## CLAIMS BRITISH THE AGGRESSORS

### In the Present Condition of Affairs in Ireland — Irish Declared to be Willing to Make Peace.

Washington, July 28.—Failure of the United States to recognize the Irish Republic was characterized as disregard of the principles of self-determination by President DeValera of the Irish Republic in an address made here recently at a reception in honor of Archbishop Daniel Mannix. Mr. DeValera said that any other course was merely inciting England to crush Ireland forever.

"No American should fail to realize that the British are the aggressors in this fight," said Mr. DeValera. "The Irish people alone have a right to rule Ireland, but the British persist in attempting to force their usurpation on the people with the bayonets of an army of occupation."

"The Irish people have time after time, as a matter of fact, shown themselves ready to lay byones byones. We have been ready always and are ready now to sign a permanent peace between the two nations. Let Lloyd George appoint his plenipotentiaries, the government of the Republic of Ireland is ready to appoint its representatives."

"I have already indicated my belief that the Irish people would be willing to relieve British anxiety about the future in so far as that anxiety is legitimate or genuine by agreeing to a stipulation such as that of the first article in the Platt amendment. I would have no hesitation myself in recommending such a course to the Irish people, and if a peace were signed on such terms I would gladly devote myself to the fostering of some good relations between Ireland and Britain as exist between Ireland and the rest of the world."

"The truth is that the British Government does not want peace in Ireland, or with Ireland, except on terms which no real Irishman will accept on the basis of Ireland's subjugation as a mere province of Britain."

"The Irish people have proclaimed their independence, have established a republic, and mean to maintain it. Peace will only come when the last British soldier is removed from Ireland, and when Britain is ready to treat with Ireland as a separate and independent national state."

"Already the republican government of Ireland has beaten the British in three-fourths of Ireland—Lloyd-George admits it; Sir Edward Carson admits it."

"The nations that refuse government recognition of the government of Ireland are not only disregarding the principle of self-determination, but are in effect inciting Britain, saying to her go—use every means to recover your control in Ireland; we stand behind you, and give you a license to crush liberty there."

## HON. DR. TOLMIE TO BE SWORN IN

### On Friday on His Return from West—Premier off to Portage La Prairie.

Ottawa, July 28.—The last of the Meighen cabinet ministers to be sworn in, Dr. S. F. Tolmie, head of the Agricultural Department, will take the oath of office Friday morning on his return from the West where he has been attending two stock exhibitions. Hon. Arthur Meighen is scheduled to leave for Portage La Prairie at midnight Friday, to be the guest of honor at a public reception on Monday to commemorate his election to the premiership.

Melbourne, July 28.—Because of the beneficial rains in the Commonwealth during the past six weeks, crop prospects in all the rural districts are considered excellent. It is expected Australia will have an exportable wheat surplus this year.

## LABOR PARTY OF U. S. IS NOT PARTISAN

### Gompers Claims it Will Support Those Favorable to it No Matter Which Political Camp They Are in.

Copyright, 1920, by Public Ledger Co.

Washington, July 28.—Efforts of Democratic politicians to capitalize what they believe to be favorable labor sentiment came to naught today with the publication in the American Federationist, official organ of the American Federation of Labor, of an editorial by Samuel Gompers, in which he said: "There is no labor vote to be delivered and there is no labor partnership to any political party."

Specifically Mr. Gompers in his editorial deals with the fight which labor is making to return to the House only those men that are to be considered the friends of organized labor. In discussing the national campaign he indulges in generalities for the most part, and calls upon the workers of the country to use their own judgment.

"The masses of the working people of the nation understand the great issue that faces them," says the editorial. "The one supreme issue is whether liberty shall live. Proffering the right of free speech and free press, the despotic use of the injunction—all of these are manifestations of the same determination, the same drive to crowd labor back from the road of progress and to take out of millions of homes that light which has come into them as the harbinger of a higher and better civilization."

"Politicians who fear retribution at the hands of an outraged electorate have made the charge that labor in some cases has abandoned its non-partisanship and has become partisan. But in no sense is this true. There is no labor vote to be delivered and there is no labor partnership to any political party. There is, however, a vote of working men and women and of those citizens generally who are forward looking and who are determined to guard the principles of freedom and justice, who will vote more untidily than ever before for the retirement of those who have betrayed the trust placed in them and for the election of those whose principles and records indicate that they may be trusted to uphold the rights of the people in public office."

"Let America make no mistake about what is involved in this campaign. Let no man nor woman take emergency Great Britain and America can be on opposing sides. Those conceptions of justice and liberty are the breath of life for both, while they prevail, both nations will endure; if they perish, both nations will die. These were Lincoln's inheritance."

In his reply Mr. Lloyd George said that on behalf of the people of the British Empire he accepted with gratitude the status of a great man. The Premier spoke of the pride and affection with which Lincoln was regarded here, and added:

"May I be permitted to say, that this torn and bleeding car is calling today for the help of the America of Abraham Lincoln's days."

## REVISED RETURNS FROM NOVA SCOTIA

### Show That a Conservative Beat Premier Murray in Richmond—Latter Can Sit for Victoria, However.

Sydney, N. S., July 28.—Revised returns from Richmond County show that Conservatives elected. Macdonald had a majority of 159. Leblanc a majority over Murray of 64, over Doveau 83.

Halifax, N. S., July 28.—Hon. R. M. McCreger a supporter of the Murray Government whose seat has been in doubt, is elected in Pictou County by a majority of thirty-five. The complete returns for the county are: Graham, 6,580; McDonald, 6,255; McCreger, 6,060; Fraser, 6,025; McKay, 5,968; Bell, 4,407; Mrs. Donaldson, 2,927.

The Liberals having lost a seat in Richmond County, the government's majority is unchanged.

## POLES RETREAT ON ENTIRE FRONT

### Warsaw, July 27.—The Polish retreat continues along the entire front according to latest news on the fighting operations received here.

Reports from Bolshevik sources indicate that the Bolsheviks intend to occupy Byvalki, 50 miles North West of Grodno, and Bialystok, 42 miles South West of Grodno, before the beginning of the armistice negotiations set for Friday. The Bolsheviks now are within ten miles of Bialystok.

## WHEAT SUPPLIES.

Washington, July 28.—Wheat from last year's crop carried over into 1920 totalled 309,318,700 bushels on July 1 compared with 48,561,000 bushels of the 1918 crop, said an announcement today by the Department of Agriculture.

## COMMISSION ACTS.

## DOMINION HOME RULE FOR IRELAND?

### This Proposition Now Being Put Forward Afresh, But Nationalists Are Opposed to it.

Dublin, July 28.—Renewed activity is apparent in Irish political circles favoring Dominion Home rule as a satisfactory settlement. In addition to Sir Horace Plunkett's Dominion League which makes a new appeal for funds, many Irishmen of all parties are prompted by Mr. Lloyd George's recent announcements to press forward a plan different from the Dominion League's plan by agreeing to allow the Ulster counties to vote themselves out.

Nationalists hitherto violently opposed to this course, as being a partition of Ireland have come around to favor it and have the support of the Freeman's Journal which in recent months under a new proprietorship could not be distinguished from the Sinn Fein organs.

Stimulated by recent developments in Russia, where the Christian co-operating with the Bolsheviks in order to realize the aim of Russian imperialism, secret negotiations once more are afoot between the Prussian military and Spartacists with the object of establishing a military despotism based on the soviet system in Germany.

## STATUE OF LINCOLN GIVEN GREAT BRITAIN

### Elihu Root on Behalf of American People Makes Presentation—Lloyd George Replies.

London, July 28.—Elihu Root, former United States Secretary of State, today formally presented to the British people the Saint Gaudens statue of Lincoln in Charing Square as a gift from the United States, and later the statue was unveiled.

Premier Lloyd George abandoned pressing official business to deliver the words of acceptance. The presentation was made in the presence of a distinguished audience in the central hall of Westminster with Viscount Bryce, former British Ambassador to the United States presiding. The event was widely heralded in the British press as further cementing Anglo-American friendship.

In his address, Mr. Root said: "It is the identical fundamental conceptions in both countries which make it impossible that in any great world emergency Great Britain and America can be on opposing sides. Those conceptions of justice and liberty are the breath of life for both, while they prevail, both nations will endure; if they perish, both nations will die. These were Lincoln's inheritance."

In his reply Mr. Lloyd George said that on behalf of the people of the British Empire he accepted with gratitude the status of a great man. The Premier spoke of the pride and affection with which Lincoln was regarded here, and added:

"May I be permitted to say, that this torn and bleeding car is calling today for the help of the America of Abraham Lincoln's days."

## LORD BURNHAM WIRES PREMIER

### Message of Thanks for Cordial Welcome to Press Delegates.

Ottawa, July 28.—By Canadian Press)—The Prime Minister has received the following telegram from Lord Burnham, who is at the head of the Imperial Press Conference party, which reached Sydney, N. S. yesterday.

"On behalf of all the delegates of the Imperial Press, now arrived in Canada, I warmly thank you for your inspiring message of welcome and wish to express how cordially we accept your invitation to see for ourselves the power and potentiality of the Dominion. We are looking forward to the honor of meeting you at Montreal."

## TWO YEARS FOR WOULD-BE FORGER

Moncton, N. B., July 28.—Fred Baucher, aged 19 years, was sentenced by County Court Judge Bennett, today, to two years in Dorchester penitentiary, for forging a check for \$100, which he had cashed at a bank in Moncton.

On the charge of forgery, Baucher was arrested in Sackville a few days ago, charged with attempting to pass a forged cheque amounting to \$89 and carrying the signature of H. C. Anderson, a harness maker of Amherst, N. S. The trial took place under the speedy trials act.

## NO CONNECTION WITH STOCKBROKING FIRM

Montreal, July 28.—It was announced today that the financial and investment house of Thornton Davidson and Company, being an entirely independent to the stock exchange firm, the former was not involved in any way with the latter's suspension and would be operated as before without change of interest or in the personnel of its executive.

## LACK OF OIL.

Gary, Ind., July 28.—Thousands of gallons of fuel oil are being rushed to Gary's steel plants today to avert paralysis of industry here, which threatens to throw many thousands of men into idleness. It was stated by officials of the companies affected.

Painted stockings are said to be popular this season. Not one "bliss" in the lot, we wager.

## POSSIBILITY OF REVOLUTION IN GERMANY SOON

### Reds and Monarchists Working Together to Overthrow Government and Join With Russia.

## MILITARY PARTY IS STRONGER THAN EVER

### Germany Has No Real Fear of Bolshevik Invasion as Their Army Under German Influence.

Copyright, 1920, by Public Ledger Co.

Geneva, July 28.—While Germany has officially proclaimed its neutrality in the war between the Bolsheviks and Poland, it is certain that great pressure is being brought to bear on the Berlin government by both the nationalists and radical extremists in favor of an unqualified alliance with Russia against the Allies.

Stimulated by recent developments in Russia, where the Christian co-operating with the Bolsheviks in order to realize the aim of Russian imperialism, secret negotiations once more are afoot between the Prussian military and Spartacists with the object of establishing a military despotism based on the soviet system in Germany.

Your correspondent was privileged to see a report on the German internal situation addressed to an important Italian firm by its representatives in Berlin. As is often the case with commercial reports, it probably reflects the actual state of affairs with greater accuracy than the ordinary kind of "information" obtained through the usual channels of diplomacy. The representative in question warns his firm against concluding big business contracts with Germany at present, as another revolution seems imminent.

He states that the militarist party is stronger than ever and has the full support of the middle classes and of the business circles. His real chief is General Hoffman, whose relations with the Bolshevik dictators date from the days of Brest-Litovsk. In order to win the workers over to their side and facilitate an immediate military alliance with Russia, General Hoffman and his followers are prepared to introduce an ostensible "soviet system" in Germany. With the united German and Russian armies, they hope first to vanquish the Allies and later suppress Bolshevism, and re-establish monarchism in both Germany and Russia. Such is the gist of the Italian business man's report.

It will be remembered that Doctor Kapp attempted, without success, to conclude an agreement with the German Reds. Since then his plans have been matured, and he has gathered all classes of Germans and filled their hearts with fantastic hopes of yet turning their defeat into a victory. In the Bavarian Parliament the Communist Party was cheered loudly by the conservatives when he declared that Germany's only hope of salvation lies in a union with Russia.

It is altogether probable that President Ebert and moderate German statesmen like Doctor Simons are not party to these sinister schemes, whose realization would infallibly plunge Europe into a new war. But General Hoffman has his agents in the Berlin government, which at best is weak and terrorized by desperadoes of the Right and Left. Their influence is revealed by the German Government's request to be allowed to concentrate troops on Germany's eastern frontier to "ward off the Bolshevik menace" and its simultaneous refusal to allow supplies for the Polish army to pass through German territory or to deliver German war material due to the Allies, under the terms of the peace treaty, to the hard-pressed Poles.

Your correspondent is able to state positively on the strength of reliable information that the German fears of a Bolshevik invasion are fictitious. The Red armies might after overwhelming Poland, invade Hungary or Czechoslovakia, but they in all circumstances would be scrupulously excluded from Germany, and the German Government would be ready to fight them.

## ATTEMPTED TO HANG HIMSELF

### Inmate of Moncton Gaol Nearly Succeeded in Strangling Himself.

Moncton, July 28.—Alph DeJone who claims to hail from Shelburne in an unsuccessful attempt to end his life in the local jail here this evening by hanging. DeJone was picked up by the local police a few days ago while wandering about the streets. In his attempt to end his life DeJone tore his sweater into strips and suspended the improvised rope from the bars of his cell. When found by an officer he was nearly strangled. Medical attention was given him and DeJone finally recovered consciousness.

## C. P. R. EARNINGS.

Montreal, July 28.—Canadian Pacific Railway earnings for month of June, 1920, earnings \$16,480,574.56. Expenses \$13,849,767.00. Net \$2,630,807.56. Decrease \$359,693.54. Increase \$50,000.

## SHAMROCK NOW ON THE HUDSON

### Her Future Undecided—Offers to Buy Her Have Been Made by Several Yachtsmen.

New York, July 28.—Shamrock IV, the defeated cup challenger left Sandy Hook shortly after noon today for an anchorage in the Hudson River. The crew of Shamrock accompanied the yacht in the house boat Killarney, which has been their home during the regatta. The challenger was still flying her little green flag, and passing steamers gave her almost a continuous gratification of whistle salutes as she passed up the harbor.

Sir Thomas Lipton, owner of Shamrock, said today that he had not made up his mind what he would do with the racer and the trial boat, the 23 meter Shamrock. It is understood that he has received offers for both yachts from United States yachtsmen. "The crew of the challenger will be sent home on the first available ship," Sir Thomas said, adding "those boys have wives and little ones whom they are anxious to see."

## DOUBLE MURDER AT TEMISKAMING

### Victims Being Two Russians—Search for Clues Proved Problem So Far.

Ottawa, July 28.—A double murder in which the victims, two Russian people were shot as they lay prone on the ground after being beaten into a state of insensibility has been brought to light at Temiskaming, Quebec, following an investigation by provincial detective and an enquiry conducted by R. T. B. Davies, coroner of Hull district, at the request of the Quebec provincial Attorney-General's Department. The victims, A. Kustman, 24 years, and T. Kolodricky, 30 years were done to death last Friday afternoon, in the woods near Temiskaming, a short distance from the pulp and paper plant of the Riorion Company.

A thorough search which has been conducted since last Saturday afternoon, when Fire Ranger William Hemmings made the gruesome discovery while on his rounds, has failed to reveal the identity of the murderer or murderers, or bring about their arrest. Kustman was seen by his brother in company with two companions whose names he did not know, a few hours before the double murder was committed.

## THE ASSAULT ON THE PROHIBITION INSPECTORS

### Only One of Assaults Has Been Arrested, Another is at Large—Many Mixed up in Affair.

Moncton, N. B., July 28.—Oscar Galant, a young man, of Beauceche, Kent County, arrested this afternoon, charged with assaulting prohibition inspector Coats, was brought before Magistrate LeBlanc at Beauceche and released on bail this evening. His arrest followed investigation by Chief Rideout of Moncton. Coats was severely injured being stoned and being sicked in the face and body. A warrant was sworn out for M. Savois, and his arrest is expected tomorrow. In the running fight between the inspectors, his assistants, with the crowd in attendance at a wedding celebration, it is reported that several revolver shots were exchanged.

A crowd of between 50 and 100 men were mixed up in the affair, but Galant and Savois are the only two that can be identified.

## VILLA DECIDED TO SURRENDER

### Noted Bandit Leader Throws up the Sponge and Will Return to "Private" Life.

Eagle Pass, Tex., July 28.—Francisco Villa, bandit leader, surrendered unconditionally after an all night conference with General Eugene Martinez commanding the Torreon military zone, according to advices received by the Mexican consul here today. It is reported with celebrations being arranged.

Carl Hachelin, United States citizen, president of a brewery at Sackville, who had been held by Villa for ransom, has been released, the report added. Villa will return to private life, the message adds.

## DISASTROUS FIRE; DAMAGE \$50,000

Quebec, July 28.—In a fire at St. Julien, Dorchester County, 15th Saturday, news of which reached here today, the public hall in which were the offices of La Casse Populaire were located was destroyed as were also the residences of Mr. P. Gaudin and Mr. J. Labbe. The loss is estimated at \$50,000.

## GERMAN GUNS AT BUCKINGHAM PALACE

London, July 28.—(Canadian Press)—Two captured German 77 mm. field pieces were recently placed in the grounds of Buckingham Palace, and two 105 mm. guns on the terrace at Windsor Castle, by the command of H. M. King George V.

All the captured enemy guns suitable for issue have now been allocated and no further applications for such trophies are being considered. Some 100,000 articles of enemy equipment have been distributed in Great Britain, the Dominions, and India, it was announced.

## EARTHQUAKE SHOCK.

Los Angeles, Cal., July 28.—A light earthquake shock was felt here at 11:26 o'clock this morning.

## STAMPAGE FEES NOW INCREASED

### The Rate for Spruce is Now Put at \$5 per M., Other Logs Go up in Rate Proportionately.

Fredericton July 28.—The Royal Gazette today contains the announcement of the new stampage regulations for the crown lands of the province. The rate has been increased to \$5 per thousand feet with increases in other minor particulars.

The rate of stampage for the ensuing year and that for last year are as follows: Spruce, pine and hemlock saw logs, per M. superficial feet—1920-21, \$5; 1919-20, \$6.50. Hardwood timber, up to an average of fourteen inches square, per ton—1920-21, \$1.50; 1919-20, \$1.10. Hardwood timber, about fourteen inches, additional per inch per ton, 1920-21, 10c; 1919-20, 10c. Hardwood logs per M. superficial feet—1920-21, \$1.25; 1919-20, \$1.25. Pine timber, up to fourteen inches square, per ton—1920-21, \$3; 1919-20, \$2. Pine timber, additional per inch per ton—1920-21, fifty cents; 1919-20, fifty cents. Hemlock timber, per ton—1920-21, \$1; 1919-20, \$1. Spruce timber per ton—1920-21, \$2; 1919-20, \$1.50. Cedar logs, per M.—1920-21, \$5; 1919-20, \$3.50. Railway ties, eight feet length, each—1920-21, seventeen cents; 1919-21, twelve cents. Hemlock logs per M. superficial feet, including bark—1920-21, \$4.50; 1919-20, \$5. White birch, for spool wood, per cord—1920-21, \$1; 1919-20, six-fifty cents. White birch logs, for spool wood, per M. superficial feet, 1920-21, \$2; 1919-20, \$1.25. Fir logs, per M. superficial feet—1920-21, \$4.50; 1919-20, \$5. Poplar logs, per M. superficial feet—1920-21, \$4.00; 1919-20, \$2. The penalty has been increased from \$7.50 to \$10 per thousand feet on lumber left in the woods contrary to regulations and on logs seized for cutting beyond licensed limits or on unlicensed land. Railway ties must pay twenty-five cents each as penalty if cut beyond licensed limits or on unlicensed land or if the mark for the ties has not been furnished to the department. An increase from \$7.50 to \$10 per thousand has been made in the penalty on spruce or pine used as skids when other varieties of timber are available, also on trees left unguarded in the woods. The fee for assignment has been increased from \$4 to \$20. Double stampage is to be imposed on logs cut and delivered on a stream or lake where they are liable to float down before being sealed by a government scaler.

## LOT OF TROUBLE STILL IN IRELAND

### Food Trains Held up and People Starve—Resolution Regarding Catholic Workers.

Belfast, July 29.—Donegal this morning was making frantic telephone appeals to Londonderry for food supplies. This, however, could not be done, and because train crews refused to move trains with military on board and the military insisted on occupying the trains.

Cork, July 28.—Constable Murray was shot in the main street of Coning in the morning.

Belfast, July 28.—The Unionist workers at a meeting today at Balmbroney, County Down, decided as a result of an appeal from the local clergy to modify the drastic attitude they previously had taken regarding Catholic workers. Balmbroney was the native town of Colonel Smythe, divisional commander of the Royal Irish Constabulary in Munster, whose assassination recently in Cork gave rise to serious trouble between the Unionists and Sinn Feiners in Balmbroney.

The Unionist workers today passed a resolution that well-known members of the Sinn Fein society should be excluded from all works, but that Roman Catholics who agreed to sign a declaration that they were not members of the society and did not support or sympathize with it would be allowed to resume their labors. The resolution added that committees would be appointed to insure the enforcing of the resolution.

Victoria Times: The result of the contests shows that Premier Murray has lost virtually no strength since his last appeal to the people, reflecting an exceedingly rare political condition of the exceptional times, and one which speaks volumes for the efficiency and integrity of the Murray administration and the unvarying confidence the electors have placed in it.

Montreal Herald: No evidence of particular strength was developed by the Farmers outside the purely agricultural counties nor by Labor outside the coal mining counties. Both apparently represent an amission of their courage to be represented in the House of Assembly rather than hostility to the government and will be as likely to vote with the administration as against it as no issues concerning either farming or mining are at all likely to arise.

Vancouver World: The expected, almost the inevitable, has occurred in Nova Scotia. Even the agrarians, so successful elsewhere have tried in vain to terminate Premier Murray's ancient solitary reign of about a quarter of a century. That after all these years of criticism should be without effect even of reducing his majority, is a remarkable tribute to Mr. Murray.

## COMMENTS ON THE RESULTS IN NOVA SCOTIA

### Press in Various Parts of the Dominion Show No Surprise on Account of THE GOVERNMENT BEING SUSTAINED

## Now Declared That Premier Murray Will Shortly Retire, But Both His Proposed Successors Met With Defeat.

Sydney, July 29.—The Sydney Post "As it is the people must, for the time being, accept and make the most of the existing situation. The outlook is not inspiring. Premier Murray will shortly relinquish the Premiership. His two chief underlings for succession, that is, Messrs. Armstrong and Ralston, have gone down to defeat and will not be members of the new House of Assembly. In Mr. Armstrong, though a man of very modest capacity and attainments, the people have had more confidence than in any of the remaining members of the executive. It would be humiliating to self-respecting Nova Scotians to see either Mr. Daniels or Mr. Wickwire elevated to the honorable position of Prime Minister of the province. The Murray Government has been returned with a weaker and less efficient personnel than ever."

Calgary, July 28.—Commenting on the result of the Nova Scotia elections the Calgary Herald says: "The Murray government has been returned to power in Nova Scotia with two less supporters than it had in the last legislature. There was no special reason why the Murray Government should have been defeated, and being a sensible minded lot, the blue-eyes left it where it was."

Prince Albert Herald: "Election results in Nova Scotia suggest that the Eastern portions of Canada are probably less affected by the spirit of unrest than other parts of the Dominion. It is apparent, however, that labor and the farmers are making headway in the task of securing a foothold where the laws are made. No one should have serious objection to that because this element of the population has had an adequate representation, in a time when so many governments are going down before the unrest that marks the times, it is a remarkable tribute to Mr. Murray to be accorded such a sweeping victory. The Nova Scotia is not mercenary in its politics and the electorate, it is plain has not come to the point where it would turn out a government merely because it was the government."

Montreal Gazette: Coming after 20 elections in Ontario and Manitoba where the Farmer and Labor groups did better than their maritime fellow workers, the effect of the conditions shown will not make for the comfort of the older and still the greater parties. The Conservative Party has been almost destroyed in one province, it may be the Liberal party will suffer when next an electorate gives judgment on a local administration. The conditions, indeed, will make it harder for any government to maintain itself in power including that of Canada. A clear, strong policy, advanced in an effective way by capable and energetic men, may appeal to such a body of voters as will win approval against sectional and factional developments. Anything else cannot hope for success."

### CONDEMNS CERTAIN PARTS OF JONES' BILL

Some Sections of the American Shipping Act Declared to be Retaliatory and Discriminatory.

(The Associated Press.) London, July 25.—The Jones bill characterized as "America's bid for shipping supremacy" is denounced by the shipping expert of the Sunday Observer as "retaliatory and discriminatory."

... feeling of most bitter jealousy against our mercantile marine. These two countries are France and the United States. The writer declares that there is nothing to which foreigners can object in the principal provisions of the Jones bill except as it is intended to coordinate the transport functions of the United States with those of the countries of inland shipping, railways, ports and docks so as to form one immense undertaking to force American export and import trade into the hands of American ships. He says, however, that some of the clauses of the bill were intended to be discriminatory against Great Britain and Japan. Among these he mentions those which authorize preferential treatment to American vessels in American ports. The insurance provisions of the bill, he says, impose the most drastic forms of rebate, which are based absolutely upon the methods of the German insurance companies, against which America herself protested so bitterly previous to her entry into the war. These have been revised accordingly for the purpose of "winning every iota of business

transacted by foreign companies with a view to passing the same on to American concerns. The object of course is that, having this information the government may cost the American company entirely to assist British insurance. "In the same vein is the clause which waives in favor of American insurance companies to the Sherman anti-trust law. This is entirely on a par with the methods adopted by the Shipping Board during the war when it transferred the confidential information given to the Shipping Board solely for the purpose of the war was being used to enable American shipping to defeat British shipping after the war. "We in this country now know that we are to be faced with the most bitter competition for the supremacy of the seas which we have ever had to meet. We are in for a big fight, not before America can win the right she now create a national feeling for a mercantile marine. She must prepare to pay considerably higher freight and insurance rates on all the imports and exports and also must be willing to forego profits

### HON. MR. MEIGHEN HAS NOW PAID UP

And His Name Has Been Removed from Defaulting Taxpayers' List.

(Ottawa, July 25.—Hon. Arthur Meighen, Prime Minister of Canada, has removed his name from the "Might Be Sued" list at City Hall by the simple expedient of paying his civic income tax amounting to \$146.75. Recently when the corporation declared war on the civil servants who held they were not legally liable for the 1920 civic income tax, Hon. Mr. Meighen's name was included on the list of those who had failed to pay. This list includes several ministers, deputy ministers, supreme court justices and other prominent civil servants.

### AT THEIR OLD TRICKS.

Christiana, July 25.—A blacklist of German firms who are alleged to have broken contracts with Norwegian merchants is being prepared by the Christiania Chamber of Commerce and will be published as a warning to Norwegian to "be careful of closing deals in Germany." The Christiania Chamber of Commerce now has under consideration names of 70 German firms against whom complaints have been made that they broke contracts, principally because of an unfavorable rate of exchange. It is understood German chambers of commerce are co-operating with the Norwegians to force the German firms to fulfill their contracts.

The British contractor leader, Miss Christal Maclean, after a visit to Madrid, reports that the Spanish movement is making rapid progress. A number of women hold important positions with schools and newspapers, but as yet there are comparatively few physicians.

### Half a Pineapple For One Dessert

In Jilly-Jell desserts the fruit favors are abundant. For instance, half a pineapple is crushed to make the flavor for one pint dessert. This is done in Hawaii from fruit too ripe to eat. All Jilly-Jell fruit favors are made from condensed fruit juice. They come in liquid form—in vials—a bottle in each package. That is true of no other quick setting dessert. A few cents will serve a real-fruit dessert for six people. No artificial flavor, no saccharine. It is the most delicious fruit dessert available, and it comes in ten choice flavors.

THE NOVA SCOTIA RESULT.

There seems to be a remarkable unanimity of opinion among the Liberal newspapers of the country as to the probable effect of the recent polling in Nova Scotia on the prospects of the Conservative party in Canada. All these estimable journals seem to have arrived at the conclusion that the party is dead and buried, beyond all hope of resurrection.

And after all, what is the position of the Liberal party in Nova Scotia today? They have three fewer representatives now than they had in the last House, with all their loudly proclaimed victory, and two of the members of the Government went down to defeat.

The secret of the disaster to the Conservative party was their unpreparedness. They did not expect an election at this particular time, and they allowed themselves to be caught napping.

There is a lesson in all this for the Conservative party in this province. Within the next few months we shall have both Dominion and Provincial elections. Now, unless the Conservatives of New Brunswick wish to share the same fate as their friends in Nova Scotia, they should get busy, and proceed to get organized in every district in the province.

Since the foregoing was put in type, a despatch is to hand that states that Premier Murray, who was reported to be elected in Richmond, as well as in Victoria, was beaten in the former constituency by a Conservative, which gives the honor of being the only constituency to be represented by two Conservatives.

THE CHIEF INSPECTOR.

The Chief Inspector under the New Brunswick Prohibition Law is an emplaced in office for the purpose of fearlessly and impartially administering the law as it stands on the Statute books. The salary attached to that office must be regarded by the Government as commensurate with the position, for if the Government felt the amount paid the Chief Inspector too small, the salary, naturally, would be increased. But certainly no good end can be served by the Chief Inspector accepting a supplementary salary from persons interested in the application of this law.

If Mr. Wilson's presence is of such importance to the well-being of the Province of New Brunswick, then this Province should pay him a salary sufficient to retain his services, if the Province is not prepared to do so, then the obvious course is for Mr. Wilson

to accept a position in which he can do better for himself. But any arrangement whereby his salary is supplemented by an interested group destroys at once the belief which should exist in his fairness to all classes, and stamps him, not as an independent administrator of the law, but as a partisan whose activities should not be made a charge upon the people of New Brunswick.

QUESTIONABLE TASTE.

The Winnipeg Telegram has recently been rather unfortunate in its choice of language when dealing with British matters. It has decided to adopt the Hearst style in this regard. It is making a big success in some of its imitations of that master, but this is not a matter that will call for much congratulation.

On more than one occasion lately the Telegram has referred to the Empire Press delegation which is now touring this country, and the references which are made to the personnel of the visitors are scarcely such as will please the majority of Canadians. For instance the following: "A number of titled police court reporters will be amid the throng. One cub, the latest recruit to Fleet street Journalism, is the young Lord Apsey, who draws a fat weekly pay envelope from the Morning Post."

Another totally uncalculated remark is that two editorial writers of one of the London papers will not be able to get their titles in time. There are many other very smearing criticisms which are totally uncalculated, and are utterly unworthy of any newspaper having any pretensions to decency. The British press men are visiting this country to endeavor to learn something more of it, and to see for themselves what it has to offer. British capital has played a considerable part in helping to build up Canada in the past, and in view of the fact that there is still considerable room for further development, British capital should not be welcome. The visitors have it in their power to help along the investment of British capital here, but the attitude of the Telegram is scarcely likely to be an influence in that direction.

The writer of the particular article to which we are referring was probably also the writer of that in the issue of the Telegram of Saturday last on the subject "Dominion or Colony." He at least made a success of showing that he possessed absolutely no knowledge whatever of the subject he essayed to deal with.

CHURCH MOVIES.

The dull season never fails to bring forward the faddist and the big gooseberry; but, at the same time, it is during the dull season that important subjects are discussed which, through the pressure of more urgent matters, are generally neglected. "How to be happy—though married," is an old friend; but the variety of subjects offered is really remarkable. If it be urged that most of the topics offer no burning interest and are academic, the answer must be that there must first be the abstract before we have the concrete.

Matter was first and idea in infinite mind; and though the ideal always eludes, that, though seemingly disappointing, is its proper function. Just at present, says the Montreal Gazette, many of the secular and religious papers in the western states are asking to what degree can the movies be employed to illustrate and teach spiritual truth?

In many churches in the western states the movies are installed. According to reports, they are giving satisfaction. The church movies are necessarily "dowdierized." Compared with the regular movies, which break all the commandments nightly, and then restore them, the church movies are water to wine. They deal chiefly with scriptural subjects which are not too lively, though in some instances silent forms of notable plays are given. Herein the churches can have a staunch friend. In general, the regular movies are concerned with sleepy love stories, which are wholly unrelated to the life of every day, and which, because the love making is hectic and the soul kiss lingering, and the ending happy, which is an outrage upon art and life, are exceedingly popular.

If the churches could secure dramatized forms of the great fictions, the great dramatists, the stories and plays which have been a literary stimulus to the world, a splendid process of education would be at the hand. Wherever the silent drama presents a notable dramatized action of a great book, which constitutes a human document, the people have flocked to see it. The influence and power of the movies have got to be

harnessed to uplifting and spiritualized hands. That they are capable of establishing these offices need not be doubted. The movies have not been particularly welcomed by the elder church members; but those who are able to perceive the signs of the times are convinced that this instrument is highly calculated to attract the young (who, in large centres, seem to have abandoned church going), and to be the eloquent means, through visualization, of giving vitality to important truths. Chiefly the movies offer that variety and human interest which the churches have been slow to provide; and, efficiently and wisely employed, are calculated to buttress the moral and spiritual teaching which it is the business of the churches to offer, and to which the movies can give emphasis in a way to make the spoken word vague and colorless.

We understand that the City Council will probably take up the matter of the Spruce Lake water extension at its meeting this morning. In doing so, it should deal with the matter on broad principles, if, as it is reported, a tender was received which, by reason of a technical informality, could not be taken into consideration, but which undertook to do this work for some \$60,000 less than any other tender. The Council should certainly in the public interest not overlook this particular one, more especially as it well understand that the informality has been, or can be, overcome. Just in what respect the saving of \$60,000 can be made we are not able to say; but there can be no question that both the quality of the pipe used and the workmanship must in any case be so good as to satisfy the City Engineer. If so large a sum of money can be saved, it should be. It may be of course, that in the absence of His Worship the Mayor the Commissioner may use it advisable to postpone any definite action in awarding the contract until after his return. The Mayor should certainly be consulted in the matter, but under any conditions the whole circumstances of the tenders received should be taken into consideration.

The Toronto Globe, out of the profanity of its wisdom, has discovered that Tuesday's voting in Nova Scotia bodes ill for the prospects of the two Ministers who must soon seek reelection in that province and New Brunswick. Also that it is another notice to Mr. Meighan of the fate that awaits his administration when the electors come to the polls. Well, the Globe has seen visions before, and lots of them, but the country still goes on its way serenely despite them all.

What Others Say. Short-Sighted Critics. (London Free Press) The British budget has been given such a bad name as an imperialist in some countries that though they themselves are raging with imperialism, they only recognize imperialism when it floats the British flag.

How the Best Think. (Hamilton Herald) It is noted that all the religious conventions held in the United States this year have pronounced in favor of the League of Nations and the ratification of the peace treaty. They may represent the best elements of the population. But do they represent the majority? That is the more important question to the politicians.

Dubious. (Buffalo Express) A despatch from Jackson, Miss., says that the Democratic state executive committee has adopted a resolution opposing the proposed migration of 8,000 Meunonite farmers and their families from Canada to Southern Mississippi. They are, for the most part, hard-working and, abide by the moral laws. Yet Canada found them poor citizens. We are likely to make the same discovery.

Playing Safe. (Toronto Telegram) Clipping coupons is a pleasant pastime, and the prospect of eight per cent, instead of three is the alluring inducement to abandon the savings bank for the stock market.

Tell It To the People. (Stratford Herald) History will set down the achievements of Sir Robert Borden's administration during a desperately difficult period of a world war as one of the brilliant records of Canada's political history. But history will record also that his Government latterly was one of the least popular the country has ever known; and if history cares enough for detail it will add that the unpopularity was due, not to any wrongdoing or lack of real merit on the part of the Government, but because the people were seldom permitted to know at first hand the difficulties and problems that faced the administration, nor were they told what achievements the Government had been enabled to accomplish; its enemies were vociferously vocal; the administration was all but dumb.

## Castoria, or Something Else?

FLETCHER'S CASTORIA is particularly a preparation for Infants and Children made agreeable to the taste, acceptable to the stomach and pleasant in its action. It has been in use for over thirty years and has always been one of the most highly esteemed of all cathartic preparations.

It has one great advantage over other preparations of its kind in that while it opens the organs readily and completely, it does not have a tendency to produce subsequent constipation so much to be dreaded.

Fletcher's Castoria having been prepared solely for our little-ones, should not be confused with ordinary cure-alls or preparations primarily compounded for grown-ups. The child's organism, so delicate and tender, requires specially prepared medicines and foods, the one no less than the other, as mother-love well knows, and mother-love can not be deceived.

### OBITUARY.

Mrs. John W. Campbell, Chatham, N. B., July 27.—The death of Mrs. John W. Campbell, a highly respectable resident of Chatham, took

place suddenly early this morning of paralysis. She had been about in her usual health all day and about midnight, a couple of hours after retiring, was stricken with a fatal attack of paralysis, from which she never

rallied, passing away a short time later. Deceased was 62 years of age and is survived by her husband, one son, Fred, at home, three daughters, Mrs. Watson Touchin of Loggieville, and Misses Ethel and Margaret at home. Another son, Arthur, was killed overseas.

D. C. Cleveland.

Alma, N. B., July 26.—D. C. Cleveland passed away peacefully and quietly last Friday, in the 84th year of his age. For several years he had not enjoyed very good health, but during the last few months seemed better than he had been previously. Thursday evening he was taken suddenly ill. The doctor was summoned, but he gave the family very slight hopes of his pulling through this time. When a young man he had a desire for military life and during one summer spent several weeks in training at the military camp at Torriburn. He is survived by his wife, seven sons, Judson, superintendent for C. T. White & Son, Victor, Albert, Charles, James, Dr. John of the United States, Dr. David in Rhodesia, and one daughter, Mrs. T. B. Wetmore of St. Martins. During his long and useful life he was intimately connected with the social, intellectual and religious life of the village. He was a stipendiary magistrate, having been pensioned off the first of last April. In politics he was a staunch Conservative, and in religion a very prominent member of the Alma Baptist Church, of which he was a deacon for many years. He was buried Sunday afternoon in the family lot in the Baptist cemetery. The funeral services at the home and the grave were conducted by the resident pastor, Rev. T. M. Gillan and Rev. James Crisp, assisted by the Rev. F. W. Thompson and A. V. Morah, visiting brethren. The

## FIRE CHIEF HITS THE PROFITTEERS

Says Incendiarism Less Because Business Too Good at Present Price Levels.

Toronto, July 28.—An attack on profiteers was made by President Gamber of State Fire Marshals' Association in an address before the Fire Chiefs' Association here today. "During the last year, incendiary fires have been very few," said Mr. Gamber. "Business has been too good for incendiarism, because of the high price levels. I need hardly tell you there are hundreds of thousands of firms and individuals who cannot stand a sharp break in prices. Their profits are built on inflation. They include many factories which were equipped during the war or since, and thrived because commodities of every sort have brought unheard of prices. "Many merchants are said to be overstocked also, and we know that warehouses are stocked to bursting with food and clothing. But informants trickled out that speculators have overplayed their game. They will be victims of their own greed and will be obliged to disgorge at a loss. But will they? Fire insurance companies have been written on inflated valuations and the insurance companies are frankly disturbed. "Let us prepare to meet the emergency. Every suspicious fire should be scrutinized carefully and every fire. Conservation must be encouraged and the prison doors left open for those deserving them. "To alleviate the housing conditions the speaker said 2,139,000 homes should be constructed before 1924.

## MONTREAL STOCK MARKET REPORT

Reactionary Tendencies Noted With General Declines — Later Trading However Showed Recoveries on Some Lines.

Montreal, July 28.—(Canadian Press)—Trading on the local stock exchange opened steady this morning, but it was not long before sharp reactionary tendencies were revealed, with the result that prices fell off sharply, the break continuing well on into the afternoon. The decline was accentuated by the fact that a prominent brokerage firm had gone into liquidation. In the late trading, however, there was a sharp reversal in feeling and a demand for stocks found offerings decidedly scarce, several issues making sharp rallies, when most of the early losses were in a large part recovered.

National Breweries was the only active exception to the sharp declines in the early trading, that issue being consistently strong throughout the day, finishing a net gain of one point at 65, on dealings in 4,755 shares. Spanish River preferred closed at the best of the day, that issue opening at 129, sold down four to 125, after which there was rally of 3 points, carrying the stock up to 130, leaving the day's net change a loss of a fraction. The common had nearly as large a rally at the close and finished the day at a net loss of 1-4 points at 129.

Dealings in the common amounted to 2,435 shares and in the preferred to 10,151. Among the remaining papers, although the rally at the close was not so large it was of substantial proportions, Laurentide selling down 113 and rallying two points to 116, leaving a net loss of two points, dealings in the stock amounting to 2,811 shares. Bronco rallied to point to 71, which left the net change for the day a loss of 2-3-4 points. Abitibi rallied a large fraction, ending the day at a net loss of 3-1-2 points. Howard preferred at 150, Cement at 150, and Wagsmack rallied one point at the close to 121, which represented a net loss of 3-1-2 points. Outside of the paper group the closing rally was most prominent in Atlantic Sugar, which broke in the early trading to 129-1-2, then rallied on very little buying three points to 142-1-2 with 143 bid for more stock and none offered under 145. Dealings in the issue amounted to 2,701.

The preferred was inactive with closing bid at 100. A few stocks showed no change from the preceding day's closing level, and among these were Rindor preferred at 90, Shawinigan at 110, Buckets at 100, Cement at 150, Detroit at 104, Bridge at 93 and Banks Nova Scotia and Royal at 224 and 210-1-2 respectively. Transactions: 22,338 shares; \$22,900 bonds; 54 transfers.

### JAPANESE SHIPPING DULL.

Tokio, July 28.—A feature of the economic depression in Japan is the weakness of the steamship charter market. About fifteen large ocean-going ships are tied up at Kobe and Osaka and about another fifteen will soon be released from old charter contracts. Owners will have great difficulty in finding new contracts on account of the slump in the sea-carrying trade. With the accentuated depression in the shipping market, the price of ships has declined the present standard quotation being equivalent to \$125, to \$140 a ton. In spite of the decline, there have been no buyers at home for some time past, but some vessels are being sold to Dutch concerns.

Dealers were the four sons, Judson, Albert, Victor and John, B. Conner and M. Akery. The funeral was largely attended.

## Was Lucky For Him That He Found It

LeBlanc Says He Owes His Present Good Health To Tanlac.

"My troubles were rapidly getting the best of me when I turned to Tanlac, and the way the medicine put me in good health again was nothing less than remarkable," said William LeBlanc, a well-known farmer of Memramcook, N. B., while in Moncton the other day.

"About five years ago I began to have quite a lot of trouble with my stomach which kept getting worse until I was in a miserable condition. My appetite was so poor I had to force down everything I ate, and many times I couldn't even stand to swallow a single mouthful. What little I did manage to eat caused me to bloat all up with gas, which so shut off my breath that I often thought I was just going to smother. I had terrible pains just below my ribs, which at times were so severe that they almost doubled me up. At night I would lie awake for hours unable to sleep, and I would get up at morning more exhausted than when I went to bed.

"It's lucky for me that I found Tanlac, for it's the only thing that helped me any, and the short order in which I put an end to my troubles was simply surprising. I have only taken four bottles now, but my appetite is so good I just want to be eating all the time. Everything I eat agrees with me so well my stomach never troubles me a bit, and I've actually gained ten pounds in weight, for which I'm very thankful. My breathing is no longer affected, the pains are entirely gone from my side, and at night I sleep like a log. Tanlac is the best medicine I ever heard of, and I owe my present good health to it entirely."

Tanlac is sold in St. John by Ross Drug Co., and E. W. Mauro under the personal direction of a special Tanlac representative.—Advt.

### HAIR HINTS

Helpful Advice for Care of the Hair Worthy the Attention of Every one Who Would Avoid Dandruff, Itching Scalp, Gray Hair and Baldness.

If your hair is getting thin or you are troubled with dandruff or itching scalp use Parisian sage daily for a week and you will surely be surprised to see how quickly it checks falling hair and removes every sign of dandruff and itching scalp.

Before going to bed I rub a little Parisian sage into my scalp," says a woman whose luxuriant soft and fluffy hair is greatly admired. "This keeps my hair from being dry, faded or stringy, helps it to retain its natural color and beauty, and makes it easy to dress attractively."

If you want a fresh, clean scalp, and a wealth of luscious hair, radiant with health and beauty, don't delay, start using Parisian sage now—tonight. A large bottle is inexpensive and money refunded if not entirely satisfactory.

Peter Faren Lowers Record

Fredericton, July 28.—Fredericton's track record and attendance records also were smashed all to bits today when the Free-for-All Pace for the Barker House purse of \$1,000 was staged as the feature of the fourth meeting of the Maritime and Maine circuit.

Peter Faren owned by D. O'Keefe, of St. John, St. John gave the talent terrible bump by winning the race and reducing the track record to 2:09 1/4 in the first heat and bringing it down to 2:08 3/4 in the second heat, which made it equal with Chatham for the fastest track record in the Maritime Provinces.

It was Peter's first race except in matinee this season, and he sold as low as from \$20 to \$25 in auctions worth \$140 to \$150 Billy Brickley paraded him in tip top condition and was able to out pace his field enemy time with the exception of the third heat when he and Ordino and the Problem all made breaks at the head of the stretch and Fern Hal shot through a winner with John A. Hal in her wheel.

The track was lightning fast as shown by the time in the other races as well as Lady Grattan the Montreal entry, the only favorite to win took a new win race of 2:12 3/4 in beating Sadie Ashbourne, an Aroostook entry in the first heat of the 2:16 pace. Jennie Frasco owned in Cape Breton, made the Canadian clean up complete when she slipped through and won the 2:18 pace unexpectedly. The first heat being roiled off in 2:14 1/2 with the favorite Royal McKinney his owner L. R. Sealey, of Fort Fairfield, Me., driving him, his first race of the season, second. The meeting will close tomorrow with a Free-for-All trot added to the programme and the starters being Bill Sharon, 2:16 1/4, sold last winter for \$3,500. Brax, 2:15 1/4, the Halifax trotter, and the Exposer, 2:10, which trotted a heat in 2:11 1/2 in third horse position yesterday. The other races on the programme are: 2:19 Trot, 2:27 Pace and 2:27 Trot.

The Pittsburghers Want Kaiser's Yacht

American Millionaires in Paris Deal With German Agent to Get Craft.

Paris, July 28.—A German agent has arrived in Paris for the purpose of arranging the sale of the sailing yacht Meteor, formerly owned by the ex-Emperor, to a group of Pittsburgh millionaires. Owing to the French state of mind, such a deal can only be made nowadays in the greatest privacy; therefore, the German representative of the vessel's present owners is so nervous that since his arrival the Americans, whose names are undivulged, are having difficulty in meeting him. The Meteor, now in Kiel, is of 450 tons and is famous for its many races at the annual Cowes regatta before the war. With the fall of the empire, the Meteor, and also the famous steam yacht Hohenzollern, were offered for sale by the government. The Meteor was held at 3,000,000 marks. There were no takers, so the boat was finally auctioned for a much smaller sum to a syndicate of Hamburg bankers and sportsmen, the present owners who find the upkeep much too expensive in the light of present-day conditions in Germany. Both yachts are equipped with auxiliary engines, and all the fittings are just the same as during imperial ownership. They are considered the most luxurious sailing craft afloat.

The Trapshooting At Glen Falls Traps

Last Evening the Shooters at the Traps Sprung Many Surprises—The Scoring Was Exceptionally Good.

There was some excellent shooting at Glen Falls last night. Many surprises were sprung. A very important event was won by C. N. Herrington who won the handsome cash prize donated by W. G. McIntyre, under the handicap system. Mr. Herrington with his handicap broke 50 out of 50. Messrs. Kilian and Andrews had some interesting shooting for sweepstakes. Kilian winning the first event with 14 out of 15, Andrews winning the second event with 23 out of 25.

A special sweep stake event of 25 birds, handicap system, was won by Allen Gundry, who made a possible. The most interesting feature of the evening was the way the club members came across with the long green to pay for a club building they are erecting. The members are very anxious to get their club house paid for and are starting right out with that end in view.

The following scores in the regular club shoot, handicap system, were as follows: Killian and Andrews shooting scratch:

Herrington, 50. Killian, 47. Sancton, 50. Seely, 45. Andrews, 50. Berry, 41. Gundry, 41. Russell, 37. Estabrook, 37. Carnell, 50. Fayson, 33. Gillard, 25.

Columbus, O. July 28.—One world's record was reduced here this afternoon when Rifle Grenade, the champion three year old pacing gelding while winning the American Association Trotting Horse Breeders' Purse of \$2,500 for three year olds paced the second heat in 2:04 3/4, lowering his own world's record a second and a half. He was a prohibitive and barred Chicago for three year olds paced the second heat in 2:04 3/4, lowering his own world's record a second and a half. He was a prohibitive and barred Chicago for three year olds paced the second heat in 2:04 3/4, lowering his own world's record a second and a half.

The 2:07 pace was won by Ethel Chimes after she dropped the first heat to Drift Patch. This gave Murphy two victories for the day. The final race, the 2:12 pace, had Joe McKay and both horses were placed on account of the unavoidable accident. Geers behind Prosser went down when Joe McKay tramped into his sulky wheel but he was not injured. Prosser did not do well and failed to go on and win for his backers. Senator Wilkes won the race after losing the first heat to Baron Russell.

PEACE SIGNS VISIBLE IN WAR CLOUDS

Crisis of Last Week Cleared European Atmosphere and Agreements Hoped for.

IRISH DIFFICULTY NEAR SETTLEMENT

Poland and Russia Expected to Conclude Satisfactory Peace in Near Future.

London, July 28.—Last week's political storms, which brought Europe, if not a great portion of the world, again to the verge of war, have so cleared the atmosphere of the Continent that tonight there are visible behind the scenes of the day's news possibilities of a real peace discussion between Russia and the Allies and between Great Britain and Ireland. Not alone have the Bolsheviks agreed to armistice negotiations with the Poles, but the British cabinet, I am reliably informed, is now considering two proposals for coming to an understanding with the Sinn Fein. When I called a week ago that at the moment when peace seemed furthest away it might be nearest at hand, I was reporting the judgment of several eminent students of international affairs, who were convinced by their examination of current events that, while developments seemed to indicate another war, the counter-movement of peace would in the end halt the rush of war. The expected has happened.

While the war clouds gathered last week over continental Europe and while Ireland witnessed new civil warfare, both in Belfast and Cork, the Allies intervened in the Polish-Russian war and the British Government began serious consideration of an Irish settlement. Tonight white reports still indicate that Warsaw is being evacuated by foreigners and that further fighting may be expected in Northern Ireland, the Allies are preparing to give Poland, by next week, all the moral and economic backing necessary to prevent, if possible, a proletarian revolution in Poland and to assist her in making reasonable peace with Soviet Russia. Now that the Bolsheviks have agreed to discuss an armistice, there will be unnumerable rifts and cracks and the presence of so many famous Allied leaders in Warsaw stiffens considerably the Polish term. But out of this peace conference between Russia and Poland there may easily emerge a full peace with Russia because Russia, now that she has defeated Poland, is in reality a great power. England, if no other country has already recognized and the last communication to Moscow addressed the Bolsheviks as "the Government of Russia." This is the first time in any official communication.

London, July 28.—(Canadian Press)—Some remarkable figures showing the growth of the work of the large exchanges, and their cost, have just been made public before the committee of inquiry appointed by the Ministry of Labor. In 1911, it was stated, the number of vacancies filled by the department was 621,410, compared with 1,289,983 in 1919. The cost of the exchanges in 1910-11 was 107,654 pounds sterling (\$70,445,000), but in 1920 it stood at 3,613,140 pounds sterling (\$1,259,130). Thus, while vacancies filled have only doubled, the cost has been multiplied about 23 times. It was stated that in the first half of 1910 the average number of vacancies filled daily was 1,000. In the last six months of 1919 it reached a daily average of 5,045. Sir Charles Sykes expressed the opinion that for every girl willing to enter domestic service there were three vacancies open for her. He thought the girls were not "playing the game."

FRANKLINS WON FROM ALL STARS

One of the best games played on the South End diamond this season was witnessed last night when the All-Stars, runners up, were beaten by the colored boys by a score of 7 to 4. Both teams put up a great exhibition and the pitching of Diggs was well worth watching.

In the 3rd inning with the score 3-2 the Franklins came from behind and showed three runs scores, enough to win the game for All-Stars could do after that he squeeze in one run. Diggs for the Franklins kept his hits well scattered and was steady, while Doherty was hit when runs were needed and was out at times. The Franklins were out to win and their manager kept them on their toes all the time. If they can show the same form next Friday night against the league leaders a great game will be played.

Last night's game nearly decided the race in the South End as the Pirates came from behind to take the remaining games but four and still beat the All-Stars if the latter win all their remaining games, while the Franklins must win every game while the Pirates are losing all their games in order to win by a slight margin.

IRISH DIFFICULTY NEAR SETTLEMENT

Poland and Russia Expected to Conclude Satisfactory Peace in Near Future.

(Copyright, 1920, by Public Ledger Co.)

London, July 28.—Last week's political storms, which brought Europe, if not a great portion of the world, again to the verge of war, have so cleared the atmosphere of the Continent that tonight there are visible behind the scenes of the day's possibilities of a real peace discussion between Russia and the Allies and between Great Britain and Ireland. Not alone have the Bolsheviks agreed to armistice negotiations with the Poles, but the British cabinet, I am reliably informed, is now considering two proposals for coming to an understanding with the Sinn Fein.

When I cabled a week ago that at the moment when peace seemed furthest away it might be nearest at hand, I was reporting the judgment of several eminent students of international affairs, who were convinced by their examination of current events that while developments seemed to indicate another war, the counter-movement of peace would in the end halt the rush of war. The expected has happened.

Differences To Be Expected. While the war clouds gathered last week over continental Europe and while Ireland witnessed new civil warfare, both in Belfast and Cork, the Allies intervened in the Polish-Russian war and the British Government began serious consideration of an Irish settlement. Tonight while reports still indicate that Warsaw is being evacuated by foreigners and that further fighting may be expected in Northern Ireland, the Allies are preparing to give Poland, by next week, all the moral and economic backing necessary to prevent, if possible, a proletarian revolution in Poland and to assist her in making a reasonable peace with Soviet Russia.

As for Ireland, the cabinet is now debating three proposals. One submitted by the Tories calls for the establishment of a military government and suppression of the Sinn Fein by the army, the other two proposals have been made by the Liberals. One is Sir Horace Plunkett's plan for a dominion government and the other is that the British Government with-

draw from all Ireland excepting Ulster and give the Irish people one or two years within which time they may form any government they wish, providing they remain within the British commonwealth and give up army, navy and foreign affairs. Labor is not the only party ready to mediate. In fact, the ground work for mediation already has been laid, but the maniacs are Ulster and the secret inner circles of the Irish republic brotherhood.

Inspectors Look For Bad Plumbing

Great Wastage of Water in City Cause of Inspection, and Number of Citizens Instructed to Make Necessary Repairs.

Keeping in mind the fact that a large quantity of water is wasted in the city through faulty plumbing and the consequent lessening of the water pressure, especially in the winter season when many are afraid of the water freezing up and leaving it running, Com. Jones has had employees of his department make an inspection of a great many premises during the past few weeks, for the purpose of finding out as far as possible where the bad plumbing was and have the matter remedied before the cold weather sets in.

The Designation Service Was Held

Large Congregation at St. Andrew's Church Last Evening — Miss Eleanor Galbraith Leaves for North Honan, China—An Impressive Ceremony.

The designation service of Miss Eleanor Galbraith as a medical missionary to North Honan, China, was held in St. Andrew's Church, last evening. The ceremony was a well attended and impressive one. The Rev. S. Dowling conducted the special designation, and was assisted by Rev. Mr. Bovis, of Lorneville, of whose congregation Miss Galbraith was formerly a member.

They also call for the cleaning and scraping of the brook which crosses the road this side of the Alms House.

STANDARD EMPLOYEE MARRIED YESTERDAY

James A. Gaulton and Miss Helen Bertha Gould, Daughter of Mrs. Martha Stockton, Were Principals in a Pretty Wedding Yesterday Afternoon.

A very pretty wedding was solemnized yesterday afternoon at 3 o'clock at the home of the bride's mother, Mrs. Martha Stockton, 325 Haymarket Square, when her daughter, Helen Bertha Gould was united in marriage to James Alfred Gaulton.

James A. Gaulton and Miss Helen Bertha Gould, Daughter of Mrs. Martha Stockton, Were Principals in a Pretty Wedding Yesterday Afternoon.

Tarish, on behalf of the Women's Missionary Society, J. N. Rogers, president of the St. John Bible Society, presented her with a Chinese Bible, on behalf of the Canadian Bible Society.

The charge to Miss Galbraith was made by the Rev. J. A. MacKeigan, of St. David's Church, representing the Foreign Missions Board.

During the service, Finley Campbell sang with great effect, "Send Thou, O Lord, to Every Place." R. S. Coups presided at the organ.

Mr. MacKeigan's address was a mastery one. He first conveyed the congratulations of the Board and the referred to China as the greatest mission field in the world because of its vast resources and vast population and its destined place in the politics of the world.

North Honan, he said, was the greatest mission field of the Presbyterian Church in Canada, having a population of over eight millions and with a present staff of fifty-two missionaries. Every man of the band who was physically fit had been serving on the Western Front in the Great War.

He spoke of the bigness of the work to be undertaken by the intended missionary, and which would challenge her every talent, going as she did when the hospital work was being organized and enlarged.

He then spoke of China as the strategic line of the world in chaos, and of the enthusiasm of the Chinese for Christian missionary work. Large numbers of the Chinese, he said, felt as did the Chief Justice of China, who recently said, "Christ is the only hope for the nation and for the world."

He assured Miss Galbraith of the loyal support of the church in Canada, which had been shown by the splendid financial success of the Forward Movement, which is equally enthusiastic for aggressive missionary work. In closing, he repeated the assurance of Christ to His apostles, "Lo, I am with you always, even to the end of the world."

Miss Galbraith is a daughter of Mr. and Mrs. J. J. Galbraith, of Lorneville, and will leave for the Orient in company with a number of other outgoing missionaries who sail from Vancouver on the 26th of August.

Chief Inspectors In Convention

Telephone Chiefs Called to Session for Instructional Purposes in Regard to Operation of Long Distance Under New Rates.

The convention of chief operators of the N. B. Telephone Company called for instructional purposes in regard to the operation of long distance under the new rate schedule closed last evening with social activities.

In the evening the chief operators were the guests of the company at a most enjoyable dance on Capitan Hill. The committee in charge of the arrangements were composed of N. E. Moore, H. Wheaton, R. Brown, M. J. McCarroll and the Misses Butler, Boyea, Hall, Cuthbert and McKel, and it is mainly through their efforts that the affair was so successful. A special and novel feature of the entertainment was a guessing contest. Each member of the committee represented a book and wore a card on which the author's name was printed. A prize was given to the person guessing the most correct names of the books. Music was furnished by the Black's orchestra. The following concert programme interested the audience: Solo by Mrs. Breen, piano solo by Miss V. Campbell and a solo by Ernest T. The different numbers were well rendered and evoked hearty applause.

The Blasting Caused Damage

Owing to Complaints Commissioner Frink Has Given Orders That No More Shots be Put on Northern Side of Kennedy Street Quarry.

There would be little, if any, more blasting done at the city quarry on Kennedy street, Commissioner Frink said yesterday. Following complaints which had been received of damage from the blasts the commissioner made an investigation and gave orders that no more shots should be put in on the northern side of the quarry.

The crusher will be busy for some time yet crushing the rock which has already been blasted out. Asked when the city would begin to take rock from the old Shamrock grounds site, the commissioner said one of the crushers would be placed there just as soon as the deed to the land was signed.

The three "crow" crushers were still busy before long they will have to go for lack of money to carry on with. He expected to begin the concrete sidewalk on Middle Avenue just as soon as the money for the work was placed there. The job, however, already been appropriated.

The commissioner also reported good progress being made on the quarry reports on Douglas Avenue and Marsh Road.

Police Court Cases Yesterday

Dental Supplies, Gold Plate, and a Typewriter Stolen, Walter Macthet Charged With the Theft — Other Cases Heard.

Several teeth belonging to the Government had been stolen, and Walter Macthet was arraigned before Magistrate Ritchie in the police court yesterday as the thief. The defendant for said some gold plate, teeth and a typewriter were missing, the value of which would amount to more than \$100. The case was postponed until other witnesses can be summoned.

Hearing was resumed in a disorderly house case, in which Mrs. Mary E. Clarke is the defendant. A. C. Coleman said there had been a drunken man in the defendant's house, and considerable noise was made Sunday night, and that the house had twice been set on fire by a broken lamp. Claude Kinross told of a man named "Pincher" Brown kicking the accused in the face. The case was further postponed.
