BIBES AND THE BRIBERS

Assertions And Denials Made at the Bribery Trials On Thursday

CONTRADICTS HUTCHISON

Toronto, Nov. 9.—The London conspiracy case lasted but little over an hour yesterday. The crown had few witnesses, and nothing startling was forthcoming. The trial goes over until next Wednesday at 11 o'clock.

John E. Campbell of London told of being canvassed by James MacCormick, but had received no money. He had found five dollars in an envelope in his pocket one night in the lodgeroom, but did not know where it came from.

Ed. Stonehouse swore that he got \$25.00 from Parke last spring. Although he had given no value, he did not think it was for election purposes.

Mr. DuVernet said that, in his evidence yesterday, Parke swore that he had never given any money to Stonehouse, but Mr. Curry objected that that was not evidence, and the magistrate allowed the objection.

Hutchison Story Denied. Francis Hutchison of London got \$10 from Jerry Collins at the bye-election, but denied seeing Sifton or Lewis in the matter. He told the court of Charles Stevens having said that Dick Tothel had given him \$25, and that if he voted for Gray he could have part of it.

"I told him that all the money he and Dick Tothel had could not buy my vote," said the witness. William Rutledge had offered him a load of hay to vote for Gray.

Stevens and Rutledge were present, and denied point blank Hutchison's story.

Frederick Bates and C. C. Lyman of Brockville told that they had been instructed how to switch ballots by Pritchett, but neither could identify Pritchett as the man, nor could Pritchett, who was present, identify them as pupils.

THE LATE MR. MCGARVIN

Michael H. McGarvin, one of Chatham's oldest and most respected citizens, died at St. Joseph's Hospital on Thursday evening, at the age of 71 years. The funeral will take place from the Victoria Avenue Methodist church on Saturday afternoon at two o'clock.

The deceased was seized with a severe attack of paralysis on Wednesday the 31st, and he was immediately taken to the hospital, but he never fully regained consciousness. To add to the grief of the family, Mrs. McGarvin met with a serious accident a few days ago. She slipped while going down stairs and fell to the bottom, sustaining injuries which have caused grave apprehensions of what the result will be.

The surviving children are: Mrs. W. E. Shackleton, of Cleveland, Ohio; Robert and Susan, of Philadelphia, and Harry, of New York City. They have the sympathy of a very large circle of relatives and friends in their sad affliction.

For a number of years the late Mr. McGarvin conducted a real estate business here. He was born in Harwich, and lived all of his life in this county. He was a respected member of the Methodist church. He was respected by all who knew him.

AN IMMENSE SALE

Stone The Hatter is Selling His Whole Stock At A Bargain To Make Room For Improvements To His Store

Stone, the Hatter, is a very busy man these days. He is in the midst of a remodeling sale, and judging from the vast crowds in attendance, the sale is a decided success.

Mr. Stone announces that he intends to remodel his whole store, and when it is completed he will have one of the finest gent's furnishings establishments west of Montreal. Mr. Stone is a hustler in the business world, and he will no doubt carry his scheme to a successful issue.

Everything in the store has been marked down to the very lowest notch, and profits are not considered. Mr. Stone is a hustler in the business world, and he will no doubt carry his scheme to a successful issue.

It is quite evident from the crowds of buyers who are flocking to this establishment, that the stock will be sold. Chatham people are not long in realizing good bargains when they see them, and now is a good time to take advantage of those offered by Mr. Stone.

It is the intention of this firm to commence the improvements to the building early in December, or earlier if the stock is sold in time. If every man in Chatham only knew of the bargains offered, it would be safe to say that Stone's would be cleared out in a week.

ALL NEXT WEEK

The Morris Thurston Company play at the Brisco Theatre all next week; the best of plays and people will be presented with specialties galore, including moving pictures and illustrated songs between acts. The prices are only 10, 20 and 30 cents. On Monday night ladies will be admitted free if tickets are secured before 8 p. m.

The play for Monday night is "A Colorado Waltz."

PICTURES FOR CENTRAL

Through the kind offices of Mr. Herbert S. Clements, M. P., two fine new pictures have been secured for the Central School. The views are of Murray Bay and Bras By Lake, Quebec, respectively.

The views were presented by the Intercolonial Ry., through their advertising agent, Mr. W. W. Oughten, whom Mr. Clements interested in the matter through the Minister of Railways.

GRACE IN WINNIPEG

Frank Grace, a well-known eastern lacrosse player, arrived in this city yesterday and will make his home here in the future. Frank learned the game in Annapolis, Ont., a town that has already given Winnipeg many good players. He played with Chatham in the C. L. A. this season, and also helped the Calumets, of Chicago, win the Comiskey cup—Winnipeg Free Press.

SPECIAL SERVICES

Special services are being held in the Victoria Ave. Methodist Church. They are being well attended, and are proving highly successful. Last evening Rev. A. B. MacGillivray gave an interesting talk on Power. Miss Lou Jackson and Mrs. Wilson sang a duet, which added greatly to the interest and pleasure of the service. Rev. W. L. Rutledge will speak at the meeting to-night. The interest in these services is growing.

HYMAN WILL NOT RESIGN

Says There Is No Truth In The Globe's Rumor That He Will Give Up Seat

THE PREMIER'S DENIAL

Ottawa, Nov. 9.—"I have not heard of it," said Sir Wilfrid Laurier last evening when asked if there was any truth in the statement made by The

HON. C. S. HYMAN.

Toronto Globe that the Hon. Charles Hyman would resign his seat in the House of Commons.

"There is absolutely no truth in it," said Mr. Hyman, when the same question was put to him.

To Bring Event About. Consequent upon The Globe's announcement of the rumor of intended resignation, there was considerable excitement in political circles here last night, but your correspondent was unable to trace any real foundation for the report. One of the Ministers said that the publication of the rumor was either mere speculation on the part of The Globe or was published for the sole purpose of bringing about an event that that newspaper desired.

The Globe's Despatch. The Globe despatch was as follows: (Special Despatch to The Globe.) Ottawa, Nov. 8.—It is rumored here that the resignation of Hon. C. S. Hyman of his seat for London, will take place very shortly. Mr. Hyman returned from New York this morning.

THE KING'S BIRTHDAY

The King's birthday is being observed in Chatham to-day. From every public building flags are flying at full mast, and national emblems are also displayed from many private dwellings and stores.

In the Central school this morning a patriotic drill was held, and the children marched through the halls carrying flags. Patriotic exercises are being held in the kindergarten this afternoon.

In the McKeough school a flower show is being held, and the children have been granted a half holiday. The model students are attending the show. This affair is a credit to the teachers of this school, and it is proving an unqualified success.

NONE BETTER

The attraction "Charley's Aunt," which plays the Brisco Theatre tomorrow night, is the greatest of all comedy successes. The company advertised for Chatham is the original New York cast, and the same organization which played the Detroit Theatre in October last, going there for a week's engagement to the Princess Theatre, Toronto, where they play a return engagement next week. POPULAR LECTURE

Rev. Mr. Clark Of London Delights A Large Audience In Holy Trinity With A Splendid Address

The Rev. T. B. Clark, of London, gave a most interesting talk on the "Noted Cathedrals of England," illustrated by time light views, in the Holy Trinity Sunday school last evening.

Commencing with a beautiful church in Wales, which was built in A. D. 710, the lecturer showed views of many of the noted cathedrals and churches, some of which had been built by the Romans. With each he gave a brief description, pointing out the chief beauties, drawing attention to the perfect architecture and the wonderful proportions.

Mr. Clark has the gift of being able to entertain adults and children at the same time. While he would give a brief historical sketch of each building, he would also tell some incident connected with each that would hold the attention of the younger part of the audience.

At the conclusion Mr. Clark told the "Story of the Cross" with illustrations. Before the audience was dismissed Rev. J. W. Hodgins in a few well chosen words thanked Mr. Clark for the delightful evening he had afforded the people, and said that he had been thinking as he looked at the pictures of the exquisite places of worship in which there were choirs of twelve or fifteen hundred voices, he could not help feeling how plain, cold and bare the church in this country must appear to the people who come to settle here, but he reminded them that the same God whom they worshipped there, was ever present to hear, help and protect them.

Mr. Clark has promised to return at some time in the future, and give another lecture, and we are sure he will be given a hearty welcome.

A TRUANT OFFICER.

At the meeting of the Public School Board held Tuesday evening, Inspector Park found it his duty to draw to the attention of the Board the noticeable decrease in school population. The report was received, but nothing was done in reference to this clause.

The matter of the attendance at the Public schools was the subject of an editorial in The Planet a few days ago, when it was pointed out that there are probably more truants among the school children to-day than there ever were before. The matter ended there, and no provision has since been made, to look after these children who are growing up, uneducated and unfit for their place in the world as citizens of a progressive country. The report of the Inspector, coming as it does when the question is still before the people, may have some effect upon those who are supposed to guard the interests of the city in this respect, and may arouse the authorities to a sense of their duty in making ample provision for the proper enforcement of the Public School Act.

Since the office of Sanitary Inspector and Truant Officer was divided and a man was appointed to serve as Sanitary Inspector alone, the position of Truant Officer has seemingly been left to take care of itself. It has never been clearly defined as to who shall look after the onerous duties of this office, and as a result the truants are becoming more numerous, and the effect upon the city will not be of the most desirable character.

What Chatham needs very badly at the present time is an energetic Truant Officer, and the sooner the Council realize its duty in appointing a competent man to this position, the better it will be for all concerned.

The election of Rev. W. H. G. Colles to a position on the Provincial Educational Council, as announced in last evening's issue of this Great Home Journal, will be received with interest by the many friends of this prominent educationist. We predict that Mr. Colles will prove one of the strongest and most valuable members on the council this year.

The announcement that Hon. Adam Beck will visit Chatham during next week to discuss Niagara Power with those local men who are interested in this important question, is only possible through the splendid work of Ald. Austin, who has taken an interest in the matter and has acted promptly in securing this visit from the Minister. It is hoped that there will be a very large attendance at the meeting, and that much good may result from Mr. Beck's proposed trip to Chatham.

A PLEASANT ASSEMBLY

The first of a series of assemblies to be given by the Terpsichore Club during the season of 1906-07 came off Wednesday evening, Nov. 7th, with due éclat. Music was furnished by Finzel's orchestra, of Detroit, and it was generally admitted that last season. The dancing commenced at nine o'clock and was participated in until three a. m., with an intermission between twelve and one for refreshments, during which time Mr. W. Knight's services were greatly appreciated as caterer.

The members of the committee are to be congratulated on making the informal At Home the success that it was. The young ladies of the town also to be thanked for their efforts in a right way.

There were about seventy couples present, most of the young ladies and gentlemen of the town, several from the surrounding community, and numbers from Mu. J. Ridgetown, Mu. J. Chatham and other centres. Some of the guests present were Mrs. Watson, Mr. Thompson, Dr. Rutherford, Dr. Smith, Mrs. Treves, Dresden, Mr. Douche, Ridgetown. The committee was composed of Mr. Gibson, Dr. C. B. Stover, Tait and Egerton.

The Brisco Theatre will have for its offering to-morrow night what is claimed to be the best production of the greatest of all the English farces, "Charley's Aunt," ever given in this country, and the unusual interest manifested in the attraction already assures a crowded house. The cast is headed by that comedian who

set all theatre-goers laughing laughing when the play was first presented in the United States, Etienne Girardot, who may be said to be quite as amusing in the chief part as it was ten years ago, when he delighted our amusement seekers with his quaint comedy. A clever supporting company has been engaged, including Henry Warwick, Ed. Allen, Frank Hollins, Galvey Herbert, Jacques Martin, John Norris, Nina Herbert, Pauline Neff, Helena Byrne and Alice Martin. It has been fitted with new scenery, and has all the distinction so far as these things go, of an original production.

"Charley's Aunt" is without doubt the most popular farce written in fifty years. Its vogue is not confined to any one country or nationality. It is now being toured in all the European countries.

In a word, the principal roles in "Charley's Aunt" this season will be played by a company of comedians of the first rank; and the scenery and properties are the same that were used during the play's ten weeks' run in New York last spring.

MORRIS-THURSTON CO.

Monday night being the first appearance of the Morris-Thurston Co. in this city, the management has decided to admit one lady free with each person holding a paid 30 cent ticket. The offering on Monday evening will be the sensational comedy-drama entitled, "A Colorado Waif." Pleasing specialties will be introduced between the different acts, making a continuous performance.

The Morris-Thurston Co. is not what is commonly termed a "Rep. Show" but a city stock company, composed of players of recognized ability, and well known vaudeville artists. Manager Brisco guarantees this to be the best popular price company that has ever played Chatham.

This company hold the boards at the Brisco Opera House all next week, with a special Wednesday and Saturday matinee. Prices 10c, 20c, and 30c, during the engagement.

SURPRISE SOAP

A PURE HARD SOAP

SOME PEOPLE WASH FLANNELS with common laundry soap. The rubbing and boiling to get the dirt out makes all the wool fibres contract, and the flannel shrinks until much smaller each way.

When you use "SURPRISE" Soap it isn't necessary to boil or rub hard. "SURPRISE" loosens up the dirt so that it drops right out. The flannel doesn't have any excuse for shrinking.

Everybody who dreads washday should try "SURPRISE" Soap. It doesn't cost any more than common soap.

Household Hints For Women

A Column Specially Prepared By The Planet For The Busy Housewives of Chatham and Vicinity.

Blouses for Fall and Winter. By Dorothy Dale.

The white lingerie blouse which has been so much worn for several seasons past will be superseded this winter to a great degree by waists made of silk, flannel and various materials of the not washable variety. Indeed, colored blouses promise to be more in vogue than for several seasons, and several of the best houses are showing models of fine light-weight broadcloth, crepe, silks, chiffon cloths and such fabrics in various colorings as well as in white. It must be admitted, however, that for wear with any sort of odd skirt the white, washable blouse is most desirable, and colored waists, a look more latitude is allowed in the coloring of these separate blouses, and one can safely select several in various colors without the danger of an inartistic effect.

It is noticed on a good many of the best models seen that the color of the suit which the blouse accompanies is repeated in the trimming of the blouse. For instance, two blouses recently turned out by one of the New York houses all had touches of black cleverly introduced, having been designed for wear with a coat and skirt of black broadcloth. The first blouse, which was rather elaborate in style, was of cream lace over chiffon and silk, the yoke, which was of heavy lace in contrast to the sheer lace of the blouse, being outlined by a tracery of pale yellow and white silk braid, fine lines of black also being introduced around the collar top and about the elbow trimming of the short sleeves.

The second blouse, which was for more general wear, was of simple lightweight apricot-colored broadcloth. This was made up in plaited shirtwaist style with rather deep cuffs that buttoned. The buttons on the sleeves and on the front middle plait, where they were set in groups, were covered with black satin, and there was a folded girdle and little cravat of the same.

The short sleeve is still much in favor for waists of the more severe tailored style, and some of the cloth blouses are designed to be worn with a detachable white yoke and undersleeves. White turnover collars and cuffs are also very smart, and are so generally becoming that they will be much seen.

Accordion-plaited blouses of soft silk or crepe to match the costume with which they are to be worn are most attractive and are very easily made, as they require very little trimming. A semi-transparent yoke and collar are usually introduced, and ruffles or lace generally trim lower part of the short sleeves.

Plaids and striped or checked silks are all used by the blouse-makers, but to many women the plain surfaced

materials are more becoming than those of the more fully patterned sort. For general service the wash flannels are to be recommended. They look best made up in severe tailored style much like the linen shirtwaists so popular during the summer, and are worn with a linen collar or embroidered turnover and a bow of four-in-hand tie of black or colored silk. A flat patch-pocket is often set on at the left side of these waists, of which the sleeves are made very much like those of a man's shirt, with straight cuffs worn with link buttons.

Two models are shown among the illustrations which are exceptionally pretty in the original. The first sketch was taken from a blouse of pale blue crepe. The little yoke was of the crepe outlined with inch-wide fine German Val insertion, the neck of four-in-hand tie of black or colored silk. The body of the blouse and sleeves being formed by two-inch wide crepe gathered on each edge to the lace insertion, forming puffs. The blouse fastened in the middle of the back under a strip of the lace. This model is also very effective in black crepe and lace over either a black or white lining.

The second drawing was taken from a white lingerie blouse of sheer French mull embroidered in shadow work, although the same design could be carried out in silk or crepe, the hand work being done in raised French embroidery. The upper part of the blouse was backed to yoke depth, and was scalloped around the neck, the embroidered collar being clipped inside. A simple flower pattern was used for the embroidery garlands which ornamented the scalloped caps of the sleeves as well as the front and back of the blouse. Pinch tucks run in to form oval-trimmed lower part, a small flower form being embroidered in the centre of each oval.

DOROTHY DALE.

Second Place in Doubt.

New York, Nov. 8.—At midnight last night there was still doubt as to who is elected Lieutenant-Governor of New York. Sixteen counties had not reported the official count at that hour, but on the face of the figures in hand at that hour the result seemed favorable to Lewis Stuyvesant Chandler of the Democrat-Independence League ticket. Charles E. Hughes, Governor-elect, has a majority of 52,000 approximately.

In Too Much Pain to Live.

Belleville, Nov. 8.—David Bowler tried to commit suicide Tuesday night and is now in the police station. Some time ago he lost both his legs in a railroad accident, and since then has said that the pain in his stumps was so great that life was not desirable.

Talents never wear out.

DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the United States Dispensatory, a standard authority, "to impart tone and increase power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root or *Collinsonia Can.* Prof. Wm. Paine, author of Paine's Epitome of Medicine, says of it:

"I not long since had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up stairs. He, however, gradually recovered under the influence of *Collinsonia* (medicinal principle extracted from Stone root) and is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dangerous a malady. With them it was all guess-work, and it fearfully warned the afflicted that death was near at hand. *Collinsonia* unquestionably affords relief in such cases, and in most instances effects a cure."

Party Men to Decide.

Portage la Prairie, Man., Nov. 8.—The Government's telephone policy is the chief question before the convention of Manitoba Municipalities now in session.

Mayor Fleming, Brandon, declared that it was a straight party issue and asked the convention not to consider the problem now.

It looks as if when it came to deciding what the convention will do it will be on a straight party vote.

The Lonely Life

The Tragic Confession of a Spinster, Who Realizes That No Fame or Wealth Can Compensate for the Solitude of Her Life.

In this article the author, whose name for obvious reasons we are not at liberty to disclose, drops for once the mask which she in common with other "Bachelor Maids," is accustomed to turn to the world.

Though no longer young, she frankly says she longs for the companionship of a husband and the care of children. The circumstances which have kept from her the happiness which these blessings bring are stated with the same directness which characterizes the whole article. It is the life-story of a "successful" woman, a drama of real life in which the last act is a tragedy.

WRECK WAS DISASTROUS

Seven Lashed In The Rigging For Ten Days And Nights

ADEONA'S CREW DROWN

Richtbuckto, N. B., Nov. 8.—It is now certain that all the crew of the barque Adeona, wrecked near here a few days ago, have been drowned. Monday a boat left the ship with seven men aboard, but all were drowned before reaching shore.

It was then believed that was the whole crew, but the next day seven more men were seen on the wreck. For ten days and nights these men would be seen lashed in the rigging, making frantic signals for help, while tremendous seas broke over the ship's hull. The cold was bitter and one by one the men perished and the bodies washed ashore. Yesterday morning was the first time no sign of life was seen aboard.

The gales continue and rescuers are not able to reach the vessel. There is no life-saving station near here and a staunch lifeboat hasn't been obtained. The bodies which were washed ashore were frozen stiff.

One body, washed ashore last night, was that of a German student who had been sent out by his father in charge of the captain for a trip for his health. He was still alive when pulled from the surf, but the excited shoremen neglected to do anything towards resuscitation. He was of wonderful physique.

RUSSIAN BARQUE BREAKS.

Captain and 8 Reach Shore, 5 Are Dead, 7 on Wreck.

Charlottetown, P. E. I., Nov. 8.—The Russian Finn iron barque Sevinde, lumber-laden, is a wreck off Priest Pond, P. E. I. She was from Dalhousie, N. B., for Melbourne, Australia.

Capt. Wigland and eight men got to shore, three men washed ashore drowned and two more drowned, are still among the wreckage. Seven men are still in the wreck, three on one portion and four on the other, some distance apart.

The ship broke amidships and the centre is carried away. Two doctors from Souris have gone to attend to the injured, who were mangled by the floating lumber. The men on the wreck are without food, fire or water and can scarcely hold out until daylight.

Two Barques Ashore. Charlottetown, P. E. I., Nov. 8.—Two Norwegian barques are ashore between Priest Pond and Blackburn. One is the Olga; the name of the other is not known. The crew of the Olga will probably be saved, but most men of the other are likely lost.

COLLIDES WITH CAR FLOAT.

Steamer Maine Beached on Manhattan Island With Nine in Sides.

New York, Nov. 8.—The steamer Maine of the Providence Line collided with a car float near Hell Gate yesterday morning, and was so badly damaged that she was beached on Manhattan Island at 86th street.

A large hole was stove in the Maine's side above the waterline. Several freight cars on the float upset, and she broke loose from the tug. When Capt. Hazard beached his vessel she ran on a submerged rock, and she went bow high out of the water.

The Maine was floated in the afternoon.

Two Dead in a Shack. Halleybury, Nov. 8.—The bodies of two men, Thomas G. Porter, formerly editor of The Mattawa Tribune, and Geo. White, a stonemason, have been found in a shack, where they had been lying apparently for several days. Mr. Porter, it is said, was at one time a clergyman of the Church of England.

Brother's Shot Kills Brother. Toronto, Nov. 8.—Little Cyril Story, aged 7, of 189 First Avenue, who was shot by his brother Willie, aged 12, while at play, died yesterday in the General Hospital. The accident took place on Sunday, Oct. 21. Willie found a 22-calibre rifle in the house and not knowing it was loaded snapped it at his brother. The bullet went into the head.

Mistaken For Deer. St. John, N. B., Nov. 8.—While walking through the woods some miles from this town, James Billings was shot and badly wounded by Garfield Biggar, a hunter. Biggar mistook Billings for a deer. The bullet passed through his shoulder, tearing it to pieces, and lacerating the man's side. He was taken to Woodstock Hospital.

Thrown From Buggy Killed. Winchester, Nov. 8.—An accident which terminated fatally happened here Tuesday evening. John Purvis of Marvettville, on his return home and before he left town, was thrown from his buggy and instantly killed. He leaves a widow and four young children.

Fruit, Vegetables, Bees. Toronto, Nov. 8.—The annual meetings of the Ontario Fruit Growers' Association, the Vegetable Growers' Association, the Ontario Bee-Keepers' Association, and the Ontario Horticultural Society are being held here in connection with the great show of their products in Massey Hall. They will remain until Friday.

National Militia Reserve. London, Nov. 8.—Premier Deakin of Australia gave a sympathetic answer to a deputation which proposed the voluntary enlistment of 50,000 Australian citizens in a national militia reserve. Personally he did not shrink from compulsory service, but some such scheme should first be tried.

Incendiaries Burn Barns. Belleville, Nov. 8.—The large barn and stables of the Windsor Hotel, together with a smaller barn owned by Hugh Howie, cheese inspector, were burned early yesterday morning. The fire is believed to have been incendiary. Loss, including contents of both barns, nearly \$5,000; insurance, \$1,500.

No Paving Will Be Done In The Town Of Wallaceburg Before Spring

(From Our Own Correspondent)
Wallaceburg, Nov. 9.—Rev. W. A. Guntton will preach missionary sermons at Forest on Sunday, and will visit in Toronto the first of the week.

Miss McArthur and Mrs. J. M. Nicholl were delegates to the W. C. T. U. Convention, which was held at Chatham this week.

A delegation from here visited Chatham on Tuesday in connection with the street pavement. It was thought best on account of the lateness of the season and the water-pipes not being laid, to leave the matter of paving over until spring.

A young man was up for riding a bicycle on the sidewalk. It cost him \$1 and costs, \$3 in all.

Officer Dodson has been busy rounding up the truants the past few days. Out of the twenty complaints made he found the majority to be colored boys, whose parents reside in the East End. It seems that the boys have been out picking berries in the country, where for a few weeks, while the work is on, they can make 75c. to \$1.25 a day.

As the money comes in very handy to these people now that winter clothing has to be purchased, many are of the opinion that it would be rather a hardship to take the boys away from the fields, as the work will only last a few weeks at the most, when the boys can return to their studies.

LAID TO REST

The funeral of the late James Poole took place yesterday from the family residence, Murray street, and was attended by many sorrowing relatives and friends. The floral tributes were many and beautiful, and were as follows: Pillow from the family; spray chrysanthemums from Jim and Jane; carnations from Gertrude; sheaf of wheat and carnations from Mr. and Mrs. J. C. Wanless and family; wreath from Mr. and Mrs. J. G. Keeley; wreath from Mr. and Mrs. Roush; sheaf of wheat from Mr. and Mrs. W. Brock; chrysanthemums from Mr. and Mrs. Farby and family; carnations from Miss D. St. Peters; chrysanthemums from Mr. and Mrs. Bryan and family; spray from Mrs. McFaul; and family; spray from Mr. and Mrs. G. Ton Windsor; spray from Mr. and Mrs. R. Keeley; spray from Mrs. Buck and family.

The mourners from out of town were James Poole, Mrs. Poole and daughter, of Buffalo; Mrs. J. Ton, Mr. Fred. Ton, Brantford; Mr. and Mrs. M. Ton, St. Thomas; Mr. and Mrs. S. Ton, St. Thomas; Mr. and Mrs. John Wasi, Windsor; Mr. G. W. Ton, Leamington; Mr. and Mrs. T. Farby, Detroit; Mr. W. Roberts, Dover Centre.

The pall-bearers were John Maggs, John Carpenter, J. G. Keeley, W. Brock, Mr. Mann and Mr. Needham. Rev. Mr. McCosh conducted the services at the house and at the grave.

Stoned the "Scab" House.

Hamilton, Nov. 9.—The street railway strikers paraded the principal streets last night, about 200 strong, followed by several hundred other union men. The streets were lined by thousands of citizens, who cheered the men, and in every way displayed their hearty sympathy. When the procession passed the "scab house," where the strike-breakers are housed, some of the citizens stoned the place. This caused President John Theaker to address the people. He asked them to abstain from violence. At Labor Hall earnest addresses were made. No effort was made to run any cars yesterday.

ON ITS KNEES AGAIN

Once more the Banner apologizes to its readers. In their report of the School Board meeting they credited Trustee Drader with a lot of comments, and the next day they find out, to their surprise, that Mr. Drader was not even present at the meeting. Naturally, their report, in the face of such circumstances, looked silly—and it was. In their apologetic memory, this seems to be a chronic complaint with the Banner. No doubt they have forgotten all about the occasion upon which they boasted of their unflinching accuracy when a reputable citizen in the person of John A. Walker disputed the statements credited to him in a report of the County Council proceedings. It is not yet too late to apologize to Mr. Walker. Someone should present the whole staff with alarm clocks, which they can carry around with them when they go to attend public meetings. In the present instance no one might have been any the wiser if the Banner had only kept quiet. Some one will no doubt see the correction, and they are almost sure to look up Wednesday's paper and read that report.

A BRUTAL ASSAULT

Two Unknown Men Get Into House by Subterfuge.

Woodstock, Nov. 8.—Mrs. J. D. Caster, a widow, was the victim of a brutal assault at her home Wednesday night. The perpetrators of the outrage, of whom there were two, were apparently familiar with the locality. Two well-known characters are suspected.

Mrs. J. D. Caster has lived alone in her house since the death of her husband last February. The marauders succeeded in getting Mrs. Caster out of bed by telling her that one of the neighbor's children was ill, and her services were requested. When she got down stairs they burst the door in, knocking the lamp out of her hand. One of them knocked her down and held her while the other ransacked the house, securing some money. They afterwards committed an assault on her.

Both Bailed.

London, Nov. 8.—Elmer Vrooman of Dorchester appeared before Squire Chittick yesterday afternoon on the charge of attempting rape on the 12-year-old daughter of Stationmaster Cusson of Dorchester, and was bailed in \$1,200 to appear in December.

Dr. Bateman of Strathroy also appeared on a charge of attempting rape on Miss Adamson, and was bailed in \$2,000 to appear for trial at the first Assizes.

Warning Him.
"I am sorry," said the poet, "but I
am obliged to call your attention to
the fact that a line in one of my re-
cent compositions was entirely perverted
and the meaning painfully distorted by
the compositor."
"Young man," replied the editor,
"that compositor has gone through more
poems than you ever wrote or even
read. He has put in his life setting
up poetry of all kinds, spring and
autumn styles and heavier goods for
winter. He may have changed your
poem, but when you say he harmed it
you presume. When a man of his ex-
perience makes up his mind to change
a piece of poetry a person in your po-
sition should not attempt to criticize."

BRONCHITIS CAN BE CURED

Dr. Wood's Norway Pine Syrup
Will Do It.

Bronchitis is generally the result of a
cold caused by inclement weather or ex-
posure to wet, and is a very dangerous
inflammatory affection of the bronchial tubes.
The symptoms are tightness across the
chest, sharp pains and difficulty in breath-
ing, and a secretion of thick phlegm, at first
white, but later of a greenish or yellowish
color.

Neglected Bronchitis is one of the most
general causes of consumption, so cure it at
once by the use of

Dr. Wood's Norway Pine Syrup

Mrs. S. Fidler, Linton, N.B., writes:
"I feel it my duty to let you know of my ex-
perience with Dr. Wood's Norway Pine
Syrup. My little girl was very low with
Bronchitis and our doctor did all in his
power for her, but could only give her relief
for a short time. I never saw anything
give so much relief in so short a time. It
stopped the annoying cough at night and she
is now perfectly cured. I am so glad I can
hardly express my gratitude for what Dr.
Wood's Norway Pine Syrup has done for us."

The Art of Glove Cutting.

The cutters of the great glove houses
in Brussels and in France, earn even
higher wages than the cutters of the
most fashionable tailors in London and
New York. So difficult is this art of
cutting gloves that most of the principal
cutters are known to the trade by
name and by fame, and the peculiar
knives which they use in the business
are so highly prized that they are
handed down from generation to gen-
eration as heirlooms.

writes books telling other people how
much they can make by raising them.

These Symptoms.

Here are the symptoms of Kidney complaint:

Drine laden with sediment, brick dust in urine,

gree of back and over the kidneys, hot, dry and

itching skin, hair dry and brittle, pains

less, loss of strength, general debility,

irregularity of bowels, trouble with

vision, eye-ache, headache, dizziness,

stomach trouble, loss of appetite, fre-

Kidney trouble. Do not neglect them.

These symptoms are the forerunners of

BOOK RING

MISDOINGS

School Book Ring Held Ross
Tight For New
Contract

COPYRIGHTS SECURED

Toronto, Nov. 8.—The Ontario Text
Book Commission continued its sessions
yesterday morning at 11 o'clock. The
first witness called was Mr. H. L.
Thompson, president of the Copp-Clark
Co., Limited.

To Mr. Staunton: In 1884, when the
original contract with the Government
was made, he was only a clerk. In
1894, when the new contract was made,
he was president.

Getting Copyrights.
He had gone to England in 1892 after
several conferences with the other
publishers, including Mr. Beatty, presi-
dent of the Canadian Publishing Co., and
Mr. Gage. They had heard prior to this
that the copyrights of a number of the
selections were not owned by the Gov-
ernment. At the conference they had
discussed the position in which they
were placed by the fact that neither they
nor the Government owned the copyright.
They were in the position of literary pirates. It was
also felt that at the end of the term of
years the Government might give
them to some one else.

Put Government in a Corner.
"In other words, the Government
might act as a free agent for the bene-
fit of the people?" asked Mr. Staunton.
"You are putting too much into my
mouth," replied the witness.
"The real reason of this conference
was to fortify your position?"
"Yes."

"It was to put the Government in a
corner so that you could be sure of the
contract?"
"Well, I suppose so."

"You didn't tell the Government
about it?"
"No."

"Was a dark secret?"
"Well, we didn't tell the Govern-
ment."

"You were all acting together in the
matter?"
"Yes."

"They were to be paid for out of the
common purse?"
"But there was no agreement?"

"But they were finally pooled by the
syndicate?"
"I suppose so."

Did Not Threaten Government.
Witness related in detail his ar-
rangements with the English publishers
whereby the three firms—Copp, Clark
& Co., W. J. Gage Co. and the Canada
Publishing Co.—had secured the ex-
clusive control of copyright selection
contained in Ontario Readers for 250 a
year.

He claimed that they did not threat-
en the Government, but simply told
Mr. Ross of the matter to secure them-
selves against logging the renewal of
their contract. Mr. Thompson stated
that he thought the Government knew
of the arrangement of the three firms
to secure a monopoly of the trade. He
admitted the Copp, Clark Co. owned a
one-third interest in the Canada Pub-
lishing Co. An endeavor had been made,
he said, to effect an arrangement with
George M. Morang.

Knew They Were Powerless.
"Did the Government know they
were powerless in your hands?"
"I am sure they did."

"And you intended to prevent any-
body else from publishing?"
"No, we didn't."

"Did you tell the Government of
your contract with Macmillan's in re-
gard to the copyrights?"
"No."

"Don't you think, as a matter of
commercial honor, you ought to have
done so, and didn't you consider it
your duty to inform the Macmillan's?"
"No, I didn't. We intended to hold
the Government as tight as we could."

"And you think that was honorable?"
"Yes, and I would do it again," said
Mr. Thompson.

Gage Admits the Idea.
Mr. Gage of the W. J. Gage Co. was
the witness of the afternoon. When
informed that selections in the reader
were copyrighted, his company had en-
deavored to get hold of those copy-
rights. Mr. Staunton suggested that
this was in order to get a hold of the
Government to secure any renewals of
contract, and witness admitted that this
was the idea.

Mr. Gage demurred at giving a list
of selections on which he had secured
copyrights and the price paid for them.
"You refused to give information as
to the prices when asked by the De-
partment before, and this Commission
was appointed to get this knowledge,"
said Mr. Staunton. Copp, Clark & Co.
had produced the information required
and why shouldn't the Gage Co.?

Price of Copyrights.
Some correspondence was examined
which revealed that Mr. Gage had paid
Chapman & Hall, on Aug. 11, 1893, from
one to five guineas each for certain
copyrights. The agreement with the
Department ran out Jan. 1, 1894, and it
was at least two years before the con-
tract was renewed. The copyrights
were purchased in 1893.

At the expiration of the first ten
years, the contracts were secured at a
lower figure, on account of lower ten-
ders from the contemporary publishers.
The profits were divided with the syn-
dicate. His company could possibly
have received a bigger price for the
books than it had.

Mr. Gage could not recall having at-
tempted to prevent other firms publish-
ing the books.

Interest in Other Firm.
He admitted that he held probably
a third interest, amounting to about
\$28,000 stock, in the Canada Publishing
Co. Certain members of the Copp-
Clark Co. and of Warwick Bros. & Rut-
ter Co. also held stock in this company.
Mr. Gage was vice-president.

Witness had no given a list of the
copyrights to the Government, because
he wanted to guard that information
from rival publication concerns.

Mr. Staunton asked if the real rea-
son for withholding the list wasn't in
order to keep other publishers out of
the field; and it took considerable

cross-questioning before the witness
admitted that this was in a measure
true. He said his contemporaries could
have gotten the information if they
took the trouble of writing to England
for it.

Profits Were Divided.
Mr. Gage admitted that the profits
were divided, but not equally. The
company selling the books was allowed
certain extra percentage on the sell-
ing price, while the balance of profit
was distributed equally.

"Didn't you have an agreement with
the other companies, limiting you to
selling only up to a certain amount?"
"If we sold 1,000 more than the other
fellow, we made certain amends," was
the reply.

"Which means that practically you
divided the profits," declared Mr.
Staunton.

Favors Competition.
Mr. Gage expressed a disapproval of
Government supply of text-books, but
did not desire to make suggestions off-
hand. He was given until the sitting
concluded, in which to draft his ideas
one thing, he said, he favored com-
petition among the publishers.

The Gage Co. did not pay the Gov-
ernment anything except the original
payment during the ten years they held
the contract. Mr. Ross' expectation, as
expressed in the House, that the Gov-
ernment would realize a revenue on
plates, was not realized.

Supplies For G. T. P. Will Go to Seattle
Washington.

Vancouver, B. C., Nov. 8.—G. T. P.
representatives here are authority for
the statement that construction sup-
plies from Eastern Canada for Prince
Rupert will be shipped by the Grand
Trunk's American connections via Chi-
cago and Great Northern Railway from
Seattle in American vessels to Prince
Rupert.

The Canadian Pacific Railway
are getting only a part of the business.
In an effort to get it all, the C. P. R.
is trying to induce the Vancouver
Board of Trade to petition the Dom-
inion Government to re-establish in
these waters the Canadian coasting
laws, which prevent Canadian bonded
goods being shipped in American ves-
sels.

There is promise of a big contest at
Ottawa if the application is made. The
Grand Trunk Pacific will fight for an
opportunity to get the American con-
nections this return for business turn-
ed over to the Grand Trunk Pacific.

Should the Canadian Pacific Railway
win they will get all the supplies for
miles of line from Prince Rupert to
the Rockies.

Voliva Converts Make Six Weeks' Trip
From Collingwood, Canada.

Chicago, Nov. 8.—Two families of
Voliva converts reached Waukegan
safely in an old sailing vessel after a
six weeks' trip yesterday from Colling-
wood, Canada.

There were ten in the party, and
wonder was expressed that they were
all alive, as none was familiar with
sailing. Soon after their conversion
they decided they must go at once to
Zion city.

"Our faith carried us through," said
one of the men. "We believed and
was not afraid and our prayers for safe
return were answered." They later
went to Zion city.

O'Meara's Bail Increased.

Toronto, Nov. 8.—At the Assizes yester-
day the cases of John O'Meara and
Tom Lewis, London, on perjury
charges, were traversed to the next
Assizes. O'Meara's bail was increased
to \$5,000, furnished by Robert McIn-
tyre and John Lewis. John Lewis also
furnished an \$8,000 bond for Tom, his
brother.

A true bill was returned against A.
B. Omsby and A. E. Wheeler (two
cases), Harry Hudson, John T. Hudson,
Asa Matthews, Thomas Douglas and
the Metallic Roofing Co., for conspiracy
in connection with city roofing con-
tracts. A similar charge against the
furniture men will be dealt with to-
day.

Via Yellow Head Pass.

Ottawa, Nov. 8.—The Grand Trunk
Pacific has decided upon the Yellow
Head Pass as the one which it is to
use to reach the Pacific coast. This
has been done after careful surveys.
The Government will be asked to ap-
prove the pass, which will give a grade
through the Rocky Mountains of about
four-tenths of one per cent.

of the forces, will make an official tour
of Canada after visiting the Far East.
He will be accompanied by the Duchess
and Princess Patricia. The duke starts

Physician Arraigned.

London, Nov. 8.—Dr. E. J. Bateman
of Strathroy appeared before Squire
Chittick last night on a charge of at-
tempted rape preferred against him by
a Miss Adamson, from near Strathroy.
The crime is alleged to have been com-
mitted last Saturday. He will appear to-
day.

Swears He Saw Victim.

Morden, Man., Nov. 8.—The crown

ECZEMA AND SKIN DISEASES

Eczema is a disease of the skin which does not allow the outer
layer to mature, thus causing the watery portion of the blood to exude
and form scabs or running sores. Zam-Buk cures eczema, because it is a
skin food. It stimulates the skin, gives it tone, and this ends the painful
and disfiguring disease finally.

Mr. John Millett Harris, a well-known Methodist preacher, of Lyng (Norfolk),
gives his testimony to the value of this great herbal balm. "Eczema started on my
arm," he says, "and eventually spread over my whole body in patches. The sores
were very painful and at night they itched terribly. At other times they seemed to

WILL GET INCREASE.

Hen. Mr. Lemieux Expresses Sympathy With Postoffice Clerks.

Ottawa, Nov. 8.—Adam Zimmerman, M. P., Hamilton, yesterday morning introduced to Hon. Rodolphe Lemieux, Postmaster-General, a delegation representing postoffice clerks of Canada, who asked for an increase in pay for the clerks because of the increase in the cost of living.

Hon. Mr. Lemieux said he sympathized with the clerks and assured them that they would get an increase of salary, but he would have to consult with his colleagues as to how large the increase would be.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A CASE IN WEST AFRICA.

Mrs. A. P. Ferguson, a well known Cape Bretoner, has cured asthma by Catarrhazone. Her statement is convincing: "Although I was troubled for years it was only recently I tried Catarrhazone. When an attack started I put out my tongue and invariably got relief. Feeling satisfied Catarrhazone would cure, I continued the treatment until one bottle was finished. I didn't use more because I was cured and the asthma has never returned." Catarrhazone is sure for asthma and bronchitis. Try it and be convinced. Two sizes, 25c. and \$1.00 at all dealers.

THE INSURANCE INQUIRY.

Geo. W. Fowler, M.P., Again On the Stand But Nothing New Concerning the Land Deals Was Elicited.

Ottawa, Nov. 8.—For the first time in the history of the Insurance Commission, a night session was held last night, and the examination of George W. Fowler, M. P. for Sussex, N. B., was concluded. Mr. Fowler was calm and deliberate, and Mr. Shepley did not draw much new information from him regarding his land deals in British Columbia.

E. G. Stevenson, supreme councillor of the I.O.F., gave explanation of the deal of Messrs. DuVernet and Wilson in Union Trust stock. He affirmed that it had been the understanding that with regard to the Kamloops limits, the Union Trust should go into the matter jointly with Mr. Fowler, instead of purchasing from that gentleman.

B. Leitch, president of a land company that bought lands from the Union Trust, gave evidence, but advanced nothing new.

Consideration of I.O.F. affairs was concluded for the present.

The commission adjourned at 10 o'clock, to meet again this morning.

MAGISTRATE IS ADAMANT.

So Ex-Manager McGill Stays in Jail For the Present.

Toronto, Nov. 9.—The refusal of Magistrate Denison to allow the release of the late Ontario Bank manager, Charles McGill, on bail, in the face of the acquiescence of the Attorney-General and Crown Attorney Corley, on the request of E. F. B. Johnston, K. C., has completely upset a situation that is almost unique.

In the meantime, pending a turn in his fortunes, Mr. McGill is an occupant of a cell in the jail beyond the Don. It is not through any lukewarmness on the part of his friends, for, so Mr. Johnston says, the added bond of \$25,000 required, is forthcoming at any time.

"It is simply a question as to whether the Attorney-General or Mr. Denison controls the situation," said Mr. Johnston, last night. "We have done all the pressing we can. It is a question of who owns the administration of justice."

THE HAMILTON STRIKE.

Already \$30,000 Has Been Contributed By Sympathetic Citizens.

Hamilton, Nov. 7.—Last night here was a combination of election night and mard-gras. From 8 o'clock till 10, there were probably 10,000 people on James street, and from the corner of King street north, the crowd extended at times from wall to wall. Beyond one slight mix-up with the police, there was no serious disorder.

The strikers themselves were not on the street. The great majority of them were assembled at the corner of King street north, the crowd extended at times from wall to wall. Beyond one slight mix-up with the police, there was no serious disorder.

The strikers have already at their command \$30,000, and as much more is pledged, should it be called for.

N. S. Coal Strike.

Westville, Pictou County, N.S., Nov. 7.—Yesterday the employees of the Drummond Coal Co., to the number of 800, went out on strike. The cause of the strike is a difference between union men and non-union men, in which the management incidentally figures. The non-union men number 209. The strike at this time is a serious matter with the company, as it has been hard put to in filling orders. The mine is now idle, except for the pumpmen, engineers and firemen.

POWER AT \$15.

Otonabee Co. Tenders For Lease of Dam at Peterboro.

Peterboro, Nov. 7.—The Otonabee Power Co. of this city has tendered for the lease of dam No. 4 on the Otonabee River, belonging to the Dominion Government, and has notified the City Council that if the tender is accepted it will be prepared to sell to the Coates Manufacturing Co. or any other industry locating here 500 horsepower at \$15 per horsepower.

Farmers Ask For Power.

Toronto, Nov. 7.—Recent applications for electric power made to the Hydro-Electric Power Commission include Milton, 500 horsepower; Ingersoll, 1,350; Acton, 800; Norwich, 200; Windsor, 5,000 and 3,000; South Dumfries, 3,000; Simcoe, 500; Elmira, 600; Dundas, 3,000. Of these South Dumfries presents the greatest novelty, as it is the first rural district to apply for power. It should be known that where farmers are within reasonable distance of a power line and there is sufficient demand to justify the erection of a sub-station, or where farms lie within reach of an existing transforming station, it is always feasible to supply them with power, but it cannot be laid on anywhere.

THREE FACTS For Sick Women To Consider.

First.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

Third.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised.—Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help you. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

A HARD CASE OVERCOME.

No longer necessary to suffer from muscular rheumatism. Every case can be cured. Ferrozene is unfailing, as proved by David Johnston, of Ormond, Ont. "My wife was a dreadful sufferer," he writes. "For two years she could scarcely do any work. Her knuckles and joints ached, causing torture. To get up or down stairs was impossible. She took box after box of Ferrozene and rubbed the sore places with Nervilleine. Improvement started and she mended, fast. To-day she is quite cured and we thank Ferrozene for her recovery." No remedy more popular with doctors than Ferrozene; it does cure, 50c per box at all dealers.

MILK A PERFECT FOOD.

Contains Flesh Formers and Heat Makers in Proper Proportions—Valancey E. Fuller's Ideas.

While "man cannot live by bread alone," bread in this connection meaning food, neither can he live without food, but his development and health depend not on the quantity he eats, but on the portion of that quantity which he digests. He must digest what will build up the tissues of the body, give animal heat and also muscular power. These foods which will do the first office are called flesh formers, and those which furnish heat and power are called heat makers. All foods contain one of the three requisites, and sometimes all, in varying proportions, says Valancey E. Fuller, lecturer on sanitary milk.

The only complete and perfect food is milk. In it are flesh formers and heat makers in the right proportions properly balanced. The same can be said of no other food. Those who have lived on farms know that pasture is a perfect food, that we can live and do a hard day's work on milk alone, for milk contains all of the nutritive ingredients needed for food and is thoroughly and easily digested. The longevity of the Hungarian mountaineers, who live on milk and whey, is well known.

A quart of good milk contains as much digestible food as are contained in one pound of beef chuck, one pound of fowl, one pound of veal shoulder, one-half pound of beef loin, one half pound of beef ribs, one half pound of mutton leg, nine ounces of veal cutlets, nine ounces of veal loin, one pound of codfish, two pounds of oysters, two pounds of bluefish or one pound five ounces of potatoes.

Why Metals Float.

It is a remarkable fact that if a small rod of iron—a straight piece of wire, for instance—be greased it can be made to float on water. The grease apparently prevents the breaking of the surface of the water, and the iron lies cradled in a slight depression or trough.

Recently one of the United States Government scientists at Washington, experimenting with various metals, tin, copper, brass, platinum, aluminium, German silver, etc., found that all metals, even the densest, will float on water when their surfaces are chemically clean. A perfectly clean piece of copper or platinum wire, for example, forms a trough for itself on the surface of the water, and it is in this trough that it floats.

The official in question believes the floating is due to a film of air condensed on the surface of the glass or metal, because if the rod is heated to a point just above its melting point on water it will sink, but if it is exposed to the air for a short time it will float.

A Boer War Romance.

When the Boer war was waging the ladies of Guelph engaged with thousands of other women throughout the Dominion in making articles of wearing apparel to send to comfort the boys in hospitals in South Africa. Among those performing this charitable work was a young lady, Annie Callender, eldest daughter of Alex. Callender, "Bill" Callender, who was sent by a white to place her name and address on a night gown she was making. This ultimately reached a soldier named Thomas Huby of Sheffield, England, and when convalescing in the hospital, he wrote to the address given, thanking the donor of the garment for her interest in the cause. From this originated a correspondence which culminated in the marriage of the two. Recently Mr. Huby came over to Halifax, where he is now stationed. The betrothal of the couple followed, and at the home of the bride's father on Thursday, Nov. 8, the Rev. L. L. Thomas performed the ceremony.

An Outworn System.

"There is no excuse for retaining the credit system to-day. It was necessary when the country was new and settlers hard up but it is not necessary to-day and the interest of both buyer and seller would be enhanced if it was abolished." This from the Bruce Times is sound sense. The credit system in retail trade simply means that those who pay for their goods have also to pay for the goods of those who never pay. It is a system that keeps the bad debts made by giving credit to one and refusing another, beside the inevitable loss by bad debts, it is a wonder that retail merchants do not simply put an end to the practice and refuse to do business with those who prefer to have the goods rather than a lot of bad debts.

Novel Postal Strike.

Because the postal administration has imposed a duty of 5 pennings instead of 2 on postal cards intended for urban delivery the citizens of Hanover have inaugurated a singular strike against the postal authorities. Instead of writing postal cards they all write letters, and not satisfied with sending their effusions in an envelope, they fill it with newspaper so as to bring the weight of the letter to the maximum of 250 grams. As the envelopes they now use are of the maximum size tolerated, it is easy to obstruct a letter box with only a dozen of such missives. The postal authorities are alarmed at this obstruction of the postal service, and it is probable that the former tariff of 2 pennings on postal cards will have to be re-established.

What Restrained Him.

A stranger in a small town wanted the advice of a lawyer and as he was hunting for one one day he came upon a sign which read, "A Swindle, Attorney at Law." He entered the office and after receiving the necessary advice said that the lawyer was a fine man, but he wanted to know why he made his name sound so ridiculous and why he did not put his first name in full. "I would," replied the lawyer, laughing, "if my first name were not Adam."

What People You Know Say About Gin Pills

THE GREAT KIDNEY CURE

Toronto, June 6th, 1905.

I take great satisfaction in writing to you and telling you of the splendid condition of health that I am now in, which was brought about entirely by taking your Gin Pills.

For years my kidneys have been my weak spot and kept me unhealthy, and although I knew the cause, I could not get relief. Six weeks ago I heard that Gin Pills were being widely sold in Ontario, and I concluded to try them, though I did not believe that they could entirely cure me, but they have, and I am now sure that my kidney trouble has disappeared.

I will always have some of the pills on hand, and will recommend them to my friends who are troubled with ailments due to the defective work of their kidneys.

O'MEARA CASE GOES OVER.

Until Next Assizes—Cases Before Justice Riddell in Toronto.

Toronto, Nov. 7.—On the pleas of J. W. Curry, K. C., and J. M. Godfrey, the perjury trial of John O'Meara was postponed until the spring assizes by Justice Riddell yesterday. He will be arraigned this morning and furnish bail. If the grand jury bring in a true bill against Tom Lewis on a similar charge his trial will also go over.

His lordship agreed to this on the ground that the bribery investigation in the police court was not yet finished.

A verdict of guilty was brought in by the jury against Patrick Doyle, charged with an offence against a young girl.

Sentence was withheld in the case of James Jeffreys, found guilty of obtaining a loan of \$200 under false pretences. Barrister Roche said that Jeffreys, if given a day or two, would settle up the matter.

FALL SUIT REMARKS!

The suits of the Season suggest stateliness rather than baggy fullness.

Take the coat for instance: Though the shoulders are broad, the lines concave towards the waist, then flare out into long skirts forming what is called the French Back.

Some of these suits have center vents with creased side seams.

The new big lapels tend to give the impression of a broad chest.

A noticeable feature of this long coat is the fact that it lends itself equally well to Short or Tall Men. There's a long price range—\$7.50, \$8.00, \$10.00 up to \$12 or \$15.00.

The exclusive tailor can charge you twice these prices, and he will if he has the opportunity, but you can rest assured that he never can give you better suits. See our show window.

MEDALS WERE PRESENTED

A Well Attended Concert Given in McKeough School - Prize Winners

H. S. CLEMENTS' ADDRESS

The annual distribution of prizes and medals took place last evening in McKeough school. A large throng of children and their parents were present, and the lower assembly room where the program was carried out, was crowded to the doors.

Trustee W. C. McArthur ably filled the position of chairman. In his opening remarks Mr. McArthur said that he felt honored in being asked to preside over such an important event—it was a position of which anyone might feel justly proud. Chatham, said Mr. McArthur, had two of the best appearing and best equipped Public schools in the Province of Ontario, and he thought that McKeough school was not by any means the lesser of the two. Both schools were very fortunate in having such an efficient staff of teachers. The parents of Chatham could rest assured that while their children were at the local institutions of education, their morals and their intellectual betterment were being well looked after by competent and conscientious persons.

Mr. McArthur also made passing reference to the improvements which had this year been made at McKeough school, all of which he said were useful and a credit to the school. In connection with this, on behalf of the McKeough school managers, he wished to thank Trustees Paxton and Robertson for the very kindly assistance they had rendered during the time that the work was in progress. There had been some complaint he inferred, with regard to the cost of the work, but with regard to any extra work that had been ordered, he had no apology to make. The school was now one of the most up-to-date in the country.

At the conclusion of the chairman's address, a selection was rendered by a quartette composed of Messrs. Ross and Brackin, and Messrs. Coatsworth and Brackin. The selection was much appreciated.

The T. A. Smith prizes for the best flower growing by pupils of the school, were presented by Mr. Mc-

Arthur. The first prize, a silver papkin ring, went to Miss Ada Daniel; the second, a silver salt and pepper set to Master Gordon Lang; and the third a push work-box, to Miss Lucy Trot.

Those fortunate enough to be present last night were next favored with a recitation by Miss Verlyn Lamont. This talented Maple City young lady was last night at her best, and her dual impersonation of a little boy and his mother visiting a museum was simply marvellous. Miss Lamont took the audience by storm, and she well deserved every word of applause tendered her. Her facial expressions were so realistic as to be termed perfect—or so near to perfect that there was no room left for criticism. Miss Lamont is fast winning a name for herself as a very clever impersonator.

The McKeough and Rispin prizes for flower growing were then presented by Mr. R. L. Brackin. These prizes consisted of valuable books, which were won in order of merit as follows: Miss Fay Anderson, Master Robert Brunker, Miss Mary McRobb, and Miss W. Arnold.

A solo was next rendered by Miss Olive Richards. Miss Richards was in fine voice, and she received a flattering round of applause.

It fell to the lot of Mr. Herbert S. Clements, M. P., to present the McKeough medals, donated for excellence of work by Mrs. McKeough. It was a great pleasure, said Mr. Clements, who bowed gracefully to continued applause, to be honored with the task of presenting the McKeough medals. The name McKeough was most closely associated with all that stood for the good and betterment of educational matters in Chatham. He made touching reference to the nob's work of the late lamented William McKeough, and he paid high tribute to Dr. McKeough, the ex-Chairman of the Public School Board, whom he said took an interest in school matters that commanded the profound admiration of all. He said that it was to be hoped that Dr. McKeough would not think for one moment of relinquishing his position as a member of the educational government of Chatham, and if he saw fit to again tender himself as a candidate, he was sure that he would be elected by an overwhelming majority. Mr. Clements also congratulated the managers of McKeough school on the excellent results of their services on the Board, which was everywhere in evidence about the school.

In conclusion, Mr. Clements made a few remarks on patriotism, which he said should be carefully inculcated in the child's mind while at school. He was of the opinion that the na-

Do Not Dose The Stomach

Cure Catarrh by Breathing Hyomei.

Sold Under Guarantee.

The only scientific and common sense way to treat catarrh of the nose and throat is by a local application that will kill the catarrhal germs.

Ordinary stomach dosing is worse than useless. Taking medicine into the stomach to cure catarrh of the head can have no good effect, and often leads to serious derangement of the digestive organs.

By breathing Hyomei three or four times daily through the neat pocket inhaler that comes with every outfit, its medicated, healing air penetrates to the most remote parts of the nose, throat, and lungs, searches out and kills all catarrhal germs, and soothes and heals any irritation in the mucous membrane.

Our faith in the wonderful merit of Hyomei as a cure for catarrh is shown by the guarantee given with every Hyomei outfit that the money will be refunded unless the treatment gives satisfaction.

The complete Hyomei outfit costs but \$1.00, extra bottles, if needed, 50 cents. We do not want anyone's money unless Hyomei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, and every package is sold with the distinct understanding that it costs nothing unless it cures. Write us today for a symptom blank, which we will send you free, together with treatise on Catarrh and how to cure it. When you fill in and return to us the symptom blank, our consulting physician will give you case the best care and attention, and write you a letter of advice without charge. The R. T. national emblem should fly from every school in the Dominion every day in the year. It would have the effect of keeping the vastness and greatness of the Empire always before the children's minds.

Mr. Clements then presented the McKeough medals to the following prize winners: Master Douglas Bell, and Misses Lia Joorey, Ada Daniels, Margaret Bowers, Doris Harwood, Irene Johnson, Dorothy Arnold and Jennie Matthews.

After the donation of the prizes, a very acceptable solo was rendered by Mr. Kenneth Coatsworth.

Mr. F. B. Stevens presented the champion athlete medal to Master Roland Rumble, the winner of this coveted prize. Mr. Stevens made a very interesting and witty speech while making the presentation, and gave out a few words of sound advice to the children present.

A solo was excellently rendered by Miss Mary Brackin, after which the evening ended with the singing of
