

GENERAL STRIKE EXPECTED TODAY

All Classes of Drivers and Teamsters Vote in Favor of Going Out in Sympathy With Expressmen -- Leaders of Strike Confer With Samuel Gompers -- Would Tie Up Business.

New York, N. Y., Nov. 6.—A climax in the strike by the drivers and helpers of the express companies is expected tomorrow, and this, in the opinion of the leaders of the movement, will be a general strike. After conferences today between Daniel J. Tobin, president of the International Brotherhood of Teamsters, and Samuel Gompers, president of the American Federation of Labor, it was announced that a meeting of the joint executive council of the brotherhood would be held tomorrow morning to discuss the advisability of a general strike.

The representatives of the express companies also consulted several hours today, discussing the strike controversy. On the conclusion of this meeting, however, the bare statement that there was "a short, informal meeting of the heads of the companies, but nothing developed," was given out.

Both in New York and Jersey City today there were few disorders and these of a trivial character. In this city several of the express companies managed successfully to dispose of a few wagon loads of freight without serious interference by the strikers. In Jersey City instructions were given out from all pulpits that parents should keep their children at home after school hours tomorrow so none of them may be injured in case of disorders and to prevent youths throwing stones.

Favor General Strike. While Messrs. Gompers, Tobin and Hoffman were conferring many of the 5 local unions of the city which are

affiliated with the strikers, held meetings and went on record as favoring a sympathetic strike. Some of these bodies are the building material drivers, the sand and excavation drivers, and local 879 of the International Brotherhood of Teamsters.

The latter organization includes the mail drivers, flour and seed drivers, paper drivers, railway express drivers, transfer drivers, taxi cab drivers, coal drivers, machinery drivers and the export and import drivers. It was said that the taxicab chauffeurs would probably join the strike tomorrow.

President Tobin asserted today that a general strike would call out every driver of the International Brotherhood of Teamsters in the city except motormen on the elevated railroads, the trolley lines and the subways. The impression among the leaders seemed to be that a general strike is all but assured.

Mr. Gompers arrived from Washington today, to attend the meeting, and at its close made the following statement: "The strike is a peculiar one. It is the first time in the history of unionism where the men have been willing to arbitrate all questions, even including recognition of their union. As long as the probability of a general strike, Mr. Gompers said: "I hope no serious industrial disturbance will occur, but if the express companies do not veer to a more enlightened position, the situation will react against them. I hope the strike will have no serious results."

As Vice-president Hoffman was leaving the conference for strikers' headquarters he was seized with a sudden attack and fell unconscious. How serious his illness is, could not be learned.

TO CUT DOWN MANY YARDS

Secretary Of U. S. Navy Returns From 10,000 Mile Trip Of Inspection—No Base At Panama Canal.

Washington, Nov. 6.—Back from an inspection tour which covered over 10,633 miles, secretary of the navy Meyer reached Washington today, conferred with President Taft, and left in the afternoon for Massachusetts, where he will vote on Tuesday. Meantime he announced that there were too many navy yards on the Atlantic and gulf coasts and that he expected to make some changes in the work of the Mare Island navy yard. He declined to discuss the Pacific Island yards until after he had consulted experts in the service.

Mr. Meyer was enthusiastic over the Guantanamo naval station. The shore there, he said, is low enough for buildings to be erected without expensive preparation, and there is one place at which large floating docks can be located with only about 10 ft. of necessary dredging. He found that in some of the navy yards the buildings were erected at greater expense than was necessary. At Guantanamo, however, the expense will be minimized and a single building of concrete and corrugated iron will be effective.

Mr. Meyer favors having only one navy yard on the Gulf coast of the United States, that to be supplementary to the Guantanamo naval base and supplementary to the Panama fortifications. There is no intention to establish a base on the isthmus nor is there any intention as reported of placing the construction and pay corps in the line of the navy.

The secretary strongly opposes sending the battleship fleet to the Pacific coast until after the Panama canal is completed, and believes the present facilities are inadequate for it. While declining to indicate what navy yards were to be abolished he admitted that he favored establishing two dry docks on the Pacific coast. These in all probability would be situated within easy distance of San Francisco.

Secretary Meyer's trip, 9,685 miles, of which was by rail and 948 by sea, may result in various executive changes and recommendations.

SOUTHBRIDGE PLANT GOES TO MONTREAL

Southbridge, Mass., Nov. 5.—The Southbridge Spectacle Company, of Hamilton street, of which Joseph Guilmet, Jr., is president, is soon to move its machinery and stock to Montreal. President Guilmet said a deal was practically closed for the transfer of business to Montreal. For six months

N. S. SAILOR FOUND DEAD

Body Of W. J. Murphy, Of North Sydney, C. B., Found In Water At Gloucester—Finlander Killed.

Gloucester, Mass., Nov. 6.—Two deaths occupied the attention of the police today. That of W. J. Murphy, 40 years old, a member of the crew of the schooner J. W. Bradley, whose body was found in the water at Dodd's docks early today, still engaged them tonight. No evidence of foul play is at hand, however. Murphy was last seen early this morning. He leaves a wife and four children at North Sydney, C. B.

Badly mangled, the body of David Ekland, 32, a laborer, was found this morning on the tracks at the Willow street crossing of the Boston and Maine railroad. It is believed he was run over by the theatre train last night. A wife and three children survive him in Finland.

SEISMOGRAPH RECORDS EARTHQUAKES IN U. S.

Two Heavy Shocks Followed By Three Continuous Ones Felt At Washington—At Goldfields Day Before.

Washington, Nov. 6.—A series of heavy earthquakes were recorded today by the seismograph at the Georgetown University observatory here. The first disturbance of this nature occurred at 3:51 o'clock this afternoon and consisted of two heavy shocks, lasting two minutes and forty seconds with intervals of twenty seconds between them. They were followed almost instantly by another series of three continuous shocks, lasting three minutes and twenty seconds.

The distance from Washington of the disturbance could not be measured but they travelled north and south.

Disturbance in Nevada. Goldfield, Nev., Nov. 6.—A sharp earthquake was experienced here yesterday. Its duration was twelve seconds. Aside from the breaking of a few windows and dishes in residences no damage has been reported.

DEER ISLAND SAILORS ARE SHIPWRECKED

Members Of Crew Of Florence Leland Arrived At New York On Way Home—Captain's Story.

DRIFTING HELPLESS FOR SEVEN DAYS

New York, Nov. 6.—The White Star Line steamer Cedric, which arrived here today from Liverpool and Queenstown, brought Captain George L. Holden and four men comprising the crew of the Maine schooner Florence Leland, which was abandoned, waterlogged, in mid-ocean, on October 16. The other rescued men are Bartlett Robins, mate; Richard A. Gross, Myron H. Dow, and Chas. H. Vincent, all hailing from Deer Island. The Florence Leland was owned by A. O. Gross and was valued at \$8,000.

Captain Holden said that the schooner sailed from Ingramsport, N. S., loaded with spruce laths, ran into a gale on October 9, and began to leak, and soon became water-logged. "We ran before the wind in a southeasterly course for five days," he added, "all the time working the pumps. Now and then one of us would make a dive down into the cabin—it was real diving—to get some of the water-soaked provisions. On the night of October 14, we sighted the lights of a steamer. We burned tar and oakum and the steamship saw the signal and bore down upon us. Something was shouted to us from the bridge in a language which we could not understand. The vessel almost ran us down as it came near. Then it turned about and headed away. We drifted along in the gulf stream, pretty nearly starved, and didn't manage to run in with another vessel until the morning of the sixteenth. That was the Commodore of the Harrison Line, which picked us up and took us to Liverpool."

The cry of the crew against the liberals is for Senator Dandurand, who has been gradually taking less interest in party organization during the last few years. Credit for the Liberal success in Quebec in 1904 was given to Dandurand rather than to Laurier. He has a genius for organization, and indeed he has no equal among the Quebec Liberals, but he turned down the offer of the naval service portfolio and it is doubtful if the Liberals are not in the Laurier domination in Quebec, if he can be induced to play an active part again.

NATIONALIST VICTORY MAY OPEN NEW ERA IN POLITICS

SIR WILFRID—Had we better start stumping Quebec with the Niobe, Admiral Brodeur?

Liberals Will Play for Time—Call for Senator Dandurand's Leadership in Quebec.

Special to The Standard. Ottawa, Ont., Nov. 6.—Political excitement is still the order of the day at Ottawa. It is evident that the Drummond-Arthabaska result is regarded as very probably the signal of a new era in Canadian political history. There has been some talk of opening another Quebec seat, but not much stock is taken in this. It is regarded as more likely that Sir Wilfrid Laurier will play for time, and will not risk another re-election.

The cry of the Liberal party is for Senator Dandurand, who has been gradually taking less interest in party organization during the last few years. Credit for the Liberal success in Quebec in 1904 was given to Dandurand rather than to Laurier. He has a genius for organization, and indeed he has no equal among the Quebec Liberals, but he turned down the offer of the naval service portfolio and it is doubtful if the Liberals are not in the Laurier domination in Quebec, if he can be induced to play an active part again.

Talking Reciprocity. The tariff negotiators sat for a couple of hours on Saturday discussing preliminaries and adjourned until Monday.

It is learned that C. A. Magrath, M. P., for Medicine Hat has definitely refused the leadership of the Conservative opposition in Alberta. It is possible that Maitland S. McCarthy, M. P., for Calgary, may undertake the task of building up the Conservative party in that province. Alberta is now the only province in which the Conservatives are not strong. Saskatchewan is expected to go Conservative at the next election. Less than one hundred votes properly distributed would have put them in power last time.

GORLISS STABLES DESTROYED BY FIRE

Establishment Once Widely Known To Horsemen Burned With Loss Of \$10,000—Origin Of Blaze a Mystery.

Methuen, Mass., Nov. 6.—The "Corliss stables," widely known among New England horsemen, half a century ago, occupied during recent years by the Merchants' Express Co., and by the Tremont Wrecker Co., were destroyed by fire early today.

The cause of the blaze is unknown. The loss is estimated at about \$10,000.

BETSY ROSS NOT CREATOR OF FLAG

Ex-Governor Guild Tells Boston Children That General Israel Putnam Designed Stars and Stripes.

Boston, Mass., Nov. 6.—General Israel Putnam, not Betsy Ross, was the originator of the American flag, according to ex-Governor Curtiss H. Guild, Jr.

Sir Guild's remarks were addressed to a gathering of children at the Old South meeting house. "Israel Putnam created the flag and not Betsy Ross," said he. "She only suggested 5 stars be five pointed instead of six pointed."

CLUB HOUSE AT TORONTO DESTROYED

Beautiful Home Of Hunt Club Prey To Flames Early Yesterday Morning—Many Valuable Trophies Lost.

Special to The Standard. Toronto, Nov. 6.—Fire of unknown origin destroyed the beautiful home of the Toronto Hunt Club on the Scarborough Bluffs, this morning. With the club house went many valuable cups and rare prints and portraits which can never be replaced and which in themselves represented a money loss of several thousand dollars.

The loss on the building and furnishings amounted to \$50,000. The blaze was discovered at seven o'clock by the head waiter, who came down stairs and opened the door into the main sitting room. He staggered back before a cloud of smoke and at once woke up the other employees.

The progress of the fire was so rapid that it was impossible to save anything. Wm. D. Ross, Charles Cronin and Walter Drayton, who spent the night there succeeded in saving their personal effects, but the servants whose sleeping quarters were in the east wing, lost practically everything. Some of them rushed from the building only partially dressed.

ENGLISHMAN DIED SUDDENLY

Sir Clifton Robinson, Great Engineer, Expired Without Warning In New York—Tramway Builder.

New York, N. Y., Nov. 6.—Sir Clifton Robinson, manager-director and engineer of the London United Electric Tramways, and director of the Underground Railways of London, died suddenly tonight on a Lexington Ave. car.

Sir Clifton was born in 1848 and his professional life had been largely associated with transportation problems. He built the first tramway in Europe, at Birkenhead, and was later a pioneer builder of cable and electric traction lines in London, Bristol and Los Angeles, Cal., and in Europe. He designed and constructed the London United Electric Tramways systems and later was concerned in the promotion of the great London tube railway system, the equivalent of the New York subway.

He registered at his hotel here only yesterday and none of his family was with him.

LUTHERANS ORGANIZE. Gardner, Mass., Nov. 6.—A movement to form a national organization was inaugurated by the Finnish Evangelical Lutheran Sunday school societies of Massachusetts, which concluded a two days convention here this evening. Steps will be taken to extend the project to every state which possesses a considerable number of followers of the faith.

Betsy Ross had nothing to do with the flag except to sew it together. The credit ought to go where it belongs,"

Bourassa's Party Will Hold Big Rally in Montreal Wednesday—Prospects in Election.

Special to The Standard. Montreal, Nov. 6.—The Nationalists will celebrate their great victory in Drummond and Arthabaska by a big rally, which will be held on Wednesday night in this city. Henry Bourassa, F. D. Monk, M. P., Armand Lavergne, and Mr. Gilbert, the member elect for Drummond and Arthabaska, will deliver addresses, and the gathering is expected to be a memorable one.

Those who appear to know what is going on in Nationalist circles are confident that when the Federal elections arrive Mr. Bourassa will be quite unable to resist the progress that will be made in abandoning the Quebec field for a Federal constituency. The Nationalist leader for a year past has practically paid little attention to the local affairs of the province, his whole energies having been exerted against the Federal Government and its naval policy.

Three Candidates. The statement was made today that although Mr. Bourassa may be against the idea himself, he together with Jean Provost and Armand Lavergne will certainly be candidates for the House of Commons when an appeal of the federal electorate is made by the government of Sir Wilfrid Laurier.

All those who took part in the Drummond and Arthabaska fight are unanimous in the belief that had Armand Lavergne been the candidate of the Nationalists he would have carried the day by a much heavier vote than Mr. Gilbert, as the present local member for Montmagny is very popular in the constituency, so long represented by his father, and later on by his uncle, Senator Lavergne. It is understood, however, that should Mr. Lavergne decide to return to Ottawa that he will do so by contesting his present county. As for Mr. Bourassa it is quite probable that he will either oppose H. Gervais in St. James, seek some rural constituency or forcibly oppose the Premier in Quebec East. As for Mr. Provost he will of course contest Terrebonne.

STIFF SENTENCES FOR WESTERN BURGLARS

Leader Of Hamiota Gang Given 29 Years In Prison And 25 Lashes—Forger Gets Ten Years.

Special to The Standard. Brandon, Nov. 5.—At noon today Carson, Newton and Welsh were found guilty of burglary at the Hamiota jewelry store. Welsh was sentenced to four years in the penitentiary, Newton 14 years on the Portage charge, and 14 years on the Hamiota charge. The sentences to run concurrently.

Carson, the leader of the gang, was sentenced to 14 years on the Portage charge and 25 lashes. The sentences were pronounced by Justice Richards who had sentenced Carson to 7 years on a previous charge.

Ten Years For Forgery. Winnipeg, Nov. 5.—H. McLaughlin, alias Crowe, convicted at the assizes yesterday on a charge of forging a cheque for \$250, was sentenced to 10 years in Storey Mountain penitentiary this morning, by Chief Justice Howe.

PASTOR RESIGNS. Mexico, Maine, Nov. 6.—Rev. J. G. Fisher of the Congregational church, announced his resignation today to take up a new pastorate at the Bethel, Me. The resignation will take place the first of December.

STATEMENT OF CANDIDATE OF T. ROOSEVELT

Henry L. Stimson Issues Statement On Eve Of Election In New York Claiming Victory Over Democrats.

CLAIMS COLLAPSE OF DIX CAMPAIGN

New York, N. Y., Nov. 6.—The Republican nominee for governor, Henry L. Stimson, gave out tonight what he called his "last appeal to the voters." It will not, however, be his last public utterance of the campaign, for both he and Theodore Roosevelt will be dinner guests tomorrow night of the Republican club, on the east side. Tonight's statement says in part:

"The issues of the campaign are now clear cut. On our side we stand for progress, for taking up the policies of the administration of Governor Hughes and carrying them forward. We stand for an efficient government doing its duty to the individual citizen and standing as the surest safeguard against undue federal extension. We believe in keeping the public service corporation out of politics and the regulating it in the interests of the citizens and the public. We believe in the more efficient administration of our labor laws; in better protection of the lives and limbs of our workmen in our factories, in our mines, in our railroads, in more efficient labor laws. Against us are arrayed the forces of reaction. Their organs boast that we are 'without funds,' and the Democrats have all the money they want. This means that behind our opponents are certain powerful interests which have a distinct advantage in a loose or inefficient state government. The campaign of our opponents on the state issues has virtually collapsed.

Mr. Dix, who began with a philippic against the waste and extravagance of the Republican administration, has not only utterly failed to give any specifications of the charges, but on Saturday, evening, speaking to the farmers of his county, criticized the Republicans for not spending more than they had in agricultural development. He criticized Governor Hughes for cutting the state agricultural appropriations in the interests of his economy. This is a facsimile of his insincerity.

To cover this collapse upon the real issues of the campaign, he is now trying to ride into office by appealing to the discontent of the people arising out of the increase in the cost of living. He charges this against the trusts and the tariff, and seeks to lay on my party the responsibility of these evils. I am willing that the people should judge between Mr. Dix and me even on this false issue. I lay

TWO COLLISIONS REPORTED AT SEA

Steamer Bound For Bridgewater Crashed Schr. Geo. W. Wells — Shawmut Strikes Earl P. Mason.

Vineyard Haven, Mass., Nov. 6.—The steel British schooner James William, from New York for Bridgewater, N. S., arrived here today reporting a collision last night with the schooner Geo. W. Wells, from Norfolk for Portland. The James William bore evidence of the accident in the shape of missing port main rigging and bent bulwark rails and stanchions and other minor damages. The Geo. W. Wells was not badly damaged and proceeded to her destination. The collision occurred late last night off West Chop, just outside this harbor. The William was set by the tide across the bow of the Wells and remained there for nearly three hours until the tide turned. No person on either vessel was injured.

Wireless Report. New York, N. Y., Nov. 6.—The following wireless message signed by Capt. Theodore Catherine, was received today: "On board SS. Jamestown, Nov. 6, via De Forest wireless: At 7 o'clock this morning when four miles southwest from Fenwick Island Lightship, we passed the three masted schooner, Earl P. Mason, of Providence, R. I., with her mizzen mast, sails attached, hanging over her port side, and her hull badly damaged on the starboard side abreast of the mizzen mast.

The steamer Shawmut, of Philadelphia, was standing by with her bow stove in well above the water line; they lay to in collision before daybreak this morning. The schooner was apparently unladen and the Shawmut was laden with lumber. There was a fresh northwest wind, with a clear sky and the sea smooth at time we passed. They signalled 'no assistance.'"

Delaware Breakwater, Del., Nov. 6.—The schooner Earl P. Mason was towed in here today by the steamer Shawmut. They had been in collision. The Shawmut proceeded.

# Orangemen Hear Stinging Addresses on Guy Fawkes Day

## Protestant Clergymen Plainspoken at Dinner Given by St. John District Orange Lodge--Lofty Utterance of Recorder Baxter--Fr. Vaughan Effectively Answered--Church Parade.

Eloquent addresses all breathing the sentiment of "equal rights for all and special privileges for none," were features of the celebration of the anniversary of Guy Fawkes' Day by the Orangemen of the city, at the dinner held under the auspices of the St. John district lodge (O. A. U.) in White's restaurant on Saturday evening. The election recently held in Drummond and Arthabaska and the result of it furnished most of the speakers with a cue for protest against the growing tendency toward the Nationalist idea among the French Canadian residents of Canada and if the sentiments expressed at the dinner can be taken as a criterion, Protestants will be found strongly arrayed against any such plan as that espoused by Henri Bourassa and his friends.

Another feature of the gathering was that for the first time in the history of the order in this city, the ministers of Protestant churches, not members of the order were guests of honor. Charles M. Ingleby, district master presided and the clergymen present were, Archdeacon Raymond, president of the Evangelical Alliance; Rev. Dr. Hutchinson, of Main street Baptist church; Rev. J. H. A. Anderson, of St. John's Presbyterian church; Rev. F. E. Bishop, of Fairville; Rev. J. McCaskill, of St. Matthew's Presbyterian church; Rev. J. E. Purdie, of St. Luke's; Rev. G. D. Milbury, of the Tabernacle Baptist church; and Rev. F. H. Wentworth, of the Waterloo street Baptist church.

After the vanda provided for the occasion had been thoroughly discussed the chairman proposed the toast of The King, which was honored in the customary manner. He then welcomed the clergymen present and read letters of regret from Rev. A. A. Graham, Rev. W. W. Brewer, Rev. J. C. B. Appell, and Rev. R. P. McKim.

The toast of The Day We Celebrate was coupled with the name of Recorder Baxter and the clergymen present. Mr. Baxter, as county master, spoke first.

In opening he said that he preferred to regard the day we celebrate as Nov. 5, 1910, rather than the day in 1605. In 1605 the meaning of Nov. 5th had some light thrown upon it, which was increased by an event in 1609. The more of those times had a duty to perform to their state and they did it. The men of this day also had a duty, and history will deal with them according to the way in which that duty is performed. The religious side of the occasion he was prepared to leave to the clergymen, but preferred to speak of the political side of it.

The Imperial stand which is to be taken on Nov. 5th, 1910, he thought, was every whit as important as that of 1605. The British as a separate nation, but we must desire to be counted as a part of the Empire," he said. "Not as a daughter in her mother's house, looking to set up a house of her own, not as a daughter looking for a nationhood, which some day the exigencies of politics may turn against the Empire. The United States has learned a lesson from the United States for great as the United States is to day, it would be still greater and grander if it followed out the development of its constitution by evolution instead of by revolution."

The Nationalist Movement. Dealing with the progress of the Nationalist movement he said, "It is not time that the solid men of both parties should unite and say that this mischievous question must be stumped upon and rooted out at its inception. The Empire must either be kept together or be broken apart and this part of Canada we become the Empire despite all attempts to break it apart."

The ideas of Mr. Bourassa are not our ideas. Our idea is that the state is a civil power and that the church must be kept separate. We take our stand there. Mr. Bourassa in a Quebec cathedral exults in the claim that the state is subservient to the church. This day is as important to us as that other day. The men who saw the light in the days of James I had their duty to do and did it. We have our duty to do, let us do it.

Archdeacon Raymond. Dr. Raymond in opening expressed his concurrence with the ideas of the Orange order. It has been misunderstood and the 12th day of July had been associated with the idea of certain refreshments which did not conduce to steadiness. That time was passing, and when he read the constitution of the order he became convinced that to be a good Orangeman a man must be a good man.

In referring to the Nationalist movement in Canada he said that the political outlook at the present time called for a great deal of thought. During the time he had been in the city he had tried to bring all denunciations of the Orangemen in the report that Protestants should have the idea of brotherhood at heart. If the principles of the order were as vitally important now as they were before they should be kept in mind, closing he assured the members of the order, as president of the Evangelical Alliance that the Alliance was in sympathy with the Orangemen in the stand they had taken and that if the help of the Alliance is required it will be forthcoming.

No Church Above King. Rev. Dr. Hutchinson said that he wished to thoroughly disclaim any idea that he belonged to the class of clergymen not in sympathy with the Orange order. Its motto, he understood, to be equal rights to all and special privileges to none, and even Roman Catholics could take no offense at that. He hoped the time would never come when that principle could be set aside by any denomination. No church should set itself above the King in this country. He believed the principle of equal rights was violated by any church, or if any church sought for political power it was time for Canadians to object. He was not opposed to Roman Catholics, although he was opposed to their church. "I have no use for Romanism any more than I have use for smallpox," said he, "but I can hate smallpox and still love the patient. If I have a friend who wants to be a Roman Catholic I cannot say him nay, I can only say you are welcome to do as you like and take what belongs to you. But when he says I want more than that, I say hands off. Take what is yours but keep your hands off mine."

derstood, to be equal rights to all and special privileges to none, and even Roman Catholics could take no offense at that. He hoped the time would never come when that principle could be set aside by any denomination. No church should set itself above the King in this country. He believed the principle of equal rights was violated by any church, or if any church sought for political power it was time for Canadians to object. He was not opposed to Roman Catholics, although he was opposed to their church. "I have no use for Romanism any more than I have use for smallpox," said he, "but I can hate smallpox and still love the patient. If I have a friend who wants to be a Roman Catholic I cannot say him nay, I can only say you are welcome to do as you like and take what belongs to you. But when he says I want more than that, I say hands off. Take what is yours but keep your hands off mine."

I am not opposed to a Roman Catholic premier on the sole ground that he is a Roman Catholic. I was not opposed to Sir John Thompson or to Sir Wilfrid Laurier, the one a Conservative and the other a Liberal, when he attempts to use his position to gain political advancement for his church, I say no.

King William the Great. Rev. J. J. McCaskill referred to King William of Orange as the greatest king who ever ruled in England. reference to the recent election he said that it was one of the most important ever held in Canada. "We are now at the stage," said the speaker, "that something must be done in the name of the King. A naval policy is a large departure for us, and a departure which the Nationalists claim has not been discussed by the people of Canada. The first step must be decided, first, does Canada want a navy, and if so, build it. When you ask a Canadian to be loyal to Canada you are asking him enough, but it is hard for men who are now in Canada and have been taught to regard Great Britain in the light of an enemy to be loyal to Great Britain as well as to Canada. I am a Canadian first and then a British subject, but I believe the development of Canada to be the true imperialism."

Must Stand Together. Rev. Mr. Milbury said that the lessons to be derived from the gunpowder plot and the battle of the Boyne were that no other man but the king of England should rule over us, and the same feeling was alive today. In Canada, he said, there was one God over the Protestant world and another in the other provinces of the fair Dominion, as fair a land as God ever made. There is one part of Canada which needs to be educated, and that is the part where the Catholics live. Canadians must stand together for the redemption of one province for the benefit of all.

Parade at Fredericton. Rev. Dr. Smith speaking to 300 Orangemen quotes statistics in effort to show papacy is doomed. Fredericton, Nov. 6.—The Orangemen of Fredericton and vicinity celebrated Guy Fawkes' Day by attending Divine service at St. Paul's Presbyterian church this morning, where Rev. W. H. Smith preached an unusually powerful sermon on the imperatives of Christian liberty.

Parade at Moncton. Rev. Dr. Smith speaking to 300 Orangemen quotes statistics in effort to show papacy is doomed. Fredericton, Nov. 6.—The Orangemen of Fredericton and vicinity celebrated Guy Fawkes' Day by attending Divine service at St. Paul's Presbyterian church this morning, where Rev. W. H. Smith preached an unusually powerful sermon on the imperatives of Christian liberty.

Other Toasts. Past County Master Bustin responded to the toast of the County Lodge. The speaker in the course of his brief remarks referred to the great value of that branch of the order in the printer of the division of the labor of the primary lodges.

Woman Reported. Policeman Marshall has reported Lena Waita for using obscene language on Sheffield street Saturday.

a city which gives equal rights to all and favors to none. Ald. Wigmore advocated a great St. John. He called upon the citizens to bury their political differences and make a bigger and better St. John. The alderman deplored the fact that less interest was taken in civic affairs than in either Dominion or provincial. He said that it was the duty of every tax payer to elect honorable and able men to govern the city just as it is to govern either the Dominion or province. Ald. Wigmore said that he opposed the transfer of the pulp mill but believed that it should be leased at a yearly term.

The Local Legislature. Hon. Robert Maxwell, M.P.P., responded to the toast to the Local Legislature. Mr. Maxwell said that the legislature was representative of the people and loyalty was the motto of both parties in the house. Referring to the frustration of the Gun Powder Plot, the speaker said that he hoped that no one would attempt to blow up the House of Assembly while the house was in session, but should an attempt be made he hoped some one would be found to save them from the explosion.

Justice Not Charity. What the poor need. Socialist speaker comments on Rev. Mr. McCaskill's remarks before Associated Charities.

Work or Charity, was the text of the address delivered by F. H. Hyatt before a large meeting of socialists last evening. The speaker based his remarks on the statement made by Rev. J. J. McCaskill at the recent meeting of the Associated Charities to the effect that he hoped a time would never come when there would be no need of charity.

What the people want is not charity, but justice," said Mr. Hyatt. "In a socialist or even a Christian state of society, there would be no need of charity to able-bodied men. The existence of charity organizations proved that something was wrong, that we had a system of class rule and class exploitation of the masses."

Even Socialists could quote Scripture for their purpose. Christ said "I come to bring life," and life, according to Dr. Drummond's natural law in the spiritual world, as well as Karl Marx, meant adjustment to environment. If Christian ministers pointed out the need of adjusting society to the economic environment developed in recent years there would not be any need of an evangelistic campaign in St. John every few months.

Providence, R. I., Nov. 6.—Sunday witnessed no cessation of the political campaign on the part of the Democrats in Rhode Island. Eleven rallies were held in various towns and cities and at most of these meetings Lewis A. Waterman, candidate for governor, was the star attraction. Each of the leading parties is professing confident of victory in Tuesday's election. The most sanguine Democratic figures place Waterman's plurality at 3000. The maximum of Republican expectation is 11,000.

The election will be the first under the law by which the state was redistributed. The next house of representatives will consist of 100 members, an increase of 25. Of the members thus added, 13 will represent Providence.

Concord, N. H., Nov. 6.—The political campaign in New Hampshire, under the important developments of today which was one of quiet activity throughout the state. Neither state committee sees any reason to change its previous estimates, but veteran observers point out that all forecasts are of little value, because of the large independent vote that is expected to be polled. This vote, as is asserted, has placed New Hampshire in the doubtful column.

Natural History Stories Told Boys and Girls The Porcupine

Remember reading about his father's ghost appearing before Hamlet, of Denmark? Remember how the ghost tells the frightened prince that he could tell a few things that would harrow up his soul, freeze his young blood and do a whole lot of other things, even making his hair to stand on end like quills upon the fretful porcupine?

HONORS PAID TO ELLEN TERRY

New photograph of the famous English actress, taken at the docks on her arrival in New York a week or two ago. Ellen is well over sixty, and has a husband, named James Carew, who is thirty-nine. She left England to look after the cause, Miss Terry, or Mrs. Carew, whichever you may please, will tell 49 American cities from the lecture platform this winter what she thinks about Bill Shakespeare.

Fashions The shortened waistline is the proper thing for evening gowns.

More dress hats are in all black or black and white, with a touch of metal or color than in any other shade. Long coats of plush or fur will be worn quite as much as last winter, and they will be plain, buttons forming their principal trimming, and perhaps a collar of some other kind of fur.

MOTT'S Cash Store GOOD POTATOES \$1.75 A BBL. Apples, \$2.00 and \$2.25. Fresh Eggs, and all new canned goods at lowest cash prices. 37 WATERLOO STREET, near Gem.

BUDGET FROM BOSTON GIRL

Hubites Still Permitted to Wear Protruding Hat Pins—Surfrage Meeting at Lowell—Rats vs. Side Combs.

Boston, Mass., Nov. 4.—After some years of checkered fortunes, the Boston Herald is once more in the field of active journalism, under the expert guidance of one of Boston's ablest and most experienced newspaper men, and with a financial reorganization which should insure for it its share of prosperity and success.

Rats are threatening the comb industry, which has heretofore been a flourishing business in the vicinity of Boston. Not the comb-makers, however, but the wads of curled hair that women have been wearing on their heads.

Feminine Boston was granted another respite when the city council at a recent meeting decided, in the absence of Councilman Hale, indefinitely to postpone action upon his bill for the restriction of hat pins.

After a week of "becanuses" at Lowell, the suffragist women returned to Boston with their reasons and their yellow "Votes for Women" banners, satisfied that they had stirred up an interest in the most conservative of New England mill towns.

SAINT JOHN, MONDAY MORNING, NOVEMBER 7, 1910

## DRUMMONDARTHABASKA.

In the hope of distracting attention from the defeat which Sir Wilfrid Laurier sustained in Drummond-Arthabaska, the Times is seeking to involve Mr. Borden and the Conservative party in the fight. It regards the result as a defeat for all friends of British connection, and reasons that if Mr. Borden is in favor of British connection, then this is a defeat for Mr. Borden. "Sir Wilfrid Laurier," adds the Times, "stands for Canadian unity and British connection."

The issue in this bye-election was the government's naval programme. Mr. Perrault, the Laurier candidate, not only declared his adherence to it, but went further and distinctly stated that its adoption was a step towards separation. We leave it for the Times to reconcile its contention that the election turned on the question of British connection with the Laurier candidate's advocacy of a policy which, he declared, would ultimately lead to independence. Sir Wilfrid Laurier's separate principles are well known, and speaking as he did Mr. Perrault was only following in the footsteps of his leader.

The insurgent Liberals, led by Mr. Bourassa, declared emphatically against the navy bill. To quote Mr. Bourassa after the election:—"I am just as loyal to the British Crown as ever, and those who state this battle has been anti-British do not know what they are talking about. We have today done a great work. We have taught Sir Wilfrid Laurier that he is not omnipotent, and that he cannot plunge 'Canada into the responsibilities of supporting a navy without first consulting the people.'"

Mr. Borden has clearly defined his position upon the naval policy. He stands for material assistance to the Mother Country, and the Empire. Why should Mr. Borden take sides between warring factions of the Liberal party? If Bourassa and his friends stand for no navy at all, they are merely occupying the ground that Laurier himself occupied, until forced from this position by fear of British sentiment in the other provinces.

The satisfaction which the Conservative party derives from this election lies not in the success of an insurgent Liberal, but in the outstanding fact that the hold of Laurierism on Quebec is broken. The result shows that the regime of graft, deals, dishonesty in public life, and wasteful expenditures of public money, is nearing its end. The Liberal government confident of a Quebec solid for Laurier could devise schemes for feathering the nests of its supporters with impunity. Henceforth Quebec as a unit for Laurier no longer exists. The blow in his own province is the forerunner of his party's defeat.

"It was in Drummond and Arthabaska," says the Toronto News, in commenting on the result of the election, "that Sir Wilfrid Laurier sustained the only personal defeat he has ever experienced. That defeat was the death blow of the Mackenzie administration. The defeat which his candidate has just met in the same constituency may have equal significance for his own government. There is no doubt that thousands of Conservatives have felt he could not be beaten while he maintained his ascendancy in Quebec. That conviction influenced a multitude of electors all over the country who hesitate to separate themselves from politicians in office. With his ascendancy in Quebec threatened there will be a loosening of allegiance elsewhere."

"The Conservatives of the English Provinces have no responsibility for the Nationalist movement and cannot profit through an alliance with Mr. Bourassa. They are bound to be loyal to their traditions and principles. They will not go over to a government which they believe has been too long in office because of any action of the Nationalists, nor abandon their own definite convictions because an exceptional situation has developed in Quebec. All was done that could be done to reconcile Mr. Monk to the course of the opposition, and it has neither inspired Mr. Bourassa nor countenanced his revolutionary programme."

"It is to be assumed that the opposition will adhere to its national policy, neither in enmity nor in submission to Quebec, seeking support from every province and from every element of the population, aiding no movement which goes toward separation or independence, and holding to the great ideal of the founders of the party, a united Canada within a united Empire, a common sharer in the Imperial patrimony and in Imperial responsibilities."

## THE MISPEC PULP MILL.

The Common Council will today consider a recommendation to lease the Mispec Pulp Mill, or rather to sell the property, for the option of purchase is a contingent factor. There are one or two points in connection with this property which should be given careful consideration before any steps are taken which cannot afterwards be recalled.

From time to time the possibility of developing the water powers adjacent to this city has been the subject of discussion by the Board of Trade, and in the council, and, although nothing of a practical nature has so far been accomplished, it is fair to assume that some day these latent powers will be turned to a commercial use.

Among the streams which are considered to have great possibilities in this direction is the Mispec. The power will naturally be developed at the lowest point, or, approximately, on the site now occupied by the mill. The mill stands at the bottom of a gully

and derives its power from this source. If the city sells this property, even if it gives no guarantee that the mill shall be supplied with water, it deprives itself also for all time of the opportunity of developing whatever water power there may be to the fullest advantage.

While it has never been definitely ascertained what power can be developed at Mispec, there are experts who say that there is sufficient to operate a street railway from Mispec to the city, and supply electric light to the houses en route. Developments in Conroy Bay will have a tendency to increase the number of residences along this road, at all events for the first few miles. It is not a matter for the immediate future, but it is just as well to remember that in the possession of this mill-site, the city holds the key to any future developments along the lines indicated.

The price paid for the property, some years ago, was \$115,000, the amount offered for it today under the lease is \$30,000. The offer hardly seems enough. The inducement to sell does not appear sufficient to warrant a dead loss on the transaction of \$85,000. There is always the possibility of the development of the water power—in itself a valuable asset—or of some concern being willing to give a sum which more nearly approaches the value of the property. Against these considerations the loss in interest, in the meantime, is of minor importance.

## THE GOVERNMENT RAILWAYS.

Commenting on the statement for the year ending with March 31 last, of the operation of the Intercolonial Railway, which has just been issued, the Montreal Gazette gives an instructive and critical review of conditions on the government road. It notes an improvement in which it sees a promise of better things when business rules are more firmly established in connection with the management of a business property.

After referring to the Intercolonial being put under the direction of a managing board of officials, in April 1909, in the hope that it might be lifted out of the slough of political control, the Gazette proceeds:—"What this political control meant was shown with startling effect in the year 1904-5 when the earnings reported were \$6,783,522, and the operating and maintenance expenses were \$8,508,826. In other words it cost \$1.25 in working outlay to earn \$1 in revenue. There were some who spoke of the situation thus indicated as if it was a triumph of statecraft applied to business. Their voices failed, however, in face of the feeling that others besides the local politicians were concerned in the enterprise, and that the country should not be called on to pay for carrying the freight and passengers as well as for the construction of the railway. The managing board was the outcome of the situation thus created. In judging of its work it is right that the political as well as the physical and commercial conditions should be remembered. The board had to combat the local influence of the men with pulls as well as manage the traffic and care for the road generally. It may, on the record of the past year, be given credit for having made a beginning."

"The Intercolonial Railway has a length of 1,447 miles. By arrangement with the Grand Trunk it has a terminal at Montreal, the chief traffic producing centre of Canada. It traverses some of the best rural districts of the province of Quebec, and has almost a monopoly of the traffic of the gulf countries of this province, of the best sections of New Brunswick, and is the only line that serves the great industrial centres that have been lately created in Nova Scotia. Indeed, it may be said of it that, except the main line of the Grand Trunk from Montreal to the Detroit frontier of Ontario, no road in Canada of equal length traverses a better country from the traffic manager's point of view."

"The road in construction and equipment is of high character. Its capital cost to March 31 last was \$92,272,073, or nearly \$65,000 a mile. Of this sum \$1,278,409 was laid out last year, on various works for the improvement of the property so as to fit it for doing the business that comes to it. The ownership of the road by the country therefore, involves an annual interest charge, even at the low rate of 3 per cent., of over two and three-quarter million dollars. Towards meeting this last year there were net earnings reported of \$623,164. This is good, by comparison. It would be disastrous on any privately owned road. It is to be welcomed, however, as a promise of better things when business rules are more firmly established in connection with the management of a business property."

"The record for the year shows:—  
Gross earnings ..... \$9,268,234  
Working expenses ..... \$8,645,070  
Net earnings ..... \$623,164

"It took 93 per cent. of the earnings to pay the operating expenses. On the Canadian Pacific the ratio is under 65 per cent. On the Grand Trunk it is less than 76 per cent. There is yet much to do before the Canadian government railway will be a thing of which the people can be proud. The details of the annual statement are an answer to some of the criticisms to which the board has been subjected. The road in 1909-10 carried 353,000 tons more of revenue producing freight and 215,000 more passengers than in 1908-9. It earned \$741,165 more and the working expenses were reduced. The railroad is reported by the engineer to have been maintained in good condition. A movement has been made away from conditions so bad that people outside of the country would not believe they existed."

"The other government railway, that on Prince Edward Island, remains a freak among transportation enterprises. It is 267 1/2 miles long, and has cost for construction on capital account \$8,465,364, of which \$206,396 was spent last year on improvements. The gross earnings in the year 1909-10 were \$319,074. The working expenses were \$127,283. There was a deficit in operating account, to be made good out of the national treasury, of \$108,208. On the Prince Edward Island Railway it costs \$1.30 in operating charges to earn \$1 in traffic receipts. It stands without a peer as a sample of what follows the application of politicians' ideas to the construction and operation of a transportation enterprise."

## Current Comment

(Windsor Record.)

The burning of the leaves is not only a violation of the by-law, but a violation of nature. Out in the wild nature is turning her dead matter to leaves on the building up of new living forms. The leaves on the city lawns and streets should be used to assist nature rather than frustrate her.

(Toronto Star.)

Canadian turkeys are dying from a disease which attacks the bird's head. Hitherto most turkey fatalities have occurred from a malady which took 'em in the neck.

(Toronto World.)

Des Moines, Iowa, under civic government by commission, hardly knows itself. Greater efficiency and economy, the city getting 100 cents value for every dollar spent, and the broader outlook and more sagacious preparation for the future, are the causes of rejoicing.

## GRAND JURY TAKES ACTION

Precautions to be Taken in Gloucester County Against Use of Deadly Weapons by Foreign Laborers.

Bathurst, Nov. 5.—At the fall sitting of the Circuit Court, the Grand Jury drew up a presentation to the presiding judge, Hon. H. F. McLatchy, asking for an enforcement of the law against the carrying of dangerous weapons. The document read as follows:—

To the Honorable H. F. McLatchy, Judge of the Gloucester County Court: May it please Your Honor:—The Grand Jury of the County of Gloucester beg leave to submit the following presentation:—

Whereas the opening of the mineral resources of Gloucester County and the consequent opening of new lines of railway in this county have attracted a foreign element of population which is one of the most desirable quality.

And, Whereas it has been made known to the Grand Jurors that these foreign laborers go about their work constantly armed, and during their leisure hours, parade the streets of our town, and the neighboring country districts, in a like manner, causing the residents to fear their presence.

And, Whereas it has been further made known to the Grand Jury that already firearms have been used and threats have been made to use firearms by this foreign element and that assaults have already been made.

THEREFORE, the Grand Jury would recommend that the proper authorities be immediately asked to strictly enforce the law forbidding the carrying of firearms, and that the aforesaid foreigners be relieved of all pistols, knives, dirks or any weapon that may appear to be carried for the purpose of defence or offence.

And the Grand Jury humbly request that Your Honor cause this presentation to be placed before the proper authorities, and that the Canada Iron Corporation, now employing this class of labor, be asked to cooperate with the officers of the law by refusing to employ any one who does not strictly comply with the law against the carrying of dangerous weapons. (Signed) Edward L. O'Brien, Foreman of Grand Jury.

## MRS. T. B. ROBERTS

### LEAVES FOR WEST

Departure of Popular Lady Sincerely Regretted in Sunbury County Community—Had Host of Friends.

Blissville, N. B., Nov. 5.—This province is considerably poorer by the departure for the West of Mrs. T. B. Roberts, who has been prominent in church and society circles in this county for many years.

Mrs. Roberts is a native of this place and afterwards lived at Patterton, and Westford, following the death of her husband, the well-known merchant, five years ago, she returned to Blissville, and has since made her home with her sister, Mrs. W. E. Diblee. The latter accompanied Mrs. Roberts on the trip west in search of better health, and will return in the spring.

When the party left Wednesday evening, about 30 friends were gathered at the depot to wish them bon voyage and say farewell to Mrs. Roberts. She has not yet decided where she will make her home and will visit her two sons, one of whom J. B. Roberts, B. A., is a member of the successful firm of Longheed, Bennett & Allison of Calgary, Geo. W., the youngest son, is connected with the D. L. Kelly Lumbering Company, of which his uncle, the late D. L. Kelly, was the head.

## WITH THE THOUGHT OF COLD WEATHER

COMES THE QUERY—Is the kitchen stove in condition to do the winter's work and modern enough to save time and worry over the small things that make up so large a part of the housekeeper's daily duties? If it is not, your best plan will be to invest in an

### Enterprise Monarch Steel Range

which will soon pay for itself in the saving in fuel, time and labor—BE-CAUSE It is modern in construction and has every facility for perfect work in the way of baking, broiling, steaming, roasting and all the other things expected of a good kitchen stove. Every "MONARCH" is guaranteed perfect in fit, finish and operation under reasonable conditions. We will be glad to have you call and inspect this stove, or to send you illustrations and full particulars on request.

EMERSON & FISHER, Ltd., 25 Germain St.

## Do You?

Many people think that it is wise to delay the use of glasses as long as possible. Do you think so?

Many people think that if they can see without, there is no necessity for wearing glasses. Do you think so?

Many people suffer with headache which glasses properly fitted would cure. Do you?

Some people KNOW that glasses are sometimes necessary even when the vision is good; and that it is best to wear glasses just as soon as there are symptoms of eye strain. Do you know this?

We want you to know that we use modern scientific methods of eye-testing, that we supply glasses only when they are necessary, that we advise the best qualities because we believe you can't afford to take chances with your eyes.

WALL STREET CONFIDENT OF VICTORY

Wall street and the moneyed interests take for granted the defeat of Roosevelt and his candidates in Tuesday's elections. Messrs. J. S. Bache and Co. in their last weekly review, speak in strong terms of the position taken by the ex-president and confidentially predict his annihilation at the polls.

The import of the heavy blow to deal to Roosevelt on Tuesday next is of far reaching significance. It means that while the American thinking class is long suffering it is sure to assert itself when real danger menaces. Its long suffering is an attribute of gentleness and of greatness. It was willing to give Roosevelt every credit that belonged to him in his earlier efforts to curb the power of monopoly, to purify the methods of corporate procedure, and to work out justice for the individual in his unequal contest with the great forces of combination. It deplored his methods of bombastic performance, or rather speech, but was willing to give him credit for honesty in his purposes as for the general good. There were many, it is true, even then, who saw through his character and reluctantly recognized the insincerity of the man; became aware that his gluttony for publicity and popular fame was really at the base of all his actions, and that with the cunning of the great politician, which he has always been admitted to be, he was concealing his own selfish aims by enlisting himself as the avenger of popular wrongs.

But in Roosevelt himself a change was taking place. The greed for popular approbation and personal power was growing enormously, fed by the adulation of the nation. This desire for tyrannical control was swelling and crushing out all other qualities of his character. The New York situation presented itself and like a tiger rushing towards the scent of blood, he sprang into the open and revealed himself a Frankenstein dangerous to the whole country. It was then that the best thought of the nation turned against him. It was the first time after long success that he had been intelligently opposed. His true character, so long hidden, revealed itself to the eyes of the thoughtful people of the country and his downfall will restore confidence everywhere.

REPORTS AND DISASTERS. Key West, Nov. 2.—Fire completely destroyed the P. & O. warehouse and wharf and a large quantity of merchandise; no damage to shipping. Philadelphia, Nov. 3.—Tug America (of Philadelphia) was burned to the water's edge and sank off Riverton, N. J., yesterday.

DANGERS TO NAVIGATION. Schr. Robert P. Murphy, at New York, reports Oct. 20, lat 24 N, lon 82 W, passed a small piece of timber; lat 24 N, lon 82 W, wreckage and several pieces of lumber; 21st, lat 24 N, lon 82 W, wreckage and lumber.

Shipping Notes. The steamer Calvia Austin due here Saturday afternoon did not reach this port until yesterday afternoon at 4:30 o'clock, on account of a storm along the New England coast.

The Nova Scotia Eva C. Captain Haux, has gone to Windsor to load for western port. Government steamer Lansdowne, and Stanley, have gone on a cruise among the Bay of Fundy lightships with supplies, &c.

Battle Line steamship Himeira, Captain Bennett, arrived at Amsterdam, Oct. 31, from Rotterdam. Donaldson Line steamship Salaika, Captain McKelvie, left Glasgow Nov. Wednesday for Botwoodville, Newfoundland.

Battle Line steamer Trebia, Captain Starr, arrived at Los Palmas, Oct. 30, on her way to Rio Janeiro from Cardiff. Capt. B. C. Goudey, of Port Maitland, has taken command of the steel steamer Baron Napier, 3159 tons register, which is now loading at Antwerp for Rio Janeiro and Santos for the Norddeutscher Lloyd Co. (From a Bristol, England, paper.)

Needed was a vessel of the total loss of the sailing vessel Fischbek, of Hamburg, at False Cove, Le Maire Straits, Patagonia. The crew were saved and landed at Punta Arenas, Straits of Magellan. The Fischbek was a fine four-masted bark-rigged vessel of 2,154 tons net register, and was making a first voyage in the hands of new owners. (As the Crown of Germany, the lost vessel was commanded for several years by Capt. Thomas Helms, of Yarmouth, who left her upon her being sold at Avonmouth, and who is now in command of the steel ship William Mitchell, at Sydney, N. S. W. Helms has been several voyages to and from California in the Crown of Germany with her husband.)

Capt. Wm. Shupp, of schooner G. M. Cochrane, now lying at Havana, Cuba, has been robbed at that place. The robber entered the cabin during the night, took the captain's watch and chain, and \$50 from his pockets; also a revolver from his trunk. Captain Rafuse, of the LaHavre schooner Melba was also robbed the same night, losing his watch and chain. In the latter case the captain was aroused, and seizing his revolver, fired at the robber, but missed, and the man escaped.—Yarmouth Telegram, Nov. 4.

FINANCIAL REVIEW OF WEEK

New York, N. Y., Nov. 6.—The facility with which the November requirements were met in the money market relieved the speculation in securities last week of apprehension on that score and encouraged a resumption of the operations for the advance, which has been interrupted the week before. The week passed also, without the flurry in the financial markets sometimes incident to the eve of an election.

The good promise said to be discerned in the steel and copper industries, was advanced as a primary motive for the fresh advance in stock prices. The easing of the money position abroad seemed to have an important bearing on the strength developed in the stock market. Banking opinion is not fully agreed as to the clearness of the outlook.

Discount of commercial paper is sluggish. The fact that the Michigan Central was driven to the issue of one year notes owing to inability to place a bond issue to secure needed funds, was accepted as an additional symptom of the fall in British consols to the lowest price since 1847, the flattening out of the September activity in the bond market and the growing excess of loans over deposits of the New York banks. These various phenomena join in the indication of a condition of strain on capital. Reports that orders for steel rails were coming in from the railroads, and that copper was being bought for future delivery and on a rising scale of prices were instrumental in holding the prices of securities firm against questionable factors in the money situation. It was asserted also that the stock market was anticipating the passing of the unsettling influence of the political campaign. The period of the elections is supposed to fix some intended resumption of demand for materials by the railroads and corresponding revival is looked for in other departments of industry.

CLOSING STOCK LETTER. Furnished by J. C. Mackintosh and Co., direct private wires.

New York, Nov. 5.—An earlier market affected by lower cable and higher crop estimates was the feature at the opening. Estimates have been made between 11,500,000 bales up to 13,000,000. The room traders were inclined to regard the 12,000,000 estimate as entirely too high and thought that 12,000,000 estimate was nearer the mark and was a bearish factor.

On the whole the trading today was not very active but wire service hurtling commission house business. The market closed after the opening steady with prices working a shade over the closing figures of last night on covering in the absence of important offerings. This in fact was the entire market.

JUDSON & CO. CLOSING STOCK LETTER. Furnished by J. C. Mackintosh and Co., direct private wires.

New York, Nov. 5.—The market today was very similar to yesterday's, Reading and U. P. and N. S. Steel being the only stocks that showed any amount of trading. The rest of the list was dull and irregular. The strength in the three leading stocks caused a little uneasiness on the part of the shorts and their trading helped the slight advance that took place.

The technical position of the market is not very clear as the demonstration showing in the various stocks denotes manipulation and an absence of characteristic buying. The advance during the early part of the week was too rapid and not in accordance with condition of affairs. On the contrary, factors are more of a bearish influence. With the money market resulting in the policy where speculation must be curtailed, combined with continued statements of

poor earnings and very little improvement in the business and industrial world, it is very difficult to understand why prices should be at this high level, if it were not attributed to manipulation by large interests who have some object in mind unknown to the speculative contingent. As soon as the support of the market is withdrawn prices yield easily as there seems to be a continued desire to press stocks for sale, still whenever they are offered there seems to be a steady demand for them. There were no news items today and trading was practically influenced by the prevailing conditions well known.

Acadia vs. U.N.B. Today

Yale Beaten by Brown 21-0

Yost Signalled Plays From This Formation

MICHIGAN'S PUNT FORMATION.

With the eleven lined up for a punt, Michigan will work a variety of attacks this year. It is behind this formation that Yost has instructed his varsity to run a majority of the plays calculated to gain ground for the offense and line. With the full-

back far enough back to punt if necessary, the ends will be outside of the tackles, the quarter and halves fairly close to the line, and runs and line plunges will be mixed up with punts until, as Yost fondly hopes, the opposition will be so bewildered it won't know whether it is on foot or horseback. On paper the plan looks good, but in the first three games of the season Michigan didn't show enough to worry any of her big opponents. Perhaps there was a reason.

U.N.B. LINES UP AGAINST ACADIA TODAY

Some Changes in Formation in Red and Black in Hope of Victory--McGibbon Will Play Half.

Fredericton, Nov. 6.—U. N. B. and Acadia football teams will meet in the second game of the intercollegiate series tomorrow. The Acadia team arrived on Saturday night and goes into the game confident of victory and of ultimately retaining the King-Richardson trophy.

U. N. B. team will go into the game without two regular players, Macchum's knee being in such shape that he cannot play, while Joe Alexander still has to limp around on account of his bad ankle.

The long expected shift of Frank McGibbon up to the half line has taken place, however, and Charlie Barry will be played at full back. On the half line McGibbon is expected to be of more value to the red and black than at full back, as the half line has been miserably weak in the kicking department all season.

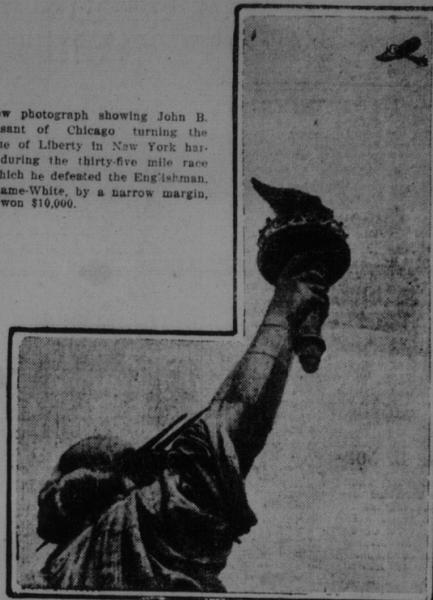

The substitutes for the game will be Harold Murray and Balkan for back division, and Patterson for the forward line of the U. N. B. team. Pattillo and Logan are the Acadia spare.

Teams Will Line up as Follows.

Table listing player names and positions for U.N.B. and Acadia teams.

FLIRTING WITH MISS LIBERTY

New photograph showing John B. Moissant of Chicago, turning the Statue of Liberty in New York harbor during the thirty-five mile race in which he defeated the Englishman, Grahame-White, by a narrow margin, and won \$10,000.

FANS ARE BUSY PICKING ALL-AMERICAN BALL TEAM

The baseball fans are still sending in their favorites for positions on the All-American baseball team, says the Boston Post, and from the letters received it appears that Harry Lajoie and Eddie Collins are running a close race for the second base position. Both men have their supporters who are loud in their praises of their favorites, while the contest between Harry Lord and Frank Baker for third is daily increasing. Out of the first five letters received today, three pick Collins for second base, while Lajoie has two enthusiasts who claim he should have the position over the Athletic wonder. For third base, Baker has three and Lord and Devlin one each.

Here are some of the teams picked by Post readers: Catchers, Ainsmith, Archer; pitchers, Coombs, Mathewson, Mattern; 1b, Stahl; 2d, Collins; 3d, Devlin; s.s., Barry; lf, Stodgrass; cf, Speaker; rf, Campbell.

MATT HART, Rockland, Mass. Pitchers, Johnson, Rucker, Ford, Bender; catchers, Ainsmith, Gibson; 1b, Chase; 2d, Collins; s.s., Wagner; rf, Murphy; cf, Speaker; lf, Devore; manager, John McGraw.

30 Congress avenue, New Haven. Sporting Editor—Here is my selection for an All-American team: For first base no one can fill the position better than Hal Chase. For second base Larry Lajoie appears to have a shade on Eddie Collins just now. For third base Frank Baker. There does not appear to be anyone who covers short stop better than Honus Wagner.

In right field there is no one who has anything on the Georgia peach, Sherwood Magee, the champion batsman of the National League, has left field, while in centre the Texan, Speaker, the speediest outfielder in the game, would be my choice in an instant. For catcher, the never-failing Street, Pitchers, Mathewson, with his fade-away; Bender, with wonderful control; Johnson, the speediest in the game; Walsh, for his willingness to work; Ford, who looks promising in the limelight for the Yanks.

MILDRED WALLACE FREEMAN, 25 Butler street, Lawrence. Sporting Editor—Here is my all-star team: Kling and Street, catchers; pitchers, Mathewson, Walsh, Johnson; Chase, first base; Lajoie, second base; Hans Wagner, shortstop; Lord, third base; Magee, left field; Speaker, centre field; Cobb, right field.

FRED MCCARTHY, Rockland. Sporting Editor—Your team is a crackerjack. Still I would make a few changes. Archer has certainly got it on Graham or Street. Also add Ainsmith. He is a comer. An adding Mattern as he is a grand pitcher. Must give it to Lajoie at second, though Collins and Evers press him close. But would put Collins on third ahead of Baker or Lord.

For outfield would use Fred Clarke instead of Cobb. Wouldn't have Cobb at any price. Besides Chase and Cobb would never agree. I have seen every team in both leagues play this season, and believe me, the team following, consisting of catchers, Gibson, Archer, Ainsmith; pitchers, Mathewson, Walsh, Johnson, Mattern; first base, Chase; second base, "King" Lajoie; short stop, Hans Wagner; third base, Eddie Collins; outfield, Fred Clarke, Tris Speaker, Magee; manager, Fielder Jones; utility, Jack Collins, White Sox, infielder and outfielder, is an all-star winner.

Albany, N. Y. JAS. J. CALLANAN, Sporting Editor—Enclosed find my selection for the all-star team: Catchers, Street, Kling, Thomas; pitchers, Walsh, Johnson, Bender, Coombs; Jake Stahl, first base; Collins, second base; Heinie Wagner, shortstop; Baker, third base; Milan, left field; Tris Speaker, centre field; Ty Cobb right field.

RAYMOND A. HUBBARD, 30 West St., Braintree. My selections for the all-American baseball team are as follows: Catchers, Graham, Boston Nationals; Gibson, Pittsburg; Street, Washington; Pitchers, Johnson, Washington;

Walsh, Chicago Americans; Ford, New York Nationals; first base, Chase, New York Nationals; second base, Lajoie, Cleveland; shortstop, McBride, Washington; third base, Lord, Chicago Americans; left field, Cobb, Detroit; centre field, Speaker, Boston Americans; right field, Milan, Washington; manager, Hugh Jennings.

PHILIP A. HOLMES, Harvard Square, Cambridge.

I think that Graham of the Boston Nationals is a first class backstop, and for pitchers I would have Coombs of the Philadelphia Americans and Johnson of Washington. I would play Chase of the New York Americans on first base, Lajoie of Cleveland on second, Hans Wagner of Pittsburg at shortstop, Harry Lord of the Chicago Americans at third base, Bescher of Cincinnati in left field, Speaker of the Boston Americans in centre field and Cobb of Detroit in right field.

J. R. Hudson. My choice for an all-American baseball team would be as follows: Catchers, Gibson, Pittsburg; Kling, Chicago Nationals; Street, Washington; Pitchers, Mathewson, New York Nationals; Johnson, Washington; Coombs, Philadelphia Americans; Ford, New York Americans; first base, Chase, Chicago Nationals; second base, Evers, Chicago Nationals; third base, Lord, Chicago Americans; short stop, Bush, Detroit; left field, Milan, Washington; centre field, Speaker, Boston Americans; right field, Cobb, Detroit.

EARLE R. LEWIS, 638 Comley street, New Bedford. The Standard will publish any contributions which may be sent in picking an all around team.

JIM BARRY WILL MEET JEANNETTE

Boston, Mass., November 5.—Jim Barry is certainly getting every chance to make good. In spite of his poor showing against Porky Flynn he has been matched to meet Joe Jeannette at the Armory Club a week from next Tuesday.

Also it is said that Charley White, of New York will referee the contest between Barry and Jeannette, and it wouldn't be surprising if it was so, for three times before the Armory Club has named White to referee because out of town boxers demanded him.

WARRIOR'S CHAMPION CONVIDO PORT WINE

ROLLED 108 AT PORTLAND

Frank Hooper Made This Average in Two-Men Competition, but His Team Was Beaten Out After All.

For fast bowling the record of some of the Portland, Me., sports is recommended. The Argus tells of some fancy work as follows:—

The record smashing work of Fred Hooper featured the two men league game rolled at the Monument Square alleys Friday night and the veteran piled up the handsome five string total of 542 pins, just nine sticks better than the figure chalked up by Pride last week. Hooper was in gill edged form and in all except one of his five strings travelled way over the century mark.

In spite of Hooper's beautiful work his team lost to Kelley and Forbes by the odd string and total route. McPherson did not have the timbers falling right, but Kelley and Forbes were right there with the goods, rolling an exceedingly strong team game, and with both of these stars hitting better than a 500 clip, Hooper and McPherson were pretty fortunate to get away with a couple of points. Hooper's 124 single in his opening string was the top single figure of the season.

The Wanderers arrived here minus three men and three of Acadia's second team players substituted. Graham, Schaefer, Robertson and Goreham were the visitors shining lights. Those who excelled for Horton were Rider, Leeman, Porter and Captain McKean. Rev. H. T. Dewolf refereed impartially.

Table with bowling scores for various players.

INJURED PLAYER IS NO BETTER

Halifax, Nov. 6.—R. W. MacLellan, son of Postoffice Inspector MacLellan who was injured in the football game last Saturday between the Wanderers and Dalhousie, is still in a critical condition at the hospital and but little hopes are entertained for his recovery.

His body is paralyzed and his spinal cord is badly injured. On account of his condition, the leagues games have been cancelled for this year.

ANDERSON IS COMING SURE TO PROVINCES

Moncton, Nov. 5.—Definite word has been finally received from Sam Anderson, the world's champion middleweight wrestler. He will come to Moncton, and writes J. J. Sayre that he can be here on November 14th or any time after that date.

It is the intention to put Anderson on in several matches throughout New Brunswick and Nova Scotia. Two or three good men, possibly Klouis, Lewis and Sandy McLeod, will also be brought to the province to meet the champion. He will wrestle these men in Moncton, St. John, Amherst, Fredericton, etc. and as a grand finale he and McDonald will meet for the belt.

Football this season is far more of a sport than ever, not only through the pleasure it gives to thousands of spectators, by the opening up of the game, but also because of the noticeable lack of serious injuries and the fact that the game is no longer restricted to players in the very pink of condition. To show the possibilities of the game for those in condition, a picked team from the Harvard law school will play the Carlisle Indians on Nov. 16, in the stadium. A game of this sort was not even thought of under the old rules. The Harvard law eleven will be made up of players from Harvard, Yale, Princeton, Pennsylvania, Cornell and Lehigh.

MIDDIES WANT JOHN EVERS TO COACH THEM

Chicago, Nov. 3.—John Evers, second baseman of the Cubs, may coach the naval academy baseball team next spring. Evers received an offer today from Lieut. F. H. Poteet, in charge of baseball at the U. S. naval academy, asking him if he will come to Annapolis next spring and impart some of his baseball knowledge to the middies.

Acceptance would mean that Evers would have to leave his business in the early part of February and get leave of absence from manager Chance for the training trip and the first two weeks of the regular season. He will consult manager Chance to find out whether such a proposition would be acceptable to him before he makes up his mind regarding the coaching offer.

Evers is getting down to business every morning now as punctually as any of the great merchants of Chicago. He lies so far recovered from his accident that he can bear weight on his broken ankle without feeling pain. To hasten complete recovery, however, he is not yet attempting to walk without crutches.

VARSITY WINS CHAMPIONSHIP FOR 3RD TIME

Montreal, Nov. 5.—Intercollegiate football—st. Toronto—Varsity, 25; Queens, 9.

This win gave the championship to Varsity for the third consecutive season.

McGill, 20; Ottawa College, 0. Interprovincial:—Hamilton, 23; Montreal, 6. Ottawa, 23; Argos, 20.

YALE ELEVEN LOST TO BROWN

Blue With Weakest Team in History Downed by 21-0 Score--Princeton in Lead--Cornell Scores.

Saturday Results.  
At Haverford—Haverford, 5; Johns Hopkins, 15.

At Swarthmore—Swarthmore, 0; Ursinus, 6.  
At Washington—Carlisle, 22; Virginia, 6.  
At New Haven—Brown, 21; Yale, 0.

At Chicago—Chicago, 14; Purdue, 0.  
At West Point—Springfield T. S., 0; West Point, 5.  
At Princeton—Holy Cross, 0; Princeton, 7.  
At Hanover—Amherst, 3; Dartmouth, 17.  
Harvard 27, Cornell 5.

Harvard 27, Lafayette 0.  
Boston, Mass., Nov. 5.—The football season will close in the next two weeks, with several championship games on the schedule for Saturday. The different teams passed through the semi-finals yesterday and of the eastern colleges Princeton must be placed at the head.

The Tigers have rolled up a total of 98 points and their goal line has not been crossed.

In the game with Lafayette though, the orange and black was held to a field goal. Although Harvard was scored upon by Cornell yesterday, the power of the crimson is so manifest that good judges place the Cambridge eleven close to Princeton. The navy, which has not yet had the sensation of being scored upon, is given third in the Dartmouth is fourth and the army fifth.

The pleasure it gives to thousands of spectators, by the opening up of the game, but also because of the noticeable lack of serious injuries and the fact that the game is no longer restricted to players in the very pink of condition. To show the possibilities of the game for those in condition, a picked team from the Harvard law school will play the Carlisle Indians on Nov. 16, in the stadium. A game of this sort was not even thought of under the old rules. The Harvard law eleven will be made up of players from Harvard, Yale, Princeton, Pennsylvania, Cornell and Lehigh.

TO RETIRE SONOMA GIRL FROM TRACK

Sonoma Girl, the famous brown trotting mare, has been retired from the turf by her owner, Miss Lotta Crabtree, of Boston, Mass. The mare is now in the west under the care of "Dick" McMahon, and her last race, it is expected, will be at Phoenix, Ariz.

It is understood that with her retirement from the turf Sonoma Girl will pass from the ownership of Miss Crabtree to a leading stock farm.

PITTSBURG ROLLS UP A RECORD SCORE

Pittsburg, Pa., Nov. 6.—By its defeat of the University of West Virginia at football yesterday, by 28 to 0, the University of Pittsburg rolled up a total of 222 points this fall against its opponents' nothing. The Pittsburg team's followers claim this to be a record for the country thus far this year.

Montreal, Nov. 5.—Intercollegiate football—st. Toronto—Varsity, 25; Queens, 9.

This win gave the championship to Varsity for the third consecutive season.

McGill, 20; Ottawa College, 0. Interprovincial:—Hamilton, 23; Montreal, 6. Ottawa, 23; Argos, 20.

I. C. R. TEAM WINS FROM CANADIAN OIL

The I. C. R. bowlers took three points from the Canadian Oil Company team in the Commercial League game on Saturday night. Gillard was high man for the winners, with an average of 83, while McLellan, with an average of 86 1/3, led the losers. The following are the scores:—

Table with bowling scores for I.C.R. team.

400 411 429 1240  
Canadian Oil Company.  
Estabrooks ... 89 72 77-238 79-13  
Stewart ... 89 83 59-231 77  
McLellan ... 86 89 84-259 86-13  
Collins ... 70 66 70-206 68-23  
Brown ... 72 60 75-287 69

406 370 365 1141  
The C. P. R. team will play Emerson & Fisher's quintette tonight.

TO RETIRE SONOMA GIRL FROM TRACK

Sonoma Girl, the famous brown trotting mare, has been retired from the turf by her owner, Miss Lotta Crabtree, of Boston, Mass. The mare is now in the west under the care of "Dick" McMahon, and her last race, it is expected, will be at Phoenix, Ariz.

It is understood that with her retirement from the turf Sonoma Girl will pass from the ownership of Miss Crabtree to a leading stock farm.

RED CROSS GIN

MADE IN CANADA

Will protect you against colds, coughs and sudden exposure to variable weather, by means of the surplus of natural heat it generates in your organism.

It is a Canadian product for the use of Canadians in our Canadian climate. Fully matured under Government supervision.

Boivin, Wilson & Co., Agents

520 St. Paul Street, Montreal.

Shiloh's Cure

quickly stops colds, cures colds, heals the throat and lungs.

THE WEATHER.

Forecast for Maritime Provinces—Westerly winds, fair, much the same temperature.

Toronto, Nov. 6.—Snow and rain have fallen today in Ontario and Quebec but elsewhere in Canada the weather has been generally fair.

Washington, Nov. 6.—Fair weather spread over New England Sunday and it continued fair in the middle Atlantic states.

Forecast for New England: Fair Monday and Tuesday; light to moderate west winds.

AROUND THE CITY

Sale of Apples.

The apples exhibited at the fruit show by the provincial department of agriculture, will be sold this afternoon at St. Andrew's rink.

Repairs Needed.

The police report a dangerous hole on the corner of Brittain and Sydney streets, also in the sidewalk on Charlotte street extension.

Stone Church Bible Class.

Rev. G. A. Kuhring will open his men's Bible class for the winter months in St. John's Stone Church Sunday school room this evening. All men are invited.

Tampering With Fire Alarm.

Some person broke the glass which protects the key on fire alarm box 38 on Carmarthen street Saturday night, and the police have reported the matter.

Teamster Reported.

Acting-Sergeant Finley has reported Harry Morrell for driving a horse at a faster speed than a walk over the crossing on the corner of Mill and Main streets on Saturday last.

Johnston Lodge.

Johnston L. O. N. No. 24, will hold their regular meeting this evening in the Orange Hall, Germain street, when the fair committee will report. A large attendance is expected. The committee will meet at 7.30 o'clock.

County Master's Gift.

J. B. M. Baxter, County Master, has presented to True Blue Lodge No. 11, a handsome silk Union Jack. The gift was used in the parade yesterday morning and is highly prized by the members of the lodge.

Badminton Club.

The Badminton Club met on Saturday afternoon in the Drill Hall, Fort Howe. There was a large attendance of the members as it was the first meet of the season. Games were played and refreshments served. The affair was highly enjoyed.

Boston Steamer Late.

The storm which enveloped Boston and New England last Friday was very severe. The wind was from the northeast and its velocity reached 50 miles an hour. The steamer Austin did not leave Boston until Saturday morning, arriving here yesterday afternoon at 5.40 o'clock.

Annual Meeting.

The annual meeting of the New Brunswick Association for the Prevention of Tuberculosis, will be held in the board of trade rooms on Tuesday, Nov. 15th. The programme, which will consist of speeches and the report of the association for the past year, will be definitely announced later.

Going West.

R. Hunter Parsons of the West End will leave for the west in about three weeks. Yesterday he tendered his resignation as superintendent of Ludlow street Baptist Sunday school and it was accepted with much regret. He is a young man with a host of friends and has been an earnest worker in the Ludlow street Baptist church.

Boy Scouts Active.

The boy scouts were out on Saturday afternoon and worked earnestly in their drill. The boys have taken hold of their work in earnest and the energy that is being displayed by the different patrols in the city is being highly commented on by the military officials who are very much interested in the work.

Gospel Temperance Meeting.

Rev. H. R. Read, pastor of the Carleton Methodist church, spoke on Temperance before a large meeting held in the hall of Granite Rock Division, S. of T. last evening. E. S. Hennigar, G. W. P., presided. Gospel hymns were sung with great enthusiasm, and at the close of the lecture Mr. Read was accorded a hearty vote of thanks.

Dr. S. P. Reynolds' Est.

At St. Andrews on Friday, before M. N. Cockburn, K. C., judge of probate for Charlotte county, letters of administration were granted in the estate of the late Dr. S. P. Reynolds, of Lepreaux. His widow was appointed administratrix. The estate is valued at \$13,929, some of which is personality. Edward P. Raymond, of this city, was the proctor.

Memorial Service.

The service at the Victoria street Baptist church last evening, took the form of a memorial service for the late Norris Vanwart, who was for some years superintendent of the church Bible school. The pastor, Rev. B. H. Nobles, preached an eloquent sermon from the text of Isaiah 40:1—"Comfort ye, comfort ye my people, saith your God." He referred in feeling terms to Mr. Vanwart's long connection with the church, his work on its behalf, and his labors in many lines of religious activity. The service was well attended.

PERSONAL.

G. S. Mayes has returned from Montreal. Miss Mabel Drake has returned after attending the Western Hospital, Montreal, where she successfully graduated as a first class nurse. Rev. I. N. Parker became unconquered at the General Public Hospital yesterday afternoon and his condition is very critical. He had not improved at 3 o'clock this morning.

HUNDREDS DEPLORE PLIGHT OF PIGEON

Bird Caught in Telephone Wire in Front of Custom House While Crowds Gathered—Released by Official.

The north side of the customs house provided the stage setting for a pitiable episode in the life of a pigeon Saturday afternoon. By some means the bird had been caught by the foot in a string hanging out of a third story window and leading over one of the telephone wires, and was suspended head down, beating its wings in a vain effort to escape, while its mate fluttered around in a great state of agitation.

Scores of people gathered on Prince William street, and many seemed much exercised over the plight of the bird. Some entered the custom house in the hope of rescuing the pigeon, but most of the offices were closed and it was found impossible to reach the right window.

MANY INTERESTED IN ELDER-DEMPSTER LINE

Labor Men Who Will Oppose Closing of No. 5 Berth Have Strong Arguments to Make to Council.

The officials of the trades and labor council which adopted a resolution at its last meeting calling upon the city council to keep one berth open on the West Side, say that it is not only the longshoremen's union but other trades as well that are interested in giving the Elder-Dempster Co. their demand for an open berth. They say that the Elder-Dempster boats leave a great deal of money here as they purchase coal and supplies for the long voyage to South Africa and undergo a thorough overhauling while here giving employment to a large number of mechanics. They also pay off their crews here.

TEMPLE FAIR CLOSED SATURDAY EVENING

Large Attendance Continued Up to the Last—Long List of Prize-Winners on Final Night—Some Uncalled for.

The Temple fair closed on Saturday night and was pronounced a grand success. It was a large undertaking but with active committees in charge every part of the fair was a financial success.

On Saturday night there was a large attendance. The shooting gallery prize, a jack knife, was won by Marshall Armstrong. The rifle, valued at \$20, was won by S. Hansona. The prize of an umbrella on the bean board competition was won by E. M. Blackwood. The ladies prize, a hand bag, was won by Mrs. J. Miller. A bottle of perfume, the prize for the ping pong game, was won by W. Perrie. Dr. W. F. Roberts won the three pin prize, a comb and brush. There were 3113 beans in a jar and a guess of \$100 made by Geo. Cameron being the nearest and he won the prize. A ham was the door prize, the lucky ticket being 2131. The prize was not called for by the owner. H. P. Connors guessed 469 cents in a jar and as he was nearest to the total of 465 he captured the prize.

30 POLIGEMEN AT SERGT. ROSS' FUNERAL

Chief Clark Took Charge of Arrangements at Request of Departed Officer—Former Pastor Conducts Services.

The funeral of Police Sergeant Jacob Ross, took place from his late home Rodney street, West End, yesterday afternoon, at 2.30 o'clock. Before the sergeant died he requested that Chief of Police Clark take charge of the funeral arrangements and he also asked that Rev. W. Ferguson, who was pastor of the Charlotte street United Baptist church, four years ago but now of Hartland, N. B., be present. Mr. Ferguson conducted the services and was assisted by Rev. W. R. Robinson, of the Ludlow street Baptist church and Rev. J. Hanev, of the Carleton Methodist church. The choir of the Charlotte street church sang during the service in the home.

Chief Clark was present with about 30 of his officers. The remains were carried from the home by police sergeants who acted as pallbearers. These were Sergeants Kilpatrick, Hastings, Campbell, Cables, Baxter and Acting Sergeant Scott. The citizens from all parts of the city assembled in hundreds and the funeral procession which was headed by the police was one of the largest seen in the West End for some time. The remains were interred in Fernhill.

ARGUMENTS AGAINST SALE OF PULP MILL

Mayor Frink and Number of Aldermen Opposed to Granting Option for Purchase at \$30,000.

The session of the Common Council this afternoon will probably be a lively one. Among the matters coming up is a recommendation from the water and sewerage board to lease the Mispic mill to Stetson, Cutler & Co. for \$2,500 a year with the option of purchasing it for \$30,000. Although most of the aldermen are in favor of leasing the mill, if the lessees will engage to keep it in operation, the Mayor and a strong contingent are totally opposed to selling the mill on the terms proposed.

They say that if the city is ever going into the business of supplying electric power for manufacturing purposes it will need the site of the mill, as it offers the best place for developing water power in the vicinity. It is pointed out that the mill was kept in operation by water power for nine months in the year before the storage dams were built, and that even with a greatly increased water consumption considerable power could be developed practically the year round.

It is also recalled that the chairman of the Conservation Commission told the Forestry Convention at Fredericton last winter that American capitalists would soon be coming to New Brunswick to establish pulp mills, and that the city, if it did not want the site of the pulp mill might as well hold on to it till it can get back a fair share of the price it paid for it. They add that if Mr. Cutler wants the mill for the purpose of operating it, and not in the hope of being able to sell it at profit, he would be content with a lease.

REV. DR. W. D. RAYMOND SOUNDS WARNING NOTE

"Latin Christianity" Fails To Enlighten Countries Where It Holds Sway—The Danger In Canada.

Rev. Dr. Raymond delivered an impressive sermon to a large congregation in St. Mary's church last night on the text "Honor all men; love the brotherhood; fear God; honor the king." He said in part:— "Nations, like individuals, have critical epochs in their development. Such was the epoch of the 'gunpowder treason plot' of 1605. We have reason to love our country and to thank God that we live under a constitution which perhaps better than any other the world has ever seen, protects the natural rights of man. There is no provision for despotism. The ideal is that of equal rights to all and special privileges to none. What in some respects we have not attained our ideal, it is worthy of note that more and more, equality of opportunity is offered in our Canadian land. Education is within the reach of all. There are no class barriers in the way of progress that may not be overcome by those who have ability and energy. Wherever the Union Jack floats men find liberty of conscience as well as freedom.

Known by Its Fruits. The preacher dealt with the reformer's period, and claimed that it had won for after generations blessings untold. The Saviour Himself taught that the tree is known by its fruits. If we look abroad in the world today and judge of things by this criterion, we may well inquire, he said, what has Latin Christianity done for the development of those countries where it reigns supreme? What has it done for the enlightenment of the people of Mexico, or of South America or of Spain, or of Portugal or even of Italy?

The preacher regarded the utterances of some of the leaders in the recent Eucharistic Congress at Montreal as practically saying to us in Canada, "Give into our hands the moulding of the destiny of this country and see what we will make of it." Side by side with the audacity of the claims of Pather Vaughan and his uncharitable utterances, we find a spirit growing up in a neighboring province of the Dominion which wants to claim the protection of the Union Jack and the advantages that flow from British connection and at the same time repudiate the responsibilities of British citizenship. We cannot have in this country an "Imperium in imperio." It is not in accord with "love the brotherhood; honor the King; and fear God." The province of Quebec to which the preacher here alluded had led him to sound a note of warning and he concluded with an earnest appeal to his hearers to be loyal to their convictions, ready to sacrifice everything at the call of duty, yet at the same time to remember the words of St. Paul, "If it be possible as much as lieth in you live peaceably with all men."

DRUMMOND-ARTHABASKA.

Hey, what shocked that terrific jar, Hey, that shocked the steadfast Times and Star, And drove the Telegraph to prayer, And made the dredgers ramp and swear, And turn quite sallow? What tumult spreads thro' old Quebec, A potent dire of wrath and wreck? The Nationalists, the rampant Reds, Have torn to atoms, blown to shreds, Sir Wilfrid's halo. Uplifted in a mighty age When Empire building was the rage He took occasion by the hand, And left her naked on the strand, Nursing some child boats. He sought his people, to divide Rather than trust their loyal pride, And where he sowed dissonance's seed He harvests now at bitter need, A crop of wild oats. —The Old Reporter. You can't fool her, "Othello" chocolates are the right kind. At White's, King street.

Painless Dentistry. Teeth filled or extracted free of pain by the celebrated "HALE METHOD." All branches of dental work done in the most skillful manner. Boston Dental Parlors. 527 Main St., Tel 563. DR. J. D. MAHER, Proprietor.
