SPECIAL MEETING OF TOWN COUNCIL

Protest Against Councillor Sansom was Shelled till Next Meeting

SHORT SESSION

The Town Council met on Tuesday evening in special session to deal with the protest of Dr. Martin against councillor Sansom.

His Worship Mayor Murray presided. There were present councillors Alexander, Lunam, Miller, Ellsworth and Pinault at the opening.

Minutes of previous meeting were read and confirmed, at which time councillors White and Sansom entered the meeting.

Communication was read from Wm. Taylor resigning his position as street commissioner. Letter laid on the table for further discussion.

Communication from John P. LeBlanc regarding street lighting on Hillside extension. Referred to Electric Light Committee.

A number of petitions were received for licenses which were referred to Police and License Committee.

His Worship then said that this special meeting had been called to deal with the protest of Dr. Martin against the election of councillor Sansom. Dr. Martin was not present, A. T. LeBlanc appeared for him.

Mr. LeBlanc asked that the council postpone the matter until the next meeting as he was not quite ready to proceed, which permission was granted.

The letter of Wm. Taylor was then taken up. Councillor Pinault stated that he had some talk with the street commissioner and there seemed to be some friction between the keeper of the horses and the commissioner. Taylor was willing to reconsider his decision if he were granted the full charge of the horses and a raise of pay. The discussion which ensued was taken part in by councillors White, Lunam and Miller which brought out the fact that the council had, on the last occasion there was friction, passed a motion giving Noble full charge of the horses, and if Taylor did not take his orders from Noble he was to tender his resignation. No one would move in the matter and latterly it was resolved to let the letter lie on the table, and in the meantime the chairman of the Public Property and Streets, and Fire Protection Committee were to arrange a conference and see what could be done.

It was stated that B. N. Underhill who had been appointed assessor at last meeting could not qualify, and Jas. P. Wall Sr. was appointed in his place.

Councillor Sansom was appointed chairman of Public Charities Committee, and replaces Mr. S. Laughlan on all other committees.

Ex Mayor McDonald gave an interesting and instructive report of his visit to Chatham where he inspected the county almshouse there, and Town Solicitor MacKenzie reported on the legislation which was lately before the house at Fredericton.

Council then adjourned.

COMMISSION FISHERY OFFICER

The Committee of the Privy Council on the recommendation of the Minister of Marine and Fisheries, advise that, in accordance with the provisions of Section 6 of the Fisheries Act, Chapter 46 of the Revised Statutes of Canada, 1906, Mr. M. Mowat, of Campbellton, New Brunswick, be appointed Fishery Officer, with-out salary. The Minister states that Mr. Mowat does not desire any emolument for the services he may render, but assents to the necessary authority to properly deal with illegal fishing, anywhere in the Dominion.

CAMPBELLTON WILL CELEBRATE ANNIVERSARY OF DEVASTATION

Enthusiastic Meeting of Board of Trade Decides to Hold One Big Day of Celebration on Thursday, July Eleventh.

"BACK TO NEW BRUNSWICK"

An enthusiastic meeting of the Board of Trade was held in the council chambers Wednesday. A large number of representative business men being present.

The meeting was called to discuss the advisability of holding a celebration during what is now known as "Back to New Brunswick" week, July 9th to 14th.

After some general business had been transacted, A. E. G. McKenzie moved that Campbellton hold one or two days of celebration during the "Back to New Brunswick or Old Home week".

This was carried unanimously. A central or managing committee of five, with power to add to its number was appointed. This committee will confer with the School Board, Town Council, Firemen, Baseball club and any other society and make arrangements for the program. Messrs F. E. Blackhall, A. E. G. McKenzie, Dr. Pinault, W. Marquis and C. A. Alexander were appointed such committee.

The matter of the dates for the celebration created considerable discussion and as this is an extremely busy season it was felt that one day should be enough, and that all places of business and manufacturers close on that day. It was decided to hold the celebration on July 11th, the anniversary of the Campbellton fire.

The committee immediately commenced work and plans are being laid to make this the biggest day in Campbellton's history.

A delegation was appointed to enquire into needed changes at the freight shed, freight rates and train services and to lay the matter before the Minister of Railways on his return to Campbellton.

WARD DONOHUE MEETS DEATH

Young Man, of Doyle's Brook Drowned in the Restigouche River

Byran Hennessy received a telegram Tuesday informing him that his brother, Ward Donohue, had been drowned on the headwaters of the Restigouche Monday morning. Deceased was employed with the Shives Lumber Co. Ltd. and it was while in their employ stream driving that the young man lost his life. He has been employed with this company for a number of years. Mr. Donohue formerly lived with his uncle, William Walsh, at Doyle's Brook, but of late years has been residing in Campbellton, he visited his brother here about a month ago. Deceased was well known on the Miramichi, and his many friends will be sorry to hear of his death. He leaves four sisters and two brothers to mourn. The sisters are Sister Mary Patricia of the Congregation de Notre-Dame, St. Louis, Kent Co.; Mrs. Ray Gullen, Campbellton; Margaret, Marysville, York Co.; Josie, Derby. The brothers are Bryan, residing here and Michael in the United States. Deceased was 31 years of age. The body has not yet been recovered.

DALHOUSIE

The members of the Dalhousie Social Club held their annual meeting recently and elected the following officers. President, Mr. James E. Stewart, Vice President, Mr. E. Rene Richard, Secretary Treasurer, Mr. W. S. Smith, Auditor, Mr. W. A. R. Cragg, Literary Committee, Mr. P. B. Troy, Mr. Charles Stewart and Mr. Walter Amy. Room Committee, Mr. H. A. Hilyard, Mr. W. A. R. Cragg and Mr. W. L. Watt.

On Tuesday evening several gentlemen of the Town met at the Royal Hotel and organized a Lawn Tennis Club, the prospects of forming a club of forty members, twenty ladies and twenty gentlemen are good.

Mr. John E. Dean and family have arrived from St. John and are busy preparing the Inch Arran Hotel for the tourist season. It is expected that at least three hundred people will spend the warm season at this famous summer resort. The improvements to be made in the hotel before the opening which is to take place on June 16th, will be the shingling of the main roof of the building the erection of twelve new bathing houses, the placing of several private bath rooms, general improvements of the grounds and the Great North Western Telegraph Company will place a wire from their station to the Inch Arran Hotel so that the guests will have the use of

DECISIVE VICTORY FOR QUEBEC LIBERALS

Hon. Mr. Gouin Has Large Majority—John H. Kelly an Easy Winner.

The Quebec provincial elections on Wednesday resulted in the return of the Gouin government by an increased majority. By the Redistribution Act passed at the last session of the legislature seven new seats were added and while the opposition captured three of these, it lost two others thus making the net gain in the Liberal majority in the new house six.

All of the members of the cabinet were re-elected, the only one to suffer defeat being the Hon. Charles Devlin in Temiskaming. Mr. Devlin was, however, successful in Nicolet county.

Premier Gouin was elected by large majorities in both Portneuf and St. John's.

Mr. Tellier, the opposition leader re-elected in Joliette, but two of his leading lieutenants, Armand Lavergne and Jules Prevost, both of whom ran in two counties, suffered defeat in one, Mr. Lavergne winning in Montmagny and losing in Montmorency, and Mr. Prevost suffered defeat in L'Assomption and winning in Terrebonne.

The parties stand with two deferred elections: Liberals, 62; Conservatives, 16; Labor, 2.

Mr. John Kelly was re-elected in Bonaventure Co. by 1500 majority.

STUDENT HURT

Master James Joudry, of the youngest of Mount Allison Academy students, met with a painful accident on Tuesday afternoon. While wrestling with one of the boys on the way to dinner through the halls he fell and fractured his right arm below the elbow. Dr. Secord was immediately called and rendered necessary surgical aid. The accident coming just as examinations begin is unfortunate and he was also to take part in the public closing of the Academy.

Public Works Dept. ST. JOHN FALLS

H. A. Chandler of Campbellton Engaged on Important Survey Work

WILL START SOON

H. A. Chandler, surveyor of the Provincial Department of Public Works, has a staff of men employed making the location survey for new bridge at the falls. A. R. Wetmore, chief engineer of the Public Works Department was in town and in company with Hon. Herbert Maxwell visited the site of the proposed bridge and made arrangements to have the survey work pushed forward as rapidly as possible. It is expected that it will take nearly two weeks to complete the location survey and provide all the information regarding the character of the foundation for the abutments, the distances, heights, angles, etc., necessary to enable the engineers to work out the detailed plans for the new bridge. The engineers of the Public Works Department have had the assistance of one of the best known engineers engaged in bridge construction in Canada in deciding on the general plans of the bridge, and when the location survey is available the detailed plans will be started before long.

The new bridge will be available for street cars as well as the ordinary vehicular traffic, and when constructed will cause a considerable increase in land value in Fairville and on the West Side generally. It is understood the Provincial Government has agreed to the proposition of the city to provide attachments for carrying water pipes across the bridge, so as to enable a connection to be made between the East and West Side water services in event of an accident to either service.

MORNE HOLDING ON TO HIS JOB AT OTTAWA

His Reported "Resignation" is Not Likely to Materialize for Some Time

That Hon. A. B. Morne, the chairman of the Public Service Investigation Commission intends to "finish his work" before tendering the resignation for which Premier Borden has asked, is evidenced by the fact that he has leased a residence here in Ottawa until October 1st.

It is stated that Mr. Morne takes the view that he is called upon to conclude every investigation which he commenced, and that will of course take considerable time.

An instance of his determination to prolong the term of his investigations as long as possible is mentioned in the case of the Printing Bureau. There a charge was made against one official, and it was understood by all concerned, that ended the investigation at the Bureau.

But Mr. Morne takes the view that he has not concluded the enquiry, and is now engaged in going through the whole of the Bureau, covering the same ground as was done by Hon. Charles Murphy two years ago.

FOUR LAW GRADS

The scholastic year 1911-12 of the King's College Law School was brought to a close Saturday 11th, May and announcement was made to the effect that the following students had successfully graduated and are entitled to degree of B. C. L.: Horace P. Balson, St. Martins, N. B.; Hugh A. Carr, B. A., Campbellton, N. B.; William M. Ryan, B. A., St. John, N. B.; Kenneth R. Wilson, St. John, N. B.

The above-named students left for Kings College, Windsor, N. S., on Wednesday, and at the convocation exercises on Thursday had the degree of B. C. L. conferred on them. They were accompanied by Dr. Silas Alward, K. C., the dean of the Law School.

While in Windsor the local students were the guests of the faculty and students of King's University at a banquet given Wednesday evening, and at a ball given Thursday evening. Mr. Balson has been a student in the law office of Mr. J. J. Porter, Mr. Carr is a teacher in the St. John High School, Mr. Wilson has been a student at law in the office of his father, Mr. A. A. Wilson and Mr. Ryan is a member of the Globe writing staff.

MISS VIOLET ASQUITH

Compares New Mission House to a Dreadnought in Time of War

Miss Violet Asquith, elder daughter of the Prime Minister, made an interesting speech on social reform in opening the Wesley House, in connection with the West London Mission, in Kingston.

She said she might compare opening of the Institute to the completion in time of war of a new Dreadnought—a tremendous power for good. In her inspection of the building she had found accommodation for human beings of all ages and both sexes. There was a crèche for babies, a dark room for photographers, a gymnasium for those who desired to use their arms and legs, a number of rooms for study, and a roof garden for those in search of fresh air and peace. To some of them the opening of this Institute was the realization of a hope only cherished by the late Rev. High Price Hughes. It was one fragment of his dream for the reconstruction of society on a religious basis. According to some people the State is now embarked on meddling with private lives of the people, but her putting it was that it was a good of great social reform. There is no danger that the work of this State and that of similar religious social agencies would clash with that of the State or be overlapped by it.

LETTER OF CONDOLENCE

To the Relief of Mr. John McNeil, Deceased.

Dear Madam:—We extend to you on behalf of Restigouche Lodge No. 25 of Ancient Free and Accepted Masons, our deepest sympathies in the bereavement through which you are passing in the demise of your late beloved husband, who was for many years a very prominent and devoted member of our Lodge, faithfully and fully discharging every obligation laid upon him, thus winning our highest respect and deepest affection. You have lost a devoted husband and we may be permitted to say that you are also to a certain degree sharers with him in your loss for we have lost from our Brotherhood a most faithful and beloved brother, and father what is our loss we believe is his gain. We can then truly sympathize with you, and so would commend you and your children to the gracious care of the "Great Architect of the Universe"—Whom we are and Whom we serve—and into whose presence your beloved has gone.

May the Blessed Father of all, comfort, strengthen and sustain you unto that great day when all the brightest hopes of immortality shall be fully realized by us all—in that "Celestial Lodge" on High—Where the wicked cease from troubling and the weary are at rest.

MINISTER PRAISES

ZAM-BUK

Tells How it Cured His Wife's Bad Sore

When Everything Else Failed

Rev. Henry J. Munton, of Blackfalds, Alta., writes: "My wife had a very bad sore foot, which it seemed impossible to get anything to heal. The sore would heal and so on. I procured a box of Zam-Buk, and after persevering with this herbal balm for some time the sore was completely healed."

"We were so grateful for this cure, and Zam-Buk acted so differently to any other of the numerous remedies we had tried that I thought you ought to know about this case. I have since recommended Zam-Buk to several of my parishioners, and it has always given satisfaction."

Another instance in which Zam-Buk proved of unequalled value is told by Mr. N. L. Gerry, of Brandon, Man. He says: "I had my left foot run over with a wagon loaded with wheat. The foot was very badly crushed, and my little toe and the next toe were laid open. I applied Zam-Buk, and only had to miss work for two days. Zam-Buk healed the wound so quickly that on the third day I was able to put on my boot and walk to my work. In very short time my toes were quite healed, and the foot is now as sound as ever, thanks to Zam-Buk."

Just as good for chronic sores, ulcers, piles, blood poison, burns, scalds, eruptions, eczema, and all skin injuries and diseases. 50c. box at all druggists and stores, or Zam-Buk Co., Toronto. Try Zam-Buk Soap, 10c, 25c. per tablet.

MOBBED AN EDITOR

Welsh Students Did Not Take Kindly to Sporting Writer's Criticisms

That the students of Wales do not appreciate criticism in the press, the sporting reporter of an Aberystwyth paper has just found out to his sorrow. Because in his report of a football match he made some drastic remarks about the football methods of the students at Aberystwyth College the angry students invaded the offices of the local paper, seized the editor and marched him to the castle ruins. Here he was bound and the contents of a can of syrup was poured over his head. Then bags of confetti were flung at him from all sides, until he looked like a human kaleidoscope. Then he was borne on a truck, trussed like a fowl, through the streets of the town. The streets were full of people who looked on in amazement as the crowd of jeering students carried their victim along the Marine Promenade. At length, amid the howls of the student mob, the newspaperman got to his lodgings to rid himself of the sticky mess and discard his ruined clothing.

Here's Some Important News for Men Who are Growing Bald

People who have taken our word for it that PARISIAN SAGE is the real hair-grower, beautifier and dandruff-cure have never been disappointed. Here's the word of a person who took our word.

"I have been using PARISIAN SAGE about a year. When I began to use it I had only a light 'fuzz' on my head. Now I have a good thick growth, and it is growing thicker and longer right along. Many people don't believe it can be done, but I know from my own experience with PARISIAN SAGE that it can; I recommend it to the fullest confidence.—Gaines Brown, 758 North Fillmore St., Maryville, Mo.

The above statement was made to Dr. C. F. Koch of the Koch Pharmacy, Maryville, Mo., April 29, 1911. Large bottle 50 cents at Thos. Wran and druggists everywhere. It is guaranteed.

Suggestions About Dress

A pair of very thin, coarsely-woven silk stockings will give the effect of the most expensive, heavy ones if worn over a pair of thin lisle thread or cotton hose. They are particularly good for street wear, when very sheer stockings are unsuitable. A black velvet dress will be much less difficult to keep clean if you brush it with a new, dry sponge. The difficulty in using dress shields with kimono sleeves may be obviated by sewing them in at right angles to their usual position.

Birthstones and Flowers

The birth-stories for those born in January is a garnet, and the flower a wild one; for those in February, an amethyst, and the flower a pink; March, bloodstone, violet; April, diamond, Easter lily; May, emerald, lily of the valley; June, pearl, rose; July, ruby, daisy; August, sardonyx, pansy; September, sapphire, poppy; October, opal, cosmos; November, topaz, chrysanthemum; December, turquoise, holly.

MIRAMICHI MAN

PASSES AWAY IN MONTREAL

There passed away last Friday, at the Mount Royal Sanatorium, Montreal, one of the best known business men of New Brunswick in the person of William Allen Hickson, of Newcastle, N. B.

Mr. Hickson was born at Bathurst, N. B., in 1841, and was of Irish descent. His grandfather, James Palmer Hickson, having removed to New Brunswick from County Down, Ireland.

He was one of the largest and best known lumber operators on the Miramichi, having for years manufactured lumber for both the European and American markets at Newcastle, N. B., where he was a large employer of labor.

He is survived by a wife, a daughter of the late Cole MacLennan of Prince Edward Island, and two daughters, the Misses Florence and Hazel.

TO THE TITANIC

BANDSMEN

What were the thought of the band who stood Waiting the word of command? Not a man of them showed surprise, Did they know? Were they told? Were the timid made bold?

Knitting his brow with a puzzled frown, Calmly he lifted his hand—"Attention, please! Are you ready?—Good!

Then play like men till the ship goes down! Play for the husbands who part from wives, Play for the brave who gave up their lives!

'Tis the strong for the weak. Make the instruments speak! Now play like men till the ship goes down!

Play for the fleet of drifting boats, Play for the widows in distress, Play for the children fatherless! Oh, hark! Did you hear?

That ghost of a cheer? How far away the music floats! Play on, brave lads, till the ship goes down.

Give them a waltz, now, a rollicking rag! Play for the pride of the English flag, (That girl I love in Yorkshire town), Play on, good boys, play on!

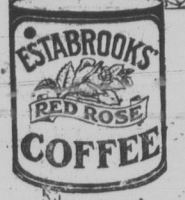

(Her lips are sweet, and her eyes are brown, So fair to look upon!) Play on, my men; till the ship goes down!

(Easy I'm told for a man to drown), Some cursing luck, some on their knees. Who's speaking there? One moment, please!

We're sinking fast. The lights grow dim. A woman here who waxes a hymn. How does it run? "My woes be—Nearer, My God, to Thee—to Thee!"

(Good bye, dear girl, good bye, I'm not afraid to die), God of the dark, God of the sea, Though night to light we come to Thee!

Well, boys! we've played our best, Now leave to God the rest. We die like men when the ship goes down!"

A Credit to the Name

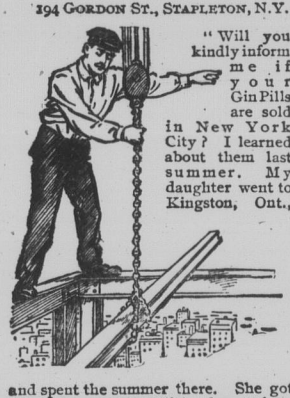

If you already know Red Rose Tea you will expect much of Red Rose Coffee because of its name alone. Nor will it disappoint you; for it is worthy of its name. Blended to combine strength and rich flavor, this fine coffee is crushed new-roasted into small grains, and freed from chaff and dust. These uniform grains readily give the true coffee flavor to a brew which pours clear without any sediment. You may expect rare quality from every tin of

"I WORK HARD FOR MY LIVING AND NEED GIN PILLS"

294 GORDON ST., STAPLETON, N.Y.

"Will you kindly inform me if your Gin Pills are sold in New York City? I learned about them last summer. My daughter went to Kingston, Ont., and spent the summer there. She got some of your Gin Pills and sent them to me and I tried them and found them to be the best medicine that I ever used for kidney and bladder trouble. Oh! they did me so much good and I am so much better. I hope you can fix it so I can get Gin Pills in New York!"

Sold everywhere in Canada at 50c a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Dept. N. B. Toronto.

If you need a gentle laxative or something to stir up the liver, take National Lazy Liver Pills, 25c. a box.

Suggestions from Paris

In reading some of the latest Paris fashion books I see that the skirt is to be just a bit wider, not enough, however, to make your last season's skirt look out of date. The skirts will be cut straight; that is to say, will not be narrower around the ankles than at the knees, as was the case last season.

The position of the waist line has not changed, nor is it likely to, as the slightly raised waist line gives too good a line to nearly all figures for it to become obsolete. In other cases the natural waist line is better. One must, of course, study one's own figure and adopt what style is best suited to show one's figure to advantage.

In regard to the sleeves for the spring one well-known French house shows the separate sleeve in simple tailored dresses and the kimono sleeve in the more dressy gowns and evening blouses. Another Paris house says that the separate sleeve is certainly newer, but that the unbroken line of a pretty shoulder is more graceful. One style is just as good as another this year and so leave what style suits you best.

For the spring dresses the sleeves are to be long for day and afternoon wear, but the most popular length is just above the elbow.

The Peter Pan Dutch neck will be as popular as in the past few seasons and worn by those who have pretty and plump necks. It is a most becoming style, and the woman whose neck is small and thin it is a style to be avoided. It makes her look older and less attractive.

Silks are to be used in the gowns for all phases of the day from town and golf dresses to evening gowns. There can be nothing prettier than a soft white silk dress made in the lines in which to play tennis. The very beautiful new silk called bruche is a brocade in weave, but not in color, and is made in some very rich and beautiful tints. Jane Dare.

Dr. de Van's Female Pills. A reliable French regulator; never fails. They are second to none in regulating the reproductive portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at 25c. a box, or three for 75c. Sold by all druggists.

THE QUEBEC ELECTION

The St. John Globe says:

Liberals throughout Canada will be encouraged by the decisive victory won by their party in the province of Quebec on Wednesday. It is true the election was not contested on federal issues. Hon. Mr. Gouin and the members of his government asked for their return to power again on the ground that they had carefully, effectively and honestly administered the affairs of the province. The Liberal press took this attitude, and stoutly maintained that federal questions did not enter into the contest.

There was an effort to make reciprocity an issue, but it did not succeed. The Conservative opposition had the hearty support of the Ottawa administration, and several of the cabinet ministers took the platform against Mr. Gouin. Sir Wilfrid Laurier, on the other hand, spoke in favor of the government. The people of Quebec apparently viewed the contest as one of provincial concern only. Sir Lomer Gouin had given Quebec good government. He had carried out a progressive policy in every department of government and no good reason had been advanced by his opponents why he should be removed from power. He had strong support from English-speaking electors. Among other evidences of this fact was the course of the Political Action Committee of the Dominion Alliance in calling on "all good citizens to support the government candidates whose records and affiliations show that they are in harmony with the temperance policy of the Provincial government. The Nationalist movement does not seem to have made much impression on the electors. Possibly, the absence of Mr. Bourassa had something to do with that result. The fact remains, however, that the Conservative opposition gained little or no benefit from the Nationalist alliance. The government will have as large a majority in the next legislature as it had in the last House. The Liberals can congratulate themselves on the magnitude of the victory they have won, a victory which will give satisfaction to members of the party throughout the country.

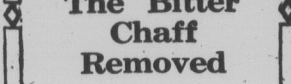

INTERCOLONIAL RAILWAY

Passenger traffic has increased to such an extent on the Intercolonial Railway that the Minister of Railways has fore-shadowed the inauguration of a Sunday train service on its main line. There may be, as he seems to expect, strenuous opposition to the introduction of such an innovation, but this will not detract from the value of Mr. Cochrane's admission that the business of the road has been steadily improving in spite of the keen competition of other railways. The people of the other Provinces will accept the increase of traffic as proof of the increasing prosperity of Nova Scotia, New Brunswick, and Quebec, in which the Intercolonial Railway operates.

The announcement has been made there has been considerable surplus of revenue over expenditure on the operation of the Intercolonial Railway during the past traffic year. This may fairly be regarded as the outcome of Mr. Graham's successful administration of the system, which was extensively reorganized during his regime in the Department. The good work done by his predecessors, Mr. Blair and Mr. Emmerson, laid the foundation of the present satisfactory condition of the road, and that condition has been made still more efficient by taking the Intercolonial out of politics, according to the plan inaugurated and carried through by the late Minister, Mr. Graham.

FIRST CLASS SHOW FOR VICTORIA DAY

"Uncle Dan'l," one of the most successful plays of New England life, will be presented at the Opera House, Friday Evening, May 24th, with a splendid acting company, headed by that well-known comedian, Mr. Frank O. Ireson. Each member of the "Uncle Dan'l" Co., was selected for his or her special fitness for the character to be played and over one hundred actors were tried out before the present Company was finally selected, and a finished performance of the first class is the result, which is meeting with success everywhere.

Comedy runs through the play from beginning to end and "Uncle Dan'l" has his audience with him in continual laughter.

Among the Company are some clever specialty artists and with the good singing and dancing an enjoyable evening performance is in store for those who attend "Uncle Dan'l."

CURED OF DRINK BY SIMPLE REMEDY

A Devoted Wife Helps Her Husband to Cure Through Samaria Prescription

Mrs. S., of Trenton, was in despair. A loving father and careful provider when sober—her husband had gradually fallen into drinking habits, which were ruining his home, health and happiness. Drink had inflamed his stomach and nerves and created that unnatural craving that kills conscience, love honor and breaks all family ties.

But read her letter:—

"I feel it my duty to say a few words about your tablets. As you are aware I sent and got a bottle, thinking I would try them in secret. My husband had only taken them a week when he told me he was going to Port Arthur for the summer, so I had to tell him all about the tablets.

He said he would take them just the same, so I sent and got another bottle for fear one would not be enough. He writes me saying that he has taken the contents of both bottles and he feels splendid, does not care for drink? In fact, he has not taken liquor from the first of my giving it to him.

I cannot say too much in favor of your wonderful remedy. Mrs. S.—Trenton, Ont.

Samaria Prescription stops the craving for drink. It restores the shaking nerves, improves the appetite and general health, and makes drink distasteful and even nauseous. It is used regularly by Physicians and Hospitals, and is a useless and needless dissolving instantly in coffee, or food.

Now, if you know any home on which the curse of drink has fallen, tell them of Samaria Prescription? If you have a husband, father, brother or friend on whom the habit is getting its hold, help him yourself. Write to day.

A FREE TRIAL PACKAGE OF Samaria Prescription, with booklet, giving full particulars, testimonials, price etc. will be sent absolutely free postpaid in plain sealed package to any one asking for it and mentioning this paper. Correspondence Sincerely Confidential. Write today.

LETTERS TO THE EDITOR

To the Editor of the Campbellton Graphic, Dear Sir:—

In a late issue of your valuable paper I noticed a letter from Glencoe, signed "Farmer", protesting against the running of Automobiles every day in the week. Now Sir that is no use. The horseless carriage has come to stay. I have a horse that is so skittish that I can't take him to town on account of so many gasoline engines running wood-cutters or threshing-machines at farm houses close along the road, and they make such a hideous noise, worse than to automobiles, that I find it difficult to pass them. That's their business, however and I have no fault to find with them, but I will keep my foolish old horse at

home and make him work on the farm, as I intend buying a large motor truck to haul my farm produce to town. I can easily make 4 or 5 trips every day and still have part of the day left to work at home. We farmers here have as much right to use motor carriages to do our work as the farmers all through Ontario and the United States. I think any man will require a good deal of nerve at the present time to try to get a law passed to keep the man with the motor car off the kings highway, even one day in the week, and at the same time allow the man with the skittish horse to use the same road every day. Use everybody alike. It would be equally foolish to allow one class of people to use their cars every day in the week and limit all others to five days. How is the silly horse to know whether the car he meets belongs to a doctor

or a clergyman, or to somebody else. Besides this it is evident that our only hope for better roads in the country rests with the automobile owners. We have highway acts and we have had highway acts, but still our highways are sadly neglected. Ruts, holes, rocks and every kind of obstruction still exist and unless present conditions will continue to exist, the government is no more to blame for this state of things than another. It is the people themselves who apparently have been satisfied with the state of affairs. A general lack of interest in our roads on the part of the public in the cause. The automobile people however are now taking the matter up and it will be a very short time until something will be doing. It is in their own interest to do so, to save their cars from injury, and what will benefit them will benefit the whole travelling public.

Yours Respectfully, Another Farmer.

CONGRATULATIONS

The town's first visit to the home of Mr. and Mrs. W. H. Miller on Wednesday morning and rejoicings are there over the arrival of a baby girl.

SLIGHT MISHAP

On Tuesday a slight break was observed on the main boom, between two of the top piers. About 1500 logs were shifted and with the high wind were carried right out to the bay.

APRIL RECORD

The I. C. R. has begun the fiscal year by breaking all records. April is the first month of the fiscal year and during last April the I. C. R. earnings totalled \$1,006,000, which is more than was earned during the previous April and is more than the road ever earned in one month.

CURFEW

It has been decided that Fredericton will return to the curfew bell system as in former times. The city clerk has been instructed to prepare a by-law dealing with the matter. When the law is in force all children found on the streets after nine o'clock at night in summer or eight o'clock in winter will be reported to the police court and dealt with.

EXAMPLES TO FOLLOW

Owners of shacks on Water Street have been shown a good example by Messrs. Jos. Boudreau, B. Goodman and S. W. Dimock in the tearing down of their shacks, when they could be receiving good rents. If others would do the same, there would not be any necessity of enforcing the By-Law.

NEW COMET DISCOVERED

Dr. Hansen, the Danish astronomer, notified the Greenwich Observatory tonight that the tail of a comet of intense magnitude was observed at 2 a. m., May 10, in the constellation Cygnus. The comet has since been located by the Greenwich Observatory and is now visible every night through telescopes.

SUNDAY TRAINS

Hon. Mr. Cochrane says that beginning with the summer schedule the I. C. R. will run trains daily, including Sundays, between Halifax and Montreal. No change is proposed in this respect between St. John and Halifax. The reason for the daily service is that the I. C. R. must fall into line with the other railways and that the traffic demands seven trains a week.

INFORMATION WANTED

The town Council should at once fix the date when the removal of all shacks would be compulsory, and let the public know one thing or the other, as to whether the law governing the fire districts would be enforced. Your reporter knows of several persons on Water Street, who are deferring their building plans, for want of information.

TENNIS MEETING

The members of the Kestigouche Tennis Club held their first meeting on Thursday evening when the reports of the past year were read. The officers for the ensuing season are, President Mr. J. G. ANNUAL MEETING

The annual meeting of the Campbellton Rural Cemetery Co., was held in the town council rooms on Monday last. President W. W. Doherty was in the chair and the Secretary D. C. Bird took the minutes. The report for the Secretary showed that \$700.00 had been paid to the original stock holders. The company thus acquiring all that stock, and wishing same in the hands of the present company. The directors for the present year are: Messrs James Patterson, A. G. Adams, McKendrick, W. W. Doherty, J. A. Gilker, Charles Scott, Walter Appleton and D. R. McKae. It is the purpose of the Company to increase the price of the lots from 12 to 18 dollars, after giving due notice. This is found necessary in order to raise money to cover expenditures that the directors find it immediately necessary in the way of cleaning up, and renovating the grounds. The public would do well and assist the directors by buying needed lots at the present prices.

Rubbers on the Carpet

Many housekeepers will welcome the suggestions given below by "an extensive traveller. Suppose, however, a woman returning her visits enters ten houses in an afternoon. It would mean that she must put on or take off her rubbers twenty-two times during the afternoon, and her gloves would be ruined in the process. On a reception day a boy or maid would be required for the "rubber office" alone, or else a notice might be put outside: "Kindly use the doormat before entering." I cite this merely as an example of what might occur. Perhaps some women readers will give their opinion on the subject, for there is a real grievance. The letter is as follows:

"Some Americans, and especially Canadians, have a habit which, if practiced in Europe, would be considered an insult. I have noticed several times that people who ought to know better will come right from the dirty street into my drawing-room without taking off their rubbers. Rubbers and overshoes had better be left in the hall; they were never intended for and are certainly not needed on the parlor rug."

"An Extensive Traveller."

When oilcloth has been down for a few months and is losing the shiny surface, it can be renewed easily and made to last twice as long if treated in the following way. Melt a little ordinary glue in a pail of water, let it stand on the top of the oven till dissolved. Wash the oilcloth thoroughly and let it dry. Then at night, when the traffic of the day ceases, go over the whole carefully with a brush dipped in the glue water. Choose a fine day for it, and by morning the glue will be hard and will have put a fine gloss as good as new on your floor.

Save your lemon rinds, dry them in the oven, and store them in an airtight tin. A little of this added to an apple pie gives it a delicious flavoring.

Art muslin curtains should never be washed in warm water. Make a lather with hot water, and when it is nearly cold wash the curtains. If these are green, add a little vinegar; if lilac or pink, a little ammonia.

MASSACRE ISLAND

Descriptions of the Interesting Pursue in Lake of the Woods

An interesting purchase was made by the Historical Society of St. Boniface, when they bought at a nominal price, from the Dominion government, the famous Massacre Island at the Lake of the Woods, where the explorer, Sieur de la Verandrye and his 21 companions, including the Jesuit missionary, Rev. Father Aulneau, were martyred at the hands of the Sioux Indians. It will be remembered that the remains of this little band of heroes were discovered by the Jesuit Fathers of St. Boniface on the site of the old Fort St. Charles on American Point, in the Lake of the Woods.

It had been learned from historical documents that the bodies of the martyrs had been removed to Fort St. Charles for burial, and this led to the expedition which ended in their discovery, and the tracing of the site of the old fortress. The bones and skulls of the martyrs together with many curios found on the historic site, were brought to St. Boniface college.

Massacre Island included about 66 acres, and is in Canadian territory. The massacre spoken of above, and after which the island was named, occurred on the 6th of June, 1736, just one and three-quarter centuries ago.

There was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. This is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough or cold, give it a trial and become acquainted with its good qualities. For sale by all dealers.

The hospitals in Montreal are growing a little suspicious of the fat boy in Pickwick. Rip Van Winkle, the sleeping beauty, and other long distance slumbers. They are thinking that the fat boy does her soporific act as a means of securing board and lodging for a time. Blanche has been picked up, apparently asleep, no fewer than twelve times, the cause of her slumber on each occasion being the lulling lullaby of the Montreal street cars. At one time she used to visit the land of Nod in the neighborhood of the general hospital, but after several of her visits the authorities there took to plunging her in cold water as a means of reviving her.

Now she does her Rip Van Winkle stunt near the Western hospital, where she was taken recently after being discovered in a street car. The doctors there noticed that she has adopted a new phase to her sleeping performances. Now she goes through a sleep walking act that all those aspiring to play the part of Lady Macbeth would do well to observe.

Blanche generally wanders out of her little cot around meal times and the regularity of her trips was such that the doctors became suspicious that her sleep was not at all seemed. They also noticed that on one occasion she even put her coat and hat on with her eyes shut. One doctor said that as she had done this without the aid of a glass, even if she lost her fame as the premier moose of Canada, she would still be a very remarkable woman.

Anyway, as Blanche did not make up her mind to come to the Western hospital doctors threatened to try the general hospital method of reviving her. They only had to talk about it in loud tones close to her cot, and with a yawn she awoke and soon afterwards left the institution.

GERMANS WANT SPORT

Movement to Introduce Athletics into the Colleges and Universities

There has been begun at Berlin University a movement destined to work great changes in the traditional routine of undergraduate life at German universities. Representatives of fourteen universities, ten technical colleges, and a score of minor institutions met to discuss ways and means for introducing sports and athletics into German universities on English lines. The project has long been mooted, but never before seriously taken up. This time it gives promise of something like practical realization. The delegates at the Berlin meeting pledged themselves to make a vigorous propaganda among their fellow students, in the hope that it may be possible next year to hold at Leipzig a great inter-university meeting to be known as the "German University Olympics." This is to be repeated annually.

CANADA'S GAIN

During the past week over 8,000 artisans and agriculturists from Scotland have embarked for Canada. They are the pick of their classes, and their departure has renewed the criticism that the land and labor policy of the Government is driving the best men from the country. All of the immigration agents of the various colonial dominions are reporting an extraordinary demand for passage from prospective immigrants, and it is said that the present steamship lines will not be able to handle much more than half of the traffic during the coming season.

MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from the prepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once children are born, the mother is no longer the same because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Anchor SHINGLE STAINS

The Best Preservative of Undressed Wood

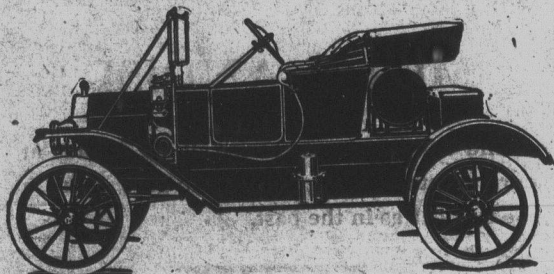

Anchor Shingle Stains indefinitely postpone, if not absolutely prevent wet rot or dry rot. They show up the grain of the wood, giving delicately artistic finish, not only to the surface coated, but to the entire building.

We have used infinite pains in the selection of pigments best suited to combine with our specially treated COAL TARS, CRESOTE, and our success has been proportionate with our care.

Anchor Shingle Stains are being very largely used on the roofs, and in many instances also on the bodies, of the most attractive houses in our midst; they are also employed with excellent results from an economic standpoint on sheds and other outbuildings.

If your dealer cannot at the moment supply Anchor Shingle Stains, please write us to arrange for you.

"Oh, How I Itched !

What long nerve-racking days of constant torture—what sleepless nights of terrible agony—itch, itch, itch, constant itch, until it seemed that I must tear off my very skin—then

Instant relief—my skin cooled, soothed and healed!

The very first drops of D. D. D. Prescription for Eczema stopped that awful itch instantly: yes, the very moment D. D. D. touched the burning skin the torture ceased."

D. D. D. has been known for years as the only absolutely reliable eczema remedy, for it washes away the disease germs and leaves the skin as clear and healthy as that of a child.

If you will come to our store, we have had the agency for this remedy for so many years that we can tell you all about D. D. D. Prescription and how it cures eczema.

Or you can get a free trial bottle by writing D. D. D. Laboratories, 49 Colborne St., Toronto. A. McDonald, Druggist.

Learn why PURITY FLOUR is unlike any other brand

PURITY FLOUR is unlike any other brand of flour. No two milling companies follow exactly the same process of milling. In fact, no two different brands of flour in the world are exactly alike in quality.

And here is another fact worth knowing: Every wheat berry contains both high-grade and low-grade portions.

The process of milling PURITY flour costs more than to mill ordinary flour. The low-grade portions are separated and excluded. PURITY is an ALL HIGH-GRADE, hard wheat flour. It has greater strength, greater absorption and greater expansion. It is a thirstier, more elastic flour. It drinks more water and expands into more loaves.

Use PURITY FLOUR for your next batch of bread. Count the loaves. You'll find you have made "MORE BREAD AND BETTER BREAD" from PURITY than when you've used an equal weight of weaker and cheaper flour.

PURITY FLOUR

"More bread and better bread"

IMAGINE, if you can, how much whiter, and more toothsome, and more nutritious, the bread made from such a HIGH-GRADE flour must be.

And can you imagine yourself enjoying the flaky pie-crust and the light, delicate cake?—your reward for using PURITY flour

When making pastry, please remember to add more shortening than required with ordinary flour—for on account of its extra strength, PURITY FLOUR requires more shortening for best pastry-results

Yes, PURITY FLOUR costs slightly more than ordinary flour. But use it once and you'll say it's worth more—much more—than the difference.

AN EXPOSURE OF COALITION GOV'T

What Electors have Received from the Flemming Administration

Day by day the Liberals of New Brunswick are becoming more convinced of the fact that they were deceived by the Hazen-Flemming promises that they would conduct a government "free from party prejudice or bias." Thousands voted to put the old government out of power because they believed the promise of Mr. Hazen who was leader of the opposition at that time but as soon as he gained power their credulities received a rude shock because they saw Liberals office holders dismissed on every hand and Conservatives taking their places. And yet the leaders keep repeating from time to time in different sections of the province that theirs was a coalition government, that John Morrissey was a Liberal and for that reason they were entitled to Liberal support.

John Morrissey was playing a lonesome hand. True, he called himself a Liberal but he was about the only one who thought so. He was in company with Tories, he played their games, he dismissed Liberals right and left, he gave orders for public work that would assist Conservatives in Dominion elections, and continued where he was. Morrissey's "Liberalism" was an asset worth having both to Morrissey himself and to the government, who knew that Liberal votes elected them and unless they could retain these votes they must retire from power. That is the situation to-day. New Brunswick is liberal in federal politics and if Liberals are true to their colors, are true to their instincts and to their province it will be liberal after the provincial elections and A. B. Copp will be premier.

But with Morrissey on the North Shore and the Globe in St. John Flemming hopes to do in 1912 what Hazen did in 1908, persuade enough Liberals to vote with him to keep him in power. It remains with the Liberals to see if this can be done. Mr. Hazen was continually referring to the Globe as a "Liberal" newspaper. The fact is, the Globe is about as much of a "liberal" newspaper as John Morrissey is a "liberal". It is not usual to see Liberal newspapers and printing offices patronised so generously by Tory governments as the Globe is. Ever since the old government was turned out in New Brunswick the Globe printing office has had a generous share of printing from Mr. Hazen and Mr. Flemming. That is the principal reason this "Liberal" newspaper fails to see anything wrong with the present local government. The same reason applies in federal politics. The people who read the newspapers do not always compare the advertising with the editorial columns. But since the Borden government has been in power the Globe has all the advertising from the federal departments that are sent to Conservative newspapers. Again it may be said that Tories do not place newspapers they consider "Liberal" on their patronage list. Still it is an advantage for a political leader to be able to stand in his place in the House of Commons or in the House of Assembly and read in triumphant tones some cordial commendation of their government from that "old Liberal newspaper, the St. John Globe". That is the trick Mr. Hazen performs at Ottawa and Mr. Flemming at Fredericton. Why not? They pay the price and the goods are furnished.

But how much longer will the liberals of the province be deceived? Premier Flemming dropped the mask in a fit of anger in the legislature this session when the famous "Tender platform plank" was scored. Public printing was before the house and the

SHE FAINTED WITH THE AGONY

"Fruit-a-lives" Cured Her Kidneys

MISS MAGGIE JANNACK

MOUNTAIN, ONT., DEC. 14th, 1910

"I desire to let the world know the great debt I owe 'Fruit-a-lives' which saved my life when I had given up hope of ever being well again."

For six years, I suffered from dreadful Kidney Disease. My legs and lower part of my body were fearfully swollen. The pain in my side and legs would be so bad that I would faint with the agony. Five different doctors attended me and all said it was Kidney Disease and gave me no hope of getting well. A kind neighbor visited me and mentioned the case of Mrs. Fenwick who had been cured of a sickness like mine. I took 'Fruit-a-lives' and in a short time, I began to feel better—the swelling went down—the pains were easier—and soon I was well.

I have gained over 30 pounds since taking 'Fruit-a-lives'—and my friends look upon my recovery as a miracle."

(MISS) MAGGIE JANNACK.

"Fruit-a-lives" are sold by all dealers at 50c a box, 5 for \$2.50, trial size, 25c.—or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

enormous sums paid the Frederick Glenner were being referred to as well as the fact that although the government had promised to give the work by tender no tender has been asked of Liberal newspapers. The Premier thereupon declared that even should the Telegraph offer to do the government printing cheaper than it was being done he would not give it the order. "No Liberals need apply" was the doctrine mailed to the press there.

The same principle was followed a short time ago by a parish road superintendent in King's County. He was laying out a new road and a hard working Liberal farmer living near at hand asked for some work. "Can't do it" he replied "Jones" orders are that no grubs are to be employed on this or any other job."

This spirit of partyism is not confined to the road superintendents. A restaurant keeper in Sussex was selling "Premier" Beer which contains between one and two per cent of alcohol. He had no idea he was offending the law for none of the good citizens of Sussex had ever noted any signs of exhalation from drinking it. But the Scott Act inspector is an ardent Tory and the restaurant keeper had changed his politics and became a Liberal and he is willing to make affidavit that the inspector told him it was because he had changed his politics that he reported him for selling intoxicating beverages. The magistrate duly fined the restaurant man—he thinks for changing his politics—but the judgement said for selling beer containing a percentage of alcohol. The sample the court had analysed contained 3.8 per cent alcohol while the same chemist testing other bottles from the same lot said they contained 1.5 and 1.6 per cent alcohol.

The Officials of a higher grade, men like Central Railway commissioners were also tainted with the heresy "No liberals need apply" for when the former manager of the railway wanted lumber he was told not to order it from Liberal millmen but to get it from Conservatives. And it is well known that he did get it from a Tory for Geo. B. Jones M. P. P. was one of the firm of Jones Bros. who supplied the material.

Liberals will do well to think over these examples of a government which was to be conducted "free from party prejudice or bias".

TESTING AMATITE ROOFING

Every once in a while the manufacturers of Amattite hear of somebody who got interested in Amattite five or six years ago, when it was new on the market, and who laid a little of it alongside some old style roofing as a test. Sometimes they would put the Amattite and the skin coated roofing side by side on the same building at the same time. Sometimes they would try Amattite on the new cow barn and lay the skin coated roofing at the same time on the wool shed. The reports of these tests are now coming in. After both the roofings had been laid for two or three years, it was necessary to paint the skincoated roofing. When the owners looked at the Amattite Roofing, however, they found it still as good as new, for Amattite has a mineral surface which requires no painting whatever.

In every case that has been reported, the men who made these cautious tests of Amattite when it was new are now using nothing but Amattite, and have given up the use of old-style painted roofing entirely.

When you can buy a mineral-surfaced roofing like Amattite, which needs no painting, for the same price as a smooth-surfaced roofing which requires painting regularly, it does not take long to figure out which is the cheapest in the end. A sample of Amattite can be obtained free by addressing our nearest office. The Carville-Ferguson Mfg. Co., Limited, St. John, N. B. Halifax, N. S.

THERE'S no mistaking the expression of a man whose farm is well "improved." He looks as prosperous as he feels.

It isn't the size of a place that counts most, nor its actual dollars-and-cents value. It's rather that "well-kept," thrifty appearance; the appearance that makes you think of fat stock, and well-filled barns, and comfortable, contented living.

Neat, permanent improvements go further in giving a farm this appearance than any other feature.

Concrete Is The Ideal Material

For such improvements, it is neat, harmonizing with its surroundings in the country. Everlasting, it cannot be injured by fire, frost, wind or lightning. Age—instead of causing it to decay—actually makes it stronger.

Concrete never needs repair—first cost is last cost. New improvements can be added year after year with less expense than would be required to keep wooden structures in repair.

Concrete walks, feeding floors, dairy-barns, ice-houses, root-cellar, well-curbings, fence posts, silos—whichever of these does your farm need most? Whatever you want to build, it's best to build it of concrete.

Do you want to know more about this subject of permanent farm improvements? Then write for your copy of

"What The Farmer Can Do With Concrete."

It's a book of 160 pages, telling how other farmers have used the "handy material" to good advantage. Published to sell at 50c, a copy, it is now being offered free to all farmers who write for it. Address

remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is designed to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in Campbellton only at our store—The Rexall Store. Thos. Wran, Druggist.

HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally Caused by Carelessness

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to someone else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Make a hat-bath is a resting place for microbes.
If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the hair if it does not produce the results we claim. This
