NEW ARRIVALS FOR SPRING!

Every day we are opening something new for the Spring and Early Summer Trade.

In spite of the difficulty of securing stock we have managed to get together a display that equals, if it does not surpass our best showing before the war.

Prices on everything are higher than ever but we cannot help it. We can only keep our selling prices low enough to let us out with a living profit, and guarantee you perfect satisfaction and complete service.

Prices have doubled on most lines of Dry Goods, Footwear, and all necessities, as well as on Potatoes, Oats, Butter, Eggs, Pork, etc.

Everything is up in price; everything costs more; farmers and wage earners who have to pay more can comfort themselves that they can command more for their service.

But our Spring and Summer Goods are fine. Come and see. Buy if you are satisfied.

POSTMASTER BARNETT HAS PASSED AWAY

Lived Nearly 50 Years in Hartland
and 24 Years in Office

John Barnett is dead. A resident of Hartland for 47 years, postmaster for 24 years, parish court commissioner for an even greater period, the venerable old man passed away after attaining almost 80 years of life. Mr. Barnett died on Monday afternoon after an acute illness of five days, although he had suffered ill health and partial disablement for more than two years. The funeral was held yesterday afternoon from his late residence, the services conducted by Rev. G. S. Helps (Methodist), assisted by Rev. P. J. Trafton (Reformed Baptist). He is survived by his wife, who was Miss Adelaide Hillman of North Richmond, three sons, and one daughter, Sadie M., residing at home. The oldest son, C. Edwin, is a prosperous farmer at Highgate, and two sons are serving the King overseas—John, who gave up his law practice in Alberta and is now a lieutenant in the 50th Batt., and Josiah H. who is with the 9th Siege Battery.

The late Mr. Barnett was born in London, Eng., Aug. 31, 1837, and came to New Brunswick with his brother Josiah in June 1861. The first four years in Canada were lived at the upper end of the Windsor settlement, where he and his brother attempted to clear a farm. The brothers came to Hartland in November of 1870, John living here and nearby to the end of his life, Josiah going to Boston 30 years ago, and where some time later he died.

John Barnett was appointed a Justice of the Peace in 1871, and in 1872 was elected one of the first Board of Trustees under the School Board Act, his colleagues being George G. Gray and the late S. H. Shaw, Esq. In January, 1888, he was appointed Commissioner of the Parish of Brighton Civil Court, in succession to Squire S. H. Shaw who died on the previous Christmas Day. This position he retained until ill health compelled his retirement in 1914.

Mr. Barnett was appointed postmaster under the Conservative government in 1893, and, although thoroughly a Conservative in politics, he was retained in office throughout the Liberal regime, as he was at the day of his death.

Needless to say the deceased filled the position of postmaster, and all his other public offices, with ability. During his career as Justice of the Peace many cases came before him that demanded careful judgment, and if he erred in respect to these, Mercy, not Justice, was at fault. Yet he dismissed no important case where the evidence would have been sufficient to convict, any more than did he impose fine or sentence more severe than the nature of the offence demanded.

Before coming to New Brunswick Mr. Barnett had served with an apothecary so that he had a considerable knowledge of chem-

istry and drugs, and for years, while conducting a store here, he specialized in this line. He also was interested in photography in the early days of the art, and for a time had a photograph and ferrotype studio here.

A member of the Congregational church in England, the deceased made no church affiliation in Canada, but he was regular in attendance and was a supporter of the local Methodist church. He was an outstanding Christian character; he demonstrated that the Love of God is not circumscribed by creeds, and one who knew him during a life-time will forever be impressed with his sincere devotion, and the fervor of his religious convictions. In years gone by he was prominent in Sunday school work, and while later in life growing infirmity shut him out from active participation his sympathy was fully with this and all other good work.

In the passing of John Barnett there is gone a character staunch, true, purposeful, such as later generations, alas! seem to produce too few.

CENTREVILLE NEWS

Engineers are Surveying Valley Road Through to Andover

A party of engineers under, Mr. Ryan, lately a resident of Cochrane, Ont., arrived in our village last week and have started to survey the Valley Railroad from Centreville to Andover.

Rev. George Kincaid of Hartland occupied the pulpit of the United Baptist church Sunday morning and preached an eloquent and earnest sermon, much appreciated by those who were lucky enough to be present. The audience would have been much larger if it had been generally known that the Hartland divine was going to preach.

Morris London of Woodstock spent Sunday in the village.

A Visiting Poet

Last week Mr. and Mrs. H. H. Hatfield entertained as their guest Rev. John M. Kelley of Kennebunkport, Me., an Adventist minister of considerable renown. Mr. Hatfield took his guest, along with half a dozen Hartland men, on a trip to the sporting camp at Miramichi, and the environs of that part of nature's garden stirred the poetic spirit of Mr. Kelley, who asks The Observer to reprint one of many poems he has written—this one on his fortieth birthday, which was not so very long ago:

Give me the wooded hillsides
Where the ferns and mosses grow,
And the narrow foot-path leading
To the river down below.

Give me the days of boyhood,
Those good old red school-house days
When we climbed the lofty elms
And indulged in eager frays.

Give me the cloudless morning skies
With their never-changing blue
That we tried to pierce with arrows
When the grass was wet with dew.

Give me the wooded hillsides:
Where the ferns and mosses grow
And the same sweet scented pastures
That we roamed so long ago.

Piles Entirely Cured

Mr. Wm. Woodell, 107 St. John St., Carleton, St. John, N. B., writes:—"I have used Dr. Chase's Ointment for itching, bleeding piles, and as a great result have been entirely cured. For years I was a great sufferer from this distressing ailment and can say that three boxes of Dr. Chase's ointment cured me. You may use this letter for the benefit of others."

Vol. IX, JUNE 14, 1917 No. 1

CONSCRIPTION

The two great political parties at Ottawa have been confronted with the most difficult problem since confederation—the question of conscription. The effort of Premier Borden to secure a coalition government, by taking into his cabinet a number of prominent Liberals, has so far proven a failure. Sir Wilfrid Laurier has not yet pronounced fully in favor of conscription, yet other prominent Liberal members have. Among these is F. B. Carvell, M. P. for Carleton county. He, with three others, has been invited to become members of Premier Borden's cabinet, but, with the others, has declined the doubtful compliment of a request to join the Tory-Nationalist combination.

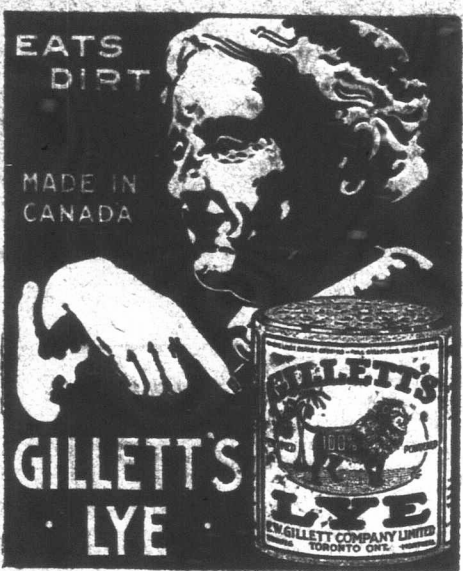

People of Carleton-Victoria will be glad to know Mr. Carvell has indicated that he favors conscription, despite what the consensus of Liberal opinion may be elsewhere. The day after Britain declared war on Germany, the Montreal Star wired every member of parliament the question: "Shall Canada participate in the war?" Mr. Carvell's reply was brief and to the point—"Yes; to the last man, and the last dollar."

Therefore we take it that Carvell not only believes in the conscription of men who can shoulder a rifle, but also of the means and energy of those who, by reason of age or infirmity, are unfit for service at the front. It is safe to assume that Carvell's idea is that no man who is able to work or to carry on business should be exempt from needed service of some kind, not only in the trenches, but in Canada. Those whom Carvell would most like to see conscripted are the war profiteers, the grafters and corporations that are rolling up wealth, as the nation bleeds.

Conscription of man-power? Yes! Conscription of wealth, incomes, products, every needed resource? Yes—also. And NOT one without the other.

The time when a Canadian conscription law should have been passed was at the special session of parliament held immediately after war was declared. Most of the men who would have given the measure hearty support, men of military age, enlisted voluntarily. At this date those who have not enlisted do not want to go to war. Had such a law gone into effect two or three years ago Carr's corner in Hartland, Jones' corner in Spudville and the entrances of picture theatres in the cities would not be the happy roosting place of young men who wont fight and who seem to regard a steady job with utter indifference.

There are men at the front, doing work—or blown to bits—who could really better

serve their country had they remained at home. The flower of Canada's young manhood enlisted in the first year of the war. The slackers and the wont-works lagged behind. Had conscription been effected early, and no more men drafted than have already enlisted, the burden would have fallen on slackers and patriots. The Observer believes in conscription, but not conscription for fighting purposes only. There are not only those who will not fight; there are those who will not pay. One Carleton county farmer is an example of those whom conscription should reach. Previous to the war he strutted in the King's uniform at the Militia Camp, he rolls about the country in an automobile, he has not enlisted himself nor encouraged his sons to do so; he has not contributed to the patriotic funds and boastfully has remarked that, "They haven't got a dollar out of me and never will." A conscription law is needed to force this man, and others like him, to render service to his country.

A law that forces young men to go to the battle field and exempts so many thousands for trifling causes is unjust, and cruel as the war itself. If we are to have conscription LET THEIR BE NO EXEMPTIONS. Draw every every man in Canada, rich and poor, young, old, healthy, infirm—all! Enlist the service of every one. Those found unable to fight should be FORCED to do their bit in some other way just as much as any other man should be FORCED to go to battle.

Oh, what a bitter pill! How are the Tories of Carleton going to overlook the awful affront? Premier Borden asks Frank Carvell to join his cabinet! Truly, this is fearful war!

Investigation of the Farm Settlement Board is revealing startling conditions. Among the ones most shocked seems to be a man from upriver named Smith.

Fatal Accident at Edmundston

Edmundston, N. B., June 7.—A fatal accident occurred in connection with the construction of the pulp and paper mills by Fraser Limited, here, about 4 o'clock this afternoon, in which Daniel Cameron, the mechanical foreman of the works, lost his life. He was in charge of a crew of men unloading steel machinery and parts to be used in the work and was near a car superintending the discharging of the load. The articles being handled were very heavy. A large steel shaft was being lifted when, in some way, it swung round and one end struck Mr. Cameron a blow on the head with such force that it killed him instantly. The exact cause of the accident does not seem to be clearly understood.

Mr. Cameron was looked upon as one of the best and most careful men in his line of work and was not only respected but liked by the men working with him. His death was a shock not only to those employed in the construction work going on, but to all the people of the town, with many of whom Mr. Cameron had become acquainted and with whom he was a general favorite. The deceased was about forty years of age. He leaves a wife and four young children, who have been residing here but a short time. His home was in Caribou, Maine. Much sympathy is felt for the family of the deceased in their sudden and heart-breaking bereavement.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezeone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers. It is a sticky either compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezeone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

WOMAN SICK TWO YEARS

Could Do No Work.
Now Strong as a Man.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never feel better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. J. O. BRYAN, 1755 Newport Ave., Chicago, Ill.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, and nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

Printers' Ink as a Medicine

"Printers' ink should be included in the pharmacopoeia," said a speaker at the convention of the Public Health Association in New York. "Wisely used, it prevents tuberculosis and builds hospitals to cure it. Thousands of babies are saved every year by its educational force. It is the only universal agency for the treatment of diseases in the community at large. You may cure the individual in the sick room; you may treat the community through the newspapers." It is pleasing to be able to record the above because so few realize the value of the newspaper in the community. The average newspaper is a good lesson book and guide to health if the public will but give intelligent use to the information contained therein.

THE VALLEY RAILWAY STEAL

The people of New Brunswick have been shocked and disgraced by the revelations made at St. John on Tuesday before Commissioner Stevens, who is conducting an enquiry into Valley Railway affairs under a Royal Commission. It was established by the evidence of Thomas Cozzolino, a native of Sunny Italy, who is the head of the Nova Scotia Construction Co., that his concern, before being awarded the contract for the completion of the road, had to promise one-half of the profits to W. B. Tennant, of St. John, and actually paid him \$100,000 for his influence. Cozzolino, it must be understood, is not a philanthropist, but a railway contractor and a business man; and he stated in his evidence that he considered it "good business" to get the contract under stipulated terms. It may have been good business for Mr. Cozzolino and his associates, but even the apologists for the corrupt administration kicked out of office on February 24 will scarcely have the impudence to put forward the claim that it was good business for the over-burdened taxpayers of the province of New Brunswick, whose money was stolen. Under the late government there was rank jobbery in connection with the Valley Railway from the outset, but many people were under the impression that with the retirement of J. Kidd Fleming from public life the thievery had been stopped and honest business methods had been adopted. The evidence of Mr. Cozzolino makes it clear that the very opposite was the case. The change in the Premiership did not stop the carnival of graft, but seems to have made it worse. Even Mr. Fleming, who accepted \$10,000 from the Corbets and \$2,000 from Kennedy & McDonald for some purpose, will be astonished at his own modesty when he learns that Tennant was able to touch up Mr. Cozzolino and his company to the tune of \$100,000 plunks.

The disclosures of boodling made before the Commissioner Stevens emphasize the fact that the people of this province made no mistake when on February 24 they bowled the Murray-Baxter government out of office. It also shows that Premier Foster made no mistake when he removed from office the directors of the St. John & Quebec Railway Company, and the engineers who had permitted themselves to become the tools of knavish politicians and middlemen.

Thanks to Commissioner Stevens and the able and energetic government counsel, F. B. Carvell, M. P., the people have had a glimpse of what Carlisle used to call the "working of Satan's invisible world," and we are thus able to understand in some degree how the late government and its satellites bedevilled and perverted the representative institutions of the province. While evidence and clear proof can be obtained of what has happened in one particular case, the people may rest assured that there are at least ten other cases in which the evidence cannot be brought forward, however strong and well grounded the suspicion may be. The transaction disclosed by Commissioner Stevens and Mr. Carvell may be, after all, only a sort of peak on which the late government stands gibbeted, but a peak below which lies a mountain range of yet undiscovered but well developed rascality. The public interests demand a thorough probing of the crooked transactions of the late government, and restitution and punishment for the guilty. —Fredericton Mail.

The Globe's comment that "every insertion of the probe of investigation into Valley Railway construction reveals a festering mass of rottenness and corruption," and its enquiry whether any of the money can be got back or not are justified

HIS HEART BADLY AFFECTED

"Fruit-a-tives" Soon Relieved This Dangerous Condition

682 GERRARD ST. EAST, TORONTO.
"For two years, I was a victim of Acute Indigestion and Gas In The Stomach. It afterwards attacked my Heart and I had pains all over my body, so that I could hardly move around. I tried all kinds of Medicine but none of them did me any good. At last, I decided to try 'Fruit-a-tives'. I bought the first box last June, and now I am well, after using only three boxes. by the facts. The St. John Standard yesterday refused to print the evidence, and does not do so today, but it prints Mr. Tennant's remarks and makes a vicious editorial attack upon what it terms "Carvellian methods."

Carvellian methods have been producing results. The deeper the probe goes the more clearly the people of this province understand the reason for the venomous attacks made upon Mr. Carvell, E. S. Carter and Hon. P. J. Veniot for a long time past. We can see also, in some of the evidence produced this week, the reason why Mr. Carter was so bitterly hounded in Kings county, and the most despicable efforts made to keep him out of the legislature. This province owes a debt to Mr. Carter, Mr. Veniot and Mr. Carvell which grows as the months pass, and more and more of the iniquity they charged and denounced is revealed. It will not do to say that this Valley Railway affair is nobody's business. The people's money

NEW BRUNSWICK'S DEBT IS OVER \$17,000,000

Startling Statement of an Independent Audit—Deficit Last Year Nearly a Million

Fredericton, June 7.—New Brunswick has a capital and current debt of over \$17,000,000.

Its capital and current debt and obligation amount to over \$20,000,000.

New Brunswick has an estimated revenue this year of \$1,564,365, and an annual interest charge of \$630,500, which includes \$256,500 for Valley Railway bonds issued.

New Brunswick's estimated ordinary expenditure this year will exceed its estimated receipts by nearly \$150,000 and, by adding the Valley Railway interest, about \$400,000.

The public debt in 1908, when the Hazen government came into power, was \$5,834,333. In 1916, exclusive of Valley Railway bonds, the debt was \$9,109,059, an increase of \$3,274,525.

There was the amazing deficit of \$703,583.27 on ordinary revenue and expenses at October 31, 1916, instead of imaginary surplus of \$12,000.

These are the figures of Price, Waterhouse & Co., as supplied in their preliminary report, after a complete examination of the books of the province.

This amount of nearly three-quarters of a million will have to be funded in order for the Foster government to start out with a clean sheet.

Premier Foster and his colleagues and supporters, have nothing to conceal from the public. The plain, unvarnished facts from the books of the province, by the most expert accounting firm in Canada or anywhere else, Price, Waterhouse & Co., will be placed before the legislature and the people, and upon their report the government must and will act.

A preliminary statement that there was a deficit of over \$700,000 at the end of the last fiscal year, is most startling and disquieting, but the other facts as presented, showing that New Brunswick after eight years of Hazen and Fleming, Clarke and Murray, as premiers, has a debt and obligations of over twenty millions, and an interest account of nearly half its ordinary revenue, are surely sufficient to rouse the people from their lethargy, bid them inquire what the end is to be, and how the province is to raise the money to meet these vast obligations.

The new government has been in power two months. There has not been time to do anything but try and clean up the mass of unfinished business, and the departmental messes that were left over. Week by week useless expenditures have been lopped off—some of them large and many of them small, but all adding to the total of economy. The facts must, however, be faced.

The former government involved the province in tremendous obligations, they did not hesitate to draw upon the vast provincial credit, they provided many useless public works, and made some expenditures that were almost criminal—such as the Southampton Railway bond issue. They did not hesitate to give away any public rights, they provided lavishly for expenditures by which their friends profited, and the public paid.

Sworn evidence has shown where some of the money went, and sworn evidence will show where more of it went.

WHY DREAD OLD AGE?

It should be the pleasantest time of life and if coupled with good health it is. Many of our most remarkable men and women have won fame and prominence after reaching the sixties, and in lots of cases they have not been robust in youth.

The secret of health in old age is the prevention of bowel disorder. Constipation is the foe to be dreaded. Care in diet is necessary, also the avoidance of harsh cathartics, which only aggravate the trouble.

The ideal laxative for aged people is Chamberlain's Tablets

On account of their mild and gentle action, you hardly realize that a medicine has been taken. Yet the effect is none the less certain, and the tonic properties of these Tablets so build up and strengthen the digestive system that the health is greatly benefited. Try a bottle today.

Shaw-Page

On Wednesday afternoon, May 16, the home of Mrs. E. L. Page, Good's Corner, was the scene of a quiet but happy event. The occasion was the marriage of Mrs. Page's daughter, Miss Ruby,

to Ernest B. Shaw, a prosperous farmer of Victoria. Owing to the groom's recent bereavement only the immediate relatives of the families were present to witness the ceremony, which was performed by Rev. W. J. Hurlow of Tracy Mills. The couple, who were unattended, entered the parlor to the strains of a wedding march played by Mrs. Edward Walton, sister of the bride. Immediately after the ceremony a dainty luncheon was served after which Mr. and Mrs. Shaw left for their home at Victoria, where both are well and favorably known. The bride is a popular

school teacher and for the last two years successfully taught the school in the community where she now resides. They received a number of useful gifts and their many friends wish them a long and happy wedded life.

Children Must Be Protected

The children must be protected, for, if they do survive the frequent coughs and colds, it is often with the lungs so weakened that they become chronic sufferers from bronchitis or consumption. Being composed of simple ingredients of undoubted value, Dr. Chase's Syrup of Linseed and Turpentine is admirably suited as a treatment for children. It is pleasant to the taste. So much that children delight to take it on this account, as well as because of the quick relief it affords them.

The Shannon-Tapley Feud

The Shannon-Tapley feud is still on and one George Haley was before the police magistrate Monday, charged with shooting at James Tapley and wife with intent to do grievous bodily harm. Haley was placed on a piece of land owned by Shannon, and also claimed by Tapley, and when the latter appeared on the land Haley, it is charged, opened fire. He committed for trial on this charge. He was before the court again Tuesday for stealing wood off the land but was not convicted. — Sentinel.

Rev. W. M. Field

Rev. W. M. Field, of Caribou, Maine, has died as the result of

blood poisoning. Rev. Mr. Field was in charge of a Baptist parsonage in Caribou, and is well known throughout the province. Blood poisoning resulted from a boil on his neck becoming infected.

Rev. Mr. Field has been in the ministry for many years and last year he left Andover and went to Caribou, where he had labored with a zeal which won the hearts of his congregation and the respect and esteem of a wide circle of friends.

Besides his wife, who was formerly Miss Hewitt of Montague, P. E. I., he is survived by two sons and one daughter. One son, Elsworth, recently joined a siege battery unit stationed in Halifax. His daughter, Miss Leta, is a trained nurse and is practising in St. John.

Two Cases of Eczema and How They Were Cured

Further Proof That Dr. Chase's Ointment is a Positive Cure for Chronic Eczema.

If you read these letters you will find that Dr. Chase's Ointment is not to be classed among ordinary salves and ointments. It is a cure for eczema in many thousands of cases. It has stood the most severe test to which any ointment can be put. Mr. J. Brice, Temperance road, Parry Sound, Ont., writes: "Just a line to praise Dr. Chase's Ointment for what it has done for my wife. She has been suffering with eczema in her head for two years, and has spent no end of money with doctors and for ointments which did her no good. She had about given up hope of ever being cured, when someone told her to try Dr. Chase's Ointment. By the use of this Ointment the trouble has left her entirely, so we have unbounded faith in it. I have told several people about the Ointment."

Mrs. W. G. Dowden, Greenspond, Bonaville Bay, Nfld., writes: "I suf-

fered with eczema on my hands, and for eighteen months was so bad that I could not use a needle to sew or do anything. I could scarcely dress myself. Though I had lots of salves from doctors, I could never get much benefit from them. Then I sent for a sample of Dr. Chase's Ointment, and found it very different in action. It was not long before my hands began to heal, and four boxes made them well. I cannot praise Dr. Chase's Ointment too highly, and frequently give some to others to get them using it, for I know that it will cure." In the home Dr. Chase's Ointment is of almost daily usefulness, for by relieving chafing and irritation of the skin it prevents eczema and similar itching skin diseases. Applied to all cuts and wounds, it prevents blood poisoning and heals the skin. Dr. Chase's Ointment, 60 cents a box, all dealers, or Edmanston, Bates & Co., Ltd., Toronto.

J. B. Daggett Reviews Carleton Co. Crop Conditions

Last week, to the Gleaner J. B. Daggett made the following statement as regards crop conditions in Carleton:

The former Secretary for Agriculture, when interviewed stated if the conditions keep as favorable seeding will be well advanced, and by the middle of next week should be finished.

"In Carleton county," said Mr. Daggett, the acreage under plough is, I should say, fully 25 per cent to 50 per cent greater than that of last year. The potato acreage is fully up to that of 1916 planting, and although the great shortage of fertilizer is being felt very much by the farmers, who find it almost impossible to obtain a supply, this shortage is being counteracted in as great a degree as possible by the close use of barnyard manure. A record number of manure spreaders have been purchased, and the farmers are making every effort to combat with this shortage. Then there is the question of labor. The shortage of labor is being met by the purchase of large quantities of labor-saving machinery of the largest type, and also by the use of larger horses.

In Hartland recently there were three cars of horses ranging from 1600 to 2000 lbs. imported from Ontario.

J. B. Daggett is one of the company interested in an extensive farming operation in Hartland. The planting there by the company will consist of 60 acres of potatoes, 50 of grains and approximately 25 acres to other root crops. Mr. Daggett states that there has been a very large increase of acreage in wheat and oats, and that all indications point to very much larger crops. The company that is interested in the farming proposition in Hartland are purchasing all the young cattle that can be produced, and instead of allowing calves and yearlings to go to the butcher, are feeding and raising them for breeding purposes.

Mrs. John M. Nevers

On Sunday evening, May 27, Mrs. John Nevers, age 21 years passed peacefully away at her home in Rockland. The deceased had been ill with consumption for the past few years but until some four months ago, she was able to attend to household cares. She is survived by her husband, also the father, four brothers and two sisters. The funeral was held on Tuesday afternoon at the house by P. J. Quigg and interment made in the family cemetery at Upper Brighton. Much sympathy is extended to the family by their many friends and relatives.

Liberals Win in Alberta

The provincial elections in Alberta last week resulted in the triumphant return to power of the Liberal government so ably led by Hon. Arthur Sifton. All members of the government were re-elected and the Liberals were able to elect their men in the Tory stronghold of Calgary, represented in Parliament by R. B. Bennett. The verdict of Alberta shows that Liberalism and democracy still retain a firm hold in Western Canada.

Government Will Bonus Wheat Mills

In answer to an enquiry by Mr. Smith, M. L. A. for Albert, the Minister of Agriculture made the statement that the government will grant a bonus to wheat mills to the extent of twenty-five per cent of the cost of the mill, but not exceeding one thousand dollars (\$1,000), provided the site is reported upon favorably by a representative of the Department of Agriculture and approved of by the Minister.

The Crisis!

Untold sacrifices are being made in defence of the world's liberty, assailed by the Hun, who declares he fights for "existence." Let us not forget that other crisis in which the fate of the dread Liquor Traffic, subdued just now by the necessity of war, is also fighting for existence.

Prohibition must be impregnable, fortified now by means of proper enforcement in readiness for the struggle to come when Prohibition must be finally ratified or lost by the votes of the people in many provinces, including New Brunswick.

Alberta, Saskatchewan, Manitoba, Ontario, Nova Scotia and New Brunswick have adopted Prohibition during the war. Prince Edward Island has enjoyed its benefits since 1901. The great majority of districts in Quebec are "dry." That is the situation to-day, but remember, the crisis comes after the war.

The total value of foodstuffs destroyed by the liquor traffic in 1916 was approximately \$4,244,000.22. Add to this the immense waste of transportation facilities, clogged and hindered by carrying the grain, and again conveying the product of the breweries and stilleries to make precious men less efficient in this solemn hour.

Ontario's Splendid Record

Since September 1916, Ontario has enjoyed good enforcement of Prohibition in but a few districts. Not the most daring anti-prohibitionist has for a return of the curse of the traffic in Ontario. Here are figures showing results in Ontario's largest cities for the last three months of 1915 and 1916:

ARRESTS FOR DRUNKENNESS

	Under License 1915	Under Prohibition 1916
Toronto	2,908	953
Ottawa	286	234
Hamilton	498	61
London	367	144
Brantford	152	16

Note—"It will be noted that Ottawa has not much reduction in arrests for drunkenness. It is perhaps strange that it should be any reduction in the drunkenness record, inasmuch as it is separated only by the river from the license city of Hull." — PIONEER, Toronto.

Whether your district, under the new Provincial Prohibition Law, or under the Cella Temperance Act, help us to arouse the full force of public opinion for vigilant enforcement of province-wide Prohibition.

"NEU-TONE" An Oil Paint For Flat Interior Decoration

Simple, harmonious color schemes in plain, restful tints, give an added charm to the home. "NEU-TONE" is the modern wall finish. It is cheaper and better than wall paper—and doubly pleasing because of its quiet effects.

"NEU-TONE" is waterproof, sanitary and durable. It cannot scale, fade or rub off—and may be washed with soap and water.

When you get new furniture and want to change the "NEU-TONE" decorations of any room, simply apply a fresh shade of "NEU-TONE" over the one on the wall.

"NEU-TONE" saves the scraping and muss that usually accompanies decorating. "NEU-TONE" is equally good for every room in the house—for any plastered wall, ceiling, burlap, wood or metal surface.

Ask for a copy of "Harmony in Neu-Tone", "Town and Country Homes" also "Floors, Spie and Span". All are free, to you.

Yesterday was the first fine day for a long time. The almost incessant rains of the last six weeks have made farming exceedingly difficult, yet enquiry among potato growers brings forth the information that seed is not rotting nearly so badly as the weather condition would indicate. A few warm days may yet save the crop. Once the plants are through the ground danger of rot is past until new tubers form. Grass is growing finely and an abundant yield of hay is assured. Pasturage is good, and grains are growing well.

One day last week, John, the much loved dog of R. J. Potts was struck and killed by an automobile. So much did Mr. and Mrs. Potts value their canine friend that they could place no monetary value on him. The driver of the car says he saw the dog but was going too fast to stop in time. This is a frank admission that he was driving too fast, and the result would have been the same if instead of a dog there had been a child in the way. Auto speeding has passed all limits of safety in Hartland, and the warning of the dog should be heeded before a more direful calamity occurs. It is the duty of the road supervisor to place warning signs at several corners in and near the village, and to erect speed limit signs. It should be done at once. Hartland is the only village in a thousand miles not so protected.

Funerals of Aged Men in Aberdeen

After a short illness of pneumonia, on May 15, Peter S. McKenzie fell asleep in Jesus at the home of his daughter, Mrs. George Arnold, Woodstock. He was baptized more than 54 years ago by Elder J. N. Barnes at Wickham. Forty-eight years past he helped to settle Northfield, where he lived up to four years ago. All through his long lifetime spent there, he lived a consistent Christian life and was held in very high esteem by his acquaintances all through Carleton county. In his home he exemplified the life hid in Christ. One sister, Mrs. Richard MacDonald, of Wickham, two sons and daughters as well as his wife survive him. The funeral was held at Argyle Corner and overflowed the capacity of the meeting house. It was an occasion of genuine sorrow for the loss of a godly man. His services were conducted by the pastor stationed on the field, assisted by Elder Henry Hart, a life-time friend of the deceased, and by the pastor of the Methodist church.

W. Alfred Biggar entered the veil on Monday, May 21, after serving his Lord for forty years. Our brother was converted under the preaching of Elder Charles Rideout and united with the F. C. Baptist church at Foreston. This he served as clerk and treasurer until the union; then he filled the same office for the United Baptist church at Biggar Ridge until six months ago when failing health caused his resignation. With his brother, John, he was the first of the settlers of this part of Carleton county, coming from Smith Creek, Kings county, 47 years ago. Of the large family two brothers and three sisters survive him, while he leaves a widow, one son and six daughters to revere the memory of a kind father and consistent Christian head of the home. His influence was far extended and his poverty a household word. To enable a daughter living in Brandon, Man., to be present, the funeral was delayed until Friday, May 25. The services were conducted by pastor, and in the closing hours of the day, the earthly tabernacle was committed to the earth to await the triumph of the resurrection.—W. B. Crowell.

"WIN THE WAR THE FIRST CALL"

The Toronto Globe's leading editorial, Saturday, reads in part: "Win the war is the first call, the supreme duty, the most urgent concern, alike for every citizen and for the whole nation. From the claims of that supreme duty all other obligations take their perspective and their significance. If in the war, the rights of freedom and self government are lost, then, for Canadians, all is lost. And even in the defence of the rights of free citizenship the lesser must yield to the greater. In this day of crisis for Canada and for freedom in every country, the greatest and most arrogant enemy of liberty and peace is the organized and mad power of Prussian militarism.

"Prussian militarism must be broken everywhere, in all its entrenched strongholds over all the world or, in Canada, and in every other democratic country, nothing worth while will be left, either for Canadians of today or for their child ren tomorrow. Military power, with its hideous and hellish program of explosives and earthquake shocks, and all the resources of diabolism, must be made to match and overmatch the fiendish preparedness of the Huns, as it did at Messines ridge, with such unimaginable havoc, two days ago.

"Conscription? Cram it with its ugliest, cruelest, most inhuman significance and we stand for it, will enlist for it, will suffer for it. That first—the enlistment of every free citizen, of all his wealth, of all his power, of all his service, everywhere and always; until this whole discredited and discredited and utterly pagan idol, war, is smashed forever. And then all decks will be cleared for the necessary conflict that must follow.

"The conflict of democracy and freedom against every other organized and arrogant despotism in the barbarized mind of the world."

Fort Fairfield News

The Review has the following items of interest to Observer readers:

Edward G. Boulter, who is said to have shot Mrs. Charles Manuel at Fair last week, was arraigned before Trial Justice J. B. Clark in Presque Isle charged with manslaughter. He was represented by R. W. Shaw of Houlton and J. Orin Smith of Presque Isle.

The state was represented by County Attorney Archibald. Boulter pleaded not guilty, waived examination, and furnished bail in the sum of \$4,000 for his appearance at the November term of court. Charles Manuel, an important witness, was held under bonds of \$2,500 to appear at the same term, furnishing bail. He was represented by W. R. Roix of Presque Isle and Charles Hutchins of Bangor.

Mr. and Mrs. Bedford Ross and their 16-months-old daughter, of Woodstock, N. B., arrived in town Thursday and have been visiting Mr. Ross's sister Mrs. James Dorsey and other relatives and friends. Mr. Ross returned to Woodstock on Monday, but Mrs. Ross and daughter will remain till early next week, when, accompanied by Mr. Ross, they will visit the latter's old home at Biley Brook, Tobique River, for a time. Mrs. Ross was formerly Miss Minnie Delong.

Some talk has been current to the effect that some of the buildings at the boundary line from which were formerly sold intoxicating liquors and which were supposed to close down that business May 1 have not altogether stopped furnishing such liquors. We hope that such reports are untrue but we hope at the same time that the proper officials will make investigation to be sure that nothing is sold there in the future.

Archer B. Harmon, the well-known automobile dealer, common sion merchant and farmer, last week brought in 17 Mitchell touring-cars, most of which are now disposed of. This can not be counted as a very bad week's work. Miss Margaret Boyd of Peel, N. B. is visiting her aunt Mrs. Kate Stearns and her uncle D. H. and Bedford Road of this town.

Justine E. Wright of Grand Falls and Miss Ruby Marchison of Four Falls were in town Thursday afternoon on business. Invitations are out for the wedding of this young couple at the home of the bride's mother, Mrs. Murchison, at Four Falls, Wednesday, June 20.

Rev. William M. Field, pastor of the Free Baptist church at Carleton Place, is very dangerously ill with blood-poisoning.

Mrs. Perry Bishop and her daughter of Carleton, N. B., were visiting Mrs. Margaret Roach a few days ago.

Lower Brighton

Sarah, daughter of Mr. and Mrs. George Tedie was operated on for appendicitis last Thursday by Drs. Rankin and Curtis. The operation was successful and patient is doing fine under the skillful nursing of Mrs. F. C. Barter of Hartland.

Mrs. Wallie Birmingham has been confined to her home for a few days with a severe cold.

David Noble is suffering at times with rheumatism in his leg being confined to the house some days.

Wint Dow is recovering from an attack of pleurisy, bordering on pneumonia.

Tenders for School House

TENDERS will be received by the board of School Trustees of Bristol School District, No. 1 Kent and Peel, Carleton Co. For the erection of a School house according to the plans and specifications which may be seen at the office of L. A. Noble, Secretary, Bristol, and at Stephen Green's Residence, Woodstock. Tenders close Friday the 15 day of June 1917, at 12 o'clock noon.

The lowest or any tender not necessarily accepted.

L. A. NOBLE, Sec. to Trustees.

Dated May 22, 1917.
