to insure the election of Mr. Roosevelt as president and Mr. Higgins as governor, was collected by Mr. Harriman and Senator Depew and turned over by Mr. Harriman to Cornelius N. Bliss, treasurer of the Republican National committee.

Among the presents was a handsome oak sideboard from the groom's employer, T. H. Estabrook.

Connell-McMurray. On Tuesday evening, Miss Edith McMurray, daughter of William McMurray, was united in marriage to Fred Connell by Rev. S. Howard.

Stephen-Bourne. Woodstock, N. B., Sept. 18—(Special)—An interesting society event took place in St. Luke's Episcopal church this afternoon when Miss Mary Ethel, eldest daughter of Mr. and Mrs. Charles Bourne, was united in marriage to R. W. Stephen, of St. John. Rev. H. G. Alder performed the ceremony. The happy couple were attended. Many useful and costly presents were received. The newly married couple left on the evening train for a bridal trip to Nova Scotia.

Meagher-Monahan. A brilliant wedding was that solemnized in St. Ignatius' church, Peterborough, at 9 o'clock yesterday morning, when Miss Anna Louisa Monahan, daughter of Hugh Monahan, of Peterborough, was united in marriage to William J. Meagher, of Worcester (Mass.), but formerly of Halifax. Rev. Charles P. Carleton performed the ceremony, which was witnessed by a large number of the friends of the popular young couple from New Brunswick and Nova Scotia and Massachusetts.

The bride entered the church leaning on the arm of her father, and carried a bouquet of white roses. Her dress was of crepe de chene over white tulle silk with chiffon trimmings and a bridal veil of cream blossoms. Miss Marion Meagher, of Halifax, sister of the groom, was bridesmaid, and was becomingly gowned in white and pink roses. The bride wore a white hat with plumes and pink roses. Matthew Monahan, brother of the bride, acted as best man. The church was prettily trimmed for the occasion. Mendelsohn's Wedding March was played by Miss Kelly.

After the ceremony a reception was held at the home of Matthew Monahan at Patterson, and the house was beautifully decorated throughout. In the parlour white and yellow cut flowers were displayed in profusion, and the hallway through which the bridal party entered was in red, white and blue. A sumptuous wedding breakfast was served in the dining room, where the decorations were in pink and white.

The happy young couple left for a trip through Nova Scotia and will reside in Worcester. The bride has made her home with her brother at Patterson for a number of years, and is very popular. She has a wide circle of friends, who will wish her every happiness, though she will be much missed from the social life of the community. Always the life of any gathering, she will be long remembered in Patterson and vicinity. The good wishes of friends found tangible expression in valuable gifts, principally silverware. Her father and brother gave her checks of generous amount.

Archibald Donaldson. Montreal, Sept. 18—(Special)—Robert Reford & Co., agents in this city for the Donaldson line steamers of Glasgow, were in receipt yesterday of a cable from Glasgow to the effect that Archibald Donaldson, the senior partner of the firm, had died in Glasgow. Mr. Donaldson was one of the best known shipping men in the Scotch metropolis and as a token of esteem the boats of the Donaldson line now in port were flying their flags at half mast today.

OBITUARY. John W. Page. The death occurred on Friday, the 14th inst., at Tracey Mills, Carleton county, of John W. Page at the age of seventy-two years. Mr. Page enjoyed his usual good health to within two days of his death, when he was stricken with pleurisy. Even then his physician thought there was no cause for alarm, but a sudden change to heart failure resulted fatally Friday morning. His death came as a shock

An Absolute Cure for Rheumatism

If the skin or bowels are unhealthy, they won't throw off enough urea. This urea is changed into uric acid—carried by the blood to the nerves—and causes Rheumatism.

Fruit-a-tives surely cure Rheumatism and Sciatica

to the community where he has lived his life, and where he was respected and honored by all for his sterling qualities of character and his good citizenship. Deceased was a member of the Union Baptist church of Tracey Mills, and a life long laborer in politics. He leaves a widow, four sons and three daughters. Three of the sons are farmers in Carleton county—William J., residing at Lakeville, and Frank and Granville at Tracey Mills, the youngest son, John E., is principal of the Model school, Fredericton. Mrs. H. G. Perry, wife of Principal Perry, of Hampton Consolidated school, is the eldest daughter; Mary and Edna reside at home.

William Gaskin. William Gaskin died at the home of his father, Henry Gaskin, 205 Newman street, last night, in the twenty-fifth year of his age. The young man had been ill for a long time, despite all that care and medical attention could do for him. He is survived by his father, one brother—Walker, and two sisters—Misses Ada and Mary, all at home. The funeral will be held Friday, with service at the house at 2:30 o'clock.

Frank Gorham. Hampton, Sept. 18—Frank Gorham, formerly of Hampton, died a few days ago at Wollaston (Mass.), of cancer of the stomach, aged thirty-eight years. He was unmarried. His sisters, Mrs. Howard D. Fowler and Miss Jennie Gorham, brought the body to Hampton today, and accompanied by Edwin Arnold, of Sussex, were driven to Kingston, where interment will be made. Mr. Gorham was the only surviving son of Mrs. Raymond Gorham, who resides with her daughter, Mrs. Edwin Arnold, with whom also lives his eldest sister, Miss Annie Gorham. Another sister, Georgianna, is also a resident of Wollaston.

TORONTO FARMERS TO RAISE PRICE OF MILK

Will Charge \$1.60 for Eight Gallon Can After Oct. 1st—Present Price is \$1.23.

TORONTO, Sept. 18—An advance will probably be made in the price of milk to Toronto consumers on October 1st. At a largely attended meeting of farmers and dairymen at the Labor Temple on Saturday afternoon, it was determined to advance the price of the commodity to \$1.60 and \$1.30 per can of eight gallons for the six winter and six summer months respectively. Under the recent award of the arbitrators in the dispute between the producers and city dealers, the present rate is \$1.23 per can of eight gallons. These charges cover the cost of delivery to the city milkmen, and it is said that

DR. PUGSLEY'S SPEECH

In his speech yesterday Hon. Dr. Pugsley denounced Mr. Borden and others because they treated of "petty things," rather than broad measures of statesmanship. Later he made it clear that by "petty things" he meant charges of political corruption, and curiously and inconsistently enough he forthwith produced a series of newspaper clippings and launched all the thunders of his eloquence against those Conservatives whom he charges with acts of political corruption in the year 1904. If such a criticism was unworthy of Mr. Borden or Mr. Bristol, it is less unworthy of the minister of public works? And, again it may be asked, why wait for some action on the part of Mr. Borden before proceeding to unhoist himself further than he has done in the Fairville and court house speeches?

Dr. Pugsley was at his best yesterday when he spoke of the great development of Canada, the transportation needs of the country, and his determination as a member of the government to do all possible to direct this development along national lines. He showed a clear comprehension of general conditions, and an equally clear conception of the responsible duties of his office. He was not less happy in his references to the development of maritime province ports, and his desire to serve his constituency and province. But with regard to his statements concerning the Conservatives in 1904 the Times still contends that he should have said more or said nothing.

THE GAME OF BLUFF. The Sun professes to have discovered a change in the attitude of the Times toward the Hon. Dr. Pugsley. This paper favored the return of Dr. Pugsley without opposition. What more does the Sun or Dr. Pugsley want? If they seek that this paper shall forego its right to express its own views and shall adopt theirs—they seek too much.

Dr. Pugsley should beware of the Sun. Its indiscretion is said to have caused one cabinet vacancy, and it has already caused Dr. Pugsley's friends so much anxiety that some of them have been led to renege. The truth is that Dr. Pugsley committed a foolish blunder at Fairville, and disappointed his own friends. He made vague charges and with theatrical bluster called upon somebody to challenge him further. He was criticised for it, and now he and the Sun seem to have decided to bluff it out. The Sun this morning, taking its cue from his speech yesterday, announces that it is ready to be sued for libel. Neither the shifting of the responsibility from Dr. Pugsley to the Sun, nor the heroics of both will deceive anyone. They know perfectly well that their statements are not sufficiently definite to provoke a suit for libel. The charge is that half a million dollars was raised by the Conservatives in 1904, and \$25,000 spent in one constituency. On such a statement they invite a suit for libel. Where is the wretch who dares to tread on the trail of Dr. Pugsley's coat? Let him do it, and forthwith he will be annihilated by the Sun.

A word with Dr. Pugsley. Discretion is a laudable trait in a public man. In the department of public works, so long without a head, there is an arrangement of work that will tax the energies of the strongest man. It presents to Dr. Pugsley an opportunity for the display of genuine statesmanship. Such a record may be greatly needed in the general elections to combat the prejudices the Sun's misguided zeal will have aroused against him in the meantime.

FOR THE CHILDREN. The International Congress of School Hygiene, which met recently in London, dealt exhaustively with the question of the medical inspection of school children and adopted the following resolution: "Whereas the maintenance and development of the health and vigor of school children is a matter of paramount importance, and whereas experience in all large cities has shown the importance of health inspection, be it resolved that in every city and town adequate provision should be made, both for sanitary inspection of schools, and for medical inspection of school children, the latter to include not only inspection for contagious diseases, but also of eyes, ears, nose, throat,

and teeth, and of general physical condition." So strong a resolution from so authoritative a source must command wide attention, and should give a fresh impulse to a movement of such great importance to the welfare of the race. In Canada medical inspection is practiced in the schools in a few communities, and should be made general in all large centres of population. On this subject the Toronto News well says:—"To arrange for the medical inspection of school children is not a simple matter. But it is only a question of time in Canada as well as in Great Britain until the public will recognize that money spent for determining the physical condition of children and the course of school life best fitted for them is spent wisely. When the state undertook the education of children and made that education compulsory, it regarded children as being all alike suited to the course which it prescribed for them. It has become evident that it is as necessary to classify children as it is men and women in after life. Probably it would be more correct to say that classification is more necessary in the case of children. Special classes of children need special schools. The majority are well looked after on the whole. But there are large minorities who receive little or no benefit from school life. The state has undertaken the proper education of its children, and it must see that they do not suffer while it can make arrangements which will enable them to reach their proper development. Medical inspection of school children, while it is likely to change to some extent our present system of education, promises to afford the state the aid which it needs in discharging its duty towards the children for whose education it has become responsible."

Premier Robinson invites the province to prepare itself for a pleasant political surprise. The work of cabinet reconstruction has not been overlooked. It is progressing famously, and in due time the completed fabric will be held up to public view. There have been many rumors, and the merits of prospective ministers have been generally discussed wherever men do congregate. If Premier Robinson has discovered some new cabinet timber of exceptional quality it will readily be admitted that he has accomplished a notable feat, for which he will receive due credit when he delivers the goods.

POLITICAL NOTES. HANDING IT BACK. (Toronto Mail and Empire, Con.) "But where were Mr. Foster and Mr. Fowler?" asks the Woodstock Sentinel, as a sort of commentary upon Mr. Borden's meeting. Well, Mr. Foster is delivering splendid speeches against the Ottawa grafters in the East. And you will no doubt hear from Mr. Fowler later. By the way, where are Hyman and Emerson?

PUBLIC OWNERSHIP. (Toronto News, Ind.) The Liberal journals may favor national telegraphs and telephones, but Sir Wilfrid Laurier is a convinced and consistent opponent of public ownership, and the Liberal papers must help to defeat the principle to which they are committed in order to support the leader who commands their personal allegiance.

RUBBING IT IN. (Ottawa Journal, Ind.) Hon. W. A. Weir is reported to have declared that Mr. Bourassa was a plague, distinct, worse than smallpox and worse than yellow fever. Most people in Canada know who and what Mr. Bourassa is. For the information of the vast majority which has never heard of Mr. Weir it may be stated that he is minister of public works in the present Quebec ministry.

AFTER 29 YEARS. (Ottawa Journal, Ind.) This (Sept. 17th), is the 29th anniversary of the election of 1878. And we haven't got over it yet. The tariff is today much higher than it was then.

THE VINTAGE OF 1883. (Ottawa Journal, Ind.) Nobody knows how many Liberals of the 1883 vintage there are left now. Outside the golden circle of patronage it is hard to meet them. So many of the Liberals of the 1883 brand are either dead or in the Senate, that there seems to be nobody to call to account but the prime minister himself.

ADVICE TO MR. GRAHAM. (Eastern Chronicle, Lib.) But, our advice to the new minister is to go slow; be sure he is right before he goes ahead. We have seen very clever men come down to the region served by the I. C. R. with bundles of drastic changes whose names were soon written in mud. The upper province's press are studying Mr. Graham full of fairy tales and he had better see for himself before he changes anything. We have a distinct recollection of Mr. Brydges, C. E., acting for that well intentioned statesman, the late Hon. A. McKenzie, of blessed memory setting the maritime provinces in a blaze. If Hon. Mr. Graham believes that every, or any, politician in these provinces runs the I. C. R., he will find that when his education is completed he has been all kinds of a credulous fool. We repeat our advice to him to go slow. Examine carefully for himself before doing anything, except to draw his pay.

SOMEWHAT IRONICAL

(Moncton Times) The Commissioner of Public Works, Hon. Mr. Lablache, was in town yesterday with the Hon. James Barnes, of Kent, on the way to Fredericton to attend a meeting of the government. Mr. Lablache informed the Times that the roads in the province are in good shape. The people who have been travelling the roads had an idea that the roads were in a very bad shape, but it is all imagination. It is likely that we have men in the government who are able to keep the ignorant farmers posted as to the condition of the roads.

TRIBULATIONS

When a man is safely married, you would think that he would suppose that his troubles being over. But just then he hears his levy. Murnie questions him in tears: "Is my back hair flying, dearie?" "Will you put my comb in, please?" "Will you kindly wait a minute, dear, and button up my waist?" "Will you kindly wait a minute, dear, and button up my waist?" "Will you kindly wait a minute, dear, and button up my waist?" "Will you kindly wait a minute, dear, and button up my waist?"

EXPERIENCED. While a motorist was trying to repair a punctured tire on a country road a farmer came along in a trap. Said the former—"Is your horse afraid of motor cars?" "No," answered the farmer; "he's haul-ed too many of 'em home for that."

EXACT INFORMATION. A visitor to a hotel in a provincial town in England was shown up to his bedroom by the "books." Wishing to know what the outlook from the window was, he asked: "Does the window face north, south, east or west?" The reply came quickly: "Neither, sir; it faces the back."

IS INTUITION. "I suppose you are a little anxious about how your forthcoming speech will be received," said his friend. "Not at all," answered the old campaigner; "I know beforehand. My friends will all say it is good and my enemies will all say it is bad."

IT WAS TOO TOUGH. The second course of the table d'hôte was being served. "What is this leathery stuff?" demanded the corpulent diner. "That sir, is fillet de sole," replied the waiter.

"Take it away," said the corpulent diner, "and see if you can't get a nice, tender piece of the upper, with the buttons removed."

HARRIMAN'S JOKE. "Why," said E. H. Harriman at a dinner in New York, "things have come to such a pass that soon the man who is successful and rich will be looked upon with as much mistrust as the lawyer of the tale."

"This lawyer said sadly to his wife on his return home one night: "People seem very suspicious of me. You know old Jones? Well, I did some work for him last month, and when he asked me for the bill this morning I told him out of friendship that I wouldn't charge him anything, & thanked me cordially, but said he'd like a receipt."

VANCOUVER RIOTS

(Victoria Colonist.) The regret which all right-minded citizens feel over the Vancouver incident is not because the Japanese are subjects of an ally, although this may add to it. It is because of the fact that the good name of the country has been besmirched. Last week we could claim in the face of all the world that under the British flag there was liberty and safety for men of all nationalities, and of any creed or color. It was our proudest boast that we held the laws of the country in respect and that no man need fear to trust his life, liberty and property to their protection. We can no longer make the claim. A stain has been put upon our honor as a people. It has been sent broadcast to all the world that there is one place in Canada where the British flag is no protection to those whose only sin is that their faces are not white and who are guilty of the heinous crime of wishing to make a living. Only a few years ago we sent our troops, and other nations sent their troops, to compel China, to respect foreigners in that country; now we find it necessary for our troops to be kept in readiness to compel people in Canada to respect foreigners entitled to the protection of our institutions. The whole country has been humiliated by it.

CHOCOLATE ADVANCES NEW YORK, Sept. 18 Cocoa, which has been advancing in price since April, was marked up two to three cents a pound in the last week, by various manufacturers and is to be further advanced it is predicted. Prices of cocoa, chocolate and chocolate confections are now said to be higher than for twenty-five years. The reason given by the manufacturers is that the bean costs more than ever before and double what it did a year ago. Thus far the retail prices have not been generally put up, but dealers say that users of cocoa and chocolate will soon have to pay considerably more; it is estimated about \$8,000,000 more than last year. The public will feel this, it is said, in the coming holiday season, when the demand for bonbons is greatest.

ALD. KELLEY FIGURES AS AN EXPERT ON DREDGING

"If Kelley Goes On Talking I'm Going Out," was Ald. Hamm's Pronouncement at Last Night's Council Meeting--Kelley Talked On, but Hamm Stayed Through It--Dredging Recommendation Adopted After Much Talk.

At a meeting of the common council last evening the recommendation of the board of works for dredging the Sand Point berths for the lump sum of \$28,000 was accepted, the mayor and Ald. Kelley dissenting. There was considerable discussion before a vote was taken. Ald. Kelley quoting statistics to show that the price was excessive and urging that the council should be persuaded to remain to make a quorum. The mayor occupied the chair and Ald. Bullock, Baxter, McGowan, Vanwart, Baxter, Kelley, Lewis, Spruce and Hamm were present with the common clerk.

The meeting at the outset proceeded along informal lines and Ald. Kelley and the mayor expressed their disapproval of the recommendation from the board. Ald. Baxter asserted that the objections were due more to animosity against the contractor than to any great regard for the welfare of the city. If Hon. C. Hyman were the minister they would get a very short answer and they would deserve it. "It is a pity," the alderman added, sarcastically, "that we are so late in discovering that we have men in the city of St. John of more transcendent ability than the gentleman whom the premier has selected for the position of minister of public works."

The mayor replied that he was certainly entitled to look into questions brought before the council.

There was considerable discussion on the question of what quantity of rock might be encountered and on the matter of having the work done for a lump sum or for \$2.25 per yard. Ald. Kelley urging the latter course.

Finally Ald. Vanwart decided he wanted to go home, but was persuaded to stay.

Ald. Hamm then started for the door, with the remark that he was not going to sit there and listen to politics. No sooner had he disappeared than Ald. Bullock and Lewis gave chase and brought the alderman for Kings back to keep a quorum.

Ald. Kelley then made another start, ignoring Ald. Baskin, who was in the previous session. Ald. Hamm promptly made another dive for the door, saying as he disappeared: "If Kelley goes on talking I'm going out again." Ald. Baxter followed in haste to use his persuasive eloquence and returned triumphantly with the alderman who sat in a corner and glared at Ald. Kelley.

Ald. Lewis made the brilliant suggestion

TWO BROTHERS SHOT TO DEATH

Awful Tragedy Near Limestone, Me.,-- Fred Tardis Killed Two Boys.

Chief Witness to Murder Tells of It and Murderer Goes Temporarily Insane-- Preliminary Hearing at Houlton Today.

Limestone, Me., Sept. 18--This place was shocked by the news of an awful tragedy at 4 p. m., when it became known that a double murder had taken place about one and a half miles out of town. Guy Tardis, aged about 18, shot and almost instantly killed two boys--Oscar and Stephen--Downing of about 17 and 13 years of age, respectively.

The party of boys had been hunting and were crossing a pasture when a discussion arose as to whether they should return home. It is said a dispute followed, Guy Tardis insisting on going home and the other boys objecting. The fence was started alighting the fence when Downing pulled him off. This enraged Tardis that he leveled his gun and deliberately shot him through the head. The second victim dropped dead instantly.

Fred Tardis, a cousin of Guy, having witnessed the awful deed fled to a neighbor's house and told all and the murderer went home and confessed his crime to his mother. Subsequently he became temporarily insane and could with difficulty be held in custody.

Dr. Damon and Hunter were taken to the place of the murder to find both boys lifeless. This morning at 9 a. m. Guy and Fred Tardis, handcuffed together, in company with Constable Webster, left Limestone for Houlton (Me.). The youthful murderer had become quiet and talked rationally. He is a fresh faced, pleasant looking lad and has always been of a quiet disposition. His cousin, a boy of about 16 years, who will be a witness against him, seemed to realize the situation more keenly. The grief and horror of the friends of the murdered boys, also those of the murderer, cannot be described and the quiet town of Limestone is greatly shocked over the tragedy.

Houlton, Me., Sept. 18--Guy Tardis, the boy who was held today for the grand jury of the term of the supreme court, now in session here, on the charge of killing the two young Downing brothers at Limestone yesterday afternoon, was brought here this afternoon and lodged in the county jail. Fred Tardis, his cousin, and the only witness to the shooting, was also brought here, having been held as the principal witness for the government. Four witnesses have been summoned to appear before the grand jury at 10 o'clock tomorrow morning, at which time it is expected the case will be considered. They are Carl Hammond, James Phair, Dr. Damon and Dr. Hubbard, all of Limestone or vicinity.

NINE WITNESSES EXAMINED IN COLLINS TRIAL YESTERDAY

Case is Now in Full Swing-- Fifty More Witnesses Yet to Be Called.

Hopewell Cape, Sept. 18--Fairly good progress was made in the Collins trial today. Nine witnesses were examined.

Professor Andrews, of Mount Allison University, Sackville, was on the stand all the forenoon, and for two quarters of an hour after dinner, giving evidence as to the point on the axe found on the door of the closet in McKeown's bedroom. He also told of having examined the stains on the overalls found in the woodshed, but declined to say anything as to their character, without a test.

The crown has more than fifty more witnesses and the case will likely go into next week. There will be an evening session tomorrow.

Solicitor General Jones in his opening sketched the history of the crime which was committed in New Ireland Aug. 29th. He urged on the jury to give all attention to the evidence, dismissing every unprejudiced opinion. He described the district of New Ireland, in which the priest's house stood, as a lonely, desolate place more fit for the forest than for the habitation of man.

The crown prosecutor went into some details, describing the movements of the prisoner before and after the murder was committed, and the nature of the circumstantial evidence which he alleged connected Collins with the awful deed. He spoke altogether about an hour and a quarter.

W. Andrews, professor of chemistry and physics at Mount Allison, was the first witness. He described the test by which he came to the conclusion that the white sneer on Father McAuley's axe was identical with the paint on the door. As the former two trials he made a practical illustration for the benefit of the jury to show that paint of the kind would stick to a damp axe, if struck into a door. The solicitor general concluded his direct examination about 12 o'clock, when Hon. H. A. McKeown commenced the cross-examination. As a result of this it came out that the witness had examined the cut on the door from the priest's house and had found no blood on either.

The solicitor general here showed witness the pair of overalls found in the woodshed and of the opinion that some of the stains on them were caused by wiping something. What the nature of the stains he could not tell without a test.

The court then rose for dinner, until 2 p. m., after which the professor again took the stand and was on it for nearly an hour, when he was excused till tomorrow afternoon, as he wished to go home.

William Simpson, station agent at Petterdick, next took the stand. He said he remembered selling a ticket for St. John to a man on about August 21st. He could not identify the prisoner at the bar as the individual. He thought the man was a sailor from his general appearance. After Collins had been captured witness went into the car in which Sheriff Lyons was with the prisoner and he was unable to recollect having seen him before.

Thomas Carby, who drove Father McAuley from Elgin to David Doyle's on August 21st, was next called. His evidence was substantially the same as on the other trial.

Mrs. Laura Teshan, one of those who assisted in preparing Mary Ann McAuley for burial, was next called. Under cross-examination by Mr. McKeown this witness said that Miss McAuley was in the habit of wearing false hair, but she had

PEOPLE OF NOTE

The heir to the German empire, Crown Prince Frederick William, is one of those fortunate mortals who seem to lack nothing worth while possessing. Heir to Emperor William, Prince Frederick William has splendid health, enjoys all good sport and is the proud husband of the beautiful Princess Cecilia of Mecklenburg-Schwerin and the father of a fine healthy lad who is also a direct heir to the throne of Germany. The Crown Prince was born on May 6th, 1882, and was married on June 6th, 1905. He studied at Bonn University, where he became popular through his democratic attitude toward his fellow students. He has always loved military life and duties and is devoted to automobile and tennis.

PROVINCIAL POLITICS

Ex-Speaker Burchill is spoken of as likely to be a candidate in Nova Scotia in the government interests in the next provincial election.

Premier Robinson, Hon. F. J. Sweeney and Hon. James Barnes returned from Fredericton last evening and went through to Moncton. Asked as to the report that A. P. Barnhill had been asked to take a place in the government, the premier said that he had nothing to say nor could he give any intimation of cabinet reconstruction.

FINDS CANADA A GREAT COUNTRY

Montreal, Sept. 18--A Canadian A. P. cable from London says: The Times publishes the first article of its representative who has returned to England after a tour through the Dominion of Canada with the journalists' party who traveled under the auspices of the Canadian Pacific railway. The article deals with immigration. Commenting editorially, the Times refers to the ignorance of Canada still prevalent here, and adds that there is probably no country in the world wherein conditions for prosperity are so completely within the grasp of any man or woman who will grasp them.

The Times also refers to the labor question, and says, in new as well as old countries, men who work with their hands earn sometimes in need of being reminded of their essential dependence upon men who also work with their brains. After dwelling on this point, the paper concludes:

"If the Canadian ship of state is to make a prosperous voyage officers are fully as essential as the crew. If they were not forthcoming the goal would be far more difficult of attainment. Canada is fortunate on both sides of politics and representing both races, statesmen tried in experience and of approved patriotism and sane impulses."

The Cape Colony parliament will be dissolved tomorrow. The continuance of the council's blocking of supplies is creating a constitutional crisis, and it is probable that the resigned votes of the rebel disfranchised after the war will be sufficient to defeat Dr. Jameson's party, and South Africa will be politically Dutch from Rhodesia to Table Bay. The election to the legislative council occurs in November, and to the house of assembly in February.

A DEMAGOGUE

Mr. Robert Macpherson, M. P. for Vancouver, has been giving an exhibition of cheap demagoguery in Montreal. His statement that British Columbia will secede from the Dominion unless Japanese immigration is stopped is senseless and unprovoked. What does this belligerent gentleman propose? Are we going to set ourselves up as an independent nationality? If we remain in the British Empire we will be bound by British treaties. If we should leave the Empire and declare ourselves independent, Japan would make short work of us if we tried to drive out her subjects. The only alternative would be annexation to the United States, and the people of this province are hardly prepared for that. Mr. Macpherson will not be taken seriously here. He has no mission to speak on this subject for the people of British Columbia. We all want this to be a white man's country, but few of us happily are as absurd as Mr. Macpherson has shown himself to be. The cause is a good one, but it may be defeated by violence. Many people would like to know why Mr. Macpherson was unable to find words to express his determined views, when the Anglo-Japanese treaty was before Parliament.

FIRE AT WOODSTOCK

Woodstock, N. B., Sept. 18--This afternoon Adolphus Grant met with quite a heavy loss by fire which caught in the barn and so rapid was the spread of flames that a valuable mare could not be gotten out and perished. The barn and contents were destroyed. The fire caught from matches in the hands of a small boy. Insurance \$500.

CANADA'S TRADE

Ottawa, Sept. 18--The trade of Canada for five months ended with August shows a very substantial increase over the same time last year.

There was an increase of \$30,738,393 in imports and \$180,481 in domestic exports. The total imports for five months were \$106,723,620 and the domestic exports \$99,870,654.

The exports of the mine increased about \$2,000,000; agricultural, \$6,000,000, and manufactures a little over \$100,000. The total imports for five months were increased nearly \$7,000,000, while forest exports decreased about \$1,000,000, and fisheries about \$350,000.

For the month of August the exports show a gain of \$1,945,785 over August last year and imports an increase of \$3,718,829. The revenue shows an increase of \$5,250,000.

WEDDINGS

Cosman-Marven A quiet but pretty wedding took place at the home of Mr. and Mrs. Benjamin Marven, Springfield, Mass., on Wednesday, September 12th, at nine a. m., when their youngest daughter, Julia Ernestine, was united in marriage to Mr. William Pennington Cosman. The ceremony was performed by Rev. Henry Penna (Methodist), in the presence of the near relatives of the contracting parties. The bride was daintily dressed in white silk organdy. After lunch was served Mr. and Mrs. Cosman left on the noon train for New York, where they will make their future home.

The bride's going-away-suit was of blue chiffon broadcloth, with hat to match. Many beautiful presents were received, including a number in silver, among them being a handsome tea service. The groom's present to the bride was a chased gold bracelet. The young couple leave many friends who wish them every success.

Brookins-Wilson A very pretty wedding took place at 8.30 o'clock last evening at the residence of Samuel Wilson, Metcalf street, when his daughter, Miss Margaret, was united in marriage to Frederick Brookins, by Rev. F. H. Nobles, pastor of Victoria street United Baptist church. Only the immediate friends and relatives were present. The bride was attended by three little Misses Black as flower girls. Very many beautiful gifts were received from the friends of the young couple; the choir of Victoria church, of which the bride was a member, giving her a very handsome clock. Mr. and Mrs. Brookins will reside on Metcalf street.

CANADIAN CLUB LUNCHEON

Great interest is felt among members of the Canadian Club in the address to be delivered by General Booth at the luncheon next Monday evening. It is expected there will be a record attendance. It is important that tickets be secured as early as possible, so that the caterers, the King's Daughters, may know how many to provide for. No tickets will be sold after Saturday night. Lieut. Gov. Tweedie will be one of the guests at this luncheon. Ample provision will be made for all members, but they are urged to secure their tickets without delay, either by telephone or calling at E. G. Nelson & Co's.

GOOD YEAR FOR THE SUNDAY SCHOOL

(Continued from page 1) be about one-quarter of the entire Protestant population of the city and county of St. John. Let us take fresh courage and press forward until we reach the standard set before us of "The whole church in the school and the whole school in the church," and then go out after others. Let us each make up our minds to do our duty to our schools this year, and the membership can be materially increased.

Executive Meetings—During the year we have held five meetings of the executive. Three of these were joint meetings with the city executive. At these meetings routine business was transacted and the general welfare of our association was looked into.

The Audit Bible Class—One feature of the work, that has been most encouraging, is the organized adult Bible class work. Many new classes have been organized during the past year, and much interest manifested. There are now many men and women attending the Bible class and taking a kind interest in the Sunday school work, who, a year or two ago were not connected with any school. This, we believe, will solve the "Boy Problem" and encourage them to stay with the schools. When the boys see their older brothers and parents attending Sunday school, they will take an active interest in it, they will realize that the manly thing to do is to graduate into the adult department and not out of the schools altogether.

A New Departure—Some of the churches this year, realizing the importance of Sunday school work, are devoting their evenings and part of the afternoons of an entire week to Sunday school work, getting together the various departments for a social time, so that the officers and teachers may get better acquainted with the entire school. For instance, Portland Methodist school is setting aside next week. One evening, they propose having the Bible study union and the church department meet with friends of each department whom it is hoped may be induced to add their names to the membership roll. Another night will be devoted to the young men's and young ladies' classes and friends, whom they hope may be induced to join. Then another evening will be devoted to the intermediate and afternoons to the primary and another to the cradle roll.

This will mean much work, but anything that is worth while means work and sacrifices. It is only those that bring true and lasting results, I would recommend this to other schools. It will add interest to your school and members to your roll book.

Recommendations—(1) I would strongly recommend that the county president visit as many of the schools as possible during his term of office, especially the weaker schools, encouraging and assisting them in the work. (2) That the vice-presidents of the various parishes be requested to keep in closer touch with the schools in their respective parishes, and keep the county president informed as to the condition, so that when a school needs assistance he will receive it at the proper time. (3) That superintendents and teachers' conferences be held from here to time throughout the year, to discuss ways and means of coping with the problems so common to all Sunday schools. (4) That appeals to the schools to be more prompt in filling out their reports to me, handing the same to the secretary, as this will very materially assist her in the arduous duties attending her office.

Thanks for assistance. In closing I must return my sincere thanks to all who have assisted me so nobly upon all occasions when I appealed to them for help. It is a pleasure indeed to work with such a noble band of Christian men and women. Men, who in many cases are very busy, yet who make time to devote to the Master's work, and I would bespeak for my success in office, the same kindly co-operation and assistance that you have accorded me during the two years that I have tried in a humble way, to serve you in this part of the Master's vineyard. Yours in the work, J. N. HARVEY, President.

The Secretary's Report

The report of the secretary Miss Alice Bayley, was of a very encouraging character and indicated a good outlook for the coming year. 2 BIG QUARTER DOLLAR LINES!

Fall Weights in Genuine English Half Hose, Only 25c. Pr Good Comfortable Durable Braces. We Guarantee Them, 25c. Pair.

ARE YOUR BRACES SATISFACTORY? That is a question that might be asked any man with the expectation of a negative answer. So many cheap suspenders are on the market, so many inferior qualities to sell at a snap price that a man often has to suffer from experience before hitting upon the right kind. When buying Braces see to it that the shoulder straps are of good easy yet durable web, that the ends and buttoners are either well secured cords or untearable leather. Some of our patented Braces are veritable cushions for comfort. Twenty-five Cents.

SUMMER SOCKS ARE OUT OF THE QUESTION NOW. Cooler weather demands warmer clothing for the feet. And yet it is not cold enough for real heavy weights in socks—merely the medium textures. However, for the man who intends buying his fall and winter socks at the same time we are quite prepared. A more complete supply we never had, a more gradually priced supply. Just now we call attention to the famous "Sovereign" Half Hose in Fine English Black Cashmere, Pure Linen Splittings that remain soft after washing, and general value, Only a Quarter Dollar per Pair.
