FORESHORES OF COURTENAY BAY

Matter Before Councillors in Connection With Work ADVISED TO STAND PAT

County Representatives Have St. Martins Road Money Question Before Them—Two New Paving Places

The necessity of guarding the municipality's interest in the foreshore of Courtenay Bay, in connection with the plans of the Norton Griffiths Company for making use of the foreshore in front of their own land which adjoins the municipal property, was impressed upon the members of the county council at the adjourned meeting this morning.

A large part of the session was taken up with a discussion regarding the proper method of dealing with a debt of \$800 for money borrowed from the bank to pay for road work in St. Martins.

When the council was called to order at eleven o'clock the county secretary submitted the report of Wm. H. Greer, road supervisor for the parish of St. Martins regarding the construction of a new road at Orange Hill.

Coun. Howard moved that the sum of \$800 be paid over to the former road board of St. Martins, due the board when they went out of existence with the change of the road law.

The warden said that the matter would be cared for by the new government board as fast as the taxes came in.

Coun. McEllan said that if the new act did not provide for paying off old liabilities the county would be liable.

Coun. Black said that J. B. M. Baxter authorized the work "This is personally liable."

It was explained that the government is now liable under the new act.

Coun. McEllan replied that the debt could not stand indefinitely and the county should look after it until the money comes in from the government.

Coun. Schofield moved that the attention of the provincial government be drawn to the matter and that they be asked to adjust it.

Coun. McEllan brought up the matter of foreshore rights in Courtenay Bay. The special committee had secured a title and recommended that the council should not withdraw their protest against the occupancy of any part of the foreshore by the Norton Griffiths Company except that in front of the Dean property owned by themselves.

Coun. Golding moved that provision be made for a second polling place in the parish of Beauséjour. Carried.

Coun. Long moved that a polling place be provided at Dipper Harbor. Carried.

Whitney O. Dunham was appointed polling clerk for Beauséjour and W. D. Clark for Dipper Harbor.

The council adjourned at noon to resume at two o'clock when the hospital matter was to be taken up.

North End Wedding In St. Luke's church this morning at 7:45 o'clock the wedding of Miss Jessie Mabel, eldest daughter of Daniel T. Bogle, of Greenwich, Kings county, and Arthur Byron Flewelling of the employ of James Holly and Sons, North End, took place.

The ceremony was witnessed by only near relatives and close friends. Rev. R. P. McKinn of the parish officiated. The bride, who was unattended, wore a traveling suit of blue whipcord with a large picture hat, and carried a white prayer book. After the ceremony Mr. and Mrs. Flewelling left on a trip to Fredericton. On their return they will reside in North End.

Life and Death Fight For House of Lords

Link Between Government and Upper Chamber Clearly Deferred and Challenge Complete and Uncompromising

(Times Special Cable) London, July 16—Premier's announcement in the commons yesterday that the government will place before the parliament at the next session their proposals for further reform of the House of Lords has been welcomed by both parties.

The Liberals are heartily sick of wasting time in parliamentary proceedings under the revised Parliament Act. The Unionists are confident that the government cannot formulate any scheme which will satisfy all sections of the Liberals and confidently anticipate defeating the government when the lords reform bill is introduced.

Two Plans Discussed Two plans are known, however, to have many supporters in the cabinet. The first is for a senate directly elected by the people of Great Britain and Ireland, divided into seventy-five constituencies each returning two members, the electors being the same as for the House of Commons.

Another plan which, it is understood, is being considered, is a chamber much smaller than the present, partly elected and partly nominated, and restricted as the House of Lords now is regarding legislation sent up by the house.

Probably the government will formulate the proposals as a parliamentary bill next session but will embody them in a resolution which will be passed by the commons.

Admittedly, the measure cannot pass into law until it has been submitted to the country in a general election. Last night's enormous majority of the Lords

rejecting the home rule bill, leaves the country unimpaired. The public opinion is summed up in Lord Morley's historic phrase: "The greater your majority, the greater your disgrace." The Daily Chronicle describes the result as Lord Tomnoddy's veto.

(Canadian Press) New York, July 16—A cable to the Tribune from London says: "The latest political sensation is the Asquith announcement that the government will next year bring in a bill to reform the House of Lords. There can be no doubt that this will set the present peers preparing for a life and death fight."

It looks as though the prime minister were going to bring in a bill for the formation of a new second chamber and then dissolve and go to the country on it. The cabinet has apparently been formulating plans for some time.

London, July 16—The House of Lords by a majority of 288 for the second time in six months rejected the home rule bill. "The result was a foregone conclusion but," says the Daily News (Liberal), "it has nevertheless inaugurated a serious crisis between the two houses. On the one hand Lord Curzon withdrew what he understood to be Lord Lansdowne's promise yesterday to accept the home rule bill if a general election were won upon it. On the other hand the prime minister in the House of Commons announced definitely that the lords bill will be tabled at the next session."

"The challenge on both sides is complete and uncompromising." "The importance of Lord Curzon's speech lies in the fact that for the whole afternoon, he was in close consultation with Lord Lansdowne, who drafted what appeared to be an ultimatum to the government."

(Special Cable) London, July 16—It is probable that the trial of Representative Arias and Senator Vidal Morales, charged with killing General Armando Rivero, chief of the Cuban National Police, will be delayed until the consent of congress is obtained. The trial is expected to convene until November 1.

The supreme court has declined to accept the opinion of the public prosecutor that the assent of congress is not necessary.

An alarm was raised at the jail yesterday and a troop of cavalry arrived at a gallop and surrounded the building. This has given rise to the rumor that there was a conspiracy among the prisoners to mutiny, the friends of Governor Asbert arranging for his escape in women's clothes during the confusion.

The authorities deny the rumor of the conspiracy. Military vigilance continues throughout the city and all precautions have been taken to prevent disorders.

(Special Cable) London, July 16—The British press welcomes the betrothal of Prince Arthur of Connaught and the Duchess of Fife as a most auspicious event.

Prince Arthur, an extremely popular both in society and the army. He has been the king's representative at many foreign courts.

The duchess is one of a somewhat retiring disposition. She is one of the wealthiest women in England, owning about 250,000 acres.

(Special Cable) London, July 16—A cable from London says—Germany has purchased for her hospitals and medical institutions, every available milligram of British-made radium. Her emissaries, who came to London with an appeal for eight times the quantity they were able to obtain, paid cash down, and returned without delay with their precious charge.

(Special Cable) London, July 16—A cable from London says—The Bull Dogs won an exciting nine-inning game last evening at Seaside Park by a score of 9 to 6. The batteries were, for the winners, Sterling, Haley and Coughlan; for the losers, Fitzgerald and Morrissey.

The feature of the game was a home run by Joyce.

New Phase in Arbitration Over Railway Wages COMPANIES' GRIEVANCES

Question is Will They Be Taken Up at Same Time as Demands of Men—One Leader Bids Trainmen Prepare For Strike

(Canadian Press) New York, July 16—A new phase in the arbitration proceedings between eastern railroads and their trainmen and conductors, namely, whether the roads will insist on presenting their grievances against the men while the latter argue for higher pay, was the subject of discussion today between the conference committee of railroad managers and representatives of the union.

London, July 16—The House of Lords by a majority of 288 for the second time in six months rejected the home rule bill. TINKLE FEAR OF THE FIRES REALLY SET

Underwriters and Commissioners Confer--Detective Has Been Here--Morash Matter Explained -- Magistrate May Hold Inquiries

A conference between representatives of the St. John Board of Fire Underwriters and the city commissioners, which was held at city hall at noon today, should have the effect of relieving some of the apprehension regarding the fire.

The alarm which has been caused by the release of the "self-confessed firebug" was lessened by statements made showing that there was no evidence to connect Morash with any of the fires and that there was evidence that his confession did not amount to anything, and that he had nothing to do with the fires.

Magistrate Ritchie was summoned to the conference and gave an explanation of the release of Morash which was regarded as satisfactory and his statements were followed by Commissioner McLellan's account of his interviews with Morash.

Have Had Detective Here During the discussion the fact came out that the city had had an outside detective at work here to locate the incendiaries but that few fires had occurred while he was in the city.

As a result of the meeting the committee from the underwriters will recommend that their body co-operate with the city in ascertaining the causes of and fixing the responsibility for fires. It is possible also that the magistrate may undertake an official investigation of all fires under legislation already provided, which authorizes him to inquire into (Continued on page 3, fifth column.)

NEW BRUNSWICK MEDICAL SOCIETY ELECT OFFICERS

Dr. G. C. Vanwart New President—Refuse to Accept Some American Degrees—Smo at Ends the Day

The afternoon session of the New Brunswick society yesterday was taken up chiefly with the election of officers for the coming year, which resulted as follows: President, Dr. G. C. Vanwart, Fredericton; 1st vice-president, Dr. G. W. Fleming, Pettitodiac; 2nd vice-president, Dr. W. W. White, St. John; recording secretary, J. S. Bentley, St. John; corresponding secretary, Dr. H. C. Malcolm, St. John; trustees, Dr. W. A. Gillman, St. Martins; Dr. W. A. Christie, St. John, and Dr. B. H. Dougan, Harvey; representatives to executive at Canadian Medical Association, Dr. C. A. Purdy, Moncton; Dr. S. C. Murray, Albert; and Dr. T. D. Walker, St. John. The New Brunswick Medical Council, having found that in a number of the American medical colleges the standard is below the requirements for registration in this province, determined not to accept their credentials. In order to prevent the graduates of such institutions from presenting themselves for examination they have adopted the classification of medical colleges made by the Council of Medical Education and published in accordance with instructions from the house of delegates of the American Medical Association. The following have passed the professional examination: Dr. M. Beaton, Blackville; Dr. D. A. Beaumont, St. Stephen; Dr. O. Comans, Caraquet; Dr. F. A. Duxon, St. Stephen; Dr. L. S. Foster, Montreal; Dr. C. E. Gaudet, St. Joseph; Dr. A. Legoy, Shiacat; Dr. D. Townsend, River Glade; Dr. A. Desrochers, Shipigan (N. B.); Mr. J. G. Rogers, Shipigan (N. B.). Mr. J. G. Rogers, Shipigan, passed the primary examination. The medical register contains the names of 284. Dr. W. H. Irvine, Fredericton gave an able address on typhoid and its management, and Doctors G. S. Strathairn and Gordon Bates, of Toronto, on the treatment by salvarsan. Last evening excellent papers were read by Dr. J. W. Dewar, Dr. A. J. Hamilton, and Dr. A. W. George, all of Boston. After the meeting was adjourned, a lunch and smoker was held at the Brown Betty tea shop, during which an interesting programme was carried out. Among those taking part were Dr. F. J. Hogan, D. B. Pidgeon and Fred Macneil. Dr. Arnold acted as accompanist.

Daily Hints For the Cook

SUGAR COOKIES. Two eggs, 1/2 cup sugar, 1 cup shortening (half butter, half lard), 3 tablespoons sour milk, 1 teaspoon soda dissolved in boiling water, 1/2 nutmeg. Use four eggs to mix good. Roll thin and sprinkle with sugar. MEAT TURNOVERS. Mix a baking powder biscuit quite rich. Put the meat through a chopper and moisten with gravy or tomatoes, fold over like a turnover and bake. Take the rest of biscuit dough, flatten out and cut about half an inch thick. Put butter (a small piece) between two and bake. They are fine that way, and with potatoes and another vegetable you have an economical dinner and a good one, too.

ACTOU COUNTY ROAD OVERSEER KILLS WORKMAN

Halifax, July 15—A sad occurrence took place at Sea Foam in the vicinity of River John, Pictou county, today. A dispute arose between the road foreman, George McLeod, and Neil Sutherland, and a fight occurred in which Sutherland was the aggressor. After the first encounter, Sutherland fired stones at McLeod who picked up a stick and as a result of the fight which ensued Sutherland was rendered insensible and never recovered and died shortly afterwards. McLeod not knowing the condition in which Sutherland was, went to Pictou for legal advice, and while there word of the death of Sutherland came. McLeod immediately proceeded to give himself to Sheriff Harris and is in jail awaiting any complaint that may be made against him.

THIS IS A GIRL FROM KENTUCKY. Miss Nancy Johnston is the daughter of a "Blue Grass" congressman, and many admirers believe that she is the loveliest woman in Kentucky. PRAISE FOR ARTILLERY. The drivers of the 3rd Regiment Canadian Artillery were inspected by Lieut-Colonel Burstall, Inspector of Artillery for Canada, last evening. Since the last inspection the corps has been reorganized, formerly it was heavy artillery, but it has now been changed to garrison artillery with movable armament. It takes some time to bring about a change of this kind, and as this is the first inspection under the new order, great credit was given the officers and men by the inspecting officer for their excellent showing. The regiment was drilled in harnessing horses and in sitting the harness together. The company books were examined and four officers and eight non-commissioned officers from each of the three companies were asked questions individually by the inspecting officer who expressed himself well satisfied with the results. Colonel Burstall was entertained by Lieut-Colonel B. R. Armstrong and other officers of the regiment at a dinner given in his honor at the Union Club.

Would Not Attend Social Functions Because of Her Hair. There are many women in the world, handsome in features, perfect in form, graceful in movement and brilliant of mind, who keep in the background just because they have thin, colorless and lustreless hair. In Paris they understand things about the hair that we do not know in this country. It was a Parisian, Dr. Sanger, who discovered that thin hair and dandruff are caused by a microbe. It is Parisian Sage that proves Dr. Sanger's theory to be correct, for it is rigidly guaranteed to kill the dandruff germ and cure dandruff, falling hair and itching scalp in two weeks or money back. Parisian Sage is a delightfully pleasant hair dressing and invigorator; it is not sticky or greasy, it should be used freely in spring and summer as it keeps the scalp clean and cool and free from odors. Parisian Sage comes in large 50-cent bottles and is for sale by all druggists and leading druggists everywhere on the money-back plan. "It is on every package. Made in Canada by The R. T. COUNTY COUNCIL NOT FRIGHTENED BY INJUNCTION

Decide to Proceed With Erection of Hospital for Consumptives—On Larger Scale That First Planned

Notwithstanding the injunction with which the municipality is threatened by residents of Douglas avenue and vicinity in case further steps be taken towards the erection of a hospital for consumptives on a site between Merritt street and the C. P. R. tracks, the municipal council adopted yesterday afternoon a report of the special committee in charge of the matter, recommending that the work be proceeded with. Estimates of the cost of building a hospital to accommodate fifty-two patients were then discussed. The estimated total cost of the buildings, including a separate power house for heating plant and laundry, was \$46,900 which would allow for an electric elevator at \$2,600 and a vacuum cleaner for the whole building at \$2,200. The building without these accessories would cost \$28,000, while the separate power house with modern sterilizing plant and laundry would cost \$14,200. Coun. Schofield pointed out that the laundry and heating plant might possibly be installed in the basement, but remarked that there was a strong feeling against such practice in modern hospitals, and that, considering the fact that there was at present an agitation against a similar state of affairs in the general Public Health Bill, he thought it unlikely that it would be sanctioned in a hospital for consumptives. It was pointed out that the estimated cost of \$46,900 would not cover the furnishings of the hospital nor the laying of water mains and sewerage, which Coun. Wigmore said would probably reach \$2,000. Further sections of the report which was adopted provided for a bond issue of \$50,000 and authorized the commissioners to consult with Dr. S. F. Cox, of Mattapan, an expert on tuberculosis, regarding the whole proposition. The threat of the injunction spoken of was made yesterday in a letter from M. G. Teed, K. C., to Councillor Schofield.

RECENT WEDDINGS

At the home of the officiating clergyman, 202 Princess street, a quiet wedding took place at 7:30 last evening, when William Porter was united in marriage to Mrs. Mary A. Brown, both of St. John. The ceremony was performed by Rev. W. Camp, pastor of the Leinster street United Baptist church. The bride wore a gray traveling costume with hat to match. After a visit to Kings county, Mr. and Mrs. Porter will reside at 48 Elmwood street.

A LIFE OF ADVENTURE

Deserter's Many Arrests and Wonderful Escapes.

Paris, July 16—A deserter named George Boucher, who was arrested in Paris, has related his life-story to the police. It seems like a romance. At the age of 12 Boucher belonged to a gang of burglars. He was sentenced seven times in France and four times in Belgium for various offences, and in 1905 was incorporated in the 5th Battalion Light Infantry stationed in Africa. He proved himself a refractory soldier, and soon found his way to the military prison. In September, 1906, he escaped and returned to France, but was arrested the next year and taken to Marselles, where he was lodged to the Fort St. Jean until he could be transferred to Algeria. Here, while out for exercise, he broke from his captors and fled from the fort. He succeeded in gaining the shore, and for some days defied all attempts to catch him. For this exploit he received the nickname of "Monte Cristo—the Deserter," of which he was vastly proud. At length he was taken, and three months later was awaiting his trial by court-martial when he once more escaped. This was in July, 1908. He returned to Paris, where he was arrested in February, 1909. Once more he was taken to Africa, this time to Tunis. He stayed with his captors a month, and then, burrowing his way through the ceiling of his cell, he fled from Gabes by way of the desert towards Tripoli. For three days he marched straight before him under a burning sun, with nothing to eat and only a little water in a goat-skin bottle to drink. He reached Tunis, and hired himself to a merchantman about to leave that port for Spain. As soon as he could he returned to Paris, where he was arrested. He has been lodged in the Cherche Midi Prison, and is being closely watched. Boucher is now 30 years of age.

SALT RHEUM BEGAN WITH SCALY SPOTS

On Arms for Years. Used to Crack, Burned and Itched Terribly. Clothes Irritated the Sores. Completely Cured by Cuticura Soap and Cuticura Ointment.

Woodstock, Nova Scotia—"I had salt rheum on my arms for years. The trouble began with little scaly spots, which kept cracking and my arms used to be very itchy and bother me awfully. My clothes irritated the sores and they became very much and they burned and itched terribly. I could not help scratching them. I hope thousands of water as much as I could, for the water made them worse. I used to rub different kinds of ointments on them, but nothing did me any good, until I tried Cuticura Soap and Cuticura Ointment. I put the Cuticura Ointment on as it came and washed each morning with the Cuticura Soap. They soon relieved me and in two months I was completely cured. (Signed) Mrs. Henry Allen, Nov. 30, 1911. For pamphlet and blackheads the following is a most effective and economical treatment: Cuticura Soap, Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores, the common cause of these facial eruptions. Prevention is Inexpensive

Are you giving your eyes the attention they deserve?

Prevention of eye trouble is inexpensive. It costs but little care and money to keep your eyes in good condition.

But if you neglect your eyes they may easily become injured and it is often costly to remedy aggravated eye troubles.

When you feel any strain in using your eyes take no chances. Have one of our experienced opticians examine them at once.

It is generally a simple matter to remedy slight strains. If you do not need glasses we tell you so.

Dr. Jordan Gives Address On Eugenics and War

London, July 16—Eugenics and war was the subject of an address yesterday by Dr. David Star Jordan, president of Stanford University, Cal., at Sunderland House, Mayfair, the residence of the Duchess of Marlborough.

Dr. Jordan put his point succinctly in these words: "If a nation disposes in war of its men over six feet high, in time it will not have any men over six feet high. There is no nation which is today what it might have been if it had chosen its best men for survival instead of for slaughter."

"Dr. Jordan concluded with the axiom from Benjamin Franklin that was not paid for in war time, the bill comes later."

SAYS HE WAS OFFERED \$25,000 TO MANAGE BOSTON RED SOX

Portland, Ore., July 16—Felder Jones, president of the Northwestern league, today admitted he had been offered \$25,000 to manage the Boston Red Sox. He will not accept, he said, and added: "There is another American league team in the field for a new manager."

Mrs. Tinker Improved. Chicago, July 16—Mrs. Joseph Tinker, wife of the manager and shortstop of the Cincinnati Nationals, who is critically ill at her home in Napack, showed a slight improvement today.

The physicians in attendance asserted there will be no need for a transfusion operation, for which Tinker expected to come to Chicago unless there is a change for the worse in her condition.

New York, July 16—Former Police Lieutenant Charles S. Becker and his gunmen in Sing Sing prison, understood today that this is the anniversary of the murder of Herman Rosenthal.

Papa, how many men have been presidents of the United States? "Twenty six, I think, Kitty." "How many of them are alive now?" "Two." "Why it's almost certain death, isn't it?"

IT IS NOT A JOKE

The Toronto World is not certain but that the levity with which certain Conservative journals have received the statement that under its Canadian charter the U. S. Steel Corporation could swallow all its competitors is rather ill-timed.

One of the results of having three story wooden houses in the city is a high rate of insurance. Representatives of the insurance companies not only say that this is true, but they point out that brick houses would not cost very much more than wooden houses, when lumber is as high as it is at the present time.

Mr. A. B. Farmer, who is now well known throughout Canada as an able advocate of tax reform, has contributed an article on the subject to the Canadian Manufacturer, dealing especially with the business tax. He says that this tax is levied more with an eye to the popularity or otherwise of the business than with a desire to have an equitable system.

The question of making a social survey is receiving attention in the city of Halifax. At a recent meeting in the board of trade rooms, at which Mr. Bryce Stewart, who is much interested in social and moral reform questions in Canada, was one of the speakers, it was stated that a social survey would cost about \$6,000, and it was suggested that the federal, provincial and city governments might be induced to contribute something towards the cost.

Major Leonard of the Transcontinental Railway commission says that the Grand Trunk Pacific will be carrying grain from the west this year. Of course none of it will come to St. John this year, but can anyone tell us when it will come to this port?

MORE FARMERS NEEDED

According to a bulletin lately issued at Ottawa there has been a steady decline in the rural population of Ontario since 1891. In 1902 the rural population was 1,295,828. Ten years later it had fallen to 1,246,989, and in 1911 it had declined to 1,194,785.

The municipal council yesterday approved the plans for the hospital for advanced cases of tuberculosis, and unless prevented by an injunction the work begun in the buildings will soon be completed. Commissioner McLellan says it is estimated there are at least thirty-four patients in the city who are in an advanced stage of tuberculosis.

A substantial increase in the number of telephones in this city and the province generally is another evidence of substantial progress.

The municipal council has formally declared its readiness to give substantial aid for the establishment of a shipbuilding plant at St. John. There is no more desirable site for such a plant in Canada.

It is worthy of note that three girls from one of the Catholic schools of this city made the highest marks in the High School entrance examination. Congratulations are due to the excellent teachers in St. Joseph's school.

Col. The Hon. Sam. Hughes does not believe in serving liquor at military banquets, and made that fact plain at the banquet in Halifax. Moreover, he intends that his views in the matter shall prevail while he is minister, even if it should be necessary to accept some resignations.

It is intimated from Ottawa that inter-colonial freight rates are up to stay. Word comes from Moncton that expenses are being reduced by laying off men or putting them on short time. And yet, the inter-colonial had a net surplus of \$800,000 for the last fiscal year.

The Bangor Commercial says—"Woman suffrage is being blamed for the greatly increased expenses that the state of California must meet as the result of the recent legislative session, by the National Association Opposed to Woman Suffrage. The latter organization attributes the increase to the votes given to women in California.

When buying stair carpet get an extra yard, and fold in a piece at each end. If you do this you will be able to shift the carpet sometimes higher or lower, and by this means you will get it worn evenly all over, and will not have the edges on the stairs looking frayed and shabby while parts of the carpet remain untrodden and fresh.

A WOODROW WILSON WANTED IN CANADA

Toronto Controller's Exclamation at Canadian Municipalities Convention Motion Against Lobbying in Legislatures—Diverse Views About the Best Form of Civic Government.

Saskatoon, Sask., July 15.—At this afternoon's session of the Canadian Municipalities Convention, Lieut-Governor Brown called attention to the great work which the union had undertaken and the immense possibilities that lay before such an organization.

"We feel in the west," he said, "that we have a clean sheet upon which to write but, on the other hand, we are experienced and are confronted by great problems."

He pointed out that all parts of the dominion are interdependent. There could be no money stringency in any portion of the country and not in another, and hence a convention of this nature must result in a most beneficial interchange of ideas and sympathies.

Controller Church, of Toronto, has given notice of a motion to the effect that the union do all in its power to discourage lobbying. He claimed that the experience of municipalities was that they did not get sufficient attention when they had occasion to go to their respective legislatures, or to the federal parliament.

"I wish we had a Woodrow Wilson in this country," he said. Another notice of a resolution was given, urging that the cities be given the representation to the different legislatures and the federal parliament which their populations warranted.

Civic Development was the subject of the first paper presented, read by Mayor Short of Edmonton. In the absence of Mayor Hocken of Toronto, Controller Church read the former's paper on "The Increasing Complexity of Municipal Government."

As Mayor Gray of New Westminster, was unable to be present, Secretary Lighthall read his paper on "The report of the royal commission of British Columbia on municipal government." The report favored the board of control idea as compared with the commission form of government.

There were many different opinions in Ottawa regarding the most feasible system of civic government, declared Controller Hincley, of that city, but in his opinion there was plenty of room for these differences. He believed the alderman board of control system was working satisfactorily in most places and

if any change was made it should be made by the people. Controller Church, of Toronto, declared that commission government was nothing but a Yankee fad. It had failed in the States and they were today returning to the old British system.

DUKE OF EIGHTY GETS A DIVORCE

Munich, Bavaria, July 16.—A decree of divorce was granted here to the eighty-two-year-old Duke Ludwig of Bavaria, against his second morganatic wife who when she was a ballet girl at the Bavarian court opera was known as Antoine Barth.

The court threw the entire blame for the quarrel on the wife who admitted her fault. They were married in 1892, after the death of his first morganatic wife, who also was an actress named Henrietta Mendel.

Proposed Purchase of Alms House Dropped — Increase in Salary For Sheriff — New Street and Road

Councillor Frink introduced a motion which was carried after considerable discussion by 12 votes to 8, at the municipal council meeting yesterday afternoon that his resolution passed at the last meeting of May 18, that an option be granted to the Eastern Trust Company for the purchase of the municipal home at \$75,000, be rescinded.

In introducing his motion Councillor Frink said he was not convinced that the press, which had so strongly criticized his action, was an adequate expression of public opinion. He had given his honest opinion of the value of the property, and believed that the action of the council in adopting his resolution had been condemned rather by a number of political henchmen and real estate agents, than by the people.

The county secretary said he thought he ought to inform the council that the Eastern Trust Company would claim the right to hold the option, since they had deposited with him the sum of \$1, as called for.

Coun. McLellan said he knew that the company would take back the dollar and resign all claim in the matter.

Warden Carson said that he had consulted M. G. Teed before signing his name, and that he had acted on his advice not to do so, and that the option was consequently not in force.

Coun. McLellan concluded by saying that the object of the Eastern Trust Company was only to get property out of the hands of the council till November 1.

His motion was then put to the vote and carried unanimously.

An application from Sheriff Stephen S. de Forest for an increase in salary was reported by Coun. McLellan, who made a motion that the sheriff receive a salary of \$8,700 per annum, on condition that he pay the salaries out of this sum of a janitor for the court house, registry office and morgue, and that he provide at his own expense a suitable person to be his deputy.

It was stated in the report that since his appointment he had not collected certain fees that he had been entitled to for attending different court sessions, and that the increase in his salary would amount to a net sum of \$815.

The report was accepted.

A letter was received from the Fernhill Cemetery Company concerning the extension of the cemetery to the corner of Kane's Corner. Warden Carson said that he had been over the ground with H. M. Hopper, who had been promised that plans should be prepared by the company's engineer and submitted to him as reported in the report. The plans had not yet been received.

A letter from the owners of the property known as Beacon street, between Bay Shore road and Sea Street, asking the county to take over the street was considered. The street is only 50 feet wide instead of the standard width of 66 feet, but considering the fact that the street is never likely to become an important thoroughfare, it was decided that it should be accepted, more especially as the lot is an exceptionally large one, and would scarcely allow of a wider street.

The resignation of Dr. L. M. Curran as a hospital commissioner was accepted and Dr. W. F. Roberts was elected in his place, on Coun. Wigmore's proposal.

A letter from residents of Ashburn road, between Colbrook and Brookville, asking that this section be made a public highway, was submitted. The proprietors expressed themselves as being in favor of the proposition, and the side of the road to bring it up to the standard width of 66 feet. The petition was filed.

The members of the county council will visit the site of the proposed extension of the General Public Hospital before deciding upon the matter. When the request was made by the hospital commissioners two years ago for such an extension, the need for a new building was not so apparent as at present but it now seems the only solution in the minds of many of the doctors. The property to be expropriated is about 400 feet in length by 75 feet in depth, and the aggregate cost, according to offers submitted by owners, is \$40,000.

To Overcome Suburn, Tan, Freckles, Wrinkles

(From Outdoor Life)

If you are freckled, tanned or sunburnt, dab a liberal amount of mero-collid wax on the face and allow it to remain overnight. When you wash off the wax in the morning, fine, flaky, almost invisible particles of cuticle come with it. Repeating this daily, the entire outer skin is absorbed, but so gradually, there's not the slightest hurt or inconvenience. Even the stubbornest freckles yield to this treatment. The underlying skin which forms the new complexion is so fresh and youthful-looking you'll marvel at the transformation. It's the only thing I know of actually clearing up aged, muddy, or blotchy complexion. It is fine for a discolored neck. One ounce of mero-collid wax, procurable at any drug store, is sufficient in most cases.

If sun and wind make you squint and frown, you're bound to cultivate wrinkles and crow's feet. To overcome these quickly, bathe the face in a solution made by dissolving an ounce of powdered azaxoline in a half pint witch hazel.

Financial Statement

St. John, N. B., July 16, 1913.

To the Subscribers of the St. John Home for Incapables—On behalf of the late treasurer, Hon. J. V. Ellis, I have the honor to report—First as to the W. W. Turnbull fund, the capital of the institution. At the close of the fiscal year 1912 this fund amounted to \$100,406.15. It has increased during the year to \$100,456.15 by the addition of two life membership fees—George Blake and E. Allan Schofield.

This fund is invested as per state-

Aertex Cellular Garments For Men

The body's temperature in health is about 98 degrees in all climates, both at rest and during exercise. To maintain the normal temperature, it is the function of the skin to close its pores when the heat must be kept in and to open them for evaporation, or the cooling process, when the body is becoming too warm. Hence the first and most important points for consideration are—

1. The garments must not interfere with the action of the skin; the skin must act freely and naturally, or there is danger to health.
2. To prevent interference with the action of the skin, clothing must be porous, otherwise poisonous matters that should be thrown off readily by the skin are retained in the body.
3. Garments must be porous also in order that perspiration may escape as vapor, and that it may dry more quickly.

Air is the best non-conductor of heat. It is nearly one hundred times a better non-conductor of heat than any fibre. It is evident, therefore that the best clothing is that which contains a due amount of AIR in its meshes.

To ensure that you have constantly a layer of non-conducting AIR almost at rest, surrounding the body, wear **AERTEX CELLULAR CLOTHING**.

AERTEX CELLULAR never feels close. It prevents fatigue because the escape of emanations from the skin affords relief to the vital organs.

AERTEX CELLULAR is practically a supplementary skin retaining warmth and permitting free evaporation. It is cool owing to the presence of non-conducting air in its meshes. It is easily washed and does not shrink. It is light and comfortable to wear, and does not irritate the most sensitive skin. It is very durable.

We offer the following in **AERTEX CELLULAR** garments.

UNDERSHIRTS with half sleeves and long sleeves. **DRAWERS**, knee length and ankle length. **COMBINATIONS**, half sleeves and knee length. **DAY SHIRTS** with soft double cuffs, separate soft double collars, or collars attached, in white or white with colored stripes. Also **PYJAMAS**.

TWENTY EIGHT NOW ARE UNDER CARE

(Continued from page 1).

There were fifteen applications considered by the board—ten males and five females, and of these ten were accepted—six males and four females, and four refused—three males and one female. One female patient left the institution and one female accepted by the board did not enter.

Twelve regular meetings and two special meetings were held by the board and one meeting of the executive committee was held.

We do not deem it necessary to refer to the great interest which the Hon. Mr. Ellis took in the institution as we understand a resolution will be presented today upon which we shall be called to take action. His passing will prove a great loss to the institution as his services were invaluable. This year being a particularly hard one on the nurses and account of the number of helpless and serious cases under their care.

To the medical staff we desire to tender our hearty thanks for their valuable services, always cheerfully and efficiently given.

The Women's Aid committee has, as in the past, rendered most valuable services which are most gratefully acknowledged.

Early in the year it was found necessary to overhaul the plumbing, and when the work was opened up a very serious state of affairs was disclosed, causing a menace to the inmates. This job cost over \$1,500, but was money well spent and today our sanitary arrangements are a credit to the institution. One member of the board, J. S. Gregory, took an active interest in the work; in fact, he let no day pass without a personal inspection of the work in progress and made a gift of \$100 towards the expense. Another member, John Sealy, heartily seconded his efforts with a gift of \$25, and F. H. Flewelling, a friend of the institution, also contributed \$10 for this purpose. Other donations received during the year are as follows: L. C. Prime, \$100; St. John resident travelers, \$58.08; Gershon S. Mayes, \$50; James F. Robertson, \$20; John P. McIntyre, \$10; Mrs. Margaret Baxter, \$5; M. A. W., \$5; a friend per Dr. Walker, \$10.10.

This year it is hoped to install electric lighting, and we would appeal to all friends of the institution for help so that this safeguard to life and property may be realized without encroaching upon the invested funds.

To the friends who during the year aided us with money, donations of various articles or with sympathy we extend our grateful thanks.

Respectfully submitted,
W. C. JORDAN,
Secretary.

ment annexed, in bonds, stocks and mortgages and a small portion is on deposit in the Bank of Nova Scotia. Other funds, which are not brought into the general account as they are held for the benefit of special inmates, amount to \$2,874.28.

The total amount held by the treasurer on behalf of the home and its trusts, on July 5, 1913, was \$104,540.68.

The revenue account which is the ordinary annual statement of receipts and expenditures, shows receipts, including a balance of \$2,200.29 from last year, as follows:

Balance	\$9,208.29
Annual	27.00
Paying patients	2,590.67
Donations	\$91.18
Interest	4,819.79
Garbage	18.00
Total	\$17,255.93

The expenditure was \$8,621.18, leaving a balance on hand of \$1,709.74.

The expenditure last year was over \$1,500 more than for the previous year, but this amount is accounted for in full by the improvements for the extensive plumbing job completed in March.

W. C. JORDAN,
Secretary.

The Audit

St. John, N. B., 18th July, 1913.

To the President and Members of the Board, Home for Incapables, Ladies and Gentlemen:

I have made an audit of the receipts and disbursements for the year ending July 5, 1913, as kept by your treasurer and found proper vouchers and accounting for the funds of your institution.

I have also checked over the bonds, stock certificates and mortgages in the Bank of Nova Scotia vault and found them to correspond with list attached to treasurer's report, amounting with cash on hand to \$104,540.68.

Respectfully submitted,
P. F. BLANCHET, C. A., Auditor.

Ladies' Auxiliary

To the Board of Managers of the Home for Incapables, Ladies and Gentlemen:

In making a retrospect of the last year's routine, your committee report that they have assisted the visiting committee in both visiting and entertaining in the following ways:—

- 1st. By one member visiting at least once or twice a week each month, to supplement the official visiting board members. The results of such visits are reported at the monthly meetings and entered upon the minutes of the same.
- 2nd. By arranging and attending the regular religious services held by the clergy of the city, supported by many of the members of their choir and personal friends, every Sunday afternoon at four o'clock. These services are most satisfactory and well sustained. In this we feel we are always indebted very grateful to our many friends who thus show their appreciation of the institution and its usefulness in a most encouraging way. We thank them all for this willing and helpful assistance.
- 3rd. By helping to arrange and carry out the following treats and entertainments during the past year:—

Four monthly treats in the form of ice cream and cake and a musical programme at the "tea hour" in June, July, August and September.

A thanksgiving treat on October 26, consisting of fruit, honey, cheese and celery.

A benefit lecture by Mrs. E. A. Smith early in November, when a handsome sum was netted for extra supplies, etc., for the home.

A Christmas treat of many useful gifts, disposed as usual on three large

MORNING LOCALS

A party of small boys in a motor boat with their engine stopped were caught in the whirlpools of the reversing falls last evening about two hours before high water. Only the providential starting of the engine in time, saved the boys from being swept into the swifter currents.

An American gray squirrel was shot by Rev. William Smith, of Gagetown, yesterday. The animal weighs one pound and seven ounces and is twenty-two inches long. It is the first specimen of its kind to be found in New Brunswick.

A meeting of the Journeymen's Barber Union will be held this evening for approval of the by-laws which were recently submitted to the International executive. The new by-law provides for a new standard of salaries with more concurrent hours.

NO REDUCTION IN THE I. C. R. RATES

Ottawa, July 15.—The final accounts of the Intercolonial Railway of Canada for the fiscal year show a net surplus of \$800,000. This is about \$100,000 less than the estimate of the minister of railways when he made his annual statement in the house. Certain of the revenue accounts did not pan out quite as well as had been anticipated.

The agitation that is being raised in the lower provinces with reference to the new rates is not likely to result in any variation of the policy adopted by the management, and approved by the minister. It is claimed that the changes are almost wholly in local rates which dated back years and were inaugurated at a time when local influences and political conditions were big factors on the Intercolonial.

In time it is probable that all expenditures outside of construction will be charged to revenue, in which event the surplus will disappear so that the management will be content in making ends meet.

INDUCTION AT HAMPTON

The service for the induction of Rev. J. C. Mortimer as pastor of the Presbyterian congregations at Hampton, Nauygunwak and Rotheray took place at Hampton last evening. Rev. J. A. MacKelgan acted as moderator, Rev. W. Townsend delivered the charge to the pastor and Rev. Gordon Dickie delivered the charge to the people.

It is approved by the hod carriers' union it will mean the end of the strike.

JAMES M. POWER 20 YEARS UMPIRING

Hallifax Recorder—The patrons of the first professional baseball game of the season in the province of James M. Power, whose admirable work as umpire has been such a big factor in the success of the game.

Mr. Power was asked to officiate in those games, but he feels that after twenty years service, it is time for him to retire, and that others may take his place.

Mr. Power's retirement will be a distinct loss to the game in this city, as he is a man who knows the rules as thoroughly as he does; he also knows how to apply them; he was firm in his decisions and visiting teams soon found that they had met a man who knew what he was talking about.

A baseball umpire, no matter how good he is, as a rule, has to stand abuse and off field, and the greatest tribute to Mr. Power's work is that after 20 years in the position he still holds the esteem and respect of both players and fans.

They will all regret his retirement.

EUGENICS IN NORTH DAKOTA.

New Law Forbids the Marriage of Diseased Persons, Drunks and Those Related by Blood.

Under the North Dakota marriage law, which has just become effective, the marriage of diseased persons is prohibited. This is the first step taken toward the more rigid control of marriages, and is in line with the general movement throughout the country for the physical examination of persons about to enter the marriage state.

Each person seeking to be married must file with the license clerk a certificate of good health, the certificate to show that the person is not afflicted with any contagious or infectious disease. Another certificate must be filed to show that the persons are not, in any manner, related by blood. Habitual drunkards are prohibited from marrying.

NICE CONDITIONS IN THE WATER MAIN IN CHURCH STREET FOUND

Absolutely No Water Could Get Through it to Germain Street

No better proof of the necessity for the renewals of old water mains now in progress could be given than that afforded by the conditions revealed in Church street. This street has been supplied by a two inch iron pipe laid many years ago and which has not been disturbed for a generation or more.

The pipe was taken up it was found that through erosion and the accumulation of matter inside the diameter of the orifice had been reduced to a size of from one to one half inch and in one place the pipe was solidly blocked.

In this section the erosion of the pipe had eaten through the metal leaving holes in the pipe but the accumulation of matter inside had been reduced to a size of from one to one half inch and in one place the pipe was solidly blocked.

This pipe was supposed to connect the mains in Prince William and Germain streets but, while a certain amount of water could travel up from Prince William there was absolutely no connection with Germain street.

THINK FEW OF THE FIRES REALLY SET

(Continued from page 1).

W. M. Jarvis and G. O. D. Otty, as representatives of the fire underwriters, waited on the commissioners at noon today to ask that investigations into all fires should be held by the magistrate and that the commissioners take steps to investigate the reasons why a self-confessed fire-bug was released.

Commissioner McLellan proposed that the proper person to furnish information on the latter subject was the magistrate himself and that he knew Hon. Mr. Ritchie would be glad to give all the information required. The magistrate was, accordingly, asked by telephone to come to city hall and arrived there in a few minutes.

TURKS PLAN MARCH OF TROOPS TO ADRIANOPLE

Bold Action is Decided on—Massacre Stories—The Aegean Islands

(Canadian Press)

Constantinople, July 16—The Turkish government is determined to push forward the march of the Ottoman troops as far as the stronghold of Adrianople captured by the Bulgarians, after a prolonged siege, during the recent Balkan war.

Although official circles in Constantinople are reticent on the subject it is understood that such a forward step is the deliberate plan of the Turkish government, which intends to take his bold action not only because of the material advantages to be gained from such a march at the present time, but because of the moral effect it will have on the internal situation in Turkey.

It is expected that by this means the position of the government will be strengthened and consolidated, and it is also felt that even if the powers insist on bringing pressure to bear to compel the maintenance of the future frontier line between Turkey and Bulgaria from Enos on the Aegean Sea to Midia on the Black Sea, still Turkey will be in a position to enforce the autonomy of the province of Thrace.

Thus far, however, the European powers have not addressed any communication to the Turkish government on the subject of the advance of the Ottoman troops toward the north.

Story of Massacre

Salnikit, July 16—Full confirmation of the reported sack and burning of the Macedonia town of Seres by the fleeing Bulgarian troops and of the crucifying, hanging to death and burning alive by the fleeing Bulgarians of the Austrian vice-consulate there and the carrying off of Vice Consul George C. Zlatko, by the marauding Bulgarians.

Another horrifying story of a massacre reached here today from Doiran, a town of 100 miles to the northwest of Salonika, Musulmans there have made a written declaration, countersigned by three local Bulgarian priests, stating that the Bulgarians slaughtered 80,000 Musulmans who had sought refuge in Doiran from the surrounding districts.

Ex-Major Leaguers Thick in Big Minor League

IN CLOSE GAME GREEKS LOSE TO FREDERICTON

Hard Fought Battle Ends 4 to 3 - St. Croix Takes Another From Bangor 12 to 10

Maine and New Brunswick League. Won. Lost. P.C. St. Croix 19 11 63.9

A pitcher's battle for the first five innings, two had seasons for each team and a neck and neck finish with Fredericton pulling out ahead by 4 to 3 were the features of one of the best games played in St. John this year.

Fredericton started in the box for Fredericton yesterday, was invincible for five innings but in the sixth Pinkerton and Shanley began the trouble after two men were out by pretty singles; Dedrick then blew up and before the inning closed St. John had three runs.

Hits by Duggan and Stone, an error by Shanley, a dropped third strike and a passed ball won Fredericton three runs in the seventh. Ganley walked in the eighth, stole second and third and was scored by Stone's safe hit in the eighth.

No further scoring took place, although both the Marathons and Fredericton got men on bases in the last inning.

Charles pitching was the bright spot of the St. John team's work. He was always hard to hit and generally an enigma to the Capital's batters. O'Brien and Ramsey also did stellar work for St. John. The box score:

Fredericton. A.B.R.H.P.O.A.E. Neavey, ss 4 0 0 1 1 0

Marathons. A.B.R.H.P.O.A.E. O'Brien, 3b 4 0 1 0 3 0

*Batted for Waterhouse in ninth. *Condon out on strikes with first occupied.

Score by innings: Fredericton 000000810-4 Marathons 000003000-3

Summary—Earned runs, Fredericton, 0; Marathons, 0. Bases on balls by Dedrick, 8; by Condon, 1; by Charles, 1. Struck out by Dedrick, 5; by Condon, 2; by Charles, 10. Left on bases, Fredericton, 4; Marathons, 7. Wild pitch, Charles. Passed balls, Watt (8). Time of game, 2 hours 10 minutes. Umpire, Keeler. Attendance, 700.

There was a total of thirty-one hits in the game yesterday at Bangor which St. Croix won twelve to ten by a grand rally in the eighth inning. Browning, Bangor's new pitcher, lasted but one inning and was replaced by Jersuld, who also was hit hard. Wildes had a great day at the bat, getting four hits out of five times up. Tetrault's all round work for St. Croix was the most marked feature of the game. Box score—

St. Croix. A.B.R.H.P.O.A.E. Jacobson, lf 5 3 1 3 0 0

Bangor. A.B.R.H.P.O.A.E. Dolan, lf 3 4 1 2 0 0

The Western league is filled with men who have been tried and found wanting by the majors.

Last year the league was raided and stars "went up." This season there is a dearth of material in sight, apparently, but the organization is full of men who are classed as stars by the fans.

And they are stars—minor league stars who fall just a bit short of circulating in the big show.

At St. Joseph there is Joe Kelley, left fielder. Kelley is a corking good base runner. In fact, he is sensational. He is lead-off man for Jack Holland's bunch.

Fleet, a good hitter, brash, he looks goods enough for another trial in the majors. Chicago had him a couple of years ago and turned him back. In the field Kelley is a team in himself, playing the batters with rare skill and gobbling hard drives with ease.

"Dutch" Zwilling, 1b, is an outfielder, but has been first-basing, because the regular, occupant was injured. Zwilling is a slugger, and the players cannot realize why he hasn't remained in the majors.

Joe Kelley, lf; Rip Watson, cf; "Dutch" Zwilling, 1b; "Red" Meinke, ss; Ralph McConaughay, p.

He is one of those players whose work always looks indifferent, but he is a hard worker.

"Rip" Watson, "Red" Meinke, who has also had his trial, and Ralph McConaughay are among the men who have been keeping St. Joe in the first division.

Western league dopsters predict that Denver, Omaha or St. Joe will win the pennant this year, with the odds favoring Jack Hendricks, champion.

World's S. S. Convention. Zurich, Switzerland, July 15.—The World Sunday School Convention, which has been in session here for the past week, came to a close today.

More than 800,000 have been subscribed during the convention. Delegates from all parts of the world, among whom were many Americans, were in attendance.

The annual meeting of the ratepayers of Beauséjour school district last evening, it was reported that there was a surplus on hand after the year's work, and other reports of an encouraging nature were presented as well.

Another Children's Day. Through the kindness of ex-Alderman Frank L. Potts, the Artillery band has been engaged for a last children's day at the Marathon grounds next Tuesday when St. Croix plays here.

The children will then have been given a chance to see all the league teams play here. The city commissioners and all the clergymen of the city including Bishop Richardson and Bishop LeBlanc have also been invited to attend by the management.

HALIFAX OFFICERS MAY NOT HAVE CHANCE TO RESIGN

Ottawa, July 15.—If any officer of the permanent force of militia, wishes to resign because of my remarks at Halifax, they are welcome to do so.

declared Colonel Sam Hughes, minister of militia, this morning, when his attention was called to a report from Halifax that some officers contemplated resigning from the force unless the minister of militia apologized.

"I have nothing to apologize for. I said nothing at the dinner which could offend any man at the dinner, who behaved himself or any man of the permanent force of militia of Canada, who conducts himself as a soldier should."

There were a hundred and twenty-five guests at the dinner, and only a half-dozen were guilty of a breach of good taste, so it is said by guests who were there.

Colonel Hughes gave orders to the hotel management that no liquor was to be served at the dinner, and none was to be brought into the room on the private order of any guest.

In spite of this order, it is said that the strategy of some officers enabled them to get around the orders. Some of the officers, it is understood, will be saved the trouble of sending in their resignations, as their cases are being officially dealt with.

TRADES AND LABOR CONGRESS WARNS BRITISH WORKMEN

Ottawa, July 15.—That Great Britain is being flooded with a mass of misleading information by public bureaus, employers' associations, builders' exchanges, and others in Canada, with the result that the labor market in this country is flooded to the extent that every important city has its quota of unemployed, and that the object of this special campaign, to attract tradesmen and laborers to lower wages and lengthen hours of work, are charges set forth in a strongly worded pamphlet just prepared by the Trades and Labor Congress of Canada.

The message is being sent broadcast to the Unions of Britain, and the continent as a warning to stem the tide of workmen being sent over here under what are alleged to be false pretences.

The warning is signed by J. C. Waters, Ottawa, president of the congress; Fred Bancroft, Toronto, vice-president, and P. M. Draper, Ottawa, secretary.

CHINA AROUSED BY NEW DEMANDS MADE BY RUSSIA

Peking, China, July 15.—Russia today suddenly presented to the Chinese government new demands requiring recognition of the full autonomy of outer Mongolia, declaring China to be the suzerain only; binding China to accept Russian intermediation and recognizing all the rights conceded to Russia by the agreement and protocolization at Urga the capital of Mongolia, on Nov. 8, 1912.

These four new demands are submitted by Russia in substitution for the recent proposed agreement which has not yet been signed and which Russia announces she has decided to annul.

Both houses of the Chinese parliament have been hastily summoned to consider the demands. Strong opposition to them is voiced by both Chinese and foreigners, and great excitement prevails at the unexpected turn of events.

Christmas day, 1914, will mark the one hundredth anniversary of peace between Great Britain and the United States, and here in Canada plans are being prepared for a celebration that will do honor to the occasion.

A Canadian Peace Centenary Association has been formed and the organizing secretary, E. H. Scammell, of Toronto, is now in the city, making preparation for the celebration in this part of the dominion.

Mr. Scammell, the organizing secretary who is now in the city, will call on a number of local citizens in order to receive a pledge of their support to the plans proposed.

He will also form a provincial committee and on Thursday will leave for Fredericton where the matter will be placed before the local government and their support asked. It is expected that everyone will enter heartily into the scheme and the celebration will be the greatest of its kind ever held.

SAD NEWS COMES TO MRS. VINCENT

Telegram Tells Her of Father Dying of Injuries in Railway Accident

Sad news was brought to Mrs. Vincent, wife of Beverly Vincent, carpenter with the I. C. R., yesterday at her home in Millidge avenue when she received a message telling her of the death of her father, James Chambers, who for a great number of years had resided in Westfield, N. J. No particulars were received in the message other than to say that he had met his death in a railway accident, which had occurred two nights previously, and had died the next day.

Mr. Chambers was a former resident of Dorchester, N. B., where he made his home for some years, going to the States about thirty years ago, and residing since that time with his daughter, Mrs. W. H. Taverner, in Westfield, N. J. He was about eighty years of age. The news of the sad accident came as a severe blow to Mrs. Vincent. She last saw her father on a trip to Westfield last year.

MEDICAL SOCIETY SESSIONS ENDED

Seventy Five Doctors Registered—The Proceedings This Morning

The present session of the New Brunswick Society, of which the last meeting was held this morning, has been attended by seventy-five doctors, and is generally felt to have been the most satisfactory session of the society yet held. Very interesting and instructive papers were read this morning, and discussions on each were participated in by those present.

Dr. G. E. DeWitt of Wolfville, president of the Nova Scotia Society, who spoke on "Some References to the Scope of the Medical Profession in Relation to Preventive Medicine," discussed the advances in the prevention of tuberculosis and also touched on the subject of immigration inspection.

Dr. J. D. Fraser of Montreal spoke on "A Few Notes on Obstetrical Experience" and exhibited specimens which had been lent by McGill University in illustration of his remarks.

Dr. M. A. Morris of Boston then treated the subject of Ectopic Gestation. Doctors A. B. Atherton, T. D. Walker and W. W. White took part in the discussion which followed.

Dr. T. D. Walker's address on "The Treatment of Uterine Displacements" was the concluding one of the session. Votes of thanks to the speakers and officers of the society were passed and the meeting adjourned to meet in St. John next year.

The following doctors were present at the society's meetings:—G. R. J. Crawford, J. S. Bentley, St. John; G. C. Yansant, Fredericton; E. W. Bailey, Fredericton; F. X. Comeau, Caraquet; C. M. Kelly, Walter W. White, St. John; J. C. Motz, St. John; J. H. Allingham, Fairville; C. J. Purdy, Moncton; J. A. Burnett, Sussex; W. H. Irvine, Fredericton; W. G. King, Buctouche; Wm.
