## Our Seventh Year of Issue.

162 H. B. Atterson

EACH year we desire to become better acquainted with you. We send you our Almanac and our photos, and the least we expect of you in return is to call on us. We want everyone who receives an Almanac this year, to drop in and see us even if you do not wish to purchase. We will be pleased to welcome you and show you over our store, which is so well adapted for doing a large wholesale, retail and manufacturing drug business.

We thank you for your very extensive patronage in the past. We are well satisfied, although profits are very small, and the volume of business is very large. We are enabled to purchase direct and thus buy lower, get rid of goods quicker, sell cheaper, fresher and better drugs than under former high prices.

Our chief aim has been to merit a reputation for Reliability. It gives us great pleasure to hear so many of our customers remark: "I like to come to your store because I can always depend on what you say and on the goods I get here."

We offer no apologies for recommending our own preparations. We believe that our combined experiences of forty-five years in the wholesale and retail drug business in Canada and the United States, warrants the assertion that when Parke and Parke put up a preparation under their name it can be depended upon. We guarantee these preparations. We want you to return them and get your money, if in your particular case, they fail to benefit.

We wish you all the compliments of the season.

## "Had to Hide the Bottle

So that the baby wouldn't  
drink it all at once instead  
of a teaspoonful."

SO REMARKED ONE OF OUR CUSTOMERS.

We have been telling you about this Emulsion for some time. When you are well probably you do not read it, but when you are sick you will thank us for our persistence.

We tell you that it is the freshest Emulsion sold. We believe it, for we know how and when it was made. We make it ourselves in our electric emulsifier. It is pleasant to take and easily digested, because we use the best Norwegian Oil, and the newest crop. We import this Oil direct from the fisheries in tin lined barrels, so hermetically sealed that the air cannot get in to spoil it.

This Emulsion is useful in coughs and colds, curing them. It builds up the system, tones up the system and repairs waste tissue. For puny or delicate children, it has performed wonders.

### **COULDN'T GET OVER THE GRIPPE.**

WM. KEMPSTER, 240 Park St. North, said:—My wife had the Grippe and couldn't get over the cold and cough. Everything that was used seemed to tighten instead of curing. She was this way for about seven weeks and I was afraid that she would never recover. I saw Parke's Emulsion with Wild Cherry advertised. One bottle has loosened up the cough and apparently she is in perfect health.

### **DOCTORS SAID SHE HAD CONSUMPTION.**

CHAS JANE, 425 York St., Hamilton.:—My wife had been lingering along for two or three years with a bad cough and pains through back and chest. The doctors gave it as their opinion that she was in the middle of Consumption. Remembering how our little girl then one year old, had been cured with Parke's Emulsion with Wild Cherry, we got a bottle, and that one bottle has completely cured her. Her cough is gone, she is now in splendid health and able to do her own work. I am anxious to let others know the good it has done her.

WM. J. SARGENT, Oakville, Ont., says:—"I was not feeling well, having had a little touch of hay fever and cold, so I got some of PARKE'S EMULSION WITH WILD CHERRY. I found it nice to take and I gained about 10 pounds while taking, and I am feeling now quite well."

**BELIEVE IT SAVED HER LITTLE GIRL'S LIFE.**

Last winter my little girl had inflammation of the lungs, and in fact every winter it has been just the same. Doctor, doctor, all the time, and almost half the time in bed. I commenced giving her PARKE'S EMULSION WITH WILD CHERRY and she has never had a cough since, and never been sick.  
MRS. CULLIGAN, 990 York St., City.

**IMPROVED HIS HEALTH IN EVERY WAY.**

My little boy, nine years of age, is very subject to coughs. I have been giving PARKE'S EMULSION WITH WILD CHERRY, and find that it checks the cough, almost immediately increases his flesh, and improves his health in every way very wonderfully.

P. S.—He is very fond of it, and the little girl will drink it right out of the bottle like milk.  
MR. C. COON, 369 Hughson St. North

**CANNOT SPEAK IN TOO FLOWING TERMS.**

I used PARKE'S EMULSION OF COD LIVER OIL WITH WILD CHERRY on my little boy, eighteen months old. He had a cold and was terribly emaciated. I thought we were going to lose him sure. One bottle made a complete change. You would hardly know the boy; he has got quite fat. He likes to take it, and so does the other child.

**CHILDREN FOND OF IT.**

MRS. J. H. QUIRK, 63 John St. South, says: "My little girl had a bad cough and I gave her one teaspoonful of PARKE'S EMULSION and it stopped the cough immediately. All the children are fond of, and all cry for it when they see any of it around."

# OXYGENE

**OXYGENE** is a liquid, clear as water, which when applied to the person controls excessive perspiration and completely destroys all odors.

Excessive perspiration is weakening and unhealthful and otherwise objectionable.

**OXYGENE** tones up the sweat glands and causes normal healthy action.

Collars of coats and dresses, etc., and any part of garments that have become soured and objectionable from perspiration may be perfectly sweetened with **OXYGENE**.

Sweating, aching, tired, tender swollen feet, are cured by **OXYGENE**

Corns, Chilblains, Frost Bites, Bunions, Soft Corns, Ingrowing Toenails are cured by **OXYGENE**.

A. H. MCLEOD, 121 Bay Street North, says: "Last night I came into your store and my feet were covered with white blisters and I could scarcely walk. After one application at night my feet were quite well in the morning, and after walking around all day they are in good shape and I feel like dancing a highland fling."

P. STEWART, V. S., Waterdown, says: "My feet were covered with corns, and besides from excessive perspiration they were externally tender and painful. One bottle has taken out every corn and also has stopped the excessive perspiration. I recommend **OXYGENE** to every one who complains of their feet. I gave a small portion of a bottle to one of my neighbors whose heels were completely blistered and it cured."

R. C. BASTON, 13 Emerald St., city, says: "My feet perspired and scalded so much that I was in misery. The odor was extremely offensive no matter how often they were bathed. One bottle of **OXYGENE** has worked a complete cure for which I cannot speak enough in praise of it. Tenderness, soreness, odor and excessive perspiration are all gone. I was induced to buy it by Mr. Parke who guaranteed a cure."

**OXYGENE** is sold at 50c. a bottle and satisfaction guaranteed or money refunded by

**PARKE & PARKE, Druggists,**

16 Market Square, Hamilton.

## TO THE ADIRONDACKS.

The Balsam which has made the Adirondacks a famous resort for consumptives is one of the ingredients in **Parke's Cough Balsam**. This Balsam is particularly soothing and healing. For these reasons **Parke's Cough Balsam** often cures old cases of coughs and bronchitis when other well known remedies have failed. When you taste this Balsam you realize at once that there is something in it different from other medicines.

**Parke's Cough Balsam** does not dry up a cough. It promotes easy expectoration and heals the inflamed bronchial passages.

## OUR GUARANTEE.

If after using half a bottle it fails in your particular case to give satisfaction, return the bottle and your money will be refunded.

Every bottle that is sold has on it this guarantee, and we are surprised ourselves how few cases it fails to cure. We want everyone who does not receive benefit from this mixture to return it and get their money back, or if they prefer, a bottle of Emulsion or any other medicine they require.

MR. D. GIB, Caledonia, says: "We doctored for three or four months for bronchitis for our child and could get nothing to relieve. One bottle of PARKE'S COUGH BALSAM cured it."

W. B. SMITH, Maitland, says: "I have used your Cough Mixture and found it very good, giving relief almost instantly."

JOSEPH BARLOW, Tyenside, says: "I had a bad cough which settled right on my chest. I couldn't get anything to move it. Tried several mixtures and all failed. After having been troubled for three or four months, Mr. Parke recommended PARKE'S COUGH BALSAM and guaranteed it. Less than one bottle cured me. I gave some to my neighbors and it helped them."

ROBT. HANNAH, Chedoke P. O., says: "I had a bad cough and got a bottle of PARKE'S COUGH BALSAM; it cured me. My mother used it, and it cured her, and I gave it to my little boy and it cured him, and then I had some to spare. I consider it a very cheap and effective cough medicine."

WM. BRAIDWOOD, 25 Clarke Ave., city, says: "I have used PARKE'S COUGH BALSAM in my family for the past two years, and I am persuaded that nothing else will be found to give the same relief."

FRANK HOWARD, Burlington, says: "I had a very bad cough, in fact would start coughing and get black in the face, and often cough until my nose would bleed. I took doctor's medicine for two months, and three bottles of patent medicines—no effect. My neighbor, Mr. Springer, recommended PARKE'S COUGH BALSAM, and two bottles cured me. It is nearly a year ago and I have not had a cough since."

MRS. D. FRANCIS, Ancaster, says: "My children had grip colds, and after using a lot of cough syrups, which did no good, I got a bottle of PARKE'S COUGH BALSAM and less than one bottle cured both of my children of what I feared would be an attack of inflammation of the lungs. I recommend it very heartily for coughs and colds."

**50c. a bottle : or 5 for \$2.00**

We will send 5 bottles express paid, on receipt  
of \$2.00 ; or 2 bottles for \$1.00.

Practical Breaks

BY CHESTNUT BURR.

Humor revolves like the sun, continually coming back to spread her rays on us world-worn pilgrims, and so long as she occasionally wears a new dress, we welcome her.

Fashion in jokes for 1900 will preserve the leading characteristics of the paragraphers and funny men's peculiarities of the century

that will die with the year. It may be that some of the breaks presented herein contain material that tickled our ancestors to death, and we warn any unsuspecting "marks" to take them cautiously. It is true they have in some cases been overhauled, revamped, be-headed or retailed, and possibly wholesaled, (not wholesouled) but the "cells" are in them anyway, such as they are.

## Feet Tender?

## British Army Foot Powder

Works wonders with sweating feet. Dusted into the stockings it prevents sweating and destroys all offensive odors, allays chafing and irritation, and makes walking comfortable.

LARGE TINS 25 CENTS.

## LITHIA

As a Remedy for Rheumatism, Kidney Troubles, Gravel, Stone in the Bladder, etc. It has been a very successful remedy in dissolving calcareous matter and in dispelling uric acid from the system. We are now selling five-grain tablets (40 in bottle) for 40 cts. These are more convenient to carry, cheaper and stronger in Lithia than the lithia water you purchase. One tablet makes a glass.

## The Worst Comes After.

The after effects are sometimes the worst part of the grip. Tone up your shaky nerves and cure that grip cough by taking **Parke's Emulsion of Cod Liver Oil with Wild Cherry**. It's the freshest and most easily taken, made fresh every few weeks.

35c. and 60c. Bottles.

M.—In a French restaurant, a Canadian who couldn't speak French, wanted to order some steak with mushrooms. The waiter gave him a pencil and a piece of paper to write his order out and, not speaking the language, he had to draw it. So he drew the steak and mushrooms on the piece of paper, and what do you suppose the waiter brought?  
K.—What?

M.—A piece of steak and an umbrella.

M.—Have you heard the story of two wells?  
K.—No

M.—Well I well f

K.—I went to the circus to-day. I saw the greatest curiosity in the menagerie I ever saw in my life.

M.—What was it?

K.—It was a great big India-rubber son-of-a-gun with two tails.

M.—Why, you're wrong; that was an elephant. What that big one in front was, is his trunk.

K.—I suppose the little one behind must have been his valise.

M.—What is that man yelling at?  
K.—At the top of his voice.

PARKE'S

Condition

& Powders

It almost seems unnecessary for us to speak of PARKE'S CONDITION POWDERS for horses and cattle. These powders have been sold for years in large round 1 lb. tins. They are known all over, and have been sent in quantities as far west as the Pacific Coast.

In these powders as now prepared you will not find one ounce of anything injurious . . . . .

IN INFLUENZA Give a dose of Physic, some soft feed and PARKE'S CONDITION POWDERS, and there is nothing better.

AS A GENERAL TONIC and a preparation to act on Liver, Kidneys, Stomach and Blood, they are unexcelled.

*We Sell a Special Remedy for*

*And another for . . . . .*

**Bad Coughs and Heaves**

All these different remedies are sold in 25-cent packages, or five for \$1.00.

M.—If I had a fortune in England, how would I be able to get it over if there were no vessels?

K.—Why, *think it over*, of course.

K.—Can't you read that sign up there, "No smoking allowed?"

M.—Yes, but I'm not superstitious and don't believe in signs.

M.—What became of that fellow who was killed the other day?

K.—Oh, he's dead.

M.—You have a big head this morning.

K.—Yes, I was drinking lots of water last night.

M.—Why, you can't get drunk on water.

K.—Certainly, you can get drunk on water just the same as you can on land.

M.—Who was the first one who came back from the ark when it landed?

K.—Noah.

M.—The Bible tells us that Noah came forth, so there must have been three ahead of him.

## SWEETENS the STOMACH

DURING the hot weather one's stomach and interhal economy gets out of order. The blood becomes over-heated, and hives and other troublesome eruptions appear. We set to work to get out something not too expensive that would combat these troubles. We have succeeded beyond our expectations, for no preparation in this line that we have ever sold gives the satisfaction that

## PARKE'S

## Lithiated Fruit Granules

As you may see by the name we have added **Lithia**, which acts on the kidneys, removing calcareous matter and uric acid.

If you wake up in the morning with a bad taste, and feeling all out of sorts, one teaspoonful of these granules in a glass of water will make you a different person.

DAVID BROCK, Motorman, 229 Emerald St. North, Hamilton, says: My physician ordered **Parke's Fruit Granules**, and I find that it has done me more good than anything I have taken in two years, I have now sound and refreshing sleep, and wake up rested, Appetite improved, and gaining in flesh. Have passed several gravel stones, and believe that it will prove a perfect cure.

K.—Do you know old Farmer Jones from Dickens County?

M.—Very well.

K.—His son ran away from him the other day and came down to the city and got a job shining shoes. Now the old farmer makes hay while the son shines.

K.—If you wanted a cigarette, how would you get it without paying for it?

M.—I don't know. How would you get it without paying for it?

K.—Eat a cigar, and then you would have cigar-eat.

M.—When I was eating my dinner to day the butter ran.

K.—That's nothing; I was up town last night and saw a cake walk.

M.—I'm engaged to marry a girl worth over \$150,000. I say, what would you do if you had \$150,000?

K.—I wouldn't do a thing.

M.—When was cricket first mentioned in the Bible?

K.—When Peter stood up with the eleven and was bold.

THE EFFECTS OF HOT WEATHER  
ON THE BABY

Is sometimes disastrous.

Stomach disturbances, cholera infantum, prickly heat, etc., makes a parent's life constant anxiety. One remedy should be in every household where there is an infant. **Dr. Herbert's Infants' Diarrhoea Powders** are a certain cure for cholera infantum, a disordered stomach and restlessness. They are positively not harmful.

K.—What animal would make the best sausage?  
M.—Ground hog.

M.—What animal would make a good porter?

K.—The elephant, because it's used to carrying a trunk.

K.—When was Paul a pastry cook?  
M.—When he went to *Phillippi*.

K.—What will make the coming man husky?

M.—The coming woman, of course

K.—I went fishing to-day.  
M.—What for?  
K.—Just for *cod*.

K.—I caught a hundred crazy fish to-day.  
M.—How did you know they were crazy?  
K.—Because I caught them *in Seine*.

*They were speaking of sending a parcel.*

K.—Better send it down by Alex.  
M.—Alex. who?  
K.—Alex-tricity.

K.—What did you get when you went fishing?

M.—Got back.

## It Often Happens

And often you are without a Remedy.

Every household should  
keep a bottle of . .

## Parke's Cholera Mixture

CRAMPS, COLIC,  
DIARRHŒA & COLDS

Are instantly Relieved  
by one or two doses.

JOHN BRADY, 129 Main St., says: My wife was taken suddenly ill with cholera morbus, and I fully believe if it were not for Parke's Cholera Mixture she would not have got better. In two hours it stopped the trouble. It is the quickest remedy I ever knew.

 K.—That's nothing; my wife and I were married on the same day.

K.—The strongest men in the world are out West.

M.—How so?

K.—Don't they hold up trains?

*They had passed a lady on the street.*

M.—I believe that's Ida.

K.—Ida who?

M.—Id'on't know.

M.—I saw some delicious apples growing on a tree this morning. I couldn't reach them and asked the lady of the house if she would let me take a step-ladder.

K.—Did she give it to you?

M.—No, but she gave me a star.

K.—If a child lost its knee, where would it go for a new one?

M.—To the butcher's, where they sell Kidneys.

M.—Why are most small boys like flannel?

K.—Because they shrink from washing.

## Successful Truss Fitting

Seldom has a truss ever become so popular as **Parke's Special**. Adaptability, reliability and lightness are three of its special characteristics. It adjusts itself to every movement of the body; it weighs only six ounces, and holds perfectly any ordinary rupture.

No charge to see it, and no charge for fitting.

Furthermore, almost every known kind of Truss is kept by PARKE & PARKE, and if you want any particular kind you have the services of an expert free of charge. Few trusses, even if you get the required size, are adapted to fit the body with comfort, and here is where we always have been successful.

**Childrens' and Misses'**

**Single and Double.**

**Adults—All Sizes and Kinds.**

**Supporters of all Kinds.**  
**Belts—Elastic Webbing, Etc.**

K.—I was down to the river to-day and saw a lemon floating around on the water. I saw the lemon sinking and threw a rope to it.

M.—What did you do that for?

K.—Just to give the lemon-ade.

M.—How many shirts can you get out of a yard?

K.—That depends whose yard I get into.

M.—Are you fond of music?

K.—Yes, very.

M.—Then listen to the band on your nat.

M.—Where did you come from?

K.—Where?

M.—From the rib of man.

K.—Well, I'd like to see the rib that that fat woman in the show came from.

M.—My mother sent me down to the butcher's to-day to see if the butcher had frogs' legs. I came back and told her I couldn't see his legs as he had pants on.

### A HERD OF CATTLE GOES ALMOST CRAZY

When pestered and tormented with flies, and don't give half the milk as when they are grazing peacefully.

## Eureka Fly Oil

Is made from the formula, and given at the Guelph Agricultural College, and then improved by PARKE & PARKE.

It costs only 25 cents a can, or if you bring your own container, 65 cents a gallon.

**We sell Seal Oil at 60 Cents per Gallon.**

**LICE**—On cattle or on stock is best got rid of by using **Parke's Sheep and Cattle Wash**, which is guaranteed. (See pages 34 and 35).

**CREOLIN**—We are selling at special rates by the pint or gallon. Never before has it been so low.

**OIL OF TAR**—25c. a wine pint.

**CRUDE CARBOLIC ACID**—25cts.

WHEN YOU GET A GOOD THING  
KEEP IT!

Cider is a good thing and healthful. When you lay in a supply for the winter, keep it from fermenting by using **Parke's Cider Preservative**. This will keep it pure and sweet. It is perfectly harmless, in fact, if you are rheumatic, it will often effect a cure. A package—enough to keep one barrel—costs 35 cents. Some persons make one package do two barrels. Full directions on each package.

**Milk Preservative**—One teaspoonful will keep ten gallons of milk for 2 or 3 days without souring. Guaranteed harmless. **25 Cents a Bottle**. Also Milk Coloring—Cheese color, butter color.

**Parke's Meat Smoke**—Is an easy way of smoking meat, and more effectually preserves the meat than actual smoking does. This is an Essence of Smoke, and is applied with a brush

Price 25c. and 75c per Bottle.

## POULTRY

## A MONEY MAKER

FIRST and foremost you must have a properly-ventilated poultry house, and still one that can be kept warm in the winter. Too little attention is given in this particular.

The health of the fowl must also be looked after, and for this purpose a tonic given such as.....

## HUME'S POULTRY SPICE.

IT IS A GREAT  
EGG PRODUCER.

J. S. TANSLEY, Kilbride P.O. says: I have used **Hume's Poultry Spice** all this winter, and have never before had so many eggs to bring to market. It has kept the hens in good health; no sickness at all amongst them. We have recommended it to a great many.

W. J. WILSON, Clappison's Corners: We used **Hume's Poultry Spice**, and found that it increased the number of eggs obtained. It gave the hens a much healthier and better appearance and a bright red comb. We had sickness amongst them before using **Hume's Poultry Spice**, but none afterwards.

# How many People know,

WHAT IS THE MATTER WITH THEM ?

They cannot very well be dissected and then put together again. One thing we do know is that few of us have been in the past, or are now, careful in eating and in drinking. Some of us haven't enough work and exercise and others have too much. It is hard to strike the happy medium. All these indiscretions have an effect on the liver and on the kidneys. If these two organs are working perfectly, seldom will other troubles take hold of you. They carry off, or cause to be carried off, the foul matter from the system, keeping the blood pure and the stomach healthy.

## Parke's Liver Cure

Is a great Stomach Tonic, Appetizer and Blood Purifier,  
Regulates the Bowels, and for **Ladies in Delicate**  
**Health is invaluable.**

It is an old and well tried remedy of great virtue, prepared in a concentrated form (the dose is only 15 drops to one teaspoonful) from pure herbs and roots, and contains no minerals, and will be found a most efficient remedy for all Stomach and Liver troubles, for Dyspepsia, Costiveness, Coated Tongue, Pimples, Headache, Dizziness, Faintness, Female Weakness, General Debility, Chill Fever, Nausea, **Kidney Trouble**, Malaria, Palpitation of the Heart and Nervous Disorders. **The Primary Cause** of all the above troubles is in most cases a Torpid or Diseased Liver.

### Our Guarantee :—

If after using half a bottle of PARKE'S LIVER CURE, it is found not to suit your particular case, bring back the bottle and get your money. *We mean this.* If it does you no good, we wish you to return it. If it does you good, you won't wish to return it.

THOMAS CLARK, Springfield on the Credit, says :—It raised me out of bed when I never expected to recover. "For the past two years I have been ailing, and no one could tell what my trouble was or help me in any way. I doctored and doctored. From November, '98, to February, '99, I was in bed, and could not get up, except when lifted out, and I never expected to get better. Mr. Wm. Clifton, a friend of mine near Burlington, heard of my case, and got a bottle of PARKE'S LIVER CURE from Mr. Parke, who guaranteed it. The one 75-cent bottle has built me right up. My skin is cleared of the yellow hue, and I am feeling quite well, and working every day. Weakness and Liver Complaint seems to have been my trouble.

THOS ELLIOTT, Palmerton Ave., Toronto, says : I have been troubled with dyspepsia for over twenty years, and have spent dollars trying everything I could hear, and never received more than temporary relief. I bought a bottle of PARKE'S LIVER CURE, and before I had taken half the bottle my dyspepsia was all gone. I am eating everything that comes along. I advise all sufferers to get a bottle.

JOSEPH BUTCHER, Jarvis : My wife tried doctors all over for indigestion without results. She was induced to try PARKE'S LIVER CURE. She is now bright and cheery, and fully recovered, after using only one bottle. We shall take care and inform our neighbors of its value.

A McCOLL, Vittoria : I was troubled with liver complaint and constipation so that I had to take quantities of pills with only temporary benefit. I used two bottles of PARKE'S LIVER CURE, and am now quite regular and feel in good health. I have not felt so well in years.

JOHN GILBERT, 105 Rebecca St., says : I had liver trouble and pains in the back and legs, and generally out of order. Before I had taken half a bottle I felt quite well. I find it a very valuable medicine.

WM. MCCREADY, 117 Macaulay St. East, says : This is to certify that I have used PARKE'S LIVER CURE for indigestion, and one bottle cured me of the trouble. I will never be without it in the house.

THOS. E. SMITH, Mt. Albion, says : I have been sick ever since harvest until I got a bottle of PARKE'S LIVER CURE. For two months at least I didn't sleep in bed. I was doctored for heart disease, and again for bronchitis, but received no benefit. One half the bottle has made me feel quite well. In fact, after taking a few doses it gave me such relief that I have been able to sleep in bed ever since.

WM. WHITWELL, Binbrook, says : I had indigestion very bad, with pains in the stomach, both before and after meals. I suffered for over three months, trying different kinds of medicines, and found them of no benefit. At night I couldn't rest or sleep half the time I should. After taking one small bottle of PARKE'S LIVER CURE I am now quite well, and can eat anything I fancy without distressing me, and I sleep like a top.

H. C. LAND, Bronte, says : Indigestion and bad stomach has made my life miserable or the past four years. I was so bad that I often had to get off the binder and lie across the sheaves for an hour at a time. I took nearly two bottles of PARKE'S LIVER CURE and now feel well and able to eat my meals regularly, and feel like working and living. For months at a time I couldn't eat a meal with any satisfaction, and now I can eat a meal and relish it.

This last summer I suffered terribly with indigestion and pain in the back. I couldn't describe what I suffered from the pain. I was afraid to go out in the buggy for a drive. I couldn't sleep at night, and was in misery all the time. I often thought that I couldn't live with the pain. I took half a bottle of PARKE'S LIVER CURE, and have not had any return of the pains yet. I am very thankful, and I recommend it whenever I can.

MRS. JOHN NELLIGAN, Millgrove.

MRS. W. McDERMID, Ancaster, says : Last spring I used one bottle of PARKE'S LIVER CURE for a run-down state of the system and a weak back. As a result I have felt much better this summer than I have for years. I can recommend it very highly.

### DYSPEPSIA FOR FIFTEEN YEARS.

I was troubled with dyspepsia for fifteen years, and have tried almost every known remedy and have found nothing to equal PARKE'S LIVER CURE. I feel almost as well as ever, and can eat almost every thing.

Appleby, Feb. 18th, 1896.

MOSES ATKINSON.

### NOT SAFE TO BE WITHOUT IT.

After trying a number of other remedies, about one year ago I got a bottle of PARKE'S LIVER CURE, which proved its value. I have ever since kept it in the house. My wife thinks that she would not be safe without it. When my stomach is all out of order I take a dose of it. I have recommended it to others, and they have found it just as I did.

Winona, Oct. 10th, 1896.

THOMAS HAND,

## A Dead Sure Vermin Destroyer!

Whether in Cattle, Pigs, Poultry Sheep or any other animal, every can of PARKE'S SHEEP AND CATTLE WASH is guaranteed to kill the vermin or your money will be refunded. Guaranteed also to cure mange and ringworm. Hundreds of dollars have been saved to stockmen by using PARKE'S SHEEP AND CATTLE WASH. A tremendous loss is caused by lice on stock and ticks on sheep.

PARKE'S SHEEP AND CATTLE WASH has been perfected, so that when used properly, satisfaction is assured.

### Hear what a few of your neighbors say about it:

WM. H. CLINE, Tapleystown, says: I have used your preparation for destroying ticks on sheep, and find it very effectual. Have applied it in the morning, and examined the sheep at night, and found nearly all the ticks destroyed. Have used other kinds, but consider yours the best.

JOHN BEARE, Glandford, says: I have used PARKE'S SHEEP AND CATTLE WASH on some calves that were covered with red lice. Two applications cleared them, and left their skin nice and healthy.

JAMES FORBES, Caledonia: I have used PARKE'S SHEEP AND CATTLE WASH, and it did its work successfully.

### THERE IS A GOOD THING,

Says HARRY BROOKS, of Millgrove. We use it on everything—pigs, sheep, cattle and poultry, and have always found it right, and does all that it was recommended to do. We found that PARKE'S SHEEP AND CATTLE WASH makes the animal's coat slick and clean, takes out dandruff and scurf, and makes it fit for exhibitions.

### DEATH TO BEDBUGS.

Several housekeepers have told us that they have cleared their houses of the pests by using PARKE'S SHEEP AND CATTLE WASH. It kills them immediately.

MR. THOS. BEACHES, formerly of Millgrove, now of Copetown, says: I have used PARKE'S SHEEP AND CATTLE WASH, and find that it works to perfection. We used it on some Jersey calves that we couldn't fatten, as they were covered with lice. One application cleared them, and now they are a picture to see. Their coat is as fine and glossy as can be. One application cleared a mare that was covered with lice and nits.

WM. BURKE, Carlisle, says: I have used PARKE'S SHEEP AND CATTLE WASH on sheep and cattle with best results. Most of my neighbors use it and recommend it.

WM. ATTRIDGE, Secretary Waterdown Fair, says: I used PARKE'S SHEEP AND CATTLE WASH on a lot of lambs, and next day I caught a number of them and could not find a live tick. I have used others, and recommend this in preference to all, as I found it a sure killer.

MR. ROBT. HAW, Glar'doid Station, says: That we cannot speak too highly of PARKE'S SHEEP AND CATTLE WASH, as he found that one application was all that was necessary.

A. SIMETON & SONS, Blackheath (celebrated for their Southdown sheep), says: It knocked the ticks on sheep higher than a kite.

E. HOLDITCH, Alberton, says: I have used PARKE'S SHEEP AND CATTLE WASH, and found it worked effectually. I can recommend it.

CHAS. H. DRUMMOND, Waterdown, says : I used PARKE'S SHEEP AND CATTLE WASH on cattle, and it worked well. Cleared them of lice, and made their coat look splendid.

ROBT. HETHERINGTON, Waterdown, says : For ticks on sheep and lice on cattle, nothing equals PARKE'S SHEEP AND CATTLE WASH. I have tried others and found them failures.

WM. BEGG, Strabane : For ticks on sheep it is a splendid success Only made one application, and it did all right.

**THE KING OF SOUTHDOWN SHEEP-RAISERS.**

JOHN JACKSON & SONS, Abingdon, says : We used a tin of your TICK DESTROYER as an experiment on our sheep, and found it did its work well, cleaning the skin and killing the ticks.

**RINGWORM ON CATTLE.**

MR. ANDREW WHITE, Woodburn, says : I used your Wash for ringworm on cattle, and it proved a success. My calves were very bad with it. After using the wash their hair came in clean and thick. I also used it for lice on cattle, and found it a success for that also.

**VERY MUCH PLEASED NOW.**

W. J. PATTERSON, Vinemount, says : I hated to put fifty cents into a box, but it was guaranteed and I took it. I used half a box for ten head of cattle, and the one application cleared the stable completely of lice. It is sure death, and I was very much pleased with the results.

**LICE ON HENS.**

MR. SECORD, of Oakville, says : My hens were in a very bad condition with lice, both hens and coop were covered. After giving them one immersion in a solution of PARKE'S SHEEP AND CATTLE WASH, the lice totally disappeared. After this they thrived rapidly. I will say that it is the best thing I ever saw or heard of for this purpose.

R. MITCHELL, Nelson P. O. : I used PARKE'S SHEEP AND CATTLE WASH on my lambs last winter, and found it gave perfect satisfaction, and I am using it again this year.

JOHN COURTWRIGHT, Strabane, finds it one of the best remedies for lice on cattle that he ever saw.

THOS. PARKER, Glandford : Gave greatest satisfaction.

A. E. LESLIE, Puslinch : Used it for cattle and pigs, and gave good satisfaction.

C. HEWINS, Montsberg : Liked it splendidly. It destroyed the lice on cattle, and gave the coat a healthy appearance.

O. L. JOHNSON, Tyenside : Found it superior to any other for lice on cattle, pigs and hens, and ticks on sheep.

E. BEEMER, Winona : Gave good satisfaction. Also THOS. POWELL, Lynden.

B. VANSICKLE, Lynden : Cannot speak highly enough of it. Cattle and sheep gained flesh much faster after using it than they did before with the same feed.

MR. ROBERTSON, Strabane : Gave good satisfaction. Also FRANK COLSON, Lowville.

DONALD MCGREGOR, Waterdown : Recommends it very highly.

GEO SHAW, North Seneca, and MR. HETHERINGTON, Waterdown : Speaks highly of it.

MR. MCADAM, Blackheath, says : After using it my cattle were the envy of the neighborhood, it improved their appearance so much. For sheep it gave entire satisfaction.

We could give you any number of other references, but think that if these and our guarantee will not suffice, nothing else will. Insist on getting PARKE'S SHEEP AND CATTLE WASH.

# DYE RECIPES

## DIRECTIONS.

1st. Clean utensils and clean goods are absolutely essential to your success. Polish thoroughly your kettle, which should be of brass or copper. Wash the goods to be dyed thoroughly with soap and warm soft water. Afterwards rinse in clear, cold soft water. Dry thoroughly, and then you are ready to commence operations.

2nd. Dissolve your dyes in soft water free from soap.

3rd. Colors—Black will take on any color, and any color will take on white. Scarlet will cover salmon, yellow and orange.

Purple will cover light blue, orange, crimson and light green.

Brown will cover drab, orange, purple and light green.

Green will cover blue, yellow and pink.

4th. For real bright colors it is best to add a little good sour vinegar to the rinsing water.

### WOOLLEN GOODS.

Black. Good also for silk or cotton. For 1 lb., 1 oz. of extract of logwood and  $\frac{1}{2}$  oz. of blue vitriol. Bring the water to a scalding heat. Put in the goods, and when thoroughly wet take out and drain. Add the blue vitriol to the water, and when it has dissolved put back the goods, and allow them to remain half an hour at a scalding heat. Take out and rinse in soft water. Empty the vitriol water into another vessel, and dissolve the logwood in sufficient water brought to a scalding heat. Put in the cloth and let remain fifteen minutes. Cleanse in soft water and let drain and dry.

Scarlet—Very superior. For 1 lb.,  $\frac{1}{2}$  oz. cochineal, 1 oz. cream of tartar and  $1\frac{1}{2}$  oz. of sol. of tin. Cover the goods with water; when it is a little warm put in the cream of tartar and simmer; then add the solution of tin. Steep in the dye till the color suits.

Green.—For 1 lb., 4 oz. alum, and 1 lb. fustic. Steep it to get the strength, but do not boil. Soak the cloth until it acquires a good yellow color. Throw out the dregs, and add 1 oz. or more of indigo paste, slowly, until you have the desired shade of green.

**BROWN.**—Also for cotton or silk. For 6 lbs., 1 lb. Japonica, then add  $\frac{1}{4}$  lb. alum. When dissolved place in your goods and allow them to remain until colored, then drain. Dissolve 4 ozs. bichromate of potash in lukewarm water, place in the goods, and leave until the color suits. For seal brown, add  $\frac{1}{4}$  lb. extract logwood to the above.

**BLUE**—For 1 lb.,  $2\frac{1}{2}$  ozs. alum,  $1\frac{1}{2}$  ozs. cream of tartar; boil well in a brass kettle. Afterwards take out the goods and put in water colored with extract indigo.

**COTTON GOODS.**

**YELLOW.**—For 5 lbs. dissolve  $\frac{1}{2}$  lb. sugar of lead and  $\frac{1}{4}$  lb. bichromate of potash, each separately. Dip the goods in the sugar of lead water, then in the bichromate water, then in the sugar of lead again. Wring out and dry. Rinse in clear cold water.

**ORANGE.**—Dip the above, while still wet, in strong lime water.

**BLUE.**—For 1 lb. take 2 ozs. copperas, dissolve in sufficient boiling water. Soak the goods one hour. Dissolve  $\frac{3}{4}$  oz. prussiate of potash in same quantity of fresh boiling water, and add  $\frac{1}{2}$  oz. sulphuric acid, then dip the cotton alternately from one to the other until shade suits.

**GREEN**—For 1 lb., fustic 1 lb.; logwood chips  $\frac{1}{2}$  oz.; blue vitriol 2 ozs. Dissolve all separately; mix together and add goods,

**RED.**—For 3 lbs., 1 lb. camwood boiled in an iron kettle will color three pounds of cloth to a light red that will not fade. By letting it remain a while it will color darker if the goods are aired and heated occasionally.

**PINK.**—For 5 lbs., 2 ozs. nicwood and 4 ozs. solution of tin. Put the cotton in and let it remain until the shade suits.

# MACK'S ECZEMA CURE

**A specific for Eczema, (Salt Rheum), Hives, Itching  
Piles and all Skin Diseases.**

West Lorne, Ont. H. DOUGLAS STEELE, Incumbent of Bismarck, writes :  
"It affords me much pleasure to testify to the good results of your Eczema  
Ointment. For months last year I suffered untold misery from an acute attack  
of eczema, and for relief tried all sorts of ointments, as well as internal remedies  
without avail. Provisionally I was directed to use Mack's Eczema Salve which  
had the desired effect in a few days. It is the only remedy which gives me relief.

ROBT. SUTTON, Burlington, says : "I have had a sore leg for over 25 years,  
sort of a watery fever sore. I have tried everything that I could think of, and  
four boxes of Mack's Eczema Ointment has completely cured it. I have had  
no return in three months. I shall always keep a box in the house. The chil-  
dren use it for everything and call it "Dad's Salve."

T. TRACY, barber, London, Ont., says : "I am pleased to be able to state  
that Mack's Eczema Salve given me by you 3½ years ago completely cured my  
four children of eczema. I had two of the best doctors in Canada attending  
them without success. I have recommended it to several of my patrons, and I  
have never known it to fail in any case."

# Rheumatism Cured!

WE HAVE often remarked that personally we would never guarantee a cure for Rheumatism, as in so many cases the most reliable remedy fails. In

## Dr. Watson's Red Clover and Sarsaparilla

You get a powerful Vegetable Blood Purifier and Tonic, and if there is any way of getting rid of this painful disease, some such remedy is certainly the most effective. It acts freely on the Liver, the Kidneys and the Blood.

SAMUEL MARSHALL, Topleytown, says: "I have been troubled with rheumatism for the last ten or twelve years, in my legs and hips, and occasionally in my back. I purchased a bottle of Dr. Watson's Red Clover and Sarsaparilla and I feel completely cured."

WM. LAW, Lynden, says: "I have had inflammatory rheumatism off and on for nine years. I got a bottle of Watson's Red Clover and Sarsaparilla and now feel better than I have ever done in that time."

### BLOOD PURIFIED.

MR. MADDEN, Hamilton, says: "My face was covered with pimples and sores and I have usually been that way every winter. I used Dr. Watson's Red Clover and Sarsaparilla, and they have been entirely banished. It is good stuff and I can recommend it."

E. G. POCOCK, King St. E., Hamilton, says: "I used Dr. Watson's Red Clover and Sarsaparilla as a spring tonic and blood purifier, and it worked to perfection."

# Coloring of Butter.

---

THIS ART has come to stay. No matter how you personally may be opposed to it, the coloring is an important factor in the sale of butter. Since this is the case, why not get the best? Inferior kinds spoil the appearance, and the keeping qualities. **Parke's Butter Color** has been so improved that it now easily excels all other makes. It imparts no taste or smell. Using it, your butter will command a higher price in the market, the color is perfect and the keeping qualities are not impaired. You do not need to shake it. *There is no sediment, and therefore it does not spot the butter.* Below we publish a testimonial from Professor Dean of the Guelph Agricultural College, to whom we sent a sample.

DAIRY DEPARTMENT, ONTARIO AGRICULTURAL COLLEGE,  
GUELPH, CANADA, JUNE 13TH, 1898.

DEAR SIRS,—

I beg to inform you that we have tested a sample of the Butter Color sent us by your firm and we found it in every way satisfactory. It is equal in strength and durability to any that we have tried. Yours truly

H. H. DEAN,

Prof. Dairy Husbandry.

MESSRS. PARKE & PARKE, Chemists, Hamilton.

From tests made by ourselves, our color is stronger than any other. Here is a practical test to judge for yourselves: Take one drop of Parke's Butter Color to one ounce of lard, mix it thoroughly, and you will have a stronger, a more permanent and a more natural tint than if you use one drop of any other butter color in the market.

## ORIENTAL DURABLE DYE CO.

LONDON, ENG. PARIS, FRANCE.

IN late years, numerous kinds of package dyes have been highly advertised, but found most unsatisfactory to use. Some advertisements have even gone so far as to accuse the druggist of substitution when he recommended superior dyes to those advertised. Now we have gone to a great deal of trouble to ascertain which were really the best. In our own laboratory we have had samples of cloth dyed of all the different colors. It took months to test and select the best, and we now unhesitatingly recommend-

### “The Oriental Durable Dyes.”

*We select and publish three of the many testimonials received:*

J. MURRAY, Proprietor of the Hamilton Rug Works, 471 York Street, Hamilton, says: “Having been in the carpet business for over twenty years, we have used all kinds of package dyes and we have found that the ORIENTAL PACKAGE DYES, without exception, have given much better satisfaction than any other kind that we have used. The colors are bright and lasting. We are pleased to give this testimonial of their value.”

MRS. E. RICE, North Seneca, says: “I have used quite a number of packages of Oriental Dyes and have found them give perfect satisfaction, in fact are much stronger than other dyes I have used.”

MR. WEBB, Caistorville, General Store, says: “Many of my customers have remarked that Oriental Dyes are stronger and will color many more goods a perfect color than other package dyes. I would like to exchange my package of Diamond Dyes for the Oriental Dyes.”
