

MISS LONG'S MIND BLANK ON TRAGEDY

Mind a Blank Concerning Birth and Death of Her Child at McAdam.

ST. JOHN FRIENDS COME TO HER HELP

Case Expected to Go to Jury Late This Afternoon or Evening.

Special to The Standard
Fredericton, N. B., May 3.—An inquest of the line which the defence will take in the case of Margaret Long, the St. John girl who is charged with infanticide in the strangling of her child which was found behind a bathtub in the C. P. R. Hotel at McAdam with a shoelace tightly tied about its neck, on Sunday, March 29th, developed this afternoon during the hearing of the Crown's case.

The evidence as given on direct examination was practically the same as that of the coroner's inquest at McAdam before Dr. Dougan, of Harvey Station, and later repeated at the accused's preliminary examination before Judge Lamerick in the police court here.

Crown's Case Over

In all eight witnesses were called and they concluded the Crown's case. The detail which gave the clue as to one of the contentions the defence may make was the point of whether Dr. Alfred Gardner, of McAdam, would swear definitely that the baby had been completely born before the shoe lace was tied about its neck. Temporary insanity brought about by child birth, it is said, is the principal ground for defence and Dr. J. V. Anglin, Superintendent of the Provincial Hospital at St. John, will, it is said, be called as an expert witness.

What Girl Said

Witnesses for the Crown today admitted that the accused had told them she did not know what had happened when she was supposed to have given birth to the child in the bath room. That was what Miss Laura Grant, manager of the C. P. R. Hotel at McAdam said and she added that she believed her. "I believed her armpit that her mind was a blank," said Miss Grant. "I have had experience with hundreds of girls," she told B. S. Powell, K. C., who is chief counsel for the defence, being associated with C. J. McElroy, also of St. John, and J. H. Bellamy, also of St. John, and kind and depressed and in a melancholy condition.

Other Witnesses

Miss Laura Donnelly, Miss Nellie Chastre and Miss Josephine Shaw, employees at the C. P. R. Hotel at McAdam; Dr. Alfred Gardner, who performed the autopsy; Dr. B. H. Dougan, of Harvey Station, who conducted the coroner's inquest; Walter Limerick, Police Magistrate of Fredericton, who presented as an exhibit an envelope handed to him by Sheriff Hawthorne while the accused stood at the preliminary examination and Sheriff Hawthorne who said the envelope contained a shoe lace which had been given to him by Dr. Gardner as the one found tied around the child's neck.

SEAMEN PICKET AMERICAN SHIPS

Little Difficulty Being Encountered in Moving Vessels from U. S. Ports.

Washington, May 3.—Reports to the Shipping Board today from all districts, officials said, indicated that as far as ship movement was concerned the situation was generally satisfactory. In New York, however, officials said some difficulty was being experienced as strikers were picketing the Board's recruiting offices and in Baltimore the situation seemed rather unsatisfactory.

Ships Are Moving

In Boston, Norfolk, Savannah and Charleston, it was said, reports indicated there would be no difficulty in moving vessels. Galveston appeared to be tied up, according to the reports but in New Orleans the situation was good. On the Pacific Coast, officials said, reports showed no difficulties were being experienced at Seattle, Portland or San Francisco.

How Cut is Reckoned

Discussing claims by the men that the Board's 15 per cent wage cut amounted to a reduction of forty to fifty per cent, Chairman Benson declared that the difference was figured on "gross" rather than on "net" pay. Overtime has been admitted by the men to be "grat" to a great extent, he said, and by cutting out this practice the Board can effect a great saving. Last year, he said, six million dollars of the Board's wage bill was for overtime, or 10 per cent of that from its expense.

PENALTIES FOR TRADE INCREASED

Flogging Desired by H. H. Stevens But Defeated in the Commons.

Ottawa, May 3.—H. H. Stevens of Vancouver had some drastic amendments to propose when the House went into committee this afternoon on the bill presented by Hon. J. A. O'Grady, minister of health, to amend the Opium and Narcotic Drugs Act. Mr. Stevens declared that the present penalty clause was very light. He proposed to substitute a new one. The penalties proposed by Mr. Stevens are that a person guilty of an offence under the act is to be liable on indictment to imprisonment for seven years, or if convicted upon summary proceedings, to a fine of from \$300 to \$1,000 or imprisonment for eighteen months, or to both fine and imprisonment, and a person convicted of giving or distributing the drug to a woman is to be liable only on indictment and is to be liable to whipping as an additional penalty.

Strike Out Flogging.

To Mr. Stevens' amendments, S. W. Jacobs, (George Etienne Cartier) had a sub-amendment to strike out the flogging penalty, and after considerable discussion the Jacobs sub-amendment was carried.

French Troops Quell Upper Silesian Riot

State of Siege Declared in Several Districts as a Result of Conflict.

London, May 3.—As a result of the disorders in Upper Silesia, the inter-Allied Commission last night declared a state of siege in the urban and rural districts of Bouthen and Rasthor and in Pless, Rybnik, Hindenburg and Tarnowitz, says a Reuter despatch from Berlin. Reports from German sources, the despatch adds, say that the French occupied the towns of Bouthen, Kattowitz and Tarnowitz after having ousted armed Polish insurgents.

ALLEGED MURDERERS SET CELL ON FIRE

London, Ont., May 3.—William and Sydney Murrell and Henry Williams, charged with the murder of Russell Campbell, of Melbourne, Ontario, and James Murphy and Thomas Water, convicted of stealing an automobile while in company with the alleged murderers, last night attempted to set fire to the county jail by building a bonfire in their cell.

Whether the men had other motives or were only actuated by desperate motives, officials are unable to state. The fire did little damage.

FIGHT BATTLE ON DECK OF CATTLE SHIP

Strikers and Negroes Clash When Men Make Raid on Vessel.

LIVELY DAY IN BALTIMORE PORT

Only Three Men Left on Board to Care for 455 Steers.

Baltimore, Md., May 3.—After a day of riots and anxiety in the marine workers' strike, uniformed men of the Baltimore police force tonight were on board nearly all ocean-going vessels in the harbor to prevent further outbreaks and all available reserves were concentrated in the waterfront districts. Shipping was completely at a standstill, except for day traffic. Officials of the United States Shipping Board and private operators struggled all day in efforts to obtain crews with little success.

Raid Cattle Ship.

Strikers raided the cattle ship Western King. They boarded the ship from launches and compelled all but seven of the men, mostly negroes, who composed the crew, to abandon the ship. Later they went back and carried off three others, leaving only four men in the crew to care for the 455 head of cattle which composed part of the cargo. Arriving at the foot of Broadway with their first load of "recruits" the strikers met a large crowd and a demonstration against the negroes occurred. Three negroes were badly injured.

DRIVE U. S. FIRMS OUT OF BUSINESS

Standard of Valuation May Be Decided Upon as Corrective Plan.

Washington, May 3.—Immediate congressional action to check the inroads of German foreign trade in the United States was urged today by Secretary of Commerce Hoover by the House Ways and Means Committee. A revived German commerce he said was subsidizing certain United States lines out of business. The commerce department had declared for a protective tariff "of a large order," and spoke favorably of the contemplated change in policy with respect to the basis of assigning port duties.

Higher Penalties For Killing Birds

Fine is Raised from \$100 to \$300 for Shooting Migratory Birds.

Ottawa, Ont., May 3.—A bill to amend the migratory birds' convention act was given second and third readings in the House this afternoon. Hon. S. P. Tolmie, minister of agriculture, explained that the purpose of the bill was to raise the fine for the destruction of migratory birds out of season from \$100 to \$300. The amendment was made at the request of British Columbia, where the provincial law provided for a fine of \$300.

STEEL WAGES CUT TWENTY PER CENT.

New York May 3.—Wage rates of day laborers at the manufacturing plants of the United States Steel Corporation will be cut about 20 per cent, May 16, Elbert H. Gary, head of the corporation, announced late today. Other rates including salaries will be adjusted equitably, added Mr. Gary's statement issued after two days' conference here with executive heads of various subsidiary companies.

LORD SHAUGHNESSY MAY BE SUMMONED

Hon. Chas. Murphy Insists C. P. R. Head is to Give Evidence.

Ottawa, May 3.—A plea for hands off the wage question, an admission that the railways were losing money owing to lack of equipment, and the stated intention to call Lord Shaughnessy as a witness, were the outstanding features in the proceedings of night before. The accused said he on government-owned railways and shipping this evening.

DRIVE U. S. FIRMS OUT OF BUSINESS

The wage representative from D. B. Hanna, president of the board of management, Canadian National Railways, who said that this problem was so complex it was unfair to the directors that it should be discussed. Mr. Hanna forecast an immediate meeting of the railway executives and union heads with a view to reaching an understanding on wages. This was Mr. Hanna's only contribution to the proceedings and brought the rejoinder from Hon. A. K. Macdonald that he had not been asked for a statement on the wage question.

Cars Across Line

The committee devoted a major share of the sitting to the examination of S. J. Hungerford, vice-president of the Canadian National Railways. Mr. Hungerford said government lines were losing money owing to lack of equipment, but added that other railways were in the same position. Canadian National Railways had sufficient equipment for present needs. An interesting point brought out through cross-examination was that an average of from 16,000 to 32,000 Canadian cars were held in the United States during the past three years. This was partially responsible for the shortage of freight cars that had been the other reason for the shortage was that there was a heavy demand for cars to move coal.

SUN STARTS FIRE

Montreal, May 3.—A curious point in connection with fires arose today in regard to the inquiry into the blaze at the restaurant kept by Ovilla Proulx, 1235 St. Dominique Street shortly after noon on April 28th. It was a rainy day and it was shown that a defect in the plate glass window had concentrated the sun's rays on inflammable materials in the store leading to a fire that caused damage estimated at \$139.

Ottawa, May 3.—The government has replied to the memorandum submitted by Lord Shaughnessy, former president of the Canadian Pacific Railway, in regard to the railway situation. "I think," said the prime minister in the House this afternoon, referring to the government's reply, "that it contained an offer to discuss the memorandum." Mr. Meighen added that there would be no objection to the House committee of National Railways and Shipping discussing the memorandum, if desired.

FOREST HILL FARMER FACES MURDER TRIAL

Ezekiel Berry Pleads Not Guilty to Charge of Killing His Wife.

WITNESSES RECALL STORY OF THE DAY

Much of the Evidence in First Day a Repetition of the Preliminary.

Moncton, N. B., May 3.—Ezekiel Berry, of Forest Hill, who is charged with the murder of his wife, Minnie Berry, on the 12th of December last, was arraigned this morning in the Albert County Supreme Court, Hopewell Cape, with Chief Justice McKeown presiding.

Ivan C. Rand and T. T. Goodwin, Moncton, appeared for the Crown, and James Friel, K. C., Moncton, and U. Z. King, Petticoat, for the accused. The indictment was read by the clerk of the court, Lester H. Smith. Pleads Not Guilty.

The prisoner pleaded not guilty in a clear voice and stated he was ready for trial. By 11:30 o'clock the jury had been chosen as follows: Charles H. Bray, Hopewell; Wm. McCreas, Hopewell; Sanford Irving, Hillsboro; Medford Dixon, Alma; Ephraim E. Steeves, Hillsboro; Howard Woodworth, Hopewell; Tilman Anderson, Harvey; Welton Wilbur, Harvey; Howard O. Premier To Sail For London June 7

Ottawa, May 3.—It is understood that plans are being made by the Prime Minister to sail for England aboard the Empress of Britain, which leaves Quebec on her trans-Atlantic trip on June 7. This date, of course, will be subject to the House being prorogued by that time, and to conditions being such that the Prime Minister can leave Canada to attend the conference of overseas prime ministers.

Budget Is Expected About Next Friday

Ottawa, May 3.—While an official statement in regard to the date of the budget is not expected until the House meets tomorrow, the expectation in generally well-informed circles here tonight is that it will probably be brought down in the House about Friday next, in the meantime, it is estimated, the government will continue its effort to have the order paper cleared of as much of the remaining legislation as possible, so that there will be little beyond supply to delay prorogation. This is expected within a few days of June 1.

Britain Agrees On Terms To Railways

Companies Will be Paid 51,000,000 Pounds for War-Time Claims.

London, May 3.—Sir Eric Geddes, Minister of Transportation, announced today that the Government had reached an agreement with the railways by which it would pay them 51,000,000 pounds Sterling in complete satisfaction of all claims growing out of the various war-time agreements. The government's liabilities originally were put at 156,000,000 pounds. The postponed settlement will form part of a bill which is soon to be introduced in Parliament, which will provide for a grouping of the railways and which it is hoped will be agreed to by the railways.

Calls on Citizens for Support Against the "Enemy Within and Without."

Dublin, May 3.—A proclamation for the elections in both the Southern and Northern districts of Ireland will be signed tomorrow and the clerk for the Crown will immediately issue writs for the elections. It was announced at Dublin Castle this afternoon. It is indicated that the nomination day will be set for May 13, and that the polling date will be May 24. The proclamation directs that the Northern Parliament shall assemble June 2, and the Southern Parliament June 28.

De Valera's Proclamation

Eamon De Valera today issued a manifesto to the Irish people, appealing to them to rally to the Republic standard at the coming elections. By your overwhelming choice of Republican candidates at the general elections of 1918," he says in the manifesto, "you made known your will in a manner unmistakable. On your suffrages the republic of Ireland was constitutionally founded, and with your sanction the elected government proceeded to function, organizing the forces of the state to defend it and demanding from all citizens the obedience legitimately due to constituted authority."

FINAL TERMS FOR GERMANY ARE DRAFTED

Indemnity Increased to 6,750,000,000 Pounds Sterling by Supreme Council.

ANNUAL PAYMENTS TO BE 100,000,000

Bonds to be Issued by Germany for Division Among the Allies.

London, May 3.—The supreme council reached a complete agreement this afternoon on the substance of the ultimatum to be sent to Germany by the reparations' commission not later than May 8. The ultimatum expires six days later. The drafting committee is busy tonight completing the document which will be finally passed at another meeting of the council tomorrow and then handed to the reparations commission which has been called from Paris and which will forward the last word of the Allies to the Berlin cabinet in accordance with the Treaty of Versailles.

Indemnity Increased

The total sum which Germany will be called upon to pay has been increased to 6,750,000,000 pounds sterling by the inclusion of the sum due Belgium on account of her debts to the Allies. Under the bonding scheme to guarantee the payment of 2,100,000,000 annually, plus 25 per cent. tax of German exports, £800,000,000 in bonds will be issued when the ultimatum expires or Germany accepts the terms. Bonds to the amount of £1,900,000,000 will be issued in November. The balance, £4,350,000,000 will be issued in accordance with Germany's capacity to pay. That capacity will be gauged by the product of 25 per cent on exports.

Form Sinking Fund

Besides the five per cent. interest on the bonds, an additional five per cent. will be imposed on them to form a sinking fund. The amount required for service bonds will be thus £2,500,000,000.

German Exports

There will also be an addition of one per cent. on German exports for the purpose of providing a fund to pay the interest on the bonds held in reserve. Interest on any bonds paid off will be continued for the purpose of the sinking fund. It is calculated that these bonds will be redeemed within 37 years from date of issue. In no case, according to the scheme, will Germany be paying more than five per cent. interest and one per cent. sinking fund on the total debt of £6,750,000,000. These amounts are to be a charge on German city taxes or any other revenue that the reparations commission is prepared to accept.

To Divide Bonds

The reparations commission will receive the bonds and apportion them among the Allies in accordance with the Brussels agreement. Each power will dispose of them or hold them as it pleases.

HOUSING CONDITION CAUSES LABOR UNREST

Sixty Delegates from All Parts of Dominion at Ottawa Convention.

Ottawa, May 3.—The need of greater efficiency and reduced costs in order to revive the building industry, also the need of finding some means whereby building operations could be continued through longer periods of each year were emphasized at this afternoon's sitting of the "Housing Industries" Parliament. Speakers from each side of the House followed one another in debate on the subject referred to in the special committees where they will be presented out and then reported on. On some of the questions brought up there was little divergence of views between employers and labor, in others the difference was marked.

Reports of Interest To Board of Health

Victorian Order Show Good Work—Three Milk Dealers Censured.

Chairman John Kelly presided at the regular meeting of the sub-committee of the Board of Health, held in the room, Princess street, yesterday afternoon. A feature of the meeting was the interesting report submitted by the Victorian Order in connection with the Child Welfare Work, which is being conducted in the city under their supervision. The report was submitted by Miss Edith Haslam, director, and Miss Jessie Forsyth, acting superintendent, and was as follows:

New infants enrolled in the city proper during the month, 31; visits made, 422; new infants enrolled on the west side, 8; visits made, 40; pre-natal visits, 68. The new free milk fund made possible through the activity of the Women's Council, was reported to be proving a great boon to needy families, twenty-three of whom were receiving a daily supply. The board's attention was directed to the Infant Hygiene exhibit given in Manchester, Robertson, Allison, Ltd., store during the health week just past.

Nurses' Report
The nurses stated that in the course of their visits they have seen a number of cases of rickets and malnutrition amongst the children, both caused by lack of fresh air and proper food. Mothers had been advised to keep the children in open air in their backyards as much as possible, a thing the mothers were reluctant to do, in view of the unhealthy conditions of St. John's backyards in general.

Must Be Agreeable
This conference must either show to the Dominion that representatives of employers and workers are going ahead settling their disputes by conciliation and arbitration, or all our work in it must be in vain.

More Individual Law
There are employers who are in the hands of a small group who would drive us back to the old days when it was every man for himself, Mr. Moore declared. "This must never be allowed to be brought about."

Sanitary Inspector
Sanitary Inspector Richard Water told of several residences on the west side of Douglas Avenue which were drained by wooden pipes into Merble Cove. One of them he reported in bad condition. In a discussion which followed, it was pointed out that it was impossible to have these buildings connected with the regular sewerage system, and Dr. Warwick was appointed to investigate the conditions in the hopes of solving the difficulty.

Kings County Dealer
A Kings county milk dealer, who had been ordered to discontinue selling his product in the city in view of a persistent neglect to comply with the board's requirements, wrote the board a pathetic appeal, asking reconsideration. The matter was referred to the Dairy Inspector.

House Ordered Closed
A house on British street was ordered closed until the owner had repaired it to an extent sufficient to make it habitable for human occupation. Dr. Warwick gave a detailed report on the sewerage and water connections on Victory street, situated at the North End, where a number of houses are still devoid of the most ordinary necessities.

Call Vice-President In Boston Railway

Committee Anxious to Find Out Details of Passage of Street Car Bill.

Boston, May 3.—Vice-President Coolidge has been asked to appear before the legislative committee which is investigating the circumstances attending passage of street railway measures in 1918 and 1919, the committee announced today. Dissent of a bill for the purchase of the Cambridge subway from the Boston Elevated Railway Company, during the vice-president's first term as governor in 1913, has been the subject of testimony by several members.

Wanted Vote Changed
Representative Abbott R. Rice, of Newton, referring to Governor Coolidge's act in summoning the legislature in special session to consider the measure, after it had been defeated at the regular sitting, testified yesterday that he had been solicited by the governor at that time to change his vote. Governor Coolidge told him, he testified, that although he knew the bill of the merits of the bill, he favored it because he had confidence in the man behind it. The committee said no answer to his communication to Mr. Coolidge had been received yet.

The car kept on to Indian river woods where the bridge was up and this made a detour necessary. The men struck the crossroad towards Masson's bay and stopped to hide the whiskey in the woods. They had hardly got under way again when they ran into one of the police cars, which had figured out that they would be down that way.

TOM GARDNER OLDEST RIVER DRIVER KNOWN

Spent Lifetime on the St. John and Allegash Driving Logs.

St. Francis, May 3.—Tom Gardner is the oldest river man on the Saint John river and probably in all Maine. His work has been that of a boatman, driver, logger, and fisherman. He has spent his entire life on the river, and his knowledge of the river is unparalleled. He has driven logs for over 50 years, and his experience is a treasure to the industry.

FOREST HILL FARMER FACES MURDER TRIAL

Ezekiel Berry Pleads Not Guilty to Charge of Killing His Wife.

WITNESSES RECALL STORY OF THE DAY
Much of the Evidence in First Day a Repetition of the Preliminary.

(Continued from page one)
Witness and his wife went over to the Berry home and the accused asked Mrs. Prosser to stay and pacify Olive, daughter, who had been crying all night about her mother being away. Witness said, "I started to go down to the pool; when I arrived at the accused's home there was one set of moose tracks from the accused's home to the pool. Accused was wearing moose tracks that morning. The moose tracks crossed the culvert. I also saw some tracks on the culvert. The first boot tracks were about a foot from the culvert. The last boot tracks were on the end of the culvert. The moose tracks made a complete circle of the pool and back into the pool. The moose tracks around the pool was one continuous line of tracks. No Signs of Body.

"There was nothing to indicate that there had been any body in the pool; the surface of the snow was not broken. There was an old log lying in the pool but that I saw was no evidence of any tracks leading into the pool. When I came from the pool, I went to the accused's house. I saw the body of Mrs. Berry lying on three chairs. I noticed two raised or swollen marks and white on top on the left side of her throat and considerable discoloration near her right ear and marks on the side of her throat from which blood was oozing."

"When I came out of the house," witness said, "the accused was in the house barn and he began to tell me what he had done that morning. He got up about 6 o'clock and went down to the old engine and saw something in the pool. He could not tell whether it was a log or his wife. He then came back and cooked pancakes and got breakfast and went down to the pool and found his wife. He picked her up and brought her up as far as the engine and laid her down and called his son Winslow to bring the hand sled which he did and they brought her up to the house."

The witness stated that he asked the accused how and his wife had been getting along. Accused said that she was very cross when he came home and they had three quarrels. "I asked him if he had been drinking. He said he had drunk a quart bottle of whiskey the day he came home, between Rosignol and Bunyon Bannister, and threw the bottle away."

Found No Seconder For His Motion

So Labor-Farmer Member of Nova Scotia House, Fails to Get Discussion.

Halifax, N. S., May 3.—Failing to find a seconder, or a pricker, the motion of A. H. Richardson, Farmer-Labor member for Cape Breton, that the annual report of the Provincial Highway Board should be considered, fell to the ground in the House of Assembly yesterday afternoon.

Hon. E. H. Armstrong, leader of the government, tabled the report of the Workmen's Compensation Board for the year 1920. The report notes an increase in compensation paid to widows and children in 1920, and suggests that some changes should be made in the clauses in the act referring to medical aid to workmen injured in the collieries of the province.

Business Before Common Council

Invited to Send Representative to National Health Assn. Convention.

An invitation to send a representative to the convention of the National Health Association was received by the city council and referred to the Board of Health and several matters of routine business were disposed of at yesterday's meeting.

Mayor Schofield presided and Commissioners Frink, Bullock and Jones were present.

Recommendations.
The committee of the whole recommended that a lease of a building on Nelson wharf next the Colwell Fuel Co. premises be leased to that company for \$25 per annum; that the following scale of prices be charged for the swimming privileges at the city baths this year, season tickets under 16 years \$1, over 16 \$1.50; single admission 10 cents, lockers 25 cents; that the application of the St. John Gas and Supply Co. for permission to install a gasoline tank and pump at 45-47 Princess street be granted; that the city engineer be instructed to prepare plans and specifications for excavating and back fill for 15 inch water main in Winter street; that the commissioner of public works be authorized to call for tenders for 500 tons of asphalt. Adopted.

Departmental Accounts.
The Commissioner of Finance and Public Affairs recommended the payment of the following departmental accounts for the month of April last, namely: Treasury Dept., \$473.39; Public Safety Dept., \$3018.71; Public Works Dept., \$2778.53; Water & Sewerage Dept., \$1663.30; Harbors, Ferries and Public Lands Dept., \$4021.88 and reported payments for the past month amounting to \$185,154.95.

The annual report of the commissioner of finance and public affairs was received and ordered printed with the city accounts and reports.

On motion the lease of the lots at 4 and 4 North wharf was ordered referred to Gandy and Allison, the present owners of the building situated thereon.

A communication inviting the council to send a representative to the convention of the National Public Health Association, to be held at Toronto, was read and ordered referred to the Board of Health.

DAYLIGHT LEAVING FAVORED
Fredericton, May 3.—By a vote of 6-3 the city council this evening voted against the resolution against daylight saving sponsored by the Labor Council and others. The result will be that daylight saving will come into effect here on May 22 and continue until Labor Day.

wife of Bunyon Bannister, and Robt. Snowball Colpitts. The evidence was practically the same as that given by these witnesses at the preliminary examination.

Miserable Conduct of a Selfish Man

Sydney Liquor Taken Valued At \$40,000

Another Carload Worth \$10,000 is Seized at North Sydney.

Sydney, N. S., May 3.—Seizure of liquor valued at eleven thousand dollars marked the fifth day of the bonfire Sydney campaign here. Inspector W. M. Lamond captured a carload of liquor at North Sydney, valued at about ten thousand dollars and at the same time Inspector George W. Riddout of Sydney made a seizure of one thousand dollars worth of booze here. The value of liquor seizures in the Sydney district since last Friday now totals over forty thousand dollars.

HALIFAX OARSMAN DEAD

Halifax, N. S., May 3.—Callb Nickerson, 47 years old, last survivor of the famous Halifax fisherman's four-oared crew, which finished first in the Philadelphia race was awarded an annual prize in their claim of a foul. The Halifax crew was awarded second prize, but never accepted it, claiming that they had fairly won the race.

MONCTON PLUMBERS WORK

Moncton, N. B., May 3.—The local union plumbers, who quit work on Monday, are at work again today, having reached a satisfactory agreement with the master plumbers. The journeymen plumbers, it is understood, will receive 85 cents an hour, which is the same as last year's schedule. The local union painters and decorators, also the union tinamiths, who quit work on Monday, are still on strike.

Maud Earle, who was at the Nickerson house when Capt. Perry was there before returning to death at his door, was the next witness.

She swore that the captain wore a watch chain that night; she could not swear that it was the same chain as that produced in court, but thought that it was similar. She did not notice any job on the Captain's watch. Cross-examined by counsel for the defence, Maud Earle said that she was at the Nickerson house all evening. She had taken no notice of the appearance of the Perry house when she passed by. Capt. Perry departed from the Nickerson house before she did. She was sure that he had a watch chain on. She thought it was a heavy gold chain. The next witness, Theodore Borgstrom, who died in the year 1920, advocated and practiced the modern aseptic treatment of wounds nearly 600 years before it was re-discovered by Lord Lister and applied by modern surgeons.

Yarmouth Case Continues Friday

Evidence Being Heard in Charge Laid Against Mansfield Ross.

Page 3—Yarmouth Murder. Yarmouth, N. S., May 3.—Three testified at the session this morning of the preliminary examination into the charge against Mansfield Ross, the murderer of Geo. H. Perry, with which Mrs. Perry, the widow, is charged. After their testimony had been taken Stipendiary Magistrate Fellon remanded Ross until Saturday morning next at 11 o'clock.

The chief evidence this morning hinged upon the watch, watch fob and watch chain belonging to the late Captain Perry. Miss Elzior Perry, daughter of the murdered man and close friend of Mansfield Ross, who was the first witness, identified a watch chain produced by the Crown as having belonged to her father.

Identified a Watch.
She said she found it in a bureau drawer after her father's death. The witness also identified a watch fob, which the captain had received from the Sharples Separator Company, for which he was agent. Cross-examined by R. W. E. Leary, counsel for Ross, Miss Perry said that she had seen her father wear the fob and was positive that he had worn it for a month or more previous to the murder. The witness told Mr. Leary that she had not known where the watch chain was until she found it in the bureau drawer.

Wore the Watch.
Maud Earle, who was at the Nickerson house when Capt. Perry was there before returning to death at his door, was the next witness. She swore that the captain wore a watch chain that night; she could not swear that it was the same chain as that produced in court, but thought that it was similar. She did not notice any job on the Captain's watch.

Cross-examined by counsel for the defence, Maud Earle said that she was at the Nickerson house all evening. She had taken no notice of the appearance of the Perry house when she passed by. Capt. The next witness, Theodore Borgstrom, who died in the year 1920, advocated and practiced the modern aseptic treatment of wounds nearly 600 years before it was re-discovered by Lord Lister and applied by modern surgeons.

CHILDREN CRY FOR FLETCHER'S CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

Many At Funeral of John W. Vanderbeck

Provincial Government Represented by Charles J. Morrissey, M. L. A.

Special to The Standard. Newcastle, N. B., May 3.—The funeral of the late John W. Vanderbeck took place at three o'clock this afternoon from his late residence Millerton, and was the largest seen in this county for many years. Residents from Tabusintac to Boiestown gathered to pay the last respects. The service at the house was conducted by Rev. A. McN. Matthews, assisted by Rev. Mr. Scott and Rev. H. T. Montgomery, and a mixed choir rendered "Jesus Lover of My Soul" and "Abide With Me," favorite hymns, after which the funeral cortege wended its way to Ferguson Presbyterian cemetery, Derby, where interment took place. The floral offerings were many and beautiful. The Provincial Government was represented by Charles J. Morrissey, M. L. A., while J. S. Martin, M. L. A., and Fred W. Fowle, M. L. A., were also in attendance.

Two Bad Accidents Occur At Gagetown

LeBaron Hector Cuts Foot While Splitting Wood—Boy Gets Glass in Eye.

Special to The Standard. Gagetown, N. B., May 3.—Two painful accidents occurred here within the week; both of which required skillful surgical treatment, and are now progressing successfully. While LeBaron Hector was cutting firewood in the yard of his home last Wednesday afternoon, a heavy blow of the axe, directed at a tough stick, went directly through the right foot, completely severing three large tendons and fracturing several of the small bones of the foot. As Dr. Jenkins was away at the time, it was necessary to wait until evening for medical attendance. The patient is now doing well.

Eye Badly Injured.
This afternoon, while playing with some of the other boys, Francis Duko was struck in the right eye, and his glasses broken, filling his eye with bits of broken glass. It was a very painful accident, and took some time to remove all the glass, eleven pieces being taken out. Fortunately the sight was not destroyed, but it will take some time for the eye to heal.

MILLS ARE RE-OPENING

Fredericton, N. B., May 3.—With a ten-hour working schedule in effect, as compared with a nine-hour day last year, and wages generally reduced 10 per cent, as compared with last year, Stanley Douglas, Ltd., commenced the operation of their lumber mills at about 10 o'clock this morning. Mr. Douglas said at noon today that many more men had offered than he had places for.

Fraser Companies, Ltd., commenced the operation of their mill at Magaguadavic on the main line of the C. P. R. east of McAdam this morning. About 65 men are employed, and many thousands have offered for the position but no work. It is also on the ten-hour day.

APPEAL CENSORS' DECISION

Fredericton, May 3.—The cabinet is in session here this evening under the Hon. Mr. Robins, the acting premier. Two appeals were made against decisions of the Board of Motion Picture Censors of the province but no decision was reached by the ministers.

GIRLS SWEAR MARGARET LONG DRIVEN INSANE

Mind a Blank Concerning Birth and Death of Her Child at McAdam.

Special to The Standard. Fredericton, N. B., May 3.—The mind of Margaret Long, who was accused of driving her child insane, is a blank concerning the birth and death of her child at McAdam. She was brought to Fredericton for trial on March 18th, and was examined by Dr. Powell, K. C. of St. John, as counsel, with S. J. Mellday, St. John, her solicitor, and supporting her in her defence are a delegation from the St. John Council of Women, consisting of Mrs. John Bullock, Mrs. W. B. Tennant and Mrs. W. E. Raymond who arrived here this morning, accompanied by E. L. Rising, of St. John, who is the real benefactor of the accused, and an organized defence has been made possible.

ST. JOHN FRIENDS COME TO HER HELP

Case Expected to Go to Jury Late This Afternoon or Evening.

(Continued from Page 1.) Miss Shaw, who was the accused's companion when she went from St. John to McAdam on March 18th to work at the hotel, said under cross-examination by Mr. Powell that she believed Margaret was "out of her mind."

UP BEYOND PRICE

Fredericton, N. B., May 3.—The sale of Crown lands at the Department of Lands and Mines today, lively bidding developed in the case of 100 acres near Tracy, Sunbury County. Frank Banker was the applicant and the price set was \$5 an acre. Perley Phillips bid against him and the bid finally was knocked down to Phillips for \$16.50 an acre, a remarkably high figure. Three lots in Gloucester, one in Northumberland and one in Westmorland went at the upset price.

Mrs. Susan Hagerty. Moncton, March 3.—The death of Mrs. Susan R. Hagerty, at the age of 75 years, took place at her home here early this morning after a few days illness of pneumonia. She was a daughter of the late William Baskin, of Havelock, Kings county, and returned to Moncton thirty years ago. She is survived by one son, Ernest H. Hagerty, of the C.N.R. Winnipeg, and one daughter, Mrs. Frank Satchell of Sydney, C. B., two sisters, Miss Margaret Baskin and Mrs. Mary McLeod, and one brother, Geo. T. Baskin, St. Stephen also survive.

CHILDREN CRY FOR FLETCHER'S CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. FOR WOMEN AMUSEMENTS

Canadian Women's Hostel Closed

Reports Read at Meeting—Y. W. C. A. Will Include Work in Travellers' Aid Dept.

The closing meeting of the Canadian Women's Hostel was held yesterday afternoon at the Hotel Britannia Street. Arrangements have been made by which the Y. W. C. A. Travellers' Aid will care for women coming from overseas.

Mrs. D. W. Puddington presided, in the absence of the President, Mrs. H. A. Powell. Mrs. J. H. Jenner read reports of the treasurer and secretary.

Work Taken Over.

Mrs. Lawrence explained that while the work accomplished by the Hostel had been in every way a success, it was felt that the use of the building was too expensive for the small number of immigrants remaining in St. John. It was decided that the work could be carried on by an existing organization. At the request of the Hostel Committee, the Y. W. C. A. was asked if they would include the Hostel work in their Travellers' Aid Department. The matter was carefully considered at a joint meeting and the Y. W. C. A. consented to merge the work. Two meetings were held and the question very thoroughly discussed.

Mrs. J. Pope Barnes gave the report of the House Committee stating that an inventory of the equipment of the Hostel had been made.

Mrs. Lawrence read a letter from the Salvation Army regarding the taking over of the building.

Treasurer's Report.

Mrs. J. H. Jenner as Treasurer reported total receipts \$312.14 including \$80 from the Home. Expenditures were \$145.28, bank balance \$177.65 with current bills unpaid.

Miss Elizabeth McInerney, in the financial report, stated that there remain bills outstanding to the amount of \$183.10. Bills were ordered paid.

In the report of Miss Brewer she stated cash receipts, March 22nd to April 20th, \$101.90. Paid treasurer, \$97.61. Nine families stayed at the Hostel. Seven young women stayed at the Hostel. Delegates to the Women's Auxiliary were entertained during the convention. Miss Brewer thanked the committee for courtesy and support. She left on Tuesday morning.

Women's Auxiliary

The Women's Auxiliary acknowledged indebtedness to the extent of \$59.40. Since December 62 overseas persons and 32 transients have been housed at the Hostel. Arrangements were made for moving the equipment to the Travellers' Aid and for a final meeting of the finance committee.

Annual Meeting of The W. C. T. U.

Much Good Accomplished During the Year—Reports Received.

Much good accomplished during a year of activity was reported at the annual meeting of the W. C. T. U. held yesterday afternoon at Orange Hall, at which Mrs. David Hipwell was re-elected president. The devotional exercises were led by Mrs. R. D. Christie, who spoke on "Consecration," reading the 32nd Psalm.

Members heard with regret that Mrs. Hanapacker, corresponding secretary, is ill. Mrs. Seymour reported on a visit to the Boys' Industrial Home, where she had given a talk to the boys and had furnished a treat of home-made candy.

Sanctioned Action

The Union heartily sanctioned the action of the Local Council of Women in dealing with the case of Margaret Long on trial for infanticide. Mrs. Hope Thompson reported on her hospital visit. Reference was made to the address of Hon. N. W. Rowell on Monday evening and the lessons he pointed out.

The secretary, Mrs. Hipwell, in her address, spoke on "The Consecrated Life." Mrs. R. D. Christie gave the yearly report telling of regular meetings throughout the year. Mrs. J. H. Jenner, treasurer, in her report stated that there is a substantial balance in the funds and that the total receipts are larger than in any previous year.

The Officers

The election of officers resulted as follows:

Mrs. David Hipwell—President.
Mrs. Hope Thompson—Vice-president.
Mrs. J. D. Seely—Second vice-president.
Mrs. George Colwell—Third vice-president.
Mrs. Axel Bertlund—Corresponding secretary.
Mrs. R. D. Christie—Recording secretary.

Mrs. J. Hoar—Treasurer.
Miss Nellie Keith—Auditor.
Mrs. Axel Bertlund—Planist.
Superintendents were elected as follows:

Mrs. Mary Seymour—Evangelistic.
Mrs. E. Ellison—Parlor meetings.
Mrs. Ellsworth Scott—Soap whippers.
Mrs. Hope Thompson—Hospital.
Mrs. E. S. Hennigar—Missionary.
Mrs. W. H. Humphrey—Flowers and relief.
Mrs. R. D. Christie—Press.

of the blood perhaps and your worn out, exhausted nerves need to be revitalized

For this purpose there is nothing better than Organic Iron; not metallic iron which people usually take, but pure Organic Iron—Nuxated Iron—which is like the iron in your blood and like the iron in spinach, lentils and apples. One dose of Nuxated Iron is estimated to be approximately equivalent (in organic iron content) to eating one-half quart of spinach, one quart of green vegetables or half a dozen apples. It is like taking extract of beef instead of eating pounds of meat.

Over four million people annually are using Nuxated Iron. It will not injure the teeth nor disturb the stomach. A few doses will often commence to enrich your blood. Your money will be refunded by the manufacturer if you do not obtain satisfactory results. At all druggists.

Praise Given Work of Mrs. G. A. Kuhring and Regrets Expressed at Departure.

At an executive meeting of the Women's Auxiliary of the Anglican church held yesterday morning at the Church of England Institute very high praise was given the work of Mrs. G. A. Kuhring, as organizing vice-president and the deepest regret expressed at the loss the Auxiliary will experience when Mrs. W. Forsyter will take up the work which Mrs. Kuhring has been doing.

Mrs. George F. Smith presided at yesterday's meeting and after the executive were welcomed, an appointment was made of the money voted at the annual meeting to several objects.

Wedding March. The bride, who was given away by her father, wore a becoming travelling suit of navy blue with small pinkie hat and carried a bridal bouquet of sweetheart roses. She was attended by Miss Mary Armstrong, of St. John, who wore black tulle and carried a bouquet of lilies-of-the-valley and roses. The groom was assisted by Mr. Angus Hodgson, of Montreal. After the ceremony a wedding luncheon was served. The dining-room was beautifully decorated, the color effect being pink and white, and the table decorations, roses and lilies-of-the-valley. Mr. and Mrs. Whithall left on the Ocean Limited for Montreal and will spend their honeymoon at the groom's summer home, outside of Montreal. The out-of-town guests included Mr. A. R. Whithall and Miss Bertie Whithall, father and sister of the groom; Mr. Angus Hodgson, of Montreal, and Miss Mary Armstrong, of St. John.

AS A WOMAN THINKETH

By HELEN ROWLAND (Copyright, 1920, by The Wheeler Syndicate, Inc.) Medicine For The Married

Somebody, "He suggested the establishment of a 'Marital Bureau,' where all domestic disputes could be peacefully settled—Not a Court of Domestic Relations, where you can hale a husband who won't pay the bills or a wife who has run home to Mother—But a sort of Soul-adjuster, where the fine points of the conjugal warfare could be brought out to a finish. And the decision rendered by an expert on cardiac complaints.

But it all sounds wonderful—and "so intriguing!" But what would you say to the judge, or the Advisory Board, or the jury or whoever it might be, when you looked them in the face? Would you—could you—say, "Your Honors and Honoreesses, "He's a perfectly good husband—a good provider, and comes home regularly every night for dinner, and never complains about anything and never looks another woman— "But I don't like the way he trims his hair, "And he has told the same funny story at every dinner party we've attended, for the last seven years, "And he has never been able to find his hat without organizing a searching-party, a single morning since we married, "And he insists on snooping in the refrigerator, and upsetting the food, "And he always stings at his bath—and simply CAN'T carry a tune, "And he tries to be funny at breakfast! "And he never listens to a word I say, nor laughs at my witliest remarks— "Just waits for me to finish, as though I were an elevated train going by, and he was waiting for the next car, "And he takes four lumps of sugar in his coffee—and is getting fat! "And he won't wear his rubbers—and catches colds in his head, and then blames it on his Administration, "And, never once since the day we married, has he complained of my hats, or noticed when I had on anything new, or failed to tell me when my nose was shiny, or my freck was unbecoming; "And he raises a storm, every time I start the spring cleaning, and yells to heaven, that I've stolen his pipe, and flung out all his valuables, "And he will never, never, let me throw anything away; but saves all the corks and bottles and oil nails, and pieces of lead-pipe, and broken door knobs, for all the world like a squirrel— "And, never once since the day we married, has he complained of my hats, or noticed when I had on anything new, or failed to tell me when my nose was shiny, or my freck was unbecoming; "And he raises a storm, every time I start the spring cleaning, and yells to heaven, that I've stolen his pipe, and flung out all his valuables, "And he will never, never, let me throw anything away; ELECTRIC LIGHT SPORTS.

Electric light sports, the first to be held here in a considerable number of years, are scheduled to take place on May 18 next, for charitable purposes. The meet will comprise inter-collegiate events for the Civil Service employees and T. McAvity & Sons, Ltd., under whose joint auspices the sports will be carried out, and open matches. The meet has the sanction of the Amateur Athletic Union. The open events are a mile relay and a one hundred yard dash. Entries for the open races close with George Stubbins, care of H. W. Cole, Ltd., Water street, on May 11.

Fast Basketball For Championship

Y. M. C. A. Defeated Y. M. C. I. Intermediates 20 to 18—Will Now Play High School

The Y. M. C. A. Intermediates defeated the intermediates of the Y. M. C. I. by a score of 20 to 18, in the Y. M. C. I. "gym" last evening, and thereby qualified for the right to meet the High School team for the Intermediate Basketball Championship of the city.

Led From Start
There was a good crowd in attendance at last night's game, from the very start of which the Y. M. C. A. took the lead and showed a decided superiority over their opponents throughout the entire period, the half ending 13 to 6 in their favor. The Y. M. C. I. tightened up and made a splendid come-back in the second half, scoring 12 points to the Y. M. C. A.'s 9. They were unable, however, to overcome the lead established by their opponents in the opening stages of the game, and the Y. M. C. A. won out by a two-point margin, the score being 20 to 18.

Parents Thank Daughters of Empire

Grateful Letter Received from Those Who Were Quarantined on Partridge Island.
Partridge Island, April 8, 1921.
The Daughters of the Empire: To Secretary-Treasurer
Last night little ones and grown up people were surrounding a large table where toys and games and books of all description were piling up and up. Everyone was watching our feet toward unwrapping and sorting up the goods. Boys and girls were wondering what was going to be their award.
Let me say that everyone of them had his or her share, and that they were more than pleased with what was given to them; as we were asking one another where all the things were coming from, someone whispered: "from the Daughters of the Empire" at St. John, and to them, in the name of all of us here on Partridge Island, I send this acknowledgement. Our term on this island will soon be at an end, and the misfortune that brought us here will then be soon forgotten, but when we reach our homes, be they in the States or in the Canadian far west, we will still remember, and for a long time, the good ladies called the Daughters of the Empire of St. John. They have brought our children joy and happiness, and they have tried successfully to cheer us up.
To them the thanks of our children, to them also the thanks of their parents.

Boxing Association Warns New Jersey

Promoters Must Not Be Allowed to Charge Exorbitant Rates for Big Fight.

SPORTS—K-BOXING.—Ber... Milwaukee, Wis., May 1.—New Jersey will be expelled from the National Boxing Association if its boxing commission permits Tex Rickard to charge \$50 for ring-side seats at the Dempsey-Carpenter fight on July 2. It was announced last night by Walter Laginger, president of the National Association.
"When the association was formed," he said, "it was the general opinion that no championship matches were worth more than \$15 to a spectator and this opinion was agreed by the New Jersey board. It was agreed that outrageous prices for a boxing match tended to put the sport too much on a commercial basis, which was one thing the association wished to avoid."
"In the event that the New Jersey commission refuses to restrict its permit to Rickard, or persuade him to change his scale of prices, there will be nothing left to do but to expel the state from the association."

BUILDING FUTURITY FAMILIES BIG FACTOR IN LIGHT HARNESS RACING

Dillon Axworthy Most Conspicuous Sire of Early Speed—Margaret Dillon May Prove Fastest of Family.

(By W. W. Gocher.)
Cult racing is the core of the turf. The winners receive their rewards while the youngsters like Ina Jay, Bland, Leo Axworthy, E. Colorado and St. Frisco, which forced them out, become the legends in the aged events. A few still cling to the slogan "early maturity early decay," but their influence is fading.
INFLUENCE OF BREEDERS.
The rich families which mature each year force the breeders and who purchase trotting bred colts to train and if they are fast enough race at every opportunity. The breeding of the winners show at a glance which families are the most successful and at the same time make a market for the material offered during the winter months.
The Wilkes and Electioners were the first leaders. For a number of years the rivalry between them was very keen. It was also continued through the different subdivisions of these families until Peter the Great appeared and was again renewed until his flock of winners began to appear on all of the leading tracks. At present the honors are divided between the representatives of the Laurel Hall Farm premier and Peter the Great worthy branch of the Wilkes family through Guy Axworthy, Dillon Axworthy and General Watts, and the Baron Wilkes line through Moko and his son Silko.

The Line-ups
The line-up follows: Y. M. C. I. Peterson . . . McCrossin Josephine . . . Tahaman Centre . . . Fraser Strain . . . Dobblesien Ellison . . . Dobblesien Logan . . . O'Connor Spare
C. J. Mersereau refereed in his usual efficient manner.
The championship game is scheduled to be played in the Y. M. C. A. next Tuesday night and should prove as attractive and evenly matched a game as was last evening's. It will be looked forward to by many.
High School and "Y" rotters will not be wanting, and no doubt the last game of the season will prove the hardest fought yet.

Parents Thank Daughters of Empire

Grateful Letter Received from Those Who Were Quarantined on Partridge Island.
Partridge Island, April 8, 1921.
The Daughters of the Empire: To Secretary-Treasurer
Last night little ones and grown up people were surrounding a large table where toys and games and books of all description were piling up and up. Everyone was watching our feet toward unwrapping and sorting up the goods. Boys and girls were wondering what was going to be their award.
Let me say that everyone of them had his or her share, and that they were more than pleased with what was given to them; as we were asking one another where all the things were coming from, someone whispered: "from the Daughters of the Empire" at St. John, and to them, in the name of all of us here on Partridge Island, I send this acknowledgement. Our term on this island will soon be at an end, and the misfortune that brought us here will then be soon forgotten, but when we reach our homes, be they in the States or in the Canadian far west, we will still remember, and for a long time, the good ladies called the Daughters of the Empire of St. John. They have brought our children joy and happiness, and they have tried successfully to cheer us up.
To them the thanks of our children, to them also the thanks of their parents.
Per MRS. L. SIAND.

Boxing Association Warns New Jersey

Promoters Must Not Be Allowed to Charge Exorbitant Rates for Big Fight.

SPORTS—K-BOXING.—Ber... Milwaukee, Wis., May 1.—New Jersey will be expelled from the National Boxing Association if its boxing commission permits Tex Rickard to charge \$50 for ring-side seats at the Dempsey-Carpenter fight on July 2. It was announced last night by Walter Laginger, president of the National Association.
"When the association was formed," he said, "it was the general opinion that no championship matches were worth more than \$15 to a spectator and this opinion was agreed by the New Jersey board. It was agreed that outrageous prices for a boxing match tended to put the sport too much on a commercial basis, which was one thing the association wished to avoid."
"In the event that the New Jersey commission refuses to restrict its permit to Rickard, or persuade him to change his scale of prices, there will be nothing left to do but to expel the state from the association."

French Want Odds In Big Ring Battle

Editor L'Echo des Sports Says Carpenter May Fool Dempsey in Big Fight.

Paris, May 3.—French sportsmen are going easy in putting up real cash on Georges Carpenter, altho the majority still think their favorite will beat Dempsey. Virtually no French money has yet been forthcoming. Prominent fans say they are waiting for odds.
"There is no disguising, however, that French sports are not so cocksure about the fight as they were some time back."
Victor Bruyer, editor L'Echo des Sports, one of the leading athletic papers of France, puts it in this fashion:
"There is no doubt that the average American boxer is much better than the average European boxer. However, it is also unquestioned that Carpenter is man above the average continental boxer. It remains to be seen whether he is high enough above the level to make up for the general superiority of Americans generally and under-value Carpenter," he said. "He has far more strength, punch and endurance than he is given credit for."
Dempsey would have fallen, had he received the blow that downed Beckett. Of course, I realize Dempsey is a different man from Beckett, and Carpenter might not be able to do that blow on the champion, but this can be taken as guess—if Dempsey ever gets one like Beckett, he'll go down just as suddenly.
"Carpenter has a wicked jab. He has endurance, boxing skill and in general ranks favorably with American boxers."
"No matter who wins, I believe American fight fans will admit after July 2 that Carpenter is a very great pugilist."

Ray's Return To America Doubtful
With Duncan and Mitchell in Field Ted's Trip Might Not Be Profitable.
While golfers once more are looking through rose-colored glasses at the coming season it might be just as well to remind them that though it is as good as a fact so that they may refrain from expecting too much in the matter of entertainment from the British professionals. This reflection is advanced that golfers in this country may consider themselves lucky to have George Duncan and Abe Mitchell in their midst and not too keenly disappointed if Ted Ray, the mighty hitter from Oxhey, should fail to return to defend the national open championship title which he won last August at Toledo.
For despite the optimism of the Columbia Country Club, where the next open tournament is to be staged, and all the reports to the contrary, it is by no means improbable that Ted will not return to those shores this year. This does not mean that the final decision has not been reached, but the fact remains that Ray is said to have written a letter to a friend in the United States in which he declares he will not be over again this summer unless his club should decide that he should go.
And why Oxhey should be anxious to have its professional undertake another trip across the Atlantic, leaving it without his services for another month, six weeks or two months, is not quite clear on the face of things.
Little Nourishment for Ted.
Looking at the question from his own standpoint, there is not much for Ray to gain by such an undertaking, seeing that he would be playing a lone hand in the matter of patches and running about of the Duncan-Mitchell tour and schedule. He might win the championship first prize of \$500 as he did last year at Liverpool, but even that would scarcely compensate him for his time and trouble.
All in all it looks very much as if Duncan and Mitchell will have the field to themselves this year unless strong pressure is brought to bear on the British Professional Golfers' Association to send over Ray and some other star to join Duncan and Mitchell in completing a team of four to compete for the international trophy offered by Walter L. Ross of the Inverness Club, Toledo.

Four Teams In Football League

Association Players Elected Officers With W. Bowie as President.

A well-attended meeting of Association Football players was held in the Y. M. C. A. last evening. Officers were elected and a committee appointed to arrange a schedule of Summer games. There were representatives of the Central A. A. A., Carleton Football Club, the Hardware Clerks' Association, and the Active Militia A. A. A. present, all of whom will enter teams in the league.
The Officers
The officers elected were: President, W. Bowie, Y. M. C. A. physical director; vice-president, R. A. Ross, Carleton Football Club; secretary-treasurer, John Napier, Central A. A. A.
The grounds committee turned in a very satisfactory report assuring playing fields for the teams.
The executive which is to consist of the president, vice-president, secretary-treasurer and one representative from each team entered, were empowered to meet at the Y. M. C. A. Friday night and draw up a constitution and by-laws and a schedule.
Quite a number of new players have joined up with the different teams and a wide spread interest is being shown in soccer. The first game will be played in a couple of weeks or 3 months' time.
Tests have shown that the Germans used no new fibres in the fabrics that they used as substitutes during the war, but that cotton and confederum fibres such as used in paper making were utilized.

Johnny Wilson Not Anxious To Fight

Fans Are Getting Restless—They Want to See Champion in Action.
Johnny Wilson, the present middleweight champion, is the most talked about individual in the roped arena—or, would you say, outside of it, for Johnny seems to be ring shy or something. Trying to get Johnny inside the ropes is like administering a dose of castor oil to a ten-year-old youth—it can't be done without a lot of persuasion by his present attitude toward a "wildness" to defend his title.
John Joseph Funes, for that's Wilson's real name, is an Italian-American and a native New Yorker, born in 1883. Now 38, he has been 18 years old—got 611 for his first fight, won by a K. O. in 1911. Never got anywhere until KILBOS, the former beef player, rebuffed him up. Under KILBOS' training, Wilson began his march toward this title. He beat Ed Reid, George Robinson, Pat McGehee, Young Fisher, Frank Carbons, Silent Martin and then O'Querry's expert Johnny's chief asset is his left-hand wallop. He can hit well and is fairly fast and shifty on his feet. He is married to a Boston girl and makes his home there in the shadow of the Bunker Hill monument. Possessing as fine a build as any middleweight, Wilson is tall for his weight, with strong arms. He's a miniature Fred Fulton.
Come on, Johnny, get busy and let's see what you've got!

Early in the evening Miss Heffer, the director, gave a supper to about fifteen boys who have taken an active interest in the club during the winter months and the young fellows who were seated round a prettily decorated table, thoroughly enjoyed themselves.

ARRESTED FOR HAVING APPETITE. A man will do a lot of queer things when he is drunk, and Frank McDonald appears to have developed a prodigious appetite. He was taken into custody on Douglas Avenue last evening for being drunk and also on suspicion of stealing three pies, five quarts of milk and a milk can from Mrs. Jennie Valentine, 436 Main street.

Bonded Liquor Warehouse For St. John

Montreal Wholesaler Determined to Establish One Here.

That an effort to establish and maintain a bonded liquor warehouse in this city by a well known wholesaler of Montreal, will be made very soon, was the opinion expressed by an official of the City yesterday. He has received notice that a cargo of liquor is already on the way to St. John for this purpose and he has been given orders to seize the whole.

To Make Test. It is learned that eminent legal authorities have advised the wholesaler, seeking St. John as a distributing center, that there is nothing in the law to prevent him maintaining a warehouse here. He is to take the chance at any rate, follow what may.

It was learned last night that the authorities will seize the liquor when it arrives here, but they frankly admit they have little hope of holding it. The seizure will be made and a test case in the courts will be sure to follow.

R. K. Y. C. Held Annual Meeting

Members Banqueted at Bond's — Pleasing Programme Carried Through.

The annual meeting of the Royal Kennebecensis Yacht Club was held at Bond's last evening under the most happy circumstances. The Commodore, F. P. Starr, presided at the head of a table about which some eighty members were gathered. He had as his guests Commodore Barton and Secretary R. J. Adams, of the N. B. Power Boat Club. After full of the Western Union Telegraph Company, also G. Laidlaw, Manager of the Halifax office, left on the Boston train last night for a conference with the New York officials of that company.

Reports received. The secretary and treasurer's reports showed the club to be in a satisfactory financial condition. Other reports which followed from private members were full of cheery optimism, and the comments of the younger members were marked with much pep, indicating that the Nova Scotia fishermen are not the only ones aspiring to the gathering up of the sailing trophies this coming season.

It was reported that one or two large yachts were to be added to the squadron this summer, as well as several dinghies, now in course of construction.

Domestic Day Regatta. The matter of holding a gala day at Millidgeville on July 1 was entered into with much gusto, and plans for the holding of a full programme of aquatic sports discussed. As a result a committee is to arrange for single and four-oared shell races, canoe races, dinghy and yacht races, and other attractions.

Westfield Races. It was moved that the R. K. Y. C. approach the Westfield Country Club with the view of holding a series of dinghy races off Westfield during the season. After the motion had carried, the Millidgeville juniors made some very audible remarks of the race that would await the Country Club navigators, after the R. K. Y. C.'s fleet of dinghies had navigated the perilous waters of Grand Bay.

The Age Limit. J. Fraser Gregory moved that the age limit for junior members be reduced from 18 to 16 years of age. It was moved in amendment that the age limit for junior members be set at 14, and carried. The motion to be adopted into the constitution at the quarterly meeting in August, and to be retroactive from May.

Howard Holder asked the members to remember that the first of July had been observed as members' day by the R. K. Y. C. for years before the war, and has been celebrated by the club when neglected by other organizations. He asked them to remember this, and make the coming Dominion Day a record breaking one in the history of the club.

The Toast List. During the evening a toast was proposed to the King and duly honored, and another to Commodore Barton of the N. B. Power Boat Club. In answering the toast, the commodore assured the R. K. Y. C. that their sister boat club would co-operate to the fullest extent in making the water sports at Millidgeville a grand success.

A toast to the R. K. Y. C.'s chaplain the Rev. Dr. J. A. Morrison, was proposed, and three wassy cheers and a tiger given the popular clergyman. The chaplain responded in a happy vein and after relating several humorous anecdotes brought his remarks to a close by stating Dr. Morrison's "When De Wood Scow Bus on Lac St. Pierre," the other members joined with him in the chorus.

Following the chaplain's address, the meeting adjourned and the very attractive programme prepared by the entertainment committee headed by Vice-Commodore Logan was put on. The first number was a comedy skit by Sandy McGregor, the Scotch

Perley McKim's Skull Fractured

Ten Year Old Boy Found Badly Injured Near Fairville's Motor Truck in Father's.

A distressing accident occurred in Fairville yesterday afternoon at about 6.30 in which Perley McKim, aged eleven, the only son of Clarence J. McKim, sustained a fractured skull and possibly fatal injuries.

A Mystery. How the accident occurred is a mystery. Mr. McKim was driving a heavy motor truck to his home on George street, Fairville, and slowed up to allow a friend who was on the truck to jump off. When the latter did so he noticed young McKim lying on the ground, unconscious and covered with blood. He called to the father who picked the little fellow up.

Taken to Hospital. A motor car was requisitioned and the child rushed to the General Public Hospital where he was received in an unconscious condition. His injuries were diagnosed as a fractured skull and he was declared to be in a very critical condition. After his admission the child recovered consciousness sufficiently to ask his father what had happened.

It is thought that the injured boy got up on the truck unknown to the other two occupants and received his injuries in jumping, or being thrown off, either by being hit by the car, or on hitting the ground. The weight of the car would not indicate that he had been run over, a particularly sad feature of the accident lies in the fact that the lad was an only child.

Proposed Arena Fully Discussed

Commercial Club Executive Talk Over Matter—Secretary to Report on Details.

The Commercial Club's executive met yesterday afternoon and discussed the necessity for and the possibilities of constructing an arena, to be used as a public forum, recreation centre, conversation auditorium and show room. After hearing a statement from the secretary regarding the necessity for such a structure and its possible uses, and examining a plan for same with estimates of cost of construction, the executive authorized the secretary in his official capacity to proceed along such lines as he deemed necessary, and report as soon as possible on the details which are necessary to a definite line of procedure.

The Object. The secretary on being interviewed stated that the object is to try and secure for St. John such a building of permanent type of structure as will provide for the different uses as outlined. He hoped that with the co-operation of other worthy citizens, the matter in some definite shape in a short time. It must assume either a bond and stock proposition, or a club effort, as the matter is one of great importance to the city, both from an educational standpoint, as well as that of community welfare.

As the matter stands at present I cannot make public any of the details of the plan, as it is still in the very long, as the idea is to have something for the coming winter.

Proposed Building. The proposed building is 320 feet long and 190 feet wide, permitting of a clear ice surface of 240 feet x 100 feet, and will permit of an eight lap track. It will have a clear floor, but it will maintain itself, if properly managed I believe it will appeal to more of the citizens than a hotel would, but we need both.

Germain Street Baptist Y. M. A.

Closing Banquet Held at Barker House, Loch Lomond, Greatly Enjoyed.

The Germain Street Baptist Church Young Men's Association held their closing banquet of the season at the Barker House Loch Lomond, last evening. About forty were present, and they left some money, but the King Square in automobiles at 8.30 o'clock last evening and had with them as guests Sandy McGregor, the noted Scotch singer, and Irving Beers, an actor who is a friend of Mr. McGregor's. After the arrival of the party at the Barker House they enjoyed a fine repast and then went in for a round of toasts and songs. Sandy McGregor rendered a number of Scotch songs in his usual fine manner and Mr. Beers was heard to advantage in readings. D. Arnold Fox was accompanied. Toasts to the leader W. G. Cross, and the President, H. Everett Hunt, were given in Highland fashion, one foot on the chair and the other on the table and were responded to by Messrs. Cross and Hunt.

An interesting paper was read by F. C. Field on the subject "Rushes from Forest to Foot." Short addresses were given by two guests, R. H. Davies, and Donaldson Hunt after which the party assembled round the piano and sang a number of songs.

The evening was greatly enjoyed by all present. The class closes a week from next Sunday and will not be resumed again until the Fall.

Held His Court In The Cemetery

Regret Expressed That Tool House in Cedar Hill Was Used for Trying Theft Cases

In conversation with The Standard yesterday, a citizen remarked that he was astounded a few days ago while a visitor to Cedar Hill cemetery. When he saw the police patrol coming in to the grounds and investigating the reason for the presence of the "hurry-up" wagon being there he was more than surprised to learn that Magistrate Allingham was holding court in the cemetery.

Something Extraordinary. The Magistrate, who is an official of the cemetery company, had previously held court in Fairville, the court room being on the upper floor of the fire station; but this building was destroyed by fire some few months ago, and why some other place than a grave yard is picked out for the holding of court cannot even be guessed at. There must certainly be other places in the Parish of Lancaster than Cedar Hill for such an assemblage, as a number of persons who have loved ones laid to rest in this sacred place express themselves as very much displeased over the occurrence.

Four Prisoners Tried. From what can be learned four prisoners were being given a preliminary hearing before the regular meeting into cars in the C.P.R. yards at Fairville, stealing a quantity of articles and receiving stolen goods, but the number were sent up for trial while two others were allowed to go.

Magistrate Allingham held his court in one of the small buildings nearly in the center of the cemetery, a place said to be used for the storage of tools used by the grave diggers and others working about the place.

Sitting on Graves. The building was not large enough to hold more than a few people, and the citizen who gives the information says that witnesses and others who were not at the building were sitting about on the graves awaiting such time as they would be called by the court.

Perhaps the Parish of Lancaster is the only place in the world that has the name of having court held in a grave yard when other places were obtainable, and it is hoped that in the future Cedar Hill cemetery will not be used for such a purpose.

Victorian Nurses Made 1,600 Visits

Splendid Work Being Accomplished Shown in Acting Superintendent's Report.

The splendid work being accomplished by the Victorian Order Nurses was clearly shown in the report of the acting superintendent, Miss Forsyth given before the regular meeting of the Board held last evening at the V. N. O. Home on Carleton Street. Visits totalled 1,600, including 1500 nursing and 434 child welfare visits. A great deal of free assistance has been given and the pre-natal service is being enlarged, the superintendent stating that the nurses are very glad indeed to give any help to expectant mothers. Well Baby Clinics have been held every Thursday and that attendance at these is much increased. A report was read of the assistance rendered by the Order during the recent Health Week. The Child Welfare Exhibit in Manchester, Robertson ship's Assembly was in charge of Miss Haslam and the educative talks were listened to by large numbers of interested persons.

Miss Haslam has been transferred to take charge of extensive community work in another centre. Miss Cotes is expected to arrive shortly in St. John from Halifax and will be superintendent at St. John.

Donations Received By Natural History. A number of interesting donations were received at the regular meeting of the Natural History Society last evening. R. B. Emerson presided and the following were elected to membership: Misses L. E. Emerson, John W. Leavitt, Mrs. E. A. Young.

Donations were acknowledged from the following: P. W. F. Brewster, Miss A. John, A. Gordon Leavitt, Stephen P. Leavitt, Dr. L. de V. Chipman, Rev. George Scott and Everett B. Jones. The Ladies Association presented \$50 to the Society.

Mr. Jones' gift was a volume of the Statutes of New Brunswick for 1786 to 1916. Dr. J. Roy Campbell gave an interesting talk on old English laws. William McIntosh showed seventy-five slides from the G. Ernest Fairweather collection of eight hundred slides. Travel pictures of Europe and Asia were shown and described including national types and costumes and also examples of statuary, paintings and scientific views.
