CONCRETE SEWER WORK BEING WANTED

West London Sewage System Is Making Very Good Progress.

HALF SEWERS LAID Contractors Start Work On the New Octagonal Pumping Station.

Practically 50 per cent of the new West London sanitary sewerage system, to cost in all \$500,000, has been laid, according to City Engineer Weiler, who stated that this big job will be completed in 1922. Since last May, when the work was commenced, the sewerage trunk, starting at the site of the new pumping station at Cavendish street and Douglas avenue, has been laid up Wharncliffe north to Mount Pleasant avenue. Branch trunks have been laid on Alexandra, Wyatt, Walnut, Cavendish and Richmond streets, and Guelph streets and Douglas avenue.

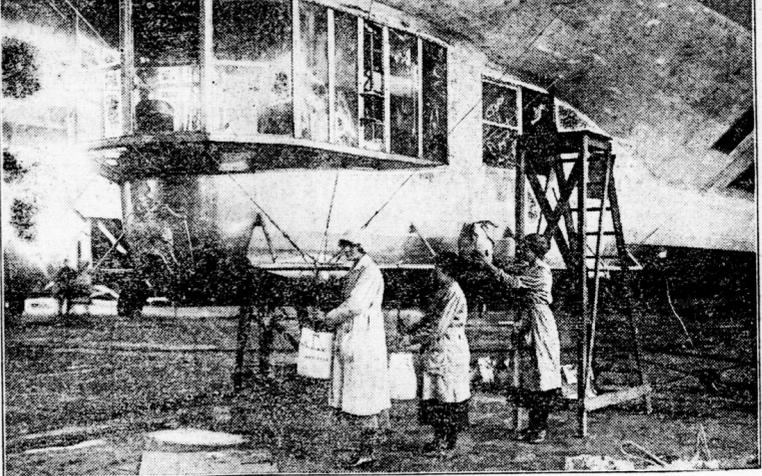

Contractors Start Work. The McKnight Construction Company awarded the contract for the sewerage system force main, between the new pumping station and the siphon chamber near Evergreen avenue in South London, to the contractor on Monday. The city engineer states that civic gangs will work on the London West sewerage system all next winter if weather conditions prove favorable.

WELL DRILLERS WILL BEGIN SEARCH FOR WATER ON MONDAY

Test Wells To Be Sunk in All Parts of the City.

NO WATER—NO PAY American Experts Hope To Locate Several Big Artesian Wells. Experts from Massillon, Ohio, arrived in London Wednesday to drill test wells for water. The search will continue to further augment the local drinking supply. If the tests are successful, the maximum total cost of these operations, the contract being on a "no water, no money" basis, will be \$5,000.

REAR PASSENGER GONDOLA OF ZR-2 WHICH WAS WRECKED YESTERDAY

The fall of the giant dirigible at Hull, England, resulted in the loss of 44 lives, and constitutes the greatest air disaster of all history. Here are some of the measurements and specifications of the giant dirigible: Length, 695 feet (50 feet longer than the R-24). Diameter, 85 feet 4 inches (6 feet 7 inches larger than the R-24). Capacity, 2,700,000 cubic feet (against 2,000,000 for the R-24). Total lift under normal conditions, \$9 tons (against 50 1/2 tons for the R-24). Disposable lift available for carrying fuel and other stores, or, if altered for commercial uses, for freight or passengers, 50 tons (against 34 tons for the R-24). Total horsepower, 2,100 (against 1,250 for the R-24). Engines, six of 350 horsepower each (against five of 250 horsepower each on the R-24). Endurance at 60 miles an hour (cruising speed for ZR-2 and full speed for R-24), 4,000 miles (against 3,000 miles for the R-24). Maximum altitude, 25,000 feet (against 13,800 feet for the R-24). If adapted for transport the ZR-2 could carry forty passengers and two tons of freight in a non-stop flight from England to Egypt in 48 hours. The propellers of two of the control cars under the balloon were equipped with reversing gear which would have enabled the dirigible to move backward. The equipment included a radio set, with a sending radius of 1,500 miles, and a wireless telephone set. The struts and braces of the ZR-2 were made of 60 miles of piano wire. Quarters for the crew and officers were located in the keelway, 8 feet wide and 7 feet high, extending the length of the vessel, furnished with bunks at intervals along the sides, comfortable chairs, tables and benches and photographs. Cooking was done in each power car by using the exhaust flames as fuel. Armament, fourteen Lewis guns, one 1-pound automatic gun, four 520-pound bombs, eight 220-pound bombs.

THOUSAND OR MORE LIVES BELIEVED LOST IN RIOTING OF NATIVES IN MALABAR

Anxiety Is Felt For Safety of English Women and Children in Outlying Districts, Where the Revolt Is in Progress—Outbreak Is Due to Agitators Preying On the Religious Fanaticism of Hindus.

London, Aug. 25.—More than 1,000 lives, it is feared, have been lost in the rioting in the Malabar district of British India, says an Exchange Telegraph dispatch from Bombay received today. Anxiety is felt for the English women and children in the outlying districts. Several railway stations have been wrecked. Twenty men of the Leinster regiment at Tirunangadi are reported to have been cut off. It is also reported, adds the message, that the rioting natives are working their way from the interior to Calicut on the coast.

PRaises WORK OF CITY POLICE WILL PATROL FAIRGROUNDS

Kiwanis President Hopes the Great Work Will Continue To Enjoy Support. Directors of Western Fair To Hold Session This Afternoon.

The directors of the Western Fair will hold a meeting at the fair grounds offices this afternoon. This will be the last meeting prior to the exhibition, but commencing with the opening day of the Fair the board will meet each day at 11 o'clock. This afternoon they will probably appoint someone to go to Toronto to make final arrangements with the exhibitors who are coming here at the conclusion of the Toronto exhibition, which is commencing there next week. C. S. Weber has been appointed to attend the exhibition in the interests of the dog show to be held here, which the directors intend making one of the feature attractions. The Fair grounds will be patrolled by members of the city police force. This plan was found to be much more efficient than that previously followed by the Fair board of supplying their own police. The fireworks display is being arranged, and will be ready for the opening night.

GLADIOLUS EXPERTS

SNAPPING OF ALUMINUM GIRTERS CAUSED GIANT AIRSHIP TO COLLAPSE

AIR DISASTERS OF RECENT YEARS

New York, Aug. 25.—Development of airship navigating has been attended by a series of disasters since Santos Dumont first piloted his tiny dirigible around the Eiffel Tower in Paris, but the death list in the ZR-2 disaster yesterday exceeded that of all other similar accidents by at least 15. The greatest number heretofore killed in an airship accident was 23. This was when the German zeppelin L-2 exploded over the Bohemian salt dome on October 17, 1912. Ten persons were killed at Chicago on July 21, 1919, when a dirigible exploded and fell in flames into the Illinois Trust and Savings Bank. Five persons were killed at Atlantic City on July 2, 1912, when the balloon Akron, in which Melvin Vaniman hoped to cross the Atlantic, exploded shortly after leaving the ground. Some of the other airship accidents in which heavy losses of life occurred follow: September 1, 1913.—Fifteen lost in destruction of zeppelin L-31 off Heligoland. August 11, 1914.—Twelve lost when British airship NS-11 fell into the North Sea after being struck by lightning. June 20, 1914.—Nine lost in collision of airship and airplane at Valenciennes, France. Six of the great peace time dirigibles built by Count Zeppelin, but the English airship, met with accidents which wrecked them. They were the zeppelins I, II, III, IV, V, VI, and deutchlands I, II and III. The Germans lost 65 of 83 dirigibles sent to the front. Four of which 24 were accounted for by the Allies, and the remaining 32 were wrecked in accidents.

DR. J. C. WILSON MAY CONTEST MAYOR'S SEAT

Declares He Has Not Yet Considered Matter Urged by Friends.

Interviewed by The Advertiser Wednesday afternoon, Dr. J. Cameron Wilson, alderman for Ward 2, declined to state definitely that he will be in the majority contest here next December. Friends of Ald. Wilson state, however, that he will accept a nomination in the municipal elections. "I have nothing to say for publication on the matter," Ald. Wilson informed The Advertiser. He has not even considered it yet, and hence cannot announce any decision. Dr. Wilson is a member of No. 1 committee of the city council, and is now serving his second term as alderman. He recently resigned as president of the London Branch of the Great War Veterans' Association, owing to pressure of professional duties. He is a returned medical officer, proceeding overseas in 1914, later returning to accept the rank of major with No. 76 Stationary Hospital, with which unit he served in France. Many friends of Ald. Wilson are urging him to contest the mayoralty election as a matter of public interest. The late Dr. John D. Wilson, having followed Mayor E. S. Little's father as chief magistrate of London.

TROUBLE IS FEARED ON S. AFRICAN LINES

Union Railwaymen Protest Against Government's Policy Regarding Operation.

London, Aug. 25.—Canadian Press Cable—A Renter's dispatch from Johannesburg says there is a prospect of trouble on the South African railways, which are owned and administered by the Government. In consequence of minister of railways submitting certain proposals to the railwaymen's executive committee, a strike is being threatened. The union executive reports that the proposals are of a tentative character, and the railway staff state that they are unable to be a party to such an agreement, which would place the railwaymen in a worse position than in pre-war times. The executive are unable to agree that the present financial position of the railways justifies the departure from the present-day conditions of work. The executive is continuing to meet to discuss the situation.

LABOR CANDIDATE WINS IN WALES CONSTITUENCY

London, Aug. 25.—Canadian Press Cable—As generally expected, the election yesterday in the constituency of Cardiff, in the Welsh district of Wales, resulted in the return of Morgan Jones, Liberal, and 2,592 for Robert Stewart, Communist. The only question in regard to the voting yesterday was as to how far the vote for Stewart would split that for Jones to the benefit of the Liberal candidate. The by-election in Cardiff was made necessary by the death of Alfred Onions, Labour, who in the last general election was elected by a vote of 11,496, against Edmonds' vote of 8,482. CANADIANS GET PREFERENCE. Montreal, Aug. 25.—Asked concerning a statement that Canadian workers had been discriminated against in the matter of employment on ships of the Canadian Government, Merchant Marine, R. E. Teakle, general manager of the company, said that exactly the reverse is the case. "Instead of discriminating against Canadians, we are anxious to get as many Canadians as possible to man the ships of the national fleet," said Mr. Teakle.

Direful Fate For Lady Smokers Is Latest Prediction

Beauty Doctors Claim Smoking Is Causing Demand by Women for Safety Razors

Well! There seems to be at least one social predicament of a most direful nature that threatens to automatically solve itself without the aid of church influence. It might even be said that the alleged increase in cigarette smoking among the ladies of every age, is a direct result of the fact that the beauty doctors of Paris (France), but whether they will be universally accepted as any authority is, of course, an open question. The fair sex particularly will remember that it was an American politician, Johnson, the representative from Mississippi to be precise, who, not long since, arose amid the time-worn storm of protest, to announce that reaching the definite conclusion that smoking among women had proceeded quite far enough, he stood ready to introduce into the halls of administration such legislation as would render the same illegal. Let them "hop to it!"

LAWYERS OBJECT TO PROCEDURE IN CAFE MILK CASES

Magistrate Reserves Decision in Charges Against Five Local Cafes.

Deputy Magistrate P. H. Bartlett today reserved decision in the case of five cafe proprietors and one milkman, who were charged under a city bylaw with offering for sale or selling milk which did not contain the required percentage of butter fat. The percentage of butter fat found by analysis at the Institute of Public Health ranged from 2.95 to as low as 2.1 per cent. Howard R. Cliff and W. R. Meredith, appearing for two cafe proprietors, objected to the manner of proceeding with the case. Dr. C. S. Tamlin had closed his case, and then the defendants' counsel argued the case. After the arguments, the board of health officials were allowed to introduce evidence which was in rebuttal of the case. After the evidence, the court allowed this new evidence, explaining that he wanted to hear the whole matter. Dr. Tamlin could not remember whether he paid for the milk at a certain cafe, but after Mr. Meredith argued the case, Dr. Tamlin could not remember whether he had purchased it.

DISASTROUS FIRE RAGING IN MOSCOW

Several Hundred Houses Are Destroyed in the Great Russian City.

London, Aug. 25.—Fire started in the most populated part of Moscow several days ago, and still is burning, it is asserted by the Helsinki correspondent of the Central News. Several hundred houses have been destroyed, the correspondent says. SUPERVISORS TO STAGE BANQUET.—Playground supervisors of this city are staging a banquet at the Bungalow Inn, Springfield, tonight. General Manager E. W. Buchanan, and wife, and G. Mel Brock, director of city playgrounds, will be present as guests.

AT CUPID'S CALL

BY MAY CHRISTIE. Copyright, 1921, by the McClure Newspaper Syndicate.

LXI.—Disaster. On that self-same afternoon young Dick Calardin set off toward the White Lodge in the hope of seeing Mary Drew.

"I'm going to marry her just as soon as she will have me," he kept repeating to himself. "I didn't hear you!"

"Apparently you didn't," started the young man firmly at the other man, swinging around astonished.

"I finished with those papers that you sent to me. I brought them back to you."

"The older man was for a moment to notice Dick's emotion. For a quick he felt sorry for the lad."

"Yet—although this interruption was a shade embarrassing—it would prove a good thing in the end, young Calardin must be made to realize just how the ladies are."

"Come into the smoking-room. We can discuss our business here." He touched Dick on the arm. The two men went to the smoking-room.

"It was a little awkward for Miss Drew and myself—our unexpected guests—Mr. and Mrs. Calardin, particularly interested in that quarter. She's worked for me for two years or more."

"I mean just what I say. Miss Drew knows what my feelings are, and—well—she's a sensible girl. You could see for yourself just now that my attentions aren't directed to her."

"Dick translated his business in the shortest possible time, and then he—metaphorically—shook the dust of his shoes and strode back to the Barley Mow, determined to forget the lady of his heart and her amazing party."

Tomorrow—Confession. Dick translated his business in the shortest possible time, and then he—metaphorically—shook the dust of his shoes and strode back to the Barley Mow, determined to forget the lady of his heart and her amazing party.

HOME ECONOMICS

MRS. ELIZABETH KENT, MACDONALD COLLEGE. After the French took up lace-making they gave the names which we still use for old laces, "Point de Venise," of which point lace is the most famous.

A design for point lace must differ from an embroidery design, because it has no background upon which to work. The lace is laid out on a flat surface, as a whole must be planned from the beginning.

Point lace has almost always been made with white thread. The needle seems to dispense fantastic threads of color or gold or silver.

next. They expect to have a big day next. Premier Drury is to be here and speak at it. Please send me his address again, as I have not had it for some time.

Cynthia Grey's Mail-Box. But on the hill the goldenrod, and the aster in the wood, And the poplar with the brook, in autumn glory stood.

Donkey Cake. Dear Miss Grey,—I am coming to call on you for the first time, and I do hope you will not be discouraged. I am coming for help. I saw where someone offered slips of house plants. If they would not mind they please send me some.

YE OLD HIGHLAND SCOTCHMAN. S.—Increased find time for hospital fund.

Just a Smile. Dear Miss Grey,—Here is a newcomer. I have been a silent reader for some time, and I like the Mail-Box very much. I saw in the Mail-Box that just a smile had a cucumber recipe, and I would like to know if the vinegar, sugar, mustard and salt is to be cooked or not.

Wants Slips. Dear Miss Grey,—This is my second letter to the Mail-Box. My mother is very fond of plants, and she would like a small root or slip of a house hydrangea, a root of a primrose (any color), a slip of fuchsia, and a red or white chrysanthemum root.

A Silver Lining. Dear Miss Grey,—Having seen my last letter in print, I thought I would call again. Just to hand you a bouquet, and another note for the S. C. H. W. Miss Grey, I think you are quite a Sherlock Holmes—fancy guessing my nationality by my writing, and you are quite correct. I am English to the backbone and proud of my country, but I love Canada also. It is a splendid country to live in, and better chances for the working class than in England; at least, I have found it so.

Wants Songs. Dear Miss Grey,—It is about three months since I have written to your wonderful Page, and I must say I got some very good hints from it. I would like to get some hints from "Frozen Charlotte Mary" and "Peggy O'Neil." I would like to get these songs as soon as possible, and I would like to know if you will return them as soon as I copy them. As this is a pickling time, I wish you to live in it, and better chances for the working class than in England; at least, I have found it so.

tablespoon baking powder, 1 teaspoon salt, 1 tablespoon butter, mix with sweet milk, roll out and spread with butter, sugar, cinnamon and currants or raisins, roll up and cut in inch pieces and bake in hot oven.

Dear Miss Grey.—I enjoy reading the interesting letters in the Mail-Box. I am glad they have started the quilt for the Sick Children's Hospital. I, too, will make a block. Will it make any difference how many names I put on one piece, if it is large? Hoping the Mail-Box every success I remain, OAKDALE.

Dear Miss Grey.—I have intended to write you for a long time, but have been so busy. I sometimes help out in the field. We live on a hundred-acre farm about two miles from the lake. Now for a few questions: 1. I am 14 years old, about 6 feet tall, blue eyes and yellow hair. 1. What colors would become me? 2. What day did September 23, 1907, fall on? Please send me the address of Irish Pat and Elgora. I, like some other correspondents, am a regular book-worm. I have just finished reading "At the Point of the Hairbrush" by Gene Stratton Porter. I will close now. Wishing the Mail-Box every success, ELGIN LASS.

# President Maines' "Disciplinary" Meeting Today; London Slips Into Second Place

## Tecumsehs Bunch Hits And Take Last Game From Bay City Wolves

### Carmen Effective With Men on Bases—Oakes Has a Triple—Stutz Steals Home.

**BAY CITY, Aug. 24.**—Carmen was effective with men on bases Wednesday, although found for ten safe hits, and London made it two out of three from the Wolves, winning 7 to 3. Matuzak started for Bay City, but was found for three singles and a triple in the second inning, good for four runs, and in the third he was replaced by Kimmel, a newcomer. Kimmel held the Tecumsehs in check until the fifth when they again broke loose, bunting two singles and a double for two more runs, and in the eighth they put across the final counter on Malmquest's double and two nice sacrifice bunts by Oakes and Vandye.

Carmen had men on bases all the time, but seemed to pitch better under those conditions, no less than eleven Wolves being left stranded. He passed six, but not one of the free tickets figured in the scoring.

**Oakes Triples.**

In the fourth Malmquest started the inning with a single to center and scored when Oakes drove one to right field that Koehler didn't touch and which went for three bases. Vandye popped out, but Curry and Carmen both singled. Oakes scored. Then Stutz gained a life on a fielder's choice. Carmen being caught at second, and Curry proceeded. When Stutz attempted to steal second, and before he was put out, Stutz chased home with the fourth run. In the sixth after two were out, Schaefer singled, Kuhn doubled and Malmquest singled to score two more runs, and in the eighth Malmquest, first up, doubled, and came home on two nicely-executed bunts by Oakes and Vandye.

Bay City bunched two singles and a sacrifice fly in the fourth inning for their first run, and made two more in the sixth on a double by Cuyler and Karpus. ## SARNIA PREPARING TO MUSTER RUGBY SQUAD

Will Likely Have Team Entered in Intermediate Series.

**SARNIA, Aug. 24.**—While it is pretty generally taken for granted that Sarnia will have a team entered in the intermediate series of the Ontario Rugby Football Union this fall, no move to organize for the coming year has as yet been made. With the practice season about two weeks off, some steps are about due in rugby circles here. Before another two weeks is over the rugbyists of Sarnia will likely be organized. With the athletic club in a financial condition that precludes any possibility of them shouldering the burden, it is likely that the Sarnia Rugby Club will be organized to carry the team through this season with its own state of affairs. Those who will make the arrangements for playing field, practice, accommodation and any other details which may crop up.

## GUELPH MAPLE LEAFS WIN COUNTY PENNANT

### 5,000 Witness Final Game—Start in O. B. A. A. on Saturday.

**GUELPH, Aug. 24.**—By defeating the Galt Terriers here this afternoon by a score of 4 to 2, the Guelph Maple Leafs repeated their performance of the past two years by again capturing the intermediate county pennant. As the result county league today's battle was the hardest fought game played on the home lot this season and was witnessed by a crowd of 5,000 spectators, hundreds of whom motored from Galt, Kitchener, Preston, Hespeler and other neighboring places. The park was taxed to overflowing with motor cars, and many motorists had to abandon their autos outside the grounds in order to get a view of the match.

Fred Whetstone, who occupied the mound for the Leafs, pitched a masterly game and was the star of the match. He pitched the game in a masterly manner, while on the other hand the Galtians fumbled very poorly at periods throughout the match behind Pitcher Leedes, who, up until the close of the seventh inning, had only allowed two hits. In frame, had only allowed two hits. In however, and after three singles were clouted out by the first three men in favor of him, he voluntarily retired in the eighth. He held the local scorers for the remainder of the contest.

Guelph counted one in the first, but the visitors tried to fall behind again in the fifth, only to fall behind again in the latter half of the same stanza, when the Leafs registered count number two. The homesters got to Leedes in the eighth for two tallies, but in the eighth for two more across one additional count in the closing frame, and the victory went to Guelph.

The Leafs met Brantford on Saturday in the first game of the O. B. A. A. semi-finals. R. H. E. ## WITH THE BOWLERS FROM THE "AULD," OULD AND OLD SOD

The best match tomorrow morning between six London rinks, two from each of the big clubs, and six British rinks, will decide the issue between the visitors and the local bowling talent. Some of the chosen gladiators watching from the sidelines over at the Elmwood greens yesterday afternoon, didn't see much to make them optimistic.

Capt. Jagger will not pick his skips and rinks until later.

J. D. McMillan, a Sarnian sporting a Scotch burr, admitted that he didn't need an interpreter with the British speech, but that their bowling needed translating.

Dr. Smith, the St. Thomas skip, had an insurance man and an undertaker on his rink, being guarded on nearly every side. At the banquet last night he was congratulating himself that the rink didn't need the services of the undertaker, anyway.

The ladies of the Elmwood ladies' committee were: Mrs. Oliver Gidley, convener; Mrs. Deacon, Miss McFarlane, Mrs. Westcott, Mrs. Fairley, Mrs. Doig, Mrs. (Dr.) Jarvis, Mrs. Miller, Mrs. Grant, Mrs. Speiran, Mrs. Hartry, Mrs. Kemp, Mrs. Guthrie, Mrs. Billbrough, Mrs. Haskett, Mrs. Heaman.

The British may have a protectorate over Palestine, but one would never know it to see them trying to cultivate a taste for olives.

Woodstock today and a test match and friendly matches tomorrow afternoon at the Thistle greens will end the stay of the Britishers in London. They go next to Toronto and then to Montreal, sailing for home on the Minnedosa, a week from Friday.

They may be fed and feted to death, but there isn't any blooming sign of them being beaten to death—these Britishers.

## TAE OOR BRITISH BOWLERS FRAE LONDON KITTY TOUCHERS.

(Tune—Roamin' in 't' Gloamin')

We ha'e met a lot o' people  
We've been pleased ta meet—  
Bairnies, laddies, fathers, mithers,  
An' bonnie lassies sweet;  
Now, we've met a bunch o' bowlers  
Frae yon isles we lo'e,  
An' we've had 't' joy an' honor  
An' ta' entertain them, too—  
They ha'e won us a'—  
An' for them we'll lang be wearie  
When they ha'e gane awa'.

Bowlers o' distinction—  
Gallant bowlers, brave an' braw,  
When they ha'e departed  
For their presence we shall greet;  
We shall cherish 't' name  
When they've journeyed awa' home—  
An' ta' lika joy we ha'e,  
We've extended ta'e  
Oor British bowlers.

## J. LIGHTFOOT WON THIRD YOUNG BIRD FLIGHT

The Forest City Racing Pigeon Club held the third young bird race from Stony Point, a distance of 53 miles, air line, and one of the hardest races of the season was the result. The birds that were nominated by the members to compete in the dash for a \$75 cash prize were also in for cup average. J. Lightfoot was the lucky man having the winning bird, Rawson Bros. and C. Penn being a good second and third, only one minute separating all three birds. The full result in yards per minute follows: J. Lightfoot, 855 yards per minute; Rawson Bros., 847,885; C. ## SARNIA LACROSSE TEAM QUILTS FOR THE SEASON

Players Are Preparing for Rugby—Start in Three Weeks.

**SARNIA, Aug. 24.**—Despite reports from St. Thomas and Brantford to the effect that the Sarnia intermediate lacrosse team was being booked for games in those places, the Blue and White have hung up their sticks for the season, and there is very little likelihood of them coming down for exhibition games. This announcement was given out today in answer to a query regarding these reported games.

With the elimination of the local squad by the St. Marys team the Sarnia players called it a season's work and hung up their equipment for a much-needed rest. A great many of the team will be out with the rugby team more good than keeping keyed up to concert pitch, and going from one strenuous sport into another that is equally strenuous.

## KITCHENER BEAVERS GET EIGHTEEN HITS OFF HURON HURLERS

**Aces Defeated and Tecs Now in Second Place.**  
**HAMS ALSO LOSE**  
**Cavanaugh Steps Into Some More Trouble at Saginaw.**

**SARNIA, Aug. 24.**—The Kitchener Beavers came to life with a bang at the Athletic Park here and handed the Hurons a 12 to 3 drubbing, hammering their way to victory at the expense of Schwab, their former camp mate, and Bullard, who turned them back with three hits a couple of days ago. Ernie Sharp led the van with four hits in four trips to the plate, including two triples, one off Schwab and another off Bullard.  
 The Hurons kept them well in leash until the fifth, when the Beavers batted around, knocked Schwab out of the box and pound 4 in six runs. By the sixth inning the Beavers had piled six sacks and played bang-up ball in the field. Sharp and Kyle featuring with successive circus catches in the third. Condon, while his hurling was well away after the third, and lightened up as the game progressed. Karl and Ashley were the other big clouters for the visitors. Last double plays nipped a couple of Huron rallies.

## P. U.'s Eleven to Go to Ottawa

**Secretary Muir Warned Them for Trip Last Night.**  
 Definite word was received in the city last night from Secretary Muir of the O. F. A. that the London and District soccer eleven would meet Lyalls side in Ottawa Saturday night, the game starting at 6 o'clock.  
 The London team will leave tomorrow night, with Tommy Hodgkinson in charge and with Councilor Matt Morgan in the party. They will be joined by Secretary Muir at Toronto. This is the second round for the London team in the Plenty Cup series, having defeated the Soo 3 to 2 in the northern city.  
 Lyalls have a fine reputation, but it is generally believed that the Londoners will be able to pull off a win.  
**Same Team.**  
 The London team will be the same that made the trip to the Soo—practically the Public Utilities team. The only change will be in an appropriate moment, when a team could not be gathered in time for the Soo trip, the Lyalls team will be used. The original Plenty Cup representative team, they were not originally slated as a team.  
 They are playing in top form right now and will have no alibis if they fail to come through with a win on Saturday.

## TWO TORONTO MEN IN SEMI-FINALS FOR CANUCK GOLF TITLE

**Thompson Registered Best Score Ever Made on Winnipeg Course.**

**WINNIPEG, Aug. 24.**—(Canadian Press.)—Sensational golf by Frank Thompson, the young Mississauga player from Toronto, was the outstanding feature of today's play in the Canadian amateur golf championship tournament at the Bird's Hill course. Thompson eliminated two of the strongest players in Western Canada, defeating the giant Calgary player, F. C. Morrison, six up and five to play, and following with an even easier win over Jackson Walton, the open champion of Alberta. Thompson played unbeatable golf, showing consummate control of his short approach shots, and had the honor of registering the best score ever made at the course of the Winnipeg Golf Club in the history of the previous record and also one under par. One untoward incident occurred during the match which may tend to take away his honor. At the hole for a putt for four lipped the cup, Walton in attempting to negotiate the partial stymie, sinking the Mississauga's ball. Counting the stroke against Thompson's unnecessary, Frank Bohn, 1, Wesley, 4, Edgerton, 2. First on balls—Off Bohn 1, Wesley 4, first on base—Brantford 4, Saginaw 11. Time—1:55. Umpire Cavanaugh.

## TEESWATER DEFEATED

**WINGHAM, Aug. 24.**—In the second game of the play-off for the championship of the local group of the N. W. B. A., the local nine defeated the Teeswater aggregation today by the score of 4 to 2. Wingham was behind until the eighth inning, when the Teeswater team went to pieces, and the locals showed across the winning counters. Batteries—Wingham, Telfer and Anderson; Teeswater, Booty and Colley. Umpires—McDonald and Wilson of Owen Sound.

## ENTRIES POURING IN FOR PLOWING MATCH

**Many From Across Line to Compete at Woodstock.**  
 (Special to The Advertiser.)  
 WOODSTOCK, Aug. 24.—The international plowing matches to be held here in October are attracting more interest than ever, not only in Canada, but throughout the United States. Entries from all parts of the world are coming in rapidly, and include exhibits of all kinds of farm machinery. Application has been received from a New York road-making machinery company asking permission to demonstrate road-making near the scene of the plowing, and an entry has been received from a large Italian tractor company to demonstrate their machine.  
 The plowing will be done on the grounds of the Ontario Epileptic Asylum, and, according to the officers of the association, is one of the finest locations on which the matches have ever been held.  
 The local committee, which is acting with J. Lockie Wilson of Toronto and others, have made arrangements to take over farm lands adjoining the asylum, and already spaces have been laid out for hundreds of refreshment booths and large eating-houses, which will be looked after by the various U. F. O. Women's Clubs of Oxford. The committee has also arranged for telephone and information booths.  
 It is expected that about 40,000 visitors will be here for the matches on October 19, 20 and 21, and nothing will be left undone to make this year's plowing matches the best ever held under the auspices of the provincial association.

## TENNIS TOURNAMENT AT LONDON JT. LABOR DAY

**Entries Close With Secretary Young on September 1.**  
 The Jolliffe Tennis Club of London Junction will hold an open tournament on Labor Day, it was announced last evening. On the program is the ladies' and men's doubles, mixed doubles and ladies' and men's singles. Entries will close with Secretary H. L. Young on September 1. The draw will be made on the following day.

# RAILWAYMEN EJECTED FROM LABOR COUNCIL

## Trastic Recommendation of Committee Is Indorsed by Convention.

### MAY TAKE LEGAL ACTION President Mosher Roundly Criticizes Course Taken by Delegates.

WINNIPEG, Aug. 24.—Ejected by a vote of 394 to 151 from membership in the Trades and Labor Congress of Canada, a meeting will be held tomorrow morning, at which the Canadian Brotherhood of Railway Employees will consider its future course of action. It will be a meeting of the hundred or so representatives of the brotherhood's members who were elected delegates to the present convention of the trades congress, and who are barred by the congress's action from future participation in the deliberations of the labor parliament.

#### Criticism Decision.

A. R. Mosher, president of the brotherhood, declined today to predict what his organization would do, but he issued a statement criticizing in severe terms the decision of the trades union to eject him from the labor body, numbering 7,000 to 10,000, represented by the C. B. R. E.

If the greater mass of Canadian labor had been allowed to vote its opinion, free from intimidation and interference, the result would have been different, said Mr. Mosher.

#### Serious Allegation.

"The vote of the congress on this issue is a striking demonstration of the power of the American dollar, ruthlessly applied, so that the domination of the international trade union over Canadian labor should not be lessened," added Mr. Mosher.

He said that he had evidence to show that delegates of the International Brotherhood of Railway and Steamship Clerks and the United Brotherhood of Maintenance of Way Employees were guaranteed \$5 per day and their expenses by their international headquarters while at the convention.

#### Not Vital Issue.

Mr. Mosher said that the congress was not a vital issue with his brotherhood, which had consistently adhered to the policy that Canadian workers must have complete autonomy in deciding Canadian issues.

"Co-ordinated efforts with the workers of the United States on the broader issues affecting labor is desirable," he said, "but the state of vassalage which the dictates of leaders in another country must be blindly followed should be superseded."

The statement of Mr. Mosher was accompanied by a legal opinion on the relationship of the brotherhood to the Trades and Labor Congress, furnished by W. P. Truman, a member of the Winnipeg bar.

#### Makes No Provision.

"The constitution of the congress," Mr. Truman wrote, "makes no provision for expulsion by congress. In the absence of such power no steps to effect an expulsion can be taken until the constitution is amended."

The brotherhood had a vested interest in the real estate and other assets of congress, of which it could not be deprived by an amendment to the constitution.

This afternoon the congress delegates took a holiday from their labors.

#### Resumed Discussions.

Consideration of the resolution which would expel the Canadian Brotherhood of Railway Employees from the ranks of the Trades and Labor Congress of Canada was resumed by the labor convention this morning. Many delegates desired to speak and the five-minute rule was enforced.

W. H. Hoop, Winnipeg, said he thought President Mosher of the C. B. R. E. had "made a mistake in seeking to develop a national organization and giving it expression." The C. B. R. E. derived its power as it reflected Mr. Mosher's claim to property rights in a labor organization.

#### Given 10 Minutes.

A. R. Mosher, president of the C. B. R. E. was given ten minutes to review the case. Mr. Mosher said his organization would make no effort to stop the convention through legal action if it was expelled, but he would not say that congress might not be brought into the courts after the convention had closed.

Mr. Mosher said the rank and file of his organization had been consulted in all negotiations.

#### May Not Attend.

"I am willing to take my labor policies from the trades unionists of the old land," declared Mr. Mosher.

The action of the congress went into effect at once, and consequently during the remaining sessions of the present convention, the press and the Canadian Brotherhood of Railway Employees may not attend except as visitors. They will have no voice in the remaining business of convention. Mr. Mosher announced that the Brotherhood of Railway Employees delegates would hold a meeting tomorrow.

# BEER SEIZED ON RANEY'S ORDERS

## Every Drop of Export 9 Per Cent To Be Sought.

WINDSOR, Aug. 24.—The building fund of Grace Salvation Army Hospital has been increased to the extent of \$500, because the Rev. J. O. Spracklin, boarded the cruiser of O. E. Fleming, K. C., in search of liquor. The national system, that Mr. Fleming had donated the damages recovered from the port-inspector to the local hospital set the immediate past vibrating family. The action which was instituted by Windsor business men against Spracklin drew national-wide attention at the plaintiff.

# BORDER OFFICIALS ARE WATCHING FOR \$200,000 SHIPMENT

## Big Cargo of Booze Being Sent, Says Toronto Rumor.

SARNIA, Aug. 24.—Following information received from the provincial authorities, border officials are today watching for a shipment of liquor valued at over \$200,000, and reported to have been shipped to the St. Clair River for shipment over the St. Clair River to the United States.

Admitting that they are investigating officials said they had received information beyond word received from Toronto that a report had been received that a large shipment of liquor would be sent to Sarnia.

Tonight it was said that the expected shipment had not been kept for it. This is the first attempt since the liquor court decision to legally ship liquor out of this port to the United States.

#### Will Be Increased.

With Sarnia's rapidly increasing population it was announced tonight that the city hall that aldermanic representation will be increased to 12, and that until the issue is settled satisfactorily it will be a feature of council discussions.

Mayor Crawford's ratepayers are concerned that the paying of \$1 meter tax had brought forth many complaints, as had the increase in the rate of \$1.00 per meter.

The statement of Mr. Mosher was accompanied by a legal opinion on the relationship of the brotherhood to the Trades and Labor Congress, furnished by W. P. Truman, a member of the Winnipeg bar.

# SHRINERS PICNIC DRAWS BIG CROWD

## Mocha Temple Patrol and Band Make Hit at Stratford.

STRATFORD, Aug. 24.—The big four-day circus of the local Shriners opened here tonight with a picnic and a large attendance of citizens. The rink has been transformed into a bower of beauty with flags and bunting, intermingled with colored lights. Booths of various kinds have been erected and many played the wheels for kewpies.

Mocha Temple Band and Arab patrol of London reached here at 4 o'clock this afternoon. Tonight as a preliminary to the opening, an open air concert was given.

#### Crop Competition.

The results of the corn and crop competition in Perth are announced as follows: 1. W. W. Ballantyne, Downie, \$20; 2. F. Bell, Downie, \$15; 3. R. Thompson, Downie, \$12; 4. Chabogast Bros., Ellice, \$10; 5. E. M. Ballantyne, Downie, \$8; 6. W. R. Mac, Downie, \$6; 7. Jacob Litt, Ellice, \$4. This was the first of this competition in Perth.

Robert Calvert died this morning, aged 85 years. He was born in Ireland and came to this country 20 years ago. Five years ago he moved to Stratford from Wingham. His wife and two children survive; also four brothers and one sister: David, Wingham; Edward, Washington; William, Welland; and Alex., Stratford. Mrs. C. Van Sickle of Stratford.

#### Death of Mrs. Jurgensen.

Word has been received here of the death at New York of Mrs. J. F. Jurgensen, nee Laura E. Thompson, formerly of this city.

The marriage took place here today of Mary A. Hamilton, daughter of Mr. and Mrs. Geo. Hamilton to Douglas Eric Wark of Pictou.

A quiet wedding took place Wednesday afternoon when Ada Helen Allen was married to Charles Alexander Reid, police magistrate of Goderich.

# FLAVELLE SEES CHANCE YET FOR C. N. R. TO PAY

## Warns That Politics Must Be Cut Out of Management.

### TELLS HOW TO FINANCE Suggests Plan Which Requires Capitalization of \$750,000,000.

OTTAWA, Aug. 24.—The Canadian National Railway system, properly administered and relieved from its present handicap will prove a splendid national system, in the opinion of Sir Joseph Flavelle, who, since May last has been director of the Grand Trunk Railway system. Patience by all concerned is necessary in the interval between the present alarming losses and heavy fixed charges, and the ultimately successful operation of the system.

Mr. Flavelle, in a letter to the prime minister, set out a plan of reorganizing the railway, and says: "If politics will permit and Parliament will press allow the needed freedom and give the necessary support, a national system will emerge." With this support he refuses to venture what may happen.

#### More Population.

An increased population, with an increased tonnage and passenger traffic is absolutely necessary if Canadian railways are to pay their way, he declares. The Canadian National system, as compared with the Canadian Pacific are lower because the former system is getting shorter hauls on both freight and passenger traffic.

#### Will Take Time.

Economies in the operation of the National system will be Canadian after the construction of the Grand Trunk, but these will take time. In the meantime, the operating ratio of the various units ranged from 55.34 per cent for the Grand Trunk Pacific to 176.33 per cent for the Grand Trunk Pacific, against 83.76 per cent for the Canadian Pacific.

On the whole, Sir Joseph says, the National system is costing more than one dollar to earn a dollar.

#### Suggests a Plan.

Sir Joseph suggests a method of financing the new National Railway Company, six per cent of the National system, and the Government to take common shares at par in payment of its advances to the various systems.

"Something like the situation would result if the railway company," says Sir Joseph in introducing his proposal. He remarks that the Dominion government cannot be relieved except through increased earnings. The first of his suggestions is that the initial cost of constructing the Intercolonial and Transcontinental would be written off at once.

#### Gives the History.

In his letter to the prime minister Sir Joseph covers the history of Canada's railway development, which, he says, in itself brought about the present acute railway problem. If the Grand Trunk and Canadian Northern had been sold years ago, the railway would not have been facing the present situation, while a powerful corporation with private capital and with a serviceable railway would have been given the needed service.

Sir Joseph states that three transcontinental lines have been constructed, when two were all that were required, and that the business of Canada and its support. Added to these is the N. T. R. from Winnipeg to Montreal, and the Hudson Bay Railway, projected from Winnipeg to Port Nelson.

#### Crippling Losses.

"Crippling losses through operation and fixed charges followed in the letter over-railroaded territories," the letter continues. The government had repeatedly attempted to meet railway deficits, and subsequently decided to take over the privately-owned roads.

"The effect has been to make the country responsible for the operation of 22,000 miles of railway, and responsible for the interest upon the securities issued by these railroads and now held by the public.

1,800 miles of National Transcontinental road, 1,500 miles of Grand Trunk Pacific and probably about 1,000 miles of Canadian Northern road east of Port Arthur, are not actually needed for the business of the country, they will fall into disuse.

"The letter points out that large capital sums must be expended on betterments, consolidation and terminal facilities to enable the National system to compete with the private Canadian Pacific." "These capital expenditures," it said, "will aggregate \$125,000,000, and when they are completed will constitute a new fixed charge of \$10,000,000 per year in excess in the present fixed charges and equivalent to two-thirds of the entire fixed charges upon the Canadian Pacific Railway, which stands at \$15,910,315.

#### Loss \$45,375,981.

"The estimated operating losses for 1921, recently submitted to Parliament by the National system, including the Grand Trunk, were placed at \$8,377,000, which, plus fixed charges of \$36,998,981, make an aggregate loss to be met by the country of \$45,375,981, 60 per cent of the interest due the government for advances upon loans of \$353,000,000, and exclusive of interest upon the investment upon National Transcontinental and Intercolonial Railways. The loss in operation for the first six months of 1921, which has now been established, indicates that the earnings for the year will exceed the estimate."

#### Need Real Men.

Sir Joseph in his statement asks whether Parliament, the press and public would support the administration of the national railway support which will permit administrative capacity of high order.

Sir Joseph refers to the development of the C. P. R. and speaks of its system as a national asset of great value and importance. "If good sense prevails," Sir Joseph states, "the executive officers of the two systems will plan together to meet the transportation

#### WATCHING CLOSELY FOR SMUGGLERS

(Special to The Advertiser.)  
WINDSOR, Aug. 24.—Automobile loads of smuggled merchandise are being seized here almost nightly by customs officers at the ferry dock.

Farmers especially, the officers say, have a penchant for smuggling clothing manufactured in the United States.

Tonight the officers found more than \$200 worth of clothing, including overalls, shoes and hats concealed under the seat of a car driven by a rural resident. The farmer was warned that a second offence would mean confiscation of the car in addition to a term in the county jail. He was fined double regular duty plus cost of the goods.

#### Dail Eireann's Answer to Lloyd George Is Expected Shortly.

DUBLIN, Aug. 24.—The belief was expressed here tonight that the Dail Eireann's answer to the peace in Ireland will be a refusal of the terms, but that the refusal will be followed with argument, seeking to induce Mr. Lloyd George to continue the negotiations.

This belief was considered to be substantiated by the fact that two of the members of the Dail Eireann, Mr. Eamonn J. Duggan, two prominent members of the Dail Eireann, and conference lasted several hours and was devoted to the question of the continuation of the truce in the event of rejection of the Government's terms.

#### FAVORS SMUTS' PLAN.

LONDON, Aug. 24.—(Canadian Press)—A Reuter cable from Melbourne says that in moving an adjournment of the Australian senate to discuss the Irish question, Senator Lynch expressed the opinion that Ireland should accept Premier Smuts' recommendation of dominion status for the present.

Senator Lynch dwelt on the importance of the principle to Australia, who, he said, would not survive a minute if disassociated from a first-class nation which referred sympathetically to Irish national aspirations, and declared he was brought up to hate the Union Jack as an emblem of tyranny, but expressed his hope that the British government would be a guardian of liberty and justice. The motion was taken.

# GEORGE BROWN IS DROWNED AT PORT

## Lad Stepped Into a Deep Hole While in for a Swim.

PORT STANLEY, Aug. 24.—George Brown, aged 11, was drowned this afternoon shortly after 4:30 near Willow Beach while in bathing, and his brother Leonard, aged 8, came within an arm's length of losing his life at the same time.

The lads, it is believed, stepped into a hole while about 50 feet out from shore. They were in the water for minutes before being rescued by passersby.

H. J. Dikeman and the nurses for the St. Johns Ambulance Corps worked the dead but all efforts proved unavailing. The younger lad was brought ashore in a few minutes.

George Brown, it was stated to Advertiser, only returned this afternoon from a vacation in the country to tend the outfit. His mother and father were in the West. The drowned lad has two brothers and a sister.

This is the fourth drowning here this season.

# Why Castoria?

## YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedy in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another but so disguised as to make them pleasant to the taste, yet really to stupefy child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination would take the place of these disagreeable, unpleasant and vicious remedies from habit had become almost universal. This was the inception of, and the result, the introduction of Fletcher's Castoria, and for over 30 years it has proved worth, received the praise of Physicians everywhere and become a household among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for her own without consulting a physician.

Have You Tried It? Everybody has read the above headline; how many have tried it? Have you a little-one in the home, and has that dear little one when its stomach was not just right felt the comforts that only the use of Fletcher's Castoria? You have heard the cry: "Have you heard them cry for Fletcher's Castoria? Try it!" Just help baby out of its trouble tomorrow with a bottle of Fletcher's Castoria. Watch the difference in the tone of the cry, the squint of the eye, the wiggle in the tiny fingers. The transformation is clear from pain to pleasure. Try it. You'll find a wonderful lot of information about Dabb's booklet that is wrapped around every bottle of Fletcher's Castoria. GENUINE CASTORIA ALWAYS Bears the Signature of *Chas. H. Fletcher*

**TOLMIE TO SEE BORER AT WORK**  
Minister Will Make an Inspection of Fields in Elgin.

ST. THOMAS, Aug. 24.—Dr. S. F. Tolmie, minister of agriculture, who opened the gladiolus show today, intimated that, accompanied by the Dominion and provincial entomologists, he will visit the districts suffering from the corn-borer and take observations of the ravages of the pest.

The minister left for London this evening and will be back tomorrow afternoon. He will be at the Toronto exhibition on Saturday.

**Death of Mrs. Pearce.**  
The death took place today of Mrs. Margaret Pearce, widow of the late George Pearce, at the home of her daughter, Mrs. Samuel Piper, Port Talbot, Mrs. F. C. Evans and Mrs. Arthur Giles, St. Thomas, Fred and John Pearce, Detroit, and Edwin, Saskatchewan.

The funeral will be Friday afternoon from the residence of Mrs. Giles, Southwood street, to St. Thomas Cemetery.

**Death of Mrs. Bailey.**  
Mrs. Phoebe R. Bailey, widow of the late W. L. Bailey, died yesterday at her residence, Sparta, in her 65th year. She was a resident of the township during her entire life and is survived by two daughters and two brothers, Mrs. C. H. Dennis, Yarmouth, Mrs. Stearns New York; James Hillborne, St. Thomas, and Hiram Hillborne, Cleveland.

The interment will be in the Friends' Cemetery, Sparta, Thursday afternoon.

**Returns to London.**  
William H. Ingram, who is engaged in journalistic activities in London, left for New York today after a few months' holidays with friends in St. Thomas. Mr. Ingram will visit Germany in September.

**A NOTEWORTHY EXHIBIT.**  
A magnificent collection of mounted birds, fish and animals native to the Dominion of Canada, will be a feature of the exhibit which the Canadian National-Grand Trunk Railways are installing in the Railway Building at the Toronto Exhibition this year. The specimens of fur and feather have been gathered in the Highlands of Ontario, and include loons, wild geese, ducks, plover, woodcock, hawks, owls, ravens, flickers, partridge woodchicks, porcupine, raccoon, muskrat, otter, fox, mink, skunk, beaver, arctic hare, caribou, wolf, lynx, deer and moose. The lakes of Algonquin Park have given up some of their finest of sporty fish—speckled trout, bass, bluegill and salmon—for the exhibit. The collection has been arranged in a handsome booth and should attract great attention, as it is seldom that a complete collection of native birds and animals has been gathered together. The collection illustrates in a striking way the diversity of wild life that is found in the Highlands of Ontario.

Thousands of Blooms From Best Gardens of Canada and United States Delight Flower Lovers—Fine Address by Minister of Agriculture.

[By Staff Reporter.]  
ST. THOMAS, Aug. 24.—With more than 1,000 exhibits by more than 100 exhibitors, and an attendance that ran into the thousands, the twelfth annual exhibition and convention of the American Gladiolus Society was opened at Alma College Wednesday afternoon by Hon. Dr. Tolmie, minister of agriculture in the Dominion Government. Up to this evening some 400 visitors from out of town and nearly 100 members of the society from remote parts of the United States and Canada had registered.

Judging in approximately 120 classes was commenced this afternoon, but will not be completed until some time this morning.

**Business Session.**  
The business session of the society was postponed from yesterday to this afternoon, when it will be held at 2 o'clock. The addresses and musical program of this afternoon and evening were held on the beautiful grounds of Alma College, where a stage had been erected under a spreading maple tree. An attractive band program was presented by the Elgin Regimental band, and a Kiwanis Club sing-song followed the band concert, and the second speech of Dr. Tolmie in the evening.

**Warmly Welcomed.**  
Dr. F. J. Bennett presided at both programs today, after welcoming the members of the society to St. Thomas, the first city in Canada where the society had ever convened, introduced Dr. Tolmie, who, after a short address, declared the exhibition formally open.

In previous years, said Dr. Bennett, large American cities, like Boston, New York or Cleveland, had been selected for the convention, but from the attendance already in evidence, and the great beauty, number and variety of the exhibits, prospects very much pointed to this convention being the largest in the twelve years' history of the society.

Dr. Tolmie, in his afternoon address, referred to the splendid work horticultural societies generally are carrying on in Canada, and particularly cited the successful efforts of the St. Thomas society in transforming the unsightly view of a railroad town into scenes of such beauty that St. Thomas had become widely known as the Flower City of Canada.

Interest in horticulture worked great-

**THE PICK OF THOUSANDS**

The handsome gladioli shown in the illustration were selected as the finest in the show. The colors in these blossoms are indescribable, and the flowers were the most perfect in the history of the show.

**NO ELECTION IS IN SIGHT IMMEDIATELY**

**MEIGHEN IS COMING SOON**

Premier to Give an Address in London September 1.

[Special to The Advertiser.]  
OTTAWA, Aug. 24.—Any doubt as to whether a session should precede a federal general election has been pretty well dissipated by the announcement tonight that the writs for the by-election in West York, left vacant by the death of the late Capt. Tom Wallace, have been issued. Nomination day will occur on September 22 and polling day on October 6. It is anticipated that writs for the other four by-elections, in Maple Creek, St. Antoine, Durham and Brockville-Leeds, may be issued shortly, in which case the summer and autumn will have been far spent before the test of public opinion has been fully accomplished.

**Coming to London.**  
In the meantime it is announced that the premier will deliver a public address at London on September 1. In the course of his address Mr. Meighen will no doubt make known the policy of the Government, to some extent at least, though the purpose of that Government will be largely contingent upon the result in West York and other vacant counties. On September 2 the premier will be the speaker at the press luncheon at the Toronto exhibition. He will not talk politics there.

**CHATHAM MEN WERE SLASHED WITH KNIFE**

In Serious Condition Following Attack in Sandwich Hotel.

[Special to The Advertiser.]  
WINDSOR, Aug. 24.—Harry Green and Wm. Dykes, King street, Chatham, are in a serious condition as a result of being injured early this morning by a knife in hands of Philip Swartz of Detroit.

The Chatham men came to Windsor Tuesday. They were the guests last night at the Wellington Hotel, Sandwich. During a quarrel, it is alleged, over the price of liquor, Swartz and seven other men first smashed an automobile owned by Green and then slashed him across the face with knives. Almost blinded with blood, Green and Dykes staggered five miles to Sandwich, where they were found at 6 o'clock this morning, sitting on steps of the police headquarters. Swartz is under arrest.

**TERRIBLY INJURED UNDER TRACTOR PLOW**

[Special to The Advertiser.]  
THAMESVILLE, Aug. 24.—(Gen. Bedford was terribly injured this afternoon while driving a tractor at the farm of Thomas Jackson near here. The cap came off the radiator and Bedford, instead of stopping the machine, climbed down and ran ahead trying to put it on. His clothing caught and he was hurled to the ground and the heavy plow passed over him. The blades cut his back deeply, inflicting serious wounds. He suffered considerably from shock also.

**THREE SISTERS ARE DROWNED IN BAY**

Crying of Motherless Babe Gives First Clue to Tragedy.

KINGSTON, Aug. 24.—Three daughters of Mr. and Mrs. William Scott of West Port, Ont., were drowned this afternoon in Collins Bay. They were Mrs. Harold Rice, aged 28, and her two unmarried sisters, Miss Bernice Scott, aged 18, and Miss Beatrice Scott, aged 16. There was no witness of the accident, but it is apparent that Mrs. Rice had gone to the help of her sisters who were in bathing. The young girls were in bathing suits, while Mrs. Rice was not. Cries were heard from the water about 3 o'clock by people in the vicinity, but no attention was paid to them as it was not realized that any one was in danger, and the tragedy was not revealed until 4:30 when Mr. Rice returned home. He found his 18-month-old baby in the house and crying. Fearing that something had happened he rushed to the bay and was horrified on seeing the body of his wife standing upright in the water with only a few inches of water above her head. A little farther out were found the bodies of the two younger girls. It is presumed that Mrs. Rice, in a desperate effort to save her sisters, kept wading towards them until her life was snuffed out. Mrs. Rice lived at Collins Bay with her husband, and her sisters had come from West Port to visit her.
