## MISCELLANEOUS RESOLUTIONS.

*(Extracted from the Minutes of the Missionary Committee.)*

### TIME FOR THE BRANCH SOCIETIES' RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED—That the Treasurers Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practical effort to have the Subscriptions on their respective Circuits collected, and paid to the Treasurer, at or before the Session of Conference."

### REPORTS OF MISSIONS.

"RESOLVED,—That the Report of the Religious state of Mission be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the revision of that Meeting."

### RETURN FROM DISTRICT MEETINGS.

"RESOLVED,—That the Chairmen of Districts, in compliance with the directions of Conference, forward to the General Superintendent of Missions, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grants of Missionary money, the same to embrace the number of Members, Children on each Mission, and the probable amount of the current Income."

The Annual Meeting of the Society.

The FORTY-SECOND ANNUAL MEETING of the MISSIONARY SOCIETY of the W. M. CHURCH IN CANADA, was held in Whitby, on Monday, November 11th, 1867. JOHN McDONALD Esq., in the chair. The meeting was opened with singing, and prayer by the Rev. Wm. McFADDEN, Chairman of the Whitby District. The Report of the Society's operations having been read by the General Superintendent of Missions, and the Financial Statement made by the Secretary and Treasurer, the following Resolutions were unanimously adopted:—

Moved by DR. CORSON, of Brampton, seconded by Rev. Wm. SCOTT, of Matilda:

I. That the Report, an abstract of which has been read, be adopted and published; and that this meeting recognizes its entire reliance upon Divine aid for success in all its plans and enterprises.

Moved by REV. J. ELLIOTT, President of Conference, seconded by Wm. SAWYER, Esq.,

II. The promise of the Holy Spirit's assistance in the publication of the everlasting Gospel should be an incentive to earnest, faithful prayer, that the signs of converting grace, the fruits of holy life, and the continued evidences of triumphant accomplishment of this earthly warfare may rest upon the Missionaries and people of the Wesleyan Church.

Moved by the Rev. Wm. STEPHENSON, of Toronto, and seconded by Rev. GEO. McDUGALL, from Victoria, Saskatchewan, Hudson's Bay Territory,

III. That in the presentation of the thanks of this meeting to all who have contributed by Ministerial and Lay influence in raising the largest amount ever gathered in one year to extend the blessings of the Gospel to destitute Settlers and Pagan Indians by the Missionaries of this Society, this meeting would strongly appeal even for augmented subscriptions and donations, that the wide field of usefulness which invites cultivation in British Columbia, and the vast plains of the Saskatchewan, may no longer remain a moral desert, where the inhabitants by hundreds are famishing for the bread of life.

Moved by the Rev. R. JONES, Chairman of the Cobourg District, seconded by the Rev. JAMES GREY, Secretary of Conference,

That the cordial and respectful thanks of this Meeting are due to JOHN McDONALD, Esq., for his kindness in taking the chair on this occasion.

# GENERAL COMMITTEE, 1867-8.

GENERAL SUMMARY OF THE PARENT SOCIETY'S MISSIONS.

I.—Missions under the immediate direction of the Wesleyan Missionary Committee and British Conference, in *Europe, India, China, South and West Africa, and the West Indies.*

Central or Principal Stations, called Circuits.....	188
Chapels and other Preaching Places, in connection with the above-mentioned Central or Principal Stations, as far as ascertained.....	1,380
Ministers and Assistant Missionaries, including Six Supernumeraries.....	276
Other paid Agents, as Catechists, Interpreters, Day-school Teachers, &c.....	718
Unpaid Agents, as Sabbath-school Teachers, &c.....	3,959
Full and accredited Church Members.....	59,896
On trial for Church Membership.....	3,399
Scholars, deducting for those who attend both the Day and Sabbath Schools.....	45,032
Printing Establishments.....	5

II.—Other Missions of the Society having also relation to Conferences in *Ireland, France, Australasia, Canada, and Eastern British America.*

Central or Principal Stations, called Circuits.....	473
Chapels and other Preaching Places.....	3,420
Ministers and Assistant Missionaries, including Forty-eight Supernumeraries.....	705
Other paid Agents, as Catechists, Interpreters, Day-School Teachers, &c.....	665
Unpaid Agents, as Sabbath-School Teachers, &c.....	13,895
Full and accredited Church Members.....	85,185
On trial for Church Membership.....	9,828
Scholars, deducting for those who attend both the Day and Sabbath Schools.....	107,252
Printing Establishments.....	3

RECAPITULATION.

Central or Principal Stations, called Circuits, occupied by the Society in various parts of the world.....	661
Chapels and other Preaching Places.....	4,800
Ministers and Assistant Missionaries, including Fifty-four Supernumeraries.....	981
Other paid Agents, as Catechists, Interpreters, Day-school Teachers, &c.....	1,383
Unpaid Agents, as Sabbath-School Teachers, &c.....	17,854
Full and accredited Church Members.....	145,081
On trial for Church Membership.....	13,227
Scholars, deducting for those who attend both the Day and Sabbath Schools.....	152,284
Printing Establishments.....	8

UNVARYING steadfastness in the attachments of Christians to the unchangeable scriptural principles which are at work securing the redemption of a lost world, is a prominent feature of the living Church. Solely connected with the elements of this world only, many changes in human governments and dynasties are recorded upon the pages of history; politics and parties of different complexions rise and fall—one now being in the ascendancy and then in decline. Some have passed away altogether, leaving the world but little to imitate; much to mourn over; and many things connected with luxury, power, conquest, and defeat, to admonish against similar errors. The want of Divine Truth in its simplest form has resulted in most of the changes which have desolated cities, provinces, and empires; rendering some of them mere objects of curiosity and research to the historian and antiquarian. How different are the institutions of the Gospel!—few in number, simple to the comprehension, easy of observance, universal in their adaptation, and unrivalled in their effects, from the spiritual power by which they are accompanied, having the foundation of a rock to rest upon, they alike defy internal foes and outward combinations to change or destroy them.

In addition to stability, growth and expansion are the result of life. The "light of the world—the sun of righteousness," never intended the lustre of his doctrines, or the glorious nature of his promises, to rest upon one people only. If He were "the glory of His people Israel," He was also a "Light to lighten the Gentiles." If His word were "the seed," that seed was "for the world," in harmony with the glorious expansiveness of his love. John iii. 16. Where life is there is pulsation, sensibility, enjoyment, growth, and activity. There have been times in our own country's history where great minds were circumscribed in thought and action about the world's conversion; absorbed in study, they sent forth to

the world volumes of Divinity, stamped with great research and learning; but beyond their dioceses, parishes, and independent charges, they thought and did little for the conquest of the world to Christ. We have little to compare with the theological literature of those times; neither have they any thing to compare with the practical, active benevolence, Christian zeal and labours of the universal Catholic Church in all lands, where the Book of God and the consciences of men are free and untrammelled. As a part of this Church, we boast not in our singularity; but as members of a great family, glory in the oneness of our enterprise, living to spread scriptural holiness through this favoured Dominion, and, as far as our means will justify, extending the knowledge of salvation to distant lands, where people and tribes gladly hearken to the offers of "the glorious Gospel of the blessed God."

The Committee have the satisfaction of issuing the Forty-second Report of this Auxiliary Missionary Report, not only in the absence of any cause of discouragement, but with increasing evidences of the Divine presence and blessing. These are to be seen in the growing maturity of some Domestic Missions, which are transferred to regular Circuits; in the steady success which marks the condition of more recently-opened, and cultivated fields; in the effective supply of agents to "preach the word;" and in the generous and cheerful contributors and collectors, whose gifts and labors have swelled up the income of the Society beyond any former year. To these particularly the following details of the Society's operations are especially commended.

## NORWAY HOUSE.

One of the oldest of the Society's Missions in the Territory is Norway House. One gifted Missionary, the late Rev. Jas. Evans—who invented the syllabic character of the Cree language, now in use in preference to the Roman type, by the Episcopalian and Roman Catholic Missionaries—and three devoted sisters, who labored on this Mission, have joined many converts from heathenism with its dark and debasing rites, and are mingling their voices with the membership of the Church above. In this lonely and wintry spot, the late Mrs. Thos. Hurlburt and Mrs. Brooking usefully assisted in the social and religious department of this transformation among the females, who constitute a large portion of this Missionary Church; while the late Miss Charlotte Adams, sister of Mrs. H., both of them the daughters of a venerable Wesleyan Minister who still survives his glorified children, gave the best years of her life, so early closed, to the training of the Indian mind and habits according to Christian principles, for several years on this Station, and subsequently on the St. Clair and Christian Islands. As might have been expected in one who had given her heart to God and His Church in her youthful days, and continued a most consistent adherent to His word and ways to the end of life's journey, her death was eminently peaceful and triumphant.

Of the present condition of the Norway House Mission, the Rev. Charles Stringfellow writes:—

Our congregations continue large, and all our public services are well attended. The officers and servants of the Hudson's Bay Company have never attended so numerously and regularly as they have done during the past six months. In saying this, I only speak of the time past, in which I have a personal knowledge of what I here assert. It is very gratifying to have numbers attending upon the ministrations of the Word of eternal life. One thing however is a drawback to our work in this land; among the white people there seems to be very little of those results which follow an earnest and faithful ministry. The spirit of attention and a commendable regularity in attendance we have in a fair degree, but we lack that which God has promised to give in answer to faithful prayer—the renewing, quickening, and sanctifying energy of the Holy Ghost upon the heart. We are waiting for, and continually desiring the power which saves.

Our native congregations are in no wise diminished in number, but a great deal bettered in the visible and sustained interest paid to the word. I scarcely attribute this to any increased desire for good amongst the Indians, as I believe that has always been with them in much the same degree; but I think I can interest them more by an increased acquaintance with their tongue, and increased facility in using it. I feel no difficulty in preaching on any subject, or saying anything I wish. I sometimes, as yesterday, feel that I need to prepare as much to preach to the Indians as to the whites, because many of them, I think, have large and accurate views of the Gospel, and are intelligent men, and it will not answer to offer to their minds the same kind of teaching as when they were newly taught in Christianity. They have a scriptural and orthodox view of the truth, and understand it well.

This week we have meetings in the church every day for the purpose of endeavouring to make some preparation for the administration of the Sacrament of the Lord's Supper. Most of the Indians are with us. We have held three prayer-meetings, at each of which I have given an exhortation. On Christmas day, a good number gathered to hear afresh the story of the incarnation of our Redeemer, and felt willing to give honour to Him who is our God and King, as well as our incarnate Saviour. We are expecting greater blessings during the further services of the week. Our Sacramental services will be next Sabbath afternoon, and our Lovefeast in the evening. May these services be sanctified to the good of souls!

To day I was present at two death-bed scenes; the one was an old woman, the other in middle aged life. The aged woman was blind, and was the mother of Andrew Napes. She rejoiced to know I was present. She told me of her love to Jesus, of her having no fear of death; and how much she longed to depart, and be with Christ. She said to her daughter a little before I went in,—Akwa net ayan Ra we ayaypan, "Now I have got what I have long desired," meaning an inheritance above—a building of God. I watched her until she passed away, and received her last words on earth. She died as easy as when a person composes himself to sleep. The other woman's death-bed was different. Her partner had refused to make her his lawful Wife, and she could not die in peace without. He consented to make her his wife, and she was lawfully married only a short time before her breath failed. I pointed out to her that this would not keep her out of heaven, but she seemed to have her mind clouded with the fear that it would. She was a kind mother, and a sincere soul, and I cannot think she will miss her way to heaven because of her husband's refusal to make her his wife sooner than he did. I staid till life on earth was gone, I trust to begin in heaven. The two death-beds were very different, and from different causes. One was the decay of nature, the other the effect of the sorrow of this world, on a heart destitute of true comfort, through an improper line of conduct, and their adverse dispensations.

I had lately several Indians from Nelson's River here, and they too I doubt not would quickly embrace the truth of the Gospel, if they had a Mission established amongst them. Some of these Indians have had no faith in their own systems of belief for years past, and now are living without any religion at all. I was sorry to have to tell them that there was little hope of their having a Mission established amongst them by us.

Our church is sometimes crowded with people. We have strangers each Sabbath from various remote places in addition to our regular congregations. I have had a good many heathens with two of their Chiefs attending for several Sabbaths. I scarcely think they will embrace Christianity at present, but the attention they paid was hopeful, and they are friendly, and approve the doctrines they have heard. I do not think much, except drunkenness, keeps them from Christ and salvation. Latterly we have been annoyed a good deal by the drumming of the heathen on an island near to us, who carry on with the intolerably annoying drum until after midnight, and resume the work again at dawn of day. If Christians were as earnest in serving God as these heathen's in following their superstitions, their religion would, of necessity, be prosperous in its character.

Many affecting appeals from these singularly destitute and unhappy people reach the Committee. Would that the income justified an increase of Missionaries among them!

---

#### WHITE FISH LAKE.

The appeal which accompanies Mr. Steinhaur's account of this prosperous Mission for a Teacher, the Committee hope may secure the sympathies of the friends of Missions, and occasion such an increase of subscriptions and donations for this particular department of the work carried on by the Society, as may warrant an early affirmative reply to such an earnest and praiseworthy request. The Committee would also draw attention to the necessity of having a larger sanctuary, as described by their valued Missionary. Now, there have been many who have found these Missions places of refuge in their wanderings, and there are families in Canada whose relatives and friends have been sheltered and assisted at these lonely Mission Stations. It would be a graceful act of gratitude, in remembrance of obligations, both in life and death, for some have passed away from under the Mission House roof, in Christian hope, to assist in the erection of such a Church.

It is with sincere pleasure and heartfelt gratitude to Almighty God that I once more take the opportunity of sending you some account of the work at this Mission Station. The work in which I am engaged has been, and is still, arduous, and very trying to my patience and faith, yet I am not getting wearied of it, nor do I wish to be less diligent in it, but will still labour on at His command and do my utmost, and humbly offer all my work to Him whom I call Lord and Master.

I am truly thankful to God by his providence and grace I have been abundantly blessed with health and strength, so that I have been enabled to attend to the duties of my station without being hindered much by indisposition. At the same time I record with much sorrow that I have seen affliction by the rod of His anger: death has been permitted to invade our humble and hitherto united dwelling. The dearest object of our parental affections—the youngest of our children—has been taken away from us by death, though it is her eternal gain, yet we mourn her loss here. Hitherto God has been very merciful to us as a family; amid surrounding sickness and death we and our children have been permitted to pass through unhurt, and can we complain at the dealings of the Lord with us? Looking away from other causes, and bowing submissively to His mighty hand, we say—the Lord gave and the Lord hath taken away, blessed be the name of the Lord: earnestly praying this affliction may be so sanctified that we may be able more fully to present our body and soul a living sacrifice unto God.

Last Spring I tried to send you a short account of our work at this far-off station; whether that reached you I know not. You will, however, be pleased to learn that our society is still in a prosperous state. Our Church members are steadfast, and are increasingly zealous and devoted to the cause of God. Their regular attendance at all the means of grace has afforded me much consolation in my lonely toils among them, and that the work has assumed a proper form, and, I trust, running in the right channel, it is not to be supposed indifference would be manifested by any one. All join heart and hand in our meetings, hence these public religious gatherings are generally characterized by much spiritual refreshing and enjoyment. Our Quarterly Meetings, especially, are seasons much prized by our people. Last Christmas day we had our Quarterly Meeting and Sacramental occasion: it was a day not soon to be forgotten by those present. God was with us at our Lovefeast and in the administration of the Sacrament. Benjamin Sinclair, one of our local preachers and leaders, was very happy on that occasion; and so were all of us full of joy unutterable. Such is generally the character of our meetings. prayer and class-meetings are being held weekly, and, perhaps, prized much more by this people as means of grace than by many a community I have known in this country, and even in that great christian country called Canada. There are three local preachers and five class leaders raised from among the members of the society at White Fish Lake.

I would here say that our house for prayer or meeting-house is getting too

small to a Congregation of Indians. We are publishing and publishing flourishing, and Christian Lake West

small to accommodate all that would attend the preaching of the word. Congregations are very large, sometimes of Roman Catholics and pagan Indians. Will your good people in Canada undertake for us? Tell it in Gath, and publish it throughout your happy country, and in the streets of your flourishing towns and cities, that Henry Steinhaur wants aid from the affluent and Christians of that happy land, to build a new church for the White Fish Lake Wesleyan Mission. If I were there I would tell them.

Our Sabbath School has been kept up and well attended by the children. No day school because we have no teacher to take charge of that department of our work. There is, also, a Bible-reading class that meets once every Sabbath, and this, also, is well attended by almost all the adult portion of our community, and will, I trust, be very useful to all who are inquiring after truth. Almost all our people can read the Scriptures in their own language. This is a great blessing, and I have reason to know that it is duly appreciated by them all.

As regards our temporal concerns all is going on well in that department, and the houses in our village are increasing in number. Our little fields are increasing in size, whence grow wheat, barley, oats, and vegetables of every description.

I am sorry that I cannot present you a report of large accessions to the Church; however, enough is being done to warrant a hope that eventually the gospel of the grace of God will prevail throughout the length and breadth of this dark land. The heathen around us are looking on with astonishment at the transition of their brethren of the White Fish Lake from a wretched degradation to our improved, happy condition, clothed and in their right minds; raised, in some small degree, in the scale of being. The dupes of Rome are anxiously looking wishfully on, that they were in that Church whose object of worship is the true God, and whose Saviour is Jesus Christ the Lord. Accessions to our Church have been made, even from the strongholds of Papal delusion, and more there are that will come.

Brethren, pray for us, and help us in every possible way that the word of the Lord may have free course, run and be glorified in the salvation of thousands in this benighted land!

HENRY STEINHAUR.

PETITION FROM THE INDIANS AT WHITE FISH LAKE WESLEYAN  
MISSION.

January 8th, 1867.

We, the undersigned, the Indians of this Mission, deem it nothing more than our duty, as Christians, to acknowledge our heartfelt thankfulness to God, and to you, the good people of Canada, who support our Missions in this far off land; and in expressing our gratitude, we at the same time supplicate further aid, and in doing so, we hope to be forgiven, when you become acquainted with our motive for doing so. We need not tell you that it is now some twenty-

six years since a Rundle visited us; we were then in utter darkness as to the future, and it pleased the Almighty, through His instrumentality, to enlighten our dark and benighted minds as to our real state by nature. Many were by him brought to Christ, and have already gone to their happy homes, and many still give who pray and bless God for him. After remaining seven years among us, we were sorry to see him leave, and go home to his country, the privations and exposure to the severity of the climate being too much for his bodily strength. But though he had gone, God did not altogether leave us alone; his Spirit was still among us, and the spark which had been kindled, continued, amidst the invasion of popery, until it was almost extinguished; when, after a lapse of seven more years, God remembered us and sent us a Woolsey and a Steinhaur. You may well guess what our feelings were when we saw the true ambassadors of Christ among us once more. The former took for his sphere of labour the Edmonton and Rocky Mountain House Mission, and the latter this place. He still thanks God that he is spared to remain among us. Since then God, in a special manner, has designed to prosper and approve the humble efforts of your Missionary at this place. He takes a deep interest in our welfare, both of a spiritual and a temporal character. It is needless to say that we highly esteem and appreciate the excellence of such a man among us. We have the Scriptures read and expounded to us in our own native tongue, and all the ceremonies and exercises of the Church as well. We trust and pray that he may long be spared to us. We, the present generation, have everything to be thankful for—a good church, a Minister who, with untiring zeal, (amidst many secular duties which a Missionary cannot well avoid in this country,) holds forth the blessed promises of a Divine Being. We often pity him, and wonder why no one, in the shape of a school-teacher, has been allowed to assist him. Our children are now growing up, and no school-master to teach them. We hear that in the Christian countries there are schools as well as churches, and school-teachers as well as Ministers. Our Minister, in 1861, wrote to the present Chairman about a school, and his reply was, "You might have one." We then, the ensuing year, got one for a short time. Since then several appeals have been made for a supply in that lack of service; nothing favorable as yet has resulted from those appeals. Are our children to grow up like the untaught heathen around us? Will you not undertake for us? Having been already benefited in a spiritual and temporal point of view by the generosity of the Society in sending us a Missionary, we humbly hope you will not consider it a presumption on our part in asking a further help, which will be a lasting benefit to our children, when we, the present generation, are silent in the tomb.

We humbly hope that you, and the Board, will favorably consider this as coming from the poor people of White Fish Lake Wesleyan Mission, which they most respectfully present to you and the Board, as their humble petition for a school-teacher. In the event of their granting our humble petition, either by sending a person who may be in the capacity of a teacher, or by

### VICTORIA.

This newest Mission in this Territory, on the banks of the great Saskatchewan River, continues to increase in interest; and, notwithstanding the large expenditure in its formation, the Committee are cheered by the religious influence and fruitfulness which mark its condition. There may yet be many repetitions of the sad conflicts already recorded as having taken place between hostile tribes of Indians, and between them and our race who venture into domains claimed and occupied by savages, before law and order obtain a footing in these vast but fertile wilds. As a counteracting influence in behalf of peace and safety, however few in numbers, the Missionaries of the Society will be found of great use, while the sick and the dying will resort to the stations as places of refuge for consolation and hope. Respecting this work, the Rev. G. McDougall writes:—

After a seven years residence in the North West, I enter upon the duty of review with peculiar feelings. Depressed when I think of our insufficient means for adequately attending to the numerous openings for Missionary labours; grateful that though we are few and far distant from each other, we have been one in heart; each has been ready often at much fatigue and sacrifice to help the other. Our lives, though we live in a lawless country, have been spared; our brethren have been zealously affected, and a good degree of success has been vouchsafed to us. The degraded and grossly wicked nature has been startled into thoughtfulness; the Bible has been scattered amongst the Crees and Stoneys in their own tongue. The new Hymn Books and Catechisms are just what we wanted; scores who, but for

our Sabbath and day schools, would still be enveloped in Pagan darkness, can now read the word of God, and many of their little children sing the sweet songs of Zion.

Some of the chiefs have believed. One is a useful assistant. Polygamy, which is deemed by these tribes a mark of greatness, has been abandoned by numbers; some are truly devoted to the Lord, and are good specimens of what the Gospel can effect.

At this Mission there are one hundred half castes; a majority of these have professed conversion. They are a quiet orderly people, and their children, to the number of thirty, are regular in their attendance at school. But our chief cause of rejoicing is the Mountain Stoney. Amongst these the Gospel has gloriously triumphed. These once implacable, unmerciful savages, have been changed into a peace-loving people, the true friends of the white man.

The past winter has been one of unparalleled suffering in the Saskatchewan. No buffalo; intense cold, and deep snow. Some of our best members have died from destruction. Joseph Kechiass, the oldest of our local preachers, perished on the plains; my son reached him just before he died, but too late to render him assistance. "Tell your Father," said the dying Cree, "all is well, Jesus is mine." Of many others it may be truly said they died in the Lord.

Another responsibility, which your Missionaries deeply feel, is the state of the Miners. These are now entering the Saskatchewan from the west side of the mountains; many of them are sons of Canadian Wesleyans; they winter at our Missions, and gladly listen to the Word.

One of these mountain-adventurers, the son of a respectable Canadian family, reached our house last fall. The poor young man was very anxious to return to his friends, but consumption had marked him as her victim, and he died on the 16th of February. It will no doubt be consoling to his family to learn that there was hope in his death. One of his last utterances was:

"I would not live away, but welcome the tomb,  
Since Jesus hath lain there, I dread not its gloom."

"Now, thanks be unto God, which always causeth us to triumph in Christ, and maketh manifest the savour of his knowledge by us in every place."

I regret that our Missionaries at White Fish Lake and Woodville will have no opportunity of forwarding their reports. They are unacquainted with the present opportunity, and there will be no other in time to reach Canada before next fall; and if I were to wait for the Indians to come in, which will be next week, I should lose the chance of writing for some months. I think we shall have at least one hundred of an increase, but it will be the first of June before we shall see all our people.

Over the greater part of this country the devil holds undisputed sway; he has assimilated the hearts of this people into his own likeness. Two of our Stoney

were murdered last week. I buried a murdered white man a short time ago. As yet we have been saved through the mercy of our God. A change is at hand, the Miners by hundreds are coming amongst us, and they will avenge themselves on the Blackfeet. May we receive help to stand between the Christian Cree, and Stoney, and the white man, until order can be effected.

### OXFORD HOUSE.

This Station has been supplied by Mr. Sinclair, a native teacher of good report, and visited occasionally by Mr. Stringfellow, from Norway House, to administer the ordinances. We are grateful to God for gifts and graces possessed by our Indian brethren and fellow-labourers, and for their fidelity and devotedness.

THERE are some hostile agencies in several parts of this work—carried on for so long a period of time by the Conference, and at very great cost—which ought not to exist. For this the Committee assert that they are not only free from responsibility, but by regularly supplying the Missions and Schools with faithful and suitable Missionaries and Teachers, there can be no justification founded on the plea of neglect, to interfere, in limited communities, with the labors of men who have so long and so successfully, with the Divine blessing, preached the word of life, and organized Christian Churches among the Indian bands of this country. If they are the real Apostles of the Divine Master, they would do well to try their zeal, talents, and means, where the sound of a Missionary's

and th

voice is not heard—where souls are perishing for the lack of knowledge, and where they might honourably gather seals to their ministry, instead of stealthily creeping into other men's labours.

Notwithstanding these antagonistic movements, the Committee place upon record the following gratifying Reports of the year's work from the pens of reliable brethren whose lot it has been to occupy these fields of toil, in many places distinguished for loneliness and social disability.

#### NEW CREDIT.

The faithful and prudent course of the Missionary at this Station, often amidst circumstances very trying to patience, and hope itself, has been rewarded by a good degree of success. With many allurements to defection, few have fallen by the glittering baits which have been exhibited to draw them from the Church where they and their fathers found the "pearl of great price." Mr. Lawson's unsolicited and unexpected testimony to the good which has been done by the Muncey Industrial School is a gratifying evidence of "bread cast upon the waters, seen after many days." It is refreshing to those who have patronized and laboured in this Institution, and a gentle intimation to others who have been slow of heart to believe that any good has resulted from this enterprise, not to be unwilling to look around them for tokens of spiritual and secular advantages, conferred upon many of the members of the bands who have been educated in the Manual Labor School at Muncey and Alderville.

We have nothing very special to report in connection with this Mission; all the usual ordinances have been regularly sustained, and in some instances have been attended with manifestations of Divine power. In the autumn of last year, special efforts were made, and they were attended with a gracious influence. Upwards of twenty young people professed to find peace with God through our Lord Jesus Christ; many of these testimonies were clear and convincing. These facts gave us brighter hopes of the future of this people than we had reason to entertain previously. Some of these remain steadfast, but others, who were led away to miserable balls and night parties, fell away. I hope that some of them are being reclaimed. These night parties, and their evils, are among the most painful experiences of your Missionary.

We have had, as usual, a great many deaths, and your agent has had the happiness of directing them to the Lamb of God that taketh away the sin of the world.

We have witnessed some triumphant death-bed scenes; among the deaths is a sister whom we greatly esteemed for her counsels, stability, and deep piety, the late wife of Chief Sawyer. We deplore her loss to the band and Church.

We have some young people who are a credit to the training they received at Muncey Institution, who are industrious and economical, and who have evinced their appreciation of the cause that has fostered them, by their increased liberality to the Mission Band. The rapid numerical decline of this band precludes the possibility of reporting any marked improvement in numbers.

THOMAS LAWSON.

### GRAND RIVER.

Last year we erected a new parsonage, which had long been much needed. This year we have removed all the old log structures and built a new barn and out-houses, besides painting the church and putting under it a brick foundation. We can now report the Mission premises in a first class condition.

Death has been at work amongst us, removing several of our old people. One of these was a member of the Wesleyan Church 65 years; two of them were a faithful old local preacher and his wife; another was the widow of one who was for several years an energetic labourer in the vineyard of the Lord. These have all died in the faith, giving good evidence that their names were recorded on high.

This year's labour has not been without success, though we are deeply humiliated that more has not been done. While some have gone to join the Church triumphant, a few have, in connection with the Mission, joined the Church militant. We praise the Giver of all grace for any good that has been wrought.

The day school has been kept up the whole year. Some of the children are making considerable proficiency, though it is not to be expected they should advance rapidly, where, out of school, they hear only their native tongue spoken.

We have two interesting Sabbath Schools. The one held in the Mission Church is composed entirely of Indian children. We are looking and praying for the out-pouring of the Spirit upon our work. O that the Lord may speedily send us "showers of blessing!"

D. V. Lucas.

### MUNCHEY AND ONEIDA.

Through the ordering of a kind Providence another year of anxious toil and care has passed in the history of this Mission.

During the year, demonstration has not been wholly wanting of the efficiency of Methodist instrumentalities in awakening dead souls, and in building up believers; but the difficulties under which we have labored have pressed our spirits sorely, and prevented us from reporting an increase, either in numbers or strength of attachment, to our Institutions.

We look with hope to the opening of the Industrial Institution, now about going into operation, for the dawning of a better day upon our Mission, and trust that seed, so faithfully sowed and watered with so many tears by honored predecessors, may not be unproductive, but may spring up and bear fruit to the glory of God.

FRANCIS BERRY.

### SNAKE AND GEORGIANA ISLANDS.

During the year we have had many timely refreshing seasons among the Indians, and are of opinion that though much good has been done much more would be done were the work so arranged that a supply could be obtained that could more regularly meet the Indians in our means of grace. We find it quite impossible to reach the Indians as regularly as we ought, and, in consequence, loss is suffered where it ought not to be.

There are about fifteen families on each Island, and about one hundred souls in all, thirty of whom are members of our Church. The piety of the Indians is of a higher character than it was a year ago, and the spirit of liberality that was manifested at our last Missionary Meeting was of a very cheering nature—the sum of thirty dollars being collected and subscribed.

W. J. HEWITT.

### RAMA.

In presenting another annual report, we desire to be grateful to the Giver of all good for his kindness to us during the year. The past year has been marked by nothing very special, except that it has been the most healthy that we have known. Two adults and one very young child only have died. The two adults were young women, taken off by that scourge of the civilized Indian—consumption; they both died quite happy, and left cheering testimonies behind of the power of the Gospel to save. Our means of grace have been well attended, and our members have, for the most part, given evidence of consistency and progress. We have, however, to grieve over some of our young friends, and a few of the older ones, non-members, in consequence of intemperance, the temptations to which, we regret to say, are very great, not only from those places *established by law*, which abound in our neighborhood, but also from other places not legal, in our very midst. Our Indians, seeing the great evils which the drinking habits have entailed in other bands, have passed

resolutions in Council, that if any Indian is found drunk on the Reserve, he shall be fined to the extent of his annuity; and if any one opens his house for balls and drinking, shall be first fined, and for the second offence be expelled from the band. They have written to the Superintendent of Indian Affairs to request him to carry these resolutions into effect.

The school, during the year, has been tolerably well attended while the children were at home, and upon the whole, have done much better than for some time past. The Sabbath School has been in operation during part of the year; the girls have been taught under Mrs. Brooking's supervision, while the boys have been under the care of the school-master, and a Bible-class taught by myself.

It will be encouraging also to the friends of the Indian to know, that, with one exception, this band has been increasing every year since my coming among them in 1860. Upon the whole, therefore, although we have much to mourn over, we have still more to be grateful for, and to encourage us in our future efforts for the temporal and spiritual improvement of this people.

I cannot but observe that during the last Sabbath we were favored with the presence and labours of our esteemed and beloved General Superintendent at our Quarterly Meeting services, which was a high day to us all. Of his impressions he will probably speak himself. Suffice it to say that our poor people were greatly pleased at his presence, and blessed by his labours, and his visit to us will be long and gratefully remembered.

R. BROOKING.

#### SCHOOGOG.

During the past year the Indians on the above Mission have had regular preaching, and the attendance, considering the smallness of the band, has been as good as could be expected. They have had meetings for prayer on Sabbath, conducted by one of their own members, and we are happy to add that the Great Spirit has put it into their hearts to build a house for Him, and the contract is already given out. May he bless them in the same!

T. STOBBS.

#### ALNWICK.

There has been but little change in the condition of the Indians on this Mission during the past year. In the death of a number of adults we have witnessed the triumphs of Divine grace, affording to surviving friends a pleasing hope, that the loss of the living was an eternal gain to the dying.

I am told by the Government Agent that the band numbers the same that it did eight years since. The frequent absence from home of a large number of

families and improvements obtained by the Indian character were at home.

Several have succeeded in persuading their parents and the excellent retrograde course of intoxicating and ensnaring spirits prevent the domestic industry.

The desolation of the bands to a great extent of hunting and a good deal is destined

There is a past year's ship. The Anderson severe sufferings and some

The attachment can be seen often made not been the heart will complete attachment out of the community in They

families almost entirely neutralizes all efforts for their conversion or spiritual improvement. The public services of the Sabbath have been regularly maintained by your Missionary in connection with the exchange of the Superintendent on the adjoining Circuit, thereby affording that variety so pleasing to the Indian character; and the Indian week-night service, when a sufficient number were at home.

Several attempts have been made to maintain a Sabbath School, but none have succeeded for any length of time, owing to the want of interest on the part of parents and suitable teachers. The day school has been regularly kept by the excellent teacher, but the attendance is small. The great cause of the retrograde condition of this Mission is the prevailing evil of intemperance by intoxicating drinks, especially among the young people, induced by the ensnaring schemes of designing persons. Could some means be adopted to prevent this gigantic evil there would be some hope of success in religious and domestic interest.

The desire of the Government to remove the Indians of this and adjacent bands to a more desirable location, where they would be free from the temptations of dissolute whites, and afford facilities for their favorite employment of hunting and fishing, did not meet with a favorable reception, while it produced a good deal of anxiety. The future of the Indians of the Dominion of Canada is destined to be fraught with great changes—we hope for the better.

D. B. MADDEN.

### HIAWATHA—RICE LAKE.

There is nothing peculiar to report from this Mission as to the result of the past year's labors and experience. We report a small decrease in our membership. This is owing to death and removals. An Indian sister, Margaret Anderson, a woman of great excellence of character, after nearly two years of severe suffering, died "in the Lord," having a good hope and in great peace. Several white families, regular and constant attendants upon our congregation, and some among them members of the Church, have removed from the vicinity.

The attendance upon public worship has been good all the year, and the same can be said of the more social means peculiar to us. Good impressions were often made by the Divine influence attending these means of grace, yet we have not been permitted to rejoice over conversions, such is the power of evil over the hearts and minds of our young people; though, as a community, this people will compare favorably in steadiness of character, social condition, and firm attachment to that form of Christianity by means of which they were brought out of pagan darkness and made the people of God, with any other Indian community in the country.

They are still making efforts towards building a new church, and have added

a little to their funds during the past year. The school has been in efficient operation, and upon the same principle of economy in relation to the funds of the Society.

THOS. WILLIAMS.

### MUD LAKE.

Of the one hundred and fifty Indians composing this band, twenty-three are members of our Church. Our fortnightly Sabbath afternoon congregation will average ninety. The Sabbath School and Temperance Society are doing a good work. The school provided by the New England Company is in active operation and the attendance is tolerably good. Amongst many discouragements we were cheered during the sickness of a young Indian, who died last winter; he seemed able intelligently and unwaveringly to trust in Christ for salvation, and to the last the evidence of his acceptance was unclouded. A few moments before he died, while gasping for breath, he said to the teacher who was present,—*Tell the minister—all is well. I am going to Jesus. All right! Be sure you tell the Minister.* Such testimonies are the best answer to those who say our Indian Missions are a failure.

W. SHERIDAN.

### MORAVIAN INDIANS—WARDSVILLE.—No report.

### ST. CLAIR.

In presenting a report of the state of this old Indian Mission, we would observe that we are pleased to be able to say that the state of the Mission is no worse than it was when we took charge of it after the last Conference. But upon a review of the past year, and in consideration of all the circumstances, we are thankful to the Great Head of the Church that we can say that the prospects of this Mission are much better. The agents of division have not succeeded in doing us much harm, our people are strongly attached to Wesleyan Methodism, and if let alone would live and die in connection with that Church through whose instrumentality they were converted to God. Perhaps it might be remarked that too much should not be expected from the Indian character. From what I have learned, by personal observation and intercourse with the Indians in connection with the Wesleyan Church on this Mission, I am prepared to say, that there are among them many worthy persons whose general character for honesty, uprightness, piety, and moral worth, will compare very favorably with the same number of whites, whose advantages have been very much superior to the poor Indians.

WILLIAMS.

The means of grace during the past year have been generally very well attended. Last Autumn we held a camp-meeting on the reserve, and in the winter a protracted meeting, both of these special means resulted in much good. Our last Quarterly Meeting was the best we have had during the year; the church was well filled with devout worshippers of God.

The Sabbath School has been kept up most of the year, and when the children are at home is tolerably well attended. The day school is likewise in operation, but we are sorry that the Indians do not take more interest in the education of their children.

The appointment at Kettle Point has been faithfully kept up during the year, and the Indians there are doing well. A day school is much needed at this distant place. We are not able to report an increase of members over the returns, as reported in the Minutes of last year, as our predecessor made a mistake of twenty in his returns. Our returns for the present year are as follow:—Dropped, 1; died, 2; received on trial, 11; full members, 180; total, 191.

E. HURLBURT.

#### WALPOLE ISLAND,

During the past year the Indians on this Mission have suffered severely from the almost entire failure of their crops, sickness and deaths, principally children, of whom above 25 have died, and several adults. But by the blessing of God we have had peace, and a good degree of religious prosperity. Our congregations are increasing in numbers, and our meetings in interest, especially our Lovefeasts.

Owing to their poverty, they have been away a great deal from their homes: I have followed them to their camps in the woods, visiting them during the week, and preaching to them on the Sabbath; sometimes having to wade the swamps in many places, which were very deep, in mud and water, to get there. I find that practicing this course has been a great blessing to them, encouraging them in the good way, and saving them from a good deal of drunkenness and other vices by which the poor Indians are beset.

Our May Quarterly Meeting was a season of refreshing: the services lasted from 10 o'clock until after 4. We all felt that it was good to be there.

We could not help noticing their decent and clean appearance. Those who are acquainted with them, tell us that they have not seen them so well clothed for years. Although poor temporally, they are doing well spiritually.

JOHN DOEL.

#### SAUGEEN.

It has pleased the God of Missions to conduct us safely through another year. Mortality amongst the Saugeen Indians this year has been much more

than in the past. About twenty have died since last Conference, some of whom have proved the happyfying power of religion in the dying hour, praising God that the Missionary was sent to teach them the way to heaven.

Our Sabbath School in the Indian village is in a healthy state, giving evident tokens of progress; it numbers about sixty children. The Sabbath School teachers are faithful and prompt in advancing the true interest of the Indian children.

Our Mission day school is in a good state. When I last examined the children they were advancing rapidly. I have known the teacher to go through the village collecting the children off the streets, and at their homes, which has resulted in a very flattering average attendance.

We feel thankful to God that it is our privilege to notice a large increase in congregations, both in the Indian village and the village of Southampton. O that the set time to visit us with a revival may speedily come, and many more be made the happy partakers of saving grace!

WILLIAM CROSS.

#### CAPE CROCKER.

The past year has been one of severe trial and family affliction; in an isolated place where no medical assistance could be obtained. Notwithstanding, we have had abundant reason to praise God for his tender mercies and sustaining grace. Under these circumstances we have attended to our work as well as we could. We have had regular services during the whole year, more of the Indians staying at home than usual. These religious services are highly appreciated by these people, which are rendered a great blessing to them. We frequently hear in the class-meeting and Lovefeast, praises and thanksgivings offered to God for the blessing of a preached Gospel, while tears of joy rolled down their sable cheeks. One of our sisters died a short time ago, and left a happy testimony that she is gone to be with Christ, which is far better. Several children have also died; their parents believe they are gone to heaven, and are determined, by God's grace, to meet them in that happy place.

They are gradually improving in agriculture, a few families having raised enough for their own consumption, has given them great encouragement. There is a better prospect for the future working of the Mission. When we came, three years ago, they were divided by party spirit and religious contention, which had seriously operated for years against their religious improvement. We are grateful to state that this difficulty is now removed, and the Indians are more immediately under our control and management; they can now worship God together in the same house of prayer; are more contented, united and happy, and are deeply impressed with the necessity of erecting a larger building where they can unitedly worship the Great Spirit.

CHRISTIAN ISLANDS, BEAUSOLIEL ISLAND, AND  
FRENCH RIVER.

The Committee are surprised that the District Meeting should have received such a meagre report from our estimable Brother Salt, who has charge of the different Bands of Indians in the above-named places, and amongst whom the wonders of Divine Grace are frequently shown. We know the native modesty of Brother Salt, but then the District should have heard, and the Report should have narrated something of Mr. Salt's visits to the very destitute Indians who are scattered on the north shores of the Georgian Bay, as well as a little more of the work of God on Christian Islands, which presents as many features of success, rewarding the labors of the devoted Missionary, and justifying the outlay of the Society's income, as are found in any part of our extended operations. Mr. S. reported to the Conference 123 members, and 12 on trial. There is also an efficient day-school, the last scene of Miss Adams' labors. Removed from many allurements, this Mission amply rewards the toil of the laborers.

During the absence of the Missionary to Muncey Mission, the religious services have been kept up by the teacher and exhorters at Christian Islands and also at Nashkodayong by another teacher, who also supplied French River. The Sabbath and the day schools have been opened during the year, except the usual times for closing, viz., fishing season and sugar making.

LITTLE improvement has taken place in the commercial condition of this new colony, exhibiting as it has done those certain changes invariably following in the wake of new enterprises, some of such an adverse character, that the financial interests of a Church solely dependent upon the voluntary principle are sure to be affected by their occurrence. In examining the religious element, the Committee have no cause for discouragement, notwithstanding there are now only three instead of five laborers, as formerly; they have confidence in the work already done, and in the doctrines and system faithfully preached and introduced by the Missionaries now there, who have toiled nine years in the formation and maintenance of these distant Churches. The reports which follow exhibit spiritual power, and some prosperity.

### VICTORIA.

The presentation of our annual report is to us this year a labour of love. The trials of our faith and patience, in common with our brethren on the entire District, have been neither few nor far between. A decreasing population pointed to decimated pews; severe monetary depression foreboded financial failure; whilst the unsettled and dissipating habits of a nomadic people seemed to forbid the hope of the reviving of religious life. With gratitude to God we record that our congregations have fully maintained their numerical position; that our Sabbath School and Bible Classes have been fruitful in adding to the interest, and augmenting the strength of our Church; that our Trust has been preserved from embarrassment; that our Circuit income has exceeded our hopes; and that best of all, the Lord has visited us with "showers of blessings." Backsliders in heart have been restored; others, who were lost to God and the Church, have been recovered;

abandon-  
generall-

whilst many sinners have sought and obtained mercy. Among those converted are some who promise to be princes in the kingdom of Christ, and whose consecrated talents will, we hope, ultimately supply a want which the growing requirements of this colony imperatively demand.

We are assured that if this land be ever Methodistically permeated, it will be through the agency of men gathered from among us, and not by the slow and uncertain process of extracting individual labourers from afar.

As the year closes, the dew of mercy, falling on God's Israel, refreshes and saves. What the year now commencing may bring us we know not; but,

"May we in life and death,  
His steadfast truth declare,  
And publish with our latest breath,  
His love and guardian care."

A. BROWNING.

### NANAIMO.

The spiritual condition of this Circuit is cause of heart-searching and humiliation before God. The town congregation is not as large as at some former periods, partly from the establishment of a Presbyterian congregation, a number of whom has been attendants on our services. In addition to this, the general depression in the colony has necessitated the removal of several of our hearers and members, including some families. A decrease in numbers, and of Circuit receipts, has thus been occasioned; but it will still be found that the contributions evince strong attachment to our institutions and praiseworthy liberality. There have been recent indications of a growing anxiety for the revival of the work of God, in whom we trust for future prosperity.

The Salt Spring Island settlements have been visited with as much regularity as weather and other circumstances have permitted, and it is hoped that the seed of the kingdom has not been sowed in vain. Beyond this, it is not practicable to extend the Circuit without endangering the interests of the town congregation.

The Sabbath School at Nanaimo continues to afford gratification and encouragement. Although the establishment of another denominational school has somewhat affected ours, and sixteen of our scholars have been removed from the Circuit, yet the average attendance is very little below that of last year. The school at Salt Spring Island is regularly kept up.

#### NANAIMO INDIAN WORK.

The services at the Indian Reserve are regularly held. Great opposition is raised by some of the chiefs, and formidable causes of demoralization are doing their deadly work. Still, a goodly number attend worship, and have abandoned many of their pagan practices. The members of the class have generally maintained their integrity, and are earnest in prayer for their be-

nighted friends. Some children have been baptized. Some marriages of Indians to the women with whom they were associated, and of Indian women to white men, with whom they have been improperly living, proclaim an advancing civilization.

The Sabbath and day schools, under the direction of Mr. Crosby, are attended with encouraging regularity, considering the prevalence of Pagan superstition, and the nomadic habits of the parents. One young man of promise, and, as we believe, of sincere piety, affords us hope of native assistance in this work at no distant day.

Mr. Crosby devotes what time he can to visiting the outlying tribes who speak or understand the Nansaimo language. We hope there may be some arrangement made for the concentration of these tribes, and for a more effective presentation to them of Gospel truth and christian education.

E. EVANS.

---

#### NEW WESTMINSTER.

Since returning to this Mission last August, the time has passed very pleasantly. About one third of the members reported a year ago removed to other parts, but we have been cheered of late by the conversion of a few, and several additions to our thinned ranks.

The congregations during the winter have been good, and the social means of grace well attended, and considering the present fearful financial depression of the colony, the Circuit receipts for the last half year have been excellent. The outlying appointments taken up by my worthy and laborious predecessor have been visited, and at one or two places there is reason to hope that classes may soon be formed. In this part of the colony the rural settlements are advancing encouragingly, but the towns are much depressed, and money very scarce, but my hope and confidence is, that God, in his mercy, will make this temporal adversity redound to the conversion of many, and the furtherance of his cause. Our Sunday School is well attended, and has made considerable progress during the year.

### HAMILTON.

THROUGH the manifold mercies of God another year are brought to a close—the happiest of my ministerial labor, having enjoyed much of the love of God, grown in grace, and in the knowledge of Christ.

Of the flock entrusted to my pastoral care, I can say they are in a healthy spiritual condition, feeling each others care, learning precious fruit to the honor and glory of God. “By their fruits ye shall know them; by this shall all men know that ye are my disciples.” They love Methodism and its usages, and pray fervently for the enlarging of our boarders among the people of our fatherland.

Our present membership is thirty-six who meet in two classes. One died during the past year in hope of a blessed immortality beyond the grave; one dropped; four removed. Six were given us of the Lord, during a time of refreshing, as seals to our ministry, whose prayers in the divine life give satisfactory evidence of conversion. “They are our glory and joy.” Financially, they have done all that could be expected of a people in their circumstances. Sickness, too, prevailed more or less in every family. They contributed \$58 towards their Missionary’s support; \$61 70 towards Missionary Fund; \$15 90 of which came from *Sabbath School*, besides defraying Church expenses, and Connexional Funds. Sum total collected of our people and adherents \$190 during the past Conference year.

We would also take this opportunity of expressing our thanks to the Rev. E. B. Harper, M.A., who during the past year administered to us the Sacraments in our own language. The prayers of our people follow him. I have, perhaps, been too minute about the finances, but I do it to show our noble and generous people, out of whose contributions we are to a great measure supported, that their German brethren do their duty, and as far as layeth in their power support the Gospel.

Your Missionary prays for and is laboring to hasten the day when the Germans shall be self-supporting.

CARL ALLUM.

## PRESTON.

At the last Conference this Mission was divided, one part being formed into a separate field of labor, now belonging to the Brantford District. It was therefore our lot again this year to break up new ground, and try to enlarge this part of God's vineyard. To Preston, however, we have tried to pay the most attention, it being the largest and most important place on the German Mission. I am thankful to God that our labors have not been altogether in vain, quite a number of precious souls having been converted, and the good leaven is spreading through the German community.

But yet I am sorry to say that for various reasons the work has been hindered, and we did not see this year that amount of success which we justly anticipated. However, in the name of the Lord, we set up our Banner, and with the help of my son, who has been given back to me to this Mission for the third year, we struggled and labored, looking up on high, that the seed sown in tears may grow and bear fruit to the honor and glory of our blessed Redeemer. Besides attending to our regular appointments, we have tried, as far as in our power lay, and time would permit, to travel through the country, visit the Germans, and open new places, so that there is room now for double the number of Missionaries than there are engaged at present. I have no doubt but that a glorious future yet awaits the German Mission. If the Church lays hold on the work in a hearty and right way, we shall have, with God's blessing, Churches and converted Germans, who shall thank God to all eternity that the W. M. Church has sent Missionaries to them. And, in conclusion, I might say that even financially our people are commencing to see their duty.

C. FRESHMAN.

## PARIS.

We held a series of meetings continuing for four weeks, and on the close of these services twelve souls experienced the forgiving power of Christ, confessing that Christ has pardoned their sins. We commenced a little happy class, kept up our regular prayer-meeting from house to house, and, thanks be to God, the work of the Lord is still going on. Our last Lovefeast was a scene of joy, about twenty have testified that the Lord has pardoned their sins, and praising him for his goodness. We can say we are a happy people here.

In connection with our Church in Paris, we also commenced this year a Sabbath School, carried on by zealous teachers, and assisted through the influence of the parents sending their children some 3 and 4 miles to the school. We have also a good library, paid by the proceeds of a children's festival. Your Missionary has also commenced a Day-school, with the children in connection with the Sabbath School, as he cannot be present with the children on Sabbath. This school has been well attended by the children, com-

monly held on Wednesday, p.m., from 2 to 4 o'clock. The brethren and sisters are working in peace, hand in hand, for the Lord, showing their kindness and love towards me in every respect. I cannot report a great increase of membership, as the most who have been converted have given their names when the Mission began its existence. In St. George your Missionary met in the beginning of the year with unexpected difficulties.

In Princeton I have proclaimed the Word of Life once every two weeks. Our work here is connected with many difficulties, first of all there are only a few families in the vicinity of Princeton. The Germans are greatly scattered, and only one family is residing in Princeton, and on account of being so much scattered they cannot attend regularly. The Lord has shown his converting power here also, and therefore praise him for his goodness.

ANSELM SCHUSTER.

### OTTAWA.

With gratitude to the Almighty we look back on this year's labours. Although it has been a year of incessant hard work almost by day and night, it was a most glorious one. The Lord was pleased to bless the efforts of your unworthy agents in the conversion of many souls.

This Mission is extended over a very large territory. To work it with any amount of success requires a man of very strong constitution, with a great heart full of love for the poor souls, and such a measure of self-denial as will enable him by the grace of God to stand against all difficulties and hardships which he has to encounter.

Your Missionaries are not everywhere received with open arms, as they were a few years ago. There has been a great change in this respect; there is opposition and strife, especially since the power of God manifested itself to overthrow the kingdom of Satan. Finding at some appointments, where our Missionaries laboured, that the people were not converted or formed into classes, but some under deep conviction and many prepared to come to Christ, one calling himself "evangelical," succeeded in bringing one of the best appointments into the bosom of his Church. When I learned this fact I was more than ever convinced, that we must reap and gather in as fast as we laboured, and organize classes, even with a few souls—as by neglecting this, our labour might be lost or gathered by others. But after all the opposition and difficulties, the Lord has heard the humble prayers of his servants crying to him in the woods. The second of September, at the most disputed appointment, a most glorious revival broke out; the Holy Spirit was shed down with such a power that it seemed as if the very stones would melt. The Holy Fire spread from house to house—conviction was carried to many a heart—stout men trembled like the leaves in the forest, robust men, women, and children, wept and

sought together for mercy, and the tears flowed like streams, the agony of the penitent mingled with the shouts of the saved, so that the woods and stones around us would echo back again the glory of the Lord. To me the most pleasing facts in this revival were the deep conviction and distressing sorrows over their sins—also the protracted and never-failing energies to seek the Lord day and night, for weeks and months; they would not be satisfied with anything less than such a manifestation of the Spirit that they could prove their acceptance before devils and man. The fruits of this work of grace are also very gratifying, and must certainly be so to all Christian hearts, but especially to the friends of the German work.

The first I would mention, is the clear witnesses, the willingness and joy with which they proclaim the wonders of the Lord; also their powerful and intelligent prayers. Why, our English friends would be astonished to hear these poor Germans pray; they would be carried up to heaven before aware of it. I often said to my colleague: These babes in Christ can pray with more power than ourselves, but it is all the better, the Lord will have all the glory.

Not only their prayers and witnesses for Christ but the godly change in their lives, and habits is the best and surest proof of the Spirit's work in their hearts, especially with some of whom I often think—they must be born three times before they can get right at all. A young infidel who would go from Sabbath to Sabbath with the gun on his shoulder, to hunt in the woods, is now an exhorter, and goes about exhorting and praying with the people, and they marvel at the change. As the Germans are poor, they gather during the Summer months the berries, and the women carry them into the town where they realize a few pence. A certain woman who was under conviction, had an ungodly husband; he went out on the Holy Sabbath to gather berries, as they do very frequently, but his penitent wife would not take them to town, because they were thus gathered on the Sabbath—and they all rotted. This opened the eyes of the poor sinner. In a house where they had, on the last night of the old year, a ball, when the devil was served in the highest spirit that whiskey could produce—we had this year a most glorious watch-night, when some souls were saved, and so was the devil defeated. Family worship was erected in many houses; in some it was the wife who had to build the altar and conduct the worship. A certain man, when under conviction, wanted to begin to pray with his family, but his wife would not consent; he also was determined not to loose the battle, and told his partner he would not go to bed before they had family worship, if he had to wait all night; she gave in, and the family altar was erected. Sabbath, the 3rd of March, was a most glorious day on this Mission; our first church that sprung out of this revival was dedicated to the Lord. The house was full with an anxious and cheerful congregation. Our much respected Chairman, the Rev. Mr. McDowell, preached a most excellent sermon; the Spirit of the Lord manifested itself so clearly, that the poor Germans, who understood but a little of the sermon, felt its powerful influence, which could be seen by the tears that run down their sun-burnt and

May He  
German M

weather-beaten faces. One man who understood very little, was, indeed, converted by the influence of this sermon. Is not this glorious? God be praised for ever and ever.

During the year we took up three new appointments, so that we had the greatest part, ten regular Sabbath appointments; some of them are far from the centre of the work, and some are very poor and discouraging, but the most laborious on the Mission. At all of them, where it was possible, we had protracted meetings, and on all such some souls got converted.

We received, during this year, seventy-one on trial, formed them into classes and appointed leaders—besides we have two exhorters. We have also two houses of worship, and two more are on the way of being erected. These were greatly wanted on this Mission.

In conclusion, I feel to say, this is a very important field. There are now about two hundred German families scattered in four townships. Although the work has scarcely begun and the support is yet very small—for the reason that they are mostly all settled on poor land, and are consequently poor—I venture to say this will be the first self-sustaining German Circuit.

The Germans are a very hard-working people, and, as they will become more and more independent, they will be able to support the Gospel. For all the good that was done, we give praise to the Lord; we are assured that he employed the most humble instruments to accomplish it.

May He smile on this his work among our people. May the Lord bless the German Mission, is the hearty prayer of your unworthy agents.

S. KAPPEL.

## FRENCH MISSIONS.

Respecting this portion of the Society's field of labor, the Committee have received from the venerable Chairman of the Stanstead District the following communication:—

"I am sure that prosperity in any department of the extensive field of Christian Missions, over which you preside, will afford you pleasure, and especially when it is in the French department of the work. I am happy to inform you that our cause in Roxton and Stukely, among the Canadians, is doing well.

"Those who for some time have been united with us in Church-fellowship, are growing in grace and in the knowledge of the truth; they attend religious ordinances with much regularity, hearing the word preached, prayer-meetings, class-meeting and Lovefeast. It is true, the French work in some places has been apparently discouraging, and Roxton has not been without its trials; but a better state of things has now come to pass, the seed that was sown with dreadful anxiety has sprung up, and is bearing fruit to the glory of our common Lord, and the comfort and satisfaction of his servants who scattered it abroad. It is with pleasure we learn that a favorable change has taken place among the Canadians; they are less hostile to Protestant teaching than they were; more willing to hear the Gospel, and judge of its merits and and claims to their confidence than they were a few years ago. The circulation of the Scriptures among them, and the ability to read, has had a good effect. They believe the Bible is the word of God, and that its doctrine is binding upon them. The clergy of the Church of Rome are aware of this influence of the Scriptures among their people. One of them said, 'That the Protestants had the advantage of the Romanists, because they circulated the Bible.'

"In South Roxton, where Brother Parent has his Mission, there are about eighty families; some forty of these have left the Church of Rome, and are united either with the Methodists or the Baptists, and new accessions are still being made of persons who are not only convinced of the errors of popery, but are renewed in the spirit of their minds. In such a state of things, it might well be expected that the agents of the Roman Church would be on the alert, and so they are; both the clergy and the laity are employed in Roxton to take care of the sheep that have not left the fold of the true Church. For this purpose, a priest preaches in Roxton every Sabbath, and a respectable layman visits those families who are suspected of any leaning towards Protestantism.

"In this to employ fidently ex the Metho the Canadi day, will n "Perha curtailmen interested

"With to the cau progress i not dimin deeply aff and that value. O the Missic members place in w ciety, and accomplis

"In this Mission Brother Parent is doing a good work, and were it possible to employ more agents, suitable for the work, greater results may be confidently expected; but the Lord will raise up agents in due time. I believe the Methodist Church in these Provinces has an important work to do among the Canadians, and that, should they abandon it, the final Judge, on the final day, will not say 'well done.'

"Perhaps the publication of this communication, with any alteration or curtailment you may deem proper, will do good by encouraging our friends interested in the evangelization of the Canadians."

JOHN TOMKINS.

### STUKELY AND FARNHAM.

Brother Chartier, who is stationed on this Mission, says:—

"With unfeigned gratitude to God for past mercies, I devote myself anew to the cause that lies near my heart; and although I cannot speak of any great progress in this Mission in additions made to our society, yet our number is not diminished, and they are in a good spirit. Last Spring the society was deeply affected by a rumor that the Missionary was going to be taken from them, and that they would be left without those blessed privileges they so highly value. Our members evince a cheering and increasing interest in the work of the Mission, for at a great sacrifice they have built a school-house—one of our members paid more than eighty dollars to it, for the sake of having a place in which to worship. I feel confident that with the good will of the Society, and the blessing of God, the evangelization of my countrymen will be accomplished."

STEPHEN CHARTIER.

## DOMESTIC MISSIONS.

FROM earliest Christian times brethren in the Gospel have been mindful of those who were placed in circumstances of disability; thus we read of "collections" being made for "the poorer saints." It was during one of the benevolent visits made by St. Paul to Jerusalem, carrying tokens of love and remembrance to the disciples, he had that remarkable "trance" which unfolded to him the glories of the heavenly world. The same spirit has animated the Church in all ages, when "the power of godliness" has not been lost in "the form." The Committee rejoice in the manifestation of this both in ministers and people; new and destitute settlements, with localities unable wholly to make provision for a regular supply of gospel ordinances, share largely in the sympathies and aid of this Society. Independent circuits, fostered by former appropriations, have contributed liberally to extend and maintain the work of God in Canada; in the course of a few years these will be greatly increased in number, leaving the principal part of the Society's income to be employed in sending forth more missionaries and teachers to the thousands of heathen in our own far-off territory, who are now literally perishing for lack of knowledge.

In publishing the following Reports of varied character, the Committee observe with gratitude the very general feature of success by which they are pervaded.

### TORONTO DISTRICT.

Missions i

Your M  
to this M  
greatly t

tance of sustaining the Missions among them. The Wesleyan Methodist is the only Protestant ministry on this Mission that is Arminian in its doctrine, and that proclaims without reserve a universal redemption.

During the year we have gathered from the world thirty-two, who have given evidence of their conversion to God. On the other hand we have been compelled to drop thirty-four from the Church records for delinquency. Add to this the removals and deaths, we have to report a total decrease of thirty-four. Although we are numerically less, we think we have lost nothing of purity and moral power. We have removed an embarrassing debt from the parsonage property at Mono Mills, secured a good title and deeded to the connexion. We have now an excellent parsonage house, valued at nine hundred dollars, free from debt. We have also purchased a house and lot for a parsonage at Rosemont, and a subscription secured to make it a good and suitable residence for a minister's family. Rosemont is destined, at no distant day, to become the head of a new circuit. Now, both ministers are provided with good residences, and will thereby in the future be a saving to the Mission funds. We have also erected a new frame Church, twenty-six by thirty-six, worth six hundred and fifty dollars, and presented to the Connexion free of debt.

WILLIAM LUND.

#### ORANGEVILLE.

Ten years have elapsed since the first Missionary, the Rev. Wm. Sutton, was appointed to this field of labor. Though the membership has fluctuated at times, yet a real advancement has characterized the general interests of the Mission. Five churches have been erected, and are all nearly free from debt. Four Sabbath Schools are in existence, three of which are in a healthy state. One of the four has been organized during the past year. One church, nearly paid for, has been built since last Conference; the site on which it stands being the fourth of an acre, has been regularly secured by deed and registered. The conversion of a few souls in the new sanctuary has gladdened the hearts of God's people. Several accessions, by conversion, have lately been realized at Orangeville; the numerical results being only in part shared by the present returns will, doubtless, together with the spiritual benefits, give an impetus to the labors of another year. The "wear and tear" of "removals," and the exercise of discipline, leave us with a small decrease. The Circuit contributions and Connexional Collections exhibit an encouraging advance on those of the preceding year, and will compare favorably with most other Circuits or Missions in proportion to membership.

Your Missionary is fully convinced that the appointment of a *second* minister to this Mission, next year, is very desirable, and would, with the divine blessing, greatly tend to the extension of the work of God.

R. L. TUCKER.

## HAMILTON DISTRICT.

Cainsville—George H. Cornish, John S. Fisher.

Hullsville—Wm. Bryers.

## CAINSVILLE.

Up to last Conference Cainsville stood as a circuit with one minister sustained in part with a grant from the Contingent Fund. An additional preacher being necessary for the proper working of the Circuit, the Conference of 1866 sent two men and constituted it a Mission. This, therefore, is but the close of our first year's history as a Mission, and from the increased interest created at the various appointments, and the large addition to our membership, as well as the increased contributions to all our funds, we may say the change has been fully justified. The year has been marked with constant peace and prosperity in every department of our work. We began the year with one hundred and forty-eight members, and four on trial; total, one hundred and fifty-two. During the year we have received seventy-five on trial, and twelve from other circuits; total eighty-seven. We have lost by removals seventeen; by deaths three; and by dropped fourteen; total thirty-four; leaving a net increase of fifty-three. Our members now being one hundred and seventy-three, and thirty-two on trial; total two hundred and five. The Sabbath School interests have not been neglected. Sixty-five additional copies of the *S. S. Advocate* have been introduced, and one new school has been organized. In one school a gracious spirit of revival has existed, and several of the Bible-class scholars have been converted. To God be all the praise! The amount of missionary money raised last year was one hundred and sixty dollars and fifty-seven cents, this year two hundred and twenty-four dollars and forty-five cents, being an increase of sixty-three dollars and eighty-eight cents. The other Connexional Funds are also largely increased. The parsonage debt of about fifty-dollars has been paid, and sixty dollars have been laid out in building a wood shed and otherwise improving the parsonage property. At the New England Church a good driving shed has been completed and paid for. At Onondaga eighty-five dollars have been collected on the subscription list, secured by my predecessor, toward liquidating the debt on our church there. And at the Plank Road appointment about seven hundred and seventy dollars have been subscribed towards building a new church. Acknowledging our indebtedness to God for the success with which we have been favored, and for the grace which he has bestowed upon your Missionaries, we earnestly look for continued showers of blessings, and we fully believe that in a very few years Cainsville will become a self-sustaining Circuit.

## NIAGARA DISTRICT.

*Dunnville*—Wm. F. Campbell.

*Point Abino*—Robert Shaw, B. A.<sup>s</sup>

*Cayuga*—W. Richardson.

*Caistorville*—John Hutchinson.

*Port Dalhousie*—Egerton R. Young.

### DUNVILLE.

In the village of Dunnville our congregations have been large, probably the largest in the place. But candor compels me to state that class-meetings and prayer-meetings have been too commonly neglected, and that, that grace which is "the bond of perfectness" has not had "its perfect work." A few are living near to God, and give evidence of an unselfish attachment to Wesleyan-ism.

At both the country appointments the societies are doing well. Prayer and class meetings are well sustained. The members generally are groaning after holiness, and some are *living* it. The Sabbath Schools at *all* the appointments have been very prosperous, and are now in a flourishing condition. I am compelled to return ten members less than the number returned last year.

Taking the three years together we report an increase. Your Missionary is thankful to God who has given him favor in the eyes of the people, and three years of delightful and profitable fellowship with the Ministers and members of the many other protestant denominations who are with us "helpers and fellow-helpers to the truth."

W. F. CAMPBELL.

### POINT ABINO.

This Mission is situated at the extreme S. E. corner of the Niagara Peninsula; the parsonage being in the now famous village of Ridgeway. It is a delightful and healthful part of the country, and a desirable field of labour. Though the membership is small, (only fifty,) yet they are generally of the right kind, intelligent, pious, and liberal, according to their circumstances. The congregations are good, large numbers of interesting young persons regularly attending divine service, who only need converting grace to make them happy, useful, and influential.

The lamented death of the Rev. R. Shaw, B. A., in January last, was a great loss to the Mission, and although the *Sabbath work* was efficiently supplied during the remainder of the year by the Rev. P. Ker, the interests of the work necessarily suffered from the removal of the regular pastor.

I trust that by the divine blessing this important field of labour will soon become entirely self-supporting.

CORNISB.

## CAYUGA.

Three of the five congregations to which we dispense the word of life are very good and said to be larger than they have been for years. Some of the funds of the Church, from known causes, are a little lower than last year, but the entire sum raised is perhaps quite equal to any former year. All things considered, we may truly say, the past year has been "a year of blessing," but we cannot see that it has been in all respects "like" the preceding one, and so we cannot say that "Cayuga" is prepared to "declare herself independent of missionary aid," or when she will be prepared to make such a declaration.

W. RICHARDSON.

## CAISTORVILLE.

Your Missionary in presenting his report on this, to him, new field of labour, has great cause of thankfulness to God, that through this, the seventieth year of his life, notwithstanding the frequent and heavy storms he has had to face, and the awfully bad roads he has had to traverse, he has been enabled to meet his engagements and sustain the arduous toil; his only regret is his lack of personal fidelity, and the absence of more sensible evidence of success in the blessed work in which he is engaged.

At three of the five appointments composing the Mission there are encouraging tokens of good; in many of the members, a manifestation of increasing conformity to the will and image of God, with the concomitant of ardent desire for Zion's prosperity, and the public and social means of grace, have of late been especial seasons of hallowed enjoyment.

Numerically, the Mission reports a small increase; but were discipline on "meeting in class" stringently enjoined, the total would be less.

\* Financially, on the aggregate, in the ordinary income,\* the Mission is in advance of former years; the parsonage is now no longer in debt, and is conveyed in trust to the Connexion.

Your Missionary deeply laments that he may say that the Wesleyan Methodist usage of ministerial quarterly visitations of the classes, has, on this Mission, in a very great measure fallen into disuse, and humbly expresses a hope that its revivification, by some means, may soon come; he being firmly persuaded that personal piety and connexional prosperity stand closely connected therewith.

## BRANTFORD DISTRICT.

*Lynedock*—G. T. Richardson.  
*Norfolk*—Wm. Watson, B.A.

## LYNEDOCK.

Since last Conference we took up a new appointment, and formed a class of ten members, who, by the blessing of God, are making spiritual advancement. Some of our congregations have increased considerably, and several of our members are living in the enjoyment of perfect love. We have now a new frame parsonage, 26 by 34, nearly free of debt, for which we feel thankful to a kind Providence.

GEO. T. RICHARDSON.

## NORFOLK.

This Mission was commenced last Conference, and in reviewing the work of God upon it during the past year, we see much cause to rejoice and much reason for gratitude to God. At the commencement of the year there was only one appointment where our people were receiving preaching on the Sabbath day. At that place our cause has prospered nicely, considering the opposition that met us, and during the year we had a small increase. We made arrangements to have preaching on the Sabbath at three other places. At one of these places we procured a small building and fitted it up, the whole expense being about one hundred and fifty dollars, which claim the people there have cheerfully assumed, in addition to the claims of the Missionary upon them.

Our cause in that section is quite promising, and there we have at present meeting in class about twenty persons. At another place, where we had only a few members, and they not having any class near them, we conducted a special service, and the Lord poured out his Spirit, and over a score of souls were savingly converted to God. We have there at present a class which betokens prosperity, and the people have taken steps to build a church. At the other appointment we have no class at present, but the congregation gathered there bids fair to form the nucleus of a small, but permanent society.

W. C. WATSON.

## LONDON DISTRICT.

*Mount Brydges*—J. Hough.  
*Nissouri*—Thos. Robson.  
*Arkona*—Robt. O. Wilson.

## MOUNT BRYDGES.

Though we have this year received sixteen on trial, the numbers dropped leave us only a small net increase of three. We have this year bought and built a parsonage property worth \$720, over \$500 of which has been paid. A debt on the church at Mount Brydges is embarrassing. The salary of the Missionary has not been paid in full, as the Missionary grant was reduced when we were struggling to pay for the parsonage, and during a year when many expenses were incurred.

Some old difficulties have this year been settled, and we think there is an increase of religious earnestness among the people, from whom we have received unusual kindness, and who are ever ready to do what they can.

J. HUGH.

## MISSOURI.

Your Missionary is thankful to God in being able to report some degree of progress. Several persons, mostly heads of families, have been converted to God during the year. A church debt has been considerably reduced. The congregations generally are good, and some of them greatly increased.

THOS. ROBSON.

## ARKONA.

It is with gratitude to Him who alone "giveth the increase," that we report progress in every department. There has been no remarkable revivals, yet we have had some gracious gatherings, and after making up for all our losses are enabled to report an increase of 45, including those on trial. One new church has been opened for divine worship, and two more are in course of erection.

All the Connexional Funds have largely advanced; most of them nearly doubled. The Mission, with nine appointments, requires the aid of another man.

R. O. WILSON.

## NAPIER.

I have found the people, for their numbers and circumstances, as kind, and indeed as liberal as on any other Mission. Our members are few and mostly in poor circumstances, but they are consistent, attached, and deserving of the continued sympathy of the Missionary Board. A few years hence, with the blessing of God, and the prayerful and united efforts of Minister and people, this Mission will take her place among our rapidly-increasing self-sustaining Circuits. May the Lord of the harvest speedily send "showers of blessing!" Amen.

J. L. KERR.

## MOORETOWN.

After thirty-seven years' labour in the Indian Missions, we were transferred to the regular work. The past year was in some measure a renewal of our probation. It was with fear and trembling we undertook the work, trusting alone in the grace of God to aid us.

Never during our protracted ministry have we been more unreservedly consecrated to God, or enjoyed more of the powers of the world to come in private or public devotions. Both God and his Church have borne with and sustained us, and now at the close of the year we have about thirty of an increase to report in the membership. All our connexional interests have advanced, and we find that were there a proportionate increase in all parts of our work, there would be a circulation of the *Christian Guardian* of 9,600 copies; *S. S. Advocate* 40,000; increase of membership 12,000; increase in Missionary collections \$13,000. We thank God, ask the prayers of his people, and take courage.

THOS. HURLBURT.

## WALLACEBURG.

Notwithstanding severe and protracted family afflictions have befallen us during the year, still it has been one of peace and comfort spent among a people who are kind, reasonable, and generous. We have lost two members by death, but they both died triumphantly happy. Our Sabbath Schools are prosperous. Although we have lost seventeen by dropped and removals, still our membership is slightly increased in numbers.

ROBT. MARK.

## FLORENCE.

Your Missionary on this field reports a year of trial. In consequence of ill health, the work has not been as thoroughly done as it should have been, and

we have not seen that increase which was so ardently desired. We are thankful, however, to find that we have more than held our own, and hope that another year may bring forth better things.

LERoy HOOKER.

### WYOMING.

We have succeeded in erecting a frame Church, 36 by 60, in the village of Wyoming, which was dedicated in February last.

The Ladies' Aid Society raised a sufficient sum to furnish the church thoroughly, and provide a cooking-stove for the parsonage. The church, lots, and furniture, are valued at \$1,900.

Two more Sabbath Schools have been organized during the year, and are in a prosperous state. Sixty copies of the *S. S. Advocate* are taken on the Mission. Our congregations are much improved; a deeper interest is shown in matters connected with the Church, and many seem not "far from the Kingdom."

WM. HICKS.

### GUELPH DISTRICT.

*Erin*—Richard Clarke.

*Rockwood*—Peter Campbell.

*Wallace*—Isaac Crane, Joseph M. Hagar.

*Arthur*—N. S. Burwash.

*Preston*—Aaron D. Miller.

### ERIN.

The wide extent of this Mission, and the distance which separates several of its preaching places from each other, render the labour of the Missionaries extremely hard. It embraces the townships of Erin, Garafraxa, and Luther. The latter is as remote, as difficult of access, and as spiritually destitute as were the fields on which our fathers laboured successfully in former years. And yet to the Missionary this part of our work is very pleasant. Riding on horseback and walking on foot alternately several miles on the banks of the Grand River, listening to the music of its gentle murmurs as it rolls through the primeval forest, gazing at the scampering of the deer, hearing occasionally the hideous howling of the wolves, and preaching the gospel of peace to a people who seem to hear it with gladness, are scenes which invest our labour with a charm affording the purest enjoyment to the lover of nature, of Christ, and of mankind. The dignity and importance of working at the foundation of spiritual and political systems in such places cannot be overestimated by the Church or the world. Our congregations throughout the Mission are generally good, in some places increasing, and giving promise of future enlarge-

ment and p

ment and prosperity. We have suffered severely from the removal of members, and some of our regular and liberal hearers. But for the loss thus sustained we would have been able to report a gratifying increase, having received on trial during the year forty members. There are on the Mission five good churches; three of them are encumbered with a heavy debt, for the lessening of which commendable efforts have been made during the winter. Very few, if any of our people are rich, many of them are poor, and yet their liberality is worthy of being recorded. All our Connexional Collections are in advance of last year. Assisted by the willing and valuable self-denying services of a local preacher, we have recently been enabled to plan our work so as to preach every Sabbath at several of the principal appointments. From this arrangement, in some cases absolutely necessary for our very existence, in all desirable, we expect beneficial results. Surrounded by many discouragements, from which we might well shrink, we are encouraged to labour on, in faith and hope, by what the Gospel is, and by what it has already accomplished. Our confidence is this: all power in heaven and in earth belongs to Christ as Mediator.

"The world cannot withstand  
Its ancient Conqueror."

RICHARD CLARKE.

ROCKWOOD—No Report for two years.

WALLACE.

From the peculiarities of this Mission it is very difficult for your Missionary to make a satisfactory report. There are many things which try the patience, wisdom, and physical ability of the labourers. Notwithstanding your Missionaries have been cheered by the uniform kindness and christian sympathy of the people. Thank God that during the year the blessing of converting and sanctifying grace has been vouchsafed to the congregations, so that your Missionaries have not laboured in vain. About forty have been hopefully converted to God. The congregations have generally increased during the year. One new class has been formed; seventeen have removed; four died, in whose death God's grace was greatly honoured; three have withdrawn; sixty-one have been dropped; \* giving a total of eighty-five who have been removed during the year.

There are now thirty-six on trial, and one hundred and seventy in full membership; being a total of two hundred and six, which leaves the appearance of a decrease from last year's report.

A division of this, and Elma Mission adjoining, into three Missions, is very desirable for the prosperity of the work, and the comfort and convenience of your Missionaries and their families.

ISAAC CRANE.

\* This is rather a remarkable "dropping," worthy of being examined.

ARTHUR.

This Mission is far from being in a satisfactory condition, although some improvement has been made during the year. We have received from other Circuits 5 members; removed 8; withdrawn 2; expelled 1; a few have been dropped. We report an increase of 13 in full membership, and 1 on trial.

The church at Fernan's has been nearly freed from debt. A Sabbath appointment has been taken up, and a class formed in the Township of Peel during the year. A week-night appointment has also been commenced in the Township of Garafraxa.

Some of our people have been much straitened in their circumstances through the year on account of the injurious effects of the frosts and heavy rains upon their crops last season. This circumstance, together with 100 per cent advance in the prices of provisions, rendered the liberal augmentation of our Missionary appropriation very opportune and welcome.

In conclusion, we review the three years of our residence upon this Mission with humility and gratitude—humility through a consciousness of the many imperfections of our services, and gratitude in remembrance of the multitude of God's mercies. We feel grateful, also, for the kindness and sympathy of the people

During three years our membership has increased from 38 to 74, and our funds in greater proportion. Methodism is increasing its influence in the community.

N. S. BURWASH.

PRESTON.

The first appointment of an English Missionary to Preston was made last Conference. Preston, with three appointments, detached from Berlin Mission, forms the Mission.

The labour of your Missionary has been continued during the year with great anxiety, arising from the peculiarity of the work at Preston, and severe and protracted family affliction.

The attendance and the interest at the public means of grace are well sustained, and at most of the appointments on the increase.

Methodism in Preston is considered by some an innovation, and will have to make its way by removing deeply-rooted habits and prejudices. Our people love the class-meeting, and through evil report are pressing unto the kingdom.

There have been several removals, and though there has been no marked revival at any of the appointments, there is an increase in society. Our trust is in the Lord, "mighty to save."

## SEA FORTH.

While we cannot record any great amount of success in the way of conversions, yet in several respects we have cause of thankfulness for indications of prosperity. Our congregations keep good. The means of grace have been regularly maintained, and in our membership there is a small increase. The village of Seaforth is rapidly increasing in population, and now numbers about eleven hundred souls. Our church in the village in the course of the year has been improved, at a cost of about five hundred dollars. This is in a fair way of being liquidated by the regular income from the church in about eighteen months from this time. Our pews rent now for about two hundred dollars a year. We have lately secured a lot for a parsonage, included in the same trust with the church lot. Our Sabbath School is improving in numbers and interest, and promises to be useful. With a good appointment there is a fair prospect of usefulness in the future, and a hope that we may establish a good cause in years to come.

A. HURLBURT.

## MITCHELL.

This Mission is gradually increasing in importance, and is now one of the most desirable fields of labor in the District. Mitchell can boast of the best parsonage in the District, and, when the addition to the church is finished, of the largest church and of a good congregation, also three new churches almost out of debt. Our membership is about the same.

T. S. HOWARD.

## STRATFORD.

As usual with this Mission, we have suffered severely the past year by removals, which, taken in connection with the exercise of discipline in the cases of delinquent members, deprive your Missionary of the pleasure of reporting an increase of membership. It is, however, with great satisfaction that he records improvement made in the moral and financial tone of the Mission.

A very neat brick church, costing \$740, has been erected during the year, and dedicated free from debt. And at another appointment land has been secured for the same purpose, and \$700 subscribed to build a church thereon.

H. CHRISTOPHERSON.

## BAYFIELD.

Spiritually, some parts of this Mission are not what we could desire. Whilst we rejoice over the faithfulness of some, we have cause to mourn over others. However, in view of all the circumstances, we have no just cause for despondency. The manifest growth in grace of many of the members; their harmony and brotherly love; the erection and completion of a beautiful frame church 27 x 40, costing \$600, with a debt of \$34 only upon it; the general consolidation of the work on the Mission, together with the respectable status which Methodism is attaining, are facts which we feel thankful to God to be enabled to record. After deducting for expulsions, droppings, deaths, withdrawals, and removals, we return a membership of 105.

WM. R. DYRE.

## DUNGANNON.

This Mission embraces a tract of country on either side of the leading gravel road from Lucknow to Goderich, in the two townships of Ashfield and Wawanosh, and is about nine miles square. Within this area we have held ten different appointments.

The friends at Dungannon have commenced to erect a church, forty-five feet by thirty feet, in the heart of the village. The congregations at Manchester, the Nile, and at Alton's, intend soon to follow their example. We are sorry, notwithstanding several additions to our societies during the year, through removals, deaths, and the dropping of many who have not complied with our rules, we are compelled to report a decrease in our numbers. Still we have cause to rejoice, from an increasing attendance upon public worship, and the tone generally manifested by the members, that the work of God is prospering among us.

## KINCARDINE.

This is by no means means an undesirable field of labor, and gives promise soon to number among the best Circuits of the District. We entered upon this work under very gloomy and mournful circumstances to take the place of one who, dearly loved, not only by our people, but by all who knew him, was suddenly removed from his work to his reward above by the hand of death.

Although this people have waded through deep waters of affliction during the past year, and which appeared for a time to check the good work, yet this has been overruled for good. On coming here we found a people, who, whilst deeply mourning the loss of their late and universally-beloved pastor, were evidently aroused to put forth greater effort for the cause of Christ, and to make greater sacrifice to sustain the work of God at home, and to assist as far as possible in sustaining all the Connexional interests of the Church.

The Lord has been with us, and his Word has been made a blessing to the souls of many. Therefore we return an increase above last year of twenty-six, sixteen of whom are on trial. The Congregations are large, especially in the village, where we find our Church quite too small.

G. LEECH.

## TEESWATER.

This Mission was formed by the Rev. Thomas Hadwin, eleven years ago. From its commencement it has had to struggle with influences adverse to its prosperity, but we have reason to believe that they are gradually being overcome, and that it will ere long fully repay the labour and expense that has been bestowed upon it. During the past year, amid some discouragements, we have had a good degree of success; whilst having had to mourn over the coldness and apostacy of some, we have been gladdened by seeing many brought to God. Our reported increase, it is true, will be small, yet if it had not been for an unusual number of removals, together with the fact that we have received but two from other Circuits, we should have had to report a most encouraging addition to our numbers. Financially we have done well. Our congregations are good at nearly every appointment, and at two of them there are special evidences of the Divine approbation. In the village of Teeswater we have now a comfortable parsonage, and although our membership in the village is very small, yet it can scarcely be surpassed for kindness to the servants of the Lord, and for liberality to the cause of God. But our cause on this Mission can never prosper as it might, until we have suitable church accommodation, and to the accomplishment of this we intend to bend our energies. It is but just to our people here to say that they are willing to help themselves, and are liberal according to their numbers and ability, beyond many other Missions with which we are acquainted, but our membership is not large,

neither is it wealthy, and should therefore be entitled to the favorable consideration of the Missionary Committee. On the whole we are much encouraged with the aspect of things on this field of labour.

EDWARD CRAGG.

### AINLEYVILLE.

Amidst the toils and cares of the past year we have been mercifully preserved, and the cause of God has, to some extent, prospered in our hands. After making up for the removals, dropped, &c., we return a net increase of 15 members. We have three prosperous Sunday-schools; two of them have been kept open all the year; one of them was closed for a few months in the winter. The School in the village is large, having over 100 scholars in attendance. Several of the scholars in Johnston's and Ainleyville schools have been converted during the year and have connected themselves with the Church.

JOHN WEBSTER.

### ELMA

In closing another year's labors on this ground among a good people, I see much cause for humility, and much for thankfulness. Through the blessings of a kind Providence and the assistance of my highly-esteemed and indefatigable colleague, Father Whiting, I am able to report some progress.

Considerable improvement has been made in the Sabbath School. After filling up 44 vacancies, caused by deaths, removals, and trimming pretty closely, we are enabled to report an increase of 50. To God be all the praise. This, upon the whole, is an interesting Mission, and, under good management, I risk nothing in predicting for it great prosperity at no very distant period.

My personal and family afflictions have been great since I entered this field of labor. Thanks to God for all his mercies. Thanks to the Missionary Committee for special aid; and thanks to Dr. Philp for the cheerful, untiring, and valuable services rendered by him upon terms so moderate.

N. BROWN.

### HOWICK.

Since our last Conference the cause of Methodism on this Mission has greatly improved. The increase of the membership, after allowing for deaths, removals and those dropped is seventy. The new church in Newbridge was opened for Divine worship in January last, since which fifty joined the Society, who sought the Saviour within its walls. The erection of another large and beautiful church has been decided upon during the year in Mahood's neighbourhood. Hayden's church will undergo during the summer extensive repairs. The friends are contemplating the erection of three other new churches next year

REPORT.

lv

if possible, one at Wroxeter, Gough's, and Orangehill; in fact, at no very distant period we shall have churches in all the regular appointments on this Mission, nearly all feeling anxious and desirous to help. These churches are all needed, having now only four finished places of worship.

J. W. SAVAGE.

## BLYTHE.

Except one appointment the Mission is in a healthy state. There has been some prosperity the past year. Among other things a small increase in the membership, and our funds all in advance.

THOMAS HANNA

## LUCKNOW.

The Lord has vouchsafed peace, and a degree of prosperity to this Mission during the past year. The work of God has been revived in the hearts of believers; a few backsliders have been reclaimed, and several have been soundly converted to God. In a few cases the power of the Holy Spirit was manifested in a somewhat remarkable manner; the persons receiving the blessing losing their physical strength and falling to the ground, and after awhile coming to themselves rejoicing in the Lord. To His great name be all the glory.

The congregations in most of the appointments have been enlarged, and it appears quite evident from the marked attention to the blessed truth, and the serious deportment of many, that the good seed is taking root, and giving hope that it will soon spring up and bring forth fruit.

After filling the places of six removed, and twelve dropped, we report an increase of five. The Lord has not removed one from our ranks by death, during the two years past, though many have fallen on the right hand, and on the left.

With continued patient toil and careful culture, we believe this *hard field* will yet produce much fruit to the glory of our Redeemer.

W. TUCKER.

## OWEN'S SOUND DISTRICT.

*Walter's Falls*—Phineas D. Will.

*Thornbury*—Isaac Baker, James P. Kidd.

*Mount Forest*—Richard Potter.

*Durham*—James Anderson.

*Paisley*—Isaac Gold.

*Artemesia*—George Jacques, John Sanders

*Chatsworth*—John Neelands.

*Keppel*—Josiah Green, Nelson Sanders.

## WALTER'S FALLS.

Our people upon this Mission are gradually evincing a stronger desire for the means of grace, and many of them are evidently seeking a more perfect conformity to the Divine will in all respects. A desire to enjoy and spread scriptural holiness is manifestly becoming stronger among us. As the result of this we are able to report progress in every department of our work.

The Sabbath School, which is one of the most important institutions of the Church of Christ, has hitherto been very much neglected on this field, but a more general and correct appreciation of it is beginning to prevail in several neighborhoods. We have within the last few weeks organized one school, and we expect to organize at least two more in a short time.

Numerically we are much stronger now than we were at the close of the last Conference year. After deducting twenty-one for expulsions, removals, and withdrawals, and ten that we received from Chatsworth Mission, we report a net increase of fourteen.

Financially and domestically we are in a much better position now than we were at the commencement of the year. A very plain and neat little church is in course of erection in Lyon's neighborhood, and will in a few weeks be opened for divine service. A subscription of three hundred and twenty-five dollars has been taken up for a church at the Lake Shore appointment, and the intention is to put up the church during the ensuing Summer and Fall. The Connexional Funds are all in advance of last year. With a united people, an additional labourer, and the blessing of God, this Mission will, in the course of a few years, take the position of a self-sustaining Circuit.

P. D. WILL.

## THORNBURY.

It has pleased God to give us peace, and a measure of prosperity. There are 134 members and 11 on trial on the Mission, being an increase of six over the numbers returned last year. The finances are also in a healthy state. The church in Thornbury has been plastered and very much improved, and half an acre of land has been secured in another part of the Mission, on which the friends purpose building a sanctuary during the summer. A Sabbath School has been lately organized in Thornbury, which promises well. What we most need is a richer baptism of the Holy Ghost.

ISAAC BAKER.

## MOUNT FOREST.

Our congregations have increased in numbers, and are attentive to the ministrations of truth, and latterly a few souls have been converted to God in our

ordinary means of grace. In this we rejoice and give glory to God, and still pray for all the Spirit of his love.

The finances are in a healthy state, all the Connexional Funds are in excess of last year. The aspect of the work in general is encouraging, and a spirit of expectation and prayer is obviously prevailing in the Church.

RICHARD POTTER.

---

### DURHAM.

Spiritually and denominationally we compare, we trust, favorably with former years. Our Sabbath School is increasingly efficient, a new one has been organized and is now in working. Our church in Durham has been much improved, our congregations increased; our finances are improved on the whole, especially the Connexional Collections. Still we feel to deplore the decrease, a thing unprecedented in our history. Local causes over which we could have no adequate control, are our explanation. We trust that the evil days are past and that we are now enjoying the morning of a brighter day. We thank God for his mercies enjoyed, and implore a continuance of his favour. Our hope is in God. May he direct and sanctify our future. O Lord, revive thy work!

JAMES ANDERSON.

---

### PAISLEY.

The spiritual condition of the membership is manifestly improving, and the public means of grace are, on the whole, largely attended. This token of Divine approval is gratefully acknowledged, and together with the growing interest in Divine ordinances, evinced by many who formerly neglected the house of God, is highly encouraging, and induce the conviction that the word preached has not been in vain.

A Connexional Sabbath School has recently been organized, and is now in tolerably good working order; much good is expected will result from this beginning of effort to indoctrinate the youth of our people in the principles of our holy religion. A church, also, is in course of erection, which, it is hoped, will be opened for Divine worship early in the ensuing year.

ISAAC GOLD.

---

### ARTEMESIA.

Our services are generally well attended, considering the thinly settled country at some appointments. There is much attention evinced when the Gospel of the Son of God is preached, but I fear the Word does not profit, it not being mixed with faith in them that hear it. The contributions toward the Missionary Fund are in advance of last year, and the other Connexional

Funds about equal to last year's returns. After spending three years on this Mission, it is with much reluctance we leave it, and the many kind friends with whom we have associated. We sincerely pray that the richest blessings of God's providence and grace may constantly rest upon them.

GEORGE JACQUES.

---

### CHATSWORTH.

We are happy to be able to say that God has been blessing us on this field of labor during the year. A few souls, at least, have been savingly converted, and are, by the grace of our Lord Jesus Christ, trying to make their way from earth to heaven. Two Sabbath Schools have been organised and are seemingly prosperous. Our new church in the village of Chatsworth has been fully completed, and is entirely free from debt. Two burying-grounds have been fenced and provided with gates and fastenings. May the coming year be one of great success, and may many be brought into the fold of which Christ is the Shepherd.

J. NEELANDS.

---

### KEPPEL.

In presenting this report we desire to acknowledge the good hand of the Lord, which has sustained us during another year of Missionary toil. We rejoice in that while we have gone forth sowing the good seed of the Gospel, it has been watered from on high, and some fruit has been seen.

We have recently taken up an appointment in the Township of Derby—a township hitherto almost entirely neglected, so far as Wesleyan effort is concerned. With this exception, the bounds of our work remain pretty much as they were a year ago. During the year we held some very interesting special services, in connection with which quite a number professed faith in Christ, while the membership has been a good deal quickened. After deducting for removals, expulsions, &c., we report a net increase of 25. The present membership is 121. Some improvements have been made in connection with the parsonage property, and a lot for church purposes has been secured by purchase in the Town Plot of Wiaraton, Colpoy's Bay.

The brethren composing the Quarterly Board and others, though many of these in straitened circumstances, are active in endeavouring to make their ministers comfortable.

*Horning's Mills*—Wm. Norton.

*Muskoka*—One to be sent.

## SHARON AND MOUNT ALBERT.

The year just closing has been one of toil, yet not without its reward. Through the blessing of God upon the labours of myself and my very excellent colleague, the Rev. John Scanlon, many have been brought during the past year to see themselves as sinners, and have found a present Saviour. Believers, also, have been quickened, and some have been able to rejoice in a full salvation. We have received fifty on trial during the past year, but owing to the large number of removals and withdrawals, we return an increase only of twelve in the year.

We have found many kind friends on this field of labour, and in future years, if spared, will look back to pleasant scenes and happy hours during our stay here.

WM. J. HEWITT.

## ORILLIA.

We are thankful to report a year of prosperity on this Mission notwithstanding the heavy debt on our new parsonage. All our financial interests are in advance of last year, especially the Missionary Fund, which is fifty per cent. above last year. We have during the year dropped fourteen for non-attendance on the means of grace, and lost four by removals, yet we report an increase of sixteen.

THOMAS FEATHER.

## CRAIGHURST.

On arriving on the Craighurst Mission I found the prospects discouraging, the membership small, and the officials disheartened.

After a year of toil I gratefully report progress in every department. Appointments dying and dead have been restored to a healthy condition again,

GE JACQUES.

prejudices have been removed, and not a few apathetic individuals have been led to take a fresh interest in our cause. After deducting the dropped and the removed I report an increase of members. The acquisitions to the membership this year having comprised several heads of families.

JAMES MATHESON.

### PENETANGUISHENE.

After considerable deductions from the list of members, chiefly in consequence of non-attendance at class, we are able to report an increase of about twenty-six. In one place where we had no cause at the commencement of this year, we have now a regular Sabbath appointment, with a good class, and a great change is manifest in the whole neighborhood. The word of the Lord is being glorified. In another place where we held special services a good number were induced to seek the Lord. Unless when prevented by other duties, a weekly visit has been made to the Reformatory, where suitable instructions have been delivered to a class of prisoners numbering about thirty, most of whom appear very attentive and serious. Peace and harmony generally prevail throughout the classes.

JOHN W. TOTTEK.

### COLLINGWOOD.

This Mission is limited to the Town of Collingwood, and two small outside appointments, which we visit once in two weeks. Our membership numbers thirty-one, a slight decrease on the preceding year, owing to some removals and some dropped for non-attendance. In the congregation we have a small increase, but I regret that I am not able to say much about increase in any department of our operations in this Town. Still we all believe that a good day is coming for this place, and that it is not far off. Our few people are oppressed with heavy financial burdens, and when they have paid interest on church debt, rent for the minister's house, and the current expenses of keeping open, and in comfortable order, a large church, they cannot be able to do much additional towards the support of a minister's family.

CHARLES TURVER.

### NOTTAWASAGA AND ANGUS.

We are able to report a small increase in the membership. Our finances are considerably in advance of last year, and our congregations are larger than at any former time. I find that our people are much attached to our beloved Methodism, and I think, with but few exceptions, are growing in grace, and in the knowledge and love of God. REPORT.

lxi

of labour have been years of very great anxiety and toil, but we have been amply rewarded for all, as the Lord has condescended to crown our feeble efforts for his glory with considerable success. We return fifty members more than we received three years ago, and the Connexional Funds have more than doubled, and the amount paid for the support of the minister this year is a hundred and fifty per cent. in advance of the amount paid four years ago. A commodious parsonage has been erected and paid for in the village of Stayner, and a church, which is a credit both to the village and to the Connexion, has been finished and dedicated to the worship of God in the same place, on which there remains but a small debt; and our church in Cleminger's neighbourhood has been finished and paid for. We have the firm conviction that Nottawasaga will soon be self-sustaining, if rightly managed.

D. HUNT.

---

#### OSPREY.

We feel that there is much in the past which calls for thanksgiving and praise to the Great Head of the Church. At one of the appointments, where there were only seven members at the commencement of the year, we have been blessed with a glorious revival, so that now we have a flourishing class of twenty-five members. Having had several removals during the year we cannot report much increase, but are thankful that we can report some after making up for the wear and tear of the year. There was no Wesleyan Sabbath School on the Mission a year ago; now we have three in good working order. We are happy to say that Wesleyan Methodism is second to none in intelligence and piety. Hitherto the Minister has had to hire a rented house, but a few of our noble-hearted men are determined to have a parsonage, and are now actively engaged in preparing for building. May God continue to bless this Mission.

C. HAMILTON.

---

#### HORNING'S MILLS.

For the blessings of the past year your Missionary has reason to thank God, though in His inscrutable providence he has suffered much domestic affliction, and the loss of a beloved wife; but to this dark dispensation he deserves humbly and meekly to bow. During the year we have had some tokens for good. At Horning's Mills we have completed and dedicated to the worship of God a neatly finished church, which contributes much to our interests in that locality, in the improvement of our congregations, and in the organization of a Sabbath School, which is fast increasing in numbers and in interest. As preparations are being made for building two other churches, our hopes for the future are

encouraging, and we trust that while the material structures are being raised, God will by his Word and Spirit be building up the spiritual Church by adding living stones thereunto.

WM. NORTON.

### MUSKOKA.

Amidst the many and almost inseparable difficulties with which we have contended during the year we are permitted to report a small net increase of seven members to the Church. The almost total failure of crops the last season caused the removal of a number of our members from the Mission as well as the absence of several of our most efficient Local Preachers, two of them during the greater part of the year. One has reaped the reward of that faith which he preached, realizing its benefits to the very uttermost. An advance of more than eighty dollars over last year in the finances of the Mission; one church lot and several thousand feet of lumber for building a chapel are indications of progress. This is a new but opening field for missionary enterprise. Much kindness in the reception of the Word cheers the heart of the Missionary. In reviewing the past we have every reason to thank God and take courage.

ABEL EDWARDS.

### WHITBY DISTRICT.

*Beaverton*—Edmund S. Rupert, B. A.

*Stouffville*—Thomas Hadwin.

*Manvers*—Alfred McCann.

### BEAVERTON.

I am happy to report some progress in favour of Beaverton. When I came here, I found three members; but now I return 13, of whom I have formed the first class-meeting in Beaverton. When I came here, our congregation was very small, but for the past two years it has been uniformly good. My expectations relating to this place have been more than exceeded. The people have, with great catholicity of spirit, joined with us in divine worship; they have also shown to my partner and myself a friendship which I little expected when I came to reside among them, and, in addition to these things, I have been permitted to see the Methodist element multiplied by four.

I have recently taken up a new appointment, about twenty miles north of Beaverton. This appointment locally belongs to Rama; but the settlement called Fair Valley, being long without any Minister, and seeing that

this Mission and I am in place be vis

Our success as we are permitted to report a small net increase of seven members to the Church. this Mission could supply their want, I have taken up the appointment, and I am very hopeful for Methodism in Fair Valley, provided that the place be visited regularly by the Missionary.

E. S. RUPERT.

---

### STOUFFVILLE.

Our success during the past year upon this Mission has not been as encouraging as we both desired and anticipated. We have had some conversions in the ordinary means of grace. Eighteen persons have been admitted into the church. We return ten members in advance of last year. All our Connexional Funds are in advance of last year. Diligent attendance upon all the means of grace by our members, and a spirit of hearing manifested at some of our appointments by others, encourage us to hope that the ensuing year may be one of increasing prosperity.

T. HADWIN.

---

### MANVERS.

The labors of the past year under the blessing of God have not been without some measure of success. As the result of special services at a week-night appointment we were enabled to form a class of seventeen members where before we had none. There is a manifest desire on the part of the people to hear the Word of God, as also more regular attendance on the means of grace by the members. Your Missionary regrets that he is compelled to report a deficiency in numbers and finances, arising principally from numerous removals of our best members to other parts of the missionary field. This yearly exodus of our members is a great drawback to the apparent prosperity of the Mission and the principal cause of our dependence on the Missionary Fund.

A. McCANN.

 WARSAW.

On this Mission during the past year we are thankful to say, we have had peace and an encouraging amount of prosperity, both spiritual and financial. Notwithstanding we have not taken many into society during the year, have had only a few conversions, yet there has been a good work amongst the membership. Backsliders have been reclaimed; those who were resting in the form have been led to seek and obtain more of the *power* of true religion, and believers have pressed into the rest and enjoyment of a full salvation. At the principal appointments our congregations are good, and we have frequently seasons of great refreshing, especially at the class-meetings. In closing a Protracted Meeting, which we held in Brother Grant's church last fall, we asked all the members (a large proportion of whom were present) who felt that they were *holier*, happier, and better men and women than when the exercises commenced to signify the same by rising up. *All* rose immediately and we had a blessed time.

JOSEPH H. STINSON.

## BOBCAYGEON.

We commenced the year with one hundred and seven members. Of these 5 moved away, 3 died, 2 were expelled, lost 17 by changing boundaries, and we now commence the present year with 100 members, (2 on trial, and 98 members,) so that deducting 27, the number lost to us from various causes, from the original 107, would leave 80, but we now have 100, which is equivalent to an increase of 20.

We held two protracted meetings, continuing each for several weeks, and

although we cannot boast of large accessions to our church therefrom, yet much good has been effected in arousing the careless and indifferent, in convincing the unconvinced, and in edifying those that already had repented of their sins, and believed and trusted in an all sufficient Saviour.

I realize every day the truth and full force of that text, paradoxical as it may at first sight appear,—“When I am weak, then am I strong,” but it is so,—“Strong in the Lord, and in the power of his might.”

My determination is to work, work, work, and leave the issue in the hands of God.

GEO. McNAMARA.

---

### MINDEN.

The past year on this Mission has not been characterized by any remarkable progress, but by steady improvement in all departments. Our membership and congregations have increased; all our financial interests have advanced; Missionary contributions have somewhat exceeded those of any previous year. A handsome sum has also been subscribed toward the Centenary Fund; an embarrassing debt has been removed, and improvements made to the village church.

An appointment has been established at the rising village of Haliburton, which has been eminently successful. A good class now meets there regularly, and as much support has been given as was obtained three years ago from the entire Mission. The prospects of Methodism in this remote part of the country are cheering, although the ground is occupied by three other denominations. The difficulties, especially of travelling, are considerable, but everywhere our cause is sustained with increasing prosperity by a kind, self-denying, and devoted people. Harmony has prevailed, and your Missionary has been cheered by evident tokens of the divine approval and blessing.

W. H. SCHOFIELD.

---

### FENELON FALLS.

The Lord has been with his people for good. The cheering influence of God's countenance has often comforted his people, refreshed and strengthened for the warfare of the Christian life. The appointed times for preaching have been regularly sustained. The congregations have been good, and the importance of the missionary effort in our particular Church is increasingly appreciated and supported by those who merely wait on our ministry. A very pleasing increase of zeal in the welfare of souls, and the success generally of the Mission has been evinced by the members of the Church through the past year. The sites of four churches have been obtained.

JOHN SANDERSON.

## COBOCONK.

In the commencement of last year there were thirty-two members reported, now there are forty-five, after two removals and one death. There was a small frame church partly erected; it is now dedicated and made fit for Divine worship. There was one Sabbath School on the Mission, now there are four, and all in a flourishing condition.

A. A. MAGWOOD.

## HAVELOCK.

At the terminus of the railroad at the ore-bed, a village is rapidly springing up. A few of our members having moved to the village, a new appointment has been taken up there, and a small class formed. Another village is expected to spring up immediately at the steam-boat landing, at the narrows, on the river. We have been promised a site for a church and parsonage in the village. During the year our friends have maintained their character for love to the cause, and their liberality in supporting it. Our friends are waking up to the great importance and utility of Sabbath Schools; two have been kept up all winter, and other three have been opened this spring, and are now in successful operation. The prospects of the Mission rising are very good.

DAVID HARDIE.

## BALSOVER.

In submitting a report of this Mission we feel thankful to the Giver of all good for the mercies of the past year. This field of labour is characterised by barrenness of soil, scattered settlements, interspersed by creeks, swamps, and lakes often very difficult to cross. The religious state of the Mission, we regret to say, is rather low, yet we have some tokens of good. Our last Quarterly Meeting was a time of refreshing to many, and a general determination was expressed to seek a fuller baptism of the Holy Spirit and maintain a closer walk with God.

W. W. MILLER.

## BURLEIGH ROAD.

This Mission is about sixty miles in length, situated in a very awkward position to be worked by one man. It is unoccupied by any other denomination. We have an acre of land secured by a bond for a deed, with a nice little frame church on it, 20 by 34. Although unfinished, we have occupied it for several months past. At present it is free from debt. To do justice to this Mission in its present arrangement is exceedingly difficult, and we

believe that  
struck off.  
We regret to  
God, some  
Mission.

*Madoc*—John English, Edward Morrow, B.A.

*Bannockburn*—Robert Godfrey.

*Denbigh*—William Sutton.

*Maynooth*—Archelaus Doxee.

### MARMORA.

In approaching the close of our third year's labours on this Mission, we have reason to be thankful, that notwithstanding, we have not accomplished all we could desire in advancing the work of God; we have enjoyed peace in all our borders, and some degree of prosperity. The regular work of the Mission required six sermons each week, consequently we could not engage in special services, without which it is unusual to find our numbers greatly increased. Our congregations, however, generally, have been good, and the interest on the whole has not diminished.

After supplying deficiencies we can return only a small increase of membership, but leave to our successor a wide field for usefulness, in which the precious seed has been sown during the past year. A very encouraging interest is taken in Sabbath Schools.

JOHN A. DOWLER.

### FLINTON AND ADDINGTON ROAD.

Your society has lost this year by removals six families, some of whom were the best families on the Mission. Two of these removals were local preachers, one of whom was a class-leader. We have now remaining only one local preacher on the Mission, out of seven that were here about four or five years ago.

The people here, notwithstanding their poverty, are very kind to their Minister; and I believe many of them do more for his support in proportion to their means, than they do on some wealthy circuits.

We are beginning to breathe more freely again after the great excitement, occasioned by the election last winter. Our last Quarterly Love Feast was the best one we have had since I came to the Mission; there was a good feeling, and many tears were shed. The Lord grant that it may issue in the conversion to God of many of them. There is usually a better attendance here in the summer time than during the winter season. In the winter many of the young men go from home to the lumbering shanties, and the only way we can meet this evil is by following them, and preaching to them in those places; I have done so, and got a good hearing from both Protestants and Roman Catholics.

May God bless his work in this part of his moral vineyard, and grant that the Camp-Meeting, to be held on this Mission during the summer, may be attended with good results.

JOHN CORBETT.

---

#### MADOC.

We have peace and quietness in every part of this Mission. The attendance at almost all the appointments is very good, and our hearers generally very regular and attentive. There have been about twenty conversions during the year, and our new members are very faithful and devoted. Some debts upon our Churches of long standing have been reduced; others entirely paid, and in one instance we have raised money to make important improvements. Constantly increasing interest in our work is manifested, and increasing liberality in sustaining it. There is a fine advance in all the Connexional Funds.

JOHN ENGLISH.

---

#### BANNOCKBURN.

We can add but little to what we said of this Mission in our last report. Three of our appointments have been attached to the Maynooth Mission, yet notwithstanding this, our Missionary contributions are far in advance of those of the previous year, and more than double the amount collected on the same ground last year.

Our little Society has lost this year by removals thirteen members, but we are thankful to the Giver of all good that a few have been added to our little band. Our congregations are steady and attentive at each of our appointments.

R. GODFREY.

---

#### DENBIGH.

ancient prophet; 'the earth shall be full of the knowledge of the Lord, as the waters cover the seas.'

If no unusual revival occurred like winds or torrents fierce, all opposers overturning, the infallible announcement of Isaiah was not entirely foreign. "As the rain cometh down, and the snow from heaven, and returneth not thither, but watereth the earth, and maketh it bring forth and bud, that it may give seed to the sower, and bread to the eater; so shall my word be that goeth forth out of my mouth; it shall not return unto me void, but shall accomplish that which I please, and prosper in the thing whereunto I sent it."

An increase of members; advance in the Connexional Funds; the formation and pleasing influences of Sabbath Schools and good books; the commencement of a parsonage, and growing influence upon the community, all unite to indicate a glorious future, and imperatively demand increased labor and prayer. May God send prosperity.

W. SUTTON,

MAYNOOTH.—No Report.

### KINGSTON DISTRICT.

*Centreville*—John C. Ash.

*Battersea*—Andrew L. Peterson.

*Gananogue*—Davidson McDonald.

*Brewer's Mills*—William Savage.

*Harrowsmith and Frontenac*—John Holmes.

*Tamworth and Kennebec*—Ozias Barber.

### CENTREVILE.

In closing up our third year of labor among this people, we render hearty thanks to Almighty God for having crowned the year with his goodness.

After carefully sifting our returns and filling up all vacancies, resulting from removals, backslidings, &c., we report a net increase of 19 in the membership. We have two good churches and a parsonage, all out of debt, and a people generally willing to come up to the help of the Lord—to the help of the Lord against the mighty. We pray that the Lord may still cause his goodness to pass before them, and give them peace.

JOHN C. ASH.

### BATTERSEA.

We have a very small field of labor, and in this field several other denominations have a good interest; but God has graciously revived His work among

us, and 41 have joined the Church. We have some noble spirits on this Mission. We have peace in all our borders, and a most harmonious board, who, with the aid of the membership, have nobly sustained our funds.

A. L. PETERSON.

### GANANOQUE.

In all that relates to the material interests of the Church, the Mission is progressive. Owing to 12 removals, and 2 dropped, we report a decrease of 8 in the membership.

Notwithstanding these unfavorable features, Methodism is widening its influence and becoming more firmly fixed. The congregations at all the appointments are encouraging. The Sabbath School in Gananoque is in a healthy state.

D. McDONALD.

### BREWER'S MILLS.

When we entered upon our labors here, after the last Conference, we found six preaching places, in four of which classes were regularly met. Thinking these not sufficient for the employment of your two Missionaries, receiving so much pecuniary aid from our noble Missionary Institution, we invoked the smile and guidance of our Heavenly Father, and opened four new appointments for week-night preaching, and with praise to a Triune Deity we are able to record that in three of these we have seen more than *one hundred and twenty* precious souls seek the pardoning love of God. In the fourth we were shut out of the school-house by sectarian bigotry, but our friends, nothing daunted, have procured timber and a site, and are preparing to build a church next fall. In the two places, where we had a few nominal members, but no classes meeting, we have given special attention, which resulted, with the Divine blessing, in the reorganization of three classes, with nearly fifty members in regular attendance. In the four old appointments we are graciously permitted to report no decrease, our additions being equal to removals and excisions. Thus, after deducting for those who have died, removed, &c., our net increase is over eighty. To the Lord our righteousness, who alone hath gotten him the victory, and performed marvelous things in our eyes, be ascribed all the glory.

WILLIAM SAVAGE.

### HARROWSMITH.

In submitting the report of another year, your Missionaries on this field of labour have reason to thank God for blessings bestowed. The year has been spent in trying to build up the waste places of Zion. God has granted a

D. McDONALD.

CORNWALL.

Of this Mission it is our privilege to report encouragingly. During the closing year our people have been enabled not only to "keep the unity of the Spirit in the bond of peace," but also to grow in grace, and in the knowledge of our Lord and Saviour Jesus Christ. Moreover, their zealous co-operation with your Missionary in Christian work, has resulted in the ingathering of souls to Christ, and the consequent increase in Church membership, notwithstanding a considerable number of removals to other Circuits, of twenty eight, thereby giving us a total almost double that of the previous year.

Steps have been taken to purchase, at a nominal price, two additional lots. The need of one of these, for a graveyard, has been greatly felt. The other, as parsonage site, is equally desirable, and as they are both in immediate proximity to the present trust, the whole would form grounds which it is deemed highly important to secure to the Connexion at the earliest possible date. On the whole the prospect brightens, and we are not without hope that even for Cornwall good times are in store.

*Fitzroy Harbour*—Robert L. Gabie.

MABERLY.

We are thankful to report a little progress on this Mission. The church, to which my predecessor referred to in his report last year, through the noble exertions of a small class, has been built, and is now used for public services. We found the people very kind to us in our affliction soon after our arrival, when we were called to part with a lovely child, whom the Lord has taken unto himself. A few have evidenced desires to flee from the wrath to come.

E. FESSANT.

PAKENHAM AND ARNPRIOR.

The membership of the Mission has gone up during the three years, making no allowance for two classes given off to other Circuits, from 190 to 282; the Missionary receipts from \$138 to \$251; the Conference collections from \$21 to \$45, and the receipts for the support of the Missionaries from \$589 to \$1040.

This is now a most desirable field of labour, and will soon rank amongst our most important independent circuits.

Congregations good; membership liberal, pious, and thoroughly loyal to all the interests of Methodism.

Your Missionaries, in saying farewell to this kind and interesting people, would employ the language of King David,—“Peace be within thy walls, and prosperity within thy palaces, for my brethren and companions' sake I will now say peace be within thee.”

W. BURNS.

NEWBORO' AND BEDFORD—No report..

LANARK AND SHERBROOKE.

The North Sherbrooke Mission, which was commenced two years ago, was last year united with the old Lanark Mission, and two preachers were appointed to travel over the whole ground.

The atte manifest.

We are e McLaren, l offered in Mrs. Cooti in Leslie fc of assistan ing in hop

The official members have worked harmoniously during the year, and, through their united efforts, an excellent Parsonage has been erected at Playfair, a village about equally distant from the extreme ends of the Mission.

At several of the oldest appointments Methodism languishes, but in North Sherbrooke and Playfair the classes are in a healthy and prosperous state.

A. LESTER.

### FITZROY HARBOUR.

We cannot report nearly as many members as we did last year, as three of the classes have been replaced as formerly: two in Bell's Corner's Circuit and one in Pakenham Mission. Our time being so fully occupied during the past year between church building, studies, and other duties, we have had no time for protracted meetings, so that while there has been a large decrease, there has been no increase to balance it.

On the whole, however, things have been prosperous. Both in a spiritual and financial view, there has been advancement. All the claims of your Missionary have been met, and other claims have not been neglected.

Our new church, which cost over one thousand dollars is very nearly out of debt. This is a liberal, kind-hearted people. I could live happy with them all the days of my life. May the great Head of the Church continue to revive his work in this place more abundantly.

B. L. GABIE.

### PEMBROKE DISTRICT.

*Portage-du-Fort*—William Creighton.

*Renfrew*—Thomas H. Walker.

*Alice*—Brook Rose, Charles E. Perry.

*Clarendon*—William Shannon, John H. Stewart.

*Odslow*—W. Sanderson.

### PORTAGE-DU-FORT.

The attendance on public worship is good, and the feeling of God's presence manifest. Our funds, without any extra effort, are in advance of last year.

We are erecting a new church on a choice site in the village, given by D. F. McLaren, Esq., our Recording Steward. A church site and burying ground is offered in Cootie's neighborhood by our old and esteemed members, Mr. and Mrs. Cootie. A donation of ten acres in a good situation is offered by a friend in Leslie for a church and parsonage site, with burying ground, besides an offer of assistance in the erection of a church thereon. We are praying and laboring in hope for greater things.

WM. CREIGHTON.

RENFREW.

The present year, though not marked by any signal revivals, has been one of considerable success. At the commencement of the new year, during the week of prayer, a few resolved to give their hearts to God, and were soon made happy in his love. Others were induced to follow their footsteps, and thus the work continues.

T. H. WALKER.

ALICE.

When we came to this Mission after last Conference we had to reorganize the work, so that two men could travel over the ground previously occupied by three, but so far were the appointments from each other that we found it no easy task. One fortnight tour costs us alone one hundred and twenty miles travel in going and returning.

We found three classes meeting, but only one where the leader had a class-book and marked the attendance. The aggregate of members as reported at last Conference was 100, but less than one-fourth of them were accustomed to meet in class. We proceeded to revive old classes and organize new ones wherever practicable, but many hindrances have appeared, so that we can report only five now in operation, and a sixth partially formed, which we meet ourselves after the regular services.

Although our regular work extends above sixty-five miles from one extreme appointment to the other, the annual visit of the settlers and lumber-shanties far up the river has not been neglected. More than three weeks were spent, and upwards of 475 miles travelled to carry the gospel to those inhabiting "the regions beyond," and the people showed their appreciation of the favor both by their liberal contributions and efforts to get to the place of worship, several coming 12 miles, and one even 19, to attend service.

The Sabbath school interest among us is not declining, but a majority of the schools are nominally union, so that, although we supply the principal part of their vitality, we cannot properly report them as belonging to ourselves.

We have not this year witnessed any copious effusion of the Holy Spirit, but our hearts have been gladdened by the conversion of a few souls, and many of our people are looking for a general revival.

## ONSLow.

On this field of labour, during the past year, amidst incessant toil, I have much to cheer and encourage me. The word of the Lord, clothed with the energy of the Holy Spirit, has demonstrated itself to be the power of God unto salvation.

Your Missionary preaches in eight different neighborhoods, and has reason to believe from the numbers who attend the services, and from the friendly feeling manifested towards the Church, that Methodism is increasing in influence.

By making our people acquainted with Methodism in its various departments, and unrewarded efforts on the part of the Minister, under the blessing of Almighty God, Onslow will doubtless in a short time occupy a more prominent position, and most favourably compare with the surrounding fields of labour.

W. SANDERSON.

*Riceville*—George H. Kenney.

*Harrington*—Daniel Conolly.

## TEMPLETON.

Our protracted meeting was held, which resulted in the addition of a few members, yet owing to removals, and other causes, a decrease in membership is returned. Our Sunday School has been organized, and a library of fifty volumes purchased for it.

D. BRETHOUR.

## NORTH WAKEFIELD.

Much pastoral visiting has been done, and tracts have been distributed which have not, it is believed, been without good results. During the autumn

a protracted effort was made at the Pasche village, which was, in some measure, blessed, but we have not seen that fruit of our labor and those answers to our prayers which it would have been our happiness to report.

There is quite an interest felt by our people in the rising generation. We have five Sabbath schools in operation; a large number of young persons under religious instruction; and several good libraries in circulation among them, and, if pastor and people be faithful in cultivating this part of the field, the church will reap a harvest from it at no very distant day.

R. N. ADAMS,

---

#### AYLWIN.

This comparatively new Mission extends about sixty miles along the banks of the Gattineau.

We have eight preaching appointments, and your Missionary travels forty miles further in this region of country than any other Protestant Minister. We have had indications of good. In revival services, and the ordinary means of grace, the blessing of the Lord has been manifest in the conversion of souls.

SAMUEL TEEBON.

---

#### MARCH.

Your Missionary is thankful to Almighty God for his goodness during another year. There is reason to believe that spiritual progress has been made. Some backsliders have been reclaimed, and the members greatly revived. We have forty members in society. Our congregations are larger than they were at the commencement of the year.

ROBT. BELL.

---

#### LONG ISLAND LOCKS.

When we came here last June we found the spiritual state of the Mission very low, and I am sorry to relate that, after my year's labor, I feel as if I had laboured in vain, and spent my strength for nought. Still a little has been done. A few who had grown very cold have been revived, and four have testified clearly that they have passed from death unto life, and from the power of sin and Satan unto God.

During the year we have received four; two have died; six have removed; seven dropped; 1 has withdrawn, and 1 has been expelled, so that we have to report a decrease.

increase

## OSGOODE.

On this field of labor, we have very little of an encouraging nature to report. We have had several removals, and several names have been dropped on account of unfaithfulness. On one part of the Mission the work of God has been retarded by a variety of local circumstances adverse to personal piety and the tranquility of the Church. We have had some awakenings and some conversions during the year, for which we praise God; yet we have to lament a decrease in our numbers. Our people generally are poor, and this Mission still needs the fostering care of the Missionary Committee.

JOHN SLIGHT.

## BEARBROOK.

The preaching services have been well attended, and in some places there seems to be an increasing interest in spiritual matters. On the whole, although some have been dropped, and some have gone away, we are not without encouragement. Spiritually, there has been improvement.

JABEZ B. KEOUGH.

## THURSO.

A Sabbath School has been organized in the village of Thurso; some of the scholars meet in class. In one of the most discouraging places a few have been converted; and 8 or 10 are seeking the blessing of pardon. The attendance on the means of grace at some of the appointments is encouraging; also a very pleasing improvement in the attention paid in hearing.

Some of the members are growing in grace. Our people are all poor, and find it difficult to support their own families; owing to this there is a slight decrease financially this year.

This is an unpromising field, yet soil equally sterile has yielded fruit. We are grateful for an increase of seven members.

J. HILL.

## RICEVILLE.

We had to discontinue one appointment altogether, partly for want of encouragement in the past, and the almost utter impossibility of continuance on account of other engagements. At the other appointments there has been an improvement, especially at Plantagenet, where the congregations are greatly increased, as well as the interest in religious things.

G. H. KENNEY.

## HARRINGTON.

We have made several attempts to form classes for our members, and Sabbath schools for our children, but in consequence of the want of proper persons to conduct them, our efforts have almost been in vain.

The failure in, and damaged state of the crops last year, have subjected the people to great loss, and domestic privation. Notwithstanding these difficulties, we have been enabled, by the blessing of God, to complete and dedicate to him one new church.

## CHAMBLY.

Though our cause here is small, numerically, yet with reference to the liberality of its membership in supporting your Missionary, it is large, financially; their munificence, in comparison with their numbers, having scarcely a precedent.

We are of opinion there is a much stronger Methodistic influence here now, than there has been for a length of time previous.

EDWARD HARRIS.

## ST JOHN'S.

The time will soon arrive when your Missionary must quit this pleasant field of labour, where he has been treated with unbroken kindness, and sustained with unwonted liberality. The congregations are said to be as large as they ever were at any previous period; the pew rental much larger; and of the people it may be said that "they dwell together in unity."

## MANNINGVILLE.

This Mission, extending twenty-five miles along the Province line, and only three into the country, presents no particular change from former years. The constant removal of the young people to other parts, not only diminishes the number of our people, but also circumscribes the sphere of our labor, and discourages those who remain. All the departments of our work have been regularly kept up, and some advance made. We are very deficient in leaders, local preachers, and exhorters, so that some of the classes are without leaders. This renders it more difficult to secure attendance on class. We have, however, some classes, the attendance of which is admirable, and here the work steadily advances.

STEPHEN BOND.

## ORMSTOWN.

A review of the past year furnishes reasons for gratitude and hope. The public means of grace have been well attended, and a deep and serious attention to the Gospel has characterized our congregations. Under the conviction of sin many young persons have requested the prayers of God's people, and a few have obtained the scriptural evidence of sins forgiven. We are thankful to be able to report the Mission in a state of prosperity.

J. V. WILSON.

## CAVIGNAL.—No Report.

## LA CHUTE AND GRANVILLE.—No Report.

## NEW GLASGOW.

We have nothing of uncommon interest to report of this Mission. As usual, our numbers have been decimated by removals, and unless Providence specially interpose, this part of Lower Canada is in a fair way to be almost, or wholly unprotestantized at no very distant day, by the perpetual drain of removals, leaving the country in possession of French Canadians. During the past year, five of our members have removed; one has died; one dropped, reducing our numbers by seven. On the other hand, ten have been received on trial, and one from another circuit, making a net increase of four.

We are only able to keep open one Sabbath School, owing to the inconvenient distance of our families from the churches. With these desponding features before us, we have been cheered and encouraged by the unity, peace

members, and Sab-  
 of proper per-

and prosperity that reign among us, and the prosperity we have enjoyed, small as it is. A more consistent, devout, intelligent, and pleasing people, we never met.

G. J. DINGMAN.

#### SHAWBRIDGE.

In some parts of our field we have rejoiced in a measure of spiritual prosperity and revival influence, while in other parts the spiritual state is low. At Britonville and Pleasant Valley appointments the subscriptions to our support, and also to the Missionary fund are far in advance of former years, while a considerable amount has been raised to finish the church, which is now completed. Shawbridge has done but little towards our support, or the support of the other funds, compared with those of former years, yet, even here, there are some encouraging tokens. Wm. Shaw, Esq., has given us a Centenary donation—a lot of land containing about four acres—upon which there has been the frame of a parsonage erected, and considerable success has attended the effort to raise means for its completion. A large shed has also been built, and a sufficient amount has been collected to finish it. Our Sabbath schools, three in number, under efficient superintendents and teachers are in an encouraging condition.

E. S. CURRY.

#### RAWDON.

We are thankful to the Great Head of the Church for the measure of spiritual prosperity with which we have been favoured.

After the necessary deductions for removals and deaths, we are able to report an increase in the membership. This increase has not arisen from admitting those who have been at some previous time members, but by the addition of those who were never before within the pale of the Wesleyan Church.

The attendance at the Sabbath Schools and Bible Class has not been as good as we would wish, but when we remember the distance at which the scholars reside from the schools, we must commend their laudable efforts to acquire a more intimate knowledge of God's word.

### SHERBROOKE.

As an occurrence worthy of being noted, your Missionary found more members on this Mission than the Minutes recorded. To these, by the blessing of God upon regular and special effort, others have been added. The present return is 44 per cent over last year.

All the funds have shared the spirit of revival, and, with the aid of the grant, the Mission has met its liabilities.

The Sherbrooke church has been lightened of half its debt by the payment of \$500, a result attributable chiefly to the Ladies' Aid Society's operations in present and past years.

Both Sherbrooke and Lennoxville being centres of increasing population—the former now largely extending her manufactures; the latter the seat of the Church of England University and Grammar School, and terminus of a new line of railway from Boston, it is much feared that unless morning and evening Sabbath services can be held in each of these places, no proportionate

gain will accrue to our Church, other bodies, as in the past 20 years, entering into her labours and reaping where she has sown. The Mission having, beside these, five out-appointments and no local help, is in urgent need of an additional laborer.

WILLIAM HALL.

---

EATON.

Some of our new S. Schools are giving us much satisfaction, and show us afresh how much good one or two earnest Christians may do. One Sabbath, as I entered a place of worship, I found that three youthful but noble sisters had just closed the Sunday School, all the working brethren having been absent.

We have taken up two new appointments; organized two new Sabbath Schools; and report an increase of thirteen in membership.

If, as a Mission, we are faithful to God, and we intend to be, there is a bright future before us. Much labor, much travel, and much patience are required, and this wide field, where there are so many now without the great salvation, shall "blossom abundantly."

GEORGE WASHINGTON.

---

DUDSWELL AND BURY.

When we arrived on this Mission a year ago we found the religion of Jesus at a very low ebb. There was only one class on the entire Mission, and no regular Quarterly Board, but the great Head of the Church has blessed our labours, so that we have now to report 5 classes, 70 members, 12 appointments, and a good working Quarterly Board.

Financially, our people have done nobly. All our funds are in advance of last year. The friends of Dudswell are busily engaged in erecting a parsonage. The people of Bury are building a church in the village of Robinson, 30 by 45.

[1866-1867.]

REPORT.

lxxxiii

DURHAM.

While we lament the indifference of some to divine things, we thank God for others who are working out their soul's salvation. The Lord of Hosts is with us. We have evidence of his presence in the refreshing seasons he gives us, and in the conversion of a few souls who are happy in God. Our membership has been thinned by removals, unfaithfulness, and death, but God has raised up others to take their places. We report 98 members, the same as last year.

J. E. RICHARDSON.

ACTONVALE.

In consequence of the large emigration from this section of the country, both our congregations at Acton and Roxton Falls have been very materially reduced, particularly at the former place. In view of these facts I cannot but recommend the withdrawal of the Missionary from this field of labor.

JOHN SCOTT.

PORT NEUF—No Report.

METIS.

Metis is the only Protestant settlement between Quebec and Gaspe, and contains about 300 souls professing the Reformed Faith. An invitation was given at last Conference to send a Minister of the Arminian Theology. A piece of ground was procured, and a parsonage and church commenced. Aided by the liberality of J. A. Mathewson, Esq., and other Montreal friends, some progress was made, and we were enabled to hold religious services in the same throughout the winter. A class of 15 was organized, and under the vigilant superintendency of the widow of the late Rev. Wm. Macalister, a Sabbath School of 50 children and young persons is sending out a beneficent influence.

The people though in moderate circumstances have raised \$80 towards the erection of the church, besides doing what they could for the support of the Minister.

If to preserve a moral lighthouse of Gospel truth is valuable to Lower Canada, and honourable to those who furnish it, then Metis may well receive consideration at the hand of the Churches of our country.

S. E. MAUDSLEY.

## GASPE.

Through a well-directed train of kind and merciful providences we are brought to the close of another ecclesiastical year. It has been a year fraught with many mercies to us personally and relatively. I am thankful to be able to say that the blessing of our Divine Lord and Master has, to some extent at least, accompanied our labours. We can, therefore, report a degree of spiritual prosperity. We have received some twenty-seven on trial during the year, and on Mal Bay, and at Gaspé Basin, where we are making an effort to build a church, our congregations have been steadily increasing during the year. A church and parsonage at Gaspé Basin I believe will greatly facilitate our operations here. These, I hope, we shall soon get by the blessing of our good Lord. Our Circuit funds are, likewise, in advance of any previous year.

It will require not a little exertion and effort to build a church at Gaspé Basin, as we only have a membership there of eight persons, but three male members; but it is, and must be, the head quarters of the Mission. It is the part, and is likely soon to become the county town, and it, and its surroundings, contain the largest Protestant population on the Gaspé Bay, and we frequently have a congregation of 100 persons there, so, by the blessing of the Lord, we must have a church; and we must, likewise, have a parsonage and save to our Mission Fund the item of house rent.

ISAAC B. TALLMAN.

## HATLEY.

On this Mission our interests have been feeble for several years past, and we are sorry not to be able to say they have become stronger. During the year some influential members have moved away, and others by death have removed to a better world: 20 members have been transferred to the Stanstead Circuit. Last year 51 members were reported for this Mission; this year, after

[1866.

deducting 6 for removed and deaths, we report 28 church members. We have resumed preaching at King Corner, where the congregation and the contributions are encouraging.

JOHN TOMKINS.

COATICOKE AND BARNSTON.

There are still some very discouraging things in connection with this field of labour. Many are never found in a place of worship except on some extraordinary occasion, or to hear some new advocate of error, and some of those who do attend come very irregularly. In these circumstances a witnessing church is greatly needed. But, unhappily, our members generally do not cooperate with the minister in trying to awaken interest in evangelical doctrines and duties. Almost the only exceptions to this statement are found at an appointment taken up about a year ago. Here four have been added to the Church. There have been two received at other appointments, but, owing to removals, &c., I can only report the same number as last year.

J. S. EVANS.

GEORGEVILLE.

Our congregations consist of Methodists, Baptists, Adventists, Congregationalists, Universalists, and a large percentage of those who have no creed. Your Missionary has striven to preach the truth, not in the spirit of controversy, but in love, this has removed prejudice by exemplifying the fact that Wesleyanism is not the antagonist of other Evangelical bodies, but their co-worker in whatever is suited to elevate the race in morals and religion.

Although this field was opened eight years ago it is still Missionary ground. The few Methodists scattered over it have passed through sore trials—"The waves have gone over their heads"—but having adhered to the old landmarks a bright and better day begins to dawn. Our work has been obstructed by some who love us not, yet, we are enabled to say, "Blessed be the Lord, who hath not given us a prey to their teeth."

M. M. JOHNSON.

EAST BOLTON.

The country is thinly settled, and the ground formerly occupied by two ministers has, during the past year, been occupied by six ministers belonging to three different denominations. We are sorry to report a falling off of members: 13 have dropped and 12 been removed, most of whom were among our leading members.

E. E. SWEET.

## SHEFFORD AND LAWRENCEVILLE.—No Report.

## FRELIGHSBURG.

Obstacles of a peculiar character have long prevented any great spiritual success in this vicinity. During the past year our cause has suffered from removals and the difficulties referred to, yet we have not toiled in vain. By considerations on the smallness of the number converted to God, the Divine Spirit has brought many of our people into a state of intense desire and earnest pleading for richer measures of regenerating and sanctifying grace, which, we expect, will result in the bestowal of much more of the unction of the Holy one, the sweeping away of barriers, and souls being born of God.

Having been favored with the assistance of the Rev. Samuel Jackson, special addresses have been delivered to our Sabbath school scholars. At our Sunday school celebration, which was most successful, the children evinced a thorough acquaintance with our Catechism. These schools bid fair to aid much in this Mission's future prosperity. May the prayers of our devoted believing members, that God would speedily arise and maintain his own cause be soon answered.

JOHN DAVIES.

## FARNHAM.

The absence of our predecessor from the Mission for a considerable part of last year, caused his successor to enter upon the work under very untoward circumstances, and to labor for several months in order to bring about anything at all satisfactory. The congregations have, however, improved of late, and signs of spiritual progress appear.

The very liberal grant of the Missionary Committee has come in quite opportunely, as the circuit stewards have not come up to former years. The other Connexional Funds are, however, on the average considerably in advance of the past. About \$60 have also been raised, and expended in furnishing additional articles for the parsonage. Lamps for the Farnham church have been purchased, and the carriage shed adjoining the church has been rebuilt, the former one being in ruins a year ago.

The parsonage, a rented one, is a very unsuitable building; but hopes are entertained that one will ere long be erected on a suitable site adjoining the church, the site in question having been secured by our predecessor.

## SUTTON.

During the past year three of our members have died, passing away in the triumphs of faith. Five others have removed from the Mission.

We have been able to meet our congregations regularly. Our congregations are good and attentive to the preaching of the Word.

Some few souls have been converted, and five persons have joined our Church.

Our receipts on the Mission are much better than last year, though, for our Connexional Funds, they are less. Our Sabbath School is good, and a deep interest is manifested in it. Thankful for past blessings we still implore our Heavenly Father for showers of grace from on high.

HIRAM FOWLER.

## BRUCE MINES.

It is with deep gratitude to God I record the fact that He has favored us with a year of general prosperity. It is true we have had no very extensive ingatherings; but souls have been converted, almost every week less or more, during the past six months. We commenced the year with one hundred and four members. There have been three deaths. Two of these were of brethren who were killed instantly while at work in the Mines. I trust they were prepared for their sudden departure. Three withdrawn and dropped, and twenty-one removed. I have received forty-nine during the year, which gives us a membership now of one hundred and twenty-six—a net increase of twenty-two for the year.

The church is in a healthy state. We hold three week-day prayer-meetings each week, for the most part well attended; and I am sure I was never among a people so generally punctual in attending class-meeting. The congregations are very good.

KENNEDY CREIGHTON.

One particular movement very generally pervades the Domestic Missions, presumed to be the result of the Conference paying marked attention to Sabbath Schools, a frequent recognition of the importance of these institutions, and very zealous efforts put forth to organize and maintain them in vigorous operation. The Committee also observe in the Reports very many records of the completion of Churches, and numerous preparations for the purchase of Land, connected with proposals for building many additional Sanctuaries and Parsonages, and suitable places for the interment of the dead. As much of the Society's work is connected with the opening of new Settlements, a wise and prudent attention to these matters is much to be commended.

- 1 Industrial School.†
- 17 Indian Day Schools.
- 17 Teachers, and 14 Interpreters.

\*Beside those under the direction of Chairmen.

†Suspended for some time, but lately re-opened under very auspicious circumstances.

The Committee cannot close their forty-second Annual Report in language more appropriate than by adopting the following paragraphs from that of the Parent Society for 1866:—

“In concluding this general review of the position and prospects of the work intrusted to their care, the Committee can but be reminded of the character which attaches to everything human, and to the work of God Himself, so far as it depends on human means and agencies. Opinions vary, circumstances alter, political situations are readjusted, property changes hands, rises or falls in value, customs are changed, laws are made or repealed, friends are removed or lost, support gained or withheld. And by all these things the external form of religion is influenced, and its progress accelerated or retarded. Such is life to the Society as to the individual!—a changing and a chequered scene.

“But, in the midst of all, principles remain. The truth of God defies alike the mutations of social and political condition, the malice of raging enemies, the cunning of false friends, and the advance of real science. Faith grasps the promise, and, like its Finisher and Lord, calls ‘the things that are not as though they were.’ On occasions such as these the Society may be well reminded, that as its origin was a work of faith, and as its progress is to exemplify the patience of hope, so it is entitled to triumph in anticipation. They that sow in hope, and wait in hope, have surely a right to rejoice in hope. We offer the prayer, ‘God be merciful unto us, and bless us; and cause His face to shine upon us: that Thy way may be known upon earth, Thy saving health among all nations.’ (Psalm lxxvii. 1, 2.) And we may justly claim the promise: ‘God, even our own God, shall bless us, and all the ends of the earth shall fear him.’ ‘Hath he said, and shall He not do it? Hath He spoken, and shall He not make it good?’”
