

FACE PRISON IN FUTURE CASES

Federal Act to Apply if Auto Driver Has Been Drinking

In the police court this morning, Magistrate Henderson gave notice that in future all persons brought before him on a charge of driving automobiles while under the influence of liquor would be dealt with under the federal law, which calls for imprisonment without the option of a fine. He explained that heretofore offenders have been fined under the local regulation, but that a case before him this morning would be the last under the local regulation.

The notice was given when Struan Ritchie appeared to answer charges of operating an automobile while under the influence of liquor and also for having liquor in his possession. Police man Howard testified that he saw the defendant driving up Main street and stopped him and found a flask of liquor.

The defendant pleaded guilty to both charges and it was then that Magistrate Henderson said that in future the federal law covering such violations would be strictly enforced. He admonished the defendant that driving under the influence of liquor was a menace to society as it endangered the lives of citizens. He promised to look into his record and after careful consideration of the case would announce his decision. The defendant was then remanded.

A case against James McNeill, reported last week for violation of one of the traffic by-laws, was resumed. McNeill, a cousin of the defendant, appeared on his behalf, but as the evidence brought out that the automobile had been going at least twelve miles an hour at the intersection of Pond and Mill streets a fine of \$10 was struck but was allowed to stand.

Peddling Case. Redvers Typer again appeared in connection with a charge of selling vegetables and fruit in a street in St. John, which was a violation of the by-laws of the city, but there was also a section in the Act of Assembly prohibiting selling vegetables or fruit except from stores. After taking into consideration the circumstances he said he would allow the defendant to go with a warning.

BUSINESS LOCALS

TRAIN SERVICE FOR FREEDOM EXHIBITION

In addition to regular services on the C. N. R. it might be noted that train No. 9 from Halifax on Thursday, Sept. 20, will arrive at 8:40 a. m. so as to make connection with the morning train via C. P. R. for Fredericton. An extra suburban will run from Hamilton St. John to take care of suburban traffic on that date running on the regular time of No. 9.

"Why do they call Doolittle the little busy bee?" "Because every time he touches you, you get stung."

Notices of Births, Marriages and Deaths, 50 cents

BIRTHS

SHEA—On Sept. 17, 1923, to Mr. and Mrs. Leonard H. Shea, 187 Victoria St., twin boys.

MARRIAGES

WALSH-MITTON—At Pettitodac, on Saturday, September 15, 1923, Ludia Violet Mitton to Wallace Joseph Walsh, by Rev. M. Addison.

DEATHS

FRASER—In this city on Sept. 17, 1923, Frederick W. Fraser, 77 years of age, died at his residence, 190 Charlotte street, West St. John, Thomas Browne, aged 74, leaving his wife, five daughters and one sister to mourn.

WILSON—In this city on Sept. 17, 1923, after a short illness, Melissa Goddard Wilson, widow of Matthew Wilson, aged 87 years, leaving four sons and one daughter to mourn.

FLYNN—In this city on Sept. 16, 1923, Michael T. Flynn, leaving five daughters and two sons to mourn.

Funeral from the residence of his son-in-law, E. O'Hara, 45 Douglas Avenue, Wednesday morning at 8:45 o'clock, to St. Peter's Church for high mass of requiem. Friends invited.

IN MEMORIAM

THORNE—In loving memory of Hazel Edith Thorne who died Sept. 15, 1918.

I hear a voice, you cannot hear. Which says I must not stay, I see a hand you cannot see Which beckons me away. PARENTS, BROTHER & SISTERS.

Lending To God

To The Editor of The Times—

St. John—good old much-grumbled-at St. John—is again playing the part of the good Samaritan. Last night in a local theatre funds began to flow to bind up the wounds, feed, nourish and restore the courteous, enterprising people of Japan now prostrate from the world's greatest calamity since Noah's time. With none too plenty for themselves, taking it on the average, family folks dropped bills, halves and quarters in the little Japanese baskets and others willingly contributed their mites. It was spontaneous, it was freely given, it was lending to God. I am prompted to send you this little observation, Mr. Editor, because I hear a lot these days about our steady-going old town that would make a stranger think to label "Yankee pep" or "Western spirit." Whatever our city's mass psychology may be, even though the people may be a trifle aloof at times in minor things of life, when it comes to being straight human, sympathetic, appreciative of the sorry plights of others, the people never fall the Golden Rule. They share their loaf and spare liberally of their funds, and it would appear that no city is so large, nor community so rich but that St. John in due proportion invariably rises to the needful occasion in doing its share quickly and without ostentation. HAPPY HOME.

LOCAL NEWS

AT THE HOSPITAL

The hospital report from George C. Hushon, seriously injured by being run over by a street car on Saturday night was favorable today.

AIRSHIP LEAVES

The airship W. R. G. 3, which was at Millidgeville since Sunday, left this morning for Sussex. She returned to Millidgeville anchorage about 1 o'clock to take on fuel before starting on the return trip to Halifax.

BROUGHT 146

The S. S. Governor Dingley arrived this morning at 11:30 with 146 passengers and 40 tons of freight. The passengers were mainly those returning from vacation trips in the United States to their homes.

BURIED TODAY

The funeral of Walter T. Bilg took place from the residence of W. J. Irons, 288 Tower street, West St. John, this afternoon. Services were conducted by Rev. Frederick Bertram. Interment was in Cedar Hill.

MISS STUBBS WINS

The winner of the guessing contest conducted by the Metropolitan Life Insurance Co. in the St. John district, was Mabel Stubbs, 148 Winslow street, W. E. The correct number was 18,662, and Miss Stubbs' guess was 18,666. Mrs. Calne, 70 Leinster street, made the second nearest guess, 18,789.

WORK BEGUN

Contractor J. E. Kane had a crew of men at work in Main street this morning excavating in the street car section between Portland street and Douglas Avenue, where a new concrete base and new and heavier rails will be laid. Progress was slow at first owing to the fact that the intersection of the rails are filled with concrete and this is hard to break.

FAIRVILLE FIRE

Fire broke out in the William Fox house, 20 Main street, Fairville, about one o'clock yesterday afternoon, and spread to the floor of the lower flat, which was unoccupied, were considerably damaged before the fire was extinguished. In tearing a wall apart a rat's nest was found, and it is presumed the rodents had carried matches in there. The upper part of the house is occupied by Patrick O'Toole.

LARGE CARGO

The steamer Magdala, which is to sail this afternoon for Glasgow, is taking away an exceptionally large cargo of lumber. The steamer has on board 5,500,000 sup. feet of logs and spruce deal. The deck load alone is seven feet high. The work of loading the steamer at this port was under the supervision of Stevedore Jack McDermott.

GYRO LUNCHEON

The Gyro Club had as their guest and speaker the weekly luncheon to be held at the LaTour Dining Room, Fred H. Zwicker of Halifax, governor for the maritime district. Mr. Zwicker spoke on maritime matters and proposed to discuss the club and was listened to with close attention by the large number present. The chair was occupied by W. Grant Smith, president of the Club.

HYDRO REPORTS

The dam at Scott Falls would be closed on next Monday, it was announced at the office of the New Brunswick Electric Power Commission this morning, and then the storing of water in the dam would begin at once. The closing of this dam it was said would mean that the water in the West Branch, which has been going to waste, would be impounded and would soon be available to help out on the East Branch. Good progress was being made with the Log Falls dam, it was also reported, and it was said that work on the distribution system for the Apohaqui, Norton and Millstream sections would begin as soon as sufficient material had been placed on the ground.

LEADER She's That at Home And Abroad

Miss Josephine Jenkins arrived home today after a pleasant visit to Boston. Mrs. Hazen McCavour and her child left on Saturday to return to her home in New York after spending two months here pleasantly, visiting her mother, Mrs. J. K. Livingston, 107 Hilyard street and her mother-in-law, Mrs. John McCavour, 119 Elliot Row.

Miss Nan McDade has returned after a very pleasant visit to her friend, Miss Gussie Mahoney, of Moncton.

Mr. and Mrs. T. Amos Wilson of Fredericton are in the city called here by the death of Mr. Wilson's mother, Mrs. Melissa Goddard Wilson.

Mrs. William J. Wilson, Toronto, is spending a few weeks as the guest of her sister-in-law, Mrs. Clarence H. Galbraith, Lorneville.

Mr. and Mrs. Clyde Franklin have taken the furnished apartment of John Pauley, Miss Pauley, for the winter months.

Fredericton Gleaner: A. M. Narraway, of Ottawa, is at the Barker House today. L. C. Macnutt, Collector of Customs and Excise is enjoying a week's holiday and during his absence Appraiser H. G. Winter is acting collector.

Friends of Miss Margaret Foley, 73 Bevel St., will be glad to hear she was able to return to her home on Saturday, after a successful operation performed in the St. John Infirmary.

Mrs. M. H. B. Good left this morning to spend a vacation in Nova Scotia. Miss Kathleen Murray left on Saturday for New York where she will take up the study of nursing. She was accompanied by her sister, Mrs. Urban Swanney.

RUTH BRAND

Cleveland, O.—Miss Ruth Brand is by way of being a leading citizen of Dallas, Tex. And she leads there even when she's away from there.

As private secretary to Mayor Wozencraft of Dallas she is one of that city's best known young women. Selected as "Miss Dallas" by a jury of artists who looked over a whole plethora of pulchritude, she ranks as one of Texas' prettiest girls.

As "Miss Dallas," she rated high at the Dallas City tournament. But she's still a leading citizen of Dallas.

The Dallas Chamber of Commerce wired her to make her return via Cleveland and take the lead in bringing the 1924 American Dental Association Convention to Dallas. She has been doing this in cowboy clothes, leading processions, and as a lobbyist and speaker in the convention halls.

Spanish Supreme Civil Tribunal Head Resigns

Madrid, Sept. 18.—The military directorate has issued a decree forbidding gambling in all clubs, including the military.

The president of the Supreme Civil Tribunal, has resigned.

Madrid, Sept. 18.—The Marquis De Alhucemas, head of the Government ousted by Captain Rivera, has sent a letter to Rivera asking that he be placed on trial before any tribunal, if the present Government considered him culpable. The President replied that he would investigate the subject at a more opportune time and verify whether Alhucemas was responsible in any way for the misconduct of the late Government.

Civil Servants Awake. London, Sept. 18.—In consequence of the decree issued in Madrid ordering all Government employes to be at work promptly at 9 o'clock in the morning, hundreds of such workers who hitherto have drawn their salaries without earning them, were seen hurrying to their offices yesterday.

Madrid despatch to the Daily Mail: The correspondent adds that the month-end heretofore employed of the hold-outs by Captain Rivera hopes to save considerable sums of money by resigning such employes to their duties under penalties of instant dismissal.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

DAME CLARA BUTT ARRIVES SUNDAY

Dame Clara Butt, who sings at the Opera House October 1 and 2, is now on the Atlantic, and is due to arrive Sunday in Halifax, where she sings in first part of the concert in her trans Canada tour. The ticket sale opens at the Opera House next Wednesday morning.

CITY PLAYGROUNDS

(Toronto Globe.) The St. Thomas Times-Journal comments the work of the Kiwanis Club in establishing the first supervised playgrounds in that city. It quotes from an article written by J. M. Eastwood, president of the Hamilton Playgrounds Association:

"Providing places for play is not just a sweet charity which gives children passing pleasure, as some well-intending individuals have seemed to think, but is creating the tools with which to develop boys and girls into men and women who will play the game of citizenship according to the rules, and who have the physical development that makes for healthy bodies and healthy minds."

Mr. Eastwood has the right view. Playgrounds are not a luxury, but a necessity for a sound civilization, just as education and sanitation are. It is encouraging to find the younger cities paying some attention to this need before the increase of population has lessened the amount of land available at a moderate price. It is not too late for Toronto to make a further advance in this respect. Land in the outlying districts is still comparatively cheap, and the same may be said of some of the older and more central parts which are as yet not very keenly sought after for business or residential purposes.

PERSONALS

Mr. and Mrs. J. H. Doody and Miss Nora Doody left this morning for Fredericton, where they will be guests of Mr. and Mrs. Frank Van Buskirk.

Mr. and Mrs. R. T. Hayes, who have spent the summer at their cottage in Morris, returned to their city home yesterday.

Mrs. John Keefe and family have returned to the city from Westfield, where they spent the summer months.

Miss Elizabeth Holt, art teacher, has gone to Fredericton to judge the art exhibits at the Fredericton exhibition.

Mrs. H. S. Bridges, who has been visiting her daughter, Mrs. H. M. Stevens, Montreal, arrived home yesterday.

O. R. Regan, assistant district superintendent Soldiers' Settlement Board, left last evening for Ottawa, being transferred back to headquarters. Mr. Regan has been in the city since last February.

Miss Hilda Miller spent last week at the home of Mrs. James McKillop, Greenwich Hill. She is spending this week at her summer cottage at Crystal Beach.

Mrs. Pearl Whelpley spent the weekend at her summer home at Carter's Point.

Miss Mabel Jenkins spent the weekend at the home of her mother, Mrs. William Jenkins, at Clifton.

Mr. and Mrs. Sumner Townsend leave this evening for Fredericton where they will attend the exhibition.

Miss Mabel Currie, of the staff of the Fairville Superior School, spent the weekend at Carter's Point.

Mrs. Charles Teat and her daughter, Miss Maisie, of Randolph, spent the weekend-end at Watter's Landing.

ANNOYED BY PATRONAGE SEEKERS COOLIDGE MAY ABANDON HIS HIKES

New President Plans to Seek Recreation Astride His Horse.

Washington, D. C., Sept. 18.—To protect himself from patronage seekers President Coolidge may abandon his hiked horse.

Washington, D. C., Sept. 18.—The new developments in the Fiume situation caused by the appointment of an Italian general to take charge of the Government, are viewed here with some concern, especially by the Balkan delegates to the League of Nations.

The Greek and Bulgarian representatives conferred today with the delegates from Yugoslavia.

Belgrade, Sept. 18.—There is great perturbation here over the report from Rome of the appointment by the Italian government of Gen. Giardano as military governor of Fiume and the dispatch of troops to that city, particularly as a settlement was believed to be at hand.

The foreign office has no confirmation of the news and official circles continue optimistic, particularly because of the registration of the Rapallo treaty at Geneva. The public, however, does not share this optimism.

Should the occupation of Fiume be accomplished fact there would probably be a strong reaction of opinion at the expense of the Pacht cabinet on the ground of its too optimistic interpretation of preceding events.

Strike Prevents N. Y. Papers' Publication

New York, Sept. 18.—Almost all morning newspapers in New York failed to appear today as a result of a strike of members of the Web Pressmen's Union, No. 25, which was called short by after midnight.

The city's millions went to work with little or no knowledge of the day's events as there were but few newspapers to be had. These were first editions of a number of publications which daily are on the streets before midnight and were quickly exhausted.

The strike was called at the conclusion of a four hour meeting of the strikers, which was held at the headquarters of the union and declared that but one of the printers at the meeting had voted against the strike, which he said grew out of the fact that the strikers were to be replaced one which expired Sept. 1.

When we learn how poor a church mouse is we will tell you just how poor the Chinese are.

Ill and cross last night—DR. CALDWELL'S LAXATIVE SYRUP PEPSIN brought vigor by morning

How to Keep a Child Healthy

A GENERATION ago parents thought that sickness was a part of a child's life, but we know better now. The secret is in the food the mother allows the child to eat, and in watching that elimination occurs regularly two or three times a day.

"Magic" in a Teaspoonful Every store that sells medicines sells Dr. Caldwell's Laxative Syrup Pepsin, and the cost is less than a cent a dose. Give half a teaspoonful to any baby or child at night when you put it to bed and you will find a happy, laughing youngster in the morning. Take Laxative Syrup Pepsin yourself when constipated, and give it to any member of the family young or old, for any ailment due to constipation, such as biliousness, headache, lack of appetite, sleeplessness, bad breath, cankers, fever sores, indigestion, and to break up fevers and colds. Stop that first sneeze or muffle and you will have a healthy winter.

A Substitute for Physics Dr. Caldwell's Laxative Syrup Pepsin is a scientific compound of Egyptian senna with pepsin and suitable aromatics. The formula is on every package. You will find it does not have to force children to take it, and it is much better for them than castor oil, calomel or coal-tar drugs like phenolphthalein even if covered with sugar or chocolate. Laxative Syrup Pepsin is mild and gentle in action and your child will have an easy passage without griping or strain. It does not contain narcotics, and

If You Want to Try It Free Before Buying "Syrup Pepsin," 24 Caldwell Bldg., Toronto, Ont.

I need a good laxative and would like to prove what you say about Dr. Caldwell's Laxative Syrup Pepsin by actual trial. Send me a free trial bottle. Address to Name _____ Address _____ Not more than one free trial bottle to a family

MISS GWENDOLYN RICHARDS

ONLY 5 PER CENT OF QUEBEC ROADS IN BAD SHAPE

Quebec, Sept. 18.—"Out of a total of 5,786 miles of roads, the Government is now maintaining there are 5,102 miles in good order," stated Hon. J. L. Perron, Minister of Roads, in The Gazette, in commenting on reports he had just received from his inspectors, who have just completed a tour throughout the whole province. "If motorists continue to co-operate by not exceeding the speed limits before long there will be no bad roads left in this province, and the population will gain great profit and should be proud of its road system."

Counter Revolution In Spain Is Feared

Port Vendres, Franco-Spanish Frontier, Sept. 17.—It is feared in many quarters that a counter-revolution in Spain will occur sooner or later, but the political leaders seem stupefied by the rapid turn of events in the last few days and unable to formulate their ideas.

Party chiefs, who have heard rumors that many are to be expelled from Spain, are greatly perturbed. These reports are apparently well founded, and various prominent persons are making preparations to leave before they are contacted to the frontier.

Some surprise followed the announcement of the steps taken at last Saturday night's conference of the military directors, which, instead of appointing ministers, decided to continue to act as a dictatorial body, leaving the work of administration to be done by the permanent officials in the various departments.

Franch-Belgian Seize Much German Currency

Coblenz, Sept. 18.—German currency to the amount of one trillion marks was seized last evening at Essen by the Franco-Belgian authorities.

At Recklinghausen and Dortmund a total of seven hundred billion marks was seized.

Operators Resume

Brussels, Sept. 18.—The German telegraph and telephone operators at Coblenz have resumed work under the direction of the occupation authorities, it was announced here today.

Delinquents Threatened. Berlin, Sept. 18.—President Ebert yesterday issued a decree under which persons who advise non-payment of taxes to the Reich, the federal states or municipalities or who withhold food-stuffs may be punished by imprisonment and fines in unlimited amounts. Persons guilty of such charges furthermore are liable to deprivation of their civil rights.

When we learn how tickled to beat the band is we will tell you how tickled the Turks are.

LIKES THE WORK; GIRLS LIKE HER

Miss Richards Enthused Over Gymnasium Activities of Y.W.C.A.

Miss Gwendolyn Richards of Campbellton, is now the physical director of the Young Women's Christian Association in this city. She graduated from the Margaret Eaton School of Literature and Expression in Toronto last June, and after a course of two years in the physical normal classes. Miss Richards was a piano student at the Toronto Conservatory of Music, when she decided to take this course instead.

She is well-fitted to carry on the work, with a splendid physique, a charming personality and charged with all real love for the work, the girls and the fine gymnasium. The Boosters have quite won Miss Richards' heart and her ability to accomplish and their fine talents and they like her well.

She is absorbed in her desire to make the gymnasium a complete success and is being well supported by Miss Jennie Fleming, the general secretary, and Miss Julia Pirie, the financial secretary, whose picture will appear later.

COAL ARRIVES FOR LOCAL COAL CONCERN

Steamer Carrying Equivalent of Ten Ordinary Schooner Cargoes Idle For Lack of Dock Facilities

Lack of facilities on east side of our harbor were forcibly brought to the attention of a local coal concern yesterday, when looking for dock facilities to discharge a 5,000 ton cargo of Welsh Coal.

The facilities required were dock space adjacent to a railroad track where coal could be transferred from the vessel direct to coal cars. Such facilities are required constantly in any modern port for handling bulk materials to and from vessels.

There is ample such accommodations on the west side of the harbor, but it was rather a shock to the local concern to learn that one small steamer and two schooners which were working at the C. N. R. dock, Long Wharf, took up all the available facilities in the port of St. John with Canadian National Railway connections.

An official of the Consumers Coal Company explained that their coal dock, like every other retail dock in the city, requires vessels to discharge aground. Large quantities of coal from Trans-Atlantic trade cannot be grounded with any degree of safety, hence they must be accommodated at deep water docks, coal discharged into cars and switched to their siding to be unloaded again into sheds for screening and preparing for retail delivery.

For handling coal or any other bulk material in this way, it would seem that at the present time there are just two births, those on the east and west side of the harbor. The C. N. R. cars in the port of St. John. The C. N. R. and our port surely must be losing a lot of business as long as these conditions prevail.

Prince Enjoys Real Life On His Ranch

High River, Alta., Sept. 18.—Lord Renfrew concluded a very busy day at his ranch at Piddico, Monday, by mounting a real cow pony with western equipment, and riding along his property, inspecting the live stock.

The Prince expressed himself as being greatly pleased with the Dartmouth ponies, shipped from England which seem to be thriving on prairie grass. In the morning the Prince shovelled a ton of sunflower into the silo cutter and in the afternoon he donned a pair of overalls and stoked a couple of acres of grain. Although perspiration poured down his face he continued at his task until the dinner bell rang.

F. M. Carley, manager of the ranch, states that no callers will be received at the ranch during the Prince's visit, except by appointment.

Think of it. A genuine honor made Mohair Chesterfield Suite, three pieces, two-toned harmony. Altogether this is one of the best values we ever offered at \$365.00. SIR JOHN HENDRIE LEFT \$1,368,208

Estate is Distributed Among Widow, Children, Servants, Friends.

Hamilton, Ont., Sept. 13.—The will of Sir John Strathern Hendrie, knight commander of St. Michael and St. George, former lieutenant-governor of Ontario and president of the Bank of Hamilton, has been entered for probate in the surrogate court by the Hon. S. C. Mewburn, acting for his widow, Lena Maude, Lady Hendrie, William Ian S. Hendrie and the Itayal Trust Company, executrix and executors. Sir John, reputed to have the largest income of any man in Hamilton, left an estate valued at \$1,368,208.89 and this amount goes to his wife, children, relatives, servants and friends.

Out of the large estate is to be taken sufficient money by the executors to yield an annuity of \$13,000 per year for his wife and the residue will be divided between his son, Ian, and his daughter, Enid Strathern Owen, of Montreal. The trustees are also instructed in the will to take out of the estate's share \$200,000 and from this they will get the income for life, but they have power to dispose of this money at their death.

An interesting feature of the will is the opposition Sir John, who was a member of Central Presbyterian church, displays to church union. Providing there is no union of the Presbyterian church in Canada receives \$5,000. The son, Ian, also receives his father's jubilee medal, long service medal, Cross of the Royal Victorian Order, star and cross as knight commander of St. Michael and St. George, his military commissions, com-

missions as member of the executive council and lieutenant-governor of Ontario and pictures of his father, grandfather and great grandfather. To the daughter goes the father's long military service medal, miniature cross of the Royal Victoria Order and miniature cross of the order of St. Michael and St. George. They are to be treated as heirlooms and on their death they go to the children, if any, and retained in the family for all time to come.

The wife, Lady Hendrie, receives all trinkets, guns, rods and sporting appliances and articles to be used for amusement to be distributed as his wife and son may determine among his relatives and friends.

His son-in-law, Hugh Owen of Montreal, gets \$10,000; his nephews, John Strathern Hay, Robert Dunlop Hay and William Hendrie Hay, \$2,000 each and to his niece, Margaret Wilson (nee Hay) of London, Eng., \$2,000. The sum, any, \$1,000 will be divided among his servants.

T. M. Poulter, if in the employ of Sir John or in the employ of the Hendrie estate at the time of Sir John's death, gets \$5,000 and Walter B. Champ \$2,500 if he is actively engaged in any company in which the deceased was interested. The wife is to have the use of the household goods and chattels during her life.

In his estate are six shares of the Ontario Jockey Club, which are valued at \$1,000 each.

CANADA'S OPPORTUNITY.

London, Sept. 18.—British prospects are for the poorest fruit crops in years and importers say Canadian fruits never had a better chance of English markets. An importer of Canadian apples said today that much better prices would be obtained for them than last season. There will be no good English dessert apples on the market after October, and Canadians will have none but American competition here for at least three months. Promised shipments of Ontario peaches have not yet arrived.

MONCTON SORRY TO LOSE HARRY HUTTON

(Transcript, Saturday.)

Friday evening a large number of friends of Harry Hutton, the popular physical director of the local Y. M. C. A., who goes to St. John, gathered in the Social Hall of the Association Building and presented to him addresses and a leather traveling bag.

J. L. MacDonald occupied the chair. A short programme of speeches, all complimentary to the departing director, and all expressing deep appreciation of his work and sorrow at losing him, but at the same time wishing for

him the same success in his new position that he has enjoyed in this city, met with hearty applause from the present. One of the speakers expressed the sentiments of the gathering when he stated that Mr. Hutton was "everything to be desired as a physical director."

Speeches were made by the chairman, W. F. Wheeler, Capt. J. E. Masters, Dr. G. J. Oulton, and Principal A. S. Robinson gave a reading, "How Batssee Came Home," by Drummond.

And Every Boy May be Aladdin

It looks like an ordinary room—but enter it reverently. This is the home of heroes, the scene of battles, and the castle of high romance.

Huck Finn and Tom Sawyer live here; the Knights of the Round Table; the Pirates of Treasure Island, and the brave gentlemen of Iwanhoe.

They will be part of your boy's life forever, if only you are wise. Whatever else your best room may have, put books and an Edison MAZDA lamp at the head of each bed.

For a lamp is a magic thing. By its light every lad may be Aladdin. He opens his book, touches the lamp, and the genii appear.

Go to the Edison Mazda Lamp Agent in your neighborhood. He knows just which lamps will give the best lighting effect with every fixture in your home—and at the lowest cost.

Shredded Wheat

Don't worry about cooks

Great business builders know the value of sound sleep

In every field of business, successful executives are always ready to push ahead and pay a premium for the man who is a "live wire." Keen, forceful and wide-awake themselves, they want aids who are always alert and energetic. A few exceptional men drive ahead without giving any thought to how they rest. More often than they suspect, however, ambitious men are robbed of the physical and mental energy they need to win recognition and success, by the worn-out, lumpy mattresses or sagging springs they use.

The Ostermoor Mattress Check up on your own sleep equipment today. Call on your furniture dealer and examine the famous Ostermoor mattress at \$30—for thirty years the Canadian standard of comfort and economy. Compare it with your own—tonight. Study the whole range of Simmons mattresses, springs and beds—all great values at very moderate prices. Simmons Red Label, Green Label, White Label mattresses cost less, but are built of sanitary new materials.

SIMMONS Mattresses

BEDS AND SPRINGS BUILT FOR SLEEP

Simmons "Barham" bed. Shown here in old mahogany finish with artistic panels.

May be had also in walnut, Kyanite and special finishes. All standard widths. Prices are moderate.

The Evening Times-Star

ST. JOHN, N. B., SEPTEMBER 18, 1923

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by the New Brunswick Publishing Co. Ltd., J. D. McKenna, President.

HELP JAPAN

The appeal of the Red Cross in behalf of the sufferers from the earthquake in Japan ought to meet with an universal response. The loss of life in the great disaster cannot be replaced, but the penniless survivors can be given the assistance they so urgently need. With splendid courage they are facing their problem and will rebuild the ruined cities. The government is able to say that there has been very little disorder and that the people are cheerfully settling down to their tasks. Japan for half a century has held the admiration of the world because of what she has accomplished. From a generally unknown and unregarded community she rose to be one of the Great Powers, as formidable in war as in commerce; and at the same time her statesmen won the respect of the world because of their ability and their high sense of honor. Today, because of a terrible earthquake, the people of her great cities, Tokio and Yokohama, are in sore need. The appeal comes to St. John as it comes to the rest of the world, and the response should be as hearty as that which once gladdened the people of this city when they saw their own homes in ashes.

TURN DOWN MR. ROGERS.

The Moncton Times regards with some suspicion the proposal of Hon. Robert Rogers for a Dominion convention of the Conservative party. The Times is a vigorous supporter of Hon. Mr. Meighen. It doubts if the present attitude of Mr. Rogers "is altogether friendly to the recognized leader of the party." It says further: "There is something more than a suspicion that the Western man is not quite in sympathy with the idea that the country should retain control of the National Railways, and there is also the fear that he would prefer an alliance of the big interests in both political parties with probably Sir Elmer Gouin as the leader of the Liberal wing and some other man—possibly Hon. Robert himself—as the leader of those Conservatives who may be represented by the Montreal Star and Journals of that stripe." "If there are to be conventions the Moncton Times thinks they should be provincial, omitting the Dominion meeting proposed by Mr. Rogers. It says the party has a well defined policy, and what it needs is organization in every province. This reaction to Hon. Mr. Rogers' Toronto deliverance will be rather cold comfort for that gentleman. The Toronto Globe, noting other Conservative objections to a Dominion convention, remarks that "the proposal is already being knocked in the head."

A review of a book, Westward With the Prince of Wales, by Mr. Douglas Newman, who accompanied the Prince on his tour of Canada in 1919, quotes Mr. Douglas as saying of St. John: "In King Street (St. John, N. B.) one can see the life and novelty of the town. In it are vast hotels, in the vast windows of which people involved in the ritual of chewing gum sit as though on a veranda, and contemplate the passing crowd. It is a solemn moment, that first encounter through plate-glass of a row of Buddhas, with gently moving jaws." Mr. Newman appears to have missed the real thing in gum-chewing. That is the "cracking" which accompanies the process when the person chewing is perfect in the art. Perhaps the plate-glass deeded the sound. Surely some King Street Buddha must have been "cracking" his gum.

The Spanish method of getting a new Government has at least the merit of speed. A group of generals decided that the people wanted a change. Apparently they were right, for upon the revolt of the army the Government promptly resigned, the military leaders formed a new one, and life for the average citizen went on as usual. The Communists did make a protest against the summary methods of the military gentlemen, but it came to nothing. King Alfonso seems to have been satisfied with the old Government and appears to be equally satisfied with the new. Being a King in Spain, is merely a pastime. Alfonso should become a general.

Next year's convention of the Canadian Clubs will be held in St. John. The meetings of the association of Canadian Clubs grow more interesting from year to year, and St. John will be glad to welcome the visiting members from cities through to the Pacific Coast.

Premier Oliver of British Columbia predicts that in two years, if put on an equal freight rate basis with the rest of Canada, Vancouver will be the banner port of the Dominion. Our Western friends are nothing if not optimistic, and they lose no opportunity to advertise their wares. It is a commendable habit.

THE WESTERN CROPS.

The Winnipeg Free Press estimated the wheat crop of the western provinces this year at 462,508,169 bushels. Its estimate of other crops is as follows: Oats, 886,825,295 bushels; barley, 61,540,140 bushels; rye, 24,876,260 bushels; flax, 7,198,026 bushels. It says that the indicated nominal value of these field crops, expressed in dollars and cents at the Fort William price of the day, after discounting wheat for grade, as above, is \$641,670,990.28. To this it adds the value of cattle, sheep, swine, horses, poultry, dairy products, and other resources and generalizes as follows: "Western Canada is therefore harvesting its greatest wheat crop. It also has a large and satisfactory return of the other field crops. There are in Western Canada today more herds and better livestock of all kinds. Its export production of dairy and poultry products is going forward by leaps and bounds, and the country has never been better supplied with food and fodder. Throughout all sections of the West, but particularly in the older settled districts of Manitoba, the rapid development of mixed farming and the more stabilized forms of agriculture which it promotes, are very noticeable. Western Canada's agricultural production is bigger than ever, this year, is constantly expanding, and will continue to increase." The east will rejoice with the west in its improved condition. If the grain can be sold at a price profitable to the western farmer the immense amount of money put in circulation will grease the wheels of industry in the eastern provinces. Moreover, the western farmer needs what a good crop at good prices can do for him.

Ex-Premier Drury is in a resentful mood. The announcement that the Conservative leader, Premier Ferguson, will not recognize the Farmers, but only the Liberals as the official opposition in the Ontario House, moves him to say: "If Mr. Ferguson proposes to ignore the Progressive party in the Legislature he must be prepared to override or amend the act of 1920 which provides for the recognition of the Leader of any party in the House numbering more than fifteen members. It seems very strange that he should announce his intention to override this particular act, under which, if I mistake not, he, then the Leader of the smallest party in the Legislature, was a beneficiary, and which was passed for the purpose of giving him a square deal."

The anthracite miners resume work tomorrow. The fear of a coal shortage has passed. Only the price will now worry the consumer. Stocks of coal that have been held will now be released, and a good deal of coal can be moved to market before the winter sets in.

The Alberta people are determined to get such railway rates on the C. N. R. as will enable them to place their coal on the Ontario market. We are told that the coal operators of Alberta have "not the slightest intention of dropping their fight for the lower rates because of difficulties caused by geographical conditions." "We will get what we want, sooner or later," declares their spokesman. Of course they will.

Death of H. W. Kelly Not Due To Runaway

The death of Harry W. Kelly was not due to a runaway as at first reported yesterday afternoon but to heart failure. Mr. Kelly was seen standing on the tongue of the wagon he was driving and then to fall forward, the wagon passing over his body, but without injuring him. Willing hands carried him to the side of the road, where he expired before medical aid could reach him. Coroner H. A. Porter, gave permission to remove the body so that no inquest would be held. The late Mr. Kelly, who was about thirty-seven years of age, leaves a wife and five small children at his home, 27 St. Patrick street, also four brothers, Fred W., John T., Urban L., of this city, and George L., of Bathurst; also one sister, Miss Mary Eugenie, of this city. Mrs. Kelly was before her marriage Mary E. Doyle, of Albert county.

GERMAN LETTERS COVERED WITH 1,000 MARK STAMPS New York, Sept. 17.—(By A. P.)—In the days before the war Germany conforming to the standard practice of international mail transmission, could send a letter to New York, for instance, for the customary blue stamp of 20 pfennings, one-fifth of a mark, or approximately five cents.

Letters are now coming to New York from Berlin bearing one thousand mark postage stamps. At the old rate of exchange these stamps would have cost \$1,000, and based on marks, the rate is 30,000 times greater than it was before the war.

The proportion of males of all ages to females in the population of the United States as a whole is now 104 to 100.

EXTEND WORK OF GIRL GUIDES

At the meeting of Girl Guide leaders, held yesterday afternoon, with Miss Herrington, Dominion organizing secretary, plans for extension of the work were discussed. The meeting was held at the Y. W. C. A. and Mrs. Murray, the Y. W. C. A. chair.

2 Children And 2 Women Die In Tenement Fire

New York, Sept. 18.—Four persons were burned to death in a fire which destroyed a five-story tenement at 98 Sheriff Street, east of Broadway, last night. Two children and two women were killed. The fire started in a restaurant on the ground floor owned by Jacob Grier when Samuel Small and Joseph Oshasky, of 104 Essex Street, were eating a meal. A spark from the stove flew into a ventilator which had been stuffed with paper, and in a few minutes the blaze spread through the tenement. The fire started in a restaurant on the ground floor owned by Jacob Grier when Samuel Small and Joseph Oshasky, of 104 Essex Street, were eating a meal. A spark from the stove flew into a ventilator which had been stuffed with paper, and in a few minutes the blaze spread through the tenement. The fire started in a restaurant on the ground floor owned by Jacob Grier when Samuel Small and Joseph Oshasky, of 104 Essex Street, were eating a meal. A spark from the stove flew into a ventilator which had been stuffed with paper, and in a few minutes the blaze spread through the tenement.

CHARMING PLAY ABLY PRESENTED

Pollyanna, With Miss Preston, is Delightful Opera House Offering.

A play which will make an optimist out of the most confirmed pessimist and will give to an optimist a feeling of utter thankfulness that he is such, that is "Pollyanna," presented last night by the F. James Carroll Players at the Opera House with Miss Edna Preston in the title role. It is claimed to be a comedy and it is all that and more—it is a perfect lesson in cheerfulness—a telling preachment against the gloom mongers—a hearty, human, happy story, well told, acted with a forceful, soul-satisfying moral. "Pollyanna" is not new but it can never grow old.

Miss Preston was a real Pollyanna. She lived her part and though her task of broadcasting sunshine was faced with some difficult subjects, she won a thorough triumph in the end. A good measure of the success of the presentation was due to the characterization of the crusty John Pendleton by Clyde Franklin, whose twenty years of complaining were wiped away in as many minutes by the sunny influence of his new found friend.

Miss Myra Marsh, as Aunt Polly, also gave a fine presentation that earned for her the plaudits of her audience.

Dorrit Kelton can always be depended on for a finished performance and, in the role of Nancy, the Irish maid, she was at her best. Virginia Odion, playing the part of Jimmy Bean in his childhood days, gave a very clever portrayal, and James C. Coote, who assumed the Jimmy character in the last act—although he was not long before the footlights—filled the part well.

Owen G. Coll, as Dr. Chilton, had a difficult role which he handled with grace and to good effect, while the gossipy old character of Mr. Gregg was well taken by John Gordon.

Mabel Munroe and Flora Weed, as Mrs. Carmody and Mrs. Carroll respectively, nosey neighbors of Aunt Polly, and Paul Broderick as Bleeker, butler in the Pendleton home, completed a well balanced cast. While the play will be presented all this week and from the reception given last night, should have a very popular run.

HUNGARIAN SCIENTIST IS ALSO ABLE TO DISSECT THEM.

A Hungarian scientist has devised a method of handling and dissecting individual disease germs, according to the Budapest correspondent of The Journal of the American Medical Association who writes: "A long felt want in microscopy is a device that enables the examiner to grasp and manipulate objects under the microscope. Tibor Peterfi has studied this question for many years and has succeeded in perfecting a device with the aid of which it is possible actually to grasp bacilli and even to cut them with fine platinum or glass needles; this renders possible various physical and chemical examinations. Peterfi's invention will unquestionably be appreciated all over the world, and he already has numerous applications from foreign instrument makers requesting licenses to manufacture the device, which was exhibited before the Medical Society of Budapest."

A coroner's jury last night returned a verdict of accidental death in the case of James Ferguson, who was killed when hit by a coal car of the British Empire Steel Corporation at Sydney on Saturday.

2,000 MEXICANS AND NEGROES PUT OUT

Johnstown, Pa., Mayor Orders All to Leave Who Lack 7 Years Residence.

Johnstown, Pa., Sept. 18.—More than 2,000 negroes and Mexicans have left the city, many others are in jail and more are preparing to get out, following orders by Mayor Joseph Cawfield requiring all negroes and Mexicans not resident of the city for seven years to leave at once and laying down rigid disciplinary rules for those remaining.

The exodus of imported labor, brought here originally by the Cambria plant of the Bethlehem Steel Corporation, and the Mayor's order to order all negroes out of the city, was followed by rioting August 31, in Rosedale, negro and Mexican colony, when two policemen were murdered. A third died yesterday, two other officers are not expected to recover and one negro was killed.

Negroes coming into the city, according to Mayor Cawfield's orders, must report at once to central police headquarters to tell whence they came and how long they intend to remain here. Assemblies of negroes, except at church, are forbidden and old negro associations have been prohibited from holding meetings of protest. Licenses for negro dance halls and for other social functions have been revoked and new licenses are not being issued.

Calcium Wafers Bring Beauty

How Stuart's Calcium Wafers Transform a Pimpled, Muddy Skin to Finnish Loveliness.

It was certainly a most fortunate discovery when it was found that one of the necessary constituents of skin health is calcium sulphide. About twenty-five years ago this important substance was incorporated in Stuart's Calcium Wafers and since then thousands of girls have enjoyed beautiful complexions.

This wonderful substance removes from the system the waste products that often get into the skin to cause pimples, blackheads, blotches and such complexion disfigurements. Then the calcium is a natural aid to skin repair and health.

You cannot get this wonderful result from cosmetics or drugs nor can you have a clear, beautiful complexion without this wonderful calcium. So when you are near a drug store ask for a 60-cent box of Stuart's Calcium Wafers or send name and address to F. A. Stuart Co., 634 Stuart Building, Marshall, Mich., for a free trial package.

BANDITS TAKE THREE PAYROLLS IN ONE HOLDUP IN CLEVELAND

Cleveland, Sept. 18.—Three separate payrolls and collection, totaling close to \$20,000, was stolen by three armed bandits in a hold-up in front of the Pompana Massage Cream Company plant.

The victims of the robbery were two express company employees delivering payrolls and collecting the day's receipts at their various stops. The bandits escaped in an automobile stolen a few months before, the police said.

GAS FROM AUTO FATAL

New York, Sept. 18.—John B. Sturm, silk manufacturer, was found dead in his garage, back of his residence. His death was caused by carbon monoxide gas poisoning from the engine of his automobile, according to the police.

When the caretaker, Ernest Muller, entered the garage he found Mr. Sturm stretched out on the cement floor near the automobile. After calling several neighbors, Muller notified the police. Later an ambulance was called from St. John's Hospital, and Dr. Durand pronounced the man dead, saying he had been dead for ten hours.

HON. DR. PUGSLEY HEARS CLAIMS

Canada Steamships Wants \$6,119,000 from Germany for Damage Inflicted.

(Montreal Gazette.) Presentation of the \$6,000,000 claim of the Canada Steamships Lines, Ltd., covering the sinking of eleven vessels by Germany during the war, occupied yesterday's proceedings before the War Reparations Commission in the Mount Royal Hotel. Presentation of the claim of Lady Allan, who was on the Lusitania when the liner was torpedoed, was deferred at the request of her counsel, the family at the present time being in Europe. Application was made that hearing of this claim be deferred until next spring. Hon. Dr. Wm. Pugsley, who presides over the commission, asked that the facts in the case be embodied in a written communication to him, upon receipt of which he will decide whether hearing may take place at the requested time.

Total claim, irrespective of insurance and interest, was set at \$6,119,000. Representatives of the company assented to deduct from that amount, \$3,979,860.02, insurance received. To be added, however, was the sum of \$1,877,708.14, covering war risk premiums paid on all ships of the company. This brought the total claim to \$3,997,347.12.

Hon. Dr. Pugsley pointed out that he would have difficulty in allowing the war premiums paid on all ships of the company to be deducted from the loss of the vessels not damaged or destroyed by German illegal acts of warfare, the loss of money paid out for premiums could hardly be set off as a direct liability against Germany.

PHYTHIAN PRESENTATION.

At the first meeting of Moulton Temple, No. 14, Pythian Sisters, for the season of 1923-24 held last evening in Castle Hall, Union street, Mrs. F. L. Grearson was made recipient of a past chief's pin by Mrs. Ethel Brown, M. E. C., on behalf of the members of the Temple. Past Grand Chief, Mrs. May King, Woodstock, was given a hearty welcome. Plans were made for a tea and it was decided to assist in the Protestant Orphans Fair.

MORNING NEWS OVER THE WIRES

E. J. McMurray, M. P., was sworn in as Solicitor General for Canada, and a member of the federal cabinet without portfolio, at Ottawa yesterday. One thousand Alberta coal miners, voted yesterday to return to work today, after a strike of 21 days. Anthracite coal miners in the Pennsylvania coal district, voted yesterday to accept the new wage schedule, and to return to work on Wednesday.

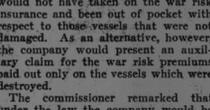

HOLDS UP KANSAS BANK.

Bandit Takes \$3,000 to \$4,000 With Five Persons Looking On.

Kansas City, Kan., Sept. 18.—Three employees and two customers of the Quindaro State Bank here were held up by a bandit, who escaped with between \$3,000 and \$4,000. This is the third time within five years that the bank has been robbed.

SPEECH TO BE BROADCAST.

London, Sept. 18.—Premier MacKenzie King while in Britain will speak to the largest audience he has ever addressed. Arrangements are being made to broadcast throughout Britain his address at the Duke of Connaught's banquet to the overseas premiers on October 2.

Made by Canadian Workmen of Canadian Clays With Canadian Coal.

Says Widow Stole Her Husband's Love

Philadelphia, Sept. 18.—A suit for \$250,000 charging alienation of the affections of Frank W. Zeiss, Jr., was begun against Mrs. Dorothy Wiggins, Mrs. Zeiss, who is the daughter of I. H. Mull, president of Cramps Shipbuilding Company, says Mr. Zeiss left her home in West Philadelphia September 1, vowing never to return. She charges that Mrs. Wiggins used all the wiles of a modern Circe to win the love of her husband, who is a son of Frank W. Zeiss of Oakmont. Mrs. Wiggins, who was Dorothy Pettit of Germantown, is the widow of J. Albert Wiggins, who died about two years ago.

According to the papers filed in the case by attorneys for Mrs. Zeiss, the trouble began eighteen months ago, when, it is charged, Mrs. Wiggins frequently invited Mr. Zeiss to her home in the morning to attend to business affairs, kept him there for luncheon and had him remain all day long.

WOMAN OF 69 AND DAUGHTER HIKE FROM FLORIDA TO NIAGARA

Niagara Falls, Sept. 18.—Gray-haired, small of stature, but with a healthy glow on her tanned cheeks, Mrs. Amanda Chapman, 69 years old, of Miami, Fla., arrived in this city after a hike of 1,462 miles from Miami and 428 miles from Montreal.

She was accompanied by her daughter, Irene R. Chapman, 25 years old.

They plan to walk to Chicago, their old home, and thence to Los Angeles. The women came up the east coast to New York and Montreal. They left Miami on June 1.

MR. LARKIN AND THE LEAGUE

(Victoria Times.)
There will still be people in this and other countries who will waste time and energy in calling the League of Nations an academic body without force or influence. Not one finger will they move to help to give it the authority which they consider it does not possess. And if they were told that their membership in a League of Nations Society, or some other body pledged to support the terms of the Covenant, is necessary to put "teeth" into the League they would either smile at the patronizing and indulgent smile or change the subject as if it had absolutely no concern for them.

Happily Peter Larkin has come to this country with a message from the League of Nations. He has seen its work at close quarters and in consequence knows what he is talking about. In plain and simple language he says "the League has done wonders." Our High Commissioner in the Empire's metropolis would be able to serve no good purpose by misrepresenting any subject upon which he has the authority to speak. He has come to this conclusion about the only organized peace society in the world because he neither ignores fact nor refuses to appreciate the tremendous importance of

RECENT WEDDINGS
Lewin-Steeves.
The marriage of Miss Edith B. Steeves, of Hillsboro, to Paul A. Lewin, of St. Stephen, was solemnized at the Baptist parsonage at Hoyt Station on September 11 by Rev. C. S. Young, of Norton. Mr. and Mrs. Lewin since their wedding have been touring the province. They will reside in Moncton.

RECENT DEATHS
W. H. Hawker.
William Hawker received a cable yesterday announcing the death of his brother, W. H. Hawker, at Kingham Junction, Oxfordshire, England. The late Mr. Hawker was proprietor of a hotel and also conducted large hunting stables, which were patronized by many prominent people among them being a brother of Lord Byng. He also conducted a large farm. He was in his 70th year. About fifty years ago he and his family came to St. John to settle. After a short time he returned to England where he had been in charge of one of the large estates in Oxfordshire. When William Hawker and his four daughters were visiting overseas last year they spent a large part of their time with the late Mr. Hawker.

Autumn Exposition In Our Fashion Department
Wednesday and Thursday, September Nineteenth and Twentieth

Seasons play favorites with and fabrics and colors 'tis true, but after all, it is the silhouette that definitely distinguishes the new mode from that which has gone before.

Slim, straight lines, a flat back, trimmings to the front with a circular flounce, tier or godet set in somewhere just to give flare are characteristics of the fall silhouette. Frocks that go belted boast side fullness and decidedly new and fashionable are such features as, pleated panels, long loose sleeves and handsome embroideries.

Luxurious Furs; Glittering Spangles and Glowing Colors—all lend themselves to this autumn style exposition.

Fashion's Favorites in Smart Cloth Coats

Timely buying enables us to present an unusually attractive group of cloth coats, just when every woman is thinking about a colder weather wrap. It takes but a glance to prove that styles are most appealing and that values are right.

Gerona—a soft, lustrous, velvety material is used for many of the very smartest coats. Some models are elaborately embroidered and have collars and cuffs of kit fox, mole, beaver, or some other soft, luxurious fur.

Marvellas, Marleens and Shaggy Woolen Materials are also among the season's favorite fabrics. You'll find a decided leaning towards browns, fawns and blacks—many other colors too, of course.

Dinner Gowns of Velvet and Metallic Ombre

We have plenty of them here for you to see on Wednesday. Velvets lend themselves admirably to the new drapery effects and they fashion exquisite frocks for day or evening wear. Among the new shades are sunset, pumpkin and soft pastel tones; as well as darker colors.

Creme Dresses in various weights are gorgeous or subdued—adaptations of the season's vogue for every type and preference. Metallic Ombrés are striking and gorgeous.

Suits Are Serviceable and Attractive

Fall is the ideal time for a suit. When the wind blows a suit keeps one warm and comfortable and still very trim. Many of the smart fall models are showing in rich dark brown, navy blue or black. Embroideries, braids and bands of self material are used extensively to add distinguishing touches.

Newest Hats, Furs, Blouses, Dress Accessories

and everything needed in the fall and winter wardrobe will also be greatly in evidence on the opening days. There is scarcely any limit to what you may choose for assortments are exceptionally large, featuring the newest creations of foremost designers.
(Costume Dept., 2nd Floor.)

Every woman will revel in this delightful display, and we extend a cordial invitation and a hearty welcome to all.

ORCHESTRAL PROGRAM
Wednesday 10 to 12 a.m.; 3 to 5 p.m.
Thursday 3 to 5.30 p.m.

Manchester Robertson Allison Limited
KING STREET - GERMAIN STREET - MARKET SQUARE

Girlish Dresses, Flannel and Homespun

Bright and happy colors and the lines of sweet sixteen characterize a varied array of real Pickford Dresses seen in part in the corner window. The low price range and the service they give commend them for school wear, but they are so adaptable that sizes have been made up to 40.

Peter Pan Collars with Black Moire ribbon tie, Balkan blousing and pleated Skirts—that speaks for many, though some have a deep roll collar and vestee with embroidered front.

The Blouse in a few contrast with the Shirt in others it is the collar and cuff trim, piping being a rule. In the Wool Flannels there are mainly Navies, Copens, Grays and Sands, each set off by another shade. In Homespun, overchecks stand out and in all the prices are very moderate. \$7.75 to \$10 and a few a little more.

DANIEL CORNER KING

Dressing Gowns, Navajo and Corduroy

The colors and patterns that have made famous the blankets of the Navajo Indians whose tepees attract tourists down California way, are brought out in warm and cheery Dressing Gowns priced around \$8.75. Blues, Grays and Rose with quilted collars, cuffs and pocket tops.

Eiderdown \$8.25

Eiderdown Kimonos like one noted in Rose with Silk braid Collar, are \$8.25. Of course all Kimonos have the twisted girdle.

One in Blue Blanket Cloth is only \$5.95 and is bound in Blue Satcen.

Velvet-soft Corduroy styles with Silk linings take on many pastel shades in graduations of Blue, Rose and deep Orchid. \$11.98 and \$14.50.

PERCY STREETER GOLF CHAMPION
Wins Riverside Club Honor; A. P. Paterson Runner-up.

Percy Streeter of the Nashwaak Pulp & Paper Co., this city, and a newcomer in local golf, is the 1923-24 champion of the Riverside Golf and Country Club, having defeated A. Pierce Paterson 5 up and 4 to go on Friday last.

Mr. Streeter's score for the four rounds of the course was as follows: 46, 89, 40, 42. This averages within a fraction of 42 strokes for each of the nine hole rounds, a highly consistent performance and splendid exhibition of the royal and ancient.

The victory of Mr. Streeter, while not exactly in the nature of a surprise because of his fine playing throughout the season, comes as a bit of a shock to the traditional contestants of the Kennebecasis links. This is his first year on the local course, having come from Boston where his golfing education, it would appear, was very thorough. In the process of elimination Mr. Streeter defeated Percy Turcot, W. B. Tennant and Fred Paterson in the order named before being confronted with the youthful player who remained the only barrier to his grasping the cup.

A. Pierce Paterson, the runner-up, deserves special credit for his doughty battle. He averaged 44 in the four rounds of the course and played with the steadiness of a veteran. When it is considered that this is the young man's first season in competitive play, his success in reaching the finals lays him open to hearty congratulation and injects an element of worry into the thoughts of the new champion who will be called upon to defend his title this time next year.

The new champion has not escaped defeat altogether this year, having fallen before S. Allan Thomas in the Weldon Cup trials, and has been outpointed in social play several times. His runner-up, Mr. Paterson, yesterday defeated Dr. L. DeV. Chipman in the Weldon Cup Contest which has been waging for several weeks and it seems as if he is headed for a lively finish in this important cup event as well.

The golfing season is drawing to a close at Riverside, but the glorious weather of the last few days is billing the course with players morning and afternoon.

The greatest trouble in Asia is she is too far from the United States to borrow money.

The ratio of males to females is higher for the farm population than it is for the total population except in three states of the U. S.

The census of 1920 shows 1,610,000 Italians in the U. S. There are 800,000 factory workers in New York who cannot speak English.

INTENSIFIED FARMING AS BOON FOR THE MARITIMES IS URGED

Settlement Board Chairman Says 40,000 Would be Provided For.

No single avenue of activity could bring the same large results in increasing Maritime population and industrial and economic policy, said Major John Barnett of Ottawa, chairman of the Soldier Settlement Board of Canada, who went to Halifax to specially address the Maritime Board of Trade on that important phase of development. Intensified farming in the Maritime Provinces would provide land for 40,000 new settlers.

His address was widely discussed in the conference. He made special reference to the land survey now being made in Nova Scotia at the request of Premier Armstrong, which he characterized as the condensation of an intelligent land settlement effort.

Major Barnett, who is a New Brunswick man, said he felt certain that there were unlimited possibilities for increasing, developing and enlarging the agricultural industry of these provinces. He felt satisfied that any revival of Maritime economic influence and any stimulation of Maritime growth must be largely based upon the development and extension of agriculture. He was quite convinced that in New Brunswick and Nova Scotia there existed very fine prospects for European peoples, just as well as there was anywhere in Canada, but he urged retraining of native born and repatriation from the United States.

"The diminishing influence of agricultural industry in the Maritime Provinces is probably one of the causes for the general failure to keep up in population and in economic growth," said Major Barnett. "These Provinces have large areas of fertile land as can be found anywhere in Canada, suited to almost every class of farming. In the case of the agricultural industry must be extended, developed and enlarged, if the country is to grow as it should."

The source of possible settlement most frequently thought of, said Major Barnett, was the abandoned farm. The number of them might be less than estimated. How, then, could lands be found in which new settlers could be located. The answer was through more intensified classes of farming, and the Maritime Provinces had all reached that stage of their development when attention must be paid to that aspect of land settlement.

At the request of the Premier of Nova Scotia, the Soldier Settlement Board was having a survey of the Province. Major Barnett said, with a view to examining all three classes of land that have been mentioned as a possible field of settlement. Having regard to intensified farming Major Barnett was of the opinion that it will be found that 40,000 new settlers could be provided in the Maritime Provinces by simply utilizing unused portions of existing farms. He hoped to see other surveys of the highest importance, that of ascertaining the amount of food products for local consumption which could be raised in Nova Scotia.

In the matter of obtaining land settlers, Major Barnett said that if they could be obtained at home within the Maritime Provinces, they should not be sought outside; secondly the repatriation of Nova Scotians who had gone to New England and other States; third, immigrants from the Old Country, fourth, settlers from Europe. It was possible, he said, that a careful survey of the Canadian Farm population of the New England States might be productive of real settlement results. He advocated a committee or colonization company which would define definite lines of attack and make specific requests of the departments of Government.

In conclusion, Major Barnett said: "An increase of ten thousand new land settlers would mean a local market for 20,000 horses, 20 to 30 thousand cattle and would give a tonne uplift to your farmers already here. It would also afford a sure stimulus to your entire economic life. Unless you can overcome the dry rot which is eating your rural population by bringing more lands under cultivation, you can have no foundation on which to build any stable industrial progress."

45 FOOT YAWL TO N. Y. FROM HAMBURG

New York, Sept. 18.—The fourteen meter racing yawl Sowitagoth, which left Hamburg July 4, arrived in New York with its crew of four after a stormy passage. The little vessel, whose name is an old German dialect means "As far as it will go" came by way of Southampton and Funchal, leaving the latter port August 4. The men, Captain Einsle, Mate F. Plunder, who built the yawl F. Jochum and J. Ledergerber, said they made the trip on a bet. They refused to go ashore because, they said, they had no money. The voyage was the first of its kind ever attempted from a German port. The Sowitagoth has a keel of reinforced concrete and is built after an American design. She has a beam of three and a half meters. In fact, the yawl's length is about forty-five and a half and her beam eleven and a third. A direct line from Hamburg to New York is 3,577 sea miles.

Social News Related From Arctic Circle

Narvik, Norway, Aug. 24.—(A. P. by mail.)—Never ask a Laplander how many reindeer he owns, is the initial bit of advice which Dr. W. H. Gannett of Baltimore has to offer travelers who wander off the beaten path and invade the primitive territory occupied by the Laplanders. This question is equal to asking an American the size of his salary, or the extent of his holdings in stocks and bonds. Riches with the Laps are measured in reindeer. Some few of them, the Henry Fords of the Arctic circle, have as many as 3,000 animals, but they dislike talking about their wealth.

Sweden has protected the Laps against invasion and exempted them from taxation, so they are able to carry on their life in Northern Sweden much as their ancestors did centuries ago. Their villages are extremely primitive and mobile. Families follow their flocks into the mountains in the summer and wander again into the lowlands in the winter.

One elderly Laplander told Dr. Gannett with great pride that he has a son living in America who recently eloped with an extremely wealthy girl and married her. The young Laplander was serving as chauffeur when he and his employer's daughter became enamored of each other and found an accommodating justice of the peace before the angry father caught up with them.

MISS STETSON HOME FROM LABRADOR

Filled with enthusiasm for the work of the Grenfell Mission in Labrador and Newfoundland, Miss Frances Stetson has returned to the city after spending the summer at St. Anthony's orphanage on the northern coast of Newfoundland. There was quite a little party which arrived in St. John with Miss Stetson, and included in the number were eight students from the Grenfell Mission who were being taken to the United States to receive special tuition for a year or two in order that they might go back to their own land and help their own people. Six were girls and two were boys and they were about sixteen to eighteen years of age. It was the first time that they had been away from their homeland and the first time that they had seen a city of the size of St. John, so they tried to make the best use of their time in seeing everything. The party arrived in St. John on Sunday evening, so the young people had all day yesterday to take in the sights of the city. They left in the afternoon train.

RETIRED EMPEROR NOW SEEKS GREATER SECLUSION

Dorn, Aug. 27.—(By Mail.)—Instead of time softening the recollection of the former German emperor, he is about to retire even more completely from the gaze of the sightseer, for he has ordered the erection of a barricade to prevent his residence from being overlooked from the high road. The frame-work for the new screen, which is eight feet high, will successfully prevent anyone from getting even a fleeting glimpse of the fretful monarch as he walks in his garden.

The recent publicity given to a bonfire celebration in the grounds of Dorn House is said to have been the motive for the greater privacy.

Do you know how peaceful lambs are? Then you know how peaceful things are in Canada.

Realize what Kellogg's Bran means to your family's health?

Eaten regularly each day, Kellogg's Bran will permanently relieve constipation; it will free you from dangerous toxic poisons that lead to 90% of all human illness; it will remove the cause and sweeten a bad breath; it will clear a pimply complexion through its work on the bowels. In fact, Kellogg's Bran, through its natural action as a bulk, indigestible agent, will tone-up the whole system! If you know exactly what constipation means from a medical viewpoint you would lose no time eating Kellogg's Bran yourself and serving it daily to your family. And, Kellogg's is actually delicious, its nut-like flavor adding greatly to the enjoyment of eating cereals. Eat at least two table-spoonfuls each day; in chronic cases, with each meal.

There are many attractive ways to serve Kellogg's Bran. Eat it in winter with hot milk as a cereal. Or, mix it with cereals before serving. Many housewives cook it with cereals, in each case adding two table-spoonfuls for each person. You will also enjoy the nut-like flavor of Kellogg's Bran when it has been sprinkled over hot or cold cereals.

You have missed some of the joys of life if you have not eaten raisin bread, muffins, griddle-cakes, etc., made with Kellogg's Bran. Recipes are printed on each box.

Don't delay your fight against constipation; don't lose a minute in the great battle against illness! You can buy Kellogg's Bran from all grocers and you can have it served in individual packages at first-class hotels, restaurants and clubs.

MATERNITY WING MEANS BIG SUM

Hospital Chairman Holds Recommendation Because of Finances.

The commissioners of the General Public Hospital dealt with much business at their adjourned meeting held last night in the office of the hospital.

The president, M. E. Agar, was in the chair; others present were Commissioners Mrs. J. V. McLellan, W. E. Emerson, Dr. G. R. J. Crawford, Alexander McMillan, J. King Kelley and Hon. Dr. W. F. Roberts and R. H. Gale, superintendent.

Mr. Agar reported on his meeting with members of the Women's Hospital Aid to discuss the need for a maternity wing. In view of the present financial conditions, he thought it was a question whether the board would press the matter before the Municipal Council, however worthy the cause might be. Every member of the board, he believed, was in sympathy with the project but it would involve a large sum of money.

For the committee considering the proposal that the ice plant should be enlarged, Mrs. Emerson reported that he considered the amount of money being spent for the purchase of ice was less than the interest on the money that would be required for enlarging the plant.

Authority was given to renew the \$2,000 bond which is taken out as a guarantee of farming alcohol being sold to the hospital is not diverted to illegal uses, in order that alcohol might be purchased.

A communication had been received from Dr. McEachern, of the American College of Surgeons, with regard to re-

INFANTS DELIGHT TOILET SOAP

requirements as to case histories in the hospital. This communication was referred to the medical staff and the staff sent word that since a reasonable number of internes was now on the staff full and complete records were being kept.

Means of making conditions at the tonal and admod clinic for school children less distressing for sensitive patients were suggested by Mr. Kelley and will be acted upon.

It was suggested by Dr. Roberts that when the new outdoor department is opened all visitors should enter the hospital by the outdoor department door, so that there might be less noise in the central hall.

An adjournment was made until next Monday night.

MISS SHAW PLEADS FOR AID FOR JAPS

St. John Returned Missionary at Imperial; Pictures Shown.

The first big gun in the Red Cross campaign for Japanese relief, in St. John was fired last night at the Imperial Theatre, when, in accordance with the programme of the Theatre Managers' Association of America, pictures of Japan were shown and an appeal made for help for the suffering. The appeal was eloquently and forcibly presented by Miss Loretta Shaw, who has been for eighteen years an Anglican missionary in Japan doing educational work at Osaka. Miss Shaw returned to her home in St. John about three weeks ago and was able to give

her personal experience of what happens when there are earthquake tremors in Japan and also to tell at first hand of the splendid cities of Tokio and Yokohama which have been destroyed.

The pictures of Japan which were shown before Miss Shaw was introduced by the manager, W. H. Golding, had been taken only a short while before the disaster and they showed the noble buildings which had been the pride of Japan. Miss Shaw localised and described the scenes which had been referred to in the account of the catastrophe. Miss Shaw made a strong appeal for assistance for the Japanese and told of the great respect which the Japanese have for the Christian people working among them. The Japanese, she said, would never forget a kindness and whatever was done for them, it might be confidently expected that they would be as ready to assist those who were good to them.

Miss Shaw's address lasted about twenty minutes and she held the close attention and had the earnest sym-

OPTIMISM PERVADES SPEECHES AT FREDERICTON EXHIBITION OPENING

Premier Veniot Believes Good Reasons Exist for Holding Fairs.

Fredericton, Sept. 18.—The development of a community spirit, and resulting from this the fostering of a greater Provincial pride, and interest in the resources of the province, were sufficient reasons for the holding of exhibitions, declared Hon. P. J. Veniot, Premier of New Brunswick, at the opening of the exhibition here yesterday afternoon.

In a short address the Governor, praised the public spirit of the citizens which made fairs such as the exhibition, possible. Hon. D. W. Mercer also spoke briefly.

Premier Veniot told his audience that what New Brunswick needed now was capital for the development of its resources, and a revival of the spirit which was so evident during the war period, from 1914 to 1918.

He said, he came out of the period of depression following the war better than any other province. Evidence of a spirit of optimism was what the whole country needed, and about all it needed to bring about an industrial and commercial revival, which would put us back upon as solid a footing as in 1914.

The Premier predicted extensive development during the next year of the coal fields of this province, as a result of the construction, now under way, of the Canadian National Railway's branch line from Chipman to the mines at Minbo, and the reopening of the Beceville mines with substantial capital behind the enterprise.

In the year 1919 the province raised agricultural products to the value of \$69,000,000 and on a basis of population and area no other province came near it. He wanted less pessimism and knocking and more of the spirit which was shown in the late war by the troops which went from this province to fight.

In the matter of hydro-electric development outside capital was a necessity but to attract it there must be a stop to pessimism and criticism. Industries were necessary, for the farmers of New Brunswick were producing more agricultural products than the province could consume. The farmer had been depending upon the outside market and barriers were being placed in all of them. A larger home market was the solution of the problem.

Gives History of Fairs. His Honor Lieut.-Governor Todd introduced his address by referring to the fact that this was the first appearance of the kind which he had made in Fredericton. The season of the year was that in which fairs were held all over the country and they provided an opportunity for people to meet one another. From time immemorial fairs had been held. They had taken place in the grazing period which had existed before agriculture had developed.

Water, households had manufactured articles and had offered them for sale in bazaars. These bazaars became the markets of the world and from them was evolved the exhibition of today. Fairs and exhibitions had come to stay. They were necessary. They were means of interchange of ideas and would attract tourists and immigrants.

While the opening ceremonies were going on, the weather which had been threatening all day, suddenly changed and by the latter part of the afternoon had entirely cleared. The exhibition was complete in its entirety for the formal opening for the first time on record, and is probably the largest provincial show that has ever been held.

Tomorrow the dog show at the fair opens, under the auspices of the Fredericton Kennel Club, with Walter Reeves, of Belleville, Ont., as judge. Entries have come from all the Maritime Provinces, as well as from Quebec and Ontario.

The three days' harness horse racing will also open tomorrow culminating with a \$8,000 race on Thursday's programme bringing together Single G., 1:26 3/4; Margaret Dillon, 1:28 3/4; and Sir Roach, 1:29 3/4, the champion pacing stallion, mare and gelding, for the first time they have ever met on a half mile track. The Grand Circuit steeplechase arrived at noon today from Syracuse, N. Y., and were greeted by a delegation representative of the exhibition management, City Council and a brass band.

GIVEN SHOWER. About fifty friends of Miss Pearl Hamm gathered at her home, 44 Durham street, last night and tendered her a shower in honor of an approaching happy event in which she is to be a principal. The majority of the guests were girls from the New Brunswick Telephone Company where Miss Hamm was a supervisor. The evening was pleasantly spent in dancing, card playing and music, and after refreshments were served. Among the beautiful presents received by Miss Hamm, was a set of china, along with gifts of pyrex and silver. The happy gathering was brought to a close at an early hour.

ST. JOHN MAN IN EARTHQUAKE AND ESCAPES

Word has been received in the city of the safe arrival at Victoria of Edgar Nobles, a former St. John man who was believed for a time to have lost his life in the Japanese disaster. Mr. Nobles was on the wharf at the time of the quake and was thrown into the water but managed to reach a rope and climbing up was got on board the C. P. R. steamship Empress of Australia. Mr. Nobles' father, W. E. Nobles, was formerly of the firm of King and Nobles, grocers at Inlandtown. He is a grandson of Senator G. G. King of Chipman.

The boys of Mrs. Ernest Arbo's class of the Pleasant Point Sunday School and several of their friends held a corn-bowl on Saturday afternoon and

CANVAS CITY FOR JAP RELIEF

The drive for funds to aid in Japanese relief was launched yesterday afternoon and Hon. W. F. Roberts, named as chairman; Miss Ethel Hazen-Jarvis, secretary and C. B. Allan, treasurer, of the central executive. A special collection will be taken in each of the city churches next Sunday and contributions will be received at the Red Cross Depot, Prince William street.

A committee consisting of Rev. Canon R. A. Armstrong, Rev. H. A. Goodwin, Rev. Dr. David Hutchinson and Rev. R. Moorehead Legate was appointed to find out how many envelopes would be required by the various churches.

Mrs. Richard Hooper undertook to see that the appeal was forwarded to all of the organizations affiliated with the local Council of Women; Mrs. J. H. Doody agreed to forward the appeal to all Catholic organizations and Mrs. Heber Vroom assumed responsibility for notifying all of the local chapters of the I. O. O. E.

As an additional means of raising funds it was decided to have a band concert, and Mrs. George F. Smith was appointed convenor of a committee of ladies that was to arrange for the concert.

Doctors, lawyers, insurance men and other business men were to be interviewed especially and arrangements for this visitation were also discussed. F. B. Ellis, C. B. Allan and Miss Jarvis were appointed members of a press committee to arrange for giving publicity to the appeal.

MORE FROM HERE FOR NAVY TRAINING

The summer training of the Royal Canadian Naval Volunteer Reserve is drawing to a close, and the last detachment from the St. John company will report at Halifax on Monday, Sept. 24. This detachment is now being organized at the company headquarters at the armory, and the office will be open for this purpose on Tuesday and Thursday evenings.

About thirty petty officers and men have completed their first course of training, as have also Midshipmen Wakefield M. B. Benton and Gordon G. Wilson, R.C.N.V.R. A detachment

is now in Halifax under Lieut. H. Alastair Morrison, R.C.N.V.R., and Sub-Lieut. Paul Cross, R.C.N.V.R. Several members of the St. John company have applied for the four months' sea service. It is understood that this will be a cruise in H. M. S. Curlew (a sister ship of H. M. S. Capetown, which is visiting St. John next week) touching at the West Indies, Panama Canal, Hawaii and Pacific Coast ports.

As this is the last party of the season it is expected that it will be quite a large one. Those who are going are required to report at the Armory for instructions, transportation, etc., either on Tuesday or Thursday nights.

LOST!

Brand New W. H. Wine Cellar

COL. C. O. SHERRILL

Washington.—The White House beat Voted to it! Even before prohibition had been decreed by Congress, the old White House wine cellars, provided when the executive mansion was first built, for the storing of stocks of drinkables desirable for ordinary as well as state occasions, had been torn out. For at least 20 years, any wines or liquors that have been kept in the White House have been held in a general store room along with plebeian household and kitchen supplies.

Mystery. Just when the wine cellars disappeared, no one about the premises seems certain. Colonel C. O. Sherrill, in charge of Government buildings and grounds in the District of Columbia, is positive, however, that none exists today. The basement of the White House is now undergoing reconstruction, due to the installation of a new heating system, using steam from the big State, War and Navy building across the way. Workmen have been busy, tearing out old walls, cutting through partitions and digging for conduits. Had there been a wine cellar, everybody concerned agreed, they'd have found it.

He's Certain. "There used to be wine cellars in the White House, I'm certain," says Rudolph Foster, for more than 30 years executive clerk in the executive offices. "I remember seeing some old memoranda mentioning them, and some papers in which Dolly Madison

referred to cases of wine or other supplies ordered for the cellar. But I don't believe there's any real wine cellar under the White House now." "We haven't done anything to any wine cellar, Sherrill said when asked about the present remodeling. "There isn't any wine cellar there. If there ever was it was taken out long ago—possibly when the White House was reconstructed in 1902."

ERROR COSTS LIFE. Worried by a clerical error of 10c. in his accounts, William Roberts Alway, a Dorchester collector, committed suicide, leaving the following note: "I am going to take a holiday from my heavy business, having kept my end up for about ten years, during which time nearly \$3,000 passed through my hands, and not a shilling missing. Like Saul, I have lost the battle, and would like some young man to stand upon me and slay me. The coroner's jury attributed Alway's suicide to his having worked for years without a vacation, until he had broken under the strain."

WOMAN SICK TWO YEARS

Caused by Troubles Women Often Have—Relieved by Lydia E. Pinkham's Vegetable Compound

Medina, New York.—"I had a great deal of trouble such as women often have, and this after I had been married for two years. For over two years I suffered this way, then I read in the 'Buffalo Times' about Lydia E. Pinkham's Vegetable Compound and I have taken it with very good results. I am very much better and feel justified in praising the Vegetable Compound to my friends and neighbors. Mrs. Wm. H. Adams, 311 Erie Road, Medina, N. Y.

Feels Like Girl Sixteen Rochester, N. Y.—"After my twin girls were born I was all run-down. My neighbors thought I was going to die. I saw your advertisement in the paper and bought Lydia E. Pinkham's Vegetable Compound. The first bottle helped me and I kept on taking it. I only weighed ninety pounds when I began taking it, and I have gained in weight and feel like a girl of sixteen. I never can say enough for Lydia E. Pinkham's Vegetable Compound. Mrs. M. J. DORR, 16 Stone Park, Rochester, N. Y.

BIRTH CONTROL IS NOT A SOLUTION

British Association Considers Means of Combating Unemployment Problems.

London, Sept. 18.—The doctrine of Thomas Robert Malthus, English economist (1766-1804), in whose essay on population the view is advanced that the realization of a happy society will always be hindered by the miseries, consequent on the tendency of population to increase faster than the means of subsistence, reappeared in a discussion at the meeting of the British Association for the Advancement of Science at Liverpool on the problem of unemployment.

Sir Wm. Beveridge declared that the fact that there were more than 1,000,000 wage earners in Great Britain who were unemployed did not prove overpopulation, Britain, he said, was suffering not from over population but from highly specialized, the most dependent on trade and peace and world-wide cooperation.

Middle Course Needed. The British were too far from sufficiency to make it worth while to attempt to return to it by growing more corn, etc., Sir William said. The adoption of a middle course of creating a self-sufficient British Empire depended upon whether the Dominions would agree to a division of the economic functions which would leave the most profitable ones to Great Britain. Sir William said that increased birth control was not required by anything in the conditions of Europe previous to the war and was irrelevant to Britain's present trouble.

HARRY HUTTON TO COACH TROJANS

Calls Four Practices for This Week—U. N. B. Gets Bridges.

The Trojans and the High School football team will play another exhibition game on the Shamrock grounds next Saturday. It is felt that these games are proving beneficial to both teams and will give them the necessary practice.

Harry Hutton, new physical director of the Y. M. C. A., has been secured as coach for the Trojans. Four practices have been called for this week, on the Shamrock grounds this afternoon and Thursday and on the Allison grounds on Wednesday and Friday, practice to start at 5.45.

The Rugby football squad of the U. N. B. turned out yesterday afternoon at the College Field for the first workout of the season. G. F. Gregory, recently graduated at Oxford, where he was a Rhodes Scholar and where he played with the Rugby team of his college, is to be coach.

The Red and Black, which won the Clark Trophy and the Western Intercollegiate title in 1922 and tied Dalhousie at Amherst for the Maritime Intercollegiate title in 1923, were again defeated in seven matches, will have to build up a new team with little experienced material. They are better off than expected however, as two of the 1922 team who were not expected to return, turned up yesterday. "Chip" Seely, who was expected to enter the Textile College, at Lowell, Mass., and Bob Gibson who was expected to enter McGill again are registered at the provincial university. Other members of last year's squad available are Rogers and Jones of the forwards and Captain Seord and Fraser of the backs.

WOMEN GOLFERS IN OPEN MEET TODAY

St. Bruno Golf Links, Que., Sept. 18.—In the 22 competitors who will take part today in the first round of the Canadian women's open golf championship there is quite an array of champions. One is Mrs. W. A. Gerwin of Huntercombe, Eng., the present Canadian title-holder. Another is Miss Glenna Collett of Providence, R. I., and at present the women's champion of the U. S. A. Third is Miss S. Pepler of Toronto, recent winner of the closed championship.

For good measure there remains Miss Alex Stirling of Atlanta, Ga., a former champion of the U. S. and Canada, and in addition, Mrs. D. C. Hurd of Hamilton, with an array of past championships to her credit.

Siki To Fight in America

Battling Siki, Senegalese boxer, was signed yesterday to meet George Godfrey, a negro fighter, in Philadelphia on October 5. The bout is to be eight rounds, no decision. Godfrey helped train Dempsey for both the Gibbons and the Firpo bouts.

Carpenter Issues Defl.

George Carpenter, French heavy-weight, has communicated with Tex Rickard expressing a desire to meet Tommy Gibbons in a fifteen round bout at Madison Square Garden. Rickard said he would make arrangements for such a bout if he can bring the men to an agreement on terms.

It does not freeze or stain bandages—has a clean, aromatic odor that freshens up a sick room. \$1.25 a bottle at most druggists or sent postpaid by W. F. YOUNG INC., Lyman Building, Montreal

Yankees Fail To Take Needed Game

Go Down to Defeat Before Cleveland—Cincinnati Remains Second.

New York, Sept. 18.—The Yankees, who need just one more victory to secure their appearance in the world's series, failed to come across yesterday, going down to defeat before Cleveland, 6 to 2. The Indians made 10 hits off Bush in five innings, scoring five runs. They took three hits off Roetter in the remaining four innings for another counter.

The Pirates were defeated by the lowly Bostonians, 6 to 1. Effective pitching by Marquard won the game. Cincinnati did not play, clinging to second place.

The Red Sox broke even with Chicago in Boston, losing the first game, 6 to 1, and taking the second, 6 to 5. The second affair was close, the Chicago team leading until the eighth. Washington defeated St. Louis twice, 5 to 4 and 12 to 2. The latter game was called in the seventh because of darkness. Walter Johnson got credit for both games, finishing the first and twining the second. The Senators collected a total of 31 hits in the two games.

Tigers lost two games in Philadelphia, the home team winning by 2 to 0 and 4 to 3. In the last game, Naylor allowed but five hits to 10 of Danks and Oleson. Both contests were tightly fought up to the last out.

St. Louis defeated the Phillies 6 to 5, making it four out of five for the series. A follow-up rally in the fifth against their Philadelphia pitchers gave the Cardinals the game.

Triple Play Made By Burns, Unaided

First Baseman Helps Red Sox Beat Indians, 4-3, in Twelve Inning Contest.

Boston, Sept. 17.—An unassisted triple play by George Burns, Red Sox first baseman, occurred in the second inning of the Boston-Cleveland game here last week, which the Red Sox won, 4 to 3, in twelve innings. Stephenson opened the second with a single to center for the Indians. Lutzke walked. Brewer's liner was caught by Burns who reached out and tagged Lutzke on the base line. Stephenson followed on his way to third and Burns dashed to second and slid into the base a few feet ahead of Stephenson, thereby completing the triple play, the fourth in big league history.

Stars Of Horseshoe Sport Ready To Fling

Cleveland, Sept. 18.—(By A. P.)—The fourth annual tournament under the auspices of the National Horseshoe Pitchers' Association opens here tomorrow with representatives from 24 states, including all of the game's favorites, participating. According to John H. Gourley of the Cleveland Recreation Council, it will be the largest in the history of the sport.

ROD AND GUN

One of the treats in store for the sportsman in Rod and Gun in Canada in the October issue is a story by H. C. Duffus on "Bear Hunting up Bute Inlet, B. C.," which is written in a particularly readable manner. Bonny-castle Dale has a good article on the story of the nation's Nova Scotia, while an interesting account of a ten days' trip in a canoe is contributed by A. David Fraser. E. F. Ward has a story on "Deer in Nova Scotia," while F. V. Williams and Martin Hooker have two good stories in this issue. Guns and Ammunition is particularly well filled with articles by men such as A. A. Haines, T. T. D. Francis, and R. Leckie-Ewing, all well known to Lincoln, J. W. Watson, and F. H. Walker have good departments, while "Along the Trapline," edited by M. U. Bates opens again in the October issue. Particular attention has been paid to the several important trap shoots of the Dominion, and accounts of the E. C. R. A., the Bileys Teays in England, and the Maritime Trap shoot, and the O. R. A. are all contained in the October issue.

SENDS HOME WORD OF EDDIE CONNOLLY

Sport Writer Had a Chat With Him Recently in New York.

Jack Rutter, who was formerly on the writing staff of Billy Pierce's Boston Police News, writes to the Sports Editor of The Times telling of a recent chat he had with Eddie Connolly, formerly of this city and some years ago one of the greatest lightweight boxers in the world. Rutter was at one time Eddie's manager and trainer and he told the pleasure of the meeting afforded him. They met in New York. Speaking of his friend Mr. Rutter said: "He is the same old kid, a little older of course, but looks good and has the respect of the neighborhood in which he lives. I suppose the progress of his old walk makes the respect everlasting."

While in conversation the result of the recent Greb-Wilson bout for the middleweight championship of the world was brought up. Rutter agreed that it would have been awful what "Mysterio" Bill Smith would have done to Greb if he ever had met in a ring and Greb started roughing it. Connolly says "Exit Firpo."

Many friends of Eddie Connolly will be interested to learn that the minds of many here famous bouts in which he won premier honors.

Students From Many Countries See Play

New York, Sept. 18.—Representatives of seventy-two nationalities were in the audience which saw Pedro de Cordoba and Carroll McComas in "The Jolly Roger" at the National Theatre last week. The members of the University Cosmopolitan Club of 2929 Broadway, an organization composed of students from various countries, now entered in New York's higher seats of learning, particularly Columbia. Some of those present were their native countries.

Among the countries and provinces represented in the theatre party were Syria, Armenia, Persia, Turkey, Egypt, Morocco, Tripoli, Bessarabia, Arabia, Rumania, Bulgaria, Serbia, Greece, Czecho-Slovakia, Latvia, Russia, Finland, England, France, Germany, Belgium, Italy, Spain, Switzerland, Luxembourg, Holland, Portugal, Ireland, Canada, Australia, New Zealand, South Africa, India, China, Siam, Malay, Japan, Philippine Islands, Borneo, Korea, Tasmania, Hawaii, Mexico, Costa Rica, Honduras, Nicaragua, Panama, Guatemala, Venezuela, Colombia, Bolivia, Peru, Chile, Brazil, Argentina, Uruguay, Paraguay, Liberia, German East Africa, Straits Settlement, United States, Cuba, Barbadoes and Bermuda.

Griff Was Bout. Billy Griff of Winnipeg, who has been making his headquarters in this city, won a bout at McAdam last evening against Frankie Burns of St. John, formerly of St. John. Griff was awarded a decision in the sixth round as Burns had accidentally fouled him. The bout up to the time of the unintentional foul had been fast and clean. Young Firpo of this city and Billy Smith of St. Stephen fought ten rounds, the latter winning on points.

Mrs. Harvey Dishman

The Appealing Charm of Health and Beauty!

London, Ont.—"Dr. Pierce's Favorite Prescription proved very beneficial to me as a tonic and nerve. After motherhood I was very weak and could not regain my strength. I did not appear to have any blood, but after taking Dr. Pierce's Favorite Prescription for a short time my health and strength came back. I heartily recommend Favorite Prescription to all weak and ailing women." Mrs. Harvey Dishman, 184 Rectory Street.

Your health is most important to you. It's easily improved. Just ask your nearest druggist for this Prescription of Dr. Pierce's, in tablet or liquid form; or send 10c. to Dr. Pierce's Laboratory in Bridgeport, Ont., for a trial pkg. tableted roughing it. Connolly says "Exit Firpo."

SUGGESTION RE INSPECTION LAW IN HOTEL INQUEST

The inquest into the death of Thomas McCarthy, who died as the result of being scalded by escaping steam and hot water from a boiler in the Royal Hotel, was concluded before Coroner H. A. Porter last night.

Three witnesses were examined, and after being out thirty-five minutes the jury brought in the following verdict: "That Thomas McCarthy died on Sept. 6, 1923, at the General Public Hospital; that he came to his death by being scalded by steam and hot water from a boiler in use in the Royal Hotel where he was employed, said escape of steam and hot water being permitted by the cast iron bushing giving out, and we the jury consider that death was accidental, and we recommend that more stringent measures be taken in connection with the inspection of steam boilers operated within the Province."

Signed, John E. Farrand, foreman; James J. Merryfield, David J. Stockford, Robert H. Simpson, Robert T. Worden, Cornelius B. Dever and John L. Cambridge.

John Kenney, factory inspector said it was customary to have the bushing but he considered the flange better. Where boilers were insured he left the inspection to inspectors of the companies, only looking over the certificate to see that it was in order. He had made recommendations to the Government for a stringent boiler law, but there was no boiler law at all. So far as the Royal Hotel was concerned his only jurisdiction was to see that a certified engineer was employed.

W. R. Mathers, manager of the A. R. Williams Machinery Co., testified that cast iron bushings were not standard. He was of the opinion that in New Brunswick the inspector's powers were not wide enough.

C. E. Dalton, Government marine boiler inspector, saw no objection to the reducer but said it might have a defect.

Three applications have been received by Miss Mellejohn for the public health course scholarship of \$500 offered by the New Brunswick Women's Institute. The time in which applicants can register is drawing to a close. After taking the course the successful nurse must spend a year in public health work in the province.

When Dempsey Looked Defeat in the Face

Dempsey pitches headlong through the ropes onto the shoulders of Kid McParland, one of the judges of the fight sitting at the ringside. This was in the first round of the fight after Dempsey had floored Firpo three times. The blow that sent Dempsey through the ropes was a terrific right high on the side of the jaw, which came in rapid succession after a similar blow. Had Firpo landed either of these blows on the "button" he would have been the new heavyweight champion of the world. As it was the bell ended the round a few seconds after and Dempsey knocked out Firpo in the second round.

Giants Recall Pitcher.
 Chicago, Sept. 18.—Secretary Tierney of the New York Giants has announced the disposition of numerous players who were released on option during the summer. Pitcher Earl Weh has been recalled from the Pittsfield, Mass., Club. Options on pitchers Morrison and Lucas, now with the San Antonio Club, were cancelled and they will remain in Texas. Olin Voight, a flinger farmed out to the Denver Club, was recalled, but waivers were asked on him. He was claimed by the St. Louis American League Club. McPhee, Princeton infielder, was recalled but released outright to the Little Rock team.
 Mahlon Higbee, outfielder, was recalled from Denver but sent to Portsmouth as part payment for Wilson and Greenfield; two players have been acquired from the Virginia team. Wilson is an outfielder and Greenfield is a pitcher.
 Bill Terry, an infielder, has been purchased from Roger Bresnahan's Toledo Club of the American Association together with Perez Malone, pitcher and Axel Lindstrom, infielder. George Sullivan, University of Penn-

TURF.

Grand Circuit Meet.
 Buddy Mac won the King stake, valued at \$3,000, for 2.08 pacers at the grand circuit meet at Columbus, Ohio, yesterday taking the event in straight heats, best time 2:02 1-4. The 2.11 trot went to The Major, two out of three heats, best time 2:03 3-4. The 2.15 pace was won by War Bride, two out of three heats, best time 2:08 1-4.
Fredericton Races.
 Some slight changes have been made in the racing programme in connection with the Fredericton exhibition. The 2.14 class has been set back to the closing day and the 2.16 brought forward to the opening. This was done because the starters in the 2.14 had such a strenuous race at Woodstock and the horses needed a rest. The revised programme follows:—
 Tuesday, Sept. 18.
 2.16 trot and pace.
 2.18 trot.
 2.20 trot and pace.
 Wednesday, Sept. 19.
 Junior free-for-all.
 2.18 trot and pace.
 2.25 trot and pace.
 Thursday, Sept. 20.
 Free-for-all—Single G., Margaret Dillon and Sir Roch.
 2.18 trot and pace.
 Named race.

Car Worthy Sets Record.

Henry L. Bowles' Car Worthy broke the record for the half mile eastern states exposition track yesterday afternoon in the first heat of a free-for-all for a purse of \$12,000 when he went the distance in 2:06 3-4.
AQUATIC.
 Gilmore Defeats Hoover.
 W. E. Garrett Gilmore of Philadelphia yesterday won the Philadelphia Gold Challenge Cup by defeating Walter Hoover of Duluth by four lengths. The winner's time was 8.39 or one minute and five seconds slower than that made by Hoover when he won the cup last year at Philadelphia. Hoover was twenty pounds overweight and made a poor showing.

New Record For Kelly.
 George Kelly, first baseman of the New York Giants, established a new major league record yesterday when he drove out three home runs in three consecutive innings. The circuit drives were made in the third, fourth and fifth innings of a game against Chicago.
Fonseca's Injury Serious.
 Cincinnati, Ohio, Sept. 18.—Louis Fonseca, Red infielder, who was injured in the game with the Chicago Cubs last Thursday, is suffering from concussion of the brain and will be out of the game for at least two weeks or longer.
Reds Buy New Pitcher.
 Cincinnati, Ohio, Sept. 18.—L. J. Prishman, a left-handed pitcher of Muskogee, Okla., has been purchased by the Cincinnati Nationals. The price paid by the Reds for the highly recommended youngster was \$10,000 it was said.
Grand Circuit Today.
 Columbus, Ohio, Sept. 18.—With purses totalling \$15,000, trotting events predominate today's Grand Circuit racing programme at the Columbus Driving Park. Three trotting events and a class pace are scheduled.
 The Horse Futurity, for three-year-old trotters, with a purse of \$6,000, with eight entries, is the feature of the card.
 Eight horses are declared for the M. & M. stake for 2.14 trotters, with a purse of \$5,000. The Capital City stake for 2.05 trotters, purse \$3,000, and the 2.04 pace, purse \$1,000, complete the programme.

Protestant Orphanage Fair
 Saint Andrew's Rink, Oct. 4th-13th, Saint John, N. B.
 This is a voluntary public effort for which the Orphanage Board is in no way responsible, it is being held under the auspices of the various Protestant Fraternal Societies, each of which have appointed strong committees to co-operate. They in turn are appealing to the general public in all parts of the Province for contributions and support.
 Those in sympathy with Orphanage work should not wait for any personal solicitation, but come forward at once as volunteer contributors, or better still invite others to join with them.
 The Committee in charge are open to receive contributions of any kind—anything that can be converted into cash or used in feeding and clothing the needy.
 ADDRESS ORPHANAGE FAIR COMMITTEE, P. O. BOX 12, ST. JOHN, N. B.

OUTRAGE, SAYS JUDGE BARRY AS HE STOPS ALLAN McDONALD CASE

Halts Proceedings and Orders Discharge of Sydney Man.

Designating it as a consummate shame and an outrage that a young man of such undeniably reputable character should have been subjected to the ignominy of being kept in jail, and then subjected to the strain of a trial, Judge J. A. Barry, in the County Court this morning, under the Speedy Trials Act, stopped the trial of Allan McDonald of Sydney, charged with theft and assault, exonerated him completely from the charge and sympathized with himself and his parents for all the trouble to which they had been put, and rebuked the police department for having placed him in jail on the complaint made.

The evidence of Frank Coleman, the complainant, was read, as he was unable to attend court. Cressi Stoyie, an employee of the Hamilton Hotel, and Daniel Lynch gave evidence for the crown.

Harold M. McSherry, a clerk of the Western Union Telegraph Company, told of two men sending a telegram on June 29. When asked if either of the men was in court he said no. That concluded the case for the crown.

Allan McDonald, the accused, took the stand in his own defence. He said that he was a son of Daniel A. McDonald of Sydney, and that he was 20 years old. At the time of his arrest he was clerk in the Merrimac Hotel in Antigonish. Prior to that he had been employed as a subscription agent. He said that he understood that he was charged with theft and assault, alleged to have taken place here in St. John on June 28.

He said that he was in Sydney on June 28 until about 8 o'clock in the morning. On the 27th he had been in and about Sydney. He left Sydney with Mr. and Mrs. William Lee, in an automobile, a little after 8 o'clock on the 28th. They spent the night at Mrs. Nicholson's, in Barrachois, about 30 miles from Sydney. The following morning, June 29, they left for Broad Cove, spending that night there. He was in St. John about six years ago in company with his father. They were then on their way to the United States to obtain an artificial limb for himself. He had never been in St. John from that time until he had been arrested. He had never been in the Hamilton Hotel.

Questioned by His Honor Mr. McDonald said that he had been Coleman in Sydney. They were both waiting for a car and he noticed that Coleman was also lame, had asked him if he had an artificial limb. That was their only conversation. He had again seen him at the Merrimac Hotel in Antigonish, where he (McDonald) was then working as clerk, and where Coleman had registered. He had again seen him at Hampton N. B. They had only the usual conversation of a hotel clerk with a guest at that time. That was in August. He had been a student of the University of St. Francis Xavier, Antigonish, and also of St. Mary's College, Halifax.

Questioned by His Honor Mr. McDonald, broker, of Sydney, father of the accused, said that Allan was at home on the night of June 27th and left Sydney with Mr. and Mrs. Lee, on the morning of June 28. He placed the date by the first day of the trial in Sydney, June 28th, and also from the fact that he unloaded a car of freight on that day. He said that Allan returned home on July 7, in company with Mr. Parkhurst, manager of the Continental Publishing Company.

Both Mr. and Mrs. William Lee, swore that Allan McDonald was with them from the morning of June 28 until July 7, when he returned to his home in Sydney, with Mr. Parkhurst. Mr. Lee placed the date by the fact that he was married on June 23, adding that he was not likely to forget that date.

Miss Mary Nicholson, now Mrs. O'Toole, who was married one day ahead of time, so that she might be here to testify today, and who with her husband arrived here this morning, swore that Mr. and Mrs. Lee, in company with Mr. McDonald, spent the night of June 28 and the morning of June 29, at her mother's home in Barrachois.

John J. McDonnell, chief detective of the Sydney police force, swore that he saw Allan McDonald drive out of his yard on the morning of June 28 in his automobile.

Judge Barry stopped the case at this point, and dismissed the accused, expressing his sorrow that he and his family had been put to so much trouble and heartache.

William M. Ryan appeared for Mr. McDonald.

GIRL TESTIFIES IN CASE AGAINST MRS. BESSIE PARKER

The case was resumed in the police court yesterday afternoon and the evidence of the girl and a nurse at the General Public Hospital taken.

The girl told of visiting Dr. E. J. Broderick, who disclosed her condition. She then paid a visit to Dr. F. X. Morris, Fairville, but was not treated by him. She said she then visited Mrs. Parker at her home, Prospect street and had a conversation with her, later was told the fee for treatment would be \$35. Next afternoon she said she returned to Mrs. Parker's home with the money and was treated by Mrs. Parker and told she would be all right.

On the night of August 30, Dr. D. P. Mahoney was summoned and she was removed to the hospital.

The case was to be continued in the police court this afternoon at 2:30 o'clock.

CASE POSTPONED.

The case of Franklin W. Allan of Long Island, vs. the Atlantic Sugar Refineries, to have been heard today in Circuit, before Mr. Justice Crockett, was postponed until October 10. The case is one in which Mr. Allan is trying to recover some \$2,000, which he says is due to him as fees for furnishing the official report of an investigation by the United States Federal Trade Commission, into the sugar industry, conducted in 1920.

Red Cross Meeting

The executive of the local Red Cross met this morning at the Depot, Prince William street, to discuss the part they would take in the drive for Japanese relief funds and it was decided to render assistance by furnishing helpers for clerical work in the office and to distribute the envelopes to the various churches for the special offering to be taken for this purpose.

A report was submitted on the work of the nursery at the exhibition and much praise was given Miss Jean White, who was in charge, and Miss Dely, who ably assisted her in looking after the nursery.

An appeal from the Health Centre for assistance and interest in the work of the centre was read and the matter dealt with at the next meeting of the society.

MATE OF SCHOONER HERE IS MISSING

Harry Gunn of Frederick P. Elkin Not Seen Since Sunday.

Did Harry Gunn of North Sydney, mate of the schooner, Frederick P. Elkin, fall into the waters of the harbor and drown, is a question which is agitating the minds of the captain and owner of the vessel, as he has not been seen since last Sunday afternoon.

Last week the captain of the schooner was away for a few days and on his return to duty yesterday found that his mate was not on board. He was informed that the man had not been seen around the ship since last Sunday afternoon about 3 o'clock.

R. C. Elkin, Lieut. agent for the ship when asked about the matter said the absence of the man had been reported to them and ordinarily the man would at once have been put down as a deserter, but as he had been with them since last April and had proved a steady reliable man, had not taken his clothes with him and had very little money on his person, getting a small advance from the office on Saturday, they were inclined to think he might have fallen overboard.

The missing man is said to be about 47 years of age, of dark complexion, about 5 feet 7 inches in height and weighing about 165 pounds. He is a married man. His mother lives at North Sydney.

ROLLED PEANUT ALONG AVENUE

Frank C. Whiting Paying a Bet on Firpo's Defeat Today.

It's a nice walk from the bridge at the Falls to Main street along Douglas avenue, but it's not the same when you're propelling a peanut with the aid of a tooth-pick, thereby paying a bet that is what Frank C. Whiting did at the fair today. He was rolling a peanut across the bridge and while George Parker, also of Fairville, was looking on complacently and seemed to be of the opinion that the terms of the wager were complied with.

Whiting bet that Firpo would knock out Dempsey on last Friday. Parker took the championship to win. Whiting lost the bet and, being a good sport, he was on hand at one o'clock this afternoon at the fair and he was to roll the peanut across the bridge and all along Douglas avenue to Main street corner. A group of friends saw the start and the curiosity of passers-by was soon providing an interested gallery.

Fast Work.
Mr. Whiting started to roll the peanut with a tooth-pick at 1:30 and finished at 2:15 sharp.

"KID" BURNS TO MEET M'INTYRE
Prominent Montreal Boxer and ex-Champ, in Arena Next Monday.
Arrangements were completed this afternoon to have Joe "Kid" Burns, leading lightweight of Montreal, meet Johnnie McIntyre, former welterweight champion of the Maritime Provinces at the Arena here Monday evening, Sept. 24 in three-minute rounds.
Burns and McIntyre met three years ago at Halifax when the 15-round bout was called a draw. Both men are eager to get into the ring together and St. John has been selected as the meeting place.
Billy Groff, of Winnipeg, and Young Dempsey of St. John, have been matched to box eight three-minute rounds.
Arrangements are being made for a return match between Sullivan and Shields.

LOCAL NEWS

POKIOK BRIDGE.
J. A. Grant and Co. began work today on the Pokioik Bridge, Bridge street, and heavy traffic has been directed to Adelaide Road and Bellevue Avenue.

ENGAGEMENT.
Mr. and Mrs. Lawrence Rice, of Coverdale, Albert Co. announce the engagement of their daughter, Emma Irene, to William Reginald McLeod Daye, of St. John, the marriage to take place early in October.

LADY GOLFERS TO MONCTON.
Miss Beattie Dawson, Mrs. H. C. Schofield, Miss Catherine McAvity, Miss Lillian Raymond and Miss Elspeth McLaren, left this morning for Moncton to play a match game of golf with ladies of the Moncton Club.

STREET WORK.
The public works department has removed the stone crushing plant from the west side to Westmorland Road and it is now being set up on the west side of the paving of the street from Cooper's corner to Kane's corner.

NOT TO BE CANDIDATE.
Councillor J. P. Mosher, who was in the city today, when asked if he intended to offer this year as a candidate for the Parish of Simonds said that he had no intention of doing so, having made up his mind some time ago to retire at the close of his term.

PEOPLE RESPONDING.
Money is coming in already for the Japanese relief fund and this morning a check for \$25 was received from an outside town. This is only one of several amounts which Miss Jarvis has received.

ATTENDED WEDDING.
Mr. and Mrs. James M. Robinson of St. John are mentioned in the Fredrick Gleason as out of town guests at the wedding of Miss Mary Adelaide Robinson and James Edgar Cornburn in Harvey, York county on Sept. 12.

RIVER CRUISE.
The St. John Power Boat Club have arranged for a week-end cruise to Sandy Point on the Kennebecasis and on Saturday night will have a big corn boil on the beach and a dance at the pavilion. The members of the R. K. S. C. have been invited to take part in the festivities.

REV. W. W. CAMP ILL.
The many friends of Rev. W. W. Camp, formerly pastor of the Central Baptist Church in this city, and now stationed in Campbellton, will be sorry to learn that he is seriously ill in hospital in Campbellton.

ST. JOHN STUDENTS AT U.N.B.
St. John students at the University of New Brunswick this year include—
Sophomores—Wm. W. Donohoe, West End, Arts; Francis H. Wetmore, Arts.
Freshmen—Frances P. Gale, Arts; Lella E. Kee, Arts; Gordon F. Kincaid, Arts; A. Bernier, Summerville, Arts; Margaret H. F. Stevens, Arts.

SEPTEMBER STRAWBERRIES
The editor of the Times had at his disposal a portion of a box of luscious strawberries, equal in appearance and flavor to the best early summer fruit. They were the gift of S. Peterson, city gardener, who picked them in his garden at Grand Bay, and submits them as evidence of the fact that Grand Bay is the real garden of New Brunswick.

THE BREAKWATER.
Alexander Gray, resident engineer of the Dominion Public Works Department, said this morning that he had not yet heard anything in connection with the report and specifications sent forward in connection with the Negro Point breakwater but the acting chief engineer was coming to the city some time next week and he presumed there would be some announcement made then.

ON AUTO TOUR.
Mr. and Mrs. George Huggard, accompanied by Mr. and Mrs. Frederick G. Fitzgerald of Fairville, left by car on Sunday for a two weeks' tour to the Boston, New York, Philadelphia and other U. S. cities. While away Mr. Fitzgerald will have the pleasure of renewing old acquaintances at Coney Island, where he was at one time in charge of one of the most popular amusement halls of that noted resort.

CAR RECOVERED.
Stanley Titus reported to the Times this morning that his automobile No. 12879, which had been taken from Waterford street, on Friday evening, had been located at Rothesay, where it had been put in for repairs, and that he was in possession of his property. It was not a case for prosecution, he said as the car was not taken in theft. It was crowded off the road at Rothesay by a large car and was badly damaged.

As Hiram Sees It
"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "do you ever go back along the way you have come and sit down in thought by some wayside spring that had refreshed you on your journey? Perhaps it wasn't a spring at all—but an experience—a discovery—a revelation."
"Don't we all do that after the dust of our feet has been shaken off?" said Hiram. "An' as we get older we do it more an' more. I kin set by a fire in the evenin' an' git a lot o' reel comfort livin' over agin some nice time I bed—or some change that gripped me hard when I was younger an' bed more years ahead o' me. I mind one time some of us young fellers come across an old, old Injun settin' in front o' one o' them little fires nobody but an Injun could make. We felt kind o' sorry fer the old feller—his life seemed so empty as he sat there broodin' over the coals. We couldn't see what he seen—but he wasn't alone—no, sir—he wasn't alone. What made you ask that question?"
"I," said the reporter—"why—I-I fear I am growin' old Hiram. 'Enjoy it—'Don't fear it," said Hiram. "Enjoy it—that's what we all orta do—Yes, sir."

Are You Giving Enough Attention to the Furnishing of Your Home?

The home is admitted to be the corner stone of civilization, yet we learn that we spend less on its furnishings than on many of the non-essential items of everyday life. A recent issue of a well known journal is authority for the statement that the people of Canada spend \$3.50 per capita for soft drinks, \$5.50 for confectionery, \$5.50 for taxable amusements (not including many lesser forms of amusements which are not taxed), \$22.00 for automobiles and only \$5.00 for house furnishings of all descriptions!

There is food for serious thought in these figures.
Are you doing your duty by your home?

A. Ernest Everett
THE HOUSE FURNISHER
91 CHARLOTTE STREET.

Floor Coverings of All Kinds.

Notes on Autumn's Fashions

As heretofore we state—and emphasize a proven fact—that any man who would maintain the appearance of a gentleman by wearing good clothes—good in fit, fabric, tailoring and style,—can buy such attire here more economically than elsewhere.
